

Traveling Theater To Promote Safety Pays Sanford Visit

The world's largest traveling theater on wheels is in Sanford today and will present a free outdoor movie picture on "Safety" tonight at 8 o'p. M. at Third Street and Magnolia Avenue to which the public is invited by Roland Douglas who is in charge of the affair.

The program of pictures are educational, interesting and entertaining, he says. The four pictures to be shown tonight are "Safety Patrol," a picture on "Safety" every child and grown-up should see, an all-entertaining cartoon entitled "One Bad Knight" and two other films called "Soft Pedal" and "Blood On."

This traveling theater is sent on tour by the Chevrolet Motor Co., a division of the General Motors Co. and is covering the entire State of Florida. It is expected to play a return date in Sanford July 21.

EYES PORK BARREL

MONTGOMERY (AP)—Governor Graves said yesterday the State was renewing efforts to obtain a FWA allotment for enlargement of State dock facilities at Mobile. Proposed expansion would cost an estimated \$1,000,000.

FOOD FOR CLEVELAND'S HUNGRY

While the city council of Cleveland, Ohio, debated means of obtaining money to buy food regularly for 87,000 people on relief last week, federal surplus supplies of potatoes and cabbage were distributed to hundreds of the hungry. This line of people awaiting a turn at the potato pile stretched for blocks.

Miami Merchants Protest Taxes On Gross Receipts

Mass Meeting Planned To Seek Relief In Payment Of Levy

MIAMI, May 19. (AP)—Merchants mapped a campaign for relief from the gross receipts tax yesterday while State officials emphasized their determination to collect it by refusing to let delinquent firms and non-paying State suppliers.

The merchants called a protest meeting this night in Bayfront Park to draw protesters who were unable to meet demands for payment of the one-half of one percent levy without of business.

The meeting was called after State Senator Frank J. Cushman addressing a political rally, called for a special session of the Legislature to repeal the tax and make up the difference in State revenue by increasing the take from the race tracks.

The cabinet of Tallahassee adopted the policy of withholding the States' trade from delinquents in connection with the signing of bills for farm loans \$200 worth of food to State institutions for June. Ninety-one of the 35 companies who filed bills were found not to have paid the tax and on the motion of State Comptroller Les their bills were thrown out.

"We certainly ought not to give our patronage to tax dodgers," Governor Cline remarked.

Lee who personally accompanied deputy sheriffs here recently on a round of serving warrants on delinquents and seizing the property of those failing to pay up, said his campaign was a desperate effort to obtain funds by June 30 with which to pay school teachers' salaries.

Graham commented: "That statement is typical of the answers you get from Tallahassee." He said 1 percent of the business firms in this county were unable to pay the tax.

"I contend it is an emergency," he added, "and something should be done."

H. H. Henderson yesterday turned over to deputy sheriffs the keys to the market which he had run for 10 years because he could not meet a \$282 tax claim. His stock was hauled away to be sold at auction. A grocery closed May 7 when its stock was seized for \$300 in taxes.

I offered to prorrate the assessment over the remaining months of my lease by paying \$15 a week," Henderson said. "Lee declined this offer. I made very effort to stay open but they said they were going to collect or close. I was losing my lease, my business was falling off and I couldn't borrow the money. I didn't want to go to jail so I gave up."

Like all others, the gross receipts tax ultimately comes out of the buying public's pocket. Proceeds go to the school fund.

Fifty sports writers, members of the Southeastern Sportswriters Association, touring Florida, visited west coast cities this week and were entertained with a days fishing in the Gulf.

To Be His Daughter Without Adoption

Miss Raye Paige, 24-year-old former store clerk, plans to enter the home of Dr. C. T. Bohrer as his daughter, but there will be no legal adoption, she explained. She is shown in Clearwater, Fla., with the 76-year-old retired physician, who promised in his advertisement that the girl selected would receive a big reward after his death.

Roosevelt Is Staying Out Oregon Test

President Says He Is Taking No Part In Election Today To Select Governor

Refuses Comment On Penn Results

Primary In Western State Will Be Test Of Labor Strength

WASHINGTON, May 20.—(AP)—President Roosevelt said today he was taking no part in today's Oregon Democratic primary election, he made the statement in explaining to newsmen that he would not comment on the outcome of Tuesday's primary in Pennsylvania in which Lieut. Gov. Thomas Kennedy was defeated despite his endorsement by Postmaster General James Farley.

Four Races To Be Decided In Second Primary Tuesday

Held For Harboring Former Enemy No. 1

Connie Morris, 22 is shown as she was escorted by Detective Sgt. Charles Shelton at Police headquarters in St. Louis, Mo., where she was held after federal agents arrested her on a charge of harboring Alvin Karpis, one-time Public Enemy No. 1.

A ballot on which there are only nine names will be handed Seminole County Democrats when they visit the polls next Tuesday for the second Democratic primary.

Four races will be decided in Tuesday's election, including the Supreme Court justice race, one legislative race and two County Commissioner races.

In the State Supreme Court race, the only state wide contest to be decided in the election, Judge Edwin Thomas, of Fort Pierce, who has served on the bench in the Ninth judicial circuit for the past 13 years, will vie for the seat on the high tribunal in Group 2 with J. Tom Watson of Tampa.

In the race for nomination as Seminole County Representative in Group 2, George H. Bridge, Jr. is seeking nomination over John G. Leonard, Mr. Bridge, mayor of Lakewood, is making his initial attempt in Seminole County politics while Mr. Leonard, local attorney, has served for 10 years as prosecuting attorney for the County.

Month Of May Is Setting Record For Temperature

Thermometer Has Registered Over Ninety For Most Of Period

After overhearing remarks of several persons to the effect, "I believe yesterday was the hottest day this year," a Herald reporter visited the local meteorologist, G. P. Paston, and found that while yesterday was not quite the hottest day this year the month of May, thus far, is setting a record for being both the hottest and driest month of May on record.

During the entire month the mercury has stayed near the 90-degree mark and on May 2 rose to 95 degrees for a new record for that time of year. For 12 of the 20 days which have passed this month, the temperature has reached 90 degrees or above. Yesterday the maximum temperature recorded was 91 degrees.

Italo-French Peace Sought By England

Activities Of 20,000 Peasants In Mexico Threaten To Begin New World Conflict

By Associated Press
Britain sought to patch up the Italian-French quarrel over the Spanish civil war today while ominous troop movements in the dumping ground of a Mexican peace treaty threaten to begin a new world conflict.

Japanese completed the occupation of Suchow in the world's other war while Hankow, principal Chinese capital, reported reports of a 2500 mile propaganda flight over western Japan by two big American-made (Martin) bombing planes. The Chinese reported dropping leaflets instead of bombs. The Japanese denied the report.

In Mexico, phlegmatic General Sateriano Cedillo deployed his private peasant army—nearly 20,000 strong by its own count—through the hills of San Luis Potosi State in preparation for possible guerrilla warfare with the troops of President Lazaro Cardenas.

As in Spain, it's a conflict between the political right, represented by Cedillo, and the left as represented by President Cardenas and his socialist program. France, counting strongly on Britain in a showdown on conflicting Fascist and democratic interests in the outcome of war in Spain, made it clear it was Premier Mussolini's next move it French-Italian friendship talks were to be reopened.

Foreign War Vets Reorganize At Hut And Name Officers

A reorganization meeting of the Seminole Post No. 3282 Veterans of Foreign Wars was held in the American Legion Hut Wednesday night with Department Inspector W. J. Driggers of DeLand presiding.

Officers elected for the remainder of the year were: W. W. Goeth, commander; B. W. Anderson, vice-commander; Fred G. Zorrenner, junior vice-commander; Tracy B. McCullough, quartermaster; L. P. Boyle, judge advocate; and Dr. W. T. Langley, surgeon.

Workers Walkout In B. F. Goodrich Plants

ANKON, O., May 20.—(AP)—All Akron plants of B. F. Goodrich Co. were closed in a walkout today which L. L. Callahan, President of the Goodrich local, United Rubber Workers of America, said resulted in a protest against the company's new wage schedule.

SANFORD AIR MAIL SOARS ALOFT

Huza Mueller landed at the Municipal Airport yesterday afternoon at 3:15 o'clock to make the only air mail pickup at the local airport to be made this year. The event was the highlight in Sanford's observance of National Air Mail Week. The above picture was taken just before the pilot took off for the remainder of his route through Central Florida. Open Season On Bass Officially Set For Saturday

Fishing Has Been Prohibited By Statute Since 15th Of March

The open season on black bass, closed since Mar. 15, opens tomorrow.

Secretary I. N. Kennedy of the Game and Fresh Water Fish Commission yesterday warned sportsmen that they could not legally take bass until Saturday, May 21 as the closed season by law includes May 20.

The 1937 legislature voted the closed season as a conservation measure advocated by various sportsmen's organizations. Sale of black bass in Florida is prohibited by other laws.

A day's bag limit on black bass is 12; on speckle perch, 30; shell cracker, 30; warmouth perch, 30; redbreast, 30; jacks, 15; pike, 30; mixed string, 40.

Lake Jessup Cattle Lands Transferred

Papers were filed in the Court House yesterday transferring 2,500 acres of cattle lands on Lake Jessup from W. E. Kinschiff, Jr. to the Wright-Hand Company composed of Ralph Wright, Walker Hand and Henry White.

Crops Suffer As Drouth Continues To Plague State

Seminole County Has Less Damage Due To Irrigation Systems

Declaring that although the corn crop has suffered considerably in Seminole County due to the extended drouth, County Agent C. R. Dawson said today that farmers in this section haven't suffered as much as those in other areas.

Mr. Dawson explained that irrigation has helped crops in this section a great deal. However, he said, irrigation falls far short of supplying the necessary amount of water.

With only slightly more than 1.5 inches of rain in the Tampa area in the past 70 days, a weekly report of the United States Weather Bureau issued yesterday said, growing conditions were particularly bad in Hillsborough, Pinellas, Pasco, Duval, Sarasota and Manatee Counties.

"New fruit on citrus trees continues to drop and leaves are withering, a condition which has damaged prospects for good crops next shipping season," the report stated.

Play, "Ezekiel," Will Be Staged Tonight

The play, "Ezekiel," erroneously reported as scheduled for last night, will be presented tonight at 8:00 o'clock at the South Side Primary School as the highlight of the South Side Spring Festival.

The play, based on the story written by Elvira Garner, Sanford author, is directed by Mrs. W. G. Fleming and contains a cast of 15 children of the school. The play tonight is being presented as a fund-raiser for the school.

House Action On Ship Canal Again Balked

Rep. Green Charges Republicans Stayed A Way To Prevent Committee Quorum

FDR Recommends Phosphate Probe

President Expresses Concern Lest Supply Be Exhausted

WASHINGTON, May 20.—(AP)—A move for Congressional action on the Florida ship canal was balked again today by what Rep. Green (D-Fla.) termed a "fill-buster."

Only 10 members, three less than quorum, appeared for a meeting of the House Rivers and Harbors Committee, called to vote on a motion to ask House action at this session of Congress.

Green charged that four Republican members and Rep. Baile (D-N.Y.) had deliberately stayed away to prevent a quorum. President Roosevelt recommended a Congressional study of the nation's phosphate supply with a view to shaping policy covering both domestic consumption and exports.

The President pointed out that the nation's phosphate deposits were in the Rocky Mountain states and in Florida and Tennessee.

Recommendations indicated emphasis may be placed in the future on the development of western deposits. He expressed concern lest the Tennessee and Florida deposits, which constitute 10 percent of the nation's total, but supply 97 percent of the production, become exhausted.

Florida Alumni To Install Chapter At Meeting Tonight

Between 20 and 25 former students of the University of Florida are expected to be installed tonight in the Seminole County Alumni Club, Leonard L. McClucas chairman of the committee on arrangements, said today.

A delegation of several members of the Orlando Chapter will be in Sanford tonight to install the local chapter and present its charter, Mr. McClucas stated.

Jax Mill To Continue Dumping In St. Johns

TALLAHASSEE, May 20.—(AP)—The Attorney General's office ruled today there was not enough positive evidence of injury to fish for the State to halt the National Container Corporation's paper mill at Jacksonville from dumping refuse into the St. Johns River.

Assistant Attorney General H. E. Carter wrote R. L. Dowling, conservation supervisor, that the report from Dr. A. H. Mosher of the Federal Bureau of Fisheries was not conclusive.

Open Letter to a Drunken Driver

SURE, you can drive home a'right. Don't let 'em feed you any of that bunk about letting somebody else take the wheel. Any time old Pete can stand on his two feet he can drive an automobile, drunk or sober. Whatah a few drinks between friends, anyway. You show 'em who's going to drive.

Pile 'em into the car. That sweet little wife of yours, who's such a swell kid even if she does nag you about driving when you're drunk. And that funny couple with you who want to take a taxicab home. Imagine! Wanting to take a cab! Pile 'em in. Step on the gas. Whoopee! Go places. . . .

Brother, you're not the big shot you think you are. You're just a fuzzy-brained, liquored-up, obstinate ass with about as much right to drive an automobile on the public highway as a monkey from the zoo would have.

I won't appeal to your reason because it's obvious that you haven't any. I won't appeal to your emotions because they're pickled.

Only hope you'll start to drive home some night, alone, when you've one too many under your belt. Then I hope some little emergency will arise which your addled brain and fumbling hands won't enable you to meet. I hope you'll have an encounter with a tree or a telephone pole that will land you in a police cell and your car on a junk heap. As you sober up I hope the baseness of your continued offenses against society will be borne in upon you with sickening clarity. I hope the newspaper headlines will scream out to all your relatives and friends and business acquaintances: **PROMINENT LOCAL MAN GETS DRUNK AND LANDS IN JAIL.**

Yes, I hope an All-Wise Providence will arrange this little lesson for you. And soon, before you kill somebody, as you surely will if you continue to drive when you are drunk.

BUSINESS' fears were voiced at U.S. Chamber of Commerce in Washington by President George Davis.

Reds Come From Behind To Down Lookouts By Score Of 13-8

Each Club Uses 3 Moundsmen In Exciting Contest

Mayo Langston Leads Lookouts With Two Hits In Three Times

By JULIAN STENSTROM
CONRAD PARK, DELAND—May 28—The Lookouts dropped their third straight decision to night to the DeLand Reds in a regular Florida State League contest by the score of 13 to 8. During the game a total of 28 hits were gathered by the two teams off six hurlers.

Joe Gardina started on the hill for the Lookouts and hurled right baseball for two innings. However, he suddenly went wild and the Reds started the big inning by beating the Redgermen. Newell replaced Gardina on the hill in the third inning and lasted until the sixth when Pudge Pelham went in to finish the contest. The Lookouts chased Red Phipps to the showers in the second inning when they scored five runs. He was replaced by Ben Carpenter who hurled only one and a third innings and was driven from the mound by the Lookout battery in the fourth but still got credit for the victory. The Reds finally

shoved in their ace moundsmen, Dan Mitchell, who pitched the remainder of the game allowing only four hits.

Jackson, Red receiver, led the 17-hit attack on the three Lookout pitchers with two singles, a triple and a circuit smash in five trips to the platter. Newell secured three, Schmidt, Rutledge, Gentry and Parrett gathered a pair each.

Mayo Langston, returning to the Sanford line-up for the first time this season, led for hitting honors. However, Langston was at the plate only three official times while Holland was credited with five attempts.

Six hundred fans saw the contest and officials of the DeLand Association said it was the largest attendance since opening day.

The Lookouts threatened to score in their half of the first inning but failed. However, they came back in their half of the second to take a big early lead. They scored five runs, combining five hits and two DeLand errors for the five tallies.

Les Carlock tied off with a single to right and he advanced to second when Hudson grounded out to Shimer. Watts popped out to Rutledge on third but Carlock singled to right to send Carlock to third. Joe Ruggiero worked Rolph for a free pass to fill the bases.

Mayo brought new life to the Lookouts when he shot a stinging single to centerfield to score Carlock and Gardina. Ruggiero

advanced to third. On the first pitch to Brown, Langston went to second and Jackson threw the ball to centerfield, allowing Ruggiero to cross the pater Langeron went to third on the play and scored when Brown singled to rightfield. The outfielder muffed the ball and Brown went to second. Manager Chapman yanked Rolph from the hill and replaced him with Ben Carpenter, a new addition to the Red staff who was acquired from the St. Augustine Saints. Mihalik promptly diving to the leftfield wall to score Brown but Holland lined out to Schmidt in centerfield to end the big inning.

The Reds had their big inning in their half of the third when they bunched seven hits and two Lookout errors for seven runs. Carpenter singled to centerfield, Newell singled to centerfield and Schmidt singled to centerfield to score Carpenter and Newell scored when Holland overthrown first base in an attempt to nab Schmidt. Jackson hit over the rightfield wall to score Schmidt and Shimer.

Jones went out, Hudson assisted, but Gentry singled to leftfield. Rodgers then yanked Gardina and replaced him on the mound with Medler. Parrett beat out an infield hit and Rutledge singled to center to score Gentry. On the play, Watts overthrew the plate and Rutledge advanced to the next base. Umpire Cowart, however, ruled that they were entitled another base, and Parrett came in. Manager Rodgers protested the play arguing that ground rules applied in the case. Carpenter went out Watts to Hudson to end the inning.

The Reds added another in their half of the fourth when Rhimes singled and scored Jackson on a triple to the left-centerfield wall.

The Reds added two more in their half of the fifth when Parrett was safe on Carlock's error. Rutledge singled to left field and both men were sacrificed to the both bases by Mitchell. Newell singled to centerfield to score Parrett and Rutledge.

The Reds scored two more in the sixth when Jackson got his fourth hit and went to second when Jones was hit by a pitched ball. Gentry advanced both men when he went out Ruggiero to Hudson and both runners scored when Parrett singled to centerfield.

The Reds scored their thirteenth tally in their half of the seventh when, with one out, Newell was hit by the pitcher. Schmidt singled to leftfield advancing Newell to third, Schmidt stole second when Shimer flied out to Brown in center.

The Lookouts brought their total to eight in the eighth frame when with two men out, Langston singled to left and went to third when Rutledge errored Brown's easy roller down the third base line. Mihalik walked and Holland emptied the bag with a double to deep leftfield.

Lookouts To Play Hosts To Deland At Tilt Tonight

Chef Cook Slated To Hurl For Locals In Final Series Game

The Lookouts will play host tonight to the Deland Reds at the Municipal Athletic Field. The Lookouts will also attempt to even up the present series and get revenge for the 13 to 8 defeat handed them last night by the Deland aggregation.

Manager Rodgers has announced the signing of Ross Evans, an infielder from Spartanburg, S. C., who will probably play tonight for the Redger aggregation.

Manager Rodgers also announced that Chef Cook will be the starting hurler while Manager Rootes Chapman has not disclosed his starter.

The Deland line-up will include Newell in leftfield, Bill Schmidt in centerfield, Nick Shimer on shortstop, Rufus Jackson behind the plate, Hobly Jones an first base, Gentry on second base, Parrett in rightfield, Rutledge on third base and the hurler.

For the Lookouts, Little Joe Ruggiero will play on third base, Mayo Langston in rightfield, Wm Brown in centerfield, Pete Mihalik in leftfield, Freddie Holland or Don Couteras catching, Les Carlock on first base, Sid Hudson on shortstop and Cook on the mound.

The game will start promptly at 8:15 o'clock.

Mayo Langston Returns To Play With Local Club

Heavy Hitter Plays First Game Last Night In Deland

Officials of the Sanford Baseball Association last night announced before the Sanford DeLand ball game that they had secured the services of Mayo Langston, hard hitting outfielder who played with the Lookouts part of the 1937 season and the entire season of 1937.

Langston reported yesterday and played his first game with the Lookouts last night in Deland. He was back on rightfield position as Manager Bill Rodgers shoved Wm Brown over in centerfield and placed Rolph on the bench for the evening.

Langston came through nicely in his first appearance as he paced the Sanford hitters with two bingles in three official attempts at the platter. He made several good catches in rightfield and his single to center in the second inning drove in two of the Lookouts' five runs scored in that inning.

Langston was accompanied here by his wife from Florence, S. C., where they will spend the winter. Mayo will make his initial home appearance tonight at the Municipal Athletic Field when the Lookouts battle with the Deland Reds in the final off of a two game series.

Fischer Selects Ruggiero As Best In State League

DELAND, May 28—Bill Fischer, former Deland Redger southpaw and present official scorer of the Deland Baseball Association, stated last night that he believes Little Joe Ruggiero Sanford third sacker is one of the best in the Florida State League.

Fischer, who is well known here in Sanford, said that Ruggiero has made a greater number of neat plays than any other hot corner player in the league in the Deland park and that his hitting would be a factor in the Lookout lineup before the 1938 season closes.

Gov. Martin Leads Oregon Primary Test

Henry L. Hess, trailing by 983 votes, was backed by Ickes and Senator Norris

700 Precincts Yet To Report

O. Henry Olen is 3rd in Race For Democratic Nomination

PORTLAND, Ore., May 21. (AP)—Henry L. Hess, who claimed New Deal and labor support picked up a glowing and perhaps decisive lead today in the sensational Democratic primary contest with Gov. Charles H. Martin. Late returns from Multnomah county, the state's largest in which Portland is located, gave Hess the advantage of 1,840 votes. The standing in 1,167 of Oregon's 1,481 precincts was Hess 42,028 and Martin 40,184.

PORTLAND, Oregon, May 21.—(AP)—Gov. Charles H. Martin, retired major general who warred against "labor terrorism," and an opponent favored by two New Deal leaders, forged ahead by nearly one thousand votes in today's tabulation of the bitter Democratic primary contest.

Seeking re-nomination the 74-year-old Martin had 31,152 votes to 21,155 for Henry L. Hess who was supported by Secretary Ickes and Senator George W. Norris. The tabulation was from 337 precincts out of the state's 1,481. O. Henry Olen was third in the gubernatorial race with 4,743. Martin's gains came chiefly from the agricultural communities.

Hess, although lacking an official sanction by President Roosevelt, claimed a New Deal endorsement. He had the support of Senator George W. Norris (Ind.-Neb.) who urged farmers to repudiate Martin, and a letter from Secretary Ickes, who described Governor Martin as "the New Dealer." The governor replied he was loyal to the President without being a "rubber stamp."

Republicans and Democrats voted for candidates for the governorship, three congressional seats, and a regular term and a short term in the United States Senate. But no race equalled the intensity of Hess' challenge to Governor Martin.

Wills E. Mahoney of Klamath Falls and Carl Demag of Portland, both New Deal supporters, contested for the Democratic nomination for the United States Senate. Rufus Holman, State Treasurer and Robert M. Stanfield, former Senator, each sought republican nomination to the Senate.

Three representatives, Walter M. Pierce (D) of La Grande, James Holt (R) of Salem, and Mrs. Ned Wood Honeyman (D) of Portland sought re-nomination. Pierce was opposed by Wade Crawford, former Klamath Indian Reservation superintendent, and Holt by Walter Norblad of Astoria, son of a former Republican governor. William Pendergast and Jacob Wagner, both of Portland, contested Mrs. Honeyman's seat.

Noted Swimmer Is Married To Aviator

FORT LAUDERDALE, May 21. (AP)—Katherine Rawls, swimmer and diving star, was married Tuesday to Theodore E. Thompson an aviator, it was disclosed today. Mrs. W. J. Rawls, the swimmer's mother, told Katherine had her of the marriage by telephone Tuesday night. She said she had no details but believed the ceremony was performed in Valparaiso, Ga. The bride was engaged last winter to William Starr, advertising man at Daytona Beach but the engagement was later broken.

Former U. Of F. Seminole County Students Form Ranks 13th In Alumni Chapter Use Of Fertilizer

McLucas Is Selected President Of Newly Organized Club

The Seminole County Chapter of the University of Florida Alumni Association was chartered last night at an installation ceremony held in the Valdez Hotel. Several members of the Orlando Chapter presented the charter on behalf of the Alumni Association to the Seminole County Chapter. Following a dinner, the club was organized and officers were elected with Willard Ayres, head of the Orlando delegation, acting as chairman. Leonard L. McLucas was elected president of the club; R. E. Kipp, vice president; Charles W. Chalkey, secretary-treasurer.

Mr. Ayres explained that it was customary for newly formed clubs to elect a board of directors in addition to regular officers but members of the club decided to defer the election of such a board until a later date. Woodrow Riser was appointed chairman of a membership committee composed of Mr. Kipp, John Courier, and Mr. McLucas. Mr. Chalkey was appointed chairman of a constitutional-by-law committee.

Mr. Ayres presented the charter to Mr. Kipp in the absence of Mr. McLucas and charged members of the Seminole County Chapter to support and uphold the ideals of the University of Florida. A large picture of the university campus at Gainesville was given to the chapter to be presented to Seminole High School as a goodwill gift. Members attending from the Orlando Chapter were: Willard Ayres, J. J. Parrish, Jr., Leonard Blakner and Walter Woodward. Mr. Parrish suggested that members of the club form a long-range program which would include (Continued on page three)

During the business session, Mr. Workman stated that arrangements will be made for attendance of the local post at the state convention to be held in Jacksonville May 26-28. He urged all legionnaires to be present for the meeting.

Candidate For Senate Seat Is Cut In Scrape

R. C. Horne Is Knifed In Altercation With State Welfare Board Business Manager

MADISON, May 21.—(AP)—R. C. Horne of Madison, former member of the Florida House of Representatives and candidate for the Senate, was in a hospital here today in a serious condition from knife wounds received yesterday.

Night Police Chief Taylor Davis said Herbert C. Harper, former business manager of the State Welfare Board, surrendered after an altercation and admitted cutting Horne.

Harper was turned over to Sheriff Lonnie L. Davis and was released on his own recognizance. Hospital attendants said Horne was cut on the left temple, left ear and left arm. His condition was not critical but he was suffering from a loss of blood, physicians said.

The night chief said Harper was bruised on the nose. Horne is in a room in Tuesday's primary with W. Turner Davis for nomination to the senatorial seat formerly held by Harper.

The sheriff said Harper gave no explanation of the altercation immediately and that no charges had been filed and would not be filed unless by Horne or his family.

The State Welfare Board at Jacksonville said Harper had been given a leave of absence three months ago because of eye trouble and was not now actively connected with the board.

Re-Assessments Of Property Are Sought By Board

Declaring there should be a re-assessment of all property in Sanford and Seminole County, members of the Seminole County Real Estate Board yesterday hit at the present "boom-time assessment" on property in both the city and the county and asserted that a new assessment should be made at the earliest possible date.

P. Bayard Smith, president of the Seminole County Board, who presided over the meeting in the Chamber of Commerce building Friday afternoon at 2:00 o'clock, declared that property in Sanford was assessed on valuations made during the boom and added they were out of line with present property values. In the rural districts of the county, he reported, much improved property is assessed as undeveloped property.

The local board at its meeting also appointed a Vigilant Committee the purpose of which it is to see that all persons dealing in real estate or rentals in Seminole county have licenses and credentials. H. C. Dubose was appointed chairman of the committee.

\$50,000 Sought For Bites Of Chimpanzee

LOS ANGELES, May 21.—(AP)—Dorothy Lamour, who plays primitive girl roles in films, was sought by process servers yesterday as a defendant in a \$50,000 damage suit filed by Caroline Feber over bites she claims to have suffered from Jiggs, a movie chimpanzee.

Miss Lamour, originally named as Jane Doe in the suit brought by Miss Feber against Paramount Pictures, Inc. Mickey Conroy, trainer of Jiggs, now dead, and several John Does. Miss Feber said she was bitten during the filming of a picture at Palm Springs last Nov. 15 and charged the defendants with negligence.

MEXICO'S 'STRONG MAN' PREPARES FOR WARFARE

Leader of Mexico's last private army and central figure in rumors of a revolt, Gen. It was reported that Castillo spread his peasant army into the hills to prepare for guerrilla warfare with the forces of President Lazaro Cardenas.

Sheriff Warns Public Against Starting Fires

Points Out Law Which Bans Throwing Cigarettes From Cars

With the menace of forest fires increasing with each new day of continued drought, and with such damage already done by careless campfires in Seminole County and adjoining areas, Sheriff C. M. Hand today issued a sharp warning against the careless starting of fires and cited a State law making it unlawful to throw a lighted cigarette out of a car and called attention to a statutory provision which includes a \$2000 fine and 30 days in jail for starting a forest fire.

The seriousness of the problem of forest fires due to the extraordinary dry weather conditions that police and fire officials have taken special steps to keep property damage at a minimum.

Fire Chief Mack Cleveland has advised several times against the indiscriminate setting of woods and grass fires, declaring they are a danger to houses and other property unless rigidly supervised. Already flames have threatened to destroy several homes in the Osteen section and the W. H. Tunniff residence on South Sanford Avenue was saved from destruction only by the concerted efforts of neighbors of the Tunniff's. Much timber land in that section was destroyed by fires.

Jobless Dyer Uses Hammer To Kill Tot's

PATERSON, N. J., May 21.—(AP)—The bodies of two young children whose heads, police said, had been crushed with a heavy instrument were found by fire men in a smoke-filled living room of a third floor flat.

Tenant Thomas Lyons reported that their father, Alfred Schwartzback, 25, unemployed silk dyer helper, said he had killed the children with a machinist's hammer because he was "out of work and discouraged." At Paterson General Hospital, Dr. Benjamin Sachs said the children, Corinne, 1, and Albert, 2, died from fractured skulls. Acting Detective Captain James Smith said Schwartzback declared he killed the children because he didn't want to see them starve. After beating them with the hammer he put the bodies in a sofa and set fire to it, officers said, attempting to burn the bodies.

CITY NEWS BRIEFS

Higgins, Lamson Leave Sunday To Investigate Loan

Possibility Of R. F. C. Loan On Water Pipe Is 1 Of Objectives

Mayor Edward Higgins and City Clerk Frank L. Lamson will leave tomorrow night for Washington where they will investigate possibilities for a loan from the Reconstruction Finance Corporation to replace the antiquated water pipes leading from the wells along the Orlando Highway to the water plant. Mayor Higgins told a Herald reporter this morning.

Mayor Higgins is also a member of the hospital committee and it was intimated that while in the nation's capital he will investigate the feasibility of securing federal funds for the construction of a County-owned hospital.

Regarding the need for the pipeline, Mayor Higgins pointed out that the present wooden pipe has deteriorated to such a state that considerable expense has been incurred to keep the line in repair and also that the line is in such a condition that the gallons of water pumped per minute had to be reduced much below capacity in order to prevent the whole line from being damaged to such an extent as to be irreparable.

Mayor Higgins declared that he and Mr. Lamson would also seek a conference with WPA officials in regard to several other projects for the City. Some of the projects have already been submitted, he said, including the proposed City boat basin.

There is little doubt but that the City will get the loan from the RFC, the Mayor said pointing out that the project would be self-liquidating. "At least," he added, "we hope the project will be approved and we feel reasonably sure that it will be."

The Mayor and Mr. Lamson expect to be gone about a week unless unforeseen difficulties arise.

Jack L. Sparling Talks To Members Of Townsend Club

Declaring that there are now 14,000 active clubs in the United States, Jack L. Sparling, president of the Orlando Townsend Club, addressed members of the Sanford Townsend Club at its regular meeting Thursday night. W. R. Dupree, president, said today.

Mr. Sparling said that today's mail brought 6,000 new memberships to National Headquarters at Chicago recently.

In Florida there are 300 clubs with 125,000 members, he stated, adding that the Fifth Congressional District has 45 clubs.

Mr. Dupree asserted that one member of the local club brought 19 new members at the last meeting aiding the Sanford Club in doing its part in reaching the million total, the goal of the membership drive of the national organization.

The club held the Townsend recruiting and victory marches. Mr. Dupree said they were composed by the Rev. Charles DeWare of Lake Mary, a member of the local club.

Bumper Crop Of War Fears Stirs Europe

Increasing Friction Between France And Italy Is One Of Chief Disturbing Points

Czechs And Nazis Grow More Bitter

Berlin Denies Military Maneuvers Near Border Are Hostile

The world harvested a bumper crop of war fears on two continents today.

European troubles pivoted on increasing friction between France and Italy, ostensibly generated by rival intervention in the Spanish civil war and on fresh outbreaks arising from Czechoslovakian-Serbian problems.

In cabinet circles of the Central European democracy, built on the ashes of the World War, partition of the Czechoslovak government and followers of Konrad Henlein fought each other with fists and insults.

The killing of two Sudeten Germans by Czechoslovakian border guards, held by London, smouldering for days.

Sudeten Nazis refused to enter a discussion with the Praha government on government overtures for a peaceful compromise of their demands for autonomy. Henlein requested a guarantee of the offer in Sudeten German regions before talking of a settlement.

German newspapers, which address much into Austria, there were reports of German troop movements along the Czechoslovak frontier.

In the Czechoslovak municipal elections starting Sunday there also was a partial parallel to Austria's futile attempt to hold a plebiscite on whether Austria should remain independent.

Germany said her troop movements were only routine maneuvers. Great Britain asked twice about the movements wanting German assurances.

In turn, the Czechoslovak government called up a class of army reserves but denied this constituted a mobilization for defense.

In Spain, foreign artillery found the range of the Salamanca section of Madrid and poured a rain of shells killing at least 12 and injuring 40.

In China, forces of defense and invasion were locked in a bitter struggle at the little Lungtai railway town of Lungfeng, far west of Suichow which fell to the Japanese this week as one of their greatest war prizes.

Senate Group Imposes PWA Fund Limitation

WASHINGTON, May 21.—(AP)—The Senate Appropriations Committee approved today a proposal to impose a strict limitation on use of WPA funds for building public utility plants. Members reported the committee adopted by a narrow margin a sub-committee recommendation that PWA be prohibited from financing construction of utility plants which would compete with existing private systems when the latter are subject to any form of public regulation.

Judge Thomas Carries Campaign To Marion

OCALA, May 21.—(AP)—Circuit Judge Elyon Thomas of Fort Pierce, asked Marion county citizens yesterday to support his candidacy for the State Supreme Court. He visited at Anthony, Spawcitra, Peoples City, Irvine, Fairfield and Lowell. "I am well satisfied with the county," Thomas said, "from the expressions of those I contacted I believe that I will get most of the support that went to Senator Futch in the first primary. I was told today that I would get a majority of that vote."
