Shinholser Takes Over As Kiwanis President For '57

A. L. Wilson yesterday bowed out as president of the Sanford Kiwanis Club as he presented glasses (for better vision), an oil Edwin Shinholser a pair of can (to keep his new organization running smoothly) and a bottle of 100 aspirin tablets (two for each meeting).

Then, because of precedent and annual custom, with Fifth District Lt. Gov. Oakley Seaver presiding, the new president's pin was handed from past president to post president until Wilson pinned the 30-year-old Kiwanis Emblem on Shinholser's lapel.

"It is a great privilege to induct all of you into your offices and wish for you a successful 1957," said Seaver following the induction into office of the Sanford Kiwanis Club's committee chairman, Board of Directors, and officers.

Shinholser, on receiving the pin told the club "I am deeply appreciative of the honor you have given me and the responsibilities I have."

"The report we heard last week was a report of a marvelous follow-up of the success of previous years. I ask that you give me just as much cooperation and assistance as you have given them. All that I do is for (Continued On Page 3)

A. L. WILSON receives his past president's pin from Lt. Gov. Oakley Seaver of the Florida Kiwanis Club's Fifth District while incoming president Edwin Shinholser looks on. Shinholser received the president's pin that has been used continuously since the Sanford Kiwanis Club was founded. (Staff Photo)

Congress Convenes Today

WASHINGTON (AP)—The Democratic-controlled 85th Congress convened today to wrestle with civil rights and U.S. policy in the Middle East.

These were the top priority issues as the Senate and House met at noon to start a session in which they will act on proposals of President Eisenhower's second Republican administration.

In advance of today's session Senate Democrats picked veterans Sen Carl Hayden (Ariz.), son "Dean" of the Senate in seniority for president pro tempore to succeed retiring Sen Walter F. George (D-Ga.). Senate Democratic Leader Lyndon B. Johnson (Tex.) was re-elected and Sen. Mike Mansfield (D-Mont) was elected whip to succeed defeated Sen. Earle C. Clements (D-Ky.).

Other nominations by the Democrats included Filon M. Skelton Johnson for secretary of the Senate, Joseph C. Duke for sergeant-at-arms, and Robert G. Baker for secretary for the majority. All are incumbents.

Senate Republicans elected Sen Levereit Saltonstall (Mass) chairman of their conference, which is made up of all GOP senators. He succeeds Sen. Eugene D. Millikin (Continued On Page 3)

Eden, France Reject Soviet Disarmament Conference Request

LONDON (AP)—British Prime Minister Anthony Eden today joined France in rejecting "in the present circumstances" a Soviet request for a five-power disarmament conference.

Action Prospects On Major Issues Facing Congress

WASHINGTON (AP)—Prospects for action on major issues facing the 85th Congress:

"Eisenhower Doctrine"—Congress almost certainly will grant the President's request for advanced authority to use American troops, if necessary, to block possible Soviet aggression in Middle East.

Schools—The President will push hard for big federal outlays to help communities build public schools. A similar bill failed in the last Congress when an anti-segregation amendment was added.

Negro rights—House passage again seems assured for the administration four-point civil rights program. But it faces a threatened filibuster by Southerners in the Senate.

Farm—Congress is almost certain to approve an administration plea for relaxed plantings controls on corn farmers to avert threatened collapse of their price support program.

Foreign Aid—Funds sought by Mr. Eisenhower probably will be cut sharply. Some lawmakers contend that Congress is more likely to cut funds below the \$2.7 billion granted last year than to boost the outlay to the \$4.4 billion administration will seek.

"Tight money"—This issue will break out on several legislative fronts. The administration probably will touch off bitter fight by asking that interest rates on government-guaranteed mortgages on new "GI" housing be raised to 5 per cent from present 4.5.

Immigration—Legislation to keep U. S. doors open temporarily for Hungarians and other refugees has good chance.

Postal rates—Renewed plea for higher rates to eliminate Post Office deficit faces uncertain future.

Taxes—The average person can't expect any relief. Democratic leaders and administration will oppose general tax relief for fear it would create budget deficit and increase inflationary pressures.

Laramie Gets 1st Woman Mayor

LARAMIE, Wyo. (AP)—The old West is dead, for sure. The man from Laramie is now a lady.

Mrs. Josephine Fay was elected by the City Council unanimously as Laramie's first woman mayor Wednesday night.

She has handled the city's purse strings for the past two years, anyway, and the men decided to give her the gavel, too.

Outgoing Mayor Carroll Mohr escorted Mrs. Fay to the chair, then took a seat on the audience. "I want to thank you for the confidence you've placed in me," Mrs. Fay told the council. Then she turned to the business at hand. But she never once used the gavel.

Reapportionment Problem Tackled By Revision Group

OCALA (AP)—The Constitutional Revision Commission today tackled its most controversial problem—reapportionment—while members of the Legislature awaited a decision by Gov. LeRoy Collins as to when the new state charter will go before the Legislature.

The revision committee, led during the holidays by the late Sen. J. P. Hamilton, tackled the long-reapportionment question along with suggested provisions for initiative, referendum and recall. All items at today's meeting were expected to get a thorough going-over when the charter finally goes before the state's lawmakers.

Circuit Judge Wallace Sturgis, Ocala, who heads the revision commission, is one of the state leaders who will meet with Collins at Tallahassee next Wednesday to determine whether constitutional revision should be handled in a special session or regular session of the Legislature.

Collins has three alternatives open to him to get the revised draft before the Legislature: a special session prior to the regular April session; consideration at the regular session; a special session after the regular session.

The revision commission has suggested the re-write be considered at an extraordinary session after the regular session, but Collins indicated a special session prior to the April convening time would be expedient because other law changes would be based on the constitutional provisions.

A lot depended on Eden personally on how he manages to guard Britain's interests in the Middle Eastern oil fields and how he bolsters his own prestige at home in the months ahead.

They will be difficult months because of the gasoline shortage and its chain reaction effect on prices, the dollar shortages and the customary political holdovers confronting a prime minister in midwinter.

Plant Remaining In Operation Despite Walkout

DADE CITY (AP)—The Pace Packing Co., largest citrus processing plant in the world, remained in operation today despite a union walkout of some 1,500 workers.

C. P. Hamilton, company attorney, said there was some picketing but no workers were being stopped from returning to their jobs if they wished.

The employees, members of the United Citrus Workers Union, went on strike Wednesday over wages and working conditions.

Larry Larson, international representative for the union, said that only supervisory personnel and a few employees were running the plant.

Education Board Convenes Tuesday

The Seminole County Board of Education will meet next Tuesday morning at 10 o'clock, according to Superintendent of Public Instruction R. T. Milwee.

"This will be an organizational meeting," said Milwee, "and will be held at the Educational Building on Commercial Ave."

The Board of Trustees, said Milwee, will meet next Monday afternoon at 4 o'clock for its organizational session.

Top News In Brief

WASHINGTON (AP)—President Eisenhower today prepared for personal delivery to Congress—probably Friday—his plea for standby authority to use troops if necessary to keep Russia out of the Middle East.

UNITED NATIONS, N. Y. (AP)—The General Assembly's main Political Committee today took up the special problem of striped borders today despite objections by the Soviet Union and India.

VIENNA (AP)—Rebellious workers councils are openly defying the Communist regime by refusing to fire idled employees in the nationalized Hungarian factories, it was reported today.

WASHINGTON (AP)—President Eisenhower has challenged Russia to make a "significant" contribution to world peace by pulling its armed forces out of Hungary. The President sent his challenge directly to Soviet Premier Nikolai A. Bulganin.

Longwood To Install Officials Tonight

A new town Mayor, a town clerk, tax collector, and two new councilmen will be installed in their offices tonight at the first Town Council.

Olin Elgin, newly elected Mayor; Mrs. Joy Crocker, the new Town Clerk; Roger Crocker, newly elected Tax Collector; Elston Williamson and Homer Scott, new Councilmen, will be sworn in tonight following a meeting of last year's Town Council when old business will be taken care of and the old year closed out.

Re-elected to the five-member Longwood Town Council were R. C. Carlson, James Ritter, and Samuel Johnson.

Retiring Mayor of Longwood is Daniel Screemy, the outgoing town clerk is Chris Morrison, and the retiring Longwood Tax Collector is Mrs. Charles Morrison.

The meeting tonight will be held at 8 p. m. Outgoing officials will take over leadership of Longwood at what is said to be "the community's greatest growth."

Reports revealed today say that during 1956 Longwood has realized the building of three new homes each week, the starting of a new subdivision, and plans underway for new paved streets.

Canadian Pacific Railway Operations Tied Up By Strike

MONTREAL, Que. (AP)—The coast-to-coast operations of the Canadian Pacific Railway were tied up today by a strike of 2,800 firemen. Picket lines were honorably by all other operating employees.

Prime Minister Louis St. Laurent, who spent the holiday in Quebec City while his cabinet aids tried unsuccessfully to persuade the Brotherhood of Locomotive Firemen and Enginemen to call off the strike, listed the rail dispute as the top item for discussion at the cabinet's first 1957 meeting today. The strike began Wednesday afternoon.

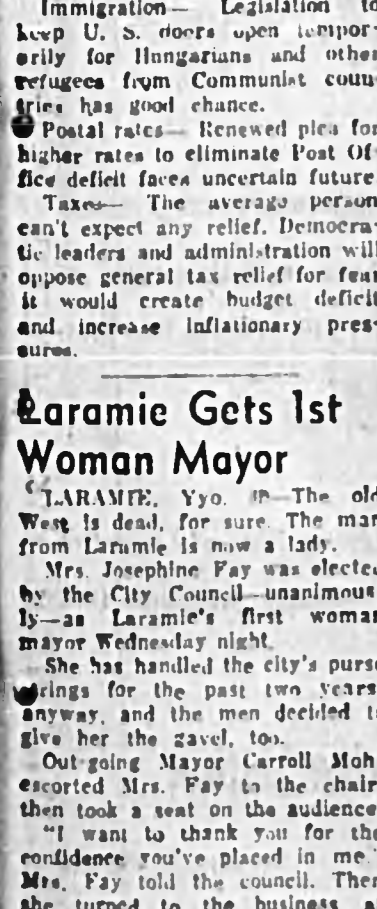

The strike issue centered around the use of firemen on diesel trains. The railway contended that firemen-helpers were unnecessary on yard and freight diesel locomotive service. The union argued that firemen were needed if diesel engines were to operate safely and efficiently. A federal conciliation board's majority report ruled last month mostly in favor of the company.

HORSES COME BACK
CHICAGO (AP)—Horse-drawn vehicles are making a comeback in Chicago. City Collector William T. Prendergast said licenses issued to horse cars in 1956 climbed from 72 to 73.

Weather

Fair through Friday; slightly warmer in the central portions.

Crimes Should Be Brought Out In Open So That Punishment May Be Enforced

The United States is doing very well economically. It is making progress in various social and cultural fields. It is taking a firm hold on the new-found responsibility for leadership in world affairs.

In one respect, however, the United States is not doing as well. Data available at this point indicate that another record for the number of major crimes committed in this country was made during 1956. This is not a record to be proud of, or complacent about.

The final figures on 1956 crime will not be available for some months. But the Federal Bureau of Investigation has reported to Attorney General Brownell that approximately 2,287,000 major crimes were committed during 1956, an increase of 10.5 percent over the 2,066,000 major crimes in 1955.

The sociologists and criminologists have many answers to the question: Why does major crime keep rising during boom times in the most prosperous nation on earth?

The search for true answers to this question must go on so that the hidden outbursts in crime are spawned may be brought out in the open. It is apparent that the nation and most of its communities need to devote more attention to enforcement of the law. That is the only way to keep a mounting crime rate under control while we are improving our society to curb law-breaking at its source.

The challenge directed to law enforcement agencies in the nation's communities is not one to be taken lightly. Crime begins to break when breaking the law is considered to be a minor infraction. Crime begins to break to larger and graver pastures.

And the schools for such crime exists in the adolescent ages of our own nation's population—the age when youngsters realize that they can "get by" with the lawless means behind the cloak of the "juvenile laws" which now exist in many of our states.

Until the hotbeds are rid of the major criminologists of our nation will continue to have to deal with mounting stages of vandalism and major crime.

Only yesterday, law enforcement officers reported that there was only one "violation" over the New Year celebrations and that was by juveniles which prevent us from releasing it.

We cannot hide crime and expect a remedy. It is only when the details are laid out

Italy's Red Party In Trouble

By CHARLES M. MCCANN
United Press Staff Correspondent

ROME, Jan. 3.—The Italian Communist Party, the largest in Europe outside the Iron Curtain, is in serious trouble.

It is losing heavily in the card-carrying membership. It is losing out in the leadership of the great Italian labor unions where it was dominant for years.

It is being torn by a big internal fight, which may develop into a "great" to the leadership of the Italian Communist Party.

Ike Faces Congress Under Handicap

By LYLE C. WILSON
United Press Staff Correspondent

WASHINGTON, Jan. 3.—President Eisenhower is confronted by a new Congress controlled by the opposition under a handicap never imposed on any president.

The handicap is the great American split over the Korean war, which bars Mr. Eisenhower from a third term. Not that Mr. Eisenhower would likely be asked to accept a third term.

But party-hungry politicians are more likely to go along with the policies of a president who has a potential, even if unlikely, chance to be re-elected than with a president who must vacate 1800 Pennsylvania Avenue at the end of his term.

Mr. Eisenhower must meet out no later than 12 noon on Jan. 20, 1961, and everyone knows it. A considerable number of persons believe they already have spotted the man—at least the man who will get the Republican Party's presidential nomination.

He is, of course, Vice President Richard M. Nixon. If political events during the next year or two support the judgment of those who see Nixon as the next Republican leader, things might get a bit sticky for Mr. Eisenhower. Two party leaders in the House of Representatives at the top could be both embarrassing and politically disastrous, especially since each party's own members are being forced to support the other.

Mr. Eisenhower would still hold the powers of office. But the younger man would have the advantage of a chance to gain the voters during the immediate years to come. There's nothing in Nixon's conduct to suggest that he would welcome or further such a situation.

Mr. Eisenhower's own members are being forced to support the other. Mr. Eisenhower would still hold the powers of office. Social Events

Mrs. Sanders, V. E. Haninger Wed Monday

On Monday, Dec. 31 at 11 a.m. Mrs. Naomi June Sanders became the bride of Victor E. Haninger in the pastor's study of First Baptist Church, with the Rev. W. F. Haninger as officiating the single ring ceremony.

Mr. Haninger's daughter, Mrs. Jeanette Jandula of Sanford, was matron of honor and Irving Prysor was best man.

An out-of-town guest was Mrs. Sophie Michala of Chicago, Ill., a close friend of the Haninger family.

After the wedding Mrs. Irving Prysor served light refreshments to a few intimate friends of the couple at Mrs. Jandula's home.

The wedding party later went to the Mayfair Inn for lunch and to the home of Mrs. Haninger left for Arlington, Va., where they will reside. Both Mr. and Mrs. Haninger are officials of the U. S. Government in Washington, D. C.

Over 350,000 Immigrants Come To U. S. In '56

WASHINGTON, Jan. 3.—The Immigration Service has reported that more than 350,000 immigrants came to the United States last year in the greatest wave of immigration since 1955.

Commissioner J. M. Swing said the highlights of the nation's immigration program during 1956 were: 350,000 immigrants came to the United States last year in the greatest wave of immigration since 1955.

Commissioner J. M. Swing said the highlights of the nation's immigration program during 1956 were: 350,000 immigrants came to the United States last year in the greatest wave of immigration since 1955.

Quotes From News

BY UNITED PRESS

PROVIDENCE, R. I.—Senator Charles McNair, Republican candidate for governor of Rhode Island, said in an interview that the radical right position a few years ago, in 1954, there was grave fear throughout the free world that the Communist Party would be elected to the national parliamentary election.

He said that opposition leaders were checked off at the party congress and that the election which confirmed Tito's leadership was pitted.

By the result, the Communist Party for the Naples area, from which Reale came, voted last week and

AEC Turns Down Orlando, U of F Plant Proposals

WASHINGTON, Jan. 3.—The Atomic Energy Commission has turned down a proposal to build a uranium enrichment plant in Orlando, Fla., and a fast breeder reactor in the city of Orlando, Fla., and a fast breeder reactor in the city of Orlando, Fla.

The commission rejected the Orlando proposal as a basis of contract negotiations because the feasibility of the plant type has not yet been established. It turned down the University of Florida proposal because it would make only minor contributions to the development of economic nuclear power.

The rejected proposals and four on which contracts are being negotiated are being reviewed by the Atomic Energy Commission.

Eden May Call Off Visit To Moscow

WASHINGTON, Jan. 3.—The State Department is expected to call off his scheduled spring visit to Moscow by British Prime Minister Anthony Eden.

The State Department is expected to call off his scheduled spring visit to Moscow by British Prime Minister Anthony Eden.

Agriculture Dept. Gives Year-End Operations Review

WASHINGTON — The government has reported that more than 60 per cent of federal-owned farm commodities disposed of since 1953 brought cash on the barrelhead.

The Agriculture Department said in a year-end review of surplus disposal operation that the percentage of 1956 dollar sales has gone up recently.

For the first quarter of fiscal 1957 July through Sept. 30, dollar sales rose to 71 per cent of the total distribution. For the July 1953-September, 1956 period, the dollar sales percentage was 61.

In addition to sales for cash, large volumes of surplus commodities moved out of the Commodity Credit Corp. inventory through special programs. These disposals were by sales for foreign currencies, barter, transfers to other agencies, and donations.

Department officials were jubilant over the dollar sales. In addition to reducing the surpluses which depress markets, the cash sales cut down on storage costs.

The departments noted that largely through cash sales, CCC inventories of several commodities have been drastically reduced or completely depleted. There is a "sold out" sign on butter, cottonseed oil, linseed oil, seeds, and dry edible beans. Rice inventories are all committed for sale. Wool is being sold into market channels in steady volume. The same is true of cotton.

Barter operations have disposed of more than 500 million dollars worth of farm commodities at export barter commodity, accounting for more than 40 per cent of the total on value basis.

Deaths By Fire Lower This Year

BOSTON — An estimated 10,000 persons were killed by fire in the United States during 1956—75 fewer than in 1955.

The decrease was the largest for any year since World War II, the National Fire Protection Assn. has reported. General Manager Percy Hughes attributed the reduction to a "substantial growth in the general public's awareness and of adherence to the simple rules of personal fire safety."

Total dollar value of property destroyed by fire in 1956 was a record \$1,250,000,000. The 1955 total and previous high was \$1,160,788,000.

Of the total loss in 1956, \$1,080,000,000 represented loss to buildings and contents. The other 200 million loss in aircraft, motor vehicles, forest and other non-building fires.

Biggest fire of the year was the Malibu, Calif., conflagration. The NFA said the Malibu loss is expected to exceed the 18-million-dollar Brooklyn, N. Y., pipe fire and explosion of Dec. 2.

Filibuster Drive Is Headed For Almost Certain Defeat Today

Band To Take Part In Inaugural Rites

The Seminole High School Band will go to Tallahassee next Tuesday to take part in the Inaugural Ceremonies.

J. Dan Wright, chairman of the Inaugural Committee of the Seminole County Chamber of Commerce, said today that the band will be sent to Tallahassee for the inaugural of Gov. LeRoy Collins under the auspices of the local CoC Inaugural Committee.

"Seminole County certainly wants to recognize the Governor and we want to take part in the activities during the inaugural ceremony," Wright said this morning.

Bandmaster Ernest Cowley said today that "the band is excited over having the opportunity to take part in the Governor's inauguration. I think that they'll do a good job of representing Sanford and Seminole County."

Wright would like to publicly thank those who are making it possible for us to go," Bandmaster Cowley said.

State Turnpike Authority Again Upheld By Court

TALLAHASSEE (AP)—The Supreme Court today for the third time upheld the State Turnpike Authority in setting the northern terminus of the state-long turnpike at Tisonia northwest of Jacksonville.

The court said every question concerning the route of the pipe and the proposed 185 million dollar bond issue to extend it from Fort Pierce to Tisonia has been decided in previous rulings and "no useful purpose could possibly be served by undertaking an elaboration on those opinions."

The present suit was brought by a group of Jacksonville and St. Augustine residents who filed simultaneously in both Duval and Broward counties. The Duval suit was rejected last year, and the court today upheld the action of Broward Circuit Judge James H. Walden in dismissing the Broward suit.

Ex-Convict Tells Plot To Assassinate Former President

ALBEMARLE, N. C. (AP)—A former ex-convict, the brother of the first U. S. soldier killed in Korea, says he plotted to assassinate former President Harry S. Truman.

The story was told in his jail cell here by Leroy Shadrick, 32, of Skelton, W. Va., who claims his "troubles began" when his brother, Pvt. Kenneth Shadrick, was killed in Korea July 5, 1950.

He told reporter Fred Morton of the Stanley News and Press that he heard "a voice" directing him to assassinate Truman, and said he planned to do it on the seventh anniversary of his brother's death.

Shadrick, himself a former GI in Korea, said he had been treated in several mental institutions after his mind "blacked out" in Japan. He also served an 18-month federal income tax evasion charge, and was released from the Lewisburg, Pa., federal reformatory only a few days before a holdup attempt here.

Shadrick told Morton he went to Independence, Mo., last March to "pass" the Truman name, then bought a shotgun and ammunition.

Shadrick told Morton he holds Truman "directly responsible" for his brother's death. He also said he planned to try to kill Gen. Douglas MacArthur "if Truman is dead when I get out of prison."

E. German, Russian Top Leaders Begin Relations Talks

MOSCOW (AP)—Top leaders of East Germany and Russia began formal talks today on future relations between the two nations.

Soviet Premier Nikolai Bulganin and East German Premier Otto Grotewohl faced each other across the conference table as the events began the two nations.

Although there was no official announcement of the subjects under discussion, it was believed economic questions received top priority.

All signs in recent weeks indicated the East Germans were concerned with economic problems which have been aggravated by events in Hungary and Poland.

Offices To Close For Inauguration

TALLAHASSEE (AP)—All state office activities here will be suspended from 9:30 to 3 p. m. next Tuesday as employees may attend the inauguration of Gov. LeRoy Collins.

The Cabinet agreed to the suspension of work but said it would not be a holiday. Employees may hear Collins' inaugural address, take part in the official reception and watch the parade.

Executive To Consult With Local Realtors

Richard H. Eggers, field executive of the National Association of Real Estate Boards, will spend next Thursday in this community consulting with local Realtors and other business leaders, Raymond M. Ball, president of the Seminola County Board of Realtors, announced today.

Eggers travels from the Washington, D. C. office of the association, which has its headquarters in Chicago.

During his visit, Eggers will address a meeting of the Seminola County Board of Realtors at 12:30 p. m. at Jim Spencer's Restaurant, according to Ball. He will speak on "Good Business Ahead in Building Better Communities."

"We are looking forward to Mr. Eggers' visit," Ball said, "not only for the information that he will bring us about our own business, but for the opportunity we will have to show him our community and discuss with him its future. We are proud of and hope that he will find occasion to refer to it in his visits to other local boards in our state and neighboring states."

Prior to his service with the Realtors' association, Eggers was a national field representative of a welfare organization. During World War II, he was in the submarine service of the Navy.

At a meeting last night of the Seminola County Board of Realtors held in the office of the St. Johns Realty Co., a new slate of officers were elected for 1957.

Heading the local organization as president will be Raymond M. Ball, H. S. "Les" Arnold of Longwood will serve as vice president, Mrs. Laura Olier was chosen as secretary, and A. B. Peterson Jr. was elected as treasurer.

RICHARD H. EGGERS

Official Denies Agreement Made On Export Problem

TOKYO (AP)—Foreign Minister Nobusuke Kishi denied today that a U. S.-Japanese agreement has been reached on the controversial problem of Japanese cotton textile exports to America.

Japanese press reports said such an agreement had been reached at the U. S.-Japanese cotton talks in Washington, under way since last September.

"Such reports are completely groundless," the foreign minister told U. S. Ambassador John M. Allison at a meeting here Friday afternoon. "The press reports... have nothing whatsoever to do with the position and views of the Japanese government."

Some of the press reports said Japan would announce today temporary restrictions on her cotton textile exports to the United States.

FAULTY FURNACE FIRES FIRM

...ATLANTA, Ga. (AP)—The Heland Furnace Company explained today that a minor fire which broke out in a faulty furnace at its headquarters was not due to one of the firm's products.

Safe Cracked In Series Of Oviedo Incidents

Top News In Brief

WASHINGTON (AP)—House Democratic leaders have made the No. 1 bill of the new Congress a 3 billion dollar federal program to help build the new public schools.

BALBOA, Canal Zone (AP)—The United States was reported today to have turned down a Soviet request for navigational charts of the Caribbean Sea for Russian ships forced to use the Panama Canal because of the blocking of the Suez Canal.

UNITED NATIONS, N. Y. (AP)—The United States was expected to ask the United Nations today to make new efforts to unify Korea by peaceful means.

VIENNA (AP)—The Soviet-imposed James Kadar regime began the third month of its uneasy reign over Hungary today, still unable to quench the fires of freedom.

TALLAHASSEE (AP)—The State Cabinet has approved a branch prison near Avon Park in an effort to ease the jam at Ralston and has given State Prison Director Richard Culver authority to ask the federal government for an abandoned minimum security prison there for the site.

WASHINGTON (AP)—Sen. Mike Mansfield said today the job of protecting the Middle East as envisioned by the "Eisenhower Doctrine" should fall to a permanent United Nations police force and not just the United States alone.

SHERIFF J. LUTHER HOBBY speaks to the Seminole County Junior Chamber of Commerce. (Staff Photo)

Law Enforcers Faced With 2 Main Problems

There are two main problems which confront law enforcement officers in Seminola County Sheriff J. Luther Hobby told the Seminola County Junior Chamber of Commerce at its noon luncheon meeting yesterday.

Sheriff Hobby told the Jaxones about "some of the everyday problems in enforcing State and County laws."

"We have a tremendous number of traffic problems," said the Sheriff as he explained one of the perplexing situations with which "our staff has to cope."

Some of the violations are exceeding the speed limit, passing school buses, passing on solid lines, and not stopping at intersections, said Hobby.

"We are doing our best to slow these down—it seems as if the only way we can make the motorist understand that we mean business is to give them tickets," Sheriff Hobby commented. "We will continue to try to make our highways safe, not only for our local citizens but for our visitors from other states."

"People don't know what the conditions are ahead—they're just taking chances," he said.

"On the problem of juvenile delinquents, Sheriff Hobby said "The main trouble we have is with boys from broken homes, children who do not have the proper guidance. 'It's not the child's fault—actually it is a bad situation and his only cure that we have is in the home," he said.

Describing some of the problems and violations handled by his department, Sheriff Hobby said "Law enforcement is heart-breaking and rugged... you try to do the best you can but you still can't do enough."

Summing up his talk on the (Continued on Page 8)

Contains Papers, No Money

A 300-pound safe in the Seaboard Airline Railroad office in Oviedo was apparently pried open early this morning, according to Oviedo Chief of Police George Kelsey.

There was no money in the safe, said S.A.L. Agent W. R. Hamlet who discovered the damage this morning when he reported to work and opened his office.

Apparently using an electric drill connected to an outlet where an adding machine was used in office work the burglars drilled four holes in the door and pried it open.

The burglars found only office records and some drafts which were not molested. "I had deposited all of the money in the office," Hamlet said.

Constable Kelsey said that the burglars probably entered the office after 3 o'clock this morning since "I was on duty up until that time." Hamlet said that he did not leave his office until 11:30 last night.

Investigating for Seminola County Sheriff J. Luther Hobby was Deputy Sheriff H. S. Smart, Seaboard Railroad's Special Agent J. K. Huey was also at the scene.

Whether or not the safe crackers were professionals or amateurs remains to be seen, said Deputy Sheriff Smart. It is probable that they could be either one. "According to the way the safe was entered whoever it was, didn't know much about a safe," he said.

Burglars entered the office by prying open a screen window on the front door and left the lock unattached.

The S.A.L. safe cracking was only one of three incidents in the Oviedo area last night. A "multi-train" was stripped of water hose, gasoline, and other equipment on a nearby farm while at Miller's Grove on the Red Bug Lake Road a metal shed over a small portable pump was broken into. The pump and other equipment was carted off.

Constable George Kelsey said that it was apparent that the men who broke into the S.A.L. office parked their car on the main street or near it. "I tracked them from the office," he said.

Marie McDonald Is Missing From Home Kidnaping Feared

HOLLYWOOD (AP)—Actress Marie (The Body) McDonald disappeared or was kidnaped from her palatial San Fernando Valley home wearing only a night robe, police reported today.

The blond former wife of wealthy shoe manufacturer Harry Karl was found missing from her home early today when anonymous telephone calls were made to her mother and Karl and servants found her bed empty.

The house is surrounded by a high fence with an electrically-operated gate. Miss McDonald's boxer dog, Duke, roamed the yard.

The callers told Karl and the actress' mother:

"We have Marie. Don't call police, she won't be hurt."

Police found a note in the black mailbox outside the fence, partially pencil-printed and with clipped words from newspapers.

The note read:

"Don't call police, she won't be hurt to get money. We will get in touch with you."

The 32-year-old actress lived with her two adopted children and four month old daughter and servants in a one-story ranch house in the valley community of Encino.

Police Inspector Henry Kery said the Federal Bureau of Investigation had been called into the case.

AFT Seeks Federal Aid For Education

CHICAGO (AP)—The AFL-CIO American Federation of Teachers will press for enactment of federal aid for education in the new Congress. Carl J. Magel, president of the union, said today.

Magel told the AFT executive council today that 27 other national organizations have joined the teachers' federation in a "save-the-schools" drive.

Magel said the immediate objective of the drive is passage of a bill to provide federal aid for school construction. Such aid is needed, he said, to help overcome a shortage of up to 500,000 classrooms and to "replace the more than one-third of the nation's 194-000 school buildings that are obsolete."

Magel addressed the executive council at the opening of its three-day, mid-year meeting.

Alfred Van Ness Dies Last Night

Alfred Van Ness, 83, died last night at his home on W. 1st St. after a lengthy illness.

Born Aug. 20, 1873, in Jacksonville, W. J., he moved to Sanford in 1908 and was a retired farmer.

He is survived by the widow, Mrs. Freda N. Van Ness of Sanford one son, P. Van Ness; two daughters, the Misses Katherine and Margaret Van Ness; two grandsons, Mare and Carl Van Ness; All of Jacksonville; one brother, Frank M. Van Ness, Toxawa, N. J.; and several nieces and nephews.

Private funeral services will be held at 10:30 tomorrow morning at Brison Funeral Home with Dr. J. B. Root officiating. Burial will take place at a later date.

The family requests that flowers be omitted.

Lions To Hear Forest Ranger

The Sanford Lions Club will hear about forest fires, fire fighting, and fire prevention at the weekly meeting Monday night at the Yacht Club.

The local Lions organization resumes its meetings after a two week layoff because of the holidays.

Speaker at Monday evening's meeting will be Joe Reynolds, newly appointed Forest Ranger for Seminola County.

Weather

Fair though Saturday, gradually warmer with mild temperatures Saturday.

Male Quartet To Be Heard Monday

The famed Chanticleers, concert male quartet now in its third season of concerting, will be heard in Pinecrest School auditorium Monday at 8 p. m.

Experienced soloists, each Chanticleer brings to the ensemble a background rich in opera, radio, TV, concert, Broadway shows and choral work.

William Diard comes to the Chanticleers from Florida. A former member of the Miami Opera Company, Diard has appeared with the Amato Opera Company in New York City and has toured with the New York City Opera Company in that Company's version of "Romeo and Juliet." His fine tenor voice has been heard on several occasions in New York's Town Hall; he has appeared at the Olympia in Miami and symphony orchestra. He was the first vocal soloist to be heard over WQXR's Binaural broadcast.

Tenor Richard Wright hails from Ohio. Following his graduation from the Cincinnati Conservatory, he attended the Music Academy of the West where in addition to continued vocal work with Bonnell, he pursued advanced theory and composition studies with Schoenberg and Milhaud—unusual fare for a singer! His operatic credits are numerous, and include the Miami Opera Guild, the New York City Center, the Amato and Arundel Opera Theatres. Wright has been featured as a Robert Shaw soloist on tour and on recordings, as well as in major Carnegie Hall performances.

Vessels Trapped Since New Year's Eve In Ice Freed

McMURDO SOUND, Antarctica (AP)—Two U. S. Navy vessels trapped in Antarctic pack ice since New Year's Eve had freed themselves and are safe in the shelter of Cape Hallett, radio reports from the scene said today.

They were the U. S. S. supply ship Arneb which was crushed between massive ice flows and seriously damaged and the ice-breaker escort Northwin which went to the assistance of the Arneb and was caught by the ice itself.

The radio dispatches said the ships won their battle with the pack ice on Wednesday and broke loose after being trapped for three days. Both were reported moored today to the bay ice in the shelter of Cape Hallett, five miles from the scene of their mishap.

Rotarians Resume Meetings Monday

The Sanford Rotary Club, after a two week suspension of its meetings in observance of the holidays, will resume its regular weekly meeting Monday noon at the Yacht Club. Dr. Charles L. Persons, club president, said today.

The program will be in charge of Rotarians Tommy Hero and E. J. "Bud" Moughton.

CARE TO PICK UP THE TAB SAN FRANCISCO (AP)—Remonoffs, the Nob Hill branch of the swank restaurant, advertised today "all you can eat for \$125,000."

THE WELL-KNOWN CHANTICLEERS, concert male quartet, will be heard Monday night at 8 o'clock at the Pinecrest School auditorium. This concert is the second in a series to be presented by the Seminola Mutual Concert Association.
