

Chris J. Bucurel, Recruiting Sergeant In Marines, Re-enlists

JACKSONVILLE, June 9, (Special)—Marine Staff Sgt. Chris J. Bucurel, 24-year-old native of Sanford, Fla., is one recruiting sergeant who really believes his own recruiting spics.

and then his travels began. From South Carolina he went to Iceland; from Iceland he came back to the United States, to Norfolk, Va., where he embarked for New Zealand. After a very short stay in New Zealand he went to the British Solomon Islands to participate in the Guadalcanal campaign.

Bucurel back to his native Sanford where he was stationed at the Naval Air Station as a member of the Marine Detachment. Fourteen months in Sanford saw him leaving for Charleston, S. C. A very short stay there and he was transferred to recruiting duty in Jacksonville, where he has been stationed for the past 13 months.

## Boyle Urges Revamping Of State Taxes

### No Need For Special Session Foreseen; French Avenue Project Starts Soon

Senator Lloyd F. Boyle said today that the failure of the Legislature to enact a tax bill at its recent session only serves to indicate the need for a complete revamping of Florida's tax structure although he added that he did not consider a sales tax advisable at this time and expressed the opinion that the Governor would not find it necessary to call a special session.

"There will be sufficient revenues to operate the state and provide for increased appropriations throughout the coming year," Senator Boyle stated, "and if any deficit occurs it will be some time in 1949 and by that time another Legislature will have been elected and another regular session will have the responsibility of providing funds."

Immediate revamping of French Avenue is in prospect, Senator Boyle stated, as he pointed out that a bill designating that thoroughfare as a State Road was successfully maneuvered through the Legislature. He quoted Chairman Elgin Bayless of the State Road Department to the effect that contracts for the improvement of this road at a cost of approximately \$50,000 will be let in July.

## Rep. Smith Sees No Need In State For More Taxes

Representative M. B. (Tom) Smith, who left his home in a good rest after his term in the Legislature at Tallahassee, today said that he was satisfied with the action of the Legislature in avoiding levy of new taxes.

"We didn't see fit to levy any new taxes as we knew we had enough to operate on without them," he declared. He pointed out that his opinion was based on a report of the House Finance and Tax Committee of which Percy Murray of Frostproof is chairman, and of which Representative J. Bentley Odham is a member.

### Commission Imposes Four-Way Check On Funds Of Federal Revenue Departments

TALLAHASSEE, June 10, (AP)—Florida State Departments were instructed today to hold their budgets for the new fiscal year at recommendations of the Budget Commission, rather than the higher appropriations granted by the Legislature.

Preparatory to reviewing the first of the budgets for the 1947-48 fiscal year which begins July 1, the cabinet board set out instructions to all agencies that:

BIBLE VERSE FOR TODAY

AMOS USED A FIGURE OF SPEECH TO FORETELL THE RUIN OF ISRAEL. BECAUSE OF SOCIAL CORRUPTION, EVERY LIVING THING IS ON TRIAL. THEY THAT VIOLATE MORAL LAW PERISH: I will cause the sun to go down at noon.—Amos 8:3.

The Mississippi River and the Russian Communists seem to be on a rampage.

Buddy Lake seems to be doing all right since he got loose from his managerial duties.

We don't know what happens when an irresistible force meets an immovable object, but we may soon find out when the Truman Doctrine clashes with the "Iron Wall."

Some of the new lawn-mowers seem to be good-looking if a chance to stain them with grass.—Titusville Star Advocate. Some of them look as neat as vacuum cleaners.

A Tallahassee correspondent says the Legislature is gambling on there being sufficient tax revenues to meet the school appropriations, but he didn't say whether it was using the bookkeepers, or the punchboards.

We had a nice letter the other day from E. M. Armitage who is spending the summer at his old home at Sherbrooke, Canada. He has recently bought a new boat and is spending a lot of his time fishing.

If the people of Florida will just drink enough liquor, smoke enough cigarettes, and do enough gambling at the racetracks, the state of Florida may have sufficient funds during the next two years to meet all expenses.

What can happen to a city with two generations is indicated in an article by Col. D. B. McKay in the Tampa Tribune who recalls that Jacksonville in 1880 had a population of 7,650 and that only about 1,000 people lived in Tampa. Miami when it was incorporated in 1896 had fewer than 500 inhabitants. Sanford at that time was the largest city in South Florida, except Key West.

Tom Winton has tossed his bomb into the gubernatorial ring, the first to announce his candidacy for governor in 1948. Watson's entry in the race will add fire and luster to the campaign, and will give the other candidates something to talk about as well as scate the daylight out of them. He will say a lot of things that need to be said and he will make a lot of people mad, as well as glad. But he will not get elected. The public admires a man who says exactly what he thinks but they do not always vote for him.

A Senate Public Lands subcommittee finds that the miners themselves were at least partly responsible for the explosion which killed 111 of them. They persisted in "using coal dust for stemming their shots" even though they knew this practice was against the law and dangerous to their own well being. Why do people persist in smoking around open gasoline tanks? Why do they insist on drinking when they are drunk, and the drunker they are the more they drink? We don't know, but they do. And when they get killed, their friends and relatives blame it upon someone else, unless the one except the person who didn't have any business being there to make 'em feel of hisself.

Income Tax Arithmetic

In 1930, according to government statistics, the national debt was a bit more than \$16,185,000,000. The war time debt of 1945 was \$259,115,000,000 and a little more. And the peace time debt of 1946 had risen to \$267,895,000,000. Forty-seven per cent of this appalling figure, or just under half, was "carried" or paid for by the taxes of the approximately 35 million people with incomes of \$5,000 or less. On an average, in this group, one day's wages out of every five went to the government. Those with incomes above \$5,000 paid the other 53 per cent. Of the largest income holders, some paid as much as 97 per cent of their total income in taxes.

It's wholesome, now and then, for people to sit down and review the tax figures. Winning a war is expensive in more than life. So is a peace program. Battle victory, peace victory, both come high.

Any patriotic American willingly pays his just share. But every American has the right to insist that his money is not wasted by his government. That is the essence of much of the present attitude toward tax schedules, both current and planned for the future.

Boston's Plight

Boston's city government may soon be run from a federal penitentiary. The United States Supreme Court has declined to review Mayor James M. Curley's conviction for using the mails to defraud. There seems to be no legal provision disqualifying a Boston mayor for crime, and Curley is not the man to give up a paying job just because he is in prison.

Whether Boston cares remains to be seen. "Our Fair City," a recent collection of accounts of city government today, thinks very little of Boston's public spirit. The most civic-minded people are said to have moved to the suburbs. Those who are left elect mayors such as Curley. He won four times, and at the last election had no rivals who could be called much better.

But what a come-down for one of the oldest and proudest of American cities!

Don't Worry—It May Not Happen!

When the great preacher, Dr. Lyman Beecher, then an old man, came to visit Professor Park at Andover, the afternoon talk turned to theology. Soon the two men were engaged in a violent dispute upon a series of subtle theological points. Park was a skillful master of the art of debate and Beecher simply a thoughtful and eloquent preacher. The argument did not end until well after midnight.

After they had parted, Professor Park's conscience began to trouble him. It said, "Here is your guest, an old man and an honored friend whom you should have treated with affectionate reverence. Instead you have beaten him by your logic into insensibility, and sent him to bed in after humiliation. Your conduct is unworthy of a gentleman."

The Professor worried all night about it. He could not sleep and in the morning he crept downstairs in miserably low spirits. He took his place at the breakfast table to await in silence and shame the appearance of his guest.

Then the old preacher appeared and greeted his host: "Well, Park, how do you feel after the tremendous mauling I gave you last night?"

Professor Park had not made due allowance for the courage and character of his guest, and so he spent a sleepless night indulging in worthless anxiety. Imaginary worry is like that. It prejudices the case.

If you are one who worries over things that never happen, why not wait next time for the outcome?—Delos O'Brien in Your Life.

Explanation Given On Greek Guerrillas Papers Lottery Ban

CHATTANOOGA, Tenn., June 10 (Special)—Newspapers are often taken to task because they do not publish stories about local drawings or the fact that John Jones won an automobile in a lottery, the Southern Newspaper Publishers Association declares. Organizations with commendable local projects often ask for publicity on some prize-winning event and are upset to learn that it is against postal rules and regulations to publish such facts.

Recently, E. C. Gorrell, publisher of the Palaski (Ind.) County Democrat, explained in his column "The Old Man At The Desk" the law and how it works. Excerpts from the column printed in the Indiana Publisher, follow: "The answer to the question about publishing prize-winning lottery in a newspaper is provided by a single sentence in the postal regulations which says: 'No matter concerning a lottery or gift enterprise shall be deposited in or carried by the mails of the United States.' 'You could hardly write a sentence that would cover the whole subject in fewer words. It comes as near being bullet-proof as any regulation I know of, anywhere.' 'The rules go on to set out what constitutes lotteries or gift enterprises. They embrace any plan or scheme in which the element of chance is a part, it makes no difference how little the right to participate may cost. Tickets or numbers may even be given away. The beneficiary of the scheme may be a church or a club or charitable institution. If the winning depends upon what is often called luck, it's 'out' as far as the post office is concerned. 'Several persons are kept busy in Washington, I imagine, answering inquiries on the subject. For the regulations provide further that postmasters should not attempt to rule whether a proposed scheme is a lottery, but should refer the matter to one of the department heads.

"I know of several cases in which such letters have written to Washington. The reply is always the same, in effect, 'Your attention is called to section number so-and-so of the postal regulations, marked copy of which is enclosed.' The marked paragraphs are those already mentioned. 'Strictly speaking, therefore, it is against the rules for a person to send a letter in which anything is said about a lottery or gift enterprise. Technically, it would be a violation for a Wisconsin woman to mail a letter to a friend in another town stating that a former schoolmate of theirs, Dorothy Ditts, is the wife of Dan Symol of Nashville who won an..."

"But wait a minute. The penalty for such a violation is a fine in any sum up to a thousand dollars, to which may be added a year's imprisonment. I doubt if the penalty has ever been imposed upon the innocent writer of such a letter, but the same regulation has been used in the past to break up huge lottery schemes. If necessary serve me right, some wiser gentlemen than I have several years ago for using the mails to carry on their operations."

Editor Sanford Herald June 7, 1947 Dear Sir: I John 4:8 says, "He that loveth not, knoweth not God: for God is love." People of most nations lay claim to a knowledge of God to some degree. But the friction, as an explosive, awaiting a spark to touch it off, ceases that if serving God at all, it would be as written on Matt. 18: "That people honoreth me with their lips, but their heart is far from me."

Why does nation mistrust nation? Can Jesus' word be denied? He said Nation shall rise against nation. He never said nations shall love nation. If a community serves God as one person, no hatred can exist. No wonder with the little love that is demonstrated here in America that nation cannot trust nation, for even less love is in evidence in other lands. Readers, won't you please erect an altar in some corner and humbly plead for God's mercy that you might have love to make your community a better place to spend your time while going this short journey of life, if you have love you will pray for friends everywhere. May God bless and give you love, my prayer. Respectfully, Rev. R. W. Miller Rt. 2, Sanford

Voters To Decide On 12 Proposed Changes In State Constitution

TALLAHASSEE, Fla., June 10 (AP)—An even dozen proposed changes in the Florida Constitution were submitted by the legislature to the voters for ratification or rejection in the November, 1948, general election.

Resolutions calling for nearly 20 constitutional amendments were introduced in the legislature, but only 12 won the necessary two-fifths vote of each house to obtain a place on the general election ballot.

If one of them is ratified, it would be possible for the next legislature to rewrite the entire Constitution by submission of only a few more amendments to statewide vote than now are proposed.

It would permit a constitutional amendment to revise entirely any one of the 20 articles of the Constitution and was designed to obtain a general revision of the 62-year-old basic law. At present an amendment can apply to only one of more than 200 sections and it would take that many separate ballot marks to bring about amendment.

The legislature also submitted to the voters a proposal to raise the pay of Senate and House members from \$6 a day to \$10 a day during the legislative session.

Another proposed amendment would allow retired circuit judges and supreme court justices to be called back to temporary active duty on the bench with their consent at an extra pay.

Only one of three amendments proposed by the Citizens Education Committee was legislative approval. It would permit counties to issue bonds for construction of schools and pledge for their payment of the money they will receive from the new state school fund.

The two rejected amendments which failed would have abolished county school districts and made it possible for the legislature, by statute, to provide for appointment, rather than election, of county school superintendents. The legislature also approved a proposal to use gasoline tax receipts for any purpose other than road building or aviation. At present one-seventh of the State tax goes to the general fund and schools.

There will be two more state senators if the voters ratify an amendment creating a new senatorial district in extreme South Florida and one to match it in the Northwest Florida. Monroe county would be given a senator to replace itself and Bay and Gulf counties would be created from Washington and Calhoun.

The other six proposed amendments involve only local affairs.

The city of Miami and Dade county governments would be merged into the renamed county of Miami under one.

Judges of the Escambia county court of record, only one of its kind in the state, would be elected during each session, rather than appointed, under another.

Four similar amendments would provide for consolidation of city and county tax assessment and collection functions in Pinellas, Volusia, Broward and St. Lucie counties.

Similar amendments previously have been ratified by the voters of Orange, Dade, Bay and Hillsborough counties. The legislature at this session rejected a proposal which would have permitted any county to consolidate its tax functions by statute.

Among the proposed constitutional changes which were defeated in the legislature, before it adjourned, were ones which would have permitted the legislature to abolish all ad valorem taxes in favor of a system of transactions, sales and use taxes, and one to set up a tax commission for the state supervision of local assessments.

schools. He also supported the co-educational bill making both state institutions of higher learning co-educational and changing the name of the Florida State College for Women to the Florida State University.

He especially commended the action of the Legislature for its efforts to improve health conditions in Florida and called attention to the passage of a bill doubling the State Health Fund and providing increased appropriations for tuberculosis treatment and care and to the blind.

Senator Boyle, who handled veterans legislation in the Senate, said he was successful in securing passage of all four bills sponsored by the various veterans organizations in Florida. These were:

1. A \$500,000 appropriation for the expansion of the State Service Commission for a two-year period.

2. Exemption from payment of state taxes on cigarettes given or sold to veterans in U. S. veterans hospitals.

3. Special treatment for veterans in all state and county and municipal employment.

4. Authorization for veterans of World War II under 21 years of age to make contracts under the Service Men's Readjustment Act of 1944.

A bill sponsored by Senator Boyle and enacted into law and known as the "Public Bookkeepers' Bill" makes bookkeeping a distinct occupation and was widely supported by small businessmen, Senator Boyle stated.

Other bills supported by Senator Boyle which became law were broader arresting powers and police immunity for the State Highway Patrol and the creation of the Everglades National Park.

Senator Boyle was a member of the State Committee on Constitutional amendments which considered over 70 proposed amendments. Twelve of these amendments were approved and will be voted upon by the people in the 1948 general election. Only five of these amendments, he said, are of a general nature.

As a member of the Senate Finance and Taxation Committee, Senator Boyle wrote the minority report which opposed the legalization of slot machines. Although the slot machine bill was approved by the majority on the committee, it finally died on the Senate calendar.

Senator Boyle commended the work of the House members of the Seminole County delegation and said that he received silent support and cooperation from Reps. Smith and Odham throughout the entire session.

economic association. The future organization of Europe must be determined by the peoples of Europe.

Marshall wrote Chairman Vandenberg (R-Mich) of the Senate Foreign Relations Committee, in response to a request for his views on the resolution sponsored by Senators Fulbright (D-Ark) and Thomas (D-Ill.). A similar resolution has been introduced in the House by Rep. Keogh (D-La.).

The Fulbright-Thomas-Boggs proposal, if adopted by the Senate and House, would constitute simply an expression of congressional opinion. Such a resolution would not go to President Truman for his signature and, consequently, would not have the force of law.

Secretary Marshall also told the Senators it is "essential to the conduct our foreign relations" that the State Department have funds and freedom to make foreign language broadcasts and conduct a world-wide information program.

"As I have said before, one effective way to promote peace is to dispel misunderstanding, fear and ignorance," the Secretary of State said to the Senate Appropriations Subcommittee.

Comptroller C. M. Gay refused to accept Watson's amendment to delay action on the contingent fund rule. He commented that "We're all in the same boat and we've been here all morning sweating over this."

From Lyman High School were graduated 12 boys and girls. Fine programs were enjoyed by the large audiences in attendance.

Other prominent addresses were made by E. J. Laney, principal, Rev. Nathan Thompson, Baylag Milwee, sponsor for eighth promotion exercises; County Superintendent T. W. Lawton, president of the senior class; Mrs. Oscar Price, director of Lyman High Club; and Mrs. Edgar Mitchell, principal of Lyman High School.

The school was originally opened under a federal government program and was released under the present arrangement in February, 1946. The facilities can easily take care of the peak enrollment which was 47 and include individual beds and fresh linen for each child, adequate playground equipment for indoor activities, as well as swings, slides, sandboxes, bicycle-toters and parallel bars in the playground for the development of healthy bodies.

The County Health Unit nurse, Miss Hilda Kibbe, is available for consultation at all times and in addition makes regular visits to check up on the general health.

Marguerite Duncan Weds Dr. DeLaney

The marriage of Grady Margaret Duncan, daughter of Mr. and Mrs. Lee Duncan, to Dr. Allen Young DeLaney, son of Dr. and Mrs. Joseph P. DeLaney of Fayetteville, Ark., was solemnized in a lovely ceremony at the Presbytery Chapel in San Francisco, Cal., on May 31 at 4:30 o'clock. Chaplain John R. Wright officiated at the ceremony.

Prior to the ceremony "O Promise Me" and a program of songs and music was played. The traditional wedding marches were used.

The bride, given in marriage by Lieut. Paul D. McAlister of San Francisco, wore a street length gown of turquoise pebble crepe with a train of white gardenias. Mrs. McAlister served as the matron of honor and only attendant. She wore a dress of Navy blue crepe with a corsage of pink carnations. Dr. John S. Wellington of San Francisco, sang the 23rd psalm as best man.

Immediately following the ceremony a reception was held at the McAlister home in San Francisco.

Following a week spent in Monterey, Cal., the couple plans to motor east, stopping in Fayetteville and Sanford to spend a short time with their parents before going to New Orleans where Dr. DeLaney has accepted a Fellowship in the Department of Surgery at Tulane University.

Mrs. DeLaney attended school in Sanford and was a member of the Seb Deb Club in Seminole High School, having served as president in 1942. Following her graduation from the high school she served as Supervisor of Communications at the Naval Air Station in Sanford and as Vice Facilities Commandant of the Twelfth Naval District in San Francisco. Dr. DeLaney is at present on temporary leave from the Navy in which he served as a Lieutenant Commander. He is a graduate of the University of Arkansas, a member of the Sigma Chi Fraternity and attended Tulane Medical School.

During the winter months, a regular school bus brings children from the grade schools to the completion of their studies, to the nursery school so that busy mothers may be assured of adequate supervision until such time as they are free to take their children to school. Youngsters may be left at the school for any part of a day or week and the five-year-olds receive special instruction in kindergarten work and can normally write their own names, count up to 25 and with the help of paint, scissors and paste, make their own intriguing pictures.

The school was originally opened under a federal government program and was released under the present arrangement in February, 1946. The facilities can easily take care of the peak enrollment which was 47 and include individual beds and fresh linen for each child, adequate playground equipment for indoor activities, as well as swings, slides, sandboxes, bicycle-toters and parallel bars in the playground for the development of healthy bodies.

Friends here will be interested in the announcement of the marriage of Mrs. Wallace Wright and Ernest M. Galloway, which took place at home today in the First Presbyterian Church in Waycross, Ga.

Mrs. Galloway, formerly of Quincy, has made her home in Sanford for a number of years and resided on Mellenville Avenue. Mrs. Galloway, daughter of the Atlantic Coast Line Railroad, resided on Cameron Avenue.

Immediately after the ceremony Mr. and Mrs. Galloway left for a wedding trip to New York City. They expect to be home around July 1.

Indian Outlook

(Continued from Page One) Delhi is a step toward abolition of untouchability in the Hindu caste system.

Many Hindu leaders, including Jawaharlal Nehru, who stands on the very top rung of the caste system, are Kshatriyas (Kshatriya, the warrior caste), and many others are Brahmins (Brahmin, the priestly caste). There is a practical political angle to this, the lot of the so-called scheduled castes, however, and the leaders are doubtless mindful of the many easy conversions to Christianity from the lowest rank who were outcast from the Hindu fold.

Such an anachronistic pattern would provide a ripe field for any intruding elements such as Communism with the promise of lifting the standard of living.

The caste system has been a target of Muslim extremists in their attacks on the Congress Party. But, although Islam preaches the brotherhood of man, many Muslims are members of the Congress Party and against the Muslim League.

The Russians, near neighbors of northern India in the Himalayas, thus far have been most circumspect in their dealings with Indians. They have teamed up with the United Nations in at least two major issues involving human rights and have met cordially in dealings concerned with Asiatic problems.

# Joe Justice Raps Homer To Decide Fed-Senator Tilt

### Zedalis Bests Kettles In Hurler's Duel To Cop 4 To 3 Game A's Here Tomorrow

ORLANDO, June 10. (Special) Joe Justice's hitting home runs in the seventh frame with Craig Lybrand resting on the levations deck proved to be the needed margin of victory for the Orlando Senators in a last four to three contest with Stan Zedalis and Carl "Goose" Kettles tangled in a six and seven inning duel. Justice's four fly poke was the second game deciding blow of his kind as the former Rollins College star has unleashed this year against the Celery Feds.

The Orlando infield gave Big Zedalis nearly perfect support and turned in four sparkling double plays, one of which proved to be the clincher. In the ninth inning, the Fed's stellar mound ace for more than one hit was Lybrand who blasted a single and a double in four appearances. Right fielder Lybrand hit one single and the clean running long tripper by Justice were the only other hits by the Senators.

Jim Haddock made his first appearance in the Sanford lineup last night and played an excellent contest in the right field position. Haddock also hit once in four trips.

The Sanforites continued their series play with the Celery Senators. Manager Murray Johnson and Jim Haddock were the only other hits by the Senators.

Sanford certainly will welcome the Jersey City team if they come here for their first game next year. We want the New Jersey city team to come here for a special reason. Sanford needs the Giant farm club and the Giant farm club needs Sanford.

The Boston Red Sox led the American League in hitting in 1946 with a .377 mark, the same percentage posted by the Cleveland Indians in 1945, leading leaders that year.

The modern public health movement started in 1842 in England with the sanitary movement and the sanitation of the laboring population.

ROLLINS SIGNS GRID CONTRACT WITH FLORIDA

ORLANDO, June 10. (Special) Rollins College has signed a contract with the Florida State League for the use of the Rollins stadium for the 1947 season.

Several central Florida towns are concerned over the change in training sites for the Jersey City club. Deland is working for the team as well as Daytona Beach and Palatka.

Sanford has the best baseball park and the best hotel facilities in the City of Sanford that is not any confirmation of the fact that the team is going to be in Sanford next year.

It is true that the Giants have inspected the local facilities for the Jersey City outfit, but at 2:00 o'clock this morning there was no confirmation from the official sources that the team had been completed.

## Ted Williams Tops Tribune Star Team

CHICAGO, June 10. (Special) Ted Williams, Rocky Boston Red Sox batting star, still was the top performer as the second edition of the all-star baseball poll was released today.

Williams polled 948 votes from the 2,365 early ballots forwarded by a few voters. The four vote poll was sponsored by the Chicago Tribune and 192 newspapers, radio stations and magazines.

The fans' votes will determine the starting lineup, with the exception of the pitchers who will be selected by the rival managers for the National and American leagues in the 14th all-star encounter in Wrigley Field July 8.

James D. Hall of Norman Park, Fla., was the only manager to vote for Ted Williams. He also was among the favorites in the Brooklyn Dodgers and Harry of the Philadelphia Phillies, also were among the favorites in the opening returns.

In the second-day tabulation, Long Soudan, Cleveland's manager and shortstop, dropped from first place to second as Lake Appling, Chicago White Sox, maintained an unbroken lead.

Eddie Miller of Cincinnati batted four home runs for his first four hits this season.

## Babe Dirlikov Is In Fourth Round

QUILANE, Scotland, June 10. (Special) Mrs. Babe Dirlikov Zaharova of Denver and Miss Ruth Woodward of Fall River, Mass., fought their way into the fourth round of the British Women's Amateur Golf Championship today as their fellow American, Miss Helen Stiel of Philadelphia, bowed out in a third round match.

Playing true to form, the highly favored Babe had little difficulty in polishing off Mrs. Val Reddan, former Irish champion by a score of six and four.

Yesterday's Stars

New York City, June 10. (Special) Walker Cooper, Giants, hit two home runs to drive in five runs in their 12-10 triumph over Pittsburgh yesterday; his second home run came in the bottom of the ninth inning with two on.

Nashville in Third Atlanta, Ga., June 10. (Special) Nashville, currently hitting .330 as a club, held third place in the Southern Association today after Rube Walker's 11th and 12th home runs gave the Vols a 4-1 victory at Atlanta last night.

Walker, the League average hitter, was working in the fourth to tie the score, drove in the winning run with a long fly in the sixth, and then hit his second home run in the eighth for good measure and a victory for Pete Maloney. George Dahl was the loser.

## New Federal Farm Program Is Suggested

WASHINGTON, June 10. (Special) A new scheme for government planning to keep farm prices approximately steady today was suggested to Congress.

A government-backed "buying pool" has been set up to buy non-perishable farm products at "fair" prices. The idea is that in times of surplus, when prices tend to go down, the buying pool would buy them up, to "fair" level. When supplies were scarce, the pool would sell.

A special tax on the first 100 bushels of corn and other commodities coming out of the plan. This would provide money to take care of losses on the pool operation.

John Blahnik, of Minneapolis, president of the National Cooperative Milk Producers Federation, presented the plan to the House Agriculture Committee which is studying the question of a new government-owned farm program.

The House itself set up a bill to appropriate \$38,826,257 for these government agencies which have run into unexpected expense and need the money to finish out this month. Last of the government's current fiscal year. A big part is for the Veterinary Administration which has found many veterinaries benefit from the program more than was anticipated.

# Joe Justice Raps Homer To Decide Fed-Senator Tilt

### Zedalis Bests Kettles In Hurler's Duel To Cop 4 To 3 Game A's Here Tomorrow

ORLANDO, June 10. (Special) Joe Justice's hitting home runs in the seventh frame with Craig Lybrand resting on the levations deck proved to be the needed margin of victory for the Orlando Senators in a hard fought 4 to 3 contest with Stan Zedalis and Carl "Goose" Kettles tangled in a nip and tuck battle during the game.

Justice's four fly poke was the second game deciding blow of his brilliant hitting heroics. The Orlando infield gave Big Zedalis nearly perfect support and turned in four sparkling double plays, one of which proved to be the clincher. In the ninth inning, Justice struck a brilliant double which killed a would be Fed uprising.

The Sanford segregation office, the local A's and the new Fed skipper, staged the attack with Justice in five appearances at the plate.

The only Sanford batter able to reach the offering of Kettles, the Fed stellar mound ace, for more than one hit was Lybrand who blasted a single and a double in four appearances. Right fielder Fred Brant hit one single and the local A's cleaned round tripper by Justice were the only other hits by the Senators.

Jim Haddock made 4th hit appearance in the Sanford lineup last night and played an excellent contest in the right field position. Haddock also hit once in four trips.

The Sanforites continued their series play with the Jacksonville team. Manager Murray Johnson and McManus and Don Anderson formed the crowd buster lineup and gave Kettles perfect support.

Sanford is slated to invade Palm Beach tonight and play a single contest tomorrow evening.

Box score for the game between Orlando and Sanford.

—A hit for Birds in 1947—

Orlando: 10 runs, 10 hits, 10 errors. Sanford: 3 runs, 4 hits, 1 error.

## New Federal Farm Program Is Suggested

WASHINGTON, June 11. (AP) A new scheme for government planning to keep farm prices approximately steady today was proposed to Congress.

A government-backed "buying pool" has been set up to buy non-perishable farm products at "fair" prices. The idea is that in times of surplus, when prices tend to go down, the buying pool would buy them up, to be sold later when supplies were scarce, the pool would sell.

A special tax on the full rate of commodities coming under the plan. This would provide money to take care of losses on the pool operations.

John Blahnik, of Minneapolis, president of the National Cooperative Milk Producers Federation, presented the plan to the House Agriculture Committee which is studying the question of a new government-owned farm program.

The House itself will set up a bill to appropriate \$38,826,257 for these government agencies which have run into unexpected expense and need the money to finish out this month, last of the government's current fiscal year.

## Mongolian Invasion Of China Extends Red Expansion Pattern

NEW YORK, June 11. (AP) The Chinese official news agency version of its report of the Mongolian People's Republic (Mongolian), supported by four planes leaving Soviet territory, crossed the border into Sinkiang, or Chinese Turkestan, and marched some 200 miles before meeting opposition. That would be "very unlikely" in those distant, desolate western regions.

The reason for the invasion, if such it is, remains obscure. Doubtless if there is military action in progress we shall have shortly some account from the other side, some familiar story of the Chinese government's justification for punitive action. It is doubtful that the "anti-Communist" will know much about what really is happening.
