**THE WEATHER**  
Partly cloudy to occasionally cloudy through Thursday; chance for widely scattered showers in southeast portion this afternoon; cooler, with a low tonight 49 to 53; extreme north and about 60; extreme south.

## Convicts Defy Ultimatum of Prison Heads

### Spurn Demand To Surrender And Refuse To Release Guards Held As Hostages

BELLEFONTAINE, Pa., (AP)—Shouting defiance, some 325 rebellious convicts again spurned surrender ultimatum today in their barricaded block at the Rockview State Penitentiary and refused to release six guards held as hostages until their "grievances" are honored.

It was the third day of their surprise insurrection. Last night, 100 convicts and 100 guards were held in a demand by Gov. John S. Fine who warned that additional jail sentences would be given to every man who continues to defy authority.

The newest rejection of the state's efforts to bring peace to the prison came in a yelling exchange between Deputy Atty. Gen. Edward Friedman, standing on the ground outside Cellblock "A" and the convicts who were held out in barred windows 50 feet above.

Friedman sought to negotiate a surrender of the convict rebels who launched the rioting Monday night. During the course of the rioting hundreds of mattresses have been burned, and plumbing and other fixtures have been ripped off walls and thrown out cell windows.

Friedman said the convicts must first release the hostages and throw out seven guns before a settlement would be discussed.

At the same time, the first direct word came from the hostages who have been held in the barred Cellblock "A" since the riot broke out. By permission of the convicts, Melvin Williams, one of the guards, came to a window and said:

"I'll tell them (the families) we are well treated. We are okay. No one has forced me to say anything. Come to a decision and give these men a fair hearing."

Friedman told the prisoners: "You have a chance now for a complete hearing of your grievances. Release those guards and throw out the guns."

"How about our 12 demands?" one shouted back, referring to the convicts' complaints, among them: about prison food and the \$10 parole system.

Friedman said he couldn't go into that now.

"If you have no authority to answer questions, you have no authority to make a settlement," one of the convicts replied.

## Mrs. Anderson Is Installed Noble Grand Of Rebecca

Mrs. J. H. Anderson succeeded Miss Lilla Wood as president of the annual installation of officers of the Seminoles Rebecca Lodge No. 43, women's auxiliary of the Independent Order of Old Folas, in the IOOF building last night.

The four other elective officers were inaugurated into office at the coming year for the installation and are as follows: Mrs. George E. Ewans, chaplain; Mrs. Mae Jameson, conductor; Mrs. Hester Jameson, judge; and Mrs. Jameson Talbot, outside guardian.

Mrs. Charles Cole, right supporter to noble grand; Mrs. W. E. Kaines, left supporter to the noble grand; Mrs. William Bechtler, right supporter to the vice grand; Mrs. Mabel Brown, left supporter to the vice grand; Mrs. D. C. Howard, musician.

The four new altar bearers are Mrs. Charles Hannum, Mrs. M. S. Nelson, Mrs. Lillian Vekery, and Mrs. James Hootman. The color bearer is Mrs. Robert Fuhrer.

## \$4,003 Is Collected In Xmas Seal Campaign

A total of \$4,003 has been collected in the 1953 annual Christmas seal campaign conducted by the Seminoles County Tuberculosis and Health Association, according to a count taken last Saturday. Mrs. Clara Jobe, executive secretary, announced today.

Contributions still are coming into the office, she said. "I hope that those who have forgotten," she stated, "will send their contributions in, as \$4,000 is certainly inadequate for the program planned for 1953."

The total collected is about \$2,000 short of the goal of \$6,000.

## The First Lady Comes First With President Eisenhower

Immediately after being sworn in as the 34th President of the United States, President Dwight D. Eisenhower throws his arm around his wife, Mamie (center) and kisses her on the platform at the time are two former Presidents: Harry S. Truman (right, foreground) and Herbert Hoover, right. At left Mrs. Truman is applauding. Behind the President is his son, Maj. John Eisenhower, and just behind him is Mrs. Richard Nixon, wife of the Vice President, international soundings.

## Nearly \$20,000 In Excess Fees Paid To County

### Surplus Of \$8,164 Is Reported By Clerk; \$5,500 By Assessor

A total of \$19,665.28 in excess fees was paid the County by the County officers as a result of a hearing conducted last year, according to reports filed with the County Commission yesterday.

The highest surplus was collected by the office of O.P. Herndon, Clerk of the Circuit Court, which was \$8,164.11, the amount remaining after total expenses and allowed compensation were subtracted from the gross income of \$30,569.73.

Total expenses amounted to \$11,405.62, including salaries of employees of the office while the compensation allowed Mr. Herndon by law was \$7,500.

The second highest surplus, \$3,627.38, was collected by the office of S. F. Douney, County Assessor of Taxes. Receipts were as follows: State of Florida, \$719.86; Seminole County, \$10,014.55; Board of Health, \$8,588.09; and Central and Southern Florida Flood Control District, \$180.82, making an overall total of \$20,222.47.

Expenses of the office were as follows: Office expenses, \$387.10; salaries of deputies — Mary E. Earle, \$3,630; Louise L. Austin, \$1,800; and expense of car, \$1,254.10. Compensation allowed Mr. Douney also was \$7,500.

The office of Douglas Stenstrom, County Judge was next in surplus, \$2,527.38. Receipts were as follows: Probate, \$2,321.46; certified copies, \$653.17; driver's licenses, \$2,876.80; hunting and fishing licenses, \$1,760.25; real estate stamps, \$1,101.80; occupational licenses, \$287.25; marriage licenses, \$751.75; Kennel Club licenses, \$40.25; and birth certificates, \$14, all from individuals.

From government agencies — (Continued on Page Four)

## W. A. Lowe, A.C.L. Switchman, Dies

William A. Lowe, 60, died in the local hospital this morning at 4:20 following a brief illness. He was a resident of Lake Mary for the past 20 years.

Born in Jacksonville May 30, 1892, Mr. Lowe formerly lived in New Smyrna Beach until 1917 when he moved to Sanford, later moving to Lake Mary. He was an employee of the Atlantic Coast Line Railroad in the capacity of switchman.

He was a member of the New Smyrna Beach Church of Christ; member of Sanford Masonic Lodge No. 68; the W. O. W. and Brotherhood of Railroad Trainmen.

Surviving are the widow, two daughters, Mrs. E. M. Chesler and Mrs. Eugene Brewer; six grandchildren, Bobby, Carol and Patty Taylor and Larry, Gary and Roy Della Chesler, all of Lake Mary; three brothers, A. W. Lowe, Tampa; C. P. Lowe, Ft. Pierce; W. E. Lowe, New Smyrna Beach; three sisters, Mrs. Jack Salas and Mrs. Arthur Oswald, West Palm Beach; and Mrs. Donald Larrabee of Palm Beach.

Funeral services will be held at 2:00 p.m. Friday at Mission Funeral Home with the Rev. Lucian Reed officiating. Graveyard services will be conducted by the Masons at Edgewater Cemetery in New Smyrna Beach.

## Inaugural Parade Would Have Been Baffling In Eyes Of Red Spectator

WASHINGTON (AP)—If Ivan Ivanovich, the Russian John Smith, had attended President Eisenhower's inauguration, what would he have seen?

Probably the most baffling show he could imagine.

The President doubtless would have finished the day with low marks from Ivan for political ideology. Of the parade, he might say: "It was all frills and few jugs."

Ivan, the average Russian, is used to thunderous military demonstrations in Moscow's Red Square. He is familiar with a drumfire of oratory, on state occasions, denouncing the capitalist states by name for allegedly trying to conquer the Soviets.

President Eisenhower didn't mention Russia at all. He merely gave the chance to extol the historic masses — and to denounce them constantly.

And what, Ivan might ask, is the cause for the head of a state to pray for divine guidance?

But Ivan would have more trouble understanding the choice of things to put on parade.

Guns he knows, and there were guns from the rifles of marching men to the 80-ton cannon designed to fire atomic shells.

Yet the guns themselves were a subordinate part of the long day. Ivan is used to miles of rumbling cannon and column after column of tanks.

Ivan might have found it difficult to understand why the cheering crowds fell silent, instead of cheering louder, when columns of men in combat green marched by and brought a touch of Korea to Washington.

Ivan knows nothing like the colorful abandon of the high school and college students who almost stole the parade with their bright uniforms, high-stepping majorettes and bougie music.

The children, Ivan might say, were getting too much attention for themselves instead of what they may offer the state who can see the state benefiting from a girl throwing a baton?

And Ivan surely would ask: "Where were the labor battalions?" or where were the heroic workers singled out for high productivity? Or the drilling presents from collective farms?

If Ivan had been in Washington he would have seen the heart of America walking down Pennsylvania Avenue.

Too had Ivan had to stay home.

TRUCK DRIVERS ARRESTED  
JACKSONVILLE (AP)—Nine Negro truck drivers are under arrest here charged with stealing 269,000 concrete blocks, valued at \$60,000 from their employer.

Joseph M. Ripley of the Ripley Concrete Block Co. said the blocks had been taken a few at a time from Jan. 1 to Dec. 31, 1952.

WRENCHES BACK  
HOLLYWOOD (AP)—Gloria Swanson, screen star who is playing the leading role in "Twentieth Century" at the Hollywood-by-the-Sea Playhouse, went on with the show Tuesday night but had to tone down her activity in the fight scene. She scratched her back in the scene Monday night.

FLORIDA CASUALTIES  
WASHINGTON (AP)—The Department of Defense said today Army Pfc Johnnie C. Bell, son of Mr. and Mrs. Johnnie W. Bell, 16 Ram Dolph St., De Funiak Springs, who previously was reported missing in action, had been killed in Korean fighting.

Army First Lt. Jerry E. Doyle, son of Mr. and Mrs. James V. Doyle, 237 West Minnesota Ave., DeLand, was wounded.

## New Member Drive Launched By Farm Bureau

### 39 New Members Listed Bringing Total To 33 This Year

The climax of a one-day Farm Bureau membership drive came last night at a meeting of the Seminole County Farm Bureau, held at the Future Farmers of America building.

The drive, which began with a breakfast yesterday morning, resulted in a total of 39 new members joining the total membership for 1953 to 33.

An additional 51 persons who were members in 1952 are expected to renew their membership by the Apr. 1 according to Mrs. A. B. Federal, secretary.

W. W. Long, newly elected president, presided at the night meeting, which was held in honor of the new president of the Seminole County Farm Bureau.

Long called upon each past president to relate the experiences of their administration.

O. L. Butler, president of the organization in '51, '52, and '53, said the group had at the time the Farm Bureau was organized here one-third of the world's acreage was owned in Seminole County.

He stated that, since that time, Seminole County has lost control of the celery industry and he called for concentrated effort to in the future.

Mr. Butler drew laughter from the group when he told them to find finally found a true definition of a "farm."

"A farm," Mr. Butler, "is a piece of land upon which, if a cow walks hard all his life he will not rich, if he strikes oil."

M. L. Cullum, president of the local Farm Bureau in '46, '47, and '48, told the group of how the membership began to grow and business men began to back the Farm Bureau during his administration.

Included in accomplishments of those three years, according to Mr. Cullum, were the establishment of a labor camp, a catch-up department for surplus crops, soil conservation, and the first effective sewer disposal system.

Mr. Cullum said the group should be proud of its accomplishments in the past year.

## Crowded First Day In Office Keeps Ike Up To His Neck In Work

### Prominent Sanford Business Men Lend Support To Industries Drive

By ROBERT SMITH  
Business men of Sanford are truly interested in the new movement intended to raise a \$100,000 fund to help the industries of Sanford, according to a letter to the editor published in the Herald.

Yesterday and today, Mr. [Name] said, he had been calling on prominent business men in Sanford, and they are all in favor of the drive.

"If we are having a good time, we are having a good time," he said. "If we are having a bad time, we are having a bad time."

The committee chairman, Mr. [Name], said that in talking to the business men, he had found that they were all in favor of the drive.

This is a big job, he said, but he is confident that the business men of Sanford will rise to the occasion.

## President Will Hold News Conferences, Will Make Regular Reports To Nation

WASHINGTON (AP)—Sen. Morse said today that President Eisenhower will hold news conferences and make regular reports to the nation.

Morse, who blocked Senate action yesterday on eight other Eisenhower cabinet selections, said he was ready to vote for confirmation of these eight but that Eisenhower should not go through with his plan to name Wilson to his official duties.

"I'll be behind the eight ball because he talks," Morse said of Wilson. "He's bound to be suspect in my mind directly or indirectly involving General Motors."

Morse said the main point against Wilson was "the tremendous defense contracts" held by General Motors, the company formerly headed by the secretary of state.

Wilson will receive about \$2 million in salary from General Motors, Morse said, and that the company's government contract is aggregated about \$100 million.

He said he intended an aspersions on Wilson but that even if the committee should "clean over" the matter, it would favoring G. M. would be placed in an unenviable position.

Wilson's nomination for the department has not been formally submitted to the Senate but the White House said today that Eisenhower still intends to nominate him.

Today's debate was technically a motion by Republican leader Earl Warren that the Senate confirm the eight nominations which have been submitted.

The word at the White House today was that Eisenhower was sticking by his nomination of Wilson to the State Department.

Chain of Mission Speakers  
Miss Ruth Swanson, imprisoned in a Japanese concentration camp during World War II, worker among young people and children in Quezon in the Philippines, and the Rev. Lane W. Barton, bishop of the Episcopal Church in eastern Oregon, will be the speakers at the Negro Women's Luncheon Friday at the New Mount Calvary Church in activities of the Florida Chain of Missionary Assemblies.

Mrs. Menon B. Owen, national field representative of the division of home missions, National Council of Churches, and Mrs. Ray E. Phillips, recently arrived from Johannesburg, South Africa, where she is a

teacher in the Jan. H. Hofmeyr School of Social Work, will speak at a Missionary Luncheon at the Presbyterian Church Friday. Dr. George H. Lamsa, native Assyrian who is the author of a translation of the Bible from original Aramaic sources, and Dr. Donald P. Bright, director of refugee-famine relief, cooperating with Church World Service, and secretary of the audio-visual aids committee of the National Christian Council of India, will be speakers at the Friday afternoon session at the First Methodist Church.

to the news service as well as to  
all AP news dispatches.

WEDNESDAY, JAN. 21, 1953

TODAY'S HIGHLIGHTS

There are many persons whose  
zeal is stimulated by public praise.  
May be that is better than no zeal.  
The highest merit comes from  
deeds done in private, the left hand  
not knowing what the right hand  
does. Come with me and see my  
zeal for the Lord. — II Kings  
10:16.

It is President Eisenhower now.  
Don't forget, or neglect, the  
Chain of Missionary Assemblies  
coming to Sanford on Thursday  
and Friday of this week.

There will be no assessment of  
Communist aggressors by the Eisen-  
hower administration whose leader  
says, "In the final analysis the sol-  
dier's pack is not so burdensome  
as the prisoner's chains".

We remember when General Eisen-  
hower led the invasion of North  
Africa, we said he could never be-  
come president because he didn't  
have the right kind of a name. It  
just goes to show "What's in a  
name".

Only a small part of the priceless  
Sanford collection of books, an-  
tiques and works of art which are  
being offered to the city of San-  
ford by his daughter, Mrs. Carola  
Sanford Dow, is being displayed  
today at the Sanford Woman's  
Club. If some way could be found  
to build a fire-resistant building in  
which to house this collection it  
would soon all be brought here to  
serve as a memorial to the founder  
of this city and as a cultural attrac-  
tion for all of Central Florida.

Seminole County's Big Tree near  
Longwood is given a conspicuous  
position in the current issue of the  
"Scenic South", published by the  
Standard Oil Company and distrib-  
uted through their dealers to hun-  
dreds of thousands of people all  
over the country. A full page pic-  
ture of the Big Tree showing its  
great circumference appears on  
Page 2 while on Page 3 is another  
picture looking up from the bottom  
to the top and showing its great  
height. It is fine publicity for San-  
ford and Seminole County.

What new industries could mean  
to Sanford is shown by postal re-  
ceipts for 1952 as compared with  
1951 was revealed Monday by  
Postmaster Field who says that in  
the first quarter of the latter year  
when Florida Fashions was here  
the Post Office took in some \$1,  
151,000 in revenues, whereas in  
the same quarter during the follow-  
ing year when Florida Fashions  
was not here, it took in \$728,641.  
If one industry could make that  
much difference in a single quar-  
ter, what might not a dozen indus-  
tries do in a whole year?

Whether or not President Eisen-  
hower is the 33rd or the 34th pre-  
sident of the United States depends  
upon whether you count President  
Grover Cleveland twice. Some say  
that he should be counted twice be-  
cause he had two separate adminis-  
trations with the administration of  
Benjamin Harrison coming in be-  
tween. FDR is counted only once  
because although he served for  
nearly four terms it was one con-  
tinuous administration. Actually,  
besides Eisenhower, there have  
been only 32 other Americans who  
have held the office of president.

Ralph Cowan has a tremendous  
job to do in raising \$50,000 to peo-  
ple new facilities in this city and  
will need all the help he can get.  
Fifty thousand dollars is still a lot  
of money in this town though bank  
deposits are currently reported at  
all time high. But we will need  
\$50,000 if the proposed indus-  
tries are to be built and giving  
the property, fixtures and equip-  
ment of the new plant and building  
to the city. It is a tremendous task  
and we must all do our part to  
help.

### German Upsurge

For many decades Germany was one of the most influ-  
ential European powers active in the Middle East. The Berlin  
to Bagdad railway, famous in story and legend, bisected the  
Middle East and influenced the dream of Hitler to dominate  
that area.

Defeat in World War II put an end to German influence  
in the Middle East. But in recent years many German ex-  
perts have been summoned to these countries to participate  
in handling their affairs. Dr. Hjalmar Schacht, Nazi finan-  
cial wizard, is assisting Premier Mohammed Naguib in  
Egypt. At the head of Egypt's Central Planning Board is  
former SS General Wilhelm Voss who brought thirty Ger-  
man associates with him to help with the job.

In Syria another former German Army General, H. Von  
Stutterheim, is reorganizing the Army. Also in Syria, com-  
manding the Military Intelligence Service, is an ex-Gestapo  
chief. German pilots and administrators are active in the  
operation of several Middle Eastern airlines.

In this sensitive area it may be better to have former  
Nazis in positions of power rather than men friendly to the  
Communists. But these are men who prospered under Hitler  
and whose past action have indicated a contempt for democ-  
racy. In our worries about the Middle East some thought  
should be given to the part they can play for good or evil.

### The Nation's Population

The population of the United States will pass the 160-  
000,000 mark before the close of 1953, the Metropolitan Life  
Insurance Company predicts.

Last year's increase was about 2,676,000, bringing the  
population total by year's end to more than 158,400,000. This  
gain, a result of the sustained high level of births, a low  
death rate, and a sizable immigration, establishes a new  
high mark, exceeding the 1951 increase by a small margin.

"It is doubtful whether a gain of equal magnitude will  
be experienced for many years to come, partly because of  
the new restrictions on immigration," the Metropolitan com-  
ments. "Also, some slackening in the rate of growth of our  
population must be expected in the near future because the  
young people now approaching the marriageable age are  
those who were born during the depression years when the  
number of births was low."

The Metropolitan points out that since the census in  
the spring of 1950, the country's population has gained  
about 7,275,000, a figure which is not much less than com-  
bined populations of Chicago, Los Angeles, and Detroit.

### Soil Must Be Saved

Dr. Robert Salter, chief of the Agricultural Depart-  
ment's Soil Conservation Service, warns that the nation's  
soil and water resources will remain adequate only if they  
are wisely used. He has outlined a program which he be-  
lieves can avert disaster.

Dr. Salter urges farmers to use more lime on their  
fields. He also advises contour farming to use rain water  
more efficiently and to prevent erosion. He stresses the  
need to return crop residues to the soil and to grow more  
grasses.

Many farmers have been following scientific methods of  
caring for the soil for years. These farmers are usually a  
good deal more prosperous than their neighbors who ignore  
the things that science has discovered about agriculture. The  
scientific farmer is not only making his own job easier but  
he is helping to guarantee that rich fertile soil will be  
available to the next generation.

### Blackburn Gives Up To Polk Authorities

BARTOW (AP)—Harlan Blackburn  
has given up to Polk County offi-  
cers who have been seeking for  
four months to bring him to trial  
on charges of conspiracy and bol-  
lottery operations.

Sheriff Pat Gordon revealed  
Tuesday that the Orlando man,  
who had been fighting extradition  
from Texas, made a surprise sur-  
render visit late Monday night.

Blackburn was released under  
\$15,000 bond, returnable from day  
to day. Mrs. Norma Bridges, a  
codefendant with him in the Polk  
County cases, gave up Tuesday  
and also posted \$15,000 bond.

Former Sheriff Hagan Parrish  
had accused Blackburn of being  
the employer of about 20 persons  
arrested on bolita charges in wide-  
spread raids last Sept. 20.

Blackburn and Mrs. Bridges,  
both Orlando residents, were ar-  
rested at Brownsville, Texas, near  
the Mexican border last month.

They were released under bond  
there and court proceedings con-  
cerning their extradition were still  
pending in Texas.

Blackburn also faces a federal  
charge of not giving correct and  
complete information called for by  
the gambling stamp law.

### Fruit Expert Draws Extortion Sentence

FT. MYERS (AP)—Circuit Judge  
Lynn Gerald has sentenced Jo-  
hannes Petersen, authority on sub-  
tropical fruits, to three years in  
State Prison on a charge of ex-  
tortion.

Petersen, 72, was convicted here  
in 1951 of getting \$18,000 from Ivan  
Bronk on threat of reporting that  
Bronk had smuggled funds into  
the U. S. from Canada.

Bronk had purchased a mango  
plantation from Petersen and the  
government charged that Petersen  
got the \$18,000 by threatening to  
sell authorities it was part of some  
money Bronk had smuggled into  
this country.

Petersen sought a new trial and  
fled while free on bond. He was  
not arrested until last Christmas  
Day in Miami.

Federal agents picked him up  
there on a charge of using the  
mails to defraud Bronk and oth-  
ers of that family of about \$40,000  
in the mango grove purchase. Trial  
in that case has not been set.

Petersen gave notice of appeal  
to the Supreme Court after being  
sentenced Tuesday and bond was  
fixed at \$5,000.

### SANCTUARY!

**SEAFOOD MEN TO MEET**  
TAMPA (AP)—Florida seafood  
producers, dealers and processors  
will gather here Jan. 26-27 for the

mercantile fishing will be given by  
Assistant Atty. Gen. Mory Shul-  
man and Charles Hevis, new state  
conservation supervisor.

Discussions on regulation of com-  
mercial fishing will be given by  
annual meeting of the Florida  
Branch of the Southeastern Fish-  
eries Association.

### THE WORLD TODAY

By JAMES MARLOW

WASHINGTON (AP)—It's when he  
delivers his State of the Union  
message to Congress, probably  
within a couple of weeks, that  
President Eisenhower may get  
down to details on what he intends  
to do.

His inaugural address yesterday  
simply outlined his position; he is  
now, as before election, an inter-  
nationalist. It was reassurance to  
this country's allies if they had any  
doubt.

Former President Truman, in at-  
tempt at his farewell messages,  
talks and interviews, gave very  
little space to domestic problems.  
He put the big emphasis on for-  
eign affairs.

Eisenhower did the same thing  
yesterday. And in general he  
pledged himself to follow Tru-  
man's basic foreign program.

He wants good world trade and  
continued foreign aid for, and co-  
operation with, American allies.  
He's willing to seek disarmament.  
The latter probably won't happen.

But Eisenhower indicated he  
may be thinking of plans that go  
beyond Truman's. In the cam-  
paign he criticized the Truman ad-  
ministration for a lack of what he  
said he considered effective plan-  
ning against Russia.

Buried in one of the paragraphs  
in yesterday's speech Eisenhower  
seemed to be repeating this criti-  
cism and hinting he intended to  
raise his sights higher.

This was when he said it is prop-  
er "we assure our friends... that  
... we know... the differ-  
ence between a thoughtfully  
calculated goal and spasmodic re-  
action to the stimulus of emer-  
gencies."

Spasmodic the Truman plan cer-  
tainly was in the beginning of the  
cold war with Russia, although it  
could hardly be called a plan at  
all at that time.

Truman said recently his suspi-  
cions of Russia began in earnest  
shortly after the war when Stalin  
wouldn't pull his troops out of Iran.  
Truman decided on a showdown  
fight there.

He warned Stalin to get out.  
Stalin did. Truman's quick action  
and reaction, paid off. He reacted  
again when the Communists be-

gan to push against Greece and  
Turkey. That time he set up a new  
Marshall Doctrine by throwing the  
country's arms around Greece and Tur-  
key and giving them aid. The Com-  
munists lost out.

The Marshall Plan for helping  
Europe recover economically was  
of a longer-range nature. It was  
supposed to last of the outside four  
years. Before it could end, the cold  
war with Russia became hotter.

Then this country entered into  
the North Atlantic Pact, this coun-  
try's first peacetime military alli-  
ance with Western Europe, and  
gave arms. At the same time the  
U. S. urged its allies to set up a  
European army.

This looked much further into  
the future than the Marshall Plan.  
In fact, then Secretary of State  
Acheson last year said strong ar-  
rangements might be necessary for  
a generation.

This policy worked out by Tru-  
man and Acheson — surrounding  
Russia with armed strength to dis-  
courage any Russian military ad-  
ventures without starting war with  
Russia — has become known as  
"containment."

So at the end Truman and Ache-  
son might argue there was nothing  
spasmodic about their planning.  
What Eisenhower has in mind be-  
yond this remains to be seen.

If Eisenhower doesn't spell out  
his ideas in ABC fashion in his  
State of the Union message, he  
will have time to do so when he  
later submits his specific programs  
to Congress.

Tornadoes are especially com-  
mon and violent in the Mississippi  
Valley, but are known in other  
places such as Australia and  
Europe.

**Unity Church Will Sponsor Lecturer**

The Unity Church of Jesus Christ in Orlando, affiliated with the Unity School of Christianity, Lee's Summit, Mo., will sponsor a lecture by Louis E. Meyer, Unity minister, lecturer and teacher. The lecture will be held at the Orlando church, 303 South Orange Avenue in Orlando on Jan. 25 at 11:00 a. m. The topic of his talk will be "The Most Necessary Thing."

**Fidels To Help On Mothers' Polio March**

The home of Mrs. F. E. Gatchel on Laurel Avenue was the scene of the meeting of the Fidels Class at the First Baptist Church last night with Group Three as hostesses. Announcement was made during the business session presided over by Mrs. D. K. McNab that the class had given \$100 to the Florida Baptist Children's Home in Lakeland for a Christmas present. Mrs. Gatchel stressed the need for contributions for the Children's Home which are redeemed for many household articles and other useful items for the home.

**HOLLYWOOD**  
By JAMES BACUN  
(For Bob Thomas)

**HOLLYWOOD UP**—David Niven, never known as a Hollywood snob, is making sure he is an expert one for "The Moon Is Blue."  
He's got Errol Flynn's former press agent working for him. Niven won't say whether the hiring of Flynn's press agent is any more than pure coincidence but admits that it's nice to get pointers from one who has watched the master at work.  
"You know," commented Niven, "I haven't had a personal press agent since early in my career. I was broke then, heavily in debt and my career was in bad need of a shot in the arm. So I hired a publicity man. He turned out to be too good. The next day a gossip columnist headlined 'David Niven Buys 150-Foot Schooner.'"  
"Soon my tailor, butcher and barber were on the phone all screaming, 'Where's that 20 bucks you owed me for six months?'"  
"You ended one of the shortest publicity campaigns in Hollywood history."  
Besides hiring Flynn's ex-publicist, Niven prepped for his role of the wolf in the movie version of the Broadway hit by touring in the West Coast company of the play.  
Otto Preminger, the producer-director of both the play and the movie, and F. Hugh Herbert, the author, wanted Niven to tour with the play with the idea of playing the same role in the movie later on.  
"They apparently didn't consider me a natural-born wolf type," commented Niven.  
The company of "The Moon Is Blue" started shooting this week with two separate casts—one English-speaking and the other German. As the Hollywood troupe finishes their scene, the German counterparts in Paris and do the same scene in German.  
"There's a million good reasons for this," Niven said. "A German gross of one million dollars more than normal can be expected when German actors are used."  
Preminger, formerly of Venus, directs both versions.  
The German movie title is "The Virgin on the Roof," most descriptive of the play's content.  
Much of the spicy dialogue of the play is retained in the movie script.  
"Preminger and Herbert are confident that it will be passed by the censors," Niven said. "After all, it would be passed on television."  
Niven also disclosed a little-publicized phase of his Hollywood career. He started in the movies in the early 30s playing bit roles in Westerns.  
"You'd be surprised," commented the suave Britisher, "how many producers have told me that I possessed what was then known as a 'Western face,' as long as I kept my mouth shut."  
In 1934 he began a 15-year association with Sam Goldwyn, interrupted only by six years combat service as a British commando. Niven, who was mustered out as a colonel, had the longest war record of any Hollywood star.  
Niven said his first picture with Goldwyn in 1934 earned him a review in the Detroit Free Press which he has saved to this day. It read:  
"David Niven is Sam Goldwyn's newest discovery. He is tall, dark and not at all handsome."

**THE EARL OF DALKEITH** and his bride, Miss Jane O'Neill, former fashion model, are pictured spending their honeymoon on the island of Corsica. Their recent wedding in Edinburgh was one of the most brilliant ceremonies seen in Great Britain in years. The Earl, son of the Duke of Buccleuch, was once considered a possible suitor for the hand of Margaret Bow.

**Hints to Housewives**  
By AL E. CHRYSLER

As soon as a child grows old enough to feed himself, he is likely to lose the nutritionally favored place he held as an infant in the family and most often feed for himself at the family table, according to Dr. Genevieve Stearns of the University of Iowa.  
Dr. Stearns suggests that mothers may wish give more concern to the diet of the child in the period when he is passing from infancy to childhood. The so-called "toilet" age, one to three years, is a slow and untidy eater, she points out. He is learning to chew and chews poorly compared to older children. Thus, the meal is apt to consist of the food he can manage with a spoon or eat from his hand. If left to feed for himself, the mainstay of his diet often are potatoes and gravy, bread and butter. This means that his fare is poor in protein and too rich in carbohydrates.  
Yet in these early years the child's need for protein is as great as during infancy. This is a period of changing body composition, though of slow growth, as far as outward appearance is concerned. The muscles are growing far more rapidly than the rest of the body or should be, if the child gets enough protein in his food. He is

**PERSONALS**

Mrs. L. M. Tyre has left for Ft. Myers where she is visiting with Mr. and Mrs. Jay Arnold.  
Friends will be sorry to learn that Mrs. C. C. Beasley was admitted to the Atlantic Coastline Hospital in Waycross, Ga., on Monday.  
Mr. Fred F. Cooper, III, has left for New York City where he will sail on Friday for Bamalder Germany to join her husband, Lieut. Cooper, who is stationed there.  
Mrs. Roy Green returned yesterday from Tallahassee where she visited her mother, Mrs. O. R. Rivers, who has been ill. Friends will be glad to learn that Mrs. Rivers is getting along nicely.

**Sorority Discusses Infantile Campaign**

The Mother's March on Polio was the main topic of discussion at the meeting of Beta Sigma Phi Sorority on Monday night. Mrs. Wight Kitley gave instructions to the group for the March which will be held on Jan. 29 between the hours of 7:00 and 8:00 p. m. Members of the sorority will assist the Polio Club in the project and Mrs. Kitley pointed out that collections will be made at any home with a porch light burning; and if no light is on, the household may be shown a pamphlet to let them be prepared to contribute.  
The sorority met at the home of Mrs. Myron Oizer at 8:00 p. m. with Mrs. Ralph Wight II as co-hostess. The meeting was conducted by Mrs. Velle Williams Jr., president, and Mrs. James Horton was elected as educational chairman for the Cancer Drive.  
Mrs. Williams conducted the Ritual of Jewels examination for Mrs. Horton after which she received her pin; and she also conducted badge initiation for Mrs. David Budge and Mrs. Ruby Sloan. The program for the evening was under the direction of Mrs. Gerald Lassing.  
Refreshments were served at the conclusion of the meeting to Mrs. Wilford Conrad, Mrs. C. H. Schmidt, Mrs. John Fitzpatrick, Mrs. Spencer Harden, Mrs. Harold Chapman, Mrs. Williams, Mrs. David G. H. Mrs. Lassing, Mrs. Horton, Mrs. Phil Stanley Jr., Mrs. Lester Gathie, Mrs. Bach, Mrs. George Andrew Spivey, Mrs. John Hagan, Mrs. Sherry, Mrs. Thomas Meyer, Mrs. Kitley, Mrs. A. B. Duxbury, Mrs. L. H. Connelly, Mrs. W. G. Fleming, Mrs. Oizer and Mrs. Wight.

Suzannah Smith, seaman, WAVES, USN, proudly displays the Southern State Flag, while the original Declaration of Independence of the United States of America and the Bill of Rights are enshrined in the National Archives Building. Mrs. Smith, daughter of Mr. and Mrs. Carl I. Smith of 104 First Avenue, S. Jacksonville Beach, was one of 11 WAVES taking part in the ceremony at which 18 women of the Armed Forces carried their state flags. Present duty station for Mrs. Smith is the Naval Air Station, Annapolis, D. C.

**Miss Davenport To Marry Ben Butler**

Mr. and Mrs. Cecil B. Simpson of 1202 Crescent Street in Sanford announced today the engagement of their daughter Nancy Adelaide Davenport to Ben Edgar Butler.  
The bride-elect attended high school at Colorado, Calif., after which she moved to Sanford and graduated from Seminoles High School with the Class of 1937. She is now employed by the Bell Telephone Company.  
Mr. Butler is the son of Mr. and Mrs. Ike J. Butler of 615 Laurel Avenue. He is a native of Sanford and has spent three years in the United States Coast Guard. For the past two years he has been associated with the Sanford Police Department.  
The wedding will be performed on May 12 at Holy Cross Episcopal Church with the Rev. H. Littleton Zimmerman officiating.

**Grammar School BOOM NEWS**  
CHARMION MILLER

Vera, our adopted girl in Germany, sent us her doll. The doll is very valuable to us. This doll has traveled all over Germany. When the Drosses family ran away from the Communists, they could not take much with them. Vera took the doll along with her. The doll was one of Vera's treasures. She also sent us three other dolls made from pipe cleaners. They are an old woman holding a broom, and a boy and a girl. With it she sent a branch of a Christmas tree, a small angel, and two shells from the North Sea. They are the only shells we have from the North Sea.

We have two other new dolls for our museum. Franz is a Hummel doll from Frankfurt, Germany. He is dressed in Bavarian costume. He has an amazed expression like a three-year-old who sees a Christmas tree for the first time. Anne Boleyn is a Liberty doll from London. Her costume was copied from one of the real Anne's dresses.  
Joyce Horton received a letter from Helga, Vera's sister. She is thirteen years old and she has been taking English for three years. She wants to practice English with us.

We have been studying the life of Hans Christian Andersen, and we read his story "The Little Mermaid." Mrs. Charlotte Moughton found the story for us in an old book of Andersen's fairy tales. We do not think it is right for publishers to leave that story out, because it is the Danes' favorite. They even have a bronze statue of the little mermaid on the shore of Copenhagen Harbor. They also made a postage stamp with a picture of her on it.

Mr. Sudelblom translated our letter from Anita's mother. She said her husband is in the hospital for a month with an eye injury, and may be his right eye gone. We all hope he regains his sight.  
We are glad to welcome Norma Lavey. She came from Birmingham, Alabama, and Jeanne Paswell from Jacksonville into our room. We all hope they like it.

# Seabreeze 84, Sanford 53; Fed JVs Win 5th In Row

Junior Metts Sets Two Fed Scoring Marks, 25 Points And 17 Charities

By KENT CHELAIN  
DAYTONA BEACH (Special)—Semnole High School's electrifying cage machine smashed through the mighty Seabreeze basketball defenses to score an initial victory in the Junior Varsity game, 21-21, but the subsequent varsity onslaught logged down after an early 14-12 lead and then the superior Sand Crabs artillery gradually repelled the determined Celery Fed hosts, turning the inexperienced Sanford battalion into a wholesale rout as the Daytona varsity defenders pulverized the nets to score a resounding 82-53 triumph, here last night.

The Semnole JV victory extended the Junior Feds' winning streak to five straight and gave them a 4-0 East Florida Conference count with an overall season record of 21-1.

In the varsity basketball Jimmy Vinella, a recent Northern prep cage star transfer played his first game for the Sand Crabs and what a game he did play. All the tank, swartly-faced forward did was to turn up the ends for 27 points to pace the overwhelming Semnole counter-attack.

A wanted Little guard named Bob Richards whose subtle cage cunning and astounding long one-handed shooting accuracy was in close union with Vinella, ripping the nets for 26 more points for the Crabs to give the two front line generals a combined 53 points, or as many as the entire retreating Semnole could muster all night.

It was a great night, at least in one respect, for the Scottman, who had their EFC winning streak snapped after four straight victories, as Junior Metts, famed Sibs gridiron immortal, 41 in a game, stepped in himself by set-jumping scoring two all-time Sanford cage scoring marks in a gallant and supreme effort to forestall the Seabreeze scoring, which were only halted by the clock.

Metts broke Harold Kastner's 24 point Sanford record set back in 1948 and in the process enrolled a new free throw record of 17.

The Semnole surprised the Sand Crabs in the first nine minutes, jumping out to a 14-10 lead in a bitterly contested struggle that saw the score exchange hands a dozen or more times before Seabreeze established a one point domination.

The stubborn Semnole lines refused to yield much ground in the second phase of the grueling game that saw the Crabs employ close guarding tactics, sitting in liberal fouling. By halftime Daytona held but a single point lead, 28-27.

At that point Metts had scored 12 of the Fed points, six from the charity line, one near Sanford blitzkrieg drive score cracked up after the third period was only minutes old when the uncanny Vinella employed his deadly long range and short firing arm to amass six consecutive buckets for a backbreaking 12 points, which sent Seabreeze to a 42-30 third quarter lead.

The struggle turned into a hot-cant both Richards and Vinella added nine more hits in the closing phase while Metts hit for eight with six coming on charity throws.

The game ended with Dill Sheffield fouling Don Lucy and the referees letting Lucy to ring up two more free tosses after the buzzer had rung to give the Crabs 84 points.

This evening night of basketball was eventful on one side. The Fed JVs won their first game from the Seabreeze JV's in over a decade and it was the first time for the baby Crabs in nearly four years.

Besides the great scoring feats, the new fouling rule that permits up discerning every foul showed 29 free throws in 50 attempts and the home team scored 29 more on 30 attempts for an aggregate total of 65 charity tosses made in 80 tries.

Despite the mediocre refereeing, Seabreeze had 39 fouls called against them, losing Bremer that way while Richards, Vinella and Forsythe had four each and three others had three.

Sanford had 22 called against it and lost the star Gordon Clark that way. Clark hit 100 points in the first period but only added a bucket in the last period.

The Fed JVs won on the tremendous driving play of Jimmy Butler who literally out-ran and

out scored the giant Crab Jay Veas.

NEWARK, N. J.: Don Carter, 137, Newark, outpointed Bob Fenty, 133, Newark, 10.

SACRAMENTO, Calif.: Lauro Salas, 131, Los Angeles, knocked out Del Cockayne, 137, Des Moines, 4.

LOS ANGELES: Santiago Esteban, 140, Walsenburg, Colo., outpointed Chu Chu Jimenez, 137½, Mexico City, 10.

During the 1952 season 55 grand slam homers were hit in the major leagues, the National League hit 30 of them.

## Key Witness Admits He Does Not Think Spivey Took 'Fix' Money

CHICAGO (AP)—A key prosecution witness at the perjury trial of basketball star William Spivey admits he told a grand jury that he did not think Spivey ever got money for a "fix" a statement contrary to his trial testimony.

The witness was Walter Hirsch, 23, of Dayton, Ohio, who was a teammate of Spivey at the University of Kentucky during the 1950-51 season. Hirsch now is an Army private.

Spivey, 23, seven-foot former all-America center, is being tried in General Sessions Court on a charge of perjury in denying to a New York County grand jury that he ever discussed fixing games or accepting bribes. The trial opened today.

Hirsch, who testified yesterday and Monday, said Spivey accepted \$1,000 for juggling points in one basketball game and thought "it should have got more." The witness also said that he, Spivey and James Line, another former Kentucky player, had met in 1950 with Jack West, a convicted fixer in the basketball scandal.

John Young Brown, of Lexington, Ky., one of Spivey's attorneys, started cross-examination of Hirsch yesterday and brought from him these admissions:

"That he had told a grand jury he did not think Spivey ever got money for a 'fix'."

"That he did not tell the complete truth 'on occasions' to the grand jury."

"That he told Larry Beck, assistant sports editor of the Louisville Courier-Journal, in January, 1951, that an article Beck was writing, absolving Spivey in the scandal, was true."

At one point in the cross-examination Judge Saul Streit took over the questioning and asked Hirsch about the discrepancies in his trial and grand jury testimony concerning meetings between Spivey and West.

Hirsch said his trial testimony was the correct version.

"You were deliberately withholding information (from the grand jury)?" the judge asked.

"At the time I was trying to shield him (Spivey) more or less," replied Hirsch at first. Then he added: "At that time I didn't know the details."

Hirsch then was asked if he attempted to shield Spivey or didn't remember the facts. His reply was: "It was a combination of both."

The witness said Line had "refreshed" his memory last week and that the information regarding the meeting with West was not known to the district attorney before last week.

"You told the truth on the witness stand today?" Hirsch was asked.

"Yes, sir," he answered.

He was emphatic through the cross-examination in declaring that he was telling the truth in testifying earlier that Spivey was not known for his part in a 1950 Sugar Bowl game point-shaving. Hirsch said he received \$800 for his part in the same game. West was not known to Kentucky and the University of St. Louis.

BOXING MEET SET  
JACKSONVILLE (AP)—The Jacksonville Recreation Department today said the 19th Annual Golden Gloves Boxing Tournament would be held here Feb. 10-18 at Murdoch's Sports Arena with divisions open to Negro and white and Negro. Entries generally come from Alabama, Georgia, North Carolina and Florida although there is no geographical restriction.

TRAPSHOOT CONTINUES  
TAMPA (AP)—The Tampa Gun Club trapshoot continued today with the West Coast Class Championships.

S. W. Seybold, Marienville, Pa., was top man Tuesday, cracking 50 targets without a miss in the 10-day event.

Gordon Bellier, Union, Ind., broke 48 of 50 in the handicap event. R. J. Gould Jr., Tampa, was high in doubles with 48 of 50.

George Pezold Is Top Mixed League Bowler With 170

CHICAGO (AP)—For a player with only two years of major league experience, little Freddie Marsh really gets around.

Marsh, 33, infielder, was acquired yesterday by the Chicago White Sox from the St. Louis Browns in exchange for first baseman Dixie Upright. The Sox will be the fourth big league team for whom Marsh will have played, and he's been with the Browns twice.

The hustling infielder, who is equally adept at second base, third or shortstop, will be thrown into the third base battle along with Rocky Krsnich and Hector Rodriguez. Minnie Miñoso, who has played some third base for the Sox, is expected to be stationed regularly in the outfield by manager Paul Richards.

Marsh started his big league career with the Cleveland Indians in 1949. He appeared in only one game that season — as a pinch-runner.

The following year, after spending the season with the Indians' farm at Oklahoma City, he was dealt along with a bundle of cash to the Browns for George Strickland and Merrill Combs. In 1951, Freddie batted a paltry .243 in 130 games but impressed with his line fielding.

Last season, after starting out with the St. Louis club, Marsh was traded to the Washington Senators on Nov. 11 for second sacker Cass Michaels.

Less than a month later he was on his way back to St. Louis. In 29 games with the Senators he collected only one hit in 24 at bats.

Marsh started to hit during the final three months of the campaign. He belted the ball at around the 300 clip and brought his final average up to .258.

Browns Trade Off Marsh To Chisox For First Sacker

SPORTS ROUNDUP  
By GAYLE TALBOT

NEW YORK (AP)—The expectation is that sometime today, possibly by the time this meets the eye, there will be a new face in baseball's celebrated Hall of Fame at Cooperstown. This is the day they count the votes in Commissioner Ford Frick's office across the street.

There has been a bit more interesting than usual in the annual balloting to see who next will take his place among the immortals of the diamond. Burning editorials have discussed the question of whether Joe DiMaggio should be elected now or wait his turn, the upstart. There have been hot words among members of the Baseball Writers Association, whose votes decide the momentous issue.

The anti-DiMaggio faction has insisted with gestures, that the famous Yankee Clipper should cool off for another year or two before he is fitted for a statue. After all, he has been out of the game for only one full season, the minimum requirement, whereas such great players as Bill Terry, Al Simmons, Hank Greenberg, Bill Dickey, Dixie Dean, Gabby Hartnett and others have been sitting it out for a decade or more.

To this the DiMaggio campaign managers replied that they were not concerned with the minimum requirement, whereas such great players as Bill Terry, Al Simmons, Hank Greenberg, Bill Dickey, Dixie Dean, Gabby Hartnett and others have been sitting it out for a decade or more.

Standing a close third is Harold Appling, this season's most surprising player, at 164.30, or 15 of a percentage point behind "King Carl."

Last season Pezold held a slim 166.19 to 165.25 lead over Von Herbulis in the first two positions of the league. However, Pezold is over seven pins higher this year while Von Herbulis has fallen off his 1951 clip by nearly one pin.

Standing a close third is Harold Appling, this season's most surprising player, at 164.30, or 15 of a percentage point behind "King Carl."

Paul Pezold Holds Fast To Big 7-Pin Reign Over City League

## Warren Hurt In Pre-Dawn Miami Mishap

### Former Governor, In Miami Beach's Of- ficial Car, Is Hit By Another At Corner

MIAMI — Former Gov. Fuller Warren was severely shaken and believed possibly injured in a pre-dawn auto crash today in Miami while enroute to the funeral of a friend killed Wednesday in an auto accident near Perry.

Warren was riding in a chauffeur-driven City of Miami Beach car which collided with another at 3:30 a.m. (EST) while on the way to Miami International Airport.

The former governor—now a member of a Miami Beach law firm—had planned to catch the 7:30 a.m. plane for Sarasota where he was scheduled to be a pallbearer at the funeral for M. A. Roun.

Miami Beach Mayor D. Lee Powell said he and Warren attended a dinner at the Biscayne Terrace Hotel last night and Warren mentioned he had to catch an early morning plane.

"I voted against the purchase of that 'VIP' car," Powell explained, "but since we have it and since it's in the garage most of the time I offered the use of it to Warren for the trip to the airport."

Pattrolmen C. R. Kemp and E. P. Ragan said the chauffeur, James Doonan, 48, was not injured.

The officers quoted Thomas Hodge, 58, Miami, driver of the other car, as saying Doonan went through a red light at N. W. 2nd Ave., while traveling west on 36th St.

Hodge's car, going south, ran into the front of a liquor store on the southwest corner of the intersection and was wrecked. Hodge was shaken up.

Warren was severely injured in 1947 and Charlie Small, state editor of the Jacksonville Journal, was killed when Small's car was struck by a head-on crash as the two drove from Jacksonville to Daytona Beach where Warren had a speaking engagement.

## Officers Elected At Annual Meeting Of First Federal

Directors H. James Gut, A. Edwin Shinkholer and George Touhy were elected to the current year's terms at the meeting of the shareholders of the First Federal Savings and Loan Association held here Wednesday at their offices at 119 W. First Street.

Following this meeting the directors met and elected the following officers for the current year: Howard Paville, President; George Touhy, Executive Vice-President; E. C. Harner, Jr., First Vice-President; E. F. Doudney, Second Vice-President; Raymond H. James, Secretary-Treasurer; H. James Gut, Assistant Secretary-Treasurer; and A. Edwin Shinkholer, attorney.

In the president's report for the past year's operation Mr. Paville outlined the program made by the association and pointed out that it was continuing to serve the community as an increasingly important savings center, and that thirty persons in larger numbers began before were availing themselves of the security and the three percent dividends paid on savings accounts. The payments to shareholders in 1952 were \$74,202.45.

Another primary function of the association, that of furnishing money on loans for construction, purchase and improvement of property in Sanford and the surrounding area, was a responsibility that was being met creditably, the president said, as loans made during the year exceeded \$900,000.00. Assets were increased over 1951 by one-fourth of the figure as of last year-end and now is over \$8,100,000.00.

Thoughtful people, taking advantage of good earnings and other income during the year save the association an advance of earnings during the 15 months of 44 per cent, Mr. Paville said, with the loans made going slightly over the figure for 1951 which was considered a peak in many economists' prediction.

The directors at meetings in June and December added reserves to those already on the books and stepped up the figure by 24 per cent, now totaling \$1,174,000.00.

While declining to make a prediction for 1953, Mr. Paville said that indications now were that it would be another very good year. The demand for loans for new homes as well as for improvements continues to be strong and the association's ability to meet this call was being made possible by the augmented volume of savings that flows in, he said.

President Paville paid tribute to the operating personnel, Mrs. E. E. Chapman, Mrs. J. B. Ebern, Mrs. J. B. Perry and Mrs. J. B. Ebern, and said that the friendly, helpful attitude of these people was frequently commended on by persons who had business dealings with the

## McCarthy Indicates All Requests For Increased Funds To Be Scrutinized

TALLAHASSEE — (AP) — Gov. Dan McCarthy today indicated that, despite an anticipated 40 million dollar surplus in the state treasury and optimistic forecasts for future revenue, the Cabinet Budget Commission will scrutinize closely every request for increased appropriations.

The budget commission resumed hearings on the requests for operating funds for the 1953-54 biennium, McCarthy asked representatives of agencies appearing before the commission to explain why they needed more tax money.

The budget commission, with members of the Senate and House Appropriations Committee again sitting in, heard a request from the Florida Council for the Blind for \$538,684 in state funds to go with federal matching money and donations for a total budget of \$951,828 for the two business years, starting July 1.

The council is asking \$126,584 more from the state than it received from the Legislature for the

## James Gut Speaks To Group on Birds Of Pleistocene

H. James Gut, who has studied vertebrate paleontology, study of fossils of animals which had back bones, gave an address before the Seminole County Audubon Society this week on the birds of Pleistocene birds of Florida.

Pleistocene is the name given to the geological epoch or age before the one in which we are living. Mr. Gut explained. It began some one million years ago and ended some 10,000 to 25,000 years ago. During the pleistocene, also known as the Ice Age, there were four separate glacial periods and three interglacial periods.

As a result of these glaciers, Mr. Gut said, animals were driven from the north down into this area. These glaciers, as much as 10 miles thick, went as far south as the Ohio River.

He said it is believed the climate here during the glacial periods was comparable to the climate in southern Canada. He also said it is believed we are now in a period between glaciers.

He listed six major Pleistocene fossil "diers" and told of the number of species of birds found in each.

These diers are located at "Seminole Field," near St. Petersburg; "Saber-tooth Cave," in Citrus county; Vero Beach; Melbourne; Marion county, 15 miles north of Ocala, and Manatee county, in various places.

Fifty-two different species of birds were found in Seminole Field, during its 1926-27, he said and 81 species in Marion county, still being explored after being started in 1947. Mr. Gut said he does dinner there.

The diers at Vero Beach was explored in 1916 and 1917 while the one at Melbourne, in 1928 and 1929.

Gut gave the names of birds found in the Florida Pleistocene and that now are extinct. He also gave the names of birds no longer known to Florida not living here.

He included in his speech information on Pleistocene mammals, particularly the ones which he is studying, namely masto-

## State Troops Alerted For Prison Action

### National Guardsmen Stand By Waiting Orders For Use In Quelling Rebellion

BELLEFOUNTE, Pa. — (AP) — Pennsylvania Gov. John S. Fine said today a portion of the Pennsylvania National Guard is "under alert" for possible use in ending a four-day revolt of prisoners at the Rockview State Penitentiary.

The governor told a news conference at Harrisburg that an emergency conference would be held tonight at Indiantown (tip by state officials who have been seeking to restore order at Rockview.

Some 325 rebel convicts have held six guards as hostages since Monday night in a barricaded cell block.

He said he did not know how many National Guardsmen were under the "stand by orders."

Fine renewed his previous assurance he opposed "any bargaining with riotous prisoners."

The governor made his statement as more than 100 heavily armed state policemen and 200 prison guards were massed at the prison awaiting orders. Five officers of the Pennsylvania National Guard were called into the meeting discussing means of ending the disorder.

Asked if the state was considering storming the "rebel" prisoners in cell block "A," at Rockview, the governor replied:

"That is possible, if they don't become orderly and act in a lawful manner."

The rebels were sitting light in cell block "A," his five doors barricaded from the inside, chained and locked from the outside. This morning they offered to exchange one of the six hostage guards for another, who has volunteered to make the switch, but there has been no indication of what action prison authorities will take on this.

## 3 Persons Injured In Auto Accident Near Forest City

A 22-year-old citrus worker, driving a "goat" truck, turned left on State Road 436, one mile east of Forest City in front of an oncoming station wagon causing a collision, injuring three of the four occupants in the station wagon yesterday afternoon, it was reported today by State Trooper Robert Harrison.

The accident occurred at 4:05 p. m. when Carl Edward Long of Oakland, Fla., driving the truck going east, turned left across the highway to head into a field in front of the station wagon coming west, driven by Mrs. John Penn, Route 6 Orlando, accompanied by her husband and Mr. and Mrs. Paul Tikkanen.

Penn turned her vehicle to the right to avoid the accident, running off on to the right shoulder of the road, but the left front end of the station wagon smashed into the right front steel bumper of the truck, causing \$500 damage to the station wagon and an estimated \$1,500 damage to the truck.

Mr. Penn and Mr. and Mrs. Tikkanen were injured and rushed to the Orange Memorial Hospital in a Fairchild Ambulance. Both drivers escaped injury.

Long was arrested by State Trooper Harrison for reckless driving and turned over at the scene of the collision to Seminole County Sheriff J. L. Ibbly for a \$100 appearance bond.

Extent of the injuries to the three victims is not known, Mr. Harrison stated.

## Sanford Industrial Board Studies Method Of Accepting Contributions

By BOB SMITH  
A meeting of the Sanford Industrial Board was held this morning at Chase & Co.'s office to determine the method by which contributions to or investments in the future development of new business in the city might be made.

It was attended by Mayor Randall Chase, Gordon Frederick, Herman Jacobson, Wally Dietrich, Forrest Breckenridge, Ralph Cowan, George Williams and Jack Greene.

Mr. Williams, local manager of Vineyard & Co.'s and Mr. Greene, of Potter, Gray, Loucks and Bower, both firms of accountants, were asked to attend the meeting in view with the board on matters of taxation.

It was the opinion of these consultants that the best method to a cause such as the one for which the Industrial Board is set up would be deductible on income reports. This in the opinion of the members would mean a netting difference in the attitude of many persons or business firms who would like to have financial support to the movement to attract

# New Cabinet Head Demands "Day's Work For Day's Pay"

### Parleys Seeking Possible Way To Qualify Wilson

WASHINGTON — President Eisenhower today said he would not tolerate anything less than "positive loyalty" to the nation's policies in this, its time of greatest peril.

As his first official act after being sworn in with other Eisenhower cabinet members yesterday, Dulles addressed a letter to some 10,000 Americans employed by the State Department at home and abroad.

He advised them to expect changes under the new Republican administration and said "The national welfare must be given priority over individual concerns."

Dulles added:

"President Eisenhower recently stated, 'This nation stands in great peril than at any time in our history.'"

"The period is of a kind which places a special responsibility on each and every member of the Department of State and the Foreign Service. It requires of us competence, discipline and positive loyalty to the policies that our President and the Congress may prescribe."

"Less than that is not tolerable at this time."

Dulles advised that loyalty does not require "intellectual dishonesty" or reports distorted to please superiors.

"Our foreign policies will prevail only if they are based on honest evaluations of the facts," he said.

This was an apparent reference to the contention of former Secretary of State Acheson and others that disloyalty charges against some State Department employees would discourage others from reporting facts and opinions which might prove unpopular.

On the point of prospective changes within the Department, Dulles said:

"It will be necessary from time to time to adjust our Department and Foreign Service so that we shall be best able to discharge our responsibilities and reach our chosen goals. This will be done with all due consideration which the situation warrants to permit that the national welfare must be given priority over individual concerns."

Dulles praised State Department employees and said that as a group of loyal Americans dedicated to the preservation of American ideals:

"I am honored to be one of you," he said. "I am confident that under the leadership of President Eisenhower, we shall go on to do the best work of the nation we have and serve."

## Nothing Less Than Positive Loyalty Will Be Tolerated, Dulles Declares

WASHINGTON — President Eisenhower's Cabinet officers look over their commands today and one promptly shook up his department—agriculture.

Others were expected to make changes later on.

Secretary Benson, moving with surprising speed on his first working day, ordered the regrouping of some 25 Agriculture Department agencies. He called it the first step toward "a gradual streamlining."

And in a memorandum to department employees, Benson said he would expect "a full day's work for a day's pay."

Secretary of State Dulles had a staff conference and was understood to have made one or two operating decisions. They were not disclosed.

Dulles made public, however, a letter to the 16,500 American State Department employees telling them he will tolerate nothing less than "positive loyalty" to the nation's policies.

"The national welfare must be given priority over individual concerns," he said.

It is largely the pattern for the eight cabinet officers sworn in late yesterday was up-and-on-the-job early. However, none of them to his desk quite so early as President Eisenhower himself.

Eisenhower was in his office at 5:30 a. m. This was 50 minutes later than the hour he clocked yesterday, but he had a special reason for lingering in the White House living quarters. He and John Eisenhower were leaving on the first leg of a trip back to Korea so there was a leisurely family breakfast before the farewell.

The new Cabinet officers, only Secretary of Interior McKay didn't make it to work today (he was still enroute on the train).

## Red China Boss Charges Plane Violated Skies

TOKYO — (AP) — Red China's No. 2 boss charged today that a U. S. B-29 Superfort violated Manchurian skies Jan. 12 and was shot down by Communist fighters.

U. S. Far East Air Force confirmed the loss of the bomber but asserted it was 17 to 15 miles inside North Korea, well below the Yalu River boundary of Manchuria when crippled.

The B-29 transmitted a "mayday" distress signal and a fighter plane was shot down at that point," said an official FEAF announcement.

The Reds alleged the B-29 was shot down nine miles northwest of Pyongyang, a Communist airbase across the Yalu from Northwestern Korea.

Peiping radio broadcast the charge and an anti-air protest by Red China's Premier and Foreign Minister Chou En-lai. It quoted him as saying 11 crewmen including a colonel and a major were captured and that three other crewmen "died after parachuting."

It is second only to Man Tse-tung in the Chinese Communist regime. Broadcasting his protest, which came on the heels of an earlier propaganda charge against the U. S. for violating the Red's borders.

"The Chinese people are furious over this violation of our skies," Chou En-lai stated.

The government has planned danger preparations to enlarge the war in the last two months.

"The public opinion of the government of the Chinese People's Republic recognizes that the (plans) being adopted by the American government are not only affecting the Far East but are threatening to the peace of the world."

## Agriculture's Head Shakes Up Department In Memorandum To Employees

WASHINGTON — President Eisenhower's Cabinet officers look over their commands today and one promptly shook up his department—agriculture.

Others were expected to make changes later on.

Secretary Benson, moving with surprising speed on his first working day, ordered the regrouping of some 25 Agriculture Department agencies. He called it the first step toward "a gradual streamlining."

And in a memorandum to department employees, Benson said he would expect "a full day's work for a day's pay."

Secretary of State Dulles had a staff conference and was understood to have made one or two operating decisions. They were not disclosed.

Dulles made public, however, a letter to the 16,500 American State Department employees telling them he will tolerate nothing less than "positive loyalty" to the nation's policies.

"The national welfare must be given priority over individual concerns," he said.

It is largely the pattern for the eight cabinet officers sworn in late yesterday was up-and-on-the-job early. However, none of them to his desk quite so early as President Eisenhower himself.

He and John Eisenhower were leaving on the first leg of a trip back to Korea so there was a leisurely family breakfast before the farewell.

The new Cabinet officers, only Secretary of Interior McKay didn't make it to work today (he was still enroute on the train).

## Dr. Ray Phillips To Speak At Meeting Of Sanford Clubs

Good speaker tomorrow at the Men's Civic Luncheon at the Episcopal Parish House will be Dr. Ray E. Phillips, director of the John H. Hefner School for Social Workers in Johannesburg, South Africa, who is appearing here with the Florida Club Association's 1953-54 Assemblies. The luncheon will start at 12:15 p. m. Dr. Phillips has lived for 34 years with the problems in South Africa which led to the present explosive condition there. Said to be an able and sympathetic interpreter of the point of view of both Negroes and whites, Dr. Phillips has won the confidence of both South African businessmen. He is an active worker in the Rotary Club and many other civic organizations and is in constant contact for membership of many commissions dealing with matters as ill-fated, gambling, law, wages and inadequate housing.

He is a member of the native Youth Board, composed of representatives of the Chambers of Industry and Commerce, the City Council, the Juvenile Court, the various departments of Native Affairs, Social Welfare, Education and Labor, the Child Welfare Society and others, including the trade unions.

During World War II, Dr. Phillips directed the work of the YMCA in military camps for native soldiers, traveling as much as 100 miles in a month. He was co-chairman of the National Joint Council where Negroes and whites "talk it out" and plan for the best interest of both races. He is author of "The Bantu are Coming" and "The Bantu in the City," both considered among the finest of books interpreting race relations. He has written extensively for South African daily newspapers on subjects related to race problems.

Dr. Phillips, in early years, introduced moving pictures to the Bantu miners fresh from the mines. He has also for years supervised the Bantu Men's Social Center which provides recreational and educational features for educated Bantus. As chairman of the Moroka Native Advisory Board, he oversees this southerly shanty town of 60,000 people which is overcrowded and brimming with problems.

Chairman of the luncheon will be the Rev. H. L. Zimmerman, pastor of the Holy Cross Episcopal Church.

## Sanford Theater Guild Holds Open House

More than 60 people attended the open house of the Sanford Theater Guild last night at the group's building, Ninth Street and Laurel Avenue.

Visitors included Walter Patton, Mr. Hara, president of the Central Florida Federation of Clubs, and Mr. and Mrs. William R. Bullen, Mr. Bullen is the public relations officer of the Federation. Also present was Mrs. Howard Lyster, of the Shouting Players, DeLand.

Several of the visitors to the redecorated building, which formerly was a church, indicated they would like to join the local organization.

The Guild, formed Oct. 1, 1952, has 23 members. Tommy Thomas is president; Betty Jane Copeland, vice-president; William H. Henschel, secretary; Betty Cullum, recording secretary, and Dillon Baker, treasurer.

The organization recently became a member of the Central Florida group.

Trips for their new play, "Cookoo on the Hearth," a comedy, will be started next week, a spokesman said. The Guild does not need to act, the spokesman pointed out, as they may engage in other activities, such as painting scenery.

## Governor Gives Boost To Trade Center In Miami

TALLAHASSEE — Gov. Dan McCarthy today told legislators pressing for more information on financing of Miami's proposed Inter-American Cultural and Trade Center that they must look at what it would do to the state's potential income.

The Trade Center Authority, which became a state agency two years ago, asked the budget to approve a budget request of \$100,000 for the coming biennium.

Dr. Walter I. Bean, Miami, representing the authority, said when the center is complete it is estimated it would increase tourist expenditures in the state by 100 million dollars a year and Florida will benefit from the taxes on such spending.

The center authority at present is dickering with the Reconstruction Finance Corporation for a loan of 10 million dollars to build the trade mart.

Bean said approval of the proposed budget would show the state is interested in the project and would make the loan easier to get. The requested appropriation would provide \$13,700 for salaries of employees and \$250,000 for expenses.

McCarthy called the project "one of the finest things we can do." In promoting it, he said, we are competing in other countries and attracting tourists.

Early in today's budget session, McCarthy indicated that despite an anticipated 40 million dollar surplus in the state treasury and optimistic forecasts for future revenue, the Cabinet Budget Commission will scrutinize closely every request for increases in appropriations.

## Points To What Project Would Mean In Way Of Income

TALLAHASSEE — Gov. Dan McCarthy today told legislators pressing for more information on financing of Miami's proposed Inter-American Cultural and Trade Center that they must look at what it would do to the state's potential income.

The Trade Center Authority, which became a state agency two years ago, asked the budget to approve a budget request of \$100,000 for the coming biennium.

Dr. Walter I. Bean, Miami, representing the authority, said when the center is complete it is estimated it would increase tourist expenditures in the state by 100 million dollars a year and Florida will benefit from the taxes on such spending.

The center authority at present is dickering with the Reconstruction Finance Corporation for a loan of 10 million dollars to build the trade mart.

Bean said approval of the proposed budget would show the state is interested in the project and would make the loan easier to get. The requested appropriation would provide \$13,700 for salaries of employees and \$250,000 for expenses.

McCarthy called the project "one of the finest things we can do." In promoting it, he said, we are competing in other countries and attracting tourists.

Early in today's budget session, McCarthy indicated that despite an anticipated 40 million dollar surplus in the state treasury and optimistic forecasts for future revenue, the Cabinet Budget Commission will scrutinize closely every request for increases in appropriations.

## Dale Carnegie Class Graduates Tonight

A commencement banquet will mark the graduation ceremonies of the Dale Carnegie public speaking class tonight at the Mayfair luncheon beginning at 7:00 p. m.

Among this evening's graduates will be former Mayor William J. Stempier, City Commissioner J. Denver Cordell and 36 others ranging in various walks of life from a field foreman, secretaries, salesmen to businessmen and women.

William Adams, Carl Slaughter and Ed Higgins will stage a speech contest as a part of the festivities preceding the presentation of diplomas.

## Sanford Industrial Board Studies Method Of Accepting Contributions

By BOB SMITH  
A meeting of the Sanford Industrial Board was held this morning at Chase & Co.'s office to determine the method by which contributions to or investments in the future development of new business in the city might be made.

It was attended by Mayor Randall Chase, Gordon Frederick, Herman Jacobson, Wally Dietrich, Forrest Breckenridge, Ralph Cowan, George Williams and Jack Greene.

Mr. Williams, local manager of Vineyard & Co.'s and Mr. Greene, of Potter, Gray, Loucks and Bower, both firms of accountants, were asked to attend the meeting in view with the board on matters of taxation.

It was the opinion of these consultants that the best method to a cause such as the one for which the Industrial Board is set up would be deductible on income reports. This in the opinion of the members would mean a netting difference in the attitude of many persons or business firms who would like to have financial support to the movement to attract

## Mrs. Townsend Dies In St. Petersburg

Word has been received of the death of Mrs. Ella Young Townsend which occurred this morning at 4:00 o'clock in St. Petersburg. Her death came following a long illness. She was a member of the local First Presbyterian Church and had lived here for a number of years prior to moving to St. Petersburg.

She is survived by a son George Townsend of St. Petersburg and several grandchildren and great grandchildren.

Funeral arrangements will be announced later.

## Seminole High Is Given High Rating

Principal Herman E. Morris of the Seminole High School, received word today from Harris W. Dean, chairman of the Central Florida Association of Secondary Schools and Colleges, to the effect that Seminole High School was voted an accredited school for the 1952-53 year. The voting was held at the annual meeting held in Moultrie, Tenn.

Mr. Morris stated this meaning that the school received an "all clear" status which means that it measures up to standards of the Association in all phases of its curriculum.

## Movie Time Table
