

### President Of Federation Addresses Club

By Mrs. Frank White  
 Guest speaker for the first Fall meeting of the DeBary Woman's Club, held Friday at the Community Center, was Mrs. Albert Hurth of St. Petersburg, first vice president of the Florida Federation of Women's Clubs, who was introduced by the program chairman, Mrs. Arthur Wagner.

Mrs. Hurth spoke on the topic, "Federation Frosting," and gave a fascinating account of visiting woman's clubs in many foreign countries with other officers. In Japan they were treated to a Tea Ceremony. They visited the American Embassy in each country they entered during the trip.

Spending eight days in India, they purchased material in Calcutta to make themselves a sari. Mrs. Hurth demonstrated how to wear the garment draping herself in her butterfly yellow trimmed in gold sari, which cost her about \$20. The more gold thread used the more expensive the sari and most of the ladies brought one or two home with them. In Bombay they were given a buffet luncheon by the American Woman's Club and a tea by the Indian Woman's Club. Mrs. Charles Ulrich, president presided at the meeting and welcomed the guests and members. Mrs. R. Fisher gave the invocation and Mrs. Pierson Little led in the Salute to the Flag.

Reports were heard from the secretary, the treasurer, and committee chairman. Mrs. Robert McGee advised all members to go to the polls and vote in November. Mrs. Chester Reaich presented two new members, Mrs. J. R. Aikew and Mrs. Newell Hawkins. Mrs. Earl Merrill, hospitality chairman, announced that 92 members were present and seven guests. Mrs. Arthur Wagner, program chairman, welcomed the charter members and past presidents each of whom was presented with a special badge. Refreshments of cookies and punch were served from a buffet table overlaid with lace tablecloths and decorated with a centerpiece of a basket of purple lilacs, flanked by crystal candlesticks and frosted white candies. Laura Platt Brown was chairman of the hostess committee and she was assisted by Mrs. W. Cole, Mrs. John Dalk, Mrs. C. Crensey, Mrs. Alta Clark and Mrs. Harold Wills. Each wore a colorful purple headpiece made by Mrs. Cole. Door greeters were Mrs. Edmund Lovanna and Mrs. Lottie Beck.

**BILL HEMPHILL MOTORS** offers this Rambler Ambassador in one of the most sweeping changes in American Motors history. Here Earl Moore poses beside the bright new car. The Ambassador features dual vertical lights and full-height vertical tail lights, the intermediate Rambler Classic has dual horizontal headlights and horizontal wrap-around tail lights, and the

economy champion Rambler American has large single headlights. Each of the three distinctively styled lines is built on a separate wheelbase; each has a different over-all length, and each includes a full selection of two and four-door sedans, two-door hardtops, station wagons and convertibles.

## New Rambler Engines Optional

DETROIT—Rambler's 1965 models will offer a wide variety of engine options, including a high performance 232-cubic inch "Torque Command" six available on all series for the first time.

The outstanding success of the 232 "Torque Command," a new six-cylinder engine of advanced design introduced last spring as an option on the Classic series, has resulted in its extension to the American and Ambassador series for '65 according to Thomas A. Coupe, automotive sales vice president.

In addition, Rambler will

offer power for every consumer requirement, ranging from the economical 80-horsepower L-head six on the American to the 270-horsepower V-8 which is optional on all '65 Classics and Ambassador," Coupe said.

The Torque Command engine is offered in three versions on '65 Ramblers.

A 155-horsepower 232-cubic inch Torque Command with 2-barrel carburetor is standard on all Ambassador models. A 145-horsepower version with single barrel carburetor is standard on Classic 660, 770 and 770-II models. A 199-cubic

## Registration Drive Set By Bear Lakers

By Maryann Miles  
 Seminole County Zoning Director Bob Brown was guest speaker Thursday at a meeting of the Bear Lake Community Club held at the Florida Power Employees Club on Holiday Ave.

He explained the zoning procedure and stated that a map of the county is available at all times to show the zoning in any particular area.

Club president, Dick Ostrander, announced that the organization's new project is a drive to get everyone eligible in the community to register to vote. Anyone needing transportation to register should call Ostrander at TE 8-3990.

Tentative plans are being made for a Family Fun Night on Nov. 7, with details to be announced at a later date.

Prizes are being given at the meetings to encourage attendance. The "pig in the poke" was won this month by George Biehl and a box of candy by Mrs. George Appleman.

not present, a dollar will be added to the pot and another name called the following meeting. There were 25 present at the September meeting.

The next meeting will be held Oct. 15 at the same place and Mrs. George Biehl will be hostess.

**EARTHWORM POPULATION**  
 The earthworm population varies in density from 13,000 to 300,000 per acre in a cultivated field, 2 million an acre in pasture and 3 million per acre in Oxford meadows, according to the Encyclopaedia Britannica.

## 235 Attend Autumn Gala Of WW Held At Silver Springs

By Maryann Miles  
 The Central Florida Council of Welcome Wagon Clubs met Wednesday, Sept. 16, for their annual Autumn Gala at Silver Springs in the Skyline Room, with 235 attending from the various clubs.

The gala affair began at 11:00 a. m. with a social hour. The Welcome Wagon Clubs were competing for a \$10 attendance award given by Mrs. Margaret Cann to the club with the largest percentage of members present. The Deltona group won the award by having 25 of their 46 members present. Coming in second was the South Seminole Club with 20 of their 40 members there.

The Sanford Club was among the other groups attending.

Dr. R. C. Cummings gave the invocation. Following the luncheon, Mrs. Laurate Harris, Welcome Wagon Hostess for Ocala, introduced the council president, Mrs. Muriel Bucher from Winter Park.

Mrs. Bucher conducted a short business meeting and announced that the next council board meeting is scheduled for Nov. 12 at the Holiday Inn at Daytona Beach at 11 a. m. The club president from each Welcome Wagon Club, plus two board members are to be present for the meeting and luncheon.

The nominating committee for the forthcoming election and installation, which will be held Jan. 29, 1965 in Maitland, is composed of Mrs. Maryann Miles, Mrs. Jane Braby, Mrs. Merle Hustafeld, Mrs. Frances Stone, Mrs. Judy Hurlbert, and Mrs. Alice Prior.

On a recommendation from Mrs. Bucher, the group voted to nominate an installation team, to consist of the council president, and two other members, one of which will be available to install officers for the various clubs.

It was also recommended that as a members move to another town, when her dues are still paid up, it would apply to a Welcome Wagon Club in her new city.

The program, introduced by Mrs. Robert Jackson, Ocala president, was "The Conestoga Review" composed of original skits written and directed by Don Paul.

## HD Club Will Meet Thursday

By Mrs. Frank White  
 The DeBary Home Demonstration Club will meet at the Community Center, Thursday, September 24. The workshop will convene at 10 a. m. with the Draeh Needlecraft Shop of DeBary, presenting new ideas on Christmas Crafts and Needlepoint. Members are asked to bring in any Christmas suggestions they may have.

The business session will start at 1 p. m. and will be followed by a talk on Holiday Fabrica Trend for 1964-65.

Those members attending workshop are reminded to bring their own lunch, beverage will be supplied by the committee.

inch Torque Command rated at 128-horsepower is standard on Classic 350 models.

In addition, the 155-horsepower Torque Command is available as an option on all Classic models, and on American models with automatic transmissions.

The Torque Command engines feature a seven-main bearing crankshaft and eight counterweights, which together with other advanced design features, provide exceptional characteristics of smoothness, quick response and economy of operation, Coupe said.

Two optional V-8 engines, rated at 199 and 270-horsepower, are offered in the Classic and Ambassador series.

Engines for the American line include a 90-horsepower L-head six on standard 200 and 330 models, and a 125-horsepower overhead valve engine standard on 440 and 440-II models and optional on 220 and 330 models.

Transmission options include overdrive and Flash-O-Matic automatic on all models, plus Twin-Stick and Shift-Command floor mounted transmissions on American 440 and 440-II, Classic 770 and 770-II, and Ambassador 990 and 990-II models equipped with slim bucket seats and console.

Twin-Stick, which is a special floor-shift overdrive transmission, is available with either six-cylinder or V-8 engines. Shift-Command, which can be operated as a fully au-

## 65's Most Sweeping Changes—RAMBLER ANNOUNCES THE SENSIBLE SPECTACULARS

New! 3 Different Sizes. New! 3 Different Wheelbases. New! 7 Spectacular Engines.

**'65 RAMBLER AMBASSADOR**  
 Largest and Finest of the New Ramblers

**SPECTACULAR!** Totally new in size, in style, in power. New longer wheelbase. **SENSIBLE!** Greater room, easy handling. **NEW!** Disc Brakes, optional. **NEW!** Spectacular choice of engines from the all-new 155-hp Torque Command 232 Six to optional 327 cu.-in. V-8. **NEW!** Twice as many Ambassador models (as 1965, including a dazzling new convertible.

**'65 RAMBLER CLASSIC**  
 New Intermediate-Size Rambler

**SPECTACULAR!** Biggest, most powerful versions of new Torque Command Six. Two Classics ever—new convertible, sedans, hardtops, wagons. **SENSIBLE!** Increased space, outmaneuvers other U.S. makes. **NEW!** Three V-8 options, up to 270 hp. **NEW!** Disc Brakes, optional. Double-Safety Brakes, separate systems front and rear, standard on all Ramblers.

**'65 RAMBLER AMERICAN**  
 The Compact Economy King

**SPECTACULAR!** New optional 6, smoothest, most enthusiastic in any compact. **SENSIBLE!** Famous championship economy. 10 sparkling models. **NEW!** Sporty options, including automatic or manual floor sticks, two sizes of reclining bucket seats.

**New Torque Command Sixes New V-8 Choices**

Torque Command—world's most advanced Six—boosts both power and economy. Three power ranges: up to 232 cu. in.; 7-main-bearing crankshaft with 8 counterweights (twice the usual) gives spectacular smoothness. Two V-8s, 267 and 327 cu. in.

## Viet Cong Troops Die By Dozens In Attack On Government Post

MAYOR A. L. WILSON of Sanford welcomes one of this area's newest businesses, the Liggett-Rexall Drugstore in the Pinecrest Shopping Center. The owner-manager, Gordon Kellett, right opened the brand new quarters this morning for the first time. (Herald Photo)

## U. S. Warships Fire On Four Enemy Boats

SAIGON, Viet Nam (UPI) — Communist Viet Cong guerrillas died by the dozens today when they attempted in vain to storm a government outpost and then tried to remove their dead from the barbed wire.

An American military spokesman said that when the sun came up over Luong Phu outpost, 40 miles south of Saigon in the Mekong River Delta, it revealed 37 Communist corpses and 28 abandoned weapons.

An observation plane radioed that most of the dead were hung on the barbed wire around the heavily entrenched fort.

An estimated 100 to 300 Viet Cong attacked the 50-man garrison at 2 a. m. They broke off the action at dawn.

Communist North Viet Nam is accelerating its military training program because of incidents involving U. S. warships in the Gulf of Tonkin.

Two U. S. destroyers patrolling 50 miles off the north Vietnamese coast Friday reported they fired on four hostile vessels.

The Communists maintain that this latest incident was a fabrication. If not a fabrication, they are taking no chances. After similar incidents six weeks ago, U. S. naval aircraft bombed North Vietnamese torpedo bases.

Two U. S. piloted planes were shot down in the Mekong Delta near the district capital of Hien Le.

The spokesman said the first plane to crash was rescued by government forces. But the American pilot could not be located. Both had parachuted from the crippled aircraft before it crashed into the thickly forested swamps surrounding the outposts.

Shot Set For Tomorrow  
CAPE KENNEDY (UPI) — The Air Force today announced that America's newest ocean - spanning missile, the Minuteman 2 "instant ICBM," is scheduled to make its first test flight Thursday.

The three stage solid fueled rocket, key to U. S. land based missile forces, will be shot from an underground silo to an Atlantic target area 5,000 miles southeast of Cape Kennedy.

The Minuteman 2 is expected to be able to hit targets up to 9,000 miles away with the same size warhead that the Minuteman 1 can now hurl about 6,700 miles. At shorter ranges, the new missile will be able to carry bigger nuclear weapons.

HOMES IN DELTONA Boulevard sector of Deltona were threatened Tuesday afternoon when this rolling tar bucket burned. The street surface was melted by the heat. The truck, itself, caught fire but was quickly extinguished by workmen using garden hoses from neighboring homes.

## Engineers Warn Longwood Water Pollution Is Near

Longwood must act now to preserve its present safe water supply from contamination and to prepare for a 100 per cent population increase within the next 15 years.

That was the gist of a public meeting held by the Longwood Chamber of Commerce Tuesday evening, designed as an informative session leading to the construction of a sewage disposal plant but which nearly resulted in a hassle over "something" in city water now being pumped into Longwood homes.

Dr. Jess C. Dietz, of the Sanford engineering firm of Leffler, Clark and Dietz, said that effluent from a Longwood sewage disposal plant could flow generally in one of three directions, to Soldier Creek, to Gee Creek or to Myrtle Lake.

## Board Rejects Plea For Vote Machines

By Julian Stenstrom, Associate Editor  
The County Commission Tuesday turned thumbs down on a recommendation from Supervisor of Registration Camilla Bruce that the county obtain seven additional voting machines on a lease-purchase basis in time for the general election Nov. 3.

Mrs. Bruce, in a communication addressed to the Commission stated that Florida law requires one machine for every 600 voters and that there are now 31,800 qualified electors in Seminole.

Chairman James P. Avery polled the Commissioners to determine if there were any precincts congested during the past election. After obtaining negative reports from each member of the board he advised that the Commission was not interested at this time.

## Southeast Area Asks Flood Aid

Seminole County's Board of Commissioners Tuesday asked for aid from the federal government to provide some relief from high waters.

Robinson told the Commission that this has been a problem for a number of years and due to Hurricane Dora septic tanks were out of order and that there was a danger of water supplies becoming contaminated.

Mrs. Griffith said she had been advised by health authorities at Orlando AFB that urinary troubles in children could be traced to water and advised her to complain to the commanding officer at Sanford Naval Air Station, since her family is Navy personnel.

## news... BRIEFS

**GM Holds Line**  
DETROIT (UPI) — General Motors Corp., the world's largest auto maker, announced today that it would hold the line on 1965 model car prices.

**Now It's Sunday**  
WASHINGTON (UPI) — The report of the Warren Commission's investigation into the assassination of President John F. Kennedy will be made public at 6:30 p.m. EDT Sunday.

**Hunt Terrorist**  
BOGOTA, Colombia (UPI) — Police pressed a search today for a French terrorist who is considered a "major threat" to the safety of visiting President Charles de Gaulle.

**Fire Perils Town**  
SONOMA, Calif. (UPI) — The great fire marched southward down the Mayacamas Mountains forming the eastern border of the Valley of the Moon and was now approaching the historic town of Sonoma.

**Anti-Birchers**  
NEW YORK (UPI) — An organization of 80 prominent Americans launched a \$500,000 radio-television campaign Tuesday to counter propaganda "saturation tactics" of the John Birch Society and other "ultra-right" groups.

**Road Bids Opened**  
TALLAHASSEE (UPI) — An apparent low bid of \$1.7 million was opened by the State Road Board Tuesday on a stretch of the controversial two-lane toll highway through the Everglades, dubbed "Alligator Alley."

**Death No Bar**  
NEW DELHI, India (UPI) — An American - supported school lunch program was reported continuing all over India today despite the food poisoning deaths of 35 small boys and the hospitalization of scores of others in a south-east Indian village.

**Daytonan Hurt In Car Crash**  
Paul Kent Maynard, 27, of Daytona Beach, suffered back injuries late last night when his car left Highway 418 near the Osteen Bridge and went into a deep ditch.

**Florida Highway Patrolman**  
Tommy Tomlinson said Maynard pulled his car to the right when he approached another car head-on. The injured man was taken to an Orlando hospital.

**Asks Mrs. Carver:** "I wonder if he's somebody's pet or is he in some sort of a contest?" We don't know, Mrs. Carver, but perhaps the wildlife service can provide you with some information.

Chandler W. Swanson, the station's CO. A motorcade to the NAS recreation area at Lake Golden will leave the Chamber at 9:30**

**ONLY 9 Days Left To Register For General Election**  
Call The Jaycees For Transportation To Register — 322-5481 TE 8-1158

## Gladys Spares Crowded Areas

KITTY HAWK, N. C. (UPI) — Hurricane Gladys, whose wind-whipped waves marooned 3,000 persons on North Carolina's fabled Outer Banks, swung on a northerly course today that apparently spared the heavily populated cities of the Eastern Seaboard.

Forecasters located the center of the storm, fourth hurricane of the season, at 8 a. m. EST about 225 miles east of Norfolk, Va.

It veered from a northwesterly course—which could have taken it inland along the New Jersey or Long Island coastline — to a northerly route and picked up forward speed during the night.

## Association Elects Four From Seminole

The prominence of Seminole County agricultural interests in the state was reflected yesterday in Miami Beach when several county men were named to top spots in the Florida Fruit and Vegetable Association.

JOHN W. EVANS

Re-elected president of the FFVA was John W. Evans of Ovidio. Serving on the five-man executive committee is Andrew Dula Jr. also of Ovidio.

Among those elected as directors for the coming year are Dula, J. C. Hutchinson of Sanford, Harold B. Kastner, also of Sanford and Evans.

During the convention a leading college educator warned that some aspects of American agriculture have not met the challenge and thus have ceased to exist.

Speaking was Dr. Noah Langdale Jr., president of Georgia State College, Atlanta. He declared agriculture must either meet the challenge or die and noted external obsolescence can make a business fail miserably.

## Sheppard Asks Protest Quashed

CINCINNATI, Ohio (UPI) — Attorneys for Dr. Sam Sheppard today asked the U. S. Sixth Circuit Court of Appeals to quash the state's motion protesting the release of Sheppard from the Ohio penitentiary.

The motion claimed Ohio penitentiary Warden E. L. Maxwell failed to obtain a certificate of probable cause from U. S. District Court Judge Carl A. Weinman, who ordered Sheppard released after the convicted slayer had spent nearly 10 years in prison.

A certificate of probable cause is obtained in all cases to guarantee a court that an appeal is bona fide and not of a frivolous nature, according to Carl Reuss, chief clerk of the circuit court.

Reuss said it would be up to the court to determine if such a certificate is necessary on an appeal filed by the state.

Sheppard is currently free on bond pending an Oct. 6 hearing on the state's appeal. He was convicted of the July 4, 1954 slaying of his pregnant wife, Marilyn.

**Freeman Talks**  
JACKSONVILLE (UPI) — U.S. Secretary of Agriculture Orville L. Freeman will address a \$10-a-plate Democratic fund raising dinner here tonight, then head south for speeches Thursday in Lakeland and Miami Beach.

Funds from the Jacksonville appearance, sponsored by the Duval county young democrats, will be used for democratic campaigns at all levels.

## UAW Cancels GM Contract

DETROIT (UPI) — The United Auto Workers Union today formally canceled its contract with General Motors Corp. effective at 10 a. m. Friday, setting the stage for two days of marathon negotiations leading to a new contract or a strike by 350,000 workers.

GM Vice President Louis G. Seaton said "we received notice this morning of contract termination Friday at 10 a. m. It is our intention to use the remaining hours to resolve our difficulties and arrive at a peaceful settlement which we believe is possible."

The union had told the company informally Monday afternoon it would go on strike Friday if a settlement was not reached. Today's action made that official.

## Mrs. Foster Enters Alumna Competition

By Robert B. Thomas Jr.  
223-5796

Mrs. Louise R. Foster will compete against other contestants for "Miss Alumna 1964-65" honors. She was nominated by the Seminola County Chapter.

Carver A. Perlich, Executive Secretary of the Alumna Association, states that at this point 14 contestants representing eight county areas have been cleared by his office. He further stated that he is expecting at least six additional counties to enter contestants by the end of this month.

The winner of the "Miss Alumna" contest will receive an expense paid trip to Nassau, Bahamas and will return over the Alumni in this island paradise when they have their second annual Nassau tour next summer. She will receive the Royal Cape and Crown as a symbol of her office amidst the beauty and splendor of a Coronation that includes everything like flower girls, Royal Trumpeters, Courtiers and the music of the Royal College Chorus.

Upon her coronation she will receive an entourage of attendants to serve her during the entirety of the homecoming festivities. In the entourage will be a social secretary, Lady in waiting, honor guard, maid, wardrobe mistress, and chauffeur who will drive her in a 1964 Cadillac "Eldorado" convertible. The contest will culminate October 16 at the Royal Coronation in Gertrude Hochkiss Heyn Chapel at Bethune Cookman College.

Women's Day at Allen Chapel A. M. E. Church will be in observance Sunday, September 27 at 11 a. m. and 6:30 p. m. Mrs. Nellie B. Pinkney will be the speaker for the morning services. She is a former member of Allen Chapel and a former resident of Sanford.

Miss Sandra Black, instructor at Crooms High School will deliver the evening message. Mrs. Grace Haynes is assisting.

## Church Group At Meeting

By Jane Casselberry

Eleven men from the Casselberry Community Methodist Church attended the Florida Methodist Men's Conference held Friday through Sunday of last week at the Methodist Youth Camp near Leesburg.

The keynote address was given Friday night by Bishop James W. Hanley and the speakers during the retreat included such prominent Methodists as Dr. Mack B. Stokes, Associate Dean and Professor of Theology at Emory University, Atlanta and author of numerous books.

On Saturday night a dramatic presentation was given by Rev. Frank Roughton on "The Sermon on the Mount." Those attending the retreat were Rev. Delmas Copeland, Burbon Ferrill, Roger Richmond, Earl Oakley, Leonard Wagner, Henry Dunca, Hlynn Reiker, Virgil Grubb, Marvin McClain, Don McLeod and Leonard Casselberry.

Because alcoholism is an illness, it knows no class barriers — it can strike anyone, anytime. Help is available from the Florida Alcohol Rehabilitation Program, P. O. Box 1147, Avon Park.

ing all the women of Allen Chapel to make a concerted effort to remove the crown from her. "It will mean hard work," she said.

L. U. Cowan and two daughters of 23 Nileah Drive, Kingston 8, Constant Springs Jamaica, W. I. were recent guests of Mr. and Mrs. E. M. Smith. He is a graduate of Michael College in Kingston. After teaching at Top Hill School in Manchester for a while, he became principal of the school. He has worked as an accountant. Presently, he is the Permanent Financial Secretary for the University of W. I. This position is equivalent to a Business Manager of American Colleges and Universities. He and his wife have six children (three boys and three girls). Mrs. Cowan is a Post-mistress.

While here, he attended the Orange Belt Teachers district meeting where he met several persons. His daughters were extended many courtesies by some of our local girls. They are aspiring to become medical doctors. The courses they are pursuing are all science. Mrs. Smith, whose husband is a cousin of Cowan said, "He was so impressed with Central Florida that he would like to live here."

Mrs. Dorothy Murray and her nephew are visiting her mother, Mrs. Blanche Simmons. Mrs. Murray is a former student of CHS.

Sgt. Russell W. Boston, son of Mr. and Mrs. Joe Boston of Rt. 1, Box 126, Oviedo, Florida, and his wife and children, Debra and Jeffrey have just returned from Germany.

He was stationed at Kaiserslautern, Germany. He and his family lived at 1019-H Vogelweh Housing Area. Sgt. Boston spent three years in Germany and his wife and children spent two.

They had a wonderful time and visited many places in Germany and France.

After returning home, he and family spent the Labor Day weekend in Louisville, Alabama with his wife's grandparents.

Sgt. Boston is now stationed at Ft. George G. Meade in Maryland. His family is living with her mother and father, Mr. and Mrs. George Hamilton on Lindsey Lane, Oviedo, Florida. He will return for them just before Christmas.

Detective and Mrs. Kenneth Jones and Mrs. Martha Lamarr Kinard of Miami were here for two weeks visiting their mother, Mrs. Willie Lamarr Sr. who has been ill. Mrs. Jones is the former Elsie Lamarr.

A soul saving revival meeting has been in session since Monday night at Grant Chapel A. M. E. Church in Oviedo. It will run through Thursday night. This meeting is being assisted by Antioch Missionary Baptist Church. Dr. W. A. Jennings, State Director of Evangelism for the A. M. E. Church is conducting the services. To these meetings we extend a most cordial welcome to both saints and sinners. Rev. J. Edward Conley, pastor of Grant Chapel A. M. E. Church and Rev. W. Don Felham, pastor of Antioch Missionary Baptist Church.

CONSCIENCE is merely our own judgment of the right or wrong of our actions, and so can never be a safe guide unless enlightened by the word of God.—Tyron Edwards.

# Johnson Addresses IUE; Ike Blasts 'Warmonger' Charge

## President's Talk Piped To 5 Other Unions

WASHINGTON (UPI) — President Johnson spoke today before a labor union convention for the second consecutive day in his campaign for a full term in the White House.

The President, who flew to Atlantic City, N.J., Tuesday to address the United Steelworkers, was scheduled to appear here before the International Union of Electrical, Radio and Machine Workers.

His 30-minute talk to the IUE convention at the Statler-Hilton Hotel was being carried by closed-circuit television to five other union conventions in the nation.

They are the United Rubber Workers in Miami, United Textile Workers in New York City, the Minnesota AFL-CIO in St. Paul and the Missouri AFL-CIO in Kansas City.

Union gatherings have provided major audiences for Johnson since he opened his campaign on Labor Day in Detroit with an address to an AFL-CIO rally. He also addressed the Machinists' Union convention in Miami Beach.

The Chief Executive, who has been endorsed by nearly all top labor leaders, has emphasized in his speeches to union members that the nation is enjoying unparalleled prosperity under his administration.

He promised the steelworkers Tuesday that he would cut excise taxes next year as part of a six-point program designed to give every American family more money to spend.

The excise taxes are levied on a long list of consumer items ranging from television sets and automobile tires to furs, cosmetics, jewelry and long-distance telephone calls. Following his address today to the electrical workers, Johnson planned to meet with Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara.

## State Building Under Study

TALLAHASSEE (UPI) — The Capitol Building Committee will hear plans from engineers and architects Oct. 8 on a possible separate building to house the State Legislature.

The historic Capitol is too small to house both legislative and executive branches of the government, according to the planners.

## Homemakers

A Homemakers Club will be organized at the County Agricultural Center on Highway 17-92 on September 28 at 7:30 p. m. Those interested in homemaking activities which is an extension Home Economics Program from the University of Florida are invited to attend the group on Monday evening, September 28, at the Home Demonstration Agent's office.

EASTERN SEMINOLE Band of Geneva is planning an Adult Education class under the direction of Richard Zelle, right. Band officers are left to right: Charles Lamb, publicity; Mrs. Charles Lamb, secretary-treasurer and W. L. Sieg, assistant director. Classes are held each Monday at 7 p.m. in the Community Hall. (Herald Photo)

THE GENEVA YOUTH Club is planning a weekly dance starting in October. Officers of the group are left to right, Jack Tillman, president; Horace Johnson, vice president; J. V. Stowell, secretary; Jennifer Cox, treasurer and Margaret Ellis, recreational director. (Herald Photo)

## Women To Hold Rummage Sale

By Donna Estes  
VFW Auxiliary 8207 of Longwood made preliminary plans for a rummage sale and barbecue in conjunction with the Post at Thursday night's meeting.

The time and place will be announced by Commander John McManus and the proceeds will go toward the Post building fund.

President Virginia McManus read a letter concerning the official visit to the auxiliary by Eighth District President Nora Gillespie of Edgewater on Oct. 8. The meeting will be held in the post home at 8 p.m. All members are requested to attend.

The following chairmen were appointed by the president, Mrs. Irene March, Americanism; Mrs. Ruth Smith, rehabilitation and Mrs. Harriet Harris, publicity. Refreshments were served by Mrs. March and Mrs. Harris.

## Youths Raising Fund For Record Player

By JoAnn Hays  
The Geneva Youth Club held a meeting and dance Sept. 19 at the Community

Hall. Parents attending the meeting agreed to donate trading stamp books to obtain a record player for the club.

The club voted to hold a dance each Saturday night at the hall beginning Oct. 3. Some members of the club feel that the parents are not giving enough support. Jack Tillman, president and Horace Johnson, vice president, report, "The parents of the teenagers are not turning out to support the organization and we must have their complete support to continue."

Parents attending the meeting prior to the dance were Mr. and Mrs. B. F. Box, Mr. and Mrs. H. L. Johnson, Mrs. Tom Kincaid and Cecil Ellis. Also present was W. G. Kilboe.

## Possible Poison Death Probed

TALLAHASSEE (UPI) — The Department of Agriculture said Tuesday an investigation is underway in Martin County into a possible child death from pesticide and warned Floridians against buying unlabeled pesticides for home use.

Department analysis of two unlabeled products, bought from a door-to-door salesman in Martin and Polk counties were found to contain deadly parathion, a poison not permitted for household use.

## Carolyn Sallee Rolls 200 Game

Carolyn Sallee of the Hi Nooners bowling league bowled her first 200 game last week. With a score of 203, her team still went down in defeat against Stenstrom Realty, who claimed all four points.

Many splits were converted by the girls. Margaret Price toppled the 5-10 and 3-10; Ann Scalloun the 2-7 along with Lorraine Spotta, Connie Ringo and Fayne Roberts. Helen Altman picked up the 3-5-10 and Betty Johnston converted the 5-7, 5-8 and baby split 3-7. Dot Huttons was given credit for high series 505.

## GETTYSBURG, Pa. (UPI)

Former President Dwight D. Eisenhower brands as "tommyrot" charges that Sen. Barry M. Goldwater is a warmonger.

Eisenhower made the comment during a half-hour television appearance with the 1964 GOP presidential candidate Tuesday night. The film "Conversation at Gettysburg," was produced by the Republican National Committee.

The show was filmed on the Eisenhower farm here last Monday. The general and the senator were seen strolling around the farm, chatting on major campaign issues.

It was Goldwater who

brought "warmonger" into the conversation. He told Eisenhower that the charge had been leveled at him and his running mate, Rep. William E. Miller, because in their campaign "we constantly stress the need for a strong America . . ."

Eisenhower replied: "Well, Barry, in my mind this is actual tommyrot. Now, you know about war, you've been through one. I'm older than you, I've been in more. But, tell you, no man that knows anything about war is going to be reckless about this . . . you're not going to push a button here and start a war in

another year. . . they're just crazy. . ."

He said the nation recognized Goldwater "as a man of integrity, of good will, honesty and dedication to his country." Eisenhower himself defended the practice of "brinkmanship" in foreign affairs, which Goldwater also has advocated.

"After all, brinkmanship is absolutely necessary in this troubled world of ours to keep the peace," he said. "But, it must be used intelligently and not recklessly throwing weight around and criticizing your friends, and dividing them or being too

unnecessarily arrogant even if they were hostile.

"It is something you do to show that you are not going to sacrifice a single vital interest of the United States, and therefore, you're not going to be pushed around, but you're not going that extra step and be a bully and say,

Force Created  
WASHINGTON (UPI) — The State Department has created an inter-agency task force to handle Congo policy similar to special committees already dealing with the crisis spots of Viet Nam, China and Berlin.

"get out of my way, I'm coming through."

He called this "a fine line" that every person in a position of responsibility must think about.

# Adult Education Program Opens

**By John Hays**  
The Eastern Seminole Band of Geneva is beginning an adult educational program to be conducted by Richard Zolty, director of the band. There will be a small registration fee and classes will be

held each Monday at 7 p.m. at the Community Hall. The band was organized three years ago and at present has a total of 30 members. Mr. Zolty who has been director of this group for one year is also director of the Oviedo High School Band.

# Square Dancing Class Attracts 37 At Deltona

**By Howard Honey**  
Mr. Harold Jenkins and Miss Sally Garrity supervise the square dancing class of 37 peppy Deltona residents at the Community Center Saturday night.

The class grows with each semi-monthly lesson and new steps are learned each time. It is a treat to watch the dancers, most of them retired, dance the "Alley Cat." One teenage youth escorting his mother was surprised to find he had a wonderful time and could swing his partners with the best of them. He made the comment that teenagers could take a lesson from the square dance group on how to have fun.

During the rest periods, exhibition dances were put on by Jenkins and Miss Garrity as well as Mr. and Mrs. W. L. Stripp of DeBary. For a happy evening of fun, don't miss the square dancing on the first and third Saturday evenings of each month at the Deltona Community Center.

He hopes to have a 50-piece band by Christmas and is working very hard toward that goal. There is a special need for players of horns, saxophones and trombones.

Charles Lamb and W. L. Sieg, members of the band, have several extra instruments, which they will loan to anyone joining the band without an instrument.

Everyone is pleased with the progress of the band, which will play for any organization without cost. Other residents of Geneva belonging to the band are Mrs. Lam, Mrs. Sieg, Mr. and Mrs. Cader Hart, Mrs. Eva Mackowicz, Mrs. Robert Coe, W. R. McGill and R. H. Krussar.

More than 600,000 cars were stolen nationwide last year. That's a car gone every 26 seconds.

Most cars eventually were recovered but owners lost cash replacing stolen parts, including tires. With vacation time at hand, the Goodyear Women's Service Bureau urges caution with the keys — and car. Lock your car. Try to park it indoors at night.

It's not hard to get your troubles off your mind if you keep your mind off your troubles.

## Legal Notice

**IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA**  
IN CHANCERY NO. 1488  
**IN RE: DISSOLUTION OF STANDARD GROWERS ASSOCIATION**  
NOTICE OF DISSOLUTION OF STANDARD GROWERS ASSOCIATION  
NOTICE IS HEREBY GIVEN that STANDARD GROWERS ASSOCIATION, an agricultural cooperative marketing association, incorporated in 1928 under the laws of the State of Florida, has petitioned the Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, Florida, for voluntary dissolution and the winding up of its affairs, including the payment of creditors, the payment of dissolution expenses, and the distribution of its assets to its members in accordance with their respective property interest in the corporation.

## Aerosols Open Splash-Dash Cooking Era

NEW YORK (UPI) — The cookbook of the future might run a recipe for baked ham that reads as follows:

—4 squirts bread crumbs, 1 spray mustard, 1 sprinkle black pepper, ¼ splash clove, 2 smidgens brown sugar, 1 stream dark molasses.

It's enough to drive the exact cook to eating out all the time rather than risk the tensions from such cookery.

But the day when the cookbook language will be full of squirts, sprays, splashes and streams isn't too far off, some experts believe.

The reason — the advent of aerosols. Sooner or later most foods will find their way into one of these pressurized containers.

"The housewife of tomorrow will be able to offer up a whole meal, from soup to nuts, all at the push of a button," predicts Leonard G. Cannella, of Continental Can Co.

When this happens all the treasured recipes will have to be translated into aerosol language.

Cannella cited some of the advances, listing products now in the aerosol testing stage: barbecue sauce, butter, cake frosting, cheese, coffee concentrate.

Children soon will be able to make their own peanut butter and jelly sandwiches from one aerosol container.

And, of course, you already can buy dry vermouth in spray form — for the martini crowd.

## Circle Holds First Session

By Joan Magin  
The Priscilla Circle of the Chulucota Community Church held its first meeting after the summer recess on Tuesday, Sept. 8, in the new church wing, with 14 members present.

Guests for the evening were members of the Dorcas Circle, Fran Stump, Jean Matson, Jan Sams, and Kay Cello. Officers for the year are Mildred Wright, president; Mrs. K. Lawrence, vice president; Ruth Boswell, secretary; Hilda Shupe, treasurer; Kate Jones, devotions chairman; Joan Magin, publicity; E. Miller, E. Bartunek, and A. Anderson, projects; Mrs. Strauss and Mrs. Lampineau, flowers; and Myrtle Moon, membership.

This year's theme will be "Florida Community Churches."

Meetings are to be held the second Tuesday of each month at the church.  
Hostess and co-hostess for the October meeting will be Mrs. Moon and Mrs. Lawrence. Mrs. Jones will have the program and Mrs. Shupe, the devotions. All women in the community are welcome to attend.

THE PRESCRIPTION department of the new SuperX Drugs, in the charge of Daniel L. Johnson, R. Ph., stresses quality at the lowest price. The department carries everything from aspirin to zymanol.

## 'Hurricane House' Stands Up

NEW YORK (UPI) — As "Cleo" and "Dora" and their ilk poured their destructive way into the headlines, news of hurricane-proof housing became particularly timely.

Such a house, an inexpensive wood dwelling, constructed to withstand hurricane force winds, has been developed as a dual purpose design by the Lincoln Homes Division of Swift Homes, Inc., manufacturer of pre-fabricated and pre-cut homes. Swift believes its "Hurricane House" provides a possible answer to inexpensive, quality housing for the hurricane-belt islands and Central and Latin American countries, or as a vacation home in virtually any area of the United States.

Ira H. Gordon, president of the Belle Vernon, Pa., homes manufacturer, conceived the idea for the hurricane construction while on a trip through the Caribbean Islands and Central American countries just after Hurricane Hattie in 1961. He commissioned an English architect in British Honduras to develop preliminary designs for a storm-proof house which could be built of locally obtainable woods.

A North American version of this house developed by Richard Stanton, Lincoln's chief designer, utilizes the same basic construction techniques projected into the original model. Unpretentious in appearance but highly functional, the house sits atop a stilt-like foundation. Its elevated post design places the living portion above high tides and flash floods created by hurricanes and the heavy rains that accompany them. Architecturally, this high-post foundation gives the house a clean, simple look that enhances its adaptability to all types of terrain—mountainous, wooded areas or level seashore. It also makes it possible for a home buyer who so desires to build his own home without the heavy equipment desired.

Basic dimensions of the house are 32 by 16 feet with a 16 by 5 foot porch which can be enclosed to increase

interior accommodations.

Interior layout in a model includes living room, corridor kitchen, bath, two 9 by 9 foot bedrooms and a children's bunk room. Construction, however, permits flexible interior arrangement to suit any use—hunting lodge, beach cottage, lakeside home.

A series of modular projections which company engineers call "interlocking framing" provides circulating distribution of stress thus allowing the house literally to "bend" with wind while maintaining structural integrity, Gordon explained.

He said mortise and tenon and tongue and groove joints are used extensively throughout the house. Additional strength is gained from support every four feet of vertical measurement, beginning at the base posts and following through to the ridge. A description of the progressive union of each component member reminds one of the lyrics to the song, "Dry Bones."

In construction, the base posts are tenoned to the floor beams; the floor beams are interlocked to the floor decking; wall framing interlocks to the floor beams and roofing trusses are bolted to the wall frames.

The principle of construction involves coordination of four feet modular grids. This means that all elements — doors and windows — fall within a 48-inch center and main support beams are located every four feet.

Modern design and construction trends have well established the concept of modular coordination since this procedure assures ease of assembly while still giving the greatest possible strength from the fewest parts, Gordon explained. He said the economies gained through implementation of this concept are particularly important in Latin American countries where the low level of native income has virtually prohibited widespread home ownership.

As a means of protecting the tropical "Hurricane House" from damage caused by rot, fungus and wood-boring insects, the company uses pressure-treated wood. This chemical treatment eliminates the need for painting and gives resistance to wood diseases and insects. It increases house-life expectancy and reduces necessary maintenance, an important factor in a vacation home.

Roofing is of industrial corrugated aluminum. In the design for hot, moist regions eaves are left open to provide desired loft ventilation. In the vacation model for the United States, there are aluminum eave enclosures.

Complete cross ventilation is achieved through balanced placement of seven windows and two doors, each covered by a jalousie fixture with slat screen. For easy accessibility, doors have been located for entrance into the living room and kitchen.

## Tiny Watch For Women On Skids

NEW YORK (UPI) — Fall watch fashions for females are taking a new turn for the first major style change in more than 20 years.

The tiny watch is marked passe. Rene Dentan, president of the American branch of Rolex Watches, said the trend is to bigger, heavier and more prominent wrist watches.

What's more, watch straps of leathers like alligator or lizard, never popular in this country, are beginning to replace the fragile cords. Dentan said watch straps are even proper for evening wear. "You hardly ever see a fragile cord watch in Europe anymore," he added.

The move to bigger watches marks the invasion of a trend popular in Europe for more than a year. "A typical watch sold in Europe and which is expected to become far more popular in this country," he said, "has a face that is perhaps the size of a dime, a larger case and is worn with a black alligator band."

The SuperX Drugstore next to Winn Dixie on French Avenue at 25th Street, is holding its grand opening this week.

Managing the new store is Orville Smith and his assistant is Daniel L. Johnson, R. Ph.

The well-lighted store has wide aisles and is attractively decorated. In addition to a complete prescription department, which stresses quality at the lowest price, the store

carries about everything from aspirin to zymanol (whatever that is).

SuperX has a well stocked cosmetics department, sewing needs, glassware, lamps, small electrical appliances, a large stock of candies, tobacco, greeting cards and just about anything one could ask for in a combination drug and variety store.

According to Smith, SuperX is the fastest growing chain of drugstores in the country.

Smith, a native of Mingo Junction, Ohio, attended the University of Pittsburgh, served five years in the U. S. Army, separating as a captain. Seven years ago he moved from Battle Creek, Mich., to Orlando.

With his wife, Honora, and two sons, he presently resides in Orlando.

Johnson, a native of Grand Rapids, Mich., received his registered pharmacist degree in 1959 at Ferris State Col-

lege, Big Rapids, Mich. He came to Florida in February 1962.

Johnson and his wife, Barbara, with their three children, Debbie, 6, Danny, 3, and Teddy, 2, reside on Lake Triplett Drive in Casselberry.

## Dedication At School Friday

By Mildred Haney

The Little Red School House which houses the Deltona "U" classes, will hold its dedication ceremony on Friday, Sept. 25, at 3 p. m.

The dedication has been postponed twice because of the

hurricane warnings and inclement weather.

Interest is still high because of the popularity of the classes held in the building and it is hoped that all Deltona residents and their friends will attend.

**WELCOME SUPER-X DRUG STORES**  
Our New Neighbors

**NEW COMPLETELY REMODELED**

**NEW**  
Modern Triple-Decker meat cases keep meats fresher and offer you a larger variety all at your finger tips.

**NEW**  
Modern Double Decker produce cases now allow us to offer you a large selection of fresher fruits and vegetables than ever before and all at your finger tips.

**Grand OPENING TODAY**

DOORS OPEN AT 9 A. M.

**How's Voting In Glocca Morra?**

SEATTLE, Wash. (UPI)— Voters in King County will be casting ballots this fall in Glocca Morra, Shangri-La, Eisenhower, Brooklyn, Mockingbird and other such places. That's because Ed Logan, county elections superintendent, makes it his business to give interesting names to the precincts under his jurisdiction.

Logan is an Irishman and his nationality is reflected in the precinct names.

Glocca Morra, a precinct in the northern part of the county, is named for the mythical city in the Irish musical "Finian's Rainbow." And when a new precinct is formed out in that area Logan plans to name it Leprechaun. He has named precincts for every "pronounceable" county in Ireland, such as Down, Limerick and Dublin. And there is a New Ross, named for the Irish city from which the grandfather of the late President Kennedy sailed for America.

All the presidents of the United States have precincts named for them, but this presents a problem for Logan. To avoid complaints, he has to place the names of Republican presidents in the Republican areas and the same with Democrats.

Eisenhower and Hoover precincts, for instance, are in heavily Republican areas. Inna Arden and Kennedy precinct is located in the Renton area, a Democratic stronghold.

In the southern part of the county there is a community known as Manhattan and Logan has named the precincts Brooklyn, Dodger and Yankee.

Yankee and Dodger aren't the only places where baseball is included. Logan has tabbed one precinct Tyraco for Tyrus Raymond Cobb.

All seven of the Mercury astronauts are on the list and all the secretaries in Logan's office and the County Auditor's office have precincts named for them.

Logan says he's always on the lookout for names since the county, Washington's largest, is growing rapidly. At present he oversees voting activity in more than 200 precincts.

"When I see an interesting name I jot it down," he said. "And, eventually some precinct will end up with it."

**\$100 Given For Church Building**

By Joan Magin  
At a recent meeting of the Sunday School teachers of the Chuluota Community Church, it was decided to donate \$100 of the Sunday School funds to the church building fund.

It was also decided to postpone promotion day until more room is available upon completion of the new classrooms.

Those attending the meeting were Rev. Gerald Shearon, Mrs. Elmore Miller, Mrs. Myrtle Moon, Mrs. Kay Cello, Miss Diane Murphy, Mrs. Joan Magin, and Art Porter.

It's past spring fever time, but remember that a good cold can spring a fever on you.

### 50 Girl Scouts At Camporee In Ocala Forest

By Jane Casselberry

The Fall Camporee held by the Seminole Neighborhood No. Three at Camp Deer Lake in the Ocala National Forest last weekend was a huge success and was attended by 50 Girl Scouts and 10 adults.

Troops represented were Cadette Troop 338, Casselberry, Mrs. Nancy Russell, leader; Cadette Troop 628, Altamonte Springs, Mrs. Jack Stuart, leader; Cadette Troop 603, Forest City, Mrs. Robert Hoover and Mrs. Andy Kelly, leaders; Junior Troop 010, Casselberry, Mrs. Charles Lockyer, Mrs. Robert Marsh and Miss Betty Ross, leaders; Junior Troop 472, Eastbrook, Mrs. Gerald McGinnis and Mrs. Bradford Lyon, leaders. This reporter also attended the camporee as an interested observer to get a first hand report for the Herald.

Everyone slept in platform tents and each troop cooked its own meals over open fires. Flag ceremonies were conducted by Troops 472, 603 and 628. Troop 628 laid trail signs for the other girls to follow.

Troop 338 conducted a "wide game" on Saturday afternoon, which included such varied activities as making a centerpiece of natural materials, a scouting quiz, treasure hunt, dress-up relay race, tying a knot in spaghetti and naming "Heats songs."

As two teams tied for first place, they competed to see which group could build a fire the quickest and burn the string stretched between two trees.

Troop 472 was in charge of the campfire program on Saturday night, which was one of the highlights of the Camporee. Each troop presented skits and sat around the fire in the moonlight singing the familiar Girl Scout songs.

Indian dances were presented by three of the girls who have been working on their Indian Lore Badge.

Troop 010 was in charge of the Scout's Own program on Sunday morning.

Other activities included volley ball, soft ball, hiking and following a compass course.

All those attending received attractive Camporee patches in red, white and green design.

#### BANKRUPT

As a result of the San Francisco earthquake and fire of 1906, several European insurance companies went bankrupt in their attempts to cover the losses, according to the Encyclopedia Britannica.

# Baby Seminoles Face Little Wildcats In Winter Park Thursday

## Stumpf Selects Starting Eleven For Lid-Lifter

By David Higginbotham  
Herald Sports Writer

The Seminole High Jay Vees will travel to Winter Park Thursday afternoon where at 4 o'clock they will put on the line for the first time this season a record of 30 straight ball games without a loss.

The only contest in that string of 30 games the locals did not win was a scoreless tie with the Little Sandcrabs of Daytona Beach in the initial "last year's slate."

But this season, according to Head Coach Ralph Stumpf, "We will be facing some of the toughest opponents we've met in years and this Winter Park Jay Vee eleven will be one of the roughest we'll meet this season."

The squad, Stumpf claims, is primed and ready for the fray and there are no youngsters on the injured list.

Stumpf announced that he would start Greg Ganas and Chuck Pigott, tackles Jay Stokes and Jim Baker, guards Russell Lee and Mike Kinsey, center Danny Lee, quarterback Buddy Stumpf, fullback Ben Dudley and halfbacks Truby Kinnard and Terry Echols.

Young Pigott will be doing the extra point kicking, young Stumpf the punting and Greg Schwely will handle the kick-off duties.

Stumpf and his aide, John Colbert, put the Baby Seminoles through a head-knocking workout Monday but lightened up yesterday's session. They'll put the youngsters through a light pre-game drill today.

## SHS Has Margin In Statistics Over Terriers

By David Higginbotham

If ball games were won by the club having the best statistics Seminole would have walked away with the contest at Titusville last Friday night.

For example, the locals out ran, out passed, sustained less yardage in penalties but still wound up in a 13 to 13 tie with the Terriers.

Titusville used 28 rushing plays to rack up 75 yards on the ground while Seminole utilized 38 plays for a total of 181 yards, but the score was still 13 to 13.

Quarterback Charle Huggins connected on six of 17 aerial attempts and gained 44 yards. Meanwhile, Seminole QB Ron Hinson completed seven of 12 for 54 yards.

All told, Seminole picked up a total of 235 yards to only 119 for Titusville. The Sanford aggregation posted 14 first downs, five rushing, six passing and three by penalty while the Terriers has one by penalty, two from rushing and three from passing for a total of six.

As far as offensive plays were concerned, Sanford had only five more than Titusville.

Hinson did pretty good in the punting department, getting an average of 37 yards per try while Huggins came up with a 28-yard average. Of course, Seminole punted only three times while Huggins booted seven. The Seminoles also had an edge in the kick-offs with Billy Kuykendall averaging 34 per boot while Huggins got 31.

Lee Sparkman took the lead in the rushing department among Seminole backs by picking up 96 yards on 12 carries. Buddy Burton loaded the leather nine times and posted 59 yards. Larry Watson, towering Seminole end, latched onto six of Hinson's aerials and Mike Grav grabbed the other.

**LONG STREAK**  
NEW YORK (NEA) — The Canton Bulldogs hold the National Football League record for most consecutive victories with 94. The Bulldogs' mark came during the 1922 and 1923 seasons.

A PAIR OF OVIEDO LIONS corner a Zephyrhills Bulldog during the South Seminole school's opening grid encounter last Friday night at John Courier Field in Oviedo. The only identifiable player is No. 82, Lion end Rex Brooks. Oviedo copped the contest by a 33 to 7 score.

## American Loop Race Looks Like Old Fashioned Yank Cake Walk

By Fred Down  
UPI Sports Writer

Yogi Berra can tell the world, "I told you so."

"Don't worry, we'll make our move and it'll be a big one," the resident genius of the New York Yankees dugout told the experts a month ago when the defending American League champions were floundering.

## Seminole Prep For Grenadiers

Seminole High's head grid coach, Jim Pigott, and his assistants, Jim McCoy and Dick Williams, sent the Tribe through another rough and tumble workout Tuesday afternoon in preparation for Friday night's home opener with the Colonial High Grenadiers.

Game time is 8 p. m. at Sanford's Memorial Stadium. It will be the first Metro tilt of the season for both conference clubs.

Last season the Seminoles upset the Grenadiers 20 to 13 in an Orlando contest.

Only a few believed him. The Baltimore Orioles and Chicago White Sox were running 1-3 and Yogi seemed to be whistling in the dark while the Yankee empire was tumbling down.

But now, suddenly, it looks like an old-fashioned Yankee cake walk.

With seven straight victories and nine wins in their last 10 games the Yankees have opened up a 2 1/2 game lead over the Orioles and a 3 1/2 game spread over the White Sox.

What's more important is the fact that they hold a four-game advantage over the Orioles and a five-game advantage over the White Sox in the vital "lost column" of the standings.

The Yankees drove a couple of more nails into the coffins of the Orioles and White Sox Tuesday night when they swept a doubleheader from the Cleveland Indians 5-3 and 9-1. The Orioles had been beaten by the Detroit Tigers, 2-1, in an afternoon game and the White Sox were defeated by the Los Angeles Angels 1-0 in a night game.

Mel Stottlemyre, with nothing to lose, scored his eighth victory since joining the club in mid-August in the opener and Whitey Ford went seven innings to win his 16th game in the nightcap.

Roger Maris hit his 24th homer and three singles and Joe Pepitone also homered for the Yankees in the first game while Mickey Mantle and Phil Linz connected in the second game.

Al Kaline's two-run first-inning homer provided the Tigers with all the runs they were to get or need against 15-game winner Milt Pappas, who had won 10 of his previous 11 decisions for the Orioles.

Ed Rakow, taking over from Hank Aguirre in the first inning, pitched 7 1/2 innings of shutout relief and then got help himself from Julio Navarro in the ninth.

The Boston Red Sox blanked the Washington Senators 3-0 and the Kansas City Athletics out-slugged the Minnesota Twins 10-9 in other AL action.

In the National League, Cincinnati drubbed Philadelphia 9-2. St. Louis tripped New York 2-1. San Francisco whipped Houston 7-1. Milwaukee beat Pittsburgh 2-0 and Chicago shaded Los Angeles 1-0.

## Tribe-Colonial Ducats On Sale

Tickets for the Seminole-Colonial grid contest Friday night at Sanford Memorial Stadium can be purchased at several local stores, Athletic Director Fred Ganas said today.

They are available at Roumillat & Anderson, Touchton McReynolds and Liggett's drugstores. Also, they will be on sale during school Friday at the SHS administration office.

Ganas suggested that fans purchase tickets in advance if at all possible to prevent long lines at the box office Friday night.

## Strikes . . . Spares

By John A. Spohli

Around the lanes, after these first two weeks or so of competition, these are the team leaders in their respective leagues. There is the honor of either being accused of a "loaded" team or that they're just trying to fatten their handcaps for the coming season.

Sometimes you just can't win for losin', can you?

In the Sunday Night Mr. and Mrs. League, there isn't too much daylight between the top three teams of Sue and Bill Baggerly, Colleen and Dick Sandlin and Mary and Tom Hunter.

This past Sunday found Andy Stine leading the "hits" parade with a 195/530 series. Andy Patrick also had a night of 195.

On Friday night, this, too, in the Mr. and Mrs. League, we find Roy and Mary Sturman on top of the heap with Ann and Bob Gabel breathing down their necks.

Possibly one of the reasons we see that Sterman name up on the ladder could be for scores like these which they posted this past week:

Mary finished her series with a 221 to end the night with a 530. Meanwhile, hub-by Roy clobbered a 201 in his last game for a combined 422 total for this happy pair. We know of quite a few good local bowlers who'd like to have scores like that in doubles competition.

A special salute to this league is offered to one of the "gamest" guys in the loop, Joe Pickens. Man, he's trying with each and every delivery, body english and all.

Well, evidently it was

working for him 'cause he came thru with a 176 single. I think that's Joe's high since starting league bowling a week or two ago. Congratulations!

The team of Enos, Henning, Hines, Nye and Pencock representing Sullivan's Camera Shop are hitting 'em at a pretty solid clip in the Thursday Night Jet Lanes Kegler's League. As a matter of fact, they have a pretty solid hold onto that number one spot in standings.

Clarence Henning led his teammates to a three-point sweep from their opponents, the Sanford Atlantic Bank, by shooting a 334/603 scratch. A couple of others who were pounding the wood were Al Klipp with a 320/608. Sam Faron of Faron's Builders liked the number two — a 222.

Firecracker Magito of C.F.O. just missed that 600 set by finishing with a 598. In his series were games of 212 and 224.

On Wednesday afternoons in the Hi Nooner's League, it looks like Stenstrom Realty has another strong team in the forms of Carolyn Salles, Kathy Gray, Libbie Whitehead and Etta Dorman. Even though it's early in the year these gals want it known that they're taking dead aim on the pennant.

And while we're talking about this particular team, it's certainly noteworthy to mention that Carolyn rolled her first 200-plus game. (Now watch how easy it is to roll 'em with a certain amount of regularity, Carolyn. At least that's what is says here in fine print.)

## American League

Team	W. L. Pct. GB
New York	91 59 .607
Baltimore	90 63 .588 2 1/2
Chicago	89 64 .582 3 1/2

## Braves To Seek First 1964 Win Thursday Night

Head Coach Dan Pelham of the Sanford Junior High Braves along with assistants Owen McCarron, Ronnie Hunt, and Ed Buckner have their charges ready for a face to face battle with the South Seminole Junior High Hurricanes Thursday night at Lyman High Field.

It is reported that the Hurricanes have had a lot of trouble with injuries, but the Braves have been fortunate in this area with only minor hurts.

The two teams played twice last season with the Braves winning both tilts. In the first game the score was 27 to 6. But in the second tilt the Peanut Bowl — South Seminole showed much improvement and held the Braves to a 12 to 6 margin.

## PHILS Accepting Applications For Series Tickets

By Russ Green  
UPI Sports Writer

PHILADELPHIA (UPI) — The Philadelphia Phillies began accepting World Series ticket applications today and many a brave soul looked over his shoulder when he dropped his letter in the mail box at midnight.

The Phils had just dropped two straight to the pressing second place Cincinnati Reds. The days, the season, and the Phillies lead were getting shorter on this first full day of autumn.

Hurricane Gladys was threatening to wipe out the final of the series tonight, which meant the game would be played in Cincinnati come the last closing moments of the schedule.

Still, the Phils were perked up, even if they didn't look it when they dropped a 9-8 loss to Cincinnati Tuesday night which trimmed their lead to four and one half games. The night before they lost 1-0.

It was one of those horrendous things Tuesday which optimistic amateurs call good to be out of their system. Chris Short gave up six runs and five walks, the most he's given in any game this year.

There were a couple of throwing errors to pad the Reds scoring, two runs came in on two passed balls in the same inning, and a bases loaded walk forced in another. If that's not pressure, what is it?

Manager Gene Mauch, his voice just above a whisper—he lost both the voice and an argument to umpire Chris Pelekoudas at one and the same time in Los Angeles—said it isn't pressure and appreciated the games by Reds pitchers John Taitouris and Jim O'Toole.

"It was a case of a couple of guys pitching two good ball games," Mauch said, adding that "we'll have to shake up our hitting."

Did cutting the lead to four and a half games—the Phils have 10 left, the Reds 11—make anyone apprehensive?

"I'd rather be where we are now than where anyone else is in the league," Mauch countered.

## Pardue Dies In Test Run Crash

CHARLOTTE, N. C. (UPI) — Jimmy Mansfield Pardue, 33, who gave up selling cars in 1967 to race them, Tuesday became the third NASCAR stock car driver in less than a year to die in a crash.

The likeable auto pilot from North Wilkesboro was fatally injured at the Charlotte Motor Speedway when his 1964 Plymouth plowed through a steel guard rail.

Though a perfectly balanced rig is desirable, anyone possessing a medium-weight spinning rod can load a spool with two- or four-pound monofilament and achieve satisfactory results. Lighter lines are available but work best on rods designed to handle them.

Gossamer lines offer two distinct advantages: (1) they are less visible to wary fish, and (2) they permit easy casting of tidbit-sized lures. Such factors can make quite a difference to lackadaisical lunkers.

To overcome the disadvantages of frail lines, Mercury suggests these rules: (1) check rod and reel for rough edges that will cut the mono, and inspect frequently for knots, (2) stay out in open water, (3) don't try to "horse" 'em in, and (4) be exceedingly careful when boating a fish.

# "Candid Chatter"

By Betty Williams  
Beauty Editor

NEWS IS NEWS, and it is up to this department to relay interesting bits about interesting people. Our boys and girls are obsessed with a rife virtue known as modesty regarding themselves, Bonnie, and with all due respect, we are only doing our job, so please forgive, while we sound off for the readers.

Key, which is for gratis, mind you. Bonnie, we are going to need a paying job after that! This next week-end proceeds to be a most exciting one for the queen candidates. At Silver Springs in the preliminaries, our contestants will be narrowed down to ten. The girls will undergo a rigorous schedule consisting of judging in bathing suits, cocktail attire, and so on.

Out of all the dolls on the campus at the University of Florida, guess who the commander of P. J. Kappa Alpha Fraternity chose for their candidate to sponsor for homecoming queen. Yep, none other than Stanford's Bonnie Gielow. And guess who her parents are. Yep, you're right. And guess who's going down swinging when duty calls. Yep, you're right.

Bonnie was introduced this past week-end with the twenty some odd contestants at the big game Saturday. The men of Phi Kappa Alpha were in search of a sure winner, so who could better qualify than Bonnie?

Our statuesque brunette beauty is very popular among the fraternity men and has the essential requisite to reign as queen in any capacity. With her charm, poise and vibrant personality, she has a keen sense of humor and plenty of brain power which she utilizes. So if Bonnie doesn't reign over homecoming activities, there will have to be a crackpot among the panel of judges.

In Seminole High School, Bonnie was a member of various clubs, and was a charter member of the Seminole National Honor Society. She contributed plenty of zip and sang to the football team in her role as cheerleader for four years, and even played in the "powder puff" game, which was more fun than a barrel of monkeys. This gal with all her unlimited talents and hobbies claims the great out of doors as her recreation area. She participates actively in all water sports and is an accomplished equestrienne. She transforms gracefully towards a more cultural aspect in some of her paintings exhibited in a one man show at the Gielow home. She has great respect for the written word and good music.

A member of Alpha Delta P. I. Sorority, Bonnie is the chairman of the decorating committee for her house during homecoming and relates she has some keen ideas. She is also a student floor representative, and engages in many other campus activities. Through the sorority, she has been assigned to do secretarial work for the Florida Blue

and the grand finale which will feature them in formal. At a luncheon, there will be a personality interview with spontaneous questions popped at them and their ability and aptitude in clever answers will determine their rating in this phase. Out of the ten finalists, three princesses will be chosen at a later date to travel the state in a "public relations" capacity to promote the big event, "homecoming." One of the three princesses will be selected queen a week prior to the game.

Bonnie is a senior at the University, and is an elementary education major. She will intern in the Orange County schools from January until next April, at which time she will return to the University for a final course. This seems "undemocratic" to surround all this loveliness in a school classroom when the glamour fields are appealing for girls who have everything, so Bonnie, give us a break, as well as yourself.

When interrogated as to what our future "school intern" plans after she has a fling with her school teaching ambition, her brown eyes were quizzical, but reading between the lines read the message to go find another rope to climb. So off we go, and the best of luck to another potential "Miss Universe."

SINCE WE ARE pulverizing precedents, and placing personalities before principles, we are going to forget for a while that a gal named Emily combined a few well chosen words to write a book on ethics and etiquette and forgot how to spell protocol. It's a mama's prerogative to sing

out, or label us as unethical, crude, rude and uneducated as mama has cooked out about her child.

Readers have requested all sorts of information on a recent interview with Eva Gabor, so we will attempt to give a brief resume.

MARY WILLIAMS and Eva Gabor, after Mary adjusted Eva's coiffure for photograph snapped by mamma.

capable Herald correspondent from the North Orlando area covered the fashion show and she did a stupendous job. It is a shame we can't print a detailed account, but space is limited. Margaret said it was fabulous. We saw part of the rehearsal, and it was spectacular. Sorry, we had to cut a little, Margaret, but here are most of your words:

"If I Were President," a fashion show, for all Central Florida, was presented recently at the Municipal Auditorium in Orlando.

The charmingly delightful and witty coquette, Eva Gabor, commented the program as only a vivacious Eva could do. At all times, Miss Gabor was respectful and complimentary of the novice models, enthusiastic over the styles, and she captivated the nearly - packed house with her typically Gaborian ad lib of the script (prepared by Ruth Robinson).

Miss Gabor was femininely personified in a ravishing strapless rose-flowered gown as she reigned over the show in a lovely setting of a pink mist of draperies and sparkling chandeliers.

After an original musical introduction of "If Eva Were President" by Kathy Habington, the continuously chatting Eva came down to the foot of the runway and tossed one of her own tremendous, blue-flowered hats "into the ring," and a member of the audience carried away this memento of the fabulous Eva.

Eva's Hungarian accent delightfully mispronounced names of local shops, designers and models to the amusement of the crowd.

A wide selection of clothes were shown - from hooded parkas and mohair sweaters to exotic gold and flame lame evening gowns - with a price factor just as varied. Designers ranged from Hannah Troy's white crepe cocktail dress, to Sally Victor hats, to a man's suede jacket by McGregor, Arrow shirts, Lailion knits and a gorgeous morning light mutation mink coat.

Dress lengths were shown a trifle longer, coming to just below the knee; furs were shown on coats, suits and hats; suits and ensembles are most popular for both afternoon and after five. Although brocade is still popular,

flashing full-length lames with brief overjackets stole the formal scene.

After intermission, Miss Gabor reappeared in a radiant red silk velvet gown. A Royal School of Dance Sextet presented a pleasant variety dance. Later in the program, in a sparkling white gown, Ruth Robinson, presented her own original rendition of "If I Were Miss Gabor," and, finally, a group of Beatle-like personalities appeared, among them being Henry Maser, Director of the Florida Symphony, who assisted Miss Gabor in drawing the winner of the two tickets to Paris. The Winner was a woman also of Hungarian ancestry which sent Miss Gabor into gales of ecstasy.

# South Seminole Club Women Plan Federation With Seniors

By Jane Casselberry  
The Young Woman's Club of South Seminole voted Thursday night to affiliate with the Florida Federation of Woman's Clubs as a senior club, after hearing talks on the advantages of federating from Mrs. J. Y. Clark, Senior District Director and Mrs. Fred Spradlin, Jr., Junior Director for the seventh district, both of Leesburg.

The meeting was held in a building located on Sunset Drive Casselberry and donated for their use by owner George Reckensperger.

The affirmative vote was taken following prolonged discussion on the pros and cons of the matter. It was decided to come in as a senior club so that members over 35 as well as the younger women could take an active part in the organization.

Mrs. D. E. Mount, president, presided at the meeting and the secretary, Mrs. Lewis Cote read a brief summary of how the new club was organized.

THE YOUNG WOMAN'S Club of South Seminole held its first regular meeting in Casselberry Thursday night. Shown at the refreshment table are left to right, Mrs. Joe P. Mitchell, vice president; Mrs. D. E. Mount, president; Mrs. J. Y. Clark, Senior Director for the 7th District of the Florida Federation of Woman's Clubs; Mrs. Fred Spradlin Jr., Junior Director and Mrs. Lewis Cote, club secretary.

## Philip H. Logan Addresses Sallie Harrison Chapter

Philip H. Logan, local attorney, was the speaker for the first meeting of the fall, of Sallie Harrison Chapter, National Society, Daughters of the American Revolution, on Thursday, September 17th, which began the observance of National Constitution Week. Mr. Logan's subject was "The Constitution of the United States."

The meeting was held at the home of Mrs. F. E. Boumillat, 910 Palmetto Avenue, with Mrs. J. B. Ray and Miss Irene Hinton serving as co-hostesses.

Mrs. R. E. True, regent, presided over the business session, which was preceded by a Memorial tribute to the late Mrs. C. E. Dawson, who had so capably served the chapter in many ways through the years.

New officers and committee chairmen were introduced. Attention was called to the District meeting which is to be held in Orlando at the San Juan Hotel at 9:45 a.m., on October 31.

At the conclusion of Mr. Logan's talk, a question and answer period was held, which proved to be instructive and entertaining.

At the ten hour, an ice course was served to the following members and guests: Mrs. R. E. True, Mrs. R. M. Mason, Mrs. A. W. Lee, Mrs. A. R. Key, Mrs. M. B. Smith, Mrs. Edmund Meisch, Mrs. H. W. Rucker, Mrs. P. P. Campbell, Mrs. Harry Lee, Jr., Mrs. W. B. Wray, Mrs. R. P. Pray, Mrs. M. J. Bram, Mrs. T. J. Gallagher, Mrs. C. R. Kirtley, Mrs. E. M. Hoke, Mrs. Lawrence Tinsley, Mrs. W. A. Cannady, Mrs. Leroy Soper, Mrs. Howard Brewer, Mrs. C. E. Butler, Miss Emma Baker and Mr. Philip H. Logan.

The chapter received a birth announcement from Peggy Crever and a marriage announcement from Vicki Westlund.

Fall rushing plans were discussed and made definite. Activities include an informal get together on September 28 at the home of Mrs. W. R. Jennings; a rushee tea on 10 noon 30; a costume rush party on October 10 at the home of Mr. and Mrs. Sid Vihlen Sr.

Ways and Means announced the recent bake sale was highly successful.

Delicious refreshments were served to Sandy Collins, Linda Beck, June Warner, Linda Hittell, Leslie Best, Carol Mitchell, Jean Gonzalez, Barbara Erickson, Peggy Crever, Sandy Willis, Shirley Stumpf, Joan Brooks and Mrs. Glen McCall, advisor.

## Officers Wives Postpone Bridge Benefit Tomorrow

The Navy Officers Wives Club announces the postponement of the Benefit Bridge, scheduled for tomorrow, September 24, due to funeral services for a Navy flier.

The benefit will be held at noon Wednesday, September 30, at NAS ballroom, with all proceeds going to the Navy Relief education fund.

All interested persons are requested to phone Mrs. E. L. Ebbert at 322-3077 for reservations, and to bring your own cards.

Rockets are the rage for Senior Girl Scouts in Redondo Beach these days.

They're keeping in tune with the times as they join the local Boy Scouts in a one-of-a-kind experimental project sponsored by the Space Technology Laboratories. The scouts attended lectures, prepared individual space projects, and explore possible careers in science.

Mr. and Mrs. J. J. Reddit had as their guests at their cabin at Salt Springs, recently for a weekend, Mr. and Mrs. Elmer Shivers and sons, Jimmie, Donnie and Mike and Miss Frances Riggs.

Mr. and Mrs. Robert Morris and daughter, April are in Columbia, S.C., where they will live for the next six months, while he is taking a special career course under the National Guard Program.

## Kathleen Haney Honor Guest Of Bridal Shower

By Mildred Haney  
Mrs. Charles McCarthy and Miss Mary Lou McCarthy of Hartley Avenue were hostesses at a bridal shower given in honor of the coming marriage of Miss Kathleen Haney.

The decorative theme was pink and white. An umbrella beautifully decorated with pink ruffles and pink and white flowers and bows was suspended over the table of daintily wrapped gifts.

The table centerpiece was of pink Gladioli and white Carnations flanked by crystal candelabra with pink candles.

Miss Haney and Mrs. Robert Haney were presented with corsages of white carnations.

Those present at the shower were Mrs. Harry Powell, Mrs. Margaret Powell, Mrs. Harry Withers, Mrs. Roy Withers, Mrs. Oscar Craigh-ton, Mrs. Ross Roman, Mrs. Mary Tucker, Mrs. John Loutsenisher, Mrs. Arnold Vann, Miss Linda Monahan, Mrs. Leo Monahan, Miss Clara Melnhardt, Miss Kathy Haney, Mrs. Robert Haney, Mrs. Charles McCarthy and Miss Mary Lou McCarthy.

After games were played and gift packages opened, a delicious luncheon was served.

Lake Monroe HD Club Meets Tomorrow

The Lake Monroe Home Demonstration Club will meet this Thursday at 7:30 p.m. at the Community Building.

All prospective members are invited to attend and regular members are reminded that this will be an important meeting with items of importance on the agenda.

## LDS Group Holds Election Of Officers

The Seminary Class of the Latter Day Saints Institution of Religion recently held election of officers conducted by Robert Durance, past president. Officers elected were: Anita Blackweider, vice president and Beth Blackweider, secretary.

The Seminary group meets each morning at 8:40 at the L.D.S. Chapel on Park Avenue before going to their regular public school classes.

This is a volunteer program with around 15 participating in this daily Christian education program.

Freeman E. Baggett, Bishop of the L.D.S. Church of the Sanford Ward, is presently conducting a study course on the New Testament.

# Horse Show Opens Season

By Margaret Cosby

The first Dusty Boots Riding Association Horse Show of the fall season was held Sunday at the Rodeo Grounds behind the Farmers Market on U. S. Highway 17-92. It was a wonderful day for a playday on horseback—but what day isn't? The sun was bright and there was a swift breeze blowing. Just perfect for putting riders and horses in fine fettle.

The program started at 1 p. m. with the boyhood race followed by ten other events including Western Pleasure Classes, which were judged by Pat Burkhammer of Orlando and Ed Christopher of Union Park.

The show proceeded smoothly with Bob Copelan at the microphone as master of ceremonies and veteran timer I. V. Williams on the stopwatch, while L. D. Roberts, many-times president of Dusty Boots, dropped the flag for most of the timed events.

Blue Ribbon winners: Keyhole—Sonny Faircloth; Jr. Pole Bending—Shirley Dursley; Senior Pole Bending—Dale Ferrell; Jr. Western Pleasure—Christina Copelan; Flag Race—Sonny Faircloth; Ribbon Race—Nancy Malmberg and Norma Baldwin; Pick-up Race—Don McLeod and Steve Bralnard; Sr. Western Pleasure—Boyd Edwards; Jr. Cloverleaf—Christina Copelan; Sr. Cloverleaf—Don McLeod; and Musical Tires—Don McLeod. High points for the day went to Sonny Faircloth.

Under the guidance of Howard Lloyd, recently elected president, the Dusty Boots is endeavoring to stimulate a greater interest in horses, riding, horsemanship and sportsmanship. They look forward to bigger and better shows and anticipate larger and more enthusiastic audiences. With the aid of Vice President Bob White, Treasurer I. V. Williams, and secretary David Willis, President Lloyd feels these aims will be realized.

The next Dusty Boots Horse Show is scheduled for the third Sunday in October, with the Apopka Horseman's Association holding their Gymkhana, September 26 at 7:00 p. m., and another show at Copelan's Farm in Union Park, starting at 10:00 a. m. September 27. There will be 14 events, three divisions and an exhibition by the Turfside "12" Quadrille Team.

BLUE RIBBON winner in the Senior Western Pleasure Class at the Dusty Boots Riding Association Rodeo held Sunday was Boyd Edwards on Arapaho Painted Buck. (Herald Photo)

VETERAN HORSEMAN, 71 year old L. D. Roberts, drops the flag for timed events in the Dusty Boots Rodeo Sunday. Six times president of the riding club, he has stepped back to let the younger men take over. (Herald Photo)

TALLY ONE FOR LYNDON — Actress Bette Davis was unable to get away from the set of "Hush . . . Hush, Sweet Charlotte" to register for the November elections. So director Robert Aldrich brought in Los Angeles Registrar Irma Green, left, who set up the registration. Bette's Nov. 3 choice? Lyndon B. Johnson.

## Adult Study Meeting Set For Tonight

By Mildred Hasey

All residents of Deltona interested in adult education are invited to attend a meeting at the Community Center today at 7:30 p. m.

The purpose of this meeting is to inform the residents of the programs that are available to them through the Adult Education Movement in Florida.

Slides will be shown and available programs will be discussed. There will be a special guest from the Volusia County School System and registration for the Fall and Winter courses.

The time for beginning new courses is now and this meeting will be extremely important to give those planning the program an opportunity to establish the Fall and Winter program to best serve Deltona residents.

It is hoped that everyone will make a special effort to be on hand to help establish as many courses in Deltona as possible.

Refreshments will be served following the meeting.

## Civic Group To Meet Monday

By Margaret Cosby

The first meeting of the North Orlando Civic Association Executive Committee will be held Monday, Sept. 28, at 8 p. m. at the Civic Building in the recreation area. At that time, the agenda for the coming year will be discussed. C. E. "Chuck" Rowell, association president, will preside.

The next regular meeting of the Civic Association will be on Monday, Oct. 5, also at the Civic Building at which time a nominating committee will be named.

## Big Floating Campus Ready To Set Sail

NEW YORK (UPI)—The University of the Seven Seas, a 482-foot floating campus, is ready to embark on its second season.

During its 108-day fall semester, the M. S. Seven Seas will sail to the Mediterranean and Southeast Asia, conducting classes for its student body aboard ship and during 49 days in ports.

The university has 40 faculty members and hopes to sign aboard an enrollment of 800 college students. Last year, about 270 students enrolled.

According to Dr. E. Ray Nichols Jr., president of the university, many colleges accept credits earned aboard the ship by students who later transfer to land-locked colleges.

The university will sail from New York on Oct. 19 and make calls at Lisbon, Barcelona, Naples, Piraeus, Beirut, Alexandria, Port Said, Suez, Bombay, Colombo, Singapore, Bangkok, Saigon, Hong Kong, Keelung, Taiwan, Yokohama and Honolulu before ending the semester at San Diego on Feb. 8. It will sail from San Diego Feb. 11 for the spring semester.

The minimum cost for one semester aboard the ship would be \$2,200, according to the university. Rates for one semester range from \$1,500 for dormitory space to \$2,100 for rooms shared with either one or three roommates. Tuition comes to \$400 and there is an additional charge "of not more than \$175" for mandatory field trips at the ports of call.

The university said \$300 more "would be a reasonable amount" for additional expenses, such as text books, personal expenses and sight-seeing tours.

This year the university will also offer a seminar for adults. They will study the arts, history, sociology and current events of every country visited. College credits will not be given for the adult course.

The university, headquartered in Whittier, Calif., is incorporated under the laws of California.

## Parents Invited By SHS Faculty

The faculty at Seminole High School has invited parents of Seminole High School students to attend Parent-Teacher Night at the high school Thursday at 7:30 p. m.

The program will begin in the auditorium when Principal A. J. Bracken will make remarks concerning the overall school program. Parents will then follow the regular class schedule of their students when they will meet each teacher and receive an outline of the course.

The program is planned to be completed by 9:25.

Most baking failures can be traced to poor techniques in mixing, incorrect measuring, undermixing, overmixing and old recipes that need to be adjusted for modern ingredients and equipment.

## Citrus Men Ask Time To Study Standards

LAKELAND — Florida citrus industry leaders today asked the United States Food and Drug Administration to extend the time for filing comments on proposed Standards of Identity for diluted fruit juice beverages for 60 days to permit the Florida citrus industry to devote further study to the proposed standards.

The request was contained in a telegram dispatched Friday by Homer E. Hooks, general manager of the Florida Citrus Commission, to George F. Larrick, Commissioner of Food and Drugs for the Department of Health, Education and Welfare.

"The Florida Citrus Commission, Florida Citrus Mutual, Florida Cannery Association, and Florida Fresh Citrus Shippers Association are diligently studying proposed definitions and standards of identity for diluted fruit juice beverages, as published in the Federal Register No. 158, dated August 15, 1964," the telegram stated.

"The Florida citrus industry has a deep interest in the promulgation of adequate standards for these products. We intend to make recommendations and comments to you on the proposed standards after thorough study.

"Because of the immense complexities attendant to this subject, and in order to attempt to resolve any differences of opinion within our industry and submit a unified recommendation to you, the Florida citrus industry, as represented by the above-named organizations, respectfully requests that the time for submission of comments be extended to December 15, 1964."

Hooks said the FDA had requested that all views and comments regarding the proposed standards be submitted by October 15, 1964.

"The state's industry feels that the October date will not provide sufficient time to devote a thorough study to the proposals," he said. "In addition, we would like opportunity to study a survey recently completed by the Commission regarding consumer understanding of labels on containers for fruit juices and the diluted fruit juice beverages."

## New Deed

CROYDON, England (UPI)

Surrey Cub Scout chief Edgar Lee said he told two of his wolf Cubs today to find a new "good deed" to perform after he caught them warning drivers to watch out for a police radar speed zone down the road.

## Enterprise School P-T Council Meets

By Mrs. Ritchie Harris

The Parent Teacher Council of Enterprise School met at the school cafeteria for the first meeting of the school year Tuesday evening. Dr. Frederick Simmons, president of the Volusia County Poison Control, was guest speaker.

The room count was won by the second and third grade combination class, Mrs. Muriel Kauffman, teacher.

All parents and friends of the school were urged to join the P.T.C. and support the yearly projects. Classes attaining at least 75 per cent membership will be given a banner for their room.

Mrs. Hardin announced that due to the fire there are several items needed by the school, namely, two blankets, six cot size sheets, six pillow cases, and a lect case for the clinic. Book cases are needed for the library. Anyone having any of these items to donate please call the school for pickup, or donate trading stamps so that needed items may be obtained.

There was a discussion on the new building to be built to replace the one destroyed by fire.

Total enrollment to date is 291, of which 118 are new pupils.

Parents will be invited to have lunch with their children during the first week in October.

It was announced that there will be no 4-H program working through the school this year.

Refreshments were served following the meeting by the members of the P.T.C. executive board.

## EXPENSIVE TASTES

GAUMBERG, Austria (UPI) — Mrs. Hermine Vogel, 80, cooked an expensive dinner Sunday.

The elderly widow cooked pork, a cake and 50,000 Austrian schillings \$2,000 — her life's savings — which she had hidden in the wood stove the day before for "safe keeping." "I don't trust banks," she said later.

**MRS. LOIS S. TOOLE  
Teacher Joins  
Lyman Faculty**

By Jean Casberry  
Mrs. Lois S. Toole of 601 Beverly Drive, Altamonte Springs, has joined the faculty at Lyman High School to be co-ordinator of the new Cooperative Business Education Program.  
Mrs. Toole, who is working on her masters at Rollins College, moved here from Winter Garden where she formerly taught at Lakeview High School. She taught last year at Boone High School in Orlando and has been on the faculty at Jones Business College for the past five years.  
She has had practical business experience as a secretary and bookkeeper and was employed at the West Orange Memorial Hospital as medical records librarian and medical secretary.

**3rd Escapee  
Recaptured  
In Miami**

MIAMI (UPI) — The third of four men who broke out of the South Florida Mental Institution near Hollywood three weeks ago was captured by police here Tuesday night.  
An anonymous tip led officers to a northwest section home where they found Theodore Brunson. Three men had to wrestle Brunson into submission.  
The only one of the escapees still at large is Richard Shadler, believed to have left the Miami area.

**Holley Assails  
Debt 'Solution'**

DELAND (UPI) — Charles Holley, Florida GOP gubernatorial candidate, told a fund-raising dinner Tuesday night Florida Democrats are solving state debts like "carrying water to a fire in a leaking bucket."  
He said that several Democratic administrations have raised taxes to stop the growing debt, but that doesn't help matters a bit.

**\$1.1 Million Loan  
For Plant City**

WASHINGTON (UPI) — A \$1,146,616 federal loan was granted to Plant City Tuesday by the Housing and Home Finance Agency to build 100 low-rent homes.  
The federal agency also announced a \$474,839 loan to Jasper for construction of 42 low-rent homes.

**State Penalizes  
10 Truckers**

TALLAHASSEE (UPI) — Ten Florida trucking firms who failed to pay state mileage taxes have had their operating certificates canceled by the Public Utilities Commission.  
The commission said Tuesday the carriers, which hauled goods which are exempt from state regulations, failed to show up at a public hearing on the matter July 15.

**C. F. Byrns**  
ROSLYN, N. Y. (UPI) — Clarence F. Byrns, 70, a leader in development of the Arkansas River and editor emeritus of the Fort Smith, Ark. Southwest American and Southwest American and Times-Record, died in a hospital Tuesday.

# Chevrolet Takes Big Stride Into Fine Car Field

Chevrolet takes its longest stride into the fine car field with its 1965 passenger cars—plus offering the widest variety of luxury models and product features in its 34-year history.

On display in dealer show-rooms on Thursday, Sept. 24th, will be 45 models in five distinctive lines of new Chevrol-ets. Of these, 20 will be "sport models"—convertibles and hardtops.

There are all-new cars in two lines:

The regular Chevrolet, long-time industry sales leader, moves to a new prestige plat-eau with the greatest comfort and luxury ever offered.

The Corvair makes a drama-tic advance with its first major styling change in five years.

Customer approved design, with significant styling refine-ments, is continued for the Chevelle, Chevy II and Corv-ett lines. The Corvette also becomes the first American car to provide four-wheel disc brakes as standard equipment.

Among approximately 400 accessories and optional fea-tures available on 1965 Chev-rol-ets is the first FM stereo system offered by an auto-maker. Another is a telescop-ing steering column to give greater driving comfort for Corvairs and Corvettes.

With its new models, Chev-rol-et hopes this year to estab-lish its third successive indus-try sales mark, S. E. Knudsen, general manager, declared.

"For 1965, Chevrolet is keep-ing pace with the public's growing preference for pres-tige transportation with the widest possible customer choice of options and features to fit individual needs," he said.

Chevrolet offers its custom-ers 15 colors—13 of them new—on Chevrolets, Chevells, Chevy IIs and Corvairs with up to nine two-tone combina-tions, depending on the model.

## Junior College Funds Allotted

TALLAHASSEE (UPI) — The Cabinet split up \$30 mil-lion in construction funds Tuesday for junior colleges in 17 Florida counties.

The funds were part of the first sale of bonds under the legislative - approved Higher Education Bond Act adopted in 1963. The bonds were ap-proved last November.

A total of \$45 million were sold, with the \$30 million going for junior colleges and the rest for universities.

In other high education ac-tion, the Cabinet, sitting at the State Board of Education, accepted from the Escambia County Commission 1,000 acres of land for the new University of West Florida.

President Harold Crosby said the property will make up the main campus of the new institution and was worth about \$1,250,000.

## Church Group Sets Social

By Maryann Miles

The Bykota Class of the Bear Lake Methodist Church will have an ice cream social Thursday at 4:30 p. m. in the church cottage on Bear Lake Rd.

Miss Virginia English and Leo Salmi are teachers of this adult Sunday School class.

Corvettes are offered in a choice of eight distinctive colors.

New on all models will be a two-key lock system as added protection against vehicle theft. With it will be the addition of a four-position ignition switch to all models.

Extended lubrication is again a feature of all Chev-rol-ets for 1965. Recommended chassis lubrication is every 6,000 miles or six months and engine oil change each 6,000 miles or 90 days.

Following are highlights of the five members of Chev-rol-et's "family" for 1965:

**REGULAR CHEVROLET** — The top selling line is an en-tirely new automobile for 1965. It is the most luxurious car ever offered by Chevrolet.

Fifteen models in four ser-ies stress a bigger car con-cept. The new Chevrolet is longer by more than three inches (to 213.1 inches), wider by 1 1/2 inches (to 79.6 inches) and one inch lower (to a sport coupe height of 54.1 inches) than 1964 models.

Interiors offer greater room-iness — three inches more shoulder room— plus increas-ed leg room, both front and rear. Floor tunnels are sub-stantially smaller. The lugg-age compartment has a flat floor for easier loading.

The all-new styling features an entirely new look. Square front fenders sweep through the body into gracefully con-toured rear quarter panels. The grille is framed by deep-ly recessed headlights.

**CORVAIR** — Chevrolet's popular small, sports-type car makes the first major styling change since its introduction in the 1960 model year.

For 1965, Corvair is longer, and lower while offering in-creased engine power. It re-tains its 108-inch wheelbase plus the air-cooled, rear-moun-ted engine and frame integral body which make it unique among American built cars.

Corvair's model lineup for 1965 emphasizes increased sportiness. Pillar sedans and the coupe have been dropped. The seven new models are either convertibles or two-and-four-door hardtops.

A new top-of-the-line series, the Corsa—available in either convertible or sport coupe—replaces the Spyder models. The Turbocharged engine, available only in Corsa models, is increased from 150 to 180 horsepower.

**CHEVELLE** — Chevrolet's newest car was a quick favor-ite with the motorist, record-ing 300,000 sales in its first model year.

For 1965, the Chevelle line is expanded to 12 models in four series, including a new econ-omy series, the "300." The car will continue its 113-inch wheelbase. It receives a long-er, more graceful look by the addition of 2.7 inches for an over-all length of 196.6 inches (201.4 inches for station wa-gons). Width continues at 74.6 inches but some models are more than an inch lower—sport coupe height is 52.8 inches.

In styling, the 1965 Chevelle has a fresh front end design. There is a new hood, grille and bumper and fenders on all models plus a special black-ac-cented grille for the Malibu Super Sport models. The rear end features larger taillights and a new rear cove area.

There is also a new optional black vinyl roof cover for sport coupe models.

**CHEVY II**— New styling re-finements and a wider range of optional power is offered in the Chevy II, entering its fourth year of attracting the motorist who wants taste-ful

styling, economy and ease of handling.

Chevy II will be available in seven models in three series. It will continue its 110-inch wheelbase, its 182.9 inch

length (station wagons 187.6 inches) and its 69.9 inch width. The sport coupe height is 54 inches.

Fresh styling features in-clude a new grille with single

headlamp design, a distinctive new roof and rear window de-sign on sedan models, restyled side trim and an attractive full-width cove across the rear.

**CORVETTE** — America's

only sports car offers another pace setting development for 1965— disc brakes on all four wheels as standard equipment.

Two Sting Ray models— a convertible and a sport coupe

—again will be offered. The highly maneuverable 80-inch wheelbase is continued. Cor-vette's over-all length is 178.1 inches, width is 69.6 inches and sport coupe height is 69.8

inches. In styling, Corvette refines the aerodynamic design of its famed steel reinforced fiber-glass body. The long, sloping hood has been made smoother

and there are distinctive ver-tical engine air exhaust ducts mounted in the fenders behind the front wheels. Competition-type wheel covers add to the Corvette's sports flavor.

## tomorrow? the beautiful shapes for '65

'65 Chevrolet Impala Sport Sedan

### Chevrolet Impala '65

One look at it and— presto— last year's crop of cars seem like something that happened a long time ago. It's longer, lower, wider—with interior comforts that'll have many an expensive car wondering why it didn't think of them first. More shoulder room, more leg room up front. Curved side windows, rich new fabrics and an instrument panel that's a conversation piece all by itself. In fact, just about everything's new right down to the road. And even that'll seem newer because the Jet-smooth ride is smoother than ever. But if all this seems like a bit too much to remember, don't try. Just take a drive at your dealer's. It'll all become unforgettable.

'65 Chevelle Malibu Super Sport Coupe

### Chevelle Malibu '65

New style, new ride—and plenty of V8 stuff. Here's all that made Chevelle America's most popular new-sized car—plus some surprises that promise to make it come on even stronger. Like those cleaner, bolder lines. Like the silky way it skims over the choppiest roads, thanks to softer coil springs and other suspension refinements. Like V8 power that'll make you think we stole some of Corvette's stuff—which we did. All told, five engines are available from a quieter six to a V8 that comes on 300 horses strong. Some people might have expected us to stand pat after introducing a car this successful last year. One drive will show you how wrong they were.

'65 Chevy II Nova 4-Door Sedan

### Chevy II Nova '65

It may very well be the expensive-est looking thrifty car you've laid eyes on. But thrifty it is. The big difference being that Chevy II's marvelous mechanical efficiency now comes decked out in a debonair new look. And to keep in stride under the hood, there's a new range of six engines available, including a new 300-hp V8. Of course, you still get those famous Chevy II maintenance reducers—like self-adjusting brakes, long-lived exhaust system and battery-saving Delcotron generator. But if you go by all the fine new features, you could get the idea that saving you money was about the last thing we had in mind—if it weren't for that price sticker on the window.

New top-of-the-line Corvair Corsa Sport Coupe

### Corvair Corsa '65

There's never been a Corvair—or any other car—like it. The entire line now sports a totally new body by Fisher, styled with fresh, sophisticated flair that would set a European's pulse fluttering. The longer, wider design gives all Corvair closed models a thin-line hardtop roof, accented by frameless curved side windows. It also allows more shoulder and entrance room. And to go with the racier look, there's up to 180 hp available in the new Corsa series, up to 140 hp in the Monza and 500 series. Also a flatter riding independent suspension system, more responsive steering, and a wider road stance. Truth is, you've got to drive this one to believe it.

# Completely New Cadillac Offered In '65

Cadillac for 1965 represents the most extensive change in the division's 63-year history. Completely new from top to bottom, inside and out, the 1965 models will appear in dealer's showrooms on Thursday, according to Harold G. Warner, general manager of Cadillac and vice president of General Motors.

Eleven models are offered in three series for 1965. The series are Calais, new this year and replacing the Sixty-Two series designation, DeVille and Fleetwood.

A new sedan model with a thin pillar replaces the six-window body style in the Calais and DeVille series.

The new model in the Fleetwood series is the Sixty Special sedan with its own exclusive 131-inch wheelbase and an overall length of 227.5 inches, an increase of four inches which is realized largely in the rear passenger compartment.

All other models, except the Twenty-Five, retain a wheelbase of 129.5 inches. Overall length is 224 inches, up one-half inch over last year. The Fleetwood Seventy-Five sedan and limousine carry over their 1964 dimensions and exterior styling.

About the 1965 Cadillac Mr. Warner said, "From any angle, the broad front end, the

THIS 1965 CADILLAC Sedan de Ville shows the new thin pillar design that replaces the six window body style in the DeVille and Calais Series. It marks the first time since 1957 that a thin pillar has been used in a Cadillac sedan

except for the nine passenger models. Tastefully complementing the new exterior look are 150 interior upholstery options, 28 more than last year.

long and low silhouette, the strong identification from the rear or the distinctive upper structures, the 1965 says Cadillac.

The front view is massive, with Cadillac's traditional cross-hatch grille which extends between vertically mounted headlamps. The parking lamps are recessed into the new bumper.

From the side, Cadillac's length is emphasized by clean unbroken lines which are accented by three distinct planes of metal.

From the rear the 1965 bumper is big and broad; the

vertical bumper ends house the tail, stop, directional and back-up lights, giving excellent nighttime recognition.

All of Cadillac's upper structures are restyled and feature curved side windows. Both convertibles have curved tempered glass backlights.

Comfort and convenience are the key words for the interior of the 1965 Cadillac. All seat-backs in the Calais and DeVille models are higher and contoured. The front floor tunnel is substantially reduced in size in all models. And a

new concept in instrument

panel design results in additional knee and leg room for front seat passengers.

Contributing to the comfort and convenience story are three new Cadillac options for 1965.

The first is a telescoping steering wheel which allows a three-inch field of movement for maximum adaptability.

This telescoping feature is in addition to the tilt steering wheel of the past two years.

A second option is the redesigned power door locks. When a front door is locked or unlocked all other doors ad-

just accordingly, and all doors unlock when a key is used from the outside.

Yet another new feature is an automatic leveling device which maintains the car at design or normal height regardless of passenger or trunk load. It is standard on the Sixty Special sedan and Eldorado convertible.

Interior trim combinations total 150, 28 more than last year, in a choice of seven cloth materials and popular perforated leathers. Cadillac remains the largest user of leather in the auto industry. Cadillac's engineering story

for 1965 is every bit as significant as in styling. An all new chassis results in still further gains in ride handling and smoothness and quietness of operation.

This new chassis, the first since 1956, includes:

—a new perimeter type frame

—a single-piece prop shaft incorporating Cadillac's proven constant velocity joints

—new four-link type rear suspension and modified front suspension

—increased front and rear tread from 61 to 63 1/2 inches

—new engine mounting system and a new engine position six inches forward on the frame.

Other developments are a newly designed rear axle hous-

ing, a cross-flow radiator, seven-blade cooling fan, larger battery, and a unique exhaust system that provides almost 100 per cent cancellation of exhaust noise.

Cadillac's high performance 340 horsepower engine (unchanged from last year) is coupled with an improved Turbo Hydra-Matic transmission having a variable stator which gives a new suburban passing gear with performance gains in the 20 to 30 m.p.h. range.

PRESENTING *Cadillac* FOR 1965

SO NEW! SO RIGHT! SO OBVIOUSLY CADILLAC!

The 1965 Cadillac is the most dramatically new Cadillac in sixteen years; new from chassis to rooftop and new from start to stop. Its remarkable styling—elegant, majestic and impressive as never before—establishes it instantly as an all-time Cadillac great. And not only is it an inspiration to look at—it is a revelation to drive! The marvelous responsiveness of Turbo Hydra-Matic is now standard on all eleven models. A new concept of frame and suspension gives the car incredible steadiness and levelness of ride—even under the severest conditions of cornering and handling. And there is quiet—quiet beyond anything you imagined possible in a motor car! Cadillac's new and more spacious interiors are marvelously rich and luxurious—and include such personal options as an exclusive tilt and telescope steering wheel. Cadillac owner or Cadillac admirer—you owe yourself a journey at the wheel without delay.

You will know at once that this is—in every way—the new Standard of the World!

## In Merrie England

### Elizabethans Recall Past

LONDON (NEA) — The British have not changed much in the past 400 years if the organizers of the "Shakespeare's England" exhibit here are to be believed.

This exhibit, which is a hit with American visitors, is designed to stress the similarities between the two Elizabethan ages, rather than their differences.

Consider town planning, for example, Shakespeare's contemporaries were just as worried about sprawling cities, creeping suburbia and the shrinkage of green parkland as their successors today, according to the exhibit, which

A PROBLEM OLD AND NEW: London of yesteryear found itself confronted with traffic jams as taxing as those of today.

## Birmingham News Backs Goldwater

BIRMINGHAM, Ala. (UPI) — The Birmingham News has endorsed Sen. Barry Goldwater for the presidency, saying he "offers Alabama and all America a challenge."

The editorial in its Sunday edition said "the News shares Sen. Goldwater's belief that throughout the land there is a basic distrust of the present administration."

**FUEL INCREASED**

There's nothing so frustrating as to be caught on one of the new turnpikes or expressways and see the fuel gauge hit the zero mark. Only one thing to do—take the next exit and find a gasoline station. This won't happen so often in the 1965 full-size Oldsmobiles. Fuel tank capacity has been increased to 25 gallons for fewer stops.

was set up in London's Gore Hotel.

Or take traffic control. The early Elizabethans bit their nails over the congestion of London's narrow streets, just as Britons today curse their own traffic jams.

Sixteenth Century Britain was just as sports mad as it is today, only in those days taste ran to bear baiting rather than to soccer and rugby.

In the "Shakespeare's England" exhibition items are arranged so as to show that British tastes have not changed down the centuries. Thus modern comic books are shown

alongside 16th Century broadsheets, a TV dinner next to Elizabethan recipes. (The English, it is said, had no more appreciation for good food 400 years ago than they have today.)

There is nothing new even in plumbing. The exhibit includes a replica of the world's first water closet, which was made for Queen Elizabeth I from the drawings of her godson, Sir John Harrington. (Sir John's name, incidentally, explains the American use of the word "john" to describe such a convenience.)

Visitors to the exhibit find that Britons as early as 1604

were preoccupied with the problem of smoking. Thus, a diatribe from King James I dated that year, and now on display at the exhibit, describes smoking as "a custom loathsome to the eye, hateful to the nose, harmful to the brain and dangerous to the lungs."

One of the surprises of the exhibit is that Shakespeare was as big a box-office draw in his lifetime as he is today. One of the rare documents on display shows that in February 1592, Shakespeare's "Henry VI" was making more money than the plays of his rivals Greene and Marlowe put together.

In contrasting the two Elizabethan ages, the organizers of the exhibit make some tall claims for Shakespeare as a "timeless" man.

Thus, if Shakespeare were alive today, he would have great sympathy for the developing countries, the exhibitors claim.

He would also vote for "the party of peace and imagination, if there is one," in the general elections in Britain this year.

## St. Petersburg Times Backs Johnson

ST. PETERSBURG (UPI) — The St. Petersburg Times editorially endorsed Lyndon B. Johnson for re-election Sunday and said a large vote for the President would strengthen "our international position."

The newspaper, which backed the Kennedy-Johnson ticket in 1960, was critical of Republican nominee Barry Goldwater.

The editorial charged Goldwater with being "both reckless and irresponsible in his words. He makes a statement and then must clarify it or have a Republican like General Eisenhower interpret it—only to find it contradicts the stand he took previously."

Oldsmobile is introducing for 1965, a new, glamorous companion to the Dynamic 88, to be known as the Delta 88. This new Oldsmobile, along with the Dynamics 88's, Jetstar I, Starfires and 98's, is powered by Oldsmobile's recently developed 425 cubic inch Super Rocket engine teamed with the Turbo Hydra-Matic transmission for the most instantaneously responsive performance in the division's history. It was announced today by General Manager Harold N. Metzger.

"Furthermore," he said, "the completely new and roomier bodies of all our full-size Oldsmobiles, including the Jetstar 88, are dramatically restyled with curved side windows and new rooflines in all models.

"Series identification in the entire line of 1965 Oldsmobiles, from the F-85's on up to the 98's—all 32 models," Metzger added, "is more pronounced than ever. Our dealers will display them publicly on Thursday, September 24."

Speaking to newspaper, magazine, radio, and television editors from across the nation at Oldsmobile's 1965 National Press Preview in Detroit, Metzger and Chief Engineer, J. B. Beltz described the new Super Rocket as a bigger more powerful engine of lightweight cast-iron design.

"Engine displacement has been increased by 8 per cent," Beltz said, "yet engine weight has been substantially reduced. Teamed with the new Turbo Hydra-Matic transmission, the performance of the 425 cubic inch Super Rocket is sensational. With horsepower ratings from 310 to 370, the new engine will greatly enhance the outstanding reputation Oldsmobile has already earned in the performance field. Alert, effortless response to even a

slight increase in throttle opening is the most significant engineering advancement in our new cars and is immediately apparent to the driver."

He said the new transmission is equipped with a variable vane for alert performance at every driving speed and to eliminate part-throttle downshift. It retains the Hydra-Matic's dual range feature for added safety in downhill braking.

"In addition to the availability of the Turbo Hydra-Matic transmission," said Beltz, "Oldsmobile for the first time is offering in all 88's, Jetstar I and Starfire models, a floor-mounted four-speed manual transmission, fully synchronized in all gears."

He noted that other mechanical design changes include a new frame for increased rigidity and improved stability. Front and rear suspensions are newly designed for better

ride and handling. The new chassis also features wider front brakes on the Dynamic and Delta 88's, Jetstar I and Starfires for greater brake life. On the 98's, both front and rear brake widths have been increased.

"An especially important change for the benefit of our customers," Metzger said, "is the extra roominess built into all full-size Oldsmobiles for 1965. Most of the interior dimensions have been increased, with shoulder room for example, nearly four inches greater.

"And too," he continued, "the design of these new cars has permitted us to increase luggage capacity in the trunk by up to 3.9 cubic feet."

Metzger also reported that fuel tank capacity had been increased to 25 gallons to permit longer intervals between refueling stops during modern turnpike travel.

A styling and comfort inno-

vation for 1965 is a new split-back front seat with a large center arm rest—designed for those who like the sporty look of bucket seats. When the arm rest is raised, it provides the extra utility of a bench seat. The new type seat is standard on Delta 88 Holiday sedans and coupes and on the 98 Holiday Sports sedan, coupe, and convertible.

"Another striking change in interior decor," Metzger said, "is the instrument panel, with large, circular dials and indicators located for easier-than-ever visibility. And too—the instrument panel finish varies with the series—brushed aluminum in the 88's, black moiré in the Starfires, walnut grain in the 98's."

In describing exterior styling features of the new Oldsmobiles, Metzger pointed out the distinctive rooflines and other styling characteristics which

differ between series and body styles.

"The Starfire styling is particularly distinctive. This full-size sports car has its own roof, rear quarter, front and rear end design and specific grille. Side moldings give the appearance of external exhaust pipes which end in functional side exhaust outlets just ahead of the rear bumper.

"Oldsmobile's 98 models for 1965," Metzger said, "are more elegantly luxurious than ever—the most distinctive cars in Oldsmobile's history. The 98's have their own roof, rear quarters, bumpers, grille, and side styling motifs. The 98 Holiday Sports coupe, with its own specific roof, features for the first time a V-shaped rear window."

"The 98 Holiday sedan," he added, "has its own roof, different from that of the optional vinyl covered 98 Luxury sedan."

THE NEW CHEVROLET for 1965 is being offered this year by Holler Motor Sales in Sanford. Holler, which set the pace in car sales for

much of the Southeast this past year with Charlie Smith, above, the sales manager, has sights set for a repeat this approaching year.

Introducing the Rocket Action Cars!

## OLDSMOBILE FOR 1965

All-new from every view... Great new Olds Dynamic 88!

Notice its longer, lower, wider proportions and improved new lines. Inside, new luxuries and comforts everywhere you look. Even rides new, thanks to smoother-than-ever, four-coil-spring suspension. And just wait till you action-test the 425-cubic-inch, 310-h.p. Super Rocket V-8! Pick from all the Dynamic 88s, including three new top-of-the-series deluxe Delta 88 models.

Plus a whole new Olds Rocket Action lineup!

There's plenty to get excited about in Olds for '65! The Ninety-Eight series is more elegant than ever. The Starfire and Jetstar I boast a fiery new 370-h.p. Starfire V-8 that makes going Olds an even sportier proposition! Jetstar 88, Vista-Cruiser, F-85—whatever you liked about them before you'll like even better now. # Buick Trend Continues Toward Sportier Designing

FLINT, Mich.—The influence of Riviera styling, featuring more sloping roof lines, longer, lower hoods, shortened rear decks and higher rear fenders, dominated the theme of the new line of 1966 Buicks unveiled here today.

The new models will be introduced to the public in dealer showrooms on Thursday.

Buick's trend towards sportiness in design, as exemplified in the Riviera, is more evident in two-door models in the Wildcat and LeSabre series, with their long, sloping roof lines. However, the classic Riviera styling is very evident throughout the entire 1966 line.

The Wildcat, with a three-inch longer wheelbase, is less than an inch longer overall than its last year's counterpart. Yet it looks much longer due to its lengthened hood and front fenders, lowered roof lines and repositioned front wheels.

Edward D. Rollert, Buick's general manager and vice president of General Motors, said the new Buicks represented "a year of forward movement for us in design, notably in our Electra, Wildcat and LeSabre series, and a year of engineering refinement in our Special, Skylark and Riviera models."

Rollert pointed out that the new styling lines were influenced by Riviera because of the outstanding success of this sports car introduced by Buick in 1953.

All regular-sized models—Electra 225, Wildcat and LeSabre—have all-new, wider bodies with curved side glass. By repositioning the rear wheels in these models, several inches of additional pas-

BUICK WILDCAT is shown on display at Bill Hemphill Motors. The Buicks for 1966 are trending toward the more sportier design and facilities. Here Harold Whittern stands beside the Wildcat which was introduced in the Sanford area today. (Herald Photo)

Each series has its own grille, bumpers and other identification to give it its own individuality.

All models have frameless glass. Power operated radio antennas are located on the rear fenders of the LeSabre, Wildcat and Electra models.

Buick will market 30 models in its 1966 line, including six in the Special and Special Deluxe series; four in the Skylark; seven different LeSabres; ten Wildcats; seven Electras and the one Riviera model.

In addition, there will be two six-passenger and two nine-passenger versions of the new sportwagon, featuring the panoramic sky roof.

LIFE ON THE MISSISSIPPI with this large raft of logs, guided by a small outboard motorboat, is shown on a stretch between Nine Mile Island between Dubuque, Iowa and Savanna, Ill. It is the first such raft delivery on the river since 1915.

## Sydney Turns It On For USS Enterprise

SYDNEY, Australia—Sydney turned out in force on Sept. 4 to give America's mightiest warship, USS Enterprise, its most spectacular welcome ever.

As the huge nuclear-powered aircraft carrier neared its way through the harbor entrance hundreds of small craft converged from all directions.

More than 60,000 people crammed vantage points, while hundreds of thousands more watched from their shore-hugging homes.

It was a fantastic welcome for a fantastic ship. Said one US Navy veteran on board: "The only time I saw anything like this before was when we entered Tokyo Bay at the end of the war."

Sydney had waited for months for the Enterprise, the largest ship to visit Australia. The 85,300-ton 1125-foot carrier was taking three days out of its round-the-world cruise to demonstrate its incredible striking power to Australian defense experts and politicians.

Sydney Harbour was the only anchorage in mainland Australia deep enough to accommodate the Enterprise, but its nuclear-powered escort ships, the cruiser Long Beach and the frigate Bainbridge, paid courtesy calls at the ports of Melbourne and Fremantle. They joined Enterprise for the New South Wales coast to take up station for the next leg of the journey to New Zealand.

Enterprise's huge propellers began churning up the bottom almost as soon as she entered Sydney Harbour.

Every available police launch was on hand to ward off the small craft which at times moved dangerously close in their enthusiasm to welcome the carrier.

Yachts, power boats and even a surf boat jockeyed for position, and passing ferries listed alarmingly as crowds swarmed to one side to get a better view of the mighty ship.

But a lone surboarder probably had the best look of all. He paddled some four miles into the open sea and managed to approach within 100 feet of the carrier before police in escort craft spotted him. He was curtly given his paddling orders and disconsolately headed back for shore.

Her flight deck bristling with strike aircraft, Enterprise finally dropped anchor in the inner harbour. There was no wharf big enough to take her.

Her anchor hit bottom at the same place where the giant British liners Queen Mary and Queen Elizabeth (each around 80,000 tons) had stopped during their wartime visits.

Among the first on board were members of the Legacy Foundation, the organization set up to care for the widows and orphans of Australian servicemen killed in war.

The Enterprise crew had responded magnificently to an appeal for funds and the Commander of Carrier Division Two, Rear Admiral Bernard M. Streen, handed over a check for 1000 dollars to the Foundation.

The Foundation in turn presented a Legacy plaque commemorating the ship's visit to Sydney.

Addressing a Press Conference aboard Rear Admiral Streen explained that the purpose of Enterprise's round-the-world cruise was to test, evaluate and demonstrate the capabilities of a nuclear striking force.

He said the three ships constituting Task Force One were making the cruise without any replenishment of ammunition or supplies.

When they left Gibraltar in July they took on enough supplies for four months, and Rear Admiral Streen estimated they would have enough left for a further full week's cruising when they reached the end of their journey at Norfolk, Virginia, on October 4.

He was high in his praise for the Australian frigate HMAS Derwent, which took up escort duty during a demonstration of firepower by the carrier off Sydney.

"She knew just what we wanted and performed real well," he said.

Rear Admiral Streen said he was convinced that nuclear power had tremendous advantages which smaller ships would have eventually.

The Commanding Officer of the Enterprise, Captain Frederick H. Michaelis, USN, said he had never been on a ship which received such an overwhelming welcome.

"There were so many small craft, but they were so orderly they never hampered the operation of the ship in any way," he said.

Captain Michaelis said the United States had made great strides in nuclear power research and were cutting down costs considerably.

He said one of the many advantages was the absence of smoke on board making landing aircraft easier and safer.

Once in the open sea she launched 24 planes from her Carrier Air Wing Six for a formation flight over Sydney and Canberra, the national capital.

A smaller formation of nine aircraft streaked over Sydney in a special "L" formation in honour of "Legacy Week."

The larger formation consisted of Vigilante, Phantom, Skyhawk and Crusader aircraft.

The commander of Carrier Air Wing Six, Commander Thomas L. Nielson, has planned 10 firepower demonstrations and flyovers of capital cities along the round-the-world route.

"We get better each time," he said. "This show we put on for Sydney has been our best so far. The boys really outdid themselves for the Australians."

enger room has been gained both front and rear.

There are many 1966 innovations in the Buick line, such as the disappearing headlamps used in the Riviera. When not in operation, the headlamps disappear behind the fender grilles.

The Skylark and Electra series introduce "wall to wall" taillamps—a wide horizontal strip running the width of the car.

LeSabre, Wildcat and Electra convertibles have a rear window of solid plate safety glass to maintain clear vision. The top may be lowered with the glass in place.

A new "notch back" seat, combining the appearance of bucket seats with the utility of bench seats, is available in Wildcat and Electra models.

Instrument panels and interior features are new on all series.

## Speaking Out Makes Courtship Unrocky

NEW YORK (UPI)—Females who don't want to be spinsters ought to play it cool—and plan to marry the boy.

This advice comes from a firm that makes a business of knowing something about courtship and marriage, for the product the outfit makes keeps it involved in the warp and woof of romantic life.

The manufacturer of cedar chests, the Lane Co., figures the sweetheart chests are an intricate part of the romance theme.

An opinion research survey revealed that four out of five girls who received chests were married within a year, and 50 per cent of the girls received their hope chests from beaux.

Now, the company comes up with information that can help young people in love keep cool heads.

According to the firm's consultant in matters romantic, there are four techniques which seem to aid couples in improving emotional communication.

The advice:

—The technique of asking. You can never assume you know what your beau means by a phrase, gesture or voice-tone. Yet most of us do assume this very thing. Ask your fiancee what he means or feels. Then repeat to him you understand by the explanation. Only if he says "yes, that's right" can you feel that you're both on the right track toward emotional understanding.

—Never generalize about your fiancee or beau's feelings. It is vital for couples to learn that feelings, often irrational or non-rational, rather than logic motivate actions.

—Never assume there is a right or wrong about anything. Remember that almost always there is no right or wrong side but there are different sides. The difference can be reduced or removed—but not until absolute rights and wrongs are put out of one's mind.

—Adopt the principle of basic respect for personalities—of each other. For communications to prosper, relations between boy and girl must be based on self-respect and respect for the other.

NEW PANELS

There are several things about the new instrument panel in the 1966 Oldsmobile 88's, 98's and Starfires which will appeal to men and women alike. First—larger, easier-to-read circular gauges are grouped center front of the driver. No searching for this gauge or that one. One glance will answer whatever the question on the driver's mind. And, of styling interest—panels in the 88's will be finished in brushed aluminum, the Starfires in black leather, and the 98's in walnut grain.

We changed the Buick a lot this year. And you may never be the same again yourself.

We doubt you'll want to be the same. Not once you set eyes on our new Buicks. On the Buick Special and the Skylark. The LeSabre, Electra 225, Riviera. And on the sleek, modified fastback of the wild, wilder, Wildcat in the picture. True, there's a new high-style touch. But that's hardly all. Engineering still has the emphasis. It's a Buick tradition. So are the extras Buick spends a little extra on. Like finned brake drums that do a little better. And smoother drivelines. A tuned suspension to smooth ribcage roads. Now add Buick's Super Turbine transmissions—and you have an idea of what Buick owners have always liked about Buick. We think you'll feel the same.

Wouldn't you really rather have a Buick

SEE YOUR LOCAL AUTHORIZED BUICK DEALER. AUTHORIZED BUICK DEALER IN THIS AREA:

**BILL HEMPHILL MOTORS, INC. 301 W. First Street**

hate to demonstrate the capabilities of a nuclear striking force.

He said the three ships constituting Task Force One were making the cruise without any replenishment of ammunition or supplies.

When they left Gibraltar in July they took on enough supplies for four months, and Rear Admiral Streen estimated they would have enough left for a further full week's cruising when they reached the end of their journey at Norfolk, Virginia, on October 4.

He was high in his praise for the Australian frigate HMAS Derwent, which took up escort duty during a demonstration of firepower by the carrier off Sydney.

"She knew just what we wanted and performed real well," he said.

Rear Admiral Streen said he was convinced that nuclear power had tremendous advantages which smaller ships would have eventually.

The Commanding Officer of the Enterprise, Captain Frederick H. Michaelis, USN, said he had never been on a ship which received such an overwhelming welcome.

"There were so many small craft, but they were so orderly they never hampered the operation of the ship in any way," he said.

Captain Michaelis said the United States had made great strides in nuclear power research and were cutting down costs considerably.

He said one of the many advantages was the absence of smoke on board making landing aircraft easier and safer.

"We get better each time," he said. "This show we put on for Sydney has been our best so far. The boys really outdid themselves for the Australians."

"BENCH SEAT

Sure, most people like bucket seats! But when the car's full of kids or adults, the bench-type seat gives a lot more room. So—Oldsmobile has come up with a combination seat that'll suit all kinds of people. It's a bench type seat, with a large center armrest section. When it's up, there's plenty of room for the driver and two passengers. When the armrest is folded down, the seat takes on a bucket seat appearance and provides armchair comfort for the driver and the front seat passenger. The seat is standard in Holiday sedans and coupes in the Delta 88 and 98 series. It is also standard on the 98 convertible.

Phone Now For Your Supply Of

By ordering your Philheat early you save the time, trouble and worry of a last minute rush when waiting means discomfort. Take just a few minutes now to prepare for a comfortably warm home this winter. Philheat—the high quality Phillips 66 home heating oil—in clean burning... gives you uniform heat. And it's economical, too! If you wish, we'll systematically fill your storage throughout the winter season. Give us a ring now and let us deliver your Philheat early.

# Pontiac Gives New Concept In Automotive Design

Pontiac Motor Division offers a completely new concept in automotive design and styling with the introduction of their 1965 models.

The Catalina, Star Chief and Bonneville models all present an appealing silhouette as they are longer, lower and wider on the exterior and contain more room and luxurious furnishings in the interior.

The combination of styling excellence and outstanding performance, which has vaulted Pontiac into one of the front runners in automobile sales, prevails again in 1965.

The Catalina models, the Grand Prix sports coupe and all station wagons have a 121-inch wheelbase while the Star Chief and Bonneville models measure 124 inches (except the Bonneville Safari).

The overall length of the Catalina and Grand Prix has been increased to 214.8 inches and the Star Chief and Bonneville models are 221.7 inches long. All Safari models measure 217.9 inches.

Pontiac's high selling Catalina series is available in seven models—two and four-door sedans, two and four-door hardtops, six and nine-passenger station wagons and a convertible.

The Star Chief series offers a four-door hardtop and a four-door sedan.

Bonneville buyers may choose between a sports coupe, a four-door hardtop, a six-passenger station wagon and a convertible.

Pontiac's award-winning sports coupe, the Grand Prix, will again be entered in the luxury car field.

In announcing the new models, E. M. Estes, a General Motors vice president and general manager of Pontiac said, "every 1965 model is a newly-inspired Pontiac creation containing performance, styling and luxury features never before offered in the middle price range."

The 1965 Pontiacs go on sale in dealer showrooms Thursday.

All the body styles for 1965 are completely new. They all have the obvious appearance advantages of curved glass which allows the upper structure to better integrate with the lower as part of the overall car design. This is particularly evident on the sports coupe with its fast-flowing roof line. Curved glass also makes possible a more efficient use of space.

A Pontiac exclusive for 1965 is the articulated windshield wiper which gives a greater sweep area than ever before. This system is designed to wipe at much higher speeds than any other system. The articulated wiper is standard on all Pontiac models except the Catalina which offers it as an option. The articulated wiper has greater tension of the blade to the glass and gives better wiping in the critical corner areas of the windshield.

Pontiac windshields are larger and have less curvature for improved vision and more effective coverage by the new windshield wipers.

Custom detailing in many areas has been introduced on the new models. Wheel opening moldings, stainless steel body guard side moldings and sparkling new chrome die cast front and rear end treatments are all featured in 1965. Large wrap-around bumpers are scaled to longer and more dominant front and sheet metal.

Several important improvements have been made in the Pontiac convertibles which mean better performance, more comfort and increased safety. All convertibles have a new tempered glass rear window to provide the ultimate in visibility and durability. This window does away entirely with deformation and scratching. Also, the window does not need to be lowered and may be lowered readily with the top.

## MORE ROOM

Greater roominess has been designed into the completely new full-size Oldsmobiles for 1965. Most important interior dimensions have been increased. Shoulder room, for example, is nearly 4 inches greater. At the same time, luggage capacity has been increased by as much as four cubic feet.

The Standard Herald

Sept. 23, 1964—Page 5-A

THIS PONTIAC BONNEVILLE is on display at Bill Hemphill Motors and presents a number of new ideas for the particular motorist. Hemphill is seen beside the car as it was parked near his W. First Street establishment.

## Crisis In Roman Catholic Education

# Parochial Students Flood Public Schools

By Robert Cochran  
Newspaper Enterprise Assn.  
CINCINNATI, Ohio (NEA)

—First grade classes in a 19-county area of southern Ohio experienced their own population explosion when schools opened this year. They received a deluge of 10,000 extra children.

At least 100 new teachers had to be found in a hurry. Unused rooms were spruced up and temporary classrooms were installed in basements, gymnasiums and nearby church halls. And taxpayers will be paying an extra \$4.8 million this year.

These children would have gone to Roman Catholic parochial schools. But last spring, the archdiocese of Cincinnati regrettably announced it couldn't afford to continue its first grade, so it was eliminated.

Thus the archdiocese, among the first to establish a parochial school system, became the first in the nation to abolish part of it on an archdiocese-wide basis. But, other communities across the nation, Catholic and non-Catholic, are being confronted with similar problems.

Catholic school classes have been dropped in Rochester, Kansas City, Spokane, St. Louis, Richmond, Va., Green Bay Wis., Fargo, N. D., Saginaw, Mich., Marion, Ohio, and in the northern Virginia suburbs of Washington, D. C.

The effects of the population explosion are not, of course, limited to parochial schools. Public schools are having their problems, too. But Catholic schools are supported in the main by free-will offerings instead of public tax money.

Thus, while Catholic schools have the same classroom and teaching-shortage problems, they have no assured method of obtaining funds to cope with the problems.

There are more than 13,000 Catholic grammar and high schools in the nation, enrolling about 15 per cent of the U. S. school-age population. If funds were available, the percentage would soar, for in 1962, nearly 200,000 applicants to parochial schools had to be turned away.

It now appears that the Roman Catholic Church in America may have no other choice but to modify its goal of assuring every Catholic child a through-the-grades Catholic education.

The Cincinnati situation provides an example. The Rt. Rev. Msgr. Carl Ryan, the archdiocese's superintendent of schools, says simply that it's hard to find teachers willing to work for salaries which are about \$1,600 less than what public schools pay.

"In 1950," Msgr. Ryan reports, "there were 961 sisters and 129 lay teachers in the archdiocese. In 1963, there were 1,028 sisters and 867 lay teachers. In other words, during this period the increase of sisters was 65, that of lay teachers 738."

By dropping the first grade, Msgr. Ryan hopes to increase

lay teachers' salaries as well as sisters' salaries, which average less than \$1,500 annually.

Cincinnati's Archbishop Karl Alter says that three-fourths of all Catholic children in the archdiocese already attend kindergarten in public schools, and "adding one more year to their presence in the public schools will not interfere too seriously with their religious training."

This summer, Cincinnati's Catholic first-graders attended daily classes in religion. And during the school year, first grade pupils will have once-a-week religious classes. "With this basic training," Msgr. Ryan says, "the children will be prepared to receive their first Holy Communion during the second grade, as is now the custom."

More than a few Catholics, both lay and religious, have questioned whether parochial schools now—or ever—can provide all Catholic children with a solid education in their faith.

Mrs. Mary Perkins Ryan, author of "Are Parochial Schools the Answer?" argues

## NEW ENGINE

Most people, not technically-minded, are satisfied with the fact that their car is equipped with an engine and a transmission that will perform—smoothly and quietly. Oldsmobile's 1965 combination of the new 425 cubic inch Super Rocket engine and the Turbo Hydra-Matic transmission gives an exhibition of smooth, quiet, and exhilarating teamwork that's almost unbelievable.

## Fire Auxiliary Raising Funds

By Mrs. Frank White  
The DeBary Volunteer Fire Department Auxiliary is currently sponsoring several fund raising projects. Orders are being taken for Duncan Iffines Fruit Cakes in various sizes and they may be placed with Mrs. William Ogden of 102 Estrella Rd.

Mrs. Charles Ulrich will sell Christmas cards, showing her samples at the next Auxiliary meeting. Orders for magazine subscriptions may also be placed through the organization.

## VANITY OFFERED

Oldsmobile's 98 Luxury sedan is equipped with some mighty pleasing items for the ladies of the family. Built into the back of the front seat is a very attractive vanity compartment which includes a mirror, vanity lights and tissue dispenser.

## On Sandiest Beach Who Needs Ocean?

SANTA FE, N. M. (UPI)—The biggest, sandiest beach in North America attracts thousands of sightseers daily, but it's 1,000 miles from the nearest ocean.

White Sands National Monument in southern New Mexico is one of the state's leading tourist attractions—second only to Carlsbad Caverns. Covering hundreds of square miles, the brilliant white dunes of gypsum have a magnetic pull for people in the land-locked Southwest.

The sands, burning bright under the New Mexico sun, pick up the hues of a Western sunset late in the day and reflect the colors of the desert during twilight hours. Soft, delicate pastels and even fiery reds—a sight that causes scores of fast-paced motorists to pause and gaze—are the evening and early morning colors of the reflecting sands.

U. S. 70 passes the edge of the White Sands, and tourists take a winding eight-mile drive in and out of the dunes. On the edges are yucca and soap weeds in scattered clumps, but in the center of the dunes are miles of nothing but sand. All signs of life disappear, and the visitor seems adrift in a brilliant white sea.

Snowplows are used by the monument rangers to keep the roads through the sand dunes open. Geologists estimate the White Sands were started millions of years ago as the result of the settling

## The Latest: Instant Breakfast

LOS ANGELES (UPI)—You had to figure that if science could develop instant soft drinks, anything was possible in the kitchen. Apparently it is. Now one company says it has solved the problem of those who skip breakfast to be at work on time.

The solution? Instant breakfast.

The product, by Carnation, supplies 25 per cent of the minimum daily requirement of proteins, minerals and vitamins. All the "cook" does is pour a glass of milk and stir in the powder. It dissolves instantly.

The instant breakfast comes in three flavors—chocolate, coffee and plain.

# Born Mixer.

(that's our Grapefruit)

Today is '65 Pontiac Day.

# 1965: The year of the Quick Wide-Tracks

What do we mean by "quick"? Just this: A new-all-over Pontiac Pontiac offering a new Turbo Hydra-Matic—the slickest, swiftest-shifting automatic transmission you ever touched a toe to; eager new Trophy V-8 power; new steering agility; a surer-footed Wide-Track ride. And a new Pontiac Tempest that's become even more of a Pontiac with new style, new length and Pontiac-quick reflexes to match. You never know cars could be so beautiful, and so keenly alert to your touch. This is your year to drive a Wide-Track—quick!

'65 Pontiac Pontiac How does the success car outdo itself for 1965? Beautifully, just beautifully. But this Pontiac has no intention of getting by on looks alone, though it could. So there's new quickness, Pontiac style. A new nimbleness. New fuel savings. A smooth, easy new ride. Drive a '65 Pontiac and see how one success leads to another.

'65 Pontiac Tempest Tempest's even more of a Pontiac now, and what more could a car be than that? The '65 Tempest looks like a Pontiac, as you can see. Rides like a Pontiac on Wide-Track. Goes like a Pontiac, too: a 140-hp six is standard. Or you can get a quick V-8, up to 285 hp. You'll wonder how we can keep the price so low on so much car.

SEE THE NEW BONNEVILLE, STAR CHIEF, GRAND PRIX, CATALINA, LE MANS AND TEMPEST AT YOUR AUTHORIZED PONTIAC DEALER.

### Busy Summer Comes To End

By Evelyn Lundy  
 Martha Olliff, 17, daughter of Lt. Col. and Mrs. Charles Olliff, Ft. Bragg, in Fayetteville, N. C. and granddaughter of Mrs. E. M. Olliff of Oviedo spent a most interesting and rewarding summer.

Martha spent six weeks at St. Ann's Cape Breton, Nova Scotia, at the Gaelic College of Celtic Folk Arts and Highland Home Crafts. During these delightful six weeks, Martha studied dancing, piping, and the Gaelic language.

Extensive work was crowded into each day, classes were held each day from nine to twelve and from two to four-thirty and also from seven-thirty until eight-thirty in the evening. The students were taught by the world's championship Highland dancer, James L. McKenna.

Of all the arts and crafts, language, and other subjects, Martha found the dancing to be the most interesting. She learned many dances some of which had the colorful names as Barra Tribhann, Flora McDonald's Fancy, Sheppard's Crook, Irish Jig, and of course the Highland Fling, and also the Sword Dance and Horspipe.

There were more than seventy students enrolled at the school, and one of the most enjoyable days was spent on a twelve mile excursion to Beudoek and Berin Bhragh which means beautiful mountain. Indeed, the spruce covered hills of this Canadian island are among the most beautiful mountains in the world.

Martha is making plans to return to this most interesting school in the future.

### McRoberts In Language Lab

Lynn McRoberts from Sanford is among the 140 students utilizing the newly acquired foreign language lab at Howey Academy.

One of the finest of its kind in the state, the lab consists of 12 sound-proof booths, each containing equipment that will play the actual voice of a native speaking in the foreign tongue, and then record the voice of the student who tries to imitate the native speaker. A turn of a button, and the student hears his attempt played back on a special magnetic disc.

Dr. C. A. Vaughn Jr., Academy Headmaster, acquired the language lab from Stetson University last spring, "to enrich the foreign language program at Howey Academy."

### Dunn Begins Navy Training

Charles D. Dunn, 18, son of Mr. and Mrs. Donald A. Dunn Sr. of Rest Haven Drive, Lake Harney, Geneva, has begun basic training at the Naval Training Center, Great Lakes, Ill.

The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

### WW Club Will Meet Thursday

By Maryann Miles  
 The South Seminole Welcomes Wagon Club will meet Thursday at 11:30 a. m. at the House of Beef in Maitland.

Members are asked to bring articles for the White Elephant Sale. The proceeds will go toward the club's charity project and Mrs. Claire Sabatini will be the auctioneer.

### Registration Figures Cited

ST. AUGUSTINE, (UPI) — Negroes registering to vote since May have outnumbered whites 5 to 1, supervisor of registration Mrs. T. F. Ellsey said today.

Mrs. Ellsey said about 500 Negroes have registered since May primaries, when registered whites outnumbered Negroes 10,919 to 2,339.

"This is the heaviest registration of Negroes in so short a period of time during my 30 years as supervisor of registration, she said.

# Pinecrest Shopping Center Formal Grand Opening Thursday

## 5 Stores Join In Complex

Formal grand opening of the Pinecrest Shopping Center will be held Thursday.

Five stores now are operating in Sanford's newest shopping center, owned and constructed by the Bellemead Development Corporation, of Daytona Beach.

The formal grand opening centers about the newest store, Liggett-Rexall Pinecrest Drugstore, owned and operated by Gordon Kellett, formerly of Chattanooga.

Others already operating in the newest shopping center are Sears Roebuck and Company's catalog store, A&P supermarket, Toy Corral and Rex Liquor Store.

Bellemead officials have announced that other units will be added to the present five-store complex as the area expands.

Ample parking space is provided at the shopping center for several hundred cars at one time.

Pinecrest Shopping Center is located on French Avenue at 27th Street.

### Breaks Tradition

When Antony Armstrong-Jones was married to Princess Margaret Rose of Great Britain, he became the first man of non-noble birth to marry into the British royal family since the reign of Edward IV in the 15th century.

### SALT LAKE DENIZENS

Even though Great Salt Lake, in Utah, is approximately 25 per cent salt, a very small brine shrimp lives in the water; also two species of brine flies.

### LIGGETT - REXALL

Drugs is the newest store of the five-store complex at Pinecrest Shopping Center, having its formal opening Thursday at French Avenue and 27th Street. Joining with Liggett - Rexall are these already - opened stores, Sears, A & P, Toy Corral and Rex Liquors.

GORDON KELLETT  
... Owner

CLAIRE MCFARLIN

LOUISE HORINE  
... Fountain Mgr.

HERMAN KOLEFF  
... Drug Clerk

## 'Friendly Service' Is Offered By Liggett-Rexall Drug Store

"Friendly service" is the motto adopted by the new Liggett - Rexall Pinecrest Drugstore, says the owner-pharmacist Gordon Kellett. "It's worth your while to drive a mile," he says further, "to the store of friendly service."

Hurricane Dora and her long-range havoc prevented the scheduled opening of the new Liggett - Rexall Pinecrest Drugstore last week, causing delay in shipment of supplies, but they are all ready to go now with the grand opening of the shopping center Thursday.

Kellett, owner and pharmacist for the new drugstore, will be assisted by his wife, Betty, being in charge of book-keeping.

Herman Koleff, who has been a familiar face in Sanford for many years, also is associated with the new store as drug clerk.

The gleaming new lunch counters, in the restaurant department, are managed by Mrs. Louise Horine. The dining area seats 40 persons in booths and at counter stools.

Mrs. Claire McFarlin is in charge of the extensive cosmetic department. In addition to the aforementioned departments, there also are a baby department, small appliances, a gift department and film developing service.

Pick-ups and deliveries from the pharmacy are free. Store hours are from 8:30 a.m. to 9:30 p.m. Mondays through Saturdays, and 2:30 to 9:30 p.m. on Sundays. Kellett also offers after-hours prescription service; his home telephone number is listed in the directory.

Kellett is a native of Chattanooga, Tenn., where he was associated with the pharmaceutical business for 18 years. He was graduated from Howard College, in Birmingham, Ala. He is a member of the National Association of Retail Druggists and has passed the pharmacy boards of Florida, Alabama and Tennessee.

FULL LINE of name-brand drugs is offered in the prescription department (above) of the new Liggett-Rexall Pinecrest Drugstore. Lower photo looks across the new store toward the fountain.

# SEARS

SEARS Catalog Store will join in the formal opening Thursday of the Pinecrest Shopping Center, according to Manager David Grimm.

Center, according to Manager David Grimm.

## Sanford A&P Store Largest In Florida

The Sanford A&P Supermarket in the Pinecrest Shopping Center is the largest in Central Florida.

Although the store is taking part in the grand opening of the entire center, it actually has been in business at this location for nearly a year.

### Reds Wound 2 American GIs

SAIGON, Viet Nam (UPI)—Two Americans were wounded by anti-aircraft fire during the weekend in the stepped-up offensive by the Communist Viet Cong guerrillas. Neither man was seriously hurt.

The huge store features all the latest equipment in the supermarket business, plus the finest in service.

Twenty-two persons are employed to serve customers quickly and efficiently. Manager of the Pinecrest A&P is Glenn Housknecht, who has been with the local store here since its opening, but was with the A&P in Orlando for 10 years.

Baigon itself was calm today. Its citizens ignored the latest crisis between the United States and Communist North Viet Nam in the Gulf of Tonkin.

Ed Korgan, meat market manager, has long service with the A&P chain, having been associated in the business for 28 years, the past seven in Sanford.

A FULL HOME furnishing department is displayed at Sears Catalog Store, including stereos, hi-fi, radios, television sets, etc.

A RETIRED Navy couple, Mr. and Mrs. Bill Hackett, operate the Toy Corral at Pinecrest Shopping Center, offering toys for the tots and

hobby items for the adults. They moved into the Center last October

MR. AND MRS. ROBERT d'Aversa own and operate the Rex Liquor Store at Pinecrest Shopping Center as "an attractive store with attrac-

tive prices." They offer a varied and complete line of beverages.

## Horoscope Forecast

Thursday, September 24, 1964  
**GENERAL TENDENCIES:**  
Now you have a wonderful day and evening to bring these new ideas and enthusiasms that have been yours the past two days to a real working success, so do nothing that will take you away from your most important duties. Be very down-to-earth in rightly placing every single item.

**ARIES** (March 21 to April 19)—Taking inventory of your possessions, bank balances, how far you have progressed toward your aims all seem fine today. Get a working budget devised. See that it suits your particular needs.

**TAURUS** (April 20 to May 20)—If you tell your friends what your dearest ambitions are, they will gladly help you to attain them. Be sure you don't gamble unwisely on something you know nothing about. Retain security—be joyful.

**GEMINI** (May 21 to June 21)—Now you are able to confer with experts secretly who are usually uncommunicative. Get the approbation of fine friends by flattering them a bit. Be honest in your kindness, not all butter.

**MOON CHILDREN** (June 22 to July 21)—One who is pretty much a gourmet invites you out today and you should accept so that a true meeting of minds occurs. Sociability gives you an opportunity to meet big personalities. Be enthusiastic.

**LEO** (July 22 to August 21)—It's all right to strut a bit now, since you have an enviable position and others will be inspired, impressed. Advance more through civic works and better credit. Become a powerful Leo.

**VIRGO** (August 22 to September 22)—Far-off places and persons are best outlets to concentrate upon if you want to expand in any particular phase of your endeavor. New friend can give fine ideas. Show gratitude.

**LIBRA** (September 23 to October 22)—Coming right to the point with closest tie will get you co-operation faster than working devious angles. Affection that is true will be appreciated much more. Be adroit.

**SCORPIO** (October 23 to November 21)—You have only to ask what partners require of you so that you can support them properly. Reach true accord during the day. Then off for a celebration together. Have fun.

**SAGITTARIUS** (November 22 to December 21)—Listen carefully to one who is an expert, if you want more efficiency in own job. Remain steadfast to present setup. Don't look for greener pastures that are only mirages.

**CAPRICORN** (December 22 to January 20)—Others are more than happy to go along with you where favorite hobbies are concerned. Improve appearance in expert hands. Then off to a fine time. GROW.

**AQUARIUS** (January 21 to February 19)—Forgoing problems and achieving greater harmony at home is best way to proceed today. Show that you are a big person. Close your eyes to whatever is not just as you wish it to be.

**PISCES** (February 20 to March 20)—This can be a particularly fine day and night if you are careful with plans for the future. Know that everything has its rightful place. Others cooperate quickly.

**IF YOUR CHILD IS BORN TODAY** he or she will be one of those persons whose motives are good but there is a habit of putting things off until another time, so it behooves you as parents early to teach to be punctual and fast so as not to lose out in the race of life. Help also to reach decisions quickly. Then success is possible in this interesting chart.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!  
Carroll Righter's Individual Forecast for your sign for October is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast, The Sanford Herald, Box 1921, Hollywood 28, California.

**Greatest Smoke Screen**  
Greatest smoke screen ever produced in warfare probably was the 60-mile smoke cover along the Rhine that screened reorganization of the 21st U.S. Army group and its subsequent crossing of the river in March of 1946.

DEAR ABBY: I am 15 and so is my boyfriend. I promised my mother that I wouldn't let him in the house unless she was home. Well, last Saturday she was gone for a little while and my boyfriend came over with a record he had just bought and wanted me to hear. I didn't see anything wrong with letting him in the house just to play the record a couple of times, so I did. He knew I wasn't supposed to let him in the house unless my mother was home, but he only wanted to come in long enough for me to hear the record. The record player belongs to me (it's a portable) and it is in my bedroom. Well, my mom came home and I guess it must have looked pretty bad because the wind had blown the door shut and we were both sitting on the bed. My mother exploded like a keg of dynamite, and she kicked my boyfriend out of the house and told him never to show his face around there again. Now she says I can't see him any more and all the trust she had in me has gone down the drain. Abby, is this fair? We didn't do anything wrong. How can I get her to trust me again? NOT TRUSTED DEAR NOT: You broke your word and your mother was justified in resenting it. I think she might better have disciplined you privately and admonished the boy with more dignity and less

"dynamite." Adults often lose face with childish outbursts of temper. You can get right again with your mother by being cooperative. Your chances for getting another chance are better than 50-50 if you behave 100 per cent. DEAR ABBY: I met a gorgeous girl. She asked me where I was from and I told her I was born and raised in Kalamazoo. She said she had never HEARD of Kalamazoo, but she HAD visited the BRONX ZOO in New York. I wanted to ask for a date but, oh brother - now I'm not so sure. What would you advise? HARRY WOLF DEAR HARRY: Ask her for a date but don't let her make a monkey out of you. DEAR ABBY: I can't understand what is the matter with my son's fiancée. She is either the laziest girl on earth or the most stupid. She is 23 years old and should know better. She has been a dinner guest in our home dozens of times and she never once has offered to help me with a thing. She'll see me setting the table, but she'll sit and read the newspaper. She never asks if she can help me serve, when she knows I have 12 to serve and no one to do the dishes afterwards, she pretends she doesn't know there's work to do. The last time this happened, I called out in her direction, "I sure could use some help with these dishes!" She shouted back, "I'll be with you as soon as this TV show is over." But she sat and watched one TV program after another until all the work was done. What kind of a future do you predict my son will have with a girl like her? WORRIED DEAR WORRIED: A busy one. He'll have to do his work and hers, too. CONFIDENTIAL TO "LONELY IN TYLER, TEXAS:" If you are willing to "buy" a man and can afford it, that's YOUR business. But a man who's for sale rarely stays "bought" for long.

Jacoby On Bridge

By Oswald Jacoby

When you base your business double of a freely bid game contract on the sound of the bidding you had better make sure that your hearing is working perfectly. South's two no-trump is a horrible bid by modern standards. He has only 15 high card points. However this hand was played in the days of honor tricks and South has better than three and a half honor tricks. The bid also put North into spasms. He studied and studied his hand, then he studied it some more. Finally he bid three no-trump. There was nothing tentative nor infirm about East's

double. He had spotted weakness in his opponents' bid. ding and he was ready for a diamond lead. Everything was going to come up roses. East had a change of heart when North redoubled without any histrionics whatsoever. His roses had withered in the wintry blast but nothing could be done about it. East had been neatly harpooned. There was nothing much to the play. East managed to take his two diamonds and one spade while he had a chance, so his side only paid off for one overtrick. East did ask North, "What were you so worried about when you bid three no-trump?" North replied, "I was worried about missing a slam."

We The Women:

By Ruth Millett

If you weren't his wife, would you: Correct his facts when he is telling a story to a group of friends? Rack seat drive, whenever he is at the wheel? Think about something else when he is talking to you? Meet him at the door with a list of complaints, including how tired you are? Tell him when he asks "How do you like my new suit?"

Point out that something he admires in a store window is in dreadfully bad taste? Neglect to tell him how much you enjoyed the evening when he takes you out? Tell anyone who will listen what a big baby he is when he's sick? Complain about the food or services when he takes you to a restaurant? Exchange the impractical gift he picked out for you, himself, for something you consider much more sensible? Would you - if he weren't your husband?

Beauty after Forty

EDYTH THORNTON McLEOD

"Mourka: The Autobiography of a Cat" is a most appealing book. You know I advocate having a pet, especially a cat, when you live alone and want something to love. I get great pleasure from my cats and a book about a cat always attracts me. This one is a work of love, written by Tanaquil Le Clercq, with photographs by Martha Swope. WHAT pictures and what intriguing words! It's a delightful fantasy. Tanaquil Le Clercq is the wife of George Balanchine, the great choreographer, which as Mourka says, "is an elegant way of saying a dance director." This cat person, Mourka, has a gift at elevation, and jumps high, wide and handsome. He has been trained (if one can train a cat) by the great Balanchine. A picture of them together appeared in Life Magazine with Mourka doing his magnificent jump and he has never been the same since. His book followed, naturally! The book is done with a knowing touch and surely Tanaquil has a talent for writing, a talent which she has developed since she was stricken in 1954 with polio, while on a dance tour of Europe. She was a celebrated ballerina, but polio halted her career. I want to meet Mourka and "Tanny" as she is called, and I had a most interesting "interview" with Mourka. He decided he wished to stay in the large living room so we moved from the sitting room, where we were chatting, so I could "interview" him. He was stretched flat out on a handsome round black rug, the better to show off his handsome red and white body. I noticed there was a "trace" of claw marks on the rug, and Tanny said: "George and I always wanted a fluffed-up black rug, and now we have one." She told me the rug

Highlights

TV Time Previews

7:30-9 p.m. NBC. Virginian. "Dark Challenge" Another variation on the traveling family which seems to run on almost every outdoor series. This one finds Victor Jery playing the tough father with the daughter (Katharine Ross) who's incapacitated and whom he'd do anything for, and the ne'er-do-well son (Chris Robinson). Trampas (Doug McClure) runs afoul of the range menace and spends 90 sticky moments getting out of the assorted complications, mostly marriage. 7:30-9:30 p.m. CBS. "The Presidency: A Splendid Mystery." An hour-long news special on the subject of the presidency, taking a look at the office through the spoken words and writings of the 35 men who have held it. Fredric March serves as the narrator and the all-star cast includes Sidney Blackmer, E. G. Marshall, Robert Ryan, Dan O'Herlihy, MacDonall Carey, Gary Merrill and James Daly. A well-done documentary which packs a lot of meat into a short period of time. 8:30-9 p.m. ABC. Rhindig. Another outing calculated to send shivers of joy and appreciation up the spines of the young. The pulsating entertainers are headed by Johnny Rivers. Other assorted talents include such venerable and established personalities as the Gables, the Blossoms, the Righteous Brothers, plus Darlene Love, Pamela Bennett, Bobby Freeman, Jody Miller and even more. 9-9:30 p.m. CBS. The Dick Van Dyke Show. (Season premier) Good, solid laughs throughout mark this welcome return of Dick Van Dyke to his role of peace-loving Rob Petrie, who nevertheless has a penchant for stumbling into trouble. Here, Rob is embarrassed when the newspapers play up wife Laura (Mary Tyler Moore) as the heroine who subdued a drunk with a judo hold, after the drunk had floored helpless Rob, who thereupon resolves he'll take judo lessons and prove his masculinity, even if it lands him in the hospital—which it does. 9-11 p.m. NBC. Wednesday Night at the Movies. "Career." Based on a play by James Lee, a man seeking to find himself and his career lands that tragedy, frustration, disappointments and considerable soul searching are needed to achieve success. Dean Martin, Anthony Franciosa, Shirley Jones and Carolyn Jones star.

# Senate Probers Will Call Bobby Baker To Testify

Seminole County . . . . on the St. Johns River . . . . "The Nile of America"

## The Sanford Herald

Zip Code 32771

WEATHER: Fair through Friday and not quite so warm today—82-87; tonight's low just above 60.

VOL. 56 United Press Leased Wire Established 1908 THURS., SEPTEMBER 24, 1964 SANFORD, FLORIDA NO. 285

Clock Watcher on the phone: "Has anyone called you to let you know about all these huge mosquitoes in Lake Mary?"

Clock Winder: "No, didn't know there could be any mosquitoes in Lake Mary. We thought they were all in Caselberry."

With all this water standing throughout the County we're not surprised at the number of the pesky varmints. However, we'll admit we've never seen such large ones.

What can be done? The sprays we've been using are completely ineffective. So, we just stay indoors.

Ralph Diggs, once popular principal at Lyman High and later supervisor of transportation for the Seminole County School Board, has apparently made a big hit with Brooksville folk where he is now principal of Hernando High School. Diggs, to the applause of students, and the Brooksville Sun-Journal, has reorganized the cafeteria system at Hernando High, reorganized the school's administrative policies and reorganized the athletic department. The Sun-Journal says, "He just gets things done."

Some Forest City residents went to the Post Office Wednesday morning and were surprised to find out the Post Office wasn't there. It had been moved to the Sporting Good Center but still in the same shopping area.

The closest thing to a mountain in Seminole County disappeared Wednesday. A few days ago trucks hauled in no less than 81,000 school book covers—provided by the Civil Defense—to the Seminole County School Board offices. After a principals meeting the covers were distributed and finally the covers were gone. "It was a mountain, all right," said Stewart Gatchel.

The Norman DeVere Howard Chapter of the United Daughters of the Confederacy will meet at 2:30 p. m. Friday at the home of Mrs. F. E. Roulliat, 910 Palmetto Avenue. The speaker will be State Rep. Joe Davis.

Did you know that the name "Johnson" has been the most popular surname for U. S. vice presidents?

Five unrelated men named Johnson have been U. S. vice presidents or contenders for the office. Richard Mentor Johnson was vice president under Van Buren, Andrew Johnson under Lincoln, Lyndon Johnson under Kennedy and Herschel V. Johnson and H. W. Johnson were vice presidential nominees under Stephen A. Douglas and Theodore Roosevelt, respectively.

Ginderville Fire Department Volunteers want us to remind you about the fish fry they're giving from 5 until 8 p. m. Friday night at Farmers Auction Market on U. S. 17-92. Miss Vickie McArdle, runner-up in this year's Miss Flame contest, will christen the department's fire truck.

Suggestion to the new Volkswagen dealer just south of the city — They have elephants on sale at J. M. Fields. Want to try it?

## Black Halts Ollie Order

TWO PERSONS were injured this morning when the car, above, collided with an Atlantic Coast Line freight on the Oviedo spur and Route 419. The car was driven by Orlie Mathieux with his mother, Mrs. Marnie S. Mathieux, as a passenger.

## Mother And Son Hurt As Train, Car Collide

An 82-year-old Geneva woman and her son, 63, were injured this morning when the car in which they were riding had a "dead heat" crash with an Atlantic Coast Line freight on Route 419.

Being treated at Seminole Memorial Hospital are Mrs. Marnie S. Mathieux and Orlie Mathieux both of whom suffered fractures, multiple cuts and bruises.

Mr. Mathieux is a prominent real estate salesman in Seminole County being affiliated with the C. A. Whidden Real Estate offices. He also works with the county tax assessor's office on a part-time basis.

Florida Highway Patrolman Dan Oake said the car, a late model Falcon, was being driven by the son north on Route 419 when it crashed into the slowly moving southbound train on the Oviedo spur. Both the train and car apparently reached the spot at the same instant.

Skidmarks showed the driver attempted to stop but the car slammed against the train, spun around after the impact and was facing the opposite direction when it stopped.

The engineer was identified as S. J. Brooks of Sanford.

UAW President Walter P. Reuther made the proposal in a three-page letter to GM Vice President Louis G. Benson as the two entered the 24-hour negotiations

before the strike deadline. The union said time was short and the differences between company and union were great. "There is no basis for reasonable doubt that those differences can be resolved on a mutually satisfactory basis in the few hours remaining before the strike deadline," Reuther said.

He has based his decision on a similar ruling he made in the case of the Heart of Atlanta motel, which has carried its fight against the public accommodations section to the Supreme Court.

He said he had consulted with five other justices and was authorized to say that the court would be prepared to hear the Birmingham case immediately after the arguments in the Heart of Atlanta case. That is to be brought before the court Oct. 3, the day it convenes for its new term.

## GM Asked To Approve Binding Arbitration

DETROIT (UPI) — The United Auto Workers Union today asked General Motors Corp. to agree to binding arbitration of key non-economic issues which threatened to trigger a strike by more than 300,000 workers at 10 a. m. EST Friday.

The company was expected to reject the proposal as it has done when the union made similar suggestions in past negotiations.

UAW President Walter P. Reuther made the proposal in a three-page letter to GM Vice President Louis G. Benson as the two entered the 24-hour negotiations

before the strike deadline. The union said time was short and the differences between company and union were great. "There is no basis for reasonable doubt that those differences can be resolved on a mutually satisfactory basis in the few hours remaining before the strike deadline," Reuther said.

He said he had consulted with five other justices and was authorized to say that the court would be prepared to hear the Birmingham case immediately after the arguments in the Heart of Atlanta case. That is to be brought before the court Oct. 3, the day it convenes for its new term.

## Felda Oil Field Potential Eyed

TALLAHASSEE (UPI) — A new oil find in South Florida could be a major breakthrough for the oil industry in Florida, State Geologist Robert O. Vernon said today.

Vernon confirmed that the Sun Oil Co. had put down a producing well in the Felda area, some 15 miles north of Florida's only currently producing field at Sunnland.

Vernon said pumping reports about the well were confidential.

However, he said if reports that the well was a major find were true, "I think it will be a major breakthrough for Florida and a lot of companies will be back in here leasing and exploring for oil."

He said there has been considerable recent activity in the geophysical exploration for oil in Florida. Geophysical exploration is mostly concerned with looking for rock structure that could be expected to produce oil.

It is mostly carried out by setting off explosions on the surface and listening to echoes of the blast with a special electronic gear, something

## Johnsons Throw Steak Fry

WASHINGTON (UPI) — President and Mrs. Johnson threw a bipartisan steak fry at the White House Wednesday night—the first such affair in the memory of Executive Mansion employees.

The party on the White House's west terrace was to honor retiring members of Congress. Two prominent legislators who are leaving, GOP presidential nominee Barry M. Goldwater and his running mate, Rep. William E. Miller were not invited, however.

WASHINGTON (UPI) — Wilda howled across Japan's southernmost island of Kyushu today. It caused death, destruction and injury as it headed on an uncertain course toward the main island of Honshu. The latest report showed Wilda, biggest storm of the Pacific typhoon season, crawling on a northeastern arc heading for Honshu's west coast.

WASHINGTON (UPI) — Eighty Sanford business and professional men and women were guests this morning of SNAS Capt. Chandler W. Swanson at the first fall meeting of the Seminole County Chamber of Commerce's Coffee Club.

Capt. Swanson, NAS Commanding officer, supervised the group on a tour of the base which included stops at the new avionics building and the new enlisted men's barracks.

Capt. Swanson introduced Capt. Ed Anderson, the new senior medical officer, Chaplain Leo McDonald and Cdr. Howard Shively, executive officer.

Capt. James O. Mayo, commanding officer of HAWTing One introduced Cdr. Tony Nolte, commanding officer of newly arrived VAH-13 and executive officer Dean Webster, recently transferred to the Sanford base from Jacksonville.

Cdr. Charles Chute and Cdr. Walter Alt, prospective commanding officer and executive officer, respectively, of RVAH-12—an organization presently being formed, were also presented by Capt. Mayo.

The tour of the installation was conducted by Lt. Bill Sharpe following a refreshment period at the NAS recreation area on Lake Golden.

WASHINGTON (UPI) — Sen. B. Everett Jordan, D-N.C., said today Senate investigators would call Bobby Baker to testify about an alleged \$25,000 kickback to the Kennedy-Johnson presidential campaign in 1960.

## McCloskey To Be Called To Stand Also

WASHINGTON (UPI) — Sen. B. Everett Jordan, D-N.C., said today Senate investigators would call Bobby Baker to testify about an alleged \$25,000 kickback to the Kennedy-Johnson presidential campaign in 1960.

Jordan, chairman of the investigating Senate Rules Committee, said Philadelphia contractor Matthew H. McCloskey also would be called as a witness.

Jordan told reporters he hoped it would be possible to begin renewed hearings in the Baker case next week. The politically hot case is being reopened to investigate new charges against the former Senate aide who amassed a paper fortune of \$2 million while receiving a salary of less than \$20,000 a year.

The rules committee met in closed session for preliminary discussion of the new allegations. They were made by Sen. John J. Williams, R-Del., who said McCloskey made a \$38,000 "kickback" after receiving the construction contract on the Washington, D. C. stadium.

Williams charged that McCloskey made the alleged payoff to insurance agent Don B. Reynolds. Reynolds was said to have kept \$10,000 and funneled the remaining \$28,000 through Baker to the campaign chest for the Kennedy-Johnson ticket.

In addition to Baker and McCloskey, Jordan said the committee would call Reynolds, a local insurance agent, who made the accusation on which the Williams charges were based.

All three probably will be questioned in both closed and open sessions by the committee.

In a confrontation with the committee earlier this year, Baker refused to answer about 120 questions fired by special counsel Lennox B. McLendon and panel members.

He invoked the First, Fourth, Fifth and Sixth amendments and specifically the one against self-incrimination. Baker at that time was under investigation by the Internal Revenue Service, and presumably still is, for Williams charges involving Baker, former secretary to Senate Democrats, were that McCloskey made a kickback for receiving the construction contract on the new D. C. Sports Stadium in Washington.

WASHINGTON (UPI) — Wilda howled across Japan's southernmost island of Kyushu today. It caused death, destruction and injury as it headed on an uncertain course toward the main island of Honshu. The latest report showed Wilda, biggest storm of the Pacific typhoon season, crawling on a northeastern arc heading for Honshu's west coast.

WASHINGTON (UPI) — Eighty Sanford business and professional men and women were guests this morning of SNAS Capt. Chandler W. Swanson at the first fall meeting of the Seminole County Chamber of Commerce's Coffee Club.

Capt. Swanson, NAS Commanding officer, supervised the group on a tour of the base which included stops at the new avionics building and the new enlisted men's barracks.

Capt. Swanson introduced Capt. Ed Anderson, the new senior medical officer, Chaplain Leo McDonald and Cdr. Howard Shively, executive officer.

Capt. James O. Mayo, commanding officer of HAWTing One introduced Cdr. Tony Nolte, commanding officer of newly arrived VAH-13 and executive officer Dean Webster, recently transferred to the Sanford base from Jacksonville.

Cdr. Charles Chute and Cdr. Walter Alt, prospective commanding officer and executive officer, respectively, of RVAH-12—an organization presently being formed, were also presented by Capt. Mayo.

The tour of the installation was conducted by Lt. Bill Sharpe following a refreshment period at the NAS recreation area on Lake Golden.

WASHINGTON (UPI) — Sen. B. Everett Jordan, D-N.C., said today Senate investigators would call Bobby Baker to testify about an alleged \$25,000 kickback to the Kennedy-Johnson presidential campaign in 1960.

SAFETY AWARD was presented to Heavy Attack Squadron 13 at Sanford Naval Air Station Wednesday after the squadron had established what is believed to be a record for flight safety in the Navy. Capt. James O. Mayo, commander Reconnaissance Attack Squadron Wing, left, presents the citation to Capt. Tony Nolte, squadron commander.

## Warren Report Goes To LBJ

WASHINGTON (UPI) — The Warren Commission handed to President Johnson today its voluminous report on the Kennedy assassination.

Chief Justice Earl Warren, head of the seven member panel that investigated the slaying, carried the thick, dark blue bound volume in to the White House. The other six members of the commission were with him.

The report was several inches thick. Warren and the other members of the commission met with Johnson in the White House cabinet room.

Johnson appointed the commission last Nov. 29 to investigate President John F. Kennedy's assassination. The report on its findings will not be made public until Sunday night.

The President said Tuesday he planned to read the report carefully and take any action the commission suggests. Presidential Press Secretary George E. Reedy said there would be no amplification of the document by the White House. It will speak for itself.

The report, estimated by the White House to be "somewhat over a quarter-million words," discusses all the events surrounding the assassination last Nov. 22 at Dallas and the subsequent murder of Lee Harvey Oswald, the alleged assassin, by night club owner Jack Ruby.

It was expected to recommend changes in security measures to protect the U. S. Chief Executive. One source familiar with the commission's work indicated that the report also might slap the wrists of the Dallas police, the Secret Service and the FBI.

The major finding is expected to be that Oswald acted as an individual and not as part of any conspiracy. It also is expected to conclude that Ruby was acting alone when he shot Oswald in the Dallas jail.

Funeral services for Lt. John Haisten Jr., killed Sunday night in an aircraft accident aboard the carrier USS Saratoga, were held at 2 p. m. Thursday at the Sanford Naval Air Station Chapel.

Et. Haisten, attached to Reconnaissance Attack Squadron One at Sanford Naval Air Station, died of injuries suffered after ejecting from a crippled RA-5C Vigilante reconnaissance bomber which crashed during a landing attempt.

Interment will be held at 2 p. m. Monday in Arlington National Cemetery, Arlington, Va.

His immediate survivors include his widow, Mrs. Peggy June Haisten, and two children, Michael, 10; and Jeffrey, 7, all of 5607 Stull Avenue, Orlando.

The family requests that donations be sent in lieu of flowers to the Navy Relief Education Fund. Donations may be sent to Lt. Paul A. Murray, RVAH-13, Sanford Naval Air Station.

## Swanson Host At First Session Of Coffee Club

WASHINGTON (UPI) — Eighty Sanford business and professional men and women were guests this morning of SNAS Capt. Chandler W. Swanson at the first fall meeting of the Seminole County Chamber of Commerce's Coffee Club.

Capt. Swanson, NAS Commanding officer, supervised the group on a tour of the base which included stops at the new avionics building and the new enlisted men's barracks.

Capt. Swanson introduced Capt. Ed Anderson, the new senior medical officer, Chaplain Leo McDonald and Cdr. Howard Shively, executive officer.

Capt. James O. Mayo, commanding officer of HAWTing One introduced Cdr. Tony Nolte, commanding officer of newly arrived VAH-13 and executive officer Dean Webster, recently transferred to the Sanford base from Jacksonville.

Cdr. Charles Chute and Cdr. Walter Alt, prospective commanding officer and executive officer, respectively, of RVAH-12—an organization presently being formed, were also presented by Capt. Mayo.

The tour of the installation was conducted by Lt. Bill Sharpe following a refreshment period at the NAS recreation area on Lake Golden.

WASHINGTON (UPI) — Sen. B. Everett Jordan, D-N.C., said today Senate investigators would call Bobby Baker to testify about an alleged \$25,000 kickback to the Kennedy-Johnson presidential campaign in 1960.

Jordan, chairman of the investigating Senate Rules Committee, said Philadelphia contractor Matthew H. McCloskey also would be called as a witness.

Jordan told reporters he hoped it would be possible to begin renewed hearings in the Baker case next week. The politically hot case is being reopened to investigate new charges against the former Senate aide who amassed a paper fortune of \$2 million while receiving a salary of less than \$20,000 a year.

The rules committee met in closed session for preliminary discussion of the new allegations. They were made by Sen. John J. Williams, R-Del., who said McCloskey made a \$38,000 "kickback" after receiving the construction contract on the Washington, D. C. stadium.

Williams charged that McCloskey made the alleged payoff to insurance agent Don B. Reynolds. Reynolds was said to have kept \$10,000 and funneled the remaining \$28,000 through Baker to the campaign chest for the Kennedy-Johnson ticket.

In addition to Baker and McCloskey, Jordan said the committee would call Reynolds, a local insurance agent, who made the accusation on which the Williams charges were based.

All three probably will be questioned in both closed and open sessions by the committee.

In a confrontation with the committee earlier this year, Baker refused to answer about 120 questions fired by special counsel Lennox B. McLendon and panel members.
