NEW BLIZZARD SWEEPS OVER EASTERN U. S.

Northeast Section Is Again Covered Over By Heavy Snowfall; 6 Deaths Reported

(From The Associated Press)

A blizzard, swirling over the United States from Indiana east to the Atlantic coast, today buried almost a quarter of the country under a blanket of snow.

Following yesterday's tornadoes, which took a toll of 16 lives in the deep South, a snowstorm raged causing new fatalities.

Six deaths are attributed to the blizzard which has added five inches of snow to that already piled high in the northeast section and bids fair to add a couple more inches before it abates.

At Portland, Maine, the mounting snow blanket reached a depth of two and one-half feet.

In the Ohio Valley and the Virginia it averaged eight inches.

Estimates included a woman

found dead from exposure at Chicago, and an engineer who died in a train wrecked by a snowbank in Maine.

The storm, which had its origin in northern Texas, moved eastward leaving an area west of the Mississippi river snow-free.

Weather almost as dangerous and more widespread than that which attended the Army's initial flying debut a week ago again hampered government aviation today.

Snow, snow, and freezing temperatures over the eastern section of the United States kept most of the planes on the ground and interrupted schedules on others.

Snow, the heaviest of the winter in some sections, blanketed most of the northern half of the country yesterday, slowing down traffic and halting army air mail activities.

From the Nebraska plains to the Atlantic ocean, most of the territory above and some below the Mason and Dixon line was painted deep white.

Roads in central and southern Illinois were travelled with difficulty as a fall of two to eight inches hit the state. It snowed most of the day in Chicago, laying a cover five inches deep by evening. Commercial airplane service was curtailed and no army mail plane had left or arrived at a late afternoon hour. At St. Louis, where the snow reached seven inches, airplane service was called off.

6 Men Die In Fire Destroying Hotel

UTICA, N. Y., Feb. 26 (AP)—Six men were burned to death this morning in a fire that destroyed the Marquette hotel here. Four of the six bodies taken from the ruins were identified as marble worker, a CWA worker, a salesman and another simply as Peter Gillis. Several victims, taken to a hospital in two ambulances and patrol wagon, are reported as not seriously injured except one man who jumped from a second story window. He may die because of the fire is unbroken.

WALLACE ASKS PUBLIC HEARING ON CELERY PACT

Agriculture Secretary Names Lakeland As Site Of Meet Mar. 5

WASHINGTON, Feb. 26 (AP)—

Secretary Wallace announced Saturday a public hearing on a proposed marketing agreement between the Florida celery industry will be held at Lakeland, March 5. The agreement seeks to increase returns to growers through regulation of the market supply.

W. G. Mead, farm administrator for the industry, authority to determine market requirements with a view to obtaining the best price to producers without unduly increasing costs to consumers, was to be set up by the pact.

The regulation of supplies, he said, would be accomplished by putting the volume shipped among the growers and shipped on the basis of the celery they had available for market when production became effective. Both growers and shippers will be represented on the control board.

National proportion of shipments between Florida and California also was contemplated whenever such regulations of shipments may be needed to stabilize celery markets.

Scouts Will Canvas City Next 2 Days In Interests Of Needy

Carrying on President Roosevelt's suggestion that there should be a good turn for the less fortunate month, the Boy Scouts of America will make a drive to collect money tomorrow night. While the money taken in the homes of all persons who are ready to contribute will be distributed to the poor, the money collected will be given to the city.

The Scouts will return Thursday and Friday to all houses still having been given time to do so and away all donations. No time limit will be taken to the Boy Scouts' sewing room in the Mayflower Hotel to be opened and classified before being distributed.

A statement issued by Dr. R. E. Miller, medical referee, said: "The position of the shaker arm and check draught lever indicated that the furnace had been fixed the night before by someone who was not entirely familiar with the furnace."

The dead were: William S. Follett, 20, of Cleveland Heights, O.; Edward E. Didenko, 21, New York City.

William M. Smith, Jr., 21, Manhasset, N. Y.

Edward M. Wentworth, Jr., 21, Mt. Dora, Fla.

Americo S. De Masi, 21, Little Neck, N. Y.

Harold B. Watson, 21, Wilton, Me.

Wilmette H. Schooley, 21, Middle Town, N. Y.

John J. Griffin, 19, Wallingford, Conn.

Albert H. Moldenke, 20, New York.

Kissimmee Visitors Drowned In Lake

KISSIMMEE, Feb. 26 (AP)—Orville Kunta of Lafayette, Ind., and Batran Whelton of Kissimmee were drowned in Lake Tabernacle yesterday, after their sailboat overturned within 30 yards of shore.

Bald Johnson of Kissimmee made a vain attempt to rescue the men. Their bodies were recovered. Funeral arrangements have not been made, pending word from relatives.

NAZIS SWEAR ALLEGIANCE TO ADOLF HITLER

Million Persons Vow Unquestionable Fidelity To Dictator In Unique Ceremony

MUNICH, Germany, Feb. 26 (AP)—Adolf Hitler became the de facto sovereign of Germany yesterday when in a ceremony equal in point to an ancient Roman triumph, more than 1,000,000 Nazis throughout the Reich swore allegiance to him personally.

A host of trumpet announced the arrival shortly before 10 a. m. of Rudolf Hess, Hitler's personal representative, who presided at the ceremony.

In Munich's famous Königsquare not far from the barracks where Hitler started his famous "Party" was an English actress. Three hundred Nazi leaders waved in the light of a noon sun spangled with a million stars of brilliant colors.

An officer of the various economic party local and federal organizations came forward to swear allegiance to the leader of the Nazi party.

The Reich was covered with March bands of the mightiest of the Nazi organizations, thousands of all kinds, as well as other military organizations.

At noon Hitler, dressed in a white uniform, stepped from a reviewing stand and walked across the square to the podium.

He was received by the chief of the Nazi party, Heinrich Himmler, and the chief of the secret police, Reinhard Heydrich.

After a brief speech, Hitler

announced that the Nazi party

would be the sole

political party in Germany.

He then addressed the crowd.

"We demand that the

Tornadoes Leave Dead, Injured Over South; Florida Cities Feel Force Of Stiff Wind

(From The Associated Press)

Tornadoes striking suddenly on the Sabbath and early this morning in three southwest states, scores of injured, and heavy property damage, with Florida included in the wake of the tornadoes.

Estimated there were 11,690,000 persons unable to find employment in normal industrial pursuits on this number. 6,000,000 had obtained emergency relief while nearly 7,000,000 were without any means of earning a livelihood.

The number who lost their jobs from December 1 to January 31, in each of the four decades, was 1,619,000 in 1931-32, 1,280,000 in 1932-33, 1,311,000 in 1933-34 and 921,000 in 1934-35.

"We are half way back to 1932 levels," he said in citing unemployment of this year was 1,600,000 less than last, but still 1,600,000 more than in January two years ago.

"As yet there is no indication that industry is providing enough jobs for the hundreds of thousands being dropped from Civil Works.

What Is Communism?

We have heard a great deal in this country during the last few years about the breakdown of the capitalist system. The exact opposite of capitalism is communism. More and more people are coming to believe that America should be turned into a communist state. Not many people know what that means. Very few of them know what Russian communism means.

Russia affords the principal example of communism in the whole history of the world. In the so-called rule of the czars there was nothing which witnessed the downfall of the absolute monarchy of Czar Nicholas. In Russia the government not only assumes responsibility for the political control of the people, but also for their economic welfare and their spiritual guidance.

One of the communists of a communist state as one in which all people are absolutely equal and enjoy similar rights and privileges. Such is not the case in Russia, however. The Communists Party is composed of less than two and one-half percent of the total population of 160,000,000 inhabitants of the Soviet Union. It dominates the destinies of all the people. Joseph Stalin is commonly recognized as the Russian dictator, but he is in fact nothing more than secretary of the Communist Party, which not only assumes responsibility for the political control of the people, but also for their economic welfare and their spiritual guidance.

The Communist Party is composed of industrial workers, peasants, and the skilled professionals and intellectuals. Half of the workers are peasants, twenty percent are professionals, and the rest include all the other groups of society.

Before being admitted to the party a person must go through a rigorous period of "training." Once admitted he becomes what is known in this country as a "political office holder." That is, the two and a half million members of the Communist Party hold all the political jobs in Russia.

In the grey of ungluted seas Roaring against the counter, till all drown; Whelms in the foamcap's fury, Of depths unknown before drag softly down,

Gassing the hue zone, then the sun of dark. Casting off slowly silvery scale and green, The ship, to ride through waters; still the shark Finches the fin through that sunken scene, John Gould Fletcher.

"Silver is Being Talked About," says the Times Union. Us gossip mongers!

In order to settle the argument, it might be a good idea to put Jim Farley and Walter Brown in the ring with the gloves on.

According to Senate investigation, Wall Street has spent one million dollars on publicity during the past five years. The cheap-skates!

What is left of the old-fashioned long-hair, who was willing to die for his girl, and who would stand up in the rain three nights running, in order to sing his song in the church?

"It is miraculous," says Marcus Fager, state Civil Works executive officer. "The two and a half billion dollars we have spent on relief repaid their fate." What do you expect them to do, cry about it?

Instead of trying to get the Secretary of Agriculture the power to close short arms arbitrarily, it might be a good idea to let the government let the grandparents do the job.

Jesse Jones and Harvey Firestone agree that some sort of CWA is necessary to help the country out of its present state of unemployment. But they both suggest that the wage scale is something less than that found in similar lines of work in private enterprise.

Chairman Van Nuys of the Senate Judiciary Committee, considering the CWA necessary to help the country out of its present state of unemployment. But they both suggest that the wage scale is something less than that found in similar lines of work in private enterprise.

The principal charge of Communists against capitalism is that it is not fair, that it gives a comparatively few people relatively wide control over a large part of all property. But Communists ignore the fact that control over property is far wider and stronger control over property than the capitalists now have. In Russia the worker, unless he can get into the Communist Party, has no opportunities at all.

What he means by this is that the Reconstruction Finance Corporation law, passed in the special session of Congress last year, or the Minnesota Moratorium law, recently approved by the Senate Committee on Banking and Currency, does not any worse for a bankrupt city to write off a portion of its debts, than for a bankrupt individual to do the same thing.

SEMINOLE HIGH SINGER VIVIAN CITY BEGINS PRACTICE FOR TOURNAMENT

Squad Drops Last Tilt Of Season At Eustis Saturday By 31-24

By GEORGE STOVALL
Coach Leonard McLucas began this afternoon to put his team through the paces in preparation for the tournament at Leesburg Friday and Saturday of this week.

Yesterday night the team lost its closing game of the season at Eustis, 31-24, because of the excellent work of the Eustis center, Cleo.

However, the boys are willing to forget that, and begin to work for a clean sweep in the tournament.

The "Celery Feds" play their first game Friday morning when they meet the Oviedo team at 9:00 o'clock. Upon winning this game, they will meet the DeLand team sometime in the afternoon.

The DeLand team was turned back twice by the Celery Feds, but both times they were given a stiff fight, and it may be said that DeLand has a good chance to

On Way To Ft. Myers Camp Of Athletics

Paul Bonner, young Pensacola boy whose play at shortstop for the Sanford team in the 1933 Central Florida Baseball League established him as the best shortstop ever to perform in this city, is in Sanford visiting old friends.

Thursday he will be at Fort Myers in the training camp of the Philadelphia Athletics. There he will attempt to show Connie Mack that he has the ability to be even in much better than semi-pro baseball, and there he will remain until the training season is at an end.

Bonner has been residing at Pensacola since last summer, as has Bert Maxwell and Charlie Abbott. This morning Bonner stated that he came to Sanford to find out what is being done in lining up another team for the coming summer. He is anxious to place his brother on this team, and he says that his brother is "The best shortstop I've ever seen."

Bonner stated that both he and Maxwell had turned down chances to play for the Dr. Pepper Club in the Northeast Florida League at Jacksonville, and that he and Abbott and Maxwell now were considering offers from Palatka.

Roy Symes Wins Pope Trophy From J. Herbst

Roy Frank Symes won the II. Pope trophy tournament which has been in process of play over the Sanford Country Club course for the past two weeks, by defeating John Herbst, two up, yesterday. Mr. Herbst had defeated Henry Zurfeldt to enter final play.

Sanford's pro-amateur team of Elmer Carlson and Jim Spencer, playing at Mt. Plymouth yesterday afternoon in a Central Florida Golf Association match, failed to enter the money for the first time this season.

Upon coming through the DeLand game, Seminole High will meet the best man of Orlando, Mt. Dora, Eustis, and Apopka. Not much has been learned of the strength of the Mt. Dora team, but Orlando, Eustis, and Apopka are well matched as to ability.

Seminole High has an even chance to come through to the semi-finals, but the odds are slightly against them should Orlando be their opponents then.

Leesburg is the favorite for the district championship, having won seventeen games without defeat, turning back good teams with large scores. Leesburg has also been given much publicity in the matter of winning the state championship tournament to be held in Gainesville March 9-10.

SUDDEN DEATH CLAIMS NEARLY 100 IN 4 DAYS

Fury Of Winter Storms Adds To Grisly Toll Over Entire Nation; Tornadoes Kill 17

(By The Associated Press)
Four days of catastrophe afoot and aground have brought sudden death to nearly 100 persons in the United States.

A train wreck, plane crashes, bus smashups, lethal carbon monoxide, and above all, the fury of winter storms have swelled the grisly toll.

The mercury, plunging toward zero, struck the northeast today as it struggled in many cases to dig out of a 30-hour snowfall which followed another record breaking blizzard that occurred last week.

Fine powdery snow ceased falling last night in most sections but trains and highway traffic still moved haltingly today. Many communities are isolated by high drifts, especially in New England, and a food shortage grew more severe in some Long Island villages.

Government weather men explained that conditions are due to a sort of meteorological tug-of-war. A high pressure area took charge of things in the central and eastern sectors resulting in bright cold weather. Temperatures rose west of the Mississippi River north of Kansas under the influence of a low pressure area while the blizzard transferred to the Canadian maritime provinces.

Rehabilitation of the tornado ravaged areas in five Southern states went forward today in sub-freezing weather.

A cold moved in to add to the discomforts caused by the winds of Sunday that killed 17 persons in Mississippi, Alabama, Georgia, and injured hundreds of others.

Winds also unroofed houses and did other damage in these three states and South Carolina and Florida.

Charlotte, N. C., found its supply of cooking gas dwindling as utility facilities failed. New York called out the militia, recruiting national guardmen to boss crews of snow shovels. Fashionable Long Island towns found food supplies low.

Birmingham watched the mercury drop from 76 to 26 overnight. It froze as far into the southwest as San Antonio, Tex. West Virginia was snowed under a fall of 16 inches in the Medicine Bow mountains of Wyoming. There was this feel of it. Kenosha City experienced its coldest Feb. 26; it was 2 below. White River, Ont., was an even 50 degrees colder than that.

28 U.S. Railroads Made Money During January

NEW YORK, Feb. 27.—(AP)—The first 28 railroads to report for January had aggregate net operating income of \$9,464,000 against \$3,028,000 in January, 1933, and \$1,921,000 in the like month of 1932. In December, 1933, the carriers had net operating income of \$14,637,000.

Gross revenues of these roads in January were approximately \$88,622,000 against \$79,345,000 in January, 1933, and \$83,354,000 in the comparable month in 1932. Their gross revenues in December, 1933, amounted to \$85,676,000.

New Orleans Bankers Criminally Charged

NEW ORLEANS, Feb. 27.—(AP)—Officers and directors of the Interstate Bank & Trust Company and the Continental Bank & Trust Company, two closed New Orleans banks, were charged in criminal court yesterday by District Attorney Stanley with receiving deposits after knowing their banks were insolvent.

The charges were the first filed as part of the new open court investigation of the New Orleans banking situation by the district attorney's office after four city banks closed for liquidation following the national bank holiday.

Federal Control Of Nation's Communication Systems Is Recommended By Roosevelt

WASHINGTON, Feb. 27.—(AP)—An Administration bill to create a federal communication's commission of seven members to regulate foreign and interstate telephone, telegraph, cable, and radio services was introduced today in both houses of Congress.

Already an extensive study has been made by an interdepartmental committee and the Rayburn and Dill committees had the recommendations of the departments before them in drafting the legislation. In addition to calling for a central communications agency to provide federal regulation, this report suggested the creation of monopolies in these fields under strict governmental control.

The interstate commerce commission now has authority over telephone and telegraph systems.

In its report, the interdepartmental committee said benefit accruing from such regulation would be reduced rates, prevention of discrimination, competitive management, and stock watering, and control of contracts for foreign countries, cables and railroads.

Funeral services for J. H. Harkey, 71, retired farmer who died at his home 1417 Oak Avenue late yesterday, were held from the Erickson Funeral Home this afternoon at 2:00 o'clock.

Harkey was in Evergreen cemetery with Dr. W. A. Cooper of the First Methodist Church and Rev. W. E. McPherson of the Full Gospel Tabernacle officiating. The pallbearers were George Stinson, Thomas Lynch, John Abraham, W. H. Hazhey, Guy Ball, and John Crawford.

Mr. Harkey, a resident of Sanford for the past 12 years, was a native of Matthews, N. C., where he was born on Sept. 12, 1862. He was actively engaged as a farmer for many years.

His survivors include his widow, Mrs. Elizabeth Ann Harkey of Sanford; four daughters, Mrs. W. F. Lewis, Mrs. W. A. Cagle, Mrs. H. Shepherd, Mrs. M. L. Lossing, all of Sanford; five sons, N. A. Harkey of Lakeland, L. S. Harkey, J. W. Harkey, W. H. Harkey, and C. P. Harkey, all of Sanford; six sisters, and two brothers living in North Carolina, and several grandchildren.

Swanson Aides Claim He Will Not Resign

WASHINGTON, Feb. 27.—(AP)—From the office of Secretary Swanson yesterday came unqualified denial that the 71-year-old head of the Navy Department intended to resign because of ill health.

Archibald Oden, Swanson's assistant, said there was "absolutely, positively, unqualifiedly" no foundation for reports of an impending resignation.

ISSUE OVERSUBSCRIBED

WASHINGTON, Feb. 27.—(AP)—Secretary Morgenthau announced yesterday that the \$75,000 issue of 182 treasury bills dated Feb. 28 were nearly six times oversubscribed. Of the \$420,115,000 received in bids, \$15,088,000 was accepted. The average interest rate on a discount basis was .02 percent a year.

SENATE VOTES CASH FOR VETS OF CUBAN WAR

WASHINGTON, Feb. 27.—(AP)—A bill to set up a commission of seven members to supervise the activities of communication systems took shape yesterday at the capitol under the recommendation of President Roosevelt.

Shortly after the President had sent Congress a message suggesting the creation of such a commission, Chairman Rayburn and Dill of the House and Senate committees that would handle such legislation disclosed they were almost ready to introduce it.

The recommendations called for transfer of the present authority over the radio and interstate commerce commissions have over wireless, telephone and telegraph operations to the new agency.

With Administration forces apparently submitting the bill, the Senate yesterday added another clause to the bill which provides for the creation of a commission of Spanish War veterans who were re-enlisted by the Legion. A previous clause that they prove service connection to their disabilities.

Without opposition or debate, it adopted an amendment restoring to the bill the \$20,000 veterans taken off by the economic law of a year ago. The amendment gives veterans full former rates, and puts the function of providing the government with low rates of mail service in the hands of the Post Office.

The proposal also restores the same rates for veterans created by the \$20,000 amendment to the original bill.
