

Lookouts Defeat Vero Beach By Score Of 10-2

Travel To Leesburg Tonight To Clash With Gondoliers

Manager Guy Lacy's Sanford Lookouts yesterday defeated the Vero Beach Indians by a score of 10 to 2 at the Municipal Ball Park before a small crowd.

The Lookouts, behind six hitting by Bob Fisher, Joe Pinder, and Cortez Ward, blasted out 14 runs for 10 runs while the Indians scored for only two.

The locals opened the scoring in the initial chapter with a pair of tallies. They had their big inning in the fourth when 11 men up counted for five runs, a hit batsman, one error and two runs.

They secured another in the fifth and two more again in the sixth frame. The Indians secured their final run in the second inning and went scoreless seven times until the ninth, when a home run by Buddy Hopkins, former team star in the old Central Florida League, counted for their second and final score.

Leading the hitting for the day were Walter Edge of the Indians and Win Brown, Punch McDaniels, Pete Mahalle and Leon Lacy of the Lookouts who accounted for two blows each.

On the mound for the visitors was Johnny Jones, Ray Phillips and Bob Roberts. They were hit hard by the locals who ran their total of hits to 27 for the two exhibition games they have played.

The locals go to Leesburg tonight to play the exhibition tilt with the Gondoliers which was slated on Saturday evening.

Max Schmeling To Fight Steve Dudas

NEW YORK, Apr. 11.—(AP)—Max Schmeling, tuning up for his

77 Star Three-Year Olds Have Already Entered Preakness

BALTIMORE, April 11.—(AP)—Additional stars are due to be entered in an already brilliant field Friday—closing day for supplementary nominations for the forty-eighth running of the Preakness, classic for three-year-old thoroughbreds which Pimlico officials hope will be worth \$80,000 this year.

Seventy-seven horses—including such standouts as Stagehand, winner of this year's \$100,000 Santa Anita handicap and \$50,000 derby, Fighting Fox, Mentor, Noddy, Wise Fox, Sir Raleigh, Danber.

The race already is worth \$62,025, made up from the \$50,000 added by the Maryland Jockey club and nomination fees already paid. The supplementary nominations plus the \$500 fee to be paid by each starter will raise the gross purse to \$80,000, Jockey club officials predict.

Such a purse, of which \$10,000 will go to second, \$5,000, to third and \$2,000 to fourth, would make this Preakness America's richest race for three-year-olds.

War Admiral, last year's outstanding three-year-old, earned \$48,600 for owner Samuel D. Riddle with his 1937 Preakness victory.

Championship bout with Joe Louis June 22 meets Steve Dudas of Edgewater, N. J., at Hamburg, Germany, Saturday night.

The former heavyweight titleholder, who in his last start outpointed England's Ben Ford, and Dudas will go 12 rounds in the main attraction on this week's boxing program.

The only other bouts of importance brings together Jackie (Kid) Berg, of England, attempting a comeback, and Frankie Wallace, Cleveland veteran, in a 10-rounder at the Hippodrome Wednesday night. Berg is substituting for Pedro Montanez, who is suffering from a severe attack of the grippe.

Gondoliers Seen As Outstanding Entry In League

Schaal Thinks Leesburg Team May Defeat Gainesville

By PETER SCHAAL, LEAGUE SECRETARY
ORLANDO, Apr. 11. (Special)—If there's any club in the "southern" division of the Class D Florida State League that promises to halt the almost certain march to the 1938 flag of the Gainesville G-Men it's the Leesburg Gondolier entry which this year will be managed by the veteran Nelson Leach.

This statement is made in full regard of the fact that the outlook at DeLand, Sanford and Orlando, home of the remaining three "southern" end teams is anything but bleak.

With some of the 1937 ace back on the payroll as definite starters in spots they held down with distinction last season, and with Pilot Leach in a position to line up plenty of capable talent whenever needed, all he had to hope was that the New York talent which he imported early this Spring would bear out claims that preceded it. So far it has.

Thus yesterday the Gondoliers had played and won four games in five, dropping the fifth to the Kansas Blues of the American Association, 5 to 11, after Jake Bunch and Jo Jo Marina had allowed but six hits.

The Gondoliers displayed power in beating the Mirabellas of Tampa twice, in turning back the Class B Jacksonville Tars by 9 to 4 and even more talent ability in whipping their greatest rivals, the Sanford Lookouts, 12 to 0.

Standouts in all games to date are some of the newcomers, notably Sody Groat, the full-blooded Mohawk Indian who slammed out four hits in five trips against the Tars; Frankie Drew, highly touted New York state shortstop who has clinched that position with five brilliant performances, and Tom Orcutt, big right-hander from Brocton, N. Y., who promises to be a star along with Bunch, Marina, Lefty Travis, another newcomer.

Groat and Drews both caught major league eyes two seasons ago the former missing a chance in the big show because of his weight, the latter choosing to remain with Leesburg this season. Both promise to be among the league's brightest performers, Groat in center-field, Drew at short.

The Gondoliers at this distance

appear to have what the G-Men may lack—a capable pitching staff that'll be ready at the start. No one doubts the ability of the veteran submarine hurler Bonch Marina and his "Chinese zigzag" is among the greatest hurlers ever to appear in Leesburg. Art Hirdree, also of the 1937 staff, appears ready for his best season. And then there's Kentucky Jim Walters and Sam Margado, the latter recruited from the Tampa Mirabellas team after putting on a great show.

Manager Leach, drawing upon Savannah stock for talent, drew in a prize catcher, it appears, in Bobbie Booth, whose work was good enough to replace that of Jack Ives, New Yorker who came south with Groat and Drews. Booth and Willie Paz, Tampa, will fight it out for the role held last year by Dace Davis, now in higher company.

As the team nears its opener Sunday afternoon at home with Orlando, Pilot Leach has indicated that Bill Gobel of Dunkirk, N. Y., will start at first; Little Rabbit Bonner, veteran of two years in the loop, will alternate at second with the manager; Drews is a cinch at short; Steve Riek of Buffalo, N. Y., will handle the third base assignment; Chet Clemens, holdover from 1937, will be in left; Groat in center, and Frank Fry, North Wales, Pa., will be in right.

Leach already has reduced his squad to 20 men, and he'll drop two more by Sunday. Tuesday night he plays the Rollins Tars in Leesburg where Hal Brady, Leesburg youth, will pitch against the Gondoliers.

Lee Meadows piloted the team into fourth place and a crack at Gainesville in the Shaughnessy play-off of 1937 after one of the greatest late season drives in the league's history.

The prediction is that the 1938 team will start fast, finish the same.

A statue of Lady Godiva is to replace a war-time tank in the center of Coventry, England.

SANFORD MARKET REPORT

Daily report of sales of fruits and vegetables at the Sanford State Farmer Wholesale Market to truckers, cart assemblers and other dealers for a 24 hour period ending at 6:30 A. M. today, as reported by J. U. Michael, Manager.

ORANGES: Fla. and Fla. comb. \$1.20-\$1.25; US 2a, \$1.05-\$1.10; 4a, 2a, bags, comb. 2c; US 2a, 2c, \$1.10-\$1.15; Fla. and Fla. comb. \$1.05-\$1.10; US 2a, 2c, \$1.05-\$1.10; 4a, 2a, bags, comb. \$1.05-\$1.10; US 2a, 2c, \$1.05-\$1.10.

Europe Sees Hope In New Peace Moves

Britain May Sign Pact With Italy Ending Animositities Dating From Ethiopian War

French Strikers Reach New High

Decisive Battle Is Anticipated On Sino-Jap Front

Despite wars on two continents and spreading French strikes, the apparent readiness of Great Britain and Italy to sign a friendship pact today cast a hopeful light on Europe's efforts to stave off a general war.

An agreement between Great Britain and Italy, to end animosities dating from the outbreak of the Ethiopian war in 1935, was being shaped up to be signed Saturday in Rome.

Evidence of new unity was seen in an announcement that Leslie Hore-Belisha, British War Minister, probably would pay a courtesy call on Premier Benito Mussolini.

New strikes in France raised the total of strikers to more than 140,000 and the number of occupied plants—some flying the Red flag—to 119.

Spanish government forces broke through a solid front of insurgent armies driving through Catalonia to reach the Mediterranean.

Both Japanese and Chinese still are preparing for what they expect to be a decisive battle in Shantung province.

Yesterday trainloads of Japanese troops and ammunition rolled into North Central Shantung Province in a race against time as beleaguered Japanese at Yihien

(Continued on Page Four)

The "Silver Lining" Is Advertising...

When a person advertises he should consider three factors in order to get results: first, an ad must be seen; second, it must be read; and third, it must be believed. Ads in The Sanford Herald are seen because 2000 persons take this newspaper; the ads are read because the public has got the habit of looking through these columns to find bargains and to keep in touch with business activity; the ads are believed because phoney dealers seldom come to a newspaper office to proclaim their wares, (when a person advertises in a newspaper he gives to his product a dignity and authenticity lacking in certain other media). The fact that more and more persons are taking advantage of our classified columns shows that the public believes in advertising and is evidence that merchants, both large and small, are missing a bet if they don't heed this acquired characteristic of the public.

The Sanford Herald

VICTIMS OF LOVE TRIANGLE

While 17-year old Grace Carter (left) sat on a piano bench beside her new admirer, R. Joseph Smolka, jazz orchestra musician from Elmira, N. Y., and played "It Doesn't Pay To Play With Fire" at her home in Clinton, N. C., her sweetheart, Cameron Tew (right), 21, shot and killed Smolka, wounded the girl and then drowned himself in a nearby creek. The coroner listed the tragedy as murder and suicide.

Union Denies Routine Matters Are Considered By Commissioners

Intent To Make CIO Permanent Story In New York Times Indicates Split In Groups

NEW YORK, Apr. 12.—(AP)—The Times said in a special dispatch from Washington today that the International Ladies Garment Workers Union will not respond to a call for a convention to form the Committee for Industrial Organization into a permanent group should the CIO decide upon such a meeting.

David Dubinsky, president of the Union, said "I absolutely deny it" but admitted other officials of the Union may have been responsible for rumors of such a rift.

The Times story said the Garment Workers Union, third largest in the CIO, would withdraw from the CIO in the event it made a permanent organization and for a while wouldn't be affiliated with either the CIO or the AFL, but later might return to the AFL.

Whitney Is On Way To Sing Sing Prison

NEW YORK, Apr. 12.—(AP)—Richard Whitney, handcuffed to an extortionist and a man convicted of assault, was put aboard a train today for Sing Sing prison while fully 5,000 persons, in and around Grand Central Station, tried to catch a glimpse of him.

Whitney, bankrupt broker and former head of the New York Stock Exchange, yesterday was sentenced to serve five to 10 years for grand larceny.

The socially prominent Whitney was taken from the Frank prison here to the railroad station in a regular police "Black Maria".

Huge Sum Is Voted For Use By Farmers

Nearly Eight Hundred Million Dollars Recommended For Agriculture In House

WASHINGTON, Apr. 12.—(AP)—House Appropriations Committee recommended \$796,222,150 for the Agriculture Department's use during the fiscal year beginning next July 1.

Aggravated by automatic annual appropriations, the chief of which is \$147,000,000 for surplus commodity in charge, the funds available to the Department for spending during the year will total \$951,740,221.

The appropriation recommended to Congress by the committee was \$22,230,019 less than for the current year and about \$10,000,000 less than the Budget Bureau's estimates submitted to President Roosevelt six months ago.

The House refused to accept the far-reaching amendments the Senate wrote into the tax revision bill and sent the measure to conference when an attempt will be made to work out a compromise.

The House acted after Representative Lammock, Ohio Democrat, urged the acceptance of the Senate bill as it now stands as a means of encouraging business.

President Roosevelt plans to lay the full import of the economic crisis before the nation—possibly in a radio address Thursday night—and also may send his special relief message to Congress at noon the same day.

White House Secretary Early, in making this announcement last night, said the plan was tentative but that it would go through if the president can find time to draft the message and the speech.

The announcement came as Roosevelt put new impetus behind his drive to mobilize the agencies' vast lending and spending agencies into the mightiest "pump-priming" assault on the trade slump since the hectic days of 1933.

During the day he cancelled all other engagements and conferred with a parade of congressional leaders, agency heads and fiscal experts on the final shaping of his program which will pour at least \$1,000,000,000 and possibly more, into logging, industry and agriculture.

Kotarians Lead In Theater Services

Pointing to the necessity and the power of prayer, George Rollins, president-elect of the Rotary Club, was in charge of the program in the second of a series of pre-Easter services conducted at the Ritz Theatre today.

Mr. Rollins declared that business and professional men before any important undertaking should first seek divine guidance in their work.

Attendance at the meeting today was sponsored by the Rotary Club. Tomorrow the American Legion is in charge of attendance and T. W. Lawton is in charge of the program. Frank S. Lamson acted as song-leader, today, accompanied at the organ by Miss Dorothy Ha'nes. The public has been invited to attend these meetings which are sponsored by the Sanford Ministerial Association.

Chaliapin, Famous Russian Basso, Dies

PARIS, Apr. 12.—Feodor Chaliapin, great Russian basso, died today at the age of 61. His death resulted from a kidney ailment which brought on anemia against which blood transfusion was unavailing.

He died in a Paris apartment, his home in exile.

ALABAMA FLOOD VICTIMS RESCUED FROM HOMES

With countless rivers and creeks overflowing their banks, thousands of Alabamians were forced to flee their homes in what was feared might become the worst flood in the state's history. Here are some residents in the flooded area of Birmingham shown being rescued from the rising waters by police boat patrols. The flood menace came in the wake of a disastrous tornado that killed 13 persons in Aliceville, Ala.

Roosevelt Asks Congress To Find Railroad Panacea

President Sends No Recommendations To Capitol Hill

WASHINGTON, Apr. 12.—(AP)—President Roosevelt told Congress, in effect, yesterday to figure out for itself how to cure the ills of the Nation's \$21,000,000,000 railroad network.

Pointedly, he refrained from sending any recommendations of his own to Capitol Hill, where his reorganization bill was defeated and where he received other blows.

He did transmit a mass of recommendations from his advisers, including proposals for the purchase of railroad equipment and other millions to rescue the carriers from their plight.

Displaying perhaps a trace of impatience over the recent House vote on government reorganization, he suggested it would be the part of "common sense" to consolidate the seven Federal agencies dealing with transportation into two, one handling executive functions, and the other all activities of a judicial or legislative character.

He also chided past congresses for clothing the Interstate Commerce Commission with "purely executive functions," declaring that this was, "in all probability, unconstitutional."

However, he did not press the point, declaring it was "more important for all of us to co-operate in preventing serious bankruptcies among a large number of railroad companies, great and small."

He said immediate legislation was necessary pending formulation of a "permanent program."

Congress seemed in no hurry to act.

One leader said there probably would not be much in the way of legislation this session, unless it was a bill dealing with court procedure. Some Roosevelt advisers (Continued on page six)

Railway Organ Has Article On Sanford

The story, "Sanford, Florida: The World's Celery Center," which appeared in a recent issue of the Atlantic Coast Line News through the courtesy of George E. Rollins and the Seminole County Chamber of Commerce, has been reproduced in the April issue of The C & E I Plover, official organ for the Chicago and Eastern Illinois Railway.

Outlining briefly the history of the city, the story tells of the attractions offered in the fourth smallest of Florida's 67 counties which "led the entire State in production of fruits and vegetables last season."

The story appearing in the current issue of the railway magazine will have a wide circulation throughout the entire system. It was reproduced by permission of the Atlantic Coast Line News, 30 years.

Negro Slain, Judge Hurt As Chicago Votes

Precinct Captain Reported Kidnaped As He Walks In Front Of Balloting Place

Democrats Fight For Party Control

Issue Lies Between Chicago Mayor And Illinois Governor

CHICAGO, Apr. 12.—(AP)—A negro was slain, a precinct judge assaulted and a precinct captain reported kidnaped today as Chicagoans balloted in a statewide primary election.

Babe Perry was shot to death during a political argument in which police said he and another negro apparently fought a pistol duel.

Three men beat Robert H. Andre, 25, precinct judge, but after treatment at a hospital he took up his post at polling place.

Thomas Daney, precinct captain, was reported kidnaped while walking in front of a polling place in the North Side.

The big prize at stake was control of the Democratic party in Illinois, with forces of the Chicago organization headed by Mayor Edward J. Kelly and National Committeeman P. A. Nash opposing the "downstate" organization of Governor Henry Horner.

A force of 5,000 regular and special police and at least 6,000 watchers were recruited for duty at Chicago polls.

Both factions joined in the unusual precautions against violence and reports of two slaying and a shooting and conflicting interpretations of the election laws.

Nash, instructed his watchers to challenge Republican voters who seek to cast a Democratic ballot, Nash contended all who voted Republican in the 1936 election, Gov. Horner appealed to Republicans to aid in "washing the Kelly Nash machine" by switching to the Democratic side Horner and the Chicago Board of Election Commissioners insisted such action was permissible.

Republican chiefs urged the G. O. P. faithful to stay out of the Democratic struggle and made a huge vote as a protest against the New Deal in the Nation's first primary.

Gov. Horner called in 35 State policemen and proclaimed more if necessary to augment the special staff of 150 officers drafted by his Chicago ally, State's Attorney Thomas J. Courtney, from the suburbs and the ranks of retired patrolmen. The governor also placed 25 State police automobiles and the State radio facilities at the disposal of the prosecutor.

Police Commissioner James P. Allman assigned 4,200 Chicago policemen to the polls. The election board gathered a force of 100 special officers.

Dr. Jay Keeler To Address Kiwanians

Dr. Jay Keeler, for 18 years dean of the American Institute for Visual Educational Research of New York, will speak at the weekly luncheon of the Kiwanis Club in the Valdez Hotel Wednesday at 12:15 o'clock. Secretary Karl Nordgren announced today.

Dr. Keeler is making a survey of the State to determine the extent that colleges and schools of the State are using visual aids, especially scientific educational motion pictures, as a supplement to instruction.

LOCAL WEATHER

Partly cloudy tonight and Wednesday, probably scattered showers in extreme south portions; slightly warmer in north portion tonight.

CITY NEWS BRIEFS

Local units of the Florida National Guards held their weekly drills in the Armory last night.

The regular meeting of the local Chapter of DeMolay was held in the Masonic Temple last night.

The weekly meeting of the Chess and Checker Club will be held in the Valdez Hotel tonight beginning at 7:30 o'clock, officials said today.

The weekly meeting of the Woodmen of the World will be held in the American Legion Hall Tuesday night at 8:00 o'clock, officials of the Lodge announced today.

The weekly drill session of the Sons of the Legion, Drama and Rifle Corps will be held in the American Legion Hall Wednesday night at 7:00 o'clock, advised Perry Meero reported today.

Deputy Collector of Internal Revenue J. L. Hunt will be in the Chamber of Commerce all day Wednesday to discuss Social Security taxation and receive returns from all who wish to file.

The monthly meeting of the Board of Directors of the Seminole County Chamber of Commerce will be held in the Chamber building Tuesday night at 7:30 o'clock, according to an announcement of President T. E. Simpson.

The Rev. A. S. Peck will be the guest speaker at this week's meeting of the Townsend Club in the Welaka building Thursday night at 7:30 o'clock, officials announced today and extended an invitation to the public to attend the meeting.

Executive Asks For Railroad Equality

JACKSONVILLE, Apr. 12.—"Give us equality and give us a chance to run the railroads ourselves and you won't have to worry about the railroad problems."

Such was the declaration yesterday of Col. Robert S. Henry of Washington, D. C., assistant to the president of the Association of American Railroads, as he concluded an address before the Jacksonville Traffic Club.

Members of the Advertising Club and the Exchange Club joined the Traffic Club in the Mayflower hotel meeting.

Of equality, Colonel Henry had said: "Give the railroads an equal chance to make a living; give them equality in regulations, taxation and treatment generally."

He had added: "Let railroad men have a chance to play with these choo-choos a while—every one else has run them for the last 30 years."

Injunction Is Sought Against Kennel Officials

Goldberg Attorneys Charge Interference In Complaint

A battle in the Courts for control of the Greyhound racing plant near Longwood may result from the bill of complaint filed by attorneys of the Mizarlit Park track, Inc., operators of the track under a 10-year contract with the Sanford Orlando Kennel Club, in which the plaintiff is seeking to enjoin officials of the Kennel Club from interfering with the contract which has been in effect between the two firms for the past three years, records in the office of the County Clerk indicated today.

In the bill of complaint, attorneys for the plaintiff have cited several instances of violation of the contract, including an instance in which Walter C. Anderson of the Kennel Club, was alleged to have caused the premature closing of the racing season, impeding help and attempted to "kick" the Greyhound owners out of the knowledge of Meyer Goldberg who is President of the Club and under the contract between the firms a suit to be solely in charge of the management of the track.

The bill of complaint also shows that at the close of the racing season, Mr. Anderson moved a certain party on the premises as night watchman without consent of the board of directors or that of Mr. Goldberg, also declared a direct violation of the contract.

"If the Sanford Orlando Kennel Club continues as they have threatened and now now interfering in total disregard of the rights under the contract," the result will be a destruction of the investment of the Mizarlit group. The bill of complaint further stated alleging that the Kennel Club is conspiring to seize the racing plant.

It was pointed out that Mr. Goldberg and his associates came to Florida three years ago to take over the management of the track and under the provisions of the contract had spent more than \$25,000 for repairs in addition to the settlement of all liens against the property which had been inactive for several years and up to that time had never been a paying proposition.

During the season just completed (Continued on Page Five)

Lion's Directors To Hold Meeting

In place of the regular meeting of the Lion's Club scheduled for Wednesday night, there will be a meeting of the Board of Directors at the home of President C. E. Adams, at 8:00 o'clock, officials of the Club announced today.

Friday at 6:15 P. M. all Lion's will meet at the Seminole Tire Shop where they will leave for Orlando to join Orlando and Eustis in an inter-club meeting in the Colonial Orange Court Hotel.

BIBLE VERSE FOR TODAY

Make good deeds predominate: Her sins which are many, are forgiven: for she loved much.— Luke 7:47.

THE HARVEST WAITS

God hath been patient long in corns past. He plowed the waste of China. He hath sown the furrows with His words. And from His throne showered the grain, planets up on the vast.

What need of glory hath He from the past? Shall He not reap, who sows but prayer and trust? The harvest waits... He cometh to His own.— He who shall write the story best of last.

When the accumulated awnings of death Ujst the rank worlds as rills are chinked with leaves. Then shall that fall the million orbs, as leaves Unfruitful gleaned; and, in His eye sublime, the gathered stars, and with a breath Whirl the spumed shaft adown the void of Time.

—Lloyd Mitchell.

Orta Garbo is rumored as the recent purchaser of the famous \$350,000 "Regent" diamond. That must be told in them that batons.

Some of this "Spring" weather they're having these days up north would have done Florida more good if it had arrived last winter.

Among other things, the Eustis Chamber of Commerce plans to place suitable markers along the waterway to the St. Johns River some time this year.—Eustis Lake Region.

Frank Huffaker of Daytona Beach, well known in the publicity field, died of heart ailment the other day at the age of 59. He will be greatly missed by his many friends in this city.

"Co. Commissioners Look Taxes in Face" is a headline in George Hammer's Southwest Florida. That's nothing, George, old friend. The rest of us not only look them in the face but tussle sleepless in bed with 'em.—Leesburg Commercial.

Must every man who has failed at about everything else will tell you if given the opportunity, about an invention that he has in mind that would sweep the country, if he ever got it patented, says the Titusville Star-Advocate. Probably a new kind of boom.—Miami Post. Yeah, with electric lights, radio and automatic bar attached.

President Roosevelt recognized that something has got to be done to aid the railroads if they are going to continue at all the service they render. Figures show that in February Class 1 roads lost \$4 million dollars, more than \$3 million dollars in January. If the roads were as rich as Croesus, they couldn't continue, even losses indefinitely.

Local farmers who have plowed up about two-thirds of their crop and got less than the cost of production for the balance should be interested to know that during the past year the value of listed stocks on the New York Exchange has declined about 21 billion dollars, a drop of about 15 percent. This may be merely an coincidence, as it occurred when the price of sugar was about half of what it was a year ago, but most of the people who are selling their stock are down as

A Whitney Goes To Jail

We wonder why conditions are chaotic throughout the world, why there is a general lack of confidence among business men and on the part of the public as a whole. We wonder why there is developing a feeling of class consciousness in this country which threatens civil strife and political discord.

And Richard Whitney, until recently president of the New York Stock Exchange, head of one of the most important brokerage firms in Wall Street, brother of a Morgan partner, goes to jail for stealing securities belonging to friends and relatives, convicted by his own words of grand larceny in the misuse of securities entrusted to his care. One can sympathize with a man of his proud estate, with his rich inheritance and his education, his lovely family and fine background, of splendid traditions, his brilliant intellect which places him mentally among the first hundred thousand in this whole country, who now must spend five or perhaps ten years in a Sing Sing cell block with common thieves.

But one cannot excuse it. Judge Bohan did exactly right in sending Whitney to jail in spite of his plea of guilty and the fact that he threw himself on the mercy of the court and assisted in every possible way with the government's investigation of his firm's activities. Whitney's great crime was that he had caused "a setback for the decent forces of the world."

The losses which his family and his friends have suffered because of his manipulations are unimportant. Fortunately the savings of the poor, or of the public generally were not involved. But the disgrace to his family, and the shock to public confidence are vital.

Perhaps some benefit from this wreckage can be salvaged by the discovery that a millionaire, even the brother of a Morgan partner, can be sent to jail for stealing a million dollars, even as a hungry negro for stealing a banana.

Fifty Million "Yes Men"

Adolf Hitler's proud boast is that Germany is the greatest democracy in the world. Didn't he give the people a chance to vote on his annexation of Austria, and didn't they vote better than 99 percents in favor of it? Didn't he let them vote on his re-occupation of the Rhineland, and weren't they 98.8 percent in favor of that? And in 1934, didn't they elevate Hitler himself to supreme dictatorial power by a vote of 89.9 percent? If that isn't democracy, what is it? There isn't another democracy in the world where the people are so overwhelmingly in favor of what is being done, not even Russia.

But what queer elections they hold over there! The people don't choose between Bill Smith or John Jones as they do in this country. They vote for Hitler, or else? In Sunday's election the question was simply "Are you in favor of the union of Austria with Germany?" The people had been told the blessings of that union. They had not been told what would happen to them if they were not in favor of it.

But they probably had their suspicions. Most of the leaders of the opposition had already been thrown into jail. Anti-Nazi had been arrested for distributing handbills opposing the union. Anyone who spoke a word against Hitler or the union was promptly put in jail. Jews were not allowed to vote at all.

Meanwhile in the newspapers, over the radio and on the stump, Nazi propagandists kept up a constant stream of promotion for the cause of the greater Germany. Morning, noon and night it was dinned into the ears of the people what this great Hitler by God's will was doing for Austria and the German people.

It is no wonder that Hitler won an overwhelming vote. The wonder is that about one man in four hundred had the courage, but-headedness and intellectual honesty to stand up and be counted against the idiotic regime which is dragging Europe and perhaps the whole world into another war.

Hitler says that Germany is a democracy because he has allowed the people to vote. But in a real democracy the people do not have to be "allowed" to vote; they vote as a natural God-given privilege. And they vote as they please, not as they are told.

"LEASH, an exclusive new cologne for good house dogs," is advertised by Donwit Teller, a New York department store. "Every summer," the advertisement continues, "an increasing number of women come in to buy cologne for their pets—they say even the stornest mastiffs are pleased because it makes them socially acceptable at all times. So we've brewed a deodorizing cologne with a clean woody scent. Nothing stinky about it. As refreshing as a run under the sprinkler."—The New Masses.

THE WOMAN'S CLUB of Shelburne Falls, Massachusetts, has made a dilapidated old trolley bridge which spans the Deerfield River into a unique beauty spot—a Bridge of Flowers. A fence along one side of the 400-foot span is a mass of trailing vines, while perennials and annuals massed along each side of the gravel footpath make the bridge a gaily colorful spectacle long remembered by automobile tourists who pass.—American City.

SANFORD TWENTY YEARS AGO

News just comes to Mr. and Mrs. U. I. Loucks that their son, Karl, who visited them in Sanford last Christmas, has been promoted to First Lieutenant in the 41st Regiment Infantry. He is at present in command of Company A of that Regiment and is stationed at Fort Bliss in El Paso. This is a distinction because it is rare that officers under the rank of captain are placed at the head of a command, while here Christmas Mr. Loucks held the office of Second Lieutenant.

Mrs. Corris A. Spear returned last week from a visit to her son, Oscar Spear, who is in the 121st Infantry stationed at Camp Wheeler, in Brown, Ga., and is part of the 1st Division in the 3rd Army.

of health and enthusiastic over his army work. The annual commencement week plans which will be given at the High School Auditorium Wednesday evening, Apr. 24, at 8:30 o'clock. A. V. McClain is having his home grove planted. Unable to bear, who had been to a crib last night after a recent examination, the consultant of the Royal College of Physicians and Surgeons in making the world's class of 1938 today's class.

STRANGE AS IT SEEMS—By JOHN HIX

For further great address the author, inclosing a stamped envelope for reply. Reg. U. S. Pat. Off.

Illustration of a woman and a child with text: 'Rose Hampton, Metropolitan Opera prima donna, sings in 4 different voices... SEE-SAW CHILDREN—BUILT BY A MINER OF MINDEN, NEVADA, 1863. SO THAT HIS CHILDREN COULD WORK AND PLAY AT THE SAME TIME! THE GIANT TITAN—South American beetle grows as big as a pigeon! WORLD'S BIGGEST BEETLE. IT ATTAINS A LENGTH OF 9 INCHES! 4-11-38'.

GIANT BEETLES OF BRAZIL

Largest and one of the most terrible in appearance of all insects is the huge Titan beetle of Brazil, better known as the Giant Titan beetle. Strange as it seems, this colossus, which can fly, surpasses in size many of the smaller birds common to the region of South America inhabited by the beetle. Some specimens have been found that measure nine inches in length, one would just comfortably fit into your shoe!

The Titan beetle belongs to the long-horned group, so called because of the extraordinarily long antennae characteristic of the species. Entirely black, it has a satiny sheen to its surface. It bears an enormous pair of toothed jaws which can deliver a painful bite.

FOUR-VOICE SINGER... One of the youngest prima donnas at the Metropolitan Opera House in New York City is Rose Hampton, officially listed as a dramatic soprano. Yet, strange as it seems, Miss Hampton also sings concert program in three other "voices"—contralto, mezzo-soprano, and coloratura.

This versatile singer made the "Met" debut as a contralto in 1932, at the age of 21. This season, for the first time, she was listed as a soprano in the official prospectus, and will sing soprano roles exclusively from now on.

Actually, Miss Hampton says in explanation, "there are but three half tones getting off the accepted range of contralto and mezzo-soprano. The tone quality is the essential difference. Most of the singers who have set the precedent of so-called voice changes have, in reality, but discovered a new quality in their voices."

HOBBY HORSE CHURN... The legendry of a Minden, Nevada, miner was responsible for the odd-looking churn pictured above, now a part of the collection at the Pony Express Museum in Arcadia, California. The miner found his children enthusiastically churned butter on the odd device which he built like a hobby horse, on rockers.

Tomorrow: The four-man prize fight.

WEEKLY NEWS COLUMN

By JOE HENDRICKS

IN ALL HUMILITY: Thanks a million to my most appreciative constituents for the confidence they have expressed in me by re-electing me to Congress without opposition. I hope that I can prove myself more humble than ever in your sight, because I realize that it was you and not I who elected me. I shall try to show my appreciation by striving harder than ever to merit your confidence. Again Thanks.

MEXICO AND JAPAN: We had many protests about our large appropriation for national defense. Those who have studied the question are looking to the countries south of us and wondering how along the Monroe Doctrine would be without Theodore Roosevelt's proverbial "big stick." Recently Mexico appropriated over \$400,000,000 worth of English and American oil properties to sell much of this oil to Japan. Of course, any country can sell oil to Japan but is there some sinister agreement between these two governments? After all, there is evidence of fascist tendencies in the present Mexican government. Japan loans to us and we do not know what the possibilities of mutual cooperation between the two countries may mean. It is well to observe what follows.

THE TVA INVESTIGATION: I think that one of the safest things for any party or any Administration to do is to investigate any agencies which they have created and which are charged with corruption, particularly when such charges are made with good faith and there is any evidence of truth to the charge. For that reason, I was in favor of the TVA investigation and sincerely hope that any corrupt practice concerning that agency will be disclosed to the American public. The Democratic Party and this Administration can use more "Teapot Dome" than could the Republican Party. Regretfully, such corruption in Government such as the "Teapot Dome" scandal has not been found by a Democratic Administration.

AIR PASSENGERS: I have taken a number of trips on the great Eastern Air Lines planes from Washington to Florida and one would be amazed at the comfort of a ride on one of these planes but the service is developing rapidly in every phase, particularly in its becoming safer. This is testified by the fact that more passenger miles are flown by American airlines than by all the 17 European countries for which statistics are available. Passenger mileage has increased one and a half times over the 1933 level, data of the Commerce Department shows.

THE AMENDMENT HELPED: More than one hundred million dollars of new business has been received by the FIA since the amended National Housing Act was signed by President Roosevelt. F. B. S. Business has reached new peaks for three consecutive weeks with seven-tenths of the mortgages submitted for approval estimated as representing approximately \$100,000,000.

WPA PROJECTS: I am glad to announce Presidential approval of the following WPA projects: No. 22296 for street improvement in Orange, Florida; No. 22297 for maintenance and expansion of sewing rooms in Lake County.

Plenty of Policemen were present at the Beach, Fla. rally in Palm Beach when the National International Police was thrown in.

ST. LAUDERDALE, Apr. 11.—The annual convention of the Florida Institute of Accountants will be held at Gainesville May 13 and 14, according to an announcement made today by Gen. M. L. Luff, secretary of the Institute.

The meeting will be held in connection with the College of Business Administration and those attending will be guests of Delta Alpha Psi, the honorary accounting fraternity at the University of Florida. Dean Walter J. Matheny and Dr. J. B. M. Thibault, professor of accounting at the University, will be in charge of arrangements for the meeting.

THE SANFORD FORUM

Dear Editor:

The reason a lot of people are against giving Mr. Roosevelt more power in his Reorganization Bill is because he has not made it plain just why he needs it, and it is hard to give anyone anything they don't need or else are so dumb that we can't understand WHY, and no one wants to put his life in the hands of any ONE man that he does not understand, although we talk our lives with the Doctors, but we generally know more about the Doctor that comes in our homes than we know about the President of the United States.

We generally know how a Doctor gets to be a Doctor, but we don't know just how a Man gets to be President of the Government, and when the President thinks it is necessary for him to name our Doctor, without him telling us WHY, we are naturally sceptical.

Since everybody is smart enough these days to have some sense of reason, then we ought to know the reason for Democracy, and why the President doesn't do by it himself, we get others to do likewise for example.

The line, on we call patriots—politicians, is because of unfair laws and unfair methods of enforcing them, called unfair discrimination, and special privileges, and not telling things just like they are, which don't work out and is not Democracy. Our democracy came through Jesus Christ, who went by the Law, or fulfilled it by example and not by Theory, and he started us off with a Democracy that will work prosperity for all, immediately, or as soon as the majority of the People start telling everything just as it is, or as it happened. Then we will know WHY things are not so good today, and what to do about it, and not until, will any other correction stay made.

Sincerely yours, Carl O'Haway

Educational Meets For Florida Citrus Growers Are Planned

GAINESVILLE, April 12.—Plans for a series of educational meetings to be held throughout the Florida citrus belt April 22-30 by the State Agricultural Extension Service have been practically completed, and county schedules will be announced soon by county agents.

Information to be given by Extension officials, it is hoped, will aid growers in coping with some of their more pressing problems of production and marketing. Increasing production of both oranges and grapefruit throughout the United States during recent years has caused serious problems to arise with the citrus industry, the Extension workers point out. There has been a downward trend in grapefruit prices during the past decade and in orange prices for the last two decades, they say. Prices this season for oranges have been especially unattractive, while grapefruit has sold slightly higher than it did last year.

Citrus fruits contribute from 10 to 15 per cent of the total annual income from farm products, nursery products, says D. E. Timmons, Extension economist in marketing. "Anything which can be done to improve conditions among citrus growers will help the entire state."

It is planned to discuss citrus prices, costs and returns, insect control, soil and fertilizers, and related topics at the meetings.

Two Are Assigned To Study Weevil Control For Florida Cotton

GAINESVILLE, Apr. 12.—Further aid to Florida farmers in reestablishing the Sea Island cotton industry is being extended by the United States Department of Agriculture, which has just assigned two entomologists to work on the weevil control. Two others are expected to arrive in May, and will work in cooperation with the University of Florida Agricultural Experiment Station.

C. S. Rude of the Bureau of Entomology and Plant Quarantine in charge of the office, and is assisted by I. C. Fife, who has spent the last three years in Puerto Rico in pink boll worm control. They have established plots at the Experiment Station farm at McIntosh, and expect to inaugurate cooperative field plots with growers at different points. Experiments will include trials of various methods of boll weevil control with the long staple cotton.

Two men assigned here two years ago by the Bureau of Plant Industry to aid Sea Island growers with their production problems are continuing this year from headquarters already established in the Experiment Station. They are M. N. Glat and Gus McGiff.

Social Calendar

TUESDAY
There will be a special call meeting of the Seminole Rebekah Lodge at 7:30 o'clock.
The Asarian Class of the First Baptist Church will hold its monthly meeting at the church annex at 7:30 o'clock with the following as hostesses: Mrs. H. A. Moreland, Mrs. Allen Gordiner, Mrs. M. L. Raburn.

WEDNESDAY
The Sarah Parker Orphanage Club will hold its regular monthly business and social meeting at the home of Mrs. George McCrum at 3:00 P. M., with Mrs. John Vaughn, and Mrs. H. H. Duncan as co-hostesses.

THURSDAY
An Easter Egg Hunt for the Primary Department of the First Presbyterian Church will be held at the Church at 3:30 P. M.

FRIDAY
The Women's Club Country Dance will be held at 8:30 P. M. at the Club House.

Pan-American Day Will Be Observed

Pan-American Day will be observed with a special program to be given by the Pan-American Club of Seminole High School on Thursday morning at 10:00 o'clock in the High School auditorium. This day is celebrated annually in all of the American Republics as "The Day of the Americas."

Florida has been a national leader in this movement organizing clubs throughout the state. The Sanford club was organized this year by the Spanish department of Seminole High School.

Officers of the club are as follows: Miss Nancy Rossetter, president; James Colbert, vice president; Miss Anne Benson, secretary; Miss Mary Ellen Leaker, treasurer; Walter Haynes, reporter; and Miss Daphne Takach, pianist.

The public is invited to attend the program on Thursday morning which will consist of Spanish songs and dances in costume.

Personals

Mrs. Fred Scott spent the weekend in Jacksonville.

Simma Smith visited in Bainbridge, Ga., during the past weekend.

Mr. and Mrs. Harry Tooke have moved to their new home at 1004 Palmetto Avenue.

Edward Higgins, Frank Woodruff, and Jack Woodruff spent the weekend at Coronado Beach.

Mr. and Mrs. John L. Miller, and daughter, Jeanne Lane, spent the weekend in Cocoa visiting friends.

Mrs. W. C. Hill and Miss Caroline Hill have returned from Valdosta, Ga., where they visited during the weekend.

Mr. and Mrs. J. M. Moore announce the birth of a daughter on Apr. 10 at the Fernald-Laughton Memorial Hospital.

Mr. and Mrs. J. H. Colejohn and Mrs. R. H. Deas attended the Rubinoff Concert in Daytona last evening.

Mrs. Kerfoot Bryant of Lakeland is expected to arrive to visit her parents, Mr. and Mrs. J. T. Newby for the weekend.

Friends of Dickie Frank, young son of Mr. and Mrs. R. A. Frank, will be glad to learn that he has recovered from measles.

Robert Cornell will arrive Thursday from Atlanta where he is a student at Georgia Tech to visit his parents, Mr. and Mrs. R. L. Cornell.

Friends of Mrs. R. D. Price, will be glad to learn that she is improving at the home of her daughter, Mrs. Herbert Stewart on Oak Avenue.

Miss Mary McMahon and Mac Huddleston motored to Gainesville on Saturday to attend the houseparty at the University of Florida.

Friends of W. A. Adams will be glad to learn that he has been moved to his home in Room 201 of the Fernald-Laughton Memorial Hospital.

Miss Jane Sharon will arrive tomorrow from the Florida State College for women at Tallahassee to spend her spring holidays with her parents, Judge and Mrs. J. G. Sharon.

George Anderson will arrive tomorrow from Baton Rouge, La., where he is a student at Louisiana State University, to spend his Easter vacation here with his parents, Mr. and Mrs. O. H. Anderson.

Miss Eleanor Hickson, Miss Kathryn Thigpen, Miss Virginia McElroy, Miss Clara Meisch, and Miss Ruth Meisch are among the

Plans Are Arranged For Easter Egg Hunt

Final plans for the Easter Egg Hunt to be sponsored by Circle Number Two of the First Christian Church Saturday afternoon at four o'clock in the Park Avenue Park between Fourth and Fifth Streets, were made at the Circle meeting held yesterday afternoon at the home of Mrs. J. J. Bolly.

Fifteen hundred eggs will be hidden and four prizes will be given to the finders of the Golden Egg, the Lucky Egg, the most eggs, and to the child selling the most tickets. Mr. Marenette will give a theatre party for Mrs. Bolly, chairman of the committee, and winners of the prize.

Mayor Higgins has authorized Chief Williams to have Fourth Street between Park and Oak Avenues roped off from 3:30 to 5:00 o'clock as a protective zone for the children. Miss Irene Hinton will have Camp Fire Girls on duty at each corner of the Park to assist the children in crossing the streets.

Following the business meeting Mrs. Bolly surprised her guests with an Easter Egg Hunt in the yard of her home. Mrs. Ray Fox was awarded an Easter basket for finding the Lucky Egg, which was hidden in a mocking bird nest in a Spanish bayonet. Mrs. A. J. Lossing was given an Easter basket as a consolation prize.

Ice-cream and cake was served to the following: Mrs. Lee Conley, Mrs. Edmett McCall, Mrs. Ray Fox, Mrs. Leonard Niblack, Mrs. J. L. Horton, Mrs. Julian Wilson, Mrs. B. T. Humphrey, Mrs. A. J. Lossing, Mrs. W. D. Thornton, and Mrs. Walter Mewing, visiting guest.

Verna Harriett Is Honored With Party

Verna Harriett was honored with a surprise birthday party by her sister, Mrs. James Chestnut, on Thursday evening at her home on Third Street. Games and prizes were enjoyed until a late hour after which refreshments were served.

The guests were: Verna Harriett, honor guest, Pauline Johnson, Thelma Whitton, Ann Brown, Ruth Weaver, Eileen Owens, and Edith Chestnut. Also Carol Godwin, Freeman Hall, Freddie Field, William Owens, Russell Cleveland, and Manning Harriet.

Wrong Is Right On Alaskan Road

ANCHORAGE, Alaska—(AP)—Driving on the "wrong" side of the road may be all right at times in Alaska, a federal judge has decided.

Observing that on the territory's country roads there sometimes is "one beaten track or lane of travel" used by automobiles traveling in both directions, Judge Simon Holmlund instructed a jury in an accident case that a motorist is not necessarily negligent because he drives on the left-hand side of a road in which but one track is being used, provided he drives cautiously.

Sergei Bachmannoff, noted pianist, said in London recently that he had tried in vain to understand modern music.

OVIEDO

Rev. and Mrs. Day went to Jacksonville, Thursday.

William Henry Martin carried a party of young people to Jacksonville Saturday.

Miss Staley, one of the teachers here, is confined to her home. Rev. Henry H. Martin has been teaching in her place this week.

Lawson Coon of Altou N. Y. was a visitor in Oviedo last week.

The W. M. N. of the First Baptist Church has as their guests the W. M. N. of Goldenrod.

Tuesday a number of our ladies went to Daytona Beach to attend the O. C. District W. M. N. meeting.

Mr. Orin Barnett has as his guest his brother-in-law and sister Mr. and Mrs. W. A. Northcutt of Louisville, Ky.

Prof. and Mrs. J. Tilden Jacobs of Sanford were visitors in Oviedo Sunday.

Wednesday our High School boys played Lyman High. Results of the game were 5 to 7 in favor of Lyman.

Four Are Honored In Eastern Star Group

The grand chapter honored four members of Seminole Chapter of the Order of Eastern Star at its 31th Annual Session held in Jacksonville during the past week.

Those receiving honors were: Mrs. G. E. McKay, past grand matron, who is grand trustee of the Masonic home; Mrs. A. K. Shoemaker, who is grand representative of Virginia; Mrs. H. F. Crenshaw, who was appointed a member of the grand committee of the grand chapter; and Mrs. G. E. McKay, who was appointed chairman of the millage and per diem committee of the grand chapter.

Those who attended the meeting in Jacksonville were: Mr. and Mrs. G. E. McKay, Mr. and Mrs. H. B. Chapman, Mr. and Mrs. R. W. Turner, Mrs. H. F. Crenshaw, Mrs. Marcia Tyre, Mrs. A. K. Shoemaker, Mrs. E. Harper, Mrs. LeClair Lewin, Mrs. Stewart Dutton, Mrs. J. B. Crawford, Mrs. H. C. Moore, and Mrs. J. O. Huff. Mrs. C. W. Hewson, Mrs. Joe Corley, and Mrs. Ford Russell.

Mrs. George Huff of Jacksonville and Mrs. John Leonard of Chattahoochee, both members of Seminole Chapter, were also in attendance.

Public Announcement Made Of Engagement

Mr. and Mrs. W. D. Hoolehan of Daytona Beach, formerly of Sanford, announce the engagement and approaching marriage of their daughter, Marian Frances, to John Carney Lytle, son of Mr. and Mrs. Ernest J. Lytle of East Lake.

Miss Hoolehan is a graduate of Seminole High School in Sanford. She received her A. B. degree from Stetson University in 1937, and is now teaching mathematics and Spanish in the Sumnerfield School.

Mr. Lytle received his A. B. degree from the University of Florida in 1937, and is a member of Chi Phi fraternity. He is now athletic coach in the Sumnerfield School.

The date of the wedding will be announced later.

Garden Circle Meets At Home Of Mrs. Pope

Mrs. R. E. Tolar and Mrs. E. D. Rinehart gave discussions of the State Convention of Garden Clubs in Jacksonville recently, at the meeting of the Dirt Gardeners Circle which was held at the home of Mrs. H. V. Pope on Friday morning.

Fertilizer has been given for the lawn and areas of the library and the Legion lot. It was announced at the meeting. It was also reported that 1000 plants have been exchanged by the circle during the past month.

Plans were made for the next meeting of the circle which will be a picnic on May 12 at the home of Mrs. C. R. Kirtley on Lake Ocoee.

Those present at the meeting were: Mrs. Kirtley, Mrs. Harry Heeren, Mrs. S. C. Dickerson, Mrs. Pope, Mrs. Rinehart, Mrs. R. B. Wight, Mrs. D. L. Harper, Mrs. Tolar, and Mrs. Peter Roy.

Regular Meet Held By Church Circle

Circle Number Four of the First Baptist Church met yesterday at the home of Mrs. Leo V. Burdette, with Mrs. R. E. Pearfroy as co-hostess.

Mrs. E. M. Carroll presided over the meeting and led in prayer. Mrs. G. S. Johnson had charge of the devotions, and the various officers gave their reports.

Final arrangements were made for the program meeting to be held at the Church on Apr. 17.

Spring flowers were used as decorations in the rooms of Mrs. Burdette's home where refreshments were served to the following guests: Mrs. Carroll, Mrs. H. A. McWhorter, Mrs. Kelly B. Rowell, Mrs. S. C. Dickerson, Mrs. H. A. Moreland, Mrs. Betty

TEN PERSONS DEAD IN ALABAMA TORNADO

Driving across Alabama and leaving a wide trail of damage in its wake, a death-dealing tornado snuffed out ten lives when it hit the small town of Alceville, Ala. The picture on top shows what a man found when he returned to the home that he fled when he heard the twister approaching. More than a score of other homes were demolished. Below, huddled together, after reaching a haven, are shown the family of Pooley La-ham who were hurled 100 yards through the air as they sat in their small automobile. The car was badly wrecked, but by miraculous luck the 24-year-old truck driver, his wife and their three children all escaped with but minor cuts and bruises.

PILOT, AIDES OF MISSING NAVY PLANE

Three members of the crew of a navy plane, reported lost during Pacific fleet maneuvers near Honolulu, are shown above. Lieut. C. E. Sigur (center), a native of Tonal, Ill., was pilot of the plane. F. J. Iarrobino (right), of Chestnut Hills, Mass., was an aviation cadet aboard, while Paul B. Pancoast (left), Pensacola, Fla., was aviation machinist mate.

AS HITLER VOTED

Adolf Hitler receives the salute of the workers in the polling place as he arrives to cast his ballot, April 10th, in the plebiscite on the union of Germany and Austria. Hitler hurried to the polling place immediately upon his return to Berlin from Vienna. Der Fuehrer, leaving his train at the Anhalter Station, went directly to the polling booth set up for incoming travelers in a second-class waiting room.

SLINGING SAM BAUGH TO BE WED

The long delayed marriage of the nation's No. 1 football player, Sam Baugh (left), to pretty Miss Edmonia Smith will soon take place at their home town of Sweetwater, Tex. Sammy is shown with his bride-to-be in Fort Worth, Tex., where she met him upon arrival.

A WREATH FOR THE WINNER

Johnny Adams (above) of Iola, Kas., not only won the feature race at Bay Meadows, Calif., but booted in five other consecutive winners the same day. Of his six victories, five were long shots. Here's Adams, who was the 1937 leading jockey of the nation, smiling very broadly after being presented a wreath for winning the feature.

THOUSAND FLEE HOMES IN BIRMINGHAM FLOOD

This airview taken over a low-lying section of Birmingham, Ala., shows how flood waters backed into parts of the city and forced over 1,000 residents to flee their homes. Water, ranging from a few inches to three feet in depth, tied up normal transportation and rescues had to be effected in boats. As Alabama's rivers and creeks rose higher and higher, the state faced the worst flood in its history.

THEY SHALL NOT PASS into the American sector of Shanghai's international settlement say U. S. marines, stopping a Japanese truck driver who, after questioning, turned another way.

Europe Sees Hope In New Peace Move

Continued From Page One
contended to hold out against repeated Chinese attacks.

Chinese admitted that their threat to Tsinan, provincial capital, had been brushed aside southward on the Tientsin-Pukow railway toward the Southern Shantung front.

The Chinese right wing began to feel new pressure also as Japanese reinforcements from Tientsin, Shantung port, passed Chuhaiien and began driving at the Lin sector.

In the opinion of foreign military observers there was no question but that the Japanese were preparing to intensify the Shantung offensive tremendously by using regulars and the latest equipment to avenge Chinese attacks at Talerchwang.

Chinese reports stated that trainloads of Japanese infantry, cavalry and artillery units from Jehol Province, in Manchoukoo, were being brought into the Peiping and Tientsin area over a newly constructed railway from Chengteh, Jehol capital, to Tungchow, junction 18 miles east of Peiping, and hurriedly shifted toward Shantung.

College Carries On Without Endowment

TACOMA, Wash., Apr. 12.—(AP)—The College of Puget Sound celebrated its golden jubilee this year with a unique record.

It has survived 50 years without an endowment.

It has passed through the last eight years with its income always exceeding its budget.

The school, which obtains "moral" support from the Methodist Episcopal Church, North, has some 100 students, four buildings and a 40-acre campus.

NO TRACE OF FLIERS

ORLANDO, Apr. 12.—(AP)—Fliers who have covered much of the State in search of two airmen missing for a days said last night they had found no trace of a plane reported down near Visaland southwest of Orlando.

Pilots returning here said they spent the earlier day combing the area in which a plane was said to have crashed but failed to locate any wreckage.

Leave Lady Luck at home

She is a dangerous guide for your shopping tours, this fickle lady. Let her smile, and bargains may be yours. But let her frown—or even lose interest—and you are likely to pay more than you should, or bring home disappointing merchandise.

Thrifty shoppers long ago left this unreliable lady in the lurch. They now plan their shopping tours as carefully as a master navigator plots his course. Their weather maps and charts are news of sales and up-to-the-hour information on new merchandise and today's prices. Where do they get this money-saving information in advance? From a source at your own fingertips this very minute!

Simply turn to the advertising pages of this paper. Settle down in your favorite chair, and look for the things you intend to buy on your next shopping trip. You'll be surprised at the number of them advertised. Compare descriptions, compare prices and you will find out exactly where to get the things you want at your prices.

So leave Lady Luck behind on your next shopping trip. Follow an ad-charted course instead, and enjoy safer shopping, with more and better merchandise for your money.

Future Moves Of Hitler Debated By German People

Sunday's Plebiscite Draws 99 Percent Approval Of Voters

BERLIN, Apr. 12.—(AP)—Reichsführer Adolf Hitler's next step was debated last night in the wake of the greatest vote of confidence ever accorded him. His creation of a greater Germany by annexation of Austria...

of Germany and the problem of making the nation self-sufficient for all needs—economic, cultural and financial.

The Deutsche Diplomatische (Lithuanian) Correspondent, mouthpiece of the foreign office, yesterday drew the following conclusions from the Austro-German plebiscite:

"The legitimate act of the reunion of Austria with the Reich found its legitimate close. "It means however that Austria has ceased to be an international problem."

"This question exists no longer and once and for all it disappears in international discussions."

"The roomer that is recognized—and it should not be hard for anyone to do so after Sunday—the better also for the rest of the world with which the German nation wants to live in peace."

Chicago Prepares For Violence At Elections

CHICAGO, Apr. 12.—(AP)—Preparations to guard against election violence in Chicago today were underway as the turbulent democratic primary campaign entered its final stages last night.

Both democratic and republican voters will nominate candidates for the U. S. Senate for congress and for a partial list of state's officers.

State's Attorney Conroy of Cook county (Chicago), an ally of Governor Horner, who is backing Congressman Lucas of Havana for the democratic senatorial nomination, said he would detail 150 special police for guard duty at the polls.

Coincidental with a charge by Governor Horner that "hoodlums" were trying to intimidate his organization's workers in Cook county, the board of election commissioners organized 75 additional squads of three guards each.

Japanese plan to build new tourist hotels at Peking, Tientsin, Shanghai, Hangchow, and other cities in China.

TORNADO PLAYS HAVOC

Mayor F. H. Sanders, of Aliceville, Ala., right and J. W. A. Hamner, left, are inspecting the pit from which they rescued eight persons after the tornado had blown wreckage over the entrance which made escaping impossible without outside help. The tornado destroyed four residential blocks killing nine persons and causing damages estimated at \$200,000.

Injunction Is Sought Against Kennel Officials

Continued From Page One It was reported that close to \$1,000,000 passed through the mutual windows, 12 percent of which goes to the track and according to the terms of the contract, Mr. Goldberg and his associates are said to be entitled to the profits to apply on the initial expenditures to put the plant into operation.

Roosevelt Asks Congress To Find Railroad Panacea

Continued From Page One

are suggested spreading of a re-organization procedure, and the possible establishment of a single court in charge of re-organization.

However, Chairman Wheeler (D-Mont) of the Senate Commerce Committee indicated he might call the railroad management and labor spokesmen into conference to study the idea of emergency legislation. Arguing that many railroads have already borrowed too much money, he said he was opposed to granting subsidies or loans on inadequate security to forestall receiverships.

Some of the recommendations Mr. Roosevelt submitted were drawn up by three members of the Interstate Commerce Commission, Chairman Walter M. W. Splawn, Joseph B. Eastman, and Charles D. Mahaffie. The President summarized them as follows:

For "immediate relief":

- (1) That approximately \$300,000,000 be made available from government funds for the purchase of railroad equipment, the equipment to be the security for the advance.
 - (2) That for 12 months the Reconstruction Finance Corporation be empowered to make loans without certification by the Interstate Commerce Commission that the railroad can meet its fixed charges.
 - (3) That other forms of government credit be considered from the point of view of public policy.
 - (4) That Government traffic pay the full rate by eliminating land grant concessions. (As a means of stimulating railroad building years ago, the government gave tracts of land to the roads, in return for a stipulation that government freight, troops, etc., be transported at reduced rates).
 - (5) That the commission does not feel justified in expressing an opinion for or against reduction of railroad wages.
 - (6) That reorganization procedure under Section 77 of the Bankruptcy Act receive the attention of Congress, and they suggest consideration of the establishment of a single court in charge of reorganizations.
- Long term proposals by the ICC members were:
- (1) That a Federal transportation authority be created for two years to plan and promote action by railroad companies to eliminate waste, a consolidation and coordination.
 - (2) That the Interstate Commerce Act be amended to broaden the powers of the commission with respect to pooling of earnings or traffic, to eliminate the consolidation plan and to approve unifications, that the authority be permitted to intervene in such proceedings before the commission, and make recommendations through the commission to the President and the Congress.
 - (3) That the authority investigate economy and all types of transportation, encourage special fitness and abate destructive competition.
 - (4) That attention be given to railroad financial abuses now under investigation.

der investigation."

While Mr. Roosevelt expressed no opinion on the advisability of these proposals, various of his aides did so in letters to the President which the latter attached to his message to Congress.

Secretary Morgenthau said he was "disappointed" and thought the program represented an "over-cautious approach." He opposed the creation of the temporary Federal Transportation Authority and urged instead the creation of a permanent department of transportation.

Sax And Accordion Put On The Ritz

CINCINNATI—(AP)—The saxophone and the accordion are definitely out of the doghouse.

Janice Heifitz, the violinist, is known to be studying the squeeze piano. Cecil Leeson was the saxophone soloist when Joe Hunt conducted the Rochester Philharmonic, and now an official of a national musical instrument firm here discloses that Percy Grainger, the pianist, is studying the saxophone and the accordion.

Emissary Sent To America By French Military Society

PARIS, Apr. 12.—(AP)—The accused chief of the CNAF, secret armed military organization, yesterday told a state national's inspectors one of the organization's members was sent to the United States "on a mission."

Eugene Deloncle, arrested Nov. 25 as head of the CNAF, said the emissary was a Frenchman named Mouget but declined to disclose details of the American mission.

At the time of his arrest, police charged the CNAF was a fascist military organization but Deloncle stated it was merely an anti-communist vigilance society.

Police found in Deloncle's possession a check signed by Mouget for a New York bank for \$3000. Deloncle told the inspectors a large part of arms and ammunition caches found in recent months by police came chiefly from consignments shipped through France for the Spanish government; and intercepted by members of his organization.

Numerous arrests have been made and large stores of arms and ammunition have been uncovered since the mission was launched an investigation of the CNAF.

Hardy Lawn Grass Tested At Gainesville

GAINESVILLE, Apr. 12.—A new kind of St. Augustine grass, recently offered for lawn plantings by various seed companies, is being tested this year by the University of Florida Experiment Station. W. E. Stokes, agronomist with the station, says the new grass is claimed to be immune or resistant to attacks by chinch bugs, which often damage lawns of regular St. Augustine.

The new strain is called bitter blue stem St. Augustine. Test plots have been planted at the Main Station in Gainesville and the Everglades Station in Belle Glade.

Mr. Stokes hopes to inspect the plots with chinch bugs this summer to determine immunity, or lack of it, exhibited by this strain.

St. Augustine is an excellent lawn grass, particularly for shady situations. Its worst drawback in the past has been its frequent susceptibility to chinch bug attacks. If the new bitter blue stem proves as resistant as claimed, it should find an important place among lawn grasses of Florida, Mr. Stokes says.

Growing of tulip bulbs has been a leading industry in Holland since the 17th century.

The American Indian, came originally from Asia.

LAKE MARY

Mr. Frank Evans entertained with a host trip recently in honor of his son Jack. They went up the river to Lemon Bluff, where they spent the night. The next day they went to Lake Hartney and returned to Sanford in the afternoon, and a wonderful time was reported by all. Those enjoying the trip were: Roy Howell, Jr., Jack Howell, Howard Boteler, Jr., Jimmie Heaves, Clarence Donaldson, Jr., John Marshall Fennell, Glenn Cochran, Raymond Hall, J. D. Howards, Billy Roberts, Wallace Smith, Jack Evans, Mr. Frank Evans and Mr. Harvey Pugh.

Mrs. H. B. Fennell has returned from a trip to Bellagio, Fla., where she visited her brother and sister-in-law for several days.

Miss Ouida Murrin Fennell entertained recently with an over night party. Supper was cooked over a camp fire and all had a fine time. Those present were: Lorelei Thorne, Peggy Best, Mary Jean Rainolds, Betty Doris Williams, Jean Boteler, Ed's Jane Gorman and Ouida Murrin Fennell.

Mr. and Mrs. H. E. True, Mrs. E. S. Glenwood, Constance Carter, Natalie and Charlotte True spent Saturday at Silver Springs.

Mrs. H. I. Redmond of Lakeland, who arrived Monday to attend the wedding of her daughter, remained until Friday with her son and

Stork Told Off By Physicians With Old Bills

ROYSE CITY, Tex., Apr. 12.—(AP)—Two Royse City physicians believe in giving the stork fair warning.

"If you are expecting the stork to visit your home this year, and he has to come by the way of Royse City, he will have to bring his check book to pay his bill before delivery, as the undersigned doctors delivered many babies during 1937 and over half of them have not been paid for," said the doctors' advertisement in a weekly newspaper.

"To those who have not paid their 1937 bill in full or made satisfactory arrangements, do like the stork, be sure to bring your check book when you call again."

IT'S CALLED THE "Roadking"

...AND HERE'S WHY!

- This great Plymouth car has a new ride that is causing a sensation in the lowest-price field.
- The new Plymouth is by far the biggest of the 3 leading lowest-priced cars.
- It is nearly 7 inches longer than one; over 10 inches longer than the other!
- In all Plymouth models is a big, 82-h.p., "L-head" engine—giving full-powered performance with economy.
- Owners report 18 to 24 miles on gas...big savings on oil, tires, all upkeep.
- Plymouth has highest resale value because it's "the car that stands up best."

There's just one way to find out about today's lowest-priced car values. That is to see and drive the big Plymouth "Roadking"!

Never before could low price buy such an amazing ride. Plymouth steers faster, handles far easier.

NEW RIDING COMFORT

The new Plymouth has airplane-type shock-absorbers... "live" rubber body mountings... "radio studio" sound-proofing... Floating Power engine mountings. No other lowest-priced car offers all this.

In a Plymouth, you are protected by an all-steel body... a Safety Styled interior... double-action hydraulic brakes.

Great engineering makes Plymouth the most economical of the leading low-priced cars. It has four-ring pistons, valve seat inserts, Hypoid rear axle—many features that most manufacturers use only on their higher-priced lines.

DRIVE THE "ROADKING"

Get the most for low price... try the new Plymouth ride today. Call your nearby Plymouth dealer for a demonstration. There's no obligation. PLYMOUTH DIVISION OF CHRYSLER CORPORATION, Detroit, Michigan.

Battle Looms Over Items In Tax Measure

Roosevelt Urges Retention Of Principle Of Profits Tax, Capital Gains Tax

Harrison Insists On Elimination

President Says Tax Change Would Hurt, Not Help Business

WASHINGTON, Apr. 13.—(AP)—President Roosevelt urged Congress today to retain the principle of the bitterly-disputed undistributed profits tax, but met with stubborn resistance from the Senate Finance Committee.

Attacking the provisions of the Senate tax bill which would eliminate the undistributed profits tax, Mr. Roosevelt said that the measure would hurt business and substitute a flat capital gains tax for the graduated system now employed. Mr. Roosevelt wrote the chairman of the Senate Finance Committee and the House Ways and Means Committee.

"The repeal of the undistributed profits tax and the reduction of the tax on capital gains to a fraction of the tax on other forms of income strike at the root of the fundamental principle of taxation, business will be helped, not hurt, by these suggestions."

Chairman Harrison (D-Mia) of the Finance Committee said, "The Senate amendments to the \$5,000,000,000 (tax bill) include the repeal of the undistributed profits tax for which was substituted the flat 15 percent levy on corporate income."

Smoker To Be Held By Jaycees To Help Membership Drive

In conjunction with a membership drive, which is being conducted by the Sanford Junior Chamber of Commerce, a smoker has been arranged for the Sanford Country Club at 7:30 o'clock to which have been invited members and prospective members of the organization.

A program featuring out-of-town entertainers was announced at the weekly meeting yesterday noon at the Valsley Hotel following the decision of the board of directors a week ago to stage the smoker.

The regular meeting of the club a week ago had a program on which Judge James G. Sharon was the guest speaker, who talked on the subject of "loyalty."

An appeal by the club president, J. C. Rowland to push the present membership drive to a successful conclusion was made at the meeting yesterday. Reports of various committees were also heard. Andrew Carraway reported that the City Golf Championship tournament is working out successfully and is meeting with favorable comment. E. E. Laney reported that the "gut-out-the-78's" markers have been put down on the sidewalks to impress on the public its obligation of citizenship.

Lawton Is Speaker At Pre-Easter Meet

"People Who Know God," was the subject chosen by T. W. Lawton at the third of a series of Pre-Easter breakfasts held last night from 11:00 to 12:15 in the City Theatre.

The local post of the American Legion sponsored the affair, which was held today and the Kiwanis Club will sponsor the affair at which Julia Dingfelder will be the speaker.

The Rev. J. E. Best, pastor of the Central Baptist Church, attended the investigation and Miss Dorothy Haines, at the expense of the church, made for the speaker.

HITLER'S 'JA' FOR ANSCHLUSS

Less than a month after his armies made "anschluss" an accomplished fact by their bloodless march across the border, Fuehrer Adolf Hitler is shown voting in the plebiscite that expressed well-nigh unanimous approval of Austro-German union. This picture came from Berlin by telephone and radio.

Kiwanis Is Told Personality Is Key To Success

Dr. Keeler Declares Characteristic Is Vital To Business

Dr. Keeler who is an advocate of scientifically constructed motion pictures, press and radio as supplements to instruction in the schools, declared that experience is the most impressive development in the training of the human brain which is necessary for personality, and that experience comes largely through sight.

Missing Plane May Be Found In Lake

WEST PALM BEACH, Apr. 13.—(AP)—A party of men set out today for an isolated lake between Lake Wales and Fort Pierce to investigate a report by A. E. Thompson of this city that he saw what looked like the wreckage of an airplane in a lake while he was motorboating from Tampa to West Palm Beach.

Farm Prospect For This Spring Dark

CHICAGO, Apr. 13.—(AP)—Agricultural prospects, reckoned in dollars and cents, do not appear as bright this Spring as they did a year ago, government reports today indicated.
