

Five Runs In Fifth Too Much For Locals To Beat

Gainesville Is 9 To 2 Winner Over Lookouts

Wilson And Medler Allow University City Men 10 Hits

GAINESVILLE, Aug. 5.—Playing errorless ball behind the stingy hurling of Elbert Padgett, the Gainesville G-Men handed the Sanford Lookouts a 9-2 defeat here yesterday afternoon. Ten hits were collected off the deliveries of Wilson and Medler, the Lookout moundmen.

The two runs scored by the Lookouts came in the seventh inning when Hoover walked, took

third on Overstreet's single to right, and scored on Maltby's infield out. Overstreet tallied when Clary doubled to left.

Extra-base clotting by Buck, McMullen and McDougal featured the Gainesville attack. Both Buck and McMullen hit home runs inside the park, and McDougal leaped out a triple to right field.

Five of the G-Men runs were scored in the fifth inning when they hit safely five times, and took advantage of two bases on balls and an error.

Wilson, the starting hurler for the visitors, had trouble with his control, walking six batters before he retired in the fifth.

Norbert Pfeiler, right fielder of the locals made several spectacular catches, the clouts being scheduled for extra base hits.

The G-Men base runners put on another hasock swiping exhibition as Buck, Beach, McMullen and Pittman outraced the throwing arm of Bistruf, Sanford catcher.

Americans End Doubt Of Weight In Berlin Games

Tan Thunderbolt Of Ohio State Continued Attraction

BERLIN, Aug. 5.—(AP)—Scaling the heights to Olympic track and field conquest, unknown since pre-war days, the United States yesterday ended all doubt about team supremacy, capturing first places in all three men's events, dividing honors in the two women's contests with Germany and producing the first double winner of the eleventh Olympiad in an amazingly unbeatable Jesse Owens.

Ohio State's redoubtable negro shattered Olympic records almost every time he made a move in the day-long competition in two events. He twice bettered the 200-meter mark, coasting to 21.1 second victories in the qualifying trials, and then climaxed the day by bettering the broad jump mark five times, winding up with a final leap of 8.06 meters, 26 feet 5 21-64 inches.

This jumping feat, which buried the previous mark of 7.73 meters, 25 feet 4 11-64 inches, made by Edward Hamm in the 1928 games, gave a second gold medal and oak tree to the tan thunderbolt who is poised to complete a triple triumph in the decisive 200-meter tests today.

The decisive but non-record breaking victories of Glenn Hardin, Greenwood, Miss., in the 400-meter hurdles and John Hughey Woodruff, Connellsville, Pa., negro, in the 800-meter run, combined with Owens' latest contribution, ended any idea that the point battle for the team title will be close.

Completion of three of eight days of Olympic blue ribbon competition found the United States totaling 82 points in eight events—more than double Germany's 38-3-4 points. The Teutons had the satisfaction of pushing Owens to record-jumping flights but picked up only 7 1-2 points while Finland went scoreless and remained in third place with 30 1-4 points.

Helen Stephens of Fulton, Mo., sharing the feminine spotlight with Germany's record-breaking discus thrower, Gisela Mauer-Mayer, continued the United States' sprinting sweep. The Missourian beat five rivals decisively, including Poland's defending champion, Stela Walsh, bettering the listed world record for the third time. She won the title in 11.5 seconds, one-tenth of a second short of her own best mark in Monday's trials.

Meanwhile, two mates, Dusky Matthew (Mack) Robinson of Pasadena, Calif., and Bobby Pickard of Rockford, Ill., University of Georgia freshman, accompanied Owens through the 200-meter trials into the semi-finals.

Gainesville 5. Bases on balls off Wilson 6. Padgett. Struck out by Wilson 3 in 4 1-2 innings and 7 runs off Medler 2 in 3 1-2 innings and 3 runs. Losing pitcher: Wilson. Umpires: Borders and Shepard. Time of game 2:05.

OWENS BREAKS WORLD'S RECORD—BUT IN VAIN

Although Jesse Owens, Ohio State university's Negro flash, lowered the listed world's mark by doing the 100-meter sprint in 1935 seconds at the Olympic games in Berlin, the international Amateur Athletic Federation would not accept the feat as a record because "there was a too strong back wind." Owens is shown in this photograph as he bested the tape four yards ahead of his nearest competitor. (Associated Press Photo)

Floridan Records First Perfect Games Gun Score

Charles F. Leonard, Jr., St. Petersburg, Hangs Up Mark Of 200 In Olympic Pentathlon Shot Event

BERLIN, Aug. 5.—(AP)—The first perfect score in the history of the event yesterday gave Charles F. Leonard, Jr., of St. Petersburg, Fla., first place in the pistol shooting event of the Olympic modern pentathlon championship and advanced him to third place in the pentathlon standings.

Shooting over a 25 meters range at a target exposed for only three seconds a shot, Leonard hit a perfect 200 score. The shooters fired four strings of five shots each, starting with the pistol at the side, which added to Leonard's task. The only other time he ever hit 200 was in practice.

Leonard's teammates, Alfred D. Starbird, Burlington, Vt., and Fred R. Weber of West Point, N. Y., also turned in good cards. Weber finished second in the field of 41 with a score of 194 and Starbird twenty-third with 181.

In addition to Leonard and Weber, the others in the first 10 were Bartha, Hungary, and Cottard Andrick, Germany, 192; Ceceralli, Italy, and Sven Thovell, Sweden, 190; Grundbacher, Switzerland, Christian, France, and Von Boismen, Sweden, 189; and Abta, Italy, 188.

With two more events, swimming and running, remaining, the German Mandrick led with 10.5 points. Scores of the other leaders follow: Thovell, Sweden, 20; Leonard, United States, 26; Weber, United States, and Abta, Italy, 26.5; Edouard Delecourt, Belgium, 26.5; Edouard DeCourt, Belgium, Starbird, United States, 40; Laurp Ketunen, Finland, 42.

Saints Regain Fourth Place In Loop Standing

St. Augustine Takes Fracas 3-2 From Red Aggregation

ST. AUGUSTINE, Aug. 5.—St. Augustine moved back into fourth place in the Florida State League here yesterday when Frank Veale hurled the Saints to a 3 to 2 win over the DeLand Reds. The game carried eleven innings before Dave Swindell's hard single to left scored Kinard with the deciding run.

Both Veale and Lefty McGloin, DeLand ace, were touched for eleven solid hits with some brilliant fielding on the part of the Saints saving the day on several occasions.

The Reds scored both of their runs in the opening frame when Roberson doubled with the bases loaded. From then on the DeLand crew was a constant threat but Veale mastered them in the pinches.

In the tenth a thrilling play by Fitzgerald checked off a DeLand win. With one away Chido doubled and Bolling followed with a line single to center.

Fitzgerald took the ball on the run and with a great toss cut off Chido at the plate with the winning run.

Bonner's double and Veale's sharp single gave St. Augustine a run in the third. The Saints deadlocked the score at 2-all in the seventh when Owens shot a two-bagger to left and crossed the platter on Gibson's timely bingle.

For DeLand Chido was the hitting star, getting two doubles and a pair of singles. Bryant Bonner, with a double and two singles, had the best day at the plate for St. Augustine.

Florida State Directors Will Meet On Sunday

DELAND, Aug. 5.—The Florida State League president, G. E. Gilliland, has called the final meeting of the league directors for the 1936 season to be held Sunday, Aug. 9, at 10 A. M. in Palatka at the James Hotel.

Arrangements for the league all-star game to be staged in Daytona on Monday, Aug. 10, will be made at this time.

At this meeting it is probable that the Shaughnessy plan of determining the league championship will be changed to require a seven-game series with each of the four leading teams of the circuit for the season instead of the five-game series as now provided for by the constitution.

Also a discussion will be held in regard to a post-season series between the respective winners of the Georgia-Florida League and the Florida State Circuit.

Palatka Drops 8 To 3 Contest To Loop Leaders

Moose Fralick Fans Eleven Hitters; Control Is Perfect

PALATKA, Aug. 5.—Collecting 14 hits off two Palatka hurlers and aided by a half dozen local miscues, the league-leading Dayton Beach Islanders yesterday scored an 8-3 victory over the Asaleas.

Moose Fralick, left right hander, worked the route for the Islanders and, although touched for a few even dozen blows, bore down in the pinches. Fralick fanned 11 and failed to issue a base on balls.

Joe Sparkman started for the Asaleas but was derailed in the fifth in favor of Leslie Bradbury, who finished the tilt. Sparkman was nicked for nine hits and seven runs. Bradbury allowed five hits and one run.

Four double plays were injected into the encounter, three of them being contributed by the Asaleas. The lone Islander twin killing came in the seventh, with men on first and second and but one away, to check a rally which had already accounted for one Palatka mark.

Hosinski, Anderson and Davis led the Daytonas attack with three hits each, while Gallegos duplicated the performance for the Asaleas.

England Gives U. S. 16th Challenge For American Cup

COWES, Eng., Aug. 5.—(AP)—Great Britain's sixteenth challenge for the America's cup, first won by the schooner, America, in 1851, was issued yesterday by the Royal Yacht Squadron and dispatched to the New York Yacht Club on the behalf of Tom Sopwith, wealthy aeroplane manufacturer.

Sopwith will challenge for the coveted yachting trophy with Endeavour II, a sleek new cutter launched this year. At present the Endeavour is being repaired, having been damaged for the second time this season while racing off Cowes Monday.

In dispatching the challenge to the New York Yacht Club, the Royal Yacht Squadron suggested that the first of the four-out-of-seven series be held July 24, 1937. As the United States holds the trophy, the races will be held some place on the Atlantic Coast, probably off Newport, R. I.

The Englishman challenged for the trophy for the first time two years ago when he sent his first Endeavour to the United States. She won the first two races but dropped the next four to the Rainbow, skippered by Harold S. Vanderbilt. Sopwith was at the helm of Endeavour while his wife acted as timekeeper.

The New York Yacht Club refused to comment on the challenge until it has been officially received. Whether Rainbow would again meet the challenger or a new boat be built was not known.

Cozens Is Chosen As Florida's Best Automobile Driver

W. J. Cozens, Jr., of St. Augustine was selected in Jacksonville yesterday by seven judges as Florida's safest automobile driver.

Mr. Cozens won over a field of 220 contestants, including 14 from Seminole County, in the first annual safe drivers contest sponsored by the C. I. T. Safety Foundation.

Madrid Says Rebels Lose Strong Cadiz

Preparations For Revolt Made By Officials As Early As Last Winter

Plan Air Drive To Smash Rebels

Insurrection Leader Runs Blockade To Land 4,000 Troops

The fall of the Rebel city of Cadiz, Spain, before a bitter Loyalist attack was reported in Madrid today as astounding disclosures were made of pre-revolution plans for an uprising in Spain's official family. Puzled by the strength of Rebel positions in the mountains, the Loyalist government functionaries said they learned of indications that Jose Gil Robles, former minister of war, planned for an attack on the capital as early as last fall. They said bomb-proof gun emplacements were started during army maneuvers with a view of using them to overthrow the present liberal government. Meanwhile Spain's loyal troops smashed at Rebel strongholds even as the generalissimo of the insurrection ran a blockade of government warships to land 4,000 reinforcements on the peninsula for a march to Madrid. Surrender of 2,000 Rebels was reported at Barcelona. The government announced an air drive "without mercy" to wipe out the Rebels. Seven European nations, including Germany, Russia and Italy, are reported to be sending arms and munitions toward the revolution.

JayCees Continue Hunt For Amateur Talent For Orlando

The Junior Chamber of Commerce today continued its search for amateur talent to represent Seminole County before the Orlando Junior Chamber of Commerce next Monday. Persons who are interested in performing in the show should contact the Rev. Father J. J. Kelaghan, local JayCee secretary, by telephoning 333. In Orlando, the Junior Chamber inaugurated a series of amateur entertainment programs from which will be chosen a winner who is to be sent to the Texas Centennial at Dallas. The move was made to obtain more publicity for Central Florida. The Rev. Kelaghan said this morning only few applications had been received from Sanford amateur talent.

WPA Workmen Begin Paola Road Project To Last Six Months

Approximately 40 men on the WPA payroll today began operations to improve and widen the Paola Road leading past the Country Club. About \$18,000 has been allocated for the project which will require six months for completion and will result in broadening the present thoroughfare from nine feet to 18 feet. W. E. Earle, WPA work director for Seminole County, said two and one-half miles of the highway will be improved. It is to be surfaced with rock. Preliminary operations include grading road sides. Materials for surfacing have been ordered and should arrive within ten days, according to an estimate by Mr. Earle.

LIFE TAKES ESCAPES

TALLAHASSEE, Aug. 6.—(AP)—John Brown, known life taker, escaped from a State Road Department prison camp at Jasper, Monday. The prison warden received notice of the escape by mail today. Records showed Brown was sentenced Jan. 11, 1934, for murder in Lafayette.

2 Secret Service Men Demoted For Probe Of G-Men

WASHINGTON, Aug. 6.—(AP)—Announcing the demotion of two Secret Service officials, Secretary Morgenthau today said he was "deeply shocked" to learn the agents had "taken it upon themselves to investigate activities of the Federal Bureau of Investigation." He announced the demotion of Assistant Secret Service Chief Joseph E. Murphy and Grady Boatwright, formerly in charge of the St. Paul office. Attorney-General Cummings recently said there had been an "ill advised" investigation of the Justice Department agents by another government agency. He said he learned that Secret Service men at St. Paul made inquiries into shooting to death of John Dillinger.

Annie Mae Ellis Is Given Crown Of Miss Sanford

Miss Annie Mae Ellis of Oviedo today won the crown and title of "Miss Sanford" after having been selected for the honor last night from 15 entrants in the Ritz Theater's formal beauty pageant. She will represent this city on Sept. 6 and will present 100 beauty queens from nearly every Florida county to reign over "Florida's Cascade of Beauty" on the broadway in Daytona Beach. Miss Ellis was presented to the audience as "Miss Sanford" by Joe Hendricks, Democratic nominee for congressman from the fifth congressional district. While the petite beauty winner had perfect control of her features and poise, she satirically lost her voice when Mr. Hendricks asked her to "say something through the microphone." She finally admitted she was "surprised and didn't expect to win." The audience applauded heartily, apparently pleased with the selection of the third out-of-town judge.

Oviedo Girl Chosen From 15 In Formal Pageant At Ritz

The packed house that witnessed the pageant was struck by the poise and grace of the contestants, many of whom paraded across the stage with the ease and confidence of professional models while the Florida Rhythm Kings played in waits time. Sanford's Kiwanis Club, sponsors of the local event, received \$50 as its share in the program. The fund will be used for the benefit of under-privileged children. Miss Helen Willman, master of ceremonies, introduced each of the contestants. Ted Pauley, directing the Daytona Beach "Cavalade of Beauty," presented Louise Johnston ("Miss Florida of 1936"), Louise Gormley ("Miss Daytona Beach") and Carolyn Danner ("Miss Orange County") all of whom sat on the stage. Contestants, other than Miss Ellis, were Elizabeth Cammon, Mildred Wells, Grace Clark, Carolyn Biggers, Janis Rawns, Virginia Tyler, Dorothy Lawson, Annie Beck, Evelyn, Mary McMahon, Evelyn Cates, Janette Chapman, Helen Douglas, Fannie Biggers and Helen Wain. Forty-seven local merchants cooperated in presenting the entrants.

Singing Convention Billed For Chuluota

The Seminole and Orange County Singing Convention will assemble Sunday for an all-day sing in Chuluota. It was announced here today by E. G. Hays, president of the unit in this county. Solo, duet, trio and quartet will feature the day's activities, according to Mr. Hays. Dinner will be served on the grounds. The public is invited to attend and bring lunch baskets.

Towns Takes Hurdle Event For America

Glen Hardin Victor In 400-Meter Class As U. S. Athletes Sweep Field Clean

BERLIN, Aug. 6.—(AP)—Forrest Towns, Augusta, Ga., today won the Olympic 110-meter hurdle championship. The Georgian's victory gave the United States a clean sweep in the timber-topping events as Glenn Hardin, Greenwood, Miss., captured the 400-meter low hurdle title. Clocking at 14 and two-tenths seconds, Towns equaled the listed world record shared by the American Southerners, Percy Beard, new track coach at the University of Florida, and Al Morrison. Towns won the semi-final heat in one-tenth of a second less time, breaking the record. Jack Lovelock, New Zealand, won the 1,500-meter classic with Glenn Cunningham of the United States finishing second. At the halfway mark of the Olympics, with four days of competition in 12 of the 23 events on the men's track and field program completed, the United States has clinched the world's championship by any manner of reckoning. Uncle Sam's stars have won eight championships, and score 128 points. The rest of the world is straggling far behind. Germany has won two first places, and Finland and Great Britain one each. Germany, which started out so magnificently by winning two titles the first two days, is second to the United States in the unofficial point standing, with 41 1/2 points, less than one-third of Uncle Sam's imposing total.

CITY NEWS BRIEFS

The fourth in a series of amateur entertainment contests will be presented from the stage of the Ritz Theater tomorrow night. W. S. Earle, WPA work director in Seminole, Brvard and Ocala counties today was in Titusville where he recently moved his headquarters of operations for this district. Friday's tides: low, 4:59 A. M. and 5:27 P. M.; high, 11:25 A. M. and 11:42 P. M. Sun rises at 5:40 A. M. and sets at 7:17 P. M. Moon rises at 9:20 P. M. and sets at 9:25 A. M. Jack Wilson, a pitcher, has been released by the Sanford Baseball Club. President Charles West announced this afternoon. The moundman plans to return to his home in Texas. Sanford's Woodmen of the World camp will meet tonight at 8:00 o'clock in the fraternity's club house for its regular weekly session. Officers announced this afternoon. Members are asked to attend. The weather's partly cloudy, scattered showers Friday and possibly near southwest and extreme south coasts tonight. Extreme Northwest Florida, generally fair tonight, Friday partly cloudy, probably scattered thundershowers. Congressman W. J. Sears today informed the Chamber of Commerce that the civic group's request that funds be allocated for the maintenance of the St. Johns River between Sanford and Jacksonville had been referred to Army engineers. The Taylor Commandry No. 29, Knights Templar, will convene Friday night at 8 P. M. in the Masonic Hall, according to an announcement today by lodge officers. All members were urged to be present, since business of importance will be discussed. EX-CHEF ACCUSED ST. PAUL, Aug. 6.—(AP)—Thomas Brown, former St. Paul police chief, yesterday was charged in a police department indictment charging him as a detective with actual participation in the conspiracy to kidnap William Hamm, Jr., and Edward G. Bremer, wealthy St. Paul brewer and banker respectively.

GEORGIA 'MIX-UP CHILD' JOINS NEW SISTERS

Louise Madeline, the baby two sets of parents claimed in a sensational hospital mix-up in Atlanta 17 years ago, decided the John C. Garner of Macon, Ga., are her parents—not the Daniel L. Pittman of Atlanta, with whom she has lived all her life. The court had given her the privilege of making the decision when she became old enough to do so. She is shown (top) with the three Garner sisters after joining her new parents in Macon. Left to right, Edna (Mrs. Roy Manning), Virginia Garner, Louise Madeline, and Cecil, Mrs. Frank D. Hensley. Truant Students Object Of Move By County Board

The County School Board late yesterday afternoon inaugurated a move to insure a better school attendance of truant pupils and other delinquent students. After a statement by Mrs. Mae Shaefer, county probation officer, that she could accomplish much to correct slack attendance, the board voted an appropriation of ten cents per mile for each trip made provided it be authorized by County Superintendent T. W. Lawton. It was pointed out that Mrs. Shaefer's present salary did not include any provisions to care for expenses or services for school work. The board approved the following: (Continued on Page Two)

McElhannon Given Medal For Shooting

J. E. McElhannon of Sanford recently won a medal for marksmanship at Fort Screven, Ga., according to a press release received here today. McElhannon and other Sanford youths who are serving a summer training period at Screven are scheduled to leave for home today, according to the dispatch.

State Exhibit In Cleveland Shares Well In U. S. Newspaper Publicity

Almost unlimited publicity is being received by the Florida Exhibit at the Great Lakes Exposition in Cleveland, according to a statement received here today from George Clements, publicity director of the department. One of the best stories on the exhibit came from the typewriter of Malcolm McDowell, of the Chicago Daily News, who termed the Florida building the "host house" of the exposition. He said a conflict of executive and legislative eyes at Columbus resulted in delays which conspired to hold back the beginning of construction on the official Ohio building where formal welcomes would have been given visitors to the show. Meanwhile, as the battle continues merrily, the Georgia-Colonial mansion of the Peninsula state receives the distinguished visitors for official greeting ceremonies. McDowell describes the state's exhibit at Cleveland as "more ambitious and superior in many ways to the Florida display at the Century of Progress. The mansion has generous rooms for exceptions and reading places for foot-sore folk. The exhibits are beautifully displayed." Publicity Director Clements said during the first 30 days of the exhibition, 725 news stories appeared about the Florida Exhibit in newspapers throughout the nation.

Sons Of the Legion Rifle Team Holds Drill Wednesday

First actual target practice by the Sons of the Legion rifle team will be held next Wednesday. It was decided last night when 33 members assembled at the Legion Hut to lay plans for completion of the competitive unit. The shooting will be from the National Guard Armory range which has been secured for the purpose. Lt. W. D. Hoffman will represent the Guard interest. Team instructors are to be Percy Merr, chairman of the American Legion Boys' Work Committee, Carl Mace, Aubrey Kendall and Guy Stafford. The majority of the time last night was spent in familiarizing the youths with targets, gun mechanics and other details which must be mastered before a rifle is fired. Five new members were admitted to the organization. They are Henry Lovell, Jerry Workman, Sam L. Crook, John Bot and Frank Crosby.

TRAINING IN SAFETY

MIAMI, Aug. 6.—(AP)—Safety Director A. J. Kavanaugh yesterday said special training is being given policemen who later are to serve as instructors in a traffic safety school for Miami school children. GULFPORT, Miss., Aug. 6.—(AP)—Erek Ladnier, 66, and his wife, 61, were drowned while bathing in Little Back River.

Welfare Boards Driving Toward Four Objectives

Four definite objectives lie before the State Board of Social Welfare, according to information released here today from the department's branch in the Court House. Foremost in the program is old age assistance. Other individual goals are aid to dependent children in families where the wage earner is incapacitated or removed by death; aid to blind persons; and rural child welfare operations. The Welfare Board was established in 1935 by legislative act, according to the local bulletin. The state is divided into 12 districts in each of which every county is represented on its district board. (Continued on page three)

Mrs. E. G. Moore Gets Fine And Costs Of \$92.50 On Check Job

Mrs. E. G. Moore yesterday pleaded guilty to a charge of passing a worthless check and was sentenced to pay a fine and cost of \$92.50 when arraigned before County Judge James G. Sharon. The defendant was posing as Mrs. R. E. Fawn when she issued the piece of negotiable paper, returned \$10 in cash which she obtained from the Sanford Furniture Company after using the check to make a down payment on a stove. She was arrested on a warrant sworn out by E. C. Smith, of the furniture company, after he had proven to a false address given by Mrs. Moore, and had found the check to be of no value. Mrs. Moore said her residence was in Willwood.

Life Begins At 17 For Louise, Claimed By Two

Atlanta Girl Chooses Macon Family As Her Real Parents

Life had begun all over again Wednesday for Louise Madeline, claimed by two mothers. The central figure in a dispute between the mothers who said their babies were switched in a hospital mix-up 17 years ago, the soft voiced hazel eyed girl talked of her future as a member of the family she says is her own. Louise Madeline, reared by Mr. and Mrs. Daniel Pittman of Atlanta as their off-spring, Tuesday expressed the conviction Mr. and Mrs. John C. Garner of Macon are her parents. The Garners and the Pittmans to whom daughters were born at an Atlanta hospital on May 22, 1919, asked a court to establish paternity of the child. Steve R. Johnston, then superintendent of the hospital, said he assured Mrs. Garner the "swap" could not have happened. He said the hospital used a "foul proof" identification for new babies. Meanwhile, the baby which the hospital said was the Garner's died in infancy of pneumonia. Judge George L. Bell, who died six years after handing down the decision in 1920—ruled Louise Madeline should remain with the Pittmans "until of age to make a voluntary choice of her own deciding."

Jarrett May Fight Committee's Move In Ousting Eleanor

BERLIN, Aug. 6.—(AP)—Arthur Jarrett announced late last night his intention of taking legal action against the American Olympic Committee upon returning to New York with his wife, Eleanor Helen Jarrett, who was dismissed from the Olympic team on its arrival in Germany. After being refused a conference by Avery Brundage, president of the American Olympic Committee, Jarrett, in a statement, asserted he would take "the proper steps, first to obtain the facts about the case, which the American Olympic Committee apparently tried to conceal, and secondly to get redress for damages to my wife's reputation." Jarrett and Brundage failed to get together for a conference, despite the former's efforts during the past two days. They conferred lengthily by telephone, however, apparently getting nowhere. Brundage told Jarrett, as well as newspapermen, that "the case is closed and there is nothing I can say, nor any information I can add, that hasn't already been given out. All I can do is refer you to the American Olympic Committee statements in the case."

Dawson Won't Attend Dairy Field Event

Since only one Seminole County dairyman has expressed intentions of attending the first annual Dairy Field Day to be held in Gainesville on Aug. 14, C. R. Dawson, county farm agent, today said he probably would not be present at the event. He pointed out that due to the press of the federal soil conservation program and the emergency crop loan program, his time could be better employed here unless a larger number of local persons planned to participate in the field day. During her schooldays, Jean Arthur earned spending money by posing for commercial photographers.

Eight Persons Killed When East Bound Air Liner Crashes In St. Louis Area

2 Brothers Die In Jacksonville

Girl And Man Meet Death As Motor Bus Skids In Rain

ST. LOUIS, Aug. 6.—(AP)—All eight persons aboard a Chicago and Southern Air Lines plane were killed last night when the ship crashed into a field from 1,000 feet three miles from the airport here a few minutes after taking off for Chicago. Company officials withheld the news of the crash until this morning. They said they had been unable to determine what caused the crash but were investigating. The plane arrived here from New Orleans and took off for Chicago. The company listed the dead as Carl Zier, pilot, Chicago; Russell Musmann, co-pilot, New Orleans; W. S. Barthwell, Chicago; C. H. Wright, Hinsdale, Ill.; D. R. McDavitt, Chicago; George Gishaber, Oak Park, Ill.; A. R. Holt, Boston; Vernon Omlie, Memphis, Tenn. The plane did not burn. It was not off its course.

JACKSONVILLE, Aug. 6.—

(AP)—Two brothers were killed and three other persons seriously injured today when the automobile in which they were riding crashed on road 7000.

Action Is Delayed On Transportation System In Schools

Indications were made late yesterday by the County School Board that disposition of the transportation problem in district one will be left largely in the hands of the local trustees. The board deferred any action on hiring drivers and other details until after Sanford trustees had discussed the matter tonight. Meanwhile, the county organization accepted a proposition by automobile dealers to pay cash for 12 new buses purchased recently and receive a two percent discount. Payment is to be made on delivery and acceptance of the vehicles. A request by the Seminole Tire Shop to equip the new transportation units with power brakes was delayed until the factory-made speed retarding device could be tested.

Absentee Deadline Will Fall Friday

Friday midnight is the deadline for absentee voting in Seminole County for the senatorial primaries. It was announced today from the office of James G. Sharon, county judge. The statement said persons who will be in the state but not in the county on Aug. 11 should mark their ballot before 12 midnight tomorrow if they desire to assist in selecting a Democratic nominee for the U. S. Senate. Persons absent from the state cannot be sent ballots after midnight Friday, the judge's office said.

FAREWELL TO A WINGED HORSE

Whisper, my pony! Plunge to regions higher than the world on fire
 And no safe place for silver hoofs to stray
 Sky's cool and wider, the your rider
 I cannot be today
 For I am fettered to an earthly type
 But you, plunge higher!—
 There's blue beyond the gray.
 They when the wreck's done burning
 Will hear, on some clear morning
 Pegasus, returning,
 With what a thundering neigh!

REMEMBRANCE

Being your
 Face across last years—
 Is to remember sunsets...
 And bright red-gold leaves falling
 From old trees.
 Marion E. Thorpe Diller.

The trouble with this world today is that every country wants a dictatorship, and everybody wants to be the dictator.

What this state needs is a big "yes" out the vote" campaign to insure the election of the best man in the senatorial primary.

Perhaps the reason big business is against the New Deal is because they are doing so much business now it's working 'em to death trying to look after it.

Dr. Townsend is campaigning against Roosevelt, and Judge Andrews, Florida senatorial candidate is campaigning for Dr. Townsend. So what?

Things have about reached the point where some of us small town daily papers are getting out our big type and dusting it off in preparation for the war in Europe.

Germany has decided to reinstitute duelling as a means of settling personal disputes with honor so both parties. Wonder how long it will be before someone challenges Hitler?

We have not gone Russian yet, says the Tallahassee Democrat, which asks the question, "In what other country today could a man label the chief executive "Hitler" and "double-crosser" and get away with it?"

The best indicator of the status of a business is not the amount of business one does but how much one has left after all the bills are paid.—Trentville Star-Advocate. The modern way is not to pay any bills and then everything you take is in debt.

One hardly knows how to take sides in this Spanish imbroglio. You are against communism, you are apt to find yourself on the side of Hitler and Mussolini. And if you don't like those iron-fisted dictators, you are likely to find yourself in the camp of Red Russia.

Someone is considering a project to have every and all other kind of criminal records registered in the public domain immediately upon their arrival in the state so subject in immediate registration. That is a good plan for other states.

Well-used man with money in Oakland, Calif., advertising with the other day. As in the Associated Press, he had 12,000 answers from people whose names he had in a list of 100. Most of them were teachers, though some were names. It is a good idea.

Get Out The Vote

Now that the Townsend Club has officially endorsed the candidacy of C. O. Andrews for the United States Senate, an issue has been joined in the senatorial race, and prospects for a close contest loom large whereas formerly it was generally conceded that Doyle Carlton would have a walkaway.

It is a widely admitted fact that former Gov. Carlton's standing and reputation have been greatly enhanced among the people as the petty bickering and narrow-minded back-biting of disgruntled job hunters have died out and a better realization of the trials and tribulations through which Gov. Carlton guided the destinies of this state during the depth of the depression, has been gained by the citizens of Florida.

Certainly there are not many people so competent to command attention in Washington and to satisfy the needs of this state as Doyle Carlton. Without exception those who were most qualified to serve Florida adequately in the United States Senate recognized the competence of Mr. Carlton, and his desirability, and withdrew from the race, or, declined to run against him.

It remained, however, for Judge Andrews who is practically unknown in state-wide politics though he has dabbled in local politics all of his life, and who though being a very pleasant gentleman has no particular qualifications for the office, to provide the basis for something of a contest. Had it not been that he managed to phenaghe the endorsement of the Townsend Clubs, Carlton's election would have been a certainty.

As it is anything may happen. Unfortunately Carlton and Andrews are not making their race in a regular Democratic primary, but in a special election in which they are the only two contenders for the only office contested. Consequently there will not be the usual flood of local candidates to help get the vote out, and very likely there will not be the usual universal trek to the polls on election-day.

However, we suspect that the Townsdenites will vote. As some of them may figure it, their stake in the outcome of this election may be \$200 a month, and those who feel that way about it are not likely to pass up an opportunity to feather their nest. And if the rank and file of the Townsdenites submit to the orders of their discredited leaders, and vote for Judge Andrews, while the rest of the people sit complacently at home trusting all will be well, South Florida is likely to be without the calibre of representation in the U. S. Senate which it rightfully deserves.

And so it behooves those who want to see this part of the state ably represented, not only to resolve to support Doyle Carlton at the polls, but also to do what they can to help get out the vote.

The Cost Of Lotteries

In his talk before the Rotary Club Tuesday on the evils of lotteries, Gordon Barnett revealed that more than \$10,000 a week finds its way into the various number games which are played in Sanford and that the usual "take" of the racketeers who operate this form of gambling is 30 percent.

But of course this \$10,000 does not by any means represent the full amount of the damage which is done to legitimate business in Sanford as a consequence of the widespread prevalence of lotteries in this community. The \$10,000 which is spent every week in Sanford for lotteries is really only a very small part of the loss which they cause our merchants, business men, and unemployed workers.

This \$10,000 weekly is not just \$10,000 which is spent on lottery tickets and which then returns immediately into the normal channels of trade. It is \$10,000 which is diverted from legitimate business to illegitimate business and then continues to circulate in illegitimate channels. As far as our legitimate down town merchants and business men are concerned, it is \$10,000 which is buried just as surely as if it were sunk in the ground.

If the purchaser of these lottery tickets were to stop playing after one week, that would not be so. But they don't. The lotteries are something which go on week after week and month after month. A man takes his dollar and buys a lottery ticket. That dollar may come back to him in winnings, or it may go to someone else, but whether it does or whether it doesn't, whoever gets it buys another lottery ticket with it, and so on.

That dollar is as surely out of the normal channels of trade as if it did not exist at all. And so are all the other of those 10,000 dollars which are spent on lottery tickets. They are continuously circulating in illegitimate channels and totally outside of business and industrial fields. Just what this means to business can be readily seen when one stops to consider just how much business a single dollar can develop in the course of a week's journeyings.

One dollar a week, removed from the normal channels of trade, does not mean that legitimate business has suffered merely to the extent of a single dollar. It may mean that business has suffered to the extent of several dollars. For ordinarily a dollar which is spent with the grocer is soon spent with the merchant who in turn pays some employee with it who buys a chair at the furniture store. The furniture man passes it on to the hardware merchant who spends it at a restaurant.

So it happens that a single dollar can often develop ten or fifteen dollars worth of business in the course of a single week. And as a consequence 10,000 dollars withdrawn from business channels may mean the cessation of a 100,000 dollars worth of business. There is no way of telling, of course, just how much these lotteries do hurt business, but we do know that it is considerably more than the \$10,000 a week which are spent on lottery tickets.

THE SANFORD FORUM

Elder Springs, Sanford, Fla., Aug. 3, 1936.

Dear Sir: I read with considerable interest your article in regard to the enormous sum spent each year in the United States in slot machines, lotteries and gambling houses. You might add that most of this money is spent by people who do not pay any taxes for the upkeep of our schools and public institutions. Some of them, however, may supplement the amounts paid to some of our law enforcement officers. When these people, as well as those who waste their money on excessive drinking, spend what they have and have no jobs or means of supporting themselves or those dependent upon them, this burden falls upon the taxpayers through increased taxation. From my experience of sixty years I do not believe that you can prohibit or prevent gambling and drinking, but I do believe that they can be controlled to a certain extent.

The Americans are probably the greatest drinkers and gamblers of any race on earth. I understand that 45% of all the money that goes to the Irish sweepstakes comes from the United States. If our people are determined to gamble and drink why should not the government establish lotteries and dispensaries in each city in which the lotteries would be operated fairly and the gambling taxed to help support the dependents of those who are determined to gamble and in this way stamp out the crooked lotteries which are now being operated from which the government receives no returns; and establish dispensaries in which only bottled in bond whiskies are sold in which those who are determined to drink will not run the risk of being poisoned. The income from such taxation should be set aside for the upkeep of orphan homes, hospitals and asylums. A home should be established from the fund where our young people who go astray from drinking and gambling could be sent and given an opportunity to learn some useful trade instead of being sent to Raiford where they are confined with criminals.

The four and a half billion dollars spent on gambling would lighten the burden of the over-taxed farmer, real estate owner, railroads and others. These people are the most over-taxed of any other classes. When the railroads are over-taxed the burden falls upon the farmers and producers who have this to pay in increased freight rates. The taxes upon the farmer and the real estate owner have almost become unbearable and almost to the point of confiscation.

While our state recognizes an interest rate from 6 to 8% as legal and a reasonable rate of interest, those of us who lose our property through our inability to pay the high taxes are forced to pay to those who buy in our property at tax sales a rate of 18% interest.

We also give and deed to the state a right of way of 60 feet through our property for the purpose of building roads for public use, but our assessors and commissioners say that we must pay taxes on this land which does not belong to us and which has been given for the benefit of the traveling public.

I believe that recently we have given more thought to our voting and to our selection of officers. I believe that in selecting our county officials, congressmen, senators and governor we have elected men well suited and well qualified for the positions. Many good men were also defeated and in many instances friendship was put aside in our voting. We have selected a young man worthy of our beloved Senator Fletcher. We should feel proud of our officers and representatives.

Let us urge the men we have selected to give to us government operated dispensaries to replace the open saloons. Let us remove the example set for our children of passing on the street and seeing men and women drinking in the open saloons. I am also told that our little county spends ten thousand dollars a week on lotteries and slot machines. Many laborers who make from five to six dollars a week are spending from two to four dollars per week on lotteries. Many of these who win never receive their winnings. If these people just will gamble why not give them a fair deal.

Your paper and others in the state can render a real service by bringing gambling and drinking under government supervision. You can ease the burden of taxation, enhance the value of real estate and help provide for the dependents of those who waste their earning in drinking and gambling.

I hope that this letter is published and that people all over the state will give it due consideration.

Opening dates for county schools were approved finally as follows: Sanford, Lake Monroe, Wilson, Geneva and Ocala, all on Sept. 14; Lyman, Lake Mary, Oviedo and Chuluota, all on Sept. 7. The same dates will apply to negro institutions in the same districts as white schools.

A contract to reroof the Wilson School was awarded to the Chase and Company at a cost of \$775.25, while a contract for \$192 to paint the building was given to L. L. Talbot.

Six persons entered bid for the contract to repaint the West Side Primary School. They are Mr. Talbot, T. M. Dunlop, William Musgrave, Roy Schmidt, S. F. Duncan and Frank Venable. No action was taken.

A resolution was adopted asking that the legislature make an investigation into the unreasonable cost of maintaining the Florida State Racing Commission. Among those to receive copies are Gov. Shotts and Fred F. Cone.

Superintendent Lawton, after presenting his periodic report, was instructed to forward it to the comptroller and the state superintendent of public instruction. The county school nurse, Mrs. Dorothy Lamb, also filed a report.

Mr. Lawton reported unsuccessful action in his attempt to purchase \$2,000 of Longwood school bonds, since the owner had sold the certificates before the County Board accepted the proposal to buy.

Brown Declares Carlton Victim Of 'Paid Pirates'

Townsdenite Asserts Backing By Pensioners Is Illegal

TAMPA, August 6, (AP)—W. C. Brown, vice delegate and secretary of the Townsend Club No. 17, Buffalo and Nebraska Avenues, charged Monday that former Governor Doyle Carlton was the victim of "paid political pirates" at the state Townsend convention in Lakeland, which Saturday endorsed C. O. Andrews for United States senator.

Making a report of convention activities to his club, Brown said all endorsements voted at the convention were illegal because forbidden by the constitution and by-laws of the national organization, but that they were "all stacked and loaded beforehand anyway."

Quoting from a copy of the by-laws he said no endorsement could be given by any club or any convention unless authorized and directed by the national headquarters and that this automatically precluded support for any candidate by any other means.

"That's the law," he said, "but the law doesn't matter if these paid political pirates want to change it around. They draw their salaries from the money we contribute to the organizations. We pay them. But they are running the organization in this state the way they want to without any regard for the wishes of the general membership."

"All the endorsements voted there are meaningless and I, for one, don't feel bound by any action taken at the convention. But even if we had been able to give our endorsement legally it probably would have gone to Andrews. Carlton's friends didn't have a chance. The whole thing was stacked and loaded beforehand."

"The whole convention was ruled by this self-imposed hierarchy of paid workers. They are the worst kind of tyrants and would be working against us if they were not on our payroll. Many clubs didn't receive any notice of the convention at all and then after they got there found that the deadline for submitting resolutions had already passed. I've seen a lot of conventions in my time but I've never seen such an example of high-handed tyranny as that one."

In addition to the violation of the provisions forbidding endorsements, Brown said the whole convention was illegal anyway because there was not a quorum present. Only 124 clubs out of 324 in the state were represented, he asserted, whereas the rules require two-thirds.

"They may want to run me out of the organization for talking like this," he said in conclusion, "but I'm telling you what really happened at Lakeland."

Welfare Board Driving Toward Four Objectives

trict board. This district is headed by Mack Roth of Daytona Beach and includes Mrs. A. G. Wagner as Seminole County's delegate.

More than 50 counties of the state, including Seminole, today have signified their intention of allocating certain funds—authorized by the Social Welfare Act—for carrying on the Board's work, it was announced. An old age pension program is scheduled to begin Oct. 1.

Among the varied duties of the local departments are the investigation of out-of-town inquiries, co-operating with local relief authorities and distribution of surplus commodities to needy families.

The Board has expressed a belief that those who have plenty are not secure unless those who have nothing obtain some degree of security.

Statistics gathered in Seminole County show that 147 persons were selected for study in regard to old age pensions. There were 72 families with dependent children.

The local branches of the state unit also handle enlistments of CCC boys and the certification of the WPA.

Federal provisions have been made whereby the U. S. government will match any sum a state government allocates up to a certain limit for welfare work under state supervision.

Life Begins At 17 For Louis Claimed By Two

a 60-year-old meat cutter who charged the Garners "swept her off her feet."

The Pittmans did not indicate whether they contemplated legal action.

Louise Madeline, an attractive, brown haired girl of medium height and stature, said she wanted to be a nurse.

"It's right strange, but I always wanted to be a nurse myself," said Mrs. Garner. "And Mary Louise says she always wanted to be one."

"God has let me suffer enough by having to do without my child all these years. I'm sorry for the Pittmans, of course, but Mary Louise isn't their child, after all."

"I've prayed every night that God would let things work out right and now they have, finally. Some times I've awakened in the night and found myself crying and wringing my hands. Then I'd know it was because I wanted my girl."

She said she wanted the girl to enroll in high school here this fall. Garner, a locomotive engineer, conspired last year Louise Madeline was in the freshmen class at Commercial High in Atlanta.

The girl said she would go to Atlanta probably tomorrow, "to talk things over" with Mr. and Mrs. Pittman. She said she would return to Mason in a few days to make her permanent home.

Sholtz Slashes 3 Mills From Year's Tax Levy

Governor Says Reduction Is Outstanding Event

TALLAHASSEE, Aug. 6.—(AP)—Governor Sholtz fixed the 1935-36 state tax levy at 3 1-2 mills yesterday, reducing it three mills from the 1933-34 levy. On mill represents about \$75,000 tax on real estate in Florida.

The reduction, he said, was made possible because there are balances in various funds supported by direct ad valorem taxation.

"I have set the millage for the current fiscal year at 3 1-2 mills, which is the lowest in the history of the state as far as records are available," he said in a prepared statement.

"It compares with 14 mills in 1929. The lowest previous millage according to the record was in 1877-78 years ago—when it was four mills."

The new levy is one mill for public schools, one-half mill for the State Livestock Sanitary Board, one-half mill for the State Board of Health, three-eighths mill for the state prison, and one-eighth mill for free school textbooks.

A levy of 3 2-8 mills this year for Confederate pensions was eliminated entirely because there is a balance of \$1,153,046 in that fund, which the Governor said "is sufficient to pay all Confederate veterans pensions even without any additional revenue for 15 months into the next administration."

The free textbook millage was reduced from 3-4 to 1-8 because there is a balance of \$104,000 in the fund.

"It has been the usual custom of governors to reduce the millage in their last year to the lowest point possible and in some instances entirely too low, working an unintentional hardship upon the incoming administration. "Frankly, I am of the opinion that based upon the present condition of state finances and on future indications, the millage could have been limited to the one mill levy required by the Constitution for schools, and the one-half mill for the State Board of Health and one-half mill for the Livestock Sanitary Board which, according to the statutes, cannot be decreased by the governor.

"However, in a spirit of fairness and to avoid any possible question as to the millage being cut so low as to make operations difficult for the ensuing year, the first year of the incoming administration, and in order to play safe, I am foregoing the additional decrease of one-half mill which I might have made.

"Nevertheless the reduction of three mills is an outstanding accomplishment that will be reflected in statements sent out to taxpayers this fall. It is indeed gratifying that the fiscal condition of Florida today permits this material reduction."

Political Leaders Observe Townsend Result In Kansas

WASHINGTON, Aug. 6.—(AP)—Weakness of Townsend candidates in Kansas and Missouri appeared last night to be the chief item of national significance resulting from Tuesday's primaries in those states and Virginia.

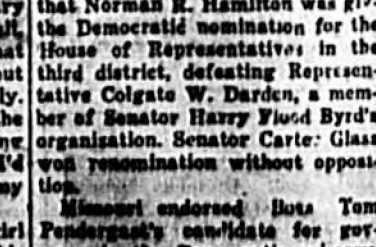

Kansas Republicans expected final tabulations to show a GOP total, topping that of the Democrats. They interpreted this as a swing away from President Roosevelt who carried the state by 184,000 majority in 1932.

In Virginia, where the outcome in November is not in doubt even though two senators have been held to Administration policies, New Deal strategists nevertheless found satisfaction in the fact that Norman E. Hamilton was given the Democratic nomination for the House of Representatives in the third district, defeating Representative Colgate W. Darden, a member of Senator Harry Flood Byrd's organization. Senator Carter Glass won re-nomination without opposition.

Missouri endorsed Dots Tom Pendergast's candidate for governor in the Democratic primary, Major Lloyd C. Stark's opponent.

Twenty-Three Shoot Hole-In-One Golf

NEW YORK, Aug. 6.—(AP)—Hot weather again stopped the nation's harvest of aces last week as only 23 golfers holed out their tee shots to lift the year's total membership in the National Hole-in-One Club to 946.

Even down in Texas, where the ace brigade has dropped 90 one-shotters to lead the nation, only one hole-in-one was teled during the week. Indiana scored two more to raise its total of 80.

A pair of the finest performances were scored on the Lincoln Park municipal links at San Francisco where Everett Hicks and P. A. Henningsen got aces on the 212-yard sixteenth hole.

Paternity Question Remains Unsettled

WEST PALM BEACH, Aug. 6.—(AP)—Declining to rule on the paternity of the nine-month-old boy triplets, children of Mrs. Lois Miller, Judge C. E. Chillingworth today awarded the children to the temporary custody of their mother. The triplets are claimed by both the woman's present husband, T. J. Miller of this city, and Louis Pierre of Miami. Mrs. Miller married her present husband after the children were born. Both men claim paternity and Pierre in the present court action sought to obtain custody of the boys.

TWO WEEKS, WITH PAY

VACATION TIME is here. The family car is piled high with baggage and you're off for two weeks . . . to the seashore, the mountains, the lakes . . . or maybe you'll play gypsy and wander the world with a road-map.

But no matter what you do, or where you go, you'll need to stock up before you leave. There'll be many things to buy—sunburn lotion, bathing caps, a traveling bag, a new tire. There'll be many things to plan—places to see, and places to stop.

Read the advertisements first—the travel advertisements which mention hotels and comfortable places to eat and sleep. Read the advertisements of Vacation Specials—equipment that you must have if you're going to enjoy every day away.

It's surprising what a help the advertisements are. They tell you of savings. . . they post you on the newest improvements . . . they remind you of things you might have forgotten. . . and they make your two weeks with pay, pay MORE!

Gainesville Laces Out 8 to 3 Win Over Lookouts

Hayes Touched For 11 Blows; Torres Triples

Sanford Errors Contribute Largely To G-Men Victory

By E. H. CULLUM.
The Gainesville U-Men defeated the Lookouts here yesterday afternoon, 8 to 3, in the only game of a scheduled double-header, the second game being postponed in the beginning of the first inning account of rain.
Lefty Hayes, on the mound for the Lookouts, gave up 11 hits, good for seven runs.
The G-Men put over their first two runs in the fourth inning. Pittman opened the inning with a double to left field, Beach singled to short right, Langston letting the ball get away from him, Pittman scoring and Beach

Sanford Lookouts will meet the DeLand Reds in a double-header here tomorrow at 2:30 P. M. It is the final twin bill on home grounds between the two teams.

going to third. Pfeifer popped out to short, McMullen laid down a bunt to Hayes who froze to the ball, Beach scoring and McMullen safe on first.
They added one more in the fifth, the result of errors by Shortstop Clary and Third Baseman Cates and secured one run in each the sixth and eighth innings and three in the ninth.
Sweeney, on the mound, yielded up two runs on two hits in the first inning. Clary, first up, drew a base on ball, Langston fouled out, Bistruf struck out. Cates doubled to left field to score Clary and Torres singled to right to score Cates.
The Lookouts' final run came in the eighth. Langston went out to right field, Bistruf singled over the pitcher's head, Torres hit to the left center fence for a triple, bringing in Cates. This ended the scoring.
Although Hayes gave up 11 hits the game was really lost on errors made by his teammates, no less than seven of commission and any number of omission being made. Hayes struck out 10 and walked only two, while Sweeney struck out three and issued one base on balls.
McMullen starred at the bat for the G-Men getting three hits out of five times up, batting in three runs and scoring two. Torres for the Lookouts got two hits out of four trips to the plate, batting in two of the three Look-out runs.
Adair pulled the fielding gem of the day when he went into deep left field foul territory to get Cates' long fly right off the score-board in the sixth inning.

SAINTS SILENCED AS CASEY DUDA HURLS REDS TO 2-0 WIN
DELAND, Aug. 6.—Casey Duda silenced the Saints' hitters here yesterday afternoon as the Reds won over the Ancient City crew by the score of 2 to 0 in an abbreviated contest called in the eighth inning on account of rain.
DeLand scored in the first inning as Didsriksen opened with a single to left followed by Welch's one timer to right center. After Bolling skied to center followed by Chido's free ticket to the initial cushion Simon dove home the two runs with a hit through the box.
Neither team was able to score after the first inning as the opposing moundmen settled down into a neat pitchers' duel.
Two successive hits in the eighth for the Saints were wiped out as the rain forced the suspension of play.
Didsriksen was the only player able to hit safely more than once in the game, having garnered two hits in four official trips to the plate.
The Reds engage the Sanford aggregation here this afternoon on Conrad Field in a single game.

Fred Collier Takes Gulf Tarpon Tourney
SARASOTA, Aug. 6.—(AP)—Dr. Fred Collier, Trenton, N. J., last night was declared winner of Sarasota's tenth international tarpon tournament on basis of his 135-pound catch.
More than 300 fish with an aggregate weight of more than two tons were entered in the competition which opened May 15 and closed Aug. 1.
Scores of prizes went to anglers of New York, Boston, Baltimore, Chicago and elsewhere. Sam Milligan of New York took last place with the smallest catch—a 16 1/2 pound tarpon.

Haas Advances In Canadian Tourney
WINNIPEG, Canada, Aug. 6.—(AP)—Freddie Haas of New Orleans, one of the leading United States contenders, played red hot golf yesterday to advance to the fourth round of the fourth round of the Canadian amateur championship.
After smothering Leo Johnson of Winnipeg, 6 and 5, in a second round match, Haas came back yesterday afternoon to shoot a four-under-par 69 and win his third rounder from Bud Deaver of Winnipeg, 3 and 2.

Two Florida Racquetees Defeated At Southampton

Martin Buxby, Burtz Bulward Fall Before Onslaughts Of Top Seeded Stars, Frankie Parker, Mangin

SOUTHAMPTON, N. Y., Aug. 6.—(AP)—Top-seeded Gregory Mangin, of Newark, N. J., and Frankie Parker, of Springlake, N. J., 1935 winners, started their quest for a second leg on the Meadow club's historic tennis double bowls here yesterday afternoon by breezing through pair of straight set victories to gain the quarter final round of the team tournament.
Their first victims were Martin Buxby, of Miami, Fla., and Watson Washburn, New York, by scores of 6-3, 6-3. Burtz Bulward, Jacksonville, Fla., and Paul Gulbord, Merose, Mass., were only a little tougher, going down by a 6-4, 6-4 count.
The youthful clay court champions, second seeded Bobby Riggs and Wayne Sabin, of Los Angeles, Calif., dropped a set to Esmond and Anstair Martin, of Princeton, N. J., before they could pass their first test at 5-7, 6-3, 6-2. Sabin was badly off in this match. In their second start the Californians improved sufficiently to crush Bobby Harman, Los Angeles, and Modeste Alloo, Hollywood, Calif., 6-0, 6-2.
Most spectacular match of the day was the one in which Walter Senior and Gene Smith, of Los Angeles, defeated Robert Underwood and William Seward, Stanford University's Eastern intercollegiate champions. Brilliant teamwork by the Stanford duo enabled

Jesse Owens Is Riding Crest Of Shining Career

American Stars Cut Mighty Pathway Through Olympics

OLYMPIC STADIUM, Berlin, Aug. 6.—(AP)—Jesse Owens stood on the highest level of the Olympic victory platform yesterday with cold rain pelting his bare head and the cheers of 100,000 spectators ringing in his ears. It was the supreme moment in the life of the 22-year-old Ohio State collegian who was born of humble negro parents in the hamlet of Danville, Alabama.
A few minutes before the streamlined, stout-hearted negro had completed the greatest feat of modern athletic history by winning the 200-meter dash in the record-breaking Olympic time of 20.7 seconds for the first Olympic "triple" since Paavo Nurmi, redoubtable Finn, won three championships at Paris, in 1924.
Owens' third triumph in three days—he won the 100-meter Monday and the broad jump Tuesday—distinguished him as the first American to score a "triple" in 32 years, since Archie Hahn, Harry Hillman, and Ray Ewry turned the trick at quad-games at St. Louis in 1904. Few foreigners competed at St. Louis, and Owens' feat at Berlin dwarfed everything else by comparison except Nurmi's Paris achievement in winning the 1,500 meter and 5,000 meter runs and the 10,000 meter cross country.
As the Stars and Stripes was hoisted to the masthead of the victory flagpole for the third time in Owens' honor, the Ohio State negro faced the flag and saluted in military fashion. Owens alone at the halfway mark of the Olympics has scored more first places in men's track and field than any single nation, and only one less than all the rest of the nations of the world combined.
With Owens setting the pace for the star spangled athletes, the United States continued its triumphant sweep by annexing the discus throw and pole vault championship and setting new Olympic records in the bargain. Ken Carpenter, 230-pound giant from Compton, Calif., won the discus with a new Olympic record throw of 165 feet, 7 29/64 inches. Earle Meadows, 165-pound Fort Worth, Texas boy, captured the pole vault, soaring to a new Olympic record of 14 feet, 2 15/16 inches. Carpenter and Meadows are both Southern California collegians.
Great Britain, winning its first Olympic title of the games, captured the 50,000 meters walk when Harold Hector Whitlock, member of king's guard, stepped off the distance in a new Olympic record of 4 hours, 30 minutes, 41 seconds.
Throughout the cold and rainy day, American athletes staged another victory procession surpassing yesterday's triumphant field day by finishing one-two in the 200 meters, one-two in the discus throw, first, fourth and fifth in the pole vault and writing three new Olympic records into the books.

HARDIN WINS OLYMPIC HURDLES

Connie Mack Picks Chubby Dean As Coming Ball Star

WASHINGTON, Aug. 6.—(AP)—A husky, black-haired youngster, wide-shouldered and with a spring in his step, walked through the hotel lobby as stately old Cornelius McGillicuddy pursued his usual morning custom of talking baseball.
Mr. McGillicuddy's face, slender, sharp and somewhat serious, lighted up as he saw the youth.
"Now," he said, simply, "there's a boy for you."
The white-haired manager of the Philadelphia Athletics, better known to the fans as Connie Mack, has been sipping up ball players since before Teddy Roosevelt stormed San Juan Hill. He rarely picks a lemon.
"Lovell Dean is my first baseman now and he'll be at first when I get my regular team," said the 73-year-old patriarch of the diamond.
"Regular team?" he was asked.
"I mean when I finish rebuilding—when I've got a team that will figure in the pennant race."
His eyes sparkled.
"Dean came to us as a boy who'd done some pitching and played college and semi-pro outfield. The minute I laid eyes on him though, I knew he was a first baseman, and he has thoroughly convinced me of my early judgment.
"That chap is a student of baseball. You don't find many of those any more. Dean's stuff closely, asks questions and learns quickly.
"He hopped from semi-pro to the majors but he already has shown such promise that there are very few first basemen in the league I'd swap for him."
Lovell (Chubby) Dean is just 20 years old and weighs 175 pounds. He has a wide smile and an engaging personality. Duke University was his college and he played on Dixie semi-pro teams.
This season was hardly a month old before Dean was regarded as one of the most dangerous pinch-hitters in the American League.

Discovery Is Held To Shortest Odds Since Man O' War

NEW YORK, Aug. 6.—(AP)—Held at the prohibitive odds of 1 to 25, one of the shortest prices quoted since the days of Man O' War, A. Fred G. Vanderbilt's Discovery won the seventh running of the Wilson Mile in a common center at Saratoga yesterday for his second victory in less than a week.
Vanderbilt declared to win with Purple Knight in order to keep a weight penalty off his champion but the former was not good enough to beat the only other starter, Elmer Dale Shaffer's St. Bernard. As the result Johnny Bejash had to win with Discovery and he brought the 5-year-old chestnut home six lengths in front of St. Bernard. Purple Knight was another five lengths back.
The event was almost an exact duplicate of last year's running when Bejash rode Discovery to victory in another three-horse field. Under the weight-for-age conditions of the race, Discovery got into the saddle with only 120 pounds in the saddle, with the requisite psychic bid, Gleeman and Chlestraw were scratched.

Azaleas Swamp Islanders 19-8 In Weird Game

Gallegos Equals Loop Record By Accounting For Seven Runs

Glenn Hardin, the lean racer from Greenwood, Miss., won the Olympic 400-meter championship at the games in Berlin. DAYTONA BEACH, Aug. 6.—Daytona Beach's Islanders took the worst licking they have suffered this year yesterday at the hands of Palatka, but the Islets remained at the top of the league standings, leading Gainesville by two percentage points.
The Azaleas romped all over three Islander pitchers and an outfielder called in for mound duty yesterday afternoon, blasting out five home runs, a triple and two doubles in an 18-hit assault that won for them a 19 to 8 victory.
Teen Gallegos, Palatka manager, tied the league record for runs batted in, set by Manager Andy Anderson of the Islanders, when he chased home seven runs on a home run, a triple and a single in five trips to the plate.
Hines, Azaleas shortstop, got two homers during the wild game, Krynsall, right fielder, and Andrews, centerfielder, also connected for the circuit, as did Gene Balch, Islander catcher.
Walter Brown took in the show-ers with one out in the first after giving up top walks and two homers for four runs. He was replaced by Hank Cornight, who pitched one and a third innings, giving up three hits, for three runs before he gave way to Jack Hall.
Hall was nicked for five hits and seven runs, including a couple of homers. Then Jack Morton was called in from left field and, making his debut as a pitcher for the Islanders, limited the Azaleas to eight hits and five runs in six and a third innings.
"His eyes sparkled."
"Dean came to us as a boy who'd done some pitching and played college and semi-pro outfield. The minute I laid eyes on him though, I knew he was a first baseman, and he has thoroughly convinced me of my early judgment.

Connie Mack Picks Chubby Dean As Coming Ball Star

First Sacker Hops From Semi-Pro League To Majors; Regarded As Dangerous Pinch Hitter

WASHINGTON, Aug. 6.—(AP)—A husky, black-haired youngster, wide-shouldered and with a spring in his step, walked through the hotel lobby as stately old Cornelius McGillicuddy pursued his usual morning custom of talking baseball.
Mr. McGillicuddy's face, slender, sharp and somewhat serious, lighted up as he saw the youth.
"Now," he said, simply, "there's a boy for you."
The white-haired manager of the Philadelphia Athletics, better known to the fans as Connie Mack, has been sipping up ball players since before Teddy Roosevelt stormed San Juan Hill. He rarely picks a lemon.
"Lovell Dean is my first baseman now and he'll be at first when I get my regular team," said the 73-year-old patriarch of the diamond.
"Regular team?" he was asked.
"I mean when I finish rebuilding—when I've got a team that will figure in the pennant race."
His eyes sparkled.
"Dean came to us as a boy who'd done some pitching and played college and semi-pro outfield. The minute I laid eyes on him though, I knew he was a first baseman, and he has thoroughly convinced me of my early judgment.
"That chap is a student of baseball. You don't find many of those any more. Dean's stuff closely, asks questions and learns quickly.
"He hopped from semi-pro to the majors but he already has shown such promise that there are very few first basemen in the league I'd swap for him."
Lovell (Chubby) Dean is just 20 years old and weighs 175 pounds. He has a wide smile and an engaging personality. Duke University was his college and he played on Dixie semi-pro teams.
This season was hardly a month old before Dean was regarded as one of the most dangerous pinch-hitters in the American League.

Discovery Is Held To Shortest Odds Since Man O' War

NEW YORK, Aug. 6.—(AP)—Held at the prohibitive odds of 1 to 25, one of the shortest prices quoted since the days of Man O' War, A. Fred G. Vanderbilt's Discovery won the seventh running of the Wilson Mile in a common center at Saratoga yesterday for his second victory in less than a week.
Vanderbilt declared to win with Purple Knight in order to keep a weight penalty off his champion but the former was not good enough to beat the only other starter, Elmer Dale Shaffer's St. Bernard. As the result Johnny Bejash had to win with Discovery and he brought the 5-year-old chestnut home six lengths in front of St. Bernard. Purple Knight was another five lengths back.
The event was almost an exact duplicate of last year's running when Bejash rode Discovery to victory in another three-horse field. Under the weight-for-age conditions of the race, Discovery got into the saddle with only 120 pounds in the saddle, with the requisite psychic bid, Gleeman and Chlestraw were scratched.

Treatment Of Nationals In Spain Is Hit

Germany, England Hurl Protests At Loyalists, Rebels; Warning Is Issued

Revolutionists Nearing Madrid

U. S. Says Warring Factions Must Pay For American Loss

(By The Associated Press) Germany today both protested vigorously to the Spanish government and the rebels against the treatment of nationals in the civil war which is sweeping Spain.

The execution of four young Nazis near Barcelona was called "murder" by the foreign office at Berlin.

Germany also protested the "unprovoked shelling" of a German steamer by a Spanish destroyer. Great Britain warned both sides that suitable steps would be taken if either Spanish Loyalists or Rebels continued to endanger lives and property of British subjects.

The government at Madrid claimed fresh victories over the Rebels in the northern mountains and in Southern Spain. A broadcast statement that the Rebels were on the outskirts of the capital could not be confirmed.

Spain's revolt-threatened Popular Front government was also served formal notice by the United States yesterday that it will be held strictly accountable for the protection of American property in that country.

Disturbed over the potential consequences of the situation, the United States government has issued a warning that it will be held strictly accountable for the protection of American property in that country.

Unemployment Drops To Low Of 5,500,000

WASHINGTON, Aug. 7.—(AP)—Commerce department officials, who have been quietly studying unemployment figures since 1933, estimated today about 5,500,000 persons are out of work.

Officials said the estimate represents a "composite" figure based in part on statistics of other government agencies. The department placed unemployment in March, 1933, at 15,000,000. This was the peak in unemployment.

Contracts Are Awarded On 5 School Routes

Applicants For Jobs As Drivers Must Apply To Heads Of Lines, Lawton Says

Five individuals last night were given school bus contracts covering routes in the Sanford district. The local Board of Trustees made the awards.

C. E. Chorpenev received the East Side route; M. C. Ginder was awarded the South Side; the West Side was taken by Carl Fender; the Rev. Alfred Erickson took the Upsala route, while the Golden Lake line is to be handled by V. J. Spentilove.

T. W. Lawton, county school superintendent, said persons seeking jobs as bus drivers should apply to the contractors and not to his office.

Rigid physical examinations will be required of those making application. Wages will be paid on a salary basis, it was understood, and not by mileage.

The trustee board, in making the contract awards, pointed out that the individuals appointed to the routes each had considerable knowledge of the area in which his buses will operate.

Two vehicles are to be used on the five routes. They will be county-owned. Yesterday the County School Board voted to pay cash for the transportation units in order to take advantage of a two percent cash discount offered by dealers.

Other activities of the local Board last night included the award of a contract to paint the West Side Primary School to Roy Schmidt. The amount of the work will be \$375.

Joseph Russi was named janitor for the East Side School or any other where the post is vacant.

An appropriation of \$5 per month was made in part payment of rent on a building now being used by the WPA as a colored nursery.

It was announced that the faculty lists of all Sanford schools have been completed.

Orlando District Approves 2 Local Athletic Projects

The WPA project involving a \$10,000 improvement on the local High School athletic field, and a \$7,000 project to build a clubhouse at the Sanford baseball park have been approved by district headquarters in Orlando, it was announced here today by R. I. Glenn, a member of the county planning board.

According to regulations laid down by the relief organization, the projects must now be forwarded to the Jacksonville or state WPA office for its approval then finally to national headquarters in Washington.

Mr. Glenn said he hopes to get an ok on the two endeavors at least by Sept. 1. If that is done, the athletic field should be in condition to accommodate football games by fall, he stated.

Local Talent Heads Amateur Program In Ritz Show Tonight

A bill of solid local talent heads the Ritz Theater's amateur program tonight, according to an announcement this afternoon from Joe Marentette, manager of the playhouse.

The program is as follows: Future Farmers of America, string band; Eloise Winn, imitations; Marion Haynes, blues singer; Polly (Stoudemire) Miller, pianist; Homer Fuller, hillbilly songs; and Christine Stoudemire, the Dixie Song, Blvd.

Three amateur nights already have been staged at the Ritz. A similar number are billed in the future. The six contest winners will be heard in a final competition Aug. 24 over WDBO in Orlando.

Other than tonight's stars show, the Ritz will offer a double feature, "Meet New Wolf," and a return engagement of "The Thin Man."

TORONTO, Aug. 7.—(AP)—Jimmy Wallington, New York radio announcer, will wed Betty Jean Cooper of Geneva White's Scandals in Detroit, Mich., Aug. 12, he said here today.

Twenty-Six Seminole Boys Enjoy Outing At Winona

Lifesaving Instruction Class Attracts 31 Youths; 15 Enroll For Handicraft; 12 Study Swimming

Twenty-six Seminole County boys, along with more than a score of others from Daytona Beach and Orlando, this week are camping at Lake Winona in one of the annual outings under the direction of Prof. H. E. Morris, principal of the Sanford Junior High School.

A varied program of activity is afforded the youths, according to a communication from Prof. Morris. The most popular educational class is that of lifesaving in which 31 boys have enrolled.

Handicraft classes have attracted 15 campers while 12 youngsters are taking swimming instruction from men qualified under American Red Cross standards.

In the whole scope of camp activities, eleven boys, headed by Byrl Higgs as counselor and Stewart Robertson as the little chief, is leading in the number of blue ribbons won. The cabin is composed of Orlando youths.

Parents and friends of campers are invited to visit Camp Winona on Thursday and Sunday afternoons between the hours of 2 o'clock and 5:30 o'clock.

Mr. Morris' communication today said a few vacancies remain for the third and fourth week of camp. Persons wishing to send their sons should contact the camp director.

Following are the Sanford boys now at Winona: Jack Boldt, Brantley Adams, Walter Turner, John Pope, Douglas Garner, Jimmie Shoemaker, Bill Shoemaker, William Leffer, Roy Fox, Harve Lee, Norman Hasty, Herman Middleton, LeRoy Estridge, Ralph Smith, Jr., Cawthon Hutchinson, Raymond Monstvalte, Robert Altman, Bennett Dominick, Sidney Nix, George Snee, Billie Epps, Kenny Leffer, George Nader, David Gathel, Charles Thurston, Lewis Naden and Byrl Higgs.

Carlton To Address Voters Of Florida In 7 P. M. Broadcast

Doyle E. Carlton, candidate for the Democratic nomination for United States senator, will address Florida voters tonight between 7:00 o'clock and 7:30 o'clock over a state-wide radio hookup.

He will be heard in the Sanford locality through WDBO in Orlando.

Former Governor Carlton is scheduled to discuss the issues of the campaign leading to the primaries of next Tuesday, according to a telegram from George L. Burr, Jr., Mr. Carlton's campaign manager.

Stations, other than Orlando, on which the address will be carried are WMBR, Jacksonville; WMFJ, Daytona Beach; WJNO, West Palm Beach; WQAM, Miami; WCOA, Pensacola; WTAL, Tallahassee; and WDAE, Tampa.

Two Escape Injury As Autos Collide

Bonnie Breeden, 300 West Fifth Street, and Paul Hodges, Geneva, both escaped injuries late yesterday when their vehicles collided at Park Avenue and Twenty-First Street.

Police reports said the Breeden car, a coupe, attempted to pass Hodges' truck and trailer as both autos were moving north on the Avenue. The truck started to turn to the left at Twenty-First and was hit on the left fender.

The case is pending.

CHICAGO, Aug. 7.—(AP)—Four hundred and eighty-five election judges and clerks of Cook county (Chicago) were discharged yesterday by the county board of election commissioners on charges of permitting or committing irregularities in the April primary in Illinois.

Judge Sentences Tampa Floggers To 4 Years In Prison

Ministers Seek Referendum On Slot Machines

Association Inaugurates Drive To Get 1,000 Names

Petitions will be presented at the polls on Tuesday asking the Seminole County commissioners to provide for a referendum on slot machines to be held at the general election in November as provided for in the law legalizing slot machines which was passed at the last session of the Legislature without a vote of the people.

This announcement was made today by the Sanford Ministerial Association which particularly pointed out that the direct purpose of getting the signatures on the petition is not to prohibit slot machines, but merely to give the public a chance to vote on the question of whether or not they want slot machines operated in this county.

"Slot machines were legalized by the last Legislature," said a spokesman for the Association this morning "without the people having an opportunity to say whether they want slot machines or not. All we are trying to do is give them a chance to speak for themselves on this important matter."

Under the law it is necessary to secure the signatures of 20 percent of the qualified voters to petitions requesting the referendum before the County Commissioners can submit the question to a vote of the people. It is estimated that in this county approximately 1,000 names must be secured.

The ministers plan to present the petitions to the voters on Tuesday where it is presumed that those who appear at the polls will be qualified voters. If sufficient names are obtained, the question would be submitted to the people at the next general election which is in November.

Florida Health Officer Declares No Cause For Alarm

Nearly a dozen of this city's outstanding amateur entertainers have accepted the Orlando Junior Chamber of Commerce invitation to represent Seminole County on a radio amateur hour program to be presented before the Orlando group Monday at 12:45 o'clock with station WDBO as the broadcasting outlet.

Already enrolled for a place on the program are: Miss Marion Haynes, the Russ Sisters, Volle A. Williams, Jr., Jeanne Azarville, and Mrs. Eustis Peas as vocalists; Ann Benson, reader; Robert Stunton, cornet soloist; Mrs. George W. Knight and Miss Daphne Takach, pianists.

Among those who are known to be considering entering a contest which has a trip to New York City or to the Texas Centennial at Dallas as the grand prize are: Miss Nancy Rossetter, Donald Lanson, Miss Dorothy Lawson, Miss Marjorie Congburn, Miss Doris Jackson, and John Dighton.

The contest is open to any bona fide amateurs in Seminole County. There is an entry fee, and the only fee is for the contest.

Roy Wright Honored For Ft. Screven Work

Roy H. Wright had returned today from the Fort Screven, Ga. CMTC camp where he was awarded a medal of excellence for having been one of two best Red Cross trainees in his battalion.

Among other honors he received was the opportunity to serve as an alternate in a competitive examination for a scholarship at the University of Florida. Young Wright also was awarded a medal for being a member of the championship diamondball team.

Woodmen Carry On Membership Drive

Local Woodmen of the World last night voted and made plans to carry on the current membership drive now under way in honor of the uniform members and State Manager V. P. Miller.

A special feature of the Thursday session was an old-fashioned spelling match which was won by L. L. Keller.

Bench Committee Adds Five Names

Five more names were added today to the list of merchants who agree to purchase benches for downtown Sanford, according to D. K. McNab, in charge of the project for the Junior Chamber of Commerce.

Managers of the local chain stores look upon the idea with favor, but first have to get an okay from their district officers, Mr. McNab said.

The new additions to the list are C. P. Wert, Hill Lumber and Supply Yard, Henry A. Russell Seed Co., W. W. Auto Parts Co., and The Smoke House, which probably will get two or three benches. McCrory's, Woolworth's, Kinsey's Birdseye's Flour Mills and the Piggly Wiggly are waiting for word from headquarters.

This concludes First Street and the side streets adjacent to it, according to Mr. McNab. The benches will be ordered within a few days.

Five Former Policemen Will Appeal Case To Supreme Court Of Florida

Dewell Denies Men New Trials

Eleven Still Face Charges Of Manhandling Couple

BARTOW, Aug. 7.—(AP)—Judge Robert Dewell today sentenced five former Tampa policemen to four years imprisonment after denying them a new trial on charges of kidnaping Eugene F. Poulton, one of three victims of a Tampa flogging band last November.

The men were convicted last May after a five weeks' trial. The judge reduced bond from \$7,500 to \$2,500 each when the chief defense attorney Pat Whitaker, Tampa, said he would appeal the whole case to the State Supreme Court.

The five men are C. A. Brown, John P. Bridges, J. W. Carlisle, Sam E. Crosby and F. W. Switzer.

Poulton, Sam Rogers and Joseph Shoemaker, unemployed organizers and members of a new political group were abducted outside the Tampa police station following question about alleged Communist activities. They were taken to the woods, stripped of clothes, flogged, tarred and feathered. Shoemaker died nine days later.

Poulton and Rogers spent days in bed recovering. Former Police Chief H. G. Tittsworth and former officer Robert Chesnut, were acquitted by a directed verdict in the Poulton case.

All seven and four other charged officers still face charges connected with manhandling Rogers and Shoemaker.

'Get Out To Vote' Campaign Opened By Junior Chamber

The Sanford Junior Chamber of Commerce today urged all qualified voters to visit the polls on Aug. 11 and cast a ballot to choose a Democratic nominee for the Senate.

Through their president, Andrew Carraway, the Jaycees issued the plea, "Vote as you please, but please vote."

Plans are under way to cover the city with signs urging a representative vote to be cast next Tuesday.

The "get out and vote" campaign is a part of the Junior Chamber's program and is carried out in every election.

Hitler Entertains Royalty At Luncheon

BERLIN, Aug. 7.—(AP)—Reichfuhrer Hitler of Germany entertained a large number of royal guests at luncheon yesterday.

Included in the party were King Boris of Bulgaria, the Crown Prince of Italy and his sister, Princess Maria, the Crown Prince of Greece and the Crown Prince and Princess of Sweden.

Two sons of Premier Mussolini, Bruno and Vittorio, also were the dictator's guests.
