

## BUSINESS INCREASES IN U.S. BUT LITTLE UNEMPLOYMENT CONDITIONS ARE REVIVING

Secretary Davis Makes  
Rosy Statement Based  
on Reports

### UNEMPL'M'T. NIHL

ENTIRE COUNTRY SHOWS UN-  
MISTAKABLE SIGNS OF GREAT  
WAVE OF PROSPERITY

(By The Associated Press)  
WASHINGTON, May 27.—A picture of steadily reviving business activity throughout the country was drawn by Secretary Davis in a statement today based on reports of employment conditions to the Department of Labor. The reports indicate that unemployment is practically eliminated in New York state, and reduced to more than fifty per cent in Pennsylvania. There is improvement in industrial activity in Minnesota, Wisconsin, Iowa, Michigan, Illinois, Kansas, Missouri. Unmistakable evidence of improved industrial conditions is noted on the Pacific coast while in the South reports show steady improvement in Georgia, Tennessee, Alabama, and there is practically no unemployment in North Carolina.

### BORAH THINKS U. S. CAN NOT GET LYCHERS

WASHINGTON, May 25.—An opinion that the anti-lynching bill passed recently by the house is unconstitutional and should not be enacted by congress was submitted to the senate judiciary by a sub-committee headed by Senator Borah, Republican, Idaho. The bill was discussed at length and the committee deferred final judgment until later.

Senator Borah was joined in holding the bill unconstitutional by Senator Overman, Democrat, North Carolina, and Senator Shields, Democrat, Tennessee. Other sub-committee members, Senator Sterling, Republican, South Dakota and Dillingham, Republican, Vermont, were said not to be in complete disagreement but believed the bill might well be passed and be put to the test before the supreme court of the United States.

That the supreme court of the United States has decided squarely in a lynching case from Alabama that a federal anti-lynching law was beyond the federal powers was contended by Senator Borah and his associates. Therefore it was said that they asserted it would be useless to present the question anew under the pending bill, to the high court. The question of procedure, however, was questioned by other committee members and a decision went over.

### MEMORIAL DAY EXERCISES BE HELD SUNDAY IN CENTRAL PARK

Memorial Day exercises will be held in Central Park next Sunday at which time all the veterans of all wars and all the auxiliaries are requested to be present and take part. The following program has been arranged:

Master of Ceremonies.....R. J. Holly  
Invocation.....Rev. Paul Burhans  
Song....."My Country 'Tis of Thee"  
Oration.....Capt. Geo. G. Herring  
Oration.....Rev. King  
Benediction.....Dr. Brownlee  
Taps

The veterans and the auxiliaries are requested to meet at the court house Sunday afternoon at 3:30 to march to the park. Co. D will be the honorary escort and the Municipal Band will lead the march. All veterans and all auxiliaries are invited to join in the ceremony. Tuesday is the national Memorial Day but Sanford will observe Sunday this year. 51-3tp

### BISHOP KILGO ILL IN MEMPHIS HOSPITAL

(By The Associated Press)  
MEMPHIS, May 25.—Bishop John C. Kilgo, of the Southern Methodist Church, who is ill in a local hospital, rallied strongly after a relapse early today, and physicians said he is now resting more comfortably, although his condition is still described as critical.

## BELFAST SCENE OF FIGHTING, MANY KILLED

TOTAL CASUALTIES WERE FOUR  
DEAD AND TWENTY-SEVEN  
WOUNDED

(By The Associated Press)  
BELFAST, May 25.—Total casualties in Belfast during the night were four dead and twenty-seven wounded. The wounded include only cases taken to the hospitals.

### \$150,000 BOND ISSUE VOTED AT PLANT CITY

PLANT CITY, May 25.—Property holders of Plant City Tuesday ratified by a vote of more than six to one a bond issue of \$150,000 for municipal improvements and to refund floating indebtedness.

The vote was 265 for bonds to 42 against the proposition.

The bond issue carries \$38,000 for a city hall and fire station, \$21,000 for extension of water mains and improvements of waterworks system, \$15,000 for extensions and improvement of sewerage system, \$12,000 for fire protection equipment. The balance, \$65,000 is to refund floating indebtedness accumulated over period of years.

### WHEAT PRICES SLIDE DOWNWARD IN CRASH

(By The Associated Press)  
CHICAGO, May 25.—Prices for May delivery of wheat here smashed heavily downward yesterday. Losses of six cents a bushel over night were shown in the closing quotations for what month—\$1.32 to \$1.32 1-4—nearly twenty-eight cents a bushel loss since a recent downward swing began.

Opinions among traders last night leaned to the view that the leading interests on both sides had been getting out from under their burdens and that instead of a struggle lasting until the end of the month, the May deal of 1922, was already virtually completed except perhaps for pyrotechnic changes almost inevitable from the windup of huge transactions.

### PANIC IN WALL STREET AVERTED BY PROSECUTING THE BUCKETSHOP GANG

(By The Associated Press)  
NEW YORK, May 25.—District Attorney Banton yesterday told the Lions Club, at a luncheon meeting that he had averted a financial panic in Wall Street early this year, by cleaning out more than a score of "fly-by-night" brokerage houses and bucketshops.

"You may not know it," he said, "but the sentiment of people against the operations in Wall Street had reached such a pitch that it was only through the exercise of the greatest caution on my part that a panic was averted. Complaints poured in not only from persons residing in New York but from the forty-eight states of the country."

Mr. Banton described efforts that were being made to have brokers regulated.

The first attempts in that direction calling for the adoption by the legislature of only a "milk and water bill," he said, was strongly opposed before the legislature committee by "that chief bull thrower, the president of the stock exchange."

It was that and other opposition, he said which determined him to have a "regular measure put thru. He urged that all civic bodies put their power behind the movement to force the passage of the regulatory measure soon to be offered in the legislature.

The Clyde Line announces a special summer rate on the river trip between Sanford and Jacksonville of \$10 for the round trip effective May 15th and up to and including September 30th. This is one of the finest trips in Florida and the round trip rate on the fine Clyde steamers is well worth the extra time it takes on the ships.

## ALABAMA POWER COMPANY HAS NO CINCH ON SHOALS ON ACCOUNT OF CONTRACT

Attorney General Says They Have No Exclusive  
Purchase Rights

(By The Associated Press)  
WASHINGTON, May 25.—Opinion by Attorney General Daugherty submitted to Secretary Weeks and sent today to the house military committee holds contract executed by government with Alabama Power Company invalid with respect to provision which power company officials contended gives them right of exclusive purchase of government's interests in steam power plant at Gorgas, Alabama.

### Defense Finds Pistols Figured in Ward Case When Peters Killed

Counsel for Ward Seems to Have Kept  
Back Pistols

(By The Associated Press)  
WHITE PLAINS, May 25.—Counsel representing Walter S. Ward, who claims he shot Clarence Peters in self defense two weeks ago, turned over to the sheriff today two pistols which are alleged figured in the story told by Ward of a battle between him and a band of blackmailers.

WHITE PLAINS, N. Y., May 25.—Clinging to his silence concerning the nature of the blackmail threat which he asserted had led up to his shooting of Clarence Peters, ex-marine, Walter S. Ward, millionaire baker's son, yesterday resigned as police commissioner of New Rochelle.

In the early part of the day the only word that came from Ward sources was a denial of the report that he would resign under fire. But yesterday afternoon shortly before his attorney notified the New Rochelle authorities that his resignation was in the mail, a man close to the Wards told the army of reporters mobilized here that they might as well go home, as "the family has the case sewed up tighter than a drum."

When this was repeated to District Attorney Weeks of Westchester county, who earlier in the day asserted that he had not "swallowed hook, line and sinker," the story told by Ward of having fired in self defense, he pounded the table in front of him and roared:

"Sewed up, eh? Well, let me set you fellows right. Nobody can deceive us. We are going through with this thing, running down every possible angle."

Nevertheless, the public remained as ignorant of the secret hold which Peters and his band of alleged blackmailers may have had on Ward as on last Saturday, when the latter surrendered, a week after Peters had been found shot to death near the Kenisco reservoir, where Ward claimed to have motored for a tryout and been forced into a pistol battle.

### PITCHER HUBBELL SEVERELY INJURED STRUCK WITH BALL

(By The Associated Press)  
PHILADELPHIA, May 25.—Wilbur Hubbell, Pitcher, was severely injured in the first inning of the first game between Philadelphia and Brooklyn today when he was struck on the head by a ball batted by T. Griffith, of Brooklyn. The Philadelphia twirler was rushed to the hospital, where it was said concussion of the brain and probable fracture of the skull.

### Unlimited Debate Not Permitted Under New Ruling

If Majority of Senators Can Have  
Their Way

(By The Associated Press)  
WASHINGTON, May 25.—Movement that is said to have the backing of a large number of senators, to change the ancient senate rules permitting unlimited debate initiated today at a conference of Republican members.

Republican leaders later warned in the senate by Underwood, Alabama, the Democratic leader, he would resist to his utmost any effort by the majority to apply the gag rule for passage of the tariff bill. Other minority senators intimated the cloture rule would provoke prolonged discussion.

### SOLDIERS BONUS LEGISLATION STOPS WAITING ON DEMOCRATS

(By The Associated Press)  
WASHINGTON, May 25.—Democratic members of the senate finance committee may be called upon to break a deadlock among the Republicans of the committee over soldiers' bonus legislation. The subject was brought up yesterday, at a meeting of the majority and it developed that there was a five to five decision on the so-called McCumber plan—the amended house bill—and the Smoot proposal to issue to service men paid up insurance policies in lieu of all compensation options heretofore proposed.

Chairman McCumber said after the session that he probably would call a meeting of the entire committee for this week. The meeting probably will be deferred until the return from Indianapolis of Senator Watson, Republican, Indiana, who has had several conferences recently with President Harding on the bonus question.

The only action taken yesterday by the majority was the appointment of a sub-committee consisting of Senators Surtis, McLean and Sutherland to hear Representative Mondell of Wyoming, the Republican house leader, relative to substituting the pending reclamation bill for the land settlement feature of the bonus measure which the senate committee Republicans have agreed to strike out of that bill.

Mr. Mondell suggested that if it could be incorporated in the bonus legislation it probably could be enacted at this session.

Two of the largest shipments of phosphate in several months from Tampa are due to move in the next day or two from the Seaboard elevator, totalling 13,400 tons.

## TWO MEN WERE KILLED AND EIGHT OTHERS INJURED IN AN AUTOMOBILE COLLISION

### SENATE FIGHT OVER TARIFF TAKES TIME

SIX HOUR STRUGGLE OVER ONE  
ITEM OF AD VALOREM ON  
GRAPHITE

(By The Associated Press)  
WASHINGTON, May 25.—Practically all the daylight hours yesterday were spent by the senate in a fight over tariff duties on graphite, which split both the Republican and Democratic ranks, but left the finance committee majority victorious.

Assault after assault was made on the committee proposals, with roll call following roll call, but each was repulsed, the duty being approved as recommended—ten per cent ad valorem on amorphous graphite, 20 per cent crystalline lump, and 2 per cent a pound on crystalline flakes.

### PAPERS WERE REMOVED FROM REVENUE BUREAU SAYS COMMISSIONER BLAIR

(By The Associated Press)  
WASHINGTON, May 25.—Commissioner Blair of the Internal Revenue Bureau said today that more than three hundred packets of papers were removed from unit of revenue bureau after dismissal of A. D. Sumner, Deputy Commissioner of Internal Revenue in charge of the accounts and C. C. Childs, supervisor of collections, recovered and under examination.

### BIRMINGHAM TROLLEY STRUCK BY TRAIN THIRTY-TWO INJURED

(By The Associated Press)  
BIRMINGHAM, Ala., May 25.—Thirty-two persons were injured, several seriously, when a Tidewater car on the Birmingham Railway Light and Power Company lines was struck this morning by a freight train of the Alabama Great Northern Railroad at Woodlawn, a suburb of this city. Confusion in following the signals of the crossing, the flagman said to have caused the accident. The trolley car was broken in two when it was struck. The engine which was pulling forty empty cars and was derailed by the impact and ran on the ties for nearly three hundred feet before stopping.

### CHARLEY FRANK, DEAN OF BASEBALL, IN SOUTH, IS DEAD

(By The Associated Press)  
MEMPHIS, May 25.—Funeral services for Charles Frank, dean of the Southern base ball men and one of the founders of the Southern Association, who died early yesterday here after year's illness, will be buried today. Burial will be made in a local cemetery.

If any subscribers of the Daily Herald have a copy of April 12th, the Herald office would like to have one or more copies and will pay five cents per copy for them.

### Accident Occurred Near Jacksonville Early This Morning

### ATLANTA MEN

IN ONE CAR AND SPECIAL RAIL-  
ROAD AGENTS WERE IN CAR  
BOUND FOR PABLO BEACH

(By The Associated Press)  
JACKSONVILLE, May 25.—Charles E. Kersey and Edford McKeel, both of Atlanta, were killed and eight other men injured in an automobile collision shortly before dawn today on the highway between Jacksonville and Pablo Beach. Kersey and McKeel were in a car with three other men and were bound for the city. Five railroad special agents were in the second car and were bound for the beach. The injured said that when the two cars drew together the outbound car dimmed the lights and drew to the proper side of the road but the inbound car did not use its dimmers. The inbound car struck the other machine, and ripped the entire left side off of it, left the road and overturned, killing Kersey and McKeel instantly. Of the eight survivors all were hurt but not seriously enough to be removed to the hospital. The accident occurred on a straight stretch of road.

McKeel, Kersey and three friends went to Pablo at midnight on a fishing trip but rain threatening they were returning to Jacksonville. The party in the other car was enroute to the beach on a fishing trip, planning to arrive before daylight. Four of them were railroad men, employees of the Jacksonville terminal company, the fifth an acquaintance.

ATLANTA, May 25.—McKeel and Kersey made their homes here for a number of years. Both were married. McKeel was vice-president of Giddings & Rodgers of Atlanta and came here from Baltimore. Kersey was the southern representative of the Durkee company. Both were well known in local club and social circles.

### DEFENSE RESTED IN BLIZZARD CASE THIS MORNING

(By The Associated Press)  
CHARLESTOWN, May 25.—The defense rested its case this morning in the trial of Blizzard on a charge of treason. A rebuttal was begun immediately by the prosecution.

### ASK SPECIAL SESSION OF LEGISLATURE FOR REPASS- ING GAS TAX LAW

(By The Associated Press)  
TAMPA, May 25.—The board of governors of the Board of Trade yesterday afternoon passed a resolution requesting Governor Hardee to convene the legislature in a session for the single purpose of re-passing the gasoline tax law. This act, which places a tax of one cent per gallon on all gasoline sold in the state, the money to go to the road fund, has been declared invalid by the supreme court. Attorney General Buford, however, has asked for a rehearing.

### FERTILIZER PLANT AT GAINESVILLE BURNS

GAINESVILLE, May 25.—The entire plant of the Standard Fertilizer Company was destroyed by fire Tuesday night with a loss estimated at approximately \$20,000. The flames spread to a carload of fertilizer on a spur track and that likewise was destroyed.

The loss is said to be partly covered by insurance.

MOBLEY'S DRUG STORE

PERSONALS

How about another gentle rain today?

Looks like this life is just one holiday after another for some people.

And tomorrow is another half holiday for the lucky business men and their employees.

Hon. O. P. Swape, of Oviedo, candidate for representative, was in the city today circulating among his friends.

Fishing continues to be good in all the lakes and rivers and good catches are reported every day. Looks like the streams will soon be fished out.

Capt. D. A. Kelly has returned from a trip to Chicago and other points where he attended the meeting of the National O. R. C. and met many of his old friends among the railway conductors from other parts of the country.

Lake Mary is destined to be one of the greatest resorts in this part of the state as soon as the pavilion and other improvements are made out there. Many new people are buying homes and Lake Mary will be one of the most prosperous suburbs of Sanford in another year.

Do you believe in the Sanford High School and the work which it does? Do you "talk of your interest" or do you prove your interest? If you haven't bought a Salmagundi yet the number is small and the time is short—better buy now.

Elder Springs Water Co., will give away this fine water all day on Saturday and will provide twelve coolers at various parts of the business portion of the city and this will give the visitors pure sparkling ice cold water all day—one of the greatest treats that they could have.

This is the week to give your money to the Boy Scouts. Deane Turner is treasurer of the district in the Boy Scout movement and will take your donation. There is no work among the boys quite so important as the Boy Scouts. Give them your donation and do your bit toward making better boys, stronger boys, better American citizens.

High School Girl Wins Another Medal For Best Essay

Again has a Sanford High School pupil carried off high honors in a state or inter-state contest. This time it is Georgia Mobley, daughter of Mr. and Mrs. E. D. Mobley, of this city, who won the medal given by the National Society of Colonial Daughters with headquarters in Washington, D. C. One hundred high schools in the United States are asked to enter the contest each year and write an essay on an acceptable subject, this year the subjects being given were:

- 1.—How Can I Become a Good Citizen?
2.—Our Agricultural Colleges and How They Help the Farmer.
3.—The Importance of Conserving Our Forests.
4.—Reclaiming the Western Deserts Through Irrigation.
5.—Advantages of Trade with Our South American Neighbors.
6.—Law and Order the Foundation of All Good Government.
7.—The Arms Conference and Its Significance.

Miss Mobley chose "The Importance of Conserving Our Forests" a subject that is vital not only to the United States as a whole but to Florida in particular and her essay on this subject was so good that it won the medal, Sanford being the only high school south of Charleston to win a medal. For the past three years Key West High School has been invited to enter the contest but this year when Prof. McKay decided to move to Sanford they extended the invitation to Sanford High School to take part as Mr. McKay had taken such a great interest in the essay writing and given them such fine co-operation.

The giving of medals each year by the National Society of Colonial Daughters is done to instill into the young Americans a better idea of civic improvement and patriotism. All Sanford rejoices with the lucky girl over her winning this medal and this adds another laurel to the Sanford High School during one of the most successful terms that the school has ever known.

And in the English class from which the contestants were drawn it might be well to say that Mrs. McKay is the teacher and her excellent work is shown in the contest in many ways.

PUBLIC HEARING IS CALLED FOR INTRA-COASTAL CANAL TO BE HELD IN THIS CITY

(Continued from Page One)
...die, why are not more or larger boats put on the run? Give some information for incoming shipments.

6.—If the present East Coast Canal should be purchased by the United States and made a free and open waterway, or if a parallel canal of the same depth and width should be dug by the United States, what benefit to commerce would result? Would the abolition of tolls in itself affect the freight rates, or the volume and nature of the business handled by water, or result in placing more boats on the water route? Is so, to what extent?

7.—What benefit to commerce would be derived from the construction of a free and open waterway following the line of the present canal, or a line parallel thereto, if it were made 6 feet deep—8 feet deep—10 feet deep—and of appropriate width in each case? What effect would such a waterway have on freight rates and on the proportion of shipments handled by water? In what way would such a waterway be of more value than the existing 5-foot canal?

8.—What are your present freight rates by rail and by water between your locality and Jacksonville on your principal products, and principal incoming shipments? It is understood that the rates to points beyond are the sum of the rate to Jacksonville and the rate from Jacksonville to destination. Assuming the rates between Jacksonville and northern and western points to remain unchanged, how much of a reduction in present rates between your section and Jacksonville, in both directions, would be necessary to make shipment by water, to or from Jacksonville, attractive, considering the additional haul to the boat landing, and the rehandling and reshipping in Jacksonville? Could the present boats operate in the present canal at a profit at such reduced rates? What kind of boats or barges could be operated at a profit at such rates? How deep and wide a waterway would be necessary to accommodate them? Would sufficient tonnage be offered in both directions to make the operation of a line of such boats profitable and advantageous, either continuously or during part of the year?

9.—In what other way would the establishment of a free intra-coastal waterway along the line of the present canal, or parallel thereto, be a benefit to your section, and how large should such a canal be to afford the benefits anticipated? Give any arguments you may see fit to advance either for or against the purchase of the existing canal, or the construction of a new waterway on a parallel route.

10.—Describe in some detail the character of freight that would be transported over the Intra-Coastal canal. This should cover the products that may be shipped out of the territory tributary to the waterway, also the character of freight that would be shipped into the district.

11.—Resources of the country actually tributary to this waterway, i. e., area and value of timber land, area and value of grazing land, area and value of farming land, with statement of amount actually in cultivation, together with character, amount and value of products.

12.—Are new works of land reclamation underway or contemplated? If so, what bearing will these land reclamation projects have upon this project? Can the land reclamation projects be co-ordinated in any way with the project for the improvement so as to reduce the cost of the work of the improvement?

13.—Are local interests willing to contribute towards the cost of the improvement?

14.—Are any improvements of the waterways adjacent to the proposed improvement now going on which would make the proposed waterway more useful?

WM. C. LEMEN, Major, Corps of Engineers, U. S. A. United States Engineer Office, Jacksonville, Florida, May 23, 1922.

If you don't back the school boys and girls you are not a good citizen. Buy a Salmagundi and prove your spirit. Assure the Sanford High School of your co-operation and support.

TRANSMISSION TOWER DYNAMITED TODAY AT CHARLESTON, W. VA.

(By The Associated Press)
CHARLESTON, West. Virginia, May 24.—The electric transmission line tower of the Virginia Power Company was dynamited today near Elberton. Eight coal mines are closed as a result.

For quick results, try a want ad.

LABOR LEADERS HELD MAKE NEW FIGHT FOR BOND

(By The Associated Press)
CHICAGO, May 24.—Chicago labor's "big three" yesterday planned a renewed effort to obtain their release from jail on bonds, or failing that, at least to force the city and state authorities to reveal some of the evidence it is insisted connects them with two police murders, bomb plots, beatings and property damage to the extent of approximately \$1,000,000.

Attorneys for "Big Tim" Murphy Street Sweeper and Gas Worker, Union's head; Fred Mader, president of the Chicago Building Trades Council, and "Con" Shea of the Theater Janitor's Union, and intention to demand a writ which would require John Miller, alleged confessed driver of the automobile from which the two policemen were shot to death, to make known what information he had given the police.

The defense attorneys asserted they were aware of the text of Miller's statement. They said Miller and his companions started on a robbery foray and that the resulting murders could not be linked up with Mader, Shea or Murphy. To combat this step, state's attorneys yesterday rushed a dozen or more additional witnesses before the grand jury and claimed evidence was given to connect the "big three" with terrorism, slugging, bombings and murders.

GENOA, May 24.—Commercial treaty between Soviet Russia and Italy was signed in the Royal Palace this afternoon.

Seminole county has one of the best Boy Scout camps in the state. It behooves all of us to keep up the good work and get all the money possible to further the cause. Let the good men and the good women of the community help out in the Boy Scout movement—the greatest in history for the helping of the boys, our future citizens. See Deane Turner. He will tell you all about it.

SANFORD STEPS FORWARD

The voters of Sanford recently showed their public spirit and their good sense by overwhelmingly supporting a bond issue for municipal improvements. More than \$625,000 will be spent for new streets, a municipal pier out into Lake Monroe, a boat basin, a public library and certain minor civic undertakings. Possibly the most remarkable thing about the vote was the fact that there were 415 in favor of the bonds and only 53 against, the proposition being about eight to one. Within a year Sanford will be able to boast of paved streets in practically every section of the city, a complete system of sewers and a \$60,000 municipal pier that would be a credit to cities many times the size of Sanford. Incidentally, it is rather surprising to be told by Bob Holly's Sanford Herald that the present population of Sanford is in excess of 7,000. Reference to Sanford's achievement would not be complete were mention omitted of the part the Sanford Herald played in securing the passage of the bond issue. Of course no newspaper can afford to be non-progressive and it would naturally be expected that Bob Holly would work for and support anything that meant a bigger and better Sanford, so in giving credit for what has been accomplished, the Herald should not be left out of the reckoning.—Lakeland Telegram.

PERRY WALL DISCUSSES VITAL PUBLIC PROBLEMS

The address delivered at the regular weekly luncheon of the Rotary club yesterday by Hon. P. G. Wall was a masterly and courageous review of local and state political conditions. Mr. Wall gave evidence of deep study of his subject and the ability to analyze our public problems as well as to suggest policies that would lead us to higher ground. He was unsparring—but fully justified—in his criticism of the present-day political methods, and the audience of intelligent and successful business men was apparently in thorough sympathy and accord with his expressions of disgust at the lack of material achievement by the men who have been elevated to high public position during the past 20 years. Petty personal politics, rather than policies—constructive, enlightening policies—is the bane of this state, and has been for years. For nearly a quarter of century the citizens who call themselves democrats have been adrift, without compass or rudder—no conventions have been held by the party, no principles enunciated, no platforms adopted. It is high time that the progressive, thinking men of this state gave heed to these matters. A demand should be made upon the democratic state executive committee that state convention be called for the consideration of public affairs and for the proclamation of party principles. It is within the province of the committee, in our judgment, to call a convention, and to arrange for a primary to choose delegates to the convention. Apportionment of representation in the convention should be made on the basis of the democratic vote cast in each of the counties. This would result in the majority of the delegates being chosen by the growing, progressive sections of the state, and it is fair to assume that the spirit which would be in marked contrast to that which controls our legislature.

Mr. Wall declared in his address that the three outstanding problems to which the intelligence of the state should address itself are taxation, education and transportation. Mr. Wall has made this same statement many times and no extended argument is needed to carry conviction to the mind of any intelligent citizen that he is right—that in the equitable and intelligent solution of these grave problems is involved the prosperity, the progress and happiness of the people. But what measure of consideration is given such matters by the average politician? We are entitled to judge by the results, achieved—and the results, surely, cannot be satisfactory. Our system of taxation is inequitable, the law is not enforced as it is written, and there is wide divergence of opinion as to the results if the law should be enforced exactly as it is written and without favoritism. Some there are who argue that complete enforcement of the law would bring disaster to many important interests.—Mr. Wall

MICKIE SAYS

"THE EDITOR SENDS ME OUT HERE TO MAKE KISS ONES IN A WHILE, BUT JUST BETWEEN YOU 'N ME, HE THINKS HE RUNNIN' HIS PAPER IN BEST TOWN IN 'TH' COUNTRY 'N HE SWEARS NOBODY NOWHERES HAS GOT AS LOYAL 'N FRIENDLY A BUNCH OF SUBSCRIBERS!"

CHARLES JUMPER

among them. There are others who hold contrary views, who believe that the assessment of all values would greatly reduce the burden of taxation. It is not to our credit, we must admit, that we have on the statute books fundamental laws which we are deliberately ignoring. Then, in recognition of this division of judgment—each side being supported by men whose opinions are entitled to respect—a law should be framed covering this vital matter which could be enforced. The deplorable condition of our educational system is a sore point with every parent. The transportation problem is a matter of vital concern to everyone—it affects every material interest.

These are the matters to which we should be addressing ourselves, rather than to supporting the ambitions of petty professional politicians to secure public offices. These are the matters which, rightly disposed of, will accelerate the development of Florida and will attract here the most desirable type of people.—Tampa Times.

BE BROAD—ADVERTISE

Could you do without a telephone in your business?

Has the automobile displaced the horse to haul your merchandise?

Would you write your business letters with pen and ink instead of a typewriter?

How about using the old-fashioned oil lamps instead of electric lights?

And that cash register system, why not discard it?

All of these things are modern business aids. Without them the real, progressive business men could not handle his affairs.

But there is another of the newer things in business which is more important than any of these.

That other thing is publicity.

About it the Philadelphia Public Ledger has written:

"No business can be broadened without publicity. The man in business who does not appreciate this fact is as dense or as obstinate as the officers of that life insurance and trust company which was one of the first in the field but which never got anywhere because it fought against accepting the telephone, the electric light, the typewriter and everything new, including advertising."

Not one bit too strong is this argument of the man who does not believe in advertising.

That fellow who refuses to use a telephone, or a typewriter, or electric lights, or automobiles, or a cash register is foolish, you say.

So are you, if you fail to avail yourself of the great power of publicity.

Advertise and be broad!—St. Petersburg Times.

CHARACTER ASSASSINS

If we are to accept the clandestine whisperings, so insistent now that no one can ignore them, there is an epidemic of slanderous gossiping raging locally. Other communities, according to the public press are suffering the ill effects of this blight. We recall many years ago a similar condition in a south Florida city where we were then residing, which suggests that such periods of clattering tongues comes in cycles. The editor of this paper believes now, as he believed then, that the scandal monger and character assassin is infinitely more contemptible than his or her subject. So we feel it not amiss to reproduce an expression we made then as applicable to a present condition here: Ouida, in one of her clever novels, charges that more lives have been saddened and more reputations

blighted by "they say" than can be charged to the murderer. It is deplorable, but true, that there are in every community persons whose minds, in restless convolutions, reflect and magnify the faults of others. They draw conclusions from their own vicious thoughts and acts, and hide their own shortcomings behind the monstrous characters they paint of their fellow man.

In every community is to be found this coterie of character assassins. They draw no distinctions. Every one who is worth discussing at all is placed upon the operating table of opinion and X-rayed by exploiting tongues. "They say" permits the widest range of conjectures, which grow with repetition and soon assume definite authorship as they travel. That person in the community who might have had some secret sorrow which she or he could not avert, is always an available subject. The assassin applies the anesthetic of pity, proceeds with the diagnosis and finds that it was all his or her fault. It is easy to construct a plausible reason for conditions. They fortify their conjectures with trite epigrams and never apply the rule of reason.

Can that person who has never been tempted stand in just judgment over his weaker brother? Is it just that those whose colorless souls know nothing but the routine should sit in judgment of those to whom has been given that restless temperament which makes for action some often, misdirected?

"Would you, that spangle of existence, spend

About the secret—quick about it, Friend!

A hair perhaps divides the False and True;

And upon what, prithee, does life depend?"

Without exception, the scandal monger and character assassin has more than one skeleton in his or her own closet. They rattle the bones of others to drown the clatter of their own.—Palatka News.

STOVALL BRINGS SUIT OF \$100,000

The Tampa Morning Tribune yesterday morning announced editorially that "Col. W. F. Stovall had filed suit against the Florida National Publishing Co., a corporation engaged in publishing the Florida Post at Winter Park, in Orange county, alleging libel, and asking

damages in the sum of \$100,000." The editorial states, "What damages, if any, can be collected from the defendant corporation, will be donated by Col. Stovall to the children's home of Tampa. . . . The case against the Florida National Publishing Co., will be pushed to the limit the law of this state will permit it to go," etc.—Orlando Sentinel.

**More Facts You Should Know**

Buick production has increased so immensely that it has been possible to make greater strides each season in the handling of each operation. The buyer of a Buick car profits by the consequently lowered manufacturing costs.

For twenty years the name BUICK has been indelibly linked with those car qualities that appeal most profoundly to car owners—sturdiness, power and unfailing dependability.

The biggest advantage of buying a BUICK car is that you get a BUICK VALVE-IN-HEAD MOTOR and properly related chassis.

**Citrus Shipments During the Year, Break All Records**

With possibly five hundred cars of citrus fruit yet to be shipped during the present season, figures compiled by local growers yesterday indicate that Florida has shipped more oranges and grapefruit this year than ever before. And it has brought exceedingly good prices, the growers said.

Estimating that at least a thousand cars of fruit were shipped by express, the total for the season is fixed at 36,163 cars. This figure exceeds by nearly 3,000 cars the shipments of last year which were estimated at 33,607.

It was pointed out that the last few years have noted a steady increase in Florida's fruit exports, due not only to favorable conditions but to the increased acreage devoted to orange and grapefruit groves. On this basis it is estimated that next year will see the yield of another record breaking crop and so on ad infinitum until citrus culture reaches the highest stage of its development in the Peninsular States.

In 1918 the crop was little more than half as large as this year's and it was considered in the championship class as things went in those days. The crop was about eight million boxes then. It reached the lowest stage in 1906 when the freeze reduced shipments to little more than 1,100,000 boxes.

Shipments of oranges by rail this season have reached 17,993 cars, with 16,670 cars of grapefruit. Much fruit has gone to Eastern markets via water routes, besides that shipped by express.—Orlando Sentinel.

**LOWEST-PRICED ROAD IN THE STATE**

TAVARES, May 24—Yesterday the Lake Construction Company of Leesburg made a surety bond for \$58,000 for the faithful performance of its contract to construct nineteen miles of roadway from Astor to Altoona, with ten miles of shell surfacing and nine miles of clay.

The entire cost of this nineteen miles of roadway is a trifle under \$7,000 a mile. This road has been cleared to sixty-six feet wide as clean as a whistle. The roadway will be twenty-four feet wide and surfaced fifteen feet.

There has been some state comment on the low price of this road contract, the idea being advanced that it was impossible to do the work at this price, or the work would be slighted. As originally stated, the price of less than \$7,000 a mile included engineering costs. The work will meet the requirements of the state and federal highway commission, so that in future years the grade or alignment will be acceptable to them.

In the cost there are included forty-six cast iron culverts, a pressure-treated creosoted timber bridge 320 feet long and sixteen feet wide roadway. The grade includes 110,000 cubic yards of grading. There is one hill 120 feet high that will be cut to 5 per cent grade. The roadway goes through a thirteen-mile swamp, and in one mile of same there is 12,000 cubic yards of fill.

This is told to prove that this road has the problems that confront roadbuilders. The supervision of County Engineer Heller will be as strict as that of federal supervision, and when completed it will stand as a monument of efficiency in road making and at a price that has not one penny of graft or favoritism or politics in it.

The \$38,000 school bonds to erect a new high school building to Pruden & Co., Toledo, O., for \$40,006.40. After the bids were opened the six bond buyers who were lower in their bids suggested that the bonds be put at auction and the buyers allowed to bid the limit. The successful bidder refused to accept the challenge.

**LONGWOOD**

Mr. and Mrs. W. A. Tullis were visitors in Sanford Friday.

E. S. Miller returned from Fort Pierce last Thursday.

A. R. Stiles left Saturday for his old home in Binghampton, N. Y. There was services at Christ Church Sunday, P. M., Rev. Peck of Sanford officiating.

Miss Dane Murry is spending a few days with Mr. and Mrs. Chaffer. Those motoring to Geneva Saturday were Mr. and Mrs. Long, Mr. and Mrs. Roy Sour and little Bill, Miss Dane Murry, Miss Olive Dinkel and E. S. Miller.

Mr. and Mrs. Frank Pounds of Orlando and Mrs. W. A. Hunt and daughter, Miss Helen Hunt of Jacksonville were visitors in town Sunday. Mrs. Hunt will be remembered

here as Miss Lillian Gove.

Prof Herbert Chaffer is visiting his parents, Mr. and Mrs. Chaffer. Miss Helen Moran and Miss Dane Murry spent the week-end in Geneva with relatives and friends.

Rev. Lackumby of Orlando preached in the morning also evening at the Baptist Church.

Messrs. Louis and Warren Entzminger are visiting their brother, C. W. Entzminger and sister, Mrs. W. E. Allen.

T W Lawton was a visitor to the school last Friday.

Mr. and Mrs. Braswell have moved into the Smith place and expect to live there until their house is completed on the grove they have recently bought from Wade Entzminger.

If you don't back the school boys and girls you are not a good citizen. Buy a Salmagundi and prove your spirit. Assure the Sanford High School of your co-operation and support.

A coal strike isn't wholly without merit. It always boosts the price of land in Florida.

**CITATION**

Special Tax School District No. 1, Seminole County, Florida, by G. W. Spencer, S. O. Shiholiser and H. C. DuBose, Trustees and by C. F. Harrison, Fred T. Williams, and C. A. Dallas, as members of the County Board of Public Instruction for Seminole County, Florida.

vs. The State of Florida, ex rel Geo. A. DeCottes, State Attorney for the Seventh Judicial Circuit of Florida. TO THE CITIZENS AND TAXPAYERS OF SAID SPECIAL TAX SCHOOL DISTRICT NO. 1, SEMINOLE COUNTY, FLORIDA:

Whereas: A petition has been filed in the above styled Court by Special Tax School District No. 1, Seminole County, Florida, setting forth the fact that an election has been called and held in said Special Tax School District No. 1, on the 9th day of May, A. D. 1922, to determine whether or not there should be issued by said Special Tax School District, bonds in the sum of \$60,000.00, to bear interest at the rate of 5 1/2% per annum, interest payable semi-annually, principal to mature thirty years after date of bonds, and the said bonds to be dated July 1st, 1922, the proceeds of the said bonds to be used for the purpose of acquiring, building, enlarging, furnishing or otherwise improving school buildings and school grounds and for the exclusive use of the public free schools within said Special Tax School District No. 1; that a canvass of the returns of the said election show prima facie that said election was in favor of the issuance of the said bonds, as aforesaid by the said District.

Now therefore in pursuance to an order of the Court herein made and in conformity with law NOTICE is hereby given that the citizens and taxpayers of the said Special Tax School District No. 1, Seminole County, Florida, are by the said order and by law required to be and appear before the Honorable Circuit Court of the Seventh Judicial Circuit of Florida, on the 1st day of June, A. D. 1922, at 10 o'clock in the morning, at Sanford, Seminole County, Florida, then and there to show cause, if any they have, why said bonds should not be validated and confirmed.

Witness my hand and official seal of office at Sanford, Seminole County, Florida, this the 11th day of May, A. D. 1922.

(SEAL) E. A. DOUGLASS, Clerk, Circuit Court, Seventh Judicial Circuit, Seminole County, Florida.

HILL HARDWARE COMPANY

OVIEDO

Sunday School day was observed at the Methodist Church Sunday morning with appropriate exercises by the children and music by the Oviedo Orchestra.

Miss Elizabeth Lawton of Rollins spent the week-end with her parents.

Dr. Blackman of Monroe preached the baccalaureate sermon to the members of the senior class of the Oviedo High School at the Baptist church Sunday evening May 21st. The church was very prettily decorated in ferns and the class flower, white roses. A special choir rendered the music which was unusually fine and appropriately selected. Dr. Blackman's subject was "A good Name" in the exposition of which he brought to the class and all present some splendid, helpful thoughts to carry through life.

Misses Kathryn and Elizabeth Lawton entertained a few of their friends Friday evening.

The mens Bible class of the Methodist church entertained Monday night at the Club House. They had as their guests the Women's Bible class of the Methodist church, the teachers of the Sunday School and the two adult Bible classes of the Geneva Methodist and Oviedo Baptist churches. O. P. Swope, chairman of the entertainment committee with the able assistance of Mrs. T. W. Lawton and Mrs. C. L. West kept the seventy guests busy and happy until a late hour. The chief feature of the entertainment was a mock trial of two of Oviedo's most prominent citizens. The wit and humor brot out in the impromptu speeches, questioning and answers were most amusing and thoroughly enjoyed by every one present.

The home of W. J. Lawton is being improved by a fresh coat of paint on the outside and inside.

Miss Ethel Taylor left Monday for a visit to friends in Orlando.

Edward McCall of Stetson University spent the week-end with his parents.

Rev. and Mrs. L. E. Wright and son Olin, Mrs. W. E. Luther and Mrs. Frank Norris visited Orlando Wednesday.

Miss Noble Swope returned from St. Augustine Wednesday and expects to spend the summer at her home in Oviedo.

Mrs. O. G. Wolcott entertained the Women's Bible Class of the Methodist church at her home at Lake Charm Tuesday afternoon.

Miss Alice Brannon returned to Jacksonville Sunday after spending the week-end with her parents at Lake Charm.

M. A. Kilvert left Tuesday for New York and Chicago.

H. W. Barr of Orlando was a visitor to Oviedo last week.

Mr. and Mrs. C. S. Lee motored to Crescent City last week, returning Friday afternoon.

Little Martha West entertained a number of her little friends Wednesday afternoon at a party, that day being the celebration of her third birthday.

The closing exercises of the Oviedo school will be held Thursday and Friday nights of this week. Dr. Dresch of Rollins will make the address to the graduating class Friday night.

Mrs. W. M. Wright spent Saturday afternoon in Orlando.

Mrs. W. R. Kimbrel was called to Charleston, S. C., Monday by the serious illness of her brother.

Mr. and Mrs. G. W. Swope and son Frances were business visitors to Sanford Wednesday.

Mrs. O. P. Swope and children spent Saturday in Sanford.

Mr. and Mrs. A. D. Souer and little son, A. D., Jr., visited Sanford and Orlando Saturday.

FAKE MEMBER CONGRESS "SELLING" AUTOS THROUGH MAIL TO RURAL CARRIERS

ATLANTA, Ga., May 25.—Post-office authorities started here yesterday an investigation of a man giving the name of James D. Bailey, of Washington, who offered to sell to rural mail carriers, several thousand government automobiles at \$100 each. Bailey, it is said, claims to be a member of congress, serving on the house committee on post-offices and post roads.

The attention of L. A. Johnson, postoffice inspector in charge of the Atlanta district, was called to the automobile offer by C. D. Lindsey, a carrier, on a route out of Tucker, Ga., who had received a letter signed by Bailey and written on official stationery of the house of representatives. The letter requested that the proposal be kept in strict confidence and that the recipient simply remit \$50 with his application for one of the cars and pay the balance in small monthly installments. According to Inspector Johnson the name

of Bailey does not appear in the house roster issued last month and is not contained on the roster of the house committee on postoffices and post roads.

While the letter to Lindsey was written on official stationery it asks that replies be addressed to James D. Bailey, 124 Maryland avenue northeast, Washington, D. C.

Circuit Court Grind —Many Cases up— Finish This Week

Circuit Court convened Tuesday with Judge James W. Perkins presiding, and Geo. A. DeCottes, state's attorney; V. E. Douglass, deputy clerk, and C. M. Hand, sheriff, in attendance.

Court was opened and called to order by the sheriff in accordance with law.

The sheriff having made the return on the regular venire and the jurors being present, the following answered to their names, to-wit: C. A. Betts, F. A. Johnson, C. F. Proctor, O. G. Bell, G. E. LaVigne, L. A. Sheldon, J. W. Osteen, R. L. Dann, H. H. Witte, D. E. Mathers, Harry Lee, H. F. Kent, H. F. Lossing, L. H. Gore, T. M. Bledsoe, B. A. Hartley, A. B. Mahoney, J. M. Hunter, Jos. T. Nixon, W. P. Fields, R. L. Wheeler, Aubrey Moran, John Melach, S. O. Chase, B. H. Nelson, A. J. King, J. E. Terwilliger, J. L. Miller, E. H. Kilbee, H. C. Parker, A. VanNess, J. B. Johnson, O. T. Pearson, C. D. Couch, L. B. Mann.

The following person was not found: W. M. Morris.

The court here excused the following persons from jury duty: H. F. Lossing, J. E. Terwilliger, G. E. LaVigne, J. M. Hunter, Jos. T. Nixon, John Melach, F. A. Johnson, C. G. Bell, A. B. Mahoney, H. C. Parker, R. L. Dann, L. B. Mann, L. H. Gore, J. L. Miller, L. A. Sheldon, J. W. Osteen, J. B. Johnson, E. O. Chase.

State Attorney George A. DeCottes here moved that the regular venire be quashed, owing to irregularities in the drawing of same, and the court ordered that the regular venire be and the same is hereby quashed and the clerk of this court is ordered to issue a special venire of 36 to be summoned from the body of the county of Seminole, same to be made returnable at 2 o'clock p. m., May 23, 1922.

The court here sounded the civil docket and set the several cases for hearing.

The State of Florida, vs. Floyd Cowart, assault with intent to murder. Acting State Attorney Schelle Maines, here moved the court to continue this case for the term, which was granted by the court.

The State of Florida vs. James Goolby, assault with intent to murder. Acting State Attorney Schelle Maines here moved the court to continue this case for the term, which was granted by the court.

The sheriff here made return on the special venire and the following answered to their names: W. P. Fields, Harry Lee, A. VanNess, E. A. Farnell, E. L. Brown, C. A. Betts, T. M. Bledsoe, J. H. Lee, J. I. Anderson, B. A. Hartley, D. E. Mathers, J. H. Beck, A. J. King, G. W. Bailey, E. F. Lane, B. R. Beck, I. E. Estridge, C. F. Practor, K. R. Murrell, Rex Packard, B. H. Nelson, E. H. Kilbee, W. C. Hill, C. M. Williams, R. L. Wheeler, A. A. Moran, W. M. Haynes, J. S. Wilson, C. D. Couch, A. V. McGuin, W. E. Oglesby, O. T. Pearson, G. A. Bryant, L. S. Hill, C. E. Betts, J. D. Dossey.

The court here had the entire 36 jurors sworn Voir Dire, and the State Attorney questioned them as to their eligibility to serve as jurors at this term of the court.

The court here drew from the box the names of 18 persons to serve as grand jurors for the term, to-wit: W. P. Fields, A. VanNess, J. S. Wilson, T. M. Bledsoe, G. A. Bryant, D. E. Mathers, Harry Lee, E. F. Lane, I. E. Estridge, K. R. Murrell, B. A. Hartley, C. E. Betts, G. W. Bailey, B. R. Beck, C. D. Couch, Rex Packard, L. S. Hill and J. D. Dossey.

David Speer was here sworn as bailiff of the grand jury.

The grand jury after being sworn according to law, retired to their room in charge of their bailiff to select one of their number as foreman and one of their number as clerk.

The grand jury here entered open court and announced that they had selected Edward Franklin Lane, as foreman, and Claude D. Couch, as clerk.

The grand jury were here instructed by the court as to their duties, and the law, after which they retired to their room in charge of their bailiff to consider such matters as might come before them.

M. R. Meadows and W. T. Dozier, co-partners doing business under the firm name and style of M. R. Meadows & Co., plaintiffs, vs. L. Allen, Jr., Raymond Allen, Anna Allen and Samuel W. Pevehouse, co-partners doing business under the first name and style of The I. Allen Seed Company, Defendants. This cause coming on to

be heard, and the plaintiff being represented in open court by the attorney, Geo. G. Herring, and the defendants being present in open court attended by their attorney, John G. Leonard, and the case being at issue, now comes six good and lawful men to serve as jurors, to-wit: A. J. King, R. L. Wheeler, A. A. Moran, W. M. Haynes, E. A. Farnell, and E. L. Brown, the above jury being examined by both the plaintiff and the defendant's attorneys, and being accepted by both, they were sworn according to law. The hearing of the evidence was here taken up. The defendant here confesses judgment and the jury were discharged by the court.

A. E. Bell vs. T. W. Prevatt. This cause coming in for hearing, and the plaintiff being present in open court attended by his counsel, Geo. G. Herring, and the defendant being present in open court attended by his counsel, Landis, Fish & Hull, and the plaintiff moves the court for a continuance for the term, owing to the fact that he is unable to secure his witnesses at this term of the court, which motion was granted by the court.

The circuit court here took a recess until Wednesday morning at 9:30 o'clock.

SAGE TEA DANDY TO DARKEN HAIR

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your looks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

DID HIM MORE GOOD
Many men and women suffer from backache, rheumatic pains, stiff joints, sore muscles and other results of kidney trouble because they neglected the first warning symptoms. Foley Kidney Pills aid the kidneys to throw out poisonous waste matter that causes pain and misery. Stephen Lewis, Eldridge, Ky., writes: "Foley Kidney Pills did me more good than all the other medicine I ever took. I had kidney trouble ten years. - I don't have

STUDEBAKER AND CHEVROLET CARS SAN JUAN GARAGE COMPANY

A. C. FORT, Agent WIGHT BROS. GARAGE SANFORD, FLA

20,994 MILES AND TREAD ONLY 1/3 WORN

MOST MILES per DOLLAR Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The carcass is intact after more than 11,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, massive

and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

CALENDAR

Friday—The Sophomore Class of S. H. S. will entertain the Seniors at the home of Mrs. George Paxton...

Homer Carpenter, of Leesburg, was in the city yesterday transacting business.

Mrs. Fred Lovell and little son Frederick, of Tampa, are the guests of Mrs. M. W. Lovell and Mrs. D. C. Marlowe.

Joseph Strauss, of Baltimore, representing the Wear-Well Pants Co., was in the city yesterday calling on his local customers.

TRUTH SEEKERS CLASS

The Truth Seekers class of the M. E. church were delightfully entertained Tuesday afternoon at the lovely home of Mrs. Rumbly on West First street...

RECITAL NUMBERS

Miss Magruder's songs for next Monday evening's piano recital will include: 1.—Per La Gloria d'Adorarvi...

The piano selections will be from Grieg, Homer Bartlett, Mendelssohn, Chopin, Wilson G. Smith, Sinding, MacDowell, Jungman, Milo Deye, Oesten, Billso, Stephen Heller, Litoff, Beethoven.

MISCELLANEOUS SHOWER

At a miscellaneous shower honoring Miss Ora Williams whose marriage to Dr. John Deen will be an event of June, Mrs. S. M. Abercrombie entertained with a miscellaneous shower Tuesday evening from 8 to 11 o'clock at her home on Union avenue.

The rooms were prettily decorated with pink roses and ferns tastefully combined with kewpies and hearts carrying out an effective color scheme of pink and green. At one side of the living room, was placed a chair under a beautiful lamp, where Miss Williams was seated, while Mrs. Claude Herndon sang sweetly "I Love You Truly"...

During the evening several of the guests sang solos and Miss Williams also gave a delightful group of readings. Late in the evening the hostess assisted by Mrs. Elliott served a dainty ice course and mints. The favor on the bride's plate being a cunning kewpie.

This was indeed a charming social courtesy and one of a series of praiseworthy affairs with which Miss Williams is being honored.

KATHLEEN MALLORY CIRCLE Mrs. Rhodes was hostess to the Kathleen Mallory Circle on Tuesday afternoon.

Mrs. DeCoursey gave a most interesting account of her trip to the Southern Baptist Convention in Jacksonville. Devotional exercises were conducted by Mrs. Stanley.

Iced refreshments were served during the social hour, after which the circle adjourned to meet next week with Mrs. Laing on Oak avenue.

FORTNIGHTLY BRIDGE CLUB. Entertaining in her usual charming and gracious manner, Mrs. Hal Wight was hostess yesterday afternoon at a lovely bridge party at her home on Park avenue, the guests including the members of the Fortnightly Bridge Club.

The rooms were suggestive of spring with quantities of beautiful cut flowers combined with greenery.

Several very interesting games of bridge were played during the afternoon, and the prize for high score, six hand-made colored linen handkerchiefs was won by Mrs. George DeCottes.

At the conclusion of the game, the hostess served a delicious salad with accessories followed by an ice course.

Mrs. Claude Howard substituted for an absent club member. The club members who enjoyed this pretty party were: Mesdames George DeCottes, G. D. Bishop, L. P. McCuller, H. B. Lewis, George W. Knight, F. L. Miller and F. E. Roumillat.

Miss Mary Telford, of Orlando, is the guest of her cousins, Mr. and Mrs. Lucian Telford at their home on Park avenue.

Mr. and Mrs. Ed. Fitzgerald, of Daytona, will be the week end guests of Mr. and Mrs. George DeCottes, coming over for the Shriner festivities.

Dixie M. Hollins, of St. Petersburg, former superintendent of public instruction of Pinellas county, was in the city yesterday attending to business.

There will be a meeting of the N. de V. Howard Chapter, U. D. C., Friday afternoon at 4 o'clock at the Parish House. All members are urged to attend.

Mrs. R. E. Beverley and children returned to their home in Jacksonville yesterday after spending a few days here with her sisters, Misses Ora and Nonie Williams.

W. E. Tylander, of Fort Pierce, the treasurer and general manager of the East Coast Lumber and Supply Co., was among the business visitors in the city yesterday.

Mrs. M. Martin leaves tomorrow by boat for Highlands, N. C., where she will spend the summer, stopping over enroute in Jacksonville and Atlanta. Upon her return to Sanford this fall, she will open Comfort Cottage.

IRISH REPRESENTATIVES WILL GO TO LONDON FOR CONFERENCE

(By The Associated Press) LONDON, May 24.—Representatives of the Irish provisional government are coming to London today for a conference with representatives of the British cabinet concerning an agreement Saturday between the two Irish political factions.

We have a few aluminum dish pans and water pails and stew kettles at \$1.25 each.—The Popular Market. 51-2tc

TRAFFIC LEAGUE NOW PREPARING A SECOND BRIEF

Although Major W. C. Lemen, a Government engineer, did not attend the meeting of members of the Central Florida Water Traffic League and other interested citizens in Sanford last evening, a great many matters of importance were taken up in connection with the hearing before the engineer on June 27 at Sanford.

The preparation of a more exhaustive brief outlining the reasons why a system of inland waterways should be developed in Central Florida is said to be regarded as of primary importance in connection with the Sanford hearing and officers of the league have already begun its draft, according to S. J. Sligh, president of the organization, and one of the most enthusiastic boosters of the project.

Tonnage figures will again play an important part in the brief and

these will be figured down to the last ounce. In addition the figures on cattle and timber shipments will be included in the brief. Possibly the most important feature to be stressed in the report, however, will be the acreage which will be reclaimed between Orlando and Titusville if the proposed canal system goes through. Mr. Sligh and W. M. Tarpy, secretary of the water traffic league, have estimated that this would include at least 750,000 acres, and it is said to be as rich as any land in Florida.

Mr. Sligh discussed his plan to increase the membership of the water traffic league until it comes to be recognized as one of the most important organizations of its kind in the country, able to send representatives to Washington and influence congress in the interest of improving Florida's waterways. He said there was not a shipper, grower, merchant or business man of any kind that would not be benefited if the plans to deepen and extend the St. Johns river to Indian river and build a system of lateral canals were successful, adding that the government had appropriated \$43,000,000 to improve the country's waterways. He maintained that Central Florida is one of the richest sections in America and is entitled to a share of this appropriation, which was raised from \$27,000,000 through the efforts of organizations similar to the water traffic league.

Those who attended the meeting from Orlando besides Mr. Sligh and Mr. Tarpy were: Mayor Eugene G. Duckworth, H. H. Dickson, B. R. Cox and Mr. McDowell.—Orlando Sentinel.

IF KIDNEYS ACT BAD TAKE SALTS

SAYS BACKACHE IS SIGN YOU HAVE BEEN EATING TOO MUCH MEAT

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid

which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lousy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable phy-

sician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Adv.
