Commiss 'Hijack' Venezuela Ship

CARACAS, Venezuela (UPI)—U. S. Navy units today sighted a Venezuelan freighter hijacked by Communists in the Caribbean. Venezuela alerted warships to close in on the freighter.

Informed sources here said American flying boats sighted the 3,126-ton Anzoategui, bound for Houston, Tex., at the time of its capture, at dawn.

The ship was reported to have been sighted on a line about halfway between the Venezuelan state of Falcon and Puerto Rico.

Venezuelan warships were believed steaming out to intercept it. However, there was the possibility that U. S. warships might do the job.

The Anzoategui was hijacked by members of the anti-government National Liberation Forces.

FALN who claimed in a radio message to be pursuing "peaceful political ends." The message bore nine signatures of men in the raiding party which seized the freighter and said all aboard were safe and unharmed, indicating the hijacking was accomplished by surprise and without violence.

WASHINGTON (UPI)—Hundreds of Latin Americans are being trained in Cuba in guerrilla warfare, sabotage, and leadership of insurgent movements, U. S. officials reported today.

TALLAHASSEE (UPI)—House Speaker Mallory Hornum estimated Wednesday changes which will have to be made in the lower chamber to accommodate 30 new members will cost \$35,000.

CLEVELAND, Ohio (UPI)—Thomas S. Reese, 62, father-in-law of convicted wife-slayer Dr. Sam Sheppard, was found shot to death here Wednesday night, an apparent suicide.

SEMINOLE COUNTY and Florida are "doing very well in influenza-wise," Dr. Frank Leone, county health director, reported today.

"Let's keep our fingers crossed that it stays that way," the doctor said, when queried about recent national and state reports that residents should brace for an epidemic of Asiatic influenza.

Dr. Leone recalled that last October the U. S. surgeon general announced evidence pointed to a pending flu outbreak, and especially warned that precautions (flu shots) should be taken by pregnant women, oldsters and persons suffering with respiratory ailments.

"However," the health director said, "there is no apparent cause for alarm at this time that points to epidemic proportions in Seminole County."

He advised that the danger point is at the passing stage for this season and that flu shots are not necessarily needed now, since they do not become effective for two or three weeks.

A government statement said the men, as yet unidentified, were seized somewhere along Camaguey province's north coast. They were said to have claimed to be on a skin-diving expedition.

The statement said the men were being "subjected to investigation" to determine the reason for their presence on Cuban soil.

The government-controlled press expressed the suspicion they were "paying the way for infiltration of Central Intelligence Agency counter-revolutionaries."

ST. AUGUSTINE (UPI)—A vice president of the strike-bound Florida East Coast Railway has sworn out a peace warrant against another vice president, accusing him of making death threats.

County Judge Charles C. Mathis Jr. said today an affidavit was filed with him Wednesday night by C. D. Lane Jr., charging William A. Baker did "without cause or reason, threaten to take the life of the respondent or do him serious bodily harm."

Mathis said Baker was arrested by Deputy Sheriff Jack Hughes and brought before the judge, who set bond at \$500 and scheduled a peace bond hearing Feb. 25.

No details of the dispute were available, and neither party would discuss the matter, but reports were it stemmed from a telephone call made by Baker to Lane Wednesday night.

BOSTON (UPI)—Industrialist Bernard Goldfine, broken physically and financially, settled an estimated \$8 million in federal tax claims today and expressed the hope that he could "start anew."

Amendment to the zoning code was approved by the board, directing that adequate drainage will be required hereafter for new buildings, with paved areas, occupying 25,000 or more square feet.

The board approved three resolutions and sent them to the County Commission for final approval on these matters:

Fishing camps may maintain non-permanent camp sites for tents, tent houses or trailers, subject to approval of the Seminole County Health Department.

Minimum residence lot areas shall have 70-foot frontage with 7,000 square feet of land area. Two or more adjoining and vacant lots in a single ownership shall be considered as one tract.

Setback requirements for C-3 wholesale commercial and M-1 industrial districts shall be 25 feet from front property lines and 10 feet from rear lot lines. There are some exceptions.

Fire Kills 2

PEORIA, Ill. (UPI)—A half-million dollar fire destroyed the 70-year-old Mayor Hotel in downtown Peoria today, killing at least two persons and injuring eight others.

Welldigger Rescued From 'Sandy Pit'

LAKE TOMAHAWK, Wis. (UPI)—A well-digger trapped eight feet underground was freed by rescue workers today after spending nearly 15 hours buried in a sandy pit.

Rescuers worked through the night before wresting Raymond Fink, 31, Athens, Wis., from a caved-in well where he was nearly buried alive Thursday afternoon. He was pulled from the well at 5:04 a. m.

Fink was taken to a Woodruff, Wis. hospital where doctors said he was in good condition after his ordeal.

After he was pulled from the well by a belt hooked around his chest he embraced his wife and said, "I'm okay, honey."

Fink sipped warm milk and smoked cigarettes while rescue workers struggled to free him.

His brother, Lawrence, stayed at his side and when a second and third cave-in buried Fink to the neck his brother clawed away the dirt with his bare hands.

Gunfire Erupts In Baghdad

BAGHDAD, Iraq (UPI)—The first serious outbreak of fighting since Sunday erupted today on both sides of the Tigris River which runs through the heart of this Iraqi capital.

Newsmen could not check details of the fighting because of a curfew which restricted their movements, but it was believed to be between the newly-installed revolutionary forces and diehard Communists who oppose them.

Bursts of automatic weapons fire and the crack of rifles could be heard distinctly on both sides of the Tigris in what appeared to be a renewal of the bloody conflict that started last Friday.

The outbreak came shortly after Col. Abiel Salam Aref, the revolutionary government's provisional president, held his first news conference—a session that ended in a near riot.

Extreme Cold Wave Fizzles

LAKELAND (UPI)—Temperatures dropped into the upper 20's in the interior North Florida today, but a blanket of clouds over central sections of the state kept minimums in the area above what had been forecast.

The Weather Bureau said temperatures were in the upper 20's in the interior and low 30's along the coast of North Florida, where clear skies prevailed.

Shop Center Plans Outlined

Tentative plans for a \$150,000 community-type shopping center on Country Club Road, east of Idylwild Drive, in Havanna Park, were outlined by Joe Gazil, zoning board member.

Gazil, in asking for a zoning change from agriculture to commercial, said construction would be started within 90 days, subject to the rezoning approval.

Board members set March 13 as date for a public hearing on Gazil's request.

Amendment to the zoning code was approved by the board, directing that adequate drainage will be required hereafter for new buildings, with paved areas, occupying 25,000 or more square feet.

The board approved three resolutions and sent them to the County Commission for final approval on these matters:

Fishing camps may maintain non-permanent camp sites for tents, tent houses or trailers, subject to approval of the Seminole County Health Department.

Minimum residence lot areas shall have 70-foot frontage with 7,000 square feet of land area. Two or more adjoining and vacant lots in a single ownership shall be considered as one tract.

LONDON (UPI)—The resurgent labor party today elects a new leader it confidently expects will be Britain's next prime minister as well.

Harold Wilson appeared a glow in over-acting leader George Brown in the second and final round of balloting to name a successor to the late Hugh Gaitskell.

Start Anew

BOSTON (UPI)—Industrialist Bernard Goldfine, broken physically and financially, settled an estimated \$8 million in federal tax claims today and expressed the hope that he could "start anew."

Amendment to the zoning code was approved by the board, directing that adequate drainage will be required hereafter for new buildings, with paved areas, occupying 25,000 or more square feet.

The board approved three resolutions and sent them to the County Commission for final approval on these matters:

Fishing camps may maintain non-permanent camp sites for tents, tent houses or trailers, subject to approval of the Seminole County Health Department.

Minimum residence lot areas shall have 70-foot frontage with 7,000 square feet of land area. Two or more adjoining and vacant lots in a single ownership shall be considered as one tract.

Setback requirements for C-3 wholesale commercial and M-1 industrial districts shall be 25 feet from front property lines and 10 feet from rear lot lines. There are some exceptions.

Scare Shakes Capitol

WASHINGTON (UPI) — For nearly two tension-filled hours Wednesday Washington police wrestled with the dilemma of what to do about a man who threatened to blow up the Justice Department.

They cleared one block of Pennsylvania Avenue of all pedestrians and automotive traffic, and removed everyone from the first two floors of the five-story building.

Finally, they resorted to tear gas and flushed 88-year-old Nathan Wise of Phoenix, Ariz., from underneath the 1956 Oldsmobile sedan he had driven up three concrete steps to the doorway.

Wise, who calmly kept demanding to see FBI Director J. Edgar Hoover to start impeachment proceedings against President Kennedy and the cabinet, was hustled off, struggling, in a police wagon.

He was being held in District of Columbia General Hospital for mental observation. Authorities said the psychiatric examinations usually took three days.

There was no bomb. What police had been led to believe was an explosive turned out to be a suitcase filled with newspapers that had been wired to the bottom of the car. Gasoline cans inside the car were empty.

Chilly Valentine Cold Hits Midwest

By United Press International
The weathermen gave the Midwest a chilly Valentine today.

From Grand Forks, N. D., where it was four below, to Texas' Rio Grande Valley, where another freeze threatened tender vegetable and citrus crops, the mercury stood low.

The cold pierced far into Florida, dropping temperatures to an expected 38, but probably not enough to hurt the crops.

A cloud cover roved in

Wednesday and held temperatures above predicted levels in the Rio Grande Valley. Farmers turned mud-pies in an attempt to prevent any damage to the multi-million dollar garden crops.

The current cold snap was the fifth sub-freezing mass of arctic air to strike the valley this year. Another hard frost could wreck next year's production, and hurt early sweet corn, field corn and watermelons.

New cotton, tomato and cantaloupe crops have been planted, and two weeks of hit weather started the sap flowing in citrus trees. Some buds popped out.

The below zero weather was restricted to a small area of the Red River Valley near the Canadian border. The temperature dropped to six below at Waterloo, Iowa, and Madison, Wis., and five below at Rockford, Ill.

Hail and snow fell lightly here and there across the country.

Muskegon, Mich., got one inch of snow. About two-

thirds of an inch of rain fell in Southern California.

A child was killed in Pittsburgh when struck by a car on a city street while sledding.

DeBary Legion Post Initiates New Members Of Auxiliary

By Mrs. Adam Muller
The Auxiliary to the Herbert D. Gibb American Legion Post 269, DeBary, entertained eight new members and auxiliary members and guests, at a dinner held at the DeBary Restaurant last Thursday evening.

Initiation ceremonies were held at the Community Center at 7:30 p. m. with Mrs. John Leone presiding. The invocation was given by Ruth Iovanna and with the massing of the colors, Laura Platt Brown played the National Anthem with audience participation.

Mrs. Jacob Kister of Orange City initiated the following new members: Mrs. Kilpief, Mrs. E. Thompson, Mrs. E. Kneeland, Mrs. W. Corbett, Mrs. S. Swallow, Mrs. D. Levy, Mrs. L. Tarbell and Mrs. T. Van Arsdale.

Mrs. G. Fred Smith told of the articles given at Lake City Veterans Hospital. Mrs. Peter Koppelaar, Pan American chairman spoke on the work being done in the Dominican Republic of the plans for better schooling and gardening projects through "Care" Mrs.

Gaston Crosby spoke on Americanism, in February and called attention to the Flag Stamp asking each member to write requesting that the new five cent stamp be recalled as people throw away letters with the stamp on it and it is being walked upon. She asked the members see that every child learns the words of our National Anthem and they would like it to be sung every day in the schools.

Mrs. Crosby said the people are too apathetic and that we should sell Americanism. She said that while watching a parade recently she noticed people talking as the flags passed in review and that not many men removed their hats.

The Legion Birthday Dinner will be held at Stetson Union Building March 14 at 6:00 p. m. Mrs. Kister announced that the DeBary Auxiliary came in fourth with 100 per cent membership.

Refreshments were served jointly to the Post and auxiliary members by the committee. The post attended the installation ceremony of the new members.

ILLUSTRATIVE PAINTINGS, the work of Salvation Army Evangelist Capt. George D. Thompson, left, are on display at a local Bible and Book Store and at the SA Headquarters in Sanford. The above painting, depicting repentance, and others are used by Thompson for revival meetings being held daily at 7:30 p.m. through the next two weeks at the headquarters. In the photo with Thompson is Capt. Harry Foden, commanding officer of the local unit. (Herald Photo)

'Home' Peace Corps Proposed

WASHINGTON (UPI) — employment among younger Americans, boost the economy and permit citizens of any age to help meet the need for homelront services.

"Chronic world tensions have tended to distract our attention from those problems which have long-range rather than immediate consequences," he said. "But each passing month makes it clearer that our past failures to identify, understand and meet the many problems relating to our nation's youth cannot be countenanced any longer."

The President called for early congressional passage of his proposed youth employment act. This would set up a \$100 million program for establishment of the youth conservation corps and also provide for federal payment of half of the wages and related costs of youth's employment on non-profit, community services.

These local projects would include hospitals, schools, parks, settlement houses and similar establishments. Asking \$100 million for the first year of the program, Kennedy estimated it could employ 40,000 youths.

Kennedy said his proposals were designed to reduce un-

Area Legislative Symposium Set On Exceptional Children

By Jane Casselberry

A Legislative Symposium on Exceptional Children for Central Florida will be held Wednesday, March 6, at the Cherry Plaza with Senator Beth Johnson of Orange County acting as host legislator.

A dinner is scheduled for 8 p. m. in the Fountain Terrace Room and will be followed by an Open Meeting to be held in the Egyptian Room at 7:30 p. m.

The problem of the needs of Florida's exceptional children and the legislature's role in meeting these needs will be presented at the open meeting. There will be a panel discussion by the legislators and an open discussion for audience, legislators and presenters.

Invited participants are the legislators from Seminole, Orange, Lake, Osceola and Brevard Counties; legislators on the Subcommittee on Mental Health Institutions; Legislators on the Education Committee; lay and professional personnel representing state and local groups serving ex-

ceptional children; a representative from the State Department of Education and a representative from the Governor's cabinet.

Interested parents of children who would benefit from an improved Exceptional Child Program in Seminole are urged to attend the open meeting and make their wishes known as well as learning more about the program. "The exceptional child" designation covers a wide spectrum of problems ranging from the exceptionally brilliant child to the retarded; the deaf, to the child with a speech difficulty.

The symposium will be sponsored by the Council for Exceptional Children and the Orange County Association for Retarded Children.

A Bigger Role

Persistent unemployment in excess of 5 percent of the work force affects this country in many ways. It should occasion no surprise that grants of food to persons on public assistance rolls reached an all-time high last year.

Some 7.4 million persons got food under so-called "direct distribution" programs. If food for charitable institutions and school lunch programs be included, more than two billion pounds of it were handed out in 1962.

With some prospect that further enlargements of food assistance may be called for, the Kennedy administration appears concerned at the amount of food distribution now taking place outside regular commercial channels.

Consequently, in President Kennedy's 1963 farm message, he proposes to shift a substantial part of this distribution to the food stamp program.

Up to now this has been a limited, experimental effort — begun in 1961 — under which needy persons are issued stamps which they can use for food purchases at local stores.

Administration spokesmen pronounced this plan a success in such places as West Virginia where it has been tried. The new proposal would not wholly replace the direct distribution of food by government agencies, but would do so in all areas

where it is considered feasible. Expansion of the food stamp plan would seem to have an automatic appeal for all those who think it is a mistake for the federal government to be in the food distribution on a large and growing scale. Food retailers evidently would feel substantial benefit if this program is approved.

Present direct distribution involves food valued at around \$365 million in a year's time. The President says the costs of switching to the food stamp plan in many sectors will be largely offset by saving in direct distribution. Chances are, however, that the offset will not be complete.

Even if it is not, however, many in the food field may conclude that some additional cost would not be too high a price to pay for reducing sharply the government's own food operations.

A shift to greater reliance on food stamps may get new impetus also from some recent reports that certain private food handlers are reaping excessive profits from handling the government food packages which are too bulky for needy persons to carry home.

All in all, the proposal to turn far more federal food assistance into private channels through use of food stamps seems a desirable change — assuming always that the inevitable red tape costs can be held to a tight minimum.

Political Notebook

WASHINGTON—(NEA)—President Kennedy's new program to attack the problems of mental health and mental retardation probably will be severely criticized by the thoughtful.

Sample: The New Frontier is driving everybody crazy and now the administration wants millions of dollars to care for them. The states are handling this now. Keep big government out.

But the economic cost and waste of mental illness and the humanitarian aspect of the President's special message to Congress requesting that something more be done about them are so great they deserve the fullest sympathetic attention.

What's more, Congress in the past has been so lavish in its support of medical research that this new one is apt to pass, for this is a No. 1 neglected health problem, right along with heart disease, arthritis and cancer.

Behind the president's message are two years of research.

In 1961 a joint commission on mental illness and health reported on the inadequacy of existing institutions to handle the problem. It found that a fifth of the 270 state institutions are fire hazards. Three-fourths of them were opened over 40 years ago.

The 10-year goal of the President's program is to cut in half the number of mental patients—now nearly 600,000 occupying a half of all available hospital beds.

Since 11 states now are reported to be releasing two out of three schizophrenics—the largest classification of the

mentally ill—within six to nine months treatment, this goal would seem to be attainable. Average confinement is now 11 years.

Last October the President's panel on mental retardation reported some five million mildly mentally retarded children and adults in America. Another 400,000 are so retarded they require constant care. Half are kept in public institutions.

Over 120,000 mentally retarded children will be born this year. At least half of these cases could be prevented by improved prenatal and postpartum hygiene and education for mothers.

The cost of mental illness and retardation to the nation is now put at \$1.5 billion. It is both too much and not enough.

The cost of the President's new five-year program to treat and cure mental illnesses is almost impossible to estimate from his message or from supplementary data furnished by Department of Health, Education and Welfare. It is conceded, however, that the cost could run to hundreds of million of dollars more each year until the number of mental patients can be reduced.

Figures may be clarified when the administration sends to Congress draft legislation on four new bills to carry out the President's program. About \$98 million is included in the President's budget message for the fiscal year beginning next July 1 on mental health programs already authorized.

For first-year operations of the new programs, \$31.5 million will be requested. Of this, \$5 million would be for incentive grants to the states to construct three—later to be increased to 10—mental retardation centers. The appropriation request would be increased to \$30 million for the third year.

For planning comprehensive action to combat mental retardation, grants of \$10.5 million would be asked the first year. This would include a \$10 million increase as first step to doubling within seven years the \$50 million now authorized for child health and crippled children's services.

For expansion of vocational rehabilitation services for the mentally ill and retarded, \$5.5 million would be asked on top of existing grants of \$68 million to the states for all vocational training.

These three programs are only starters. For the next fiscal year, beginning July 1, 1964, requests would be made for the construction of several hundred community health centers to treat mental illnesses. Some would be additional wings on existing institutions, others would cost up to \$2 million apiece.

Case O-458: Larry L., aged 17, was brought before a Chicago judge.

Meanwhile, his widow's mother shed copious tears as she pleaded with the judge to release her boy.

"Larry is a good boy at heart," she argued. "And he means well. But he just got in with the wrong companions. Your Honor, so I know he will not do it again."

Well, that was just the biased attitude of his doing mother! And she probably meant what she said.

But Larry was already a hardened criminal at the tender age of 17.

And his mother has been an accessory to his delinquency for she doted on Larry and lavished undue affection upon him, partly because his father was dead.

So she failed to reprimand him properly. And she never spanked him or used corporal punishment!

When Larry was a toddler, he would take the tricycle of children down the block.

For youngsters are just like dogs or cats at the outset,

once none of these mammals have any sense of property rights until the latter is ingrained by definite teaching.

So Larry's first act of taking another toddler's tricycle was not conscious stealing.

But his mother then made her first major error in not making that supposedly innocent act stand out as a taboo deed.

She should have remonstrated with her son in definite terms and then made him return the tricycle, with an apology in his rightful owner.

But mamma smiled indulgently and told a neighbor that "Boys will be boys."

Then Mamma herself returned the tricycle, so Larry neither got the idea that his action was wrong but her smiling face made him even think he had been cute or "smart."

Remember, parents, it is never wise to smile when your child commits an error!

Frown and look grim. Show him that his deed is wrong.

For youngsters often take their cue from your looks as much as from the sharp tone of your voice.

And Larry's mother neither looked cross nor did her voice even intimate a reprimand.

So Larry later began to pick up other toys, with the same forgiving, smiling indulgence on the part of Mamma.

When he entered school, he likewise took crayons belonging to his classmates. And why shouldn't he?

Letters To The Editor

Editor: With great misgivings I write this letter explaining a chain of events which occurred here in Sanford, Florida. The outcome may be such that perhaps a person's career may be damaged or ruined though his intent may and probably was considered to be in the best interests of the public.

Two years ago a need was cited by the Seminole County Juvenile Court for Temporary home for wards of the court. To this request my wife and I opened our home. Conditions of our home and family were investigated and considered satisfactory. Shortly thereafter two wards of the court was placed in our homes for a period of approximately six weeks.

Once again we were requested to open our home to a ward of the court, however, at this time, due to having an additional member of our family living with us, we were unable to be of assistance to the court.

October 1st of 1962 our oldest son, 13 years of age began delivering newspapers on a morning route. We are proud to be the parents of a child who has the initiative to engage in a business as a sub-contractor delivering newspapers to residents of this community. As you will know, these newsboys arise before daylight to assume the responsibility of delivering these newspapers regardless of freezing cold or driving rain. In addition they have to maintain a record of accounts, collecting amounts due and absorbing losses incurred when customers skip out owing them for papers delivered. These problems of newsboys are mentioned only to establish the qualities a boy 13 years old must possess to tackle such a business.

At approximately 7:15 a. m. on Friday February 8th 1963 as we were having breakfast, we were interrupted by the Sanford Police who wanted to question our son regarding recent losses of bread suffered by local merchants. Our son denied any knowledge of these losses whereupon the Police requested he accompany them to the police station. Believing our son, he was permitted to accompany the police as requested. I finished my breakfast and proceeded to the police station to discover that our son had admitted taking, over a period of approximately 8

weeks, a few cakes and some fruit which he had eaten. Needless to say I was shocked and dismayed. Especially since the boy eats upon his return from his route, sleeps 30 minutes, eats again and then off to school. I was informed by the Police our son would be held and turned over to the County Juvenile Authorities who would probably release him to our custody pending a hearing. I returned home to carry on my business and arranged for my wife to be present and accept custody of our son upon his release.

Upon my return home Friday afternoon I find that our son had been confined in the County Jail and would remain confined until a hearing on Monday 11 February 1963. In addition to this, we were denied visiting our son until Sunday February 10th at 3:00 p.m. a period exceeding 48 hours.

Our son has never been involved in anything of this nature, our home has been deemed satisfactory for temporary placement of wards of the court, yet for approximately \$2.00 worth of cakes and fruit taken from boxes left on sidewalks, easily accessible, a temptation to any child passing by, our 13 year old son has been confined in the County Jail for 3 days, denied his constitutional right of bail afforded any adult not committing a capital crime against society, and denied a visit from his parents for a period exceeding 48 hours.

Mr. Editor, I feel, the Seminole County Juvenile Court has without due cause removed a minor child from the custody, care and control of his lawful parents who provide a well cared for and disciplined home.

By so doing, the Court is thereby denying lawful parents of the right to correct and discipline their minor children.

Prior to a hearing, confined a minor child in the County Jail for 72 hours without bail—a benefit extended to any adult under our constitution, who has not committed a capital crime.

But this action, no matter how well the intentions, has established a precedent whereby minor children may be removed from the care, custody and control of their lawful parents and confined in the County Jail for no greater cause than a first offense of picking an orange

off a tree, taking a watermelon from a field or a cake from a box on a sidewalk.

Has placed a stigma upon a 13 year old child, by confining him in the County Jail on a 1st offense delinquency charge, which regardless of any one's efforts now will remain with this child the rest of his life!

The Seminole County Sheriff Dept. prior to a hearing, denied the parents of a minor child confined in the County Jail any visitation rights for a period exceeding 48 hours.

Many will say, or think, this cannot happen to my child, my home, but the fact remains, this did happen here in Sanford, Florida these past few days. Recall your childhood days—are children any different, have they changed to such an extent that now the county jail is the only recourse!

Surely this brings to light needed legislation to protect the rights of children born under the constitution of the United States.

I do not believe God created a child without hunger, born without an instinct to refrain from eating when hungry, nor do I believe a child was born with a full knowledge of the society he happens to be raised in, nor do I believe anyone can cram this knowledge into a child in a few short years, nor can this knowledge be crammed into a child in the County Jail without creating a belligerent human being.

I request you to bring this matter before the public, bring about legislation to prevent recurrences of situations such as this—who knows, perhaps your child or your friends or neighbors children may be in the County Jail next week!

Lake Monroe Jottings . . .

Well I hope you are not flooded out. Plenty of water everywhere. Wonder when it will let up? Wish spring would hurry up and get here. . . . Mrs. Laura George has returned home in Crescent Beach after a short visit with relatives in Monroe. She visited with her brother Vic Hawkins and also came by to see Mrs. Annie Hawkins. . . . Herbert Muse took a bus load of Seminole High Future Farmers to the State Fair in Tampa last Saturday. Bert Studebaker accompanied the Junior High Future Farmers. They reported a real good time. This Saturday the Seminole County 4-H Girls and boys are going down there by train. That is 4-H Day at the fair. The Monroe 4-H Club girls are going and I know that they will have a good time too. . . . Tolar and Vancille Rabun and I went Monday with the High School Band. We got to see the Gasparilla parade as the band marched in it. The parade was over two hours long. I can truthfully say that the band never played better. From their pirate hats to the majorettes fancy boats they were a jolly group. The floats were simply beautiful. One float that fascinated me had girls dressed as butterflies. They stood in big red roses. It is hard to describe the colors used in the wings of the butterflies. The winning float was entered by the National Guard. . . . Jim Warfel sort of got a little sick on us. . . . Boys and Girls from out this way going were Becky Tanner, Jim Warfel, Gary Bennett, Terry and Charles Rabun, Gary Pittman. Before returning home after we all attended the fair we had supper in a Spanish restaurant. After the supper we were entertained by two Spanish Seniors and their guitars. They were certainly good. The day was so nice and warm and sunny and what

greeted us when we arrived home? A downpour. . . . Happy Birthday to Lorena Tindel. We forgot her in the birthday list last week. Many Happy returns of the day to you Lorena. . . . So very sorry that Levin Bass continues ill. We wish him a speedy recovery. . . . Was talking to Gert Lee the other day. She says that daughter Ann Woody who is down in Puerto Rico where John is stationed with the Navy and we daughter might get to Monroe home this summer for a short visit. Gert and Urban have never seen their new granddaughter and I know just how they feel. Our granddaughters have moved to North Florida. We will miss them, but will go see them often. . . . Mrs. S. A. Chambliss of Punta Gorda spent the weekend here with her sister Mrs. Claude Hawkins. . . . So glad to hear that Richard Hittell will be able to come home Friday from the hospital. He has sure been a sick boy. . . . And guess what, Morris Metts is confined to his home with the measles. You hurry and get well too Morris. . . . Richard and Agnes have had as their guests his parents from Indiana. They

had a family reunion one day last week. Don't you know that they had a very nice time. All of Rich and Agnes' children were there too. . . . Did you watch the Cerebral Palsy program last Sunday? What a wonderful job those doctors are doing for those children. . . . Eb and Olga Hunter are going to take a short trip to North Carolina tomorrow to see Eb's sister who is ill. They will return Monday. . . . Mr. and Mrs. J. H. Edwards were in Monroe last weekend visiting with friends. They reside in Sebring now. . . . The Home Demonstration Club met last Thursday evening. Had a very enjoyable program. Mrs. J.H. Tindel made red heart ceramic jewelry dishes and gave one to each member.

Garden Club To Meet Today

The February meeting of the North Orlando Garden Club will be held at 8 p.m. today at the home of Mrs. Carl H. Hyatt, 220 Bahama Rd. in the Bunches. Guest speaker will be Carl Lind of the Seminole County Soil Conservation Service who will speak on "Vegetable Gardens." All ladies of the community are invited to attend the meeting as guests of the club. Co-hostess will be Mrs. Bill Harris.

Auxiliary To Meet

South Seminole VFW Auxiliary #207 will meet at 8 p.m. today at the newly purchased VFW Home, formerly the Harris Boat Works, on the Old Dixie Hwy. Chief reasons for both sides sending large armies into North Africa and Italy during World War II was that control of the Mediterranean Sea was deemed necessary to victory.

Four From Altamonte Pass Order Initiation

By Louise Simunek Boy Scout Troop 38 and two members of the Explorer Troop have been selected and initiated to the Order of the Arrow.

NEW MEMBERS of the Order of the Arrow from Altamonte Springs Scout and Explorer Troops are, front from left, Explorer Roger Landerville and Scouts Donald Poit and Bob Mioducki and Explorer Leader Donald MacLeod, back. (Herald Photo)

Scoutmaster Jack Stuart announced this week. Scouts Donald Poit and Robert Mioducki and Explorer Roger Landerville and Explorer Leader Donald MacLeod passed the Ordeal at Camp Lanoche, Feb. 1-Feb. 2. Assistant Scoutmaster Joseph Simunek, also elected as a candidate for the Order, was unable to go through the initiation due to conflicting responsibilities. The Order of the Arrow is a fraternal order of highly selected membership and constitutes both a top honor and a major responsibility for the boys selected. Members of the organization are often called upon to provide leaders in the overall scouting program.

Shuffleboard Tourney Set Here

On Feb. 18 and 19, the Sanford Tourist and Shuffleboard Club will be host for the Sanford Invitational Tournament. This shuffleboard event, sponsored by the Sanford Atlantic National Bank, with trophy donated by the Seminole County Chamber of Commerce, will have a large number of teams, consisting of men's ladies or mixed doubles, representing many shuffleboard clubs from Northern and Central Districts of Florida.

North Orlando Brownies Triple Membership

Membership of North Orlando Brownies Troop 595 has tripled since its organization last November when eight girls met for the first time. Last week the present group of 24 members decided to split temporarily until the weather clears enough for outdoor meetings. Mrs. Roy Burke, assistant leader, will meet with one group at her home on Edgemon Ave. and Mrs. Bill Pilolan, leader, will meet with the other group at her home on Bombay Ave. The girls also made Valentines for their parents at last week's meeting.

OBC Tourney Opens Tonight

Sanford tries to salvage a poor basketball season as the Seminoles journey to DeLand to compete in the annual

Orange Belt Conference play meeting Wildwood in today's opener. Other OBC tilts today will

see Winter Park meeting Lakeview and Apopka playing Leesburg.

Sanford will be going into tonight's clash with an 8-11 mark. The Sanford tilt is expected to start at 7 p.m.

DeLand, the host team drew a first round bye, and will meet the Sanford-Wildwood winner Friday night at 8:30 p.m. The other two winners will meet at 7 in the first semi-final.

In a previous regular season game, Wildwood trounced the locals, 51-49.

Cards Start Altman Off With Big Raise

By United Press International
Always start a new ball player off with a raise, and that's precisely what the St.

Louis Cardinals did with ex-Cub outfielder George Altman to make him feel a little more at home.

Whether he had been traded or not, the 30-year-old left-handed hitting Altman was due for an increase off his performance of last season when he batted .318, hit 22 homers and drove in 74 runs for the Cubs.

But the Cardinals, who obtained him in a deal last November for pitchers Larry Jackson and Lindy McDaniel and catcher Jim Schaffer, wanted to make him particularly welcome and they succeeded by boosting his salary to around the \$20,000 figure.

The Cards also announced the signing of second baseman Julian (Manny) Javier and two rookies, pitcher Bob Sadowski and shortstop Jim Harris.

Three newcomers signed their 1963 contracts with the New York Mets, who now have a total of 23 satisfied players. The three were infielder Pumpsie Green and pitchers Wyan Hawkins and Dave Tatum.

Green, who batted .231 last year, came to the Mets from the Boston Red Sox. Hawkins from the Cleveland Indians and Tatum was drafted from the Los Angeles Angels' organization.

The Washington Senators signed second baseman Chuck Cottler, while the Houston Colts signed third baseman Ramon de la Cruz for their Moultrie farm in the Georgia-Florida League and also sent pitcher Bobby Tiefenauer from their Oklahoma City club to Atlanta.

Tiefenauer will train with the parent Cardinals and will get a chance to win a job with them. In return for Tiefenauer, the Colts acquired pitcher Don Ferrarese of Oklahoma City.

It has been a long time between wins for Iriarte, the Echevarria strong boy at the Orlando - Seminole Jai-Alai Fronton, but he came through in good fashion Wednesday night—edging out Aretilo.

Texas Lace Shoots For 3rd

Texas Lace, winner last week of the second annual racing queen stake, tries for her third victory in a row, her fifth for the season, in the featured ninth race at the Sanford-Orlando Kennel Club tonight. Cecil's Austin's fast 61-pounder has triumphed once in Grade B and three times in A and will probably race as the favorite in tonight's top race.

Among those certain to give Texas Lace a run for the money are Little Rhonda, who finished third in the racing queen stake, and Excelling, who won the "queen" title a year ago. Little Rhonda a two-time winner, has not missed the money in eight trips to the post.

Rounding out the feature field will be Rock Flight, Ed's Last Straw, Lou Havoc, Tom Dawn and La Gina.

Both Lou Havoc and Ed's Last Straw have four wins each to their credit. There will be a matinee Friday afternoon and another Saturday.

Exciting 'Go' Set For Raceway

In tonight's featured eighth race for harness horse at Seminole Park the two favorites, both mares, should have a real go at one another.

Sally Aircraft and Hazel Lind have each scored a victory over the other in two starts at Seminole Park. Sally Aircraft took the first win on the second night of racing in 2:08 4/5 with Hazel Lind finishing third.

Last Friday night Hazel Lind came under the wire to take the win in 2:07. Star Queen owned and driven by Leland Ellis of Winter Park will also be going in this one.

The co-featured seventh race for quarter horse a 400 yard gallop will have Senorita Bar going in her first start. The brown five year old mare has an impressive record and is listed as the early favorite. Others strong contenders in this feature will be Duke Priest, Alamo Moon and Sad Jac.

Writers Head
NEW YORK (UPI) — The New York chapter of the United States Harness Writers' Association elected Warren Pack of the New York Journal American as 1963 president during its annual meeting Wednesday.

Starts Play

MONTREAL (UPI) — Left winger Gerry Brisson, called up by Montreal from the Spokane Comets Wednesday, will play in his first National Hockey League game tonight when the Canadiens host the Boston Bruins. Montreal at the same time returned Red Bereson to Hull-Ottawa of the Eastern Pro Hockey League.

Golf Winner

Dossy de Ganshl was the class A winner in the recent Sanford Women's Golf tournament. Reba Mehan took class B honors while Suzie Dichell captured Class C and Elaine Kerr, Class D play.

SEMINOLE JV's have their sights trained on the OBC trophy . . . and Saturday will give them their answer. From the left, front row: Steve Clark, Ronnie Hinson, Frank Murray, David Lanier, Donnie Smith; back row: Coach John Colbert, Mike Bowes, Tom Cason, Douglas Firestone, Jeff Williams, Mike McClary and Bill Day.

JV's Shooting For Annual OBC Trophy

Seminole High School junior varsity squad will be gunning for the B-squad basketball trophy of the Orange Belt Conference Saturday evening when they meet the Winter Park five at DeLand.

The Seminole JV's are coming into a fast finish with 17 wins and one loss. Sanford will host Winter Park in the annual OBC playoff.

With an average of 62 points for the season, the JV's will put to work their most effective plays, the "figure 8" and the "box." All defenses will be played man-to-man.

Coach John Colbert said that "strictness makes the team work, which proved successful in the Wildwood game with 88 points." This was the SHS record for the B-squad.

After Saturday's game the JV's will have two scheduled games left for the season, Winter Park and Oviedo. If the offensive is working the junior varsity will be tough to beat.

Yank Pitcher Shot In Leg

FORT LAUDERDALE, Fla. (UPI) — Pitcher Marshall Bridges of the New York Yankees was shot in the left leg by a woman in a Fort Lauderdale Elks Club Wednesday night and is under sedation in Broward County Hospital.

Yankee Public Relations Director Bob Fishel said the shooting occurred about 10 p. m. He said the Negro pitcher did not appear to be seriously injured but that it was impossible to tell at this time whether the injury could affect his pitching.

Fishel said Bridges had been shot by a 25 caliber gun a "little below the left knee." Police arrested the woman identified as Carrie Lee Rysor, 21, Fishel said.

Tucson Underway

TUCSON, Ariz. (UPI) — N's National Open champion Jack Nicklaus against the field as the \$25,000 Tucson Open golf tournament gets under way today.

With Arnold Palmer and Gary Player, the one-two finishers in the Phoenix Open taking a vacation, Nicklaus took over as the favorite to capture the crown now worn by young Phil Rodgers, who has been off his stick in recent weeks.

Nicklaus, still suffering from bursitis in his hip, got a couple of injections Wednesday and said he'd be able to play. He finished third at

Phoenix after winning the Palm Springs Classic the previous week.

This tournament is being played on the beautiful new 48er's Country Club, 15 miles north of Tucson.

The scorecard says the course is 7,000 yards long, but in the high altitude (4,000 feet the ball) travels long, and 300-yard drives are commonplace.

Even if he is playing his best, Nicklaus will have no pushover in this event.

Five of the 10 leading money winners of the year are here. Besides Nicklaus, who is No. 3 with \$13,863, there are Tony Lema, in sixth place at \$7,806; Don January, seventh with \$3,470; Bob Rosburg, eighth with \$6,284, and Jack Fleck, 10th with \$3,040 to his credit.

JUSTERINI & BROOKS

Charles Dickens was an eminent patron of Justerini & Brooks who then as now provide the choicest in wines and spirits. Try the famous Rare J & B Scotch, of flavour unsurpassed.

Official Nationwide Consumer Testing Institute Report:

PLYMOUTH WINS PERFORMANCE TEST. PLYMOUTH WINS GAS ECONOMY TEST.

It happened in the second big meeting of Ford Galaxie "500", Chevrolet Impala and Plymouth Fury at Riverside, Cal.—in a "Showdown" Plymouth asked for. The cars were all V-8s, comparably equipped. And Nationwide Consumer Testing Institute was there to conduct the competition and see to it that its strict rules were followed. When it was over, Plymouth had victories in almost every performance test, plus victory in the all-important economy run. Plymouth for '63 also has the only 5-year/50,000-mile warranty* in the tough Plymouth-Ford-Chevrolet league. See your dealer. Plymouth's on the move.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Yesterday I was in the drug department of a large store. I was writing down the prices of some vitamins when a sales clerk walked over to me and asked, "May I help you?" I replied, "Yes, where can I find the aspirin?" He asked, "Are you comparing prices?" I answered, "Of course, I always do." He replied, "Then find the aspirin yourself" and walked away. I was stunned.

I want to know if I was within my rights, Abby? Is there any law against writing down the prices of three or four different items in a store? I have to compare prices because I need every penny I can save.

INSULTED

DEAR INSULTED: You were surely within your rights. The sales clerk was rude. You should have reported him to the manager and, believe me, HE'D have soon found the aspirin in anticipation of a big headache.

DEAR ABBY: I am in love with a man who seems crazy over me when we are together, but there is another girl. He says he can't decide between us. I have been waiting for a year for him to make up his mind. He has her picture on his dashboard and it spoils my evening every time I get into his car. He dates me on Mondays and Thursdays and she gets him the rest of the week. Should I demand that he make a choice?

DAILY READER

DEAR READER: When you give a man an ultimatum, be prepared to lose. Your competition may be on the dashboard — but I think you're the one he is taking for a ride. Beat him to the exit and call it quits.

DEAR ABBY: My wife has an old metal box (she calls it her "treasure chest"). It is filled with junk. Pictures of our children (all grown and gone), their baby shoes and the stuff they made in school. She even has an old gas mask her brother had in World War I. (He's dead now.) She goes through these things every once in a while and has herself a good cry. I told her she was stupid and she should quit living in the past. I even threatened to throw it out if she didn't get rid of it. These old things give me the creeps. Maybe if you told her how childish she was, she'd listen.

NOT SENTIMENTAL

DEAR NOT: If your wife enjoys "living in the past" a little, let her. (It sounds better than the "present" you are giving her.) It's HER junk and they're HER memories, so be patient and be quiet.

CONFIDENTIAL TO D. R.: Everyone complains that the cards are badly shuffled—until he gets a good hand!

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Dickens On TV: Provocative Fun

HOLLYWOOD (UPI) — Certain things bring warm comfort: cozy little restaurants, the New York newspaper headline that said "Washington is looking forward to year 2000," and the very mention of the name Charles Dickens.

So it was provocative Wednesday night of CBS-TV, in its special hour-long dramatization of the life and works of Dickens, to dwell briefly but incisively on the personal tragedy of the novelist who is so well known for his warm comic genius as well as social anger.

The idea of the show in the first place was timely. Last Thursday, Feb. 7, was the anniversary of his birth. On top of that, it has been a British year on Broadway, what with "Oliver!" the musical based on Dickens' "Oliver Twist"; and with "Beyond The Fringe," "Stop The World—I Want To Get Off" and "The Hollow Crown."

And television also of late has been getting a piece of the action, what with Bernard Shaw's "Pygmalion" last week, and the four brilliantly funny young men who wrote and star in the satirical revue, "Beyond The Fringe."

On NBC-TV's "Chet Huntley Reporting" two nights ago. It is worth delaying for another sentence to note that one of these young men explains, "I know somebody who shook hands with Liz Taylor's mother."

Anyway, the host of "A Dickens Chronicle," as Wednesday night's CBS program was titled, was Olive Reville, the star of "Oliver!" And, costumed as Sam Weller, the

earthy cockney valet of Dickens' "The Pickwick Papers," he was the moving link between fiction and fact.

He was not only moving—he was the prime crackling, electric thing on the screen, which was intended; for he was the counterpoint to the charmingly droll parade of Dickens characters who passed through-Micawber, Mrs. Nickleby, Mr. Pickwick, Martin Chuzzlewit. And they, in turn, were effective counterpoint to the growing estrangement of the author and his wife, which sick vignettes made painfully clear.

As Dickens, Robert Stephens, who is so impressive in the movie "A Taste Of Honey," scored as a man ever restless, ever haunted by a trying boyhood which included factory work when his father went into debt; who struggles forward, becomes a parliamentary reporter, is rejected by a rich girl because he has "no prospects"; and who then has the misfortune to marry a woman, who, while loving him, does not understand the absorption of his creative processes.

Rosemary Harris was fine as Mrs. Dickens. So was Joyce Ebert as her sister, who lives with them, understands the writer, is narrowly close to becoming involved with him, and then dies young. Over-all, the show was a venture of slight proportion, not intended as a full biography, and resultant a success because it set its own limits.

Now, about those British "Beyond The Fringe" nuts.

One of them describes Scotland as "another place we can hit with our missiles."

The Channel Swims; Johnny Carson signed for another year as host of NBC-TV's "Tonight" . . . ABC-TV picked up the dreadful quiz program, "The Price Is Right," which was dropped by NBC-TV. . . The war series "The Gallant Men" is being axed by ABC-TV. . . network's "Going My Way" is reported set through the summer.

Now Jackie Gleason says he'll continue his CBS-TV show next season. . . ABC-TV confirmed that "Hootenanny," a half-hour series of folk-singing, replaces "Mr. Smith Goes to Washington" April 6; Jack Linkletter of NBC-TV's defunct "Here's Hollywood," is the host.

"Route 66" star George Maharis, whose illness has become a source of disagreement, was suspended; Glenn Corbett, of the canceled "It's A Man's World," was signed as a temporary regular on the series. . . and if he clicks, he may replace Maharis permanently in the CBS-TV show.

Trey Howard will portray Benjamin Disraeli, and Greer Garson enacts the part of his wife, in NBC-TV's original 90-minute drama about the life of the noted British prime minister April 4.

Full-grown ostriches weigh up to 300 pounds.

Kathy Butler Honored At Sixteenth Birthday Dance

Kathy Butler, daughter of Mr. and Mrs. Ike Butler Jr., celebrated her 16th birthday with a party and dance at the Walker building on South Oak Ave.

The party was given by her grandmother, Mrs. S. A. Lindstrom. Serving as co-hostesses were her mother and Mrs. Dorothy Odham.

The party room was gaily decorated with red and white streamers, red hearts, Valentines, balloons and motifs carrying out the Valentine theme. The ceiling lights were covered with red crepe paper.

Refreshments of birthday cake, potato chips, candy and cold drinks were served during the evening from a table decorated in the Valentine theme with matching napkins, plates and other appointments.

About 75 classmates and friends joined the honoree for an evening of dancing to the latest records and other festivities between the hours of 8 to 12 p.m.

HONOREE AND SOME OF THE GUESTS at Kathy Butler's 16th birthday party and dance are from left, front row, Susan Burgess, Kathy and Pam Hamilton. Back row, Joel Fehd, Buster Anderson and Bobby Nicholas. (Herald Photo)

MR. AND MRS. NORMAN WILLIAMS, center, were guests of honor recently at a reception on their 50th wedding anniversary, at the home of their son, and his family, Mr. and Mrs. Marvin Williams, near DeBary. At left is Marvin and far right, another son, Clifford, of Sanford. Clifford and his wife celebrated their 23rd anniversary on the same day. The elder Williams live in Cheboygan, Mich. They have six grandchildren and two great grandchildren. (Jameson Photo)

Garden Gate

BEGONIAS
By the Magnolia Circle
In Florida gardens among the most satisfactory plants to grow are Begonias. For the beautiful vigorous leaves all kinds of shapes, colors, stripes and spots, the lovely flowers and the adaptability to shade and full sun, either out of doors or potted plants, they offer many variations of usefulness and beauty.

There are many classifications and named varieties of which we will discuss a few. One of course, is the well known Angel Wing, so called for its wing shaped leaf. There are several of these varying in size and shape of leaf and color of the flower. The flowers hang in grape like clusters, some red, white, pink and orange. These are easily rooted by putting a branch in wet soil. The dwarf couch variety is most effective in border arrangements.

In the Golden Gate Garden of San Francisco, it is used to border all the beds and is beautiful in full sun as the foliage turns dark red. The common couch, like the dwarf has red, pink, and white shell shaped flowers. Be sure not to overwater begonias.

The tuberous ones will get only honorable mention, for to our sorrow, they will not grow in Florida, being a lover of cold weather. Their many varieties of shaped leaves and the brilliant col-

ors of the flowers makes them very desirable.

But we do have the exquisite Rex, which gives us the most colorful and brilliant foliage of all the begonias. Here we find plain and curly, stripes and spots, in such variety of color that it takes your breath. They are excellent potted plants for the patio or will also thrive out of doors in filtered sunlight, planted in leaf mold where the drainage is good.

You can enlarge your collection by leaf propagation, seed, or division of large plants, pinch a large leaf well matured, take off the outer edge all around, until it looks like a small fan, leaving stem about one and half inches long, put in a small pot with leaf part just

above soil, pack firmly, keep watered in a shady spot, and in about 3 weeks a cluster of small leaves will appear like an African violet. The potting medium should be a mixture of imported peat, leaf mold, small amount of bone meal, and have good drainage.

The large Hawaiian Begonia, is especially good for spots of shade where it is hard to grow plants. It is a fast grower and has large heart shaped leaves. They are easily killed, but will sprout from the roots and in a few weeks will be lovely again.

Phoned invitations should be given only to the party concerned. Don't just leave word.

Vince Smallwood Guest Speaker At Monroe Club

By Mrs. H. L. Johnson
Vince Smallwood, educational director of the Florida Highway Patrol, was the guest speaker at the monthly meeting of the Lake Monroe Home Demonstration Club, using as his topic safety through driving.

He also told the members of several laws that will be introduced at the state legislature and explained the meaning of signs that are being changed and of some new laws being introduced. At the conclusion of his talk a question and answer period was participated in by members.

The county agent, Miss Myrtle Wilson, gave a short demonstration on the selection and care of pots and pans.

Robert Mero of the Sanford Millady Shop of Fine Fabrics, told of the dressmaking contest they are sponsoring along with the planned fashion show of the Monroe Club. This will be held on March 28 at the "D" Center in Sanford.

Mrs. Ed Fitzgerald, president, presided at the business session and reports were heard from the recent meat school, county fair and the coming fashion show.

Mrs. J. H. Tindel and Mrs. Jack Standifer, hostesses for the evening, carried out the Valentine theme in the decorations and refreshments. The table was overlaid with a Valentine cloth and at each place was a small red ceramic heart jewelry dish engraved with the names of the members in gold. These were made by Mrs. Tindel.

Heart sandwiches, cake and coffee were served. Others present were Mes. Wm. Carroll Sr., Wm. Carroll Jr., Ben Manning, J. C. Sapp, Claude Hawkins, G. O. Nordgren, C. P. Rabun, J. E. Andrews, Ed Dowell, H. L. Johnson, and a new member Mrs. Mae Rahm. A white elephant sale was conducted by Mrs. Dowell at the close of the meeting.

Valentine Party Enjoyed By Oviedo Children

By Linda Smithson
Donna Beasley and Wes Michael of Oviedo were guests of honor at a Valentine party given by their mothers, Mrs. Ray Beasley and Mrs. Jim Michael, Saturday afternoon at the Beasley home.

The children enjoyed making hats from paper plates and Valentines to take home to their mothers.

Refreshments of cake and punch were served on plates and cups which they had decorated.

Guests included Scott Abell, Rhonda Arndt, Jimmy Palmer, Christina Soka, Glenn and Fay Stoner, Lisa Woodcott, Marly Ward, Richard Lyles, Susan Clotis, Linda Olliff and Anita Beasley.

Mr. Williams was a member of Groveland High School graduating class of 1960 and is presently employed with the Lakeland Power and Utilities Corp.

A September wedding is being planned.

New Officers Preside At OES Meeting

Sixty-three members and visitors attended the meeting of Seminole Chapter No. 2, OES, with Mrs. Charles B. Cole, Worthy Matron, and J. E. Blackman, Worthy Patron, presiding.

The Junior Matron and Junior Patron, Mr. and Mrs. R. E. Peurifoy, were introduced, welcomed and seated in the station of the worthy matron and patron who presented them with gifts.

Mrs. Katherine M. Leach, recently affiliated with the Chapter, was installed as marshal, Mrs. J. H. Anderson, past matron, served as installing officer and Mrs. W. E. Raines, past matron, as installing marshal.

The secretary, Mrs. J. H. Hilbrey, and treasurer, Mrs. L. T. Sheppard, submitted their annual reports and the report of the auditing committee was read and accepted.

Resolutions were read for Mrs. Viola McClelland and charter draped in her memory while the soloist, Mrs. Nick Pfeiffauf, sang "Beyond the Sunset."

The past matrons entered carrying yellow roses, fern, ribbon and a gift package. The worthy matron and patron were escorted down the steps to join them. Mrs. R. W. Turner, with appropriate remarks, pinned a yellow boutonniere on the worthy patron's lapel and the other past matrons presented a yellow rose or a sprig of fern to the worthy matron as Mrs. Anderson tied each with ribbon.

Mrs. Joe Corley sang a paraphrase of a popular song in honor of the worthy matron and presented her with the gift. Other past matrons taking part in the courtesy were Mes. John Shepard, L. T. Sheppard, Stella Moore, Edith Dutton, J. O. Huff, J. P. Holtzclaw, Joe Leinhardt and Edson Golt.

Miss Judy Isley Weds R. L. Bennett

Miss Judy Ann Isley, daughter of Mrs. Fred Stewart of DeBary and J. C. Isley of Burlington, N. C., and Robert Lee Bennett, son of Mr. and Mrs. John P. Griffin, of Sanford, were married Feb. 2 at 8 p.m. at the parsonage, 1104 West Third St.

Rev. Robert Smith officiated at the single ring ceremony. The minister's wife presented a program of wedding music on the piano.

The bride was given in marriage by her stepfather, Fred Stewart. She wore a six-foot length dress of white lace and chiffon. It featured a lace bodice with metallic embroidery; long sleeves and full chiffon skirt. Her shoulder length veil was attached to a crown of small white flowers and she carried a white Bible topped with a white orchid and white satin ribbon streamers.

Matron of honor, Mrs. Foy E. Justice, wore a dress of blue-green cotton satin, white accessories, small hat and veil and carried a star bouquet of pink chrysanthemums.

Ray Bennett, brother of the groom, was best man.

The bride's mother wore a blue suit with white accessories and a pink carnation corsage. The groom's mother wore a dress of pale blue printed chiffon, with white accessories and a pink carnation corsage.

Following the ceremony, a reception was held at the home of Mr. and Mrs. Foy E. Justice in Lake Monroe. The Valentine theme was carried out in decorations and refreshments. Mrs. Walter Lee Bennett and Mrs. H. Blythe served the punch and cake. Miss Faye Isley and Roy Bennett also assisted with the serving and entertaining. About 85 friends and relatives joined the couple at the reception.

For traveling Mrs. Bennett chose a blue cotton satin dress, white accessories and the orchid from her bridal bouquet. They left for a wedding trip at Daytona Beach and will make their home on the Old Orlando Highway.

Out of town guests included Mrs. Shirley Bennett and daughter of Orlando.

Homemakers

By Mrs. H. L. Johnson

Hi there. Are you in that cooking mood again? Good, because again we have some very good recipes to share with you.

First let me give you some facts discovered by the USDA in recent surveys. They say that the cold weather in Florida cut the tomato crop about 25 percent and practically all winter tomatoes come from Florida, too. But there is relief on the way. Gradually more and more Florida tomatoes are coming to the market. Also, imports from the Mid-West and Mexico are easing the supply situation so prices are coming back to normal.

Hot Milk Cake is from one of our faithful readers, Mrs. Fort Poole, so let's try it. 4 eggs beaten well, 2 cups sugar, 2 cups flour (sifted), 2 tps. baking powder, pinch of salt, 1 cup milk, 1/4 lb. butter or oleo. Heat the milk and butter 'til it comes to a boil. Mix other ingredients and add to milk and butter mix. The batter will be thin. Add 1 tsp. vanilla. Put in a floured and greased tube pan. Bake in oven for 1 hour at 350 degrees. For icing sprinkle with powdered sugar or make own icing.

Try this paste on the outside of your refrigerator to perk up the old appliance. Mix 2 tablespoons of paste polish, 1 teaspoon of liquid bleach and 1 teaspoon liquid detergent.

Ordinary desk blotters make good shelf liners in the kitchen. They cushion your dishes and will absorb moisture.

From Louise Poulton we have these cookies that do not have to be baked. They are called No Bake Cookies. Be sure to try them. 1/2 lb. oleo (stick), 1/2 cup sweet milk, 3 tps. cocoa. Mix well then bring to good boil, watch, don't boil over. Set off flame for few minutes add 3 cups rolled oats and 1/2 cup peanut butter. Mix all together and drop by spoonfuls on waxed paper, cool and eat.

Now here is a casserole dish to try. It's called Rice Casserole and comes from Mrs. Poole. Sauté 1/2 cup celery and 1/2 cup onion in oleo. 1 cup raw rice, 1 can consommé (beef) soup. Bake in covered casserole for 30 minutes.

Someone asked for a Mock Apple Pie recipe. I found this one, but have not tried it yet. 1 1/2 cups sugar, 2 cups water, 2 tps. (heaping) cream of tartar. Remove from heat and add: 22 Ritz crackers. DO NOT STIR. Return to heat and boil hard for 2 minutes. Put in unbaked piecrust. Dot with butter and cinnamon and bake as for apple pie.

Now let's see what this is—Doughnut Muffins. Cream 1/2 cup soft shortening, 1 cup sugar. Add, then beat well 1 egg. Mix and sift 1 1/2 cups sifted flour, 1 1/2 tps. baking powder, 1/2 tsp. salt, 1/4 tsp. nutmeg. Add dry ingredients to creamed mixture alternately with 1/2 cup milk. Fill greased muffin tins 3/4 full. Bake in 350 degree oven 20 to 30 minutes. Remove from pans at once. Roll in: 6 tps. melted butter. Then roll in a mixture of 1/2 cup sugar, 1 tsp. cinnamon. Makes 12 medium or 18 small muffins. Sour Cream Salad Dressing: 1 egg yolk, 2 tps. vinegar, 1/2 tsp. dry mustard, 4 tps. sugar.

Wedding RINGS. Gwaltney Jewelers, 204 S. Park, FA 2-6599.

Corner

1/4 tsp. salt, pepper to taste, 1/2 cup sour cream. Beat egg yolk until thick, stir in vinegar, mustard, sugar and seasonings and turn into the top of a double boiler. Place over simmering water and cook with constant stirring until slightly thickened. Cool and stir in sour cream. Chill thoroughly before serving. Serve with any cabbage or other vegetable salad. Makes 1/2 cup.

Most women will welcome this hint: Keep a coffee can key on your key chain as a screw driver for those small emergencies.

Here's a meaty recipe—Crusty Pork Chops. 2 eggs, 2 tps. water, 1 1/2 tps. salt, 6 large pork chops, 1-1/2 cups corn flake crumbs. 1. Beat together eggs, water and salt. 2. Dip chops in egg mixture, then in corn flake crumbs. Repeat. 3. Brown on both sides in small amount of heated shortening. Cover and cook over low heat about 30 minutes or until done. Serve at once.

Just as the menu comes before the recipe—the formal before the ball—preparation pays off in the laundry.

Remember to: 1. Empty pockets, shake sand, grass and loose dirt out of the pockets and cuffs. 2. Sew up rips and tears. Replace buttons. 3. Tie loose strings together and close zippers. 4. Remove pins, ornaments, buckles and unwashable trimmings.

To load your washer for the cleanest clothes ever: 1. Choose a washer load of different articles (size) so they'll move about more freely. (For example: sheets, pillow cases, aprons and blouses and shorts.) 2. Small delicate articles—baby socks, nylon hose, or sheer blouses placed in a mesh bag when laundered will protect from unnecessary wear. 3. It is better not to wash too many heavily soiled garments at one time. Smaller loads are better for soil removal. When sorting your clothes for the washer try doing it this way: 1. White items—household linens, underwear, shirts (except nylon). 2. Heavily soiled clothes (work). 3. Colored—sportswear, colored dresses, blouses, etc. 4. Dark colors—be careful as they may fade. If washed with lighter colors, beware of the lint. 5. Wash and wear garments. 6. Washable woollens—sweaters, blankets, washable woolen fabrics.

Here is a labor and price saver. Try cooking an inexpensive cut of beef this way. Lay a sheet of heavy foil in baking pan and put a four pound roast on it. Cover with one envelope of onion soup (no liquid added) and cover that with one can of undiluted mushroom soup. Wrap carefully and roast 4 hours in a 350 degree oven. The gravy is all made and the roast is perfectly seasoned. Lamb or pork may also be used.

For a hamburger meal try this. Fry hamburger crumbly with onion. Pour off grease, add a can of chicken gumbo soup. Flour may be added to thicken if needed. Eat in bun or over toast. Try it sometime with mushroom soup instead of gumbo.

Don't forget to send in your recipes, ideas or hints. Mail to me, Route 1, Box 31-B, Sanford. Will be looking for them.

Longwood Couple Observes Anniversary At Open House

MR. AND MRS. C. A. FARINA

By Donna Estes. Mr. and Mrs. C. A. Farina of Longwood celebrated their golden wedding anniversary Sunday at their home on the Lake Mary Road with an "Open House." The festivities began Saturday when the Farinas renewed their vows before Father William J. Trainor, pastor of the Catholic Church of the Nativity, at the 9 a.m. Mass.

The more than 200 guests who came to give the couple their best wishes were served wedding cake, tea sandwiches, punch and coffee. The couple met in Longwood and were married in Kissimmee. Mr. Farina is employed at the Atlantic Coastline Railroad in Orlando where he has worked for 19 years. Mrs. Farina is active in the St. Catherine of Siena Circle in Longwood. They attribute their long and happy marriage to the fact that they have always worked together and no matter what difficulty they had, they have tried to look forward and come up with a smile.

The Farinas have seven children: Mrs. Garland (Elena) Shaw and John of Longwood, Ralph, who is serving in the U. S. Army stationed at Fort Benning, Ga., Mrs. Delton (Helen) Helms of Lake Wales, Mack, Paul and Mrs. Nick (Frances) Barablock, all of Lansdale, Pa.

They have 16 grandchildren and five great-grandchildren. All of the Farina children except Mack and Paul came home to help the couple celebrate.

Out of town guests included Mr. Farina's sister, Mrs. Alvena Tolodoro, his niece and husband, Mr. and Mrs. Frank Taverno, all of Lansdale; Mr. and Mrs. Emory Brown, Mr. and Mrs. H. H. Hardy of Daytona Beach, Mr. and Mrs. Carl Scott of Miami, and Mr. and Mrs. C. A. Hamby, Mr. and Mrs. James Snyder, Mr. and Mrs. Irving McNally, Mr. and Mrs. Lonnie Osteen and Mr. and Mrs. Sid Harrelson, all of Orlando.

Oviedoans Model Own Creations

By Linda Smithson

Members of the Oviedo Woman's Club presented a fashion show at the monthly luncheon meeting of the group. The fashions were made by the members and narrator was Mrs. Bill Martin. They ranged from house-coats for early morning wear to sports and all day apparel.

"Around the Clock with my Valentine" was the theme of the show and fashions for every hour around the clock were included in the assortment worn by the models.

Models included Mrs. Lawrence Wood, Mrs. Roy Drift, Mrs. George Means, Miss Miriam Wheeler, Mrs. Lynn Mosier, Mrs. A. Morgan, Mrs. B. F. Wheeler Jr., Mrs. Bob Parker, Mrs. Ralph Neely.

Also Mrs. Jack Dodd, Mrs. E. N. Janson, Mrs. A. B. Tedford, Mrs. Tom Ferrell, Mrs. G. S. Moon, Mrs. M. L. Gary, Mrs. M. Stanko, Mrs. R. W. Estes and Miss Janet Clonts who wore a dress made by her grandmother. Mrs. R. C. Miller and her committee were in charge of the luncheon which was served from tables decorated in a Valentine theme, using arrangements of azaleas and matching napkins.

Mrs. R. W. Estes, president, conducted the business session and Mrs. John S. Ridenour led the devotions.

Sorority Plans Costume Supper

Xi Beta Eta Chapter of Beta Sigma Phi met at the home of Mrs. Clarke Bruestle in Loch Arbor. A note was read from former member Mrs. Carleton Bliss in Massachusetts and Mrs. Roy Saxon who helped the Exemplar chapter get started here in 1957. She is now vice president of her chapter in Chula Vista, Calif.

Announcement was made that the Pennsylvania Dutch covered dish supper with husbands has been tentatively scheduled for Feb. 28. At this time the members will use knowledge gained in the study of Pennsylvania Dutch foods and customs. It will also be a costume party with husbands and wives dressing in Pennsylvania Dutch costumes. The party will be under the direction of the social chairman, Mrs. John Alexander.

Members were reminded that the pledge ritual for the new Nu Phi Mu Chapter will be held Feb. 28 at 8 p.m. at the home of Mrs. Glenn McCall in Longwood. At this

time the new chapter will get its name and number.

Announcement was also made that work has begun on the formation of the Ritual of Jewels Chapter in the Longwood-North Orlando area. The Chapter joined with the president in thanking Mrs. E. C. Harper for her work in the forming of the Nu Phi Mu Chapter.

Members of the nominating committee were elected, Mrs. John Prokosh, Mrs. Asby McClanahan and Mrs. Gordon Frederick. They will meet, decide on nominations and present the results to the chapter at the first meeting in March. Program chairman, Mrs. G. Andrew Speer led the group in discussion of "Meals and Menus." Each member told of a menu they had that was easy to prepare for company which left time for the hostess to enjoy her guests. Each member gave a tip of her own on preparing for guests.

Instead of refreshments, each one brought enough of her favorite appetizer for each member to sample, plus the recipe. Included were cheese, olive and pickle tidbits, eggplant relish, pecan halves stuffed with pineapple cream cheese, Vienna sausages and hot sauce, stuffed mushrooms, pecan puff, hot cheese dip, lobster bits and butter, herb mayonnaise dip, and party punch. All very delicious!

Mrs. Keogh Honored At Baby Shower

By Frances Wester. A baby shower honoring Mrs. Richard Keogh of Lake Mary was given at the home of Mrs. Robert Rugenstein on Crystal Lake, Friday night, with Mrs. Rugenstein, Mrs. James Benson and Mrs. Walter Gardner as hostesses for the occasion.

The gifts were grouped at one end of the long living-room in a white eyelet covered bassinet that had been prepared by Mrs. Arilyn True. They were opened by Mrs. Keogh and displayed to the guests.

Refreshments of punch, petits fours, date cake, cookies, tea sandwiches, mints and nuts were served in the Florida room from a lace over blue covered table decorated with pink and white camillias and a toy stork.

The honoree's mother, Mrs. H. M. Gleason, presided at the punch bowl. More than 50 guests attended.

OHS Crowns King And Queen

By Linda Smithson
Oviedo High School students crowned Ann Slavik "Miss OHS" and Thad Lingo "Mr. OHS" at the annual

Sweetheart Banquet held Saturday night in the school cafeteria.
The coronation took place on a stage beautifully decorated with hearts and flowers before a vast audience of families and friends.
Wes Swenson and Suzanne Partin, runners up in the contest, crowned the winners.
The court was made up of representatives chosen from each senior high class. For the ninth grade were Billy Mikler, Judy Minter, Bobby Seward and Joy Wainwright; for the tenth grade, Jimmy Courier, Marilyn Partin, Barry Gange and Maureen Boyle and for the eleventh grade, Tom Minter, Carole Beasley,

Tommy Partin and Alice Fox. Following the coronation entertainment was provided by young ladies of the Barbara School of Dance in Sanford.
The king and queen then led students in a grand march to music by the Blue Royals of Winter Park to officially open the 1963 Sweetheart Ball.
After the coronation Junior High Students held their Valentine Dance in the Women's Club Building which was beautifully decorated with huge red and white hearts suspended from the ceiling.
Tables, each centered with a single lighted taper, formed a semi-circle around the dance floor.

Forest Service Offers Rewards For Information

Illegally set forest fires annually destroy thousands of acres in Florida timber and pulpwood worth hundreds of thousands of dollars. Last year, when 8,608 forest fires occurred in the state, 5,994 were deliberately set and, in spite of rewards offered for information leading to arrest and conviction, the wood arsonist continues his dreadful work.

The Florida Board of Forestry will pay rewards up to \$250 for information resulting in arrest and conviction of a wood arsonist. The Florida Bankers Assn. also maintains a fund for offering cash rewards with 10 of \$100 each payable during any one calendar year. A third reward source is the Florida Forest Arson fund which is provided by a representative group of landowners and the forest industries. This group will pay rewards up to \$1,000.

Last year there were six persons rewarded with total payments of \$500, the Florida Forest Service reported. Of 863 convictions during the year, 54 were felonies.
Under state laws the malicious starting of fires on the lands of others is a felony. Conviction of an offender can bring up to five years' imprisonment. Intentional starting of fires is subject to a fine up to \$1,000 and/or imprisonment up to three years.

CORONATION CEREMONIES were held at Oviedo High Saturday night during the annual Sweetheart Banquet to crown Ann Slavik, "Miss OHS" and Thad Lingo, "Mr. OHS." The popular students were chosen for the honors through senior class elections. (Herald Photo)

DeBary Club Invited To Art Festival

By Mrs. Adam Muller
Members of the DeBary Arts and Crafts Club have been invited to exhibit in the Sidewalk Art Festival to be held March 8-9 on Park Ave. in Winter Park.

A registration fee of \$2 will be required for each exhibitor who will be allowed a 14 foot space and will be responsible for setting up and taking care of his exhibits on both days of the festival.
A sum of \$900 will be given in awards with an additional \$500 going for "Best in the Show."

Reservations may be made with "Arts Original," 333 N. Park Ave. in Winter Park. Checks should be made payable to the "Sidewalk Art Festival."

Longwood To Organize Scouts

By Donna Estes
A meeting will be held at 8:30 p.m. Monday at the Longwood Elementary School in an effort to organize a Boy Scout Troop for the area.
All interested parents of boys 11 years old or older are urged to attend.

Lyman Brain Team Takes Close Match

By Jane Casselberry
Lyman High School's Brain Team defeated Oak Ridge of Orlando in an exciting 218-210 point match in the Lyman Auditorium Sunday afternoon.

The Lyman Team was made up of Roger Schmidt, captain; Pete Carlson, David Smith and a new member, sophomore Richard Hall, who proved to be a valuable addition. Fletcher Cockrell is Faculty Sponsor.

Firemen Serve 700 Dinners

Lake Mary's Volunteer Fire Dept. and its Auxiliary served at least 700 barbecued chicken dinners in little more than two hours last Saturday night at the Fire Hall.

Mrs. Frances Abell, auxiliary treasurer and publicity chairman, said today that officials of both groups have publicly expressed their appreciation to all who helped make the dinner such a success both by attending and supporting the event and by helping out in preparing for the dinner.

The Oak Ridge Team, which provided tough competition, included Janie Hopson, Darryl Neill, Carol Anderson and Jack Grierson. Mrs. Leora Holt is Faculty Sponsor.

Millon Stokes of Orlando Junior College again acted as moderator and Professor Walter R. Hoberg, instructor in history and government at OJC, judged the event. Unofficial scorers were Roy Goodwin and Sandy Sherwin.

Stokes explained to the audience that officials of GE College Bowl have agreed not to take legal action against local high schools participating in Brain Bowl competition if the radio broadcasts are discontinued.

He went on to say that the format of the matches, which is similar to that of the television program, might be changed so as to not infringe on their copyright in order that broadcasting may be resumed.

It is hoped that more students and parents will turn out for these interesting and suspenseful Brain Bowl matches and give the team their support and encouragement.

CAP Squadron Names Officers, Has Foot Drills

By Mona Grinstead
Four CAP senior members met last Saturday at the North Orlando Community Building to discuss future plans for the newly organized South Seminole Composite Squadron.
Appointed to offices by Cdr. Henry Ward of North Orlando were Jack O'Donnell of Sanford as operations officer and acting commandant of cadets; Mrs. Lynwood Michaux of Longwood as personnel officer and David Tilton of North Orlando as public information officer and testing officer.
Following their meeting the seniors met with 11 boys to practice foot drills.

The new squadron's goal is to attain 100 cadets and 50 senior members by December of this year. Membership is open to Seminole County teenagers between the ages of 12 and 18 years and to all interested adults. Further information and literature is available from Ward upon request.

All Voters Must Register In Village

By Mona Grinstead
North Orlando Mayor Frank Fasula today reminded residents of the village that all those wishing to vote in the March election must register even though they registered for last year's election.

The coming election will see the municipality get its first fully elected council since it was chartered five years ago by the North Orlando Co.

Registration books, in addition to being open during regular office hours at the Village Hall, will also be open from 7 p. m. until 9 p. m. on Wednesdays and Fridays through March 15. Closing date for candidates to qualify is Feb. 28.

Art Club Plans May Festival

By Mrs. Adam Muller
Plans for participation in the Annual May Festival of the Florida Federation of Art were made last week by the DeBary Arts and Crafts Club during a Thursday morning meeting at the Mansion House.

The festival will take place at the Mansion House, May 11, with a food booth, package booth, white elephant sale, paintings, music and a grab bag for the children on the agenda. A program of music will be presented by the DeBary Chorus.

Members of the club, along with those from nine other clubs, were asked to contribute pictures for the March Show.
New members joining the club at last week's meeting were Mr. and Mrs. Hans Morgan and Mrs. Pierson Little.

Altamonte Springs PTA To Join Council

By Louise Simunek
Members of the Altamonte Springs Elementary PTA Tuesday night voted to join the Seminole County PTA Council which will consist of representatives from all the associations.
The council will, in part, serve as a workshop to help train and familiarize members with work of the association and will enable the various groups to take advantage of many services heretofore limited.

Delegates elected to represent the Altamonte group were Mrs. Lawrence Swoford, Mrs. Thomas Pinnock, Mrs. Leland Berg and Mrs. W. A. Donaldson.
Elected to a nominating committee for Altamonte were

Mrs. Frederick Haas and Mrs. Guy Nuss from the membership and Mrs. Jan Stover from the executive board.
A vote of thanks was extended to Mr. Berg who constructed a beautiful magazine rack for the school library at a sizeable financial saving to the PTA.
The rack, which was sorely needed, had to be custom built in order to accommodate various magazine sizes and paper back books.
Announcement was made that a "Mr. Magic" Show has been scheduled as the next fund raising project. The show will be held at the school on Feb. 22 beginning at 7:30 p.m. Refreshments of popcorn and soft drinks will be sold during the intermission.

Proceeds from the entire show will be used to purchase additional library books.
At the last count there were almost 2,000 books on the shelves and the association is now entering the last lap in its race to reach the 3,000 book goal needed by the next school year if accreditation standards are to be met.

AEC Exhibits Program To Be At Lyman High

By Jane Casselberry
The U. S. Atomic Energy Commission's traveling exhibit program, "This Atomic World," from the Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tenn., will be presented to the entire student body of Lyman High School during an assembly from 8:54 a. m. until 9:44 a. m. next Tuesday.

The exhibits manager will give a demonstration and lecture during the assembly on such subjects as atomic structure, fission isotopes, chain reaction, nuclear energy to space and radioisotopes and their application.

Following the assembly he will talk to the individual physical and biological science classes on atomic structure, fission and fusion, radiation biology and nucleus and radioactivity.
The program is presented at no cost to the school.

Play Captures PTA Audience

By Louise Simunek
Egyptian Pharaohs literally took over the Altamonte Springs PTA Tuesday night when a play adapted from the book, "Boy of the Pyramids," was presented by Mrs. Irene King's sixth grade.

The children, who wrote their own script and made their own costumes and scenery, completely held attention of the audience and were called back for curtain call after curtain call following the refreshingly bright and clear performance.

A brief but interesting account of the founding of the PTA in America was given by Sanford N. Kirkland, state field secretary. The association, which actually got underway in 1897, began at a tea party where mothers, as so often happens, spent most of their time discussing their children's schooling. A mother's group was organized and in a short time meetings were taking place at the schools.

Moose Lodge Plans Dance

Plans have been announced by Ole Sjoblom, governor of Sanford Moose Lodge 1851, for the February lodge-sponsored dance to be held Feb. 23 beginning at 9 p.m. in Lake Mary.

Members of 1851's Legion will be hosts.
The next initiation for new members of the lodge will take place in conjunction with an initiation of an Orlando class to be held at 2 p.m., March 8 in the Orlando Lodge Hall on West Hwy. 441.

Oviedo HD Club To Meet Friday

By Linda Smithson
The Oviedo Home Demonstration Club will meet at 9:30 a. m. Friday in the Oviedo Canning Kitchen.
The program will include a demonstration on mouth-to-mouth resuscitation by Red Cross personnel and a talk on selection of pots and pans by Miss Myrtle Wilson, county HD agent.

Calamity And 'Cuber' Fill Capitol-Gurney

By Jane Casselberry
Twenty members of the Seminole County Young Republican Club joined party faithfuls to throng the Coliseum in Orlando Tuesday night for a Lincoln Day celebration.

Highlight of the evening was the speech by Representative Ed Gurney of Winter Park, now serving his freshman term in the U. S. Congress, in which he gave his impressions of the "new frontier" after observing it at close range.
He characterized Washington as being full of "confusing calamity and 'Cuber.'" Naming Cuba as the number one issue, he said that all the congressmen's mail is full of letters from constituents asking "what is the administration going to do about Cuba?"

Gurney is not reassured by the Defense Dept.'s "Snow Job" and questioned the administration's confusing reports on the number of Russians stationed in Cuba.
It was first stated that 8,000 Russian troops were in Cuba, later, that 4,000 had been withdrawn and, finally, an estimate was given saying that 6,000 troops still were there.

"These must be the same figures they used to compute the budget," Gurney quipped.
He received very little confidence from the State Dept. briefing in which Averill Harriman reported on Southeast Asia and "Soapy" Williams' reported on Africa.

He also criticized recent developments in foreign affairs charging the Kennedy administration with embarrassing Great Britain with the Skybolt episode which hurt her chances with the Common Market and with

scuttling the friendly government of Canada.
He stated that Congress was shocked when the President presented the budget just short of 100 billion dollars, coldly asked for a 12 billion dollar deficit and then proposed a tax cut. He predicted that such action would further cheapen the dollar and the resulting inflation would hurt the very people the administration is planning to help.

Gurney has been assigned to the very important Space Committee in Congress.
Tuesday night's affair, which included a fried chicken dinner and a dance, was sponsored by the Orange County Republican Executive Committee. Entertainment was provided by the Orange County Teenage Republican Clubs (TARS).

Chapel Elects New Officers In Altamonte

By Louise Simunek
The council of the Altamonte Springs Community Chapel at its last meeting elected Neel Buell chairman of the deacons and Mrs. W. M. Bellisle, secretary.
Trustees elected Robert Newell as their chairman and Mrs. B. D. McIntosh as secretary.

A covered dish supper is being planned for the entire membership on Feb. 22. Deacons are in charge and a special program also is being planned for the evening.
Troop 268 Sets Cookie Sales
By Louise Simunek
Girl Scouts of Altamonte Springs Troop 268 will be making door to door calls beginning Friday in their annual Girl Scout Cookie Sale.
This year's assortment includes the new peanut butter sandwich in addition to the chocolate mints and shorties. The cookies sell for 45 cents per box.
Any person in the area who does not receive a call from one of the girls, may contact Mrs. R. F. Wattle, 103 E. Faith Terrace in Maitland and she will see that the cookies are delivered.
The sale will be continued through March 2.

Lyman Schedules Family Institute

By Jane Casselberry
Dr. Douglas Brown, professor of Marriage and Family Living and the School of Social Welfare at Florida State University in Tallahassee, was at Lyman High School last Saturday to confer with Principal Ralph Diggs, PTA President Burbon Ferrell and program chairman Mrs. Thomas Pinnock Jr., and Mrs. James Birkenmeyer.
Plans were made for the Family Institute to be conducted by Dr. Brown at Lyman next Tuesday, Wednesday and Thursday under the sponsorship of the PTA. He will speak separately before student and adult groups on problems of marriage and family living.

Athletic Assn. Nets \$300 From Dinner

By Jane Casselberry
The South Seminole Junior High Athletic Assn. served 530 persons at a chicken dinner sponsored by the group last Saturday night in the cafeteria of the Longwood Elementary School.
Proceeds were reported at approximately \$300 which will be applied against the debt for athletic equipment purchased for the school.
Entertainment was provided by the Lyman Dance Band. The Junior High Cheerleaders, dressed in their attractive red sweaters and red and white skirts, served as waitresses.
A scale drawing of the multi-purpose basketball court the association is planning to build at the school was on display.
Laid out in squares, the display was colored and labeled by those purchasing one square foot. Each buyer was presented with an honorary deed.
Anyone wishing to participate in the project may send \$1 for each square he wishes to buy to Mrs. Phyllis Black, of Longwood, association treasurer.
A contest is underway at the school between players on the school team and the cheerleaders with a prize to go to the one who sells the most shares.

Help In Drive

Casselberry Volunteers topped Seminole County Fire Depts. in collections for Sunday's Cerebral Palsy Telethon turning in \$364.09 to Sanford's \$323.53 and Longwood's \$200.12.
Altamonte Springs, Oviedo and Lake Mary report that they did not receive sufficient advance notice of scheduled activities to participate in the drive.
Longwood's collections were made under some duress since immediately after the drive got underway the Volunteers were called for standby duty at an accident on the Sanlando Springs Rd. Shortly thereafter they were called to a woods fire out on SR 484 where the truck broke an axle. However, firemen are trained to overcome obstacles and the collection was soon continued in the area.
All of the volunteers who devoted time and effort to the cause, no matter which area they serve, should be highly commended for helping out with such a worthwhile project. Workers such as our Seminole County Firemen played a large part in sending the drive over the top.

Cleveland, Frederick Unopposed; GOP Flops On Candidacy Move

Republican Says He'll Run Then Calls It Quits

With a wholesale scramble of would-be candidates in Tallahassee this morning seeking to beat the noon deadline for qualifying in the special March 26 Legislature election, only Seminole County's Mack Cleveland Jr. and Gordon Frederick escaped opposition. They are the only ones in the entire state field, UPI reported, to win the election without an opponent.

Jan Fortune, English Estates, who obtained qualifying papers at the courthouse here Thursday and who issued a formal statement to a Herald reporter today that he would run on the Republican ticket for the House, failed to qualify.

Miss Audrey Flynn, president of the Seminole County Young Republican Club, said that Fortune was in Tallahassee this morning, called home at 9 a.m. and said he intended to qualify. But UPI reported after the noon deadline that Fortune failed to qualify and that Cleveland and Frederick are without opposition in the March 26 election.

UPI quoted the Secretary of State's office that the two Seminole County Democrats, Cleveland and Frederick, automatically are elected . . . as of March 26 . . . as Seminole County's next State Senator and State Representative respectively.

Registrar Camilla Bruce reported that the scheduled Feb. 26 party primary elections will not be held since there is no opposition for party nominations.

The March 26 voting will be a "taken election" to place Cleveland and Frederick in office. Cleveland, one-time speaker pro tem of the House resigned as Seminole County's State Representative last week to seek the new Senate seat under the new reapportionment plan. Frederick, one-time State Representative, then qualified for the House seat vacated by Cleveland.

Fortune was endorsed for the GOP nomination by the Seminole County Young Republican Club but it could not be learned if he had won the endorsement of the Seminole County Republican Committee.

Don Willson, GOP county committee chairman, had been quoted his group would have a full slate of candidates in the field. He could not be reached today to learn why the Republicans "fizzled" in placing a slate in the race.

The Herald was still endeavoring to learn at press time why Fortune had failed to qualify for the elections, since he had formally announced his candidacy and had proceeded to Tallahassee to file the necessary qualifying papers.

Cleveland and Frederick will join Rep. Joe Davis as Seminole County's delegation in the State Legislature, which meets in regular session on April 2.

"Words cannot express my sincere appreciation," Cleveland said this afternoon, "to the citizens of Seminole County for allowing me to be nominated as State Senator without opposition."

Frederick is attending a legal institute seminar in Jacksonville today.

Tax Deficit Is Corrected
TALLAHASSEE (UPI) — State Auditor Bryan Willis said today a \$150 deficit found in the books of Orange County Tax Assessor Helen Bennett had been corrected.

The deficit, made up on June 30, 1962, was apparently caused by a duplicate payment for travel expenses.

Marines Make Hike
Sanford's marching Marines stepped off 50 miles in 12 hours flat Thursday. With nothing happening except a cut foot and a few blisters.

Capt. Richard Halstip, Lt. Harry Gentry and Sgt. Robert Ryan marched off from the Marine barracks at the Naval Air Station at 8 a.m. Thursday and returned 12 hours later at 8 p.m.

In accordance with President Kennedy's physical fitness program for Marines, the three hiked 25 miles to Stetson University and 25 miles back again.

Box lunches were taken to the hikers and they stopped off at a roadside park at Orange City for the noon meal.

All three Marines were back on duty today, with Lt. Gentry limping a bit from a cut foot and a few blisters. Otherwise, all three expressed they felt no strain from their 60-mile hike.

NAS Sailor Found Dead As Bride Waits

A bride-to-be waited in vain at the altar in Miami Thursday.

The bridegroom-to-be, a young sailor, lay dead in their new home here.

Franklin E. Haigh, 21, a native of Miami, was found dead in the bathroom of the home he had rented Feb. 7 at 3406 South Sanford Avenue (rear) between 2:30 and 3 p.m. Thursday.

Haigh, assigned to VAI-9 at Sanford Naval Air Station, had informed his landlord, Lon C. Simerly, 3406 South Sanford Avenue, Wednesday that he had intended leaving early Thursday for Miami to be married.

Mr. and Mrs. Simerly, noting Haigh's car still parked at his home Thursday afternoon, investi-

gated and found the partially-clad body on the bathroom floor.

Justice of the Peace Hugh Duncan, acting coroner, and Deputy James Q. Galloway investigated and reported that apparently Haigh had been in bed and had gone to the bathroom, where he suffered a fatal attack.

Navy personnel at the base Friday refused to divulge any information about Haigh pending an autopsy.

Judge Duncan said death apparently was due to natural causes but that the Navy had removed the body to the Jacksonville Naval Air Station for a post mortem. He said the body probably would be returned to Miami for funeral and burial services.

4 Boys Freed, Hearing Slated

Four boys charged with petty larceny and held in the county jail over last weekend were released last Monday to the custody of their parents. It was learned today.

County Judge Vernon Mize, who committed the boys to jail, refused today to discuss the matter other than a prepared statement he released following publication by the Herald Thursday of a letter of protest by the father of one boy.

Judge Mize's prepared statement follows:

"On Friday, February 8, 1963, four juveniles were taken into custody by the Sanford Police Department and referred to the Juvenile Court. They were charged with petty larceny, having been involved in a series of thefts of articles from the fronts of certain grocery stores around the City of Sanford. A detention order was signed and they were held in detention in the custody of the Seminole County Sheriff's Department until Monday morning, February 11, 1963. After a hearing before the Court, they were released to their parents and the cases were continued by the Court until a later date at which time disposition of the cases will be made."

'Aid' Program Seen To Help Drop-Outs
An expanded vocational education program aimed at those children who leave school at 16 was under prolonged discussion at Thursday's School Board meeting. A preventive rather than a remedial plan is the purpose of an enlarged program, board members were told by John Angel, principal of South Seminole Junior High School and president of the Juvenile Council.

He explained that many youngsters are not interested in the formal educational format and drop out of school as soon as they reach the age of 16. It is not, he said, that these youngsters are retarded because many have high IQs. It is only that they are interested in mechanical or other vocations rather than academic subjects.

He concluded that these youngsters who drop out of school, having no formal education are unable to find suitable employment. Or for that matter, any employment at all.

County Judge Vernon Mize reported that of the 500 children referred to his juvenile court in 1962 at least 25 percent could have been helped

Search On For Hijacked Ship
CARACAS, Venezuela (UPI) — Two Venezuelan destroyers churned through south Caribbean waters today, hoping to intercept the Communist-hijacked freighter Anzotegui.

Interior Minister Carlos Andres Perez said ships from friendly countries including the United States were "cooperating" in the hunt and had instructions from the Venezuelan government to take part in the capture.

A spokesman for the government-owned Venezuelan Navigation Co., operators of the 3,216-ton vessel, said the Anzotegui was located 155 miles southeast of Puerto Rico Thursday night.

Funds Okayed For Hospital

A \$100,000 building addition program to Seminole Memorial Hospital will be launched about May 1.

Senator Spessard L. Holland and Congressman A. Sydney Herlong Jr. today notified Robert Besserer, hospital administrator, that the U. S. Department of Health, Education and Welfare has approved a \$65,000 grant under the Hill-Burton program to the local hospital.

This grant will be matched with \$35,000 of hospital funds for the new building program. Besserer said the new program will include a 16-bed pediatrics department and expansion of the surgery department, kitchen and storage building.

The hospital last October completed construction of a three-story wing with the exception that a part of the third floor is only a "shell." The 16-bed pediatrics department will be placed in this incomplete third floor section.

Besserer said construction bids will be asked in late April and construction should be commenced about May 1.

Soviets Reject Nuclear Plan

GENEVA (UPI) — The Soviet Union today rejected President Kennedy's plan to guard against accidental war. It said the Kremlin's terms for a test ban treaty were the only ones on which a pact could be negotiated.

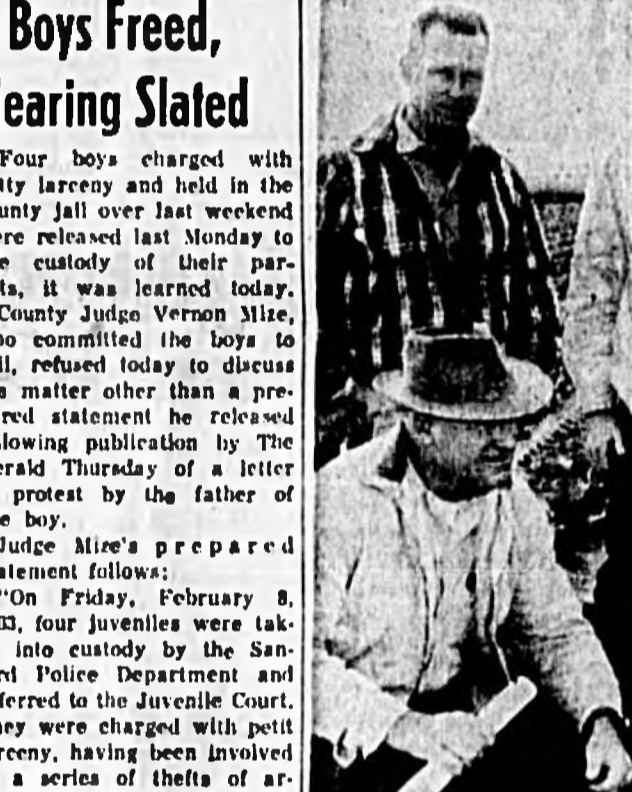

Chief Soviet delegate Vasily V. Kusnetsov, a first deputy foreign minister, told the 17-nation disarmament conference the Kennedy plan would just make espionage easy.

At the same time he gave the conference a "take it or leave it" choice of accepting the Kremlin's test ban plan or risk getting no treaty at all.

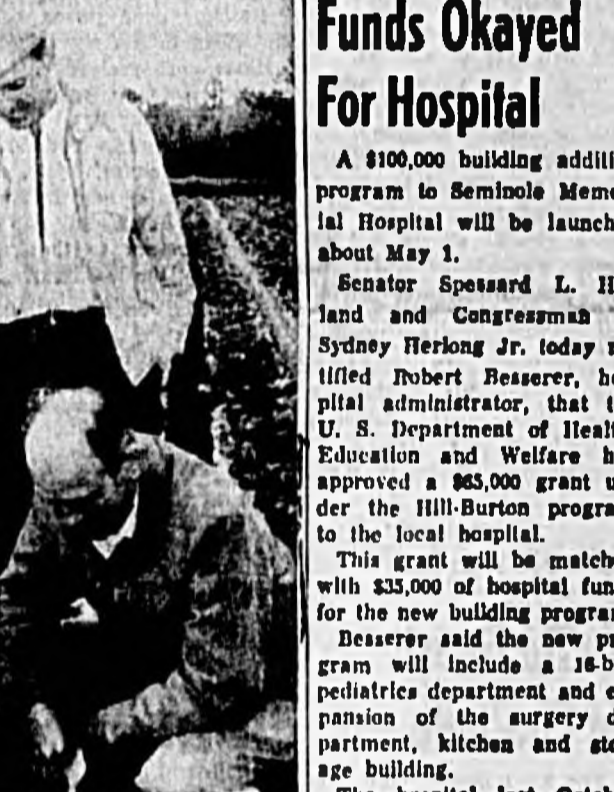

The anti-accidental war plan, personally pressed by Kennedy in a message to the conference Tuesday, would have set up special observation teams, established instant White House-to-Kremlin communications and carried through other measures designed to prevent war by "accident, miscalculation or failure of communication."

Kusnetsov told the conference Russia insists on acceptance of its terms for such key treaty points as the number of on-site inspections for policing the ban.
