

### Ten Fast Events On This Evening's Boxing Program

#### Show Will Be Put On By Boys' Club In 4th Street Arena

Ten events, advertised as fast ones, are on the card for tonight's boxing show in the Fourth Street Arena, put on by the Seminole Boys' Athletic Club. The first bout is scheduled for 8:00 o'clock. Tonight's card is as follows:

Glenn Cochran vs. Paul Moore, Jack Emanuel vs. Billy Harrison, Edward Crosby vs. Theodore Klieker, Marvin Smith vs. Billy Hoolehan, Laurence Barrineau vs. unnamed opponent, Edward Smith vs. Stanley Re-Char, Harry Lee Moore vs. Earl Felry, H. C. Tippins vs. Duane Tillis, Eugene Tippins vs. Clarence Barrineau, Charles Cameron vs. Ray Edge.

### Crooms-Bronson Tilt Is Won By Sanford

Crooms Academy of Sanford defeated Bronson High of DeLand on the football field by the decisive score of 14 to 0. During the first quarter the Crooms squad received 10 points for safety, and then with their linemen as a stone wall of defense Patrick climaxed a touchdown. Rozier made a 30-yard run at the start of the second half and Earl made a 15-yard gain through center, ending the third quarter.

Bronson High cheered Quarterback Peters for a 40-yard run. After losing the ball to Crooms, Rozier ran for 30 yards, and then Crooms lost to Bronson, and Peters gained 35 yards. Linemen on both teams battled from the start.

Crooms intercepted a pass in the last few seconds of play, and a perfect touchdown was the outcome.

### Gators Defeated By Tulane, Score 19-7

By HAM MURRAY  
NEW ORLEANS, La., Oct. 14.—Fighting back at Florida with its own game, Tulane's Green Wave demolished the visiting Alligators from the air Saturday to overcome a first quarter touchdown deficit, and drove on to a 19 to 7 victory before a sunny day crowd of 10,000.

Floyd Christian, the big Florida right end, scored the Alligators' touchdown, standing in the end zone to bring in a long pass from Captain Chase which was made from Tulane's 24 yard line.

### Al Hickland Supplied Florida's Extra Point from Placement and Dick Page made a perfect kick for the unit after Tulane's first touchdown.

### Fast Stetson Squad Beats Oglethorpe, 7-6

ATLANTA, Oct. 14.—Stetson's eleven came from DeLand last Saturday, and defeated Oglethorpe, 7 to 6. The visitors played defensive football until the third period when they launched an offensive pegged on a combination of end sweeps to come from behind and nose out the lighter Oglethorpe team.

First downs were at premium and most of the game was played out of the danger zone. Oglethorpe held the edge in first downs, five to four.

In the see-saw battle, punt exchanges were frequent, with some husky booting turned in by Louison, Stetson quarterback and Luella, Petal halfback.

Both lines presented a solid front during most of the game. Stetson twice repelling goal line charges, and Oglethorpe repeating the performance.

### Black - Draught And Good Health Year After Year

"I have never had a bad sick spell and for years I have taken Black-Draught for the least symptom of upset stomach or sluggish feeling," writes Mr. W. F. Phillips, of Gateway, Mo. "I am a very hearty eater and sometimes I eat too much. If I feel uncomfortable, I just take a small dose of Black-Draught and soon feel all right. I feel I owe my good health to use of this reliable, palatable medicine, Black-Draught."

Where constipation is at the bottom of such troubles as Mr. Phillips mentions, take a good laxative.

Thousands of men and women have given Black-Draught credit for having helped them to avoid serious developments of constipation troubles.—A.P.

### Myer, American, Vaughan, National, Lead Batters In Big Baseball Leagues

NEW YORK, Oct. 14.—Floyd Vaughan, of Pittsburgh, who led the batters most of the season, finished with a mark of .385, topping his nearest rival, Joe Medwick, of St. Louis, by 31 points for the undisputed batting championship of the National League.

Vaughan made 192 hits in 499 trips to the plate and drove in an even 100 runs. Medwick made 224 hits in 633 times at bat and drove in 124 runs.

Billy Herman, of the champion Chicago Cubs, made most hits, 227, while his teammate, Galan, scored most runs, 133, one more than Medwick. Herman also made most two-base hits, 57. Wallis Berger, of the lowly Boston Braves, rapped out most home runs, 34, and drove in most runs, 127, though he batted only .297.

Bill Lee, of Chicago, is the leading pitcher with 20 games won and only six lost for a mark of .709. J. Dean, of St. Louis, won most games, 28, and pitched more innings than any other pitcher, 325. Dizzy also was top in strikeouts with 190.

CHICAGO, Oct. 14.—The American League individual batting championship goes to Charles Myer, of Washington, who during the last four games of the 1935 season lambed 10 hits in 15 times at bat to beat out a milk. Myer's win reads 349 and was a hit in 616 times at bat.

Greenberg, Detroit runs for the top in ment and tied Forphia, for home runs of New York, who I was always a be more departments, honor among the be son by scoring me Werber, of Boston, base than Lary, of according to the s ords.

Elden Auker, of I leading pitcher h g lost, with 18 win losses for a peven Wes Perrell, of los games, 25, and jtc nings, 322.

### Ralph Wight Sees Banner Year For 1936 Oldsmobiles

"I've seen the 1936 Oldsmobile. I've heard about the 1936 plans. I've been told of the great production expansion. And so I want to say that I am confident that 1936 will again see all records for production and sales of Oldsmobile broken."

This was the enthusiastic statement today of Ralph Wight, Oldsmobile dealer in Seminole County, after returning here in one of the 1936 model Oldsmobiles from a dealer meeting at Jacksonville.

"The country knows Oldsmobile as 'the car that has everything,'" he said, "and the new 1936 cars have everything plus. There is a definite advance in style leading styling, keeping Oldsmobile far in front in graceful streamline design."

"The 1936 cars are big, new automobiles, beautifully designed, roomy and comfortable, and possessing all those features which have made Oldsmobile famous."

"When the cars were shown to the dealers of the area, and plans for the coming year were outlined, unanimous approval of both cars and program was expressed by the dealer organization."

Popularity of the 1936 Oldsmobiles was so great that when the factory was closed at the end of the 1935 production season there still remained on hand a large number of unfilled retail orders. Mr. Wight pointed out. This condition is unprecedented in the industry.

### ROCKEFELLER IN SUNNY FLORIDA

John D. Rockefeller, of New York, is in Florida for the winter.

### Hog Producers Make Big Money On Lowly Porkers

(Continued from Page 1) and forth as the demand grows. There seems to be plenty of corn in reserve on the various farms and such farmers are not feeding it themselves but are making a nice profit selling to farmers with hogs to fatten.

"With western pork selling so high in the markets, butchers are discovering that 'native' Florida pork can be sold for less money and that the chops, steaks, roasts, etc. from a fattened Florida porker are just as good to eat as any pork as far as the mass of customers is concerned."

There seems to be an ample supply of hogs for fattening. The crop of young pigs this summer was better than average, many farmers report, and so there will be plenty of sows for breeding purposes for next season. The woods are full of hogs which have been branded by owners (and branding young pigs) and at such round-ups the best hogs for fattening are selected and taken up to the farm-yard for feeding.

### Florida Pork Popular

With pork prices in the United States continuing high it looks like Florida farmers who have hogs will be in a position to make some nice profits all through the winter. The fact that thousands of consumers are learning that Florida pork is unexcelled from an eating standpoint, if the hogs have been properly fattened by the same date it opens their market as well. As in the case of native beef, also becoming more and more popular, there is being built up a permanent demand for increasing quantities of Florida-grown pork and pork products.

Farmers have in many cases improved their strains in recent years and the old-fashioned razorbacks are becoming scarce. While many hogs show their razorback ancestry by their somewhat lengthy snouts, nevertheless pigs are becoming more round and fatter each year on Florida farms. The Florida strain of pig which is being developed is a hardy animal, well able to forage for itself part of the year, and an animal which fattens quickly into desirable butchering stock when penned up and given plenty of corn, peanuts, etc. Undoubtedly the hog is doing much to bring back prosperity to large areas of Florida farming territory.

### MOTOR TRUCK SHIPMENTS

Motor truck movement of Florida citrus up to the first of this month totaled 95 cars of grapefruit and 17 cars of oranges, according to figures released by the Federal-State Market News Service at Orlando. Thus it may be seen that trucks opened the orange deal this year for by the same date it opened the grapefruit car of oranges had rolled by rail-boat. This season's truck movement compares with a truck movement last year (to same date) of 8 cars of oranges, 114 cars of grapefruit.

### FLORIDA FARM AND GROVE SECTION

### LIVESTOCK

### Ham And Sausage Aplenty For Winter Use

Hog Killing Time is here in Florida. Many a farmer will be filled with choice pork products for the winter months.

### Cottonseed Meal Recommended As Winter Pasture Supplement

By J. FRANCIS COOPER, Editor, Extension Service

With the introduction of improved blood into Florida beef herds in practically all parts of the state, with the giving of more attention to the animals on account of screw worm fly, and with the greater interest in cattle practice for Florida, the state experiment station has undertaken a series of experiments along this line. Heretofore all ages and cottonseed meal have been used, and during the winter of 1934-35 cottonseed meal was employed for the first time. This product is generally used on the ranges of southern Texas and New Mexico.

### Cottonseed Recommended

Following the results obtained in this preliminary experiment, Station workers are recommending cottonseed meal for Florida beef cattle, says Bradford Knapp, Jr., assistant animal husbandman. It is efficient and economical, maintaining weight practically as well as meal and silage in the dry lot, and costing about half as much. In the wintering experiments, the aim has been to feed just enough to keep the animals from losing flesh and not to incur excessive expense in doing so. Pure-bred and grades need to be kept in better feed than natives, and winter feeding carried the breeders into the spring breeding season in better condition. The calf crop is the important consideration in the breeding herd.

### Proper Soybean Rations Reduce Soft Pork Danger

Prevention of soft pork, the U. S. department of agriculture says, is especially important in the case of hogs. The hog's body fat and such soft hogs are objectionable on the market.

This year more soybeans than usual are being harvested as grain, particularly in the corn belt, because of heavy yield of the corn. Soybean crops are being raised in Illinois, Indiana, Iowa, Ohio and Michigan. It is estimated at 21,000,000 bushels, which is twice as large as the crop harvested last year. Soy grain is being fed to hogs with little danger of producing soft pork. The meal from which the oil has been removed has a much higher percentage of protein than the hogs are fed. It is estimated that 25 pounds of soybean meal will equal 50 pounds of corn meal in protein content. Soybean meal is a much better feed than corn meal. Soybean meal is a much better feed than corn meal. Soybean meal is a much better feed than corn meal.

### Efficiency In Cooperative Marketing Talked by M'Kay

(Continued from Page 1) Some organizations are formed with local associations which grade and pack the products; others are centralized. Some operate warehouses or packing plants while others operate solely as sales agencies.

Attention should also be given to the legal structure of a cooperative association. The association should be incorporated under the best available law which permits the conduct of the business in a cooperative manner. The articles of incorporation should state correctly and completely the purposes and powers of the association, and conform to the requirements of the act under which the association is to be organized.

The by-laws of any association should provide a workable plan for carrying on its business. The most essential features are that provisions are made for the control of the association by its members and for the distribution of earnings on a basis of patronage. An association should be organized and operated so as to comply with the provisions of the Capper-Volstead Act. To comply with this act, an association must operate only for the mutual benefit of its members or patrons and must provide either that no member is allowed more than one vote, or that dividends on stock or membership capital are restricted to eight per cent per annum. In any case, a cooperative association must conform to the requirements that it "shall not deal in the products of non-members to an amount greater in value than such as are handled for members."

Members' Interests Protected

The third requisite for successful cooperative marketing is that an association must be supported by its members and operated in their interests. The actual direction of an association, of course, is in the hands of a comparatively few men—the board of directors, who are often represented in turn by the members and officers of the association, and the general manager. There is a difference, however, between an association whose directors and officers are working in the interests of the members and one which is managed without reference to the members' wishes or needs.

Support of an association by its members raises the question whether farmers in a region are good cooperators, whether they are inclined to take the active part in the affairs of the association, or are inclined to leave everything to the management. Oftentimes failure of an association to operate in the interest of the members is due to failure of the members to inform themselves regarding the policies of the association or to make their wishes known.

It is only fair to say, however, that growers as they gain more experience, in cooperative marketing, will be more interested in their association, provided the policy and management are such as to encourage it. There is justification for the statement that the best way to develop the cooperative spirit is by cooperating.

### County Agents To Gather Soon For Annual Meeting

Florida's county agricultural and demonstration agents will gather at the University of Florida College of Agriculture October 28 for their annual conference. It is announced by A. J. Spencer, vice-director of the State Agricultural Extension Service. Farm and home problems, programs and plans will compose the principal topics on the program, which will continue through November.

There are now 44 county agents and 86 home agents, with a number of others to be appointed before the annual session begins. The new agents will receive valuable instructions concerning their work. Agricultural adjustment work, home demonstration problems, extension assistance in rural rehabilitation, farm credit, community problems, recreation, 4-H club work, changes in farm and home life and adaptation to new conditions, plans of work and reports will receive attention at the session, Mr. Spencer says.

### MEAT PACKERS OF NATION RAP PLAN FOR CURBING HOGS

Hog prices are out of line with consumption according to meat packers who demanded recently at Washington that the AAA discontinue its curbing adjustment program.

Two resolutions for the packing industry to favor with farmers and farm bureau officials who supported the program. W. W. Woods, of Chicago, head of the Institute of American Meat Packers, declared any attempt to limit production would mean to him the destruction of the industry.

Conflicting views were presented during the gathering at Washington. The farmers' group says that the latter, more control.

Only 750 and 800 will make a good growing crop in northern Florida this winter. If planted the latter part of September or later.

### Ten Fast Events On This Evening's Boxing Program

#### Show Will Be Put On By Boys' Club In 4th Street Arena

Ten events, advertised as fast ones, are on the card for tonight's boxing show in the Fourth Street Arena, put on by the Seminole Boys' Athletic Club. The first bout is scheduled for 8:30 o'clock. Tonight's card is as follows:

Glenn Cochran vs. Paul Moore.  
Jack Emanuel vs. Billy Harrison.  
Edward Crosby vs. Theodore Kicker.  
Marvin Smith vs. Billy Hoelsh.  
Laurence Barrineau vs. unnamed opponent.  
Edward Smith vs. Stanley Richard.  
Harry Lee Moore vs. Earl Peirce.  
H. C. Tippins vs. Duane Tills.  
Eugene Tippins vs. Clarence Barrineau.  
Charles Cameron vs. Ray Edge.

### Crooms-Bronson Tilt Is Won By Sanford

Crooms Academy of Sanford defeated Bronson High of DeLand on the football field by the decisive score of 14 to 0. During the first quarter the Crooms squad received 10 points for safety, and then with their linemen as a stone wall of defense Patrick climaxed a touchdown. Rosier made a 30-yard run at the start of the second half and Earl made a 15-yard gain through center, ending the third quarter.

Bronson High cheered Quarterback Peters for a 40-yard run. After losing the ball to Crooms, Rosier ran for 30 yards, and then Crooms lost to Bronson, and Peters gained 25 yards. Linemen on both teams battled for the start.

Crooms intercepted a pass in the last few seconds of play, and a perfect touchdown was the outcome.

### Gators Defeated By Tulane, Score 19-7

By SAM MURRAY  
NEW ORLEANS, La., Oct. 14.—Fighting back at Florida with its own game, Tulane's Green Wave bombarded the visiting Alligators from the air Saturday to avenge a first quarter touchdown deficit, and drove on a 19 to 7 victory before a sunny day crowd of 10,000.

Floyd Christian, the big Florida right end, scored the Alligators' touchdown, standing in the end zone to bring in a long pass from Captain Chase which was made from Tulane's 24 yard line.

Al Hickland supplied Florida's extra point from placement and Dick Page made a perfect kick for the unit after Tulane's first touchdown.

### Fast Stetson Squad Beats Oglethorpe, 7-6

ATLANTA, Oct. 14.—Stetson's eleven came from DeLand last Saturday, and defeated Oglethorpe, 7 to 6. The visitors played defensive football until the third period when they launched an offensive pegged on a combination of end sweeps to come from behind and nose out the lighter Oglethorpe team.

First downs were at premium and most of the game was played out of the danger zones. Oglethorpe held the edge in first downs, five to four.

In the see-saw battle, punt exchanges were frequent, with some husky booting turned in by Lewston, Stetson quarterback and Leslie, Petrel halfback.

Both lines presented a solid front during most of the game. Stetson twice repelling goal line charges, and Oglethorpe repeating the performance.

### Black-Draught And Good Health Year After Year

"I have never had a bad sick spell and for years I have taken Black-Draught for the least symptom of upset stomach or sluggish feeling," writes Mr. W. F. Fullum, of Gaywood, Mo. "I am a very hearty eater and sometimes I eat too much. If I feel uncomfortable, I just take a small dose of Black-Draught and soon feel all right. I feel I owe my good health to use of this reliable vegetable medicine, Black-Draught."

Where constipation is at the bottom of such troubles as Mr. Fullum mentions, take a good laxative.

Thousands of men and women have given Black-Draught credit for having helped them to avoid serious developments of constipation troubles.—(A.P.)

### Myer, American, Vaughan, National, Lead Batters In Big Baseball Leagues

NEW YORK, Oct. 14.—Floyd Vaughan, of Pittsburgh, who led the batters most of the season, finished with a mark of .385, topping his nearest rival, Joe Medwick, of St. Louis, by 31 points for the undisputed batting championship of the National League.

Vaughan made 192 hits in 499 trips to the plate and drove in an even 100 runs. Medwick made 224 hits in 633 times at bat and drove in 124 runs.

Billy Herman, of the champion Chicago Cubs, made most hits, 227, while his teammate, Galan, scored most runs, 133, one more than Medwick. Herman also made most two-base hits, 57. Wallis Berger, of the lowly Boston Braves, rapped out most home runs, 34, and drove in most runs, 127, though he batted only .297.

Bill Lee, of Chicago, is the leading pitcher with 20 games won and only six lost for a mark of .709. J. Dean, of St. Louis, won most games, 28, and pitched more innings than any other pitcher, 525. Dixie also was top in strikeouts with 190.

CHICAGO, Oct. 14.—The American League individual batting championship goes to Charles Myer, of Washington, who during the last four games of the 1935 season lambasted 10 hits times at bat to beat out Ed Greenberg, Detroit.

Myer's win reads .340 and was hits in 616 times at bat. Greenberg, Detroit, runs for the top moment and tied Fox, Philadelphia, for home runs, 31, was always a home department, honor among the boys by scoring 44 runs.

Myer, of Washington, who during the last four games of the 1935 season lambasted 10 hits times at bat to beat out Ed Greenberg, Detroit.

### Especially Designed Farm Building Plans Offered Our Readers

#### Series Will Include Latest Types Of Homes and Other Outbuildings

Our Florida Farm and Grove Section presents herewith the first of a series of specially designed farm buildings. The series will include homes of various types and styles of architecture, drawn by Henry Irven Gaines, noted architect, in addition to other farm buildings.

A description of the house in the accompanying drawing follows:

**The First Floor**  
In designing this house the architect attempted to keep in mind the requirements of the average Florida farm family. The plan calls for a bed-room and bath on the first floor. This bed-room is accessible both from the living room and the kitchen; the thought being that the lady of the house might go quickly from the kitchen through the bed room, tidy up a bit and meet unexpected guests from the living room portion of the house.

This bed room is also situated so that the man of the house may enter from the rear without disturbing guests. The bath room is also accessible from the living room without going into the bed room. There is also an ample back porch from which much work can be done in the warm weather. The kitchen has an adjoining storage pantry with outside ventilation which will prove useful in storing vegetables and canned goods. There is also a small breakfast room adjoining the kitchen where the children may have an early breakfast before going to school.

Note also that there is a traditional front porch of sufficient size to accommodate the gatherings of friends and relatives on late afternoons and Sundays. The entrance to the second floor is from a small entrance-hall that permits access to the second floor without passing through any other portion of the house.

**The Second Floor**  
The second floor contains two bed rooms and a bath with ample closet facilities. Note that the bath is directly over the bath below which allows economical plumbing, roughing in, and piping. Do not be perturbed by the fact that these second floor rooms are cut into the roof, because there are many economical materials on the market that will safely insulate these rooms against heat and cold.

The exterior of the house as shown is of wood siding. However, the exterior material could be brick, or stucco, just as successfully.

The ideal exposure for the house is to the north which will place the porch away from the sun, but at the same time will catch the early sun in the breakfast room where it is always desirable.

This house should be erected in Florida for approximately \$5,000.00 depending of course upon the material and finish.

Working blue prints and complete specifications may be purchased by addressing Architect care of Florida Farm and Grove Section, Box 2039, Orlando.

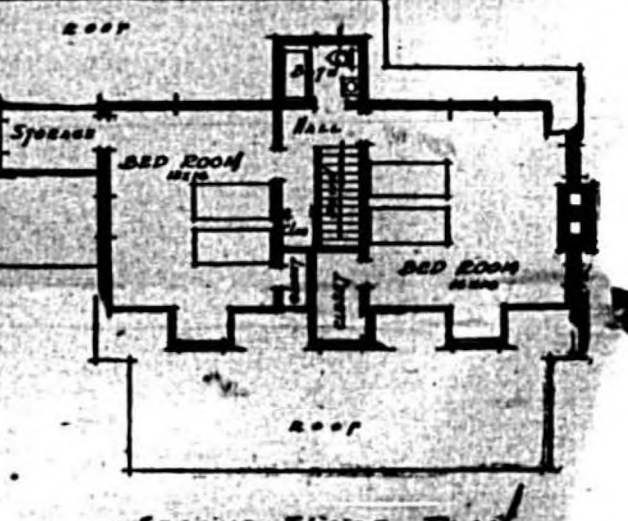

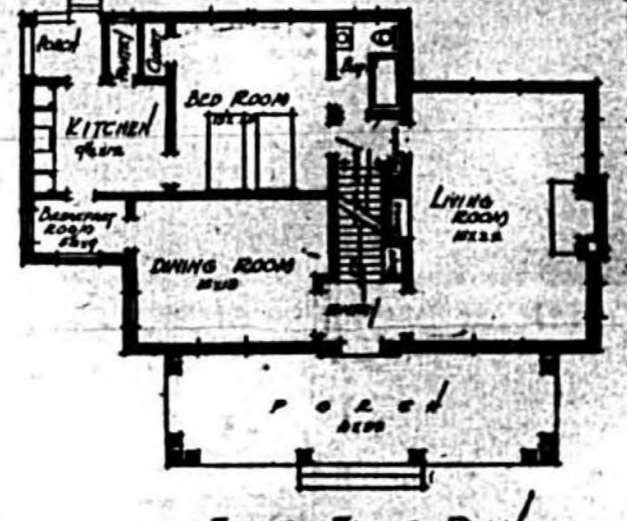

### FLORIDA FARM AND GROVE SECTION

**ANNUAL SHRIMP PARTY**  
The annual "shrimp party" at the San Juan hotel in Orlando, sponsored by prominent fruitmen, is scheduled for 8 p. m. on Tuesday, Oct. 22. Many friends of the

sponsors will attend. The party is being given jointly and personally by Lawrence Gentile, general manager of Tree-Gold; W. E. Moore of the company bearing his name; Chester Fogate, well known ship-

per; C. C. Commander, general manager of the Citrus Exchange; E. S. Woolfolk, vice president of American Fruit Growers, Inc.; Howard Phillips of Dr. P. Phillips organization; T. M. Burman, E. M. Asher and the San Juan hotel.

### A Modern Farm Home Of Infinite Comfort And Charm

**Let us NOW TAKE ORDERS**

**LET US FACE FACTS**

The freeze of last December has brought about a decided shortage of citrus nursery stock for delivery this winter. From all indications, the increased demand is going to quickly use up the available supply of first class nursery stock. Wise growers, therefore, are placing their orders early, so as to be assured of having their trees reserved for delivery when they are ready to plant, after November 15.

## Americans In Mexico Escape From Bandits

### Safety Of Visitors Is Reported From Several Sources; Rebellion Flares

DOUGLAS, Arizona, Oct. 15.—(AP)—Five prominent Americans on a hunting trip in the revolt-menaced Mexican State of Sonora were reported today to be safe after their guns and their ammunition had been seized by an armed band of Mexican raiders.

The party included J. H. Durst, vice-president of the National City Bank of New York, James Bruce of New York, Lee Paul of Wheeling, West Virginia, Dr. W. S. Fulton of Wheeling, and R. C. Durrell of San Francisco, representative of the Chase National Bank.

## Robble Take Two Towns

NOGALES, Sonora, Mexico, Oct. 15.—Revolution, which has smoldered for months in towns and agrarian districts of Northern Mexico, last night swept northward in a widening path, with two towns in hands of rebel forces.

Scattered wings of an advancing rebel army captured Santa Ana, Sonora, in a surprise raid at dawn and moved into Magdalena shortly before noon. Last night it was feared they would press forward to attack the city port of entry into the United States.

Communication lines were cut between Magdalena and the border, and reportedly to Mexico City a policeman was killed in the raid on Magdalena, a railroad bridge burned the town, seeking officials of Gov. Roman Ramos, whose election was regarded by revolutionary troops as "framed."

## Searcy Favors Strong Delegation To Meet On Moving Capital

The proposal to "Move the Capital of Florida" is favored by County Commissioner C. H. Searcy of Longwood, who in letters to Chairman John Murch and Commissioners Charles Dunn, W. B. Williams and S. F. Long, urges a "good turnout from Seminole on Oct. 25 in Orlando" at a meeting to discuss capital moving and state affairs.

"This Move the Capital of Florida business hits me right between the eyes, as it seems to be hitting a few hundred thousand others," said Commissioner Searcy in his letter.

The meeting in Orlando has been called by Ray Selden, Daytona Beach lawyer, chairman of the committee. It is scheduled to start at 1 P. M., next Monday afternoon, and Selden promises adjournment by 6 P. M.

"This meeting will be important," Selden wrote Commissioner Searcy, "as it is hoped that the nucleus of a state central committee will be formed for the purpose of working out the division of the state, which would mean the location of the new capital somewhere in the peninsula section."

## Assessors Forced To Re-Rule Forms

Florida county assessors are being put to a lot of work this fall because members of the state Legislature changed their minds after the forms used by the assessors had been approved by the controller and printed.

The legislative action necessitated the addition of another column on the big ledger pages used by the assessors, and this column is being marked off on the Seminole County books with a pen. Considering the large number of pages in the books, the job is quite tedious, Sanford F. Doubney, deputy assessor, said.

This hand ruling of the forms is delaying preparation of the tax roll this year, the deputy advises.

## City Informed Hospital Loan Might Be Made

### Commission Advised Of Possibility Of Obtaining Federal Grant Of \$30,000

In the face of the report that further grants of federal funds for municipal projects will not be made, the City Commission was last night advised there is yet a possibility of obtaining \$30,000 of government funds for improvements in the Fernald Loughton Memorial Hospital, owned by the city.

In a conference with Dr. C. L. Park and Dr. S. Polston, Mayor T. I. Dumas reported to the commission, he had been given to understand that the government appropriation will be made if the city, or county, contribute a proportionate share of the estimated cost of the desired improvements. This share, the mayor noted, the physicians as advising him, might be borrowed by the municipal government.

The amount originally sought for the hospital was \$30,000, but it had been raised to \$35,000.

"No action was taken at last night's meeting on the hospital proposition, but the mayor said it would be considered at greater length at an adjourned meeting on Thursday evening.

The matter of widening Park Avenue was also taken up at last night's meeting, but it also was put over until Thursday evening for decision. Mayor Dumas said, however, he understood that government funds for widening the avenue and also for changing the brick pavement of Park Street had been allocated.

## Perry Whitehurst Throws Hat Into Commission Race

### Qualifies For Seat Held By Lehman; Opposes F. L. Miller

Yielding to the insistence of scores of local business and professional men, Perry N. Whitehurst, sales manager of the Standard Tobacco Association, today consented to become a candidate for the city commission Mr. Whitehurst will announce his candidacy by the end of next week, it was learned from H. J. Lehman, who has declined to run for reelection.

Frank I. Miller is also a candidate for Mr. Lehman's seat. Another office which will be filled in next month's city election is that now held by Commissioner Vivian Speer. Mr. Speer is a candidate for reelection and is opposed by W. D. Hofmann.

Mr. Whitehurst became a resident of Sanford about eight years ago and since that time has been prominently identified with financial interests. He is a taxpayer of Sanford and Seminole County and owns his home at 101 East Seventh Street.

Prior to his residence in this city, he lived in Sparks, Texas, where he engaged successfully for many years in the fruit and vegetable business as well as being an active member of the live-stock exchange.

Mr. Whitehurst is a member of (Continued on Page 3)

## Young Black Bear Is Addition To City Zoo

"Harry M," a 15-month-old Florida black bear, is the latest addition to the Sanford Municipal Zoo, purchased by the Seminole County Chamber of Commerce through the cooperation of Superintendent Harry M. Papworth.

This animal, described by Superintendent James Moughton as "the finest specimen of Florida black bear I have ever seen," was bought from J. L. Jacobs of Havenport, Florida, and its playmates has already won the hearts of the many who daily visit the Municipal Zoo.

"Harry M," now weighing 180 pounds, was found by its former owner, when only two days old, and since that time has been the pet of the Jacobs family.

The acquisition of this bear is in line with recent enlargements and improvements being made at the Municipal Zoo by Superintendent Moughton to maintain its fast growing reputation as "the finest zoo in Florida."

A contribution box has again been placed at the entrance to the zoo for anyone who desires to make a cash donation toward further improvements of this important attraction.

## Funeral Wednesday For Mrs. A. B. Dodge

It was announced early this afternoon that funeral services for Mrs. Alameda O. Dodge, who was found dead yesterday morning at her home in Altamonte Springs, will be held Wednesday afternoon at 2:00 o'clock at the Erickson Funeral Home.

The Rev. J. M. Thompson, pastor of the Lak, Mary Community Church, will officiate and burial will be made at Evergreen Cemetery. Mrs. Dodge is survived by her husband, A. B. Dodge of Altamonte Springs; her father, Ted Buchanan of New York City; and a brother, Harry Suteland of Altamonte Springs.

## Diverging Opinions Are Voiced As To Economy Of City Owned Gasoline Tank

The City of Sanford could buy gasoline for trucks, cars and other equipment of its various departments at a reduction of four cents a gallon if it installed its own storage tank, but would that afford a saving to the city, the staff that was the question which was discussed, but not decided, at last night's meeting of the City Commission.

The matter came up when City Clerk F. S. Lamson informed the Commission he had received three bids for supplying the city with gas for the remaining 11 months of the current fiscal year. The bids were not opened, upon request of Commissioner Vivian Speer who was unaware proposals had been asked for and had there-fore informed a local distributor that, so far as he knew, bids were not to be received. New bids will be received at a later date.

## ITALIAN ENVOY DEFIES SELASSIE'S OUSTER

Defiant of Emperor Haile Selassie, Italian minister to Ethiopia, barricaded himself here today when he refused to accept the arrival of an Italian contingent and the arrival of a group of his desk and his mounted bodyguard.

## Selassie Weeps For Aksum; Calls His People To Holy War

### Greatest Army Ever Seen In Ethiopia To Try Recapture Foreign War Vets Re-Elect Kent As Post Commander

ADDIS ABABA, Oct. 15.—(AP)—Emperor Haile Selassie wept today when he heard that the city of Aksum, the birthplace of his people, had been captured by Italian troops.

He declared that he would lead his army to recapture the city, and called his people to a "holy war" against the Italians.

The emperor's speech was broadcast over the radio and was heard throughout Ethiopia. It was one of the most emotional speeches he has ever made.

The Italian army, which is reported to be the largest ever seen in Ethiopia, is now advancing on Addis Ababa. The emperor's army is reported to be in a state of high morale and is ready to fight.

The news of the capture of Aksum has caused a great deal of concern in the United States. The War Relocation Authority has announced that it is ready to accept a large number of Italian prisoners of war who are being held in Italy.

Meanwhile, the United States Postal Service has announced that it will re-elect William H. Kent as postmaster of the New York City post office. Mr. Kent has served in this position for several years and is well known to the public.

## CITY BRIEFS

Local temperature yesterday: High 81, low 62.

Tomorrow's tide: Low at 11 A. M. and 12 P. M.; high at 11:45 A. M. and 12:45 P. M.

Today and tomorrow are the last days in which portions of candidates for the November City election can be filed with the City Clerk.

The weather mostly clear this night with scattered clouds in the south portion and with the east coast tonight and Wednesday.

An 11-year-old boy was stopped for the fifth time by the police yesterday, and will be turned over to the Juvenile Court without a hearing.

S. O. Shinkler reported his return from a business trip to Tampa that fully 95 per cent of the traffic lights in that city have been replaced with the new traffic lights.

The Central Kiwanis District includes clubs in Cocoa, Titusville, Sanford, Orlando, Kissimmee, Winter Park, Eustis, Mt. Dora, Tavara, Leesburg, Brooksville and Inverness.

Julius Dingfelder and Tom Simpson are in Ocala as the accredited delegates of the Sanford Kiwanis Club and several other members of the Club attended state convention sessions yesterday and last evening.

No contagious diseases were reported in Sanford during the month of September. (Continued on Page 3)

## Three-Fold Effort For World Peace Is Advocated By Hull

### Ethiopian Troops And Town Of Alaji Bombed By Planes

#### Mass Concentration Of Warriors Along Front Is Ordered

By The Associated Press  
 Italian bombing planes razed across northern and eastern Ethiopia today.

Emperor Haile Selassie wept over the fall of holy Aksum and summoned his people to a holy war.

At Geneva the League of Nations subcommittee for economic sanctions decided in principle to recommend and embargo against the shipment to Italy of "key" products—materials used in the manufacture of war munitions.

The committee drew up a specific list of products needed by Italy: Molluscum in the Ethiopian campaign. The tentative list included aluminum, zinc, copper, nickel, tin, coal, wool, manganese and gasoline.

Selassie answered the threat of Italian planes with additional concentrations of thousands of Ethiopians. The Ethiopian government announced the two Italian planes had bombed Alaji and another had bombed troops concentrating at Makale 60 miles south of Addis Ababa. There were no casualties reported.

The emperor's army was ordered to move a threatened battle on to the north and south.

From official sources came the information that more than 100,000 fresh tribesmen, including the fiercest fighters of the empire, will pass through Addis Ababa this week for a review by the Emperor.

Great Britain abruptly cancelled the cruise of her Grand Fleet to Greek waters, and military quarters believed it would be kept around Gibraltar and the Straits of Gibraltar, British naval vessels began on Italy's route to East Africa.

### Speech Delivered By Secretary Of State Is Regarded As Of Great Significance

#### War Can't Cure Economic Ills

#### Simultaneous Action Needed To Rebuild International Trade

WASHINGTON, Oct. 15.—(AP)—Declaring that the "obsolete and bloodstained instrument" of war cannot cure the world's economic ills, Secretary of State Hull today advocated a three-fold international effort for peace and prosperity. He called for "simultaneous action of many countries" for:

1. A "vigorous rebuilding of international trade."

2. A "gradual restoration of international monetary stability."

3. An "international agreement upon the organization and principles which will assure that the all-important raw materials will become available on reasonable terms whenever they are needed."

Hull's speech, regarded as of much significance, was delivered by radio on the program of the New York Herald Tribune's annual forum on current affairs.

His declaration that war cannot achieve the hopes of people for a "less difficult and more rewarding destiny, comes at a time when Italian spokesmen are declaring that Italy's need for expansion is one of the justifications for the Ethiopian campaign.

### Slot Machines May Have To Pay More

Canceled time was taken up at last night's meeting of the City Commission in discussing the slot machine situation, but decision was deferred until a later meeting.

J. A. Moss wanted to know what would be the income for the slot machine business, and the city Attorney Fred I. Wilson asked the commission to decide whether slot machines were a machine or not. The latter was the new state law which specifies license fees of \$15 on automatic vending machines, \$5 on trade machines, \$5 on skill machines, and \$250 on "all other machines," the quoted words being those used in the legislative enactment.

Commissioner Speer said that the city used to charge license fees of \$50 on slot machines. City Attorney Wilson replied that he feared that the municipality would now be governed by state law.

Commissioner Leffler moved postponement of decision until the license ordinance can be revamped, and higher license fees be scheduled.

Mayor Dumas said he saw a whole truck load of slot machines being unloaded in Sanford a few days ago.

### Plans For Year Are Outlined By Rector

The Rev. Martin Bram gave a short talk on plans for the year at the regular meeting of the St. Agnes Guild of Holy Cross Episcopal church held Monday afternoon at the parish home.

Mrs. S. M. Lloyd presided over the business session when plans were made for a subscription bridge party to be given Thursday afternoon at the parish home.

Those present were: Mrs. Goldie W. McKory, Mrs. M. M. Mitty, Mrs. Heyward Wafar, Mrs. Q. C. Cochran, Mrs. R. F. Munnalville, Mrs. C. B. Winescup, Mrs. W. H. Stewart, the Rev. and Mrs. Martin Bram, Mrs. Joe Gonzalez, Mrs. Arthur Branan, Mrs. Estelle Peaks, and Mrs. S. M. Lloyd.

### Hauptmann Given Opportunity To Appeal His Case

TRENTON, Oct. 15.—(AP)—Bruno Richard Hauptmann's execution was stayed indefinitely today when the Court of Errors and Appeals granted him the opportunity to appeal his conviction in the Lindbergh kidnap murder case to the Supreme Court of the United States. The court gave Hauptmann one of the defense attorneys 45 days in which to ask the Supreme Court to review allegations that Hauptmann's constitutional rights were violated in the trial.

The order which would have required the case in Supreme Court Justice Thomas W. Voorhies, the trial judge, for refixing of the execution date, was stayed by the Court of Errors and Appeals, but will automatically take effect on Nov. 14 if the appeal is not perfected by that time.

### Seven Sentenced On Drunkenness Charges

Judge J. G. Sharon in County Court today sentenced seven men to pay fines of \$5 and costs or to spend 60 days in jail, each, on charges of drunkenness. The costs in each case exceed \$25.

The seven are Martin McCalland, Alvin Hardin, J. C. Locke, John Scott, George Knudell, George Cook and Norman Jones, the last named being colored. Locke, Scott and Jones were liberated from the County Jail on bond, but the others were still in jail 10½ afternoon.

One other prisoner, James Sharnks, colored, was held before the judge, charged with the possession of concealed weapons. He was handed a fine of \$100 and costs, and ordered to serve four months in jail unless the fine is paid.
