PRIMARY SYSTEM COMES IN FOR SHARE OF RECONSTRUCTION MANY BILLS ARE IN

FLORIDA MIDLAND MEDICAL SOCIETY HERE TOMORROW

Some seventy-five or more physicians and surgeons and their wives and friends will be here tomorrow to attend the annual meeting of the Florida Midland Medical Society.

FLORIDA PASSES MILLION MARK IN POPULATION ACCORDING TO UNITED STATES CENSUS BUREAU

Florida has passed the million mark in population. This is the official announcement which was made in Washington this morning.

Table showing population of Florida since 1830 in 10-year periods. 1830: 34,730; 1840: 51,477; 1850: 87,435; 1860: 140,424; 1870: 187,748; 1880: 269,493; 1890: 391,422; 1900: 528,542; 1910: 752,619.

BAND CONCERT IN CENTRAL PARK TONIGHT AT 8:00

The Municipal Band of Sanford will render an excellent program tonight in Central Park, this being their regular evening concert that will be rendered during the summer months.

TURKISH ASSEMBLY AGREES TO RAILWAY AND MINING CONCESSION AT MEETING

ROTARY CLUB HELD MEETING AT THE VALDEZ

The Rotary Club held their regular weekly luncheon at the Valdez Hotel today that was well attended and many visitors were present.

NEGOTIATIONS FOR CHESTER CONCESSIONS STARTED BY ROOSEVELT BIG DEVELOPMENT

Includes Oil and Railroads For U. S. Interests and Valuable Fields for Our Capital. Negotiations for the Chester concession in Turkey which included the development of Mosul oil region and construction of twelve hundred miles of railroad in Mesopotamia fields were first instituted by President Roosevelt.

Tallahassee, April 10.—The senate cleared its docket in an hour and a half session and adjourned until 11 o'clock tomorrow, passing under waiver of rules eighteen bills, mostly local in nature.

The house passed as amended in committee a bill by Representative Lewis, to provide for calling elections in special school districts in line with the constitutional amendment adopted last November that tax millage may be increased as high as ten mills.

Tallahassee, April 10.—House and senate came back from their week-end recess today, transacted a little business, including the passage of an appropriation bill of \$75,000 for the expenses of their sixty day session, and adjourned until tomorrow morning.

The senate adjourned at 5:05 out of respect for former senator Frank M. Cooper of District 47, who died several months ago.

The house passed a joint resolution by Representative Davis of Leon, which if concurred in by the senate, will set up a joint committee of five for the purpose of reviewing the primary system in the light of the governor's recommendation that the second vote provision be eliminated.

When the hoppers were again opened the house list of bills mounted to 216, while in the senate they rose to 112.

Representative Parrish of Brevard county, introduced a county option no fence measure. Under the terms of Mr. Parrish's bill, an election would be held in any county upon petition of 25 per cent of the voters, and it further provides that the election be held sixty days after filing of the required petition.

Senator Hodges, over on the senate side in the meantime, introduced a measure to give Florida a lieutenant governor.

The addresses of George W. Simons, Chief Sanitary Engineer of the State Board of Health on "Mosquito Eradication" will be most interesting and also the address of Dr. Harris, City Health Officer of the city of Tampa on "Sanitation and the Milk Supply," these addresses being on subjects that are most vital at this time and on subjects that are just now taking the people's attention in every part of the state of Florida.

Whipping Boss Taken to Madison To Stand Trial

MADISON, April 10.—Walter Higginbotham, convict whipping boss, was charged with murder in connection with the death of Martin Tabert, a North Dakota youth, was brought here early today from Cross City and confined in the Madison county jail.

Through his attorney Higginbotham made a general denial of all accusations against him but admitted he flogged Tabert asserting the licks administered "were all light ones and I only hit him a very few times."

There has been no word from the house committee on roads and bridges which has the most far reaching measure yet introduced regarding the state's road building system. It is a bill introduced by Representative Stokes and would consolidate the state road department with the railroad commission and gives to the legislature sole right of designating the program of work.

UNITED CONFEDERATE VETERANS MEETING AT NEW ORLEANS FOR THIRTY-THIRD ANNUAL REUNION

NEW ORLEANS, April 10.—Trains arriving today were crowded to capacity with gray-uniformed veterans coming from all directions to attend the thirty-third annual reunion of the United Confederate Veterans which officially opens tomorrow.

LIBRARY BUILDING LOCATED CORNER OF OAK AND FIFTH, DECIDED UPON YESTERDAY

It seems that the library question has been settled at last or will be settled in a few days as soon as the abstracts and other papers can be made out.

HUGO STINNES AND WIFE HELD UP BY GUARDS—RELEASED AFTERWARDS

HUGO STINNES, April 10.—Hugo Stinnes and wife arrived in this city today after having been detained at Scharnhorst by French railway guards, who took them from their berths in the night from train. They were released after officials had searched their baggage.

DORTMUND, April 10.—Sleeper in which Stinnes and his wife were traveling was attached to a train from Berlin to Essen, in which they left Berlin last night on their way to Muelheim. Scharnhorst is a frontier station for occupied zone.

PETITION DENIED ON MILEAGE BOOKS BY COMMISSION

WASHINGTON, April 10.—Petitioners asking for the reconsideration of the recent ruling requiring railroads to sell interchangeable mileage books at reduced rates were denied today by the Interstate Commerce Commission.

LANDSCAPE GARDENING IT NOT TOO EXPENSIVE

Two houses lie side by side, of equal size and fertility and with equally good building. But if they were put up for sale, one would sell quicker and for hundreds of dollars more than the other.

In planting around a home the larger trees and shrubs should have first consideration. Flowers add the finishing touches and give life and color to the picture.

Trees alone, however without the addition of shrubs and vines, will not give the best possible effect. A yard without other plantings than trees will still appear bare and unfinished.

The lines of a building are mostly straight and formal. To make these a part of an informal picture it is necessary to have the straight lines broken and disguised as much as possible.

Vines are among the most useful plants for "tying" buildings to their surroundings. There is a freedom and grace about their growth that helps to relieve the formality of buildings or fences better than almost any other plants.

AUTO PARTY IN EVERGLADES IS HELD UP

MIAMI, April 10.—Up to noon no word from the Fort Myers automobile party, which last Wednesday began crossing the Everglades on a line proposed Tamiami Trail. Miami Motor Club, which directed the scouting party yesterday is awaiting word from the west coast, believing the Indian runner might have been sent back to the nearest telephone station to give the location of the party.

MANY VISITORS AND MATTERS OF IMPORTANCE BROUGHT OUT

The Rotary Club held their regular weekly luncheon at the Valdez Hotel today that was well attended and many visitors were present.

Mrs. K. E. Tolar brought several important matters to the attention of the club, among them being the "Garden-Week" that is fostered by the National and State Federation of Women's Clubs.

President Thrasher brought up as something that the Sanford Club could do each year would be the sponsoring of two children at the Children's Home in Jacksonville and asked for the careful consideration of the same by the club, the matter to be taken up at another meeting.

The meeting here tomorrow of the Midland Medical Society will be assisted by the presence of the Rotary Club members and they will do all in their power to make the meeting a success in every way.

CELERY MARKETS

Table of Celery Markets. Carlol Shipments Reported for Monday, April 9th: Florida—Sanford section 35; Florida—By boat, 42 crates; Florida—Manatee section 3. Total 38.

FIRST NATIONAL STATEMENT TODAY

In this issue is published the report of the First National Bank and the wonderful progress made by this, the oldest banking institution in the county, is well worth your reading.

EDUCATIONAL LEGISLATION

The Florida Legislative Council has adopted as a part of its program to be presented to the State Legislature of nineteen hundred and twenty-three, resolution adopted by the Florida Federation of Women's Clubs, which reads as follows:

"Resolved, that in the judgment of the Florida Federation of Women's Clubs, the constitution of Florida should be amended as to provide for a Board of Education such as exists, and has been found effective, in most other states of the American Union; and be it

"Resolved, that we petition the next legislature to submit to the people of Florida a constitutional amendment providing for a State Board of Education, appointive in the main, and of which only the Governor and the State Superintendent of Public Instruction shall be ex-officio members, and upon which shall be also five members appointed by the Governor; one from East Florida, one from South Florida, one from West Florida, one from Middle Florida and one from Middle South Florida."

The Board of Education, as constituted, is of necessity a partisan or factional body, although the schools are supported by all the people, regardless of political or religious affiliations. As constituted, a change of administration may bring into power a new and inexperienced body of men—a practice dangerous, if not fatal, to the best interests of education.

SOCIAL DEPARTMENT

Tomorrow afternoon will be the annual business meeting and election of officers for the Social Department of the Woman's Club, at the Welaka lobby. It is earnestly desired that all members will attend and please be prompt as the card game begins promptly at 3:00 o'clock.

MISSIONARY CONFERENCE

It looks now as if the Woman's Missionary conference will test the city's hotel capacity as well as the Methodist homes, from the reports coming in there will be a great many visitors in addition to the 175 delegates that are expected. According to our knowledge, this will be the largest gathering of women ever assembled in Sanford.

MRS. C. H. SMITH.

WOMEN'S MISSIONARY SOCIETY.

The monthly business meeting of the Women's Missionary Society of the First Baptist church met in their regular session March 25th. The meeting was opened by scripture reading by our president, Mrs. F. C. Howell. In a most earnest manner she urged her hearers the need of more faithful services and earnest prayer. A short business meeting followed. On account of our former secretary moving away, the name of Mrs. E. M. Carol was presented to act as secretary. She was unanimously elected. Minutes of the former meeting were read and approved. Reports of personal service were heard. There being no further business the meeting was turned over to Jessie Sappington. Circle. This was opened by several earnest prayers. Letters were read by Mrs. Howell from Mrs. Pullman, our state secretary, also Mr. Rodgers, state treasurer.

LOCALS

What is so rare as a day in April?

With everybody happy and everything moving right along.

And the Florida legislature getting ready to put over some of the best legislation in the history of the state.

W. L. Morgan spent the week end with home folks and says that he is always happy to get back in the growing city of Sanford for it gives him that glorious feeling that he lives in a real town.

Mr. and Mrs. E. A. Donaher and Mr. and Mrs. J. G. Ball spent Sunday at Corpondo Beach where they enjoyed one of those fine shore dinners with Mr. and Mrs. Conter at the Ocean View Hotel.

Mr. and Mrs. E. B. Brown left yesterday for points in South Florida, where they will be absent for some time. Upon their return to Jacksonville Mrs. Brown expects to spend a few days with her sister, Mrs. E. J. Kelly and her mother, Mrs. E. G. Taylor.

Fred Elshardt left yesterday for Tampa and other points in south Florida after spending several days here. Fred represents the White process of making asphalt paving better every day and he will return here some time during the last of the month.

W. P. Matky, president of the Bankers Trust Company of Atlanta and J. R. Anthony, president of the Bankers Finance Co., of Jacksonville, were in the city today en route to St. Petersburg to attend the meeting of the State Bankers' Association. They visited the Peoples Bank in which institution they are interested.

C. D. Brunley of Chulusta was in the city today on business and reports his community as prospering. The

One legislator says that if the flow of oratory continues this week at Tallahassee as it did last week he will ask for gas masks.

Well, the library question seems to be settled and the new location ought to satisfy all parties concerned as well as the general public.

The Sanford Knight Templars looked mighty fine today as they marched from their headquarters on Magnolia avenue to the cars waiting to take them to Orlando.

We could never understand just why the Germans objected to the occupation of Germany by France in trying to collect the indemnity when Germany did the same thing to France in 1870 after winning the Franco-Prussian war.

Florida's population is now over the million mark and growing right along. The census department at Washington has discovered this fact and while we do not think they are right in their surmise we will take their word for it.

Canadian growers want a duty on fruits and vegetables coming from the United States especially in the winter months. They say the people are surfeited when their own crops come on and they do not pump at them as they formerly did when they were without fresh fruits and vegetables all winter.

The country is prosperous again, but in spite of everything done to help him, the farmer still finds that he gets less income from a given investment and a given effort than men do in other fields of enterprise.

The economic system is unbalanced somehow. Business and professional men are mostly making good profits, wages of industrial workers are high. All of these classes can live comfortably, because with the money they get they can buy more than they used to with normal incomes and normal prices.

In previous periods of prosperity there has seldom been such a condition. It is considered very doubtful whether present prosperity can last unless the farmer can be made to share in it.

Yet there is at times danger of cutting down expenditures to a point where prosperity will be jeopardized. Buyers' strikes, while occasionally useful in bringing down exorbitant prices, are full of potential mischief.

Now comes the news that a concern is to open a central market in Tampa. It is our understanding that stalls will be rented to retailers and it is these retailers of fruits and vegetables who are expected to buy the farmers' products and sell them to the public.

Among the speakers will be Hon. Forest Lake, who will deliver the address of welcome for the city and Judge J. G. Sharon in behalf of Col. Theodore Roosevelt Camp.

It is our understanding that stalls will be rented to retailers and it is these retailers of fruits and vegetables who are expected to buy the farmers' products and sell them to the public.

rest of the population. Also he cannot buy what the rest of the population produces. And this is a serious factor, because the rural market is the biggest there is for manufactured goods.

For real and lasting good times, then the farmer must have a squarer deal. How to give it to him is perhaps the biggest problem now confronting this country.

Representative Kennerly's bill is well worth considering in this connection. He asks protection for the Florida farmer against unscrupulous commission men.

This session of the legislature is trying to make reparations to the family of Martin Tabert, the Dakota boy who was murdered in a Florida convict camp.

of the "lightwad's" products, and to his earnings are adversely affected. Normal buying, moderate saving help business and promote the welfare of the greatest number.

Normal buying, moderate saving help business and promote the welfare of the greatest number. And thrift, if it is to be a worthy virtue, must be so practiced that the good of the individual shall not be at the expense of the community.

It seems that some of the folks in Legislature this year think that swollen incomes ought to be taxed and while it is all right to foster the rich man in Florida and get him to invest in millions of acres of land he should not be taxed the same as the poor man who owns only a few acres.

Representatives and visitors alike discuss the marvelous promised developments of Florida, and on the afternoon were capitalists who told of the millions invested during recent months and the millions knocking for admission as soon as Florida gave evidence of certain concessions or encouragement.

Among the Friday visitors was Charles B. Rogers, formerly senator from Duval county. "Florida," said he, "will rapidly become the very richest state in this Union if a measure can prevail and eliminate taxes on inheritance and incomes."

"Florida," said he, "will rapidly become the very richest state in this Union if a measure can prevail and eliminate taxes on inheritance and incomes."

ring, Post Commander, American Legion; M. F. Robinson for the G. A. R.; C. H. Leffler, for the Confederate Veterans.

The presidents of the various Women's organizations of the city will also have a place on the program with Sister Ester Carliotta, honorary member of Frank J. Howatt Camp at St. Augustine; Mrs. R. E. Tolar, Woman's Club; Mrs. John Leonard, County Federation of Women's Clubs; Mrs. W. E. Watson, regent D. A. R.; Mrs. Geo. Fox, Daughters of the Confederacy; Mrs. Forest Lake, Children of the American Revolution.

The entertainment features will include a street dance, auto ride, smokers, and luncheon by the various men's clubs to the delegates. There will also be a big surprise event.

At the opening meeting the program will be presented by Commander Dale in behalf of a member of the local camp who desires to remain incognito.

Officers of the United Spanish War Veterans for the Department of Florida are: Comrades Frank Dale, Department Commander, Key West; E. T. Weil, Department Senior Vice-Commander, Tampa; R. A. Terhoun, Department Junior Vice-Commander, Sanford; G. Cooper Gibbs, Department Judge Advocate, Jacksonville; Rev. R. M. Reynolds, Department Chaplain, Archer; A. C. Livingston, Department Surgeon, Pensacola; Geo. E. Spence, Department Adjutant, Key West.

"All roads lead to Sanford so get your flivver gassed."

Subscription Bridge Party. N. deV. Howard Chapter, U. D. C., will have Subscription Bridge, Wednesday afternoon, April 11th at the Parish House. Phone Mrs. W. T. Lingley (24) or Mrs. R. J. Holly (64) for reservations.

STOP COUGH FOLLOWING FLU. Stop coughs resulting from Flu, Croup, Whooping Cough, Asthma and Bronchitis with Foley's Honey and Tar. "The Flu left me with a severe cough which was quickly relieved with Foley's Honey and Tar," writes Mrs. K. D. Drake, Childs, Md. A few cents worth of Foley's Honey and Tar will effect serious diseases by checking your coughs and colds, saving you many dollars. Contains no opiates—ingredients printed on wrapper. Inset upon Foley's. Refuse substitutes, sold everywhere.—Adv.

REUNION AND ENCAMPMENT U. S. W. V. HERE

COL. THEO. ROOSEVELT CAMP NO. 14 WILL BE HOSTS TO VISITS IN MAY

The program for the 13th annual reunion and encampment of the United Spanish War Veterans, Department of Florida, will be held in Sanford May 7-8-9, has been completed by Comrade John T. Brady, Sr., chairman of the program committee and includes addresses by General Estenoz, commander-in-chief of the United Spanish War Veterans, and other speakers prominent in the national and state organization as well as some of our own local orators.

It is expected that there will be more delegates at the encampment this year than at any other time in the history of the state organization. The program covers a period of three days—the first meeting to be held Monday morning, May 7th at the Court House. Department Commander Frank Dale will preside, but will not be eligible for re-election, having served the full two years allotted to any one office. He is very popular with his comrades throughout the department and has made a most efficient and active leader. Under his leadership new camps and auxiliaries have been established and almost defunct camps have taken on fresh energy and spirit, and the order has been generally re-habilitated. The local camp will have the honor of bestowing upon Commander Dale the post commander's jewel.

Among the speakers will be Hon. Forest Lake, who will deliver the address of welcome for the city and Judge J. G. Sharon in behalf of Col. Theodore Roosevelt Camp. In addition to these there will be ten minute talks by Comrades Cooper, Gibbs and Cromwell Gibbons, of Jacksonville; Comrade Aicheson, chief of staff, St. Augustine; Adj.-Gen. Foster, of the Florida National Guard; A. P. Connelly, R. J. Holly, Capt. Geo. G. Her-

GIANT LYE

Like Washing in Rain Water

RAIN water is 'soft' because it lacks the lime which makes water 'hard.' A little Giant Lye breaks hard water and makes it as soft as rain water. It dissolves the dirt in soiled clothes and saves a lot of rubbing. That's easier on the clothes and easier on the back. It should be used only on white cotton or linen goods. These come out sweet and clean and white as snow.

DIRECTIONS: Soak all white clothes overnight in water containing 1/2 teaspoonful of Giant Lye in each pailful of wash in the usual way.

Separation of State and County Taxes Be Sought by Co. Comrs

At Recent Meeting in Tallahassee Good Plan Was Suggested

(By The Associated Press)
 TALLAHASSEE, April 10.—Separation of state and county taxes, the state to apportion its expenses among the counties after its budget has been made up, will be sought of the legislature by the Florida County Commissioners Association.

The commissioners at their recent meeting here set up a legislative committee composed of R. F. Bradford, chairman, C. T. Friend, R. A. Coachman, Jr., and R. H. Carswell, whose duty it will be to keep in touch with the legislature throughout its session and work for the enactment of legislation sponsored by the association. A program of proposed legislation endorsed by the association includes provision of penalizing failure to make proper tax returns, more stringent game laws, a two cent gasoline tax, but that the moneys now derived from automobile licenses be given in its larger portion to the counties instead of the state. The program seeks to give the counties 75 per cent of license funds and the state 25 per cent. Such a proposition, however, would give the commissioners authority to expend the counties' share outside of the immediate county if deemed advisable.

Under the suggested change in taxation, the commission is sponsoring legislation that would do away with the fixed taxes now called from the counties by the state. The state under this plan would make up its budget, and then call upon each county for so much in proportion to its wealth.

WASHINGTON COMMENT.

Much is being said and published just now about our growing lack of respect for law; our willingness to flout the law if we don't like it. Emphasis is put upon a dozen different causes for this condition, ranging from "reaction from the war" to "suppression of blue laws."

As is natural, the lawyer and the jurist are in the forefront of the ranks of those who draw attention to the danger to our institutions when

Americans no longer respect the law. The way to make law respected is to make it worthy of respect. We quote from a news dispatch:

"After serving nearly a quarter of a century on a charge of murder—convicted on perjured testimony—Charner Tidwell, a half-breed Cherokee Indian, has been pardoned by President Harding on the recommendation of Attorney-General Daugherty, and returned to the home of his boyhood."

Consider what this man suffered because the law made a mistake. Twenty-five years of a man's life is most of what's best in him. And the law took it away from him, tortured him because of his innocence, made him suffer twice what a guilty man would have suffered.

An honest mistake, of course. Lawyers and judges are only human, and must err at times.

But what will the law do for him now? The law... your law, our law, the law of the land, American law... has robbed this man, as it has robbed other men in the past... what will it do to make up? Will it offer him money? There is no provision in law for that. Will it give him honors? Certainly not. He is a man just out of jail. Will it make public apology, retraction? The law does not apologize. What it will do, and all it will do, is "pardon" the innocent.

Good Americans act as if they respected the law, because on the law rests our Government. But no Amer-

ican can have as high a respect for the law as it should have, as long as the law, when it commits a flagrant injustice, makes no attempt to make amends.

The Rev. Karl Otto Waither, formerly a resident of Hoboken, was denied citizenship papers by Supreme Court Justice McCarthy recently on the ground that he had claimed exemption from the draft as an alien.

"You stepped aside when the war came," Justice McCarthy said, "to make place for some other mother's son."

Hurrah for Judge McCarthy!

You can't make a silk purse from a sow's ear, nor a good American from a draft dodger. And the more publicity given the fact, the less will be the application for citizenship papers from those who think the United States is "a good thing" and "an easy mark."

A flag good enough to live under is good enough to fight under. A land good enough to live on is good enough to die for. A country good enough to live in is good enough to defend. Heaven be thanked for the McCarthys who guard the great gift of citizenship with such high ideals.

Secret Investigation of Herrin Mine Riot Will Be Made Today

(By The Associated Press)
 SPRINGFIELD, Ill., April 10.—In-

vestigation of the Herrin mine riot from the top down in secret session from which the public and press men are to be excluded, will start this afternoon, Representative McCarthy, chairman of the House Investigation

committee announced. Among the first witnesses he said probably would be Governor Small, Adjutant General Black, Colonel Hunter, Attorney General Brundage.

Sewing Week begins Wednesday, April 11th. Reduction on Piece Goods and Notions—Yowell Company. 1tc

ANNOUNCING

Our Co-Operation in the New

Ford Weekly Purchase Plan

Following out our policy of extending the facilities of this bank in whatever way we can to serve the public, we have arranged to give our co-operation to the new Ford Weekly Purchase Plan. We realize what the automobile means to the average family in bringing them greater enjoyment of life, and believe our action in helping those who desire to become Ford owners will be appreciated by many families who can now realize that ambition through the new Ford Weekly Purchase Plan.

Under this plan, you can begin with an initial deposit as low as \$5.00. Then select the type of Ford Car you want—Touring Car, Runabout, Coupe, Sedan, etc.—and arrange to make weekly deposits on which interest will be computed at our regular savings rate.

Come in and let us explain the Ford Weekly Purchase Plan to you, or, if you wish, go to the nearest Ford Dealer for further details.

Start today, and before you realize it you will be driving your own car.

FLORIDA STATE LEAGUE HAS BIG OPENING—ORLANDO, TAMPA AND BRADENTOWN EACH WIN

All Games Played Before Large Crowds, Heavy Hitting and Home-Runs Feature First Day

The Florida State League, with "Old Sol" kind to it, opened its season yesterday, all three of the games being the kind usually seen in mid-season, and the three teams all looking good, with Orlando defeating St. Petersburg, Tampa trimming Daytona and Bradentown carrying the Highlanders. A great season is predicted for the league this season, with a good, clean brand of the national pastime.

BULLDOGS WIN IN THE SIXTH

ORLANDO, April 10.—Before a record breaking crowd with many prominent visitors, including President Lang, of St. Petersburg, the Bulldogs opened the season here yesterday against St. Petersburg by tacking away the first game by the tune of 8 to 6. The box score follows:

St. Petersburg	AB	R	H	PO	A	E

CELERY SEED

CELERY SEED. The curtain is up.

The opening games in the Florida State League yesterday were all witnessed by large crowds.

And Orlando, Bradentown and Tampa were the three victors.

The new league for Orange and Lake counties is all set, with Apolka, M. Dora, Winter Garden, Tavares, Earls and Umanilla all ready with nothing but home talent players.

And of all the teams in all the home town leagues in the State there is none that could have a thing on Sanford, if we had a place to play and could get into it.

And every one of these boys would be willing to do their share towards town in the State along the line of having Sanford baseball, would give players, but when it comes to a place of their time for practice and playing

to play even Goldsboro has it on us, they are fencing in their play grounds.

Big behind the bat, Amanna, Chapman, Thompson and McCall as twirlers, with one of them on the bench as first relief man and the other two in the outfield, Spence filling the third place in the outfield, Chittenden on first, McLuens on second and Burdick at short, with about three good men to pick for third would give Sanford a team of locals that would be better than the average semi-pro club could get into it.

Speaking of bowling, the Bowling League is under way again, and the counter jumpers jumped into first place at the start and you can't make them believe that that is not where they will end.

The Daily Herald, 15c per week.

the parks, if there were enough red-blooded fans in Sanford to help them get a place to play so they wouldn't have to play on the city parks and city streets before a crowd of fans with about one-tenth of that crowd paying to see the exhibition. But there is a place in Sanford to play golf and a place to bowl and it looks as if the Sanford sports will take it that way this summer.

And every one of these boys would be willing to do their share towards town in the State along the line of having Sanford baseball, would give players, but when it comes to a place of their time for practice and playing

to play even Goldsboro has it on us, they are fencing in their play grounds.

LEGISLATIVE COMMITTEE APPOINTED TO INVESTIGATE TABERT'S DEATH IN A CONVICT CAMP IN STATE OF FLORIDA

Legislature Also Takes Crack at Officers For Jerking Box Car Tourists

TALLAHASSEE, April 10.—The legislative committee which will investigate the death of Martin Tabert, North Dakota, who met death under alleged brutal circumstances in a private convict camp in this state, was definitely set up today, with the appointment of members of both houses to serve on it.

At the same time the house resolved to instruct the committee to examine Tabert's body, give it a "decent suit of clothes, decent coffin, and a decent burial, at the expense of the state of Florida."

The house resolution regarding another burial for the youngster must be concurred in by the senate. Affidavits gathered by North Dakota officials charge that after being maltreated to death, the youngster's body was dressed in the clothing of an escaped negro convict, placed in an ordinary box, and stuck in the ground.

When his name came before the legislature today, it had entered into every session of that body since its convening last Tuesday. It had been expected that his name would be mentioned today, with the appointment of members to comprise the investigating committee but while the house was transacting routine business, Representative S. J. Gites, of Franklin county, offered a joint resolution, providing for his burial and asked that the rules be waived for its immediate consideration. There was only one other expression in the unanimity of the house and that came from Representative Fred K. Van Roy of Citrus, who offered an amendment, providing that the funeral arrangements be held at the disposition of the boy's relatives.

Later, during the introduction of bills, Representative A. O. Weeks of Bonifay, introduced a bill repealing the statutes now in existence making it a misdemeanor in this state to ride a freight train as an unauthorized passenger. Such a movement has been sponsored by certain women's organizations for several sessions past without success. Mr. Weeks asked for unanimous consent for its immediate passage adding that the railroads should be required to protect

their property, and that he was tired of officers grabbing young men from the trains and "railroading" them to a convict camp. The house appears to be in the same mood as a whole, and this bill ran through to its third reading when Representative A. Y. Milam, of Jacksonville, objected to its final disposition without more consideration.

The bill then was sent to committee. Representative Milam explained that he was not holding any brief for the railroads, and that he intended to vote for the abolition of the county convict lease system, but, he continued, Florida, every winter, is flooded with undesirables, and that some protection must be had against them, certainly to the extent of not rushing Mr. Weeks' bill through in such fashion.

Tabert it is claimed, was merely an adventurous youngster of good family, out to see the world. He was arrested for riding a freight train in this (Leon) county and it is charged that he was tried at night, and sent to the camp where he lost his life.

The resolution providing for Tabert's burial instructed investigating committee to have the "Putnam Lumber company point out the spot" where Tabert is buried, and that the committee procure the service of an undertaker and a physician. The Putnam Lumber company had Tabert under lease and reported, according to the charges, that he died February 10, 1922, from "fever and other complications."

The committee is comprised as follows: Senators John P. Stokes and W. A. MacWilliams, and Representatives C. H. Kennerly, Frederick Van-Roy and John Clay Smith.

Gleaners Society Enjoying an Outing Guests Mrs. Williams

The afternoon of Monday afforded such pleasure as is only now and then the privilege of Sanford ladies to enjoy. From 3 to 7, the hours were replete with sociability, delightful interchange of thought, a brief devotional, class exercise and business, closing with just the daintiest, but elaborate and gracefully served, refreshments. The assembled company of bright and happy faces is known as "The Gleaners," of the Presbyterian Society of Sanford. By invitation, the Gleaners were guests of Mrs. Fred T. Williams, at the country seat of our city engineer and herself, near the Country Club and golf links.

This beautiful place is on a shaded bluff, overlooking Crystal Lake, an ideal spot for the lovely entertainment above charming hostess delights to give. The spacious veranda, from which, through leafy verdure the eye catches the sheen and sparkle of the lake, amply seated the ladies, who, with a specially favored few of the masculine persuasion permitted to participate in a part of the program, especially mentioning the toothsome dainties, numbered nearly a half hundred.

President of the organization, Mrs. Alfred Lilja, pleasantly and efficiently directed the business hour, during which there was a helpful address on

"Loyalty," by Mrs. E. M. Galloway, an interesting letter from Sanford's missionary girl, Miss Zeta Davison, to Mrs. T. M. Puleston read in absence of the secretary, Miss Chittenden, by Mrs. H. L. Lehman, and appointment of sundry working committees.

Epicurial were the varied sandwich, the salad course, fruit cocktail, plain and frosted cakes, with other delicacies, concluding the event, each guest departing with a nectareous tickling of the palate and that delicious feeling that accompanies "the end of a perfect day."

IRISH CHIEF OF IRREGULARS CAPTURED TODAY

(By The Associated Press) DUBLIN, April 10.—Liam Lynch, chief of staff Irish Irregulars has been captured, it was officially announced this afternoon. Lynch was captured by Free State forces this morning at Knocknaalen near New Castle after an engagement in which he was seriously wounded.

C. C. Boyd of Leesburg, representing the commission firm of J. & G. Lippman of New York was in the city today on business. Mr. Boyd formerly resided in the Wekiwa section and for many years was with the Citrus Exchange in various parts of the state.

FORD ANNOUNCEMENT

of interest to

MILLIONS OF FAMILIES

"I Will build a car for the multitude"
Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks, where it will draw interest. Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

WHAT'S WILLITE

"Willite" is the invention of the late H. P. Willis, formerly chief engineer Highway Department of New York State; patented 1916, No. 1,190,615.

The "Willite" principle is the incorporation of metallic sulphates with a standard paving asphalt, a suitable small mineral aggregate with limestone dust or other filler. The action of the sulphates so toughen and temper the asphaltic binder that the result is a hard, tough, resilient, non-skid pavement that is frost-proof, water-proof and heat-proof.

This action may be likened to the action of the various rare metals such as vanadium, tungsten, chromium, nickel, etc., when used in the manufacture of high grade steels, in that, important changes in the molecular structure are produced, changing the characteristics of the product.

"Willite" is no experiment—in practical use for six years—exposed to the intermittent action of water, heat and cold for extended periods Willite Roads show no deterioration.

A. C. L. RAILWAY TO MAKE EXTENSIVE IMPROVEMENTS AT ONCE

The Atlantic Coast Line Railroad Company inaugurated last fall a program for expenditures of approximately \$20,000,000 to overcome retrogressions made during the period of the war, and to care for the increased business induced by the growth of the territory which it serves.

The principal items involved in this expenditure are: Station facilities. Shops and shop equipment. 30,000 tons of 100-lb rail. Grade reductions. Double tracking between Richmond, Va. and Jacksonville, Fla., including automatic signals and interlocking plants. Additional yards, yard tracks and passing tracks. New equipment, which includes: 95 locomotives. 101 steel passenger train cars. 5,331 freight train cars. All this equipment should be in service by November 1, 1923.

WOULD PROTECT THE FISH AND TURKEYS

Nothing very exciting occurred at the regular April meeting of the board of county commissioners, Monday, in regular business, but one or two sentiments were expressed unofficially which met with considerable popular approval. For example, the commissioners were discussing the convalescence of county commissioners at Tallahassee this week to consider legislation affecting county officials, et cetera, and some one asked what measures were specifically proposed for consideration. Commissioner R. V. Phillips then hit a verbal bulls eye with his declaration, "I'd like to see a law passed which would fine a man a hundred dollars who is caught in the woods with a gun during the closed season. There are some men who will kill more deer and turkey now than were killed all during the open season and they ought to be stopped by a severe penalty." Inasmuch as there has been considerable rumor of late that a few men are making a practice of out-of-season shooting, and a whole lot of condemnation expressed for them, the

commissioner's remarks got a lot of approval.

He went on to advocate a closed season for fish in this county, stating his belief that when the closed season in Okeechobee is in force that a great many of the southern commercial fisheries come to Oseola county and "bleed" our lakes. While he would not advocate a closed season for hok and line fishing he does want to see a closed season for commercial fishing similar to that of the Okeechobee section. This question has been discussed by the local sportsmen and commercial fisheries in Kissimmee and there seems to be a practical unanimity of opinion along this line. —Kissimmee Gazette.

March Tax Collection Increases \$70,000,000

WASHINGTON, April 10.—A \$70,000,000 increase in the March collections of income and profits taxes as compared with the March collections of last year, on which the higher income surtax rates applied, gives a practical answer to the tax problem and "shows clearly what course for their revision may take," Secretary Mellon declared in a statement Sunday night.

Forecasting in his statement, possible efforts by the treasury to have congress further cut the surtax rates on incomes, Secretary Mellon asserted that the March collections of the \$463,000,000 had the effect of increasing rather than decreasing the federal revenue.

The secretary viewed the increase in collections as proof that the downward revision had acted as a stimulant to business.

National Hospital Day Endorsed by President

(By The Associated Press) CHICAGO, April 10.—President Harding has indicated a lively interest in the efforts of the hospitals of the United States and Canada, "to make the public better acquainted with their service and importance in their communities. He has endorsed the educational movement culminating in the observance of National Hospital Day, May 12.

"I most heartily extend my good wishes for the most useful results from your efforts," wrote Mr. Harding to Matthew O. Foley, Chicago, executive secretary of the National Hospital Day Committee, which has general direction of the international program. "It is especially a pleasure to express my interest in the work of National Hospital Day, which seeks to arouse the largest possible public interest in the work of the country's

hospitals and similar institutions. You have most properly chosen May 12 the anniversary of the birth of Florence Nightingale, as National Hospital Day." "One of the finest and most humane products of our civilization is the hospital," continues President Harding's endorsement, "and every activity which aims to assure its advantages to an increasing number of people deserves all possible encouragement."

WHY RE-CU-MA PURIFIES THE SYSTEM

The Ingredients of This Wonderful Remedy Are Now Made Public

There are certain well-known and universally used roots and herbs, which nature intended to be used as System and Blood Purifiers. These when properly blended with other ingredients do cleanse the blood, stimulate the Liver, Kidneys and Bowels, eliminate the accumulated poisons which, unless disposed of, get into the blood, producing disease, weakness and a general break down of the human body.

Unless these poisons are eliminated by the Liver, Kidneys or Bowels they seek elimination through the skin. Boils, carbuncles, skin eruptions, sores, pimples and other evidences of nature to drive out these poisons are seen every day. Unless your Kidneys, Liver and Bowels are kept active, disease is sure to result. Among the universally recognized ingredients of merit are the following: Sarsaparilla—used as a "blood purifier" for four hundred years. Burdock. Dandelion.

May Apple. Stone root (Swamp Root) Seneca. Cape Aloe. Cascara Sagrada. Potassium Iodide. RE-CU-MA contains all of these and eleven other ingredients that have been scientifically blended by one of the South's Most expert Chemists. RE-CU-MA cleanses the System and does it Nature's Way, and you don't improve on Nature. Take RE-CU-MA and see how quickly your appetite improves. Your Liver will become active. The dizzy spells will disappear. Your digestion will improve. Constipation will no longer trouble you and rich, red, life-giving blood will supply strength and energy to your entire body. You will sleep well and wake up feeling rested and refreshed. RE-CU-MA is the passport to health. From now on use RE-CU-MA. RE-CU-MA is on sale in Sanford by the Union Pharmacy and by almost all good druggists.—Adv.
