

### 80 Colored Vets Attend Institute In Basic Subjects

More than 80 colored veterans are now attending the Seminole County Institute at Crooms Academy to complete their education in basic academic subjects, and to learn typing, it was announced yesterday by Norman R. Wood, terminal contact representative of the Veterans Administration.

Mr. Wood visits Sanford every Thursday and may be contacted by veterans between the hours of 9:00 A.M. and 4:00 P.M. in the Sheriff's office at the Court House.

Terminating the educational program for colored veterans here is outstanding in the state, he said that the fine showing of the program is due to the direct supervision of Supt. T. W. Lawton, and the fine co-operation of Commander Walter Holly of the Colored Legion Post.

"Mr. Lawton has gone out of his way to see that this school is one of the best of its kind in the state," said Mr. Wood.

The school, which is financed by the Veterans Administration, is now operating for the second year. The full time day school started July 6 and will continue until Oct. 5. The night school which started at the same time will end for the term on Nov. 23. Another term will probably be started at the beginning of the year, Mr. Wood revealed.

Basic education in the three R's is concentrated upon. Reading and writing is necessary for many kinds of manual work such as carpentering which requires the reading of blue prints, he pointed out.

Prof. J. N. Crooms, principal of the Crooms Academy, is assisting in the teaching. The other instructors are Edna Burton and Herman L. Refoe. All of these teachers, Supt. Lawton said, are college graduates and have Florida teachers' certificates. Six more typewriters were recently secured in addition to six formerly in use.

During the initial term, 75 colored veterans signed up at various times and of these 41 graduated. The balance, who entered late, are taking the present course.

Plans for night classes for white veterans at Seminole County schools will be announced in mid-Fall, according to Mr. Wood.

Many sick veterans are applying for out-patient treatment, and a few are seeking hospitalization, he revealed.

Communism that took place in Prague during the Sokol Festival. Well, we were right there. We were on the cut-throat and even though not understanding Czech we recognized Truman's name in one of their cheers. That one was not heard by the reporter who covered the situation for our papers because I've watched for mention of it but have not seen it yet.

"There were many cheers for America and Americans and most we heard were for Benes and Masaryk. It was quite a moving spectacle and we knew we were in the center of something very big internationally. We saw Gottwald, the Communist president, on his reviewing stand and he was almost completely ignored. Not one cheer for him did we hear. The demonstration ended shortly after lunch and the Czech people with whom we talked told us definitely that the felt Gottwald had prematurely halted the parade because ordinarily in other years it went on for many more hours. They felt that he had called it off because of the way it was going. "Everyone is afraid to invite the suspicion of the Communists because people are losing their jobs and being jailed right down a systematic list. They are rather desperate about the whole thing and when we say, "Why don't you do something," they come back with "Like what?"

Reporting on those who had voted "No" against the present communistic regime she wrote: "There was someone watching and all those who turned in the "No" ballots were listed by name. We were told that they are still going down that list of names gathered from the election that took place four months ago and all those listed have already served or are going to serve a prison sentence.

Trying to get back to Frankfurt, it looked as though the Czech baggage inspection would cause the girls to miss their plane. Wrote Miss Temple, "Three American Pan-Am pilots who had flown the plane in passed us, knowing one of them said, 'O.K., but hurry and that she was waiting only for the pilots, I turned around and said (a little desperately I think) Oh wait for us PLEASE.

They looked us over, saw that we were Americans, grinned and one of them said, 'O.K., but hurry up.' Sure enough, when we raced out to the plane she was waiting to take off, the pilots were standing alongside just waiting for us and they climbed aboard with

a bang of the door after we tumbled ourselves in. We had kept Pan American lines waiting.

"You can't imagine our sense of importance in having that huge plane go through all that maneuvering to land and discharge us three at Frankfurt. No one else disembarked there nor did anyone get on at Frankfurt."

She described the trip to Prague as by far the most exciting, adventurous trip I've ever taken in her life, bar none. "We felt as though we are in the middle of a movie thriller the whole length of the trip," she stated. She revealed how the girls joked about the possibility of being trailed by communist secret agents. "We wouldn't admit out loud or otherwise that we were the least bit nervous but we did manage through a lot of pretense about games to get our door at the hotel well barricaded!"

### Red Scientists

contrasting characteristics of hybrids through a series of generations and found that the characteristics appear in a definite mathematical ratio which can be predicted accurately. This is called Mendel's Law).

Lysenko demanded at the time that all the energy of Soviet biological researchers and plant breeders be devoted to research along the lines of the theory of acquired characteristics which he, himself, embraced.

The academy's letter to Stalin said the Prime Minister was responsible for the best attainments of Soviet science.

"The expanded session of the presidium of the Academy of Sciences of the U.S.S.R., dedicated to consideration of the state and problems of biological sciences in the Academy of Sciences, turns to you, our beloved leader and teacher, with heart felt Bolshevik greetings and gratitude for the attention and assistance which you, every day, are giving to Soviet scientists," it said.

"Soviet science is obliged to you for its best attainments. You always directed the development of science in the interests of the people. You always helped and now help us conquer teachings reactionary and inimical to the people and have advanced Soviet science from the danger of separation from the people."

(Chambers) bought the farm himself but did not believe His knew about the purchase. At the time, Stripling said, His knew Chambers as Carl, according to Chambers.

The committee also questioned five other witnesses secretly today in an effort to trace the automobile sold by His in 1936. This car, an old Ford, was said by Chambers to have been intended for some other Communist worker when His disposed of it.

The witnesses were Leon Cherner, Henry Cherner, Floyd Cherner, Samuel M. Bialek, and Robert Bialek, all of Washington.

Rep. McDowell (R-Pa) said "we got practically nothing out of them."

The committee members hope by tracing the car to get some help in determining who lied when His and Chambers told contradictory stories about their past relationship.

The Baltimore News-Post said it had discovered a "Jay Chambers" bought a run-down farm near Westminster, Md. called near His and his wife earlier had purchased and abandoned.

The News-Post printed photostatic copies of sale agreements signed by Alger and Priscilla His and "Eather Chambers per Jay Chambers."

The His contract was dated Apr. 13, 1936, and the Chambers contract Mar. 12, 1937.

The News-Post said it obtained them from Edward W. Case, a Westminster real estate dealer, along with a May 28, 1936, letter signed by His saying he was no longer interested in the "Shirley place."

The owner of the place died after the first sale contract and a Westminister real estate dealer of the deal. The estate asked more than the \$750 which His had agreed to pay and His advised he wished to terminate the negotiations.

The News-Post said Mrs. His first wrote to Westminister on Nov. 5, 1935, inquiring about a real estate ad in a Baltimore newspaper.

Case told the News-Post he got a letter from "J. W. Chambers" on Feb. 3, 1936, asking if he had a small piece of rural property for between \$600 and \$750. The letter gave no address for Chambers but asked that a reply be sent to a New York attorney.

About the same time, Case said, His said \$20 down and on Apr. 13 paid another \$100.

On Feb. 27, 1937, Case had a letter from Chambers saying he

was coming to look at some properties. A man showed up on Mar. 12 and was escorted to the Shirley place by Case and Calvin Zapp, an antique dealer. He made a \$40 deposit.

"It was one of the oddest deals I've ever had," the News-Post quoted Case.

"The house was run down. It was five miles off a paved road. "Yet, here were two important men, both apparently anxious to buy it."

### Reds Invade

ports that shops in the vicinity of city hall were being closed to get results.

The demonstration broke up after an hour and a half.

Ferdinand Friedensburg, the city's acting mayor—a Christian Democrat, later charged that Soviet-controlled German police not only refused to "but actually backed the demonstrators."

He said the demonstrators had been let into city hall by the back door, which was opened, he said, by a member of the Communist-dominated Socialist Unity Party (SED) after the front door had been locked and the key hidden.

He said a Soviet army major demanded that he be let out by the front door after it was locked. This, the mayor said, apparently was to let demonstrators in.

"It is now questionable whether the city parliament will stay here under a situation where the police refuse to grant it protection against the constant danger of being disturbed by a small minority pressure group," Friedensburg continued.

He added, however, that the city government's administrative offices would stay in city hall no matter what the council itself does.

"We will stay as long as possible," he added.

There may be a decision later today about a future meeting place for the council. There have been suggestions that it move into the American zone under the protection of the western half of the Berlin police force.

That probably would mean a Communist tilt on city officials left in the Soviet zone. The Russians already have arrested the head of the coal distribution section of the city administration.

Western Allied liaison officers at the city hall said non-Communist Maj. General Alexander Kotikov, a demand that he say whether he will provide police protection to insure an orderly

## Army Requests 10,000 Men In November Call

### Navy And Air Force Do Not Expect To Need Draftees During Fiscal Year

WASHINGTON, Aug. 30—(AP)—The Army today asked for 10,000 draftees for induction sometime during November.

The new peacetime draft call went to the Selective Service System from the Munitions Board.

All of the inductees will be taken into the Army since no request was made for men by the Navy or the Air Force.

The announcement made by Secretary of Defense Forrestal said that the Navy and the Air Force do not expect to need any draftees during the fiscal year (July, 1948—through June, 1949).

Announcement of the first draft call was made public also in St. Louis by Army Chief of Staff General Omar Bradley.

All draft calls made by the military departments for manpower are being funneled through the Munitions Board.

The call for 10,000 Army inductees will be broken down into state quotas by Selective Service national headquarters and transmitted to state headquarters which in turn will give the various local boards their quotas.

News of the first call came as men 19 through 25 years of age began registering.

Calls for induction will be made in the order of birthdates beginning with the oldest men.

Each state and territory is given credit for persons already in the military service in setting up the quotas of men to be inducted.

The military departments are now preparing these figures, but in the meantime the Selective Service will estimate the number.

## Registration For Selective Service Is Light In County

Registration for peace time selective service between the ages of 18 and 25 years of age was light this morning. Only a few more than 30 had been registered at Seminole High School up till noon. The estimated total of registrants in Seminole County is 2,100.

In order to complete the registration as soon as possible, all men in the age group are requested by E. C. Harper, Selective Service Board chairman, to register as quickly as they can, regardless of what age group they belong to. In Seminole County, he explained, it is not necessary to register according to age with 18 year olds first.

Teachers in various schools were co-operating this morning in recording the registrants. On duty at Seminole High School were Mrs. W. E. Wray, Mrs. F. J. Lynch, Miss Ethel Riser, Mrs. M. B. Smith and Miss Laura Chittenden.

Registration at the Sanford Grammar School this morning was 15, according to E. C. Stoebe, Principal. R. E. True at the Junior High School also reported 15. The West Side Primary had three and South Side Primary had one this morning. At the latter school teachers were instructed in recording procedure by E. B. Carter, selective service clerk.

Lines of men were reported at the Oviedo School. Crowds of colored students had light registration with 25 reported up to noon.

Any youth who will be 18 years of age by Sept. 18 may register. Applications may be made at any school this week between 8:00 A. M. and 8:00 P. M.

## Draft Registration Schedule Is Announced

WASHINGTON, Aug. 30, (AP)—Here is the lineup for the draft registration of men 18 through 25:

Born in 1923 after Aug. 30 register today.

Born in 1923 register Tuesday and Friday.

Born in 1924 register Thursday or Sept. 7.

Born in 1924 register Sept. 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1948.

Those not 18 by Sept. 19 register on 18th birthday or within five days.

## Sanford Youngsters Enjoy Mayfair Pool

Generosity of the New York Giants and Mayfair Inn Manager Charles Marion in making the Mayfair Inn swimming pool available for children during afternoon periods has resulted in many Sanford children turning out daily under direction of the City Recreation Program officials. More than 60 of the young people are shown in the picture, and on some days more than 100 turn out, according to Fred Ganas, recreation director, Miss Barbara Dampier and Mrs. P. M. Gingles are serving as life-guards. The young people's program at the pool will continue until Oct. 31. The artesian well water in the pool is chlorinated as a protection against fungus and other diseases. Shower and dressing room facilities are provided. In the foreground is the wading pool for small children.

## Raymond Ball, Jr. Tells Rotarians Of Iranian Nation

### Finds United States Best Of All Countries He Has Visited

Raymond Ball, Jr., communications adviser to the Civil Aeronautics Division of the Iranian government, told the Rotarians today that of all the countries he has visited during the past five years, the one he likes best of all is the United States of America. And he was supported in this by his Iranian born wife, a native of Tabriz, who said that everybody appreciates the United States and that "it is the best place to be."

Mr. Ball said that Iran is a large country about the size of the eastern half of the United States. It is a mountainous country with the highest ranges reaching to 18,600 feet, and an average altitude of some 4,000 feet. In the south is a large desert country where it gets extremely hot and where a temperature of 193 degrees was once recorded.

The principal industry of the country is agriculture, he said.

## Judge Adams Honored At Masons Meeting

Judge Hal W. Adams, Grand Master of the Masons of Florida, was honored Friday night at a district meeting held at the Masonic Temple and attended by 325 Masons when he was presented with a plaque by C. L. West, Master of the Oviedo Lodge, as a memento of the 15th District. It was reported by Roy Wright, secretary of the local lodge.

Judge Adams expressed appreciation for the gift and urged all Masons to continue to uphold the traditions of the fraternity. He remarked that 40,000 Masons are numbered in the 325 Florida lodges. Prior to the meeting a chicken picnic supper was served.

The Rev. E. D. Bowers, a Past Master of the Sanford Lodge, gave an address of welcome to which B. W. Connor, a member of the Board of Trustees of the Masonic Home in St. Petersburg responded.

Sanford Lodge No. 68, P and AM was host to Executive Lodge members from Aspinwall, DeLand, Orlando, Bartowville, Kissimmee, Winter Garden, St. Cloud, Winter Park and Oviedo. Several scores by Dick Allen were applauded.

## Nation's Educational Faults Are Aired By Gen. Bradley At VFW Meet

ST. LOUIS, Aug. 30 (AP)—Teaching of "two-way democracy has been neglected by American education, General Omar N. Bradley said today.

"Despite the opportunities for free education in these United States, too many young men come into the Army appallingly ill-informed on the issues and crises that warrant their service," the Army Chief of Staff said.

## J.C. Newsome Shot In Leg By Mrs. Escar Price

J. C. Newsome, 22, was shot through the fleshy part of the leg Friday evening as he approached the automobile of his mother-in-law, Mrs. Escar Price, who at the time, was hiding in an orange tree awaiting the possible coming of an intruder who had previously damaged her new Kaiser automobile. It was reported today by Police Chief Roy W. Williams.

The incident happened shortly after 9:00 P. M. at 1111 Celery Avenue where Mrs. Price was visiting Mrs. Evelyn McLeod. The car was parked in the back yard near the garage. On Aug. 13, Mrs. Price reported to police that the tires of her car had been cut while parked in the same place. On Aug. 24, while she was visiting Mrs. McLeod, acid was thrown on the automobile ruining the finish, and with damage resulting estimated at \$200 for which insurance could not be collected. Chief Williams reported.

Mrs. Price reported to Chief Williams that the "intruder" came up to the car from the back entrance.

## APARTMENT BOUGHT

A. B. Taylor of Winter Garden recently purchased from G. H. Carlton a frame apartment house at Fourth Street and Palmetto Avenue. The building, which contains four apartments was sold for \$11,000. W. R. Williams, realtor, handled the transaction.

## KIWANIS PROGRAM

The Orlando Kiwanis Club will supply the program to be given at the Kiwanis meeting Wednesday noon at the Tourist Center. Earl Higginbotham, chairman of the Inter-Club Relations Committee, announced today.

## Welcomed Breezes Bring Relief For Nation's Heat Belt

CHICAGO, Aug. 30—(AP)—Cool air from Canada fanned out over parts of the nation's heat belt today and brought some relief to sweltering millions.

The welcome breezes, after more than a week of 90 to even 100 degree temperatures, will be only a temporary break in the late August heat wave.

Many parts of the hot zone—extending from the Rockies to the eastern seaboard—will not get lower temperatures, the federal Weather Bureau said. The mass of cool air started moving across the northeastern half of the country yesterday. The mercury dropped in parts of Wisconsin, Minnesota and Michigan. Rain fell in widely scattered areas bringing further relief.

Lower temperatures were in prospect today for most of the country.

## DUSTY BOOTS

The Dusty Boots Riding Association will meet Thursday evening at 8:00 o'clock, and all members are urged to be present in order to discuss final plans for Labor Day.

Two of the feminine members got busy last Thursday and removed a partition in the club house in order that the building might be enlarged for the dance to be given Labor Day evening. Working with crew bar, hammers and other tools, Miss Betty Prescott and Mrs. Herman Harriett removed the supports and partition in an even two hours, they reported.

## COMPLETES TRAINING

Pvt. Joseph H. Burch son of Mrs. Myrtle Burch, 619 Colery, Sanford, has successfully completed the rigid five weeks' Basic Airborne course at the Infantry School, Fort Benning, Ga., and has been awarded the official United States Army Parachute wings.

## North Carolina Batters Down To Face Hurricane

HATTERAS, N. C., Aug. 30 (AP)—North Carolinians battered down along the coast today by a big blow expected to hit tonight.

The military began moving its airplanes out of the possible path of a hurricane swirling off the east central seaboard today.

An initial 21 Naval Planes, ranging from transports to fighters, was at Hatteras, N. C., after a flight from the Naval Air Station at Chincoteague, Va.

At Norfolk, Va., orders were issued for moving about 380 Naval aircraft from the area during the day. Fifty were ordered to Norfolk, 250 to Guffins Air Force Base, Rome, N. Y.; and 60 to the Greensboro, N. C. Municipal Airport.

At Washington, 75 Navy and Marine pilots began flying planes from the Anconite, D. C. base.

## Aptitude Of Pupils Stressed By Walker

Development of the personality and aptitude of pupils were stressed by Supt. Judson Walker of Orlando in a talk to members of the Seminole Teachers' Club at its initial meeting of the Fall term at Seminole High School auditorium Friday morning. Paul Miller presided.

Modern education goes beyond the teaching of fundamentals such as the three R's and seeks to develop talents and abilities of pupils and to train them in personality traits that will insure that they will be good citizens, stated Supt. Walker.

He defined the essentials of a good school as purposeful, problem solving, happy, beautiful, character molding, health building and efficient in training pupils in creating a good community.

## Catholics Ask Reds To Respect Church

PRAGUE, Aug. 30—(AP)—The Roman Catholic Church has appealed to the Czechoslovakian government to respect promises that freedom of religious activity will not be interfered with.

The appeal was reported made in an episcopal letter issued by Mgr. Joseph Beran, archbishop of Prague. It was sent to the government and read from pulpits in the Prague diocese yesterday. Responsible church officials refused to release copies to the foreign press, however.

Persons who attended church services said the letter was an appeal to the Communist Czech government to respect its promises to the church. The letter said the church is willing to abide by the laws of the state but asked that the state in return respect the laws of the church.

Friction between the Catholic Church and the state—along the familiar lines of such friction in Communist countries—has been developing since the Reds took over the government last February.

## WATSON OKAY'S SUITS

TALLAHASSEE, Aug. 30—(AP)—Attorney General Tom Watson said today he has consented to the use of his name in quo warranto suits to dissolve the towns of Westgate and Gladesville in DeSoto County.

Under Florida law, quo warranto suits usually are brought in the name of the attorney general although he does not actually participate in the suits.

## Spy Probers Ask Contempt For J. Peters

### Rep. Nixon Says He Should Be Cited For Refusing To Answer Affiliation Questions

NEW YORK, Aug. 30 (AP)—J. Peters, a witness congressional investigator had counted on to fill gaps in their story of Red spying, refused today to tell what he knows about Communist activities. He was threatened with a charge of contempt of Congress.

Peters was called by a House Un-American Activities subcommittee after Whittaker Chambers named him as "director of an underground spy apparatus" which Chambers said operated in the Federal government.

At a hearing in the Federal building here, Chambers pointed out Peters as the man he was talking about. Peters is a native Czech who lives in New York and is also known by the name of Alexander Stevens.

Put on the witness stand, Peters said he was standing on his constitutional rights and would not answer questions about Communist activities.

Rep. Nixon (R-Calif.) declared Peters should be cited for contempt. Chairman McDowell (R-Pa.) said he agreed. Contempt is a charge subject to trial by jury. Conviction could bring a jail sentence.

While the Un-American Activities Committee was wrestling with Peters, a witness congressional investigator had counted on to fill gaps in their story of Red spying, refused today to tell what he knows about Communist activities. He was threatened with a charge of contempt of Congress.

## Ware Will Place Drivers' Licenses On Sale Sept. 7

Judge R. W. Ware, assisted by Mrs. Letha Fowler, in checking the drivers' licenses which will go on sale at the Court House on Tuesday, Sept. 7, today predicted that sales this year will approach the 11,000 mark. Last year more than 10,500 Seminole County licenses were sold.

In past years, Judge Ware will see to it that enough clerical assistance is available in issuing the licenses so that it will not be necessary to stand in line for a long period at the same time, he cautioned drivers to apply for licenses early in the month to avoid standing in line later. The licenses will be on sale in the Court House hall outside the Judge's office.

N. Kirkman, director of Public Safety, has issued the following information to motorists in connection with the licenses: "If you are a resident of Florida and hold a 1948 Florida license you may secure your 1948 license by presenting your 1948 license at your County Judge's office or other authorized license agency. If you reside outside of Florida in any of the other 47 states or the District of Columbia and hold a valid license from any of those states, you may sign an affidavit in lieu of a license and present your affidavit and your present valid license to the County Judge's office."

## Catholics Ask Reds To Respect Church

PRAGUE, Aug. 30—(AP)—The Roman Catholic Church has appealed to the Czechoslovakian government to respect promises that freedom of religious activity will not be interfered with.

The appeal was reported made in an episcopal letter issued by Mgr. Joseph Beran, archbishop of Prague. It was sent to the government and read from pulpits in the Prague diocese yesterday. Responsible church officials refused to release copies to the foreign press, however.

Persons who attended church services said the letter was an appeal to the Communist Czech government to respect its promises to the church. The letter said the church is willing to abide by the laws of the state but asked that the state in return respect the laws of the church.

Friction between the Catholic Church and the state—along the familiar lines of such friction in Communist countries—has been developing since the Reds took over the government last February.

## Jack Beall Serves With Airborne Group

WITH THE EIGHTH ARMY IN SENJAL, Japan, Aug. 30—Squad leader Jack C. Beall, now serving with the 11th Airborne Division in Senjal, Japan, has recently returned from Funaoka, Japan where he fired the M1 rifle for record. He is the son of Mrs. Beall of Benson Junction, Fla.

Pfc. Beall fired the M1 rifle at the range at Funaoka and qualified as a sharpshooter. The firing consisted of firing on the two, three and five hundred yard ranges with slow and rapid firing being used.

## SCHOOL CONSTRUCTION

QUINCY, Aug. 30—(AP)—Work will start in the next few days on \$288,784 worth of construction and improvement projects at Quincy and Chattahoochee public schools.

Contracts were awarded at a special Gadsden County School Board meeting for construction of gymnasium, band room and cafeteria at Quincy, and a gymnasium and band room at Chattahoochee.

## 12 Year Old Girl Confesses To Fires

MACOMB, Ill., Aug. 30—(AP)—Deputy State Fire Marshal John Burgard announced today a 12-year-old girl told him she had set the string of mystery fires that attacked the Charles Willey farm this month. The girl is Juanette McNeil, a niece of the Willey farm near Macomb, who had lived with the family for several years. Burgard said she told him she set all the fires, estimated to number between 100 and 200. He made no further announcement, pending a complete statement such as to her motive, from the girl.

## Greensboro, N. C. Grets Wallace With Rotten Eggs

Town Of Burlington Also Showers Candidate At Speech

GREENSBORO, N. C., Aug. 30 (AP)—A shower of rotten eggs and tomatoes greeted Henry Wallace when he arrived in Greensboro today.

An emergency squad of Greensboro police was called out when a boisterous crowd mobbed the egg and tomato at the presidential candidate. A short time earlier, Wallace had received a similar greeting at Burlington, N. C. An egg-plattered car in Greensboro, he was greeted with thunderous booms. Then came the avalanche of eggs and tomatoes. One negro was seen tossing eggs.

A patrol wagon screamed up and one man was hustled away. Wallace tried to speak but each time he tried, booms and demonstrations drowned him out.

Amid the yells from the crowd, which police estimated at more than 1,000, could be heard: "Go on back to Russia, Henry," and "We can handle our own problems, Henry."

Wallace tried for about five minutes to speak. He was trying to talk on southern resources and the South's economic structure but at one time he said, "I am sure that who will meet the real test of the South I will meet with a real welcome."

Burlington, Wallace, standing before a crowd of 2,500, had just uttered the words "I'd like to take this opportunity" when the shower of eggs and tomatoes fell about him. The crowd boomed lustily.

Surrounded by police, Wallace stepped into his waiting automobile in which two negroes sat and headed for Greensboro where he met with a similar reception.

## U.S. Disputes Custody Of Child With Reds

BERLIN, Aug. 30—(AP)—A German policeman stood guard today over a crippled orphan girl whose custody is in dispute between the United States and Russia. He said his orders are to keep the Russian away.

The girl, Helena Kuzlenko, 11, is in Catholic hospital in the American sector of Berlin. She is of Ukrainian parentage and is in need of an operation to correct a condition caused by infantile paralysis. She has been unable to walk for two years.

The Russian claim her as a Soviet national, have demanded that she be given custody of the child and have offered to provide the required surgical attention. In one attempt to take her from the hospital they were turned back.

## Legion Will Honor Baseball Juniors

The Junior League Baseball team of the American Legion will be honored tonight at a Legion supper at 8:00 o'clock at the Legion Hut and silver miniature baseballs will be given to the players in appreciation of their playing during the past season.

James Wright, Post commander, has recently been trying to locate the waste clothing baling firm that included in a bale returned an American flag, minus the blue field and stars. The Orlando firm which shipped the bale here, does not have the cloth. On Friday, Commander Wright conferred with Legion officials in Orlando in an effort to trace the firm that allowed such misuse of the flag. The Fire Department turned the flag over to the Legion.

## STEVENS TAKES LEAD

DALLAS, Tex., Aug. 30—(AP)—Former Governor Coke Stevenson jumped back into the lead over Rep. Lyndon Johnson in the U. S. Senate race by 210 votes today.

## Berlin Council Votes To Await Kremlin Talks

### Steering Committee Says Sessions Will Reopen If Reds Assure Aid Of Police

MOSCOW, Aug. 30—(AP)—The three western envoys conferred at the Kremlin about two hours today, U. S. Ambassador Walter D. Smith announced further conferences would be held. Asked if there would be a communique tonight on the results of the east-west discussions, Smith replied: "No, not tonight."

The westerners conferred with Soviet foreign Minister A. M. Molotov. The British, French and American representatives met later at the U. S. embassy. Deputy Foreign Minister Andrei Vishinsky and the head of the Kremlin.

## Ware Will Place Drivers' Licenses On Sale Sept. 7

Judge R. W. Ware, assisted by Mrs. Letha Fowler, in checking the drivers' licenses which will go on sale at the Court House on Tuesday, Sept. 7, today predicted that sales this year will approach the 11,000 mark. Last year more than 10,500 Seminole County licenses were sold.

In past years, Judge Ware will see to it that enough clerical assistance is available in issuing the licenses so that it will not be necessary to stand in line for a long period at the same time, he cautioned drivers to apply for licenses early in the month to avoid standing in line later. The licenses will be on sale in the Court House hall outside the Judge's office.

N. Kirkman, director of Public Safety, has issued the following information to motorists in connection with the licenses: "If you are a resident of Florida and hold a 1948 Florida license you may secure your 1948 license by presenting your 1948 license at your County Judge's office or other authorized license agency. If you reside outside of Florida in any of the other 47 states or the District of Columbia and hold a valid license from any of those states, you may sign an affidavit in lieu of a license and present your affidavit and your present valid license to the County Judge's office."

BIBLE VERSE TODAY

IT IS UNFORTUNATE TO STUMBLE, BUT IF WE THEN TURN ROUND AND TAKE A BETTER WAY THE STUMBLING MAY HELP US. Now 11

War is now inevitable... The World Congress of Intellectuals meeting in Poland has set up a special "international committee in defense of peace."

Our advice to young men between the ages of 18 and 25 is if you are in doubt about registering, register.

War is now inevitable... The World Congress of Intellectuals meeting in Poland has set up a special "international committee in defense of peace."

While the rest of the nation swelters in a killing heat wave, we have been enjoying the cool mountain breeze of the celery delta.

A dope fiend raided a Tampa hospital the other day and got away with \$10,000 worth of narcotics.

Henry Wallace is coming this week to bid for Southern votes. He will advocate a four billion dollar federal handout to Southern industry and agriculture.

The Russians are re-writing the laws of science to conform to their political doctrines. It is part of their philosophy of government that acquired characteristics can be inherited.

A week or so ago we suggested that if Sheriff Littlefield of Volusia county did not spend so much of his time politicking, he would have more time to devote to his official duties.

Judge Charles Evans Hughes, chief of the "Nine Old Men" whom Drew Pearson and Bob Allen once crucified so unmercifully for the sin of being old and still in harness, died the other day at the ripe old age of 86.

AMSTERDAM, The Netherlands, Aug. 30 (AP)—The nominating committee of the World Council of Churches has chosen Dr. G. Bromley Oxnam of New York, bishop of the Methodist Church, as one of the six presidents of the council.

While the constitution of the provisional committee that set up the world council called for five presidents, it was decided at the last minute to nominate six, the additional one to represent the younger churches.

A six-ton electromagnet has enough magnetic force to lift 15 average-size automobiles.

Draft Or Marriage

Discussion has been aroused here and there about the effects on the military conscription situation of an apparent marriage rush by young persons, presumably resulting from absence of a deadline date in regulations deferring married men from the draft.

Of much greater concern is the future effect on society of any substantial number of marriages inspired or hastened by thought of escaping the draft.

A "draft marriage" could be expected to require as a minimum even less of the normal foundation for a sound and happy marriage than the "war marriage".

Such social problems perhaps do not appear to be within the province of those who make the regulations for military conscription. But if the social function of the existing home is given consideration in planning draft deferments, why should not foreseeable future social problems also be considered?

End To Bickering

Reason is unquestionably on the side of Secretary of Defense Forrestal as he tells high officers of the Army, Navy and Air Force to stop their bickering and devote all their attention to the common interest of the nation.

Only common sense can be found in his statement to the officers that they are expected to give loyal support to the decisions reached at a recent meeting of the joint chiefs of staff.

It was reported officially that the role of each service was clearly defined in the recent staff conference, and that understanding also was reached on the responsibility of each service to call upon the others for assistance when indicated by the situation at hand.

Under the pressures of the war the services did a commendable job of setting up joint operations. The same spirit of co-operation might well be applied to their peace-time obligations.

Personal Poison

There is an appealing sensation in the story reported from Berlin that women there have begun to carry poison, to be taken in the event Russia should take over the city.

It is a lurid tale, but might have foundation. If it is true, if there are members of Berliners who would take their own lives rather than live under Soviet domination, then there must also be others of a like mind but stronger, who would continue to live and resist.

Have there been such people in other cities of Europe which fell under Soviet control? Have some taken their own lives in despair, while stronger ones still are pledged to resist to the end? It is an intriguing question.

Truman Trails In South

The Gallup and the Fortune magazine polls, on a national basis, and the John H. Perry newspaper poll, in 16 Florida counties, agree that if the presidential election were held today, Thomas E. Dewey would defeat President Truman by a comfortable margin.

Eliminating the 10 per cent who had no opinion when interviewed, Dr. Gallup reported that 63 per cent of the remainder of voters throughout the nation were for Dewey, 41 per cent for Truman and 4 per cent for Wallace.

The Fortune poll showed largely the same results, insofar as Dewey, Truman and Wallace are concerned. Like the Gallup poll, it asked for whom, if the election were being held now, the person interviewed would vote.

In the Florida poll Dewey was favored by 35 per cent of registered voters in the 16 counties; Thurmond 34.75, Truman 28 and Wallace 2.

It is interesting to note that in the special Gallup poll limited to the South, 41 per cent of the voters were for Truman, 34 per cent for Dewey, 24 per cent of the total vote.

Getting back to the two national polls, the similarity with respect to the essential facts is significant. It is not likely that Mr. Truman can recover the ground he has lost and get a majority of the electoral college in November.

Even if the Thurmond and Wallace tickets were not on hand, the job cut out for him would be most difficult. As it is, support in the South and elsewhere for those tickets probably will take enough strength away to make his cause hopeless.

Methodist Bishop Is Named Council Head

AMSTERDAM, The Netherlands, Aug. 30 (AP)—The nominating committee of the World Council of Churches has chosen Dr. G. Bromley Oxnam of New York, bishop of the Methodist Church, as one of the six presidents of the council.

While the constitution of the provisional committee that set up the world council called for five presidents, it was decided at the last minute to nominate six, the additional one to represent the younger churches.

This nomination is Dr. T. C. Chao, dean of the school of religion at Yenching University, Peking, China.

The other four nominees for presidents are the Archbishop of Canterbury, England, Dr. Geoffrey Fisher; Pasteur Mare Ragnier of the Reformed Church of France; Paris; the Archbishop of Thyatira, Greece; Dr. E. Germain; and the Archbishop of Uppsala, Sweden, Dr. Erling Eidson.

A six-ton electromagnet has enough magnetic force to lift 15 average-size automobiles.

"UP THE 'CRICK' WITHOUT A PADDLE"

My New York

By MEL HEIMER

SARATOGA SPRINGS, N. Y.—It is possible that, like the celebrated report of Mark Twain's shuffe off this mortal coil, the somber stories of this being the last year for horse racing at Saratoga are a trifle exaggerated.

This is a crooked, sleazy little town, politically speaking, and the natives certainly seem to be trying hard enough to kill the goose that deposits the gill hen fruit, but racing here has survived many catastrophes in the past and may stick around a while longer.

Even if the local oval is ruled off the big apple, as the New York chain of major tracks is called, it could continue for a while as a minor, boutique affair, after the fashion of Detroit or Tanforan, for example.

However, one thing about Saratoga now is true: It is a worn-out, patched-up, weary kind of town, just about ready for either an early private or a complete overhaul job.

In the northern part of the town more and more of the big mansions have been converted into rooming houses. The center of town is a hodge-podge of orange-drink stands, parking lots, movie houses and broken-down inns.

Only the racetrack and its accompanying stands themselves have borne up under the siege of time and retain some of the quality and real dignity that once was Saratoga.

Nowhere is all this more noticeable than in the big, sprawling hotel called the Grand Union, which I have been using as a GHQ during my annual war with the horses that persist in running on three legs when the rules call for four.

Once the Grand Union must have been a magnificent thing; it has a huge ballroom full of cut-glass chandeliers that surely must have been something to see in the old days. Today it is a sad, melancholy affair, charging rental prices that the Waldorf-Astoria would think twice before demanding—and offering customers rooms that have threadbare carpets, dry and rickety old furniture that can collapse under stress.

It is a mammoth place, but this very hugeness makes it seem more decadent and gloomy. The halls are dark and endless and the countless stairways creak. The soft summer breezes which through the halls and you can stand waiting for an elevator for minutes on end without hearing a sound from the nearby rooms.

OLD HOTELS, SOME OF THEM, keep their charm long after their style has fallen by the wayside but the Grand Union is not one of these. You do not say, "How quaint! How very picturesque!" (if you are given to such pithy statements) on beholding and exploring it, but rather you say, "How sad. How depressing."

Nowhere is this more in evidence than when you dine. The dining room is a vast place, an ocean of white tablecloths with an area three times that of the Wedgewood Room in New York's Waldorf.

In small, out-of-the-way spots, the walls are peeling and if you come down to breakfast there you will find some citizens calmly eating their bacon and eggs in their shirt sleeves, a state of affairs that certainly would have caused the Grand Union management to drop its teeth 30 years ago.

Occasionally at night there will be heard that magical sound, the pop of a champagne cork, and for a second you can imagine this room as it once was, but the spell does not last. In many rooms, there are provided wash basins in which the hot water must be left to run for five minutes before gaining any effect. There are no closets. There are no light sockets for such things as shavers or radios. Little signs on the walls warn the customers sadly that "this hotel is far from fireproof."

The rest of the annual ratrace here is unchanged from a year ago. The gambling hotels could not open the first week, because Mr. Dewey allegedly feared the Democrats would throw it up to him during the presidential campaign, but some limited dipping and such now is reported underway.

Joe E. Lewis, the comic, still is playing the horses grimly, accompanied by the Cuban millionaire Jorge Sanchez, as morose-looking as ever.

Liz Whitney and Alfred Vanderbilt and Sonny Whitney—all these are at hand and there even are times and moments when you can think that all is as it once was. But it isn't. Saratoga is dead and doesn't know enough to lie down.

Welcomed Breezes

Continued From Page One Great Lakes region and were forecast for an area from Pennsylvania to the North Atlantic and New England States.

Livestock Continues High Sale Prices At State Markets

JACKSONVILLE Aug. 30 (Special)—Livestock sales are continuing at satisfactory returns to producers according to reports from livestock markets throughout the State.

William L. Wilson, Director of State Markets, reported in his weekly market review here today, "Gross sales of ten reporting markets show a total of \$259,081.52 cash figures on two reporting markets not available."

A total of 4,518 cattle and 3,099 hogs moved through the twelve markets during the weekly period," said Wilson.

Summaries of sales on reporting independent markets show: Monticello Stock Yards, 518 cattle, 819 hogs, \$51,936.95. J. N. Hawkins, Manager, reported "hogs sold about steady, No. 1 averaging \$26.61 and cattle strong to higher."

Wauchula, Hardee County Market, 307 cattle, 70 hogs, \$23,902.80. Bonifay, Live Stock Market, 914 cattle, 81 hogs, \$74,159.59. Tampa, Hillsborough Livestock Market, 645 cattle, 88 hogs, \$58,711.91.

Jacksonville Livestock Market, 70 cattle, 62 hogs, \$6,715.92. Gainesville Livestock Market, about 1,050 cattle and 80 hogs.

The five State-operated markets reported as follows: Arcadia State Livestock Market, 720 cattle, 39 hogs, \$51,712.42. Bonifay State Livestock Market, 137 hogs, \$5,529.04.

Jay State Livestock Market, 71 cattle, 417 hogs, \$17,453.81. Gadsden County Livestock Market at Quincy, 91 cattle, 225 hogs, \$11,263.64.

DeFuniak Springs State Livestock Market, 88 cattle, 218 hogs, \$19,942.46.

Nation's Education

Continued From Page One long ignored the insides of its men.

"During the war," he said, "it was apparent that men fought best when they understood why they were fighting. To give troops conviction and to equip them with amply justification for the service on which they embark, the Army will add emphasis to its educational program."

Touching on the international situation and the draft revival, Bradley said "a tragically divided world is engaged in a contest of perseverance and in a conflict of ideas." He added:

"The United States cannot safely bluff its way through the chancelleries of other nations without risking all that we have gained from victory in the last World War. There is no economy that can justify the need for some other Omaha beachhead in some future avoidable war."

country yesterday, with some parts of the midwest getting their ninth straight day of 90-plus. Rain fell in widely scattered areas and sent the mercury down from the top levels. In Washington there was a drop of from 87 to 80 following a rainstorm, while rain and hail fell in Portsmouth, U. and sent temperature from 90 to 72.

Cooler weather was forecast for New York City after the heat here's high of 90 reported by the U.S. Weather Bureau. Similar forecast was for upstate New York tonight and tomorrow.

THE WORLD TODAY

By DeWitt MacKENZIE AP Foreign Affairs Analyst

Washington's approval of the movement headed by France to create an all western European parliament with advisory powers may well give the added impetus necessary to launch this historic project to fulfillment.

Establishment of such a parliament might be a seven-league stride towards creation of a United States of Europe (or at least of western Europe)—dream of many generations of statesmen. However, part from such a long range development, an advisory parliament would be an invaluable aid to the Marshall Plan.

This encouragement from the U.S. State Department comes at a moment when France needs it. Britain has indicated that she may not want to take part now, and of course her participation is vital.

Only last Wednesday Winston Churchill released a recent exchange of letters in which he proposed to Prime Minister Attlee the creation of a European assembly. Attlee replied that he was in sympathy with the basic idea but thought this wasn't the "right time for the government to take this major initiative, when their hands are so full already with urgent and difficult problems."

Whether there is any relation between Attlee's statement and the subsequent announcement by Washington is a matter of speculation. However, it is clear that the United States wants to get ahead with a project over which England is hesitating. As the State Department said, "this government strongly favors the progressively closer integration of the free nations of western Europe."

Thus far the French proposal has been made to the other countries which have signed the Brussels alliance—Britain, Belgium, The Netherlands and Luxembourg. However, American officials assume that the invitation ultimately would be extended to all the 16 countries which are participating in the Marshall Plan.

A union of all these countries would go a long way towards guaranteeing that the Communist aggression could be held along the line which it now has reached through central Europe. Both military and economic strength would lie in such unity—on call if an alliance for self-defense, if you will.

Britain's hesitation is understandable. She is, of course, a signatory of the five-nation Brussels alliance, but the broader union is something else again. In the first place she must, as Attlee has pointed out, consult with all

the other members of the British commonwealth before entering into a United States of western Europe. Then, too, she not only is in process of overhauling her great empire, but is in the midst of a fierce economic crisis which provides a full time job in itself. Still, one would expect England to cooperate in a project of which she approves in principle and which the United States back so strongly. As a matter of fact, the economic rehabilitation of western Europe would be of inestimable value to Britain in overcoming her own crisis. Not to mention the added military security.

Egg And Poultry

JACKSONVILLE, Aug. 30—(AP)—Eggs and poultry prices resoundingly today.

Hogs constitute a billion dollar industry in the United States.

Gallbladder Diseases

By W. V. Hittig Touchton Drug Co.

Diseases of the gallbladder are quite common, and while there are no certain means of prevention, some interesting and enlightening facts have been compiled.

For instance gallbladder diseases rarely occur in young people, and about four times as many women as men suffer from them. Where gallstones have formed an operation is necessary in many cases, while some cases will respond satisfactorily to treatment.

Obesity, too rapid reduction in weight, excessive fats in the diet, and digestive disturbances may cause gallbladder trouble.

The best way to guard against gallbladder diseases or any serious illness is to consult your doctor at regular intervals.

Buy only prescribed medicines. Get them from a skilled pharmacist.

# GIANTS COP PLAYOFF BERTH OVER WEEKEND

## Locals Trim Saints In Ancient City To Nail Down 4th Place In League

The Sanford Giants have copied a berth in the 1948 Florida State League. The St. Augustine Saints have four remaining games, and the Giants have five, and should the Saints win all four games, and the Giants drop five, the Sanfordites would remain 5003 ahead of the fifth place Saints.

Today the Giants won a 7-0 win and a loss record. The Saints have 68 victories against 68 defeats. Five defeats would give Sanford 67 net backs for the season, and four victories would boost the Saints over them to 72.

Sanford would have a percentage of .5146 against .5112 for the Saints.

The Sanford Giants and the Gainesville G-Men are scheduled to meet at the Municipal Park tonight in the "Players' Appreciation Night" game, sponsored by a Citizens' committee in cooperation with the Sanford Merchants Association.

Over the weekend, the Giants copied a pair of contests, and dropped one affair. The locals trimmed the Palatka Atlantics at the local Park Friday evening by a 13 to 2 count. The Giants took the St. Augustine in a disputed fracas Saturday night, 7 to 1, but the Orlando Senators tripped the Sanfordites Sunday in Orlando by 3 to 2 to win the Florida State League pennant for the Orange Countians.

Sanford rapped out 11 hits to score as many runs Friday evening here, as the Giants drubbed the Atlantics, Wally Stenger and Bob Kuntz tossed for the innings, while Charlie Rose pitched for Sanford.

The locals moved to St. Augustine Saturday evening, and played in one of the most heated affairs of the year. Sanford plays at St. Augustine and the locals and umpires were arguing among themselves. Sanford protested the game, then St. Augustine protested the affair. Lake went the route for the Giants in posting his 20th victory of the current campaign. The Saints used McClothin, Benez, Story and Gill, while the Giants used McClothin, Benez, Story and Gill, while the Giants used McClothin, Benez, Story and Gill, while the Giants used McClothin, Benez, Story and Gill.

Sanford moved to four and one-half games ahead of the Saints by trimming the Ancient City nine Saturday evening, and virtually clinched a first division berth for themselves.

**CITATION WINNERS**  
CHICAGO, Aug. 30 (AP)—Jockey Eddie Arcaro captures Citation's phenomenal winning streak simply: "He will let a horse come up to him, but he won't let one pass him."

The colt's wonder horse added the \$48,750 American Derby at Washington Park to his list Saturday. His share was \$66,150 which boosted the colt's earnings in two years to \$451,750.

The American Derby victory made Citation the third greatest money winner in history.

Losses from livestock that reached markets dead, crippled or bruised in 1947 were estimated at \$25 million.

## Sanford Ball Players To Be Honored At Park Tonight

### Buddy Lake Will Receive Ratliff Trophy, And All-Stars To Be Given Buckles

Art Dunham will get the mound call for the "Player Appreciation Night" contest between the Sanford Giants and the Gainesville G-Men here tonight, it was announced today by Manager Hal Gruber.

By Arthur Beckwith, Jr., Herald Sports Editor  
Over 2,000 excited baseball fans are expected to file into Sanford's Municipal Park tonight to witness the Sanford Giants play the Gainesville G-Men in a "Player Appreciation Night" contest.

The game is scheduled to start at 8:15 tonight, and the "Appreciation Night" festivities are slated to come mid-way through the evening.

The Citizens' committee in cooperation with the Sanford Merchants Association.

Over the weekend, the Giants copied a pair of contests, and dropped one affair. The locals trimmed the Palatka Atlantics at the local Park Friday evening by a 13 to 2 count. The Jacksonville Generals, American Legion Junior baseball line, shown above, won the Fifth Regional American Legion baseball tournament held at Thomaston, Ga., last week and are scheduled to play in the sectional tournament at Charleston, S. C. tomorrow. Jacksonville will meet the winner. The net is a two-defeated affair. Shown above from left to right, front row: Leon Carter, Kenneth Brown, Don Bessent, Van May and Harry Edwards, Middle row, left to right, Gynn Eddins, Clinton Thomas Larry Nettles, Donald Coleman and Robert Godwin. Back row, left to right: Manager Sam Kirby, Mitchell Morrow, W. A. Downing, Coach Charles Porter, Robert Johns and Foster Castleman.

### U. S. Davis Cuppers Rated Over Aussies

BROOKLINE, Mass., Aug. 30.—Judging strictly on recent performances, the U.S. Davis cup tennis team appeared to have a wide edge on its Australian challengers today as both sides headed for Forest Hills, N.Y., to pitch up for the challenge round proper.

But more than a few of the court games experts disagreed with that favorable forecast. They pointed out that previous Australian teams have made unimpressive performances in the National Doubles Tourney here, and then gone on into the challenge round to score upsets in that international play.

The majority, however, prefer that Ted Schroeder, Frankie Parker, Godman Mulley and Bill Talbot, all seasoned veterans, will have little trouble retaining the Davis cup by out-struggling Captain Adrian Quist and his Australian teammates, Billy Bowring, Colin Long and Geoff Brown during the three day international competition that starts next Saturday.

Such optimistic results from the facts that the Australian players barely managed to clear out three matches to two win over Czechoslovakia before going into Forest Hills, and last week's national doubles championship.

### North Carolina

(Continued from Page One)

Ninety ships of the Naval Reserve were ticketed for Buffalo and Niagara Falls. Air Force pilots at bases in the Carolinas, Virginia and Maryland were standing by to fly planes out of the danger zone if the hurricane began heading their way. Alerts had been issued at Pope Field, N. C. Shaw, S. C., Turner, Ga., and Langley, Va. Holling Field, next door to the Naval Air Station bordering the Potomac River here, was expecting an alert notice, although none had been issued by late morning.

### Rotary Meet

(Continued from Page One)  
with rice the chief crop. The levy, he pointed out and everyone seems to prefer it to any other type of food. The country used to be covered with forests, the said, but through lack of conservation, there are practically no trees whatever left there now, and the houses have to be built of brick, stone or mud.

Other industries include steel mills, sugar mills and a few cement plants, but the chief exports are oil and rugs. The country is very rich in oil, he said, and now refineries are now being built which are expected to increase greatly the nation's production. Persian rugs made there are highly prized and extremely scarce.

Another important export is manganese dioxide ore, which is of a kind very useful in making dry cell batteries. New power plants are also being constructed in the country to provide electricity, and a modern water system is being developed.

### Storm Warnings

Storm warnings were displayed as far north as the Virginia Capes and as far south as the Miami weather bureau, however, said the danger south of Wilmington "seems to be diminishing."

This 10:00 A. M. (EST) advisory was issued by the Weather Bureau.

The hurricane is centered near latitude 31d north, longitude 75.0 west, or about 250 miles south of Cape Hatteras at 10:00 A. M. (EST). It is moving north-northwestward or northward about 10 to 12 miles an hour at present.

### Sanford Ball Players To Be Honored At Park Tonight

Art Dunham will get the mound call for the "Player Appreciation Night" contest between the Sanford Giants and the Gainesville G-Men here tonight, it was announced today by Manager Hal Gruber.

By Arthur Beckwith, Jr., Herald Sports Editor  
Over 2,000 excited baseball fans are expected to file into Sanford's Municipal Park tonight to witness the Sanford Giants play the Gainesville G-Men in a "Player Appreciation Night" contest.

The game is scheduled to start at 8:15 tonight, and the "Appreciation Night" festivities are slated to come mid-way through the evening.

The Citizens' committee in cooperation with the Sanford Merchants Association.

Over the weekend, the Giants copied a pair of contests, and dropped one affair. The locals trimmed the Palatka Atlantics at the local Park Friday evening by a 13 to 2 count. The Giants took the St. Augustine in a disputed fracas Saturday night, 7 to 1, but the Orlando Senators tripped the Sanfordites Sunday in Orlando by 3 to 2 to win the Florida State League pennant for the Orange Countians.

### Billy Tison Wins Swimming Contest At Scout Outing

William Tison, of Troop 34, Boy Scouts, placed first in free style swimming, class B, in an elimination contest held Thursday at Rurr's Park, DeLeon Springs by the troop. It was announced by Bob Lippincott, troop scoutmaster, Kenneth Robbins was second to Tison.

The Scouts who won in the elimination contest will be strided at Daytona, Saturday, in the Boy Scout Council swimming meet.

In the Class C free style swim, Elwood Williams was first and Donald Fulrell was second. Garnett White won the back stroke race in Class C.

Winners of the medley race, Class C were Donald Fulrell, Garnett White and Elwood Williams. Kenneth Robbins placed first in the diving event, Class B, and Garnett White was first in the Class C diving competition.

**WESTERN MEET OPENS**  
SAN FRANCISCO, Aug. 30.—Women golfers from 18 states and Hawaii were on deck for the start of the Western Women's Amateur Championships over the long, tough Lakeside Course today.

Top favorites included Dorothy Kirby, five times Georgia State Champion; Mrs. Jackie Pung of Honolulu, winner of the Northern California Open last week, and Dot Kieley, California State Champion. But a wide-open tournament was in prospect.

**Legislators Schedule Meet On Voting Laws**  
TALLAHASSEE, Aug. 30.—A special committee of legislators will meet here Sept. 8 to draft a proposed revision of Florida's presidential election voting law.

Rep. J. Ben Puma of Palmetto, chairman of the House of Representatives group, said he and Senator Henry S. Daynard of St. Petersburg, head of the Senate committee, had agreed on the meeting date.

Governor Caldwell has said if a majority of the eight Senators and 13 House members on the special joint committee can agree on a revision plan he will call an extra session of the legislature next month to consider its passage.

Present law provides that voters cast ballots only for presidential electors, not for the presidential candidates themselves.

**NEW PROS**  
TALLAHASSEE, Aug. 30.—There will be 38 new members of the Florida A. and M. College for negroes faculty and staff when the institution's fall term opens with freshman week Sept. 13. President W. H. Gray, Jr., said seven of the new professors have doctor of philosophy degrees.

Diamond dust used to polish hard metal dies is recovered and used again.

**'49ERS WIN**  
SAN FRANCISCO, Aug. 30.—While a crowd of 33,946 roared approval, the '49ers ran up a 93-14 over the Buffalo Bills in Kearney Stadium yesterday to open the pro season here with a bang.

Left-handed quarterback Frankie Albert was the big gun as the '49ers tallied in the first period and led the game in the second with a three-touchdown spang.

### Valdosta Continues To Hold Leadership Of Georgia-Florida

Valdosta beat Americus 9 to 8 in a Georgia-Florida League game yesterday, thereby putting a full game between themselves and runner up Waycross as the Bears divided a split with Moultrie, losing the matinee 10 to 6 and taking the finale 6 to 5.

Tallahassee defeated Albany 5 to 2 and Thomasville scored five runs in the 12th inning to beat Cordele 14 to 6.

Americus kept the race with the league-leaders for the first four innings and then faded. The Phillies scored three times in the first and Valdosta plated two in the home half. Americus added one in the second and one in the top of the third but the winners kept the score by pushing three runs across in the bottom of the third.

They added two in the sixth and a like number in the seventh, although held to a total of six hits by Wings. Americus got nine singles off Moore.

Four Moultrie errors and a four-run outburst in the home half of the eighth gave Waycross the opener. The winners played perfect ball and both teams collected eight hits.

Moultrie jumped out in front by sending five runners across the plate in the third inning of the second game. Their final run, and margin of victory, was recorded in the fifth.

Waycross rallied strong to score four times in the sixth and send a score into the winners by sending another man scampering across in the last frame of an even-inning affair. Each team again collected eight hits.

Thomasville held a 3-1 edge over Cordele until the third when the losers scored three times to take a 4-3 advantage. They added another in the fourth and the winners scored in the fifth and sixth to even the count.

Cordele again took the lead with a run in the eighth but Thomasville, not to be denied, tied the score in the ninth and won it with a five-run eruption in the twelfth.

The winners got 14 hits off Cooper, Stamos, the winner, allowed 14.

Three Albany errors and a 10-hit attack by Tallahassee against Beck were all the Pirates needed to win. The Floridians scored two runs in the fifth and a like number in the seventh to sew up the contest. Their final run was plated in the ninth.

Albany could score only twice in the eighth.

Leesburg 7, St. Augustine 4.  
Daytona 10, Gainesville 6.  
Palatka 10, Orlando 6.  
St. Augustine at Daytona Beach.  
Gainesville at Sanford.  
Daytona at Leesburg.

### Navy Flying Boat Sets Pacific Record

CHICAGO, Aug. 30.—The Navy's giant flying boat, the Curtiss Commando, set a new record today after her christening ceremony and a distance record hop from Honolulu to Chicago.

The Curtiss Commando—baptized after a Pacific archipelago—was christened yesterday in lakefront ceremonies. Mrs. Fred W. Lester, of suburban DeWaters Grove, mother of a Congressional Medal of Honor winner, popped the champagne over the 32 1/2 ton ship's nose.

Her son, Fred, a Navy Hospital Corpsman, was killed on Okinawa attempting to rescue a wounded Marine.

The Navy Band was flown from Washington for the ceremonies. Freshhead Naval Reserve Helicopters and Corsairs roared in salute as Mrs. Lester popped the ship's bow.

The ship, which has completed testing and shakedown cruises, will be on exhibition until tomorrow. Then it will fly to Patuxent, Md., and back to Honolulu to join the Navy's cargo fleet.

### Work Begins To Remove 26 Bodies Of Crash Victims

#### Minneapolis Bound Airliner Believed Hit By Lightning

WINONA, Minn., Aug. 30 (AP)—A human chain of 100 men stationed on a precipitous and rocky slope today started bringing out the mangled bodies of 26 persons from the crash site of a North-west Airlines plane. The bodies of 10 others were carried out last night.

The 36 persons died as the Chicago-Minneapolis bound airliner, raked by a severe storm, crashed into a heavily wooded Mississippi River bluff in Wisconsin near here late yesterday.

The bulk of the wreckage settled 150 feet down a 500-foot precipitous slope, made slippery by heavy rains last night.

Pieces of wreckage that were lifted in order to remove the bodies were carefully inspected and logged by Civil Aeronautics Board and Civil Aeronautics Administration officials who are trying to determine if any structural defects might have brought about crash during the storm.

The nearest road approach to the wreckage is about one quarter mile away. The bodies were carried through rough, wooded country to a farm trail bordering growing crops, then over a township lane to a county road.

The body of one man, unidentified, was found early today 1,000 feet from the main part of the wreckage. The body was strapped with a safety belt in a seat. Authorities said they believed other bodies were similarly catapulted into the heavily wooded area.

The crash occurred between Winona and Fountain City, Wis., on the Wisconsin side of the river during the height of a severe electrical and rain storm.

Coroner Herbert F. Stohr of Alma, Wis., said ten bodies were removed to Alma before recovery efforts were halted last night. He said that the sides of the ravine were so steep that he must use a human chain of workers to remove the bodies still trapped in the tangled wreckage. The wooded and rocky ravine has 45 degree slopes.

The plane was one of the airlines newer Martin 2-0-2 ships and was bound for Minneapolis from Chicago with 33 passengers and three crew members.

It left Chicago at 3:50 P. M. (CST) and although due in Minneapolis at 5:30 P. M. apparently was behind schedule because of the storm.

A crash witness told the coroner he saw the plane fall into the ravine on Suters Ridge after lightning shattered a wing. A NWA pilot who was among the first to reach the crash scene said he thought the ship had been struck by lightning.

Howard Rackow, a farmer living on Perry Island in the Mississippi River, told the coroner he was getting some stock out of the storm when the plane passed over.

"I was in the yard with my mother," he said. "There was a flash of lightning. It struck the plane. A part of a wing fell off and the ship started down."

Mrs. Charles Guenther, a Fountain City farm woman, told a similar story. She and her husband saw the crash from their automobile.

"We were returning from Winona and saw the plane rolling like a barrel," she said. "Some sector of the plane fell off. Then it crashed."

### Spy Probe

Continued From Page One  
Peters, another congressional group announced plans for an inquiry into what Communist influences, if any, are to be found in the CIO United Electrical Workers Union.

Rep. Kersten (R-Wis) said a House Labor Subcommittee, engaged in a general investigation of Communism in trade unions, will open hearings on the electrical workers in Washington on Thursday.

Balked by Peters, the Un-American Activities subcommittee turned back to Chambers.

Under their questioning, Chambers related that he obtained a \$2,000 a year federal government job in 1937 through Communist influence. He said he got the post within 24 hours of applying.

Chambers' story of the job had not been told publicly before, but was given the committee in closed sessions at Washington during the week-end.

The magazine editor said he first met Peters in 1928 in the office of the Daily Worker, Communist newspaper, in New York.

Rep. McDowell, subcommittee chairman, asked Chambers: "Is he (Peters) the person you testified was in charge of the apparatus in Washington, D. C.?"

"He is," was the reply.

"There is no question in your mind?"

"No sir," said Chambers.

"Apparatus" is a word commonly used by Chambers in his sensational Washington testimony to describe the machinery of the alleged Communist "offi-

### Drivers License

Continued From Page One  
license, secure a Florida license in that manner. In either case, the price you'll pay is the same as last year, one dollar for operators and two dollars for chauffeurs license.

All 1948 Florida drivers' licenses expire on October 1 and the director, therefore, urges that you make your renewal early and avoid the usual last minute rush.

"Although Florida was one of the last states to license the driver, records of the National Safety Council recently disclosed that our overall program ranked first in the 14 Southern states and third in the United States for 1947," he said.

"After the fee for issuance of your driver's license has been deducted the remainder of your dollar goes to the support of the Florida Highway Patrol and is the only source from which that body draws operational funds."

### Eight Volusia Night Clubs Are Raided By State

#### 6 Persons Arrested, And Two Others Remain To Be Caught

DELAND, Aug. 30 (AP)—County Judge Peacock late Friday issued warrants charging eight Volusia night club operators or employees with maintaining gambling rooms, devices and equipment as the aftermath of Thursday night's raids.

The raids were staged by special agents appointed by Circuit Judge Hugh Taylor to perform the duties of a sheriff, and by state investigators. Three truckloads of gambling equipment were seized in three night clubs, two in Daytona Beach and one west of Deland near the county line.

Alex Littlefield chairman of the State Democratic Executive Committee, is sheriff of Volusia county. He was not available for a statement immediately.

The eight persons named in the warrants included six arrested during the raids and two other persons not yet arrested. Judge Peacock ordered bail bonds of all eight increased from \$2,000 to \$5,000 on recommendation of State Attorney Sams.

The original six included George L. Hack, owner of the Diamond Club near Sanford, south of Deland; B. L. Worthington, Abe Burman, Charles W. Watson and George L. Danzler, arrested at the Beach Club in Daytona Beach; and John Marcano, nabbed at the Seabreeze Golf and Tennis Club.

To that list was added Jack Greene, reported to be part owner of the Beach Club, and Earl Warner, said to have an interest in both Daytona Beach establishments. Sams said neither had been arrested.

Affidavits for all warrants were signed by Sams in an unprecedented move. It is customary in such cases for county law enforcement officers—deputies or constables to sign affidavits, but in these raids the sheriff's office took no part.

Trial of eight Volusia County night club operators or employees, apparently will be before Circuit Judge Herbert Frederick at an early date.

Judge Frederick has returned from a vacation and will resume his duties here, in place of Circuit Judge Hugh Taylor of Quincy, on assignment here during Frederick's vacation.

State Attorney Murray Sams said Saturday that there had been indications that all of those charged on the gambling counts would waive preliminary hearings before County Judge John Peacock, thus placing the cases in the jurisdiction of the Circuit Judge's court.

group" in the government. Peters cited the first and fifth amendments to the Constitution in his refusal to answer the key questions put to him.

One question asked by Robert E. Stripling, chief investigator for the House committee, was: "Did you serve as the representative of the Communist Party International of the Communist Party?"

Peters replied: "I decline to answer under the fifth and first amendments and on the ground that a nanawaw might tend to incriminate and degrade me."

Similar answers were made to questions as to whether he was an official or even a member of the Communist Party in this country.

SLATTERY DIES  
LAKE GENEVA, Wis., Aug. 30 (AP)—Funeral services will be held tomorrow for James M. Slattery, 69, former Democratic U.S. Senator from Illinois, who died at his summer home here Saturday.

COLLEGE HEAD KILLED  
FLORENCE, Ala., Aug. 30 (AP)—Dr. J. A. Keller, 60, president of Florence State Teachers College, and Mrs. Keller were killed in a collision of an automobile and train at Tuscumbia, Ala., last night.

### Search Continues For Second Negro In Ormond Case

#### Clearwater Rapist Admits 2 Attacks Earlier This Month

DAYTONA BEACH, Aug. 30—A search for a second negro implicated in the moonlight slaying of a vacationing couple on Ormond Beach was intensified today.

Meanwhile, Volusia Sheriff Alex Littlefield cast some doubt on parts of the slaying story told Saturday by Clarence Albury, 38, an escaped convict arrested at Camilla, Ga.

Albury in his statement, Sheriff W. M. Harris of Camilla said, accused a companion of slaying Gregory Blount, 24 University of Kentucky student and

Mary Hucks, 24 of East Point, Ga., after raping her. Albury said he, after slaying Hucks.

Asked if he thought this was plausible, Littlefield said "certainly not." Arresting officers also reported evidence of teeth marks on Albury's arms as well as scratches and these were unexplained.

While Littlefield continued reluctant to comment on the case or disclose the course it was taking, Camilla Sheriff Harris said a Richmond, Ga., negro was being sought for questioning in the case.

There is a possibility, Harris said, the negro may have been the "trigger man" in the attack on Miss Hucks and Blount. The new suspect has been linked with Albury, who was flown by plane to Jacksonville Saturday after signing a statement he witnessed the slaying two weeks ago.

The Richmond negro, however, was not the only one named by Albury as having killed the couple, Harris said. Officers said there were several conflicting points in Albury's statement.

Harris said two other negroes were wanted for questioning. Harris said Albury told officers he hid in the woods be-

tween Palatka and Bunnell for two days after the slaying, then hitchhiked to Lake City, Tallahassee and Chattahoochee where he stole an automobile.

Albury was arrested Friday sleeping in a car in a clump of woods. A companion with him at the time was not implicated in the slaying.

CLEARWATER, Aug. 30 (Special)—A 24-year-old negro who is part Indian and is a former carnival worker, confessed early Saturday that he raped a bride-to-be and attacked young housewife here earlier this month, Sheriff Todd Tucker announced.

It was a silver dollar stolen from the home of the young housewife that led to his arrest and confession.

Deputy Sheriff Robert Fuller and City Detective Bill Harn, who have spearheaded the investigation, said the negro was picked up as a suspect Thursday afternoon on Railroad Ave. in the North Clearwater negro section.

He was identified by Fuller as Felix Edwards (Eddie) Combs, 24 who lived at a rooming house on South Greenwood Ave. for about six months and was separated

### Berlin Council

Continued From Page One  
ment, between the Russian and western areas.

A break appeared near in the Kremlin talks over the blockade Russia imposed on Berlin 68 days ago. Diplomats of the U.S., Britain and France awaited a call to another conference with Foreign Minister Molotov.

An announcement is expected soon, saying perhaps the four powers have agreed on procedure. If, as expected, the problems such as the currency dispute and the western plans for a western German government are merely tossed back into the laps of the four military governors in Berlin, it is difficult to see how any solution can come about. Russia appeared to seek major concessions from the west.

The Russian-controlled Communists of North Korea threatened in a broadcast to destroy the elected government in the U.S. zone of Korea, Lieut. General John R. Hodge, retiring U.S. commander, said civil war in Korea is possible.

Communists in Malaya, Burma from his wife, who also lives in Clearwater.

and Greece were making war on the constituted governments.

France looked for a new government, the 11th or so since the war ended three years ago the involved French political situation did nothing to bulwark the west against Russian pressure in Berlin and Germany. Premier Andre Marie resigned when Socialists rejected his wage and price program. Robert Schuman, Premier until 32 days ago, looked over the field to decide if he could command a majority.

Queen Wilhelmina started her last week of reign in Holland. She abdicates Saturday after her Golden Jubilee and Juliana will become queen. The wealthy Wilhelmina will be 68 tomorrow. She has been in poor health.

Russia by decree granted her citizens today the right to build and own a home—a right inherent virtually everywhere except in Communist countries. Russians will be given free land, but will pay annual rentals. Materials and building will be a problem. There are no contractors in Russia.

The United Nations Security Council was called into special session to consider the shaky Palestine truce. Israel forced the issue. Both Arabs and Jews

have been accusing each other of truce violations. An Arab Legion officer in Trans-Jordan said Jerusalem Jews attacked three Arab areas last night.

The chief of staff to Count Folke Bernadotte, U.N. mediator for Palestine, said the Arabs and Jews have agreed to proposals of peace for neutral areas of Jerusalem.

Individuals calling themselves "intellectuals" agreed in Poland to establish a peace committee to preserve peace against what they termed "a handful of self-interested men in America and Europe" who want war. Leftists were heavily in majority at the Wroclaw Congress.

# BACK TO SCHOOL

...in the best looking, most practical clothes in any class! That's how you want your young scholars dressed this busy season—So make us your Back to School headquarters...

### DRESSES

Darling dresses for "School Days" . . . Plaids, Solids, Prints, Stripes in fast-color cottons. Sizes 3 to 16.

2.50 to 7.95

### SKIRTS

All wool Plaids and Solids, all sizes

5.98 to 6.95

All wool Scotch Plaid, suspender styles, 3 thru 6x

2.98

Wool Flannel Peasant styles, embroidery trim, in blue or red.

1.98

### BLOUSES

A wonderful assortment of long sleeved or short sleeved blouses in silk or cotton. Solid colors, plaids, soft pastels, embroidery trim. Sizes 1 thru 14.

2.98 - 3.98

### Boys' Longies

Longies by Tom Sawyer in fast color washable materials. Ages 6 thru 12

3.98

### Little Boys' Wash Suits

Fashioned by Tom Sawyer and Santone, two piece, button-on styles. Solid colors and combination colors.

2.50 - 5.95

### Sport Shirts

By Tom Sawyer and Juvenile, long or short sleeves. Ages 2 thru 12

1.98 - 2.50

### UNDIES

Fine batiste slips, embroidery and lace trim. Sizes 2 thru 16.

1.59 to 3.50

San Souci silk jersey slips, white dainty lace trimmed ruffles. Sizes 6 thru 14

2.49

Silk panties, plain or lace trimmed, all sizes

89c

Gordon knit panties, all sizes, white and tearose.

59c

Nainsook panties, lace and embroidery trim, size 2 thru 8

1.00 - 1.29

## President Asks 'Fair Play' For Henry Wallace

### White House Says 'Truman Will Speak Near Dexter, Iowa During Campaign'

WASHINGTON, Aug. 31 (AP)—The Chief Executive Board, by a vote of 35-17, today endorsed Harry S. Truman for President. The board adopted a declaration which praised the Truman record and called Governor Dewey of New York "the candidate of big business."

CHARLOTTE, N. C., Aug. 31 (AP)—Eggs and tomatoes again were tossed at Henry Wallace as he attempted to address a crowd of 2,500 at the Mecklenburg courthouse here today. The attack came only shortly after President Truman had termed yesterday's tossing of eggs and fruit at the Progressive Party's presidential nominee "highly un-American business." None of the objects struck Wallace, who sought to speak amid continual booing from the throng. Eggs did strike two reporters for the Charlotte News, who stood near trying to hear the words of the former vice president.

WINSTON-SALEM, N. C., Aug. 31 (AP)—Police Chief John M. Gold said today much of the leveling and banging of eggs and tomatoes that has followed Henry A. Wallace across North Carolina has been inspired by the Progressives. Gold added he thought the hecklers were directing their efforts at their own presidential nominee to gain sympathy for Wallace. "Some have been identified by my men as known members of the Communist party," Chief Gold said. "I am sure the Progressives are not so stupid as to let a man as good as one of those who got the heckling off to a good start" when Wallace spoke here last night.

HICKORY, N. C., Aug. 31 (AP)—Henry Wallace, Progressive Party presidential nominee, was pelted with eggs and tomatoes twice today as he sought to speak to North Carolina crowds.

Boos drowned his words as he endeavored to talk at Charlotte and Hickory. As the campaign party in 15 cars drove from Charlotte to Hickory it was pelted at Newton with potatoes.

Several policemen accompanied the nominee as he stepped from his car in Hickory's union square and strode to a loud speaker. Supporters in the crowd of 1,500 were singing "The Star Spangled Banner" when Wallace arrived. A tumult of booing drowned the song.

Wallace had uttered the words: "Negroes should have the right to vote because they pay taxes" when the shower began. Observers estimated that several dozen tomatoes and eggs were thrown. One egg splashed on the speaker's shoulder.

BY ASSOCIATED PRESS  
President Truman asked "fair play" today for Henry A. Wallace, Progressive Party presidential candidate who has been pelted with eggs, booed and harassed on a North Carolina speaking tour.

Through Press Secretary Charles Ross, Mr. Truman sent word to reporters that he considers the treatment given Wallace "a highly un-American business." He said Wallace is "entitled to say his piece."

The White House also announced that Mr. Truman will make a campaign speech Sept. 18 near Dexter, Iowa, and from there will tour on west. Details of the trip, other than the engagement at Dexter, are incomplete.

The national plowing match will be held at Dexter Sept. 18. So Mr. Truman's address likely will be (Continued on Page Two)

## Registration For Draft At Schools

Some Selective Service registrants appear to be somewhat befuddled as to where to register or when.

An instance of this occurred this morning on Park Avenue near the U.S. Employment Office where M-Sgt. Roland Kelly has parked a trailer for recruiting for the U.S. Air Force. He reported that he found three young colored men standing in line waiting for him to return to the trailer and as they put it "to register."

Registration of all men in the 18-26 age group is taking place at schools in the county, and no special dates for registration according to birth dates have been designated by this county.

## House Group Told FCC Ruling Favors "Thought Police"

### Program Offered By Atheist Made Light Of God And Jesus

WASHINGTON, Aug. 31 (AP)—A spokesman for the nation's broadcasters told a congressional committee today a recent FCC decision in a case involving atheistic programs constitutes "thought police."

The witness was Don Petty, general counsel for the National Association of Broadcasters. He testified before a special House committee investigating the Federal Communications Commission decision.

The FCC ruling which Petty criticized as unconstitutional was issued in 1946 at the request of Robert Harold Scott of Palo Alto, Calif. Scott had demanded that licenses of several radio stations be revoked because they refused to grant him time to argue against the existence of God.

The FCC rejected Scott's request but the wording of its ruling left doubt in the minds of broadcast (Continued on Page Two)

## Sanford's Building Triples In Volume Over Last August

Building in Sanford is nearly triple the amount of last year during the August period, according to Grady Duncan, city building inspector, who today revealed that City permits for new construction and remodeling total \$70,418 in estimated value compared with \$27,750 in August, 1947.

New homes have provided the bulk of permits during the month. These include permits to the following persons: to Earl Higginbotham for a \$20,000 concrete block residence at 2449 Melvinville Avenue; to J. C. Whilden for a \$6,500 residence at 837 Rosalia Drive; to B. E. Purvis for a \$7,500 concrete home on Twentieth Street; to Theodore Judd for a \$5,000 home and \$1,000 garage at 1404 Magnolia Avenue; to J. W. Darrell for a \$6,000 home at Oak and Twentieth Street.

The former V. A. Speer home was moved from its former site next to the First Methodist Church to the southwest corner of Park Avenue and Fifth Street. A four apartment unit at estimated cost of \$15,000, Philip Kessler is the owner.

## Federal Agent Advises Western Farmers To Make Own Phosphates

POCATELLO, Idaho, Aug. 31 (AP)—The western states, rich in phosphates, should quit depending on the east for fertilizers, Assistant Secretary of the Interior C. Girard Davidson said today.

Davidson, in a statement for the opening of public hearings on new regulations for phosphate production on public lands, said Idaho, Utah, Montana and Wyoming together possess 60 per cent of the nation's phosphate deposits, yet account for only 8 per cent of the annual output.

"At present, farmers in the western area are getting their phosphate fertilizers from processing plants in Florida and Tennessee," Davidson said.

"Western farmers are paying as much as \$60 a ton for the Florida farmer pays for the same product. It is in the national interest to meet western demand from processing plants in the west which will mitigate this freight differential.

"In this respect at least, the west need no longer serve as a national dependency to the east," the most desirable method. I am pleased to hear that two new plants are now under construction in this area." (Continued on Page Two)

## Berle Says He Battled Soviet Group In U.S.

### Former State Department Official Includes Hiss In Red Appraisal Ring

WASHINGTON, Aug. 31 (AP)—Rep. McDowell (R-Pa.) today quoted A. A. Berle as saying that while assistant secretary of state he battled and lost to a pro-Soviet, "appease Russia" group in the State Department that included Alger Hiss. But McDowell said he doubts that Berle considers Hiss a Communist.

As a result of losing the battle, McDowell said, Berle was transferred from the department in Washington to Brazil as Ambassador. Berle was assistant secretary of state from 1938 to late 1944. He was made ambassador to Brazil and served until 1941.

McDowell headed a House Un-American Activities subcommittee which questioned Berle behind closed doors in New York yesterday.

Whittaker Chambers, who has been a star witness in the committee's Communist hearings, has testified that he went to Berle in 1939 and told him about a "Red underground" in Washington, naming Alger Hiss, a State Department official, as one of the members.

McDowell, telling reporters something of what Berle told the committee, said Berle denied that Chambers did not say (Continued on Page Two)

## County Children Must Register For School Tomorrow

All pupils in Seminole County Schools, numbering between 4,000 and 5,000 will register tomorrow morning at schools between the hours of 9:30 and 11:00 o'clock. It was announced today by Supt. T. W. Lawton. Regular bus schedules will be operated to transport pupils. School will open for regular sessions Tuesday morning, Sept. 1.

The registration of pupils is not expected to interfere with Selective Service registration of youths in the 18-26 age bracket, which is being carried on this week in schools, said Mr. Lawton. He said that he expected that the major portion of the registration for the draft will have been mostly completed by tonight.

Mr. Lawton, however, urged that those registering for Selective Service, do so as soon as possible, as all in the 18-26 age group are being registered at the same time in this country and not according to birth date sequence as elsewhere.

At 3:00 o'clock tomorrow teachers will meet with Art and Music Supervisors at the Sanford Grammar School, Thursday and Friday schedules for teachers include assignment of pupils to various teachers and a program to be presented at 10:00 o'clock Friday morning entitled, "Visual Education."

A number of veterans are expected to be among the adults who will register Wednesday morning at the Sanford Vocational School on Commercial Avenue. Classes will start Tuesday. The school, operated by the Seminole County School system, offers free vocational training for adults.

## CHILE OBJECTS

SANTIAGO, Chile, Aug. 31 (AP)—The government newspaper La Nacion said today Chile will reject a United States proposal to internationalize the Antarctic.

HENES ILL. PRAGUE, Czechoslovakia, Aug. 31 (AP)—Former President Eduard Benes has lapsed into unconsciousness, and a bulletin from his doctors said tonight his condition is "extremely serious." Benes became critically ill a week ago. The former president, now 64, is suffering from a recurrence of a chronic ailment. He resigned the presidency in June, and was succeeded by Communist Klement Gottwald.

TO ATTEMPT RECORD CLEVELAND, Aug. 31 (AP)—The U. S. Air Force will attempt to set a new world speed record with its North American F-86 jet fighter at the National Air Races Saturday.

The present record is 650.786 miles per hour set by Marine Lt. Col. Marion E. Carl at Murco, Cal. Aug. 28, 1947.

JAYCEE NOTICE The Jaycees will hold their weekly luncheon meeting at the Tourist Center Thursday noon. Mrs. M. B. Smith and Mrs. Mae Dally Fort have prepared a paper entitled "The Resources of Seminole County and Their Use." They will be presented to all members present. Brantly Odham has arranged the program.

## Chambers Quizzed In Spy Probe

SEATED IN THE WHEELCHAIR, Whittaker Chambers, self-avowed former Communist, looks over copies of the "New Masses" that are shown to him in Washington. Robert Stripling, chief investigator of the House Un-American Activities Committee, watching the proceedings is Alger Hiss (arrow), former State Department official who has been accused by Chambers of being a Communist underground agent. (International)

## Tax Collections Are Reported At \$344 Per Year For Each American

WASHINGTON, Aug. 31 (AP)—Tax collections by federal, state and local governments figured out to an average of \$344.46 for each of the 144,000,000 Americans during the year ended June 30, 1947.

The Census Bureau in reporting this today noted that the federal government, as usual, got the lion's share—\$257.36 against \$46.84 for the states and \$40.26 for local governments.

Total tax collections of the federal, state and local governments combined were \$49,603,000,000—nearly a fourth of the 1947 national income of \$202,500,000,000. But this was \$3,445,000,000 below fiscal 1945's record high tax total.

The bureau put the federal government's tax take at \$37,600,000,000, down from \$45,100,000,000 in 1945's record high, chiefly because of repeal of the wartime excess profits taxes on corporations.

State and local government taxes partly offset the federal tax decline by giving the total \$344.46 per man, woman and child. The federal government's tax take, however, has continued since then.

In addition to taxes, the three government levels picked up \$2,500,000,000 from fees for such services as national bank making their total general revenue \$2,500,000,000 for fiscal 1947.

That, too, was below the \$55,000,000,000 higher than the 1946 figure. It was 116 per cent higher than the 1942 total of \$14,600,000,000. Individual income taxes provided 45 per cent of all governmental revenue in 1947, yielding \$18,300,000,000 or \$127 a person on the average.

Next in importance were taxes on sales and gross receipts (including federal excise taxes and customs duties), which amounted to \$11,200,000,000, or \$79 per person. They accounted for 22 per cent of total governmental revenue.

Corporation income taxes accounted for 17 per cent, property taxes 11 per cent, and all other taxes accounted for another 10 percent. Five per cent of all governmental revenue came from the "non-tax" sources.

For state and local governments, the largest single source of revenue was property taxes, which yielded \$5,500,000,000 or \$38 per person in 1947. Local governments got three-fourths of the total.

Sales and gross receipts taxes—primarily state rather than local levies—ranked next as a source of revenue, providing \$3,700,000,000, or \$26 per person. The federal government yielded \$3,300,000,000, or \$23 per person, and provided them with \$1,200,000,000 in aid.

MENTAL CHECK-UP MACOMB, Ill., Aug. 31 (AP)—A 13-year-old girl who has admitted setting some 200 fires on the farm of her uncle, Charles Wilbur, went to Chicago today for a check-up by mental specialists.

Wonet McNeil, the girl was quoted by John Burgard, deputy state fire marshal, as saying she started the blazes when other family members "weren't watching." She said she hoped to be sent to live with her divorced mother, Mrs. Leona Eagle of Bloomington, Ill.

LAND SALE At the monthly sale of land foreclosed by the County, O. P. Herndon, county clerk, yesterday sold several parcels of property including lots in Sanford, Dreamworld, San Lando and some small acreage, realizing therefrom, \$1,270.

## Moscow Talks Lead To 4-Power Berlin Meet

### National Guard Says Reds Will Not Be Enlisted

### Military Has Dropped Quota System For Negroes In Draft

WASHINGTON, Aug. 31 (AP)—The National Guard said today it will not knowingly include Communists in its ranks.

Guard headquarters said "it is not believed that there are any bona fide members of the Communist Party in the National Guard now." A statement added that "no men have been discharged directly for membership in the Communist Party."

Guard headquarters said that each state and the larger units, such as divisions, have a G-2 (intelligence staff) and state police advocate general to check on guard members.

WASHINGTON, Aug. 31 (AP)—The military has dropped from its peacetime draft the quota system used for negroes during World War II, defense officials said today.

A spokesman for Selective Service headquarters said in answer to a question that no quota is fixed, that negroes and whites are being "taken as they come."

During the war, a quota was set for the draft of negroes. The annual call order automatically increased as the proportion of their race to national population. That is about ten percent.

Negroes will get their training at camps anywhere in the country to which they happen to be assigned, either in the north or south. (Continued on Page Two)

## Drive Opened To Raise Funds For Children's Clinic

Collection cups have been placed in many local business establishments for contributions to the Tonel Clinic sponsored by the Seminole County Children's Committee. Raymond Kader, chairman, announced today.

Mr. Kader stated that the Tonel Clinic is the first project of the local children's committee since its reorganization in May, and he hoped to see the clinic open in the next two months. Contributions may be mailed to the Seminole County Children's Committee, P. O. Box 778, Sanford, Fla., he added.

The clinic has been formed for the removal of children of many underprivileged children of this county, and will be restricted to the children of those families who receive assistance from the Welfare Board and are unable to pay the costs of a tonel operation.

The Children's Committee, Mr. Kader said, hopes to run at least two clinics of 20 children each within the next two months. The only expense will be \$10 per child for actual costs while at the hospital. Many of the children also need the operation, he explained, will be transported severely in their school work as well as in their normal physical development unless their tonsils are removed.

YOUNGSTER HURT Sunny Shuman, 11, of Lake Mary, fell off the back of the Municipal Park last evening and broke his left wrist. He was treated by Dr. L. Munson and then sent to Orlando for further treatment by bone specialists. It was announced today by Sunny's father, O. L. Shuman, manager of the great room at the Table Supply Company on First Street.

## \$60,000,000 Increase Reported In Value Of Florida's Forests

TALLAHASSEE, Aug. 31 (AP)—Florida forests have about 20 percent lower board feet of timber than they did 20 years ago, but they are worth \$60,000,000 more.

State Forester C. H. Coulter estimated the wholesale manufactured value of Florida forest products now is \$135,000,000. When the Forest Service started operating in 1928, the estimated value was \$75,000,000 (about \$100,000,000 at today's prices).

Through reforestation and fire control programs, there are more trees on more acres than in 1928. The decrease in the total volume is due to the fact that most of the stands of big virgin timber have been cut.

In 20 years, sawmill production has been reduced to second place in the forest industry by pulp mills that manufacture kraft paper, kraft board and bleached sulphite.

It is the pulpwood industry's use of small and defective trees, thinning from heavily wooded sections and tree tops left by sawmill crews that has helped build up the total dollar value of Florida forests.

Coulter recalled that the tree

## Draft Board Faces Marital Problems

JACKSONVILLE, Aug. 31 (AP)—The draft board here had a little trouble with a draftee who was asked to register the name of a person who would always know his whereabouts.

A draft board official said a name had the registrant replied, "No, sir, I don't want her to know even place I go."

When assured the board didn't want hourly checks on him, he reluctantly permitted his wife's name to be entered.

## Yugoslav Cabinet Is Re-Organized By Marshal Tito

BEUGRADE, Yugoslavia, Aug. 31 (AP)—Yugoslavia was placed by a hastily adopted decree today under an all-Balkan emergency rule. All the ranking cabinet officers Communists.

Prime Minister Tito, target of recent Russian-led Cominform criticisms, ended his vacation in the Slovenian mountains, called to gather the president of the national assembly and shook up his government.

The most important changes were the elevation of Vice Premier Eduard Kardelj to foreign minister and Interior Minister Alexander Rankovic to vice premier. The Cominform had singled out both by name and blasted them along with him. Both remain in addition, their old offices.

New Communist Stanjko Stojic, who was foreign minister, was given the ineffective post of minister without portfolio.

Meanwhile in Bucharest, Romania, the Cominform resumed its running battle with Premier Tito's regime. Tito also took side against "Wall Street warmongers" and the United States presidential campaign.

The Sept. 1 bulletin of the Cominform's Communist International Information Bureau said Tito's government is "pro-West."

REFUGEES ARRIVE 100,000, Aug. 31 (AP)—A stream of refugees from the Communist regime in Czechoslovakia have arrived in Italy under the protection of the International Refugee Organization (IRO).

The refugees, numbering about 100,000, have left their homeland since last winter's Communist regime took power.

THE FORECAST FOR MARYLAND AND DELAWARE called for strong northwesterly winds late this afternoon and tonight—and fresh northeasterly winds along the New Jersey coast tonight.

Grady Norton, chief forecaster for the Federal Storm Warning Service at Miami, said conditions were favorable for the hurricane to continue its northeast path and remain at sea.

"I feel reasonably sure it will (Continued on Page Two)

## EXTENSIVE LEAD

DALLAS, Aug. 31 (AP)—Former Governor Coker Stevenson's lead over Rep. Lyndon B. Johnson for the Democratic U. S. Senate nomination stretched to 366 votes today. An estimated 300 votes were still out.

An official canvass will be necessary to determine the winner.

FORGOTTEN MAN DIES TRENTON, N. J., Aug. 31 (AP)—Archie Herron, who spent 40 years in New Jersey State Prison for under sentence of death, is dead.

The "forgotten man" of the prison died last night at the age of 89. Twelve he survived sentences to die in the electric chair because of a legal quirk resulting from death of the judge who sentenced him.

VFW CONVENTION ST. LOUIS, Aug. 31 (AP)—Delegates to the 49th annual national encampment of the Veterans of Foreign Wars took time out from speech making and convention business today to stage a mammoth parade.

Scheduled to take part in the parade starting at 1 P. M. (EST) were 20,000 marchers, scores of floats and 100 bands and drum and bugle corps.

THE WEATHER  
Fair through Wednesday. Gentle to moderate variable winds.
