

## 2 Cosmonauts Down Safe; Five Still Flying In Orbit

By MICHAEL JOHNSON Associated Press Writer  
MOSCOW (AP) — Soyuz 4 and the two cosmonauts aboard it returned safely to earth today after testing several types of experimental landing techniques in space. Radio Moscow announced.

The announcement said the first of the three spacecraft went down last weekend in a "soft area" of about 250 sq. miles (100 miles northwest of Karaganda). The two cosmonauts "feel fine," the announcement said. The return to earth of Soyuz 4 left two manned spacecraft and five cosmonauts still in orbit.

The landing was done in a depressurized compartment of the ship in conditions of high vacuum, Tass said.

It was the first time that an astronaut has attempted to land in a depressurized compartment of the ship in conditions of high vacuum. Tass said.

**THE LEAGUE OF WOMEN VOTERS** are celebrating 50 years of a great idea. In honor of their landing in the U. S., the local league will sponsor "Seminole in the Seventies" people's planning session with civic and government leaders. Mrs. William Long, (from left), Mrs. Dean Cooke, and Mrs. John Brown, president of the League, announce a luncheon celebration to be held at the Holiday Inn, on October 28 at noon. ## Lions Push 'Lights For Sight'

By CHARLES LEONE  
Seminole Lions are "doing their thing" tonight as they travel door-to-door for sight. The sole project of the Lions Club is sight conservation. Two nights a year Lions sell light bulbs, which, symbolically, will light up the future for one who might not otherwise be able to see. Lions are pledged to help those less fortunate than themselves. They have no political affiliation. To help the community, the Lions have dedicated themselves to sight conservation. The light bulb sale and the 4th of July Fun Fair give them the money needed to work with the blind, give eye examinations and, if necessary, buy glasses for the needy, and run a glaucoma clinic at the Health Department.

Arthur Mackey is the president of the Sanford chapter. His first vice president is Roy Wright. Other officers are: Curtis Nelson, second vice president; James Creamer, third vice president; and Hugh Duncan, secretary.

The 40 members of this club are a part of the largest service organization in the world. They were founded nationally and internationally over a half a century ago. They have organizations in 143 countries.

October is international membership month. For more information, call Mackey, 222-6780. The Sanford Club meets each Tuesday at noon at the Civic Center.

## GI Deaths Continue Low

By GEORGE ESPER Associated Press Writer  
SAIGON (AP) — The total of American battlefield deaths in Vietnam last week remained near the lowest levels of the past three years, and enemy losses fell to their lowest point in a year. But South Vietnamese casualties climbed sharply.

The weekly casualty report of the American command reported that the total of American battlefield deaths in Vietnam last week remained near the lowest levels of the past three years, and enemy losses fell to their lowest point in a year. But South Vietnamese casualties climbed sharply.

The weekly casualty report of the American command reported that the total of American battlefield deaths in Vietnam last week remained near the lowest levels of the past three years, and enemy losses fell to their lowest point in a year. But South Vietnamese casualties climbed sharply.

ONLY A FEW of Seminole Junior College's students turned out yesterday afternoon to hear Tom Tipton (right), professor of economics, expound in favor of the Vietnam war moratorium.

## Demonstrators Voice Themselves America Speaks On War Issue

By THE ASSOCIATED PRESS  
With parades, rallies, candlelight processions and church services, hundreds of thousands of Americans joined in the largest and most widespread anti-war protest in America's history. Supporters of American policy on Vietnam also demonstrated publicly.

Every state had some form of protest. Wednesday and more than one million people, most of them young, may have participated. Millions of the Vietnam Veterans' Moratorium Day displayed the American flag and drove with headlights on.

There were isolated reports of disorders amid the many activities.

Sam Brown said in Washington, "If there is no change in Vietnam policy, if the President does not respond, there will be a second moratorium."

But the scope of the moratorium was reflected across the nation. For example, in Iowa about 11,000 persons protested in various locations. In the State of Washington, an estimated 30,000 took part. In Arkansas, about 4,000 rallied in Little Rock.

Americans abroad and foreign students demonstrated in London, Paris, Rome, Brussels, Hong Kong, Tokyo, Manila, Taipei and elsewhere.

## Governor Lowers Cutback Of Funds

TALLAHASSEE, Fla. (AP)—Gov. Claude Kirk today lowered his cutback on use of federal funds for interstate construction projects in Florida from 70 per cent to 50 per cent.

"I feel it is necessary to go ahead and release limited funds on the basis of highest priority and greatest need," Kirk said in a statement released through his office here.

The statement, his office said, said that Kirk is amending his order for a holdback of 70 per cent in use of funds for federally financed projects, a move he said was necessary to comply with President Nixon's anti-inflation moves.

"Florida cannot sit back and wait, and while we will continue to set the pace in fighting inflation, we can go ahead and release funds in line with that goal," Kirk said.

Russell Stratton, Kirk's press secretary, said this means Kirk still wants a holdback, but feels that governors of other states will be going along with a 50 per cent holdback.

Grass several times during the debate pulled straggles of brightly colored beads from his pockets, dangled them before the house and suggested something like that might be on the horizon.

"This would just be funny money," Gross said. "It's not like a 40-cent piece. It's not like a 10-cent piece. It's like a 5-cent piece. It's like a 1-cent piece. It's like a 1/2-cent piece. # County Commissioners Find Roads Tough Going!

So the Seminole County commissioners find themselves mired in the roads.

To bad! But not surprising.

For the issue of proper roads for this county has been one which has risen forcefully and has been debated skillfully for years.

Chairman John Alexander has wrestled it for nearly two terms. But the times when he has gone to the mat on top of the problem are few.

If a recent commission meeting there was Robert Parker, in his first term and Greg Drummond a recent appointee by Gov. Claude R. Kirk, who both found the roads program tough.

The former commenting on the \$175,000 priority road projects for 1969-70 termed them "... the sorriest." And Mr. Drummond was unhappy with the archaic system of roads.

No reader of this newspaper can fail to have

recognized that we have emphasized the need for leadership, for strong chairmanship when road projects are being discussed and not found these in the record of Mr. Alexander.

Disturbed over the school roads in the county and those which must be built through the county to the Florida Technological University, the commissioners now can recognize the value which the county has received from the strongest sort of support which was given the roads program by the Seminole County Chamber of Commerce.

We opposed Mr. Alexander's successful drive to cut off funds for the Chamber of Commerce and the Jaycees. It was obvious no such promotional group as now has been named would take the place of or possess the unpurchasable zeal which the Chamber of Commerce un-paid, devoted and knowledgeable members displayed.

There was, for example, a meeting held in Oviedo on Aug. 16, 1967 when Mr. Alexander and other county commissioners, mayors of county cities, leaders of the area, and members of the Long Range Planning Committee of the chamber were present.

Even then the threat of no-roads for FTU access within Seminole County was recognized. The meeting urged two causeways to be constructed across Lake Monroe and Lake Jessup to feed the access roadways. And it was such gatherings as these that kept the pressure on the county commission to act. But where are the causeways? And where are the university access roads?

Now our entire area — Seminole-Orange-Osceola — must take steps to prepare for the handling of the flood of tourists which will come when Disney World opens in 1971.

Those who have visited Disneyland in California come back with but one single, urgent message: "Get Roads!" This applies most particularly to Orange County where Orlando is facing a concentration of highway traffic.

Even here in Seminole the impact will be almost beyond imagination. Of course the specific responsibility of the county commissioners does not include all roads or highways or even the most important.

But the implied responsibility to lead and exert pressure where pressure will be worthwhile when roads are the issue is obvious and important.

Thus we welcome the frank and logical reaction Messrs. Parker and Drummond and trust that they will be strong enough and independent enough to put their actions where their words have been!

## Hidden Taxes

A general formula by which you may determine how much you pay in hidden federal taxes has been developed by the Tax Foundation, a private non-profit research group.

It has estimated that for every dollar you pay in federal income tax, you pay another \$1.20 in other federal taxes, mostly concealed.

If your weekly income tax deduction is \$15, for example, you probably fork over another \$18 weekly in various other federal taxes, which means Uncle Sam is nicking you for about \$33 weekly.

This is merely an average figure, please understand. A particular individual could pay more or less, all depending on personal income and buying habits. Some of these taxes can be seen, of course, including the Social Security deduction and special levies on various commodities and items. But many other taxes are hidden, added somewhere along the line to the manufacturer's prices of a wide variety of things.

But seen or unseen, as Tax Foundation figures, they all add up to about one-fifth or more of your income if it happens to be around the average figure. Obviously, if your income is low or if you have a lot of deductions, your hidden taxes are higher in relation to your income tax.

If taxes go much higher, a worker might have to work like a dog to live like one, and could be better off giving the government the pig check and keeping the taxes. — Jackson (Miss.) Clarion-Leader

## No More Ants

Plinking in the meadows and talls of our country is being replaced by nating in cars. So finds a survey made by a paper plate manufacturer.

In they want to know why? We're all stuck in our cars on the freeway, unable to get to the exit to the nearest pastoral scene, if such still exists. — Atlanta (Ga.) Journal and Constitution

## "Can't You See We're Busy?"

## Crane's Worry Clinic:

## Home Tutoring Applauded

By GEORGE W. CRANE, PH.D. M.D.

CASE 1-634: Alan T. aged eight, has a reading problem.

"Dr. Crane," his mother complains, "Alan makes mistakes that his daddy can't believe possible."

"For example, he saw a picture of five oranges and one banana. Above the picture the question asked 'Which one is different?'"

"Alan couldn't answer."

"But when I printed this question over the picture — 'Which one is not the same?' — Alan gave the right answer at once."

"His daddy thinks Alan is dumb for not being able to answer that first question, but I tell him that Alan is not acquainted with the word 'different!'"

"How can we speed up Alan's reading comprehension, for we want him to go on to college but we know poor readers can't get that far?"

"You parents can often do far more for your kid's reading in coaching them in reading, spelling and arithmetic, than all their teachers."

"For a teacher with 30 pupils can't spend more than two minutes per hour to any one of those 30."

But parents can give a youngster 15 to 30 minutes every night of varied home drill, super-coated as attractive games.

"You fathers must be doubly careful not to grow irritated and caustic when your kiddies make what look to you like dumb errors!"

"For you fail to realize that your many years of high school and possibly college, have made difficult or XYZ things as simple to you as ABC. Yet they are still XYZ to your grammar schoolers!"

Go to a stationery store and buy a few sheets of white cardstock.

Also, purchase a printing set with large letters and an ink pad.

Put your cardstock into strips about 2 x 12 inches.

Then have your child go

through the reading book and point out the words he doesn't know.

Let him print one such word on each card.

Then hold up two strips with very dissimilar words, as "foot" and "window."

Have him pronounce the words, phonetically. And also show him the different shapes or contours of the words.

Then shuffle, and hold up one at a time. If he can identify the word before you count slowly to 10, he gets it for his pile; if not, Mamma keeps it in her pile.

After he knows the two words, add a third, but first let him pronounce it and see its shape.

Soon you can add a fourth, a fifth and before the first 15 minutes are over, he will probably know 20 words.

This form of home tutoring pays off fast. For the very next day he will show off his superior reading skill when these words appear in his reading lesson.

You can use the backs of the cardboard strips to place each pair of numbers in the multiplication tables, as 2 x 3 on one card, 3 x 6, etc.

If Daddy joins the game, let him pull the numbers on the child's card at least three times out of four, or the child may lose interest.

Very often, having the child act out the words, as "sleep," "walk," "run," "jump," etc.

Or let him place the number cards on the objects around the room which they denote, as "chair," "table," "floor," "window," etc.

Some other instances cited against Haynsworth were that same or less validity. The issue really boils down to the Brunswick case in which the judge said that a judge in these circumstances might frequently find it necessary to disqualify himself from considering a case, then immediately venturing a court already carrying a heavy case load.

## Interpretive Report:

### Haynsworth Case Needs Light

By RICHARD WILSON, WASHINGTON, D.C.

IT'S pretty stuff, this case against Judge Haynsworth. You have to use your imagination, think the worst and assume that a Supreme Court nominee must necessarily be regarded as puffy until proved innocent.

The case itself — Senator Bay's so-called bill of particulars contains numerous admitted errors and much glib stuff hardly worth a moment's attention.

For example, the Greenville County Hotel Corporation matter involved in litigation before Judge Haynsworth in 1962. The judge had not, in fact, owned any stock in that corporation since 1958 when as a private lawyer he was given one share worth \$21 in consideration of his being a director.

No longer a director, he returned the stock plus a check for a dividend of \$60 cents. He sent the check back to them saying he would have to accept it because it was in his name and Judge Haynsworth only reported that incident in his 1968 income tax return.

Some other instances cited against Haynsworth were that same or less validity. The issue really boils down to the Brunswick case in which the judge said that a judge in these circumstances might frequently find it necessary to disqualify himself from considering a case, then immediately venturing a court already carrying a heavy case load.

## Letters To The Editor

# Conflict Of Interest' Is Settled

Editor, The Herald:

There has been much talk lately of "conflict of interest." In connection with Mr. Lee Moore in his position in city government while also serving as a member of the board of directors of the Florida State Bank.

It seems that one individual is under the impression that Mr. Moore, through his government position is able to exert his influence to provide the Florida State with a greater share of city deposits than The Sanford Atlantic National Bank.

In the first place, in our opinion, Lee Moore is an honorable man who would not so use his position. Secondly, we at The Sanford Atlantic National Bank have a high regard for the clean competitive spirit of the Florida State Bank. That bank gives us the type of honorable competition that keeps us on our toes and would therefore be enjoyable to any businessman.

Thirdly, if any individuals ever occurred in favor of our competition, even accidentally, no citizen would have had to call it to our attention. We would have been screaming our heads off about it.

Since we are the only party that could have been harmed by a so-called "conflict of interest" of Mr. Moore in connection with division of city deposits, we hope this letter settles the question for once and for all.

Very truly yours,

H. H. Hodges, President

That bank gives us the type of honorable competition that keeps us on our toes and would therefore be enjoyable to any businessman.

Thirdly, if any individuals ever occurred in favor of our competition, even accidentally, no citizen would have had to call it to our attention. We would have been screaming our heads off about it.

Since we are the only party that could have been harmed by a so-called "conflict of interest" of Mr. Moore in connection with division of city deposits, we hope this letter settles the question for once and for all.

Very truly yours,

H. H. Hodges, President

Editor, The Herald:

There has been much talk lately of "conflict of interest." In connection with Mr. Lee Moore in his position in city government while also serving as a member of the board of directors of the Florida State Bank.

It seems that one individual is under the impression that Mr. Moore, through his government position is able to exert his influence to provide the Florida State with a greater share of city deposits than The Sanford Atlantic National Bank.

In the first place, in our opinion, Lee Moore is an honorable man who would not so use his position. Secondly, we at The Sanford Atlantic National Bank have a high regard for the clean competitive spirit of the Florida State Bank. That bank gives us the type of honorable competition that keeps us on our toes and would therefore be enjoyable to any businessman.

Thirdly, if any individuals ever occurred in favor of our competition, even accidentally, no citizen would have had to call it to our attention. We would have been screaming our heads off about it.

Since we are the only party that could have been harmed by a so-called "conflict of interest" of Mr. Moore in connection with division of city deposits, we hope this letter settles the question for once and for all.

Very truly yours,

H. H. Hodges, President

## Solicitor Cites Needs For Addicts

ROM POWELL

Lack of facilities in the state of Florida for the treatment of drug addicts was decreed by Orange County Solicitor Rom W. Powell at a luncheon meeting of the Maitland South Seminole Chamber of Commerce at the Maitland Civic Center.

Powell, appointed by Gov. Claude Kirk to serve as county solicitor following the suspension of Colles White, stated that he would be only just to recommend a voluntary commitment of anyone to Sanford State Prison hospital to be cured of addiction.

He told of a youth on drugs, who was in Orange Memorial Hospital and had not been receiving adequate help. His parents asked that he be voluntarily committed to Sanford for treatment. Two weeks later the father and the boy were back in the office.

Upon being sent to Sanford, the boy had his clothing, wallet, cigarettes and shoes taken away.

Drug users who voluntarily had themselves confined for treatment, received no therapy, whatever, Powell said. Eventually he had the youth entered into the federal hospital for narcotic addicts in Lexington, Ky.

Powell told the group that the state narcotics task force is now working in this area. Total community involvement in fighting the drug problem is needed, he stated.

He is a firm believer that the use of marijuana leads to the use of hard drugs. He stressed the importance of educating the young to the dangers of marijuana before they ever start.

## Domestic Comment:

### Trained Physicists Spared

By RAY CRIMLEY, NEA Washington

CORRESPONDENT

Several curious aspects come to light from Communist China's latest nuclear explosion:

• They were announced to the accompaniment of vigorous attacks on the United States — not Russia. But information reaching this reporter from Japan and Hong Kong indicates a thoroughgoing purge centered on top Chinese nuclear scientists with a history of Russian study, visits or scientific co-operation.

The crackdown was extreme in light on top Chinese nuclear scientists with a U. S. background.

The purge, in fact, seems to have left the American-trained men in firm control of both nuclear and missile development.

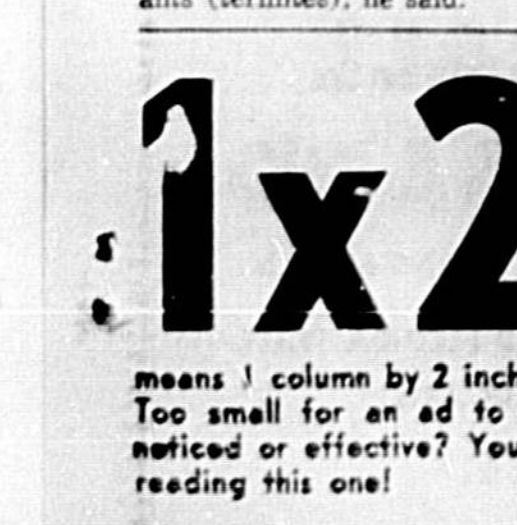

Take one example: The three top men in Communist China's nuclear program were Chen San-ch'ang, Wang Chang and Chao Chung-yao. Chen San-ch'ang and Wang Chang had Soviet connections. Both were arrested and imprisoned on charges of treason and spying for the Soviet Union.

Chao had an American-Western background. He received his Ph.D. from the California Institute of Technology. Chao was introduced.

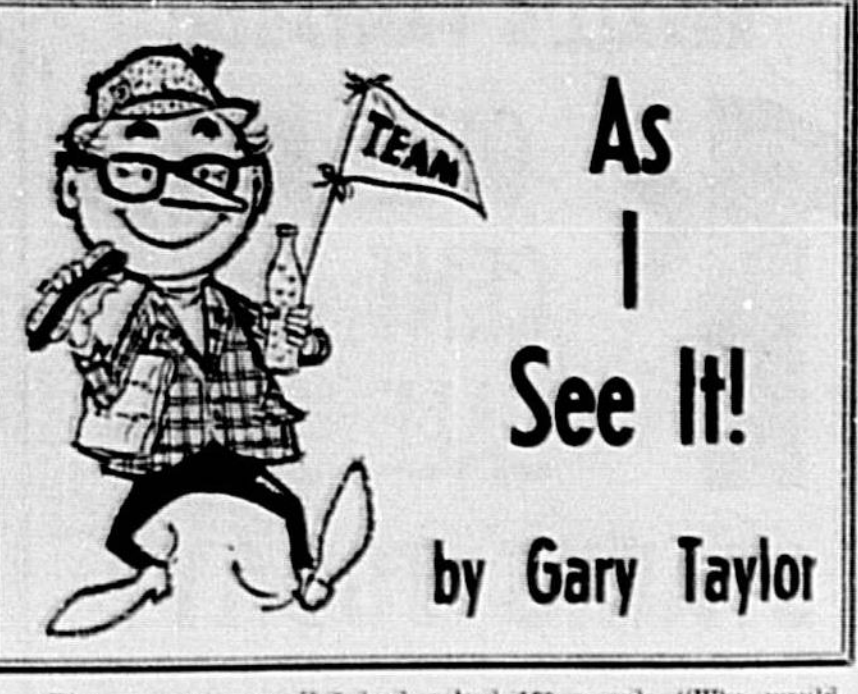

The top man in Red China's missile program is Chen Hsiang-shen, with a background one would think certain to lead him into trouble in Communist China today. He graduated from the Massachusetts Institute of Technology in 1936, received his Ph.D. from the California Institute of Technology in 1939, was a professor of

# Seminole Faces Respected Cocoa!!

By GIL LUCK  
Herald Sports Staff

The Fighting Seminoles of Sanford (2-0-0) take to the road for the first time this season when they journey to Cocoa Beach tomorrow night to oppose a strong Minuteman squad (2-1-1). Kickoff time is 8 p.m.

This is the third time in four games the Seminoles come up against first-ever opponents.

The game is shaping up as a titanic struggle—pitting two very respectable Class A Independents.

Cocoa Beach opened their season with a 6-4 tie against Seabreeze. Then, after losing to a strong Merritt Island (3-1) powerhouse 14-0, they knocked off Stuart of Martin County 18-8 and Orange Park 28-6.

The Seminoles opened with a 45-0 victory over Oviedo Palatka (4-1) last Saturday 20-21. Last week, Seminoles squeaked past Crooks 22-16.

The two teams have at least one thing in common — both are under new coaches this season. Tom Perrin is off to a good start with the Seminoles after two years of success at Clermont. Dwight Thomas moved up to the top job of head coach of the Minutemen from last year's role as defensive coach. In 1968, Coach Beck compiled a tremendous 8-1 record.

A big following of Seminoles fans will make the trip to Cocoa Beach. **DIRECTIONS TO FOOTBALL FIELD: SR 46**

to 146 (just west of Mims), right on 3-95 to SR 356, SR 356 (Cawans) east to AIA, right on AIA to police station in Disney town, Cocoa Beach, right at police station (Minutemen Causeway) direct to playing field.)

Coach Perrin describes Cocoa Beach as "a pretty sticky bunch, a good football team that does everything quite well. They're quick and they'll be tough to beat."

The Minutemen are led by quarterback Bobby Foster, the number one passer in the Tri-County area of Volusia Brevard and Indian River Counties. He has completed 42 of 73 passes for 668 yards and 3 touchdowns. He has been converted from a flanker to quarterback and the switch is paying off in dividends. Foster also handles the punting chores and is maintaining a 4.7 yard average after 9 punts.

Mark Nichols is the leading rusher and receiver. He has caught 14 passes for 196 yards and 3 TD's. He has rambled for 177 yards on 38 carries for an average gain of 4.7.

Bill Johnson has netted 142 rushing yards, averaging 4.5. He has carried the ball 26 times. Johnson has 7 pass receptions for 116 yards. Another outstanding performer is tackle Jim Yielding. The 300-pounder, last year as a junior, was selected third team All-State. He has a bad sprained ankle however, and may not be ready for extensive action Friday.

Ray Levin, offensive captain and linemarker, is the leading tackler for Cocoa Beach.

The Minutemen use a Slot Offense, and Texas-Y (the triple

option) and have a variety of sets. They also utilize a multiple defense, but primarily the 3-4.

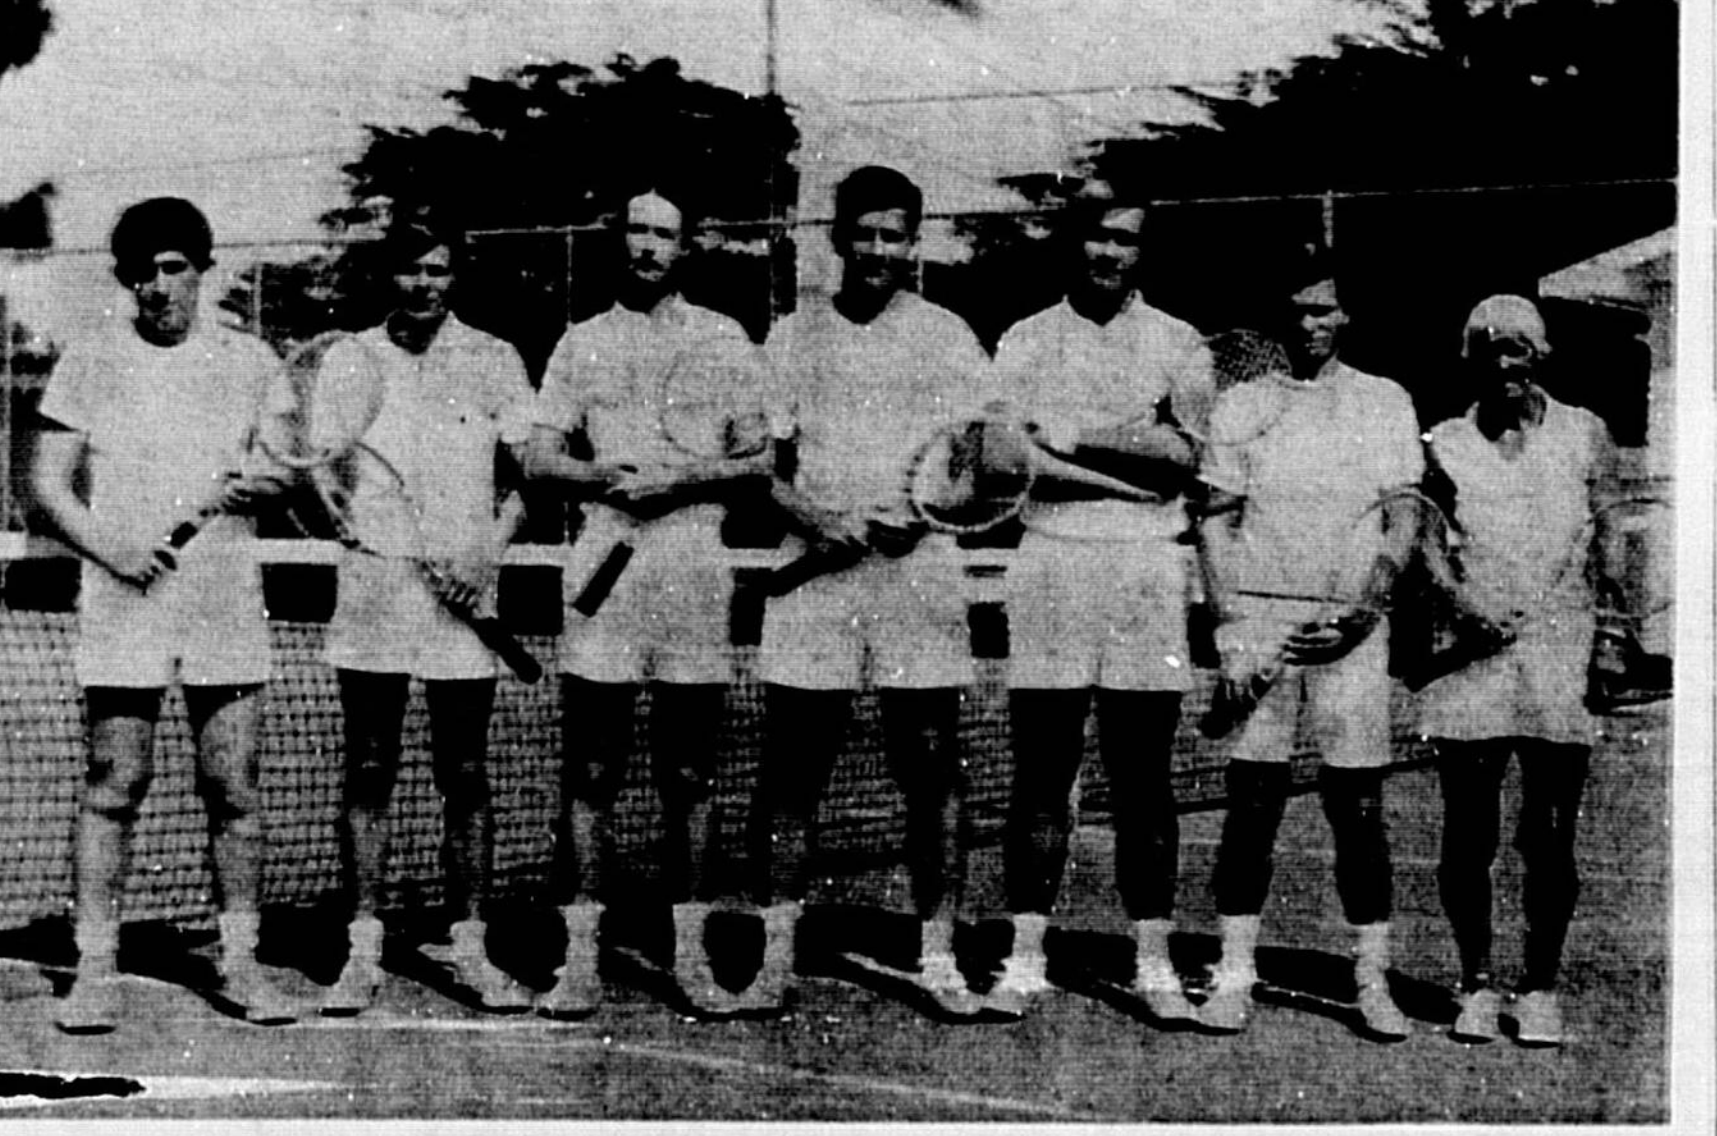

This week the Seminoles coaching staff has been putting stress on overcoming a stiffness that has crept in from the hot weather this week, getting the boys UP for Cocoa Beach—mentally ready while fighting off bruises and minor injuries. The Seminoles are expected to be in top shape by game time. No lineup changes are anticipated unless they occur in the defensive interior line. Pete Kelley, Bruce Mann and Richard Settle are all pressing for a starting assignment.

Perrin was full of praise for Andy Adcock. They were on a punt to set up the game winning touchdown. Dallas Brown, who was in on 11 tackles to become the number one man on defense. Mike Hardin and Tommy Whigham. They were all cited for their performances against Crooks last Friday.

Tommy Howell continues to set the pace for the Seminoles as leading ground gain. He has rushed for 188 yards on 40 carries for a 4.7 average. Rick Gilmore is second with 154 yards. He has lugged the leather 17 times for an outstanding 7.9 average.

Quarterback Tommy Barks passing percentage is at 63 per cent. He has completed 28 of 44 for 381 yards, Mike Votroline is the leading receiver with 8 for 128 yards.

The Seminoles-Cocoa Beach encounter shapes up as a toss-up. The winner will likely be the team that wants the game the most.

SEMINOLE JUNIOR COLLEGE's inter-collegiate tennis team is shown from left to right, Mike Hadad, Leonard Phillips, Gard Sazer, Dick Meyer, Ed Marnock, Terry Grant, and coach Emma Spencer. (Herald Sports Photo)

## Black Sees Future Success In WGA

By GARY TAYLOR  
Herald Sports Writer

James Black, a resident of Charlotte, North Carolina, was in Sanford last week for the second stop on the World Golfers' Association tour. Black didn't play in the inaugural tournament in Lakeland, but his entry for it in Sanford was multiplied as he captured first place and \$2,000.

Black, who has played in over 25 United Golfers Association tours since turning pro in 1962, is hoping to get back on the PGA tour, where he once was.

"Couldn't anything better happen for golfers," stated Black in the clubhouse awaiting J.C. Coakley's score. "It's a great organization." Black went on to say, "Especially for the golfer who is just trying to make a living."

Black, who had never played in a tournament as an amateur, was "well pleased" with the over 25 United Golfers Association tour since turning pro in 1962, is hoping to get back on the PGA tour, where he once was.

## Arnie Faces Huge Test

By BOB GREEN  
Associated Press Golf Writer

LAS VEGAS, Nev. (AP) — Arnie Palmer faced one of the greatest challenges of his professional career today when he set out in the first round of the \$100,000 Sahara Invitational Golf Tournament.

It could be that his golfing future hangs in the balance. Can he come back? Now 40 and a nonwinner for more than a year, can the game's greatest attraction once again recapture the magic that made his name a household word?

Sahara could provide the answer.

Many observers thought Palmer was through when an arthritic right hip forced him out of the PGA Championship at Dayton in August. He had just struggled in with a pain-ravaged 82 highest round of his professional career. His game was in tatters, his age advancing and his health questionable.

But Palmer would he would be back. He didn't say when because at the time he didn't know. He just went home to LaTrobe, Pa. for rest and treatment of the hip ailment that has plagued him for three years.

But he said he would be back — and he is.

But the question remains:

# METS Only One Step Away From Making World Series History

By MIKE RATHY  
Associated Press Sports Writer

NEW YORK (AP) — The New York Mets went into today's fifth game of the World Series on the threshold of their first world championship and nothing about the amazing Mets is more amazing than the way they finally got both feet on the doorstep to the throne room.

So the Mets, who turned the baseball world upside down this year by making the final team standing less than a month ago, now have the surprising task of a 3-1 edge over the heavily favored Orioles and the opportunity to wrap up the Series today in front of Shea Stadium's banner-bearing fans.

Once holders of the world record for ineptness, the Mets have made the amazing transition to the top on a combination of solid pitching, timely hitting and the scrambling, scrapping play of the Orioles' batters.

"Look what happened in that almost unbelievable 10th inning when the Orioles handed them the keys to the throne room."

It began when catcher Jerry Grote sent a short fly to left that was ticketed for an out.

"I thought the ball was left harder than I was," said left fielder Don Buford, "and I broke back to keep from giving up an extra base hit. Then I lost the ball in the glare and didn't pick it up until it got above the fence."

By that time, only shortstop

Tommy Agee was running and two Orioles—Robert and catcher Elie Hendricks—were racing toward the ball, brushing against each other in the confusion of the moment.

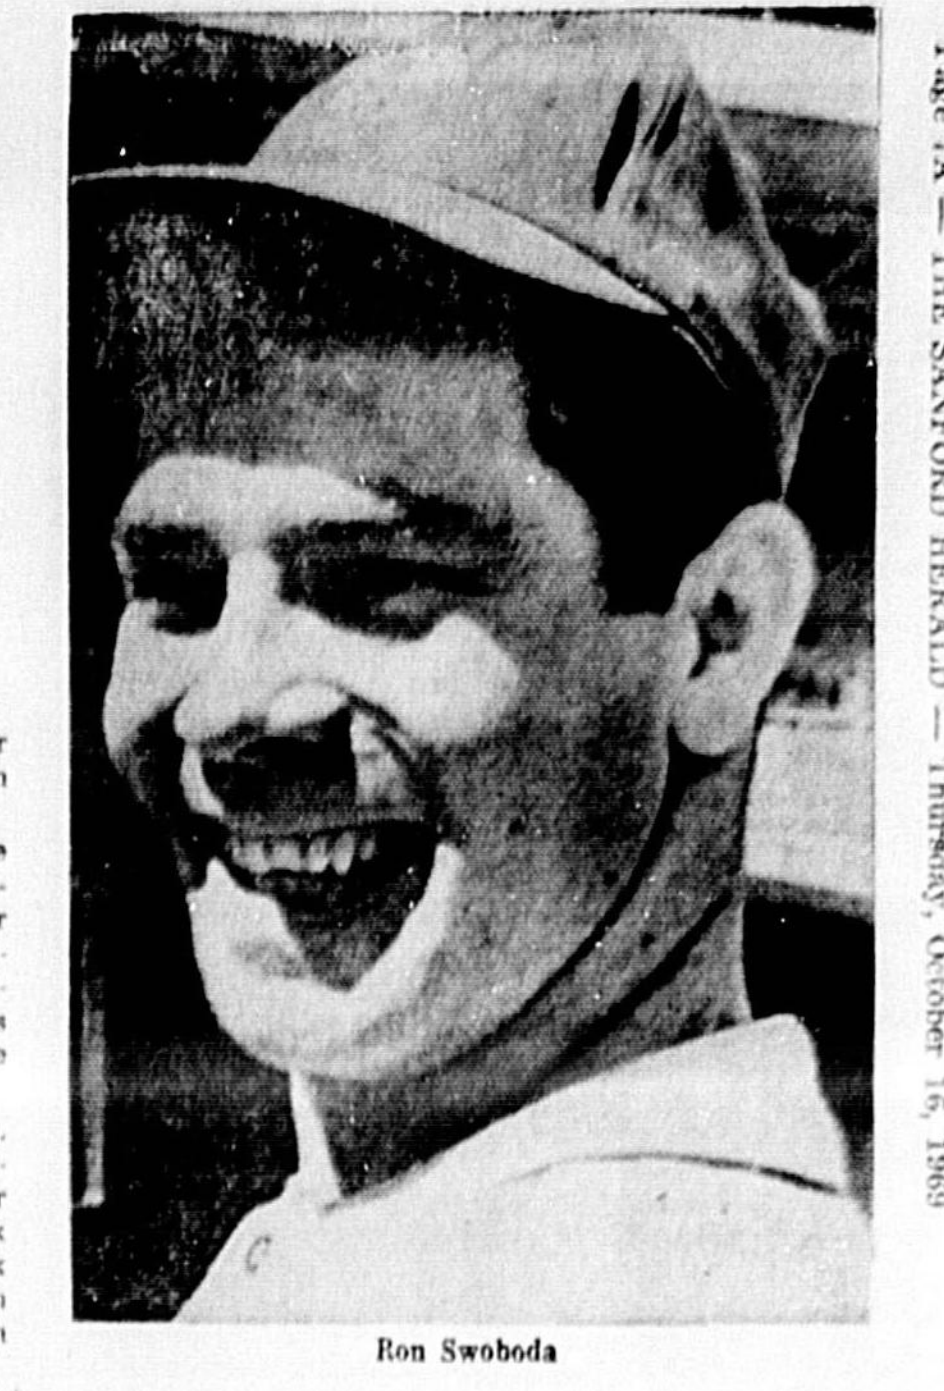

"I called for the ball all the time," Hendricks said, "and maybe Pete did too, but with the crowd noise, I don't know. The play was out in front of me."

Now Gaspar was running and two Orioles—Robert and catcher Elie Hendricks—were racing toward the ball, brushing against each other in the confusion of the moment.

"I called for the ball all the time," Hendricks said, "and maybe Pete did too, but with the crowd noise, I don't know. The play was out in front of me."

Now Gaspar was running and two Orioles—Robert and catcher Elie Hendricks—were racing toward the ball, brushing against each other in the confusion of the moment.

## Emile Readies For Big Bout

By BOB MYERS  
Associated Press Sports Writer

LOS ANGELES (AP) — Former welterweight and middleweight champion Emile Griffith smiled happily when a boxing official handed him a box on the first pitch, the ball trilled to the lip of the infield grass.

Now Gaspar was running and two Orioles—Robert and catcher Elie Hendricks—were racing toward the ball, brushing against each other in the confusion of the moment.

"I called for the ball all the time," Hendricks said, "and maybe Pete did too, but with the crowd noise, I don't know. The play was out in front of me."

Now Gaspar was running and two Orioles—Robert and catcher Elie Hendricks—were racing toward the ball, brushing against each other in the confusion of the moment.

"I called for the ball all the time," Hendricks said, "and maybe Pete did too, but with the crowd noise, I don't know. The play was out in front of me."

## Brave 11 Host Oviedo Saturday

The Sanford Junior High Braves, undefeated in three starts this season, host the Oviedo Junior High Baby Lions Saturday night at the Sanford Memorial Stadium. Kickoff time is set for 7:30 p.m.

The Braves are fresh off a 24-0 victory over the young but scrappy, Milwe Spartans. Also joining for the Sanford-based squad was Billy Jimmes, who was on the receiving end of several Carlin passes.

The Braves, with their 2-1 record, will be starting before their home crowd for the second time this season. Last time it was with Oviedo, and this time they will be out to give their fans a win.

## Pro Outlook

By GARY TAYLOR  
Herald Sports Staff

Well, I'm a little under the weather this week but I'm still going to try my predictions. I had my best week so far, last week, but since I don't have a copy of last week's predictions, I don't know what my percentage was. It looks as though I'm sticking with me and the old average will continue to climb.

On the NFL schedule this week, one of the big games will see the Green Bay Packers traveling to Los Angeles to take on the red-hot Rams. The Pack might be back, but not enough to upset the Rams as Los Angeles will come out on top by 16. In other action, Dallas will drop Philadelphia by 24, while Baltimore will dump New Orleans by 17. The Washington Redskins will come out on top of the New York Giants, by six, while Cleveland will dump Pittsburgh by 14. Minnesota will drop St. Louis by a seven point spread, and will run Boston by 17. Oakland will come out on top of Buffalo by seven, while Kansas City will slip by Miami by four. In the other AFL game, Cincinnati will defeat Denver by seven points.

Since I don't have a Continental Football League schedule available, I won't be able to do my regular predictions. But I do predict the Orlando Panthers to bomb the Alabama Hawks by 23 big points. This was originally scheduled to be a home game for the Hawks, but due to the lack of attendance at their home games, the Hawks will be playing their games on the road. This will give all the local Panther fans one more chance to watch the defending CFL champs.

## Gordon's Slams Seminole

Sears 18 - Park and Shop 17

Sears won this game in the last inning by scoring three runs. For Sears Foster, Tucker, Kirkland, and Bromley all scored four for five, one of Foster's. Powell both were four for four. Gail had a home run. Winning pitcher, Tucker, lost, Gail.

**Gordon Pils 9**

Seminole Heavy Equipment 2

In pitching his first game of the year, Link pitched a three-hitter for Gordon Pils. For Gordon Pils, Cook was three for four, Bellman and Scott were two for four. Winning pitcher, Link, lost. Ellis, Stanovsky, Gomez, Pinson, Seminole Heavy Equipment 3

**Dartmouth Strong HANOVER, N.H. (AP) —** Coach Bill Blackman hopes to have an improved Dartmouth College football team this fall.

"We have more returning lettermen (20) than we've had since 1961," says Blackman, now in his 12th season with the Indians. The team had a 4-8 record last season and finished fifth in the Ivy League.

Captains are Ernie Babcock, defensive end from Milton, Mass., and offensive tackle John Ritchie from Long Beach, Calif.

## Owens Paces Hemphill League With Hot 474

The Wildcats, led by Fog Whitley, Vets Ethelbert and Clint Vets, checked in the only three runs over the Riverias in the Hemphill Pontiac-Bowl league this week.

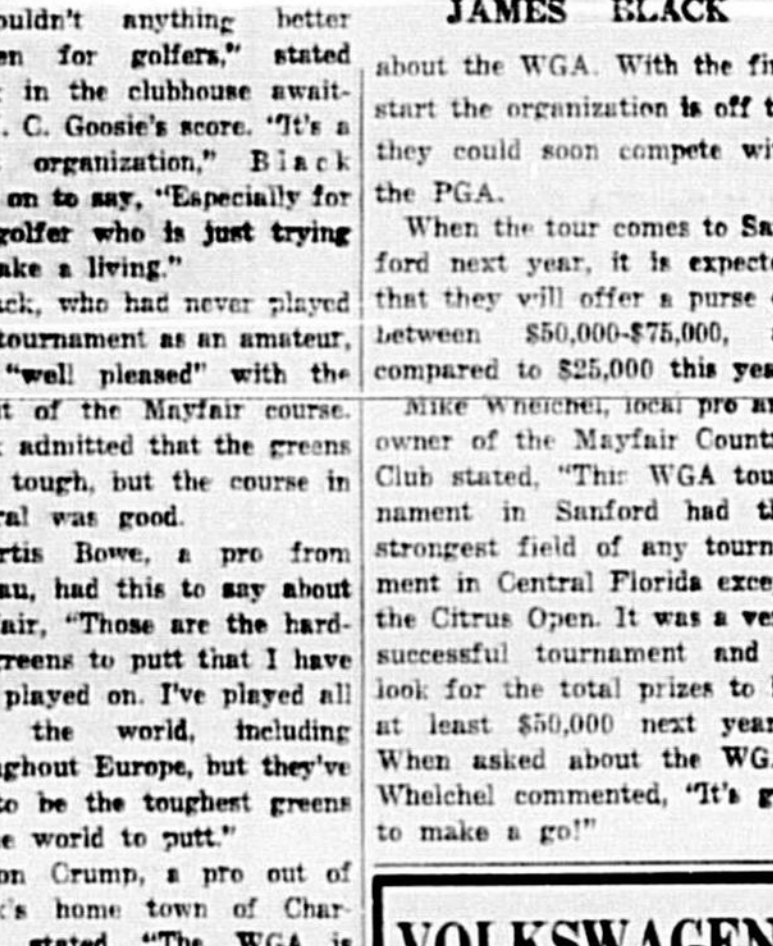

Chris Owens drove in three runs for the Firebirds with a 182-474 as they won three points from the Bonnevilles.

Shirley Sims' 177-455 guaranteed the G.T.O.'s to three wins in their match with the Electras.

Marian Perkins' 106-410 led the Opel Eskadlers to score three wins from the Skylanders.

Doris Bacon spared the 2-7-610; Dell Barco 2-5-7; while Harriet Dougherty and Joan Nordquist picked up the 2-7-7.

The 3-10 tip for Dell Barco, Bonnie Kooz, Marian Perkins, Shirley Sims, and Rochelle

When she won the Proximity Trot at Roosevelt Raceway this fall—her sixth win this year—the daughter of Florian—First Dance ran her earnings to \$24,800.

## Unseld Off Like Missile

By THE ASSOCIATED PRESS  
NEW YORK, picking up its second victory in as many nights, held a 3-2 halftime command before the scrambling Royals slapped on a full court press in the third period. The Royals forced four quick turnovers and Tom Van Arsdale hit four baskets as Cincinnati took a 63-64 lead heading into the final seconds.

But Carrie Russell kept the New York Knicks, meanwhile, came up with a closing rally to sidetrack Cincinnati 91-89 and spell the NBA coaching debut of Coxy, former Boston Celtics star and Boston College coach.

Atlanta opened by handing Seattle its second straight loss 124-119 in the only other game scheduled.

Knoled drew four fouls during the opening period and sat on the bench during the second and third periods. Kansas was taking a 26-16 lead.

But his hot late shooting, along with help from Earl Monroe and Gus Johnson, powered the Bulls to an 84-79 lead with 3:47 left.

Chicago managed to cut it to 92-93 with a minute to go before Baltimore rallied again.

Monroe led the Bulls with 29 points and 2-11 shooting. He had 23 rebounds. Jerry Sloan scored 21 for the Bulls.

Penn State's basketball team will have senior Phil Nichols at 89 and spell the NBA coaching debut of Coxy, former Boston Celtics star and Boston College coach.

NEWEST NBA COACH

## The 1970 VW will stay ugly longer.

Just what hath Volkswagen wrought this year?

A longer-lasting engine, that's what.

It's more powerful than the old engine. (Top speed: 81 mph vs. 78 mph.)

It has better acceleration.

But most important, it doesn't have to work as hard to get you where you're going.

Thus, according to every calculation known to man, it will last even longer.

And just to make sure the engine and every other VW part leads a long, happy life, we have another surprise for 1970:

The Volkswagen Diagnostic Checkup.

Now below the name scores you away, listen to what it's saying. It's so advanced, it can actually tell you you have a problem before it becomes a real problem.

For instance, let's say the resistance in one of your spark plugs wires is too high.

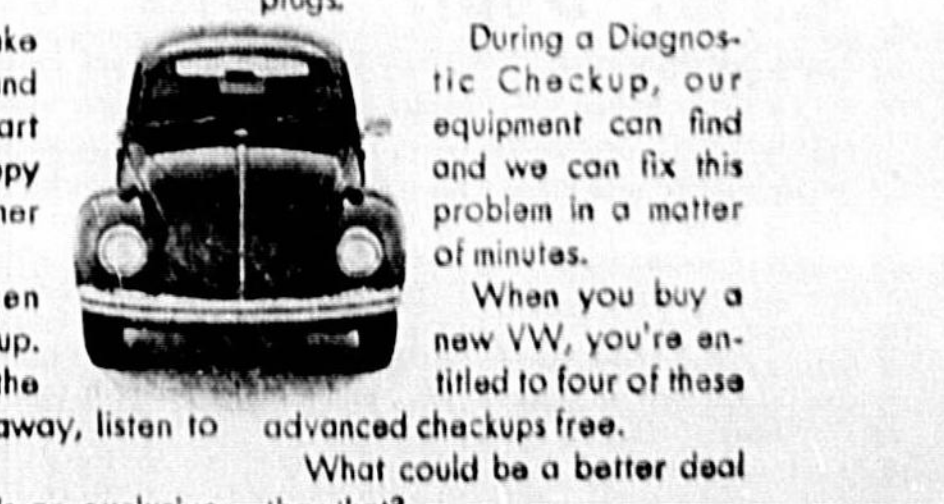

Nothing serious, but it could reduce your gas mileage and eventually foul up your spark plugs.

During a Diagnostic Checkup, our equipment can find and we can fix this problem in a matter of minutes.

When you buy a new VW, you're entitled to four of these advanced checkups free.

What could be a better deal than that?

Buy a VW. We take care of the bugs.

### Spaghetti Served By The Mile

By MARYANN MILES  
After the final tally of counting noses, 500 persons were served spaghetti at the Bear Lake PTA dinner. A vote of thanks was given to Mr. and Mrs. Edward Sayyah.  
A short business meeting followed the dinner. The new officers of the PTA are: President, Mrs. Harriet Owens; Vice President, Mrs. Carol Dudley; Secretary, Mrs. Patsy Nesmith; Treasurer, Mrs. Kim Roberts; and Committee Chairman, Mrs. Jean Mueller.  
The committee members are: Mrs. Harriet Owens, Mrs. Patsy Nesmith, Mrs. Kim Roberts, Mrs. Jean Mueller, Mrs. Edna Smith, Mrs. Maryann Miles, Mrs. Dorothy Bates, Mrs. Virginia Clausen, Mrs. Julia Haar, Mrs. Mary Dooley, Mrs. M. Callagari, Mrs. Paula Wobbi, Mrs. Stela Thompson, Mrs. Mildred Haney, Mrs. Howard Middleton, Mrs. Hiram Hamlin, Mrs. Carlos Garner, Mrs. Jo Ann Muse, Mrs. Ronnie Behney, Mrs. Steve Richardson, Mrs. Linda Higgins, Mrs. Blond Bracey, Mrs. Sherry Rogers.

BEAR LAKE Parent Teacher Association officers are (l. to r.) Arnold Otto, second vice president; Vivian Pennel, president; Harriet Copeland, first vice president; Roselea Brogan, treasurer; Chickie Baker, secretary; and Dexter Wilson, faculty representative. (Maryann Miles Photo)

### NYC Police Turn To Television

NEW YORK (AP) — A new police command post is using television cameras to keep an eye on trouble spots in New York.  
Mayor John Lindsay and Police Commissioner Howard Leary put the command center — a windowless room with giant, wall-mounted television screens — into operation Monday at Police Headquarters.  
The facility and its equipment cost the city \$410,000. It has three functions:  
— A special police television network of fixed and mobile cameras will enable headquarters to follow demonstrations and other events as they occur throughout the city. Fixed cameras now cover City Hall Plaza and will be set up at Times Square, Madison Square Garden and United Nations Plaza. Others will be mounted on trucks and police helicopters.  
— The command post will be connected by a direct line to a special telephone in each of the city's 78 precincts and several other police units. At the beginning of each shift, after consulting with sergeants in charge and using a small computer, the center will prepare a table showing exactly how many men are on duty and where they are.  
— The command post itself — with its huge screens upon which television pictures, tables and detailed maps can be projected and its direct link with the department's communications and dispatch system — will mean faster and more efficient police response to calls.  
The American flag was lowered at Corcoran in 1947, and the island was turned over to the year-old Philippine Republic at that time.

## U. S. Vulnerable: Rogers

WASHINGTON (AP) — Rep. Paul Rogers, D-Fla., said Tuesday the military has been using the budget to explain away a situation he said shows that the Southeastern United States is vulnerable to attack or invasion.  
A defecting Cuban pilot flew a MIG plane almost to the Florida mainland before being detected on Oct. 5 and landed at Homestead Air Force Base. Rogers told the House the Pentagon had informed him that it cost \$3.7 million a year to fly three air picket planes to patrol the Florida Straits and that this patrol had been reduced to one plane before the Cuban MIG flew over.  
"I do not think that is too great a price to pay to insure the security of Florida and the Southeastern United States," he said.  
Rogers said it had been reported that existing radar can not pick up a low flying plane. "But industry has a radar system which can, if installed at Key West for example, pick up a MIG-sized plane or missile from the runway in Havana when it takes off," he said.  
The Navy, he said, is now conducting tests on this system, but the Air Force cut its funds which were earmarked for this project.

## Deltona Women To Build Club House

By MILDRED HANEY  
At the Oct. 9 meeting of the Deltona Women's Club, a resolution to erect the Women's Club building was adopted without a dissenting vote. It is hoped that the ground-breaking ceremony will be held before the first of the year and that the installation of next year's officers can be performed in the new building.

This edifice will be a monument to the hard work and efforts of many of the members who formed the Women's Club in 1965.

A concert by the "Moderns"—a group of exceptionally talented Deltona High School students, directed by Mr. Paul Caskey, was well received. Mrs. Paul Rose, music chairman, was responsible for obtaining this fine group.

The following new members were introduced and welcomed into the club: Mrs. Richard Blair, George Carpenter, John Dahlgren, Carl Engstrom, Raymond Gorenau, James Hagen, Cleeton Howe, Edward Kerth, William Miller and Edward B. Sexton.

Following the meeting, a social tea was served, featuring Halloween decorated cupcakes, chaired by Mrs. Ortez P. Conley and her committee, including Mrs. Loretta Charles, Mrs. Stanley Croy, Mrs. Jack Gage, Mrs. Albert Kuntz, Mrs. Arthur Mathieu, Mrs. Robert Schield and Mrs. Eugene Ulbrich.

Many items of interest to club members and interested Deltonians are a bake food sale, chaired by Mrs. Joseph O'Brien, to be held at the Community Center on Nov. 1, at the Community Center. The most cookies and beverage will be furnished by the committee and each member attending is expected to furnish a covered dish, featuring salads, casserole, jelly or dessert. Also be sure to bring complete table service for your own party.

Mrs. John Faizone is chairman of a card party scheduled for December 6, 1968.

The social event of the Women's Club season is scheduled for Dec. 12 at Sanford Holiday Inn, when the Christmas Fantasy Dinner Dance will be held. All club members and husbands are urged to get their tickets to this gala affair, as soon as possible, as attendance is restricted to 175, due to the inability of the Inn to accommodate a larger crowd. Tickets are available by contacting Mrs. Frederick Weigand at 666-5863 or Mrs. Robert Wright at 773-3712. Mrs. Melvin Boren, Mrs. William Atkins, Mrs. Jerry Robinson and Mrs. Samuel Karnata are also serving on this committee.

The next meeting, to be held Nov. 13 at 7 p. m., at the Community Center with Mrs. Herbert Brown as program chairman, will feature a presentation on "Flowers and Foods" by Mrs. Francis Crumb. This is a fascinating subject and all members are urged to plan to attend.

The board meeting will be held at the Community Center at 10 a. m., Nov. 16, in the Board Room. All officers and committee chairmen should plan to attend.

**FREE GIFTS**  
Have a Christmas toy and gift-wrapped party in your home. Receive lovely free gifts for having 10 or more guests in your home to see this exciting demonstration. Call now.

## Neighbors Meet, Greet, Eat

North Orlando Ladies Auxiliary recently entertained members of the Garden Club and newcomers to the community at a "meet your neighbors" picnic at the home of Mrs. Dick Longcore, chairman of the social committee.

Assisting Mrs. Longcore were Mrs. Etta Harvel, Mrs. Marlow LaFollette, Mrs. Pat Cronk and other members of the committee.

The dining room table was covered with a lovely white cloth and a beautiful arrangement of red, white and blue mums, with flag, centered the table. A cake decorated with red, white and blue with "Welcome Neighbors" also graced the table. Finger sandwiches, cakes, coffee and dips, coffee, tea, punch, nuts, sausage sticks, and many more snacks were served. All food was furnished by the auxiliary.

North Orlando Garden Club was welcomed and some of the club members joined the auxiliary. The Garden Club is very active in the village and has several projects lined up for the coming year. Mrs. Charles Long is president of the club and currently being planned is a Flower Show to be held in Winter Park Mall in the future. The club welcomes new members at any time.

A silver clam dish with dates of years in Auxiliary—1963-68

presented to Mrs. Robert Holtzman, treasurer, as a going-away memento. Mrs. Holtzman will be leaving soon to join her husband in Ft. Campbell, Ky., where he will be stationed with the Air Force.

Other guests at the social were Joan Sutton, Sandra Purbenhage, Connie Stroughton, Nora Burton, Charlene Danford, Karen Butler, Lola DeWitt, Mae Dunette, Ruth Fuller, Ann DeVolter, Janet Pettinger, Leola Cole, Marjorie Fox, Rita Hahn, Judith Longcore, Ruth Holtzman, Etta Harvel, Mary King, Laura Long, Ivy Ward, Mary Hyatt, Marilyn Roy, June Dookey, Pat Cronk, Sharon Cronk, Joyce Lyon, Marlow LaFollette and Memie Brown.

Designer Bill Haire of Victoria Royal discusses the beaded pants ensemble that Ann Miller of "Mame" fame is wearing. Bill, one of Miss Miller's favorite designers, has chosen this dazzling white crystal-beaded design for her after theater festivities. Sketches show other designs by Haire chosen by the actress for dramatic evening wear. Pants outfit is in multicolored beaded stripes of red, blue, green and black. White high-shaped coat is sprinkled with tetrodop gem stones and pearls with mink collar and cuffs.

## Fashion In The News From 'Mame' - Clothes Are Ann Miller's Thing

By HELEN DENNESKY  
NEA Women's Editor  
NEW YORK (NEA)—Ann Miller, the star who gave the Broadway musical "Mame," a new lease on life, was talking about clothes. She does not seem to care what she wears. And what a great vehicle a show like that is for a woman who loves finery.

Still, however perfectly tailored to your liking the role is, show business does have some drawbacks. It was only 4 p.m. and Ann was already having dinner.

"I have to eat early to make the theater," she said. "But tonight it's earlier than usual. I have to go to the doctor before the show."

She threw out her back while on stage the night before and had to have it "put back in place" before theater time the next evening. It was so painful that she had to take a taxi to the doctor's office just around the corner from her apartment. Yet later that same night she would be dancing up a storm on stage in the glittering costumes she loves to wear.

Her favorite designer is Bill Haire of Victoria Royal.

"It was funny how I met him," she said. "But as a result of our meeting, I have found practically his whole current collection."

Before opening here in "Mame," Ann had an engagement in Chicago which included some very special social events during her stay.

"I took some of my very best clothes and fans," she recalled. "Diors, Balenciagas and a blue embroidered evening coat and dress costume that I bought in Los Angeles."

"When I came back to my hotel after a performance, I found everything had been stolen, even my luggage."

She couldn't replace the Diors and Balenciagas but the store in Los Angeles knew where the blue dress and coat came from—a manufacturer called Victoria Royal in New York. And through them she met the designer, Bill Haire, who asked him to replace the

## Club Activities Women On The Go

**Retired Officers Wives Club**  
By MARY A. KAUFFMAN  
The retired officers wives club of Central Florida will hold its regular monthly luncheon meeting Tuesday, Oct. 21 at the DOR sponsored card party to be held next month.

It was announced that the state board of management of the DAR will convene on Oct. 25 at the Florida Institute of Technology, Melbourne. Members of the local chapter, Chamberlain Chapter, DAR, Melbourne, will serve as hostesses. Representatives from the local Sallie Harrison Chapter, DAR, who plan to attend the conference are Jennings, and Mrs. Mary Lolar Nance registrar.

At the conclusion of the business session Mrs. A. R. Key introduced guest speaker, Dr. J. B. Root, who delivered a most inspiring discourse on the subject "American Heritage". Dr. Root, former Sanford resident, served as pastor of the Congregational Church here for a period of 20 years and also taught in the local high school.

New members welcomed into the Chapter at this time were Mrs. Alex H. McKibbin, Mrs. M. A. Veivington and Mrs. C. L. Harrison.

Upon adjournment refreshments were served by the hostesses to the following members: Mmes. Raymond M. Ball, M. J. Bram, E. M. Hoke, A. R. Key, Nance, F. E. Rounllat, L. C. Wildner, McKibbin, Yelvington, Powell and Miss Irene Hinton; also, associate members, Mrs. George Cushman and Mrs. Leon Fellows.

## Wonderful World Of Women

**Friends Invited To Anniversary Open House**

Mrs. and Mr. George Wells will be honored on their 50th anniversary at an open house, Sunday, Oct. 26 at Sanford Garden Club.

Hosts and hostesses for the memorable event will be the couple's four daughters and their husbands, Mr. and Mrs. William Stenstrom and Mr. and Mrs. Douglas Stenstrom, Sanford; Mrs. and Mrs. Ben Currie, Ormond Beach, and Mr. and Mrs. David Dyal, West Palm Beach.

All friends and relatives of the couple are cordially invited to call during the appointed hours, 4 to 6 p. m.

# 'Grand Ole Opry' Now 44 Years Old

By NANCY SHIPLEY  
Associated Press Writer  
NASHVILLE, Tenn. (AP) — The Grand Ole Opry, which presented Johnny Cash, Roy Acuff, Eddy Arnold and a lot of other stars with their springboard to fame, is celebrating its 44th birthday this week.

In town to pay homage are something like 6,000 believers from around the world. It's not for nothing that they call the venerable WSM radio show "the mother church of country music."

Actually, the Grand Ole Opry — this country's folk "grand old opera" — won't be 44 until more than a month from now. But they're having the birthday doings in October because a lot of the top names have heavy bookings when the busy season starts in November.

The celebration is part disc-jockey convention and part country music festival. The Opry started Nov. 28, 1925, with a cast of two — announcer George Dewey Hay, who liked to be called "The Ho-

liday Opry," and Uncle Jimmy Thompson, an 80-year-old fiddler.

Although the Opry's acceptance grew beyond expectation, there was no birthday fanfare until 1952. It was then that the first invitations were sent out to disc jockeys to attend and the celebration was born.

Only about 100 showed up in 1952. The year, WSM had to impose a limit of 8,000 registered delegates.

The Opry has done some growing of its own. There are 57 acts these days, accompanied by more than 200 sidemen.

And the Opry hasn't missed a broadcast on 50,000-watt WSM since the show was started.

## Golden Anniversary Of Football Hailed

Sanford commemorates observance of the 100th anniversary of the game of football will be held during the Seminole-Suwannee football game Oct. 24 at Sanford Municipal Stadium, according to Coach James Y. Moore and Richard Burnett of the Seminole High School Football Central West celebration.

The first football game in the continental United States was played between Rutgers and Princeton in 1869. William Beak of W.F.R. will handle the announcing of the game. In addition, every player who participates in the game for both teams will receive a special certificate showing participation and the first 50 ex-players who sign in will get a medalion which will signify to all present at the game that they are among the players so honored.

## Tax Assessor Praises Holdover Employees

By MASHION BETHIA  
Affable Guy Allen has been the tax assessor in Seminole County since Sept. 22, having been appointed by Gov. Claude Kirk following the death of S. O. Dornsey.

Allen as profuse in his praise of employees who kept the office open for business and knowing whether they would be paid or retain their jobs with a change of political boss.

Allen is a lifelong resident of Sanford. He attended local schools but was graduated from an Orlando high school. He attended George Washington University, majoring in political science. Allen was drafted in 1941, and served in the Pacific theater from Sept. 1942 until Nov. 1945, with the Army infantry. He was graduated from officers candidate school and was commissioned as a second lieutenant.

## U. S., Mexico Step Up Drive On Narcotics

By ROBERT BEHRENDZ  
Associated Press Writer  
MEXICO CITY (AP) — The U.S. customs inspector at the border crossing station had trouble unscrambling the mangled words of a youth who had just walked over from Mexico.

It was a contraceptive device loaded with five grains of heroin, enough for two fixes, in the jar of the modern narcotics cell.

Customs officers suspected the lead had been purchased in a junk in the desert by someone smuggling.

ON TARGET — Gal behind the shotgun during a shoot in 19-year-old Becky Brinkland of Birmingham. She's considered the best female sharp shooter in Alabama.

## 19-Year-Olds Face First Draft Call

By JIM ADAMS  
Associated Press Writer  
WASHINGTON (AP) — A House subcommittee that has shown little enthusiasm for President Nixon's lottery draft plan has indicated it will back the administration's idea of calling up 19-year-olds first.

Members of the special Armed Services subcommittee would give no details before sending recommendations on the lottery proposal to the full committee today.

But one source told a newsman, "You can quote the first paragraph of the President's list of priorities if you want to."

Nixon's first item called for a youngest-first draft call order "so that a young man would be come less vulnerable rather than more vulnerable to the draft as he grows older."

Opponents of the lottery idea said Nixon already could carry out a youngest-first system without new legislation.

During five days of hearings, Defense Secretary Melvin R. Laird and Selective Service Director Lewis B. Hershey told the committee.

They all but dismissed the three alternatives drafting the older 19-year-olds first on grounds men born in January would be highly susceptible and men born in December would be almost draft exempt.

Water, water everywhere — and most of it in the form of ice. The Canadian icebreaker John A. Macdonald and the U.S. Coast Guard's Staten Island, which accompanied the U.S. super-tanker Manhattan on the historic voyage through the Northwest Passage, chira through the ice-created Beaufort Sea of the Alaskan Arctic coast.

### Dear Abby: By Abigail Van Buren

**DEAR ABBY:** Our 13-year-old son, David, has a problem. All she thinks about are boys. Brenda is very mature for her age and has been visiting a 26-year-old boy who is 14. Last semester she failed two subjects so we sent her to summer school to make them up. Well, she had such a "groovy" summer she failed both subjects again.

**DEAR ABBY:** Our 18-year-old daughter, Brenda, is having a very hard time. She has been dating a 26-year-old man who is 14. She is a very mature girl and has been visiting a 26-year-old boy who is 14. Last semester she failed two subjects so we sent her to summer school to make them up. Well, she had such a "groovy" summer she failed both subjects again.

### Jacoby On Bridge

One of the dividends from membership in the American Contract Bridge League is the monthly Bulletin. Today's hand is from an article on the Blackwood Convention written by Jacoby. He is, obviously, the person most qualified to write about it.

### Polly's Pointers

**DEAR POLLY:** My four-month-old daughter will be getting into things. I like to keep items like bug spray, etc., in a lower kitchen cabinet. I wonder if any of the readers can give me suggestions as to how I can lock these lower cabinet doors without using a pin and lock, which would not be done and I leave them looking ugly when the locks are removed.

**DEAR POLLY:** Like Betty G. I, too, had the problem of a white washing and getting yellow-looking. I now wash it in a preshrinker. I use detergent and water softener. The cold water and hot water should be used. I use the hot water and cold water and hot water.

**DEAR POLLY:** You can make a lot of money. I know an after-school boy who is making a lot of money. He is making a lot of money.

### Horoscope

**Forecast**  
**FRIDAY, OCTOBER 17, 1969**

### School Survey

A survey of school enrollment at all levels from nursery school through college will be conducted in this area by interviewers of the Bureau of the Census during the week of October 19, according to Thomas W. McHenry, Director of the Bureau's regional office in Atlanta.

### District 6 Tops

Mr. Roger Stokes of Sanford, president of the American Lung Auxiliary Sixth District, received a special gift Sunday at the Central Area Conference in Winter Haven because his district was highest in percentage of 1970 men's health insurance enrollment.

John Angel, Gerald Meyer and Ronald Williams of the safety patrol, and Shirley Causey and Pat Williams of the Sanford Police Department. (Staff Photo)

### Florida 'Mourns' War Policies

By THE ASSOCIATED PRESS  
Peacefully, 1,000 men and women wearing black armbands of the mourner joined by the thousands across Florida Wednesday in an appeal to America to quiet its war effort in Vietnam.

State News

FIRE PREVENTION was observed at All Souls School with the third and fourth graders presenting a "Hat Show" to the student body. Illustrating fire hazards. Modeling, 1. to 2., are Julie De Matto, with "Rubbish Hat"; Lisa Drake, "Frayed Electric Cord Hat"; Diana Parella, "Numbers to report a Fire Hat"; and Kathleen Baker, "Overloaded Circuit Hat." With them are Sister Maria Electa and Lt. Ernest Wright of the Sanford Fire Department. (Herald Staff Photo)

### Troopers Questioned On Public Relations

TALLAHASSEE, Fla. (AP)—Assigning state troopers to university football teams in Florida and their prominent teams is good public relations, says an ex-Florida Gator Lt. Col. Elbridge Beach.

# State Road Aid Urged

By FRED VAN PULT  
Proposal for legislation designating Wakulla Springs Road and Redbug Road as state primary roads will be studied by State Rep. William L. Gibson and County Commissioner Greg N. Drummond for recommendation to the Seminole-Orange legislative delegation at a November meeting in Sanford.

GREG N. DRUMMOND

FLORIDA IS PROUD (?) OF ITS ROADS

PICTURED is a main arterial highway in Florida's highly-touted road system. This holey, patchy, narrow strip of roadway is State Road 46 west, near Paola, Seminole County's only east-west

### Roads Date To 'Horse, Buggy Days'

By MARION BETHEA  
Seminole County's roads in the era of "horse and buggy days," reminiscent of the "washboards" Model Ts traversed?

### Marion County Program

and are confined in jail at night. Sheriff John E. Polk, Jim Lee, probation and parole officer; Max Stewart, chief county jailer and Brea Lewis, jail records clerk, will spend the day at Ocala looking into the program that is keeping families of persons convicted of misdemeanors together by allowing the breadwinners to continue supporting his family while serving his jail time.

THREE REPUBLICAN STALWARTS

RAY OSBORNE, currently lieutenant governor of Florida and candidate for the Republican nomination for U. S. senator, was a Sanford visitor last night, addressing the Seminole County Republican executive committee. From the left: Dominick Saffi, committee chairman; Osborne and County Judge Wallace Hall.
