**Bible Verse For Today**THE LAST ENEMY.—God is  
unto us a God of salvation; And  
unto Israel he is Lord belonging  
unto us from death—Psalm, 93: 20Major Chaney has made a  
safe mayor, as mayors go in Tam-  
pa-Tampa Tribune. And is his  
face red from such a tribute?Herbert Hoover is said to be  
investing heavily in farm lands.  
The old boy will be able to eat  
well if he can't get back into polit-  
ics.General MacArthur says that  
what this country needs is a  
"small, fast, battle car." What  
for? To make the world safe for  
Democracy?A meeting between two of the  
late Senator Lang's chief political  
lieutenants broke up in a fist  
fight the other day. At that, they  
seem to be getting off light.Addis Ababa is pronounced  
Addis Ababa. We gave it  
Addis after we learned that Obri-  
tania was pronounced in Atlanta.  
Consequently, that leaves New  
York City as the only place pronounced "Gotham."Following a long absence from  
court in Michigan, Senator Harry  
S. Truman, the Judge declared, "I am  
of every thousand women who  
claim to have broken hearts by  
sticking pins in them, which ones  
do?" To make the world safe for  
Democracy?The Dayton's Home Return  
suggests that if you want to get  
your letters to the Home re-  
flected, you must sign them. That  
seems to be the idea of the leaders  
of all newspapers. The others  
haven't the courage to do so, but  
what the others do.A young woman, who had  
left the other day, has been found  
the truth from the medical men  
had been given. Having recovered  
and come home, this time she  
jumps into a chair when she  
does not feel well, but says  
she would be better if she  
were in another corner of Daytona  
Beach.Congress passed the Smaller  
Coal Act at the request of the  
Admiral, who is now the  
comptroller of the coal  
industry. He is the  
only coal industry. Yesterday some  
time ago, there had been  
widespread alarm. The dis-  
pute was over a few cents a day  
more or less.One of the best descriptions we  
have seen yet of the late Mr. Louis  
Louisian, the English, comes by way  
of Washington. "Merry Go Round"  
he was a real lot he had no  
money, a corrupt politician—but  
the cost of government in Tampa  
was third lowest in the country—a  
demagogue—but he kept his  
campaign promises; a hill-  
billy—but he had no real pre-  
recess; an ignoramus—but he ran  
a "business" administration; a  
dictator—but he pretended to be  
an opportunist—but he  
had ideals."With all its depression, the  
United States is still the richest  
country in the world. Having  
only 6 percent of the world's pop-  
ulation, with less than six per-  
cent of the earth's territory, the  
United States nevertheless, in  
spite of the confusions of  
the world, is still the  
richest country in the world. This  
could be a factor, but why  
haven't the United States offered  
the best place in the world for  
the international bazaar to go  
booming?**Revolution?**

Admiral Yates Stirling, commandant of the Brooklyn navy yard, offers a prediction in a New York newspaper that some time next month all the communists, socialists, and anarchists in New York City will unite to seize possession of the local government, with the idea of eventually taking over the entire country. While communist leaders smile and say they hadn't heard a thing about it, Congressman Marcantonio insists that Admiral Stirling should have his head examined. "He's nuts," or words to that effect.

It is safe to say that while sporadic attempts to overthrow the government may break out at some future date, no revolutionary movement based upon violence will ever be successful in this country. It is not only that the people as a whole are opposed to mixing bloodshed with politics, but also the practical impossibility of seizing control of the government by means of force, which leads us to the conclusion that Admiral Stirling's worst fears are unfounded.

It may be attempted, but it could hardly be successful. Most, "communists, socialists, and anarchists" are unarmed; or, if they have arms at all, they are pistols, knives, and trinkets. In this modern time you cannot conduct a successful revolution against a powerful government with such equipment. The army, the navy, the national guard, the police forces of the country are equipped with machine guns, car gas bombs (gasoline gun, if necessary), and tremendously efficient automatic rifles. If Louis XVI's soldiers had possessed just one machine gun in 1789, there would have been no storming of the Bastille.

No, the rise and fall of Huey Long in Louisiana gives us a better picture of how revolution will come in this country (if it ever does) than Admiral Stirling's article. The government of that state was very like our own until the popular "Kingfish" appeared upon the scene. He soon gained absolute control of the legislature by special favors to its members. "I can buy those fellows like a sack of potatoes," was his proud boast. He gained control of the state supreme court in much the same manner. Those he couldn't buy he caused to be removed, and then appointed men he could control.

Once in command of these three branches of the state government, his very word was law. Instead of the legislature, composed of duly elected members representing the people, drawing up laws and passing them for the good of the people, Huey Long drew them up, and told the legislature to pass them. And he supposed representatives of the people did exactly as they were told by the dictator, while the state supreme court approved constitutional and unconstitutional laws alike.

What was done in Louisiana could be done in the United States as a whole, granted the proper conditions and a popular leader with the ability and inclination to take advantage of them. The laws of the country would become mere decrees issued by the leader and stamped with the approval of Congress. Eventually it might not even be necessary to get the stamp of approval of the Supreme Court, since he could induce a majority of the judges to agree with him altogether.

That is the modern method, says Stirling. And to think the lead of it is the better way. It sounds considerably less dismal than the method Adolf Hitler used in Germany. While giving an overwhelming majority to the people at the polls, he was the only man in the country to be elected president. Franklin Roosevelt, the present U.S. President, and many others, are not so far removed from the Hitler stage and method.

Perhaps such a comment is all right. Heaven knows identity of flaws can be found in any system of government the past few centuries. We see the same sort of arrangement often in America. Many a man is destined to rise to power, and through his relationship to prominent people, and through his personal qualities, he gets to the top.

**A Deadly Weapon**

Describing the new weapon used the day before yesterday in the auto accident at Daytona Beach, A. V. Clegg, manager of the hotel where the accident occurred, said that the car had been driven into the rocks. The body of the man, he said, should have been cut in half, but the body was scarcely recognizable because of the shock.

Recovering from his injuries, Mr. Clegg said, "I am sorry that the accident happened to the injured man, but I am glad that he is alive." The steady gurgling gushing of a human being with pain creeping up on him as the shock went off. It should be that the slack expression of the face of a man strangled with shock, starting at the impact of his broken leg, the bones crumpled effect of a stiff body, body after his bones are crushed inward, a grotesque portrait of an hastened woman with her screaming mouth, peeing a hole in the bloody drip that fills her eyes and runs off her chin.

The automobile is treacherous, just as a cat is. It is tragically difficult to realize, but it can become the deadliest missile. Collision, turnover or side-wipe each type of accident produces either a shattering dead stop or a crashing hinge of direction, and since the occupant—mounting going continues in the old direction of the original speed, every surface and angle of the car's interior immediately becomes a battering, tearing projectile, aimed squarely at you—desirably. There is no bracing yourself against the impulsive laws of momentum. It's like going over Niagara Falls in a steel barrel full of railroad spikes."

In concluding his remarks, Magistrate Antenucci pointed out that 30,000 persons had been killed, and more than 2,000,000 injured in automobile accidents last year.

**SANFORD TWENTY YEARS AGO**

Tax census of Seminole County  
was now complete by Census  
Bureaucrat H. E. Talar and the  
figures show a remarkable gain  
in the past year for the entire  
county. The two precincts of  
Seminole, total 3537 and the entire  
county figures a total of 14,650.  
Two years ago when the popula-  
tion of Seminole was figured for  
county division, there  
was only 8000 souls in the area  
of the proposed new county and  
the census figures of today show  
an increase of 1432 people, demon-  
strating that the new county is  
attracting many people and that  
the older residents are increasing  
the family size.

Plans for the new county will  
be explained by

**THE SANFORD HERALD, SANFORD, FLORIDA****On With The Constitution**  
BIRMINGHAM AGE-HERALD

Pennsylvania's vote of refusal  
to call for a constitutional con-  
vention to revise the state's basic  
law will be variously interpreted  
according to one's political com-  
plexion. To use the phraseology  
used by Secretary of Commerce  
Roper in his Constitution Day  
speech, the Pennsylvanian, ac-  
cording to the Republicans, voted  
to go "back to the constitution,"  
or, according to the Democrats,  
voted to go "forward with the  
constitution." The only thing  
certain is that they voted to stay  
with the present constitution  
rather than get a new one.

The election, however, fails to offer  
a clear-cut expression of  
opinion on constitution changing.  
The issue in Pennsylvania was  
made a partisan one. The Repub-  
licans lined it up with the Demo-  
cratic New Deal, and they will  
view the result as evidence that  
the nation disapproves of any  
changes at this time in the fed-  
eral constitution. They will ar-  
gue that the public does not want  
any liberalization of the consti-  
tution to permit stronger federal  
control of social measures.

In this conclusion, the Repub-  
licans may be partly right, but  
with the customary partisan dis-  
regard for the whole truth they  
will be overlooking several fac-  
tors in the situation. They will  
forgetting that the majority  
vote against revision is less than  
the normal Republican majority  
in the state. At this writing, the  
vote is about five in four  
against revision. That majority  
is not one to grow up in a state  
which has known, as in the 1930  
election, as high as a four-to-one  
GOP victory. The state has never  
been disturbed by abnormal condi-  
tions.

Although the results may be  
clouded by partisan issues and  
though the issue of the vote for  
revision may indicate consider-  
able dissatisfaction, on the whole  
the Pennsylvania election offers  
evidence that constitution chang-  
ing should remain a cautious  
undertaking. It may be inter-  
preted as evidence of a lack of  
support for the more radical aims  
of the left wingers in the Admin-  
istration.

The results in Pennsylvania  
lend support, too, to the belief  
held by many persons that changes  
in constitutional law should not  
be made at a time when society  
is disrupted by abnormal condi-  
tions.

whispers that Mr. Mills, who rep-  
orted the campaign bid for Pres-  
ident Hoover in 1928, was certain

that he would be chosen for the  
1932 nomination.

At 2 P.M. the Weather Bureau  
at San Juan, Puerto Rico, said a  
disturbance was central near  
Lanca Windward Islands prob-  
ably moving west northwest.

At 4:30 P.M. the bureau had  
reported some indication of a  
second disturbance in the mid-  
Caribbean moving westward.

The San Juan advisory em-  
phasized all vessels west of the  
Windward Islands and in the  
south portion of the Leeward Is-  
lands to be on the alert 24 hours.

The Jacksonian Bureau prob-

ably the other disturbance is about  
latitude 14 degrees 10' minutes  
and longitude 73 degrees west,

placing it about 300 miles south  
of the eastern end of the Island  
of Cuba. The bureau said further  
advices will be issued only of  
conditions warrant.

Local Club will meet at the home of Mrs. Harky on Avenue Wednesday afternoon at 4:00 o'clock.

**THURSDAY**  
Church will meet on Thursday at 2:00 o'clock at the home of Mrs. Oscar Zittrower on Avenue in preparation for the Bazaar, which is to be held at the Parish

**Miss Louise Hickson Weds E. J. Nelson, Jr.**

The wedding of Miss Louise Hickson of Sanford and Edward J. Nelson, Jr., of Des Plaines, Illinois, was solemnized Sunday afternoon at 4:00 o'clock at the First Methodist Church, with the Reverend Paul A. Fletcher officiating.

The church was decorated with quantities of coral blossoms and asparagus fern, placed in profusion about the altar, the walls, and the balcony. The altar, which was studded with the coral vine, was flanked on either side by clusters of plumeria palms.

Preceding the ceremony, a program of music was given at the organ by Miss Margaret L. Davis, who included in her selections "Liebestraum," by Liszt; and "Ardantina," by Chamberl. Just before the procession, Mrs. Gladys Morris Williams rendered Hall-dorff's "Because."

The bride's mother, Mrs. R. G. Hickson, was dressed in a bright crepe of hemp green, and carried a corsage of pink rosebuds and illes of the valley.

To the procession of Wagner's Wedding March from Lohengrin, by Miss Davis, the maid of honor, Miss Eleanor Hickson, the bride's sister, entered in an attractive gown of tea rose, moire faille, made in the Renaissance period, with a fitted bodice and epaulette shoulder effects of the same material. The skirt was made of soft folds from the waist to the hemline. She carried a corsage of pink rosebuds and illes of the valley.

The bride entered with her father and was met at the altar by the groom and his best man Edward Knittle of Des Plaines, Ill.

The bride was charming in a dress of white chantilly lace made along the princess style in long, straight, flowing lines with a train which fell in graceful folds. The veil was of white tulle edged with chantilly lace and the coronette cap worn by the bride was made with a chantilly lace crown and a halo effect of seed pearl and orange blossoms. The bride carried a corsage of white roses and illes of the valley, terminating with fern and a spray of ribbon and illes of the valley.

The couple left the church to the Wedding March from Mendelssohn, and were immediately whisked away in an auto.

The ushers for the wedding were Robert Johnson of North Dakota, Duke Woodruff from Des Plaines, Kenney Louton of De Land, and R. G. Hickson, Jr., of this city.

Out of town guests at the ceremony included Mr. and Mrs. Frederick Burrows of Des Plaines; Mr. and Mrs. Joe Moore of Tavares; Miss Sonny Almudall of Lakeland; Mr. and Mrs. John Miller of Coopers, Miss Betty Stover of DeLand; Miss Olga Bowen of DeLand; Mr. and Mrs. J. G. Nicholson, DeLand; Miss Sarah Wilson, Miami; Miss Maxine McElroy, Daytona; Miss Virginia Peeks, Ocala; Mr. and Mrs. Kenney Louton, DeLand; and Mrs. Byron Walker of Tampa, and others.

Miss Hickson entertained her daughter Saturday night with a delightful buffet luncheon, which took place at the Hickson home after the rehearsal. The chief purpose was to present the attire

(Continued From Page One)

Council in turn might force the whole matter over to the assembly.

With submission of the report, the committee, composed of representatives of Spain, Great Britain, France, Poland and Turkey, ceases to exist.

From Rome came reports that relations between Italy and Great Britain are definitely improved as a result of a conference between Premier Mussolini and Sir Eric Drummond, British ambassador to Rome.

Italian newspapers said a clandestine mobilization of 10,000,000 fascists is imminent.

In Ethiopia, warlike preparations are progressing toward the border as a precautionary measure against a surprise attack by Italian forces.

Developments Sunday night in the tense Italo-Ethiopian situation cast dark shadows across hopes for peace.

## Bond Interest Fund May Require High Levy In 1936-37

(Continued From Page One)

had been made.

Chairman F. T. Williams reported that all school projects had been rejected but had resubmitted after changes had been made afterward in the amount of money which the board will contribute toward each project.

He also reported that the Kojoke negro school project had been rejected because it called for an expenditure of less than \$25,000.

The Board decided to committee date with the Trustees in the Geneva district to find out whether they are willing that a \$100,000 bond be created at once to be paid out of the funds of that district.

Approval was given to a contract made by the trustees of District Two with W. D. Holmes of Altamonte Springs, who will transport negro high school pupils from Roosevelt School to that town to Thomas Academy. He will be paid \$100 per month for this service.

W. L. Cooper was given the contract to supply fire and shift insurance covering the new house now in use at the Chautauqua Inn.

In reply to a request for information, the commissioners were advised by officials at Tallahassee that the minimum age for a school bus driver in Florida is 18 years.

The Board approved the terms of a bus contract from R. E. Kaiser to low son.

The Board was advised that Mrs. Monroe Matthews had accepted a contract to operate a school bus at Chautauqua Inn for \$125 per month and that she has agreed to pay the expenses of the bus.

To the question "Did you have a hearing last Saturday night?" Mr. Bradburn said that he did not attend the meeting.

Trustees of the Lyman School will be advised that the Florida Public Service Co. is ready to afford a saving in light costs at Lyman School by a rearrangement of the wiring system.

By letter, Attorney General Cary Landis advised the Board that bus drivers come under the terms of the Workmen's Compensation Act policy which the Board

lentants with gifts, and the bride will be whisked away in an auto.

Those who attended the supper were: Mrs. Gladys Williams, Miss Margaret Davis, Mr. and Mrs. Frederick Burrows, Duke Woodruff, Mr. and Mrs. Kenney Louton, Robert Johnson, Edward Knittle, Miss Eleanor Hickson, R. G. Hickson, Jr., and Mr. and Mrs. C. H. Cogburn.

Edward J. Nelson, Jr., of Des Plaines, Illinois, son of Mr. and Mrs. Edward J. Nelson of that city, Mr. Nelson attended the public schools of Des Plaines, and is at present studying law at Stetson University in DeLand.

Miss Hickson, daughter of Mr. and Mrs. R. G. Hickson of Sanford, has lived here all her life. She was graduated from Seminole High School in the Class of 1922, and has since been attending Stetson.

Mr. and Mrs. Nelson left early Monday morning for a short honeymoon and will return to Sanford Tuesday night. They will make their home in DeLand, where Mr. Nelson will continue his studies in the Watson law school.

can be chalked up as one more long fest in Field's long and robust list of screen successes.

Bubbling over with his customary gags, his habitual mirth provoking, rib-tickling pantomime, his pathetic, helpless blunderings, prepare yourself for a roll of the aisles as this master could never make. In the role of a hen-pecked husband at home, a down-trodden clerk at the office, Fields assumes his characterizations, depicting one hilarious scene after another without a step.

Edward J. Nelson, Jr., of Des Plaines, Illinois, son of Mr. and Mrs. Edward J. Nelson of that city, Mr. Nelson attended the public schools of Des Plaines, and is at present studying law at Stetson University in DeLand.

Miss Hickson, daughter of Mr. and Mrs. R. G. Hickson of Sanford, has lived here all her life.

She was graduated from Seminole High School in the Class of 1922, and has since been attending Stetson.

Mr. and Mrs. Nelson left early Monday morning for a short honeymoon and will return to Sanford Tuesday night. They will make their home in DeLand, where Mr. Nelson will continue his studies in the Watson law school.

not authorized for the protection of all of its employees.

The Board notified R. A. Douglass and other officers of a position circulated in Lake Mary, that they are willing to the appointment of Ray Howell of that town as a member of the Board of Trustees in District 2 if a vacancy occurs.

The Board voted that if the State Superintendent approves, it will donate \$25 per month toward the employment of a teacher at Hungerford School, private institution in Orange county, provided at least 10 colored boys and girls are living in this country are enrolled there as pupils.

Warned by Mayor T. L. Dunham that the operator of a home store held certain responsibility in connection with the operation of the place, Mr. Bradburn was told that the Commissioners would take the matter under consideration and that action probably would be taken at next Monday's meeting of the Commission.

In this connection, the Commissioners learned that the following persons already had made application for permission to sell either liquor, beer or wine during the fiscal year, beginning Oct. 1: J. D. Woodruff, G. H. Ross, Sam Kemps, Steve Deacon, Rich Ares, the Atlantic and Pacific Tea Co., J. D. Dwyer, W. F. Shoff, Angel, Robert Burns, W. F. Carroll, Will Alexander, Neil Constantine, Mack's Place, Harry Bradburn, and E. Z. Irvin.

The Commissioners voted to take all applications under advisement and to render an opinion by next Monday night.

Representative E. E. Brady who stated that "I would have to go bankrupt if I had to pay \$20 as city license on my male barn," was advised that the Commission could not consider his request for a reduction to \$10 of the license that is past due.

He had stated that in his opinion the license is too high and that Chief of Police Roy G. Williams had demanded payment. He also asked permission to tear down his old barn and erect a new one, to be advised by the Commission that it is not permitted at this time to consider such an application.

George Barker, representing the George Barker Advertising Co. of Orlando, again asked the Commission to revise the city's ordinance against certain types of signs.

It is expected that the principal subject of discussion will be the proposed ordinance which is facing the city council.

About 25 members of the West Coast School Officials' Association will meet in monthly session at the Masonic Hotel tomorrow evening at 11:45 o'clock with Captain George M. Lyons of the Orange County Sheriff's Department presiding.

It is expected that the principal subject of discussion will be the proposed ordinance which is facing the city council.

About 25 members of the West

Coast School Officials' Association will meet in monthly session at the Masonic Hotel tomorrow evening at 11:45 o'clock with Captain George M. Lyons of the Orange

County Sheriff's Department presiding.

It is expected that the principal

subject of discussion will be the proposed ordinance which is facing the city council.

Approval was given for the purchase of \$11 worth of materials for the repair of the municipality owned concrete pipe plant on the West side, and for the purchase of materials covering a large quantity of wooden pipes recently purchased and stored in the building.

As a matter of record, the Com-

misioners noted the fact that all gas plant bonds owned by the city now are in a special safety deposit box at the Sanford-Atlantic Na-

tional Bank where they could be seized only by written order of a majority of the Commissioners.

Approval was given to R. E.

Brady's application for permission to erect a filling station at 2nd Street and Park Avenue, for the removal of trees at 9th Street and Magnolia and 12th Street and Park Avenue, and for the erection of "Caution" signs approaching PEAK Nursery School on Park Avenue.

When Engineer W. S. Harde submitted a report indicating that it would cost over \$30,000 to extend a sewer line south of Geneva Avenue to serve residents of Melville Avenue in the Bel-Air area adjoining Geneva and about \$1000 to extend a line to the benefit of some residents of DeLand, the Commissioners voted to dig the report for recent action.

The Commissioners, indicating

that they would consider their various decisions, requested that he first furnish the Commissioners with a list of fees for his new boards.

George B. Witmer, appearing with Roy Packard as representative of the Central and South Florida Water Conservation Committee, made an appeal for funds with which to fight an eight-state case against the cross-state canal.

The appeal was noted and Mayor Dunham asked Mr. Witmer to furnish the Commission with a statement of expenses and expenditures in connection with the fight, although Mayor Dunham gave no assurance that a donation would be made at this time or in the near future.

The Commissioners agreed to pay E. J. McGehee \$20 as final payment on plans he had drawn up for the hospital project which had been turned down. He also was paid \$100 for his drawing up plans for the new armory.

Major Dunham signed a proclamation calling for a primary election on Nov. 3 between the hours of 7:30 o'clock and midnight, and the Commissioners named P. B. Smith, W. E. Watson and W. M. McKinney as inspectors and Jay Beck as clerk of the election.

By resolution, the Commission

completes the cancellation of \$63,000 worth of bonds of all types taken in payment of taxes during the past few months.

The auditing firm of Postland,

Gray and Moore was given the

contract to audit the city's books

for the fiscal year ending Sept. 30, 1935. The contract calls for the payment of \$500 for this service.

A \$100 donation was authorized

in favor of the Seminole Welfare Fund for the month of September.

Bradburn agreed and filed for

recording the annual report of

Sanford Municipal Library, ten-

dencies by Librarian Mrs. E. J.

Mangione who is to be commended

for her assistance during the year.

Finally, Mr. Bradburn said that

he did not permit "habitual drunk-

s" to hang around his place when he was asked the question "Do you let such habitual drunkards as that Bradburn, T. H. Bradburn, Martin McClellan, H. A. Steinmeier and such others hang around your place of business?"

Warned by Mayor T. L. Dunham

that the operator of a home store

held certain responsibility in connec-

tion with the operation of the place,

Mr. Bradburn was told that the

Commissioners would take the matter

under consideration and that of her assistants during the year.

Although A. B. Crowley, tax

agent for the Florida Power and

Light Co., emphasized by letter to

the Commissioners reduced his

assessment only \$40,000 to \$20,000,

the Commissioners voted not to supply him with data he had requested, and declared that inasmuch as they had not for the last time as a tax, equalizing board, the matter is considered as closed.

Mr. Crowley, who said in his letter that "I am not so foolish in my actions," and "I cannot approve of any taxes on this basis," had requested a nearly 50 percent reduction in the assessment for this year.

Approval was given for the pur-

chase of \$11 worth of materials

for the repair of the city's

gas plant bonds owned by the city

now are in a special safety de-

posit box at the Sanford-Atlan-

tic National Bank where they could

be seized only by written order of

a majority of the Commissioners.

to audit the city's books for the fiscal year ending Sept. 30, 1935. The contract calls for the payment of \$500 for this service.

## '35 Dove Shooting Season Opens In West Florida Soon

Hunters Here Must Wait Until Nov. 20 To Bag Their Quota

TALLAHASSEE, Sept. 24.—(AP)—Guns blazed in Florida's gulf coast counties at 7 A. M. Saturday at the 1935 dove shooting season got under way. But in inland counties it does not open until Nov. 20.

The state law allows killing of migratory birds in the coastal counties at any time when it is not prohibited by federal regulation, and the federal season on doves this year is Sept. 21 to Jan. 5.

"There's nothing we can do about it," commented J. N. Kennedy, executive secretary of the state game and fresh water commission.

When the federal regulations first were announced, the dove shooting season was to open Oct. 1. Kennedy, on behalf of Florida, protested this and urged that it be made the same as that for quail and other native game.

Kennedy said, at N. Darling, chief of the United States Bureau of Biological Survey, replied: "There is little likelihood that any change can be made now."

"Some 10 days later," said Kennedy in a statement, "a change was made, but not the change we sought. The opening season on doves was placed at Sept. 21, or 60 days prior to the opening of the general hunting season in Florida."

"Having failed in its appeal to the federal authority for consideration in this matter, the commission of game and fresh water fish strongly requests those sportsmen who go into the field at this early date to observe strictly the law protecting other game and co-operate in its enforcement."

Counties in which the dove shooting started Saturday are listed by Kennedy as Escambia, Santa Rosa, Okaloosa, Walton, Bay, Gulf, Franklin, Wakulla, Jefferson, Taylor, Dixie, Leon, Hernando, Pasco, Pinellas, Hillsborough, Manatee, Sarasota, Charlotte, Lee, Collier and Dade.

In all other counties the season may be opened at the petition by the county commissioners to the game and fish commission of the department. So far, the inland 10-inland county opening has been early opening date.

The bag limit on doves under federal regulation is 100, and is limited to the period between 7 A. M. and sunset. It is prohibited to shoot doves in fields.

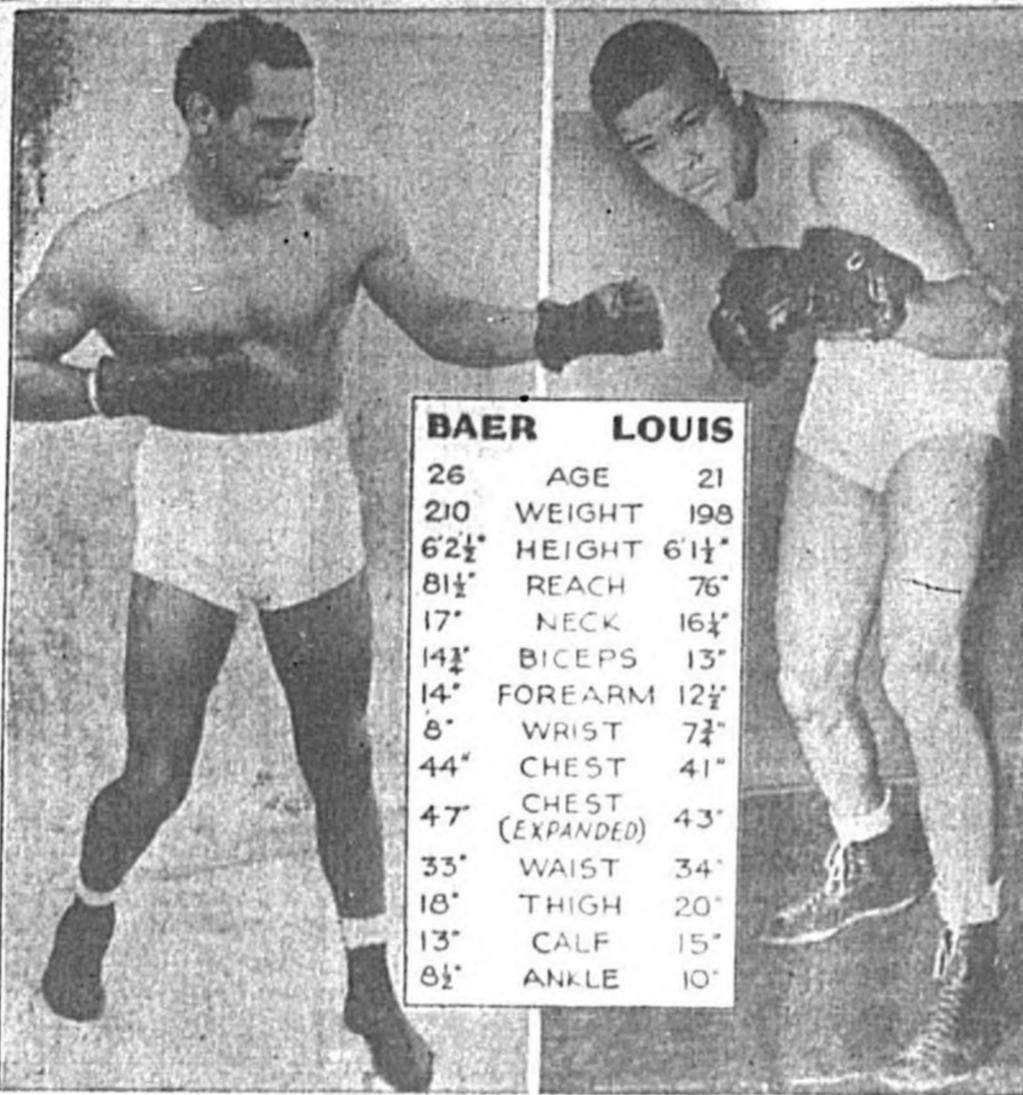

## Palm Beach County Truck Crop Season Hampered By Rain

Conditions from heavy rain ten days ago have delayed the potato crop in the county each.

Since rains began on Sept. 10, the biggest loss from the start of the season this month, Palm Beach County suffered less than most areas which felt the effects of the outer edge of the storm. The losses are not this year as great as last year's farm crop.

In 1934 Florida had a reduced income of \$600,000, according to the United States Department of Agriculture. Orange brought \$23,770,000 of this income, while

## HOW BAER AND LOUIS STACK UP FOR THE BIG FIGHT

**BAER      LOUIS**

26	AGE	21
210	WEIGHT	198
6'2 1/2"	HEIGHT	6'1 1/2"
81 1/2"	REACH	76"
17"	NECK	16 1/2"
14 1/2"	BICEPS	13"
14"	FOREARM	12 1/2"
8"	WRIST	7 1/2"
44"	CHEST	41"
47"	(EXPANDED)	43"
33"	WAIST	34"
18"	THIGH	20"
13 1/2"	CALF	15"
8 1/2"	ANKLE	10"

Max Baer had a general physical edge on Joe Louis. The two heavyweight fighters selected the outfit for their bout tomorrow night, but there was plenty of room for improvement. It is to be hoped that both physically would be made up in fight time. This we are informed from Max Baer's manager, right along with his physical measurements. (Associated Press Photo)

## Billy Hood To Meet U. S. Deficit To Be Joe Dundee Thursday Less Than Thought

TALLAHASSEE, Sept. 24.—(UPI)—H. B. WASHINGTON, chairman of the House Select Committee on Small Business, will appear before the Senate Select Committee on Small Business on the 10th day of October to present his views on the budget of the nation.

Washington's appearance on the floor of the Senate will be interesting because he is the author of the bill that would give the Senate a chance to review the budget.

Senate Select Committee Chairman Joseph T. Hays, of Georgia, has indicated he will not be present.

Washington's speech will be followed by a speech by Senator George W. Norris, of Nebraska, who has been critical of the budget.

Washington's speech will be followed by a speech by Senator George W. Norris, of Nebraska, who has been critical of the budget.

Attacks On Masons  
Abroad Condemned  
By High Officials

CLEVELAND, Sept. 25.—

—Attacks on Freemasonry in Ger-

many, Italy and Russia were con-

demned by Sovereign Grand Com-

mander Melvin M. Johnson yes-

terday in his report of the Inter-

national Masonic conference in

Brussels last June, before the

Supreme Council of the Scottish

Rite northern jurisdiction.

The report, delivered in the

course of the commanders annual

allocation, rejected "the unjustifiable

and uncharitable attacks

against Freemasonry and Free

Masons in many lands as unwor-

worthy of serious consideration

by intelligent people."

"It is not only the right but the

duty of Free Masons to defend by

all legitimate and peaceful mea-

ths Masonic institutions when

their very existence is threatened

by government action inspired by

enemies of the fraternity," the

report said.

## INDIGENT, 74, FATHER OF TWINS

## Senator Pope Sees League In Doldrums

Solon Thinks Council  
Should Begin Real  
Assault On Il Duce,  
Other "Madmen"

By SENATOR JAMES P. POPE  
(Written For Associated Press)  
ABOARD S. S. VOLENDAM,  
Enroute to New York, Sept. 25.—  
(AP)—The League of Nations today is in something of the same position in which the United States Department of Justice was up until a couple of years ago.

The Department of Justice never was a very important agency in public opinion until it began its aggressive campaign against gangsters. As soon as it began shooting on sight, disregarding red tape in the pursuit of criminals, it attained overnight unprecedented popularity.

The same reaction would greet the League should it begin "shooting from the hip."

During the past fortnight I have heard leaders of many small nations express the most emphatic opinions on the Ethiopian dispute. Any delay on the part of the League, they believe, will be fatal to world peace and to themselves eventually.

Almost unanimous are they in the belief that war once started will spread. They feel that a war like the Ethiopian has, once received and made a vigorous, will take the world by storm.

It is their desire that Mussolini should immediately be attacked

down on him. Some of them regard H. Darrow as a madman with whom neither reason nor experience will prevail. They say he is determined to carry out his purpose and will be enabled to do so because some nations cannot be declared until aggression takes place.

Practically all small nations, like Austria, France and others, have not been able to do so for 10 years to build a voice and

Sholtz Criticized  
For Using Foreign  
Vessel On His Trip

TAMPA, Sept. 25.—In a letter

to Governor Shultz yesterday

the Propeller Club said its ob-

jectives of supporting the Ameri-

cian merchant marine service had

been seriously injured through the

publicity of his recent use of for-

eign steamship facilities.

The letter referred to the Gov-

ernor's recent trip abroad on
