

The Sanford Herald

WEATHER: Fair, much colder, with frost. Low tonight, 22-42.
VOL. 53 United Press Leased Wire Established 1906 THURS., DECEMBER 6, 1962 SANFORD, FLORIDA NO. 569

It'll Be Frosty Tonight

Frost, frost, frost, the first of the year for this part of the state is predicted by the weatherman for tonight and Friday morning, with clear skies and light northerly winds with periods of calm.

Lowest temperatures forecast for tonight and Friday morning ranged from 23 to 26 in northernmost districts to 30-35 in the farming areas south of Miami. The northwest Florida panhandle could expect a light frost tonight with temperatures as low as 28, the weather bureau said.

news... BRIEFS

Adenauer Besieged

BONN, Germany (UPI) — Chancellor Konrad Adenauer, besieged on all sides by demands he quit, canceled today's coalition talks with the Socialists rather than set a date for his retirement.

New Engineer

WASHINGTON (UPI) — The Army announced today Col. Harold R. Parfitt will become its district engineer at Jacksonville about Dec. 15. He will succeed Col. Julian V. Soltehub, who is being assigned to Viet Nam.

Mediators Meet

NEW YORK (UPI) — Federal mediators met today with representatives of nine major New York area newspapers and the International Typographical Union in an attempt to head off a strike which could cause a newspaper blackout here.

Hope Tour Set

TOKYO (UPI) — Comedian Bob Hope will entertain American servicemen in the Far East for two weeks beginning Dec. 20, it was announced today. Hope for years has been making annual Christmas visits to U.S. military installations.

Assembly Meets

PARIS (UPI) — The newly elected National Assembly gathered today for its organizing meeting today dominated by an unprecedented majority pledged to support President Charles de Gaulle. Gaullist leaders were confident they could push through the president's plans for stability at home and nuclear-backed prestige abroad.

Needs Technicians

TALAHASSEE (UPI) — State School Supt. Thomas D. Bailey, saying Florida will need 30,000 engineers and 60,000 other technicians by 1970, Wednesday established a "technical education division" for Florida. Bailey appointed Dr. Thomas W. Strickland, education materials specialist in the Department of Education, to head the group.

Rail Sale Okayed

WASHINGTON (UPI) — The Interstate Commerce Commission has authorized Southern Railway to purchase a controlling interest in the Central of Georgia Railway. The ICC issued an order Wednesday providing that the merger will become effective in 33 days, provided Southern completes financial arrangements by that time and any bond issued carry no more than 34 percent interest.

Right Of Way Gift Accepted

ORLANDO — G. T. Willey, Martin Company vice president and general manager, today officially donated to the State of Florida a 168-acre tract of Martin-Marletta property for turnpike right-of-way through the company's extensive holdings southwest of Orlando.

Lake Mary Puts Off Session

Today's meeting of the Lake Mary Chamber of Commerce has been postponed until 8 p. m. next Thursday at which time Douglas Stenstrom, chairman of the county's long range planning and development committee, will be guest speaker.

In The Mood

There's nothing like a frosty nip in the air, the smell of wood smoke, and the sound of Christmas carols to get folks in the mood for Christmas shopping.

Redistribution Of Legislature Urged By Kelly

JACKSONVILLE (UPI) — If reapportionment is to be accomplished, it should be done within the bounds of the present makeup of 33 Senators and 96 House members, Sen. Scott Kelly said here today.

Court Puts Hoffa Under Trial Guard

NASHVILLE, Tenn. (UPI) — A strengthened force of U. S. marshals wrapped a tight security cloak around the federal court trial of Teamsters President James R. Hoffa today despite the objection of defense attorneys.

Drive For Toys Ends Dec. 10

Due to the length of time necessary to repair them, Dec. 10 has been declared the deadline on the acceptance of toys by the men of the Sanford Marine Barracks in order to get them ready for Christmas.

Librarian Named

Mrs. Florence Courson has been appointed to succeed Mrs. Paul V. French as librarian of the Altamonte Springs Library, Mrs. Smith Cady, president of the library association, announced.

Heroic Father Dies In Rescue

OLD ORCHARD BEACH, Fla. (UPI) — A heroic father buried one of his children from his blazing home early today but then died with a crippled son he tried to save.

Hospital Aid Money Set

BOB BESSERER ... Another Story

The Florida Development Commission has earmarked \$65,000 in Hill-Burton funds to help construct a 14 bed pediatrics ward and finish off the new wing at Seminole Memorial Hospital contingent on the hospital raising \$85,000 for the project.

Hospital administrator Robert Besserer disclosed that preliminary plans for the new ward have been submitted to the FDC and he would like to see construction on the new facility starting early next year.

However, Besserer emphasized that where the hospital will get the \$85,000 is "another story." The hospital board will discuss the matter at its meeting next Tuesday, Besserer said.

Besserer indicated the board may ask county support or some sort of fund drive to raise the needed appropriations.

London Fog Kills 66

LONDON (UPI) — The grey killer smog claimed victims by the score today and officials grimly predicted the blinding mixture of fog and pollution would choke the nation for two more days.

At least 66 persons—most of them over 60 years old—had collapsed and died in the London area alone since the worst fog in a decade stole over the nation Monday night.

Cubans Arrested With Smuggled Cocaine Cache

NEW YORK (UPI) — Two Cubans, alleged wholesalers of cocaine smuggled into the United States from Havana, were arrested early today by New York police.

About two pounds, two ounces of pure cocaine—worth \$200,000 in the illegal market—was seized as detectives raided a room in the Markwell Hotel in Manhattan's theater district.

Deputy chief inspector Edward F. Carey said the two Cubans had been carrying their cocaine supplies from Miami to New York for the past 10 months.

Their customers were mainly pushers operating in the theater area, police said. The narcotics squad has noted a steady increase in the flow of cocaine to the mid-Manhattan area in recent months according to Lt. Pasquale Intrieri.

The prisoners were identified as Jorgelina Garcia, 28, an attractive redhead who was a photographer's model and beauty queen in Cuba and her companion Santiago Garcia, 28.

Intrieri said detectives entered their hotel room just as the Garcias were in the process of "cutting" the cocaine or reducing it from its pure state to the marketed variety. The cocaine was in a dresser.

The detectives said Garcia offered them \$12,000 to let them go—\$2,000 in cash held in his hand and \$10,000 more to be paid later.

The payoff attempt resulted only in a charge of bribery added to felonious narcotics possession charges, police said.

According to Intrieri, the Garcias—who are not related—talked vaguely about their operations and mentioned "something about a boat" used to bring the drugs from Cuba to Florida.

He said that police believe the cocaine's original source may be Red China or South America.

would choke the nation for two more days.

Auto and hospital officials said the smog was every bit as bad as the "killer fog" of 1962 which claimed 4,000 lives in four days.

The death rate was expected to shoot up sharply today. Officials said smog usually takes 24 to 48 hours to affect the lungs and bring on fatal bronchial conditions.

Health authorities warned old people, children and persons with weak lungs to stay indoors until the smog lifts.

Air samples taken Wednesday showed air pollution 13 times normal and twice as bad as at the height of the 1962 disaster.

The grey killer was a deadly amalgam of moisture, smoke, dirt and carbon fumes spewing from the nation's exhaust pipes and factory chimneys.

London hospitals went on "red alert"—the order to admit only emergency patients and keep all beds ready for smog victims.

The air ministry said the poisonous pall over London was 600 feet thick.

"It seems this weather will persist for another 48 hours," a ministry spokesman predicted gloomily.

Freezing temperatures added to the misery. The fog froze on streets and pavements, causing a rash of multiple-car accidents. But highway deaths were few because traffic moved so slowly.

The fog early today was not as bad as the opaque mass that halted the nation in its tracks Tuesday night. But visibility in a few areas was still down to zero and drivers nearly everywhere could see only a few hundred feet at best.

The smog was expected to thicken again tonight. Hardest-hit were the great industrial areas of London and the midland cities, where factories smoke mixed with the fog to produce a slimy atmosphere that coated mouths and lungs.

Buses and trains ran hours behind. Many motorists left their cars home.

No airplanes had left London airport for 60 hours.

ELIZABETH N. J. (UPI) — The bank robbery might have been a pushover except for Robert Dielcher, a young man with stars in his eyes who saw red when the heist threatened his wedding.

He became furious when he saw the \$1,600 he had saved for a neat egg dumped into the bandit's bag Wednesday along with \$30,000 of the bank's money . . . before he had his deposit slip.

"I was just thinking about my \$1,600," Dielcher, 24, a service station attendant, said. "You can't get a married without money, can you? I wanted to get my money back."

Besides, he wanted some of the money to buy an engagement ring Christmas present for his fiancée, Loreta Herman, 21.

Dielcher became so angry he grabbed the .38 caliber pistol one of the bandits carried, shot him in the stomach, fought a gun battle with the other bandit, and when all of the bullets were used up, buried the empty revolver with all his might at the fleeing robbers.

Then he charged them with his bare hands and chased them from the bank, one of them clutching his stomach where he had been shot.

Dielcher was not nicked in the flurry of bullets that followed his bold move. But bank guard William Patsusky, 65, a former policeman, was wounded trying to help.

Cub Pack 540 Holds Meeting In Casselberry

By Joe Casselberry
Cub Pack 540 of Casselberry met Friday night in Weaver Hall of the Casselberry Community Methodist Church with Cubmaster Wally Krehne in charge.

Den Five conducted the opening ceremony and ends of Den Two sang "She'll Be Coming 'Round the Mountain."

A game called "Gold Rush" was enjoyed by the boys and a skit was presented by Den Nine. Den One sang "Oh! Susanna."

Achievement awards presented were wolf badge, Jimmy Cable, Chuck Callahan and Craig Duncan; gold arrows, Craig Duncan and Robert Simpson; silver arrows, Craig Duncan and Craig Young.

New Bobcats inducted were John Curran, Tommy Harmon, Jay Thompson, Dutch Watson, John Johnson, Dutch Cooper, Jimmy Phillips, Ricci Todd, Larry Morris and Alton Forsyth.

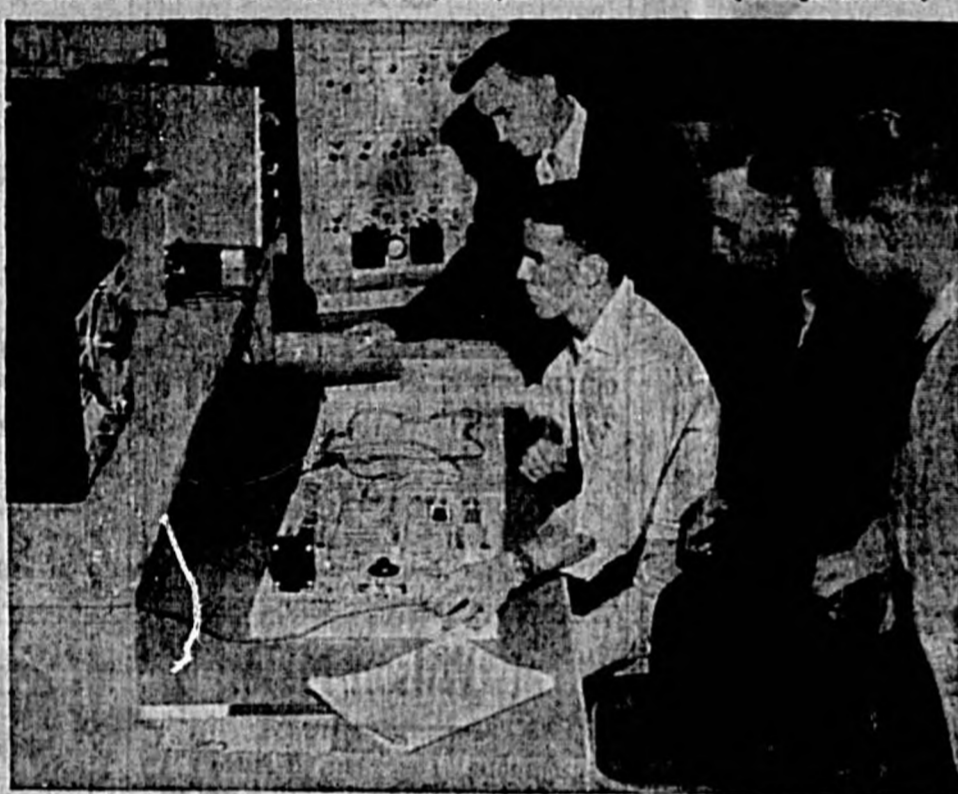

Other new cubs who were unable to attend were Dayton Nixon, Edgar Lee Lyons and Dale Lindsey.

Mrs. Dorothea Morris is Den Mother of a new den, Den Three, of Longwood. Her mother, Mrs. Hazel Larsen, is her assistant.

Den Two was in charge of the closing ceremony and led the group in singing "God Bless America."

ELECTRONICS TECHNOLOGY classes at Lyman High received a visit from officials of the Advisory Committee early this month. In the top photo, instructor George W. Thompson watches as students Jim McEvers and Mike Neilson carry out an experiment while in the bottom photo, McEvers, seated, demonstrates circuitry and component testing on Philco Laboratory equipment while committee member, from left, Al Egan, chairman and director of engineering at Johnson Electronics, Philip Bloom, application engineer of Dearborn Electronics and Art Renkes, electronic technician of Dynatronics, Inc., look on.

Other new cubs who were unable to attend were Dayton Nixon, Edgar Lee Lyons and Dale Lindsey.

Outstanding Bands To Compete

Three well-known Central Florida high school bands which have received national recognition in outstanding events will be among the 25 competing here Saturday in a Florida Bandmasters Marching Drill Contest.

The Cocoa High School Band had the distinction of marching in the Parade of Roses in the Rose Bowl Festivities on New Year's Day in Pasadena, Calif.

The famous Marching Hundred of Seabreeze High School of Daytona Beach participated in the Cherry Blossom Festival in Washington, D.C. and also were featured in the halftime show at the Thanksgiving Day football game between the Detroit Lions and the Green Bay Packers, a nationally televised game.

The Buccaneer Band of Daytona Beach participated in the miles-long Macy's Christmas Parade in New York on Thanksgiving Day last year, and the 100 members were featured as one of the highlights of the parade.

Seminole High School's Marching Seminoles also took part in the Cherry Blossom Festival parade last year, with the Twirling Seminoles Majorette Corps wearing their famous Indian maiden outfits.

There will be 21 other Central Florida bands from six counties taking part in the marching drill and massed band concert with activities to start at 7 p. m. in Memorial Stadium. Tickets will be on sale at the gate.

Growing Expense Of Handling Mail Brings Increase In Rates

The mail goes out in cars, trains, planes, buses, boats, carts, bicycles and even dog sleds, Postmaster Guy Allen told members of the Kiwanis Club.

"But no matter how it goes, the post offices still run in the red."

In an effort to get the postal service, which is the biggest civilian agency of the federal government on a paying basis, and also to provide needed salary increases for the post-office personnel, President J. F. Kennedy has signed a bill authorizing postal rate increases.

These new rates are roughly a one cent increase on the present rates, with some exception on business types of mail and bulk mailing rates.

"The United States Postal Service handles half of the mail in the entire world," Allen said, "with 45,000 post offices and stations and 580,000 men and women employees, regardless of race, color or creed."

The new postal rates, which includes five cents on a letter, four cents for post cards and eight cents for airmail, will go into effect Jan. 7, Allen said.

Following the discussion on the new rates, Allen took members of the Kiwanis Club across the street to the new

POSTMASTER ALLEN

Free Overseas Calls To Be Given

Two Sanford women, wives or mothers of servicemen overseas who cannot get home for Christmas, will be the lucky recipients of free overseas telephone calls this year in a continuation of the CWA's "Hi, Mom" program, USO director John Lang announced today.

This year, the women, (mothers or wives) are asked to write a short letter, telling just why she needs this call and USO Committee and a member of the local Union GWA will select two of the most deserving.

This project, which permits a wife or mother in the States to talk with her son or husband in an overseas post for Christmas, has grown over the years from the original 10 calls sponsored by the CWA in 1957 to over 500 calls last year and approximately 1,500 calls expected for this year, Lang said.

Women who would like to participate are asked to address their letter to the "Hi Mom Program," in care of the USO, Sanford.

Plant Gets Pure Water From River
ALVIN, Tex. (UPI)—Westinghouse Electric Corp. said that mineralized river water is being turned into pure water near here at the rate of 75,000 gallons a day by the first multi-stage evaporator plant ever built for industrial use.

The evaporator, located at Monsanto Chemical Co.'s new Chocolate Bayou plant, feeds pure water to the boilers which provide steam for the manufacturing of a number of petrochemicals.

all round town!

with... **Dollie Higginbotham**

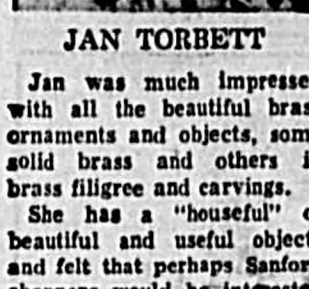

EVERYBODY'S GOT ONE. And I'm talking about that person on the shopping list who "has everything."

You could follow the gag trend and get them a "croaker sack" to "put it in," but here's a better idea.

Opening the 10th of December is a new little specialty shop, featuring beautiful objects made of brass, from India.

The new establishment, to be known as "Jan's Specialty Shop" is going to be located in the Mayfair Hotel, down the east hall near the office.

Jan (Mrs. Ken) Torbett, her husband and children, Ken and Randy have returned recently from New Delhi, India, where they were stationed in Navy Attache office of the American Embassy.

JAN TORBETT

Jan was much impressed with all the beautiful brass ornaments and objects, some solid brass and others in brass filigree and carvings.

She has a "houseful" of beautiful and useful objects and felt that perhaps Sanford shoppers would be interested in acquiring some of the same lovely pieces, for themselves or for gifts.

In her own home in Loch Arbor is a handsome brass filigree coffee table, made from one of the beautiful trays that can be hung on the wall if desired.

Filigree lampshades, ashtrays, lamps, end tables, wall plaques, bells, dishes, bowls, tea sets, vases and many, many other ornamental objects are among the things she has used in decoration of her own home and will have in her shop.

Incidentally she plans to stay open from about 10 a.m. to 9 p.m., at least through the Christmas season, and maybe through the Mayfair season.

The Torbetts were stationed in Sanford formerly with VAI-3, then went to India for two years. Jan and the boys have returned here to wait while husband Ken finishes out his Navy retirement time at Jacksonville. He'll be out next summer.

Young Ken, who was the first American student to graduate from the international high school in New Delhi is now a student at OJC, while Randy is in the fifth grade at Lake Mary School.

Visiting with them for a week is grandmother, Mrs. Vivian Torbett, of Richmond, Va., taking a short vacation from her job at the communications office of the Medical College there.

Besides her interest in the beautiful creations of the Indian people, Jan has a good deal of creative talent herself.

in all the oil paintings is one of simplicity, warmth and hominess, that reveals the personality of the artist.

MILDRED BABCOCK

Take note, while you're there of the nice display of the good supply of art supplies that Senkarik's now stocks. The roster of those who paint for fun and relaxation grows daily, and here's a good place to get everything you need. They have very nice frames for your finished pictures, too.

DIAN AIKEN

ADD DIAN AIKEN, daughter of Mr. and Mrs. Dick Aiken, to the list of American college students chosen this year to be listed in "Who's Who Among College Students."

Dian is a senior at Stetson University, and a graduate of Seminole High School.

While at Stetson, and incidentally she will complete four years work in three years as she's been attending summer school regularly, she has become a member of National Mortar Board, Scroll and Key, Kappa Delta Pi, president of Chaudoin Hall and vice president of Delta Delta Delta, sorority.

In high school she was president of the Student Leaders Club which was equivalent to what is now the National Honor Society and a member of the Sally Staff.

She will intern as a teacher at Dempsey Brewster Elementary School in DeLand next year, following her graduation from Stetson next June.

"Dian has paced herself all the way," says her mother, Anne Aiken. "We did not urge her to try to finish college in three years but she felt she could do it and she has certainly done well. We are very proud of her."

Dian is the oldest of the Aiken's nine children.

Johnsons Hold Open House

The new home of Mr. and Mrs. H. L. Johnson on Narcissus Ave., was the scene of an open house celebration Sunday from 2 to 5 p.m.

Hostesses for the occasion were Mrs. Claude Hawkins, Mrs. C. E. Hunter and Mrs. Ed Fitzgerald. Assisting them were the Johnson's daughter, Mrs. Donald Hudson, of Orlando.

The rooms of the home were opened en suite for the party and floral arrangements were placed at vantage points in the rooms. Of special interest was a beautiful planter, in the living room, filled with a variety of permanent plants, a gift from Mrs. Johnson's brother, Bill Grow, of DeLand.

The dining table was overlaid with a white linen cloth and centered with a large sheet cake, decorated with a house and the words "Welcome" and "Good Luck." Punch, coffee, cheese cake,

minis and nuts were served with the cake. Other decorations were in keeping with the open house theme.

Members of the Lake Monroe Home Demonstration Club, of which Mrs. Johnson

is a member, attended in a group and presented the couple with an electric toaster. They also received many other nice gifts from the approximately 75 friends and relatives who called during the appointed hours.

The Johnsons have three children, Mrs. Hudson, of Orlando, and sons, Jimmy and Bob. They have been living in the new home for the past three weeks.

HONOREES AND HOSTESSES at the open house at the home of Mr. and Mrs. H. L. Johnson, on Narcissus Ave., Sunday afternoon. Left to right seated are Mrs. Claude Hawkins and Mrs. Ed Fitzgerald. Standing are Mrs. C. E. Hunter and Mr. and Mrs. Johnson. (Herald Photo)

Chuluota

Personals

By Virginia Chadwick
Home on leave after his "Boot Camp" training at the Great Lakes Naval Training Station in Illinois is Don Corton Jr., son of Mr. and Mrs. Don Corton Sr. of Second St., Chuluota. Don, who was a '62 graduate of the Oviedo High School, will return to Great Lakes this month to attend the Electronic Technician School for a 24 week course.

Back in Chuluota for the winter months are Mr. and Mrs. Earl Koontz of Detroit, Mich. The Koontzes spend their winters at the Lake Catherine Inn, residing in Villa No. 6. While here they visit with their many friends in the area as they were once residents of Oviedo. Mr. Koontz's brother and sister-in-law, Mr. and Mrs. Lloyd Koontz are residents of Lake Charm in Oviedo.

Junior and Senior Girls of SHS. The girls have let down their hair, limbered up their muscles, and are prepared to give you an exciting and hard-fought flag football game Sunday afternoon at the stadium. Game time is 2 p.m.

The boys will entertain you too with their cheerleading antics, and the band has got a real cool half-time show ready to go.

(To the uninitiated... girls play a brand of football you'll never see anywhere else, and we can guarantee that you will not be bored.)

In fact... we've never seen such excited, get-with-it fans as those who attend the Powder-Puff games to root for their favorites.

Even if you don't have any kids in school, go anyhow, for you are sure to enjoy it.

MAYFAIR OPENERS will be in for a treat Saturday night, too, as there has been hammering, sawing, painting and decorating going on down there for weeks, to create an entirely new atmosphere.

Mr. Everett Kerr's excellent taste in decor can already be seen in the new Shalimar and the Gold Room of the hotel.

Everybody will be there in their best bib and tucker (whatever that is) for cocktails, dinner and dancing in THE big social event of the season. See you.

Fish Fry And Bake Sale This Saturday

Final plans are being made by the Men's Club and the two circles of the Congregational Christian Church for a fish fry this Saturday at the church, Park Ave. and 24th Street from 5 to 7 p.m.

There will be several varieties of fish available plus hush puppies, baked beans, cole slaw and assorted relishes, coffee and punch. The fish fry will be held outside, weather permitting, otherwise it will be held in Fellowship Hall.

During the fish fry the women of the Friendship League will hold a bake sale of homemade baked goods and candies. The Ethel Root Circle will assist the men with the serving.

The public is invited to come, enjoy a good meal and take home some baked goodies for the weekend.

Mrs. Brad Foley New Arrivals Named President

Members of Sanford Drive 100 BPO Does elected a new slate of officers for the coming year, at a recent meeting.

They were Mrs. Brad Foley, president; Mrs. Finley Nash, first counselor; Mrs. A. P. Bowersox, senior counselor; Mrs. Pete Bukur, junior counselor; Mrs. H. Disbrow, secretary; Mrs. George DeMatto, treasurer; Mrs. Harry Kenny, inner guard; Mrs. Frank Wilson, outer guard, and Mrs. Richard Mapez, three year trustee.

The group has scheduled its annual Christmas party for members and guests, on Dec. 15, in the Social Hall of the Elks Club. Santa Claus will visit the little ones on Dec. 22, also in the Social Hall.

An open installation of the new officers will be held Jan. 19, in the Lodge Hall. The public is invited. Mrs. Ralph LaFever and Mrs. Robert Caruthers will be installing officers.

Plans are progressing for the state convention which will be held in Sanford in the early spring. Several Does and their husbands plan to attend installation ceremonies of other drives in Green Cove Springs, Jan. 5; Orlando, Jan. 8 and Jacksonville Beach, Jan. 13.

Mr. and Mrs. Stuart M. Silver, of Brooklyn, N. Y. announce the birth of a 5 lb. 2 oz. daughter, Sunday Dec. 2, at the New York Hospital, in New York City.

This is the couple's first child and they have chosen the name, Lauren Davi, for the new arrival. Mrs. Silver is the former Miss Betty Ann Munson, daughter of Dr. and Mrs. Leonard Munson, of Sanford.

Paternal grandparents are Mr. and Mrs. H. Silver of New York City.

Mrs. Munson plans to leave this weekend for a visit with the family and to welcome her first grandchild.

Sanford's Housing

At least two Sanford contractors, and perhaps more, are casting about elsewhere in the state for home-building opportunities. One of these men is considering a project in Broward County where the Universal space authority has made the home market "hot."

All this does not mean Sanford is in an economic decline. In fact, every reliable index points to a steady and resounding economic population growth. It does mean, in our opinion, that the home market here is just about saturated for the time being.

Several hundred homes in the price range of \$9,000 to \$15,000 have been built and sold in the last two years or so. Unhappily, some of the developments were over-sold with the inevitable result of a few speculators and some virtual

"giveaways" of equities by those who couldn't keep up the payments. Not enough distress sales to get alarmed about — but surely enough for the smart local boys to see the handwriting. There ought to be enough homes in the low and medium price range to last a couple of years now (barring some sensational new development here).

Sanford's need, as we see it and have heard it expressed by many, is for a greater number of modern furnished apartments of two and three bedrooms in the \$65 to \$85 rental range. Brokers and or new residents, find it almost impossible to get apartments, especially during the winter tourist season. Yet very few people seem interested in entering the apartment field as landlords, possibly because the business requires a great deal of hard work and attention to detail.

Top Advertising \$\$\$

Advertisers will spend an estimated \$4 billion in U.S. newspapers during 1962 according to Dr. Sam S. Talbot, Chairman of the Department of Journalism at the University of Mississippi. He notes that the Bureau of Advertising has compiled nine reasons why retailers prefer the local newspaper as an effective advertising medium:

- Newspapers reach more people.
- People like advertising in newspapers.
- The newspaper is the only medium people consult for a buying decision.
- Newspapers are the only medium where people shop the ads.
- Newspapers deliver more ready-to-buy prospects.
- They are the

only medium offering the magnetic appeal of classified advertising. — They have more selling versatility. There are more plus services to improve the selling effectiveness of advertising. — Newspapers produce more sales per dollar of advertising cost.

Year after year, the increase in volume of newspaper advertising has been constant, in spite of the fact that new media for advertising have consistently appeared. In 1962, advertisers have again spent more money in newspapers than in any other medium, and the newspaper remains overwhelmingly dominant as a local advertising medium.

Nations' Neuroses

A British Ministry of Health official is credited with the following definition:

"A neurotic is a person who builds castles in the air. A psychotic is a chap who lives in them. A psychiatrist is the chap who collects the rent."

This is more than just funny and more than true only about individuals. It is also true about nations.

All of us are neurotic, they tell us, about something or other at one time or another. Some of us are neurotic all the time. It only becomes serious when our tenseness, nervousness develop into a psychosis — a definite loss of contact with the reality outside ourselves.

Nations, too may be neurotic. They may have delusions of grandeur, fear their neighbors, suspect the motives of other nations, withdraw into a shell of isolation — or worse, feel that their security demands that

they influence or control the affairs of other countries.

As in individuals, this national-neuroticism need not be serious so long as a people and its leaders remain basically level-headed. But when a populous, industrious, inventive nation departs so far from reality as to allow its political myths or ideological myths or racial myths to guide its international behavior — well, we have only to remember Nazi Germany to realize the consequences.

Potentially dangerous neuroses remain in today's world. But reality in 1962 is far harsher than it was in 1989. The Bomb is the reality that draws a sobering line between neurosis and psychosis.

And should that line ever be crossed, it is not the psychiatrist but the Four Horsemen who will collect the "rent," and to a far more severe degree than they have ever enacted it before in history.

Music Hath Charm

Dr. Crane's Worry Clinic

Dr. Kachman exposed a flagrant fallacy of a labor leader who forgot to compare "gross" with "net." Most Americans are on salary or wages, so they take home their full pay. But professional men, farmers, merchants and manufacturers do NOT get to keep their gross income. He takes up to the facts of "free enterprise," and a lot of you clever clergymen better open your eyes, too!

CASE O-404: Rudolph Kachman, aged about 26, is a recent medical school graduate. Earlier this year he attended a meeting of labor union men who were clamoring for President Kennedy's Medicare bill, which involves increasing taxes to offer government medical services.

Rudy is a militant defender of the "free enterprise" system so he soon got into a heated debate with a labor leader.

"We want government medicine," demanded the labor leader, "for you doctors are robbing us blind."

"Why, I paid \$40 just for an X-ray of my son's little finger when he broke it recently. And that \$40 is excessive."

"We'd get free medicine from the government's bill."

Well, Rudy challenged him immediately to prove that the \$40 was for a single X-ray of the little finger.

And later Rudy contacted the orthopedic surgeon who had treated this labor leader's son.

That \$40 covered these items, which were glibly ignored by the father who paid the bill:

- (1) X-ray of hand and finger, which showed the broken finger.
- (2) Routine X-ray of wrist.

The smallest bird in New Zealand bears the militant name of rifleman. Only three inches long, the rifleman is a poor flyer, and it prefers climbing trees to flying to the top. The rifleman is distinguished by a feeble chirping "see-see-see," accompanied by quivering of wings.

since many falls produce a Colles fracture that may otherwise be ignored at the moment unless X-rayed.

- (3) X-ray of the forearm involved.
- (4) Applying a cast to the hand.
- (5) Later removal of the plaster cast.
- (6) Several medical visits for check-ups.

So the \$40 bill was certainly not excessive for the surgical time and skill required, do you think?

Please remember, too, that you readers often forget the matter of "overhead."

Earlier this week I showed you the Dartnell findings that the average dictated letter that the usual business firm sends out costs \$1.97, though most people would guess it at probably a dime or not over 25 cents at most.

Well, do you know that many doctors have an overhead that runs \$20 per hour, before they get any of the fee for themselves.

For example, the physician or dental surgeon pays rent and hires one or two nurses, whose salaries must be met.

In addition, he may have thousands of dollars invested in expensive equipment, including X-ray machine, office furniture, dental operative chairs, etc.

But in Chicago a report earlier this year showed that pipe fitters and electricians were getting around \$5 per hour! Yet they have no overhead. That is their own take-home pay.

A lot of clergymen likewise attack doctors and business leaders, forgetting entirely that a \$6,000 clerical salary is the equivalent of the average

doctor's gross income of \$16,000.

For the doctors must pay for light and typewriters, rent, telephone, secretary or nurse, plus surgical equipment, and their own house rent, all of which are free to clergymen.

So PLEASE apply the Golden Rule, plus a little American gumption before you join the rabble rousers who attack our "free enterprise" system.

Unless you have actually operated a business of your own, be chary about comparing your teacher's or clergyman's or working man's wages with the "gross" of doctors, merchants, farmers and other small business men.

And all doctors should itemize their bills to illuminate the patient's mind on business expenses nowadays!

(Always write to Dr. Crane in care of this newspaper, enclosing a long 4 cent stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Political Notebook

WASHINGTON—(NEA)—The population again doubles will be whether standards of living will be doubled or tripled over today's levels.

As proof of this cheerful prospect, Scammon notes how far living standards have risen since 1910, when the U.S. population was roughly half what it is today. Says he:

"The problem now is not how to get more fat on people, but how to get it off."

Citing our gains in earnings, in education, in health and in lowered death rates, he has slight patience with romanticizing over the "spacious past."

"The good, old days were lousy days," he says. "People were pellagra-ridden, ill-housed, uneducated."

"Those were the days when mama had to spend Mondays and Tuesdays boiling the wash."

If a stable population were a necessary pre-condition to economic well-being, then, adds Scammon, we should be sunk in poverty and the nations just holding even should be riding high. But we far outdo the latter.

"You can argue against the population increase on the esthetic ground that we ought to have the space," he says, "but that's a personal judgment which has nothing to do with the practical problems of growth."

Those who are not fussy about a space nevertheless might be surprised at his judgment that the United States could hold the whole world's three billion people and have a population density no greater than present day Holland's.

"Though Holland is crowded," Scammon observes, "nobody is being pushed off the continent."

He adds with those who accept optimistic scientific forecasts of ample future resources, not only in America and Europe but in Asia, Africa and Latin America.

He believes the big difficulty in critical areas is disorganization — economic, social, political.

"In countries thus handicapped, you could cut the population in half and it wouldn't make any difference. You'd have the same proportion of poverty-ridden, starving people."

On the other hand, any nation which drags up the practical, "institutional" answers to its problems will get along no matter what the numbers.

Scammon contends that this country's main population problem is not growth as such, but the "flight from the land" which finds people pouring into the urban clusters and virtually abandoning vast stretches of rural territory.

To gloomy folk who fear our urban jams will one day congeal in a frozen mass, Scammon says this:

"We've always had these jams. Ever look at pictures of places like New York around the turn of the century? The streets were packed with bugles and wagons."

"This is a very minor part of our problem. It's just an exercise in fantasy by some Sunday evening driver."

Who won and who lost (in Cuba)? Forget it. Reason won, reason for mankind. Mankind won.

—Nikita Khrushchev.

Nonalignment means that we aligned with nobody, not even with nonalignment.

—Algerian Premier Ben Bella.

Quotes

If nonalignment continues to be a goal for some countries, noninvolvement has become a luxury beyond price.

—Abram Chayes, State Department legal advisor.

The best antidote for nervous tension and intellectual intolerance is physical fatigue.

—Heart specialist Dr. Paul Dudley White.

So long as Communist policy is double-faced our response must be double-handed.

—Lord Home, British foreign secretary.

Who won and who lost (in Cuba)? Forget it. Reason won, reason for mankind. Mankind won.

—Nikita Khrushchev.

Nonalignment means that we aligned with nobody, not even with nonalignment.

—Algerian Premier Ben Bella.

He adds with those who accept optimistic scientific forecasts of ample future resources, not only in America and Europe but in Asia, Africa and Latin America.

He believes the big difficulty in critical areas is disorganization — economic, social, political.

"In countries thus handicapped, you could cut the population in half and it wouldn't make any difference. You'd have the same proportion of poverty-ridden, starving people."

On the other hand, any nation which drags up the practical, "institutional" answers to its problems will get along no matter what the numbers.

Scammon contends that this country's main population problem is not growth as such, but the "flight from the land" which finds people pouring into the urban clusters and virtually abandoning vast stretches of rural territory.

To gloomy folk who fear our urban jams will one day congeal in a frozen mass, Scammon says this:

"We've always had these jams. Ever look at pictures of places like New York around the turn of the century? The streets were packed with bugles and wagons."

"This is a very minor part of our problem. It's just an exercise in fantasy by some Sunday evening driver."

It's fine to save for a rainy day if it doesn't keep you from spending enough to enjoy the sunny ones.

Dad doesn't exactly like his wife to get things on time, except his meals.

A college professor says there are plenty of girls who can count on one hand the number of fellows they have kissed. One hundred, two hundred, etc.

Come summer and a lot of girls will be taught to swim for the fifth, sixth or seventh consecutive year.

Darbilchaltun, located in Mexico's Yucatan, is the only known Maya city that was inhabited from perhaps as early as 2,000 B.C. until after the Spanish conquest.

The smallest bird in New Zealand bears the militant name of rifleman. Only three inches long, the rifleman is a poor flyer, and it prefers climbing trees to flying to the top. The rifleman is distinguished by a feeble chirping "see-see-see," accompanied by quivering of wings.

Uria had an easy time taking the featured eighth game singles last night at the Orlando-Seminole Jai-Alai Fronton with the only competition coming from Onate in the number seven position.

Playing out of the number two slot, Uria took a quick four point lead and on his next round clinched the win after Onate put over three points.

The 42 perfects paid \$164.10 for a 2-7 combination. The all star eleventh followed the same pattern as the eighth with a perfect game with seven straight points after Aldan and Echandi scored two points enough for the

place position. The 4-2 perfects paid \$125.70. Dick Roberts, the young American jai-alai player, trying to make it in the professional ranks at the Orlando-Seminole Fronton, made a sweep in his two games during the matinee Wednesday.

The first American to break into the Basque sport teamed up with Felix in the first game and then followed with an impressive victory in the second with Egana.

Roberts shelled up his ninth win of the season and has been in the money 40 percent of the time. A native of San Diego, Calif., Roberts played seven years as an amateur in Tijuana, Mexico, before making a bid as a professional.

Four Sanford grid stars headed the 22 man Orange Belt Conference team chosen by the league's coaches in DeLand Tuesday night.

The four are Eugene Williams, tackle, Center J. B. Phillips, Halfback Butch Riser and Guard Jack Elam.

Backs Jack Caolo and Jim Wesslund made honorable mention in the selections. DeLand placed five players on the team while Wildwood and Leesburg placed four; Winter Park, three, and Apopka and Lakewood, one each.

ALL-CONFERENCE Ends — Hesse Walle, Lanny DeMott, Wildwood; Wayne Anderson, DeLand; Lamar Bethes, Leesburg.

Tackles — Eugene Williams, Sanford; Jim Appelman, Winter Park; Robert Cox, DeLand; Chip Deems, Leesburg; Guards — Bobby DeLoach, Lakewood; Jim Connors, Apopka; Bill Chambliss, Winter Park; Jack Elam, Sanford; Centers — Johnny Phillips, Sanford; Willis Wingard, DeLand.

Backs — Bill McBride, Mike Napp, Leesburg; Gerald Bramlett, Joey Ewanuck, Wildwood; Butch Riser, Sanford; Leslie King, Winter Park; Jerry Gill, LaVerne Barrs, DeLand.

HONORABLE MENTION End — Terry Moore, Apopka. Tackles — R. L. Creech, Noel Griffith, Lakewood.

Guards — Stanley Helton, Percy Davis, Wildwood. Backs — Alan Hays, Lakewood; Jack Caolo, Jim Wesslund, Sanford; Tommy Rishol, Winter Park.

Hubbs did it all with his gloves. He gained national prominence when he smashed two of Bobby Doerr's 14-year-old major league records by playing in 78 straight games without making an error and handling 418 chances during that span.

Doerr set the two previous records as a member of the Boston Red Sox, going without an error in 72 games and 414 successive chances.

Hubbs, who batted .300 in 160 games for the Cubs, scored 80 runs and drove in 49.

The 26-year-old Clendenon batted .302 in 80 games, hitting seven homers and driving in 28 runs.

Doerr set the two previous records as a member of the Boston Red Sox, going without an error in 72 games and 414 successive chances.

Abby: By Abigail Van Buren

DEAR ABBY: Is it too late to change my will? I had one made out years ago with the help of my lawyer. I left everything to my niece and nephews (I have no living sisters or brothers) and I have since had some second thoughts. My niece and nephews have shown an interest in me. I would like to change my will and leave everything I have to one charity and a family of friends who have been very kind to me. How can I do this? I am miles from my lawyer.

GROWING OLDER

DEAR GROWING: Either telephone or write your lawyer and he will handle the matter for you. It certainly is NOT too late.

DEAR ABBY: I like a guy very much but I don't like the way he kisses. I don't want to hurt his feelings by telling him. What should I do?

UGH

DEAR UGH: If you don't know this "guy" well enough to give him the word about his kisses, you shouldn't be kissing him.

DEAR ABBY: Perhaps I am being small but we have neighbors who think they are being "neighborly" by getting our mail out of our box and delivering it to us across the street. I think our mail is our own business and no one has the right to

do the mailman's job. In the past, if we were not at home, our mailman would leave our packages with these neighbors, but when I told him to stop it, he did, so we don't have that trouble any more. How can I tell our neighbors to leave our mail alone without getting on the outs with them?

WANTS PRIVACY

DEAR WANTS: Simply TELL your neighbors (in a very "neighborly" way) that you prefer to get your own mail. And, by the way, there is a law against tampering with someone else's mail.

DEAR ABBY: When a man takes a girl to a night club or restaurant and the headwaiter says, "Follow me," does the man or the girl follow the headwaiter first? Hurry your answer because I have a five-dollar bet on and I could use the money.

BENNY

DEAR BENNY: If you bet that the GIRL follows the headwaiter first, you have just won five dollars.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3865, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3865, Beverly Hills, Calif.

Jacoby On Bridge By Oswald Jacoby

The first step in planning a cross ruff is to establish the pattern. Next cash the winners in side suits. Then you are ready for the actual ruffing. Here you plan to use low trumps until you can afford to start ruffing high. From then on you ruff high so that no unkind opponent can overruff and rest your fan.

South ruffed the opening club lead and took stock. The repeated doubles indicated that finesses were not going to work for him, but he noted that if he could make eight trump tricks everything would be perfect.

a diamond to dummy's ace, returned a heart and finessed the queen. East won with the king and led a second club. Now South was ready for the cross ruff. He ruffed a diamond in dummy, returned to his hand with a heart, ruffed another diamond in dummy, ruffed a third club in his hand, ruffed a heart in dummy, led another club and ruffed with the ace after East followed. South could not afford to let West overruff and lead trump. This gave South nine tricks. He led his last diamond and ruffed with dummy's last trump for his tenth.

We The Women: By Ruth Millett

News item: "The AFL-CIO has announced that it has set up a task force to push the drive for a 35-hour week." Before they win their fight the working men affected had better know that once they get a 35-hour week things are going to be different around home. They'd better not expect to

be treated like the hard-working member of the family by mothers of young children to whom a 35-hour week would seem like vacationing. Let them come home and complain about how tired they are, once their work week is 35 hours, and instead of being called "Poor Dear" and urged to stretch out on the sofa with

Highlights TV Time Previews

7:30-8 p. m. (CBS) Mister Ed. Quite funny is Hans Conrads as a frustrated and screaming sculptor. Commissioned to do a statue of Paul Revere on his horse, he can't get our talking horse to pose when Mister Ed learns he won't get name credit on the statue. Wilbur (Alan Young) isn't too excited about being the model for Paul Revere and makes a deal to get his horse to behave only if neighbor Addison (Larry Keating) is substituted for him.

8-9 p. m. (CBS) Perry Mason. "The Case Of The Lurid Letter." An exceptionally good

Mason episode that has excitement, emotion and the usual tricky story. Mona Freeman guests as a school teacher who is being discredited on a morals allegation and asked to resign. Perry defends her twice, the first time against a marauding motorcycle gang, and the second time when she is accused of murdering the man who tried to ruin her reputation. Raymond Burr stars with William Hopper.

8:30-9:30 p. m. (NBC) Dr. Kildare. "An Ancient Office." Very good acting obviates a rather depressing story. Outstanding is Ed Begley as an aged coroner who sits Dr. Kildare (Richard Chamberlain) into angry action when Kildare disbelieves the coroner's cause-of-death decision in the death of an infant.

In North Orlando

Lighting Contest Set

By Ginny Skibak
The North Orlando Civic Assn. Monday night announced plans to stage a program of Christmas lighting and outdoor decorating and invited all residents of the community to participate in the contest for which three prizes will be awarded to the top entries.

Homes will be judged between 7 and 8 p. m. on Dec. 23. First prize will be \$15, second, \$10 and third, \$5. Plans for the contest were approved at Monday night's regular monthly meeting of the association which met for the first time in four months with a quorum in attendance.

In other business the group voted a tentative pledge of \$25 for the purpose of re-stating liability insurance on the fire and police equipment in order that it may be re-activated.

The pledge was made to Fire Chief Bob Stephenson who also is accepting similar pledges from other sources in the combined effort of the association and community to get the equipment back in use, especially for the holiday season.

Art Rhodes and Bob Derum were appointed as a committee to audit the association's books after the resignation of Mrs. Ann Sutton, treasurer, was accepted. Naming of a new treasurer was postponed until the January meeting.

Altamonte PTA Seeks 436 Crossing

By Louise Simunek
Members of the Altamonte Springs Elementary PTA executive board reported Monday night of steps the group has taken in its effort to secure a suitable crossing for the children on SR 436, which will become a dangerous problem upon widening of the highway.

The report, made at the PTA's regular meeting, stated that the problem has been presented to State Road Dept. officials and to County Commissioners. The school group

now is awaiting disposal of the matter by these two bodies of control.

Final results of the October Halloween Carnival were given showing a total profit of \$744.10. To date, the Magazine Sale has realized returns of \$280.30, however, this is not a final figure.

Mrs. L. T. Bryan Jr., library chairman who reported on the status of the library, stated that there are 1,140 books on the shelves at the present time and with additional volumes now being

purched there should be approximately 1,500 books made available this year.

The PTA received a check for \$5 from the Altamonte Springs Civic Club for the library fund.

The program for the meeting consisted of informal discussion led by Principal Frank Gore during which he explained in detail accreditation standards for the school.

A wide variety of books was made available to PTA members for children's gifts

at a discount price. The sale proved highly successful and the only profit the association will realize from the sale is the hope that after children and families are through with the books they will find their way back to the school library shelves as a donation.

Following adjournment of the meeting refreshments were served from a table beautifully decorated in the Christmas theme by fifth grade mothers who served Christmas cookies, punch and coffee.

Scouts making the camp were, patrol one, Gail Wilson, patrol leader and Kathy Johnson, assistant patrol leader and Doris Aikens, Karen Kriess, Leslie Komisar and Joy Hornbuckle; patrol two, Karen Cass, patrol leader and Susie Webber, assistant patrol leaders and Susie Miller, Bonnie Simmons, Mary Jo Hubert and Cathy Carlisle;

Patrol three, Cheryl Waters, patrol leader and Melenda Casselberry, assistant

patrol leader and Barbara Andrews, Becky Totten and Alice Dunnett.

Supper was prepared and served by the young people preceding the program which opened with a short address from Steven R. Siblik, counselor.

David Jakubcin was master of ceremonies for the variety program which featured talented members of the youth group in musical and pantomime numbers.

Joyce Bellhorn played several selections on the accordion and a solo on the piano and later presented pantomime numbers along with Virginia Stanko, Shirley Miker, Sandy Miker and Cathy Rook.

Another musical number featured a Barbershop Quartet made up of Bob and Ted Bellhorn, David Jakubcin and Tim Colbert.

The audience participated in a lively game of "Password" and in a Community Sing to round out the evening.

Members of the club will bring canned food or other non-perishables suitable for use in packing a Christmas basket for some needy family of the area and also will conduct a 50-cent gift exchange within the club.

Plans will be made by the group for its first night meeting which has been scheduled in January as a beginning of an alternate day and night monthly meeting schedule approved last month.

Girl Scout Troop Makes Weekend Camp

By Jane Casselberry
Fifteen Girl Scouts and two leaders from Troop 338 spent the weekend camping out at Moss Park on Bear Island located in the Southeast section of Orange County.

The campers, who endured two days of miserable weather, were rewarded Sunday with a perfect sunny day.

The girls set up camp late Friday afternoon. On Saturday they enjoyed a Wide Game in which they were called upon to demonstrate

a knowledge of scout skills and history.

On Saturday evening the girls joined the Bear Lake Troop, which also was camped on the island, for a Campfire program. The troops also

were together for a Scout's Own Ceremony on Sunday morning. During the afternoon they went on a scavenger hunt to look for various nature items.

Troop leaders accompanying the girls were Mrs. Frank Russell and Miss Ganna Stone.

Scouts making the camp were, patrol one, Gail Wilson, patrol leader and Kathy Johnson, assistant patrol leader and Doris Aikens, Karen Kriess, Leslie Komisar and Joy Hornbuckle; patrol two, Karen Cass, patrol leader and Susie Webber, assistant patrol leaders and Susie Miller, Bonnie Simmons, Mary Jo Hubert and Cathy Carlisle;

Patrol three, Cheryl Waters, patrol leader and Melenda Casselberry, assistant

patrol leader and Barbara Andrews, Becky Totten and Alice Dunnett.

Supper was prepared and served by the young people preceding the program which opened with a short address from Steven R. Siblik, counselor.

While They're Sleeping

Some weeks ago the Lake Monroe PTO took the bull by the horns, so to speak, in an effort to at least make a start on organizing a volunteer fire dept. for the Lake Monroe, Grapeville, Upsala and Paola areas whose only protection at the present time comes all the way from Lake Mary.

Morris Ruby, principal of the Monroe and Paola Schools, was named chairman of the project and has since called several meetings to get a firemen's organization underway.

His attempt last week met with response from only four men . . . Claude Hawkins, Bob Mann, LeRoy Lee and Terry Collins. Two or three more did call to explain why they would be unable to attend. Still, this was a disgraceful showing for so important a project, especially since there have been at least three tragic fires in the Lake Monroe area in the past few months.

Although the PTO feels that it is now up to the people to take action, Ruby says he will make one more effort . . . in about a month, after the Christmas rush, he plans to try another meeting and this time will mail letters to as many residents as possible well ahead of time with a follow-up reminder just prior to the meeting.

Let's hope the residents wake up to the need and give support . . . any part of the areas named could burn while they're sleeping.

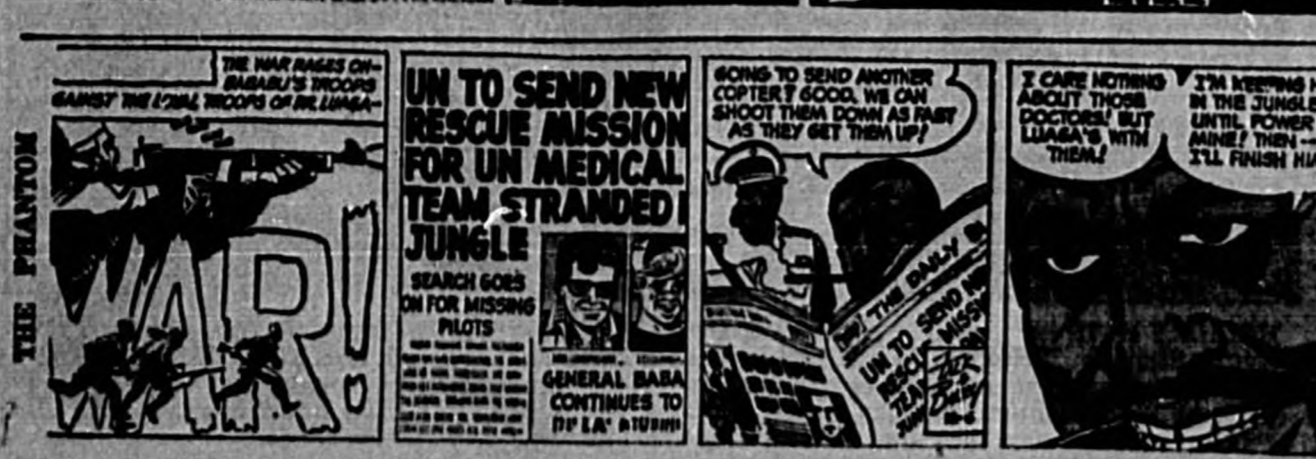

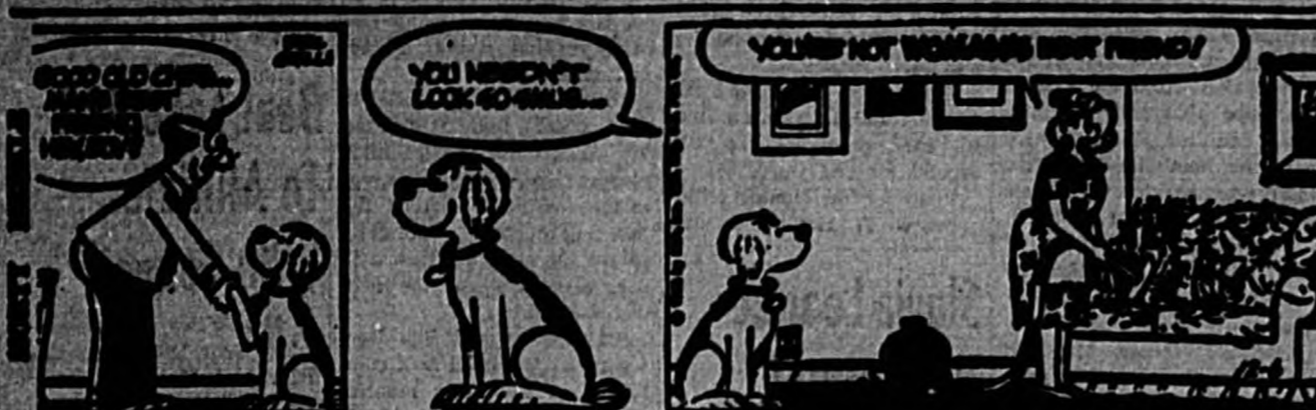

Lake Monroe Jottings

Mrs. H. L. Johnson
Howdy there. Well, it is supposed to be a very deep subject, but well the weather has been kind of different for a few days. Mind you I did say a few. For instance last Saturday was kind of cold and dreary. We know, for the High School Band had to march in two parades in two different towns and brother it was sure aish in both places. But the boys and girls certainly did an excellent job in DeLand and Ocala. They received a lot of comment as their reindeer (LIVE DEARS) Rudolphs (Joan Jones) and her red nose Pixie (Sandi Wright) led the girls in their routine. A certain DeLand clown kind of liked the band because I saw him going in and out among them. Of course the clown just happened to be my kid brother Bill Grow. Now on the 15th the band takes another trip to Titusville to do a parade there. . . . I want to say Best Wishes and Congratulations to Pat Griffith and Tommy Sparks on their marriage last Saturday. As the saying goes "you could have knocked me over with a feather" when they came by and told me. But I wish you two the very best in life and much happiness Pat and Tommy. They are at home at Wilsons Corner in Paola. Go out and see them. . . . I hear that Claudette Behrens got what most men HUNTERS haven't so far, a Deer. Don't you know that she was tickled. Sid Hawkins killed a turkey last Saturday. It weighed 15 lbs. Wasn't that good? Come on you men, what the matter with you? . . . How about the Monroe PTO float winning first prize in the Sanford parade? I know that Monroe is very proud of the fact. A lot of hard work on the part of the parade committee headed by Tommy Thompson. The Wilson school also had a very pretty float. They should have received a prize too. . . . Chris and Hilda Thompson have returned from a very nice trip to Birmingham, Ala., where they visited with relatives for two weeks. Hilda reported a wonderful shopping spree. Wish I had been with her. . . . Terry Goffery of the U. S. Saratoga at Mayport visited the T. C. Thompson family last weekend. He came in on Saturday and returned to his ship Sunday evening. . . . Don't forget to go out to the HD Center tonight or from 10 to 4 tomorrow and see the Christmas Exhibit and Educational Displays. There are some smart Homemakers in this county and they are going to show it. So by all means go out there and see their work. Tomorrow evening we will have our Christmas party and also install-

tion service. . . . Herbert and Grace Thurston and son Brian came up from Tampa and spent the weekend with Claude and Mary Hittell. Would like to have seen Grace as I haven't seen her since the good old Minstrel days. . . . Next Wednesday, Dec. 12, the Monroe HD Club will have their Christmas party at my home, Mary Tillis and Lucille Fitzgerald will be the hostesses. So all members please plan to come. You know that you will have a good time. . . . I want to thank the many friends who visited us last Sunday during open house. We had none Pixie (Sandi Wright) led the girls in their routine. A certain DeLand clown kind of liked the band because I saw him going in and out among them. Of course the clown just happened to be my kid brother Bill Grow. Now on the 15th the band takes another trip to Titusville to do a parade there. . . . I want to say Best Wishes and Congratulations to Pat Griffith and Tommy Sparks on their marriage last Saturday. By LARRY VERSHEL
That new post office is fine—after you get inside. Some sidewalks are needed from the curb to the entrance, because it's a clock that before long there will be some Keep Off The Grass signs out front.

It was 26 degrees by the Downtown clock . . . oops, I mean Sanford Atlantic Bank clock 6 a. m. this morning.

We hear that Kendall Chase is in line for the state Council of 100 post.

The city today received a check for \$2,300 from Hunt Co. to help pay the cost of materials for the utility lines extension.

It will be interesting to see what the city does Monday night on parking along Palmetto by the old post office. Do they want to keep it angle or revert to parallel.

Get a call that two gentlemen were playing tennis early this morning by Summerlin.

Gordon Frederick's dedication party Tuesday will have to be postponed until Wednesday. Gordon, attorney for the hospital board, will have to attend that meeting. He is also a new director of the chamber, meeting that same night. However, remember invitations although printed for Tuesday will be good for Wednesday.

By the way a dry run will be held Saturday to unloosen the bolts on the license tag.

I wonder how many people are aware of the job the Elks Club has done for the Little Red School House. Did you know the Elks laid the concrete walk, repaired the swings and fixed up the storage shed in the rear of the facility.

The Southside P.T.O. has been requested to buy a slicing machine for the school lunchroom. Seems like pretty standard School Board stuff. Cost \$300.

The County Commission and Chamber will adopt a resolution lending their endorsement to the Sarepta Home when home officials seek House and Home Finance Agency aid Monday for funds to beef up its nursing facility.

Remember those young egg throwers? They'll be back in court this afternoon and the curfews will be lifted . . . will probably get their driving privileges restored.

Went by the Elks hall last night and noticed the old clock is being assembled on the front lawn. Haven't got the faces in yet or the top on, but it looks like the old relic will soon be back in business.

Did you know that the new HLH products outfit will use 1,000 gallons of water a minute, and turn out over a thousand cans of vegetables an hour?

Antenna Systems, Inc., Fern Park, is moving this afternoon from their little old plant to their big new one just a few feet south. One high priority production project there will be transferred with a loss of only one hour in assembly time, so says Ray Hill, manager.

Plans are now on the drawing board for that apartment building project out on the Hunt reservation, and Bill Walter says construction will start next month. Will be the biggest such unit ever built in this area. About time somebody did something for those people that aren't interested in buying a house. Will be open to anybody that can pay the rent, not just company employees.

County Commissioners will have their hands full soon. Condemnation suit on Eastern Shopping Center coming to a head.

is the night you can get \$45, \$35 or \$25 in gift certificates by shopping for bargains in downtown Sanford and being at the drawing right after the 9 p. m. closing hour. The merchants invite you to be their guests at another pre-Christmas special for county shoppers.

WEATHER: Fair, cold, variable winds. Low tonight 45.

VOL. 53 United Press Leased Wire Established 1908 FRI., DECEMBER 7, 1962 SANFORD, FLORIDA NO. 600

Jet Fuel Line Okayed

Twenty-six million gallons of jet fuel will start flowing annually from Lake Monroe to the Naval Air Station early next year as the City Commission in special session today agreed to allow the Sanford Pipeline Co. to construct two and a half miles of pipeline and utilize public rights-of-way for the project.

Gerald Rausch, president of the proposed local company which will be a subsidiary of Southern Standard Pipeline Company of Houston, said his company plans to construct its own docks and a quarter of a million dollar storage installation by the lakefront.

Rausch told commissioners his company is negotiating with Chase and Co. for an acre of land by the Standard Oil tanks on the lakefront for the project.

Commissioners were given the assurance by Rausch today that property owners will be safeguarded along the rights-of-way which will stretch easterly from the City Service docks to McElwaine then out Mellowville to the air station.

Commissioners also asked for a reverter clause in the agreement whereby after five years if the air station is inactivated, the pipeline will be turned over to the city.

The pipeline company will pay the city about \$100 per year as well as taxes.

Rausch stressed that 25 million gallons of jet fuel will flow annually as long as the base is in existence here. He added that two massive storage tanks will be built and local people will be hired for the operation.

The fuel will be barged down from Jacksonville.

Hunt Plant Gets Ready For Boss

The huge Hunt plant out on South Sanford Ave. resounds to the clang of hammers and the hiss of welding torches as tons and tons of new food processing machinery is being installed so the plant can go into operation Jan. 18 when the big man himself comes to Sanford for the formal dedication of the installation.

On that date Mr. and Mrs. H. L. Hunt will be here for the inaugural ceremony, said Everett Biggs, plant engineer and construction boss.

The new plant is about 75 per cent complete, with the building finished and the only chores left being the final placement of machinery.

The office building, finished for some time, is located in front of the parking lot. It will house the administrative offices of the plant. The plant representative and the usual bookkeeping department, personnel manager and payroll department.

Also located there is a quality control laboratory and a mammoth scale, the platform of which is just outside the window. On this scale the huge semi-trailer trucks will drive to be weighed before depositing their loads on the produce platform at the north end of the processing plant.

Being put in place now are the necessary machines, all made by Food Machinery Corporation, Lakeland, which will process the vegetables.

The produce will be carried from the platform to the first of several cleaning apparatuses that process the food. For the leafy vegetables, like spinach, there are three washes. All are constantly inspected by workers who can spot a bad leaf or some sand and remove the offending piece before it gets to the huge blanching machines which wilt the vegetable before it is canned and ready for the cooking vats, each holding 18 cases of canned goods.

The amazing ingenuity of mankind is demonstrated in the plant by the weird looking devices that handle and process the food before the canning stage. For instance, there is a machine with a round drum that has a number of odd looking apertures in it. Held by spring force against the drum are a series of triangular shaped knives. As the drum rotates with a load of string beans, the ends of the beans work through the openings and the knives cut them off. By the time the bean is ready for the canning machines it has been cut into pre-determined lengths ranging from one half inch to an inch and a half.

The vegetables are put into the cans and seasoned, the

Three Of The Huge Boilers For Food Processing

Kennedy Tours
OMAHA, Neb. (UPI)—President Kennedy flew today to Offutt Air Force Base, headquarters of the nation's global Strategic Air Command, on the start of a swift week-end tour of atomic and missile installations.

75 Die, 700 Hospitalized By 'Killer Fog'

LONDON (UPI)—The worst night of the four-day-old "grey killer fog" brought London to a halt early today and raised fears that the sulphurous pall will claim more victims.

At least 75 persons—most of them over 60—had died in London alone since the dirt-and-smoke laden fog spilled upon the city and spread across much of England and Wales Monday night. Another 700 were hospitalized.

Officials said the air pollution was as bad or worse than during the epic "killer fog" of 1952. But it was believed the death toll this year would stop far short of 4,000 lives claimed by the smog 10 years ago.

The weather bureau said the end may be near. Today's official forecast said the fog would thin this morning and clear away altogether by afternoon.

The smog turned London into a ghost town last night. Bus drivers lost their way and then gave up entirely. London transport finally canceled all bus runs. Motorists abandoned their cars. Few taxis cruised the streets and citizens went home early and stayed there.

The fog reduced visibility to nil and trapped the few persons remaining outdoors in a cloud that damaged lungs, coated mouths and noses and made eyes smart and sting.

news... BRIEFS

Friendly Talks
MOSCOW (UPI)—Yugoslav President Tito and Premier Nikita Khrushchev today went into their third and final day of "frank and friendly" talks, with Communist China believed to be the major topic.

Adenauer To Quit
BONN, Germany (UPI)—West German Chancellor Konrad Adenauer let it be known today that he will resign from office next fall and that Economics Minister Ludwig Erhard, who is vice chancellor, probably will succeed him.

Small H-Bomb
STOCKHOLM (UPI)—A Swedish scientist who visited a secret Moscow nuclear research institute yesterday said the Russians are working on a "very small" hydrogen bomb that would have little radio active fallout.

Airliner Down
BOGOTA, Colombia (UPI)—A Colombian airliner with 24 persons aboard was reported missing Thursday in bad weather over central Colombia. So far as was known, there were no North Americans among the plane's 21 passengers and three crewmen.

Ike Hits Controls
NEW YORK (UPI)—Former President Dwight D. Eisenhower made an assault on federal bureaucracy today, saying increasing submission to government controls over all activities "is the most serious threat to our American dream."

Military Thanked
ORLANDO (UPI)—Gov. Farris Bryant expressed "deep thanks" Thursday night to the military men stationed in Florida. "We are deeply grateful for your presence, for your friendship," the governor said in a talk at the fifth annual Governor's Military Association Dinner. "You make us proud to be Americans."

Trial Adjourned
NASHVILLE, Tenn. (UPI)—The conspiracy trial of Teamsters' President James Hoffa took a mysterious turn Thursday when Federal Judge William Miller abruptly adjourned court for the week-end. The adjournment followed a three-hour-and-20-minute secret closed session requested by special Justice Department attorney James F. Neal.

Pearl Harbor Day
HONOLULU (UPI)—Hawaii and Americans paused briefly today to recall a day and a chapter in history which, in the age of intercontinental missiles, becomes dimmer in their memories with each passing year. That day was Dec. 7, 1941, when Japanese dive bombers swept over the Waianai Mountains to blast the quiet of a Sunday morning at Pearl Harbor with their bombs and propel the United States into the most devastating conflict in history.

Truce Nears
NEW DELHI (UPI)—Prime Minister Jawaharlal Nehru indicated today that India is nearing a temporary truce arrangement with Communist China but cautioned members of parliament not to regard the terms as final.

You'll Shiver Some More

Seminole County spent a shivery night as the mercury dipped to a low of 26 at Casselberry, 23.5 at Forest City, and 20.8 at the State Agricultural Experimental station on Calvary Ave.

According to Cecil Tucker, Agricultural Agent, damage to crops was minor with the exception of the beans that haven't been picked. Tucker says both the beans and the egg plant are probably lost for this year, and there "undoubtedly" was damage to young citrus.

Early frost, brought in on the season's first big cold wave, threatened the state's big winter vegetable crops in all farming districts today.

The Weather Bureau had predicted lows of 23-26 degrees in northern districts, 23-28 in central districts and 23-30 in south-central farming areas. The mercury was expected to get down to 32 near Lake Okeechobee and to 29 away from the water.

The weatherman said the cold weather would linger in the state until at least Saturday.

The cold wave moved into Florida early Thursday and sent the mercury plunging 15 to 20 degrees below normal for this time of year. The cold wave was preceded by rain showers and accompanied by winds up to 20 miles an hour.

Longwood Okays Ordinances On Firearms, Fires

The Longwood City Council passed ordinances on firearms and fires and adopted a resolution to the County Commission on Markham Rd. at Thursday night's first meeting of the month.

The first ordinance makes it unlawful to discharge guns or firearms in the town or carry concealed weapons of any type except an ordinary pocket knife. Description of unlawful weapons includes air guns, sling shots and zip guns.

The second prohibits any person or persons to leave a fire unattended without immediate and constant supervision and bans the burning of any substance which would give off obnoxious or offensive odors.

Both ordinances carry fines of not more than \$500 or a jail sentence of not more than four months, or both.

The resolution to the County Commission dealing with Markham Rd. stated that since much of the damage to that part of the road lying within the Longwood city limits resulted from traffic of heavy county and State Road Dept. equipment over the road, the city feels that repairs should be made by the county. The statement further asks that the road be repaired and put in usable condition.

Russell Bass, owner-manager of Master Door Co. of Orlando, Inc., appeared before the council asking for consideration of a zoning variance on property owned by the Atlantic Coast Line Railroad at the Molnar Ave. crossing.

Driver Is Chilled As Car Crashes
Sanford resident Albert W. Anderson, received a cold dunking in the St. John's River Thursday night when he failed to negotiate the curve leading into the Osteen Bridge and his car tore down 57 feet of railing before tumbling into the icy drink below.

The car landed in about 10 feet of water, and Anderson was able to kick his way out through a window and rise to the surface. W. W. Raynor, tender of the Osteen Bridge, heard the crash and ran out with a life preserver which he threw to the splashing Anderson. Raynor hauled the victim to shore and took him into his house to dry out.

Trooper Tommy Tomlinson, who investigated the accident, said Anderson received only minor cuts in addition to the soaking. The car was a total loss, and Anderson was charged with reckless driving.

26 Bands To Fill Stadium With Music, March
Sanford's Memorial Stadium will rival the set of "The Music Man" Saturday night as more than 76 trombones catch the evening light, with more than 110 cornets close at hand.

They'll be "followed by rows and rows of the finest virtuosi, the cream of Central Florida Bands."

The scene will not be a movie set, however. It will be the mass concert to be played by 26 leading high school bands, following the Florida Bandmasters District Five March Drill Contest being held here beginning at 7 p.m.

Prior to the concert, the 26 bands will display precision drills and march in review before the five judges. The unusual feature of the event is the fact that this will be the first time that the drill has been held in the fall of the year, and Sanford was chosen for the precedent-setting contest.

Bandmaster Ernest Cowley of Seminole High School is the contest director, assisted by Peter Bukur, bandmaster of the Sanford Junior High School.

Some of the bands to be seen here Saturday have performed in nationally televised events such as the Rose Bowl parade, Cherry Blossom Festival, Macy's parade in New York and half-time shows of professional football games.

Tickets will be on sale at the stadium boxoffice.

County Realtors Install Monday
Seminole County Board of Realtors will install 1963 officers at a dinner meeting at the Riksha Inn Monday at 6:30 p. m.

James O. Buck, Jacksonville, state president of Florida Assn. of Realtors, will install Chas. F. Field, president; A. R. Lormann, vice-president; Elizabeth C. Kuhn, secretary; treasurer; Mrs. Gladys Brown and Everett A. Harper, directors.

Field will outline board objectives for the new year and announce chairmen for the various board committees.

Retiring President Byron Kimball will report on activities of the board during the past year.

Rescuers Seek 36 Trapped In Mine
CARMICHAELS, Pa. (UPI)—Heavy rescue workers battled against time today in an effort to reach 36 men trapped 680 feet below the earth's surface by an explosion in the Frosty Run shaft of a U. S. Steel Corp. coal mine.

Rescuers pushed to within 5,500 feet of an area where the men were believed trapped. At that point, progress was halted as a horizontal shaft was sealed off to permit further advances.

Next Question: Soviet Troops?
WASHINGTON (UPI)—With Soviet offensive missiles and bombers apparently out of Cuba, the United States is now expected to question Russia on its several thousand troops still on the island.

The Pentagon announced Thursday that Russian ships carrying 42 IL-28 jet bombers—the total number the Russians said were in Cuba—had been sighted off the Cuban coast. The announcement came on the 20th day after Soviet Premier Nikita Khrushchev promised to get the bombers out within 30 days.

With the removal of the missiles and bombers Russia is expected to claim that it has lived up to its part of the bargain and to demand the United States give formal assurances against an invasion of Cuba.

But U. S. officials maintain that Khrushchev has still not carried out all pledges of his exchange of letters with President Kennedy. There has been no agreement for United Nations verification of the removal of weapons or assurances against their reentry which

the letters called for.

Though Soviet military personnel were never included in Kennedy's list of "offensive" military forces in Cuba, the administration apparently plans to raise the issue with Russia of their continued presence there.

Estimates of the number of Soviet military personnel which entered Cuba during the offensive weapons buildup run as high as 13,000. These include missile technicians and laborers, for the Russians allowed the Cubans to do none of the work on construction of missile sites—not even ditch-digging.
