Naval Air Service In Present Form Is Favored By Wilbur

Creation of Separate Department For Air Service, Would Be Mistake, He Asserts

Secretary Is First Witness Today

War Bureau Officials Divided In Opinion About Air Service

WASHINGTON, Sept. 22. (AP)—Maintenance of the navy air service in substantially its present form was advocated today by Secretary of War D. H. Hoover before the President's board.

Called as the first witness the day by the board, he yesterday inquired into the policy of the War Department and army air service, Mr. Hoover emphatically opposed the creation of a separate department of air service, which he said would be a "well high irrevocable mistake."

Secretary Hoover likewise expressed opposition to the establishment of a separate department of air service, which he said would be a "well high irrevocable mistake."

Mr. Hoover, who is appearing as the first witness, said that the navy air service is in a position to be made "autonomous," with a position similar to that of the Marine Corps in its relation to the navy.

General Patrick said he believed it would be advisable in the long run to have the air service made "autonomous," with a position similar to that of the Marine Corps in its relation to the navy.

FRANCE SEEKS REDUCTION OF INTEREST RATE

Experts Studying Situation Said to Have Agreed With Mellon That Five Per Cent Will Have to Be Changed

Italian Commission Coming October 20

Present Interest Rate Has Produced Accumulation Of About Eight Hundred Million

WASHINGTON, Sept. 22. (AP)—Downward revision of the rate of the French debt to the United States through recalculation of the accrued interest charges now appears likely to take place in the forthcoming negotiations for a funding settlement.

While treasury officials were considering this phase of the problem, which is to be taken up with Finance Minister Cailaux and his colleagues on Thursday, Giacomo De Martino, the Italian ambassador, called at the treasury to inform Secretary Mellon that his government's debt commission probably would arrive here about October 20.

Indications were given that the question of the interest charge on the French debt is being carefully studied by the experts who were said to agree with Secretary Mellon that the rate of 6 per cent borne by the loans since they were made, is due to be adjusted. None would hint, however, as to what is likely to be called a reasonable rate by the American commission.

Sentiment Exists. Considerable sentiment exists in the commission, however, against building the French to the full 5 per cent charge which has produced an accumulation of more than \$870,000,000 since the loans were made during the war. The principal of the debt stands at \$3,340,516,913 according to the latest Treasury figures. That amount, it is pointed out, has been increased through re-adjustment of the rate of interest borne since the loans were made and adjustment of the amount funded for Great Britain likewise was understood in that fashion.

With respect to the Italian debt, Secretary Mellon has made preparations to meet Ambassador De Martino and the Italian delegation at the earliest possible date after the French negotiations are concluded.

The ambassador returned two days ago from Rome, where he discussed the forthcoming negotiations with Premier Mussolini and other officials.

(Continued on Page Three)

WASHINGTON, Sept. 22. (AP)—State department officials had nothing to add last night to the disclosure that Consul General Blake at Tangier had been directed by President Coolidge to inform American aviators operating with French forces against the Rif tribesmen to two sections of the revised statutes which their service might violate. There appeared, however, to be little probability that the matter would be pressed in any other way.

Of the sections cited, the first is designed to prevent recruiting of foreign armies under American who enlist themselves or procure the enlistment of others. The second extends American jurisdiction in regard to specifically territory where extra-territorial treaties carry with them American law.

Woman's Mysterious Death Baffles Richmond Officials; Injured Husband Is Held

Partly Decomposed Body Is Discovered After Woman's Husband Is Found Wandering on Richmond Streets

No Signs of Violence Are Found Upon Body

Husband Tells Two Different Stories of Affair; Hope For Recovery Held Out

RICHMOND, Va., Sept. 22. (AP)—Richmond police today faced one of the most puzzling mysteries they have ever been called upon to solve as they sought to piece together the story of the death of Mrs. Herbert E. Richardson, Jr., whose body was discovered in the apartment occupied by her husband and herself after Mr. Richardson had been found on the streets this morning in a state of self-inflicted bullet wounds.

At the conclusion of a two-hour study last night, Coroner James M. Whitfield, conducting an autopsy over the body, announced that although he had found no signs of violence, his investigation was incomplete and would be reviewed today.

Part of the stomach will be analyzed today and Dr. Whitfield said that he did not expect to make known details of his findings before some time late in the afternoon.

Richardson's condition was first discovered when citizens of North Richmond heard a shot at 6:20 this morning and notified police. Officers who hurried to the scene found the man suffering from a serious wound in the abdomen and rushed him to a hospital where an immediate operation was found necessary. Meanwhile, however, Richardson turned over keys to his apartment and directed the officers to go to the home to ascertain if his wife were still alive.

Already in a state of partial decomposition, the body was found nude, lying in bed and to all appearances death had taken place several days previous. Officers reported that they found no signs of violence and that the perfect order of the home told nothing of any struggle that might have taken place.

Man's Condition Hopeful. Following his operation, the condition of Richardson was said to be hopeful today. At the hospital he was placed under arrest, charged with the murder of his wife. Having first declared that she killed herself, he later told a story of having returned to his home on Saturday night to find a strange man in his wife's bedroom. He attacked the man, he said, and wounded him several times with a pocket knife. The man, he said, was the Lexington, work on both having progressed at the same speed. They are 62 per cent complete and will be ready for commissioning early next year.

MIAMI OF NORTH IS PLANNED BY FISHER. NEW YORK, Sept. 22. (AP)—Creation of a Miami of the North with three hotels, four golf courses, 15 miles of waterfront and glass covered tennis courts at the eastern tip of Long Island will be undertaken by Carl G. Fisher, who bought Mangrove Swamp in Florida in 1913 and in five years developed Miami Beach.

GEORGIA MOB LYNCHES INSANE NEGRO WHO KILLED WHITE NURSE IN ASYLUM. MACON, Ga., Sept. 22. (AP)—According to reports received today by long distance telephone, Willie Dixon, negro inmate of the state sanitarium, at Mill-ledgeville, near here, who last Tuesday attacked and killed a white nurse, was taken from the negro ward last night and carried near the Baldwin and Wilkinson county line and lynched.

Dixon was chained to a tree and beaten to death with a pickhandle. The body was left at the tree, where it was found early today. The pick handle was found nearby. Wilkinson county officers began an investigation. The coroner's jury returned a verdict that the negro met death at the hands of parties unknown.

REALTORS AND MAYOR SETTLE FEE QUESTION

Matter Settled At Meeting Held At Bank This Morning When Lake Meets Committee of Realty Men

License Fees Will Remain Unchanged

Require Heavy Bond of All Agents and Salesmen; To Name New Advisory Board

Following a meeting yesterday afternoon, when the City Commission and the committee of local realtors failed to reach any final decision regarding the proposed raising of real estate license fees in this city, Mayor Forrest Lake, acting for the commission this morning, met a committee composed of A. P. Connelly, Col. George W. Knight, D. L. Thrasher and Mr. Haggard, in the executive offices of the Seminole County Bank, where a satisfactory compromise was effected, it was announced. At this time it was decided to maintain the present license fees, but to place all real estate brokers and salesmen under a heavy bond with the city. Bond for agents to the amount of \$2,500 and \$3,000 were recommended to the Commission.

In addition, the committee and the mayor arranged for the formation of a Real Estate Board, to be named by the Commission, and to be composed of local realty men, who will be empowered to pass upon the bonds submitted.

This arrangement, it is said, will clear up a matter of considerable interest to local realty agents. There is reported to have been considerable discussion of the question of license fees and bond imposition upon the realtors since the meeting of the City Commission last week, at which time the request was made to have the present license fees of real estate brokers raised from \$10 to \$200, and that of the salesmen from \$5 to \$25, in addition to requiring them to furnish bond.

By special arrangement, the City Commission met yesterday afternoon with a committee from the Sanford Real Estate Board for discussion of the matter. A lengthy discussion followed, and, without any definite action being taken until, at the suggestion of Mayor Lake, it was decided to have the committee meet him this morning for definite solution. The meeting took place as arranged, and the matter settled in a satisfactory manner to all parties concerned.

Final disposition of the affair will likely be made at the next regular meeting of the City Commission, it is pointed out, at which time the provisions will be drawn up and presented.

NAVY WILL LAUNCH SECOND AIRCRAFT CARRIER OCTOBER 3. WASHINGTON, Sept. 22. (AP)—The navy will launch its second aircraft carrier, the Lexington, Oct. 3, at the Ford ship yards at Quincy, Mass.

She will be christened by Mrs. T. Douglas Robinson, wife of the assistant secretary of the navy, as she starts down the ways ultimately to join her sister ship, the Saratoga.

Although the Saratoga was launched April 7, at Camden, N. J., she is no nearer completion than the Lexington, work on both having progressed at the same speed. They are 62 per cent complete and will be ready for commissioning early next year.

The Lexington exactly like her sister, will be 888 feet long all over, 105 beam and electrically driven, and will carry 10,000 tons. She will have a speed of 33 knots and a displacement of 33,000 tons. Each ship will be able to carry 72 airplanes.

Police Find Woman's Body In a Furnace; Fireman Is Arrested

NEW YORK, Sept. 22. (AP)—Police today discovered the body of Mrs. Sophie Poteki, a young East Side woman in the furnace of a lumber yard kill.

George Smycek, fireman of the lumber yard was arrested in connection with the woman's death. Heles said they believed she had been placed in the furnace alive.

Patrolman William Merrick, hearing the woman's screams coming from the lumber yard, investigated. As he scrambled over a pile of lumber, the screams ceased. Merrick found Smycek near the furnace but he denied that the woman was on the premises. As Merrick began to question him, Smycek fled and Merrick fired his revolver. Two other patrolmen assisted in the capture.

Officers found the body inside the furnace door, which had been closed and the shovel propped against it. Smycek told the police the woman often visited him at the yard and that she once threatened to poison him. He told the police that when he ran from the lumber yard, he intended to commit suicide by jumping into the East River.

NORTHERN PLANT WILL ESTABLISH AGENCY IN CITY. The O. B. McIntock, manufacturer of burglar alarms for banks and large commercial enterprises, and are the sole producers of steel chime clocks in the United States, will open district offices and distributing warehouses in this city in the near future, according to information received here today.

The McIntock concern, which has selected Sanford as the most desirable site in this section for the location of a distributing point to serve a large southeastern territory. Headquarters and factories of the firm are said to be in Minneapolis, Minn.

Mr. Harper, representative of the McIntock concern, is in Sanford today completing arrangements for the establishment here of a ware house and handling facilities it is said. Mr. Harper is quoted as praising this city for its strategic position from a shipping standpoint, and citing its adaptability to the purpose in which he is interested.

According to the announcement, the McIntock Company which controls the Bankers Electric Protective Company, and the American Protection Company, plan to utilize the shipping facilities here and will build warehouses in this city for storage of equipment to be transhipped to distant parts of the State. It is planned to maintain a large sales force at the Sanford office, from which point they will cover an extensive territory.

WARD ELECTED TO FILL JOURNALISM VACANCY AT ROLLINS COLLEGE. WINTER PARK, Fla., Sept. 22. (AP)—Charles E. Ward, former city editor of the Laurel, Miss., Leader, and now a member of the editorial staff of the Orlando Morning Sentinel, has been appointed instructor of journalism in Rollins College. This announcement was made by R. J. Sprague, dean of the college.

Mr. Ward is a graduate of the class of 1923 at Rollins. Besides being editor of the Laurel, Miss., Leader, he has also been on the editorial staff of the Miami Herald.

Two courses in journalism at Rollins are offered. One is in elementary methods and the other in advanced composition.

CHICAGO PAINT FIRM TO BUILD LOCAL PLANT

Officials of Barrett Varnish Company On Visit Purchase Site for Warehouse

Pick City As Most Desirable In State

Firm Will Engage In Wholesale Business Only, Say Officials

Immediate establishment in this city of a paint and varnish distributing center for Florida, and the erection of a wood finish manufacturing plant within the next six months were the outstanding features of an announcement made late Monday by representatives of the National Woodfinishing Company of Chicago. Acquisition of a suitable site for their warehouse was confirmed at the same time, it is said.

According to the report, M. J. D. Barrett, principal owner, and R. C. Hazlett, executive head of the Barrett Varnish Company, which the National Woodfinishing Company is a subsidiary concern, arrived in this city early yesterday, and spent the entire day seeking a location for their plant. With the aid of the industrial committee of the Chamber of Commerce, they were enabled to find a desirable site, it is stated, and the deal was closed.

To Build Warehouse Soon. It is announced that the officials after motoring over the entire state in quest of a desirable location for their plant, decided upon Sanford. According to the announcement yesterday, plans have been completed for the immediate construction of several warehouses, which will be used as a distributing point for paints, varnishes and other products of the Barrett plant in Chicago.

The intention of the company is to do nothing but a wholesale business at this time, it is announced. According to the officials however, future development of a manufacturing plant for wood-finishing products will commence as soon as the distribution plant is finally established.

Exact location of the site was not divulged yesterday, although it is understood to be well within the city limits.

Wheeler Purchases Sanford Tract Of 25 Acres For \$75,000. Sale of a 25-acre tract, known as the Speer grove, lying east of Pine Court, for the sum of \$75,000 was announced Monday, the property being purchased by W. B. Wheeler from Mrs. Edward F. Lane in fulfillment of a mortgage. The tract is believed to have brought a record price for local acreage.

Development of the tract, as announced today by Mr. Wheeler, the purchaser, will be the conversion of the property to a highly restricted subdivision project at once, and will be known as Magnolia Heights. It is the intention of the developer to include this property among the better class of residential districts.

The Speer grove, as the property was formerly known, is historically prominent in this section, it is pointed out.

Prior to the freeze of 1928, the Speer grove is said to have been one of the finest citrus producing properties in this section of the state and oranges and grapefruit grown upon it are declared to have commanded fancy prices.

Though there is a widespread belief that stars can be seen from time to time or wall in the daytime, no one has ever reported seeing one.

LOCAL MINISTER GIVES IDEALS OF POLICE PERSONEL

Dr. King Starting Series of Short Talks, Tells of Requirements for Model Force at Baptist Church Last Eve

Introducing a series of preludes, short talks in which he will strive to present his ideals concerning certain classes of citizens in any community, Rev. F. D. King, pastor of the Sanford Baptist Church, last evening preceded his evening service with a brief outline on "The Kind of Policeman Needed in Sanford."

Explaining the purpose of the series begun last evening, Mr. King stated that in setting forth his ideals as applied to those of any community entrusted with the administration or bound by duty in any way to render service to the public, he will have reduced the indebtedness which he feels toward this city.

The responses to Dr. King's appeal for a vote of confidence at the conclusion of his talk is declared to have been unanimous. Subject for the prelude next Sunday evening announced by Dr. King will be "The Seminole County Citizen, and The Sheriff's Force."

During his talk, Rev. King read the oath sworn to by every Sanford patrolman upon acceptance for duty. The remainder of the prelude follows in full:

"I have no desire to do anything for the sake of creating a sensation. I am deeply concerned for the character and the reputation of my city. The citizens of Sanford and Seminole county have done me many kindnesses, and I am deeply indebted to them. I am also under a most binding obligation to the youth of this community, and, if I should fail to make a worthy effort to pay this obligation, I would be unworthy of citizenship in this city.

"This evening I am beginning a series of preludes, and, in these, I shall try in all fairness to present my ideals of certain groups of citizens. If I am able to make even a small contribution of courage to any citizen of my city, and, if I can do my part as one of many citizens who are trying bravely to build a greater and better Sanford, I shall feel many times repaid for the effort.

"The policeman's position is one of grave responsibility. He is called upon to protect our homes, our business, our families, and our lives. He is called upon to enter the haunts of the gambler, to travel the trail of the bootlegger, and to protect our goods from the thief.

"The law of the city is placed in the hands of the policeman, and to him is assigned the task of enforcing the law. Why scour the city from one end to the other, and urge our citizens to contribute their money to advertise our splendid city if Sanford is not to be a city whose citizens will be proud of her law enforcement and her good government? You employ your policeman to enforce the law, and thereby to help to preserve the character and the good name of your city. I take my hat off to the policeman who, with the courage of a soldier, enters upon his task day after day to enforce the law.

"I am willing for any policeman to tell our pastors the kind of ministers needed in the Sanford churches. I am ready tonight to look long at a photograph of the kind of pastor I should be. I have in mind a picture of the kind of policeman needed in Sanford. I am not saying that we have this policeman, nor am I saying that we do not have him. I am presenting to you the picture with the hope that some good may result from your study of the picture.

"Every policeman should possess unquestionable character. The law which he seeks to enforce must govern his own life. When he takes an oath to enforce the law, he should enter upon his work with a determination to do just what he has sworn to do. There should be no discrimination whatsoever. The white man, the red man, and the black man should receive the same treatment, except the greater mercy should be shown to those who have enjoyed the favor of privileges. Any policeman who will arrest a negro woman and bring her before the court for selling whiskey, and close his eyes to a white man's doings who is engaged in the same traffic should be asked for his resignation immediately.

"At the hands of the worthy officer of the country club, the First Baptist Church, the questionable cafe, and the Elks Club will receive the same kind of treatment.

"To let the city rot at the heart while we scour the community for money to advertise is nothing but a cheap vaudeville stunt. Let us determine to enforce the law, and build a city worthy of the name, or let us abolish our laws, and turn the city over to the gamblers, the gin hounds and the bootleggers.

"I stand tonight for a city of permanent prosperity. I stand tonight for a city of happy homes and clean business. I stand with every policeman who dares to enforce the law, and honor the city. I stand for a city whose name shall be known far beyond the reaches of her celery fame. Are you ready, every man of you, and every woman of you, to stand for a city like that?"

The two divisions are educational and vocational. For the former Mrs. Dora Burch is principal, and for the latter Joe Dykes is chief engineer.

There are two separate schools under direction of the general superintendent. One is for the white boys and the other for the negroes.

At school number two, known as the negro school, George Robinson is supervisor and farm director, and Janie A. Harris is principal of education.

There are three cottages with enrollments as follows: No. 1 63; No. 2 484; No. 3 45. A modern hospital building is also included in the property with Mrs. Scott Johnson as matron. On the right wing is the operating room, while on the left is the honor cottage with 50 boys enrolled.

Among the other buildings on the grounds are the printing department; the light plant and the laundry. Other subjects available are plumbing and manual training.

Instruction in farming is also given a number of the students. In the white boys' farm a 500-egg incubator has been installed with satisfactory results.

State Chief Will Inspect New Roads in Southern Section

TALLAHASSEE, Sept. 19.—(AP)—Dr. Fong A. Hathaway, who has just returned from a trip into North Carolina, plans a general inspection visit to South Florida in the near future, in the interest of good roads.

The road department chairman visited the western section of the state this week, including Calhoun county and Bay county. At Bay county his work was devoted to a survey in connection with the possible locating of a part of the Gulf Coast highway there.

At Bonifay, the road department chairman, conferred with the county commissioners, and with citizens at Chipley, regarding the securing of necessary rights of way for State Road Number 1 through Washington and Holmes counties. J. L. Cresap, state highway engineer, accompanied the chairman on the trips.

Bids for the construction of State Road No. 4, between Miami and Broward county line, have been forwarded to all members, Dr. Hathaway announced, and recommendations will be made by the chairman within a few days.

While in North Carolina Dr. Hathaway devoted most of his time to a general inspection of the highways of that state.

Winter Haven—(AP)—Six hundred thousand dollar hotel leased by corporation; 500 new homes and 6 miles of paving planned for subdivision; \$250,000 six-story "skyscraper" projected; construction rushed on \$100,000 business structure.

Mystery Surrounds This Baby

Detroit police are investigating whether Mrs. Margaret White kidnaped this baby. She presented the child to her husband as her own. But under questioning she said she adopted the baby in Hamilton, Ont., and called it her own in order to keep the love of her husband, scion of a prominent Nashville (Tenn.) family.

Gasoline Price Reduced NEW YORK, Sept. 19.—(AP)—The Standard Oil Company of New Jersey today reduced tank gasoline a half cent per gallon in Maryland, Virginia, North and South Carolina and West Virginia.

NATIONAL AID IS SOUGHT IN WAR ON LAND FRAUDS

State Realty Board Seeking Information of Swindlers Operating in Other States Through National Body

ORLANDO, Fla., Sept. 20.—(AP)—To prevent unprincipled operators in real estate from preying upon the uninformed public is the stated purpose of the Florida Association of Real Estate Boards. The co-operation of real estate boards belonging to the national association going out from the office of the Florida Association of Real Estate Boards today over the signature of Paul O. Meredith, executive secretary.

Because of the widespread interest in Florida real estate throughout the world, fraudulent schemes played upon the unsuspecting public have been brought to the attention of both the state and national associations. Full co-operative efforts to make Florida safe for the investor is the appeal broadcast today to nearly 600 real estate boards in the United States and Canada.

The Florida Association is represented in practically every community of any size in the state, says the secretary, and each board is advocating the realtor's code of ethics and insisting upon the strictest of standards among its members. It is this statewide organization, he asserts, that secured the real estate license law which goes into effect on September 30 next and which creates a broker's license registration board.

This board is co-operating with the vigilance committee of the real estate boards. Through this co-operation, the letter points out, a check will be secured to preclude any unscrupulous practices. "Real estate men of Florida realize that 'get-rich-quick' schemes are likely to crop out because of the great activity within the state," declared Mr. Meredith. "Recently the Orlando Realtor's Board was successful in nipping in the bud a nation-wide scheme in which representations were made by mail. The Federal authorities now have charge of the case.

The message sent out by the Florida Real Estate Boards Association makes the following suggestions: 1. Whenever you see advertisements or literature of the real estate apparent misrepresentations, obtain the name of the operator and notify this office, Orlando, Florida, directly. Send information we can use in investigating the circumstances. 2. In any case of actual fraud coming to your attention report it to us at once, giving the facts. 3. Instruct everyone coming to Florida to consult a realtor.

On the negro boys' farm there are some 200 at work. The heavier work is done on this farm, and the negroes have a number of mules to assist them. Graded schools are also taught with about 170 boys enrolled. They are taught one day and work the next. Instruction is available up to and including the ninth grade, and begins with the fifth. Fifteen are enrolled in kitchen and dining room study.

Besides a baseball team in each of the three cottages, the school has what it considers one of the finest boys' brass bands in the South. The band plays on Thursday and Friday nights for the picture shows and on Sunday for the Sunday Schools.

Leesburg—(AP)—Dredging of Leesburg's lake front is rushed.

For Sale--- 100 acres inside city limits of Sanford suitable for high class subdivision \$1,000.00 per acre on easy terms. Britt-Chittenden Realty Company, Inc. 2102 First St. Realtors.

Lower and Better

Graham Brothers second price reduction in four months, announced September 9th, is simply a reflection of the public's confidence in Graham Brothers Trucks.

The new 1-ton Truck chassis price, f. o. b. Detroit, is— \$995

Without greatly increased production this latest exceptional cut would have been impossible—except for a sacrifice of the quality that has brought Graham Brothers so quickly to first position among the world's exclusive manufacturers of motor trucks.

The fact is that Graham Brothers Trucks are better than they ever were—and any owner will tell you they have always been remarkably good.

I. W. Phillips' Sons GRAHAM BROTHERS TRUCKS SOLD BY DODGE BROTHERS DEALERS EVERYWHERE

\$200 per Acre track of land containing 80 acres, clear water lake 3 miles due east of Pearson, Fla.—\$200 per acre—Good terms.

- ANNOUNCEMENT -

TO THE PUBLIC:

On and after September 16th, 1925, all interest charges made by this Company and by Bel-Air Realty Company to OLD and NEW buyers of properties developed by us (excepting only existing contracts on Mayfair) will be at the rate of

6 per cent Instead of 8 per cent per annum--- Payable in Advance

This means that if your purchase contract now calls for 8% this provision will be waived and your interest charge will be figured regardless of your contract at the reduced rate of 6%.

We are all endeavoring to build Sanford. I believe that the above reduction in the interest charges on contracts for land purchases will materially assist in attracting the outside buyers so essential to the city's growth and progress.

H. T. BODWELL, President.

The Bodwell Realty Company

214 East First Street, Sanford, Florida.

RESOLUTIONS OF THE W.C.T.U.

ber of the police force and condemned alleged "partizan spirit" of city officials. Mrs. Turner's statement is as follows: "We, the official members of the Woman's Christian Temperance Union of Sanford, wish to state for the information of the union and the public at large, that the resolutions printed in The Sanford Herald, Sept. 19, purported to have been submitted by the union were not official. We do most sincerely regret the errors in section three of published resolutions and agree with the view expressed in section three of the following letter written by Mr. Davey. "We believe that every city official knows what the Woman's Christian Temperance Union stands for and we do appreciate every act of their for law enforcement. "As a band of women, most of whom are mothers, we consider the enforcement of the Eighteenth Amendment our most important factor and are depending upon of course the city officials to do this. "The most vital interest being

our boys and girls to whom the glass is handed by older ones so soon after and even before leaving our thresholds, other evils following in its wake. "We are therefore, the untiring helpers of our city officials." Davey Submits Correction The letter referred to in Mrs. Turner's statement was received by the W. C. T. U. from Robert G. Davey in answer to the resolutions in general and in particular to that part referring to him and resolutions which were introduced by him last week at the weekly luncheon of the Kiwanis Club. Mr. Davey's letter to the union is as follows: "I find in the Saturday's issue of the Sanford Herald certain resolutions purporting to have been adopted by your organization. "As my name appears in the third section and serious errors therewith I deem it my duty to submit corrections of the same and ask that you give the facts to the press. This, I believe to be not only fair but necessary.

"I am not president of the publicity committee of the Kiwanis Club, but chairman of the committee on Public Affairs. "My resolution presented to the Kiwanis Club did not center on the conduct of or about any particular policeman, but contemplated an investigation by the proper authorities of a matter of public concern, to the end that the people might know the facts. "As the principal officers of your organization know, these resolutions were submitted to me prior to their publication and my opinion as to their propriety was sought. As those who called on me will recall, I did not feel free to pass judgment on the resolutions generally though I did raise a question as to the wisdom of certain assertions therein. In section 6, you condemn the partizan spirit shown by various city officials. Is it not plain to you that this indiscriminating charge puts every city official under suspicion? The one fair thing to do in such a matter is to name the guilty ones, or else avoid making charges. To this clause in the resolutions I did object. "Furthermore I respectfully requested that section three, in which there is reference to myself should be wholly omitted and was assured that my wish in this particular should be respected. I regret that my decided preference in this and like situations did not avail, though I do not know that the parties who called on me are not responsible."

American Earl

Here is Oliver H. Wallop, big ranch owner near Sheridan, Wyo., who has just received the title of Earl of Portsmouth, through the death of a brother in London. He says he will never sit in the House of Lords, because to do that he would have to renounce his American citizenship.

38,000 Mile Trip For English Lifeboat Test

LONDON, Sept. 22.—(AP)—In order to test a theory concerning supplies which should be compulsorily carried by ships' boats in case of disaster, and how far wireless equipment can aid seafarers who are compelled to take to their boats three Cornish mariners and a wireless operator have started on a 38,000 mile voyage. They left Newlyn, Cornwall, in a converted lifeboat, 40 by 10 feet, supplied with power by a 15 horsepower internal combustion engine. The boat carries five tons of foodstuffs. The party expects to be away two to three years, during which they will go through the seven seas, make calls at 50 ports and visit practically every part of the British Empire. The leader of the expedition Captain George Hitchins, decided to make the test as the result of the suffering and privations endured by the master and crew of the Trevison when that vessel was lost.

German Operatic Star Dies at Advanced Age

HANOVER, Sept. 22.—(AP)—Maria Sophia Himmer-Friederich, the first German "Margarite" of Gounod's "Faust," died at Himmelstueher at the age of 86. From 1862 to 1871 she sang in opera in the United States together with her husband, Franz Mimmer. Shortly after her return to Germany she retired from the operatic stage, although prior to going to the United States she had only sung in this country for five years.

FRANCE SEEKS REDUCTION OF INTEREST RATE

(Continued From Page 1)
Honest Men. NEW YORK, Sept. 22.—(AP)—Joseph Caillaux, French minister of finance, in an interview with Frederick L. Collins in the current issue of Collier's Weekly, says that the debt commission he heads, now approaching America, comes as "honest men and gentlemen to find out what France owes and to arrange to pay it according to our capacity." "It is more important to France to pay her debts than for America to receive them," he said. "We are waged with iron, coal and men. France gave the men. The bodies of 1,385,000 of her sons are scattered over her battlefields while Great Britain, Italy and the United States together lost only 1,550,000 of theirs. The blood of our nation flowed generously in the common cause. In return we had to ask our allies for iron and coal. They gave them. I am mistaken, they sold them to us. U. S. Body Plans for Meet WASHINGTON, Sept. 22.—(AP)—American Debt Commission officials are speeding up their final preparations for the coming opening of debt funding negotiations Thursday with the French gov-

The Best Check to Crime

Many methods have been suggested for checking crime in this country. One authority says an embargo should be placed on all small fire arms and ammunition and that hardware stores should be allowed to sell them only to policemen or upon the presentation of a permit signed by the mayor.

Tampa's chief of police seems to think it is partly the fault of policemen whose interest apparently centers in petting parties. He advises them to curb their curiosity to a large extent and spend more of their time trying to apprehend burglars and murderers.

New York City is rejoicing in the recent nomination to the office of district attorney of Charles S. Whitman, one time governor and former district attorney. It was District Attorney Whitman, it will be remembered, who was responsible for sending Police Lieutenant Becker and his four New York gunmen, murderers of Henry Rosenthal, to the electric chair.

Chicago, city famous for crime, boasting a record of a murder a day during the past year, may now breathe more easily. It had been thought that anything might go unpunished in that city. Of the five bandits who staged this lively shooting fray, two were immediately killed in the exchange of shots.

But peaceful citizens of Chicago may now stroll again upon the city streets without fear of molestation. The immediate death of two and the immediate conviction of two more of five hold-up men, will cause bandits to stop and think in the future.

IT ALL DEPENDS on who says it. Mr. Saklatvala, Communist member of parliament, came to the United States with other men selected by the British parliament.

Saklatvala, born in India, attacked the British Union Jack in connection with British rule in India, and said the British flag ought to be torn down.

SUPPOSE OUR good, hard fighting Irish friends of the old days or the modern "Irish Republic" had come here after denouncing the Union Jack and saying it should be torn down in Ireland.

POOR JAPAN'S troubles seem never to cease, as though fate were determined that escaping the expenses and horrors of the big war, she should endure her share of suffering.

IF YOU WANT to sell building material, hire a ship, load it, and sail down to the east and west coast of Florida.

TO MIAMI Gorman and Scandinavian ships bring cargoes of cement and builders in fast boats rush to outbid their rivals.

THE MUSEUM of Natural History will soon present to your kind attention a fossil horse, with claws instead of hoofs, dug up in Asia.

THAT WILL ANNOY and worry many that deny evolution, but they have a simple way out.

THAT WAS the explanation given by the good Christian missionary, Father Hue, early in the last century when he went to Tibet, and discovered with horror, Buddhism, a religion much older than Christianity and evidently a parody on the Christian religion.

WE KNOW, however, that nothing could interfere with the success of Christianity, and we rejoice in that knowledge.

AN AMERICAN flier, fighting with the French reports that Moorish sharpshooters have "not twenty airplane pilots out of their machines."

Among the varied possibilities connected with Lincoln's other early loves, the suggestion of melancholy brings up most of all the name of Ann Rutledge. It has been suggested that the melancholy had its origin in the loss of her whom he said that the thought of "the snows and rains falling upon her grave filled him with indescribable grief."

There is no distinctive Florida architecture, hence the wording of the above caption—architecture in Florida—which, according to Frank Parker Stockbridge, sadly is lacking.

Quite likely, Mr. Stockbridge did not intend to "knock" Florida architects; those who really are what they pretend to be, capable professionals, endowed, first of all, with imagination and, then, with native or acquired ability to draft plans for buildings that will be attractive as well as useful.

Florida, because of so very, very much of inartistic construction, too much of hodge-podge and not enough of real artistic architecture, that, without necessarily adding to the cost of construction, makes a dwelling a thing of beauty as well as utility.

Senator Smoot and Senator Borah have let it be known that they will agree to no settlement of the French debt of four billion dollars in terms more lenient than those given to Great Britain.

THE stand which the conservative Journal de Debats took yesterday when it said: "M. Caillaux's efforts will be to obtain a settlement not beyond our capacity to pay."

Lincoln's Wife
GAMALIEL BRADFORD IN HARPER'S
Among the varied possibilities connected with Lincoln's other early loves, the suggestion of melancholy brings up most of all the name of Ann Rutledge.

Then one thinks of a woman of real genius, of large capacity, of sweet human comprehension—a woman like Theodosia Burr or Sarah Butler. With a wife like this would Lincoln have done the full range of greater things, but done them with an ampler serenity and contentment.

DAN DOBBS SAYS

Another thing worth while to know is what has become of Philadelphia's electric horse.

Everybody on a political machine wants to blow the horn. And everybody wants to buy the pig.

Banking power are pushing London. Banking power are pushing London. Banking power are pushing London.

Now that the youngsters' door has started taking lessons, our office boy does it all as a helluva note.

Miss Martha Flake Of Hastings Weds Robert Thrasher of Sanford

The culmination of a pretty romance was the wedding of Miss Martha Flake of Hastings, and Robert Thrasher of Sanford, which was solemnized Sunday evening, at 8 o'clock at the home of Judge Peacock in DeLand, the ceremony being witnessed only by a few intimate friends.

Tan charmen fashioned the chic costume worn by the bride, her smart hat and other accessories being in matching tones. Her flowers were a corsage of rose buds.

The bride is the talented daughter of Mr. and Mrs. John A. Flake of Hastings and is a graduate of Hastings High School. Her earning personality and winsome manners have made her a host of friends throughout the state.

Mr. Thrasher is the only son of Mr. and Mrs. Robert Thrasher of this city. He graduated from Sanford High School, later attending the University of Florida at Gainesville, where he was a member of the Phi Kappa Alpha Fraternity. He is a young man of sterling character and has scores of friends who will join in wishing he and his charming bride every future happiness.

For the present they will make their home with the groom's parents on Celery Avenue.

Methodist Society Has Enjoyable Meeting At Home Mrs. L.P. Hagan

A meeting of the Social Service Department of the Methodist Society of the Methodist Church was held at the residence of Mrs. L. P. Hagan Monday afternoon with a good attendance and greatly enjoyed by all present.

Mrs. John Sneed was in charge of a splendid missionary program, which was opened with a song by the society, followed by a prayer, led by Mrs. T. J. Nixon.

Very interesting readings, bearing on the work were given by Mrs. J. D. Parker, Mrs. P. M. Elder and Mrs. Russell.

After the program, a delightful informal social half hour was enjoyed, at which time punch and wafers were served.

Hostesses for the afternoon were Mrs. L. P. Hagan, Mrs. Wm. McKim, Mrs. Frank Adams, Mrs. Ben Munroe and Mrs. E. A. Douglass.

Coral Gables Erects Tent Village Tents To Relieve Shortage

CORAL GABLES, Fla., Sept. 22.—(P)—Work has been started on the erection of between 75 and 100 tent houses, which will form the temporary village, provided by the Coral Gables Corporation as a relief to the housing situation for their employees.

These tents, which are water and storm proof, will be arranged in a square with sidewalks around the entire space. Complete sanitary facilities, including shower baths, will be installed by the Coral Gables Corporation, which will also provide commissary tent, with dining room and kitchen under the supervision of Henry R. Dutton, director of recreational activities for Coral Gables.

These tents, which will be completely equipped and furnished by the Coral Gables organization, will be ready for occupancy by October 1, and will offer living and sleeping quarters for individuals or groups.

These will be built in units of fifty to each block, adding as many blocks as are found necessary through application of employees. In main instances more than one tent will be used with sleeping apartment in one living in another.

Rent for the individual tents of this community will be prorated among those who occupy them, on a cost basis, creating an unusually low rate of rental for this ideal form of outdoor life.

What Next?

You can't charge the flappers with a lack of ingenuity. This Cincinnati miss says balloon trousers and one of those many colored sweaters are the "sheiks" they are wearing make an ideal costume for a flapper.

Winter Haven Police Nab Alleged Robber

WINTER HAVEN, Sept. 22.—(P)—A man believed by police to be George "Dutch" Anderson, former Confederate of Gerald Chapman, who gave his name as B. L. Bullman, former Mayor of Williamstown, West Va., and formerly head of an electric company at Marietta, O., was arrested here this morning.

He claims to be a Mason but upon being questioned by City Judge Walker and other local Masons, he gave evasive and unsatisfactory answers and could not establish any connection with a Masonic lodge. Fingerprints of Bullman were said to tally with those of Anderson.

Plant City—New addition to be built to Hillsborough County Agricultural school.

Tampa—Twelve out-of-town manufacturing and jobbing companies purchase 3,380 feet railroad frontage here.

Jeweler, Back From New York Tells of Interest in Florida

Returning yesterday from a business trip to New York City, Henry McLaulin, local jeweler, reports universal interest there in Florida, and present boom conditions in this state. Mr. McLaulin, who made the trip by motor, was impressed by the constant stream of Florida bound motor cars met on the trip North. He stated that an average of one New York state car passed every 10 minutes during the trip would be an exaggerated estimate of the number of such vehicles encountered.

Speaking of the interest in Florida among New Yorkers, he declares that practically all of the wholesale people with whom he was associated while in the metropolis were keenly interested financially in the progress and growth of Florida.

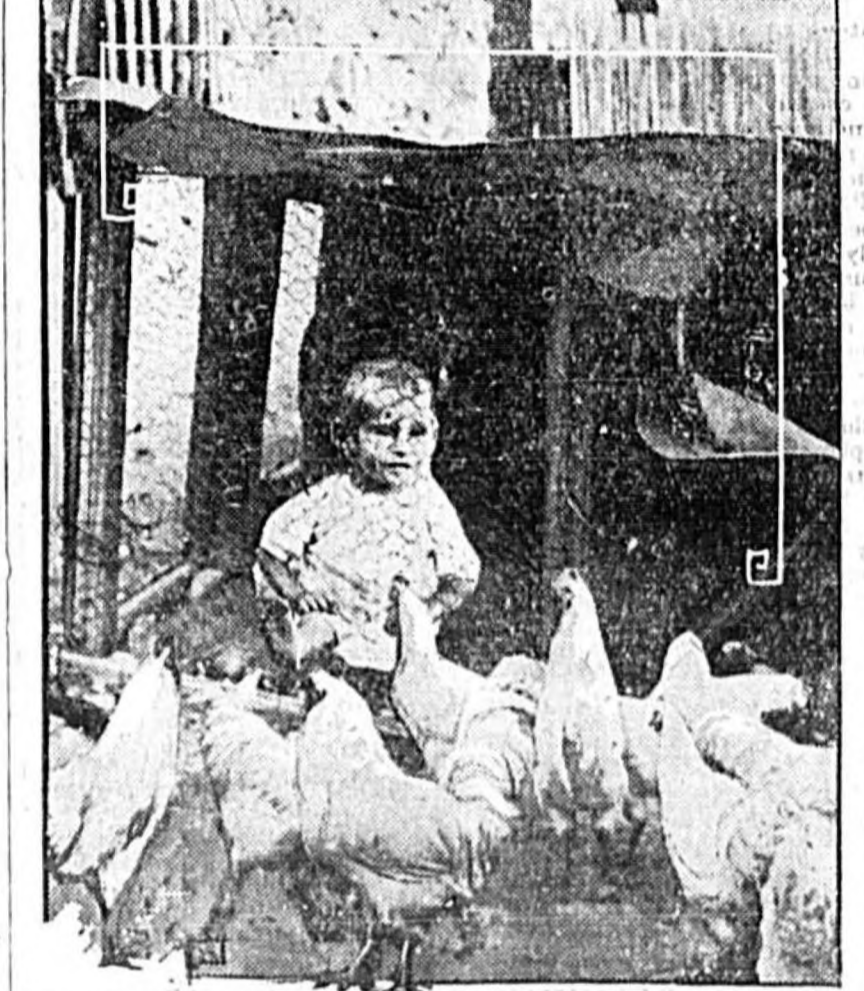

According to Mr. McLaulin, the trip was a buying venture and that while in New York he secured a considerable addition to his present stock, in anticipation of the annual Christmas trade.

Volusia Poultry Man Will Speak at Geneva

Among the poultry experts who will address the second annual meeting of Seminole County Poultry Raisers at Geneva, Oct. 2, will be C. D. Case, specialist employed by Volusia county. Announcement by Mr. Case's acceptance to speak at the gathering in Geneva was made today by County Agent R. F. Whitner, Jr., under whose supervision plans for the meeting are being worked out.

Mr. Case has had many years' experience in poultry work and for some time has been employed in building up the poultry industry in that county. His address is expected to be one of interest to the poultry raisers of this county, according to Mr. Whitner.

Locks Her Baby in Chicken Coop

When Mrs. Victor Style, of El Paso, left her three-year-old son, Juan, at home alone while she was at work downtown, the child pecked his face as he was playing in the yard. So the mother decided the thing to do was to lock the child instead of the chickens in a chicken coop. Neighbors became so indignant that one of them offered to adopt the child. City health officials obtained the mother's consent to an adoption.

WALKER WINS FROM SHADE IN FURIOUS FIGHT

Welterweight Champ Retains Crown by Desperate Rally in Final Round of Match at Yankee Baseball Field

Champion Is Given Plenty Punishment

California Challenger Is Worthy Foe Who Puzzles King by Crouching Tactics

YANKEE STADIUM, NEW YORK, Sept. 22.—(AP)—Mickey Walker, of Elizabeth, N. J., retained his world's welterweight title when he scored a judges' verdict over Dave Shade of California in a furious 15 round title match at the American League baseball park last night.

A thrilling rally in the final round won the verdict for the champion, who had absorbed plenty of punishment from his challenger in the early rounds.

Walker had been wearing down his challenger with a concentrated body attack and reaped his harvest in the final round when he hammered Shade about the ring with a charge which retained for him the world's 147-pound crown.

Round One: The champion took the aggressive after a clinch and scored heavily in the infighting against his crouching challenger. The champion concentrating on Shade's body, Shade staggered Walker with three straight left jabs to the face. Shade almost floored Walker with a right to the head. Another right sent Walker to the ropes. Both landed damaging blows in a fierce encounter near the ropes. Shade's crouching position and his dodging tactics puzzled the champion. They were sparring at the bell.

Round Two: Shade's left sent Walker's head backward. They locked arms but both got one free and they pounded away in a fierce fashion. Shade almost upset Walker with an overhand right. Clinch followed clinch as Shade crouched to protect himself from Walker's charges. Shade scored a beautiful right uppercut which turned Walker half round. The crowd was in an uproar as the bell ended a fur-

ious skirmish. Round Three: Walker hooked his left to Shade's jaw. Another left caught Shade's jaw and a clinch followed. Shade staggered Walker with a driving left to the face. Walker almost floored Shade with a right to the jaw. Both landed weakly to the head. Walker scored with his left and Shade clinched. Five times Shade landed on Walker's face with a hard right. The referee had to pry them from a clinch as the bell ended the round.

Round Four: Walker continued to punch away at Shade's body, as the challenger drove into a clinch at every charge. Both missed frequently. Walker stung Shade with a right cross to the jaw and followed it with a beautiful left. There was plenty of infighting. Walker staggered Shade with his left but took a right uppercut on the return, just as the bell ended the round.

Round Five: Walker crashed over a wicked left to the head which almost floored his challenger. Shade came back with a furious charge and for a few seconds they hammered away without a thought of protection. Walker missed a right cross and Shade scored with both hands to the head. Walker got over a pretty left to Shade's body but little damage was done. Every other charge was a clinch. Shade scored heavily to Walker's head without a return. They were milling it at a fast clip when the bell rang.

Round Six: The challenger opened up a serious attack at the champion as the round opened, landing effectively with both hands. Walker put over a vicious right square to Shade's face which sent the challenger back on his heels. Four times Walker landed to the head without a return. Another left caught Shade off balance and he almost fell. The crowd was in a frenzied uproar as the fight assumed faster proportions. Both landed vicious blows to the head and body in a torrid exchange. Both of the fighters nearly went down under the slaughter. The bell halted a furious exchange.

Round Seven: Shade was bleeding from the mouth and from a cut, under his right eye, as he came up. Walker landed with both hands to the head. They locked in a clinch, but the infighting was even. A straight right sent Walker to the ropes. An uppercut jarred him. Both landed smashing drives straight to the face as they fought for an opening. Right and left to the chin forced Shade to clinch. They were sparring openly at the bell.

Round Eight: They mixed at close range as the round opened. The champion missed two left hooks. A left to the body doubled

Shade. Both missed wild rights. A left jab spun Shade around; they fought furiously at close quarters. The action slowed until Walker started a charge which lasted for only a moment during which they both fought openly, both landing effective blows in exchange. Just as the bell rang Walker doubled Shade with a left to the body.

Round Nine: They fell into the inevitable clinch. Walker scored heavily in the infighting. Both missed furious rights. A left to the face sent Walker half around, but he came back to stagger Shade with a left to the body. Shade smashed at the champion's face but Walker was there with his return. They stood toe to toe and battled furiously. Shade having an edge in the exchange. Three times Shade's left sent Walker's head back. The challenger was forcing the fighting. They were in the center of the ring at the bell.

Round Ten: Shade staggered Walker with a stiff right to the head. The champion continued to center his attack on Shade's body. Shade came up with a pretty uppercut and the champion came up with a bleeding mouth. Both blasted away viciously at the head. Shade getting the better of the battling. Shade landed to the head but took two to the body. Three uppercut raked Walker's head. Shade forced Walker to the corner and poured leather at the champion from all directions. The champion came back strong however and forced Shade into a clinch as the bell ended the round.

Round Eleven: Walker's eye displayed a nasty cut as he came up for the round. Walker staggered Shade with a tantalizing left jab. Walker missed a left hook and took a right to the head. Shade scored with his right and left to the head. Both were bleeding from the face. Shade put across five choppy jabs before Walker could counter. The referee pulled them from a clinch as the round ended.

Round Twelve: Walker missed a right uppercut. They clinched. They tied into knot after every charge. Walker charged, landing with his left and missed a wild right swing. Both landed stinging blows to the face as the action speeded. The challenger was on top of Walker in every crash, playing for Walker's face. Walker slid his left across Shade's dodging head. The infighting continued with honors even. Walker was short with a left. They just came out of a clinch as the bell rang.

Round Thirteen: They clinched as they came up. Walker put over a vicious left to the body, which doubled the challenger. Both appeared to be tiring under the killing pace and the clinches became more frequent. Walker was doing good work on the inside, with

Shade laying back for a knockout punch. Walker missed a left hook and took a right to the jaw. Walker scored to Shade's head but was forced to take two in exchange. The one-two punch to the body sent Walker to the ropes where the bell found them locked.

Round Fourteen: They rushed to the ropes in a clinch and Shade had a little advantage at close quarters. Both stung rights to the head. Walker continued his body punches. Both of Shade's eyes appeared to be cut as he came out of a clinch. Walker missed three leads. A weak right grazed Shade's face. He staggered Walker with a counter-right. Shade's crouching tactics had Walker at "sea." Walker measured Shade with a right but the bell prevented the blow.

Round Fifteen: They shook hands. Walker scored in the infighting as the two clinched. Shade landed to the head but clinched when Walker missed with his left. Walker stung Shade with a right to the body. Another crashing right to the head sent Shade to the ropes. Mickey was rallying. He poured a furious onslaught at the head. The crowd was in an uproar yelling for the champion to finish his weakening rival. Blow after blow landed on Shade's head and body. Walker hung his right to the head and face. They were pouring it furiously at each other at the bell.

Walton Sportsmen Back New Game Law Recently Enacted

Tallahassee, Fla., Sept. 22.—(AP)—The people of at least one county of Florida are back of the general game and fish law passed at the recent session of the state legislature.

Walton county, according to Senator Stuart Gillis, is especially pleased with the law, supplementing the Choctawhatchee "Wild Life Preserve," embracing parts of Santa Rosa, Okaloosa and Walton counties, including about ten townships, or an area of about 360 square miles.

The necessity for creation of such a preserve was shown forcibly to the people of that section when the high water of the Choctawhatchee, last February, drove the game to the high land. Deer, driven to numerous small islands which divide the mouth of the Choctawhatchee, was slaughtered, one man, Senator Gillis said, killing 51 in a single day.

A part of the preserve lies in the Choctawhatchee division of the Florida National Forest Preserve, and thus enjoys the double protection given by the regular deputy-commissioners of the state game department, and the Forest Rangers, who have been deputized by the Commissioner of Fish and Game J. B. Royall.

A greater abundance of game is being counted on by the people of Santa Rosa, Okaloosa and Walton counties, it was stated, and a closed season is maintained there which makes the preserve a breeding place for better hunting.

PITTSBURGH COPS 7TH STRAIGHT BY BEATING PHILLIES

Cuyler Hits Safely First 2 Times Up to Equal Record of Ten Consecutive Hits; Chicago Trounces Dodgers

PITTSBURGH, Sept. 22.—(AP)—The Pirates won their seventh consecutive victory by defeating Philadelphia Monday, 9 to 7, in a hard hitting loosely played game. Cuyler, by hitting safely the first two times up equalled the National League record of 10 consecutive hits. On his eleventh trip to the plate he fouled out.

Score by innings: Philadelphia 300 301 000-7-11-1 Pittsburgh 005 220 00x-9-12-3 Batteries: Crumpler, Couch and Henline; Meadows, Morrison, Oldham and Gooch.

CUBS ROUNCE ROBINS
CHICAGO, Sept. 22.—(AP)—Chicago bunched hits in the first inning, one of an error by Johnstone, Dodger's third baseman, for enough runs to defeat Brooklyn 3 to 2. It was the eighth consecutive defeat for Brooklyn. Kaufmann was hit freely by the Robins but was given great support.
Score by innings: Brooklyn 100 100 000-2-12-2 Chicago 300 000 00x-3-8-1 Batteries: Erhardt and Taylor; Kaufmann and Hartnett.

BRAVES BEAT REDS
CINCINNATI, Sept. 22.—(AP)—Cincinnati used five pitchers against Boston in yesterday's games, but the visitors won by 7 to 6. Walker hit a home run in the first inning with a man on base. Holke and Hargrave collided in going after Barrus' foul in the seventh inning. Both men were knocked out temporarily. Holke continued to play but Hargrave retired from the game.
Score by innings: Boston 030 121 000-7-10-9 Cincinnati 310 002 000-6-7-2 Batteries: Benton, Kamp and Gibson; Goodwin, Benton, May, Brady and Kruger.

A DRY DROUGHT

HON. ED. WALTHALL, Care Seminole Hudson-Canoe Co., Sanford, Fla.
 Dear Ed:
 I was talking to a fellow from up in North Carolina the other day and he was telling me how dry it has been up there.
 He says it hadn't rained for so long up there that most folks had forgotten what rain looked like.
 According to this man it gotten so dry there that even the mountain streams had stopped running.
 He said that all the streams had absolutely dried up and the fish had forgotten how to swim and that there was great uneasiness felt for the fish, for when it did start to rain again experts felt certain that every fish in the state would be drowned.
 He also stated that bathing had been outlawed for months and that it had been so hot that the sale of clothes pins had increased 200 per cent.
 He told me, too, that all the cows had quit giving milk. They would give nothing but skim and that when you milked them in the wind the wind would blow all the milk away.
 He said all the artesian wells up there had quit flowing and that they did nothing but blow out a cloud of dust.
 In some sections they have had to run street sprinklers up the river beds to keep them from blowing away.
 Of course, I don't know how accurate all these statements are, but this fellow said that this was the driest drought on record. He claims there hasn't been a year since in North Carolina in three months and that even a fellow with a bad cold can't get his nose to run shed in there.
 He says they had a convention of grass widows in Asheville last week and the convention hall looked like a hay field.
 He said people had stopped drinking water now and that the only thing they used water for was to keep the railroads of their faces full, so they could still enjoy life in spite of the drought.
 Yours, Ed. Walthall.

Nevada Rain Uncovers High Grade Mineral

TONOPAH, Nev., Sept. 22.—(AP)—A recent cloudburst on the land of L. L. Loony, of Rochester, Nev., washed away a good portion of the ground around his house. When the storm was spent, a vein of mineral was exposed.
 He started to dig. At a depth of 20 feet he opened up a vein of ore assaying \$80 to the ton. He was soon on his way to the smelter with the first carload.
 Cloudbursts are common on the Nevada desert and are generally considered plagues.

Miami—New \$1,500,000 combined office building and cathedral to be constructed.

TAKE A TIP

There is an old fable about the grasshopper who sang and played all summer, while the ants laid in supplies for winter. When the cold weather came the grasshopper had nothing and had to go begging from the ants.
 Lots of us are just like that grasshopper, instead of welcoming the opportunity while she is knocking at our door we give her no tumble.
 Our advice is to follow the wise old ant by investing now some of your idle dollars in 160 acres at \$50 per acre in Lake county, 1/2 mile on Wekiwa River, 1/2 mile on railroad. Binder \$500. \$3,000 cash, balance arranged suitably.
 List your lots, houses and acreage with us for better results and quick action.
