"We have just visited seven foreign countries and we made the trip via a famous American liner . . . the E.X.T. Homemakers. It is owned by the Seminole County Agricultural Service and is commanded by Miss Wilson.

The crew members of the county council and passengers are members of the eight clubs making up the council.

"It is always the duty of the commander to see that the crew is well trained and advised and informed of its duties aboard ship at all times. The crew must see that the ship is always on course and operating smoothly. It also must see that every passenger is made comfortable during the entire trip. Passengers, in turn, are at ease and ready to cooperate with the crew.

"So it is with the Homemakers council. We, the crew, do our duty by receiving instructions taught by our commander and then see that you, the passengers, are trained and informed so as to be future crew leaders of tomorrow's Homemakers.

"Therefore, as you can see, the E.X.T. Homemakers ship will always be the smoothest sailing ship, even on the roughest waters, and with our commander we will keep the smoothest and calmest waters of the world.

"Thank you again for attending our winner and installation service and we hope this will not be your last visit with us. Our classrooms (club) always have a welcome mat at the door," Mrs. Johnson said in conclusion.

Miss Lucy Willis And James Magill United In Impressive Church Rites

Miss Lucy Elizabeth Willis, daughter of Mr. and Mrs. G. M. Willis, of Sanford, and James G. Magill, son of Mr. and Mrs. Paul A. Magill, of Altona, Pa., were united in holy matrimony Nov. 28 at 10 p.m. at Pinecrest Assembly of God.

Rev. H. M. Wilder was the officiating clergyman at the impressive candlelight, double ring ceremony.

The couple exchanged their vows under an arched canopy adorned with greenery and white carnations before the altar accented with a profusion of potted palms, standing branched candelabra and pedestal baskets of white glads and mums.

White candles embedded in ferns centered each window and white satin bows identified the pews.

Bonnie Sugale played the pre-wedding recital and appropriate nuptial hymns and accompanied soloist, Jerry Fugate, who sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was radiant in a formal gown of bridal white peas de sole designed by her sister, Annie Ruth Carroll. The bell-shaped skirt and fitted bodice were embellished with Alconet lace motifs and seed pearls. The tapered sleeves formed a cascade at her wrists with the back of the skirt terminating in a full sweeping chapel train.

Her fingertip veil of imported French illusion fell from a diadem of white peas de sole petals accented with seed pearl loops. She carried a white Prayer Book centered in a white Calligra orchid in a mistletoe wreath adorned with dainty white satin streamers. Her only jewelry was a single strand of pearls, a gift from the groom.

Medical News

MCQOY AIR FORCE BASE—Having a drink just before or during a high altitude jet flight could be hazardous, if there was sudden decompression of the plane's cabin. This is the report of Air Force investigators, Capt. J. L. Nettles and Robert N. Olson.

Using 10 volunteers in altitude chamber tests, they found that minutes of unconsciousness were reduced 38 per cent after the consumption of the alcoholic equivalent of one martini. Because those minutes could be vital in obtaining supplementary oxygen or in other emergency procedures, they conclude that "this factor should be considered in the use of alcohol prior to, or during flight."

One by one, lethal and debilitating diseases yield to medical science, but the common cold carries on. A new clue—albeit a slim one—tested on only four persons—is reported in the British medical journal, "The Lancet," by four researchers from Bombay, India.

They write: "We suggest that man to some extent owes his common cold to the consumption of common salt. A virus has long been incriminated as the causal agent; but it could be just a passenger on the common cold virus and two children with recurrent common cold have obtained complete and sustained relief for the past 6-14 months by taking a salt-free diet. In children a common cold can be induced at will by administering a salted diet."

Decor Briefs

Add a decorator's touch to your Christmas tree—use fresh red carnations with stems in water tubes, in a glamorous tree ornament.

If you're having a buffet dinner during the holiday season, highlight the table setting with a pair of miniature Christmas trees fashioned of green boxwood and trimmed with golden garland roses and glistening gold-colored baubles.

Stand Christmas cards of the same height around a bowl of fresh flowers for a gay and informal centerpiece at breakfast Christmas Day.

Here's how you can add "cheer" to the punch table this holiday season. Circle the small round or square table, covered with red or gold-colored tablecloth, with variegated holly. Place a sprig of holly and a white carnation in four or five of the cups that surround the punchbowl.

Apple toddy is a warming fruit course for breakfast on cold mornings. Combine 1/4 quart of apple juice with 1/4 cup of dark brown sugar and 1/4 lemon, thinly sliced. Bring to full rolling boil, then simmer 8 minutes. Serve warm to 4 or 6 persons.

Scenic Cruise Delights BPW Club, Guests

Members of the Sanford Business and Professional Women's Club turned sailors recently and boarded the "Sunrise Tomorrow" with Captain Gordon Britton at the helm. The weather cooperated beautifully and under cloudy skies with only seven drops of rain (individually counted by the crew) the Sunrise Tomorrow, a 16-foot cabin cruiser, glided north.

Anchoring in a wide bend in the St. Johns later in the afternoon, the enthusiastic crew enjoyed the numerous salads, fried chicken, meat loaves, baked beans, sandwiches, pie and numerous cakes that couldn't be resisted—for example—Margaret Dismond's double Dutch chocolate; Myrtle Gradick's lemon pound cake; Ruth Cummins' applesauce-spice and Arolyn True's mouth watering Colaris loaded marmalade brownies.

The safety patrol of Volusia County checked for the proper number of life preservers on the return trip. Maybe the cruiser was riding a little low due to the weight.

Passengers enjoying the delectable voyage were Captain E. G. Britton, first mate Jeanne Britton and crew members: Arolyn True, Ruth Cummins, E. F. Margaret, Sharon and Julia Goss, Elaine and Bernice Gradick, John and Annette LaRosa, R. W. and Betty Brantow, Joe Carter, Marguerite Graham, Polly Jones, Eugenia Humley, Oscar and Helen Pearson and Margaret P. Dismond.

Velvet Steals Yule Scene

Velvet has no rival for elegance. The moment you slip into it you feel queenly. But at one time it did have its drawbacks. It showed every spot and abraded up whenever you sat down. Now those disadvantages are gone and you can wear half-hour session of a new nap, brush upward lightly when dry.

Because of these new built-in qualities velvet is now a favorite for all late-day fashions.

For formal occasions it is a bare-shoulder silhouette, the tunic with a satin undergarment and gowns wrapped in satiny folds or fluid stoles.

Short velvet disco dresses are romantic and full of dance-appeal. And for the cocktail hour the velvet Chanel-type suit teamed with a rolled-cord satin blouse can't be topped.

The modern, easy-care boulevards velvet: keep pace with the times. There's a heaping dose of practicality hidden in their deceptive beauty.

Beauty Briefs

Most women have dry skin around their eyes. Avoid dry, papery eyelids by gently smoothing a moisturizer or lotion around the eyes before applying make-up. Use an eye cream when retiring at night.

Some women insist on wearing every bracelet they own. A moment's thought about their clanking, jangling costume jewelry may encourage some to cut down on the number. Too many can add to your discomfort if your nerves are jumpy.

Take the weight off your feet and legs with a busy day. Sit for a few minutes with your feet up, either on a stool or table padded to your chair. This also is good to relieve ankles swollen from water in the system.

Mikler, Gray Top All-County Grid Team

The Sanford Herald
Page 10 — Dec. 9, 1965

Metts Is Coach Of Year

By Sam Stanley
Herald Sports Editor
Oviedo's flashy halfback Billy Mikler and Seminole's gloe-fingered end Mike Gray head the Sanford Herald's first annual All-Seminole County High School football team.

Mikler, the county's leading rusher and scorer, is the county's Back of the Year and Gray, the leading line backer and defensive end, is the county's Lineman of the Year.

Seminole High Coach Buck Metts, whose Fighting Seminoles had a regular season record of 7-3 and barely missed the Class A playoff berth despite playing mostly Class AA schools, is the Seminole County coach of the year.

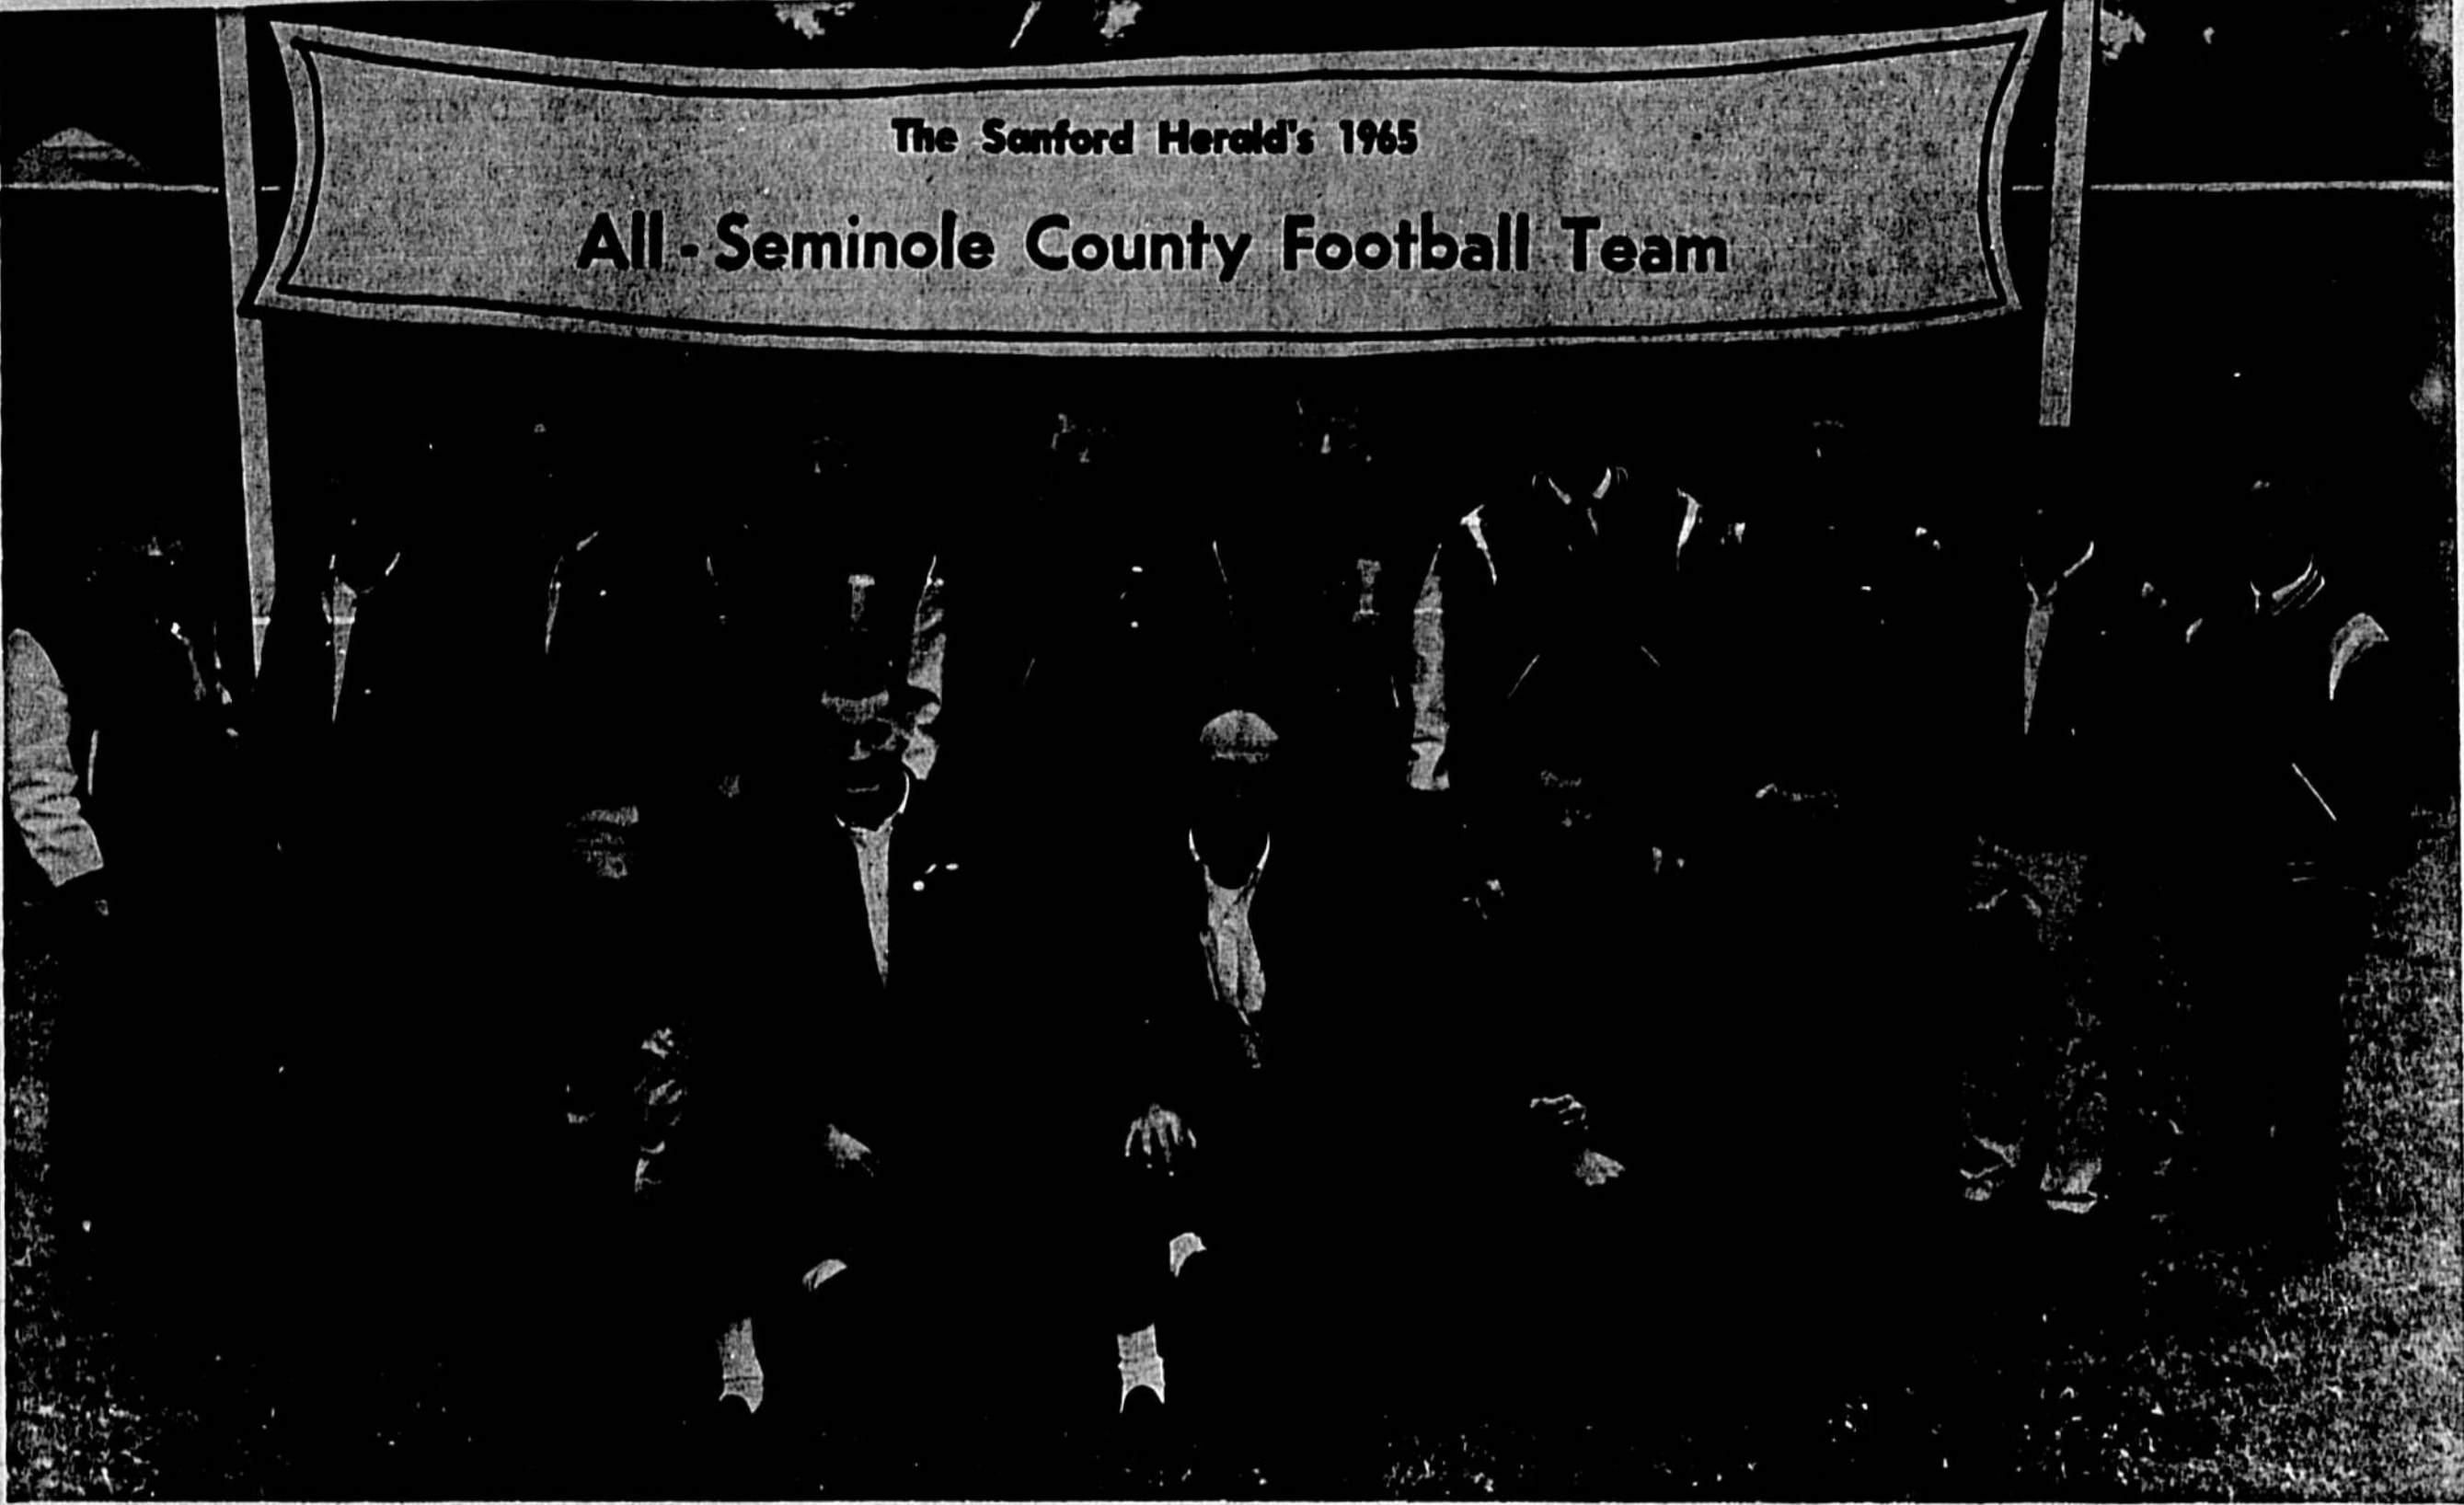

There are 13 members on the first team because of a tie for the other halfback spot opposite Mikler and 13 were placed on the second due to unbreakable draws at center and guard.

On the first team are ends Gray and Danny Overton of Lyman, tackle Leonard Davis of Crooms and Andy Mikler of Oviedo, guards Steve Harris of Seminole and Jody Toole of Lyman, quarterback Frank Whigham of Seminole, halfback Mikler, Larry Baker of Lyman and Paul Lambert of Crooms and fullback Sonny Messer of Seminole.

On the second team are ends Vernell Elley of Crooms and Vernell Elley of Crooms, tackle Jay Stokes of Seminole and Ernest Neal of Seminole and Paul Lambert of Crooms, guards Jim Dawsey of Oviedo and Tom Fletcher of Lyman, center Ron Green of Crooms and Eddie Hill of Oviedo, halfbacks James Crooms of Crooms, halfbacks Terry Nichols of Seminole and Paul Lambert of Crooms and fullback Hank Tulp of Oviedo.

The first team line averages 178 pounds per man and the backfield averages 159 pounds. The second team has a line averaging 178 pounds and a backfield of 159 pounds.

Eight seniors make up the first team with Overton, Davis, Ake and Whigham the only juniors. Elley, Stokes, Fletcher, Hill, Green, Lambert and Tulp head a junior-dominated team.

HERE'S THE SANFORD HERALD'S First Annual All-Seminole County high school football team standing together as one unit in their school award jackets. On one knee in front (left to right) Seminole end Mike Gray (lineman of the year), Seminole Coach Buck Metts (coach of the year) and Oviedo halfback Billy Mikler (back of the year). The rest of the first team, standing behind, are (left to right): Lyman halfback Larry Baker, Seminole guard Steve Harris, Seminole fullback Sonny Messer, Lyman end Danny Overton, Seminole quarterback Frank Whigham, Lyman guard Jody Toole, Crooms tackle Leonard Davis, Oviedo tackle Andy Mikler, Oviedo center John Arie, Crooms halfback Pearlman Brinson. (Herald Photo by Bill Vincent, Jr.)

13 Selected For Second Team

STERL WEBER .. Seminole End
VERNELLE ELLEY .. Crooms End
JAY STOKES .. Seminole Tackle
ERNEST NEAL .. Crooms Tackle
JIM DAWSEY .. Oviedo Guard
JON LUKAS .. Oviedo Guard
TOM FLETCHER .. Lyman Guard
EDDIE HILL .. Crooms Center
RON GREEN .. Lyman Center
JAMES GUNN .. Crooms Back
TERRY NICHOLS .. Seminole Back
PAUL LAMBERT .. Lyman Back

Quarterback Whigham, next to Mikler, was probably the outstanding back in the county and maybe the best in the State Conference. The slight junior field general was second to Mikler in rushing with over 600 yards and a first in passing with over 1,000 yards, including 10 touchdowns. He also scored five touchdowns. Whigham was the Seminole leading passer with seven touchdowns and second leading passer with 1,000 yards and 10 touchdowns. He was also a first team player on the Seminole County team.

Andy Mikler was also the most offensive and defensive player on Oviedo. Called the "most improved player on the team," by Coach Spotts, Mikler worked off 30 pounds over the summer to be ready for the campaign.

Seminole guard Steve Harris was the defensive leader on a team that blanked six opponents. Harris, a 180-pounder, had a real knack at being at the right spot at the right time in his linebacker role and also played good offensive ball for Seminole High.

Jody Toole was the most aggressive linebacker for the Crooms. He handled six opponents. "They handle six," said Coach Spotts, "but they handle six." He was also a first team player on the Crooms County team.

Ake had a big job at Oviedo. Without much experience, he nailed down the center position and then when fellow linebacker Mike Gray was injured early in the season, Ake had to take over the defensive leadership duties. Arie will be a most welcome sight for Coach Spotts in next year's forward wall at Oviedo.

All the All-County selections, first and second team, will receive handsome opportunities suitable for training and the back, lineman and coach of the year will all be awarded plaques by the Herald.

Seminole Face Opener With Rash Of Injuries

By Sam Stanley
Herald Sports Editor
Basketball begins Friday night for Seminole High School and already Coach Mack Blythe's squad seems to be riddled with more injuries than the football team suffered in its entire season.

Of the 12 men on the varsity roster, as many as five may be sidelined or held to limited action when the Fighting Seminoles open the year at Tusculum Friday night.

"We do some things well," Blythe continued. "We're aggressive on defense and a lot quicker than last year." Blythe doesn't consider the team taller than last year when the Seminoles won but four games, with letterman Nicholas and Gray still the tallest at 6-4. But those two were mostly bench warmers when the season started last year. "Bryant has really been looking good for a sophomore," Blythe pointed out. "We put him in the lineup because some of our veterans were injured, and he may be hard to push out now. Bryant goes to the board well, is aggressive and covers the biggest area on our press."

13 Cagers Make Up Seminole JV Squad

By J. Richards
Herald Sports Editor
Seminole High's Junior Varsity basketball squad will open its season Friday night at Titusville JV coach Dave Owens, a first year teacher and coach, expressed his pleasure and some surprise over the improvement of his charges over the past few weeks as he put the boys through a rigorous regimen designed to build an offense to break an expected tough Terrier defense.

OPENING THE SEASON Friday night will be these Seminole High School basketball players. Front row (left to right): Frank Whigham, Bernie Barbour, Larry Hodges, Buddy Stumpf and Lamar Oxford; second row—Tommy Bryan, Larry Shaw, Don Nicholas, Leroy Dunn and Mike Long. Paul LeRoy and Mike Gray are not pictured and Stumpf will not be able to play until January.

Dear Abby:

DEAR ABBY: You have certainly saved me a lot of trouble. Ever since Debbie, my 15-year-old daughter read in your column that you personally had gone to see a doctor...

There's something wrong with YOU, if you can't see what I'm writing with HIM. He is old enough to know WHY the parents of a 15-year-old girl do not want her going with a 25-year-old man...

By Abigail Van Buren

DEAR ABBY: I am 15 but am very mature for my age. I am going with a real cool guy. He is 25. He is 15 years older than I am. I told my parents they were only 18 because if they knew how old he was they'd never let me go out with him...

Muriel Lawrence

Horoscope Forecast

FRIDAY, DEC. 18, 1965

GENERAL TENDENCIES: Although there is a sinister influence lurking in the air, you take your risks or chances, nevertheless you can accomplish much by making a well-rounded course of action under which to operate in the days ahead. Seek out those able to aid you and draw up a specific course that can benefit everyone concerned.

ARIES (March 21 to April 19): Close ties at home will let you see that more harmony can be achieved. Listen carefully without being impatient, and follow lead. Think carefully also to big projects.

Taurus (April 20 to May 20): Contact those who can help you get projects operating successfully, by the fastest and easiest means possible. Come to most feasible decisions.

GEMINI (May 21 to June 21): Many practical things have to be handled, so use your energy and pay attention to details. Get them behind you in record time. Be very practical and independent.

CANCER (June 22 to July 22): Getting down to most vital matters and in touch with those able to make them workable in the now. Make clever plans. This will help you to advance very quickly.

LEO (July 23 to Aug. 21): You go about quietly and do whatever will let you increase your income. You are apt to be too worrisome — stop it! Use your initiative and get the best solution.

SAGITTARIUS (Nov. 22 to Dec. 21): Do not seem to pay your bills without further procrastination, since there are many opportunities just about to slip from your hands. Study them well. Precedence counts.

CAPRICORN (Dec. 22 to Jan. 19): Concentrate on what ever must be done in order to have a better understanding with everyone you come in contact with. A pal may be very disappointing. Associates can be counted on.

PISCES (Feb. 19 to March 20): This can be a very happy time for you. If you put aside worries, whether real or imagined. Smile more. Get into those new hobbies that you have been studying for some time.

IF YOU'VE BEEN BORN TODAY: Be or she will have such a delightful personality that others will quickly do almost anything for your charming company. Be sure early there is less hypersensitivity projected, otherwise very little will be accomplished in what could be a most productive life. Working and dealing with the public in general is the best outlet here, whether on the stage, in school, writing, etc. Teach to work early. "The stars impel, they do not compel." What you do with your life is largely up to YOU!
