

Discontinuance Of Sports Announced By State College

GAINESVILLE, Mar. 22 (Special)—The University of Florida last night announced the discontinuance of intercollegiate sports for the duration.

University Pres. John T. Tigert made the announcement following a week-end meeting here of the board of control which accepted a faculty committee recommendation for discontinuing athletics until after the war.

Percy Beard, director of athletics and track coach, Tom Lieb, head football coach, and their assistants will remain on the Gator campus to handle the university's students physical fitness program and to train army air corps cadets.

Lieb has two contracts, one expiring in June and the other for two years, coming into effect in June. He has a \$7,500 annual

rollment decrease as far as the His salary has been paid by the university, but now will be paid by the university and the U. S. government, it was said.

Regarding discontinuation of football, Lieb said "I'm in charge of the student physical fitness program and training 750 flying cadets and will be in charge of a contingent of army engineers to arrive soon."

"Many students have left for the armed forces and many more will leave, but army students sent here compensate the student enrollment decrease as far as the athletic work is concerned. Plans now are that my staff and I will continue next year and until the close of the war on the present basis."

Only 12 football players were prospects for next year's team and all of them likely are to be called into service. They are Walter McJae, Harry Platt, and Bob Ryan, Jacksonville; Frank DeAnulla, New Britain, Conn.; Stan Cary, Nutley, N. J.; Hug Miller, West Palm Beach; Phil Kaplan, Brooklyn, N. Y.; Charles White, New Smyrna; James Horsey, Clearwater; George Sutherland, Bartow; Arnold Tucker, Miami; and Harry Hancock, Clearwater.

The basketball, track and swimming squads also have been riddled by losses to the armed forces.

Before buying ANY laxative, consider these 3 Questions

Ques. Does it make any difference what laxative you buy? Ans. Certainly! Most people prefer one that is gentle in action, thorough in results. Ques. How can you know what laxative, when taken as directed, will usually give gentle, thorough, prompt relief? Ans. One way is to ask for Black-Draught. Ques. Is Black-Draught economical? Ans. Very! Only 25¢ for 25 to 40 doses. Follow label directions. Adv.

County Farmers Make Progress In Production Plan

Farmers in Seminole County are pledged to all out production of essential foods, livestock and poultry, are making excellent progress according to George D. Livingston County Farm Security Loan supervisor.

"They are getting the seed into the ground but most encouraging however, is the fine manner in which the families are co-operating with one another," Mr. Livingston said.

A four point program of neighborly aid is being observed as follows:

1. Share equipment and join with neighbors in buying needed equipment so all can use it.
2. Lend a hand to neighbors when the hand is needed.
3. Give each other news of markets and of opportunities to haul items to town or from town for each other, thereby saving the extra trip.
4. Exchange labor for sewing, harvesting, marketing, building, clearing or other jobs of emergency nature.

The families find this neighborly cooperation is not only pleasant but a matter of good business as it means economical production and marketing.

Big Crowd Expected At Methodist Meeting

In order to cooperate with the government in the many problems due to war conditions, the Methodist women of the state have decided to streamline their Woman's Society of Christian Service Conference to be held in Orlando this month. Mrs. W. E. Smith announced today.

Instead of starting on Mar. 23 as previously planned, the Conference will start on the evening of Mar. 24 and close at noon on Mar. 26. Although this change in schedule will necessitate many changes in the program, all important elements will be retained so that none of the information and inspiration will be lost, Mrs. Smith added.

The executive board will assemble on the morning of Mar. 24 to conduct important items of business previous to the general session of the conference. Mrs. J. D. Bragg, national president of the organization, will address the conference on Thursday night and again Friday morning. Mar. 25 Mrs. Bragg besides being national leader has had many years of experience in women's work.

All conference officers will appear on the program making recommendations for carrying on the work for the year in each of their respective departments. Besides these addresses each official delegate to the conference will receive a packet of material and suggestions from the officers to be used in their local societies in their home town or city.

On Friday morning the banquet and devotion will be held by dedication services and communion.

Navy Planes Will Perform In Bombs Over America Act

The stage was set here today for the nearest thing to an actual air raid that has yet hit Sanford, tonight's production of "Bombs Over America" at the high school athletic field.

The production, sponsored by the Seminole County Defense Council, will begin at 8:15 o'clock, a few minutes before planes from the Naval Air Station sweep in over the field in the first of four simulated waves of "enemy" bombing attack.

Real fire bombs and genuine high explosives will be used during the program, giving nearly 100 local Civilian Defense participants in the show their first taste of what an air raid is really like.

During the two-hour program, a model village of seven homes and stores erected on the field will be blasted and burned, as all types of enemy incendiaries are demonstrated.

William G. Sweetman, Hrector of the chemical warfare section and producer of "Bombs Over America," yesterday presented an instructive bomb demonstration at the Naval Air Station. The program was witnessed by officers and enlisted personnel.

Upon graduation from the Naval Academy in the class of 1912, he saw 5 years of sea duty aboard a battleship and a destroyer. He has been in the South Pacific war zone since Pearl Harbor and about aircraft carriers and wars in the Navy Zone for her part in leading a dive bombing mission in the Solomon Islands area last August.

Red Cross Notes

War Food Campaign leaders reported Saturday that the total collections to date stand at \$2,000,000, indicating further progress toward the \$5,000,000 goal set for Seminole County.

Dr. S. M. Tully from Shaver asked for additional Red Cross campaign material needed and reported that he had collected \$100,000, whereas the quota for that district was \$100,000.

Mr. Mildred Ketchum from Ocala and Mrs. W. H. Harland from Alamo Springs stated they had nearly completed their respective assignments.

Organizations having answered the recent call are: American Legion, Tourist Club, Sanford Garden Club, Rotary Club, Alpha Circle, Beta Circle, Carpenters Union, and many others.

At Alamo Springs, Mrs. Ruth Ketchum reported a banner presentation made by the local committee, which was the first of its kind in the district.

Records of the campaign are being kept by Mrs. M. C. Ketchum, who is graphing on this in a manner similar to that used by the American Red Cross in other districts.
