

City Is Vast Artificial Heart, Which Throbs With Tempo Of Life

By HAI. BOYLE
NEW YORK, Aug. 2.—(AP)—The city is a vast artificial heart that throbs in tempo to the pattern of normal daily life.

But many who live within it have to break that pattern to keep the city going. They are the army of night workers who must clean that gigantic heart, guard it and refuel it for the strains of the next day.

The job turns a man into an owl, but no one can know some of the strange corners of life unless he has served his time at night work.

In newspaper work this assignment is known as "the graveyard shift," and it is aptly named. There is a mystic affinity between night and death.

For three years before the war I worked with one of those "skeleton crews" of newsmen, who feed and record the pulse of the sleeping city between midnight and 8:00 o'clock in the morning.

One of the joys of newspaper life is supposed to be that you meet "such interesting people." And it is. But at those hours the people abroad are largely fellow workers, wandering drunks and bums, or police and ambulance cases. You come to wonder why so many people prefer to get robbed, slashed in saloons, beat up their wives, dive out windows, crack skulls on sidewalks, start fires and have babies—often between midnight and dawn.

Working overnight is a three-breakfast life. You eat one in the morning, another when you wake up at night. And if you go out for a snack at 4 A.M., the restaurants have already put out their breakfast menus.

It has other drawbacks for the family man. Husband and wife lead a separate existence. She goes to bed when he goes to work; he gets up to start her household chores when he returns home to bed. This puzzles the children.

"Isn't daddy funny?" said the small son of a "graveyard shifter" to the mother. "When he comes home in the morning, he says 'goodnight' to me. And when he gets up at night he says 'good morning'."

Sleep is the big problem to the overnight worker. Some men simply can't stand to turn their lives topsy-turvy. I knew one who lost 25 pounds in six months and had to quit. But no matter how long you stay at it, you never solve the problem of rest. Sleep comes in cycles. You'll sleep well for several weeks. Then will come a week or two when earaches and eyeaches are of no account. For no reason except perhaps rebellious body chemistry sleep simply won't come.

This intermittent struggle for sleep gives the night worker his typical philosophy of tired melancholy or—in some cases—a chronic irritation. Lack of sun, too little sleep leave him under the constant threat of anemia.

Many men prefer overnight work despite their fight to get enough sleep. There aren't so many hours of sleep. It has a lonely freedom to

around. They never get caught in crowds, they can find a place to park their cars free. They can go to the ball games or the racetracks in the afternoons—a real luxury. They can get to the movie houses and theaters at matinee prices.

But wives never care for this routine. The old man is a nuisance, cluttering up the house when she wants to clean it, and too tired to go anywhere in the evening.

Rotary Rules

(Continued From Page Three)
In God, he continued, has no place in America for this country was settled by people who were seeking a home where they could worship God in their own way.

"You cannot be a good doctor, a good lawyer, or a good business man," he continued, "and leave God out of your life."

It is also necessary to have faith in your fellowmen, he said. "Too many of us are prone to leave the other fellow out of our thinking. If you are not getting anything out of the fellowship in Rotary, you are not a good Rotarian. If you want to get a job done, he continued, you must have faith in the men who work for you, and they must have faith in you."

"When a man loses faith in himself," said Mr. Tudor, "he has lost everything. When a man says 'I'm whipped,' he's whipped. No one can be a good doctor, a good lawyer, or a good business man who doesn't think he can. It takes a lot of faith in yourself to live in this world and to keep up the struggle."

"If you have faith in God, faith in your fellow man and faith in yourself," concluded Mr. Tudor, "you can do anything under the sun you want to do."

President George Stine congratulated Sanford on the purchase of the Mayfair Inn by the Giants and said that Rotary Club stands behind this organization 100 percent.

Visitors at the luncheon included Al Mosserham of Orlando, Leroy Lawson of Deland, Charles Marion of Lakewood, N. J., Alfred Stine of Chicago, Carl Hubbell of New York City and Douglas Stenstrom, John Krider and J. Stanley Odham of Sanford.

Rotary, which grows wild in many parts of the world, was not used for food until the 16th Cen-

Hollywood Reds

(Continued From Page One)
ley, admitted sometime Soviet spy, who has testified that the got military secrets from government officials and workers which were channeled to Moscow.

Budenz said that the central commission and the party's finance committee were highly secret organizations, even within the party.

Chairman Ferguson (R-Mich.) asked how the Communists got money to finance their operations.

Budenz said that gifts accounted for some funds, dues from wealthy persons for others, adding:

"There was a very big take from Hollywood.

"In fact, it was so great that there was a dispute within the party about it.

The California district wants to keep the money, but the finance committee ruled that it must go to the national office and then be distributed."

Budenz said he was connected with the Midwest Daily Record in Chicago—a paper he said was controlled by the party. At that time he learned that the Communists were receiving funds from abroad, he testified.

He also told the committee that the party's status is proved by three factors:

1. The Communist Party has never found any defect in Russian policy and its leaders "must do what the Kremlin orders at any specific moment."

2. The party for years received direct subsidies from Moscow in the form of free news. Budenz said this practice was halted by former Attorney General Francis Biddle.

3. From 80 to 90 percent of the party's leaders have been trained in Moscow.

Budenz, now teaching economics at Fordham University in New York, appeared before a Senate subcommittee headed by Senator Ferguson (R-Mich.) which is investigating subversive influences in government.

It has heard from Elizabeth T. Bentley, confessed former Communist spy, that dozens of party members and sympathizers gave her secret government information, including military data.

The subcommittee will also hear further testimony from William W. Remington, Department of Commerce official on leave. He was one of those Miss Bentley told the committee had given her government secrets. This Remington denied.

Budenz, a native of Indianapolis, testified that he was a member of the Communist Party for 10 years from 1935 until 1945. He said he was a member of the party's national committee for three years, three of them secretly and six openly.

Talk With Stalin

(Continued From Page One)
The London Star said the western diplomats will talk with Stalin about the blockade and other international affairs. The British Press Association said the meeting "may lead to developments of the utmost importance," perhaps a meeting of Stalin, President Truman, Prime Minister Attlee and French Premier Andre Marie.

"They (the ambassadors) believe it is vital in the present state of international relations that there should be no misunderstanding about the foreign policy of the major powers," the Star said. "In this spirit, Stalin will be clearly told the attitude of the western nations."

American and British officials in London are silent on developments in the Russian capital. A spokesman at the United States embassy said "Our people are not saying anything. All information must come from Washington."

The British Foreign Office turned away all inquiries, saying: "We can't say anything. That is the agreed procedure."

But a well-informed diplomatic source said here last night that diplomats of the three western powers have asked for a meeting with Stalin in an effort to settle east-west differences in Germany and all Europe.

Bevin sent his private secretary, Frank Roberts, to Moscow as a special representative for the approach to the Kremlin. The Star said:

"If Roberts finds there is a prospect that fruitful negotiations can be conducted, not only on Germany but on wider issues, he has authority to make all possible arrangements for another meeting of the council of foreign ministers. This probably would take place within six weeks."

Western power spokesmen repeatedly have emphasized, however, that the Russians first must lift their blockade of Berlin before there can be a general European approach to European problems.

Using diplomatic language, the Star said:

"They suggested that if Russia wants to have a full-dress conference aimed at an overall European settlement, it would be a conciliatory gesture to end the blockade first. If the outcome of the Stalin interview is unsatisfactory, a formal note may be delivered in Moscow setting out the various attempts to reach a peaceful solution."

"This would be intended as a historical document to be judged by world opinion, and would be published only if the situation became more serious."

The newspaper said no date has been set for Roberts' return here. "If the situation improves," it said, "he may stay in Moscow for some weeks arranging the

agenda for a big four conference. In Whitehall (the British Foreign Office) it is felt that no item needs be barred for discussion provided there is good will on both sides.

"There may, therefore, be lengthy negotiations about the form of the agenda for a big four meeting."

Fillbuster

(Continued From Page One)
(Kas), Jenner (Ind), Capper (Iowa), Lodge (Mass), Kern (Mo), Morse (Ore), Martin (Pa) and Saltonstall (Mass).

Wherry told the Senate two days have been taken by the Southerners in debating his motion to take up the bill.

"It is most obvious," Wherry said, "that if the matter is to be considered, it must be brought before the Senate without further debate" on the motion.

Senator Holland (D-Fla.) said he regretted "exceedingly" that the Majority Leader (Wherry) has taken such an arbitrary position.

Holland said a question of constitutional law is involved and that he wanted to discuss this before the Senate. He said that he would be opposing banning the poll tax by a federal statute, he would gladly support a constitutional amendment for that purpose.

WASHINGTON, Aug. 2.—(AP)—Paul Porter, the administration's anti-inflation chief, said today Congress has been wasting "much precious time" in its consideration of President Truman's economic program.

"Perhaps it is Utopian to assume that there is any prospect of eliminating partisanship from the economic issues now before Congress," Porter told members of the Senate Banking Committee.

A congressional investigation of recent price boosts by big corporations, he said, would be prepared by the House Banking Committee by Rep. Spence (D-Ky.).

Chairman Wolcott (R-Mich.) said representatives of U.S. Steel might be asked to testify before the committee "perhaps later this week."

Rep. Smith (R-Ohio) objected to the proposal, saying: "We should be careful not to make a scapegoat of industry. It is the politicians in Washington who are responsible for the high cost of living. Put the blame where it belongs."

As a diced frankfurter or crumbled bacon and slices of hard-boiled egg to potato salad when it is to be the main luncheon or supper dish, mix the frankfurter or bacon right into the salad with the dressing and celery, but use the hard-boiled egg sliced as a garnish.

Sixteen Tried

(Continued From Page One)
can attacking the strip. Shortly thereafter, American troops landed on Leyte.

In early December, the Japanese received reports an American naval task force was near Palawan. They feared an American landing, and decided to kill their prisoners so they could not divulge military information.

On Dec. 14, the Japanese sounded a false air raid alarm and herded prisoners into air raid shelters and foxholes—then the guards splashed gasoline into the shelters and threw in flaming torches and hand grenades.

Mayfair Bought

(Continued From Page One)
it as a training base for the Jersey City team of the International League and for the Minneapolis team of the American Association which held spring training activities here last year," declared Mr. Hubbell.

Asked if the New York Giants might also locate here, he pointed out that they still have a four year contract to train at Phoenix, Ariz. Mr. Feeley said that he favored Florida for training.

"There are more things to do, and you do not freeze at night and in the morning," he asserted. Mr. Marion has been with the Giants for the past 10 years.

"My job is to keep their body and soul together," he declared, meaning that he keeps the players well housed and well fed. He has had wide hotel managing experience having managed hotels in New York, New Jersey, New Hampshire and Boston, Mass.

He predicted that the Mayfair Inn will be re-opened on or about Dec. 1.

The structure was erected at a cost of over \$350,000 in 1925, but is estimated that the construction costs would be nearly \$700,000 at present prices.

"The New York Giants are very well satisfied with their purchase of the Mayfair Inn," Mr. Feeley asserted this afternoon.

He revealed that work will be started immediately to put the hotel in readiness for its opening on Dec. 1, and said that it will remain open until May 1, and possibly all the year round.

In addition to players, new writers and officials, the hotel will attract a lot of people to Sanford, Mr. Feeley predicted.

"The people of Sanford have been very kind to us," he stated, including City Manager H. N. Sayer, Chamber of Commerce Manager Edward Higgins, City Commissioner John Krider, Jim Ingle of the Sanford Atlantic National Bank and Floyd Palmer.

"Our main thought in purchasing the hotel is to provide a first class place where the boys can be properly accommodated; then they will play better baseball," he said. "I was surprised at the

Dan Tobin

(Continued From Page One)
voted in the fall of 1945," Flynn wrote.

"Mr. Tobin's rejection of the offer by President Truman does not indicate a lack of appreciation of the confidence of the President," Flynn wrote. "Nor can it be construed as opposition to President Truman or the Democratic party."

"Instead it was in conformity with Mr. Tobin's determination to

excellent condition of the hotel when I visited it for the first time.

"By consolidating our farm system, scouts and officials can look over ball players in one place and not have to come around the past season has been a big benefit to the Giant system, and we have good material," he revealed. "What we hope to get out of Sanford is another Christy Mathewson or another Carl Hubbell."

"Cooperation we have received has been a big factor in locating here," he declared and he named John Krider as one of the leading proponents in bringing the Giant group here. He also revealed that they would never have come down to purchase the hotel had not Mr. Krider and Mr. Higgins come to New York to lay the proposition before them.

"When they told us what it was, we just couldn't turn them down," he said.

He pointed out that 150 rooms of the hotel are in good shape, stated that the furniture is in excellent condition, and said that the swimming pool will be put into operation. He spoke of the fine dining rooms, and declared that the hotel will be a fine place for conventions.

remain strictly neutral until the campaign gets under way and the position of both parties and their candidates has become clear.

The article points out that the union's International executive authorized Tobin to call a September meeting of delegates from all locals at which a political program would be decided upon.

Dayton Strike

(Continued From Page One)
like. They'll be there."

The agreement of the UE leaders and the company to end the 90-day strike was rejected by members of Local 704 six hours after it was signed. The vote of rejection was announced as unanimous.

Arthur L. Garfield, International UE representative who promised that the rank-and-file would ratify the proposed settlement, said later he would ask Mayor Louis Lohrey to arrange another conference with the management.

"I don't know what the management was just couldn't turn them down," he said.

Oviedo News

special to The Sanford Herald
By MARIAN R. JONES

Members of the Oviedo High School Class of 1947 met at Sweetwater Park for a class reunion; but due to a heavy rain-fall, they went to the home of Mr. and Mrs. Billie West for their supper after enjoying several hours of swimming. After an enjoyable supper they returned to the park to enjoy the music and dancing for the remainder of the evening.

Those present for this occasion were Mrs. Billie West and Miss Barbara Lee of Oviedo; Misses Valita Tripp and Mary Totten of Cocoa; Harold Jordan and Donnie Shaffer of Oviedo; Bob Hamill of Chulavita; Billie West and Mrs. J. N. Thompson, the latter the class sponsor. Mary Barr and Sarkis Pflizer were the only two members of the class absent. Mr. and Mrs. Donald Leinhardt

have as their guest Miss Mary Totten of Cocoa.

Donald Leinhardt and twins, Wynne and Gary, have returned home after a visit with Mr. Leinhardt's mother, Mrs. Gladys Leinhardt at Tampa.

Miss Barbara Lee has as her week-end guest Miss Valita Tripp of Cocoa.

Mr. and Mrs. D. R. Gammage have as their guest their son-in-law, Johnny McGee, who came to see his wife and son, who have been here with her parents for some time.

Mr. and Mrs. Harry Carrouthers and son, Jimmy, of Nashville, Tennessee, who have been visiting Mr. and Mrs. George C. Means, have returned home.

Mr. and Mrs. L. E. Jordan and son, Harold, enjoyed a recent motor trip to Ft. Myers.

Mrs. G. G. McMahan and grandsons, James McGill, are enjoying a trip to Indianapolis for several weeks to visit Mrs. McMahan's

daughter and family for several weeks.

Mrs. Charles T. Niblack and daughter, Miss Dorothy Niblack, have returned home after spending some time with the E. F. Coopers at Mars Hill, N. C.

Mrs. Leroy Woods, who has been a patient at St. Vincent's Hospital in Jacksonville for several weeks, is in a very serious condition. Her mother, Mrs. Salem Cedar, and husband, Leroy, are at her bedside.

Mr. and Mrs. Ed Jordan and son, Harold, are spending a couple of weeks at Daytona Beach.

A mild, air-conditioning system, enabling it to lose body heat, consists of a system of air sacs extending through the whole body.

North American birds that have disappeared recently include the Labrador Duck, Heath Hen, Eskimo Curlew, Great Auk, Passenger Pigeon, and Carolina Parakeet.

Longwood

By A. PIERPONT MENICK

The Order of Eagles from Orlando and their wives and special guests had a largely attended party at Longwood Hotel Saturday night. There was dancing to a six piece orchestra, huge and other amies. Refreshments were served.

Mr. and Mrs. Maximilian Shepard owners of the hotel plan to open the dining room for Labor Day.

A unique diversion was set up by members of the Baptist Training Union Tuesday night when the annual Hobo Convention was celebrated by a large group of jolly youngsters youngsters stopped at several homes. They were dressed in appropriate costumes, bags on sticks and in hungry every one donated refreshments which were enjoyed in Sunny-shade Park.

Rev. John Price preached at the Baptist church Sunday morning. Rev. Price is Professor in Baptist Bible Theological Seminary New Orleans.

Mrs. Price, the former Rebecca Walker, and daughter are with Professor Price at the home of Mr. and Mrs. Leslie Walker.

William J. H. Hartley is now in an new store on Main Street. In addition to his former line of groceries and sundries, he will have frozen foods.

Mr. and Mrs. Louis Knolls and Mr. and Mrs. C. A. Wales spent Sunday at Weekiwakee Springs near Brooksville.

The Baptist W. M. U. met with Mrs. Earl Duncan Monday. Study of the New Testament was the program followed by a frozen dessert served by the hostess.

Members of the Card Club were entertained by Mrs. Marie Dipe Saturday.

The downbeat of a bird's wings throws air backwards, giving the bird propulsion.

School Board

(Continued From Page One)
Edward F. Lane, said Mr. Lawton.

Oct. 23-25 were the dates set for participation in the regional meeting of the Florida Education Association at Orlando, and an appropriation of 25 cents per teacher was voted to help provide the expense of speakers.

The Board visited the Hopper Academy and approved the manner in which the supervisor of maintenance, Claude Howard, is making repairs. He was authorized to put the building in as useful and attractive condition as possible before the school term opens.

A letter was read from the State Board of Education, notifying the County Board of new regulations adopted July 29 relative to payment of teacher's salaries during the present fiscal year.

The state ruling provided that teachers' salaries be paid in 12 calendar monthly installments, the first to be made at the end of the first full month of service. If any teacher desires salary payments to begin with the month of July, she is required to furnish indemnity to safeguard the County against loss due to breach of contract. In paying salaries school boards are required to first use the State Minimum Foundation Program Fund.

On motion of Mr. Haynes, seconded by Mr. Basline, the Board voted to adhere to the regulations made by the State Board. This included provision that in case any teacher felt the necessity of receiving a check in advance of rendering service, such teacher be required to furnish the Board with surety bond guaranteeing repayment of any portion of salary recovered by the teacher for which services were not rendered, said Mr. Lawton.

The Board granted a request

by the members of the original Oviedo School District, now included in the overall county district, to sell two \$5,000 U. S. savings bonds that were the property of the school district before the consolidation of all districts. Proceeds are to be used for the repair and renovation of the gymnasium, tennis courts and other school property.

Former Communist Identifies Reds In U.S. Government

State Department
Official, NLRB
Member Said In
Red 'Underground'

WASHINGTON, Aug. 3.—(AP)—William W. Hudgins said today that he never gave Elizabeth T. Bentley any "secret or confidential" information and, when dealing with her during the war, thought she was a newspaper reporter. Under oath before a Senate investigating committee, the young government official acknowledged that he used to meet her on street corners and in parks. It was a "preposterous thing to do," he said, but she was young and "romantic."

WASHINGTON, Aug. 3. (AP)—Whittaker Chambers, who said he was a Communist from 1924 to 1937, testified today that the Red "underground" then included Alger Hiss, State Department official, and Nathan Witt, attorney for the National Labor Relations Board.

Chambers testified under oath before the House Un-American Activities Committee, which is investigating charges of Soviet spying in this country.

Across the Capitol, a Senate committee also was continuing hearings on alleged Communist spying. There, Chairman Ferguson (R-Mich.) protested the committee's failure thus far to receive information it has asked from the Commerce Department about William W. Remington.

Ferguson called it an Administration-imposed "handicap" on congressional efforts to get to the bottom of the spy story.

Chambers, now a senior editor (Continued on Page Two)

Pastor Says Rollins Was Too Upset To Make Confession

HARTOW, Aug. 3 (AP)—Dewitt P. Rollins' pastor testified today that Rollins was too emotionally upset to make a reliable statement on the day he confessed he killed his wife.

Rollins is charged with murdering his schoolteacher wife May 16. Yesterday Deputy Sheriff Edgar Parish testified in the absence of the jury that he told Rollins to "sit down and cry."

"I did it," he said. "I was in a move to stop the alleged confession from going before the jury. The defense was permitted to interrupt the case and present evidence intended to show the purported confession was not made willingly."

Today, Dr. Clyde C. Frazier, pastor of the First Methodist Church at Winter Haven, testified that on May 20 in a visit to the jail "Rollins was pacing the floor wringing his hands, trying out and trying to tear at the bars of the cage."

"My study of past psychology led me to believe he was not in a state to remember anything he said."

"He was rambling and more like a child than an adult. I wouldn't put any dependence on any statement he made," in such a condition.

"The trend of his (Rollins') conversation" continued "was an avowal of love for his wife—how he would miss her."

"Especially he was worried because he wasn't permitted to attend her funeral."

The minister said he left the jail "with the feeling that he (Rollins) was definitely a psychopathic case. In fact, I told my wife the case was crazy."

The defense presented several other witnesses who said Rollins was emotional and showed loss of memory several days after May 20.

Rollins himself was permitted to testify yesterday—still with the jury missing—and he denied he killed his wife.

Dayton Plant Is Reopened Under Guard Protection

Tear-Gas Grenades,
Tanks Are Used To
Disperse Crowds

DAYTON, O., Aug. 3.—(AP)—The National Guard broke the strike shambles on the Union Lens Company plant today and the strike's leader was ordered jailed for 10 days for contempt of court. While the guardsmen and a court order restricted the CIO United Electrical Workers to six pickets at the plant entrance, New York was called to ask strike leader Lou Kaplan if he and four other strikers, originally cited for contempt because they disobeyed a court order to remain away from the factory area, also were fined \$100 each.

DAYTON, O., Aug. 3. (AP)—The Union Lens Company plant, where pickets battled police and non-strikers last week, reopened today under the protection of National Guard troops, tanks and guns.

The guardsmen exploded five tear-gas grenades to disperse a crowd of 75 strike sympathizers in front of a nearby tavern, but otherwise the scene was peaceful.

Non-striking employees began entering into the plant on the 91st day of a strike called by the CIO United Electrical Workers, fighting to remain bargaining agent for Univa's approximately 658 employees.

By 8:30 A.M. 100 automobiles loaded with men and women had entered the gates between lines of Guardmen with fixed bayonets.

The National Guard force, numbering about 1,400 men, threw a cordon about the plant area, at first blocking roads at points three miles from the plant. Later the line was stabilized within a radius of a quarter of a mile.

A crowd of 300 strike sympathizers infiltrated the lines and reached a street curb opposite the plant. The Guard went into action with a Sherman tank and machinegun carriers flanked by foot soldiers and drove the crowd two blocks back.

Civil Anti-Trust Suit
Filed Against Decca

WASHINGTON, Aug. 3.—(AP)—Attorney General Clark today announced the filing of a civil anti-trust action against both American and British makers of Decca records.

The Attorney General said the action charges the two companies "with engaging in a conspiracy and cartel agreements restraining the sale and distribution of commercial phonograph records in violation of the anti-trust laws."

The government's complaint the Justice Department said, alleges that American Decca, one of the nation's largest makers of records, conspired to divide world markets with British Decca and Electric and Musical Industries, LTD., two of the largest foreign producers of such records.

VFV MEETING
Members of the VFV Post 3282 will discuss plans for location of state headquarters for the organization when they meet Monday evening at the Legion Hut, Douglas Stenstrom, adjutant, announced today. Commander John L. Galloway will preside. Refreshments will be served and a radio will provide the broadcast of the Sanford-DeLand game.

GREEKS TAKE CITY
ATHENS, Aug. 3.—(AP)—The general staff of the reorganized Greek army command announced today the capture of Kerassovon, southern anchor of Communist forces in northern Greece. Press reports said 230 guerrillas were killed, 106 captured and up to 900 wounded in the northern battles.

BRONCO BILL IS DEAD
ALABAMA, Cal., Aug. 3.—(AP)—William Calvin Norman, 39, better known as Bronco Bill, died last night. He won the world championship for breaking wild horses at the World's Fair in Chicago in 1932.

FLORIDA PORTS ACTIVATED
JACKSONVILLE, Aug. 3.—(AP)—The Navy is making plans to deactivate the Jacksonville Naval Air Station and the Navy auxiliary station at Mayport and Cecil Field into a major fleet aviation center. Congressional Emory Price said today.

Although plans regarding Cecil Field and Mayport are not definitely fixed, Price said that it is proposed that Cecil Field be re-activated by Nov. 1 with three Navy air units and that Mayport be re-activated early in 1950.

Massed Crowd Witnesses Idlewild Dedication

A FORMATION OF U. S. NAVY twin-engine aircraft sweeps across the sky at the dedication of the new International Airport at Idlewild in New York City, largest civilian airfield in the world. The 215,000 spectators heard both President Harry S. Truman and New York's Governor Thomas E. Dewey pictured Idlewild as an instrument of peace. (International)

Voters In Missouri, Kansas And Virginia Choose Candidates Today

By ASSOCIATED PRESS
Voters in three states—Missouri, Kansas and Virginia—chose candidates in primary elections today. President Truman cast his ballot early in Missouri. He walked into his voting precinct at Independence at 7:32 A.M. Eastern Standard Time. Then he took off for Washington to get first-hand reports of diplomatic efforts to preserve the peace.

With no U. S. senatorship at stake this year, interest in Missouri centered chiefly in the races for governor.

Three veteran campaigners—State Auditor Forrest Smith, Dan M. Cox, former internal revenue collector for Western Missouri, and Roy McKittick, former attorney general, sought the Democratic nomination.

The Republican nomination appeared to lie between Murray E. Tompason, former speaker of the state house of representatives, and Mervel H. Davis, Kansas City attorney.

James P. Hart, a foe of the so-called conservative state organization, challenged Senator A. Will Robertson for the Democratic senatorial nomination in Virginia.

Republicans in the Eighth Virginia District chose a candidate for the House. This is believed by politicians to be the first GOP Congressional primary in Virginia history.

Kansas Republicans decided between former Gov. Andrew P. Schoepel and Harold Malone, Wichita attorney, as their nominees for U. S. Senator. Senator Joseph P. Denney, one of the state's leading Republicans, was elected. Former Senator George McMillan and E. K. Dean, sought the Democratic Senatorial nomination.

Politicians also watched with interest the election of the state's 57 Members of Co. 1 Return From Camp

Everyone of the 57 members of Co. 1 had a very enjoyable time during their two week encampment at Fort Jackson, S. C. at the First Sgt. T. V. Brown, this morning.

"Sanford can be proud of its showing as it had the only mortar section in the 124th Infantry that qualified in practice. They scored a direct hit on an old tank 200 yards away, said Sgt. Brown.

The men had good food, excellent medical care, and there was no serious sickness among the men from this section, he revealed. All types of organized athletics and recreation were enjoyed, he stated.

G. M. Shipp Awarded
ACL's 25 Year Pin

G. M. Shipp, a machinist for the Atlantic Coast Line Railroad, was awarded the company's 25 year service emblem Saturday by L. M. Cornell, general foreman.

Mr. Shipp started to work for the company on June 28 1923, it was revealed.

HOUSE APPROVES LOAN
WASHINGTON, Aug. 3.—(AP)—The House Foreign Affairs Committee today approved legislation to lend the United Nations \$65,000,000 for construction of permanent headquarters in New York City.

The legislation, already passed by the Senate, may be called up in the House for action tomorrow. The money would be advanced to the U. N. under an agreement that it be repaid in annual installments starting July 1, 1951, and ending not later than July 1, 1962.

U.S. Water Queens Win Diving Event At Olympic Meet

Track And Field Forces
Continue Battle For New Crowns

By TED SMITH
LONDON, Aug. 3. (AP)—America's rhythmic water queens kept "The Star Spangled Banner" ringing out in the 1948 Olympic Games today with a brilliant sweep of the women's springboard diving event while the stout track and field forces continued their drive for new championships.

Mrs. Victoria Manalo Draves, 23-year-old Pasadena, Calif., housewife, won the springboard gold medal in a close contest with her roommate, Zoe Ann Olsen of Oakland, Calif., the American titleholder.

Patricia Ann Elener of San Francisco placed third to give the ladies a duplicate of the slam turned in Saturday by the U.S. male springboard specialists, Bruce Harlan, Miller Anderson and Dr. Sammy Lee.

Mayfair Will Be Formally Opened On December 1st

The Mayfair Inn will be operated for guests as well as ball players, it was pointed out this morning by Charles Marlon, New York Giant official in charge of feeding and housing members of their farm clubs, who will direct operations at the hotel.

"The Inn will be run the way a hotel should be run," he stated, and predicted that with its fine location it will be made into one of the best hotels in Florida.

Members of the New Jersey and Minneapolis ball clubs who will stay at the hotel between the first week in March and the first week in April, will number about 125 and can be housed on the second floor and other guests can be accommodated on the third floor, he said.

Plans are being made to open the hotel on Dec. 1 and continue it in operation until May 1. It has not yet been decided, but (Continued on Page Two)

PLANES GROUNDED PAHIS, Aug. 3.—(AP)—Air France today grounded all airplanes the one which vanished over the South Atlantic Sunday with 52 aboard, pending an exhaustive study.

Air line officials announced last night that mechanical failure may have caused the giant six-engine flying boat to crash. They said a thorough investigation is being made in cooperation with the air ministry.

RACE RIOT LIVERPOOL, Eng., A race riot flared in the south end of this city from dusk last night until 3 A.M. today. Many whites and negroes were hurt.

Friction between whites and negroes has been increasing for weeks, although the cause is obscure. Two nights of scattered battles preceded the incidents of last night which police said were "serious racial disturbances."

Results Of Meeting With Premier Stalin Beclouded In Secrecy

Commission Gives Tentative Okay To Health Unit Grant

Board Approves Re-
quest To Hospiti-
alize TB Patients

The County Commission this morning gave tentative approval to allotting \$9,300 toward the upkeep of the Semole County Health Unit after Dr. Frank Quillman, director, outlined the needs of the Unit for 1948-49.

The amount is the same as given last year by the county.

Dr. Quillman told of the work of the unit in combating tuberculosis, and urged that cases be put into hospitals before they spread the disease.

At the request of Mrs. Edward Kitcher, secretary of the Semole County Tuberculosis and Health Association, the Board approved hospitalization of five cases, two of whom, she said, can pay their way, one part of the cost and two are charity cases. Some of the patients will be sent to a Tampa TB hospital, others to Orlando, she said. Mrs. Kitcher has been requested by the Commission to make social service reports.

A. A. Jane's plot of 13 large lots on the shore of Lake Harney and adjoining Fort Lane Park, was approved by the Commission. A new road has been made along (Continued on Page Six)

Oklahoma Negroes Fight Segregation In State's School

OKLAHOMA CITY, Aug. 3 (AP)—Oklahoma negroes fighting college segregation possibly made their first real gain today on the heels of another courtroom victory.

The state government quietly agreed on a bill for the next legislature that would alter Oklahoma's 40-year-old segregation law. It would give the negro students a large part of what they ask for.

At the same time negro leaders said they will re-appeal the segregation issue to both state and federal supreme courts.

If passed, the bill will open state schools to negroes when the state negro university at Langston does not offer similar work.

This would apply mostly to graduate study, the all-white University of Oklahoma at Norman has 70 graduate courses that Langston does not offer.

The state's new move, still in the drafting stage, came immediately following yesterday's latest setback for the negro cause at Norman.

LOS ANGELES, Aug. 3 (AP)—Joyce Worley, popular negro singer, today stood by his decision to purchase a \$65,000 home in an exclusive Los Angeles residential district.

Despite a dissonant chorus from his neighbors, he moved in yesterday in yet another triumph for the negro cause.

DUSTY BOOTS PICNIC The Dusty Boots Riding Association is celebrating its first anniversary, Sunday and is inviting friends to attend an all day picnic at Rock Springs and to bring lunches. A business meeting will be held Thursday evening at the Club House at the Municipal Airport and plans will be discussed for an outstanding program on Labor Day, including a parade.

SHINING STUDY TALLAHASSEE, Aug. 3.—(AP)—Money to finance a scientific study of the effect of commercial fishing on the Lake Okechobee and St. Johns River game fish supply was made available by the cabinet today.

The board also authorized the Game and Fresh Water Fish Commission to spend some of its hunting and fishing license revenue to fence and manage a 120,000-acre public hunting ground in the Gulf Hammock section of Levy county, and fence a 60,000-acre hunting area in Palm Beach county.

Hollywood Actor, Broke, Takes Life

HOLLYWOOD, Aug. 3.—(AP)—Film Actor Frank Holliday, Jr., 35, hanged himself with his belt in jail today, police reported, three hours after he was arrested on a charge of breaking into a service station. Radio Officer R. F. Carraker said Holliday told him "Give me a break, I've been in trouble before, and I was broke and walking around with nothing else to do." Holliday, a singer, appeared on a Hollywood radio program shortly before his arrest. He was with Campbell College when she identified the body.

President Asks For Reimposition Of Profits Tax

Senator Taft Thinks
It Is Impossible To
Break Filibuster

WASHINGTON, Aug. 3. (AP)—President Truman proposed to Congress today a \$4,300,000,000 excess profits tax. One of its congressional sponsors said it is designed to protect the public from "practicing profiteers."

Representatives Dingell (D-Mich.) said he will introduce the tax bill tomorrow. He issued a statement saying:

"With corporate profits after taxes nearly 100 per cent above the level of peak war year 1943, the consuming public is entitled to protection from the practicing profiteers."

The bill is patterned after the wartime excess profits tax. The exemptions, however, are larger and the graduated tax considerably higher than the 85 per cent wartime excess profits levy.

Meanwhile the Republican policy committee called a conference of all GOP senators for tomorrow to decide what to do about anti-trust legislation.

Chairman Taft (Ohio) said the policy group also checked to the Senate and House banking committees a decision on what anti-inflation and housing legislation to offer in the extra session.

Taft reported his committee agreed to hold the Senate in session tonight until 9 P. M. He said this does not mean an attempt is under way to break the southern Democrats' filibuster against the anti-trust bill.

"It is absolutely impossible, in my opinion, to break the filibuster," Taft said. "The only solution is to change the Senate rules so that we can limit debate but I don't think we can do that before the regular session in January."

Jealous Woman Kills Husband In Palatka

PALATKA, Aug. 3.—(AP)—Mrs. Joyce Worley was in jail tonight on a murder charge because she was jealous of her husband's divorced wife, Sheriff W. J. Howell said.

Sheriff Howell said the 30-year-old woman told him she shot her 25-year-old husband, a structural steel painter, once in the back and four times in the chest because of jealousy.

"As near as we can determine," the sheriff said, "there was no argument."

The shooting took place early Friday morning.

In the home were Worley, his wife and Worley's nine-year-old daughter, Ruth.

Today, at a preliminary hearing which was continued until some future date, Ruth said her stepmother and her father had not quarreled.

U. OF F. BUILDINGS TALLAHASSEE, Aug. 3. (AP)—The cabinet today authorized construction of \$3,043,000 worth of new buildings at the University of Florida and Florida State University.

It gave the board of control permission to call for contractors' bids on these projects:

- A \$1,000,000 dormitory for 300 women students at the University of Florida.
- A \$1,573,000 administration and classroom building at the University of Florida.
- A \$670,000 science building at Florida State University.

News Blackout In 4 World Capitals Is Ordered As Reports Are Being Studied

WASHINGTON, Aug. 3. (AP)—The western powers and Russia apparently have agreed on a policy of strict secrecy in their efforts to settle the Berlin crisis and possibly other cold war issues.

The information lid was clamped tight—at least for the time being—in Washington, London, Paris and Moscow concerning talks of American, British and French envoys with Soviet Premier Stalin at the Kremlin last night. The conference lasted more than two hours.

Michael Mc Dermott, State Department press officer, told newspaper reporters a report has been received from U.S. Ambassador Walter Bedell Smith confirming the conference. He added, "There will be no comment made about its contents."

Similar reports were reported received in London and Paris from the British and French envoys, respectively. But in both places and in Moscow there was no official comment as to contents of the notes.

Mc Dermott was asked whether the "news lid" on the secrecy restrictions being observed in Washington would be observed by the governments in Paris and London. He replied "yes."

Then he was asked whether he felt confident "the lid" also would be on in Moscow. Again he replied "yes."

Secretary of State Marshall and top State Department advisers were making an intensive (Continued on Page Two)

Palestine Patrol May Be Needed In De-Militarization

TEL AVIV, Aug. 3 (AP)—Gen. Fokko Brundage said today the United Nations may have to send a 2,000 man international police force to demilitarize Jerusalem.

The U. N. mediator for Palestine conferred with Dr. Bernard Brodie, newly appointed Israeli military governor of the Jewish part of the city. He talked also with Arab representatives.

Brodie told a news conference the organization of the police force he envisaged might require two or three months. The United States, Belgium and France, members of the local truce commission, might provide police in the meanwhile, he said.

The Swedish nobleman urgently asked Jews and Arabs to quit fighting. He said he was not inclined to reorganize the daily mutual outpouring of breaches in the truce but to "incidents."

He acknowledged the demilitarization of Jerusalem and the withdrawal of armed Jewish and Arab forces would cause "temporary partition." He insisted the whole arrangement is provisional and would not bear on any decision at higher levels on the status of the Holy City.

Brodie leaves today for Alexandria, Egypt. He is to return next week, via Tel Aviv.

Meanwhile in Tel Aviv, a labor conscription order affecting immigrants who arrived after the opening of the United Nations since July 18 was announced by the Israeli government.

Times of the truce prohibit military conscription of the immigrants but the new order allows the government to register them for draft labor.

The Hebrew press today displayed prominently Foreign Minister Moshe Shertok's warning that Arab violations of the truce would lead to a renewal of the war by the Israeli Army.

Israel leaders are expected to reiterate their demands for firmer U. S. action to halt truce infractions when Count Folke Bernadotte, the U. N. mediator, arrives tomorrow for conferences.

NEIL HURLEY DIED CHICAGO, Aug. 3 (AP)—Neil C. Hurley, 78, pioneer electric washing machine and vacuum cleaner manufacturer, died last night.

His death followed a heart attack in his suburban River Forest home. Since 1944, he has been board chairman of the Independent Pneumatic Tool Company of Chicago.

FRIDAY, JULY 30, 1943

HIGHLIGHTS TODAY

Songs spring from the heart of people who are living in harmony with all good. You can make all of life a glad song by loving your neighbor as yourself.

More than one million dollars worth of new construction has been started in Orlando during the past month, it is reported by the city building inspector.

Sanford is another Florida town where construction figures are reaching a boom time peak. Building permits during July were \$424,608 bringing the total for the first seven months to \$3,882,000.

It is interesting to note from the Gallup Poll of last Sunday that Governor Dewey is now the choice of 48 percent of the voters.

The question for the Democrats to decide is who is going to purge whom. The Northern Democrats are trying to drive the Southern Democrats out of the party.

Rep. Smathers of Miami does not like the traditional system of selecting candidates for the presidency, and proposes a plan of his own which he says is more democratic.

It was a lucky break for Sanford when the Mayfair Hotel was purchased by the New York Giants. For the first time in its existence of some 22 years, it is owned by an organization which can afford to make the necessary improvements and to operate it in a manner which will be a substantial benefit to the community and ultimately return a fair profit to those who have put their money into it.

A letter written by Senator Harry Truman in 1944 is currently being quoted by the St. Louis Star-Times to the amusement of the President's political enemies.

Carl Hubbell has gone to Jacksonville to meet with members of the Jacksonville baseball club, one of the Giants sponsored clubs.

LOS ANGELES, Aug. 3 (AP)—Dapier Paul Mantz, 41, twice winner of the Bendix Race and holder of many another speed record, is confounding himself today of endless flying.

Sanford is appearing before the Civil Aeronautics Board on an application for a license to operate a fatal airplane collision on the ground at the Santa Ana, Calif. airport Mar. 11.

The Poll Tax

The answers are so simple to these players of politics with the South on the race question, if only the facts could be brought to the Nation's attention. No long economic, sociological or constitutional treatises are needed or would suffice.

The Poll Tax: Abolished by North Carolina in 1921. Abolished by Louisiana in 1934. Abolished by Florida in 1937. Abolished by Georgia in 1945.

Southwide abolition trend now halted because of new resentments and fears by Federal force proposals. The funny thing is that a poll tax exists in New England States. There is such a tax in Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont.

New Views Of History

History changes, and the historians' view of it. For years the most comprehensive history of the world has been the three series published by the English Cambridge University Press, the "Cambridge Ancient History," the "Cambridge Medieval History" and the "Cambridge Modern History," each in many volumes.

A completely rewritten edition of the "Cambridge Modern History" is now announced, the first volume to appear in 1950. The change of emphasis which time has brought is seen in the titles of the individual volumes. Volume IX used to be called "Napoleon," reflecting the traditional emphasis on political and military events and great personalities.

The last volume of the original set of thirteen was called "The Latest Age." Its new title will be "The Era of Violence." This is a hopeful interpretation of our present troubles. It implies that they too will pass, and that violence will not always be the method of settling international disputes.

Olympic Pageantry

The pageantry attending the opening of the summer Olympic Games in London made a scene described by correspondents as one of the most spectacular England has seen in generations. It was a scene made colorful by many uniforms and many flags, made impressive by the massing of the athletes of many lands.

Pageantry of uniforms and banners is usually associated with military displays. How different is that of the Olympic Games! However peaceful the times, there is a sinister quality about military display which cannot be escaped.

The pageantry will be carried back to the homelands of the Olympic athletes, thanks to the motion picture camera. Surely those who see it on their local theater screens thrill just as did those fortunate ones who were present to watch these youths gather to test their skills by the rules of sport.

Index shows clothes off 1.4 per cent. That seems hardly enough in the kind of weather we've been having.

Zedek Dumkopf wonders if that English Pekinese which

was fitted with a complete set of false teeth, isn't so proud of 'em that it even smiles at stray cats.

A mole, we read, has no neck. No wonder it's so calm—it can't get hot under the collar.

Hiller may have lost out but Berlin certainly has maintained its front page position.

One cannot say President Truman hasn't the courage of his convictions—but what seems to worry the Democrats is, Will they be convicted by his courage?

Mayfair Inn

there is a possibility that the hotel may be opened the year around, said Mr. Marion.

Edgar Wesley, treasurer of the National Exhibition Co., owners of the New York Giants and affiliates has expressed surprise at finding Florida much cooler than he thought it would be at this time of year.

LOS ANGELES, Aug. 3 (AP)—Dapier Paul Mantz, 41, twice winner of the Bendix Race and holder of many another speed record, is confounding himself today of endless flying.

Hungary's President

are demanding a great measure of control over the Danube for "far-reaching political purposes." Commenting on the Belgrade conference on the Danube, Yuri Zhukov and S. Borzenko, writers for the Communist Party newspaper, said that in the near future the meeting will show "whether representatives of the western powers have drawn lessons from their moral and political defeats or whether they will continue stubbornly to insist on their policy of crude dictation."

That High Quality Lyons Fertilizer

is now here for the Growers of Seminole County. Lyons Fertilizer Co., Tampa, Florida. J. P. HALL, sales representative, Phone 285-W Sanford, Fla.

Communist Probe

Lee Pressman, said in a prepared statement read to the House Committee that he himself "served in the underground, chiefly in Washington."

He said there was an underground organization developed, to the best of his knowledge, by Harold Ware, one of the sons of the Communist leader known as "Mother Bloor."

He went on: "I knew it at its top level, a group of seven or so men, from among whom, in late years, certain members of Miss (Elizabeth) T. Bentley's organization were apparently recruited."

The head of the underground group was Nathan Witt, an attorney for the National Labor Relations Board. Later John Aht became the leader.

Lee Pressman was also a member of this group, as was Alger Hiss, who, as a member of the State Department later organized the conference at Dumbarton Oaks, San Francisco and the U.S. side of the Yalta conference.

Miss Bentley, mentioned by Chambers, is the young woman who told a sensational story last week of collecting information for the Russians from scores of government employees during the war.

Chambers said he himself reported to Washington authorities what he knew of Communist infiltration of the government two days after Hitler and Stalin signed their non-aggression pact nine years ago.

He said he had renounced Communism in 1937 because he had become convinced it is a "form of totalitarianism, that its triumph means slavery to men wherever they fall under its sway, and spiritual night to the human mind and soul."

Chambers said Alger Hiss served as secretary general of the San Francisco conference where the U.N. was founded. His statement did not otherwise identify John Aht or Lee Pressman.

The witness, a short, chunky man dressed in a grey suit, said the purpose of the underground group he knew was "not primarily espionage" at the time he was acquainted with its operations.

Oklahoma Negroes

(Continued from Page One)

and pianist said: "I've always been a good citizen. I wish I could meet all my new neighbors and explain this situation to them."

Cole-recording and night club favorite who popularized the hit song "Nature Boy" bought the six-covered English style residence in the fashionable Hancock Park district. He explained to neighbors that he could afford it.

"This is not an act of defiance. My bride and I like this house, and we would like to make it our home."

Cole's wife is the former Marie Ellington, onetime singer with Duke Ellington's band, although no relation to Duke. Their recent wedding was perhaps the most lavish ever held in New York's Harlem.

STOP WHO?

Moscow Conference

(Continued from Page One) study of Smith's message. It was generally believed that Marshall or one of his top associates would make an early report on the situation to President Truman, due to arrive by plane in early afternoon from Missouri.

In response to questions, he said he does not know whether Marshall will be ready to discuss the report from Smith. Likewise, Mr. Bennett declined to speculate on the possibility of other conferences between the western powers and Soviet leaders in Moscow. He would not say what disposition is being made of the Smith report here except "You can assume that a report of that importance will be studied."

The buoyancy of the three western power envoys as they emerged from their long talk with Stalin in the Kremlin raised hope the Russians might ease the cold war tension between the west and east.

The U.S. and French ambassadors and a special envoy of Britain talked with the Soviet prime minister two and a quarter hours last night. They came out smiling and in good spirits. Stalin gave them more time than he ever has before to foreign diplomats. Foreign Minister Molotov also was present.

The feeling was general that the ambassadors told Stalin something like this:

The United States, Britain and France desire deeply to cooperate with Russia on a reasonable, friendly basis. Cooperation works both ways. The governments of the western powers will not be intimidated. Berlin is a four-power city, and Russia may not have control of it short of war. The Russian land blockade there must be lifted before any talks about solving other differences over Germany, Austria, China, Japan, Korea, Trieste and the like.

A New Protection for our Depositors. MORE and more, these days, your cancelled check takes the place of a receipted bill as evidence of payment. But sometimes a cancelled check is lost or mislaid or perhaps willfully destroyed just when you need it most to prove a disputed item. In such cases the new "Recordak" Service of The Florida State Bank may save you considerable annoyance and perhaps an actual loss. Each check passing through our hands for payment is now recorded on a moving picture film. This permanent picture record of their checks is always available to our depositors. "Recordak" protection and itemized monthly statements of your account are but some of the modern conveniences offered clients carrying checking accounts with this bank. We invite you to come in anytime and see the RECORDAK in operation. Florida State Bank of Sanford. Member of FDIC. Deposits Insured Up to \$5,000.

WEDNESDAY
The Fidelity Class of the First Baptist Church will hold a picnic at the home of Mrs. F. E. Cooper, Jr. in the Wright Apartments in New Smyrna Beach. The group will leave the church at 2:30 P.M. All those who wish are invited to come in the morning and spend the day.

Oviedo News

Special to The Sanford Herald By MARIAN R. JONES

Mrs. W. E. Banks, of Folkston, Ga., is visiting Mrs. H. S. Mattox. Misses Dorothy Sibley and Carlene McKintony, of Mrs. Donald Reinhart, Misses Mary Totten of Cocoa, a guest of Mrs. Leinhardt's was also at the luncheon.

Floy Florence has returned to his home in Atlanta after visiting with the G. S. Moon family.

Mr. and Mrs. G. M. Doyle have returned home after several months spent visiting friends and relatives in Pennsylvania and other Northeastern states.

Mrs. James Fletcher and son Henry have arrived from California to join Mr. Fletcher here to make their future home. They will remain with the G. M. Arles until they can get permanently located.

Miss Audrey Cox, who has been in Daytona Beach visiting for a week, returned home for a short while before going on to Cocoa to visit for a while with Miss Ann's Trip.

Mr. and Mrs. Milton Gore and daughter, Julie, are enjoying a vacation in Key West.

Among those enjoying the Carpenters' steak and chop picnic at Rock Springs were: Mr. and Mrs. Paul Campbell and Mr. and Mrs. Tommy McClain and Tommy, Jr.

Mr. and Mrs. Jimmy McGowan, who have been visiting relatives and friends for the past month in Mississippi, have returned home.

Mrs. H. F. McGowan, Sr. has been called to South Carolina because of the illness of her mother.

Mr. and Mrs. Roland Mobley have as their guests Mrs. Mobley's mother, Mrs. Kirland.

Mr. and Mrs. Lloyd Kirkland of Orlando were the recent guests of Mr. and Mrs. Mobley.

Mrs. Joe Roberts and girls, Gwendy, May and Gwendy, and Mrs. A. R. Hunter were the recent guests of the W. A. Hunters, Sanford.

Joe Roberts, of Ft. Pierce, has

ATTRACTIVE Yvonne Fix, 19, Niagara Falls, N. Y., will represent New York State in the Atlantic City Beauty Pageant.

returned home after visiting Mr. and Mrs. A. R. Hunter, taking Mr. Roberts and girls, Gwendy and Mary, who have been visiting Mrs. Robert's parents for the past month, with him.

Mrs. E. H. Campbell and Stanley Campbell have returned home after a recent visit with their son and brother, respectively, and Mr. Campbell.

Mr. and Mrs. Lyle D. Millikan are the proud parents of a boy, who is their fourth child. Mrs. Millikan is the former Miss Jacqueline Mills.

A community meeting was held at the Home Economics Building Tuesday evening Professor Walter A. Teague, school principal, spoke on school survey and Oviedo's place in the school set-up. The American Legion Post No. 243 sponsored the meeting.

Mr. and Mrs. Tommy Attaway and daughter, Cindy, of Starke, have returned home following a week's visit with their uncle and aunt, Mr. and Mrs. Joe Faircloth.

Personals

Mr. and Mrs. J. M. Stinecoper returned on Sunday after spending two weeks at New Smyrna Beach.

Mr. and Mrs. W. C. Lynn have left to spend a few days at various points in Georgia.

Mr. and Mrs. Lauren Johnson and son, Ruggie, have left to spend some time at various points in North Dakota.

Mr. and Mrs. Dick Aiken and children, Dian, Belford and Ann, are spending some time at New Smyrna Beach.

Mr. and Mrs. Clarence Collins have returned from a two-week vacation spent in Georgia, North Carolina and Virginia.

T. J. Harris, Jr. of Daytona Beach has returned to his home after spending a few days with his grandmother Mrs. E. D. Mobley at her home on Oak Avenue.

Mrs. Catherine Huff Holly of Atlanta spent the past week-end in Sanford as the guest of Mrs. Ava Wright Davis. She has been visiting Mr. and Mrs. H. D. Cassell in Orlando for the past two weeks.

Mrs. Ira Thompson and son Bobby have arrived from Ft. Pierce to spend a few weeks with Mrs. Thompson's parents, Mr. and Mrs. Andrew H. Mahoney at their home on Park Avenue.

Mr. and Mrs. H. H. DeMont and daughter, Donna Lynn of Columbia, S. C. returned to their home on Monday after a week's visit with Mrs. DeMont's parents, Mr. and Mrs. E. F. Lundquist.

Mrs. Robert Harris and her mother, Mrs. J. M. Newby, arrived Friday from Tamanna, Pa. to spend the month of August. They will be joined in the near future by Mr. Harris and two sons, Jimmie and Jackie.

Mr. and Mrs. Eugene Baker left this morning for their home in LaGrange, Ga. after spending the weekend as the guests of Mrs. Lillian Vickery and Mr. and Mrs. Verne Messenger. Mr. Baker is Mrs. Vickery's brother.

Mrs. J. S. Lee and daughter, Miss Marjorie Lee, arrived yesterday from Shelby, N. C. to spend about two weeks with Mrs. Lee's mother, Mrs. Lillian Vickery, and brother-in-law and sister, Mr. and Mrs. Verne Messenger. Mrs. Lillian Morgan and two children, Miss Shirley Morgan and Harold Morgan, and Michael Dawson arrived today from Katonah, N. Y. to spend two weeks.

New Look Receives Varying Enthusiasm

AP Newsfeatures
The emulated "new look" in fashion, which has just been cut down to size in the American fall collection, has been received with varying degrees of enthusiasm around the world. Here are reports on its progress from Associated Press correspondents in widely separated areas:

LONDON—The "new look" in London is generally regarded as a French conceit. English women have not allowed it, although "new look" influences can be detected in Mayfair and the shops of Oxford and Regent streets. English designers have created the "London look," which is an accommodation of the "new look" to the conditions of the English woman's wardrobe and the clothing coupon situation.

The London look preserves the old English preference for tailored suits of solid material, with slightly less padding in the shoulders, slightly fuller and longer skirt. The London length is mid-calf, and it isn't likely that foreign influences can change it. It suits the British. The model for the smart woman now is Princess Elizabeth who took the London look to Paris on her recent state visit.

WARSAW—Poland—The "new look" is getting nowhere in Poland. If anything, Polish women are going in for a "short look." Thousands of young Polish women are wearing skirts slightly above the knee. There's a good economic answer to all this. It costs too much to go in for the "new look" and it costs less to cut a little more off the length of skirts.

BUENOS AIRES—Argentine society has gone all out for the "new look" in fall and winter fashions. The style has not yet worn over the average woman on the street, although there has been some skirt-lengthening in the lower income groups.

Fashion designers explain it will take at least another season before the style will be 100 per cent popular. At present, only the well-to-do can afford to ditch their old clothes and buy a new wardrobe.

MANILA—The "new look" in Manila is an old one. The trailing, Mexican dress with its sheer butterfly sleeve didn't come into being as the wave of a Dior wand. It evolved. . . . Today's dress is basically the same, retaining the long, full skirt, nipped waist and billowing sheer sleeves of two centuries ago.

ROME—In Italy, where designers were showing the "new look" months before it began riling America, it has pretty well swept all before it. An occasional lady with trim legs still dares the public gaze in knee-length skirts. But most who have money to spend have converted to long, extremely full skirts, sometimes only two or three inches off the ground—often featuring miniature bustles or puffs.

STOCKHOLM—Sweden's garment industry has been fighting back the "new look" but is giving in to it reluctantly. Even in Stockholm, the nation's capital, pedestrians turn for a second look at ladies with unusually long skirts, padded hips and bee-waists.

Provincial women are slower in following the whims of fashion, but ladies in garrison cities are reported to be changing rapidly to longer skirts.

TOKYO—The "new look" has had an effect on Japanese fashion such as they are. The girls who go in for western style clothes wear them short, principally because of lack of material. . . . The standard dress for old-time Japanese is still the kimono.

LAST OF A RELAY OF RUNNERS who carried the torch flame from Greece. John Mark of Cambridge University officiates as the Olympic Games in London with a ceremony which has culminated the century. Waving the torch before a huge crowd, he proceeds to transfer it to the "master flame," specially built in the Wendley Station, near the British capital, for the occasion.

Teen Talk

By VIVIAN BROWN

AP Newsfeature
HAVE you a gripe against the movies?
It seems even the most faithful teenage movie fans manage to find a few things wrong with movie-land's cinema offerings.

Here are teenagers' top pet movie gripe, as revealed in a nation-wide polling of 2,529 youngsters, recently compiled by a Hollywood studio.

The bobby-soxers oppose:

1. Turning a female and sacking into a raving beauty just by yanking off her horn-rimmed glasses.
2. Vitrol-type heroes who run the emotional gamut by clenching or unclenching their fists.
3. Using near-silent men as the grand passion for a sweet young thing.
4. Having every embryo violin genius take out a living, on the side, as a pugilist.
5. Heroines who emerge from earthquakes, tidal waves and other disasters with wardrobe unruined, and tresses un mussed.
6. Portraying school youngsters as speaking jive jargon.
7. Showing every jam session participant as a swонер.
8. Depicting the average good

Homemade Yeast Rolls
Small Batch Strawberry Jam Beverage

(Recipe for Strawberry Dish Follows)

Small Batch Strawberries Jam
1 pint basket of super ripe strawberries
1 1/2 cups sugar

Pack over strawberries and hull. Put in a colander to drain and wash under cold running water; drain. Place in a medium-sized saucepan and mash with a potato masher. Add sugar and mix well. Place over high or medium heat and stir constantly to dissolve sugar. Bring to a boil. Lower heat if necessary but keep boiling.

applications and photographs received from 111 club members around the country in a nation-wide search for a 14 club girl to take a major role in a movie.

Four girls will be chosen to go to Hollywood to make screen tests. The picture "The Green Promise" is based on the lives of everyday people in the farm, and will emphasize the importance of soil conservation and the great value of 4-H club work.

It tells about how a young girl wins a sense of achievement and personal independence through 4-H club work.

Know how to make your own microscope? If you don't, here's one you can build at home, suggested by manufacturers (A. C. Gilbert) of microscope sets for juveniles. All you do is punch a hole not more than one-eighth of an inch in diameter in cardboard and then place a small, round drop of water in the hole with a medicine dropper. The dropper acts as an effective magnifying lens, says the company.

Orchids to You
Wear orchids with the blossom up and the stem down. This is both correct and allows the flowers to last longer. An orchid can last a week with proper care. After wearing, place it in a medium sized part of the refrigerator in a bag or in cellophane. Wet surgical cotton may be laid over the flower.

Giants And Daytona I's To Play Twin Bill Here Tonight

First Game To Begin At 5:30 At Park; Locals Drop 6-2 Game To Saints

The Sanford Giants and the Daytona Beach Ilets are scheduled to meet at the Municipal Park tonight in a twin bill, with the first game getting underway at 5:30 o'clock.

The first contest tonight will make up a rained out game, which was scheduled to be played here on July 8, and the second fracas will be the regularly scheduled contest.

Last night the Giants dropped a 6 to 2 hit to the St. Augustine Saints in the Ancient City.

Joe Schultz opened on the hill for the locals, but was driven from the hill in favor of Lonnie Worsham, who was relieved by Don Umscheid.

Jim Benes went the route for the Saints, and allowed the Giants eight well scattered hits, while his mates were pounding the trio of Sanford hurlers for 13 blows.

The victory over the Giants nudged the Saints within two and one-half games of the Sanford aggregation.

The Daytona Beach at Gainesville game was postponed due to the wet grounds last night, but the DeLand Red Hots were shut out by the up-and-coming Leesburg Pirates in a 2 to 0 encounter.

Ralph Woolford pitched two hit left-hander Tommy Hyde allowed his way to his seventh victory ball for the Pirates.

Of the 1948 Florida State League campaign last night as he blanked the Palatka Azaleas by a 6 to 0 count for the league leading Orlando Senators.

Line scores:
Leesburg 000 000 020 - 2 - 10 - 2
DeLand 000 000 000 - 0 - 2 - 0
Woolford and Hall; Catterton and Harby
Palatka 000 000 000 - 0 - 7 - 1
Orlando 130 020 000 - 6 - 12 - 0
Rotundo and Sheppard; Hyde and Zuzomski

Florida Boy Named On Baseball Group

PHILADELPHIA, Aug. 3 (AP)—Jack Alderson, high school honor student from Lubbock, Texas, was chosen president of the National Baseball office's alumni association yesterday.

The National Baseball office is a non-profit organization which sponsors an annual baseball series with each player representing the governor of his state. The players are qualified both for scholastic and baseball ability.

The group's board of directors also named the following officers: Billy Grant, Valdosta, Ga., C. M. Newton, Fort Lauderdale, and DeLo Reid, Henderson, Nev., vice presidents; Pat Harrington, Jr., Hattiesburg, Miss., secretary.

Kondracki, San Diego; Tyler, Double play; Laporta to Judy to Hunter. Left on bases: Sanford 6, St. Augustine 12. Base on balls: off Worsham 2, Benes 2, Umscheid 1. Strikeouts: Worsham 1, Benes 5, Umscheid 1. Hits: off Worsham 1, Benes 5, Umscheid 1. Errors: Umscheid 1. Pitching: Benes 5, Umscheid 1. Winning pitcher: Worsham. Umpires: Reedy and Epps.

All-Star Cast Of Hounds To Run In Volusia Feature

Racing Secretary Merrill Watts combed through the Who's Who of Dogdom in order to select the all-star cast of racing greyhounds which will gallop tonight in the feature ninth race at the Volusia County Kennel Club in Daytona Beach, Fla., at the start of the race trip before the start of this classic will be Stupid Hugh, Capt. C. Bullock, Forever Amber, Little Super, New Voyager, Old Caloway, Old's Honey Bird and Gum.

Interest centers on Stupid Hugh. Though this big brindle has missed the poney numerous times and is being abandoned by most of the experts in making their selections, he is still a favorite with the fans. If he should triumph tonight he will be the first dog on the Volusia oval to chalk up seven wins. Capt. C. Bullock, the dog which came within an inch of a fall, will be one of Hugh's most dangerous contenders. Both Stupid Hugh and Capt. Bullock have circled the saucer to equal the 5-16 mile track record of 31.3 seconds.

Forever Amber, hand-raised, is another fan favorite, while almost equally popular are those two Oswald Brothers speedsters, Honey Bird and Caloway.

COMMENTS From The SIDELINES

By ARTHUR BECKWITH, JR., Herald Sports Editor

Mayfair Inn — We, like 100 other Sanfordites who attended the public auction of the Mayfair Inn yesterday at the Court House, were overjoyed when we learned that the New York Giants' bid had been accepted by the court.

The Inn will operate the hotel as a hotel, and as a "home" for their Minneapolis Millers of the American Association and the Jersey City Giants of the International League, it was revealed yesterday after the sale by Carl Hubbell, director of the far-flung Giants' farm system.

The bid by the National Exhibition Company, which owns the Inn, was just over \$600,000, but this does not complete the cash outlay by the company. There is a lien on the building for \$150,000 and 1948 taxes to be paid.

The Inn is probably valued above \$500,000 at present day prices.

For the past several years, the activities of the City of Sanford seem to have revolved around the Mayfair Inn. One of the largest projects to come to the city, the Giants farm club training base, was partially dependent upon the use of the Mayfair Inn as home for the Minneapolis Millers. Tourists are attracted to the city by the resort hotel, and we consider the tourist trade one of the outstanding fields to be developed by the City of Sanford.

Two unpopular events involved the Mayfair Inn within the past two years. One was the illness, suffered during the Junior Chamber of Commerce State Convention held here last August. The second was the unfavorable publicity derived from the closing of the hotel during the recent state high school baseball tournament in Sanford.

We were glad to learn that the Jersey City Giants of the International League will also be quartered at the Mayfair Inn for the coming year.

Sanfordites will be pleased to see the Jersey City aggregation has been training in Jacksonville.

The Jersey City team will bring an additional 50 players of the Class AAA variety to Sanford. In addition to the players, their state high school friends, will be sports writers from the leading papers of the Jersey City area.

In reality, Jersey City is almost a part of New York City, and we will derive untold amounts of publicity from the scribbles.

Sanford is rapidly becoming the baseball capital of the world. Last year nearly 900 young men underwent training at the Giants' local farm club training base, and getting people into Sanford is one of the main objectives we have in building our tourist facilities.

The Inn will probably increase their baseball facilities in Sanford. It will be virtually impossible for them to hold spring drills for the Millers and the Jersey City Giants at the Municipal Park. Of course, both teams could use the one park in the event of a necessity, but this is not the case. There is ample time, before spring training, for the Giants to erect a suitable playing field for another club. We believe that another field will be constructed, and it will be of the latest type, complete with stands and bleachers. The field will probably serve a dual purpose. The first objective will be for training, and the other for the Sanford Giants Florida State League games.

It looks to us as if the Giants are here to stay, because, if they were only planning to make the Sanford base a temporary affair, they would never have delved into the problems of constructing the fields at the Municipal Airport.

BIG CHANCE AHEAD

By Alan Maver

JOHN B. KELLY JR. WHO'S ALREADY WON THE NATIONAL CHAMPIONSHIP AND THE DIAMOND SCULLS WON'T CONSIDER HIS SINGLE SCULLS CAREER COMPLETE WITHOUT AN OLYMPIC VICTORY

AMERICA HASN'T WON THIS OLYMPIC EVENT SINCE 1920 WHEN, INCIDENTALLY, YOUNG KELLY'S FATHER TURNED THE TRICK.

Three G-F Contests Were Washed Out

By ASSOCIATED PRESS

Five Georgia-Florida league games were slated for last night but rains put an end to three of them. In the only two games played Valdosta and Thomasville split a doubleheader—Valdosta winning the first 3-1 and Thomasville the nightcap 9-2.

The three games rained out were Cordale at Tallahassee, Americus at Moultrie and Albany at Waycross.

Both the Dodgers and the Tigers could get but six hits between them in the first game. Valdosta got four to score three runs while Thomasville got two hits to score once. Byrne twirled the two-hitter for the Dodgers while Cruze and Tesser shared mound duties for Thomasville.

In the second game Thomasville came back with a big 11-hit attack to send the Dodgers to the showers. The Tigers scored in bunches, three runs in the second, two in the fourth, two in the fourth and two in the sixth. Valdosta got only six in hits off Stamos and Nelson but played errorless ball all night.

unusual football record—he hasn't played on a losing team since the latter part of the 1944 season. During that span the teams he was on won 31 games. Southern Methodist finished with three in 1944; Army, where he played in 1945 and 1946, won 19 straight; SMU, where he performed last year, won nine and lost two. He's a senior at Southern Methodist this year and Coach Matty Bell hopes he completes his string without that record being broken. They're still chucking at San Antonio over some of Dizzy Dean's sayings during dedication of the new ball park. "This is one of the nicest, smallest ball parks in the minor leagues," the colorful ex-big league pitcher said over the loud speaker and the crowd roared. "They roared again when he came out with this: 'It's something you don't see very seldom any place.'"

LAST ROUNDUP — Elgin's Sammy Baur—it seems only yesterday when he was throwing that pigskin for Texas Christian—has gone to California and the training camp of the Washington Redskins. Sam vows this is the last roundup, tant after this season (his 12th in professional football) he's quitting as a player. He doesn't want to give up ranch life (he owns a big spread at Rotan, Tex.) so he leans toward an assistant coaching job. Then he wouldn't have to make it a year-around proposition, and could spend sufficient time on the range looking after his littlefingers. and Sam's quite a rodeo performer too.

NOTES OF NOTE — Bobby Folsom, Southern Methodist University wingman, has an

Musial's Average Drops, But Paces National's Batters

By ASSOCIATED PRESS

NEW YORK, Aug. 3 (AP)—Stan Musial slugging outfielder of the St. Louis Cardinals lost ground in his battle to join baseball's 400-club, but still managed to stay far in front in the National League race.

Through games of Sunday, Aug. 1, Musial owned a .391 average, 57 points more than Alvin Dark of Boston, his closest pursuer. Dark, the Braves' flashy rookie slugger, wrested second place away from Chicago's Andy Pafko with a .330 figure.

Taiko dropped 22 points during the week to slip a notch to third place, only two degrees ahead of Rube Ashburn of Philadelphia with a .326 batting average. Tommy Holmes of Boston was in fifth place with .319.

Williams led runnerup Lou Brock, Cleveland's manager, by .001. Williams' manager, Tommy Lasorda, slipped to sixth place with .317.

Boston's Ted Williams still leads Evers, Detroit, was fourth with .332 and Cleveland's Dale Mitchell fifth with .323.

Sanford Skeit Club Held Shoot Thursday

By ASSOCIATED PRESS

The Sanford Skeit Club held their regular weekly shoot at the Municipal Airport Range Thursday, and the following scores were posted:

Sam Gardner 60 x 75
Andrew Carraway 65 x 75
George Maffett 35 x 50
Mrs. F. Woodruff, Jr. 34 x 50
Charles Ellis 33 x 50
Frank Woodruff, Jr. 31 x 50

Sports Roundup

By HAROLD V. RATLIFF (For Hugh Fullerton, Jr.)

DALLAS, Aug. 3 (AP)—Doak Walker, Southern Methodist's All-American, and Kyle Roe, fabulous freshman coming up to the Methodist varsity this year, are called football's "Damon and Pythias" on the SMU hilltop.

Walker contracted flu at the camp and went to a hospital for two days. When he got out he couldn't resist cavorting in the snow. So he had a relapse and Dallas folks heard their favorite footballer had pneumonia. But it wasn't as bad as it seemed. Walker, who does everything with a football, too, is a 200-pounder.

HOGAN WINS OPEN — Huffalo, N. Y., Aug. 3 (AP)—Hogan Hogan, the mighty mite from Hershey, Pa., won the 1948 Western Open yesterday by one of the sweetest margins in a big-time golf history.

Hogan trounced Ed (Parky) Olver of Seattle by nine strokes in their 18-hole playoff. They finished the regulation 72 holes over the 6,663-yard Brookfield Country Club layout all even at 281.

Eating Habits Of Chickens Discussed

The chicken is a toothless creature yet is able to consume large quantities of hard grain and dry granules. It can do this because Nature has given it a different kind of equipment with which to grind food - the gizzard.

the gizzard and no grinding can be done. Impacted crop or gizzard frequently results when the bird does not have access to grit or other grinding material.

Eventually the grit grinds itself into powder, then passes on through the intestine. Grit should always be kept before the birds so that they may replenish their supply.

The Clubhouse

By FRANK F. FEJER
AP News-features Sports Editor
NEW YORK—Bob Feiler, in his new book "How to Pitch," advises against use of the slider early in the season. Oddly enough, it was the slider pitch that helped Feiler set his strikeout record of 342 in 1940.

ed to the outside corner, away from a right hander, and also is an effective pitch to a left hander when it is started wide and breaks in enough to catch the other corner of the plate.

"When the slider is fully developed, it will break as much as five or six inches. It does not break as widely as a curve, but it can be more effective because of the suddenness of its action."

Eggs and Poultry

JACKSONVILLE, Aug. 3, 1943.—Eggs and poultry prices in the local market remained unchanged today.

Spy Says High Officials Kept Him On Payroll

Navy, Civil Service Attempts To Fire Silvermaster Were Futile During War

WASHINGTON, Aug. 4.—(AP) Secretary of the Navy Sullivan, hailed before Senate investigators, refused today to say why William W. Remington was asked to resign his commission in the Naval Reserve. Sullivan was called to the Senate Office Building after three admirals refused the information and declined to turn over the Navy's secret files on Remington. All cited President Truman's order against making public files dealing with "loyalty" investigations.

WASHINGTON, Aug. 4.—(AP) Nathan Gregory Silvermaster, now accused of spying for Russia, stayed on the government payroll during the war although both the Navy and Civil Service Commission tried to get him off, it was disclosed today.

This was developed at a session of the House Un-American activities committee where Silvermaster took the stand and (1) denied he ever was a spy or agent of any foreign government and (2) steadfastly refused to say whether he is or has been a Communist.

Silvermaster, a middle-aged man with a shock of blond hair and a bristling mustache, is one of the men named by Elizabeth T. Benley as members of a wartime Communist ring in the government. She testified that they gave her secret information for relay to Russian agents.

After Silvermaster left the witness chair, Miss Bentley went back and repeated the story she told last week that Silvermaster had admitted a Communist group in the (Continued on Page Six)

Dream Of Struggle Told In Confession At Rollins Trial

BARTOW, Aug. 4.—(AP) Deputy Sheriff Hagan Parrish told a circuit court jury today that he admitted struggling with his wife over a gun and hearing a shot fired the night she was murdered.

Rollins, 48-year-old former school superintendent and Winter Haven Municipal judge, is charged with the first degree murder of his wife, a school teacher.

Parrish testified that on May 30 after Rollins had been in jail two days the defendant said he had a dream that might throw some light on the killing.

In this dream Rollins said he saw a man throwing away a pistol into a pond. Parrish continued. Rollins then offered to show Parrish and Sheriff Dewitt Sinclair the location of the pond.

Parrish said officers were unable to find the weapon at either of two ponds Rollins said looked liked he was in his dream, the witness said.

Rollins then was asked if he couldn't remember who the man was who threw the gun in the dream.

Suddenly, Rollins started crying and said "I did it. I did it. It's all clear to me now." Parrish testified.

Parrish's testimony was the same he began Monday when the jury retired for a "moment" while the defense objected to his remarks about an admission. The moment stretched into a day and a half of arguments.

Judge Don Register ruled the jury could hear Parrish's testimony about purported admissions.

JAYCEER CONVENTION SARASOTA, Aug. 4.—(AP) Strengthening of Florida's Highway safety laws and a proposal to endorse the citrus mutual co-operative marketing plan will be considered here Saturday and Sunday.

A model law for state-wide motor vehicle inspection by the Florida Highway Patrol, strengthening of the present motor vehicle responsibility law and a report asking for endorsement of the citrus mutual are on the agenda, said President Al Cahill of Jacksonville.

FIREMEN

Four men recently passed civil service examinations for firemen. It was announced by N. O. Garner, examiner. They were: C. L. Keller, J. B. Lee, James Howell, and William Perry. The Civil Service Board met Thursday evening.

Giants Purchase Mayfair Inn

Edgar P. Feeley, (front left) treasurer of the National Exhibition Company, owners of the New York Giants, is shown receiving from L. P. Boyle a deed for the Mayfair Inn, following the public auction conducted Monday morning by Mr. Boyle on the Court House steps where Mr. Feeley made the highest bid. Carl Hubbell, Giant farm club director, is immediately behind Mr. Boyle, and Charles Marion, who will manage the hotel, stands beside him. City Commissioner John Krider, and Edward Higgins (left) manager of the Seminole County Chamber of Commerce, arranged the deal with the Giants while on a recent trip to New York.

Missouri, Kansas And Virginia Voters Give Nod To Veteran Campaigners

Voters in Missouri, Kansas and Virginia primaries yesterday gave the nod for November election competition to a field of veteran political campaigners.

In Missouri, State Auditor Forrest Smith won the Democratic nomination for governor with little trouble piling up a vote score greater than the combined totals of his two opponents, former U. S. Tax Collector Dan M. Nee and former Attorney General Roy McKittick.

Smith had the support of 30 "Pendergast" forces in Kansas City. The GOP primary was tighter, but with only one fourth of the votes remaining to be counted, Speaker Murray Thompson of the State House of Representatives had piled up a strong lead over his closest rival, lawyer Manuel J. Davis.

In Kansas, former Gov. Andrew Schoepel got the approval of Republican voters as candidate for the Senate seat being vacated by Arthur Capper, a veteran of 30 years on Washington's Capitol Hill. Schoepel defeated Wichita lawyer Harold Malone.

The former governor's Democratic opponent for Capper's job will be George McGill, who has served previously as Senator from Kansas. He ran up a two-to-one margin yesterday over farm leader E. K. Dean.

Virginia Democrats meanwhile gave the same two-to-one victory to Senator A. Willis Robertson, running for re-nomination against anti-organization candidate James P. Hart, Jr., Roanoke attorney.

In Congressional contests in the three states, incumbents were in all cases either unopposed, assured of victory, or leading.

In two of these races, however, lawmakers had to put up a tough fight to keep their House seats.

Republican Rep. Dewey Short faced stiff opposition from young Quentin Haden in the Seventh Congressional District of Missouri before he finally nailed down the victory.

The Third District in Kansas saw an even closer struggle, with GOP Congressman Herbert A. Meyer hanging on to a slim lead (Continued on Page Five)

LONDON, Aug. 4.—(AP) America's track, field and water stars continued their championship pace in the 1948 Olympics today and moved toward new triumphs on every major front.

The United States qualified all three of its candidates for the 110 meter high hurdles finals and sent three javelin throwers into the championship round.

All three U.S. representatives in the 400-meter run won their (Continued on Page Five)

FORRESTAL PLANS VISIT WASHINGTON, Aug. 4.—(AP) Secretary of Defense Forrestal plans to visit Canada about Aug. 15 at the invitation of the Canadian minister of National Defense, Brooks Claxton.

The visit is to be informal. It will provide an opportunity for Forrestal to meet and discuss mutual problems with Canadian cabinet ministers and senior defense officers.

Musical Program Given Kiwanians By Mrs. Pippin

Kiwanians were today entertained with a musical program given at the Tourist Center by Mrs. R. R. Pippin and her two daughters, Miss Peggy Pippin, pianist, and Mrs. J. S. Cleveland, soloist. Mrs. Pippin accompanied.

At the suggestion of Kiwanian President Frank Lamson, Kiwanians rose to applaud John Krider, city commissioner and member of the club, for his help in bringing the New York Giants and farm clubs to Sanford and for his work in inducing the Giants to purchase the Mayfair Inn.

Mr. Krider expressed thanks for the ovation, but declined to take sole credit in the recent hotel deal, stating that many people had assisted.

State Considers New Courses For Negroes

TALLAHASSEE, Aug. 4.—(AP) The State Board of Control will investigate the possibility of setting up schools of law, library science and social work at Florida A. and M. College for negroes here.

Governor Caldwell reported there may be a chance of establishing the schools for the fall term which starts in September.

He said the cabinet board of education and the board of control discussed offered a three-year law course and professional and graduate courses in library science and social work.

At present, Florida negroes are sent out of the state on scholarships for training in the three fields. Most of the \$50,000 spent by the state last year on out-of-state scholarships for negroes was for those studies.

EVIRONMENT AT ORLANDO WASHINGTON, Aug. 4.—(AP) Communications Commission received applications from Orlando Daily Newspapers, Inc., for a new commercial television station at Orlando.

Republican Leaders Decide To Abandon Anti-Poll Tax Bill

Tito Wins Support Of Reds In Fight For Trieste Area

Debate Is Test Of Unity Among Soviet Bloc In U. N.

LAKE SUCCESS, Aug. 4.—(AP) Marshal Tito's Yugoslav Government won Soviet support today in its fight with the Western Powers over Trieste.

The debate in the security council was the first test of the unity of the Soviet bloc in the United Nations since the Communists began its recent attacks on Tito.

Dmitri Z. Manuilsky, foreign minister of the Soviet Union, protested vigorously against what he called efforts to obscure the Yugoslav complaint in irrelevant counter-complaints. He objected particularly to demands that Yugoslavia report to the council on the administration of the Yugoslav zone of the free territory.

"It would be incorrect and inappropriate," Manuilsky said, "to broaden the case to inquire into what has been taking place in the Yugoslav zone."

Yugoslavia opened the debate with a charge that the Western Powers in effect, had already incorporated the British-American zone of Trieste into Italy by financial and economic agreements.

The Jozef Vilfan, the Yugoslav representative, told the United Nations Security Council the United States and Britain are openly violating the Italian peace treaty in an effort to "bolster the reactionary forces of Italy."

"The only distinction between the Anglo-American zone of the Free Territory of Trieste and the Republic of Italy," Vilfan said, "is the open occupation by the Anglo-American troops."

Vilfan called on the council to act quickly to prevent an alleged British-American plot to turn over all of Trieste to Italy.

U. S. Delegate Philip C. Jessup replied with a charge that the whole Yugoslav attack was designed for propaganda purposes. Jessup said the charges were (Continued on Page Six)

170 Per-cent Jump In State's Farm Prices Revealed

ORLANDO, Aug. 4.—(AP) The index of prices received by Florida farmers for their products on July 15 was 170 per cent of the 1924 level, the U. S. Bureau of Agricultural Economics reported today.

The July 15 index was one point above that of the previous month but 17 points under that of a year ago.

A rise in the price of hogs, yearlings, eggs and sweet potatoes was said by J. C. Townsend Jr. and John P. Steffens Jr., agricultural statisticians, to have more than offset price declines for some other products.

"The most outstanding gain," they reported, "was in the price of hogs, which advanced from 120.50 to 223 average per hundred pounds on foot."

Beef cattle remained steady at 117.50 per hundred pounds, which was a rise from 20 cents to \$19.25 per hundred pounds.

Chickens, averaging all types, fell two cents per pound, whereas eggs advanced from 54 to 57 cents per dozen.

The average equivalent on tree fruits, all methods of sale, for oranges on July 15 was 40 cents a box, compared with 43 cents in June and \$1.05 a year ago.

Grapefruit, at 10 cents per box last month, compared with nine cents on June 15 and 32 cents in July, 1947. Lime prices were \$2.50 per box, against \$3.80 in June and \$2.05 a year ago.

The bureau's report showed that most Florida feed prices declined between mid-June and mid-July but that dried citrus pulp rose from \$2.55 to \$2.60 per hundred pounds.

INDIANS MAY VOTE SANTA, P. N. M., Aug. 4.—(AP) An estimated 18,000 reservation and Pueblo Indians will have the right to vote in New Mexico for the first time. If a new federal court ruling is upheld.

A three-judge court held yesterday that New Mexico's constitutional provision barring "Indians not taxed" from voting is "discrimination on the grounds of race."

Hungary President

ARPAD SZAKASITS

DEPUTY PREMIER Arpad Szakasits (above) has been approved by leaders of every Hungarian political party to succeed Zoltan Tildy as President. The latter resigned after the arrest of his son-in-law, Victor Csernok, on espionage and treason charges. (International)

Russians Present Their Plans For Control Of Danube

Proposal Would Give Red-Ruled States Reign Over River

BEUGRADE, Aug. 4.—(AP) The Russians presented today their plan which would give Communist-ruled states of Eastern Europe exclusive control over the Danube.

Deputy Foreign Minister Andrei Vishinsky presented the proposal to the Danube conference, where the Russian bloc outvotes the U.S., Britain and France seven to three.

He demanded what he called "protection" of the sovereign rights of the Danubian states over the 1,800 mile waterway, the major one in Central Europe.

Each participating country would have immediate control of the waters on its own banks.

Vishinsky explained the Soviet draft point by point. He asserted it would do away with the "privileges" (Continued on Page Six)

Henry Wallace Party Recognized In N.C.

RALEIGH, N. C., Aug. 4.—(AP) The State Board of Elections recognized Henry Wallace's Progressive Party of North Carolina today. It refused to recognize the anti-Truman states' rights board.

Chairman Hubert E. Hays said in handling down the denial that "I think it is clear that the petition of the states' rights Democrats doesn't comply with rules and regulations of the board."

There was no way to determine today that qualified voters had signed petitions asking that the names of Governor Strom Thurmond of South Carolina and Governor Fielding Wright of Mississippi be placed on the general election ballot.

Thurmond is the new party's presidential candidate; Wright, his vice presidential candidate.

The states' righters previously had said they would carry their case to the courts if a denial were issued by the state election board. Oliver today requested Attorney General Harry McMullen to cooperate with the new party in bringing a test case into the courts "at the earliest possible moment."

McMullen told reporters that he thought the case could be presented to the state supreme court by Sept. 1.

UNIVIS PLANT DAYTON, O., Aug. 4.—(AP) The Univis Lens Company, operating under protection of National Guard troops, announced today it would proceed immediately to replace striking employees.

M. H. Stanley, president estimated 150 to 200 persons would be hired to bring the plant's production pay roll up to the normal 658.

Marshall Refuses To Give Indication Of Parley Results

Another Meet Between Stalin And Envoys May Be Requested

WASHINGTON, Aug. 4.—(AP) Secretary Marshall declined today to give reporters any indication when the Western Powers and Russia will announce the results of their talks in Moscow.

At his weekly news conference, the secretary of state today maintained the secrecy which the American government has applied to the stage of conversations with Premier Stalin.

Marshall said he could not give any idea when to expect word on the outcome of Monday night's talks and said that for very evident reasons the State Department could make no statement without explaining further, he added that for equally evident reasons speculation about the talks might be very harmful.

Marshall promised that the State Department would do its best to protect the interests of the American press in the negotiations.

An informed source in Moscow said some sort of agreement may result from the talks of Western Power envoys with Prime Minister Stalin and Foreign Minister V. M. Molotov.

The informant would not specify the nature of such an agreement. Another meeting of the envoys with Stalin, Molotov or both may be requested soon.

The three envoys—Ambassador Walter Bedell Smith, French Ambassador Yves Chaigneau and Frank Roberts, principal secretary to British Foreign Secretary Ernest Bevin—were reported (Continued on Page Five)

Suicide Note Is Said To Stem From Communist Probe

SAN FRANCISCO, Aug. 4.—(AP) A seeming suicide note, with unexplained references to the Washington Communist spy inquiry, was found with a scattered pile of feminine clothing on Golden Gate bridge today.

The note, dated Aug. 3 and addressed "Dear E. T. B.," referred bitterly to E. T. B.'s "sensationalism," and declared, "The sun is setting and my life is going out with it." It was unsigned.

State Highway Patrol officers noted that the initials of the addressee were the same as those of Elizabeth T. Bentley, key witness in the current congressional Communist expose in Washington.

With the scattered clothing were pieces of newspaper from a San Francisco newspaper of yesterday carrying Miss Bentley's name, and that of Alger Hiss, State Department official. Hiss' name was underlined in pencil.

The clothing, bearing the labels of expensive stores—one of them in Berkeley—were found by Highway Patrol officers on the center span of the bridge over the Golden Gate.

A motorist reported he had seen a figure on the span near the north bridge tower.

Officers found no one, but spotted the clothing.

The accompanying note was typed, and authorities described it as the work of a well educated person.

It was torn at one point, and officers theorized the author had ripped out a paragraph or more of the text as an afterthought.

The note bore no name, only the postscript: "Nobody would care about my name, except maybe Elizabeth."

MADRID LEAVES PANAMA HALBOA, C. Z., Aug. 4.—(AP) Arnulfo Arias, Madrid, former president of Panama, fled into political exile today for the second time.

Arias, who was the opposition candidate for president in the elections last May, declared as he boarded a plane for Barranquilla, Colombia:

"We are under a dictatorial regime. A horrid criminal fraud has been perpetrated. I will return when a sense of responsibility and tranquility return to Panama."

DR. ECKENER CLEARED STUTTGART, Germany, Aug. 4.—(AP) An American zone denazification court here cleared Dr. Hugo Eckener, 79-year-old German zeppelin designer of Nazi charges yesterday.

The court said his activities as a leader of German industry under the Nazis were "not incriminating under the denazification laws."

GOP Agrees To Drop Fight In Order To Allow Congress To Quit By Saturday

WASHINGTON, Aug. 4.—(AP) Senate Republicans today abandoned their efforts to pass an anti-poll tax bill during the extra session of Congress.

The action, decided upon at a conference of GOP senators, represented a victory for Southern Democrats whose filibuster against the bill is in its fifth day.

Chairman Milliken (R-Colo.) told reporters the GOP conference agreed to clear the decks for the Senate to turn to other pressing business in the hope that Congress can quit by Saturday night.

He said the decision to abandon the poll tax fight as "futile" at this time was reached after considerable discussion. He said the GOP Senators committed themselves to an effort to change Senate rules in January so that debate may be limited. Such a change would allow the Senate to invoke cloture and halt a filibuster.

While the GOP Senators were meeting, Republicans on the House side formally proposed their own anti-inflation bill amid prospects that it may reach the House floor for action tomorrow.

Chairman Wollcott (R-Mich.) of the House Banking Committee disclosed that the measure calls for restoring installment buying controls through next March 15. It also provides for moderate tightening of bank credits.

These steps previously had been agreed upon by the Republicans who have ignored anti-inflation curbs proposed by President Truman.

Milliken also told newsmen after the lengthy meeting of GOP senators:

"Inflation legislation will not (Continued on Page Four)

Sanford To Gain Wide Publicity From Mayfair Inn

The advertising and publicity resulting from the purchase of the Mayfair Inn by the National Exhibition Co., owners of the New York Giants, will be of inestimable value to Sanford and Seminole County, declared Edward Higgins, manager of the Seminole County Chamber of Commerce.

This statement, he added, will be fully endorsed by City Commissioner John Krider, who accompanied him on the trip to see Giant officials in New York regarding the deal.

The acquisition of this hotel property by the Giants is one of the greatest things that has happened to Sanford in many years," said Mr. Higgins.

The National Exhibition Co. owners of various enterprises, but this is the first hotel that they have ever invested in, he stated.

Forecasting the publicity that will result, he quoted Charles Marion, Giant official who will manage the hotel, as stating that the hotel will be advertised over a wide network of radio stations. The hotel will also be advertised on printed programs of all baseball clubs owned or controlled by the Giants throughout the United States. It will be featured on television broadcasts as the Giants have recently made a contact to televise games played on the Polo Grounds in New York.

All sports editors of papers in the east will be invited as guests to attend the hotel opening, on Dec. 1, Mr. Higgins quoted Mr. Marion as stating.

Mr. Higgins stressed the fact that the Mayfair Inn be operated as a hotel for the benefit of the public, as the Jersey City and Minneapolis clubs will not occupy more than one-third of the building, and then only for four to five weeks in March and April.

The hotel, he pointed out, contains 150 guest rooms, a large lobby, a ball room, two dining rooms, a modern kitchen, refrigerating plant, tap room and offices. It has an outdoor swimming pool, shower facilities for swimmers, tennis courts and shuffle board courts.

DR. ECKENER CLEARED STUTTGART, Germany, Aug. 4.—(AP) An American zone denazification court here cleared Dr. Hugo Eckener, 79-year-old German zeppelin designer of Nazi charges yesterday.

The court said his activities as a leader of German industry under the Nazis were "not incriminating under the denazification laws."
