4 GREENVILLE MEN ARRESTED FOR ROBBERY

**Detectives, Teller,
Member Grand Jury
All Said Involved
In Theft Of \$50,000**

GREENVILLE, S. C., Mar. 10.—(A.P.)—Hugh White, South Carolina National Bank clerk here, two detectives, and a member of the Greenville County grand jury were arrested today on charges growing out of the \$50,000 bank holdup here.

Others named in warrants were Detectives Henry Lindsay and John Corea of the city police force, and Robert Willmon, filling station operator and member of the grand jury.

White, bookkeeper at the bank, was one of two bank employees held up in the shadow of the Greenville county jail Thursday morning by two bandits who took \$50,000 being transported from the post office to the institution, less than two blocks away.

White is charged in a federal warrant with embezzlement.

A second warrant charged that Corea, Lindsay, and Willmon "had unlawfully aid and abet one Hugh White in extorting and abstracting and wilfully misappropriating the monies of the South Carolina National Bank of Greenville in the sum of \$50,000."

Bond for each man is set at \$25,000.

Corea, Lindsay, and Willmon denied the holdup but officials said that White made a statement although they did not release it.

Sweet Explains His Company's Position On Proposed Pact

Position of Chase & Co. and its attitude toward the proposed celery marketing agreement which was discussed in Lakeland last Monday is contained in a letter sent to an Orlando newspaper by George A. Sweet, sales manager for the concern.

The Orlando paper had carried an Associated Press dispatch which stated in part that Chase & Co. was a principle objector of the agreement and that Mr. Sweet acted as spokesman for the objecting group.

His letter reads as follows:

"Referring to your mention of the proposed marketing agreement for Florida celery one would gather that Chase & Co. are the only objectors.

"Please be assured that while Chase & Co. may be the largest single factor among the objectors, they are not alone in their contention in that the proposed regulation is not for the best interest of the Florida celery industry.

The opposition to the proposed regulation comprises some 2,300 acres of celery, most of which is at Benford, with about 600 acres at Orlando and some 400 acres at Bartow and Manatee.

"Chase & Co., being manufacturers and dealers of growers' materials, are naturally interested in the success and development of all growers. The mere fact that a Chase & Co. employee was chosen to voice the sentiment of the opposing parties does not mean that we are alone in opposing federal control."

"We are always agreeable to any reasonable thing for the betterment of the Florida celery industry."

Yours very truly,
**CHASE & CO.,
GEORGE SWEET,
Sanford, Fla.
Sales Manager.**

Plan To Reorganize Italian Bank System

ROME, Mar. 10.—(A.P.)—Comprehensive reorganization of the Italian banking system is being planned by government financial experts. It was said in banking circles yesterday.

The main lines of the plan are to divide the system into three main branches—industrial commercial, public works and agricultural financing.

Marconi, Defending Science, Says Human Selfishness Is Basic Cause Of World Crisis

ROME, Mar. 10.—(AP)—In defense of science and "its offspring, the machine," Guglielmo Marconi struck out last night at "human selfishness" as one of the basic causes of the world crisis.

"The affirmation that science and the machine are responsible for the world crisis and unemployment must be definitely rejected," the famous inventor declared in an address before Italy's most distinguished scientists in the Palazzo Venezia.

"They have made it possible for man, with enormously reduced ef-

fort, still to have everything he needs for a life of comfort.

"It is not the machine or science that have provoked the ills from which we suffer.

"We have been cheated of the advantages they have brought by a defective distribution of the wealth and resources Providence has given up in abundance, and above all by human selfishness."

In the distinguished audience was Premier Mussolini, who showed his approval with enthusiastic nods as the inventor developed his subject.

GANG ABDUCTS, JOHNSON SAYS BEATS REPORTER BUSINESS GAINS IN LOS ANGELES FAVOR HIS IDEAS

Paper's Vigorous Campaign Against Race Track Seen As Cause

LOS ANGELES, Mar. 10.—(AP)— Complaints charging that a reporter and cameraman of a newspaper that has been campaigning against automobile racing fatalities were kidnapped at the funeral of a racing victim were issued yesterday against Babe Stapp, Indianapolis and Los Angeles driver, and two other men.

The complaint was signed by James Lee, Los Angeles Examiner reporter, who said he and John Remus, cameraman for the paper were abducted and manhandled by a dozen men late Wednesday at the funeral of Ernie Triplett, well-known racer. Triplett and two other drivers were killed last Sunday in races at Imperial, Calif.

Remus reported he was kicked and beaten and his camera was destroyed. Lee said he was handled roughly before he and Remus were finally forced into separate automobiles and taken to the Examiner office.

Examiner executives and several men came into the office with the two employees, "openly admitted" seizing them as "a direct result of the Examiner's vigorous campaign against legalized racing on the race tracks of Southern California," and served an ultimatum that "no further pictures of race track death incidents and funerals should be published."

Information was given to the district attorney's office, it was said there yesterday, that one man was reported to have boasted that "machine guns" might be used.

3 Tallahassee Men Drown While Fishing

TALLAHASSEE, Mar. 10.—(AP)— Three men were drowned in Lake Talquin near here today when a boat in which they had gone fishing capsized. A fourth occupant of the craft was saved. The dead are W. A. Matthews Sr., and his son W. A., Jr., and J. D. Matthews, brother of the elder Matthews.

Charlie Ibrahim, other member of the party in the boat along to the overturned craft until picked up by a man who lives near the lake. The bodies were recovered early this afternoon.

All lived at Tallahassee, and the senior Matthews was employed as a linotype operator by the Daily Democrat.

Palatka Man Gets 1000 Crates Celery An Acre

PALATKA, Mar. 10.—Tom Tilghman, East Palatka wonder farmer, is holding something that looks like a record for celery production.

His claim is based on the fact that he has harvested 350 crates of celery from one-third of an acre of soil. Or at the rate of 1,000 crates to the acre.

Bunches of Tilghman grown celery exhibited at the News of file looked like diminutive trees. No doubt they were as elephantine as any ever grown.

World Court Trip To Florida To Fish

WASHINGTON, Mar. 10.—(AP)— The controversial World Court issue was revived yesterday with an announcement that the Senate foreign relations committee would hold relief hearings on the question.

WORLD COURT

WASHINGTON, Mar. 10.—The controversial World Court issue was revived yesterday with an announcement that the Senate foreign relations committee would hold relief hearings on the question.

Plan To Reorganize Italian Bank System

ROME, Mar. 10.—(A.P.)—Comprehensive reorganization of the Italian banking system is being planned by government financial experts. It was said in banking circles yesterday.

The main lines of the plan are to divide the system into three main branches—industrial commercial, public works and agricultural financing.

DR. WYNKOOP LINDY CONFERS CLAIMS SHE IS INNOCENT WITH DERN ON AIR PROBLEMS

In First Statement Since Conviction She Asks God To Forgive The Jury

CHICAGO, Mar. 10.—(AP)—Alice Wynkoop, 30, first statement since her conviction

TUESDAY night, and sentence of 25 years for the slaying of her daughter-in-law, Rheta, 21, yesterday declared she was innocent and declared "Any God forgive them" the jury for "the greatest error."

Laboriously the acid physician penitently recited statement from her and the aid attorney and made it public through the **W**

CHICAGO TRIBUNE.

"The statement said: 'Dr. Wynkoop, truly, the verdict of the 12 good men and true may God forgive them for they never could have fallen into greater error. A tragic mistake, that of a jury with no conscientious deliberation, and careful weighing of all available evidence, it is still possible to utterly though honestly do it, taking and the effects are so far-reaching.'

"Not satisfied but will do what closely allied to ties of blood or friendship as well as the same month at large. What price a lifetime of uprightness and integrity, when a chain of somber circumstances, many, many, brought him to a criminal?"

"Dr. Wynkoop publicly worded which mock great victory for the state attorney, the Chicago police and a defendant. But it is not certainly a victory which is essentially defeat for this case, as do all others demanded the time and place had not been fully determined."

"Dr. Wynkoop is no more even less guilty of the death of his daughter, Rheta, than is any one of her brothers. There are no but mistakes to account while I had no intent to kill her. I had no intent to kill her, and I am fully willing to pay the price of justice for her death, but I am not afraid of almost all the difficulties." Dr. Wynkoop greatly deplored an in-fathomed killing and a mistaken miscarriage of justice.

Concurrently, the American bar association reported the railroads of revenue freight for the 1934 period which closed March 1 were above the corresponding period in 1932 for the first time this year.

Freight loadings for the week which ended Mar. 1 were 604,312 cars, an increase of 32,606 above the preceding week, 571,692 over the corresponding week in 1933 and 44,686 above 1932.

The accounting reported 5,090,368 cars of revenue freight had been loaded during the first nine weeks in 1934. The comparative figures for 1932 were 4,962,471 and for 1933, 4,730,282.

"The expansion in industrial production," the business survey said, "has been greater than the usual seasonal rise for this period. Chicago, Indianapolis and the cities of exclusive also show a favorable trend in primary industries."

Information was given to the district attorney's office, it was said there yesterday, that one man was reported to have boasted that "machine guns" might be used.

Lee More Hopeful Of Borrowing For Banks

TALLAHASSEE, Mar. 10.—(AP)— Comptroller E. M. Lee, from Washington, yesterday, it was announced, had secured a second extension of his loan to the state.

Lee returned after a week's conference with high federal officials and said he had been granted another extension of the loan.

It was pointed out in the statement that when Henry P. Wallace made a trip to the Japanese capital of Manchuria on Mar. 3, the Japanese government informed him of the world's financial condition.

He returned after a week's conference with high federal officials and said he had been granted another extension of the loan.

Three weeks ago after a Washington trip he had been told he would be granted a second extension of his loan to the state.

"I think now we're going to get some of them," he said yesterday. "Appeals for the R.R.C. may be making requests of bank assistance before determining whether loans will be granted."

Scout Trophy Now On Display At Coleman's

THE SANFORD HERALD, Mar. 10.— The large bronze trophy which is awarded every year to the Sanford Boy Scout making the best record in the windows of the Columbia Office Equipment Co. this morning.

The trophy, selected by the Scouts themselves, is Billy Zachary of Troop 3, and he is to be honored at the next Wednesday meeting of the club where the trophy will be presented to him. The trophy will be on display until next Wednesday noon, and Scouts are invited to view it.

Roosevelt Plans Trip To Florida To Fish

WASHINGTON, Mar. 10.—(AP)— Weary of the severe winter of Washington, President Roosevelt disclosed yesterday he is planning a short fishing trip off the Florida coast the latter part of the month.

He told newsmen the trip depended upon a satisfactory situation in Congress. He is counting on cruising aboard the yacht Nourmash, of Vincent Astor, upon which he made his cruise in southern waters a year ago.

The President proposes to get in five or six days of fishing off the Florida coast.

DIES AT POLO

SAN ANTONIO, Texas, Mar. 10.—Col. Gordon Johnston, 50, chief of staff of the second division, died here yesterday from injuries received when he fell from a horse during a polo game

Wednesday.

French Government Seeks Huge Sum To Make Nation Invincible To Any Attack

MAIL FLYING IS CURTAILED BY ROOSEVELT

PARIS, Mar. 10.—(AP)—A bond issue of three billion francs \$195,000,000 was sought by the French government yesterday to make France invincible in the air and on land and water.

"An air fleet of the first magnitude and capable of getting into action instantaneously" was called for in the rigid French defense program, the cost of which the government proposed to borne by a bond issue.

Authorization was asked by the government to reorganize the air force to strengthen the coastal defense, and to spend a third of the appropriation asked on the reorganization.

A flat refusal to do so, "while Germany is advancing," was condemned in the views of General Charles Lindbergh on the entire aviation question.

The flier accepted an invitation from Secretary Dern to come to the State's office this morning.

"I desire to have as accurate and full information as possible on all aviation topics," said Dern, "so I requested General Lindbergh to come to Washington and give me the benefit of his long experience in aviation. I consider him one of the greatest living aeronautical authorities and I believe he will be able to give us a great amount of information on many important questions we are now considering."

Dealing with that after a conference with General Douglas MacArthur, chief of staff and Major General Foultz, chief of the army air corps.

He ushered the elimination of all but the most necessary air mail flying and he further directed that every safeguard humanly possible be thrown about the equipment and personnel of the Army air service.

In announcing the curtailment Secretary Earley recalled that assurance was given by the Army when it took the job 10 days ago that it could safely undertake the actual service, but he said the President regarded the casualties as far too great.

Four army mail fliers were killed Friday, two during the day and two at night, bringing to 10 the total deaths since the army began carrying the air mail.

Lieuts. F. K. Howard and A. R. Kettner were burned to death when their plane, on a night trial run to Salt Lake City, struck a power line at the Cheyenne, Wyo., airport.

Private Ernest B. Sell was killed in the crash of a large army bomber, after it took off from Daytona Beach, Fla., carrying mail Lieut. W. M. Reid, pilot, and Private Floyd Marshall escaped.

Lieut. Otto Wieneke lost his life near Chardon, Ohio. His plane crashed in a snowstorm.

Repercussions from the daytime accidents were heard quickly in both the Senate and the House of Representatives.

The latest fatal crashes brought to 10 the number of military fliers killed since the army took over the job of flying the mail.

Senate Press, Republican, of Seneca Falls, N.Y., said immediate consideration for a resolution urging that army mail carrying should stop at once. Speaker Rayburn refused to recognize her, and later when she asked permission to speak for five minutes Democratic Leader Bryan objected and brought about immediate adjournment of the House.

The charges of Senator Peay precipitated a heated debate between him and Senator Lewis, Democrat, of Illinois, who hastened to defend the Democratic policy. Lewis asserted that Peay had waited until "after accidents happened" to bring the matter before the Senate as a "botherous public manner for political purposes and a parade of theatricals."

THE WEATHER

Cloudy and colder insight but fair and cooler tomorrow.

President Eliminates All But Necessary Service Because Of Recent Fatalities

WASHINGTON, Mar. 10.—(A.P.)—President Roosevelt today curtailed the Army flying of mails.

His motivating action was the loss of life in the undertaking.

Even at the time of

Baseball Fans Are Invited To Attend Mass Meeting At City Hall On Tuesday Night

With a Central Florida Base ball League reorganization meeting scheduled to be held in Sanford next Wednesday night at 8:00 o'clock, first local step looking toward the 1934 season will be taken at the City Hall on Tuesday night at 8:00 o'clock at a mass meeting to which all baseball fans in the city are invited.

It is expected that before the mass meeting is over a local organization will have been perfected; one member of that organization will have been designated to speak for the city during the League meeting on the following night; steps will have been taken looking toward the appointment of a 1934 manager, and plans will have been laid that will guarantee another strong club for this city.

The mass meeting is open to all fans, and all are asked to come prepared to voice their opinions as to what should be undertaken and the type of ball club that should be recruited. A temporary chairman will be appointed from the floor, after which the meeting will swing into organization procedure.

That Sanford again will have a

ANDREW JACKSON KNOCKED FROM STATE TOURNEY

Miami Edison Defeats Favored Team After Brilliant Contest

GAINESVILLE, Mar. 10.—Two stunning upsets marked the first two rounds of the state high school basketball tournament here yesterday, as Andrew Jackson of Jacksonville, and Clearwater were eliminated in the second round, Jackson bowed to Miami Edison, 19 to 18, while Clearwater was ousted by Cross City, 18 to 14.

However, the other two seeded quintets came through to the semi-finals which were contested this morning. Leesburg had a hard time downing Landon of Jacksonville, 17 to 12, yesterday morning, but sped through the evening contest with Lakeland, 82 to 18. Marianna reversed the procedure wallowing Ocala, 44 to 20 yesterday morning, and then beat the limit before putting Gainsville out of the running, 22 to 20, last night.

Miami Edison, the only big city team remaining in the competition, clashed with Cross City at 10:00 o'clock this morning in the first of the semi-final tilts. Leesburg and Marianna mixed in the second affair at 11. The two winners will be pitted for the championship at 8 o'clock tonight.

E. B. Langston, Jackson forward, is high scorer for the tournament so far with 25 points. Daffin, Marianna forward, is second with 19.

Results of the opening day's games in the State High School basketball tournament Thursday at Gainesville were as follows:

FIRST ROUND:
Miami Edison 20, Ft. Lauderdale 12.
Jackson 24, Miami Beach 24.
Clearwater 21, Macdonald 14.
Cross City 77, Daytona 28.
Lakeland 72, Landon 12.
Marianna 44, Ocala 28.
Gainesville 33, Bartow 18.
SECOND ROUND:
Miami Edison 19, Jackson 18.
Cross City 82, Lakeland 18.
Leesburg 33, Gainesville 20.

Dickson Will Speak On Old Bible Prophecies

The Great Prophecy That Tells Just Where Jesus Is Today and What He Is Doing will result in the election of a new president, secretary, and the adoption of a new set of rules and regulations. The schedule will be worked out and offered the various league directors for their consideration at a later meeting.

INBULL'S HEALTH

ATHENS, Mar. 10.—(AP)—Physicians who examined Samuel Inbull, Sr., reported to the interior ministry yesterday that he could travel if precautions were taken to guard his health.

Mr. Dickson has made a long study of Bible prophecies and has lectured in many states of America before large audiences upon these interesting themes and is in a position to give evidence of the inspiration of the Bible from the prophecies as few ministers do.

Services will continue each Sunday night. His topic for one week from tomorrow night will be "Has the Narrow Way Been Widened—What Must I Do To Be Saved?" Special music is rendered at each service and the seats are all free.

**JAP TORPEDO
BOAT WRECKED
MYSTERIOUSLY**

**Heavily Armed Speed
Boat Capsizes With
Probable Loss Of
120 Officers, Men**

TOKYO, Mar. 12.—(A.P.)—Japan's newest scorpion of the seas, the Tomozuro torpedo boat, with armament greater than most ships twice her size, was wrecked mysteriously today with a probable loss of 120 men.

The Navy declined to describe the disaster immediately, but it is almost certain that the Tomozuro had capsized off the Sasebo naval base in heavy weather.

The Ministry announced that the ship had been found after being missing since early morning. "Badly damaged and drifting, many of her crew being drowned." The vessel, of 527 tons, was regarded as carrying one of the heaviest armaments ever conceived for a ship of her size.

It is reported that on her fatal trip she connection with maneuver of the naval base she carried 120 officers and men, far above its normal complement.

The Navy office said rescue efforts are proceeding, but it made no mention of any survivors. The boat was launched last month.

**Group Will Plan For
Dedication Of Bridge**

Members of the Celebration Committee of the Seminole County Chamber of Commerce will meet at the City Hall Wednesday afternoon at 2:00 o'clock to make plans for the reception that is to be tendered to Governor Shultz and other state officials when they come here on April 8 to participate in the dedication of the new concrete bridge across the St. Johns River at Lake Monroe.

Word was received here this morning that Attorney-General Cary D. Landis and Secretary of State R. A. Gray had accepted an invitation to appear here on the day of the celebration. Other favorable replies are expected from many of the state's leading figures.

At a meeting of Sanford Elks last Friday night, W. H. Schmidt was named as chairman of a special Elks committee which will have charge of arrangements for the Governor's visit, the bridge dedication, and the benefit ball that is to be held at the Mayfair Hotel to climax the day's activities.

Other members of the Elks committee which will work in conjunction with the Chamber of Commerce committee are H. J. Lehman, W. F. Shelley, Peter Thurston, J. E. Preston, C. E. Adams, J. O. Adams, B. F. Haines, and E. J. Meyer.

**Postal Receipts For
February Show Gain**

Postal receipts at the local office for the month of February were \$30,10 better than for February 1932. It was announced today by Acting Postmaster R. J. Hally who revealed that the receipts have decreased during the past three months over the receipts for a three month period which began in December 1932.

Receipts for February 1934 were \$3007.62, while in February 1932 the receipts were \$3067.52.

Receipts for December 1932 were \$6566.02 against receipts of \$4,981.11 for December 1933, while the January 1934 receipts were \$304,000 against \$300,000 for January 1933, or a three month deficit of \$601.07.

DIRECTORS TO MEET

The March meeting of the Board of Directors of the Seminole County Chamber of Commerce will be held at the City Hall tomorrow night at 7:30 o'clock. It was announced today by Karl Lehman, before he left for St. Augustine where he will represent the county at the March meeting of the Central Florida Council of Chambers of Commerce.

**11 Million Unemployed
Because Banks Deny
Loans, Says Priest,
Predicting Strike**

DETROIT, Mar. 12.—(A.P.)—Declaring that little credit "is the reason there are 11,000,000 unemployed," the Rev. Father Charles E. Coughlin said in an address yesterday that there would be many strikes this year "unless the government comes to the assistance of industry with the credit that the bankers have denied."

"Nationalization of all currency and credit," he said, is necessary if wages are to be increased and working hours reduced in accordance with the national administration's program. The government, he declared, must "enforce the NRA or lose the confidence of the people."

"We must cease issuing credit only on bankers' possessions," he said, "before prosperity can return. Our nation's wealth and possessions are our credit. Too many industries have fallen into the control of bankers who are interested only in profits. Our bankers, clever enough in their own way, are ignorant of the suffering left in the wake of their profiteering. They are without imagination as they go down the tortuous path to national destruction."

Asserting that it is "Roosevelt or ruin," Father Coughlin said that "you now have a leader whom you can give your moral support," and that "the battle to break the bonds of banker control will be waged more fiercely this year than last," with "credit control" as the goal.

He denied ever having failed to pay his proper income taxes, and he had paid more than \$20,000,000 in this form of rates in the last 20 years.

Cummings announced Saturday that actions would be begun against Mellon, Thomas S. Lamont, Partner in J. P. Morgan and Company, James J. Walker, former mayor of New York, and Thomas L. Sidoo, general counsel for the Scripps-Howard newspapers and member of the law firm of Baker, Hostetter, Sidoo and Patterson.

"For many months now a campaign of character wrecking and abuse has been conducted against me in the press and over the radio," Mellon said.

"I am glad the issue is joined at last and am quite content to leave the outcome to the courts and to the good sense and fairness of the American people when all the facts are known."

**CCC Camps Continue
For Another Year**

ATLANTA, Mar. 12 (A.P.)—All of the 256 CCC companies now in the fourth corps area will be continued for another year. It was officially announced yesterday by Major General Mosely, corps area commander.

Of the 256 companies now in the area, 201 are composed of men

enrolled in the southeast while

the majority of those enrolled in

the other 55 companies comes

from New York and New Jersey.

**Birmingham Suffers Worst Fire Loss
In Its History As Block Is Destroyed**

BIRMINGHAM, Ala., Mar. 12.—Fire apparatus continued to pour streams of water on the smoking ruins of a fire-torched business block in Birmingham yesterday.

The fire, which raged for nearly ten hours Saturday night to do damage estimated at from \$3,000,000 to \$4,000,000, was the worst in the city's history.

Hospitals received for treatment last night 71 firemen after they had been overcome by smoke or injured slightly by falling debris. Fire Chief B. O. Hargrove and 26 firemen remained in hospitals late yesterday. Only four of them were in serious condition.

The only fatality resulting from the fire was Lawrence Earl, Negro, who was killed when his truck overturned as he was hauling gasoline to supply fire fighting equipment.

The fire scene was roped off and guarded by police yesterday as thousands of curious spectators milled about the downtown streets. Police Chief Luther Holloman is

given orders to "shoot to kill" any looters. Street cars were re-ruled around the fire zone.

The fire originated Saturday afternoon in the basement of the Loveman, Joseph and Loeb department store. Firemen believed it started from an overhang. The circuit it stimulated there for hours and then broke through to the first floor of the six-story structure. The blaze soon got out of control, consumed the large department store, and spread to other buildings in the block.

Strenuous efforts of fire fighters and thick fireproof walls saved Melancon's, another large department store, and the Alabama Theatre from complete destruction, although both buildings suffered heavy damage. Every other building in the block bounded by Second and Third Avenue and Eighteenth and Nineteenth Streets was demolished.

The only fatality resulting from the fire was Lawrence Earl, Negro, who was killed when his truck overturned as he was hauling gasoline to supply fire fighting equipment.

**Hearst Hits NRA As Having
Positively Delayed Recovery
Instead Of Hastening It****MECHANIC PAYS
WITH LIFE FOR
MURDER OF BOY**

**Wiles Electrocuted In
South Carolina Jail
For Fiendish Crime**

COLUMBIA, S. C., Mar. 12 (A.P.)—Robert Wiles was electrocuted at the State penitentiary yesterday for the kidnapping and killing of Hubbard Harris, Columbia school boy.

The 19 year old mechanic went to his death with a broken heart after making a full confession and taking sole responsibility for the crime.

"I am guilty. I did it. I am ready to pay for it. No one else was in it at all," he said.

The death sentence was short to nothing of the boy's life.

The Harris youth was lured away from home and kidnapped to death with an iron bar on his tenth birthday, two days before Christmas. Wiles and his son intended to extort \$1000 from the boy's father.

There is an absolute certainty here," said the attorney, "that industry and the world's entire economy have suffered greatly because of the depression and the NRA. The NRA has been the most important factor in causing the depression and it has brought about a great deal of suffering and misery."

He was sentenced to death.

Heaving a long sigh of relief, he said: "I have always known that the transportation act is a bad act. It is a waste of capital which could be better used in other ways."
