Bill Romberger, commander of Heavy Attack Wing Two, Oak Harbor, Wash., discuss the Sky Warrior, used by both wings. Capt. Romberger came to Sanford to talk over mutual operations problems with Capt. Ramage. (Official Navy Photo)

Plane Crashes Into Cars; Driver Dead

BABYLON, N.Y. (UPI)—A lumbering Air Force troop carrier plane crashed Wednesday night on a busy Long Island suburban highway, killing three automobiles and hitting one motorist. Six persons were hurt.

Drivers frantically wrenched their cars off the road and sped into the ditches to avoid the two-engine C123 as it scraped and skidded several hundred feet down the four-lane southern state parkway.

The plane apparently had been attempting an emergency landing at Zah's Airport, about a half mile from the parkway, after it ran into trouble on a flight from Bradley Field, Windsor Locks, Conn., to Mitchell Air Force Base, several miles from the crash point. The plane was attached to Troop Carrier Wing 70 of Dobbins Air Force Base, Marietta, Ga.

The Air Force had grounded all C123's earlier this month for modification of the aircraft's fuel system but work on the plane that crashed Wednesday night apparently had been completed.

Harold J. Schneider, 30, of 36 Allida Ave., West Islip, N.Y., was fatally injured when the plane crushed his car against an underpass.

Mrs. Mary Rehn, 42, of 360 Ocean Side St., Islip Terrace, N.Y.,

received a broken leg in the third car. Mrs. Jean Calabrese of 27 Landscape Drive, Wyandanch, N.Y., who was in the second car hit, received less serious injuries and was taken to a hospital.

Of the six crewmen aboard the plane, four received minor injuries. Only one, Sgt. Willard Carman, was hospitalized. The pilot, Capt. Keith Sessions, was slightly injured but not hospitalized.

Six Airmen Killed, Several Seriously Injured In Crash

CHRISTCHURCH, N.Z. (UPI)—A giant U.S. Air Force Globemaster transport plane crashed in the Antarctic today, killing six of the 13 men on board. "Several" of the seven survivors were reported critically injured.

Dramatic air and ground rescue efforts were being pressed to pluck the downed airmen from the wastes of the polar continent in 40 degree below zero weather that was expected to get worse.

The four-engine C124 left Christchurch on a supply mission to Cape Hallett, an outpost 450 miles from the main U. S. base at McMurdo Sound.

Reports reaching here said the plane was losing altitude preparatory to dropping a 12,000-pound load of lumber when it hit a 500-foot hill 1,500 feet above sea level, in the area of the towering Admiralty Mountains.

Apparently, the timber broke loose on impact and crashed forward, killing or injuring the men on the cargo deck. The survivors were on the flight deck.

SOS signals broadcast by a battery-operated emergency radio established the plane's approximate position. But bad weather made it impossible immediately to sight the wreckage from the air.

A ground party started out from Cape Hallett, 30 miles away, and pilots of other Globemasters flying over the same route established radio contact with the survivors.

Synagogue Stoned, Police Hunt Bomb In St. Patrick's

NEW YORK (UPI)—Police searched St. Patrick's Cathedral today for a reported bomb and investigated the stoning of a Brooklyn synagogue.

A police emergency squad and a half dozen radio patrol cars rushed to St. Patrick's after Father William O'Brien at the cathedral reported he received a telephone call from a man who said there was a bomb planted in the Fifth Avenue edifice. The priest said the man identified himself as Michael Romano.

A search of the block-size structure failed to disclose evidence of a bomb.

Police also were called to the Synagogue Ahaus Achin in the Bensonhurst section of Brooklyn by custodian Nathan Birch, who reported three small panes of glass had been broken by stones. Total damage was placed at \$1,500.

The cathedral bomb scare occurred toward the close of the 6:30 a. m. Mass. About 500 worshippers were in the cathedral at the time. The Mass was completed despite the police search, which continued during the 7:30 a. m. Mass.

In view of bombings in Peoria, Ill., Atlanta, Boston and other cities, Police Commissioner Stephen P. Kennedy issued an order to all policemen to "be alert to prevent any desecration or act of vandalism or malicious mischief at or in the vicinity of places of worship, religious centers and cemeteries."

Arkansas produces 96 per cent of all the bauxite in the United States—215,500,000 tons of the mineral annually.

30-Day Forecast: Warm, Little Rain

WASHINGTON (UPI)—The Weather Bureau's 30-day forecast from now until mid-November calls for warm, dry weather for much of the nation. The forecast follows.

"Temperatures to average above seasonal normals over most of the nation, except for near to below normal east of the Appalachians, along the Gulf Coast, and also in the Pacific Northwest. There are some indications of a sharp break in the prevailing warm regime, perhaps during the first half of November, but it is too early to specify the nature of the new weather pattern."

"Precipitation is predicted to be subnormal over most areas, except for near to above normal in the western quarter of the country and also along the Gulf Coast."

Next Pope To Face Serious Problems, Vatican Declares

By DANIEL F. GILMORE
VATICAN CITY (UPI)—The next pope faces problems perhaps as grave and far-reaching as any in the history of the Roman Catholic Church, Vatican sources said today.

The fight to the death against Communism and a need to shore up the inner structure of the church were the two major problems threatening the church.

The Vatican readily admitted that Communism poses the greatest threat to its existence the church has faced. However, much of the speculation on the new pope to be selected by the conclave of cardinals meeting here Oct. 25 was based on problems not connected with the Communist menace.

A strong current in Vatican circles believes the new spiritual leader of the world's 960-million Roman Catholics should be a "pastoral" pope who would concentrate on the major internal church problems. Pope Pius XII, who was buried Monday, was regarded as a "diplomatic" pope.

A high Vatican source, after stressing the overriding importance of the struggle against Communism to which the late pope dedicated himself, cited three main problems the new pope must face:

—A shortage of priests, missionaries and religious orders all over the world. The shortage is particularly grave in some Latin American countries and in Africa, Ireland and Spain are considered the only nations which don't have a serious lack of priests.

—The need to adapt the ancient machinery of the church to the vast changes in life during the current century.

—The restoration of the seal that can propagate the church in such great territories as Africa, and the need to strengthen religious instruction and the participation of the faithful in liturgical rites.

The source, however, did not discount the Communist menace in the thinking of the men who will choose the new pope.

Deaths

NEW YORK (UPI)—Dr. Arthur C. Jacobson, who retired last month as editor of the Medical Times, a national monthly magazine, died Wednesday at the age of 86.

SARANAC LAKE, N.Y. (UPI)—Jack Norton, who appeared in more than 200 films in the brief role of a lovable drunk, died Wednesday at the Will Rogers Hospital, of a respiratory ailment.

CHICAGO (UPI)—Capt. Thomas J. Callaghan, 73, long time U.S. Secret Service man who guarded such presidents as Theodore Roosevelt and Harry S. Truman, died Wednesday.

Faubus Gets Yen, Hint On Spending

LITTLE ROCK, Ark. (UPI)—Gov. Orval Faubus appreciates all contributions to the Little Rock Private School Corp. in its plan to circumvent integration, but some of the money won't be of much use.

Some of the letters that are arriving daily at the gubernatorial mansion and the governor's office contain Confederate bills—in denominations of from \$100 to \$1,000. Enclosed with a Japanese yen was this note:

"Orval: I suggest you go to the land of the rising sun and spend this."

Faubus Nominated For Honor Medal

LITTLE ROCK, Ark. (UPI)—Gov. Orval E. Faubus has been nominated for the \$5,000 George Washington Honor Medal awarded annually by the Freedoms Foundation of Valley Forge, Pa.

Robert B. Snowden, wealthy Memphis planter, nominated Faubus as a "champion of states rights against the federal government." Faubus said he was "honored by the confidence in me expressed by the nomination."

6 Negroes Netted, Others Sought In 'Moonshine' Drive

DAYTONA BEACH (UPI)—Authorities arrested six Negro bootleggers Wednesday night and expected to pick up four more today in what was described as one of the largest illegal whiskey operations in Central Florida.

The arrests climaxed a four-month investigation by county, state and federal authorities which began when Harry L. Kennick, 58, Daytona Beach, allegedly attempted to bribe E. C. Stansland, district supervisor for the state Beverage Department.

Stansland reported the bribe and was ordered to cooperate with the moonshiners until the investigation was complete and authorities were ready to move in. Stansland said Kennick offered to pay him \$250 a month to "look the other" way while Kennick operated nine stills.

Kennick, termed as one of the largest dealers in the area, was arrested behind the state Beverage Department office during a payoff rendezvous. He was charged with bribery and conspiracy to violate the state beverage code and released on \$2,000 bond.

The others, charged with violation of the beverage code, were identified as Gus Stephens, Teresa Beverly, Annie Mae Boatly, Charles Robinson and Sam McDowell.

Actor Loses Round To Ex-Wife; Judge Delays Decision

HOLLYWOOD (UPI)—Actor Sterling Hayden's ex-wife Betty has won the latest round in what may well turn out to be a battle for custody of the couple's four children.

The District Court of Appeals in Los Angeles Wednesday postponed until Nov. 19, a ruling on whether or not Hayden could take the children, Christian, 10, Thor, 9; Getchen, 8; and Matthew 6, on a proposed cruise to the Baltic Sea aboard the actor's boat.

"I won't go without them," Hayden said. "It looks like I may have to cancel the trip altogether." Hayden originally planned to leave on Sept. 15 but his ex-wife's suit prevented him from doing so.

Write-In Appears Certain In County

Seminole County apparently will have a write-in candidate for County Commissioner in District 4 in the November general election. A political advertisement in The Herald today informs voters to "be prepared for a write-in candidate" and gives instructions on voting for such a candidate. The advertisement was signed by the Countywide Seminole County Citizens Council. It did not reveal the name of the write-in candidate, the chairman of the Council, Vernon W. Dunn, Democratic nominee in District 4, last week said that he had been informed

that he would face opposition from a write-in candidate, Dunn defeated incumbent B. C. Dodd by 37 votes in the Sept. 8 Democratic primary. Dodd has been mentioned as a possibility. Another name which has cropped up in the political speculation is Lee Gary, Oviedo. In addition to Dunn's charge that a small group is seeking to "beat me," the Longwood Citizens League has reported an "underground movement" to enter a write-in candidate in the race. It demanded that Dodd take a stand on the issue.

The advertisement today was the first public announcement that a write-in candidate would oppose Dunn. Under state law, voters are given the option of the write-in, whether a candidate wages a campaign or not. Dodd in January will complete 12 years on the County Commission. He and incumbent Fred A. Dwyer were defeated in the Democratic primary. Dwyer lost to David Gatchel, a member of the Sanford City Commission.

News Briefs

O'Kelly Arrives

ROME (UPI)—President Sean O'Kelly will head Ireland's official delegation at the funeral services for Pope Pius XII here Sunday.

Peronics Dispersed

LA PLATA, Argentina (UPI)—Police used tear gas Thursday night to break up a Peronist demonstration in suburban Buenos Aires.

Fight To Finish

CAIRO (UPI)—Premier Ferhat Abbas of the Algerian government-in-exile says the rebellion will go on until Algeria wins its independence from France.

Naval Tug Missing

SANTIAGO, Chile (UPI)—The Naval tug General San Martin was missing in the waters just north of Cape Horn at South America's southern tip, the Navy announced today.

U.S. Arms Sought

MANILA (UPI)—President Carlos P. Garcia wants modern arms from the United States to bolster his country's defenses, it was reported today.

Raid Leader Killed

MANAGUA, Nicaragua (UPI)—Damon Raudales, leader of a band of Nicaraguan refugee raiders who recently slipped across the Honduran border into northwestern Nicaragua, has been killed, the army announced today.

Road Contracts Let

WASHINGTON (UPI)—Contracts for construction of 360 miles of the federal-state highway system were awarded during September at an estimated cost of 211 million dollars, the Commerce Department said today.

Three Men Saved

MOBILE, Ala. (UPI)—Three men missing for five days in the Gulf of Mexico were taken aboard a motorship Thursday and were reported in "perfect health." The three—J. B. Self, Tommy Baker and John McLaughlin—had left Clearwater, Fla., early Sunday in an outboard motorboat.

Archbishop Ill

VIENNA (UPI)—Archbishop Josef Beran of Prague, Roman Catholic primate of Czechoslovakia, today was reported seriously ill in a prison hospital at Ceske Budejovic (Budweis) in southern Bohemia. The archbishop's illness was reported by the Communist newspaper Videnske Slovesnice. It reported the prelate had a circulatory ailment after an attack of pneumonia.

Rotarians To Hear Aircraft Official

John Todd, service engineering representative of Douglas Aircraft will be the guest speaker at the Monday meeting of the Sanford Rotary Club.

Jail Riot Quelled

DENVER (UPI)—Police laid down a thick blanket of pungent tear gas Thursday to smother a two-hour riot by 70 tough inmates at the Denver County Jail. Four jail guards were beaten by the rioters, but they were not injured seriously. The prisoners took no hostages, and they never had a chance to escape.

Chorus To Rehearse

The Sanford Male Chorus will hold its weekly rehearsal Monday night at 7:30 at the Civic Center.

Gasoline War Erupts

MIAMI (UPI)—Gasoline sold for a low of 11.9 cents per gallon today in Miami's service station price war. There were indications that it might go lower.

CHARTER PRESENTED — Ken McIntosh, left, president of the newly-organized Seminole chapter of the Crippled Children's Society, received the charter from Gen. Edwin J. House, treasurer of the Florida Society for Crippled Children a few minutes after his election last night at the Civic Center. (Herald Staff Photo)

Seminole County Starts Crippled Children's Unit

Seminole County last night organized a unit of the Florida Society for Crippled Children, the first such in the county's history. Elected president of the new organization was Ken McIntosh. Other officers are Mrs. Robert Bradford, vice-president; Mrs. Ernest Housholder, secretary, and Howard McNulty, treasurer. The charter for the new unit was presented to the local group by Gen. Edwin J. House, Winter Park, treasurer of the Florida Society and a national official.

Organization of the local unit was a project of the Sanford Pilot Club, officials of which were on hand last night to see a climax to their annual fund-raising drive. In the future, proceeds from the sale of Easter Seals will remain in the county. Previously, funds from the Seals were sent to Orlando and used on a district basis.

Organization of the Seminole unit will mean that 72 cents of each dollar will remain in the county. To the national organization will go 10 cents, the Florida Society will receive 17 cents.

Money obtained from 1958 Seal sales has been kept in the county. The unit will mean that 72 cents of each dollar will remain in the county. To the national organization will go 10 cents, the Florida Society will receive 17 cents.

The age-old stove has been used in several counties to burn the ballots of the election candidates. When a new stove is shown, the cardinals mix the ballots with dry straw and a Sistine Chapel to announce the white smoke rises above the stove.

If the vote fails to gain a majority, the ballots are mixed with wet straw to yield black smoke.

McInnes Shoots Ace; His Fourth

Harold McInnes yesterday realized the ambition of all golfers, but the hole-in-one was "old hat" to him. It was his fourth. Playing with Tom Butts and Robert S. Billheimer, McInnes scored the 108-yard No. 7 at Mayfair Inn Country Club. He used a No. 4 wood for the drive because he was firing into a strong headwind.

McInnes was happy, naturally. He said the ace yesterday maintained his average, a hole-in-one about every 10 years. Although he admitted that ace are acquired with aid of "a lot of luck," he accepted it as if he had planned it that way. The ace helped him finish the round in 71, his best score since the Mayfair course was lengthened two months ago. A hole-in-one and a 71 on the same day, it should happen to every golfer.

Chamber Selects Campaign Heads

With the direct solicitations for membership in the Chamber of Commerce scheduled to begin Monday, Clifford McKibbin, drive chairman, announced his co-workers who "have accepted the call of responsibility to help Seminole County grow."

Minimum business subscription is \$25, but many of the firms will follow the practice of taking several such memberships, the amount allotted being based on the dollar volume and the support the C of C give to that business, McKibbin said.

Campaign captains appointed for the drive are: Arthur Piers, automobile dealers; Robert MacIsaac, banks, loan and abstract companies; C. D. Brown, garages and service stations; E. B. Talley, builders and suppliers; M. L. Raborn, Jr., cleaners and laundries; B. L. Perkins, Jr., wearing apparel.

Little Rock Sets Opening For 'Private' High School

Big Parade Opens Gala Homecoming At Florida Today

GAINESVILLE (UPI)—A huge, 150-unit parade is possible today as the University of Florida's homecoming weekend celebration.

Reining over the parade was pretty Tom Heimbeck of Miami, the new sweetheart of the homecoming. Miss Heimbeck was not over two other finalists, Patsy Buchanan of Winter Park and Pat McLaughlin of Ocala. All three were in the parade.

Other colorful features of the procession were 36 gaily decorated floats, 18 high school bands, a group of Jacksonville Shriners and a giant 153 millimeter atomic cannon.

Gov. LeRoy Collins and former governor Doyle Carlton, Millard Caldwell and Fuller Warren headed the list of dignitaries in the parade. Others were U.S. Sen. Spessard Holland; Congressman D. R. (Billy) Matthews; William C. Cramer, James Haley, Charles Bennett, Robert L. Sikos, former Sen. Claude Pepper and a number of state legislators.

An estimated 65,000 old grads, students and football fans were expected to be on hand for the festivities which will be highlighted by the Florida-Vanderbilt football game Saturday afternoon. Other events on the busy week-end include the Florida Blue Key Banquet featuring an address by Atlantic Coast Line Railroad President W. Thomas Rice.

Lawn At City Hall To Get New Sod

A new sprinkler system has been installed and plans made to reseed the lawn at City Hall.

26 Believed Dead As 2 Ships Sink

LONDON (UPI)—A Russian fishing boat and a Danish freighter sank in heavy seas off northern Britain today with a loss of life estimated at 26 or more. British rescue vessels landed some Russian survivors in Britain against Soviet wishes.

Twenty-five seamen were reported drowned when the Soviet trawler SHT 442 broke up on jagged rocks off the island of Unst in the Shetlands north of Scotland. Captains of other Soviet vessels in the area radioed demands that any survivors be put aboard their ships and not taken ashore. British rescue ships ignored the demands and took three rescued Russians to the Shetland town of Lerwick.

The Danish freighter Adler Svanholm went down in the North Sea about 10 miles off the English coast after springing a leak at the height of the storm.

Reports from the scene said the British trawler Trinidad had rescued the freighter's 25 crewmen and recovered the body of the captain, who apparently was washed overboard.

Needed In Sanford: 80 To Run Sewing Machines

Needed in Sanford: about 80 women who have had experience on automatic sewing machines, and who would like employment in one of the three local textile plants.

The call for help was issued today by Sanford Manufacturing, Brookfield Mills and Pierrro Manufacturing. Thus, Sanford's fast-growing garment industry again flexed its muscles for expansion of plants and payroll.

Pierrro Manufacturing earlier this week announced plans to move into new and larger quarters, increasing its payroll at the time of the move. Yesterday, Sanford Manufacturing officials said they would like to double their present payroll.

Marvin Meltzer, plant manager, said about 30 employees now are working. Present annual payroll is about \$250,000. Meltzer said the payroll could be increased to \$500,000 "if we can get qualified employees to fill our pressing needs."

The field office's current operations this week after a summer shutdown. This plant, which manufactures bathing suits, needs experienced machine operators to get into full and expanded production.

John Krider, manager of the Seminole County Chamber of Commerce, estimated that the Sanford area has "at least 100" experienced machine operators who are not employed by either of the three local plants. Many of these, Krider added, "would be happy to get these jobs. Our problem is locating them and informing them that the jobs are available."

Meltzer said Sanford Manufacturing is planning to add 20 machines immediately. He would like to add a second (night) shift at the plant, if qualified employees can be found. However, the plant needs employees on the day shift at present.

The three plants need additional employees due to increased production. Applications should be made at plants.

Formosa Will Get Missiles And Tanks

TAIPEI (UPI)—Authoritative military sources said today the United States will give Nationalist China plane-killing Nike Hercules missiles and light, fast Walker bulldog tanks.

Maj. Gen. Leander L. Dean, the U. S. Army commander on Formosa, and Chinese Gen. Peng Meng-chi are expected to announce the decision to transfer Nike to the Nationalists at a press conference later.

The 2nd U. S. Missile Battalion is already installing Hercules missiles on launching pads ringing Taipei. It is assumed that these missiles will be handed over to the Chinese when crews have been trained in about a year.

The missiles can be armed with atomic warheads that can knock entire fleets of enemy planes out of the sky.

U. S. headquarters has already confirmed the UPI report that Walker tanks are being unloaded at Keelung in northern Formosa. Other sources said 41 of the armored vehicles have been received so far, and more are on the way.

The 24-ton tanks, named for Lt. Gen. Walter H. Walker, who was killed in Korea, are intended primarily for reconnaissance rather than as assault weapons. They mount 76mm. guns.

Request Is Denied By Zoning Board

A request to rezone from R-1 single family unit to R-2 multiple family unit was denied by the zoning and planning board last night.

The property, described as lots 7, 8, 9, and 10, block 13, tier 1, is located at 1311 Palmetto Ave. and is owned by O. M. Harrison. Chairman Clifford McKibbin presided over the session. Other members of the board include Robert Karst, C. W. (Pat) Johnson, D. S. (Bud) Talley, Art Harris, George Morgan, Al Lee, Herb Hirsberg and Howard Fawcett.

Jet Clipper Flies

BRUSSELS, Belgium (UPI)—The Pan American World Airways jet Clipper America flew from Baltimore to Brussels in just over seven hours today on a pre-inaugural flight that ushered the United States into the commercial jet age.

Classes Scheduled For White Seniors In Vacant Building

LITTLE ROCK, Ark. (UPI)—The Little Rock Private School Corp., with contributions totaling \$61,481.25 in the bank, announced today that it will open private classes for white high school seniors in private quarters Monday.

"We feel that this amount will allow us to start operating," said Dr. Thomas J. Roney, president of the private school corporation.

"W. C. Brashear, (private school superintendent) says we have a sufficient number of teachers to operate the senior class."

Private school will start, he said, in a huge, three-story building in western Little Rock that formerly housed the University of Little Rock Graduate Center. The corporation has signed a lease for it with Vance Thompson, who bought the building recently.

There are three temporary corrugated iron buildings nearby that also can be used.

Newsman interviewed Roney today under the maple trees on the lawn in front of the building. There is a row of dilapidated Negro homes directly across the street.

An reporters arrived, Little Rock firemen were tacking a huge cloth sign on the tall white columns at the entrance to the building.

The sign said, "Senior High School" in big letters, and below that in smaller letters, "Little Rock Private School Corp."

Gov. Orval E. Faubus disclosed Thursday night that Roney, an osteopath, would have an "important announcement" today.

Faubus sponsored the private school plan and personally appealed for contributions to operate private classes.

The plan is an alternative to Faubus' original plan to lease the closed high schools, reopen them at private, segregated institutions and pay the tuition of students with state tax funds. This was stopped by federal court injunction.

UF Total Climbs; Support Is Urged

Approximately \$400 had been collected for the United Fund in Seminole County today.

As the drive headed into what leaders hoped will be the final two weeks, public endorsements were received from some of Sanford's outstanding civic workers.

In a joint announcement today, Harold Kastner, George Tough, Roy Mann and C. E. Tucker urged support for the drive. A goal of \$36,000 has been set for the UF this year.

Organization for the campaign has been completed. Leaders expressed the hope that Seminole County residents would "give generously to the drive, which supports the activities of green local charity, welfare and youth agencies."

Chairmen have been appointed for Lake Mary, the Altamonte-Lungwood and Geneva. Howard McNulty, campaign chairman, stressed that the UF is a "county-wide affair" and urged participation by residents of all areas.

Mayfair Inn Will Open Dec. 6; Golf Dates Told

The Mayfair Inn will stage its gala opening on the night of Dec. 6, attired in a new "hib and tucker."

The exterior of the San Francisco Giant's popular winter resort now is being painted a gleaming white. Other decorating still is in the planning stages, according to Frank Mebane, inn manager who recently returned to Sanford with his family from Elizabeth town, N. Y.

Ruth Stuart Allen Is Speaker At Sanford Garden Club Meet

Miss Ruth Stuart Allen, Miami, was guest speaker at the general meeting of the Sanford Garden Club held at the Shrine Club yesterday.

Mrs. Fred Ganas, program chairman, introduced Miss Allen, current editor and publisher of the Southeastern Nurseryman, a trade magazine. For two terms she was director of the American Hibiscus Society. A hibiscus which was named after Miss Allen was shown during the meeting. For nine years she was publisher and editor of Tropical Gardening.

AT THE GARDEN CLUB MEETING—Miss Ruth Stuart Allen, Mrs. Fred Ganas, and Mrs. Volie Williams Jr. (Herald Staff Photo)

publishing a Spanish edition of the magazine, also. She was recipient of an award presented last year by the Consul in Peru for promoting better relations between the Americas. Miss Allen was chosen most outstanding woman in journalism for 1957.

She talked to the club about good gardening practices, naming new varieties and plants. She gave the members hints and suggestions on preparing gardens for winter.

Mrs. R. F. Robinson was general chairman for the event. Assisting her were courtesy chairmen from the individual clubs. She was also responsible for the attractive arrangements of driftwood and pyramids placed on each luncheon table. A large artistic arrangement centered the front table where the club officers and guest of honor were seated.

Approximately 100 attended.

Auxiliary Will Meet

The Women's Auxiliary of Seminole Memorial Hospital will hold a general meeting on Tuesday, October 21, at the Jewish Community Center, East 14th St.

The program, which will begin at 3 p. m., is a presentation of the film "Hands Around the Clock." The film was recently televised from WDBO-TV 30-Winter-Orlando. Several scenes include Seminole Memorial Hospital Auxiliary members engaged in bringing their friends to view this film.

The business meeting following the program will consist of the annual election of officers.

Benefit Bridge Slated Thursday

Committee chairmen have been announced for the benefit desert bridge party that will be given at the Woman's Club on October 23 at 7:30 p. m.

Mrs. Al Hunt, chairman for the affair, named the following chairmen: Mrs. J. P. Wilson, ladies; Mrs. A. W. Woodall, prizes; Mrs. Howard Montibello, refreshments; Mrs. H. W. Tucker, decorations; Mrs. George A. Stone, publicity; Mrs. C. M. Flowers, reservations; Mrs. Al Hunt, door prizes and high scores prizes will be awarded.

DAR Chapter Meets

Sallie Harrison Chapter, Daughters of the American Revolution, met Friday afternoon at the home of Mrs. J. B. Ray. Co-hostesses were Mrs. Edmund Meisch, Mrs. H. W. Rucker, and Mrs. A. W. Lee.

The recent Mrs. F. E. Roumillat presided. Regular procedure followed. Mrs. C. E. Butler read an article on National Defense. Founder's Day was observed (Oct. 11, 1890). An article on the Founding of the National Society, DAR, prepared by Mrs. J. R. Ray and read by Mrs. A. R. Key, was presented.

Clothing was brought to be sent to the two schools owned and supported by the DAR. One is a vocational school at Tamassee, S. C., the other is the Kate Duncan Smith School at Grant, Ala.

During the social hour refreshments were served to the eighteen members present.

Residents Will Tour New York

Several local residents will leave Sunday for New York on the Atlantic Coastline New York Theatre Tour.

Those who will make the trip are Mrs. W. V. Bolding, Mrs. R. E. Newman, Mrs. W. A. Adams, Mrs. George Spindler, Mrs. J. J. Sloat, Sidel, La. and Mrs. R. S. Kelly, Richland, Ga.

While in New York they will stay in the Manhattan Hotel. A tour of the United Nations and a visit to Radio City was planned. Four plays will be seen: "Two on a Seesaw," "Sunrise at Campobello," "My Fair Lady," and "Music Man." Of course one can guess that there will be a great deal of shopping and sightseeing done also.

The group will return to Sanford Saturday.

Local Events

SATURDAY
Lake Mary Boy Scouts meet at the Scout Park tomorrow, at 9 a. m. in preparation for Volusia District meeting Oct. 24-26.

MONDAY
The Past Matrons Club, Seminole Chapter No. 2 OES will meet with Mrs. W. Warner, 222 West 19th St., at 7:30 p. m.

Gamma Omega Chapter of ESNM meets at the home of Mrs. John Dickey at 7:30 p. m.

The Women's Auxiliary of Seminole Memorial Hospital will hold a general meeting tomorrow, at 3 p. m. at the Jewish Community Center, E. 16th St.

Firemen's Auxiliary Has Regular Meet

The Sanford Firemen's Ladies Auxiliary met for the regular monthly meeting at the home of Mrs. W. C. Gately at 8 p. m. Oct. 7.

Local bylaws were prepared and presented by the committee chairman, Mrs. John Crow. They are ready for acceptance at the next meeting to be held Monday Nov. 3 at the home of Mrs. M. N. Cleveland, 2851 Palmetto.

Mrs. M. N. Cleveland won the prize, a potted plant, for a game the members played. In a Fire Prevention Week theme the rooms were decorated with fire prevention posters and miniature fire fighters and fire plugs.

Refreshments of coffee and cake were served during the evening. The cake, baked by the hostess, was shaped and decorated to resemble a fire truck. Each guest was served cake on a fire prevention poster accompanied by miniature fire fighters.

The door prize, a potted plant, was won by Mrs. Henry Fant.

Woman's Club Scene Of Annual Teachers' Banquet Last Night

Mrs. Donald Flamm, chairman of the American Home Department of the Sanford Woman's Club, welcomed approximately 200 teachers to the annual Teachers' Banquet held in the Woman's Club Thursday night.

Autumn leaves and little red schoolhouses decorated the tables. The programs were covered with brown paper upon which was printed school slates with appropriate drawings. An arrangement of sea anemones, cattails, and fall leaves stood next to the stage.

Elder Springs Golden Circle Has Meeting

The Golden Circle Sunday School class of the Elder Springs Baptist Church met on Monday evening for the regular monthly and fellowship meeting, in the home of Mr. and Mrs. C. W. Eagle.

The meeting was called to order by Mrs. W. O. Nolan, class president. Mrs. Eagle read the scripture, and Reverend Joe Dunbar led in prayer.

Mrs. Ben Taylor gave a report on the work done during the past year. They had given 7 white Bibles to the church, and 7 crib sheets to the church nursery. They also mailed a number of cards and helped to provide a Christmas basket for one of the church families at Christmas time.

After several items of business were discussed the program was turned over to the Pastor, Joe Dunbar, for a question and answer period on "What Baptist Believe."

Following a fun and fellowship hour, the class gathered around the dining table for refreshments. They sang Happy Birthday to Mrs. Agnes Justice.

Look for a new style in men's jackets for fall—the shirt detailed suede. It has stitched patch pockets, long sleeves with buttoned cuffs, and a snug fitting waistband. It can be worn alone or over a light sweater as a windbreaker.

Meeting PTA Has

A record number attended the Sanford Grammar School PTA meeting Tuesday night.

Devotions were given by Mrs. M. T. Haynes. A letter of appreciation from R. T. Milwe, thanking the PTA for their help in the bond issue, was read by the parents assembled in the school auditorium.

The budget for 1958-59 was adopted. The meeting was adjourned. Room visitation followed after which refreshments were served in the cafeteria. Teachers in charge were: Mrs. Alce Williams, Mrs. Joan Moore, Mrs. Mary Maxwell, and Mrs. Roberta Richards.

J-H Club To Meet

The Lake Mary School J-H Club will have an achievement meeting Tuesday night in the Agricultural Building behind SHS. The meeting will begin with a covered dish supper at 7 p. m. Members and their parents are invited and requested to bring table service and a supper dish. The club is hoping for a large attendance.

At a Monday meeting new officers were elected. They are: president, David Scott; vice president, Robert Hopkins; secretary, treasurer, Robert Best; reporters, Bill Tush and Jimmy Wiederhole; chaplain, Gary Simon; and recreation leader, Kenneth Demest.

Bible Class Meets

The Women's Bible Class of the First Baptist Church held their monthly business and social meeting at the home of Mrs. J. A. Stange, County Club Rd., Lake Mary, Tuesday.

After the business meeting, a social period was enjoyed during which refreshments of cake, coffee and nuts were served. The room was attractively decorated with a variety of potted plants. Twenty-eight members and one visitor attended.

A neat trick for the career girl or suburban shopper—silk blouses that clip onto plain pumps. The flowers turn tailored shoes into dress shoes in a minute.

Local Future Farmers Take Top Show Prizes

The Seminole High School Future Farmers of America Chapter walked off with top honors at the eighth annual junior livestock and poultry show in Ocala Monday and Tuesday.

This was quite a feat, especially when one considers the fact that the Sanford FFA is composed of "city slickers," for the most part. The chapter had two grand champions, two blue ribbons and two red ribbons. The blue ribbon cows also took the championships, in female and male beef divisions.

More impressive was the second-place finish of the livestock judging team and the third-place finish of Larry McQuatters in the individual judging competition. This, said W. B. West, vocational agriculture teacher, shows progress in classroom teaching.

It was the most successful show ever for the Seminole FFA. Each of the four animals entered in the show came home with a ribbon. The judging team, composed of young McQuatters, Billy and Red Teslo and Bobby Thompson, is to be congratulated for its fine performance. Congratulations are in order for all of the FFA members who had a part in caring for the cattle which brought the prizes.

The FFA hopes to enter its two champions in the State Fair competition in Tampa next February. Transportation to and from the fair will be furnished. The only problem is livestock feed for the two champions between now and next February.

FFA members hope that someone, financially able, of course, will come to the rescue. They believe that the two champions have good chances in state competition. The chapter finances all of its own activities by sales of cattle and truck farm products. Feed for the two champions will be available. But it isn't the kind of feed needed to keep the animals in top condition.

Again, congratulations FFA for a job well done.

Cards For Recreation

The Recreation Department of the City of Sanford soon will require identification cards for all who use these facilities or participate in department-sponsored activities.

On the surface, this move might seem somewhat needless. Examined closely, however, the project has a great deal of merit. A member of the City Commission said that these cards will help recreation officials control some of the youngsters who tend to be unruly.

Residents of the city will be issued cards free of charge. Non-city residents will be required to pay a fee. This seems only fair since the city residents pay taxes to support these facilities and activities. Non-residents, we believe, will agree that they should help support these projects.

Unruly youngsters will lose their cards, officials said. They will not be allowed another card until the city is paid for whatever damage has been done by said youngster. In the event he breaks out a window or in some other way damages city property.

Loss of cards also is a danger that uncooperative youngsters face. Cards will allow recreation supervisors to keep certain age groups together, preventing older children from infringing on activities designed for younger children.

The rules will be identical for white and Negro recreation centers. Cards will be issued by the city clerk's office for the respective facilities.

We believe that it is important to preserve the city's recreation facilities, both at the Goldsboro Negro center and the Civic Center for whites. The few who prefer destruction to recreation should be banned so that the majority might enjoy the facilities.

Citizens Council Will Meet Here

The Citizens Council of America will meet at the Seminole County courthouse at 8 p. m. Monday.

Speaker at the meeting will be the Rev. George Davis, Orlando.

A spokesman for the group said this will be an organizational meeting for the Citizens Council.

OCTOBER FASHIONS

American Bible Society Fills Needs

By LOUIS CASSELL, United Press International
Not long ago, the American Bible Society received an urgent letter from one of its distribution agents in northern Japan.

He reported he was being "gratiously molested" by bears in his "mountainous territory. He wanted a "good loud bell" to scare them off.

The society shipped him a bell by return mail. "You have to be prepared for this sort of thing," said Dr. Robert T. Taylor, general secretary of

the society, "if you are going to distribute Bibles on a global basis."

The American Bible Society was founded in 1816 to supply Bibles to families who were moving westward with America's frontier.

The thoroughness with which it performed this mission was at least partly responsible for the fact that 19th Century America became a "Bible-reading nation."

Americans today are abundantly supplied with Bibles, whether they read them or not. So the so-

ciety concentrates its efforts primarily on making the scriptures available in other lands.

Distribute Millions of Bibles
Last year it distributed more than 15,000,000 Bibles, Testaments and Gospels on every continent of the globe. This year it hopes to surpass that record.

"There is an increasing world demand for the Scriptures," Taylor said in an interview. "In the undeveloped countries, 20,000,000 adults are learning to read each year. For many of them, a Gospel in their own language could be their first reader — it supplies

where adequate."

Taylor said Bible distribution is one form of Christian evangelism that has not been affected by the rising nationalism of Asian and African countries. The Bible is a product of the Middle East, and it is still welcome in many countries where foreign missionaries find their work severely handicapped by antagonism toward the Western white man.

"It is easy to talk glibly about the Bible being a 'universal book,'" Taylor said. "But after a lifetime in this business I am still amazed by the way it seems to transcend all barriers of race, nationality and culture."

"It can be translated into any language, and the people who read it will find a message that can understand — a message that speaks to their deepest needs."

Has Been Widely Translated
Through the efforts of the American Bible Society and companion groups in 22 other countries, the entire Bible has now been translated into 215 languages. The New Testament is available in an additional 270 languages, and individual Gospels in 642 others, a grand total of 1,127 languages.

"This sounds like an impressive accomplishment," said Taylor. "until you remember that there are still more than 1,500 languages and dialects, spoken by more than 100,000,000 people, without any Bible at all."

In traveling around the earth, the moon's average speed is 2,287 miles per hour, or 3,350 feet per second.

Volusia Extortion Scheme Hearing Set

TALLAHASSEE (UPI) — Gov. LeRoy Collins said today that a hearing has been arranged for Friday, Oct. 21, in an investigation of an alleged extortion scheme on the part of a Daytona Beach constable and a justice of the peace.

Collins said the hearing will be held at the Holly Hill Law Center, beginning at 9 a. m. It was called to give Constable J. T. Kitchin and Justice of the Peace J. C. Beard a chance to answer charges leveled by State Atty. William W. Judge.

Collins will send his executive assistant, William Killian, to represent him at the hearing.

After the hearing, Collins said, he will take such official action as the facts require. The governor has the power to suspend officials guilty of wrong-doing.

Kitchin allegedly collected \$24.30 in court costs that were not recorded until Richard W. Flatt, the man who paid the fees, complained two months later.

The evidence indicates no arrest warrant had been sworn out when Kitchin threatened to arrest Flatt on a bad check charge March 3. Judge said after Flatt protested, Beard on May 29 issued arrest warrants and signed jurors to the effect they had been sworn before him on that date.

Judge charged it involves a flagrant abuse of the state's criminal process, aggravated by a threatened unlawful imprisonment.

He said the constable intended to appropriate the money to his own use and would have done so except for Flatt's exposure of his conduct.

Judge said it is obvious that the constable could not have pursued the course followed in the Flatt case unless there was an "arrangement between the justice of the peace and himself whereby the constable could ob-

De Bary News

Lombardo Says Welk 'Stole My Corn'

By VERNON SCOTT

HOLLYWOOD (UPI) — Band-leader Guy Lombardo today mourned the loss of his long-esteemed title, "king of corn," and blames Lawrence Welk for stealing the laurels right from under his baton.

"For years I was known as the king of corn, and I treasured the title. Really I did," Lombardo complained. "It meant that I was playing sensible, commercial music."

"Now it belongs to Welk. How do you like that?"

Bands and music fads have come and gone in the 30 years that Guy has been sawing out "the sweetest music this side of heaven," but he continues to top them all, surviving jazz, swing, bebop and rock 'n' roll.

"I think Welk will endure, too," he said. "People love him, they can dance to his music. And he's the hardest working man I ever knew."

Doesn't Specialize
Lombardo attributes his success to the fact that his music isn't stylized. Through the years he has selected elements of each craze and worked them into his arrangements—even rock 'n' roll.

"Rock and roll is dead now," he said with finality. "Last winter I thought it would be around forever. But the trend is away from a big fat guitar beat. It wasn't musical. I noticed the change last Easter when our crowd turned up about 30 per cent teenagers. Youngsters are dancing again."

"Thank goodness kids are only children once. They finally outgrow the fads."

Lombardo has returned to Hollywood for the first time in 10 years for a three-week session at the Coconut Grove.

Though he hasn't had a hit recording in six or seven years, the

10-piece band brings in a million dollars a year.

Conservatively dressed, Lombardo resembled a businessman rather than a musician. He talked like a businessman, too.

"Basically, our music is the same as it was 30 years ago," he grinned. "We've added a little swing, jazz and South American

beat, but we've never been associated with any single style. If we'd become a swing band in the early 40s, along with Benny Goodman, Artie Shaw, the Dorseys and Glenn Miller, we wouldn't be in business today."

"The Guy Lombardo sound is always there, no matter what type of music we're playing."

Seminoles Seek Second Victory At Fort Myers

A spirited band of Seminoles, their tomahawks honed to razor sharpness, today hit the warpath for Fort Myers.

Tonight, the Sanford Tribe hopes to lift the scalp of Fort Myers High, the wigwag of Coach Jim Pignot before he came to the Seminole reservation.

Based on records of the two teams this season, the Seminoles should be a slight favorite. However, the opposition will be in familiar surroundings. This would tend to even the score.

The Sanford squad is in quest of its second victory of the campaign. After opening on a triumphant note against Lyman of Longwood, Pignot's charges have been beaten twice and held to a scoreless draw.

"hungry" after three consecutive weeks without victory.

The Seminoles narrowly missed a great performance against Kettler last week. That "little something" still was missing however. As a result, several scoring opportunities went by the boards.

The only game from which Fort Myers has emerged triumphant this season was the grudge bout with Boone of Orlando, Boone was smacked down, 19-0, by the Tropical City eleven.

Sanford's hopes for victory will be riding, to a great degree, on the strong right arm of Quarterback Cecil Dandridge and the defensive play of David Stanley.

This note of caution, however, failed to dampen the spirit of the team, which left Sanford with the belief that Fort Myers will be a happy hunting ground for the modern-day version of the Seminole Indian.

Turley Is Chosen 'Player Of Year'

NEW YORK (UPI)—Bob Turley, who climaxed a 21-victory season by pitching the New York Yankees to their World Series triumph over the Milwaukee Braves, today was named the United Press International's American League player of the year.

The 28-year-old native of Troy, Ill., one of the few pitchers ever honored, won over a field that included eight other players. A UPI board of experts, three baseball writers from each city in the league, gave him seven votes—three more than were polled by both Kansas City's Bob Cerv and Boston's Jackie Jensen.

Next in the balloting came Mickey Mantle of the Yankees with three votes followed by Cleveland's Rocky Colavito with two and Cal McLish, Vic Power, Sherman Lollar and Ted Williams with one each.

LEAD SANDSPURS — The Perfection Patriots team leads the Sandspurs Bowling League. These are the bowlers who keep Perfection atop the standings. Left to right, Lucille Harris, Doris Scheller, Peggy Tagwell, Marilyn Bailey and Marian Adams. (Herald Staff Photo)

Mayfair Men's Golf Tourney Slated

The Mayfair Inn country club Men's Golf Association will kick off fall activities with a tournament Oct. 26.

As the first event of the 1958-59 season, which began officially on Oct. 1, the tourney will be a handicap point system event for all past and prospective members.

Next in the balloting came Mickey Mantle of the Yankees with three votes followed by Cleveland's Rocky Colavito with two and Cal McLish, Vic Power, Sherman Lollar and Ted Williams with one each.

tournament are to start activities for the current year and to establish the total membership for the year as soon as possible.

This is the second year for the association. Cuning said the first year was "most successful" and that the goal for 1958-59 is to "surpass the standards of last year."

Purpose of the organization is to promote interest in golf and social activities at the Mayfair Country Club.

Members of the board of directors are Dan Wright, Harold Ring and Martin Vost.

Committees for the year are membership, John Ivey, Abe Fennel, Harold Kastner and Ken Torbett; handicap, H. McInnis, Henry Cushing, Harry Woodruff; publicity, Dan Wright, Frank Mebane, Earl Higginbotham; trophy, Sonny Powell, B. C. Hamilton, Roy Haller.

Rules: Chuck Bloom, Vernon Dunn, E. J. Still, entertainment, Kastner, R. Blumhimer, Kirby Fite, Bill Fleming, W. A. Patrick, Bill Toll, W. I. Van Dursen; tournament, G. Witzel, S. G. Harriman, D. Wright, J. Ivey, H. McInnis, Powell, Bloom, Kastner, C. Phillips, B. C. Hamilton greens, C. Phillips, H. Toole, G. Witzel.

Win Streak, Title Hopes On Line Again Saturday

over Iowa, Iowa was tied, 13-13, by the Air Force Academy but beat Texas Christian, 17-0, and Indiana, 34-12.

It is almost essential for Wisconsin to get past Iowa because the Badgers meet defending Big 10 champion Ohio State in their next game.

Army, with its best team since Blanchard and Davis crushed all wartime opposition, was a heavy favorite over Virginia last season but won by only 23-12. But the double-edged ground threat of Pete Hawkins and Bob Anderson is almost certain to prove too much for the Cavaliers.

Notre Dame is expected to rebound from the loss to Army by beating Duke handily in the day's top inter-collegiate contest. In other inter-collegiate, sixth-ranked Navy plays Tulane, North Texas State is at Richman Young, the Air Force Academy plays Stanford, Nebraska is at Syracuse and Pitt is favored over West Virginia.

Sixth-ranked Louisiana State, with a surprising 40 record, has an important Saturday night date with Kentucky, the team that beat Georgia Tech and is considered two-grade stuff despite a 2-2 record. Vanderbilt is at Florida and Alabama at Tennessee in other Southeastern Conference games.

Army's top-rated cadets, 143 members of Notre Dame, are a 27-point choice over Virginia in what appears to be a "breather" but most of the other top 10 teams face formidable opposition.

Virginia has surprised Army two straight years with tough games but is reported in very poor physical condition for Saturday's game.

Auburn, considered the country's No. 1 defensive team, goes for its 10th consecutive victory against a Georgia Tech team which has beaten Florida State, Tulane and Tennessee after an opening 13-0 loss to Kentucky.

Auburn is rated a seven-point pick but the game is expected to be a hard-bitten defensive battle which could be decided by a break.

Badgers Night Favorite Wisconsin, the nation's third-ranked team, has piled up 101 points against a combined total of six for three opponents but is picked by only seven points.

Miami's Coaches Say Hurricanes 'Hurt Themselves'

CORAL GABLES (UPI)—Miami coaches admitted today that the error-plagued Hurricanes have been their own worst enemies this fall.

They said mistakes show fumbles, penalties and other mistakes played a big part in losses to Wisconsin and LSU.

The first team has resumed full-scale workouts after laying off heavy work the first part of the week following Saturday's embarrassing 41-0 loss to Louisiana State.

No drastic lineup changes are expected between now and the Hurricanes' next game, against Boston College a week from Saturday.

Rebuilding work will come to an end Friday with a long scrimmage followed by a Saturday layoff. The backfield of Fran Curel, Joe Pirel, Harry Devin, and Frank Bouffard—which opened against LSU—continues to operate as the No. 1 unit.

Series Cash Is Divided; Bucs Vote Sisler Share

NEW YORK (UPI)—The Yankees sliced their World Series melon like world champions, but they're pickers alongside the Pirates.

Maintaining their traditional World Series generosity, the Yankees cut in such part-timers as Sal Maglie, Virgil Trucks and Murry Dickson for huge chunks in the division of the series spoils made public by Commissioner Ford Frick Thursday.

All told, 32 members of the Yankees will each collect a full share of \$4,739.10 in the mail today.

while 31 members of the losing Braves each will receive \$1,858.08.

The Pirates, who finished second to the Braves in the National League race, came through with the most generous gesture of the year—and maybe even in World Series history—when they voted a full share of \$1,507.04 to their batting instructor, George Sisler.

Not Regular Coach

Sisler, a Hall of Famer, is not a regular member of the Pittsburgh coaching staff but he puts in long hours teaching Pirate batters how to hit, is immensely popular with all of them and the size of his share was a token of their appreciation.

"I think this is the first time a batting coach ever was so appreciated," Frick said. "I think it's a fine thing."

Frick also said he thought both the Yankees and Braves were "very generous" with their spoils.

The Yanks voted a half share (\$2,369.54) to Maglie although he left the club June 14; three-quarters of a share (\$3,553.53) to Dickson, who joined them Aug. 22; and full shares to Trucks and Duke Maaz, who were obtained from Kansas City on June 15.

The Braves listed incidental awards to several non-players, including door men and parking lot attendants at Milwaukee's County Stadium.

Bureau Production

Yankee pitcher Ryan Duren will find \$250 deducted from his winning share as a result of a fine levied by Frick for a "choke-up" gesture he made at umpire Charles Reedy during the sixth game of the series. And 29 members of the Braves will find \$40 missing from their shares for prematurely disclosing how they voted to split their money.

Both the winners' and losers' share were the fourth highest in history. The record high for a winner was \$11,147.90 each member of the Giants received in 1954 and the record loser's share was \$6,931.51 set by the 1955 Dodgers.

A full share for the second-place White Sox this year was worth \$1,518.91 and for the Pirates it was \$1,507.04.

The third-place Red Sox drew \$995.90 for a full share while the third-place Giants, who voted fewer full shares, netted \$1,031.14.

A full share for the fourth-place Indians came to \$1,518.01 and \$547.23 for the fourth-place Redlegs.

Nugent To Beef Up Florida State Line

TALLAHASSEE (UPI)—Coach Tom Nugent says he will beef up his lightweight Florida State line for the Virginia Tech game Saturday.

But the Seminoles will still be outweighted 20 pounds per man in the forward wall.

Thursday, Nugent moved his biggest player, 250-pound Jerry Graham, to the starting guard position. Graham will boost the line weight average to 194 pounds.

Nugent reported two injured players, end Pete Fleming and fullback Dink Lawrence, will be ready to play against the Virginians. But two other players are definitely out: guard Terry Moran and end Herman Brown.

The Seminoles, who haven't donned pads all week, worked out again Thursday in sweat suits.

Hurricanes Slated For Passing Drill

CORAL GABLES (UPI)—The University of Miami today was slated for another drill on pass defense, the lack of which has proved costly in their two losses this season.

Coach Andy Gustafson had the varsity defending against aerials thrown by the freshmen Thursday and gave them a "well done" grade.

"This was a spirited workout and the squad reacted better than it has in some time," Gustafson said.

The Hurricanes will get additional pass defense drills until they show more improvement. They have an open date this week and go back into action Oct. 23 against Boston College in Boston.

Light Scrimmage Ends Gator Drills

GAINESVILLE (UPI)—A light scrimmage closed out this week's football practice for the University of Florida.

Much of the workout will be devoted to pass defense in preparation for the homecoming tilt with Vanderbilt when the Gators will have to defend against Vanderbilt's Royce Smith, one of the best throwers in the Southeastern conference.

Injuries prevented Coach Bob Woodruff from announcing a definite starting lineup. The only definite backfield starters are Jimmie Dunn at quarterback and Bob Milby at fullback.

Ginger Rogers' Special Had That 'Decayed Feeling'

By **WILLIAM EWALD**
United Press International
NEW YORK (UPI)—There was a feeling of decay and a small of most about Wednesday night's CBS-TV special "Ginger Rogers' Show."
If someone had made a list about Major Rogers' show on 19th Baker's anniversary or suggested that we all dance the coasa, it would not have surprised me at all. As a matter of fact, at one point during the hour a brother named Ritz made a joke about Eddie Coster wanting a boy, and at another juncture, Miss Rogers did dance the continental.
The strange thing about it all, of course, is that Miss Rogers has been moved up to culture goddess status in recent years because she seems to have discovered some secret wellspring of youth. At the age of 47, Miss Rogers has more spring and bounce than a new page stink and I'm sure most matrons go into spasms of jealous agony when her sparkling waltz swishes in view.
However, youthful looks and bounce are not quite enough to carry off a show. Witness Joan Crawford's dismal guest spot on the Rob How show Tuesday night in an empty sketch, the only purpose of which was to demonstrate

that Miss Crawford, now past 50, is holding up well.
Miss Rogers also is holding up superlatively well, but unfortunately, she is a performer of limited talent. Her singing is abysmal and her dancing is pleasantly nimble, but undistinguished—without fire or style or originality. It is no secret that in the dancing department, the genius of Fred Astaire carried Miss Rogers through all those wonderful years of the 30's.
As for the rest of the show, Ray Bolger contributed one wonderful

ly archaic dance number in bowl or with six ponies from the chorus and I enjoyed it immensely. Unhappily, Bolger didn't dance enough.
There were also three brothers named Ritz on the show who may be comedies' only living artifacts. I give you this sample of one of their jokes — Ritz brother: "I'm Wyatt (burping) Bump." Or take this one:
Brother A: "I bring you a bowl of soup."
Brother B: "What kind of soup is it?"

Brother A: "It's soup."
As I said, you take it. I don't want it. Or them.
The Channel Swim. The fact that I sponsor a new Nat Hiken one-hour series, "Man of the Hour," fell through Wednesday night's CBS-TV show centers around the testimonial dinners of the Private Club. CBS-TV's Ed Sullivan will film a show in India early next year.
CBS-TV's nighttime "Arthur Godfrey Show" notched an almost unbelievable 1.6 Tuesday. Tuesday night — opposite it, ABC-TV's "Redman" had a 2.1 and NBC-TV's Bob Hope a 2.2 in his first half hour. The long-time lipstick sponsor of CBS-TV's "The \$64,000 Question" is unhappy with the show's ratings, but is committed for 24 weeks of the quiz.

Engineer Defends Canal's Turndown

Prospective benefits from the Sanford-Titusville Canal would return only 56 cents on each dollar invested, the U. S. district engineer in Jacksonville said today in defending the unfavorable report rendered recently.

Col. Paul D. Troxler said the "unfavorable findings" of the district and division engineers, sustained by the Board of Engineers for Rivers and Harbors were "justified by the facts."

Elimination of the proposed \$6 million lock at Titusville "still would not justify, economically, the canal," Troxler said.

He said that the unfavorable report had resulted in a number of inquiries from newspapers, the public, civic organizations and others in the affected area. Due to the number of inquiries, Col. Troxler said he felt "some answering comments are in order."

"I can understand the feelings of disappointment on the part of persons supporting the Sanford-Titusville Canal," Troxler said. "The principal claim of canal supporters are that benefits attributable to recreational boating and military use have not been included."

"Others claim that an expensive and unnecessary navigation lock has been included, which caused the economic ratio to fall into the unfavorable category. Use of the canal for recreational boating was fully considered in a report by the Corps of Engineers, which investigated the feasibility of providing the canal as a federal project."

Troxler said the same standards were used for evaluating recreational benefits that are applied by the Corps of Engineers throughout the U. S.

"On the matter of the Navy saving hundreds of thousands of dollars annually on fuel transportation costs, Troxler said: "We are prevented from including military benefits on civil works projects, as are all other engineer districts throughout the nation."

He added that, presumably, if a civil works project being considered has "appreciable national defense aspects," the higher military echelons charged with strategic planning would add these benefits, or would actively support construction of the project as a defense requirement.

Such support has not developed for the Sanford-Titusville Canal," he said.

The much-discussed lock near Titusville would be a necessity, Troxler said. Even if it were not included, however, the remainder of the work still would not be justified economically, he added.

"Our reports show that the prospective average annual benefits over the life of the project would return only 56 cents for each dollar invested," Troxler said.

"We have taken as liberal a view of the prospective development of commerce in the region as we were able to justify by existing field research and analysis. It just isn't economically justified."

Elizabeth Attends Church Dedication
LONDON (UPI) — Queen Elizabeth and other members of the royal family took part Sunday in the dedication of the rebuilt Old Church of St. Clement Dane's, which saves its name to the Elizabethan nursery rhyme, "Oranges and lemons say the bells at St. Clement's."

The three-year-old, old church, destroyed in 1940 by a German bomb, was reconsecrated at a central chapel of use Royal Air Force. The \$300,000 organ used in the inaugural services was donated by U. S. airmen in Britain.

History Repeats
SYRACUSE, N. Y. (UPI) — Some 200 Baptist ministers met here for three days recently, one of them pointed out how closely the group was imitating a trip described in the Bible. He quoted the Book of Acts, Chapter 28, verse 12: "Putting in at Syracuse, we stayed there for three days."

Howard Anderson Dies; Rites Held
Howard Anderson, 32, Miami, died at Seminole Memorial Hospital at 11 p. m. Friday.

Mr. Anderson had lived in Miami for the past two years. Born in Kearney, Neb., he was employed by the Howard Johnson Restaurants in Miami, Orlando and Connetquot. He was a veteran of World War II, having served in the Fourth Marine Division. He later served in the honor guard under Gen. Lucius D. Clay in Berlin.

Surviving are his mother, Mrs. Lucy Anderson; five sisters, Mrs. Robert Van Noy, White Water, Wis.; Mrs. L. M. George, Mrs. Walter Giddin, Miami; Mrs. Donald Shaffer, Winter Park; Mrs. Clifford Lundberg, Leesburg; three brothers, Richard B. Lobb, Orlando; Willis Anderson, Vero Beach; Charles Anderson, Kingston, N. C.

Federal services were held at 3:30 p. m. yesterday at Brison Funeral Home, the Rev. A. G. McKinlay officiating. Burial was in Oaklawn Memorial Park.

Weather
Generally fair and mild through Tuesday. Low tonight 60 to 63. North and northwest winds 10 to 20 miles per hour.

Local Nurse Chosen
Mrs. Mary D. Doherty of Sanford was elected chairman of the International Nursing Service Administrators Section of the Florida Nurses Association at its annual convention in Miami.

The Sanford Herald

AN INDEPENDENT DAILY NEWSPAPER

VOL. XLIX Established 1908 SANFORD, FLORIDA MONDAY, OCTOBER 20, 1958 United Press Leased Wire NO. 286

URGE UF SUPPORT — George Touhy (left) and Roy Mann today renewed their pleas for support of the Seminole County United Fund drive. Mann is UF treasurer, Touhy had charge of publicity during organization of the drive. (Herald Staff Photo)

United Fund Lag Cited By Leaders

Seminole United Fund leaders today renewed their pleas for contributions.

As matters now stand, the goal is some \$31,000. In the opinion of at least one UF worker, this goal could be very difficult to attain, "unless things change."

UF leaders hope that individuals will become interested in the campaign. They expressed the belief that contributions from the "average man in the street" will determine if the campaign is successful.

Oct. 31 was set as the date on which UF leaders had hoped to end the drive. Today, that date appears too near when measured against the amount of money collected.

"Whether a community is a good place in which to live is largely measured by how well it provides for the health, recreational and social welfare of its people," one UF leader said. "To make it a better community, the United Fund asks you to contribute part of your \$100.00 to assure the seven services that they will have adequate funds to carry out their work."

The seven agencies which receive UF money are the Boy Scouts, Florida Children's Home, Girl Scouts, Mental Health, Red Cross, Salvation Army and USO.

Each of these agencies "do something collectively worthwhile for humanity," the UF statement said.

"How much should each individual give? The UF has an answer: 'Whatever is in your heart to give.' The UF reminded, however, that contributions are for seven agencies, not one.

Payroll deductions, 10 or 25 cents weekly, pledges or cash are all the same to the UF. An immediate response was urged. As UF leaders put it: "We would like to see the Sanford spirit injected into this campaign; with it, we would go over the top quickly."

Childhood Group To Meet Thursday
The Seminole County Chapter of the Association for Childhood Education will meet Thursday night at Lyman School, Longwood.

An invitation was extended to organizations and churches interested in working with elementary children. Mrs. Margaret Galt and Stewart Gatchel are in charge of the program.

A children supper will be served for a slight charge at 6:30 p. m. Reservations must be made by calling FA 2-2248 by noon Tuesday.

Absentee Ballots Available Today
Absentee ballots for the November general election now are available at the registration office in Sanford.

The deadline for casting absentee ballots is Oct. 30. The registration office is located in the Chamber of Commerce building.

Junior Varsity To Host Eustis
The Seminole Junior Varsity will meet the Eustis JV's at Sanford Municipal Stadium at 7:30 tomorrow night.

Sanford's junior team is undefeated and is probably one of the best JV teams in school history. The JV's have two victories—17-0 over Deland and 7-0 over Seabreeze. The game with Leesburg resulted in a 0-0 tie.

Frank D. Brehm was picked up by Seminole Constable J. Q. (Slim) Galloway as he was attempting to flee the scene of an accident by hitchhiking a ride in the opposite direction, Galloway said.

Brehm was traveling West on Highway 46 between 7:30 and 8 p. m. Saturday when he struck a side of Mims Bridge, destroying about 200 feet of railing and demolishing his car.

Officials of the Seminole Sheriff's office revealed that Brehm would hide in the bushes until an eastbound car would pass, then he would attempt to hitchhike a ride. One eastbound car did stop. It was driven by Constable Galloway who delivered Brehm to Volusia County jail.

Red Cease-Fire Shattered

Butler Tells South To Leave Party; Smathers Hits Talk

WASHINGTON (UPI) — The Democrats' smoldering civil rights fight broke into the open today with a blunt invitation by Democratic National Chairman Paul M. Butler to anti-civil rights Democrats to quit the party.

Butler, interviewed Sunday on ABC-TV's "College News Conference" said the racial issue requires "natural leadership" and predicted there will be "no compromise" on a strong civil rights stand in the Democratic platform in 1960.

"These in the South who are not deeply dedicated to the philosophies of the Democratic Party will have to go their own way," he declared. "If they don't want to go along on the racial problem and the whole area of human rights, then I think they are going to have to take political asylum wherever they can find it, either in the Republican Party or a third party."

Smathers Hits Butler
"I would say anyone who is unwilling to accept the platform of the Democratic Party in 1960, and anyone who is going to stand up in America today and say we are going to resist the decisions of the Supreme Court, and we shall not recognize the principles of law and order upon which this nation exists, then I certainly would hope they would take leave of the Democratic Party."

Sen. George A. Smathers (D-Fla.) in charge of the campaign to elect Democratic senator Nov. 4, promptly accused Butler of dividing the Democratic Party at a time when its primary need is unity.

"I think the time has come when the chairman of the Democratic National Committee should start spending his time pointing up the unity of the Democratic Party rather than its division," Smathers told United Press International in an interview.

"A leader is supposed to gather his forces, not divide them. I think his (Butler's) time would be better spent assisting our candidates to get elected than his continued pontificating about what's going to happen in 1960."

"What we need is unity, not division. What we need are peace-makers, not agitators."

Car Dealers Told To Oppose Taxes
WASHINGTON (UPI) — Dean Chaffin, president of the National Automobile Dealers Association, described the federal excise tax on new automobiles as a 10 percent luxury tax "for a human necessity preceded only by food, clothing and shelter."

Chaffin urged auto dealers and motorists to campaign for removal of the tax as the "quickest and most direct method of reducing the cost of a new car." He said the tax was imposed to discourage auto buying during wartime and "these conditions do not apply now."

China Not Afraid, Eleanor Declares
NEW YORK (UPI) — Mrs. Eleanor Roosevelt said Sunday she believes that Communist China is less afraid than either Russia or the United States of starting an atomic war.

In a CBS television interview, the former first lady said the Communist Chinese "are perhaps not as worried about an atomic war as other countries might be." She said they have great concentrations of population and "they have so many people — 600 million — that they are accustomed to losing large numbers."

White Students Register For Little Rock Classes

LITTLE ROCK, Ark. (UPI) — More than 400 white high school students started registering for classes today in private, segregated schools opened by the Little Rock Private School Corp. and Ouratcha Baptist College.

The corporation's classes, for white students only, will start Tuesday in a three-story building that formerly housed the University of Arkansas graduate school. It was Gov. Orval E. Faubus' answer to Supreme Court orders to integrate.

About 150 seniors were registered there. About 200 students were registering at Second Baptist Church for classes Ouratcha Baptist College expects to begin there and at two other churches next Monday.

There probably are around 2,000 white high school students and 200 Negroes for whom public schools have not opened this year because of the integration dispute. Six or seven hundred students have transferred schools out of Little Rock.

Officials of Philander Smith and Shorter Negro colleges scheduled meetings today to see what can be done about setting up private schools for Negroes.

Dr. Thomas J. Hanley, president of the private school corporation, chased reporters and photographers off the school grounds. They were tolerated until Herschell Goodman, a member of the corporation, heard television men interviewing a girl who came to Little Rock from Texas.

"They had everything they're offering here in the eighth grade where I came from in Texas," she said in the TV interview.

Goodman ran in and told Hanley, who came out and said: "Get out, this is private property" to the TV cameramen.

He told newsmen and photographers: "You'll have to leave. If I need you, I will call you."

Bride, 14, 'Tired' Of Male Who's 68
MILWAUKEE (UPI) — A tiny, 14-year-old runaway told authorities here that she is tired of her 68-year-old Iowa farmer husband of two months.

Police found the young brunette, whom they described as "kiss of evil," living in a Milwaukee rooming house with a 15-year-old girl. The 15-year-old was returned to a Lutheran children's home in Iowa from which both girls had run away.

But the child bride was another problem. Police said she produced a marriage license, dated in August, leaving "no question" that she was married. She said her white-thatched husband had given her a round-trip ticket so that she could accompany her 15-year-old friend to Milwaukee.

Authorities said the girl told this life story:

"She entered the children's home at the age of 10 when her mother's third husband allegedly involved her in a morals charge.

She escaped repeatedly from the home, the last time meeting a truck driver who told her of a farmer looking for a housekeeper.

The trucker drove her to the farmer, who hired her. A one-week employment ended in the May-December marriage in August. The wedding certificate showed the youngster's age as 18.

The girl was held on a petition charging her with acting in a manner dangerous to the health and morals of herself and others.

Lions To Hear Talk
Dr. Thomas L. Thurmond, new county health officer, will speak to the Sanford Lions Club at its noon luncheon meeting Tuesday at the Civic Center.

Citizens Council To Meet Tonight
The Seminole County chapter of the Citizens Council of America will meet at the courthouse tonight at 8 o'clock.

Guest speaker will be the Rev. George Davis, Orlando. A spokesman said this would be an organizational meeting for the Citizens Council.

Chamber Will Organize Committee For Industry
The Seminole County Chamber of Commerce plans to organize a "Committee of 100" in an effort to conduct a more vigorous campaign to secure industry.

Mark Cleveland Jr., newly installed Chamber president, now is making appointments to the committee.

In a letter to prospective members of the committee, Cleveland said:

"In a recent survey of Florida cities which have been successful in attracting new industry, it was learned that an enlarged Chamber of Commerce Industrial Committee is of tremendous help.

"Usually called the Committee of 100, this representative group of business and professional men and women from the area are very important in any negotiations, mainly because they indicate to industrial prospects that the community itself, not just the Chamber manager, is solidly in favor of the promotion work.

"The organization of such a committee here has been under consideration for some time and, since industrial promotion in Florida is constantly growing more competitive, we feel that there should not be any further delay. I am, therefore, asking your assistance with the committee by serving as a member."

At the same time that Cleveland announced plans to form the Committee of 100 to work for industrial expansion in Seminole County, Clifford McKibbin urged local business and professional firms to secure their memberships in the Chamber as soon as possible.

The annual membership drive now is under way. Chamber leaders have set a \$10,000 goal from dues for the next 12 months. Formation of the Committee of 100 was one of the reasons cited for the urgent need for record membership in this drive.

McKibbin said a "strong Chamber of Commerce is essential to the progress of Seminole County and the individual progress of local businesses."

Attack Surprises Convoy On Beach; Artillery Answers

TAIPEI, Formosa (UPI) — The Chinese Communists shattered the Quemoy cease-fire today with a saturation bombardment that brought a Nationalist supply convoy on the beaches. Nationalist artillery answered with a full fledged renewal of the "little war."

The Red guns began blasting while Secretary of State John Foster Dulles was flying here from England via the North Pole in hopes of fashioning a permanent Far Eastern settlement in talks with Generalissimo Chiang Kai-shek. He called the action a "treason."

His Tatan Island
As this announcement was made, the Nationalist Defense Ministry here said the Reds turned their bombardment against Tatan Island, which is nestled in the mouth of Red China's Amoy harbor and is often considered a likely invasion target. The first shelling of Quemoy lasted two hours and 40 minutes. The Communist action appeared to be a direct slap at Dulles.

The order of the day by Communist Defense Minister Peng Teh-huai ending 11 days of quiet in the Formosa Strait noted Dulles' impending arrival and accused him of interfering in internal Chinese affairs.

Peng's announcement over Peiping Radio was monitored here an hour before the heavy shelling resumed. But there apparently was not time to warn the Quemoy garrison and the intense shelling came as a deadly surprise, catching a number of landing ships on the yellow sand beaches.

Peng said the Communists were breaking the cease-fire because U. S. warships had "intruded" in Chinese waters in a serious breach of Chinese sovereignty. He said destroyers and other craft penetrated waters near Quemoy and Matsu.

One Dead, 20 Hurt In Tornado Strike
PAHOKEE, Fla. (UPI) — A tornado swept through a migrant labor camp here Sunday, killing one person and injuring 20.

The twister caused an undetermined amount of damage. It destroyed some 30 Negro workers' homes, toppled two Florida East Coast railroad box cars and tore down power lines. More than \$50,000 damage was reported at a small airport where eight airplanes were demolished and one damaged.

Killed was John Gray Jr., 70, a Negro farm laborer. Highway Patrolman Regester Windham said: "The tornado picked up his entire house and dumped it more than 100 yards away."

Citizens Council To Meet Tonight
The Seminole County chapter of the Citizens Council of America will meet at the courthouse tonight at 8 o'clock.

Guest speaker will be the Rev. George Davis, Orlando. A spokesman said this would be an organizational meeting for the Citizens Council.

Lions To Hear Talk
Dr. Thomas L. Thurmond, new county health officer, will speak to the Sanford Lions Club at its noon luncheon meeting Tuesday at the Civic Center.

Red Cease-Fire Shattered

Butler Tells South To Leave Party; Smathers Hits Talk

WASHINGTON (UPI) — The Democrats' smoldering civil rights fight broke into the open today with a blunt invitation by Democratic National Chairman Paul M. Butler to anti-civil rights Democrats to quit the party.

Butler, interviewed Sunday on ABC-TV's "College News Conference" said the racial issue requires "natural leadership" and predicted there will be "no compromise" on a strong civil rights stand in the Democratic platform in 1960.

"These in the South who are not deeply dedicated to the philosophies of the Democratic Party will have to go their own way," he declared. "If they don't want to go along on the racial problem and the whole area of human rights, then I think they are going to have to take political asylum wherever they can find it, either in the Republican Party or a third party."

Smathers Hits Butler
"I would say anyone who is unwilling to accept the platform of the Democratic Party in 1960, and anyone who is going to stand up in America today and say we are going to resist the decisions of the Supreme Court, and we shall not recognize the principles of law and order upon which this nation exists, then I certainly would hope they would take leave of the Democratic Party."

Sen. George A. Smathers (D-Fla.) in charge of the campaign to elect Democratic senator Nov. 4, promptly accused Butler of dividing the Democratic Party at a time when its primary need is unity.

"I think the time has come when the chairman of the Democratic National Committee should start spending his time pointing up the unity of the Democratic Party rather than its division," Smathers told United Press International in an interview.

"A leader is supposed to gather his forces, not divide them. I think his (Butler's) time would be better spent assisting our candidates to get elected than his continued pontificating about what's going to happen in 1960."

"What we need is unity, not division. What we need are peace-makers, not agitators."

Car Dealers Told To Oppose Taxes
WASHINGTON (UPI) — Dean Chaffin, president of the National Automobile Dealers Association, described the federal excise tax on new automobiles as a 10 percent luxury tax "for a human necessity preceded only by food, clothing and shelter."

Chaffin urged auto dealers and motorists to campaign for removal of the tax as the "quickest and most direct method of reducing the cost of a new car." He said the tax was imposed to discourage auto buying during wartime and "these conditions do not apply now."

China Not Afraid, Eleanor Declares
NEW YORK (UPI) — Mrs. Eleanor Roosevelt said Sunday she believes that Communist China is less afraid than either Russia or the United States of starting an atomic war.

In a CBS television interview, the former first lady said the Communist Chinese "are perhaps not as worried about an atomic war as other countries might be." She said they have great concentrations of population and "they have so many people — 600 million — that they are accustomed to losing large numbers."

Bride, 14, 'Tired' Of Male Who's 68
MILWAUKEE (UPI) — A tiny, 14-year-old runaway told authorities here that she is tired of her 68-year-old Iowa farmer husband of two months.

Police found the young brunette, whom they described as "kiss of evil," living in a Milwaukee rooming house with a 15-year-old girl. The 15-year-old was returned to a Lutheran children's home in Iowa from which both girls had run away.

But the child bride was another problem. Police said she produced a marriage license, dated in August, leaving "no question" that she was married. She said her white-thatched husband had given her a round-trip ticket so that she could accompany her 15-year-old friend to Milwaukee.

Authorities said the girl told this life story:

"She entered the children's home at the age of 10 when her mother's third husband allegedly involved her in a morals charge.

She escaped repeatedly from the home, the last time meeting a truck driver who told her of a farmer looking for a housekeeper.

The trucker drove her to the farmer, who hired her. A one-week employment ended in the May-December marriage in August. The wedding certificate showed the youngster's age as 18.

The girl was held on a petition charging her with acting in a manner dangerous to the health and morals of herself and others.

White Students Register For Little Rock Classes

LITTLE ROCK, Ark. (UPI) — More than 400 white high school students started registering for classes today in private, segregated schools opened by the Little Rock Private School Corp. and Ouratcha Baptist College.

The corporation's classes, for white students only, will start Tuesday in a three-story building that formerly housed the University of Arkansas graduate school. It was Gov. Orval E. Faubus' answer to Supreme Court orders to integrate.

About 150 seniors were registered there. About 200 students were registering at Second Baptist Church for classes Ouratcha Baptist College expects to begin there and at two other churches next Monday.

There probably are around 2,000 white high school students and 200 Negroes for whom public schools have not opened this year because of the integration dispute. Six or seven hundred students have transferred schools out of Little Rock.

Officials of Philander Smith and Shorter Negro colleges scheduled meetings today to see what can be done about setting up private schools for Negroes.

Dr. Thomas J. Hanley, president of the private school corporation, chased reporters and photographers off the school grounds. They were tolerated until Herschell Goodman, a member of the corporation, heard television men interviewing a girl who came to Little Rock from Texas.

"They had everything they're offering here in the eighth grade where I came from in Texas," she said in the TV interview.

Goodman ran in and told Hanley, who came out and said: "Get out, this is private property" to the TV cameramen.

He told newsmen and photographers: "You'll have to leave. If I need you, I will call you."
