## CHRISTMAS WEEK AT IMPERIAL

Number of Good Things to Be Seen  
During the Week

Harry Duvall's Big Show presenting high class vaudeville and musical comedy, introducing good singers, dancers, comedians, new and novel specialties, and carrying their own band and orchestra will arrive in their own car Monday and take possession of the Imperial Theatre where they will hold forth during the entire week changing their entire performance each night. Duvall's Band will give free band concerts every afternoon and night during the week on the streets, and the musical program rendered during each performance by the orchestra will prove a treat to all lovers of good music.

In addition to the specialties of the performers the regular program of pictures will be presented, and on Christmas night the special two reel, hand-colored feature picture, "Rip Van Winkle" will be shown. This is of particular interest and beauty and is well worth going miles to see. To make Christmas night still more attractive a special set of twelve handsome slides, illustrating scenes of Jerusalem and the Holy Land will be presented. Each of these slides will be explained as shown and the points of interest in each pointed out. Also on Christmas night, in addition to the other good things, there is a special set of hand painted slides illustrating that most popular Christmas poem "The Night Before Christmas." There are 18 slides in this set and they will be thrown on the screen as the poem is read.

Mr. Karnatz is offering ten tickets for \$1.00, tickets good until used, and will be accepted as cash to admit purchasers to any regular picture performance, and with each dollar purchase 200 votes for the wheel will be given. No votes will be passed out during the rest of this week, but every 5c spent at the box office will count as 1 vote and will be cast as directed. The contest closes on the 23rd, and the wheel will be given away on the night of the 24th.

## Stubborn Case

"I was under the treatment of two doctors," writes Mrs. R. L. Phillips, of Indian Valley, Va., "and they pronounced my case a very stubborn one, of womanly weakness. I was not able to sit up, when I commenced to take Cardui.

I used it about one week, before I saw much change. Now, the severe pain, that had been in my side for years, has gone, and I don't suffer at all. I am feeling better than in a long time, and cannot speak too highly of Cardui."

## TAKE The CARDUI Woman's Tonic

If you are one of those ailing women who suffer from any of the troubles so common to women.

Cardui is a builder of womanly strength. Composed of purely vegetable ingredients, it acts quickly on the womanly system, building up womanly strength, toning up the womanly nerves, and regulating the womanly system. Cardui has been in successful use for more than 50 years. Thousands of ladies have written to tell of the benefit they received from it. Try it for your troubles. Begin today.

### REAL DANGER

The following article appears in today's issue of The Florida Growers News. Every local paper in the state should re-print it. It should be read by every grower in the state. Florida's leading industry is very seriously threatened.

The Florida orange grower is confronted with a REAL danger. The News is giving him a REAL warning. It comes from Washington. The hearings referred to in our weekly letter from Washington, on the Tariff, will be held by the Committee on Ways and Means during next month. Schedule G—Agricultural products and provisions, will be heard on MONDAY, JANUARY 20th. This schedule covers Citrus Fruit, Pineapples and vegetables.

The duty is now ONE CENT a pound on Citrus Fruit. Spain alone, to say nothing about Italy, produces a SURPLUS crop of close to 10,000 cars, which is nearly the total raised in both California and Florida.

The Importers in New York and other large Eastern Markets are WORKING HARD, to have this duty removed. They have a barrel of money at their command. They are NOT interested in Florida fruit. They do not care what becomes of the Florida orange grower, if they can get the duty REMOVED.

Up To The Grower.

Mr. Grower, this is a SERIOUS danger. If you will protect your grove, your home, and your family, YOU MUST ACT NOW. It is only about four weeks before the ONLY CHANCE you will have to protest, against the present duty, will be had.

California will have good able representatives in Washington to look after their growers interests. What will Florida have? The absence of a strong delegation from Florida may mean the death of the Florida Citrus Industry. California has its Protective Association, which is liberally and cheerfully supported by about ninety per cent of its growers. Florida growers should hang their heads while thinking over the shape they are in to meet this impending danger.

THE NEWS Will Help.

It will take a lot of money to send a delegation to Washington, to go before the Ways and Means committee and battle against the POWERFUL delegation representing the Importers, for the very life of Florida's principal industry. Every grower who reads this paper should help pay to send this delegation to Washington. A delegation will be selected and the funds should be in hand. ALL Growers are requested to send their check to the NEWS for such an amount as he feels he SHOULD give. He should figure on a basis of at least ONE CENT a box, on his present crop. WHAT A SMALL AMOUNT for any man to give! The News will acknowledge all contributions in its columns and turn the funds over to the Secretary of the State Protective Association for the use of the duly selected delegates. DELAY is dangerous. If the duty is removed, foreign oranges will flood the country east of the Mississippi river and Florida oranges will surely suffer. Never before in the history of the industry, has such a menace threatened the welfare, yes, the home of the man who has his "all" in oranges.

Foreign Oranges Cheaper.

Foreign oranges can be laid down in New York, Boston, Philadelphia and Baltimore at about 25 cents per box. While the foreign oranges cannot all compare with Florida's, some of them are VERY fine, thickskinned and juicy. Like California oranges, they also have a fine color. The Editor of the NEWS remembers well when Valencia Oranges were in demand in preference to Florida's in many cases. The greater part of the imported fruit went to so-called cheap trade.

Florida to Lay Needs this cheap trade to help consume the output from Florida. The consumption that is needed. If Foreign oranges supply this demand, Florida oranges will go to the dump. FOREIGN ORANGES MUST BE KEPT OUT OF THIS COUNTRY AND, MR. GROWER, IT IS UP TO YOU TO KEEP THEM OUT. DO NOTHING, SAY NOTHING, AND TRUST TO SOME ONE ELSE TO LOOK AFTER YOUR INTEREST AND YOU MAY HAVE TO PAY DEARLY FOR YOUR NEGLIGENCE.

This WARNING is given in plenty of time if you will act at once. Send in your check to help defray expenses. THE NEWS will co-operate with every grower or body of growers to give publicity to what is being done or what should be done. This matter should be taken up at the grower's meeting.

EVERY day counts when you are growing crops for northern markets; and your crops must have what fertilizer they want when they want it.

Fertilizers that do not become available until after the crop comes off the ground are altogether too slow for Florida truckers.

### BRADLEY'S FERTILIZERS

for truck crops are rich in all the quickly available elements of plant food, and are so prepared that they supply the crop both early and late. They start it off quickly, keep it growing and mature the product. Florida truckers have depended upon them for thirty years, and with good results.

Sanford Needs a Landing Place For Enterprise Shoppers

Editor Sanford Herald:

Sanford is without doubt, populated by a good many enterprising merchants, who really have some fine stores, and business men who may not need advice from outsiders, but there are some good things that can come out of Enterprise, and other places along the river, and that is the visitor's money, and hence I submit a suggestion, which if acted upon, will bring a few dollars into Sanford tills, that now go into other tills.

My suggestion is, better landing facilities for the ferry boat, and for small boats along the lake front. At present it is very difficult to land ladies, who have pocketbooks bulging out with money which they desire to spend in the various stores of the city, at the city wharf. The end of the wharf is generally crowded with boats tied up, thereby preventing other boats from reaching the wharf. Active young men, who can reach either of the two ladders, at each side of the wharf, can climb up, but old men and ladies cannot, and they would not if they could. Until there are better landing facilities, a good many dollars that might be expended in Sanford, goes to another place, more easy of access, where ladies do not have to climb ladders to get into the town, or are in danger of falling overboard to get out of town.

What is needed is a float, two would be better, one on each side of the wharf, where small boats could land, and young men, old men, young ladies and old ladies could step from their boats, upon the float, and then an inclined walk from the float or floats, to the level of the dock. This may not be the best method, but it would answer, and it has the merit of being inexpensive.

In a short time there will be anywhere from fifty to seventy-five ladies and as many men, at the hotel in Enterprise, besides many other winter visitors, and all these people will have money to spend. Sanford can get the most of it if the merchants and business men want it badly enough to help people get into town and out again.

This may look like a small matter, but it is worthy the attention of every business man in Sanford.

*Sidney Lanier, the poet, the Christian, the greatest flute-player of all time, said this: "To make a home out of a household, give the raw materials---to-wit, wife, children, a friend or two and a house---two other things are necessary. These are a good fire and music. And inasmuch as we can do without the fire half the year, I may say music is the only essential."*

## If you are going to buy a piano read this

We lay this proposition down: You may look the country over and you cannot find a more durable, dependable or trustworthy piano at less than three hundred and seventy-five dollars than the one we are distributing through the big *Cunningham Piano Club*.

And the club price is two hundred and eighty-seven dollars and fifty cents---and there are *no extras* of any kind or nature.

You pay five dollars to join the club. The five dollars is credited to the price of the piano, leaving two hundred and eighty-two dollars and fifty cents to be paid.

The piano is immediately delivered to your home---and the remainder can be paid in two hundred and twenty-six weekly payments of one dollar and twenty-five cents each.

You get *your money back* if you but ask for it if, after a month's trial, you are dissatisfied with the piano.

You get a year's privilege of exchanging it without a dollar's loss.

You get the strongest guarantee ever given on any piano; if you or any one can write a stronger one than ours, write it and we will *sign it*.

Your family gets all unpaid payments canceled in event of your death during the life of the Club.

You get the piano tuned *two times---free*.

You get a good *stool* and latest style *scarf---free*.

You get a reduction of fifteen cents a week *in cash* in event you pay faster than at the rate of one dollar and twenty-five cents a week.

Can you think of any other desirable feature that you yourself would like to have in event you join the Club?

Can you suggest any other advantage or privilege we can add to this big proposition that will make it fairer, safer, easier or more desirable in any way to a big club of three hundred members---all intent on making their piano investment as light and easy and safe as possible.

If you can---let us have it. *If it is good---we will adopt it.*

## JOIN THE CLUB NOW

The Club will be limited to one hundred Members---you know---a great number have already joined.

Therefore, if you are going on a vacation---if you are out of the city for a few weeks---if you don't want your piano until later, or even until Christmas---*join now*. Don't delay sending in or bringing in your application *at once*. Simply send us a check or fold up a five dollar bill and mail to us in a letter stating *that you want to become a Member of the Cunningham Piano Club*. We will then register your application---and deliver the piano when you return to the city, or any time up unto or during the holidays.

You can begin with your weekly payments *or not*, just as you like. You need not if you do not want to begin your weekly dues of a dollar and a quarter until the *piano is delivered---suit yourself in this matter*.

The point is---Join the Club *now*. Send in bring in your application *now*.

Store open every evening until 9 o'clock.

## SANFORD'S BRICK ROADS

### Bonds Validated And Offered For Sale

### WORK WILL START IN FEW WEEKS

### Sanford District Will Be The Finest Paved Section In The Entire South

In last week's issue of The Herald the \$200,000 worth of road bonds are advertised for sale and bids asked for the same. This advertisement means but little to the average reader but to the people living in the Sanford district it means a most portentous proclamation. For many months the bonds have been delayed waiting for the circuit court to validate same in out bond trustees and county commissioners wished to have the bonds validated legally and in such shape as they would go before the market to be sold with the districts guarantee and the stamp of the circuit court to make them a good purchase.

This matter has now been settled and the bonds will be eagerly sought after by the many banking houses who have been awaiting the process of validation.

The sale of the bonds will mean the beginning of the great work of constructing some twenty-five miles of brick roads in the Sanford district—an act that places this section away in the lead in all the southland and demonstrates that Sanford as usual is leading the other sections of the south in improvements. The sale of the bonds means that this part of Orange county will have the best system of roads and will attract more visitors thereby, more purchasers of land, more enterprises and will forge to the front more rapidly than any other part of the county.

Our brick roads are assured.

### Music Club

The Music Club held their regular meeting at the studio of Mrs. Fannie S. Munson, president of the club Saturday afternoon at 3 o'clock. Mrs. J. H. Roumillat, leader.

Two excellent and interesting papers were read, a sketch of the "Life and Compositions of Rubenstein" by Miss Carrie Lovell; Mrs. George L. Sifer read a paper on the "Life and Compositions of Tchaikovsky."

The leader did not succeed in finding any of Tchaikovsky's compositions among the musicians of the city, but a very delightful program was enjoyed.

"Bohemo Polka" by Rubenstein was well rendered by Miss Mary McKim. Accompanied by Miss Irene Brady on the piano, Miss Jessie Stumpson played Rubenstein's delightful "Melody in F" on the flute. Concluding the musical numbers Miss Irene Brady played "Rustlings of Spring" by Sinding.

Mrs. Munson led a discussion on the "Russian School of Music," in which which Mrs. Clara Dargen Maclean of South Carolina, a visitor in the city and herself a musician, joined and entertained the club with an interesting talk on the different schools of music and musical artists.

Following the discussion several important matters of business were transacted. Plans were discussed with Mrs. Geo. L. Hoy, the chorus leader, relating to the concert work which the club will begin after the holidays, in preparation for their annual spring concert; after which the club adjourned until Saturday afternoon, January 4th.

### Presbyterian Church

Rev. J. F. McKinnon preached at the Presbyterian church to good congregations last Sunday morning and evening sermons appropriate to the Christmas season. He will preach again next Sunday, the last Sunday of the year.

Rev. E. D. Browlee, the pastor-elect is expected to preach the first Sunday of January, and begin his work as pastor.

### Best Expansion

The Sanford Herald came out in a pretty new dress Tuesday that was really a credit to that office and we desire to congratulate our good friend Holly on the success of his Christmas edition, and especially for his good judgment in mentioning our name therein so often.—Orlando Sentinel.

## CONTRACTED FOR LETTUCE

### Receiving Sixty Five Cents Per Hamper Despite Low Market

There has been so much adverse criticism of the lettuce prices this season that The Herald has advocated the f. o. b. sale or if possible contract for the crop in advance. Harry Ward, the largest grower of lettuce here received his contract price during the low market and as proof of this statement he writes the following letter for publication:

Decatur, Ind., Dec. 19, 1912.  
Dear Mr. Holly,

Since I am leaving Sanford for a business trip north, which will keep me away from Sanford for several weeks, and since on the eve of my departure, inquiries and rumors have come to me pertaining to my relations with the M. O. Coggins Co., to the effect that my contract with said company has been broken by them, that I am in the employ of the company, and have several favors shown me in the nature of a growers' guarantee of advance on my lettuce crop, than is offered to other growers, etc. In justice to the company, and those who wish to do business with them, I wish to make the following statement for publication:

Since I cannot be in Sanford personally to explain or defend my relations with the company, I am not in the employ of the Coggins Co.; I did not receive one cent in the way of rebate, discount, salary or any other form of money value, from the company directly or indirectly. The only relationship existing between us is the contract I made with them in July, last, and whereby they advanced me 65c per hamper or crate, and gave me the market benefits on all lettuce grown on my thirty-seven acres of land. Last year I contracted my crop with this company. I was satisfied with results, and welcomed the opportunity of renewing the contract for the present season.

The lettuce situation thus far this season has been very discouraging to all growers of same, especially those who have not availed themselves of the opportunity of contracting their crop. The most discouraging feature is due to the fact that the northern growers have had an unusually late season, thereby creating very low prices on our Sanford product. In addition to this, the hot weather for the past three weeks has ruined a large percentage of the crop. What we want as growers is to encourage more f. o. b. buying and in order to do this we must devote more time in putting up a good marketable package that will be in demand in the northern cities. It is a sad and expensive mistake for anyone to try to work off all of the poor, inferior product that they grow. I find in my experience we cannot make a pack too good, therefore I have no trouble in contracting my crop.

Trusting you will find space in your paper for the publication of this letter, I beg to remain,  
Yours truly,  
HARRY WARD.

### Larger Sweet Potatoes

R. E. Wills, who resides on Sanford Heights, is employed by the Fernald Hardware Co., as a steady employment and raises large sweet potatoes as a side line has discontinued all his former efforts by bringing to The Herald office one potato weighing sixteen pounds and three smaller ones weighing nine pounds. All of these potatoes came out of one hill and aggregated a total weight of 26 pounds. The potatoes were planted where the woodpile stood last year which in part accounts for their healthy growth, as no fertilizer was used.

Mr. Wills now holds the championship belt until a larger one is brought to this office.

### Harney County Eggs

The Herald office acknowledges with thanks the receipt of one dozen duck eggs and one dozen hen eggs, all of them fresh and fine from our old friend, R. M. Alexander of Geneva. Mr. Alexander has recently settled on a fine tract of homestead land in the beautiful Geneva section and was so pleased with the results in which The Herald handled the legal printing of same that he remembered us with the Christmas present and at the present price of eggs no better present could have been given.

Mr. Alexander very truly and aptly labeled his package as coming from Geneva, Harney county, which is certainly to the point.

## AUTOMOBILE LICENSE

### Bill Passed At Last Session Is Declared Constitutional.

### TAX MONEY GOES TO ROAD FUND

### Every Owner Of An Automobile Will Now Have to Pledge Up The Necessary Dough

Despite the fact that several circuit judges gave adverse interpretations of the Automobile License Law and declared same unconstitutional, the Supreme Court declares same valid and the Road and Bridge Fund of the various counties will be made rich by many dollars in consequence. Following is the law in substance:

Section 1. The owner or operator of every automobile and other motor driven vehicle operating in this state more than fifteen days when used for hire, charter or when charge is made for use thereof in any manner of form whatsoever, shall pay annually to the tax collector of the several counties of this state a county license tax as follows:

- For any automobile and other motor driven vehicle of less than ten horsepower five dollars.
- From eleven to twenty-nine horsepower, ten dollars.
- From thirty to forty horsepower inclusive, twenty dollars.
- From forty-one to fifty horsepower inclusive, thirty dollars.
- From fifty-one to sixty horsepower inclusive, fifty dollars.
- From sixty-one to seventy horsepower inclusive, seventy dollars.
- From seventy-one horsepower and over, one hundred dollars.

When any automobiles and other motor driven vehicles are used by the owner thereof, or without charge, the annual license tax shall be as follows:

- For any automobile and other motor driven vehicle of less than ten horsepower, three dollars.
- From eleven to twenty-nine horsepower inclusive, five dollars.
- From thirty to forty horsepower inclusive, ten dollars.
- From forty-one to fifty horsepower inclusive, fifteen dollars.
- From fifty-one to sixty horsepower inclusive, twenty dollars.
- From sixty-one to seventy horsepower inclusive, thirty-five dollars.
- And seventy-one horsepower and over, fifty dollars.

The payment of one such county license tax in the state of Florida shall exempt the owner or operator from the payment of any other such county license tax during the license year. Upon the payment of such county license tax the owner or operator shall be given an appropriately numbered metal tag with the name of the county and the year for which said county license tax is paid indicated thereon whether for hire or owner's use, which said tag shall be kept in plain view on such automobile or other motor driven vehicle. All persons desiring to procure said license as herein provided for shall make application to the county tax collector of the several counties upon blank to be furnished by the county tax collector showing the essential facts for the procurement of such license, which said metallic tags and blank forms shall be furnished the county tax collector of the several counties by the county commission of the several counties.

Sec. 2. All monies to be derived from the payment of such license tax shall be paid into the road and bridge funds of the several counties.

Sec. 3. Any person or persons, firm or association that shall fail to comply with the provisions of this act shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than double the amount required for such license or imprisonment not exceeding six months.

Approved June 5, 1911.

### Christmas Services at Catholic Church

Masses at 8, 9 and 10 a. m. Evening services at 7:30, Dec. 26th. Special Christmas music at all the services. The children's choir will sing at 8 and 10 o'clock masses. Masses and benediction will be at the usual hours on Sunday.

## THE COUNTRY EDITOR

### The Importance of His Position Cannot Be Overestimated

You cannot overestimate the importance of the country editor's job any more than you can overpraise the value of advertising in his paper, says the Kansas Industrialist, if he has a good paper and keeps it up to the moment, as all wise country editors certainly do. Some shortsighted merchants may say your space isn't worth the money you demand because your circulation is only 500. You'll have to educate that kind of merchant. One Arthur Brisbane's editorial as your text. Says Mr. Brisbane: "A country editor with 500 circulation or more for his daily or weekly can talk to 500 good, typical American families, all purchasers, all desirable customers."

"Every publisher of a country newspaper should be, through his advertising columns, the trusted and valued agent and promoter of at least ten great industrial merchandising concerns."

### Florida Woman Wins

A Florida woman, Mrs. Belle Goodrich, of Avon Park, has won a signal distinction. The Nebraska State Journal, the leading paper of Lincoln, offered prizes for the best article in favor of votes for women and the best article against votes for women. Mrs. Goodrich won the affirmative side of the discussion and the Journal gives her high praise for her effort. At the outset, Mrs. Goodrich makes the following statement:

Yes, I want to vote because the ballot is a most efficient weapon against institutions and organizations that prey upon the lives of women and children, principally because women cannot vote. This disability deprives women in a measure, of their right to life as guaranteed by the Constitution to men.

I want to vote because I have not as much liberty as my son and my husband have as long as I am disfranchised. The ballot and participation in government has always been the highest badge of liberty a freeman could obtain. My liberty is not complete until I have all that a free man has.

I want to vote because my pursuit of happiness is curtailed by the lack of the ballot. Much of the happiness of life comes from the ability to do or to help do large things that are worth while, and that are a blessing to other family circles as well as my own. "No man liveth unto himself, and no family can live unto itself. The interests of all are so inseparably that no woman can do her full duty inside the four walls of her own home."

She sums up her argument by giving the following concise reasons for her desire for the ballot:

- (a) Intelligence is a prime qualification for voting and it is conceded that the general average of intelligence is of good among women as among men.
- (b) I have to obey the laws and therefore want to help make them.
- (c) I pay taxes.
- (d) I am as much interested, and concerned in the things voted on as men are.
- (e) Disfranchisement is a badge of inferiority and contempt.
- (f) I am more capable of casting an intelligent ballot than thousands of men are.

Finally—I want to vote because I WANT TO VOTE.

The last reason given is probably the most conclusive and doubt less had much to do with the award of the judges. A woman will because she will, and there's usually the end of it.—Tampa Tribune.

### Champion Sugar Cane

W. H. Boyd, who resides near Hittell in the fertile Wekiwa river bottom is the champion cane grower. He brought two stalks to The Herald office today that measured over 26 feet in length and they are now on exhibition to prove this statement. Mr. Boyd has six acres in cane and expects to realize over \$1200 from the same. Next season he will plant a larger acreage and put in a mill for making syrup as he cannot supply the demand for same. This splendid cane grew this remarkable length without the use of fertilizer and clearly demonstrates the fertility of the soil in the Ethel section.

Miss Hoskins Jones is home from Glasgow, Kentucky, where she has been attending college and expects to return after the holidays.

## METHODIST CONFERENCE

### Interesting Session Came To Close Last Night

### REV. SUMMERS GOES TO JASPER

### Some Other Topics Of Interest And News Happened In The Session of Days

The Florida annual conference of the Methodist Episcopal Church, South, came to a close this morning with the signing of the appointments for another year. The session has been a most harmonious one throughout and one during which a great amount of business was transacted. Rev. C. H. Summers will not return to Sanford having been appointed to Jasper. Rev. H. T. Gaines who has been preaching at Kimmee has been appointed to Sanford. On Saturday the conference decided to hold the next session at Tallahassee, a Tallahassee representation most cordially extending the invitation to do so. The following interesting figures were gleaned from the report of the statistical secretary. Raised during year just closed, for all purposes, \$360,000. The Sunday schools raised \$26,000; Tampa leads all the districts, having raised during the year, \$74,000; Bartow comes second, with \$69,000. The statistics show that there are now 32,500 members of the Methodist Episcopal Church, South, in Florida, and that there has been a net increase of 1,000 members during the year. There are 29,500 Sunday school scholars.

At the regular meeting of the city council held in St. Augustine last Thursday night a franchise was applied for to construct and operate a new electric line into and through certain streets of that city. It is proposed to construct the line from Jacksonville to St. Augustine, the company to erect its power station in the latter city. The ordinance providing for the franchise was placed on its introductory reading at the meeting and after the ordinance is passed by the council the matter of granting the franchise will come before the people at a special election.

The Miami Metropolis says: "The market apparently being fully stocked and the prices on grapefruit consequently on the toboggan, local packing houses have nearly all shut down for the holiday season, and probably will not open again until the first of the year. It is stated by commission men that there is enough grape fruit now in the markets and on the road to supply trade until January 1, if not another box was packed in the whole state."

Lynn Haven's first church has just been completed and the people of that little town are to be congratulated on the fine edifice. The style of the building is Gothic, it is a handsome structure and large enough to do for the future as well as the present.

Clay county is now building a hard surfaced road from Green Cove Springs to Orange Park, which will connect with the Duval county brick road, which runs through Ortega.

Madison county will vote on bonds in the sum of \$50,000 for the building of a new court house to replace the one recently destroyed by fire.

### Pleasant Dance

The younger set of Sanford's prominent society young set enjoyed a very pleasant dance in the hall Friday night. Among those dancing were Linda Connelly, Edie Purdon, Margaret Wight, Gladys Morris, Martha Miller, Kate Underwood, Frances Liddon, Anna McLaughlin, Douglas Abernathy, Forrest Gatchel, Harold Long, George McLaughlin, Paul Jones, Pope Wicker, Seth Woodruff, Karl Roumillat, Ralph Wight, Willie Sheppard, Paul Bigger, Henry Purdon.

### Royal Arch Masons

A regular meeting of Monroe Chapter will be held on Thursday evening at 7:30. Election of officers and work. All companions please attend.  
H. E. TOLAR  
Acting High Priest.
