

Dale on SHA: No wrongdoing

By Dan Ping
Editor

SANFORD — City Commission and Mayor Larry Dale appear to be convinced the Sanford Housing Authority (SHA) board of directors and its executive director, Timothy Hudson, have not engaged in criminal wrongdoing while operating the agency.

Board chairman Edward Blackshear and Hudson met with the City Commission during Monday's work session to respond to a letter Dale sent in January regarding several allegations that the Housing Authority had misused funds. The most serious of those allegations contended Hudson had misappropriated more than \$800,000 in federal grant money intended to renovate SHA

City satisfied with Hudson's and Housing Authority explanations

properties. Robert Walker, the Housing Authority's modernization coordinator, provided commissioners with an accounting report of \$893,000, which includes \$165,000 the regional Housing and Urban Development (HUD) office in Jacksonville has yet to release. City Commissioner Randy Jones and Dale asked for specifics on several expenditures and appeared satisfied with explanations provided by SHA officials.

"I'm glad there doesn't appear to be any wrongdoing," Dale said. "There appears to be no criminal activity and no intent to commit criminal activity." The City Commission's judgment, however, is not the final authority. The

Wal-Mart on P&Z agenda

Plans for a "super" shopping center are to be discussed Thursday, March 1, at a meeting of the Sanford Planning and Zoning Commission.

To be considered is the final plat for Seminole Center, (Wal-Mart Shopping Plaza), located at 3650 Orlando Drive in Sanford. The site contains approximately 40.9 acres and is located at the southeast corner of Americana Boulevard and U.S. Highway 17-92, just north of Lake Mary Boulevard.

One of the major portions of the plan is the area of the existing Wal-Mart, and the adjoining retail spaces which will be the area redeveloped for the future expansion of Wal-Mart into a Supercenter. The other portion of the property will be retained by Kimco which generally includes the existing retail stores, with the exception of those currently adjoining the existing Wal-Mart.

The Plans Review Committee will be recommending approval of this final plat for Seminole Center.

The other item on the agenda for Thursday night's P&Z meeting is a public hearing for a conditional use of property at 320 E. 29th Street, (presently a single family dwelling residential area) for the purpose of developing five duplexes.

The applicant has proposed five two-story dwellings with 1,020 square feet per dwelling unit duplexes, for a total of 10 units.

The committee intends to recommend approval of a conditional use to allow construction of four duplexes.

The P&Z meeting is scheduled for 7 p.m. Thursday, March 1, in the commission room of Sanford City Hall.

Few surprises in final forum

City candidates espouse familiar campaign themes

By Joe DeSantis
Staff Writer

SANFORD — Candidates in Sanford's Mayoral and District 1 City Commission races sounded familiar themes in a final public forum held Sunday at the Helen Stairs Theatre.

With the election scheduled for March 6, they spoke to an audience of more than 100 about where Sanford has been, where it's at, and where it should be in the future.

The only platform surprises to emerge from the forum was a

Board OKs tentative date for tax referendum

By Joe DeSantis
Staff Writer

SANFORD — Now the heavy lifting begins. By a vote of 4-1 Tuesday, Seminole County Commissioners voted to set a tentative date of Sept. 4 for a public referendum on a Second Generation one-cent sales tax

designed to fund local transportation and education projects.

If approved by voters, the sales tax would generate \$534 million over the next decade. The Seminole County School Board would receive 25 percent of those funds, 37.5 percent would be dedicated to county-wide road projects with the

remaining 37.5 percent shared by the County's seven municipalities.

Tuesday's approval of the tentative referendum date begins a lengthy and complex process that will include:

- The execution of interlocal

Residents sue ranch over raucous parties

Home owners say fraternity and sorority bashes last all night, violate county codes

By Joe DeSantis
Staff Writer

CHULUOTA — Citing numerous code enforcement problems and egregious violations of a "special exception" granted to operators of Big Oaks Ranch, a group of homeowners near the sprawling 700-acre site in rural Seminole County have filed suit seeking injunctive relief from noise, traffic, health and public safety concerns.

The suit, filed in Seminole

County Circuit Court by Fern Park attorney Gary Siegel on behalf of 16 plaintiffs, alleges a laundry list of code and land use violations and seeks financial records of the Big Oaks Ranch dating back to 1996.

"They've abused the special exception they were granted," said Siegel. "They are supposed to be running a little Bed and Breakfast out there for no more than 12 people at any one time. It's become a full blown commercial enterprise. They truck in busloads by the hundreds for loud, noisy fraternity parties until 2 a.m. in the morning."

In October 1987, the Seminole County Board of Adjustment granted the Big Oaks Ranch a

State imposes ban on outdoor burning

By Nick Pfeiffauf
Staff Writer

Although several individual counties have declared a ban on outdoor burning, the state has now stepped in to make the ban larger.

Florida Agriculture Commissioner Terry L. Rhodes issued an emergency declaration Monday, which bans all outdoor burning in 39 of the state's 67 counties. The ban

became effective Tuesday. It prohibits every kind of outdoor burning, except cooking in a barbecue grill in a private yard or public facilities.

"The threat to human life and property is real, Rhodes said, "and it increases every day we go without significant rainfall. Unfortunately, the long-range weather forecast promises little relief until at least late spring."

Sanford Senior Center names Eltonhead director

By Michelle Jerla
Managing Editor

SANFORD — There's a new face at the Sanford Senior Center.

Kim Eltonhead is in her second week as the center's supervisor. So far, the Lake Mary resident is having a good time in her new position.

"I'm having a blast," Eltonhead said. "The people here are just wonderful."

Although new to the city's senior center, Eltonhead has worked for the municipality's Utility Department for more than a decade. However, when she heard about the job oppor-

tunity in the Parks and Recreation Department — made possible when former Senior Center Supervisor Ronnie Jackson moved to St. Augustine — Eltonhead jumped at the chance to try something new.

And, she doesn't regret making the career change. "I like this job more," she said. "I get to relate to people, and there is more one-on-one discussion. I feel like I am making a difference. And, I am making sure the seniors are having fun."

Eltonhead has already set

SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

March —

What a month

Judging by a calendar of observances scheduled for the month of March and the first week in March, few people will be left without something with which to be involved.

For example, just add the word "Month" after each of the following: American Red Cross, Ethics Awareness, Humorists are Artist, International Listening Awareness, Mirth, Irish-American Heritage, Mental Retardation Awareness, Music in our Schools, Optimism, Play the Recorder, Polson Prevention Awareness, Women's History, Workplace Eye Health and Safety, and Youth Art.

Now add the word "National" to the beginning of these "Month" observances, and we have: Frozen Food, Humane Education, Kidney, Nutrition, Professional Social Workers, Talk with your Teen about Sex, and Umbrella.

For observances during the first full week of March, we have: Return the Borrowed Book, Universal Human Beings, Write a letter of Appreciation, and Bike Week begins in Daytona Beach this Friday.

The day of March 1 is known as March to College Day, National Pig Day, and in Iceland, it's Beer Day.

So we see, we have an entire month to think about certain occasions or become aware of something, and a week in which to get involved.

But if you're looking for something to do this weekend or for the next few days, the annual presentation of the Black Hills Passion Play opens March 1 at Lake Wales. This year's presentation will consist of over 200 actors plus live animals. The event will continue until April 12.

Or, if you want to head northerly, the annual Pioneer Settlement for Creative Arts is now under way in Barberville. (Take U.S. Highway 17 north from DeLand). While it pertains mostly to Volusia County and its history, it is the history of all of Central Florida and is an excellent example of the arts and crafts which involved our forefathers.

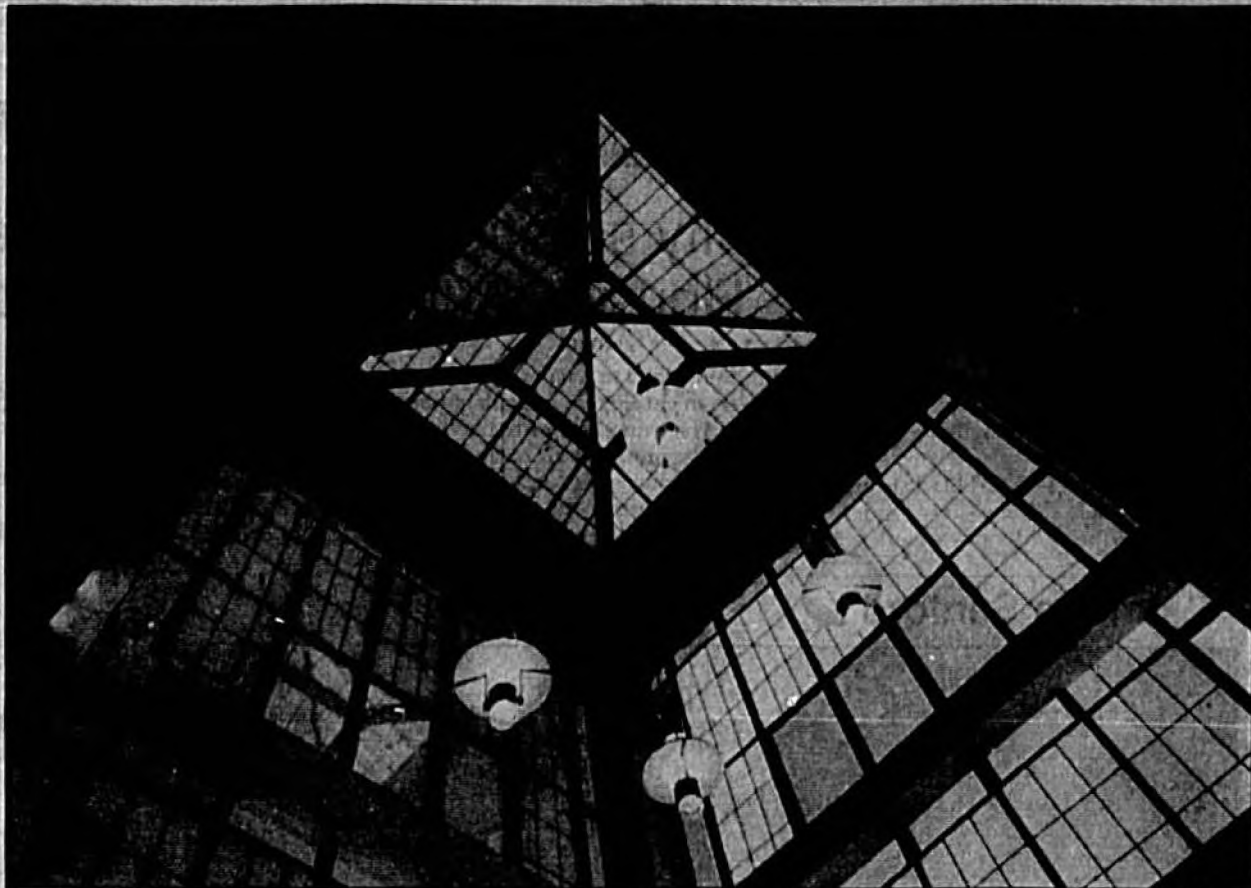

This event will continue through March 17.

And of course, who could overlook the eighth Annual Olde Lake Mary Days coming up Saturday, March 3, from 10 a.m. until 4 p.m. Wow, what an event.

Locally, we suggest you watch the "Out & About" section of the Seminole Herald, read some of the announcements and generally look for things to do and places to go.

Observe these various monthly and weekly observances wherever or whenever possible, but you can have a good time right here in Central Florida.

Look up!

Visitors to the Orlando-Sanford International Airport can look up and see a piece of architectural art in the new domestic flight terminal.

Fitness and diet instead of diet and fitness

There's a lot of interest these days in diet and fitness. If you're carrying a few extra pounds and are out of shape, you are risking serious health problems, and you don't look like any of the people in magazines.

The experts tell you to lose weight and then get in shape, but I think they've got it all wrong. You're going to spend a fortune on a diet plan to drop a hundred pounds or so, and then you're going to have to go out and spend another bundle to get yourself an exercise machine of some kind.

I say, do it the other way around: When you're 100 pounds overweight, you are an exercise machine. Every time you get up off the couch, that's a power lift. Every time you wave to the neighbors with that big flabby arm, you're working your biceps, triceps and pectorals. Going up a flight of stairs is the equivalent of dead-lifting 1,200 pounds. If you've had those pants more than three years, doing up the belt will exercise every major muscle group.

So if you're a fat guy, use that fat as your home gym. Then, when you lose the weight, you'll have a muscular body underneath waiting to be exposed. If you go the other way, you could lose all the flab and disappear

completely.

Don't Look At Me

I was watching a nature show on television last week and was amazed that with most animals, the male is far more ornate than the female. He'll have the bright colors and the long antlers and the pompous "any-girls-on-the-beach?" walk.

That's because the male is trying to attract the attention of the female. They spread their plumage and strut their stuff and bang their heads together so that the women will stop building the nest and look over at them. And they do it their whole lives.

I was trying to figure out why this behavior was so different from my own approach to life and decided that it's because animals don't get married. Over time, marriage has a way of diminishing that desire to be the center of her universe. I consider myself a normal male, but the last thing I want to do is attract my wife's attention. I keep pretty quiet around the house and spend a lot of time in the garage. I'd make a lousy peacock. But then, very few peacocks live past 50.

Speak No Evil

We all go to parties where we don't

know everybody who's there. The normal thing to do is work the room — making casual conversation with people you've never met. But you can't just talk about anything. Here are a few subjects you should never bring up at a party:

- Intestinal disorders
- Natural fur
- Personal records in food and alcohol consumption
- Gas mileage
- Accidents involving pets
- The faults of the host
- How much money everybody has
- Al Gore

My Exclusive Opinion

About 50 times a day, my local radio station says "And now, here's your exclusive local weather forecast." How can that be? What's exclusive about it? Even people who aren't listening are having the same day. And all of the other radio and television stations are predicting the same weather. So I don't get the "exclusive" reference at all. Unless maybe they think an "exclusive" guess that turns out to be horribly inaccurate is somehow easier to accept.

Quote of the Day: "Even smart men are capable of doing very stupid things. Ask any wife." — Red Green

© 2001, Newspaper Enterprise Assn.

Business Theft

Gregory Lloyd Wallace, 38, of Vinewood drive, Sanford, was arrested by Sanford police Thursday. On Feb. 18, a man noticed two cutting torches were missing from his father's business in the 1600 block of Tropic Park Drive. Later, the man found pawn tickets in Wallace's vehicle and located the torches, as well as two other items valued at \$250. Wallace was arrested at the business by police, who charged him with dealing in stolen property, and theft, over \$300.

Traffic Stops

• John Edward Lemieux, Jr., 26 of Longwood, was stopped by Lake Mary police early Friday on Ridge Drive at Lake Mary Boulevard. He was charged with driving under the influence of alcohol.

• Eric M. Groetzer, 20, of

Longwood, was stopped early Friday by Longwood police on U.S. Highway 17-92 and Orange Avenue. He and a passenger in the vehicle, Andrew Eugene Ehrecke, 20, also from Longwood, were each charged with possession of under 20 grams of marijuana and possession of narcotics equipment.

• William Robert Sunday, 23, of Zolfo Springs, was stopped by Sanford police Thursday on Park Drive near French Avenue. He was charged with driving under the influence of alcohol and reckless driving.

• Benjamin Edward Tresea, 22, Gary Blvd., Longwood, was a passenger in a vehicle stopped by sheriff's deputies early Tuesday at Eagle Blvd. and Eagle Circle near Longwood. He was charged with possession of over 20 grams of marijuana and possession of a controlled substance without a prescription

Police Blotter

(valium).

• Richard Wayne Hanes, 45, Gardens Drive, Sanford, was stopped by Longwood Police Monday at Highway 17-92 and Orange Avenue. Hanes was charged with driving under the influence of alcohol.

• James Buck Landers, 37, of Justin Way, Sanford, was stopped on CR-427 by Sanford police Monday. He was charged with driving under the influence of alcohol and possession of under 20 grams of marijuana.

• Joseph Orsic, 45, of Orlando Drive, Sanford, was stopped by deputies Monday on U.S. Highway 17-92. He was charged with driving under the influence of alcohol.

• Christopher M. Wargo, 34, Briarcliff Street, Sanford, was stopped by Florida Highway Patrol troopers Sunday on SR-417. He was charged with driving under the influence.

• Julio Cesar Mendez, 31, of Deltona, was stopped by sheriff's deputies Sunday at 11th Street and French Avenue in Sanford. He was charged with driving under the influence of alcohol.

Larceny
Carlos Cesar Anzules, 50, Airport Blvd., Sanford, was arrested Thursday by Sanford police at a retail store in the 3600 block of Orlando Drive. Officers said he attempted to

take \$127 in merchandise from the store without paying, and had to be wrestled to the ground by a security officer before he could be apprehended. He was charged with robbery and petty larceny.

Domestic Case

Jason Andrew Taylor, 28, Palm Place, Sanford, was arrested at his residence Monday by Sanford police, following a dispute with a male. Officers said Taylor refused to be arrested. He was charged with resisting an officer without violence, and battery (domestic violence)

Window Shopping

Two windows, valued at \$150 each, were reportedly stolen between last Friday and Sunday evening, at two separate homes under construction in the 100 block of Brightview Drive in Lake Mary.

OUT & ABOUT

THUR 1

An IT Job Fair (Information Technology), will be held Thursday, March 1, from 6 until 9 p.m., at Seminole Community College Student Center, Building-C, in the Sanford-Lake Mary campus.

The IT job fair is an opportunity for job seekers and businesses to explore mutual needs and interests and help build the technical work force of the future for Central Florida.

The event is free and open to the public. For additional information, phone Shelley Caracciolo, at SCC, 407-328-2418.

FRI 2

The Good News Jail & Prison Ministry banquet will be held Friday, March 2, beginning at 6:30 p.m., at the Sanford Civic Center. The program is to recognize the 125 volunteers with special awards for special people planned.

The Italian-themed dinner is free, but a good will offering will be taken.

Good News supplies four full-time chaplains at the John E. Polk Correctional Facility in Sanford.

For additional information phone 407-323-6512, ext. 319.

SAT 3

Ernest (Ernie) Carbeth will be honored with an appreciation program for his dedication and community service. The Sweet Harmony Order of Eastern Star No. 388 will present the program, Saturday, March 3, at 7 p.m. at St. James AME Church, East 9th Street and Cypress Avenue.

All friends and well wishers are invited to this musical program.

Olde Lake Mary Days will be held Saturday, March 3, from 10 a.m. to 4 p.m.

The event will include historical demonstrations and displays, live entertainment, children's activities, a cake baking contest, arts & crafts, civic displays and food booths.

The event will be held at Lake Mary City Hall and the Frank Evans Center at the corner of Lake Mary Boulevard and Country Club Road. For more information, call 407-324-3065.

The DeBary Hall Spring Festival grand opening celebration is scheduled for Saturday and Sunday, March 3rd and 4th, from 10 a.m. until 5 p.m. each day.

The International Black Women's Congress, Region 5, will present the ninth annual "Every Black Woman Should Wear a Red Dress" Saturday, March 3, from 8 a.m. to 4 p.m. in the Altamonte Springs Holiday Inn.

Special presentations will be given by LaFrancis Rodgers-Rose, Sharon Brown, Monica May, Ann Ashley-Gilbert, Gayle K. Porter, Billie Jean Pace, Joyce Motley-Ball, Marilyn Hughes Gaston and Ruthena Moses.

Admission is \$25, pre-registration; \$30 day of event; and \$250 for corporate sponsorship.

For more information, call 407-331-3665.

Survivors include wife, Clara, Deltona; sister, Carolyn Cote, Livingston, Tex.

Baldau Family Funeral Home & Crematory, Orange City, in charge of arrangements.

Lyman kicks off March with one-act performances

The Lyman High School Drama Department will begin March by celebrating "Theater In Our Schools Month" with two one-act performances to benefit the local charity, Covenant House Florida.

"Almost the Bride of Dracula" and "The Actor's Nightmare" will be performed consecutively beginning at 7:30 p.m. March 2, in Lyman Auditorium.

The year-long project has been produced entirely by the Drama IV class.

All proceeds of the performance will be donated to Covenant House Florida, an organization that serves runaway, homeless and at-risk youth under 21. Lyman Drama's proceeds for the evening performance will be directed to the Orlando branch of Covenant House Florida.

All seats are general admission and are \$4. Pre-sale began Feb. 27. Tickets will also be available at the door on the evening of the performance.

For more information, call 407-320-2329.

OPINION

For Sale

More evidence Clinton wants to buy forgiveness

Oh dear. How does Bill get himself out of this one? When his plan to stick the American taxpayers with an \$800,000-a-year tab for his post-presidency office digs provoked a rash of bad publicity, he deused the issue by leasing space instead in a Harlem office building.

So how does the former president extinguish the firestorm that has erupted in the wake of revelations that his brother-in-law, Hugh Rodham, received a \$400,000 payoff for securing a pardon and commutation of sentence for two undeserving felons?

Joseph Perkins

Maybe His Billness will move in with a black family in Harlem. But all the public relations ploys in the world will not enable the former president to spin himself out of this latest scandal.

For while Clinton may claim that neither he, nor his beloved wife Hillary, nor any of their kinfolk, profited from his decision to pardon fugitive financier Marc Rich, the same cannot be said of his decision to pardon convicted swindler Almon Glenn Braswell and to bestow clemency upon convicted drug trafficker Carlos Vignall.

The smoking gun is the \$400,000 that Hillary Rodham Clinton's not-so-little-brother received in exchange for his brother-in-law's abuse of his presidential power. It was not an indirect payoff, like the oh-so-generous donations that Denise Rich made to the Clinton library foundation on behalf of her ex-hubby.

It was straight-up, unlaundered cash. And it matters not that Hugh Rodham decided this week that maybe he ought to return the ill-gotten loot. He's like the fence who receives stolen property, who decides to "voluntarily" turn it over to authorities when the hot goods have been traced to him.

And there is no doubt that Hillary's brother would have kept the cash Braswell and Vignall paid him had he not been exposed by the National Enquirer. He insists that there was absolutely nothing wrong with his lobbying his brother-in-law to pardon the two felons in exchange for his small fee.

"He has returned those fees," said Hugh Rodham's lawyer, in a statement, "because his family asked him to do so. Their request, presumably made because of the appearance of impropriety, is one he cannot ignore. There was, however, no impropriety in these matters." But of course.

Guess that explains why the Clinton damage-control team went to DECON 1 this week in an effort to contain the explosive scandal even before it landed on the front pages of the nation's newspapers.

"Yesterday," read a statement by the former president, "I became aware that Hugh Rodham received a contingency fee in connection with a pardon application for Glenn Braswell and a fee for work on Carlos Vignall's commutation application.

"Neither Hillary nor I had any knowledge of such payments. We are deeply disturbed by these reports and have insisted that Hugh return any moneys received."

But here's what Clinton's statement did not say. It did not say that the former president was not lobbied by his brother-in-law, which is highly unseemly, if not illegal. And it did not say that Hugh Rodham's lobbying did not influence his brother-in-law's clemency decision.

Indeed, in pardoning Braswell, Clinton bypassed the customary Justice Department review (as he did in the Rich case). And he claims to have been unaware that federal prosecutors were investigating the convicted perjurer and mail-fraud felon in connection with a "massive tax evasion and money laundering scheme," according to 2-year-old court documents filed in Los Angeles.

In granting clemency to Vignall, who had served less than half his 15-year prison sentence, Clinton overruled the recommendation of the federal prosecutors who put the drug trafficker behind bars.

Todd Jones, the U.S. attorney in Minneapolis, noted that Vignall was no low-level "mule," but a key figure in a drug ring that distributed nearly 800 pounds of cocaine between Los Angeles and Minneapolis.

Clinton says that he is shocked - shocked! - that Hillary's younger brother received payoffs - er, "fees" - to lobby for Braswell and Vignall. But did the former president really think his brother-in-law was doing pro bono work on behalf of the felonious swindler and the convicted drug trafficker?

Maybe the good folk in Harlem are willing to believe that Bill Clinton's farewell pardons had nothing to do with contributions to his presidential library foundation, his wife's Senate campaign or his brother-in-law's bank account.

But those of us who live outside of Harlem believe otherwise.

Residents are lucky to live in Sanford

To the editor:

Our lives have become so fast paced in today's society that we often forget how fortunate we are to be residents of a city such as Sanford. While some call it Mayberry and others, Peyton Place, there are very few places in Central Florida that still have such a unique feel. I have had an opportunity to travel throughout the Southeast and have yet to find the kind of friendly atmosphere that our city has to offer.

This was never more apparent to me than when my father moved down six years ago following my mother's passing. Our home in the Historic District had one thing he enjoyed more anything, a front porch. From that porch, he made new friends from many different backgrounds. He probably knew more about what was going on in Sanford than I did.

Several years passed, our family grew and we moved to Mayfair. With that move, my father was concerned about losing his front porch and all that went with it. We were fortunate enough to eventually purchase the house next door for him to live in and with it a new front porch. His new neighbors showed the same enthusiasm for my father's stories and antics. The Cattle Ranch soon became Dad's favorite place to go, mostly because the owners and patrons seemed to be so indicative of the quality of the people of Sanford.

Dad was a WW II Marine Veteran, a star athlete at Marquette University, a much respected school administrator in Milwaukee and a wonderful father to four children. To say many of his life-long dreams and hopes were successfully fulfilled would be putting it mildly.

Dad passed away last month, but I know he was able to fulfill one very important dream he

had late in his life, to become a resident of Sanford. My heartfelt thanks go out to all who showed my father the kindness and friendship that makes Sanford what it is. Let us all not forget how lucky we all are.

Vouchers should not be for the wealthy

To the editor:

The school voucher proposal that will soon surface in the Florida State Legislature has exposed the true education agenda of Governor Jeb Bush and his associates. Several Florida newspapers have printed stories similar to that written by John Kennedy for the February 9, 2001 edition of a major newspaper in Central Florida. Kennedy described a proposed modification to the Florida School Voucher policy, "Republican lawmakers are ready to expand ... use of state money for private education. ... (The proposal) would sharply increase the number of students qualifying for vouchers but also move vouchers from mostly poor, minority neighborhood

schools, to schools in rapidly growing, affluent suburbs".

When Florida provides school vouchers to children of wealthier families, a new form of state approved segregation will be created. Children from wealthier families will avoid attending school with children from middle and lower income families.

The day after the story was published, I overheard two people talking about the story. With editing for inappropriate language, they said: "Well, I see that they are finally going to come through for us just like they promised. It is about time that successful business owners can get their kids out of public schools. The schools are filling up with poor white trash, kids who can't speak English, low income blacks." And, "Yes, I've been waiting to get my kids out of those schools. I really want them to associate with their own kind". "Have you heard of the new schools that will be built for us? It may cost a bit more than the State will give us, but at least our kids will go to school with their own kind."

Perhaps it is time to "Follow the Money." Who will build the new private schools for the wealthy? Which politicians and business leaders will suck up state money?

Clearly the proposal has

nothing to do with school improvement. Public schools will lose resources. They will be forced to employ fewer teachers. Classrooms will still be crowded. Educators will still struggle to provide appropriate learning experiences for children.

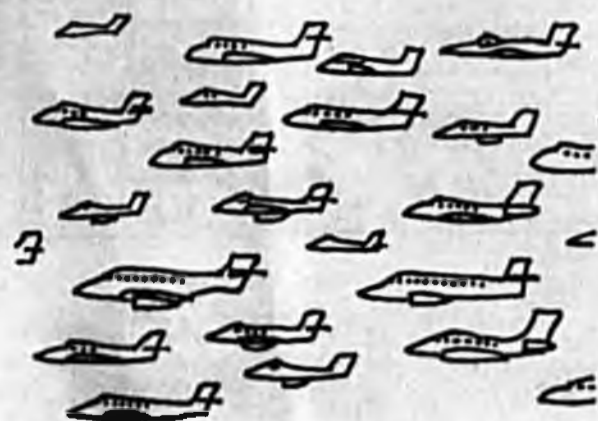

Are the people of Florida and the Nation willing to establish a new form of segregation and suffer the devastation of another civil war that would surely follow? Have people so soon forgotten the damage that resulted from racial segregation?

Now that the true agenda items of the Bush/Brogan A+ plan for school improvement have been exposed, it is time to speak up. People who care about the future of Florida and the Nation should get to the internet, look up the email and postal addresses of state legislators (www.leg.state.fl.us/Legislators). It is time to let state legislators know that the people of Florida will reject any plan to provide school vouchers to children of wealthy families. Remind legislators that passage of such a proposal would surely produce a new Governor and new set of state legislators after the next election.

From A to Z

Art Zielinski asks people what they think ...

On March 6, Sanford Mayor Larry Dale will pass the gavel to one of four candidates currently campaigning for the city's top position. A host of factors will always determine voter turn out, with the national average around 50 percent. So our question today is, "Do you plan to vote in the March 6 election for the mayor of Sanford and the City Commission District 1 race?"

I plan to vote, but right now I don't know who I'll be voting for. The new mayor needs to be more visible to the general public and get out to the communities.
Janice Place,
Sanford

Yes, I plan to vote. I vote all the time. I believe it's important. But I'm not very familiar with the candidates. I don't know much about them.
Lawrence Eckenrode,
Sanford

I plan to vote, but will my vote count? The presidential race turned me off. It's very discouraging for most of the minorities - the people on the lower economic scale.
Benjamin Doe,
Sanford

Not really, I don't plan to vote, not after that screw-up with the president. I'm through with elections this year. They're going to do what they want to do, regardless.
Saehli Pacheco,
Sanford

Certainly, I always vote. I'm part of the city and I'm up on most of the issues. You have to practice what you preach. If you don't vote, you shouldn't complain.
Karen Tubbs,
Sanford

Referendum

Continued from Page 1A
agreements between the county and municipalities

- The setting of public hearing dates on the issue
- Board approval of final ballot language
- A public hearing to adopt an Ordinance authorizing the referendum
- The vote itself.

Current plans call for forward funding of a 45 percent prorated share in the first three years to the Seminole County School Board and scaling back that

McLain

share in later years of the 10-year sales tax period.

Under the referendum the School Board would use the money for construction and classroom addition projects only, not for salaries or additional personnel.

The vote followed energetic debate and universal concerns by all Board members about the county's need to actively pursue state and federal money often slow in coming for expansion, improvement, and maintenance projects on state and federal roadways throughout the County.

Commissioner Grant Maloy cast the dissenting vote to approve the tentative date, saying he felt uncomfortable with setting a date without knowing the specifics of the language of the referendum.

"We're asking voters to support this with county tax dollars when we have other county responsibilities," said Maloy. "There are some issues that need to be resolved. Half of those issues — state and federal roads — are not our responsibility."

Commissioner Daryl McLain said he shared some of the same concerns of Maloy, but felt, along with fellow Board members Dick Van Der Weide and Randy Morris, Seminole County stands of better chance of reimbursement for state and federal road work by taking an initiative

to solve its own transportation projects.

"The state leaves it up to us to deal with both our roads and their roads," McLain said. "We have to do two things — fight harder for reimbursement and build the kind of transportation system that meets the needs of our County."

"We do need to go harder after reimbursement," Van Der Weide agreed. "But when our citizens are sitting in a traffic jam for an hour, I don't think they are concerned about whether they are stuck on a county road or a state road."

"This is a solid program," Van Der Weide added. "Citizens want relief. We have to be proactive."

Commissioner Carlton Henley said, "Eighteen months ago when we started on this, the county and the various municipalities brought to the table a hodgepodge of funding issues. Then we went back and did a number of studies, from those studies two areas of high priority emerged: education and transportation."

Altamonte Springs Mayor Bruce Provonost lent support to the move to approve the tentative referendum date.

"For the last several years, city managers have been meeting on interlocal agreements that deal with transportation and infrastructure issues," Provonost said. "We've had a continuous

Henley

high growth rate and there are still dire transportation needs. There is a strong sense of working together on this referendum." In 1991 voters approved a similar referendum for a one-penny sales tax to address a wider range of funding issues. This past November, Seminole County voters also approved a referendum to spend \$25 million for a county trails and natural lands preservation initiative.

Parties

Continued from Page 1A
"special exception" to allow 12 paying guests to use the property at any one time. Among other concerns the suit alleges:

- Big Oaks is zoned Residential and Agricultural-5 and Agricultural 10, and that a commercial operation violates current zoning.
- Big Oaks operators continually, on a weekly basis, violate the 12 guest rule and at times have had as many as 1,000 people on the property.
- Dr. Quentin Green, owner of the property and his daughter, Peggy Green, operations manager, attempt to circumvent the special exception by charging only 12 people to use the property, yet host hundreds at a time.
- Septic tanks installed on Big Oaks property are designed for residential use and not to serve as "public sewer" facilities for up to 1,000 persons.
- Operators of Big Oaks continue to use Porta-Potties for their large events in violation of Seminole County regulations
- Sorority and fraternity parties from the University of Central Florida are unsupervised, alcohol is consumed by under-age individuals, and there are no off-duty police present on the property during those events.
- Big Oaks operators actively market the facility as a commercial enterprise in print advertising and the Internet, and that a small private air strip designated

"The residents out there do have legitimate concerns. ... (Big Oaks Ranch's) response has been, 'We can't keep people from bringing kegs of beer on the property.'"

**Grant Maloy
Seminole County
Commissioner**

by the Federal Aviation Administration for the Green's private use only is also being advertised as a marketing device to attract business.

• Nearby residents are deprived of the "quite enjoyment" of their adjacent property because of loud music, public address announcements, trespass of plaintiff's property, and other problems caused by visitors and guests to Big Oaks.

• Problems created by Big Oaks Ranch devalues the market value of property near the 700-acre site

• Drunk drivers, an escalation of traffic, noise levels and the overall commercial enterprise is inconsistent with land use development trends in the area.

The suit also seeks within a 45 day period copies of Big Oaks' financial records dating back to 1996 to present, including Federal and State Income Tax returns, operational and revenue records, checking and savings accounts, credit union accounts and copies of all certificates of deposits.

Two of the plaintiffs in the case, Deborah Schafer and Estelle Hurwitch, said efforts to talk to the Greens about the problem have been unsuccessful and that a community meeting with the Greens took a nose dive when adjacent homeowners expressed their concerns.

"We've made every reasonable attempt to deal with the Greens and even scheduled a big meet-

ing with them last October" explained nine-year resident Estelle Hurwitch. "The meeting took a nose dive. Instead of talking about the problems we were sandbagged and verbally attacked by the Greens and their supporters."

Schafer, a homeowner in the area for five years, said the problems continue to grow and the plaintiffs have attempted to work with county officials on dealing with Big Oaks Ranch, but with little success.

"Commissioner Grant Maloy has been supportive of our concerns but code enforcement officers and police can't be out at Big Oaks 24 hours a day, seven days a week," said Schafer.

Maloy said he has looked into the complaints and code enforcement officers are investigating the matter.

"The residents out there do have legitimate concerns," Maloy said. "This has been going on for quite some time. I've meet with Peggy (from Big Oaks Ranch) and the residents and tried to come up with a compromise. Peggy just continues to do what she continues to do. She doesn't play by the rules."

Maloy said he has received call at 10 p.m. about loud music and parties occurring on the property. He said he has also tried to explain to Big Oaks

Ranch officials that they do not have a license allowing alcohol to be served on the property.

"Their response has been, 'We can't keep people from bringing kegs of beer on the property,'" Maloy said.

In addition to the noise, traffic, and safety concerns, Schafer alleges there are also health concerns at the Big Oaks. She claims sludge has been repeatedly dumped on the property.

"The owners have been disrespectful and degrading to us," Schafer added.

"It's unfair that they are running a commercial operation on land designated for ranches."

"Put yourself in the shoes of the plaintiffs," said Siegel.

"These homeowners are at their wits end, they can't sleep at night and feel helpless. They bought and built in a beautiful remote, rural area and now a couple of times a month for them its like living next door to a high school football stadium on a Friday night."

Peggy Green, Operations Manager at Big Oaks Ranch said she could not comment on the suit because it names her father, Dr. Quentin Green, as an individual defendant.

Attempts to contact Dr. Green for comment were unsuccessful and messages left at his medical practice were left unanswered.

Community Notes

Student Tour
Florida A&M University annual student preview tour is planned for Seminole County students in junior colleges, 10th, 11th and 12th grades, on March 9 and 10. Cost of the bus fare and one night hotel will be \$99. Contact the counselors at your high school or Trip Community Outreach Planner and Educator, Dr. Velma Williams, at 407-322-9270. Learn about college life at FAMU. Parents are invited to attend.

Poetry Competition
The Dr. Stephen Caldwell Wright Poetry Awards is accepting poems for spring competition now through March 2. Poems must be original and unpublished. Poets may not submit more than three poems. No poems shall exceed 25 lines. They must be typed. Name, address and telephone numbers of the writer must appear on the back of each entry.

All submissions must be received in room E-107 at Seminole Community College, by Friday, March 2. The winners will get honorable mentions and will be published in the Chronicle. First Place is \$100 cash and a \$156 SCC scholarship. Second place is \$75 and a \$156 scholarship. Third place is \$50 and a \$156 SCC scholarship.

The Dr. Stephen Caldwell Wright Poetry Awards was established by the late Gwendolyn Brooks, poet laureate of Illinois (1968-2000). The awards will be presented at the regular meeting of Tuesday Voices, March 27 at 7:30 p.m. at the SCC multi-purpose room in the Student Center. This is a free event open to all poetry lovers.

Cellist To Perform
Mark Votapek, assistant principal cellist with the St. Louis Symphony, will perform in a recital scheduled for 8 p.m. Tuesday, March 6, in the Rehearsal Hall on the University of Central Florida campus.

Votapek will perform works by Bach, Kodaly, Boccherini, as well as others. Tickets are \$10 per person and free to UCF students with a current ID card.

For more information, call the UCF Music Department at 407-823-2869.

Group celebrates book publication

The Orlando Group and Friends, a collection of writing and art recently celebrated the publication of their book.

The English Department at Seminole Community College, along with many lovers of writings, poets, and well-wishers attended the monthly meeting held at SCC.

The panel discussion, entitled: Heritage and Traditions, are offerings from various community writers in the Central Florida area.

Tuesday evening, Jan. 23, in the multi-purpose room, a panel of writers gathered to expound on their experiences

in writing, who and what inspired them, and speak of their love of writing.

Noted writers on the panel were Christine Blackwell, Philip F. Deaver, Alvin C. Taylor, Nancy D. Kiger, Lenore S. Roland, Dr. Stephen Caldwell Wright, all members of the Orlando Group who met at each others' homes since 1985, with the purpose of discussing literature, share ideas and writings. Others are mentioned in the book.

The Orlando Group and Friends had as their guest panelist, poet, writer, college professor, world traveler, Alvin C.

Taylor, former Sanfordite, who now lives in Cleveland, Ohio. He holds a Master's Degree in English, with a concentration on creative writing from Cleveland State University, a Master's Degree in Education, with concentration on curriculum instruction. He teaches English at Cuyahoga Community College, Cleveland State University. He has been poetry editor for both colleges' literary magazines,

has received many literary awards, serves on the board of trustees of the Poet's League. His work has appeared in African American Review, the Black Scholar, Callaloo, the Cauldron, Revelry, the Vindicator, Whiskey Island, and the Unicorn.

Taylor was recently in the city as one of the selected poets from the Zora Neale Hurston Poetry competition. A graduate of Seminole High School, Sanford will remember Taylor as the very popular, quiet young man who was the son of the late Addie Taylor.

The Orlando Group and Friends, a collection of writings and art, was edited by SCC's own Dr. Stephen C. Wright. This book includes

works of other artists and writers who are closely associated in some way with writers, who are close friends, mentors, teachers or students. This book links writers from many communities, cities, and states including Florida.

Check your SCC Bookstore for your copy of "The Orlando Group and Friends." It's a must-read. Have it in your collection of great local poets and essay writers. Thanks to SCC's English Department Chair, Laura Ross. Tuesday Voices meets monthly 7:30 p.m. at the SCC Multi-purpose room, student center. It's free and open to the public.

For more information phone 407-328-2062.

Large family worries soon-to-be guest

DEAR ABBY: I have tried for years to contact some of my husband's Army buddies. I have finally gotten in touch with one of them, and we'll be visiting him and his family for a weekend in the near future.

They told us our large family is no problem, and it would be easier for us to stay with them than in a motel. Because of the size of our family, I feel we should stay in a motel. My husband thinks we should stay with them.

Abby, what should I take with me when we visit them? What would be an appropriate hostess gift? I have never met these people, although we've communicated often via phone calls and online communications. Should I bring groceries or go shopping with the hostess and pay for some of the food? Should I send money in advance to help with the extra expenses of our visit? Should I take towels for our family? Six showers a day equals a lot of laundry.

I would appreciate your guidance.

UNEASY VISITOR
IN BATH, N.Y.

DEAR UNEASY: Because of the size of your family, ask your hosts if they would like you to bring towels, pillows, sleeping bags or linens and blankets. If they aren't needed, they will tell you. Forget about taking groceries since this is only a weekend visit,

but do take your hosts out for a meal during your stay. Take along a lovely basket of fruit you can all enjoy as your hostess gift, and following your visit, be sure to thank your hosts in writing for their hospitality.

Dear Abby

DEAR ABBY: Last fall, you printed a letter from a woman who gave her friend a hat shower. The friend had lost her hair from chemotherapy treatments. Because you printed that letter, I was the recipient of two hat showers! You have no idea how much they meant to me.

At one of the showers, the hostess asked everyone to explain how they knew me and to tell what I meant to them. It was a very special and emotional time. I have never felt so loved and embraced as I did that night. The hostess also asked the attendees to give me a card to open at a later date.

I now have cards to open over the next four months — and I look forward to opening them.

What a thoughtful way of letting me know how much I am loved long after the shower.

The school bus drivers I work with gave me the second shower.

To see all the drivers wearing pink ribbons on their I.D. badges was awesome!

The first time I went through chemo was 13 years ago. This time I have almost 100 hats from which to choose. It makes being bald not quite so hard.

Thank you, Abby, and also the woman who wrote the letter. I love all my hats. Each one has a special memory.

CONNIE OLIVER, MOSES LAKE, WASH.

DEAR CONNIE: I hope your terrific letter inspires other readers to follow suit. We all need affirmation in times of trouble. I wish you successful treatment and a speedy recovery.

DEAR ABBY: You were wrong when you told "Happily Dating in N.J." that "years ago girls used to dream about a little white house with a picket fence. Now they're likely to dream about a corporate office with a couple of windows."

Many girls still dream about that "little white house," but today they are focused on providing it for themselves instead of waiting for a man to get it for them.

GRANDMA GAYLE
IN TENNESSEE

DEAR GRANDMA GAYLE: Your point is well taken. However, I think we are both right.

To receive a collection of Abby's most memorable — and most frequently requested — poems and essays, send a business-size, self-addressed envelope, plus check or money order for \$3.95 (\$4.50 in Canada) to: Dear Abby's "Keepers," P.O. Box 447, Mount Morris, IL 61054-0447. (Postage is included.)

Community Notes

Oviedo Traffic advisory
Oviedo road re-surfacing continues on Lockwood Blvd. with one lane closed southbound from Mitchell Hammock Road, toward UCF to the area of Ekana Drive. Traffic will be congested and speeds reduced. Work crews will continue resurfacing sections of Lockwood daily during the week.

GED Class Info.
Learn more about GED and Basic Skills classes serving the

adult friends and family of Hamilton Elementary School, by attending a meeting, Wednesday, Feb. 28, beginning at 6:30 p.m., in the Multipurpose Room of Hamilton Elementary School. Adult classes will improve reading, math and writing skills and help in finishing high school. For additional information phone Kenneth Bentley at 407-320-6020.

Mayor's Roundtable
The Sanford/Seminole County

Chamber of Commerce will hold a Mayor's Roundtable Breakfast with Sanford Mayor Larry Dale, Thursday, March 1, beginning at 8 a.m. at the Chamber office, 400 East First Street in downtown Sanford. Breakfast is free for members, \$10 for non-members. Reservations are requested for the event.

Literacy Project
Seminole Community College's Learning Partners

Program is seeking volunteer tutors for students who are furthering their basic literacy skills. The next tutor training session, led by the Adult Literacy League of Orlando, will be held at SCC's Sanford/Lake Mary campus on March 5 in the evening, and March 10 during the daytime. For additional information or registration, contact Susan Adams, Learning Partners Project Manager at 407-328-2163.

Florida termites cause more than \$500 million of damage every year

In Florida, termites can be seen swarming during daylight hours mainly from January through May. Depending on their behavior, termites are separated into three basic groups, drywood, damp-wood, and subterranean termites.

Termite damages in Florida amount to over \$500 million annually.

Winged Termites

Normally, termites live inside the wood or nest in the ground and do not have wings. In the spring, winged termites are found swarming in what is called a nuptial flight.

Mating occurs during these flights, and new colonies are formed. The presence of winged termites inside your house is probably an indication of wood infestation in your home, but they can also come from outside sources since termites are attracted to light.

Identification

Termites are not the only insects that fly in large quantities during this time of the year. Ants and some types of bees also have nuptial flights, and they can be easily confused with termites.

An easy way to identify a termite from an ant, a wasp or a bee is by looking at the wings of the insect. Ants, wasps, and bees have four clear wings, the two front wings are bigger than the hind wings, and have a "wasp waist".

Termites have four clear wings of equal size and their bodies do not have the "wasp waist" characteristic of ants and bees. Front wing vein patterns are used to identify the different types of termites. Subterranean and dry-wood termites require completely different method of control, therefore, it is important to identify them correctly. If you are not sure, bring a sample to the Cooperative Extension Service; we will identify them for you.

Subterranean Termites

These termites need to nest in the soil in order to survive. They are by far the most common kind of termite found in Florida. Their tunnels made of mud can be seen along the surface of foundations and damaged wood, with galleries following the grain of the wood. Cracks in concrete foundations, concrete slab floors, and places where pipes and utilities go through the slab, are common avenues of entry for subterranean termites into your house.

Drywood Termites

These termites nest exclusively in wood and do not need contact with the soil. They remain hidden within the wood or other materi-

al on which they feed, so they are seldom seen. Their droppings are in the form of hard dry pellets, which can be seen falling from the affected wood, and can be easily identified with the aid of a hand lens.

Al Ferrer

Drywood Termite Control

If the damage is detected early, the colony can be controlled by simply removing and replacing the damaged wood or by the application of an insecticide. If the damage is too extensive for local treatment, it may be necessary to tent and fumigate the entire building. Only licensed pest control operators can apply the chemicals used to fumigate buildings.

Subterranean Termite Control

When houses are built in Florida, the surrounding area is treated to control termites, this is known as a chemical barrier. If this barrier fails to control the termites, more chemicals must be injected under and around the house to control the termites. Professional pest control companies should be called to do this job.

Chemical Barriers

Recent findings on the ineffectiveness of the chemicals used to control termites have led to the introduction of new chemicals that feature low human toxicity levels and are not repellent to termites. The new products in the market are called "Premise" and "Termidor".

Bait Systems

Baits laced with slow acting pesticides or substances known as growth regulators, can be placed around the house or at places where termites have constructed mud tubes. The baits are taken by the termites and carried to the nest where the chemical is "shared" with others, thus poisoning the rest of the colony.

The bait systems are effective and environmentally friendly and are the choice method of control when chemical barriers fail to control termites, when water sources are too close to allow application of chemicals to the soil or where homeowners strongly oppose the use of pesticides around their homes. They are also effective as a preventive method of control of termites.

The bait systems recommended are: the Sentricon System, First Line, and Exterra.

Al Ferrer is Seminole County Urban Horticultural. Inquiries may be directed to him at the Cooperative Extension Service, 2572 W. County Home Road, Sanford, FL 32773 or phone 688-2222. All Seminole County Cooperative Extension services are open to all regardless of race, color, sex, handicap or national origin.

Forum

Continued from Page 1A
he proposes to build, and an eyebrow raising suggestion by Mayor candidate Bates Reed to remove the budgeting process for the Sanford Police Department from the City Commission and place it in the hands of the police.

Candidates responded to a broad range of questions posed to each of them and then individually to specific questions submitted by members of the audience.

District 1 Commissioner Brady Lessard, seeking the mayor's post, pointedly took on a question about his similar voting pattern to outgoing Mayor Larry Dale.

"Larry Dale was the right person at the right time to get Sanford moving in a forward direction," said Lessard. "Because we share a similar fiscally responsible mind set, I've agreed with Larry on about 80 percent of the issues we've dealt with. On others we've had vehement disagreement."

"I'm not going to throw a friend under the train for 11th-hour political expediency," he responded.

Lessard concluded his pitch for votes in his closing remarks by pointing to the success of District 1 redevelopment and infrastructure improvements in the past four years, an expanded tax base, improvements in public safety and the need to translate those successes city-wide in the future.

"If you ask most Sanford residents what their top 10 priorities are in the next four years, few will even list the hotel/conference center and Ft. Mellon Park issue on their list," Lessard said. "A public referendum on that issue was approved by a majority of voters, and I would not move against their wishes. We've got a lot more issues to deal with in Sanford than just that single issue in the next four years."

This is a critical election that will shape the City's future.

"For the past four years I've had the privilege of serving

District 1. I would like the opportunity to continue that for the entire city. Sanford is on the verge of greatness," Lessard said.

Fellow mayoral hopeful Kerry Lyons continued his message for future growth management in the city.

"We have to have planned growth or in the next four years decisions will be made about whether we plow the city over with concrete," he said.

Lyons said eventually the city will have to look to improve parking in the downtown area by charging for it in some fashion, either with meters or the construction of parking garages.

Lyons said Sanford's high tax millage rates were hurting the City's efforts to attract new business and that crime remained a problem to be dealt with.

Perennial candidate Dean Ray remained focused on his strong push for improvements in public safety. Ray proposes expanding Tactical Police units to each of the City's four districts to fight crime.

"I'm not saying our police should break the laws in going after drug dealers and tearing down crack houses, but I do think we need more officers out there doing it," Ray said. "If I'm elected Mayor I'll be out there leading the crime fighting charge."

Bates Reed, completing the field of mayoral candidates continued to speak in terms of a

broad vision for Sanford's future.

"I'm thinking 50, 75 years down the road," said Reed. "I want to empower the people to make Sanford a better place to be."

"I'm thinking 50, 75 years down the road. I want to empower the people to make Sanford a better place to be. ... Look, I don't care if I lose this election. Sanford will reap what it sows."

**Bates Reed
Sanford Mayoral
Candidate**

In his closing remarks Reed broke out a boom box and played music for the audience, then drew chuckles when he said, "Look, I don't care if I lose this election. Sanford will reap what it sows."

In addressing the issue of future growth and development in Sanford, District 1 candidate Linda Kuhn said the city needs to carefully balance Sanford's long-range picture.

"We don't need new growth just for growth's sake, but we have to take a look at what the costs of growth are and measure them against the benefits to the City and its residents," said Kuhn. "We need to weigh the benefits versus the problems and impact on our infrastructure."

Fellow District 1 candidate Art Woodruff responded to questions about his lack of involvement in city concerns prior to his candidacy.

"My record as an educator shows that I have the ability to be associated with issues," he said. "I can address them properly and bring new ideas to the commission."

Woodruff said the city has a plan to deal with growth and development. He said the city should stick to it and not allow developers to have unfettered influence to decide the city's future.

Polls will be open March 6 from 7 a.m. until 7 p.m.

IN THE UNITED STATES DISTRICT COURT
FOR THE MIDDLE DISTRICT OF FLORIDA, TAMPA DIVISION

LEMUEL MIDDLETON, et al.,
Plaintiffs,

v.
PUBLIX SUPER MARKETS, INC.,
Defendant.

CASE NO. 8:97-cv-760-T-27E
CLASS ACTION

**NOTICE OF PROPOSED CLASS ACTION
SETTLEMENT AND CONSENT DECREE**

TO: ALL BLACK CURRENT OR FORMER
MANAGEMENT AND NON-MANAGEMENT
ASSOCIATES OF PUBLIX SUPER
MARKETS, INC. WHO HAVE WORKED AT
ANY TIME ON OR AFTER:

- APRIL 3, 1993 AT RETAIL SUPERMARKET STORES IN FLORIDA;
- APRIL 3, 1994 AT RETAIL SUPERMARKET STORES IN SOUTH CAROLINA;
- JANUARY 14, 1995 AT RETAIL SUPERMARKET STORES IN GEORGIA; AND
- JULY 31, 1996 AT RETAIL SUPERMARKET STORES IN ALABAMA

EXCEPT THOSE BLACK ASSOCIATES
WHO HAVE WORKED ONLY IN PUBLIX'S
PHARMACY DEPARTMENT.

READ THIS NOTICE CAREFULLY! IT
MAY AFFECT YOUR LEGAL RIGHTS!

Publix Super Markets, Inc. ("Publix") has agreed to settle an employment discrimination class action lawsuit now pending in the United States District Court in Tampa, Florida. The lawsuit claimed that Publix discriminated against black associates at its retail supermarket stores, and at its warehousing and manufacturing facilities and headquarters operations. Publix denied these claims. The Court determined in March 1999 that the case may proceed as a class action, but only with respect to its retail stores (not including its pharmacy positions). The Court certified seven named plaintiffs as Class Representatives.

THE PURPOSE OF THIS NOTICE IS TO
INFORM YOU OF:

- THE STATUS OF THE LAWSUIT, INCLUDING A STATEMENT OF YOUR RIGHTS WITH RESPECT TO A PROPOSED SETTLEMENT OF THE CASE;
- THE OPPORTUNITY TO FILE A CLAIM REQUESTING A MONETARY PAYMENT;
- THE OPPORTUNITY TO FILE WITH THE COURT ANY OBJECTIONS YOU MAY HAVE TO THE SETTLEMENT; AND
- THE OPPORTUNITY TO EXCLUDE YOURSELF FROM THE MONETARY PORTION OF THE PROPOSED SETTLEMENT BY "OPTING OUT."

1. **The Settlement Class.** Pursuant to Fed. R. Civ. P. 23(b)(2), the Court has certified a Settlement Class for purposes of monetary relief and various forms of equitable relief provided in the proposed Consent Decree, including management promotion goals related to associates' registrations of interest, adjustments to certain tests to lessen adverse impact, and a new discharge review process. The Settlement Class for purposes of equitable relief is defined as follows:

All black management and non-management associates of Publix Super Markets, Inc. who, between the pertinent Class Commencement Date and January 3, 2001, have sought to be promoted or have been discharged from employment in Publix's retail supermarket stores. Excepted from this definition are those black associates who were discharged from, or were employed only in the following Pharmacy Department positions: Pharmacy Manager, Assistant Pharmacy Manager, Pharmacist, Pharmacy Technician, or Pharmacy Clerk. The pertinent Class Commencement Date is as follows: April 3, 1993 for associates who worked at stores in Florida; April 3, 1994 for South Carolina; January 14, 1995 for Georgia; and July 31, 1996 for Alabama.

The definition of the Settlement Class for purposes of monetary relief is the same, except that any class member who "opts out" of the monetary relief is not considered part of that Settlement Class.

If you are included in the Settlement Class as defined above, the proposed settlement may affect your rights. Additionally, you may be entitled to receive the benefits of the proposed settlement, which may include an individual monetary payment.

2. **Reasons for Settlement.** After extensive litigation, the Class Representatives and Class Counsel have concluded that the terms and conditions of the settlement are fair, reasonable, adequate, and in the best interests of the Settlement Class. In reaching this conclusion, the Class Representatives and Class Counsel have analyzed the benefits of the settlement, the risk of an unfavorable outcome to the litigation in this case, as well as the expense and length of continued proceedings necessary to prosecute this action through a trial and possible appeals. Publix does not admit any wrongdoing or liability by entering into this settlement, and has agreed to these settlement terms because it wishes to avoid further costly, disruptive, and time-consuming litigation and desires to obtain complete and final settlement of the claims of the Class Representatives and the Settlement Class members.

3. **The Monetary Payments.** Pursuant to the proposed Consent Decree, Publix has agreed to pay Promotion Monetary Payments totaling \$2,250,000 to qualified Settlement Class members, less certain amounts that Publix may deduct and reserve to defend claims of any "opt-outs." In addition, Publix has agreed to pay individual Discharge Monetary Payments totaling \$5,450,000 to qualified Settlement Class members, less certain amounts that Publix may deduct and reserve to defend claims of any "opt-outs." The qualifications necessary to receive any such individual monetary payments are described in Paragraphs 4 and 5, below. Publix also has agreed to pay Class Counsel's attorneys' fees, costs, and expenses, in the amount of \$2,400,000, and payments of \$55,000 each to the Class Representatives, who are not eligible for any further awards from the promotion and discharge monetary payment pools referenced above. The exact amount of individual Promotion Monetary Payments and Discharge Monetary Payments for eligible Settlement Class members will be determined by the num-

ber of individuals automatically eligible, the number of claims filed by those not automatically eligible, the claims procedure, award eligibility and disqualification requirements, and other limitations set forth in the Decree.

4. **Obtaining a Promotion Monetary Payment.** Most individual Promotion Monetary Payments to qualified Settlement Class members who do not opt-out will be made regardless of whether a Claim Form is filed. All Settlement Class members who were employed by Publix in a full-time status at any time between the class commencement date for his or her state (as set forth at the beginning of this notice) and January 25, 1997, but who were not issued a check by Publix under the settlement agreement in *Kemp v. Publix Super Markets, Inc., Equal Employment Opportunity Commission Case No. 150-92-1508* ("the Kemp Settlement"), may be entitled to an individual Promotion Monetary Payment. You do not need to file a Claim Form to receive this payment, but you must ensure that Class Counsel has your current address.

Regardless of whether you were issued a check by Publix under the Kemp Settlement, you may be entitled to an individual Promotion Monetary Payment in this case if you were not discharged by Publix and were employed by Publix in a full-time status at any time between the class commencement date for your particular state set forth above and September 1, 1998. To qualify for this monetary payment you must have either: (a) registered an interest in promotion under Publix's Registration of Interest (ROI) system on at least one occasion on or before September 1, 1998; or (b) return to Class Counsel a completed Claim Form requesting a Promotion Monetary Payment, postmarked no later than May 3, 2001, which states under penalty of perjury that you are a member of the Settlement Class and were denied a promotion between the class commencement date for your state set forth above and September 1, 1998, and that this denial was, at least in part, because of your race. You cannot qualify for a Promotion Monetary Payment by filing a Claim Form seeking a monetary payment under option (b) if you were employed by Publix on January 3, 2001. If you registered an interest in promotion under Publix's ROI system before September 1, 1998, you do not need to file a Claim Form to receive this monetary payment, but you must ensure that Class Counsel has your current address. If you did not register an interest in promotion under the ROI system before September 1, 1998, or are unsure whether you registered an interest in promotion under the ROI system before September 1, 1998, you must submit a completed Claim Form to receive the full Promotion Monetary Payment for which you may be eligible.

If you believe you may be a Settlement Class member and want to obtain and file a Claim Form Requesting a Promotion Monetary Payment, or if you want additional information, write Class Counsel at the following address or call the toll-free number listed below:

Spriggs & Davis, P.A.
P.O. Box 1856
Tallahassee, FL 32302-1856
800-747-1262

Do not contact either Publix or the Court for advice. Neither Publix nor the Court can advise you or provide information concerning your eligibility for a Promotion Monetary Payment.

5. **Filing a Claim for a Discharge Monetary Payment.** If you were discharged by Publix from a non-managerial position between the class commencement date for your state (as set forth at the beginning of this notice) and January 3, 2001 after at least 90 continuous days of employment, and were at least 20

years old when you were discharged, you may be eligible for an individual Discharge Monetary Payment. If you wish to be considered for an individual Discharge Monetary Payment, you must return a completed Claim Form to Class Counsel, postmarked no later than May 3, 2001, which states under penalty of perjury that you are a member of the Settlement Class, and that you believe that you were involuntarily discharged from employment with Publix between the class commencement date for your state set forth above and January 3, 2001, at least in part because of your race. Notice: Publix has the right to disqualify discharge claimants whose employment was terminated involuntarily due to theft, failing a drug test, engaging in a job-related violation of law, or comparable improper conduct. Such disqualification, however, would be subject to an appeal procedure.

If you believe you may be a Settlement Class member eligible for a Discharge Monetary Payment and want to obtain and file a Claim Form, or if you want additional information, write Class Counsel at the following address or call the toll-free number listed below:

Spriggs & Davis, P.A.
P.O. Box 1856
Tallahassee, FL 32302-1856
800-747-1262

Do not contact either Publix or the Court for advice. Neither Publix nor the Court can advise you or provide information concerning your eligibility for a Discharge Monetary Payment.

6. **Binding Effect.** The proposed Decree, if finally approved by the Court, will be binding on all members of the Settlement Class and will bar any person who is a member of the Settlement Class from seeking class and individual relief from Publix, other than any relief provided for in the Decree, for all claims of alleged employment discrimination on the basis of race with respect to assignment, demotion, transfer, compensation, promotion from part-time to full-time, promotion from full-time to management, promotion within management, and discharge, unless they exclude themselves from (or "opt out" of) the individual monetary portion of the Settlement pursuant to the following procedures.

7. **Opt-Out Procedure.** If you wish to exclude yourself from the monetary portion of the settlement, you must file a written Opt-Out statement with the Clerk of the United States District Court for the Middle District of Florida, 801 N. Florida Avenue, Tampa, Florida 33602. Your Opt-Out statement must be received by the Clerk on or before May 3, 2001. You should note the name of the case, *Middleton v. Publix Super Markets, Inc.*, Case No. 8:97-cv-760-T-27E, on both your Opt-Out statement and on your envelope.

If you opt out of this lawsuit, (a) you will have no right to file a Claim Form or to receive any money under the settlement of this case; (b) you will not be bound by the individual relief portions of the settlement in this lawsuit; and (c) you may bring a separate lawsuit against Publix by yourself. If you opt out of this lawsuit and bring a separate lawsuit, you may lose your case and receive nothing, or you may obtain less money than you can get under this lawsuit even if you prevail, and it may take several years to obtain any such money.

To opt out of this lawsuit, you must submit your full name, address, Social Security number, and a signed and dated copy of the following statement in your own handwriting:

I am a Settlement Class member in the lawsuit of *Middleton v. Publix Super Markets, Inc.*, Case No. 8:97-cv-760-T-27E. I wish to opt out of the monetary portion of the settlement of this case. I understand that by requesting to be excluded from the class monetary settlement I will receive no money whatsoever from

Publix under the Consent Decree entered into by Publix Super Markets, Inc., and the Class Representatives, preliminarily approved by the Court as fair and reasonable on January 3, 2001. I understand that I may bring a separate lawsuit, in which I will not be represented by Class Counsel; however, I understand that in any separate lawsuit I may receive nothing, or I may receive less than I would have received if I had filed a claim under the Monetary Award Procedure in the Consent Decree. I also understand that I cannot seek exclusion from the class for non-monetary relief, and that I will be bound by the class-wide equitable relief provisions of the Consent Decree entered into by Publix Super Markets, Inc., and Plaintiffs, if the Decree is finally approved by the Court.

8. **Objections to the Consent Decree.** If you believe that the proposed Consent Decree should not be finally approved by the Court for any reason, you may submit an objection to the proposed Settlement. If you want to object to the proposed Decree, you must file an objection in writing with the United States District Court Clerk's Office, 801 N. Florida Avenue, Tampa, Florida 33602 on or before May 3, 2001, in which you state the basis of your objection. You must also send copies of your objection and any other papers you file with the Court to Class Counsel and counsel for Publix, addressed as follows:

P. Kent Spriggs, Esq.
John C. Davis, Esq.
Spriggs & Davis, P.A.
324 West College Avenue
Tallahassee, Florida 32301

Dinitia L. James, Esq.
Trenam, Kemler, Scharf, et al.
2700 Bank of America Plaza
101 E. Kennedy Blvd.
Tampa, Florida 33602

You also may appear at the hearing to be held on June 18, 2001, at 1:30 p.m. at the United States District Court, United States Courthouse, Courtroom 13B, 801 N. Florida Avenue, Tampa, Florida to have your objection heard by the Court, but objections not previously filed in writing will not be considered. Any attorney who seeks to represent an individual objecting to the Decree must file a notice of appearance with the Court and serve counsel for all parties on or before May 3, 2001. All objections or other correspondence must state the name and number of the case, which is *Middleton v. Publix Super Markets, Inc.*, Case No. 8:97-cv-760-T-27E.

9. **If the Decree is Not Approved.** If the Consent Decree is not approved by the Court, the conditional settlement will be voided, no money will be paid, and the case will proceed to trial. However, if that happens there is no assurance: (a) that any decision at trial would be in favor of class members; (b) that a favorable trial decision, if any, would be as favorable to the class members as this settlement; or (c) that any such favorable trial decision would be upheld if any appeal was filed.

Dated this 3rd day of January, 2001.

Clerk of Court

SHA

Continued from Page 1A
Commission appoints SHA's board of directors, but the Housing Authority operates under and is funding through federal policies established by HUD. Investigators from HUD Jacksonville conducted a two-

Hudson

week investigation of the fraud allegations, as well as a review of SHA's management practices and policies. Hudson said he expects HUD Jacksonville to release its report in the

next five to seven days. In his letter to SHA, Dale asked for explanations of several allegations made by a group of housing authority tenants and Central Florida Legal Services, which represents the tenants. Dale and the Commission asked the Housing Authority to:

- Investigate a \$65,000 grant Hudson received from Seminole County to build low-cost housing. Hudson admitted his private company TDH & Associates built the homes and then sold them to Hoyte Coleman, a personal friend of Hudson's. Coleman was renting the homes to housing tenants, however, under the terms of the county grant, the homes could only be sold to qualified low-income residents.

"It was a violation because you didn't sell it to a low-income buyer, but that can be resolved," Dale said, noting that county officials were willing to work with Hudson and Coleman to correct the violation.

Hudson agreed and said Coleman was "actively seeking a qualified low-income resident to sell to."

- Explain any private business relationships between

Hudson and Blacksheare. The two are partners in Savvy Ventures, a company Blacksheare said was exploring the feasibility of building a shopping center in the Midway community.

"Don't you have to evaluate Tim? Don't you think there might be a conflict," Dale asked.

Blacksheare said he based his evaluations of Hudson on reports compiled by HUD.

"I'd rather ya'll not have a business together," Dale said, adding that Savvy Ventures had yet to conduct any business. "I'd feel better if you dissolved it."

"That's not a problem," Blacksheare responded.

- Determine whether the E.L. Blacksheare Foundation was legally established. SHA set aside \$50,000 to purchase books and tuition at Seminole Community College and the University of Central Florida for qualified students

Hudson said the \$50,000 had not been used and "every red penny," including interest, was in the bank.

"We emulated this (foundation) program after a Gainesville program," Hudson said. "HUD approved the concept of the foundation."

Hudson said the only connection Blacksheare had with the foundation was its name.

"Mr. Blacksheare was the longest serving black school administrator in Seminole County," Hudson said. "If it weren't for him, a lot of black teachers who are teaching today wouldn't be there. We

named the foundation to honor him."

- Explain why a U.S. Magistrate was considering holding the SHA board and Hudson in contempt of court. Blacksheare said the judge had asked for specific information from SHA. He said a mistake in copying a multipage document had omitted two pages that included information the judge wanted. Blacksheare said the pages would be included in papers submitted to the court on March 6.

- Explain why a \$30,000 check to settle a lawsuit was returned for insufficient funds. Blacksheare said the check was returned because it was drawn on the wrong account. He said the check was not released because of a disagreement with HUD Jacksonville.

During Monday's meeting, Blacksheare pointed out that HUD officials consistently gave the Sanford Housing Authority

scores of 90 or above during the last four management reviews. He also said audits of the Housing Authority conducted by Greene, Dycus & Co. indicated the agency operated according to accepted accounting standards.

"I know there are some very disappointed people

to find out some of this information," said City Commissioner Velma Williams. "They've wanted me to speak against the Housing Authority and Mr. Hudson, but as I said before, I'll continue to support them until it's proven that something illegal occurred. So far, I haven't seen that."

"I know there are some very disappointed people to find out this information. ... I'll continue to support (the Housing Authority) until it's proven that something illegal occurred. So far, I haven't seen that.."

Goldsboro greenhouse

Herold photo by Tommy Vincent

Students, faculty and friends at Goldsboro Elementary School recently held a ribbon-cutting ceremony for the school's new greenhouse. Ben Griffin, center, helped principal Ron Nathan cut the ribbon. Also on hand for the ceremony were Karen Gundal, Floyd Aikens, Janette Malone, Sherry O'Leary, Anjali Mohabir, Laurie Host and Willie Jackson, who built the greenhouse.

Burning

Continued from Page 1A
when the June rainfall begins."

The area in which the ban is now imposed stretches from Gainesville to the southern end of the state, including Seminole, Volusia, Orange and Lake counties.

Counties in North Florida and the panhandle are not subject to the ban because conditions there are not as extreme,

although outdoor wildland burning or vegetative land clearing burning must still be approved by the Division of Forestry in 28 counties.

This is the second burning ban in two years. Last May, the Department of Agriculture and Consumer Services imposed a burning ban throughout Florida.

Since Jan. 1 of this year, Florida

has experienced 1,411 wildfires that have burned approximately 93,000 acres. Up to a quarter of them are believed to have been deliberately set and have been the subject of arson investigations.

Knocties' office maintains an arson hotline, 1-800-342-5869, which provides rewards of up to \$5,000 for information leading to the arrest and conviction of an arsonist.

Police organization holds bicycle benefit March 10

The Fraternal Order of Police, Lodge 121, is assembling a benefit bicycle ride for the families of police officers killed in the line of duty in the State of Florida.

Money raised from this event will be given to the Concerns of Police Survivors (COPS), a non-profit organization designed to

assist the families of slain officers. The officers will also be recognized during the event.

It will be held March 10, starting at 7:45 a.m. The route is from Bahama Breeze in Altamonte Springs, to Planet Hollywood at Walt Disney World.

The ride has been developed

for intermediate to expert riders, since the average speed is expected to be 15 miles per hour for approximately 34 miles.

Traffic control and support units will be supplied.

For details or registration, visit the FOP web site at www.fop121.org.

Director

Continued from Page 1A
 Several goals for the center, including more seminars and field trips. She also wants to get the word out about the facility.
 "I think a lot of people don't realize we are here," she said.
 "We've got a lot to offer, and we want the seniors to know, this is their center."
 The Senior Center, located at 401 E. Seminole Blvd., offers a variety of clubs and classes, including arts & crafts, scrabble, line dance, jazzercise, wood-carving and cribbage. Eltonhead said she would also like to once again offer a dominoes group at the center.
 Monthly clubs include:

Sanford Seniors, the Over 50 Club, Coastliners, the CF Quilters Guild, Senior Friends and Movie Madness. Upcoming day trips include the Lippizzan Stallions on March 6, the River Cruise Getaway on April 3 through April 4, Splendid China on April 25 and a New Smyrna Adventure on May 16.
 The center is also offering AARP Tax Help through April 13 from 9 a.m. to 1 p.m. Tuesdays and Fridays. No appointment is necessary, and first come, first served.
 When Eltonhead isn't busy planning the schedule for the center, she is playing softball or working on her computer. She

also enjoys spending time with her husband, Jack, who is known by many Seminole residents as the performer Jack Elton.
 As for the Sanford Senior Center, Eltonhead plans to continue increasing the number of residents who use the facility.
 "Hopefully one day, we will be so crowded we will have to turn people away," she said.
 Operating hours for the center are Monday, Wednesday, Thursday and Friday from 7:30 a.m. to 4:30 p.m.; Tuesday from 7:30 a.m. to 7:30 p.m. and Thursday from 7:30 a.m. to 10 p.m. For more information, call the center at 407-302-1010.

Prison Ministry banquet set for March 2

Music by Tim and Vicki Glaze of Southern Gospel Evangelistic Ministries and interviews with former inmates will highlight the Good News Jail & Prison Ministry banquet, Friday, March 2, at 6:30 p.m., at the Sanford Civic Center.
 The purpose of the annual event is to inform the public about Good News' work in Seminole County at the John E. Polk Correctional Facility, and recognize the 125 volunteers, one of whom will be honored as "Volunteer of the Year".
 Chaplain Joanne Westmoreland will present the

award. Good News supplies four full-time chaplains at the facility.
 Chief Deputy Steve Harriett of the Seminole County Sheriff's Department will speak on the needs of the ministry.
 Major David Diggs, new director of the facility, will present the "Corrections Officer of the Year" award to an outstanding employee.
 The Rev. Joseph Webb will be program moderator and the Rev. John Williams of Allen Chapel in Sanford will give the benediction.
 There is no charge for the

Italian-themed dinner, but a freewill offering will be received.
 All food items are donated so that any money received will go to the chaplains' work with the inmates according to Senior Chaplain Charles Pitroff.
 The local Good News President's Council, an advisory board, puts on this annual event. Patricia Webb is banquet chairman.
 The ministry does not receive government funding and depends on support from individuals, churches and businesses.

JOHN AMOS STARS IN HALLEY'S COMET

Actor John Amos stars in his remarkable one-man tour de force, *Halley's Comet*. Written and directed by Amos, *Halley's Comet* is the hilarious and moving story of an 87 year old man who shares the memories of a lifetime with Halley's Comet, which he saw 76 years earlier as an 11 year old boy. Amos takes the audience on a spectacular journey from the turn of the century to the present day by transforming himself into a parade of characters to show how the world has changed. *Halley's Comet* is a delightful and inspirational experience for audiences of all ages.

Program recognizes outstanding gobblers

With the opening of spring turkey hunting season — March 3-through-April 8 in south Florida and March 17-through-April 22 elsewhere in Florida — the Fish and Wildlife Conservation Commission (FWC) will introduce something new.

The FWC will issue certificates to sportsmen who bag outstanding gobblers of either of the turkey sub-species in Florida.

To qualify for an "Outstanding Gobbler Certificate: Osceola Subspecies," a hunter must harvest a turkey south of (but not including) Taylor, Lafayette, Suwannee, Columbia, Baker and Nassau counties. The bird must have a beard at least 11 inches long and spurs at least 1 1/4 inches long. Turkeys taken in those counties and points north and west (hunting turkeys in Holmes County is prohibited) will qualify hunters for an "Outstanding Gobbler Certificate: Eastern Subspecies" if they meet the same beard and spur requirements.

In addition, hunters under 16 years old can qualify for a "First Gobbler Certificate" when they harvest a legal gobbler in Florida for the first time, regardless of beard or spur measurements. Applications are available now from the FWC's Wild Turkey Management Section, 5300 High Bridge Rd., Quincy, FL 32351. Officials hope to make them available at selected retailers and the FWC's regional offices in Panama City, Lakeland, Lake City, Ocala and West Palm Beach by the start of hunting season.

Hunters who take turkeys during fall seasons also will qualify for the certificates.

SHUPE'S SCOOP
Now is an excellent time for offshore anglers to get their tackle and boat in top condition. Traditionally good offshore fishing does not begin until May.

FISHING FORECAST

Look for great bass action in the river. Wade fishing is also very good with the very low water levels. River bass tend to bunch up, so wading can be a very effective method of "sneaking up" on fish. I have a "milk run" of wading spots from Puzzle Lake to Hatbill Park, and it is not uncommon to catch and release 20-to-40 bass on a good day. I prefer ultralight spinning tackle rigged with six pound test and a tiny Rapala. The perch finish Rapalas have more paint and lacquer and tend to cast a little better.

Sebastian Inlet has good action with snook, redfish, flounder, trout and redfish. Large live shrimp or finger mullet are the top baits. Large live shrimp fished with a bare leadhead jig are very effective.

Captain Jack at Port Canaveral has little to report in the way of offshore action due to high seas. A few cobia are beginning to show

Silver Hawks soar again

By Dean Smith
Sports Editor

TALLAHASSEE — The Lake Howell girls soccer team accomplished a rare feat in high school athletics Saturday night, repeating as State Champions.

With 3:38 left in overtime, junior Jenny Mulvihill headed in a pass from senior Jill Rice to edge Sarasota 3-2 to win the Class 3A State Championship at the FSU Soccer Complex in Tallahassee.

The Silver Hawks, who won the Class 4A title in 2000, never got caught looking

Lake Howell repeats as soccer state champion

ahead this year, which is usually a downfall to repeating, taking the season one game at a time and focusing on the job at hand.

Lake Howell had opened the season by going 14-0-2 before losing to Satellite

in a shootout in the finals of the Target Classic at Lake Mary.

That loss seemed to galvanize the Silver Hawks, who won their final 14 games, including avenging their loss to Satellite in the Regional finals, outscoring

their foes 67-14 to finish the season 28-1-2.

Lake Howell had advanced to the finals by outscoring Fort Lauderdale-St. Thomas Aquinas 3-1 in the semifinals on Friday.

The Silver Hawks took control of the game immediately when Jenny Mulvihill scored on an assist from senior Brianna Callahan in the second minute of the game. Senior star Piper Seaman gave Lake Howell a comfortable 2-0 lead at halftime when she scored an unassisted

Bears advance

Defending champions earn shot at 'three-peat'

By Henry Uhlenbruck, Jr.
Herald Correspondent

ORLANDO — Winter Springs is set to defend their Class 6A Girls Basketball title and go for a third championship in a row after the Lady Bears defeated Orlando Evans 53-46 in the Class 6A-Region 1 Final Saturday night at the Snake Pit in Orlando.

Winter Springs (28-3), which won the Class 3A State Championship in 1999, will face Region 3 champion Deerfield Beach (27-2) Thursday evening at 8:30 p.m. in The Lakeland Center. In the other semifinal at 4 p.m. on Thursday, Boone (20-9) will take on Miami-Edison (27-6). The Championship Game is set for 7:30 p.m. on Saturday.

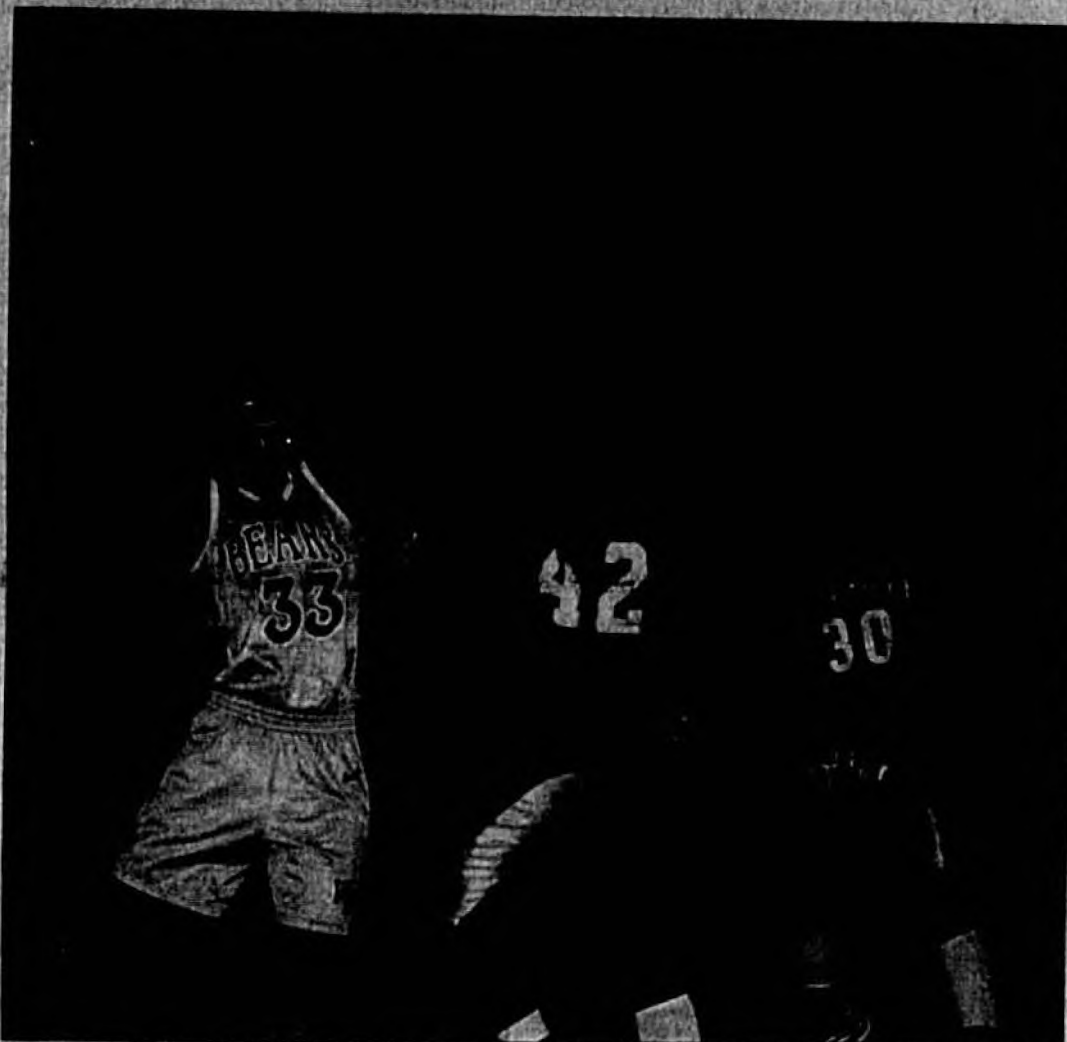

The emotional victory for the Bears capped a season of being overlooked and being told they couldn't do it because it had never been done.

"As I told them they (the rankings) are just a number," said Betsy Hughes, Winter Springs head coach. "It gave them something to strive for."

"We have been the challenger and the underdog all season," said Jen Forst, a senior on the Winter Springs team. "It had been a challenge to prove them wrong."

It was the Lady Trojans that drew first blood but the Winter Springs offense took-off with Forst scoring two unanswered field goals.

Despite the two scores, Forst started sluggish in the first

Herald photo by Art Ziellinski

Winter Springs' Jen Forst (No. 33) battles a trio of Niceville players for a rebound during last week's regional semifinal victory. Last Saturday, the Bears star stepped up with 14 points and 14 rebounds as Winter Springs earned its third straight trip to the State Tournament with a 53-46 upset of No. 3 ranked Evans.

quarter, being called for traveling on several occasions when she was setting up for a score against the tough Evans 2-3 zone defense.

"People were telling me I was moving both my feet," Forst said. She must have listened as after the first quarter she would be called for traveling again.

Other than being behind by one point at the half and a topsy-turvy fourth quarter, it

was Winter Springs in control of the pace of the game.

In the opening moments of the fourth period it did look as though Winter Springs' future was unsure when, leading 39-31, the Bears watched the Lady Trojans score eight unanswered points to tie the score at 39-39.

That was when Winter Springs opened up the offense and pint guard Missy Guadagnino buried a three-pointer to get the Bears mov-

ing again.

In the waning moments of the fourth quarter the lead changed four times in as many minutes.

With the Lady Bears leading 48-46 in the final minute and trying to run out the clock, a crucial turnover gave Evans one final chance.

The Trojans got a good shot with 27 seconds left, but Kawanza Thompson missed a

Seminole girls fall in finale

By Dean Smith
Sports Editor

SANFORD — The Seminole High School girls basketball team saw its hopes of a trip to the State Tournament fade under an Osceola pressure defense in the middle two quarters as they fell 65-55 to the Kowboys in the Class 5A-Region 2 Championship Game Saturday night at Bill Fleming Memorial Gymnasium.

The Fighting Seminoles took a 14-13 lead after the first period, but Osceola dominated the middle two quarters, outscoring the hosts 38-27.

Seminole stayed close for much of the third quarter until the Kowboys' Chantel Thomas scored six straight points to give Osceola an 11-point lead and then moments later gave the visitors their biggest lead of the night, 13 points, when she buried a three-pointer to make the score 51-38 with 1:53 remaining in the third period.

The Fighting Seminoles were also their own worst enemies in the game, turning the ball over 26 times to just 15 for Osceola.

Thomas scored a game-high 22 points, 17 in the second half, as the Kowboys improved to 25-5. Williams added 15 points and Ca. Thomas 14 for Osceola. Coach Sylvester Wynn's Seminole squad ends the season 25-8. Senior Jamala Mitchell paced the Tribe with 14 points, while junior LaQueena Grayson added 10.

KOWBOYS 65, FIGHTING SEMINOLES 55
Osceola (65)
Blazina 6, Williams 15, Ch. Thomas 22, Ca. Thomas 14, Roklan 2, Weiss 6. Totals: 23 12-21 65.

Perfect season comes at a cost

Kindred, Johnson injured in victory over Daytona

By Dean Smith
Sports Editor

DAYTONA BEACH — On paper the Seminole Community College women's basketball team had nothing to gain by winning its regular season finale at Daytona Beach Community College.

But with several 'firsts' on the line, the Raiders played just like they were in a must-win situation and defeated the Falcons, 66-58, at the Lemerand Center Saturday night.

With the victory, the 2000-2001 women became the first team to ever win at DBCC, the first SCC team to ever go undefeated in the Mid-Florida Conference, and handed head coach Ken Patrick his first conference championship in eight seasons at the Raiders' helm.

"Pride, that is what the game was about," said Patrick. "They won by playing intense defense and executing on offense—doing all of those 'little things' that mean so much."

SCC, ranked No. 17 in the nation and No. 3 in the state poll, finishes the regular season with an outstanding 8-0 conference record and 24-6 overall mark as they advance to the state playoffs

seeded first in the Mid-Florida Conference.

Saturday's game started out as a defensive battle between the two very talented teams and the score stayed tight the entire first half, with Raiders leading by a slim 23-20 margin at intermission.

Having first place in the conference, already secured last week, was not something SCC wanted to settle for—the team wanted a clean sweep in the conference.

At half time, the Raiders regrouped and the coaches made a few minor adjustments to the offense which proved to be the right ones as SCC went on an 11-0 run to open up the second half and take a 34-20 lead with 16:04 left in the game. The big gun in the surge was sophomore forward Kiki Kindred with seven points.

The only other sophomore on the SCC roster, Sue Gyartas, played her best game of the season as she had eight blocks and 10 rebounds to go with a 16 point effort on the night. The 6-foot-9 southpaw intimidated DBCC with her size and tremendous wing-span, which led to several forced shots all night.

Kindred finished with a game-high 18 points, including going 8-for-9 at the free throw line, and pulled down 10 rebounds.

Also contributing for the Raiders were Gabby Blankenfield (12 points, five rebounds, four

See SCC, Page 2B

Herald photo by Art Ziellinski

Sophomore Suzy Gyartas (No. 40) had her best game of the season Saturday night, pouring in 16 points, pulling down 10 rebounds and blocking eight shots as Seminole Community College tripped Daytona Beach 66-58.

Herald photo by Art Zellinski

Sophomore Jodi Wood picked up three more victories last week to run her record to 7-0 on the season. SCC went 4-0 against conference teams and 6-0 overall last week to remain undefeated at 13-0.

SCC softball team now 13-0

By Dean Smith
Sports Editor

SANFORD — With two players out with injuries and another two still playing with the M-FC champion women's basketball team, some people were probably figuring the undefeated start by the Seminole Community College was some kind of fluke.

But after going 6-0, including 4-0 against Mid-Florida Conference competition, last week, no one can doubt that this year's crop of Raiders is pretty good.

SCC began the week by sweeping a doubleheader in Palatka on Tuesday against St. Johns River Community College, 4-2 and 5-1, in the conference openers for both schools.

"This was really our first games in which our offense struggled," said SCC head coach Courtney Miller. "We had several hits, but just couldn't put two or three together to drive in more runs and ended up leaving too many runners on base."

"In the first game we had a chance to break the game wide open, but our hitters could never capitalize on the opportunities. Our defense wasn't too sharp either - we

came out pretty flat actually. Fortunately, Jodi's (Wood) pitching kept us in the game, and Liz (Boyce) and Lisa (Field) came up with two big RBI hits in the early innings."

Wood gave up two earned runs on four hits, while striking out three and walking no one.

Boyce led the way offensively with two doubles in two at bats and an RBI. Oviedo's Field was 2-for-3 and drove in a run, while Lake Mary's Lindsey Manz double, scored a run and drove in one, and Kristen Hughes singled, scored a run and drove in one. Kim Stork scored one run.

"The second game we saw a slower pitcher and our hitters' timing was off some," said Miller. "We finally adjusted in the later innings and their defense made a couple of errors when we put pressure on them."

"Lisa (Field) once again had the big hit for us in our three-run inning, driving in two with the bases loaded. Sarah (Reeber) had a great game, allowing only two hits. We botched a pick-off play in the seventh inning which allowed their only run to score."

Digna Abello was 2-for-3 with a run scored and an RBI and Stork was 2-for-4, while Rachelle Schmidt doubled and scored

a run and Megan O'Donnell doubled. Also contributing offensively were Field (1-for-3, two RBI), Boyce (single, run scored), Rachel Bradley and Kathy Noble (one single each), and the Lake Mary duo of Manz and Lauren Cooper scored one run each.

"Even though our level of play was probably the weakest of the season, they hung in there and made the plays when we needed them the most," said Miller. "These are a tough bunch of kids who just won't quit and give up."

The Raiders then picked up their biggest wins of the season, coming within a couple of errors of shutting out perennial conference power Daytona Beach Community College at home last Thursday.

SCC won the opener 4-1 as Wood scattered nine hits an allowing only one unearned run.

Yo Johnson took a break from the basketball team and led the offense, going 2-for-3 with a pair of doubles, scoring two runs and driving in one. Manz had two hits, including a double, scored a run and drove in one, and Blake Hoorelbeke doubled and singled and drove in two runs.

See Softball, Page 3B

Big second half carries Patriots past Lake Mary in boys lacrosse

Special to the Herald

LAKE MARY — In a renewal of the most heated rivalry in Seminole County Lacrosse, the Lake Brantley Patriots continued their recent dominance over the Lake Mary Rams with an 11-3 victory spoiling Lake Mary's home opener at Don T. Reynolds Stadium.

The junior laden Patriots stymied the even younger sophomore dominated Rams, particularly in the second half.

The first half was a very good see-saw battle that saw the Rams leading 3-2 a few minutes into the second quarter. Lake Brantley only held a 4-3 advantage at half time, but the Patriots shut down the Rams in the second half and scored the last nine goals of the game.

The second half was not close with only the heroic efforts of Lake Mary goalie Justin Blinn, who made 16, many spectacular, saves keeping the game close as Lake Brantley outshot the Rams 24-10 in the second half and limited Lake Mary shots to the perimeter while the Patriots buzzed around the cage all evening.

Despite losing the first six meetings in the series

Lake Brantley has now won four straight. It was the opening game of the season for the Patriots, while the Rams fell to 1-1.

Doing the damage for Lake Brantley were Craig Miller (three goals), Jamie Foote (two goals, one assist), Ethan Heintzelman, Chris Lerch, and Matt Schlagheck (one goal and one assist each), Joe Vallone, Jon Force, and Prouse (one goal each), Ryan Pellarin (one assist) and the winning goalie was Jeff Goren.

Contributing for Lake Mary were Jordan Supraner, David Sloan, and Patrick Rauch with one goal each.

The Patriots also claimed the junior varsity contest as an experienced Lake Brantley team overwhelmed a very game but inexperienced Lake Mary squad 9-1. The Patriots continually showed an excellent inside passing game not giving the Rams much of an opportunity.

Doing the scoring for Lake Brantley (1-0) were Javier Veitla (four goals), Michael Blattner (two goals), and Mark Stokes, Chris Kelley, and #11 (one goal each). The winning goalie was Hoffman.

For Lake Mary (1-1) Ron Vanderbecke scored the lone goal.

SCC

Continued from page 1B

Yo Johnson (14 points, seven rebounds), Brandi Davis (five points, seven rebounds), Sherri Harrison (two points), and point guard Narrie Berggren, who only had one point, but had seven assists and continues to blossom as a team leader on the court.

The Falcons (23-8) were led by LaShanta Johnson with 13 points and Trineca McCleod with 12 points.

But things were not all rosy for the Raiders as following the game it was learned that Kindred, who had to leave the game after falling on her back late in the contest, has a cracked tail bone and is questionable for the State Tournament and Johnson suffered a concussion during the game and will miss a few days of practice but should be ready for state.

SCC will travel to Chipola Community College in Marianna for the State Tournament. It will play on Wednesday (March 7) versus the #3 seed from the Panhandle Conference (Gulf Coast, Tallahassee, etc.). The opponent and time for the game will be determined following the Panhandle Conference's Tournament going on this week.

On Monday night in the Mid-Florida Conference Playoffs, DBCC earned a state berth by defeating Florida Community College at Jacksonville, 69-59, and will take on Central Florida Community College, which ousted Santa Fe on Monday, in the finals on Wednesday in Ocala. The winner of Wednesday's game gets the right to meet Southern Conference Champion and No. 2 state-ranked Palm Beach Community College, which only has road losses to DBCC and SCC this season, while the loser gets to face two-time defending state champion and No. 1 state-ranked Gulf Coast Community College.

up, and a few dolphin and king mackerel have been caught further offshore. Inside the Port, expect the usual sheepshead

and flounder. Trout and redfish are slow to fair in the Banana and Indian rivers. Ponce Inlet has steady action with drum, sheepshead, redfish,

bluefish, jack crevella, and redfish. Live or dead shrimp is the top bait. Trout and redfish are fair in Mosquito Lagoon.

Bears

Continued from page 1B
jumper and Genesis Choice could not put back an offensive rebound.

Winter Springs finally controlled the rebound and Guadagnino and Sara Nuxol capitalized on Evans fouls, making five-of-six free throws to seal the victory.

As usual Guadagnino was instrumental in the victory, coming up with several steals and up her teammates for scores. But she also did well for herself, as she led all scorers with 17 points.

Forst, the other returning starter from last year's championship team, had a huge night also with 14 points and 14 rebounds. Richella King was also in double figures for the winner's with 11 points.

Thompson led Evans (29-3), which had eliminated Lake Mary in the first round of the regionals and was ranked No. 3 in the state, with 14 points, while Jones and Doby chipped in with 12 and 10 points, respectively. The Bears did a masterful job on Choice, getting the Trojan star in foul trouble and holding

her to six points.

Briefs

SANFORD BABE RUTH TO HOLD OPENING DAY CEREMONIES

The City of Sanford Recreation and Parks Department will hold Opening Day ceremonies for the 2001 Babe Ruth Baseball Season at the new four field complex at Chase Park (on Celery Avenue a block west of Mellonville) on Saturday, March 3, at 9 a.m.
Call 407-330-5697 for more information.

MIDNIGHT HOOPS SHOOTOUT

There will be a Midnight Basketball Shootout for boys and girls teams March 2-4. Brackets are for teams 9-under, 10-under, 11-under, 12-under, 13-under and 14-under with games being played in Orange and Seminole counties.

All teams (recreation, Jr. Magic, YMCA, Boys & Girls Club, etc.) are welcome.
The fee is \$225 and entry deadline is February 24th.
For details call 407-831-9904.

YMCA OFFERINGS

The Seminole YMCA Family Center, 665 Longwood-Lake Mary Road is offering an Adult 4-on-4 Basketball League. For men and women ages 18-and-up.

The league will have three divisions: competitive, semi-competitive, and recreational. Games are played under modified National High School Federation rules with eight players per team.

The eight-week season runs from April 1st with games every Sunday through June 24th and concludes with a single elimination tournament. Games are officiated by certified referees.

Registration deadline is March 31st. For more information on any of the Seminole YMCA Family Center activities, or to register, call 407-321-8944.

CASSELBERRY PARKS AND RECREATION

Casselberry Parks and Recreation is offering Youth Flag Football and Youth Cheerleading. Flag Football will feature two age groups for boys and girls - 7-to-9 and 10-to-12.

Cost, including uniform, trophy and 10 games, is \$50 for residents and \$60 for non-residents.

Cheerleading, which runs for 14 weeks, also has two groups for both boys and girls - ages 6-to-9 and 10-to-13.

Cheerleaders will cheer at city sports programs.

Cost, including uniform, trophy and pom-poms, is \$65 for residents and \$75 for non-residents.

All games and practices will be held at Secret

LAKE MARY FLAG FOOTBALL LEAGUE

The adult Lake Mary Flag Football League (L.M.F.F.L.) is preparing for the upcoming spring season to be held at the soccer field at the Lake Mary Sports Complex on Rantoul Lane.

The league is 7-on-7, with up to 11 teams, and will play under FRPA Rules.
Games will be played on Sunday's beginning March 11th with starting times of 9 a.m., 10 a.m., 11 a.m., noon, and 1 p.m.

The cost is \$250 per team.
For more information contact Gunnar Smith at 407-324-3097.

GUNS N' HOSES

The 4th Annual Charity Hockey Game to benefit UCP Child Development Centers will take place on Saturday, March 3rd, at the TD Waterhouse Centre in Orlando.

A contest between the Firefighters and Police will be played at 1 p.m. with the Orlando Solar Bears hosting the Cincinnati Cyclones at 7 p.m.
There will be a free buffet at Kate O'Brien's after the Guns N' Hoses game along with a raffle on the Concourse for prizes.

As an added attraction, the Dallas Cowboys Cheerleaders will perform at halftime of the Solar Bears game.
One great price (Lower Bowl tickets are \$12), two exciting games.
For more information call 407-852-3366.

FLORIDA SLAM & JAM TOURNEY

The Florida Slam & Jam Boys and Girls Basketball Tournament will be held in Orlando in early March.

The entry fee is \$225 and the deadline is March 2 for teams aged 9-under, 10-under, 11-under, 12-under, 13-under, and 14-under.

Games will be played in Orange and Seminole county gymnasiums.

All teams are welcome, call 407-463-6273 for details.

ALTAMONTE TENNIS

The City of Altamonte Springs has expanded its Tennis Program.

Bradstreet Tennis now directs Tennis Lessons at both Westmonte and Eastmonte parks.

Lessons are ongoing and a available for all ability levels and ages.

Lake Mary sweeps to Raminole Baseball Classic Championship

By Henry Uffenshauk, Jr.
Herald Correspondent

SANFORD — Lake Mary High's baseball program is off to a smashing start as they have extended their winning streak to

eight by claiming the Raminole Classic title Saturday night on Alumni Field at the Seminole High School Baseball Complex. The Rams have been burning up diamonds everywhere they go as the Raminole was their

second championship already this season. Lake Mary romped to the Big Blue Bonanza title last week. The Rams improved to 8-0 on the strength of the left arm of Adam Sanabria (3-0), who

struck out nine in five innings as Lake Mary defeated Seminole 6-4. Twins Ryan and Kyle Bono combined to go 5-for-5 with three RBI.

The Fighting Seminoles were led by Angelo Petracca, who went two-for-three and drove in a run.

On Friday at home, the Rams had proven once again why they are the team to beat this year, demonstrating how a team can take advantage of even the minuscule of mistakes given to them and make the big score, in a 4-2 victory over previously unbeaten Seabreeze.

Softball

Continued from page 2B Hughes also had two hits and scored a run and Field added a single. Reaber was outstanding again in the second game, hurling a four-hitter and allowing only one unearned run as the Raiders won by the same 4-1 score.

Manz went 2-for-4, including a home run, scored two runs and drove in two. Schmidt also had two hits, including a double, scored a run and drove in one, while Johnson had two singles and scored a run and Field had two hits.

Other than that, the team defense looked solid. The Raiders then took a break from conference play on Saturday and swept a double-header from North Florida Community College, 1-0 and 6-2.

Wood was the winner in the first game, hurling a three-hitter to raise her record to 7-0. SCC only had five hits in the opener with Manz going 2-for-3 and driving in Boyce with an unearned run in the sixth inning.

Noble, Field and Bradley had one hit each for the Raiders. The SCC bats came alive in the nightcap, ripping the ball for 11 hits. Reaber was the winner, giving up two runs on six hits to raise her record to 6-0.

Hoorelbeke was 2-for-4 with a double, one run scored and one RBI, Boyce was 2-for-3 with a double and a run scored, and Hughes was 2-for-4 with a run scored and two RBI to lead the Raiders attack.

Also contributing were Manz (1-for-2, double, two runs scored), Field (1-for-3, two RBI), O'Donnell (single, RBI) and Michelle Miranda (single, run scored).

SCC is now 13-0 on the season and was to have played an important conference double-header in Gainesville against Santa Fe Community College on Tuesday. The Raiders will return home for an M-FC doubleheader against Lake-Sumter Community College on Thursday beginning at 2 p.m.

Lake Mary leadoff batter Matt Horwath opened the bottom of the first inning with a single to left field. Two outs later, Horwath stole his second base of the inning and scored easily when the Sandcrabs catcher sailed his throw into left field.

In the third inning, the Rams got a good start by having the first two batters, Horwath and Tim Brown, get on by walks. Chad LeGate then forced Brown at second, but Ryan Bono hit a bloop chip shot to left field to score Horwath.

Kyle Bono then got a base hit to right field loading the bases and Robert Yero got a big hit scoring LeGate. Also on the play an error at third base allowed Ryan Bono to score.

That was all the runs Lake Mary would need to win as Seabreeze only got one run in resulting from a two-out single to left by designated hitter Steven Will that scored Randy Pruitt.

The Sandcrabs added another run in the sixth inning, but it wasn't nearly enough as the Rams' defense, led by pitcher Steve Apfel, kept the visitors at bay.

Apfel finished the game strong, striking out all three Seabreeze batters, looking in the seventh inning.

The Sandcrabs added another run in the sixth inning, but it wasn't nearly enough as the Rams' defense, led by pitcher Steve Apfel, kept the visitors at bay.

Apfel finished the game strong, striking out all three Seabreeze batters, looking in the seventh inning.

Apfel finished the game strong, striking out all three Seabreeze batters, looking in the seventh inning.

Apfel finished the game strong, striking out all three Seabreeze batters, looking in the seventh inning.

Soccer

Continued from page 1B goal in the 28th minute.

The Raiders tried to mount a comeback, scoring three minutes into the second half on an unassisted goal from Nikki Nicosia, but the Silver Hawks got an insurance score from junior Heather North on an assist from senior Randi Holcomb in the 79th minute.

Lake Howell actually trailed in the final as Cally Morrill scored on her own rebound in the eighth minute to give the Sailors (26-3-3) a 1-0 lead.

2001 FHSAA FLORIDA GIRLS SOCCER FINALS

CLASS 3A CHAMPIONSHIP

SILVER HAWKS 3, SAILORS 2, overtime

Sarasota	1	1	0	0	2
Lake Howell	1	1	0	1	3

Goals: Sarasota 2 (Cally Morrill, 8th minute; Terry Schuetz, 41st minute); Lake Howell 3 (Jill Rice, 26th minute; Jenny Mulvihill 2, 71st minute and 97th minute). Assists: Sarasota 1 (Kristen Gambetta); Lake Howell 3 (Jill Rice 2, Mindy Mulvihill). Shots on goal: Sarasota 8; Lake Howell 17. Saves: Sarasota 15; Lake Howell (Kim Angel) 4. Corner Kicks: Sarasota 2; Lake Howell 9. Records: Sarasota, 26-3-0; Lake Howell 28-1-2.

Senior Jill Rice answered for the Silver Hawks in the 26th minute when she blasted a pass from sophomore Mindy Mulvihill into the left side of the net. Sarasota regained the advantage early in the second half when Teryn Schuetz scored on a pass from Kristen Gambetta, but Lake Howell forced overtime when Jenny Mulvihill scored on an assist from Rice in the 71st minute. After battling through one scoreless overtime, Jenny Mulvihill finally got open for the game winning header and the celebration was on. The Silver Hawks are led by head coach Didier Menard, assistant coach Jean Varas and trainer Josh Holcomb. Making up the Lake Howell roster

BLUE CHIP GIRLS HOOPS SHOOTOUT

Blue Chip Girls Basketball Shootout is coming to the University of Central Florida on Sunday, March 11th.

Registration is between 8 a.m. and 8:30 a.m. and games will begin at 9 a.m.

This one-day shootout is a high exposure event designed for the student-athlete who aspires to play at the college level. Each athlete will have the opportunity to compete against quality competition during the NCAA "live" period for college recruiters.

The athletes will play three games on teams that are coached by area basketball coaches.

For additional information or for an application, please call the site director, Steve Morton, at 407-359-8534, or Sports Camps Inc., at 610-446-3636.

TEAM FLORIDA BOYS AAU HOOP TRYOUTS

Team Florida, an elite AAU all-star boys basketball traveling team, is currently looking for the best players in the state between the ages of 9-and-17.

NBA stars Vince Carter and Tracy McGrady are former Team Florida members. Age groups are: 9 (3rd Grade); 10 (4th

Grade); 11 (5th Grade); 12 (6th Grade); 13 (7th Grade); 14 (8th Grade); 15-and-Under; 16-and-Under; and 17-and-Under.

For details and tryout information call 407-831-9904 during the day and 407-463-6273 in the evenings.

TEN STAR ALL-STAR BASKETBALL CAMP

Applications are now being evaluated for The Ten Star All-Star Summer Basketball Camp.

Boys, ages 8-to-19, and girls, ages 10-to-19, can apply. Players are selected by invitation only.

Past participants include: Michael Jordan, Tim Duncan, Vince Carter, Jerry Stackhouse, Grant Hill, Bobby Hurley, Antawn Jamison, Christian Laettner, Tom Gugliotta, and Trajan Langdon.

Camp locations include: Babson Park; Redlands, Ca.; Thousand Oaks, Ca.; Sackville, N.B., Canada; Gainesville, Ga.; Champaign, Ill.; Macomb, Ill.; Greencastle, Ind.; Aichison, Ka.; Midway, Ky.; Hillsdale, Mi.; St. Paul, Mn.; Fayette, Mo.; Rochester, N.Y.; Boiling Springs, N.C.; North Canton, Oh.; Lock Haven, Pa.; Bristol, R.I.; Lebanon, Tn.; Commerce, Tx.; Fort Worth, Tx.; Blacksburg, Va.; and Olympia, Wa.

For an evaluation form call 704-568-6801 ANYTIME.

THE LAST TIME YOU SAW MOVES LIKE THIS WAS DURING THE MARS EXPLORATION.

All-wheel steering. Pretty impressive for a lawn tractor. The LX277 All-Wheel-Steer Tractor turns in all of the right circles and leaves an extra-tight 7-inch-radius uncut circle.

Enjoy big-tractor features without the big-tractor price. With automatic two-pedal-control transmissions for effortless speed and direction changes, it drives just like your car.

See your local John Deere dealer today for more details and remember **Nothing Runs Like A Deere.**

► **LX277 Lawn and Garden Tractor**

- All-Wheel Steering • 17 hp
- 48-inch Convertible mower deck
- Automatic transmission

\$5149 as shown*
