

LETTER FROM COL. THRASHER

(continued from page three)

ing centuries, have done their work well. So that almost everything connected with the past greatness and wealth and unparalleled splendor of the proud metropolis of the Orient has faded and fallen and crumbled into impalpable dust, except her temples, tombs, statues, obelisks and pyramids, and these mute monuments to what is admitted to be the remains of the most interesting civilization found anywhere on the face of the earth, tell us, in an impressive language, peculiarly Oriental of a remote past, of silent centuries away back and behind a point from which with strained vision we attempt to look backward down the aisles of time and through the vista of still more ancient centuries—even to near the beginning when God said, "Let there be light."

Some of these temples or rather the remains are immense. They are grand. They are the wonder and admiration of every one who sees them. Especially is this true of the temple of Ammon at Karnak. The entrance gate, or Pylon, is 370 feet wide, 142 feet high and 49 feet thick. The great court is 275x338 feet, and still an other, almost as large. There are six gates, or Pylons, and then the east and west avenues of sphinxes, the Sacred Lake, the great obelisk, and almost numberless statues, and some annexed temples, and it covers a space about 4,500 feet long by 1,900 feet wide. In it are 134 columns, 12 feet in diameter and 80 feet high. Some parts of the temple are 142 feet high.

In Thebes, west side of the river, are many wonderful things. One is the broken colossus, or statue of Ramesses II. It was destroyed by an earthquake in 27 B. C. It was made of one stone, pink granite, was 57 feet high and measured 23 feet across from shoulder to shoulder. At the elbow the arm was 17 1/4 feet in circumference. The index finger was 3 1/2 feet long. These facts are established by French scholars, and no one doubts who sees the broken parts, and they estimated the weight at two million pounds.

It was brought from Assuan, about 138 miles up the Nile, and then conveyed from the river to the place where it all may now be seen, about one mile from the river. Listen: The base or foundation stone, on which that statue stood when it was broken, was measured by a Sanford boy, and it is 34 feet long, 18 feet wide and 8 feet thick, and a mummified Pharaoh is a silent witness to the truth of this statement. That solid block of stone was also brought from Assuan to Thebes, evidently by water, and thence out to where it was lying three days ago. It is there, and ready to speak for itself, and in my opinion it will be there as long as the sun continues to rise in the east. How those huge granite blocks were transported no one knows.

This letter is too long already. Before closing I will add. A large majority of the natives are a poor, ignorant, wretched and God-forsaken lot. Many of them live within the walls of mud huts without a shelter. Some have part of the top covered with corn stalks or palm leaves. Sleep on the ground right here. Many are scantily clad. They huddle together—donkeys, goats, chickens, all in one small yard and often in the same room, and a happy family in a way. Have seen only a few black negroes. There are Turks, Nubians, Arabs, Copts, Persians, Jews, B. doums, Egyptians, Negroes and what not, and they are very much mixed by intermarriage I think. A large majority are Mohammedans. I have seen them in their mosques at prayer. Friday is their Sunday and they go to the mosques to pray—no singing—no preaching. As a tomb is the last thing I wish to have anything to do with, I leave them for another day.

I know you are tired out with all this and so close, with good wishes and kind remembrances from us all to you and all of yours, and to friends who may inquire about us.
Yours truly,
A. M. THRASHER.

After The Express Co

Prosecution of express companies for overcharging shippers was indicated by Commissioner Lane at the express rate hearing today, to be the intention of the Interstate commerce commissioner. W. A. Ryan, one of the investigators for the commission presented the examination of one month's business of the Adams Express Company, showing that \$67,000 in overcharges had been turned into the company's treasury.

Bad For The St. Johns

Washington, Feb. 2. (Special)—It was learned here today from a source believed to be entirely trustworthy that because of the wave of economy which has spread over congress this year's river and harbor bill may be held down to the old projects and that no new ones of any kind will be had.

While this would probably save the country something like \$10,000,000 after the senate amendments have been added it would be in the opinion of those familiar

lar with such matters mean a big loss in the end. Much work now under way would stop, the forces employed would no longer be needed and the same projects would have to be taken up again some later time.

There does not seem to be any doubt that even if the cut is not carried to this extent, the bill will be so small that many new projects will not be considered. It is impossible to tell yet what will happen but the prospects are good for a very small bill.

Some Laundries

Wash White, Others White Wash

Some Laundries do their washing with very cheap materials and depend upon alkalis to "white-wash" their goods. As a result the clothes are returned to their owner white but they soon fall to pieces.

In our washing process we use an abundance of pure water and the very highest quality of soap, which we know is absolutely pure.

When work from This Laundry is returned to you, you can know that it is washed white by a process that is in no way hard on the fabric. There are many other reasons why we should do your work. A trial package will show you.

THE EVENTS OF ORANGE COUNTY

Efficient Staff of Reporters Weekly Covers the Territory for The Herald

PAOLA POINTS

To the Editor of The Herald: Are we having a California winter for a change?

The orange shipping is going forward as fast as the weather permits, but the crop hereabout is generally light and the season will be a short one.

Mrs. Curtis is occupying her Paola home for a week or so.

Mr. Geo. Smith has been laid up with quite a serious illness for a week or so, but under the care of Dr. Neal of Sanford is recovering and we hope will soon be out again.

Mr. and Mrs. Geo. B. Hicks and Mrs. W. B. Hicks and children left the first of last week for their home in Birmingham, Ala.

Mr. and Mrs. W. B. Buchanan spent Wednesday at the Orange county fair.

Miss Margaret Reasoner of Sanford spent a few days in Paola last week with her sister, our successful little school teacher.

Mrs. J. E. Boed came up from Orlando last week to stay with her mother, Mrs. A. A. Hicks, whom we regret to hear is quite sick.

MOORE'S STATION

Special Correspondence to The Herald.

Mrs. T. W. Prevatt of Geneva is the guest of her sister Mrs. J. F. McClelland this week.

J. F. McClelland attend the funeral of J. F. Prevatt in Geneva Tuesday.

Madames Rex and Bracken were out from Sanford Thursday visiting Mrs. H. M. Gilbert.

The Mabel Paige Co. was patronized by several parties from here Mr. and Mrs. G. C. Chamberlaine, Mr. and Mrs. E. F. Repp, Mr. and Mrs. Louis Willis and children.

Frederick Gilbert was one of the boys who spent the week in camp at Orlando fair.

Mr. and Mrs. Herbert M. Gilbert were the guests of friends in town Sunday.

J. M. Barnes and Rutland of Willoughburg Ohio were visitors at the Ellsworth home on Beardall Monday.

J. F. McClelland the hostling grocery man will have a new covered wagon and solicit orders through the surrounding country in the near future.

The Farmers Institute held at Cameron city last Friday was attended by many from here and was decidedly interesting. Prof. McQuerry and Prof. Spencer promised another visit for here in June.

The local hunters are bragging of many rabbits and quail captured these days.

CAMERON CITY CLIPPINGS

Special Correspondence to The Herald:

The Farmer's Institute held here last week under the management of the Farmers Club was a success. The field work in the forenoon proved to be interesting and instructive as were the lectures at the church in the afternoon. These men from the State Agricultural College will be glad to come at any time they are wanted if they can possibly arrange to do so. They also told us that a man will be sent from the College at any time to investigate any new or special trouble that may come up in connection with growing crops. We believe much good may be derived from these meetings.

Among those attending the Fair at Orlando last week were Prof. George Maris and wife on Thursday and Friday. Prof. Maris had charge of the school exhibit. Mrs. C. C. Worthington, Prof. L. J. Hancock, Walter Hubbard, Gay Ellsworth, and Mr. Thompson attended on Thursday.

Mr. and Mrs. E. E. Worthington of Peabody, Fla. are visiting the Riches and Minnick. Mr. Worthington has gone on to Sarasota to spend a few days with an old time neighbor, but will return to Cameron City the 14th of this week.

The people in this community would like to know if the hog law has gone into effect, if not just when it will go, as the hogs are becoming quite numerous and troublesome around here.

There is talk of organizing a rural telephone company in the out-lying Sanford districts.

The jack daws are proving themselves a grave nuisance, taking cucumbers and corn as soon as they are through the ground.

Judging from the number of visitors and callers from Opa at "Wildwood Nook" the Ellsworths must have been quite popular and prominent in social and business

circles in their old home at Willoughby, Ohio.

A car load of celery crates is being unloaded by J. C. Rich and L. J. Hancock.

A great many rabbits are being killed and it will be a blessing to the farmers to be rid of the little pests. They also make fine eating.

We hope the committee on the canal proposition will make its visit to the U. S. Dredge Boat and be ready to report at the next regular meeting of the Farmer's Club.

LAKE MARY MELANGE

Special Correspondence to The Herald:

Mr. and Mrs. B. J. Overstreet, Miss Lovetta Arnett, Goodhart, Sjoblom, Fred Sjoblom, Abbie Sjoblom, Frank Catherwood, John Evans, and Davis Erickson paid a visit to Orange County Fair in Orlando last week. All enjoyed the day.

Maurice Keeley of Tampa paid his mother Mrs. A. W. Keeley a visit last week.

Rev. J. F. Sandell is still confined to the sick room. He improves very slowly, his wife Mrs. Sandell is on sick list too this week.

Quite lots of sickness about lately. Goodhart, Sjoblom, Samuel McBride are over chills and fevers spells. Mrs. Annie McDonald is still under Doctors care. Miss Sallie Whitby we understand is on the sick list. We trust all will be well soon.

William Evans was in Jacksonville on business last week, also was a visitor to Sanford on some errand.

Mr. and Mrs. Slaughter, of Va. are upon their honeymoon are stopping at "Martin House." Mr. Slaughter buying up oranges while he was enjoying himself with the sights of Lake Mary.

Mr. Nye the orange buyer was through this way and has brought and shipped Mr. A. W. Keeleys and also Mrs. McCrackens oranges, also Mr. William Humphers. Quite a lively time in orange circles. We estimate the oranges shipped from Lake Mary this season \$500 boxes.

One of the strangest thing to many people here is the fact that orange grower get so little for their fruit and at same time buyers can pay so much per box, on the pick, haul to station, ship down to Orlando back, and ship over same ground pay twice the freight and still get more for the fruit. Another thing strikes the writer as strange. We bought two boxes of oranges from a grower to be shipped by freight to point near Philadelphia. Oranges were not selected but taken from growers general pack. Ten days later they reached parties in excellent condition, the ones shipped to Hoose in New York were reported in bad shape.

Mrs. Minnie Gillet of Ohio is visiting her sister, Mrs. A. McCracker.

GENEVA JOTTINGS

Special Correspondence to The Herald:

After several days desperate illness Mrs. V. T. Peters is again conscious and we hope for an early recovery.

Miss Lydia Geiger is home again, having finished her school near Tampa.

We notice that the literary clubs of Setson and Southerland will debate soon, the latter will be represented by one of Geneva's brightest sons, Mr. Herman Daniel.

Miss Clara Miller of Sanford visited her cousin, Miss McLain Sunday.

Messrs. Howard, Mr. Howard and Mrs. E. Lee Smith of Oviedo attended preaching at the Baptist church in Geneva last coming out in their fine car.

Mrs. I. Baker entertained the M. M. S. society last Thursday afternoon. The annual election of officers took place which resulted in Mrs. David Speer being re-elected president. Mrs. Geo. Peters was chosen vice-president, Mrs. Daniel secretary and Mrs. Patisball treasurer. A very pleasant afternoon was spent by all, some of Florida's choicest fruit was enjoyed.

Mrs. I. T. Peters has returned home from Daytona, Miss Lett Peters of Jacksonville was also at home for a few days, both called here by the illness of Mrs. Vick Peters.

Miss Fry with a party of northern friends is visiting Mr. and Mrs. Curtis. Miss Fry is a noted trained nurse of Baltimore and by her loving kindness has already won for herself many friends in our community.

The Woodmen had their installation of officers last week, David Speer, Counsel Commander, Charlie Harrison, A. V. d. Lieut, R. I. Graham, Banker, Aubrey Moran, Clerk; C. W. Culpepper, Esq.; Fred Taylor, Watchman; and Edwin Raulerson, Sentry. The camp at this place is young but is in a flourishing condition and are working to build them a home. They meet Saturday night before each third Sunday.

Rev. E. Lee Smith and son, Jesse B. visited at the home of Mr. and Mrs. Geo. Peters Saturday. Rev. Smith was for the fourth time unanimously chosen as pas-

tor of the Baptist church at this place. Every acquaintance of Mr. Smith will congratulate Geneva Baptists on having such elegant taste.

Mr. and Mrs. C. A. Raulerson spent a few days in Orlando last week, attending the fair and visiting friends.

Quite a number from our community took in the wonders of the fair.

Miss Hamie Harris visited her parents at Winter Park last Saturday and Sunday.

Dr. Palestine of Sanford and Nixon of Chulota have been attending Mrs. Peters.

On last Sunday morning Mrs. M. S. Etheredge and Mr. J. V. Wicks were very quietly married at the home of the bride by Rev. E. Lee Smith in the presence of relatives only. The bride wore gray silk, which was very becoming indeed. The happy couple have hosts of friends here and elsewhere who wish them much joy and pleasure along life's pathway.

Mr. and Mrs. E. W. Sieg of Americus, Ga. attended the marriage of their sister, Mrs. Etheredge, returned home on Monday. They were accompanied by their mother, Mrs. K. M. Sieg, who will visit in (continued on last page)

MODERN MIRACLES

WONDERFUL CURES OF BLOOD POISON, RHEUMATISM, SCROFULA AND STOMACH TROUBLES BY NEW DISCOVERY

Leonard's Blood Elixir Sold Under \$1000.00 Guarantee That It Will Cure Any Blood Trouble or Cost Nothing.

It is almost impossible to overestimate the importance of recent advances in medical discoveries. The serum treatment for germ diseases has saved thousands of lives in the hospitals. More important still is the extended use of Leonard's Blood Elixir in the home treatment of the many diseases that arise from impure or impoverished blood. This class of diseases causes more suffering and earlier deaths than all others and that is why so much public prominence was at once given to Leonard's Blood Elixir when its discovery was first announced.

The quick and sure way in which Leonard's Blood Elixir cures scrofula, eruptions of the skin, tumors, ulcers, sores, rheumatism, pains in the bones, syphilis, mercurial diseases, catarrh, kidney and liver complaints, stomach troubles and all diseases arising from impure blood is marvelous, even in this wonder working period of the world's progress.

Ancient miracles were contrary to natural laws, whereas the remarkable power of Leonard's Blood Elixir to cure blood diseases comes from a better understanding of the natural causes of disease.

The effects of poisonous germs in the blood is understood today as never before. Many persons do not realize that the blood is the life. They do not know that a poisonous germ can get in the blood in one part of the body without immediately affecting every other part or organ of the body. Almost every case of rheumatism, indigestion, kidney trouble, headache is a sympathetic strike by the brain, nerves, or stomach, brought on by impurities of the blood.

People who think they can get rid of these troubles by some medicine that disregards the general health of the body are on the wrong track. In curing diseases like rheumatism or catarrh and getting the poison out of the system, Leonard's Blood Elixir proceeds at once to purify the blood, regulate the nerves, restore normal appetite and build up health and vigor of the whole system.

If you are not in perfect health, try a bottle of Leonard's Blood Elixir and you will soon see the good effects. It is sold under a blood guarantee that it will cure any blood trouble or the purchase price of the first bottle will be refunded. This certainly proves its wonderful merit.

May be long or short, depending wholly upon the way it is laundered. Linens sent to this laundry are handled with the greatest of care, and as our customers will testify will live longer than that which is sent elsewhere.

The soaps and methods used in the **PROGRESS STEAM LAUNDRY** are no way hard on the goods.

They remove the dirt but do not attack the fibre of the goods as many are known to do.

Hon. W. R. O'Neal of Orlando has been nominated by the Republicans for Governor. Quit your foolin'.

Our Paola correspondent asks "Are we having California weather this week? California weather is a good name for it."

Hon. Forrest Lake announces in this issue for the state legislature, a position that he has held for one term with credit to his county. Every man who holds this position should be returned for a second term not only because it is customary but on account of the amount of work that can be accomplished during the second term.

Hon. Frank Woodruff is a candidate for re-election to the office of county commissioner. We have not heard from the other commissioners, but hope that they will all stand for another term.

ADVICE TO NEWSPAPERS

A. Mr. Pearsall, visitor to Orlando, hands us one today like this: "A newspaper is supposed to know everything; tell me this—"

That isn't all, Mr. Pearsall. A newspaper is the town punching bag, where friends of many faiths come to shy rocks at humanity.

A man came in to see us yesterday to kick about the bedding in his boarding house. This is no joke, but a literal fact. He said he was willing to blow in five dollars to prove that negroes had been sleeping between the sheets.

Our advice was to him to go ahead and blow in the five. Incidentally, we told him perhaps if he had spent half that sum for a room, he would have gotten clean linen.—Reporter-Star.

What the gentleman should have done when he found the negro in the bed was to kick the negro out and keep the matter still. What an awful scandal if the story should go abroad—well, how could he explain it?

WHAT'S THE DIFFERENCE

Braxton Beacham, with a laudable ambition and a big pocketbook is anxious to go to congress from the state at large and at last has entered. He should get a complimentary vote in his section of the state, and being classed among the reactionaries is likely to split that vote in certain sections. If Beacham has ever done anything for the people, I have never heard of it—if he has ever worked, except to increase his fortune, I have been kept in darkness. I heard that he had formed an agreement whereby a press agent here in Jacksonville would boom him with Gibbons for governor, but I've heard Gibbons deny it emphatically and say, "I don't even know the man."

When Cromwell don't know a Florida man, it's going to take a long time for the latter to get acquainted.—Claude L'Engle's Dixie.

We people of this section might inquire of Mr. Beacham, "Who is this man Gibbons?" And since when did it become necessary for a politician to know Cromwell Gibbons to be strictly en regle and ready for the fray.

CITY COUNCIL MEETS

Many Matters of Interest Petteining to the City

The City Council met in regular session February 5th at 7.30 p.m. Present Geo. Fox, Jr., President pro tem, W. H. Underwood, P. M. Elder, W. S. Hand, F. I. Woodruff and B. W. Herndon. Absent T. J. Miller. Minutes of the last meeting read and approved. Mr. Fuscola complained that several lots in his block were in a very dangerous condition, and if fire should get into them that his property would be in danger. Also a petition was received from a large number of citizens making the same complaint regarding land lying between Second and Third Streets, East of Maple Avenue.

The following ordinances were read, and passed their first reading. An Ordinance entitled, An Ordinance prohibiting the carrying of concealed weapons.

An Ordinance entitled, An Ordinance prohibiting the sale of near beer on Sunday.

An Ordinance entitled, An Ordinance prohibiting minors from frequenting pool rooms.

An Ordinance, entitled, An Ordinance prohibiting the sale of intoxicating Liquors.

The following resolution was then passed: Resolved, That the Moss and Marr Shows be granted a license for one week for \$150.00.

On motion the Council then adjourned. Treasurers Report will be printed in next issue.

Brooksville is to have an up-to-date steam power electric plant which will run both day and night. The new plant will be ready to furnish lights in about six weeks.

THE UTILIZATION OF WASTE

products to the very fullest extent is, of course, the aim of every industrialist, and the Wood Waste Distilleries Co., Wheeling, West Virginia, U. S. A., certainly makes this possible in the case of the waste material of wood working establishments. By means of their distilling apparatus, ranging from a capacity of 5 to 500 gals., the industrial alcohol and turpentine contained in sawdust are effectively extracted, while the resultant fiber is ready for paper manufacturers.

POLITICAL ANNOUNCEMENTS

To The Voters of Orange And Osceola Counties

I hereby announce that I am a candidate for re-election as Senator from the 19th District, subject to the action of the Democratic Primary. I thank you sincerely for your support in the past, and if you approve my legislative record, I respectfully solicit your support again.

For Sheriff

James A. Kirkwood announces his candidacy for re-election to the office of Sheriff of Orange County subject to the decision of the Democratic primary to be held on April 30, 1912.

For Tax Assessor

I announce my candidacy for re-election to the office of Tax Assessor of Orange County subject to the decision of the Democratic primary to be held on April 30th, 1912.

For County Solicitor

To the Democratic Voters of Orange County: I hereby announce my candidacy for re-appointment to the office of county solicitor of Orange County, subject to the coming Democratic primaries. Should I be so fortunate as to secure re-appointment for another term, it will be my earnest endeavor at all times to perform the duties incumbent upon me, faithfully and fearlessly to the best of my ability.

To the Democratic Voters of Orange County: I hereby announce that I am a candidate for the office of County Solicitor, subject to the action of the Democratic Primary, and respectfully ask for your support.

For County Treasurer

I am a candidate for the office of Treasurer of Orange County, subject to the action of the Democratic primary to be held April 30, 1912. Your support will be appreciated.

For Tax Collector

I hereby announce myself as a candidate for re-election to the office of Tax Collector of Orange County, subject to the action of the Democratic Primary. If elected, I pledge to you my faithful service as I have endeavored to give in the past.

For County Judge

I hereby announce my candidacy for re-election to the position of County Judge of Orange County, subject to the decision of the Democratic primary to be held on April 30, 1912.

I hereby announce myself a candidate for re-appointment to the office of Judge of the Criminal Court of Record subject to the action of the Democratic Primary.

For State Attorney

To the Democratic Voters of the Seventh Judicial Circuit of Florida: I hereby announce that I am a candidate for re-appointment as State Attorney for the Seventh Judicial Circuit of Florida, subject to the action of the Democratic primaries in April, 1912. You have honored me with this office and I have endeavored to deserve your confidence in me by doing my duty to the best of my ability. If reappointed, I pledge you to do all in my power to uphold law and order in our circuit, with prejudice to none and with fairness to all. Thanking you for past kindness, I respectfully ask your support again.

For Superintendent of Public Instruction

To the Voters of Orange County: I hereby announce that I am a candidate for the office of County Superintendent of Public Instruction to succeed myself, subject to the action of the approaching Democratic primary. I feel that I am peculiarly fitted for this office by educational qualification, and by experience in management of small and large schools, and in dealing with teachers, by natural temperament and love for the work and by familiarity with the details and the general demands of the office acquired during my present incumbency. If elected to the office the educational interests of the county will be upon my heart, and I will endeavor in every way to be faithful to the trust imposed.

For Clerk Circuit Court

I announce my candidacy for the position of Clerk of the Circuit Court of Orange County subject to the decision of the Democratic primary to be held on April 30, 1912. Having served the county in this capacity for a number of years I again ask for the suffrage of the people. My past record is my best recommendation.

For Sheriff

I am a candidate for the office of Sheriff of Orange County subject to the decision of the Democratic primary to be held April 30, 1912. Having served in the capacity of deputy sheriff of the county for a number of years and being familiar with the duties of the same I feel that I can leave the question of my ability entirely to the voters of Orange County.

For State Legislaure

I will be a candidate for re-election to the State Legislature from Orange County subject to the decision of the Democratic primary held April 30th. Having served the people of the county for one term in this office gives me the benefit of experience as a legislator and the knowledge acquired by this service gives me a better opportunity to work for my constituency during another term in the Legislature.

For County Commissioner

I will be a candidate for re-election to the office of County Commissioner of Orange County subject to the decision of the Democratic Primary held April 30th, 1912.

The Gossip Say-

I notice the good work that the city council's toy has been doing in extinguishing fires. Gee, but that thing does get that if it is not held up by a train as it was a few evenings ago. And this just reminds me of the fire Saturday morning on Myrtle Ave. The toy had to run down to Oak Ave. and back to Myrtle, on account of the railroad having no crossing, thereby by blocking the avenue. It only took only a few seconds to go round your elbow to get to your thumb, but Mr. Editor, just think what those few seconds might have meant to the owner of the property and to the inmates of the house, a few seconds and the answer might have been too late. And there stands the beautiful ornament, the coal chute yet. The new one still unfinished but then that was a big undertaking for a little corporation like the Coast Line, or perhaps the ghost of the nigger that jumped off the chute and busted his head open and died has come promenading around there and scared the corporation to death.

Its time the new city fathers got busy. Take up the work where the old council left off. Blow ye the Trumpet, G. W. Spencer, wake up the dead corporation. Make them get a move on them and flush up the new chute, tear down the old, make crossings at all those streets and avenues that have been blocked so long, open up the town. Let us get civilized. Let one side of our town get acquainted with the other. Well, Mr. Editor, I believe this is all the kick I got coming today and if you got any room in your kick column just put this in for me, please, and may be I'll come again some time

New Celery City Vanity Fair While Away the Golden Hours— Social Gossip

Mrs. Prather Entertains
Mrs. W. W. Prather was the charming hostess of a very pleasant Bridge Party, Wednesday afternoon. Four tables of bridge were played. The highest score was made by Mrs. A. S. Briggs, who won the first prize a handsome workbag. Mrs. W. D. Holden, received the booby prize, a pretty basket of candy. The consolation prize, a cut glass dish, was won by Mrs. C. O. McLaughlin.

After the conclusion of the games of cards a delicious frozen fruit salad, celery sandwiches and coffee, were served. Mesdames, C. M. Vance, L. P. Hughes, W. D. Holden, U. W. Brady, C. O. McLaughlin, R. J. Holly, H. P. Driver, G. F. Smith, Robt. Newman, Forest Lake, R. H. Marks, C. E. Bell, Paul Keeley, A. S. Briggs, Maple, Putnam, Collard, Gerber, Green, Miss Bessie Schumpert, and Miss Thigpen joined the party later in the afternoon.

Mrs. Lake Hostess
Mrs. Forest Lake delightfully entertained the Every Week Bridge Club, Thursday afternoon. Two tables of bridge were played. Mrs. Cecil Gabbett made the highest score, and won the first prize, a handsome jardiner. The booby prize a pretty cream pitcher was received by Mrs. L. P. Hughes. After the cards, delicious refreshments were served.

Mrs. Lake's guests were Mesdames L. P. Hughes, W. D. Holden, O. W. Brady, C. O. McLaughlin, H. P. Driver, W. Prather, Cecil Gabbett.

Walking Bridge Club
Mrs. Cecil Gabbett was the hostess of the Walking Bridge Club, at her charming home, Thursday morning.

ALARM FOR THE DRIP PAN

Mandy Contrivance to Remind House-keeper When to Empty the Refrigerator Pan.

Being annoyed by the overflowing of the refrigerator drip pan, I attached the small device shown in the illustration to the refrigerator to remind me to empty the pan before it would overflow. A cork float and a common spool with wires set into it at right angles comprise the outfit. The whole device was fastened with

Battery Connections to the Float.

screws to the under side of the refrigerator. When the float has risen to the top, an electric circuit is formed, which rings a bell. The wires can be lengthened and bent to suit the size and depth of the pan used.—Frank W. Preston in Popular Mechanics.

Some Uses for Alcohol.

A little alcohol in hot water is excellent for cleaning smoky lamp chimneys, and varnish stains on glass, tile and marble will disappear with its use. Old paint stains, too, will often yield readily to alcohol when they will not to turpentine. The white marks so often left upon a varnished table after water has been spilled upon it can be taken out with alcohol. After putting the alcohol on the stain take care not to touch it until it dries. A slight slickness results which will disappear in a few minutes, but if touched or rubbed while sticky the surface will either be defaced or the varnish will come off. Small white marks on varnished furniture will sometimes come off if an ordinary rubber ink eraser is used.

Found He Had Reached Limit.

"The laws of fashion have no weight with some men," said Herr Metzesner, of Munich, when he appeared recently in what he called a "reform costume." He considers the conventional dress of European men "hideous to look upon and not conducive to good health," and has substituted for all outer garments one great robe, which is like a monk's frock, but has some resemblance also to a woman's gown. The man, when seen in the street, was simply laughed at, but when he joined a church parade on a recent holiday in his queer costume he was sent to a looker for two weeks on the charge of disrespect for the church.

ALL AROUND THE HOUSE

A clothes tree on which to hang unfinished garments is a great convenience in a sewing room. Do you know that by turning a cauliflower head downward it cooks more quickly and improves in flavor? A favorite dish at a certain tea room consists of pate shells filled with a mixture of chicken livers and mushrooms in a cream sauce.

When powdered sugar gets hard run it through the food chopper. This is an easier way of breaking up the lumps than using a rolling pin.

To thicken gravies for pot roasts or stews put a piece of brown bread in with the meat. When you go to make the gravy rub it up for the thickening.

Clotheslines may be washed by winding them on a long board, then scrubbing them with a brush. This prevents them from tangling and makes them easy to wind once they are dry.

TO MAKE MARSHMALLOW LOAF

Served in Glasses With Whipped Cream, It Makes a Most Delicious Light Dessert.

Beat the whites of four eggs until stiff. Into them stir a tablespoonful of gelatin dissolved in one-half cupful of hot water. Add one-half cupful of cold water and one cupful of granulated sugar. Beat well and divide into three equal parts. Flavor each part differently (or with the same flavoring if preferred) and color one part with melted chocolate, one with beaten yolks of two eggs (or leave it white) and one with pink coloring. Let it stand until you are sure the colors will not run into each other, beating it now and then. Dust a breadpan with powdered sugar, put in the chocolate part and sprinkle with chopped English walnuts, add the white part and more nuts; lastly, the pink. After standing for a few hours the brick will turn out like ice cream. Serve with whipped cream.—Delineator.

NEED NOT BE WITHOUT HERBS

Even Dwellers in Cities Can Grow Ample Supply of Several Varieties in Window Boxes.

Not everyone has the time or the space for a kitchen garden, but no one need be without the savory herbs which are sometimes hard to find in the market and which add so much to the tastiness of the table, says a writer in Armour's Farm Almanac. Even people who live in cities can have a few window boxes, which will produce as much parsley and cress and chives as they will want to use, and which are just as pretty as many decorative plants. The possessor of a back yard need never lack for early vegetables, such as lettuce, beets and onions; and as for the farmer's wife, there is no excuse at all for her not having a complete assortment of the lighter vegetables.

Fennel, rue, balsam, mint and lavender grow by the roadside, where knowing ones may find them, but the savory vegetables of the garden, which give so much flavor to cooking, are little known. Sorrel grows wild, but is better when cultivated, and is the foundation for one of the finest fish sauces in the world, which is made by bruising the young leaves, and pouring over them oil and vinegar in equal parts. It is also excellent in a soup, which is so delicate that invalids and children relish it, especially. To make, wash and boil the leaves for fifteen minutes in water in which potatoes, cauliflower or asparagus has been cooked; then throw in a handful of rice, boil ten minutes more, add a general lump of butter, pepper and salt, and serve piping hot.

Tarragon is a plant which is even less known than sorrel, but which deserves to be treated with great respect, for it is the flavor, par excellence, for all pickles, salads and chow-chows. The plant is a perennial, which springs up every year, like rhubarb. The pungent little chive, an infinitesimal onion, is also more or less of a stranger to us, which is a pity, for it is the most delicate in flavor of the onion family, and is often relished by people who cannot eat its lustier relatives.

The leek, too, is delicious, either as a relish, when very young, or fried, as a garnish for meats, or sliced with cucumbers and tomatoes.

Potato Yeast Cakes.

Four medium sized potatoes peeled, boiled, mashed or put through a colander; four tablespoons white sugar, one of ginger, two cups flour. Pour over this one pint boiling water. After it cools put in two yeast cakes; before putting away add one tablespoon salt. Bottle tightly. Have used this recipe for years with good results.

Earnest Smokers.

The champion cigar smoker in Paris recently kept a cigar alight for two hours and seventeen minutes. Nothing is said as to the length of the cigar. It was a California miner who wagered that he would smoke six cigars, six cigarettes and six pipes of strong tobacco within an hour. He accomplished the task, was seized with an attack of heart failure immediately afterwards and never smoked again. The tenor Mario smoked from 25 to 30 ordinary-sized cigars a day, and in Italy where he could not obtain Havana, he used to smoke daily 100 Cavours. They say Edwin Booth smoked 25 cigars a day. Mark Twain ran him close, and Mr. Edison a good third.

How to Test Beer.

"After drinking beer all my life I learned something new about it the other day," said the gray-headed man. "Sweeney and I sat at a cafe table. Our first thirst had been quenched and we drank slowly. Presently Sweeney stopped talking and raised his half-filled glass. 'Don't drink that stuff,' I said. 'It has been standing too long. It has got stale.' 'I guess it is all right,' said he. 'Wait a minute and I'll see.' He pressed his ear close against the open end of the glass. 'It's all right,' he said. 'It still sings. Only when beer stops singing is it really stale.' Then I tested my beer. It sang and I drank it. It tasted all right, too."—New York Times.

A LIBERAL OFFER.

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store.

A SLOW TRAIN THROUGH FLORIDA

Old Eighty-Five Now Comes in the Tri-Weekly Class Without a Regular Schedule

By PERCY P. VYLE

By way of a little soothing syrup to help us forget the discomforts and delays of what we, the common people, have to endure on the rails the year around, we are now being handed the usual annual dope about "palatial," "handsomely appointed," "palace on wheels," "magnificent," "suberb" trains which condescend to honor the depot a few weeks of each year, "arriving in the city on time."

Bank! Prunes and more Bank! There's that culprit 85 or the West Indian Mail, for instance, scheduled to leave Jacksonville for Green Cove Springs, Palatka, DeLand, Sanford, at 2 o'clock each afternoon, but actually due to leave on the arrival of 85 from New York, which may blow in any time between 2 o'clock one day and 2 o'clock the next.

It is the abominable policy of the railroad operating this train (I'm going to write this article without giving the railroad a free mention) to hold the Jacksonville-Tampa connection instead of sending it out on time. In this way only one train is operated and the railroad is in pocket so much. With an eye to a schedule which looks good in print, ten whole minutes are allowed the New York train for delays and to make the Tampa connection in this city.

Experience has shown the poor old Florida that this schedule is practically nothing more than a joke, yet it is persistently and wilfully maintained in print.

It is nothing out of the ordinary for the unsuspecting traveler to reach the depot on time and have the pleasure of sitting in the theoretically "magnificently appointed" but deucedly uncomfortable travel-stained coach (No, James; if you want the Pullman you must await its arrival from New York) over two hours awaiting the delayed New Yorker. Not in bad weather alone but in summer time, also.

What travelers at this end of the line are permanently enduring with that stolidism which so admirably becomes us is nothing to the discomforts and annoyances of people who intend to pick up 85 at points below Jacksonville. A few hours' wait in the theoretically "palatial" depots amid the splendidly picturesque landscape for which Florida depots are so noted, may be all right.

Then again it may be not. Jacksonville and inter-point mails are interrupted. Jacksonville mails are sche-

duled to reach Green Cove, Palatka, DeLand, Sanford in time for box distribution that same evening.

They do not, and frequently not at Sanford and below.

The value of each passenger's time, the consequent interference with business along the line, delayed mails, etc., must amount to a waste of many thousands of dollars every week, all because of the contemptible indifference of the railroad toward the people and also because the people are so indifferent to railroad indifference that they have allowed this thing to continue for years.

Once or twice, I believe, during the Christmas holidays, 85 left on time and the New York section followed.

But this should be done every day when the Florida schedule is liable to receive an interference of more than thirty minutes. There should be a law and the law should be enforced which would compel the railroads to run their trains within thirty minutes of their printed schedule or run a new train from junction points.

Such a law would be of immense value to central Florida points and it seems to me, west Florida points would have no kick coming.

And, by the way. Don't believe the Pullman write-ups you read in the papers about these elegantly appointed trains. These don't refer to people who keep the railroads going down this way twelve months out of twelve—it's the same old grimy day coach for yours.

A Good Catch of Fish

Four of the most fortunate men in this section are fishing for the Walton Fish Co., a few miles south of this place, on Indian River, and the lucky hit that brought fame was made last Thursday morning when, with their two nets, they hauled in 27,000 pounds of bass and trout a tone haul, the men's share being \$700. A few mornings before two men fishing for a Eort Pierce house caught 18,000 pounds of the same kind of fish at one haul.—Fr. Pierce News

Congested conditions in leading butter markets of the East is attributed as the cause for the four cent reduction made by the quotation committee of the Egin butter board this afternoon. Members of the committee declared the output had materially increased during the last week. This is a reduction of eight cents in two weeks.

Will Have Fine Studio W. H. Leigh of Beaver Falls, Pa., has been in the city several days and has made a contract with Mrs. Ensminger for the studio. A contract has been let for the remodeling of the entire building, the studio proper to be on the second floor with all the modern improvements and when completed will be one of the most complete in the state. Mr. Leigh has lately been with the Hoffman studio in Savannah and comes to Sanford highly recommended as an artist of rare ability. He will open the new studio about April first.

Pretty Ankles Do The Work Mrs. J. A. Johnson and Mrs. J. P. Murdaugh spent a few days last week at Eagle Lake, camping in Mrs. Johnson's bungalow. Thursday they went fishing and Mrs. Johnson was rowing and Mrs. Murdaugh said she was going to troll. So she tied the troll line to her ankle, and in a few minutes there was a sharp pull which nearly threw Mrs. Murdaugh out of the boat. Mrs. Johnson held Mrs. Murdaugh in the boat while she pulled in the fish, which was a fourteen-pound perch.—Bartow Record.

Charles W. Morse, the New York banker, who recently was given his freedom by the federal authorities after serving two years of his fifteen-year sentence in the federal prison here, is said to be able to travel and will leave within the next two days for New York. Mrs. Morse tonight declined to confirm the report that Morse will be moved at once, merely stating that it had been their intention to go East within the next two weeks. Since his release from Fort McPherson hospital, it is said, Morse's condition has been slowly but gradually improving.

Primary Election Call

To the Democratic Voters of the Second Congressional District of Florida. The Campaign Committee of the Democratic Committee of the Second Congressional District of the State of Florida, hereby gives notice as follows: First. A primary election for the nomination of a democratic candidate for Congress from said district to the 63rd Congress of the United States will be held on the 30th day of April, A. D. 1912. Second. Should there be a failure in the election for the nomination of a Democratic candidate for Congress from the said district to the 63rd Congress of the United States, a second primary will be held on the 28th day of May, A. D. 1912. Third. An election of a new Democratic Congressional Committee for said district will be held on the 30th day of April, A. D. 1912, to be composed of one member from each county in said district to be chosen by the democratic voters of each county respectively. Fourth. The rules governing the State Primary election as promulgated by the Democratic State Committee shall control in the primary election of a nominee for Congress where applicable and not inconsistent with specific requirements of this committee. Fifth. Any white democrat possessing the necessary legal qualifications for Representative in the Congress of the United States from said district, may become a candidate for the nomination in said primary election, by filing with the chairman of this committee, viz: Hon. G. L. Hazzell at Fernandina, Florida, on or before the first day of March, A. D. 1912, a written statement as required by law of his purpose to be such candidate, which statement shall be signed by him and shall be accompanied with Three Hundred and Seventy-five dollars as an assessment to aid in defraying expenses of holding said primary election. Sixth. Candidates for membership on the Congressional Committee shall not be required to pay any assessment, and shall make their application for place on the ballot to the respective County Committees. Seventh. This Committee will canvass the returns of such election and declare the result, and will include season issue instructions and promulgate rules thereto. Eighth. All candidates shall come under and by virtue of the power given us under the law and rules of the Committee this 25th day of January 1912. G. L. HALTZELL, Chairman Campaign Committee of Florida. Dem. Cong. Com. 2nd Cong. Dist. of Florida. Attest: Jesse Boyer, Secy. April 30th 1912.

DEPARTMENT OF THE INTERIOR, U. S. LAND OFFICE AT GAINESVILLE, FLA., January 6, 1912. Notice is hereby given that Edwin A. Gilbert, whose postoffice address is Sanford, Florida, did on the 5th day of October, 1910, file in this office sworn statement and application, No. 07840, to locate the NW 1/4 of SE 1/4 of NE 1/4 of SW 1/4, Section 12, Township 21 south, Range 31 east, Tallahassee Meridian, and the timber thereon, under the provisions of the act of June 3, 1878, and acts amendatory, known as the Timber and Stone Law, at such value as might be fixed by assessment, and that, pursuant to such application the land and timber thereon have been appraised at Five Hundred Twenty Dollars, the timber estimated 40,000 board feet at \$5.00 per M., and 40,000 board feet at \$2.50 per M., and the land \$220.00; that said applicant will offer final proof in support of his application and sworn statement on the 20th day of March, 1912, before the clerk of the circuit court at Orlando, Fla. Any person is at liberty to protest this purchase before entry, or initiate a contest at any time before patent issues, by filing a corroborated affidavit in this office, alleging facts which would defeat the entry. HENRY S. GUNN, Register. (fr 38-91-p)

Pains All Over!

"You are welcome," says Mrs. Nora Cuffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardul. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardul, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

TAKE CARDUL The Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardul handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardul has helped over a million women. Try it.

Why the "INSURANCE" Why is the

"Insurance" Gasoline Stove

so called? Webster defines Insurance "as the act of insuring or assuring against loss or damage."

Therefore, the "Insurance" insures that when a burner valve is accidentally opened, it shall automatically close—that when a draft blows out a burner flame, the supply of gasoline shall automatically be shut off—it insures against the possibility of a careless servant filling the reservoir while the stove is lighted—it insures that the gasoline shall be filtered—it insures best material, careful workmanship and thorough inspection.

The "Insurance" is assurance doubly sure. The "Insurance" is very interesting. See it. Samples Always on Our Call and see it. No. 8 FLOOR

COUNTY HAPPENINGS

(continued from second page)

Georgia for two months. W. L. and Joe Seig of DeLand and Sanford also attended the marriage.

One of Geneva's oldest citizens, Mr. Phil Fravatt, died on last Sunday night at the home of his niece, Mrs. David. Mr. Fravatt had been a sufferer for years and his going home was a relief to him. He leaves an aged mother and two sisters, Mrs. Smith and Mrs. Harris, besides other relatives and many friends. He was a faithful member of the Methodist church. The most of his life has been spent at this place. Much sympathy is extended the family.

BUDA ITEMS

Mr. and Mrs. C. A. Paulson spent a part of last week in Orlando, taking in the fair.

EBENZER NOTES

To The Editor of The Herald:

We are having plenty of cold weather now.

We are very glad to see Mr. J. M. Lord out again, he has been sick for some weeks with Lagrippe.

Mrs. J. D. Letson and children, visited friends in Gee Hammock Saturday and Sunday.

Several of our residents visited the fair last week. Mrs. J. M. Wynn and daughter, Mrs. Overstreet went on Wednesday, Mr. Wynn, Mrs. J. D. Letson and Miss Lillie Lord on Thursday and Mr. Barney Betterton on Friday, all report the fair well worth seeing.

We are very sorry to hear of the serious illness of Mrs. W. O. Nolan this week. She is suffering with a severe case of Lagrippe.

There will be the 2nd, Sunday services held at Ebenezer church next Sunday. Preaching morning and evening by our pastor Rev. C. A. Saunders.

The school children of this place came near having a serious accident when the street car burned near Cameron City on Wednesday. We are very thankful that got out with their lives and the loss of only a few books.

Mr. and Mrs. Frank Karel, Messrs. Charley Garrett, Edwin Humphrey, Fayette Humphrey and James Cassiday, of Clyde, attended the fair on Thursday.
