

## Disability Benefits Upped By New Laws

About 250 disabled people and dependents in the Orlando Service area including Seminole County will become eligible for social security disability benefits or will have benefits they are now receiving increased, according to Colonel Byron R. Patton, social security district manager in Orlando.

The benefits and increases are provided by a new amendment to the social security law which changes the rule for setting the date on which a worker's "period of disability" started.

The new law removes a time limit which went into effect in July 1962 and permits the beginning of the "period of disability" for benefits purposes to be set at the time the worker actually became disabled. The change does not liberalize the requirements of the law in any way except to permit the actual date of disability to be recognized, Colonel Patton pointed out. It affects only people who worked under social security for at least five of the 10 years before they became disabled and who applied after July 1962, or have not yet applied.

"We have the names and addresses of those who applied, and we either have already written to them or we will within a few days," Colonel Patton said. "They do not need to take any action right away, but if they do not hear from us within two weeks they should call or write us."

"On the other hand," Colonel Patton emphasized, "there may be many former workers who are now disabled but who have never asked at the social security office to find out whether they may be eligible for social security disability insurance benefits. Some people did not apply because they realized that they were not eligible since they had waited beyond the time limit for filing an application. Others may not have heard about disability benefits. We want to hear from them as soon as possible."

Increases in benefits now being paid will be retroactive to November 1963 and will be paid with the checks to be delivered early in December. People newly eligible for benefits because of the amendment will receive back payments to November 1963 if they apply before the end of November 1964, stated Colonel Patton.

## Lyman Students Attend Meeting

By Jane Casselberry

The Tec Club of Lyman High School was represented by six officers and members and their sponsor, Ralph Jensen, at the executive board meeting of Florida Tec Clubs Saturday in Tampa.

Purpose of the meet was to consider the eligibility of the various Tec Clubs to affiliate with the state organization and to prepare recommendations for the state convention.

Those attending were Mike McMillan, president; John Pugila, vice president; Barbara Day, secretary; Carlton Callenberger, sergeant-at-arms; Bob Dowdy and Bob Foreman.

FRIENDLY FISTICUFFS were inevitable in this election year when the donkey and the elephant met at Cub Scout Pack 540's Halloween Party at Casselberry Community Methodist Church. Underneath the original homemade masks are Lester Britton (left) and Harold Martindale. (Herald Photo)

## Pointers On Hibiscus Told To Garden Club

By Maryann Miles

B. L. Barling, of a Clarion Road, was guest speaker at a meeting of the Bear Lake Garden Club at the home of Mrs. Charles Duncan, of 2090 Mochain Trail, Maitland.

A hibiscus specialist, he showed 150 color slides and gave the members pointers on growing, fertilizing and caring for hibiscus. He also explained what to do if the plants are infested with insects and how to protect them from a freeze.

All the members brought at least three articles which they had made to be shown at the Christmas Tree Lane, Dec. 3 and 4, at the Orlando Garden Center.

They each also brought a

white elephant article to go for World Gardens.

Present at the meeting were Mrs. Vernon Gleaves, Mrs. Vernon Herrington, Mrs. Albert Jacobs, Mrs. C. C. Jones, Mrs. William Massey, Mrs. Charles Moro, Mrs. Richard Ostrander, Mrs. Richard Scott,

Mrs. Robert L. Stevenson, Mrs. Max Weinar, and a guest, Mrs. Barling, wife of the speaker.

The next meeting will be held Nov. 17 at the home of Mrs. Vernon Herrington on Craig Drive, Bear Lake. Any area women who would like to join the Bear Lake Garden Club may contact Mrs. Brunk or any of the members.

The Masters' golf tournament was won by Arnold Palmer in 1959, 1960 and 1962.

## Robert Rumbley Jr. Heads DeMolay Unit

Robert A. Rumbley Jr. was installed as master counselor of the Seminole Chapter, Order of DeMolay, in ceremonies at Masonic Temple Sunday.

Chairman W. W. Cash gave a welcoming speech explaining the high principles of the Order of DeMolay to the many visiting friends and relatives and the prayer was given by Rev. E. W. Smith, of First Presbyterian Church, Sanford.

Representative DeMolay awards were presented to Robert A. Rumbley Jr. and Steve Stein by the chapter advisor, E. L. Weber.

DeMolay members installed were: Robert A. Rumbley Jr., master counselor; Richard Burns, senior counselor and Leroy Nopper Jr., junior counselor.

Appointed DeMolay officers installed were: Eddie Hubbard, John Leach, Steven Stein, Ernest Heinbuch, John Butts, Mark Parker, Robert Law, Chris Akers, Wade Hancock, Richard Dunn, Paul

Marks, Frank Whigham, John Cullum, Danny Leeds, Don Fortner, Chuck Scott, Frank Murray, Gary Ferran and Ralph Stumpf Jr.

Installing officers Robert A. Rumbley Sr., E. O. Keith, John A. Fuller, Edmond L. Weber, John S. Parker and Capt. Arnold Williams also assisted in the inspiring rituals of presenting the Bible, flag and school book.

The Seminole High School Triple Trio, under the direction of Miss Ollie Reese Whittle, sang two songs.

Carol Besserer, Chapter Sweetheart, was presented a pendant with DeMolay insignia by past Sweetheart, Carol Westland.

After the installation, refreshments were served at a reception in the dining room. Hostesses were Mrs. F. Nash, Mrs. L. Kosky and Mrs. R. A. Rumbley.

Records show that sausage was eaten several hundred years before the time of Christ.

# Governor Petitioned For Audit Of Altamonte Springs Books

## Councilmen Join With Residents

By Julian Stenstrom  
 Attorneys for the Altamonte Springs Citizens for Better Government Committee today directed a letter to Gov. Farris Bryant asking that he appoint a state auditor to examine the books of the Town of Altamonte Springs for irregularities.

Attached to the letter, according to a statement this morning by Mrs. Gretchen W. Tope, 1123 Glen Arden Way, Altamonte Springs, chairman of the committee, was a petition signed by 63 municipally registered freeholders of the Town's 132 registered freeholders asking the governor to authorize the audit as provided under Florida Statute 157.61.

A statement, released by Mrs. Tope, declared: "I am led to believe that the entire Town Council has agreed to this procedure, although their agreement came only after the required number of signatures were secured on the petition."

Mrs. Tope also said in her statement, "We are expecting immediate action from the Governor."

Certain Criticism  
 Meanwhile, members of the Town Council, including Mayor W. Lawrence Swofford, addressed a letter to Governor Bryant in which they advised the state's Chief Executive that they have joined in the signing of the petition. "This action," the letter stated, "has been precipitated because of certain criticism directed at the affairs of Altamonte Springs."

"We, as the governing body . . . welcome and encourage any such examination of the town's financial affairs as you may conduct."

"Any municipality," the letter continued, "in order to serve its citizens, must have the confidence and trust of those citizens and we feel an early examination of the town's affairs will allay any misunderstandings or doubt which may exist as a result of the influence of certain criticism and agitation."

The letter was signed by Councilmen Keith L. Nixon, Gene R. Stephenson, Robert E. Newell, Stuart D. Fritch and Mayor Swofford.

"Inequalities"  
 E. Pope Bassett, Republican opposing Mayor Swofford, Democrat, for a seat on the County Commission, said today, "More than two weeks ago these alleged irregularities in the public records of Altamonte Springs were brought to my attention; specifically: The apparent inequalities in tax assessments and tax payments."

"I applaud this grass roots effort by approximately one-half of the registered freeholders of Altamonte Springs to inquire into the apparent favoritisms in certain aspects of their city government. Since that time," Bassett continued, "I have repeatedly asked Mayor Swofford to explain these matters and have received no reply." Bassett said he had done this in telephone calls, personal conversations and in political speeches.

"I believe," Bassett went on to say, "those who seek county

office should be above reproach."

No Comment  
 Attorney Joe Davis, Altamonte Springs' town attorney and himself a candidate for reelection to the House of Representatives, had no comment. However, Mayor Swofford did release the following declaration:

"This is the political season and there is no doubt in my mind that this is a politically inspired move. Nevertheless, our four councilmen and myself have advised the Governor, by letter, that we welcome and encourage an examination of the financial records of the town."

It was pointed out in a conference this morning held by the committee's legal representative, that the committee is releasing a copy of a letter received by the Board of Commissioners of the Town of Altamonte Springs from Jack Greene, certified public accountant, stating that certain records were in "poor condition" and requesting that these irregularities should be corrected as early as March, 1964.

Swofford said, "Since we retain a competent certified public accountant . . . to conduct an annual audit of our records and such audit is available to any interested citizen in our Town Hall, I assume that the cost of such an examination will be paid for by the petitioners, the councilmen, individually, and the mayor, and I expect that it would cost about \$20 per person."

Municipal Accounts  
 The petition addressed to Governor Bryant points to an examination "into the methods and accuracy of the municipal accounts, with particular emphasis on: (1) The city owned water department, (2) the tax rolls and valuation of property, (3) the payment of delinquent real property taxes, and (4) the qualifications of persons or persons responsible for keeping the books."

With reference to the annual audit, Swofford pointed out today that the auditor said he did not audit the water department's books had not been set up. Since that time, he added, the water department books have been established under the direction of the auditors.

Further, said Swofford, they have been inspected by the Housing and Home Finance Agency, a federal bureau that financed the installation of the municipal water system. The books, Swofford continued, were found to be in good order. He added that HHFA will make a final audit of the water department next month before turning the entire water system over to the town.

## New Post Office Building Slated For Lake Mary

The community of Lake Mary will have a new post office building.

Postmaster Clarence Cracker, Donaldson told The Herald today that he had received confirmation of the new installation from the regional office in Atlanta.

Postal inspectors and the real estate representative are now in the process of inspecting and selecting the site for the new facility, Donaldson said.

The new post office which has been necessitated by the growth of the area will be boosted to second class status instead of the present third class, Donaldson said.

"We actually have reached second class status now, but it will not be effective until July, 1965," he said.

Donaldson attended the national convention of postmasters in Cincinnati last week where he heard Postmaster General John Gronowski outline plans for improved parcel post service.

Gronowski promised "tender, loving care" for Yule packages this year with new scheduled delivery of parcel post available by Nov. 30 for the most populous areas.

"For the first time, service will be predictable with eight areas of the nation ready before the coming Christmas season to allow postal employees to tell customers with a high degree of accuracy when parcel post packages will be delivered, providing the zip code number is used."

"In addition, all sacks of mail will be limited to a free fall of 18 inches and individual packages to a free fall of 12 inches and foam rubber padding is to be installed to cushion the fall of packages."

The post office department will use zip codes be used on all packages which will insure three to five days faster delivery," Donaldson said.

## Agent Grilled Relentlessly In Citrus Trial

An undercover agent for the Florida Agriculture Department was given a relentless grilling this morning in Circuit Court here as a citrus fraud trial continued.

On trial and facing several counts of grand larceny, bribery and related charges is Ralph W. Alderman, who is alleged to have cheated the Hi-Acres Concentrate plant of Forest City out of about \$100,000.

On the stand this morning was William H. Rozier, former Daytona Beach police chief, who told of his assignment in June, 1962, to check activities of Alderman's trucks at Hi-Acres.

Firing the questions at him was Defense Atty. J. Russell Hornsby, of Orlando, as he tried to wear down the witness and point up inconsistencies in his testimony.

Rozier told of watching an Alderman truck arrive at the plant, being unloaded, then reloaded, taken to a nearby spot for an overnight wait and then return to the plant with the same fruit.

He said he or other agents had the truck and contents under surveillance at all times during the episode.

Rozier, who said he used the alias, "Bill Smith," when applying "and obtaining employment from Hi-Acres, told of observing the truck being loaded from a Hi-Acres bin, driven to a point on Spring Lake Road, left there overnight, and then returned to the plant to be unloaded again.

Each time, he said, the load was examined as a new shipment of fruit.

State attorneys in the case are William D. Hopkins and Arthur L. Steed. The trial is being heard by Circuit Judge Thomas Beasley of DeFuniak Springs.

Alderman is charged with grand larceny, conspiracy to commit grand larceny, two counts of bribery and one conspiracy to commit bribery.

Earlier today, two truck drivers for Hi-Acres told of noticing they were being followed by what they believed to be agriculture department inspectors.

## Johnson, Goldwater Fighting To The End

United Press International President Johnson today characterized his election battle with Sen. Hubert H. Humphrey as a running mate.

The Arizona senator said Humphrey's candidacy has tied up the Democratic party "in a neat bundle for eventual delivery to the Americans for Democratic Action, the most effective radical Socialist organization in the land."

Goldwater was also to appear in Chicago and Oshkosh, Wis.

In his Cedar Rapids address he said that Johnson's support comes from "bureaucrats who fear the cold light of public scrutiny, from labor leaders who promise to deliver votes," and not from the grass roots.

Street Fights  
 TULSA, Okla. (UPI) — A series of street fights broke out Tuesday before and after a speech by Lady Bird Johnson. The brawl was blamed in part on clashes between Goldwater and Johnson supporters.

Goldwater, in his first scheduled stop of the day at Cedar Rapids, Iowa, attacked in a prepared speech Johnson's selection of Sen. Hubert H. Humphrey as a running mate.

## Two Southside Boys Win Yuletide Contest

Wayne Albert, chairman of the Jaycee Christmas parade announced today that two youngsters, six-year-old Scott Fuller and nine-year-old Dickie Deas have tied as winners of the Christmas theme contest, with the title, "My Christmas Dream."

Both boys submitted the same title on the same date. The \$25 savings bond will be split but both boys will ride in their own car in the parade, slated for Dec. 2.

Scott and Dickie both attend Southside School. Scott is the son of Mr. and Mrs. Ben Fuller, of 1316 Mellenville Avenue and Dickie is the son of Mr. and Mrs. Richard Deas, of 2018 Mellenville Avenue.

The winning theme, "My Christmas Dream," will be used as a basis for all the floats which will enter the parade.

This will be the 15th annual Christmas parade sponsored by the Merchants Division of the Chamber of Commerce and staged by the Sanford Seminole Jaycees.

## Political Rally Slated Thursday

A political rally, one of the last of the current campaign, will be held Thursday at 6 p. m. at the new city parking lot at First Street and Park Avenue sponsored by the Seminole County Young Republican Club.

The public is invited to attend and hear all the candidates who are in opposition in the Nov. 3 election, on state, county and city levels.

Ten candidates, opposing each other for five offices, will be given equal time to make their appeals. On the state level are Rep. Joe Davis and Robert Hoover, M. D., for legislative representative; on the county level, Guy Allen and Mary Earle Walker, for tax assessor; Lawrence Swofford and Pope Bassett, for county commissioner; James Birkenmeyer and Walter Hoebig, for School Board. On the city level are City Commissioner Joe Baker, opposed by E. C. Harper Jr.

## Even President Must Shell Out

MIAMI (UPI) — The State Democratic headquarters here received a bill for \$38 from the Florida Turnpike Authority.

The bill is for the toll charges run up by President Johnson's 21 car-five bus motorcade Sunday.

Officials said it would be paid.

## Johnson Needed - Cain

By Dottie Austin  
 City Editor

Republican Harry P. Cain, a former U. S. senator from Tacoma, Wash., told a capacity audience at a luncheon at Spencer's Restaurant Tuesday that the Democratic ticket of President Lyndon B. Johnson and Sen. Hubert Humphrey has more to offer the United States and the free world in experience, competence, resourcefulness, vision and courage than any other ticket in the 20th Century.

"What other two men have spent 50 years, collectively, seeking ready for the perils hazards and problems of the most important office in the world today," he asked.

Cain pointed out that Johnson had served many years as senator and three years as vice president, an office which has taken on vital importance in today's world and that Humphrey has also had many years of experience in the Senate.

"These two men have a tremendous accumulation of skills that can only be learned in the political arena. The late President Kennedy was well aware of the importance of the office

POINTING OUT THE FACTS. Republican ex-Senator Harry Cain, who is stumping the state for the Johnson-Humphrey ticket, points out the reasons for his decision at a luncheon meeting at Spencer's Restaurant Tuesday.

In Sanford this week to preside over the alleged citrus swindle trial is Judge Thomas A. Beasley of DeFuniak Springs. Judge Beasley, according to Judge Volle A. Williams, is the only man in the history of the State of Florida to serve two terms as Speaker of the House of Representatives. His two terms, Judge Williams added, were not consecutive.

Was a time when a person could pick an orange, squeeze it and drink it or peel it and eat it and that was that. But oranges are big business now. Drop into the courthouse and listen to the highly technical aspects of the industry as unfolded during the trial.

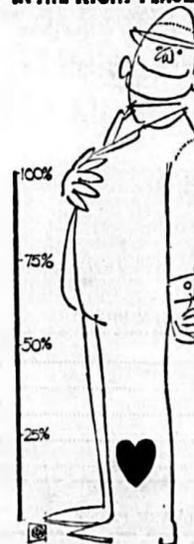

Comments are starting to come into The Herald office now for the job done on the 1964 Progress Edition. Nice to know the reading public is recognizing a lot of hard work.

The County Commission Tuesday agreed to issue a permit for the Jal-Alai Fronton to install street lights in front of its parking lot on U.S. 17-92. Not only will the Fronton buy and install the standards and lights, it'll also foot the power bill.

County Commissioner Lee Gary paid The Herald a verbal bouquet on its annual progress edition but remarked, "You didn't publish a photo of the most striking church in Seminole County." "Which one is that?" was asked. Gary popped back, "Oviedo's First Methodist, of course."

The County Commission chamber in the Courthouse also has something new. On the paneled wall behind the commissioners' desks appears these words in "bank" style aluminum painted letters: BOARD OF COUNTY COMMISSIONERS SEMINOLE COUNTY Neat, sharp, keen, and attractive, too!

# U. S., Britain Agree To Improve NATO

WASHINGTON (UPI)—The United States and Britain's new Labor government have agreed that strategic coordination among NATO powers should be improved but are undecided on just how to do it.

They also would like to broaden the cooperative operations of the alliance to deal with problems outside its immediate area, but find themselves at odds on such critical issues as Red China and Cuba.

These are the dominant impressions that emerged today after two days of talks by U.S. officials with British Foreign Secretary Patrick Gordon Walker. The British official wound up his discussions at a 45-minute conference with President Johnson at the White House Tuesday before heading for New York and London.

The ambitions of the two governments involve long range goals which they hope to approach over a period of some time. However, some of the individual elements must be dealt with rather soon.

The most pressing involves

the proposed NATO nuclear fleet, which is strongly supported by the United States and Germany, but frowned upon by Britain. This would be a flotilla of 25 vessels armed with eight Polaris missiles each and manned by mixed crews from participating Allies.

American officials said the United States would continue to push for widest possible Allied agreement on the character for the proposed fleet by the end of the year, despite British reluctance.

The United States has agreed, however, to consider any amended version which the new Labor government may wish to propose. This gives London less than two months to come up with some concrete ideas sufficiently attractive to woo Allied support away from the American plan.

## Amendment 8 Approval Asked

TALLAHASSEE — Commissioner of Agriculture Doyle Conner today officially endorsed Florida Constitutional Amendment No. 8, which would place the State Land and Field Note Offices under the control of the Internal Improvement Fund Trustees.

The proposed amendment deletes reference to the Commissioner of Agriculture's supervision of matters pertaining to public lands and the Bureau of Immigration. It also removes from the Constitution references to matters over which the Commissioner of Agriculture no longer exercises control.

"Since the TIF manages and protects state lands, the consolidation of state land records under this agency will result in more efficient record keeping and service to the public," Conner asserted.

"Therefore, I urge our registered voters to vote in favor of this amendment on Nov. 3."

## Bagpipes To Play Despite Tradition

WASHINGTON (UPI)—The District of Columbia commissions decided to break with tradition and permit a noisy bag pipe parade on Sunday.

There is an unwritten law requiring quiet Sundays in the nation's Capital. But the commissioners said the bag pipe parade would be okay just once since it's for the purpose of drumming up votes.

The parade is being staged by Democrats to draw voters to a rally. District officials said a similar exception would be made for the Republicans should they ask.

## Smathers Sees Ervin Appointed

CANTON, N. C. (UPI)—Sen. George Smathers (D-Fla.) predicted that President Johnson will name Sen. Sam J. Ervin Jr. to fill the next vacancy on the U. S. Supreme Court.

Smathers called Ervin, 68-year-old former North Carolina Supreme Court Justice, "the finest legal mind in the United States Senate."

A Harvard law school graduate, Ervin also was a lower court judge and in 1946-47 headed a state commission that sought ways to improve the administration of justice in North Carolina.

### Poppy Sale Set By VFW Group

By Mrs. Frank White  
Mrs. Frances Hackley was initiated into VFW Auxiliary 8093, DeBary, in an impressive obligation ceremony at Fire Recreation Hall. The president, Mrs. Myrtle Hill, led the ritual.

Vincent Karwacki made an official visit to speak to the auxiliary on the VFW Buddy Poppy Sale scheduled for Tuesday.

The group contributed to the VFW cancer research program and cancer relief.

The resignation of Mrs. E. Hemmelberger from the office of Chaplain was accepted with regret as she is moving to Orlando. A new chaplain will be elected at the Nov. 17 meeting at the Fire Recreation Hall.

Letters on state membership awards, civil defense and the district meeting in Daytona Beach were read.

Mrs. Frankanna Howard, past president, and Mrs. Jeanette Ozden were welcomed back after a long sledge in the hospital.

Refreshments and a social hour followed with Mrs. Blanche Frye, Mrs. L. Estercamp and Mrs. Ruth LaChat serving as hostesses.

### Youth Club Plans Halloween Party

The Geneva Youth Club will hold a Halloween Party from 7-12 p. m. Friday at the Community Hall. Everyone is invited to come, looking their worst. Prizes will be awarded for the best and wildest costumes.

Jack Tillman, president, has announced that refreshments of punch, potato chips and candy will be served.

The hall will be decorated throughout in the Halloween theme and sponsors for the affair are Mrs. Joan Ford and Mrs. Mary Ellen Kinnaird.

This party is open only to members of the youth club.

### Election Slated

By Maryann Miles  
The Forest City Community Association will meet Monday at 8 p. m. at the home of Mr. and Mrs. David W. Heane on Causeway Drive, Forest City. President John B. H. H. urges members and guests to attend as there will be an election of officers for the coming year.

**A BIG STEP.** Brian Howlett and Roy Templeton were graduated from Cub Scouting into Boy Scout Troop 341 of Casselberry in an impressive ceremony at Community Methodist Church. ### Cub Scouts Hold Awards Meet

By Jane Casselberry  
Cub Scout Pack 540, of Casselberry, held a combination Halloween party and Pack meeting in Weaver Hall, of Casselberry Community Methodist Church, with over 100 Cubs and members of their families attending.

The Cubs wore costumes and a variety of clever masks which they had made from plastic bottles, boxes, bags, or paper mache, and several games were enjoyed.

Cubmaster Dave Waters presented awards for advancement and the highlight of the evening was an impressive ceremony for the two boys, Brian Howlett and Roy Templeton, who are going out of Cub Scouting into Boy Scouts.

The following advancements were recognized: Den 1, Dale and Daryl Krug, bobcat; Arthur Newberg, wolf; and Tommy Balmer, gold arrow; Den 2, Danny Miller, silver arrow; Lester Britton, bobcat; Den 3, Harold Martindale, Carl Wabnitz, Skip Howey, Lion; Den 4, Michael Moore, bobcat; Den 5, Paul Montgomery, Gary Reinas, Charles Adkins, Ernest Pinkard, bobcat; Den 6, Lois McCall, Brad Scott, bobcat; and Kenneth McCall, lion and gold arrow.

The Cubmaster announced that a new Webelos Den is being organized by Den Leader Guy C. Corns for boys

who are 10½ years old and have earned their lion badge. Meetings will be held on Tuesday nights at 331 Elm Dr., Howell Park.

Appeals were made for the donation of clothing, shoes, non-perishable foodstuffs, and blankets for the Seminole Indians, being collected by the Order of the Arrow, and for contributions of canned goods

### VA Goofs; GIs Benefit

WASHINGTON (UPI) — Congressional investigators reported that 22,000 veterans hold government life insurance policies to which they are not legally entitled.

The total face value of the policies involved is \$180 million, the GAO said.

It recommended that the Veterans Administration revise eligibility requirements for the insurance, which the GAO said was designed for service disabled veterans unable to qualify for commercial insurance.

## About Sports

### Thinking Out Loud

BY JULIAN STENSTROM

**By Julian Stenstrom**  
Herald Sports Writer

Even though we're right in the midst of football season, basketballs are soaring here and there at Seminole High's Fleming Gymnasium.

Head cage coach, Mack Blythe, has started workouts in preparation for the Tribe's forthcoming hardwood season — the school's second in the Metro Conference.

Blythe is holding one session daily despite the fact that quite a number of his prospective cagers are still actively participating in football — and will be for quite some time.

Blythe, by the way, will be in his initial season as the Tribe's chief mentor. He came to Seminole this year from an assignment as head coach of the Baby Eagles of Edgewater, Orlando. Prior to that he was head coach at Oak Ridge Junior High in Orlando.

He hails from Kentucky and is a graduate of Eastern Kentucky State.

Now Dick's getting ready for the forthcoming Sanford-Orlando Kimmel Club racing season which gets under way Jan. 2.

Originally, we'd been told the season would officially open Christmas Day — as it did last year. But this time it'll be Jan. 2. "Great," said Dick, "now we'll be able to see one of the big bowl games."

We asked Dick if he'd done any kind of officiating in recent years.

"None," he shot back, "not since '48. I'm gettin' too old."

There were FSU fans listening to radio reports of the FSU-VIP game last Saturday who feel that the winner of the VIP 20-FSU 11 tussle might have been forecast in the early minutes of the game. The feeling has been expressed that State's lack of edge was shown when in the first quarter they went for the field goal instead of going for the six-point touchdown. Peterson's proteges had rolled down field 73 yards.

Back in Sanford after a summer tour of racing meets is Dick McLand, a local resident, former postal employee, professional baseball umpire, high school football official, and now a race track official.

Dick spent most of the summer in Rapid City South Dakota working a 92-day dog track meet there.

He later worked a 25-day fall harness racing meet at the Audubon Raceway in Henderson, Ky.

Bullsays passer Steve Tensil had completed five out of six passes, the ball was on the 11. The armchair State rooting stalwarts were sure that with this success and with all the bravado of a team rated at least two TD's better than their Gobbler opponents, the six-pointer was a cinch.

When the Seminoles settled for the place kick, the loyal radio audience (at least many of them) surmised that the Indian spirit must have been low.

### Clamor For Scalp Worries 'Nyet' Coach Of Losing Red Track Team

By Milton Richman

UPI Sports Writer

TOKYO (UPI) — Who's worried?

Not Gabriel Korobkov, head coach of Russia's track and field team, even though the "alumni" back home in Moscow already has started yelling for his scalp.

It seems the folks back in the Kremlin aren't the least bit happy about the Soviet track team's disappointing showing at the Olympics which came almost on the heels of a marvelous trouncing by the U. S. in last summer's Los Angeles meet last summer.

No one likes to lose and the Russians made that painfully plain with an angry editorial in the Communist party newspaper Pravda.

Korobkov read every word of the UPI dispatch, date-lined Moscow, which began:

"The Soviet Union has de-

manded its coaches explain the failures of the Russian track and field team at the Tokyo Olympics."

Pravda is the most authoritative Soviet voice on politics, sports or anything else.

"The Soviet people have the full right to demand detailed explanations of those who have been training our track and field team for the Olympics," Pravda said.

Korobkov smiled as he read the dispatch but couldn't quite conceal the fact he wasn't happy.

"I will give them an explanation," he said quietly, still smiling.

"They could have done better," he added making it rather difficult to tell whether he agreed with the editorial or whether he meant his team suffered from an unknown handicap.

Korobkov didn't care to elaborate. Conveying the distinct impression he was saving his explanation for the bigwig back in Moscow.

One thing seems certain. They don't sound as if they're kidding.

The whole trouble seems to be that some of the Soviet coaches popped off about the prospect of winning a carload of gold medals and any U. S. college football coach could've told them that you always play your teams chances down, not up, before the opening whistle.

By their editorial in Pravda, the Russians are showing they're human, that they want to win as much if not more than anyone else and that they put little stock in the old chestnut that it doesn't matter whether you win or lose but how you play the game.

### Mr.-Mrs. League Tightening Up

The Sunday Night Mr. and Mrs. League is tightening up as some of the lower teams are winning at the expense of higher teams.

This past week Mary and Tom Hunter and Pennie and Dick Schaffer shot to the top of the ladder by virtue of wins over the Sandlins and Kanners. Dick rolled 188/508 and Jack Kanner came through with 208/531 in their match.

The Patricks, Ross and Andy, won four from Alyce and Charles Lansing to vault into third place. Rose rolled 164/487 and Andy hit 185/519. Eloyce and Fred Hollan won three from Mabel and Pete Duggan to move up the ladder. Eloyce rolled a good 168 game and Fred bombed a 194/548. The Ungers, Thelma and Dutch, won all four from Sue and Bill Baggerly as Thelma tossed 192/445.

In other matches, Bernice and Ben Chada took three from the Dorton's, Jo and Fred Brown won three from Shirley and Dan Siglin. Virginia and Lewis Hughey split with Chris and Tony De Witt.

### Behrens Rolls Series Of 534

Claudette Behrens had her big ball tearing up plus last week in the Women's Scratch League as she rolled 189-177-188-534 while helping mates, the ABC's, to an even split with the SAN's. Barbara Rohrer hit a 161 game and Alice Haupt a nice 171 while backing up Claudette. The SANs had their share of bombers in Joan Harris with 166/425, Donna Atkins with 160/441 and Pat Sipley with 167/473.

The Pull Ups took three from The Drags to pull themselves up the league ladder. Mary Sterman shot a 163/435 and Elaine Kostival was close to her with a 434 series, both for the Pull Ups.

The Lucky Stars won three from the Do Nothings as Doris Schautteet bombed a 164/484 and Liz Klein exploded for a 177/458 while bagging four strikes in a row. Jane Spolski churned a cool 177/489 and Shirley Siglin a 171 game for the Do Nothings.

### Stenstrom Realty Leads League

Stenstrom Realty won four points from Art Brown Pests to hold its four-game lead over Behrens Tractor. Libbie Whitehead and Etta Dorman set the pace for Stenstrom with 436 series. Carolyn Sallee rolled a 179 game for Stenstrom to back-up Libbie and Etta. Thelma Unger was the star for the Pests with a 471 series.

Claudette Behrens rolled 168/461, Helen Padgett a 170/478 and Margaret Price a 183/491 while pacing Behrens Tractor Service to a four game sweep of their match with Southern Air.

Jet Inn won all their games from Lake Monroe Inn as Connie Ringo bowled a 161. Shoemaker Construction won three from M and R Bar in another league match.

Hunt Realty split their match with Joe's Laundry. Doris Omev paced Joe's with 166/443. Wilson-Maler and Nationwide Insurance split as A. Scallion rolled a 180 game for Nationwide and Rose Patrick bowled 163 and Helen Edwards a good 175/488 for Wilson-Maler.

### Oviedo-Central Game Saturday

Oviedo High School Athletic Director Paul Mikler announced this morning that the football game between the Oviedo Lions and Melbourne Central Catholics High School, slated to be played in Melbourne Friday night, will be played instead Saturday night in the east coast city.

Mikler said that a conflict in schedules caused the one-night delay.

OVIDIO'S REX BROOKS (80) looks as though he's trying to cock his right arm for a pass but actually he's just grabbed an aerial from Jim Courier before being hit by a pair of Highlanders of Clermont. Oviedo took the decision and remain unbeaten. (Herald Photo)

### Tribe Improves Offense Work

#### Three Turkeys Scored By Four

In the Jet Bowlerettes League, those elusive turkeys (three strikes in a row) were captured by Ann Gabel, Alice Sexton, Pat Sumner and Tina Parker.

Five bowlerettes also made the baby split, the three-10; Dot Schaffan, Matha Billings, Ann Behrens, Sherry Cannon and Pat Franks.

One of the highlights saw a 108 average bowler, Nancy Sellers, bowl games of 147 and 148. Nancy bowled 20 pins over her regular average.

The wide open 5-10 split was easy pickings for Martha Billings.

Only 15 pins separated those with high series. And Gabel finished with a 473 and then it was Mada Willshire's 468 with top honors falling to Dot Schaffan and her 458.

#### 3 Teams Tally Clean Sweep

Hi-Messers League bowled its regular schedule with three teams making a clean sweep. Behrens Tractors took four points from Southern Air, Jet Inn four points from Lake Monroe Inn, Lattie's and Stenstrom Realty four points from Art Brown Pest Control.

Hunt Realty and Joe's Laundry each won two games and Wilson-Maler split two each with Nationwide Insurance.

In the split division, Thelma Unger and Betty Kurimal topped the 4-5-7, Etta Dorman the 3-5-7, Mary McLaughlin and Ulla Ganderton the 4-10, Claudette Behrens the 2-7 and Amy Henson the 3-4.

The girls nominated and elected Claudette Behrens as their "queen" to represent their league at the bowling dance in November.

### Greyhounds Unscored On This Season

By Jim Neekens

The Lyman High Jayvees lower the curtain tonight on what has been thus far a high successful grid season.

The Baby Greyhounds traveled to New Smyrna Beach to tangle with the Junior Barracudas in Lyman's fourth and final contest of the current football campaign.

It will be a return engagement between the two clubs but Lyman authorities trust the locals will be able to do better than the scoreless tie in the records on the first tilt between the two clubs.

The Baby 'Hounds opened the season against the New Smyrna Beach Jayvees and both eleven fought to a scoreless count. However, in their second outing — this time against the Baby Bulldogs of DeLand — the little Greyhounds raced to a 13 to 0 decision. In their third affair, the tiny 'Hounds — and they are as far as backfield size is concerned — outsped Apopka's Baby Blue Darters 31 to 0.

In last week's contest, the Baby Greyhounds came into their own by racking up no less than 464 yards on the ground. They passed only once but that one didn't register. Meanwhile, they held the Baby Darters to less than 50 yards on the ground which indicates that they not only possess a potent offense but also an effective defense.

Regarding last week's tilt, Head Coach Dick Silvers said he was "more than pleased with the fine performance of his boys and he complimented them on a good ball game."

Outstanding for the Baby 'Hounds thus far this season in the backfield has been a quartet of youngsters who undoubtedly have improved considerably with experience and will be seeing much action in Lyman High's varsity backfield in several seasons to come — perhaps even some this year. At quarterback is soph Gary Smith who had led the club superbly and is a more than consistent performer.

The halfbacks have been 125-pound Bob Eldridge, a sophomore, and 130-pound Larry Baker, a junior. Baker and Eldridge both are seat backs and appear to have a bright grid future ahead of them. At Apopka, Eldridge picked up 186 yards in the first half alone. Even though he sat out most of the second half he still managed to run his yardage gained to 236 for the evening. Baker scored 13 points and accounted for one point after touchdown.

Fullback Mike Warren, at 145 pounds, is good for short but needed yardage at any given time, uncorked a 77-yard TD dash against Apopka.

In addition to starting Smith, Eldridge, Baker and Warren against the Baby 'Cudas this evening, Silvers is expected to give starting nods to ends Russ Brankes and Charlie Newell, tackles Danny Overton and Bob Herrington, guard Tom Fletler and Billy Dempsey and 307-pound center Joe Pennebaker, a soph, who will be starting tonight in place of the injured Danny Hall.

Mainstay in the Baby 'Hound line this season have been two anchors, Fletler and Overton.

Of course, Lyman will be out tonight to protect one of its top records — nobody has crossed the club's goal line this season.

Baker scored 13 points and accounted for one point after touchdown.

Fullback Mike Warren, at 145 pounds, is good for short but needed yardage at any given time, uncorked a 77-yard TD dash against Apopka.

In addition to starting Smith, Eldridge, Baker and Warren against the Baby 'Cudas this evening, Silvers is expected to give starting nods to ends Russ Brankes and Charlie Newell, tackles Danny Overton and Bob Herrington, guard Tom Fletler and Billy Dempsey and 307-pound center Joe Pennebaker, a soph, who will be starting tonight in place of the injured Danny Hall.

Mainstay in the Baby 'Hound line this season have been two anchors, Fletler and Overton.

Of course, Lyman will be out tonight to protect one of its top records — nobody has crossed the club's goal line this season.

### Greyhounds Unscored On This Season

By Jim Neekens

The Lyman High Jayvees lower the curtain tonight on what has been thus far a high successful grid season.

The Baby Greyhounds traveled to New Smyrna Beach to tangle with the Junior Barracudas in Lyman's fourth and final contest of the current football campaign.

It will be a return engagement between the two clubs but Lyman authorities trust the locals will be able to do better than the scoreless tie in the records on the first tilt between the two clubs.

The Baby 'Hounds opened the season against the New Smyrna Beach Jayvees and both eleven fought to a scoreless count. However, in their second outing — this time against the Baby Bulldogs of DeLand — the little Greyhounds raced to a 13 to 0 decision. In their third affair, the tiny 'Hounds — and they are as far as backfield size is concerned — outsped Apopka's Baby Blue Darters 31 to 0.

In last week's contest, the Baby Greyhounds came into their own by racking up no less than 464 yards on the ground. They passed only once but that one didn't register. Meanwhile, they held the Baby Darters to less than 50 yards on the ground which indicates that they not only possess a potent offense but also an effective defense.

Regarding last week's tilt, Head Coach Dick Silvers said he was "more than pleased with the fine performance of his boys and he complimented them on a good ball game."

Outstanding for the Baby 'Hounds thus far this season in the backfield has been a quartet of youngsters who undoubtedly have improved considerably with experience and will be seeing much action in Lyman High's varsity backfield in several seasons to come — perhaps even some this year. At quarterback is soph Gary Smith who had led the club superbly and is a more than consistent performer.

The halfbacks have been 125-pound Bob Eldridge, a sophomore, and 130-pound Larry Baker, a junior. Baker and Eldridge both are seat backs and appear to have a bright grid future ahead of them. At Apopka, Eldridge picked up 186 yards in the first half alone. Even though he sat out most of the second half he still managed to run his yardage gained to 236 for the evening. Baker scored 13 points and accounted for one point after touchdown.

Fullback Mike Warren, at 145 pounds, is good for short but needed yardage at any given time, uncorked a 77-yard TD dash against Apopka.

## \$1,000 Goal Topped In 'Treasure Hunt'

By Julia Bortez  
The goal of \$1,000 was reached at the Treasure Hunt Sale sponsored by the Altamonte Springs and Forest Lake Seventh Day Adventist Churches.

### Joyce Sawyers Heads Scouts

Junior Girl Scout Troop 223 was organized at First Methodist Church with Mrs. Joyce Sawyers as leader.

The troop is to meet at the church on Monday afternoons with patrol leaders Cindy Baker, Susan Baker, Lynn Pruden and Donna Sawyers.

Troop treasurer is Martha Parker.

The troop is preparing for a camporee at Camp Tichon in November and has completed its "all-upons."

Members of the troop include Cindy Baker, Susan Baker, Cindy Bishop, Mollie Bush, Mary Cleveland, Gail Cowan, Doris Dangleman, Sandra Eick, Debbie Graham and Diana Jack.

### Forest City Sale Termed Success

By Maryann Miles  
The Forest City Merchants Association had a good turnout for their auction at the shopping center and every article on the auction block was sold.

The crowd enjoyed watching auctioneer Jim Davis in action and he got the most out of each article auctioned.

Association president Mrs. Betty McGeen said that \$304 was taken in and the only expenses to be deducted will be the cost of the food sold during the evening.

All the merchants expressed their appreciation to the Forest Lake Academy Band, under the direction of Mrs. Patricia Silvers, which played many fine selections during the evening.

Proceeds from the auction will go for the annual Christmas Party for area youngsters.

# Johnson-Goldwater Presidential Race Whips Dixie To Frenzy

## UPI Assessment Leaning To Barry

(Editor's Note: This is one of a series of dispatches by United Press International reporters on political trends around the nation.)

By Nicholas C. Chris  
ATLANTA (UPI)—Southerners have always taken their politics seriously along with the Bible, segregation and their sipping liquor.

The race between President Johnson and Barry Goldwater has whipped up a frenzy in Dixie that has even penetrated into churches and families, often splitting them down the middle with the gusto of a country boy axing a pine log. The Johnson-Goldwater race probably is the most serious political issue to come along in the South in half a century because the heart of the matter is segregation during an era of desegregation.

Even preachers have become involved, as one recalled recently.

He cited a gathering in Georgia some years ago of ministers who had become wrapped-up in a political issue, much to their dismay. The group finally assembled to hear from a wise patriarch who told them: "Boys, this thing is a mess. My advice is to preach the Gospel, vote the Democratic ticket and stay out of politics."

Staying out of politics in Dixie this election year is a difficult thing to do. Dormant Democrats have come alive. Republicans are spreading the gospel of the two-party system.

But to many voters the election is a mess because the issues recently have become clouded. This is working to President Johnson's benefit, and Goldwater's disadvantage. Goldwater has been powerful in the South but the consensus now is that his strength has peaked. The Democrats are working furiously to take up the slack.

The urgency of the Democratic Party campaign in the South was keynoted when President Johnson jammed into his scheduled last-minute visits to Tennessee, Florida, Georgia and South Carolina. The visits encouraged state politicians who need a strong hand from Washington to help them.

An assessment by UPI newsmen of polls and politicians, state officials and voters in the street presently give Goldwater much of the South.

Johnson holds the edge in North Carolina, Tennessee and Arkansas.

Goldwater has a comfortable margin in Mississippi, Alabama and Louisiana and a slim lead in South Carolina, Georgia, Florida and Virginia. Mississippi, Alabama and Louisiana are given to Goldwater because the racial issue is the strongest in these states.

In South Carolina, Georgia, Florida and Virginia the racial issue is also present but other matters are also tied in that will help the Democrats such as the administration's elimination of two-price cotton, farm prices and mushrooming urban areas.

In North Carolina there has been relatively little racial trouble and a strong

Democratic organization is emerging. In Tennessee, Goldwater hurt himself with his comments that he would sell off certain portions of the Tennessee Valley Authority. These things are working against Goldwater in Dixie: —An ingrained tradition of voting Democratic; —A vast new strength of Negro voter registration; —A gradual distrust that Goldwater is talking out of both sides of his mouth on the racial question. Johnson has his troubles too:

—A faltering start by the Democrats to organize; —Traditional party among Negro voters to vote the poll; —Johnson is pictured as representing an all-powerful centralized government and he is characterized as a "wheeler-dealer."

Goldwater will conclude his campaign in the South with a 13-state televised speech Oct. 31 from Columbia, S.C. Democrats have made gains with a recent eight-state train whistlestop tour by Lady Bird Johnson.

And as one seasoned Georgia Democrat put it: "It will be close. It will go into the cool of the evening or into the next day, but we will win."

And a down-to-earth Goldwater banker: "Georgia will go Republican and if it does other southern states must because the feeling for Goldwater is deeper in most other southern states than even the polls have been able to penetrate."

### Health Program Set At Longwood

By Donna Estes  
A talk on the services provided for the indigent and the functions of the Seminole County Board of Health will be presented by a guest speaker representing the Health Department at a regular meeting of the Longwood Woman's Club (Civic League) at 2 p.m. Tuesday at the Civic League Building on Church St.

Hostesses will be Miss Ellen Cummings, Miss Elizabeth Abbott, Mrs. Zesta Payne, Mrs. M. R. Blankenship, Mrs. Maurice Rudolph, and Mrs. Opal McElroy. Mrs. Elizabeth Hills, president, issues an invitation to all interested women of the community to attend the meeting but reminds them to remember to vote first.

### Wayfarers Plan

By Mrs. Frank White  
The DeBary Wayfarers will meet at the Community Center Monday at 2:30 p.m. All Masons in good standing are invited to attend. The meeting will be the occasion for recognizing 21 Masonic birthdays. John Gleason, district manager of the Florida Power Corporation, DeLand, will present a film, "Practical Lighting."

An Englishman originated the game of water polo in 1885.

# Miss Peacock Becomes Bride

By Mrs. Frank White

Miss Rita Peacock and Frank Perriek, both of DeBary, again their wedding vows Saturday, Oct. 24 at All Saints Catholic Church, Sanford, with Father Richard Lyons officiating. The bride was dressed in a white DeSoto gown with fitted bodice, long tapered sleeves and her illusion net fingertip veil fell from a pearl seeded tiara. She carried a bridal bouquet of white roses. The front of the scoop-necked gown was beaded with seed pearls in a spray effect, and her train was caught in tiny pleats with a tailored bow at the waist.

The bride was given in marriage by her brother, Donald Peacock, of Sanford. Matron of honor was Mrs. Kermit Walton of Little Neck, Long Island, N. Y., who wore a royal blue gown with velvet bodice and DeSoto skirt, floor length, with cap sleeves and tiny veil. She carried a corsage of blue mums. The usher was Carol Peacock of Pensacola, brother of the bride, and best man was Fred Perriek Jr., brother of the groom.

The groom's mother chose a French blue street dress of nylon with a soft, white printed design and wore a blue mum corsage, hat and gloves to match.

A reception was held for 30 guests at the DeBary Restaurant following the ceremony. The tables were in horse shoe formation and decorated in the bridal theme with a large three-tiered wedding cake on a round table, centered at the end of the horse shoe with a miniature bride and groom topping the cake.

Out-of-town guests attending were the bride's aunt, Mrs. Esther Peacock, of Pensacola, and her daughter, Ann; Mr. and Mrs. Kermit Walton of

Little Neck, Long Island, N. Y.; the bride's brother and family, Mr. and Mrs. Carol Peacock and children, Cindy, Robin and Doug, of Pensacola; Mr. and Mrs. Donald Peacock and children, Diane and Vivian Marie, of Sanford. Among the other guests present were Mr. and Mrs. Walter Hoffman of DeBary, Mr. and Mrs. Fred Perriek Jr. and children, Cindy, Fred III and Ronald, Mrs. Marion Jordan

and son, Charles, Mrs. W. B. Willcutt, Mr. and Mrs. Eugene B. Beibert and Mrs. Adam Muller, all of DeBary. For her going away outfit the bride chose an olive green dressmaker suit with matching accessories and her corsage was the orchid from her bridal bouquet.

Before the young couple left the reception, they were serenaded with "I Love You Truly" by all present.

# Butch Evans Party Honoree

By Jane Casselberry

Miss Lorraine Wagner was hostess at a going away party for Butch Evans of Casselberry Saturday night at the home of her parents, Mr. and Mrs. Leonard Wagner on Douglas Road, Altamonte Springs, prior to his departure for Paris Island, S. C., where

he will receive his boot training in the Marine Corps.

Other attending were Butch's guardians, Mr. and Mrs. James Myers, Rev. and Mrs. Delmas Copeland, Mrs. Min Anderson, Miss Glenda Payne, Bob Wilson, Miss Eleanor Zukowski, Misses Becky and Robin Wagner and Dan Casselberry. A buffet dinner was served

with a variety of hors d'oeuvres, baked ham, fried chicken and many other good things to eat.

A large cake specially decorated for the occasion was presented to the guest of honor.

During the evening the guests enjoyed games and were served roasted chestnuts and hot apple cider.

A FAREWELL PARTY for Butch Evans, right, was held Saturday night at the home of Mr. and Mrs. Leonard Wagner, Altamonte Springs. Among the guests on hand to wish him well in the Marine Corps were left to right, Bob Wilson, Rev. and Mrs. Delmas Copeland, Miss Glenda Payne, Robin Wagner, and Butch's guardians Mr. and Mrs. James Myers of Casselberry.

# The Anchor Club Wins Award At District Meet

The District Meeting of the Anchor Clubs of District 4 was held Saturday, Oct. 17, at Fletcher High School, in Jacksonville Beach.

Outstanding speakers were Mrs. Louise Everlis, vice chairman of Anchor Clubs-Pilot International; Mrs. Gwen Biddle, First Lieutenant Governor of District 4 Pilot International; and Dr. Robert Spiro of Jacksonville.

An enlightening panel discussion on community service and finance was presented with everyone benefiting and gaining insight into carrying out the Anchor theme for the year, "Hearts and Hands United in Service." The Anchor Club of Seminole High School won the Distance Award given the club coming the longest distance with the most members present. There were 22 Anchors, one admiral and two Pilot Club sponsors from Sanford attending the meeting.

# The W. Simmons Current Guests Of Her Parents

By Margaret Cosby  
Mr. and Mrs. William S. Dimmick, new owners of 131 North Edgemon Ave., North Orlando, are delighted to have as guests, their daughter and her family from Hardesville, S. C. Mr. and Mrs. William Simmons and seven-year-old son, Freddie.

They are all enjoying touring the Central Florida area. However, this is a busman's holiday for the Dimmicks, as Mr. Dimmick is employed by an Orlando paint company and covers the territory from St. Augustine to Delray to Sebring and is usually accompanied by his wife.

Although they travel regularly, they have little time for hobbies, and have an immaculate and pretty garden.

Mrs. Dimmick is a retired school teacher. The Dimmicks are from Savannah and spent some time in Fern Park before moving to North Orlando.

# Fashionettes

Velveteen is cutting a fancy furrow through the young evening fashion picture this fall. The newest ones are printed.

The popularity of gold jewelry continues unabated because of the elegance and richness of karat gold, the Jewelry Industry Council reports. Many of the new creations are being made in 18 or 20 karat yellow gold, giving them a much softer and finer look. The different finishes, too, are continuing in popularity among gold pieces. These include matt, Florentine, polished and brushed. What's new? a nugget or pebbled finish.

Bill Atkinson, designer of Glen of Michigan togs, sends corduroy to the prom in a long, hooded evening wrap whose swirling fullness falls from a high, gathered back yoke. Zip off the deep hem of this versatile night-intoday model and, presto, it converts to a street-length coat.

# German American Society Enjoys Gathering

By JoAnn Hays

Three Seminole County women, Mrs. David Oldham of Geneva, Mrs. Jack Benton and Mrs. Jack Lang of Sanford attended the German-American Society's annual get together recently at the Elks Club in Orlando in the dress of their native Germany.

The three got together before hand to make plans for the event and chat over a cup of coffee at the home of Mrs. Benton.

Their outfits are similar to dresses worn by women here except for the apron which is worn with the dress at all times.

Mrs. Oldham, who had her dress made during a visit to Germany last summer, said, "If I had listened to friends and relatives in Germany the hem line would be up here (indicating 3 or 4 inches above the knee) and the neck line cut down low."

Asked if the people here are friendlier than those in Germany, they all began to talk at once, but finally agreed that people here are friendlier.

The Bentons and their children and Mrs. Oldham and her children visited Germany this summer for the first time since leaving nine years ago.

The two wives were both married in Germany on the same day, month, and year,

but did not meet until a few years ago. Their husbands attended school together and had been friends many years and their wives who have so much in common finally got together.

Mrs. Benton is originally from Trier, Germany and she and her husband have two boys, Wally, six and Ronnie, four.

Mrs. Oldham's former home was in Ansbach and she and her husband have three boys, David, Jr., eight, Stephen, four, and Edward, two.

The Langs have three children, Steven, six, Dennis, five, and Rose-Mary, nine months. She is from Laubach and has been in the states for eight years. She is living with an aunt and uncle in Orlando when she met her husband-to-be and they were married in Winter Park.

COSTUMES FROM their native Germany are modeled by Mrs. David Oldham of Sanford, Mrs. Jack Lang and Mrs. Jack Benton, both of Sanford, in preparation for attending the annual get together of the German-American Society at the Elks Club in Orlando last weekend.

# Miss Stinecpher Hostess To Zeta Xi

Zeta Xi Chapter of Beta Sigma Phi met recently at the home of Grace Marie Stinecpher on Park Avenue for its regular business and cultural meeting.

With Marchetta Dorminey presiding, the sorority members planned Thanksgiving dinner to be enjoyed by members and their husbands on Nov. 21 at the Orchid House in Orlando.

The group also made plans to sell Christmas paper and cards. Dora Lee Russell presented the program, "Environment, Health, Work and Play."

Attending the meeting were the Meses Richard Lutter, Melba Bach, George Beers, Joe Corley, Robert Winsa, Vincent Cara, Osborne Dorminey, Flora Mae Wells, Kathy Downer, Thomas Russell and Miss Mildred Turner.

# Miss Patsy Mikler Honored With Miscellaneous Shower

By Evelyn Lundy

Miss Patsy Mikler, daughter of Mr. and Mrs. Andrew Mikler of Slavia, bride-elect of Robert Olliff, grandson of Mrs. E. M. Olliff of Oviedo, was guest of honor at a miscellaneous bridal shower Sunday afternoon at St. Luke's School.

Color scheme for the lovely shower was blue and gold. The gift table was covered with a white linen cloth and the very attractive centerpiece was two large gold wedding bands made of styrofoam, entwined, and holding a miniature bride and groom. The refreshment table was also covered with a white linen cloth and the flower arrangement was of white daisies and yellow snap dragons with blue candles on either side.

Finger sandwiches, cake, mints, nuts, tea and coffee were served.

The guest of honor received from the hostesses a lovely yellow rose corsage and her bride's book.

Hostesses were aunts of the bride-elect, Mrs. Paul Mikler, Mrs. Jim Colbert, Mrs. Ferdinand Duda and Mrs. J. L. Mikler.

Several games were played and prizes were won by Mrs. Jim Davis and Mrs. Walter Duda.

Patsy was assisted with the gift opening by her sisters, Miss Elizabeth and Sandra Mikler and also Mrs. R. Sterling.

Among the 40 guests who attended the shower were the bride's mother and the groom's grandmother, Mrs. Olliff, and his aunt, Miss Elizabeth Olliff.

## Separates Greatest Wardrobe Stretchers On Fashion Front

NEW YORK (NEA) — The old match game offers a new challenge this season to anyone who wants to be smartly dressed on a low budget.

We've been mixing and matching for many a year, but a wise selection of the newest co-ordinates will offer greater wardrobe mileage than ever before.

Sweaters, pants, Bermudas, jackets, skirts and jumpers stand alone or together to make many costumes out of just a few separate items.

### Church Group To Have Carnival This Saturday

The young people of the Church of God of Prophecy will sponsor a Halloween carnival this Saturday night at the church, 2505 Elm Ave.

The young people promise an evening of fun and the public is cordially invited to attend. Proceeds from the carnival will be used to purchase literature to send to foreign missions.

Jumpers are a joy. They with blouses or sweaters or late day wear. The right form a jumper into a pretty lead a double life, pairing off standing independently for touch of jewelry can trans-cocktail dress.

SEPARATES ARE THE greatest little wardrobe stretchers on the fashion front. Tweed takes a new diagonal direction in this jumper (left) shown with stretch nylon turtleneck pullover. The jumper can be worn alone for after-five. Brass-buttoned flannel blazer (center) is shown with authentic tartan pleated skirt and stretch nylon pullover. Whipcord co-ordinates (right) combine V-neck blazer, long-sleeved print blouse and slim skirt. These separates can mix and match to make several costumes. They are designed by Russ.

The blazer, trim and brass-buttoned, can top a lively print blouse and slim skirt one day and team with an authentic tartan pleated skirt and solid pullover the next. Sweaters pair off with pants for the ski look or take to tweed or flannel skirts for town and country.

Fabrics for the new co-ordinates include whipcord, colorful tweed, pastel bouffant wools, flannel and herringbone.

Colors range from pretty pastels to winter brights. Creamy white, checks, spicy reds, checks and, of course, colorful plaids are well represented, too.

Wear separates to make a little go a long way. By mixing and matching you can pack fashion into your wardrobe even on a limited budget.

### Beauty Briefs

**Beauty Bases** — The ingredients of beauty include fastidious grooming and certain basic endowments. Usually women considered most attractive owe their reputation to good grooming—shampoos, facials, neat clothes.

**Get All of It Off** — Your towel can tell you if you are removing make-up thoroughly. If smudges of foundation or lipstick show on the towel, give yourself another soap-and-water treat or use a cleansing cream.

**TOOTHY** — Hippocrates (460-377 B.C.) was the first to recommend a dentifrice using the recipe of carbonate of lime or chalk mixed with the head of a hare and the intestines of mice.

The American Dental Association reporting this bit of toothy history, noted also that dentifrices of more palatable formula were used by Americans last year at the rate of 10.5 ounces per person.

Oil or grease stains on nylon need spot treatment before laundering. Rub a solution of detergent and water into stained areas with fingers or brush. Rinse and hand or machine wash in warm or fairly hot water.

With two-pronged hooks on closet walls at a child's eye level, he can hang his coats without help. Also attach hooks or hanging racks to inside of door.

Combat mildew molds with cleanliness. These molds live on soil so never store soiled clothing.

## Xi Beta Eta Chapter Plans Annual Progressive Dinner

Xi Beta Eta Chapter of Beta Sigma Phi met recently at the home of Ginny (Mrs. Gordon) Frederick. A report was given on the recent Halloween party. Several games were played by the members with everyone winning a prize.

Delicious snacks of Swedish meatballs, olives, cheese, carrot sticks, cauliflower and herb dip were enjoyed during the evening. Members were reminded to bring articles to be used in the filling of a Thanksgiving basket to be given to a needy family to the next meeting.

Plans were discussed for the annual progressive dinner to be held November 9.

Joanette (Mrs. John) Alexander will be the hostess for the appetizer with Ginny (Mrs. Gordon) Frederick, Willa Mae (Mrs. John) Prokosh and Candy (Mrs. Mae) McClanahan as co-hostesses; the home of Sue (Mrs. E. C.) Harper, Jr. will be the scene for the main course with Pat (Mrs. Vernon) Harlin, Dot (Mrs. Thomas) Richards, Audrey (Mrs. G. Andrew) Speer, Beida (Mrs. Glenn) McCall as committee members; Vernelle (Mrs. Ed) Peterson will be hostess for the dessert course with Betty (Mrs. Clark) Breustle and FI (Mrs. J. Harold) Chapman as co-hostesses.

The novel part of this progressive dinner is that each of the three hostesses have been given the recipes for their particular course of the dinner.

**SPICY PINEAPPLE GLAZE**  
(3 cups)  
1 (13½-ounce) can crushed pineapple  
1 (12-ounce) can apricot pineapple nectar  
¼ cup catsup  
1 teaspoon dry mustard  
1 tablespoon Worcestershire sauce

Combine all ingredients, heat just to simmering. Spoon on ham, small amount at a time, during last 30 to 40 minutes of baking.

Wash grease-stained walls thoroughly and apply liquid wax when the wall is dry to prevent grease from showing through.

## Golden Circle Class Meets With Mrs. Cleveland

The Golden Circle Class of the First Baptist Church met recently at the home of Mrs. M. N. Cleveland for the monthly business and social meeting.

Mrs. Carlton Henley, new president, presented each member with the 1964-65 Year Book.

Mrs. Don Reynolds gave a most inspiring devotional program on "Love," followed by sentence prayers.

The September minutes were read, a sunshine offering taken and the treasury report given. Visitation was stressed and an urgent request from a needy family was met. Hostesses were assigned for the coming months.

Refreshments were served during the social hour to the Meses, Anthony Adams, Ed Alderman, William Johns, Don Reynolds, Carlton Henley, Mrs. Cleveland and Miss Mary Cleveland.

**MERRY YULE!**  
NEW YORK (UPI) — Keep the "merry" in Christmas. Shop now for Christmas cards, the Greeting Card Association suggests.

When you select your personalized cards for Christmas, 1964, you'll find many surprises. The albums with colorful contents offer a tremendous range of choice in both modern and traditional portrayals of well-loved Christmas symbols.

If you don't marinate a pot roast in vinegar marinade, at least add one tablespoon of vinegar to the meat. It will add flavor and tenderize the meat.

# Sgt. R. Whittaker Returns From 3-Year Duty Overseas

By Robert B. Thomas Jr.  
Sgt. 1/c Robert L. Whittaker, of Headquarters Company, First Battalion, 39th Infantry, has returned to the United States after completing a three-year tour duty in Worms, Germany. Sergeant Whittaker is a 1962 graduate of Crooms High School. He will be given a new assignment in the near future. His wife is the former Barbara Jean Woods, of this city.

All girls from age 9-17 who are desirous of becoming Girl Scouts are asked to be present at the Castle Brewer Court Recreation Center at 5:30 p.m. each Thursday. The Girl Scouts of today have pride in their name. They have fun and adventure. Among their many activities are hiking, cooking out-of-doors, and camping. They also explore and learn about the wonders of nature. There is a place for every girl in this great organization. Your help is needed to strengthen same. Girls, please join. Shirley Guy is president and Mrs. R. Church is leader.

A host of Sanfordites motored to the state's capital to attend the game between Tennessee State's A and I Tigers and the Florida A and M Rattlers. This writer was told that the atmosphere was greater than Homecoming. Laverne Dixon, who attended the game, reported that she saw several Crooms alumni. Among them were Linda Merthie, Alice Hudson, Reginald McGill, Truby Walden, Bernard Brown and Cynthia Clark.

The women's auxiliary of Charles Young Post 207, American Legion, sponsored a Kiddie Contest last Sunday at First Shiloh Missionary Baptist Church. Stephanie Lydis McClain was the winner. A total of \$231.50 was raised by her grandmother, Mrs. A. L. McClain, and her parents, Mr. and Mrs. Rufus L. McClain.

Mrs. Dorothy L. Brown, committee chairman is asking all parents to please come to Goldsboro Elementary School at 9 a.m. Thursday to help prepare for the Halloween Carnival.

Don't forget the Homecoming Coronation tonight at the Roy A. Allen Gymnasium at 7 p.m. There will be a Coronation Ball immediately following the program. Crooms High students only!

# UPW Circle 1 To Meet With Mrs. Rugenstein

By Frances Wootter  
The October meeting of Circle One of UPW of the Community Presbyterian Church of Lake Mary was held at the home of Mrs. Oia Cochran with Mrs. Marion Lee, co-hostess. Mrs. F. D. Anderson, who was in charge of the program, spoke on "Why Purdus?" emphasizing "Love is Liberty." She stated, "The more we love, the more we give of ourselves and to follow the example of Christ, each person has to have enough love for all the people with whom we come in contact."

Mrs. Cochran led the devotions and Mrs. Ed Zimmerman, circle leader, conducted the business session. Committee chairmen reported on their activities for the month and Mrs. W. C. Hopkins reported on missionary work and the importance of Prayer Day. The November circle meeting will be held at the home of Mrs. Robert Rugenstein. A social hour followed the meeting with refreshments served by the hostesses. Fourteen members and two visitors, Miss Marion Reaves and Mrs. Victoria Anderson, were present.

# Lake Countians Denied Hearing

WASHINGTON (UPI) — The Supreme Court Monday denied a hearing to Robert Shuler and Jerry Chatham, sentenced to death in Lake County for rape. The brief order made it clear, however, that the two may apply for a writ of habeas corpus "in the appropriate U. S. district court." The pair were sentenced in Circuit Court in September of 1960 and the Florida Supreme Court upheld the conviction Feb. 19, 1964. Their appeal to the nation's highest court posed the question of whether a conviction "obtained by introduction of evidence falsified by state officers and by suppression of material evidence by the prosecution" violates the guarantee of due process of law.

Let us pray that hate will be replaced by respect and understanding.

# High School Dropouts

The problems facing young people in school are many. One is the important question of deciding how much education is enough.

The choice is hard, especially for those who find no joy in classwork. Some see no value in what they are studying. They fail to understand the relationship between more schooling now and their own improved chance for lifelong job success.

A million boys and girls, young men and women, each year, make the wrong decision and drop out of school. By doing so, they doom themselves.

For these persons will have trouble finding work since they are able to compete only for the dwindling opportunities in unskilled labor. They are the last to be hired, receive the lowest pay, and are the first to be laid off. Frequently, their jobs can be taken over by machines.

Before the end of the decade, 7.5 million more will be added to the already staggering number of American citizens who are academically and vocationally unprepared for this changing and challenging age.

One out of every three young people in the fifth grade now drops out of school before high school graduation.

This is a 20th century tragedy. Studies made around the Nation show that slightly more than half of all school dropouts are male.

The largest number of boys and girls who will not finish high school leave early after their sixteenth birthday, usually when they are in grade 10.

Many of them are seriously retarded in reading and arithmetic performance. They are probably failing in one or more scholastic subjects, and are not active in athletics or other extra-class activities. However, a great proportion of them have IQ's which indicate they could con-

tinue through high school graduation.

The majority of high school dropouts come from families where school attendance and achievement are not considered as having much value.

The most frequent reason given by school dropouts for their leaving is simply lack of interest.

This may mean that a student was discouraged over his progress, disliked a certain subject or teacher, or saw no value in what he was studying.

It might mean that he felt excluded from the social life of the school.

Sometimes teenagers drop out to help with the care of the family or to add to the family income. Boys, especially, feel they will have a better chance as wage earners by starting young.

The decision to drop out is frequently made because the student hasn't a real goal in life and is not aware of the probable consequences of his action.

If the dropout finds work, he may have a period in which he feels he is accomplishing something worth while. He has a paycheck and more money to spend than many who stay in school.

But this is usually only temporary. U.S. Department of Labor statistics show that one out of every six persons in the 16-21 age group is unemployed.

Without adequate education, a young man or woman has no access to modern jobs the economy is constantly creating.

Solving the problem of school retention is not a job for schools alone. It takes the close cooperation of parents, schools, and the individuals and organizations of the community — employers, civic groups, service clubs, labor unions, social agencies,

## Letters

### To The Editor

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter also carries the writer's true name and address. Letters of fewer than 250 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

Editor, The Herald:

We were very glad to see in print Communist Goals for the United States as presented to the Congress by Mr. Herlong and sent to you by Mrs. Ladd. Your Editor's Note said, "We believe the federal government and the FBI are aware of Communist activities and are fully capable of providing the defense for our country."

So let's just take that list of goals one by one and see where we stand in regard to them. It may take more than one letter, but if you will print them all, we should get the whole list covered.

1. "U. S. acceptance of co-existence." Just yesterday, President Johnson told the nation that he had met with the Soviet ambassador and had promised him that the U. S. would continue its policy of peaceful co-existence with the Soviet Union.

2. "U. S. willingness to capitulate in preference to engaging in atomic war." The wall in Berlin, Russian missiles and other arms still in Cuba. An unwinnable war in Viet Nam. Consideration given to admitting Red China to the U. N. Etc., ad infinitum!

3. "Develop the illusion that total disarmament by the U. S. would be a demonstration of moral strength." This administration has already

signed a treaty to stop nuclear testing in the air and is willing, according to Mr. Johnson last night, to sign one to stop all nuclear testing. We have begun a cut-back in our armed services. In 1961, the administration issued the "Department of State Publication 7277." On March 1, 1962, Senator Joseph C. Clark, of Pennsylvania said on the floor of the U. S. Senate, "It (this publication) represents the fixed and determined policy of the executive arm of the U. S. Government." Under this program, which was submitted to the UN and which is being negotiated at Geneva, all military might in the world, and all responsibility for it, would be transferred to the United Nations. This UN Armed Force would be under the control of the Department

of Political and Security Council Affairs. The head of this Department has been held since 1946 by Russians, with exception of 1957, when it was held by Dragoslav Protitch of Yugoslavia.

If it is not disarmament to turn our armed forces over to this Communist controlled department of the UN, what is it?

In deference to your preference for 250 words, we shall postpone discussion of the other points of Communist take-over of our country until tomorrow.

And, incidentally, congratulations to you on being game enough to print letters which do not agree with your editorial policy.

## Political Notebook

ON TOUR WITH MILLER AND HUMPHREY (NEA)—The two big vice presidential sideshows have to be put down thus far as of uncertain value.

The over-all costs appear headed for enormous heights. Party strategists may wonder when it is all over whether it might not have been wiser to limit the travels of Democratic nominee Hubert Humphrey and GOP nominee William Miller — with more money channeled toward electing senators, governors and congressmen.

Humphrey is going about the nation with two prop jets, one mainly for himself and staff, the other for the press and VIP extras. Miller is getting by with a single prop jet. But these are expensive ships.

In 1960, President Lyndon B. Johnson, then the Democratic vice presidential nominee, used a prop jet for a while but gave it up. Neither his GOP counterpart, Henry Cabot Lodge, nor the two presidential nominees used anything so costly, except for Richard Nixon's one jet trip to Hawaii.

Politicians argue, of course, that there is always good political point in having any top party nominee show up to help spark the local troops.

They accept "second best" if they can't get the presidential bidders, as is always the case in many cities and towns.

Yet some reports this fall suggest that the current heavy touring by the No. 2 men is bringing a good deal less than a dollar's reward for a dollar spent.

A swing with the two candidates indicates certainly that the visible rewards are not uniformly impressive. Crowds at airport outdoor rallies and curbside are often skimpy, sometimes good.

If it were not for the fact that Miller and Humphrey constantly tout their respective No. 1 men and blast away at their rivals, one could easily feel he is looking upon candidates in some obscure Senate race.

The reports filtering in on Miller have been especially rough. Some GOP party men, contrary to the evident general rule, are said to be hopeful he will not visit their areas.

Not all of these are moderates, as one might imagine. Miller's rapier thrusts are occasionally upsetting even to conservative leaders.

On the other hand, a state chairman in a mountain state says: "Things have been looking better for Goldwater here

for about the last three weeks. I date the upturn from the time of Bill Miller's visit."

The better-known Humphrey generally tends to outdraw Miller, who captured little national attention before his nomination despite his tenure as Republican national chairman. Nevertheless, when the two men appeared in the public square at Reading, Pa., within two days of each other, the difference in crowd size was not great.

When the bills are all in for these fairly lavish forays, they cannot help but suggest that there must be cheaper ways to fire up the troops in the field.

While Miller and Humphrey are prop-jetting around the country on a usually crowded, multitop schedule, nominees for lesser but still important offices are moaning for money. In the Republican camp the cry is an absolute wall, with a heavy undertone of anger.

The endless split-week road shows for presidential nominees seem an inescapable part of the country's political habit patterns. But there has to be a serious question whether each party really needs to send a second company, nearly as costly, out on the circuit to fill in the spots the big fellows miss.

Dr. Crane's

## Worry Clinic

Larry is like literally millions of others who suffer agony and shame because of their slavery to a nuisance habit. Scrapbook this case or mail it to any victim, for a child's entire social outlook can be impaired unless he sets himself free. Send for the booklet below.

George W. Crane, Ph. D., M.D. CASE U-115: Larry G., aged 12, is terrified.

"Dr. Crane," his worried mother began, "Larry is almost a nervous wreck."

"For he has joined the Boy Scouts. And they are now planning a camping trip."

"But Larry doesn't dare go! For he is a victim of bed-wetting."

"As long as he sleeps at home, we can cover up for him. But he is even afraid to accept a playmate's invitation to visit overnight."

"And I feel so sorry for him. He sincerely tries to stop but after one or two nights, he usually has an accident again. What else can we do?"

Habit Slaves  
Larry is a victim of a nuisance habit.

But so is his daddy, who is a slave to cigarettes. And his mother is likewise a slave to desserts, for she is 20 pounds overweight.

Beware about taunting the victim of enuresis (bed-wetting) for he is simply enslaved by a bad habit.

If you have ever tried to break away from tobacco, dope, alcohol or overeating, you can realize how hard this problem really is.

At the age of four years, about 25% of children are still bedwetters, at least fitfully.

Alas, many adults remain so not only through grammar and high school but even into adulthood.

Hundreds of men were washed out of military service because of this childhood nuisance habit.

Business executives 45 to 50 years of age have also come to me because they dared not attend a distant convention or go on the road as salesmen, lest they have an occasional accident.

And they were complaining of simple bed-wetting, not the urinary incontinence of old men.

Bed-wetting is a first cousin of stuttering.

For the sphincter muscles at the exit of the bladder have learned the bad habit of relaxing when the bladder is full and the child is asleep.

The normal child's shut-off muscles (sphincters) have learned the habit of remaining closed at such a time.

So the question is one of re-teaching those unruly muscles as they will NOT relax while the child is asleep.

Several methods will work. First, the victim must quit

depending on parents or outsiders to awaken him.

Instead, he must resolutely face the fact that he himself is the only one who will ever produce the cure.

As the alcoholic or smoker has learned, no outsider can break the habit for you!

Then deliberately drink before bedtime to produce a crisis! But let the victim set his alarm clock for one hour after retiring.

When it goes off, hop out of bed and go to the bathroom. Many enuresia victims free themselves in a night or two via this alarm clock plan.

But a surefire method is to rig up an electrical shock device with some strips of copper wire and dry cell batteries so the first drops of urine will complete the circuit and sting the victim with a shock.

Send for my leaflet on "Bed-Wetting," enclosing a long stamped, return envelope, plus 20c. It shows how to construct the "N-Uroclast."

(Always write in Dr. Crane in care of The Sanford Herald, enclosing a long stamped, addressed envelope and 20c to cover typing and printing costs when you send for one of his booklets.)

## Dear Abby: By Abigail Van Buren

**DEAR ABBY:** I have been dating a golf pro for the past six months and he has been giving me golf lessons free of charge. On our third date he asked me to marry him, but said that due to some financial reasons he would have to postpone marrying me for about a year. Hoping to hasten the marriage, I let him have about \$500. I just found out that he has been dating another girl and giving her golf lessons for nothing. Now I realize that he was only using me, but I must admit he improved my golf game a lot. I have too much pride to tell our club president, but I would like to get my money back. How?

**DUMB BLONDE**

**DEAR BLONDE:** Forget your pride and tell the club president that his golf pro is under par in more ways than one. And don't get so pally-wally with professional swingers again unless you can remember to keep your head down and your eye on your purse!

**DEAR ABBY:** In your reply to "WORN OUT," the mother of 10 who was

expecting her 11th, you say, "If it is not contrary to your religion, call your Planned Parenthood Center."

To my knowledge, the Planned Parenthood program is not contrary to ANY religion. If the woman is a Roman Catholic, her local Planned Parenthood group will give her complete instruction on birth control, as approved by her church.

Sincerely,  
MRS. R. F. C.

**DEAR MRS. R. F. C.:** You are 100 per cent correct, and I thank you for pointing out this important distinction. And while we are on the subject, the Planned Parenthood organization is dedicated to all phases of family planning. They will also help couples who want children, but appear unable to have them.

**DEAR ABBY:** I guess most of all I just want to get this problem off my chest. My darling mother should and would love to own a pretty wedding ring that she can be proud of. My Dad has given her two cheap sets that she wore completely through on the

underside. She's now wearing her mother's plain gold band to show she's married. My father is far from rich, but he could well afford to buy mother a nice wedding ring with a few chip diamonds in it. Mother deserves the ring and she wants one, but she doesn't want to ask him for it. Would it be all right for me (her married daughter) to buy her one?

**BIG D FAN**

**DEAR FAN:** If you don't know your father well enough to say, "Look, Dad, Mother wants a nice wedding band, so let's shop for one," then you should get better acquainted with your father. A wedding ring is more than a piece of jewelry, and it's a husband's privilege (and no one else's) to provide his wife with one.

Troubled? Write to AB-BY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

## Jacoby On Bridge By Oswald Jacoby

One of the bidding principles that I endorse wholeheartedly is that a winning player should try not to be shut out of the bidding. As an excuse for bidding I sometimes point out that I have been playing a long time and am too old to miss any opportunities to bid.

All Morehead agrees with this idea. I will quote from "Morehead on Bidding," "East may not have had a good takeout double of North's one heart response. It did not look as if there was much danger of North and South making a game against his hand and he felt that any action might get him into trouble."

"When East did pass, South worked his way to five dia-

selected the nine of clubs as his opening lead.

"South won the first club trick, drew trumps, cashed the rest of the clubs and led the queen of spades. East took his ace and king of spades and was end-played. A black card lead would allow South to ruff in dummy and discard one of his two hearts, while a heart lead would be right into dummy's ace-queen."

Morehead points out that had East doubled, West would have been sure that East would hold something in spades and would have been more likely to open a spade. Of course, a spade lead would beat the five-diamond contract because East would cash two spades and wait for his heart trick.

## We The Women: By Ruth Millett

You'll make friends easier and keep them longer if: You never make the mistake of telling one friend what another friend told you in confidence.

You never give a friend the idea that if you aren't included in everything your feelings will be hurt.

You never discuss one friend's shortcomings with another friend.

You think of something you

can do for a friend in trouble and offer to do it instead of saying vaguely, "Let me know if there's anything I can do."

No matter how busy you are, you manage somehow to write the letter, make the telephone call or pay the visit that helps to keep a friendship alive.

You are as ready to listen to your friend's problems as you are to have them listen to yours.

You don't expect all of your friends to agree with you. Be content to think one way about such things as politics and let a friend think another.

You realize that friendships wither from neglect. Give as much of yourself as possible to your friends.

You never reach the place where you think you don't want or need new friends.

You aren't reticent about letting your friends know that as far as you are concerned they are very special people.

You are genuinely pleased whenever anything good happens to a friend, instead of being envious.

You pass along as readily as a press-agent any bit of information that puts a friend in a becoming light.

You don't forget old friends simply because you have made new ones.

You don't expect all of your friends to agree with you. Be content to think one way about such things as politics and let a friend think another.

You realize that friendships wither from neglect. Give as much of yourself as possible to your friends.

You never reach the place where you think you don't want or need new friends.

"I have tried so many times to reduce. My husband is disgusted with me, and often says, when we are invited places, that if I were not so fat he would buy me a lovely dress. We have an argument and I do not go. So please help me. I am not sick; my doctor says it is only the lack of will power and will no longer give me even a diet slip. — Marie T."

Well, you MUST do something, and now is the time. Your health, your outlook and your appearance will improve; reasons enough, are they not? "Figure Perfection Diet" is simply made up of foods you can eat as well as your husband, only the diet is well coordinated. So, you can, if you value your health and the respect (for your personal appearance) of your husband, you will follow the diet. Send me a long, self-addressed, stamped envelope and enclose TEN cents in coin. I will also send you a copy of "Diet Breaks," but do not use this until you are well on the way to reducing.

"I am forty-two, and my hair is a deep auburn. Only the sides have a bit of gray. Could I touch this up to match my hair? My husband hates gray hair and would be upset if mine went all gray this early in my life. — R. H."

Of course, you can easily touch up the bit of gray hair. Ask your cosmetic saleswoman or at a beauty shop for the correct thing to match your own hair. You can use it whenever you shampoo your hair.

"Do you approve of the pale shades in lipstick for after-forty women? I have gray hair. I use a little blue (smoke) to keep my hair nice. — H. W. N."

Pale lipsticks are not really becoming to many women, even the youngest, but they are fashionable. The mature woman needs a bit of depth, and those in the fuchsia tones are usually the most flattering unless a certain costume color must be matched. Pads and fancies are fun but are not always the becoming things.

## Highlights TV Time Previews

TV Time critic preview coming television shows by attending rehearsals, watching screenings, studying scripts in New York and Hollywood. Here are their previews for today:

**TV Time Show of the Night: 9-9:30 p.m. CBS. The Dick Van Dyke Show "Romance, Revers and Bye Bye."** Here's a show with a split personality. The first half which has Sally (Rose Marie) getting a rose that smells like perfume from a secret admirer is wildly funny. It gets saunter when Laura (Mary Tyler Moore) goes to the theatre instead of Sally and gets accosted by her "lover" in the next seat. And if you listen to the on-stage play, you'll get a pretty good idea of how silly some average ad-Broadway theatre is. But, once this hilarious scene is out of the way, the show becomes rather touching as Sally has a soulful conversation diverting her admirer (Gavin MacLeod). We prefer the funnier parts.

3-4 p.m. ABC. Purex Special. "Child in Danger." A tract, albeit an important one, in the guise of courtroom drama. This play examines the psychology of the child molester and shows how parents are sometimes unwitting accomplices. It suggests steps which should be taken to alert children to their possible peril and suggests that specific sex education may help a child to understand and to avoid these dangerous situations. It also discusses the steps which might be taken to prevent the molester himself from repeating his act and warns parents that silence in the event of such an attack solves nothing.

### County Board Reversed By Commissioners

Permits for two proposed trailer parks—one in the Sandlot Springs area and the other near the entrance of Big Tree Park—both of which had been approved by the Board of Adjustment, were denied Tuesday by the County Commission.

The Board, however, did agree to permit the Knox-Florida Development Corporation to proceed to plat a 25-home subdivision in South Seminole and utilize septic tanks instead of requiring a central water and sewage system.

The Commission waived its normal procedure to permit the firm to construct the first 25 homes in a proposed 250-home development to "test the market."

The Commission also insisted that although septic tanks would be allowed in the first 25-home plat the firm must also lay sewage and central water system lines when the streets were paved.

But the Board made it plain that no more plats in the development would be approved without a central water and sewage system and that the original 25 homes must be connected to the system.

### More Tax Cuts Seen By LBJ

WASHINGTON (UPI) — President Johnson said today that his administration anticipated "further income tax cuts in the years ahead as part of our program for a prospering, peacetime economy."

The President made the statement in the fifth of a series of "White Papers" on administration economic policy being released by the White House. Previous papers have dealt with "maintaining prosperity," monetary policy, the balance of payments and fiscal policy.

In the latest statement entitled "Further Tax Reduction" Johnson noted that his administration already had pledged excise tax cuts in 1965. He said the Treasury Department was studying each of the 75 levies "to design a rational program of excise tax removal and reduction."

In the fourth "White Paper" issued Monday night Johnson promised a fiscal policy of responsibility and flexibility that would not permit raising government revenues in good times to be a drag on the economy.

### College Funds Approval Seen

TALLAHASSEE (UPI) — The Board of Control was expected to give routine approval today to a record \$231 million college spending program and send the budget to its two big hurdles—the State Budget Commission and the Legislature.

### SS Account Card Uses Outlined

The social security account number card should never be used to identify a person in order to cash a check, Col. Byron R. Patton, district manager of the Orlando Social Security district office, warned today.

"We have had several calls from merchants, complaining that they had cashed checks for persons unknown to them who had presented social security cards as their only means of identification," Colonel Patton said. "Let me point out that your social security card clearly states, 'Not for identification,' and persons accepting a social security account number card as a means of personal identification do so at their own risk. 'If you have lost or misplaced your card, do not trust your memory. You can secure an application to replace your card from any social security office or post office in the United States,' Colonel Patton pointed out. 'If you should change your name, we have an application form for this purpose.'"

### VOTE Election Day, Nov. 3

"Stop laughing. Fastest way to get to the polls."

### Absentee Ballot Deadlines Near

TALLAHASSEE (Sp.) — Secretary of State Tom Adams today reminded Florida voters that the deadline for applying for absentee ballots for the Nov. 3 general election is Thursday at 5 p. m.

Florida law requires that county supervisors of registration receive applications for absentee ballots by 5 p. m. on the fifth day preceding the election, he pointed out.

Requests for absentee ballot applications may be made in person or by letter to the supervisor of registration. Persons voting by absentee ballot must have their ballots in the hands of their supervisor no later than 5 p. m. on November 2, Adams explained.

According to Florida's election statutes, no application received after the Oct. 29 deadline can be honored, and no absentee ballot received after 5 p. m. on Nov. 2 can be counted, the Secretary of State said.

Absentee ballots may be used by anyone who will be out of his home county on election day or who is physically unable to attend the polls.

### Nov. 11 Is Vets Day

American Legion Herbert D. Gibb Post 259, of DeBary, wants all citizens to fly the American Flag on Veterans Day, Nov. 11, as this is the important day to honor the veterans of the nation's wars.

With this aim in mind they are holding a flag sale at the DeBary post office on Monday from 9:30 a. m. to 4:30 p. m.

Past Commander Peter Koppenal and his co-workers will have a large stock of the popular 3 by 5 flags on hand or will take orders and have it by Nov. 11.

The Post has been selling flags for five years with the proceeds going towards the Veterans Rehabilitation Fund and the Veterans Hospitals.

Another community service project of the Post will be providing transportation for voters to get to the polls on election day, Nov. 3. Commander William G. Williams has six cars available for transportation to and from the voting place. Three will be at the Regular 3 by 5 flags on hand or will take orders and have it by Nov. 11.

## School Lunch Observance Topic Of Meet

The Seminole County School Food Service Association saw a film on the use of detergents as sanitizing agents at its meeting in the Sanford Junior High School cafeteria. Ralph David, of the Diversory Corporation, presented the film. Mrs. Dorothy Boas was hostess.

Following the business meeting there was a general discussion on activities in school lunchrooms earlier this month when National School Lunch Week was observed. Some of the projects in the schools included:

Pinecrest gave parties to each class which had 90 per cent participation throughout the week. Seven of the classes had 100 per cent every day.

Westside, South Seminole Junior and English Estates schools invited groups of parents to eat with children every day.

Sanford High and Lyman developed an "Around the World Menu" with appropriate posters and slogans.

South Seminole Elementary and Longwood sent questionnaires to parents and these will be analyzed for possible improvements in the program.

Lake Mary posted the menu in pictorial form.

Bear Lake developed a "Theme for Learning" idea with posters and information about a Type A lunch was sent to parents.

Southside pupils made menus suitable for school lunch and these will be used through the month.

Lake Monroe pupils made posters, scrapbooks and slogans which were displayed in the lunch room. Winning rooms were treated to ice cream. Pam Hines, sixth grade, won the 50-word slogan contest with Alice Warren and Marilyn King getting honorable mention. Judy Bailey's slogan also received much favorable comment.

The common eels displayed at Marineland of Florida, baby porpoises, unlike most mammals, are usually born tail first. There has, however, been one breech delivery in the great oceanarium tanks, and the infant porpoise survived.

## Morie Watkins Heads 4-H Club

By JoAnn Hays

The Geneva 4-H Club girls have reorganized and met Saturday for the first time this year.

New officers are Morie Watkins, president; Beverly Hendry, vice president; Jeanne Thomas, secretary; Claudia Watkins, treasurer; and Ettaleen Box, reporter.

Leaders of the group are Mrs. B. F. Box and Mrs. Charles Hendry. Mrs. Box was also 4-H leader last year.

The girls are beginning lessons on cooking and girls between the ages of 10 and 15 should take advantage of this opportunity and join the club. Mrs. Box would like to recruit another adult leader interested in working with the girls as she will be unable to continue in this capacity after the first of the year.

According to observations at Marineland of Florida, baby porpoises, unlike most mammals, are usually born tail first. There has, however, been one breech delivery in the great oceanarium tanks, and the infant porpoise survived.

## \$25 Million Bond Sale Approved

TALLAHASSEE (UPI) — The Cabinet Tuesday set Dec. 1 for sale of the second \$25 million in bonds to finance junior college and university construction.

It is part of a total \$75 million higher education bond issue authorized for the current biennium by the 1963

Legislature and approved by a vote of the people. They are to be paid off with proceeds of the state's \$10 million a year utilities tax.

The first \$25 million issue was sold in July and projects are already underway.

## LBJ Leads

WASHINGTON (UPI) — A poll released by the non-denominational religious magazine "Christianity Today" says that President Johnson leads Sen. Barry M. Goldwater as the presidential choice of editors of Protestant publications.

## Ike Improving

WASHINGTON (UPI) — Walter Reed Hospital indicated Tuesday that former President Dwight D. Eisenhower, who is suffering from a bronchial infection, may be discharged this week.

### N. Orlandoans 'Enlightened'

By Margaret Conley  
The 12 street light locations in North Orlando that were designated for re-illuminating some time ago are now in service. Bob Johnson, general manager of the Florida Power Corporation, advised that the lights did not go into service as early as originally scheduled, because he had to put all his manpower into repairing the damage caused by Hurricane Dora.

However, the following street lights are now functioning: Seven on the Longwood-Orlando Road; nine on the north and south sides of the village; two centrally located in the Coronado Homes area, and one on Algiers.

### Business Briefs

A. Donald Tabor, of 314 Holly Ave., has qualified as a member of the 1964 Star Club of New York Life Insurance Company. The Star Club is composed of New York Life's outstanding agents and is based upon 1963-64 sales records, according to General Manager Joseph J. Gurtis of the company's Orlando general office.

As a member of the Star Club, Tabor has qualified to attend this year's educational conference Nov. 4-7, at Hollywood, Fla.

### St. Andrews Unit Meets Nov. 17

By Maryann Miles  
Circle One of St. Andrews Presbyterian Church of Bear Lake met at the home of Mrs. Lee Patrick on Mink Drive in Bear Lake.

The meeting was opened with a circle of prayer followed by a Bible discussion on Ephesians led by Mrs. Emily Tinsley, circle president. Emphasis on stewardship was stressed.

Those attending were Mrs. Esther Ridgwell, Mrs. Nancy Josey, Mrs. Barbara Erwin, Mrs. Jeannette Driggers, Mrs. Romelda Wehr, Mrs. Scottie Gettings, and special guest, Mrs. Mae Schaffer.

The next meeting of the circle will be held Nov. 17.

# Senior Citizens For Johnson Chairman Will Speak Friday

By Dottie Austin

Mrs. Margaret Collins Schweinhaut, Maryland former state senator and now national chairman of the Senior Citizens for Johnson Committee, will speak at 10:30 a.m. Friday at DeBary Civic Center.

Mrs. Schweinhaut is campaigning in Florida for the Johnson-Humphrey ticket because she "believes this election has special significance for the senior citizens of the Sunshine State."

Following her campaign speech, Mrs. Schweinhaut will lunch at DeBary Manor and then be available in the afternoon for appointments at the DeBary Manor and interested persons are advised to call NO 2-4425.

Mrs. Schweinhaut was graduated from George Washington University and the National University Law School. She was elected to the Maryland House of Delegates in 1954 and later to the State Senate. She was appointed by the late President John F. Kennedy as consultant to the Secretary of Health, Education and Welfare on the problems of aging. She also has served as chairman of the Maryland State Commission on Aging, and as secretary-treasurer of the National Council of Senior Citizens.

In the Maryland State Legislature she sponsored programs for education of pre-school handicapped children; for establishment of forestry camps for delinquent boys; for financial relief for families of long-term mental patients; for establishment of a children's care center and for day care centers for mentally retarded children.

In 1961 she sponsored a Senate resolution setting forth state policy against discrimination in employment by reason of age.

Mrs. Schweinhaut is the wife of a federal district judge and lives in the Washington (D. C.) suburb of Leesington, Md.

# Record 92 Per Cent Vote Expected Here

By Julian Stenstrom

Election officials declared today they now believe a record 92 per cent of the registered voters will jam Seminole County's 23 precincts Tuesday.

If this prediction becomes a reality, it means that you and 21,797 others will have to have your minds made up before you enter the voting booth or be prepared to queue up for a long wait.

In fact, if you plan to vote after getting off work you might as well pack a late evening snack, take your Herald and perhaps transistor radio with you.

There are 23,829 registered voters in Seminole and qualified a disinterested qualified elector is far more difficult than locating an old campaign poster for Calvin Coolidge.

This coupled with the fact that there will be only 53 voting machines plus a little arithmetic equals problems.

Bill Tanner, chairman of the Johnson for President committee, figures it this way: "Looking at the entire county," Bill, "each of the 53 machines must handle 418 voters. There are only 720 minutes in the voting day — that is unless you're in line at 7 p.m. and this means each voter has only 16 minutes to vote."

Taking Tanner's calculations, we applied them to Seminole's precinct 1. There are 1,907 registered voters in that precinct. If all vote, the three machines must handle an average of 636 voters. If 90 per cent or 1,716 electors vote, each machine must handle an average of 572 voters.

To do it a voter must enter the booth every 1.2 minutes. The law, according to Florida statutes, permit a voter no more than five minutes in the booth to make his or her choice. If a voter takes his full five minutes, other voters had better get there early or be prepared for a long wait.

Camel Bruce, supervisor of registration, said today that at 7 p.m. a deputy will get in the voting lines. Only voters in line at that time, ahead of the deputy, are legally entitled to vote.

The largest of the county's precincts is No. 3 (at the old Home Demonstration Building at Sanford Ave. and 25th St., where 2,018 electors are qualified to vote. The second largest is No. 15 (at the Sanford Shrine Club) where there are 2,069 registered electors.

It was suggested by one County official this morning that employers make themselves committees of one to permit their employees time off to vote during the so-called slack hours which normally occur in mid-morning and mid-afternoon. This would certainly help.

Happy Customer NEW YORK (UPI) — William Diamondstein, manager of the produce department of a supermarket inherited \$10,000 from a satisfied customer.

The benefactor, Mrs. Margaret M. Fraser, made the bequest to Diamondstein because he always treated her in a courteous manner, according to her will.

## Mona Grinstead Quits Council At North Orlando

By Margaret Cusby

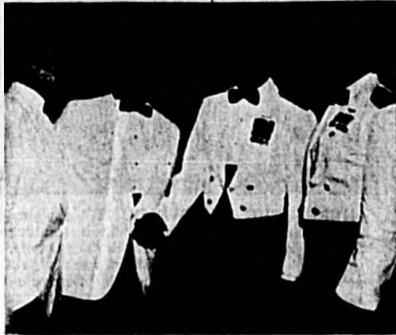

Mrs. Mona Grinstead has resigned her office as a member of the North Orlando Council, she announced today. Her resignation was due to the transfer of her husband, J. D. Grinstead, to Cocoa.

Mrs. Grinstead served as health, welfare and recreation chairman on the council and said she regrets having to leave at this time when officials are working together on many projects to benefit the entire village.

She worked as a Sanford Herald correspondent for more than three years, resigning to run for office, and edited the first regularly issued community newspaper in North Orlando, "The Newsette."

Active in community, school and civic affairs, she is a charter member of the North Orlando Garden Club and the Civic Association, taught in the summer recreation program, worked with the teenage club and was on the executive board of the Longwood Elementary School.

The Grinsteads have been residents of 41 North Third Street for the past 3 1/2 years and have three children, Duncan, eight, Timmy, five, and Patti Lou, almost two. They will make their home on Merritt Island. He has been with General Motors Acceptance Corporation in both Sanford and Orlando for more than seven years and has been transferred to the Cocoa office.

# Florida For Johnson, Gov. Bryant Predicts

TALLAHASSEE (UPI) — Gov. Farris Bryant disagreed today with Democratic gubernatorial nominee Haydon Burns over which presidential candidate will get Florida's electoral vote.

Burns, mayor of Jacksonville, predicted Sen. Barry Goldwater, the GOP candidate, would carry Florida by a slim margin. Bryant, who has been holding back a prediction in past weeks, said he now believes Johnson would win.

Bryant, in his weekly news conference, Johnson would take the state by about 100,000 votes on Nov. 3. He said he reached his decision that Johnson was ahead about the time of the Southern Governor's Conference a month ago.

"It's just a general feeling," said Bryant, who also said he had been looking at polls that showed Johnson's strength was on the increase. "It's a reflection I have received—not scientific—just a feeling I have after talking to a lot of people."

On other election matters, Bryant said he would vote for most of the proposed constitutional amendments going before the people at the general election. He said his opinion was divided on the proposal to extend the road bonding power of the state for additional years. "Probably I'll vote against it, but I'm not sure," he said.

He said he probably wouldn't vote for or against a proposal to tax the first \$2,000 value of Sarasota County homesteads for school purposes, exempting from property taxation the next \$5,000 in valuation. Bryant said the experiment would be helpful in looking for solutions to county financing problems, but it was his usual policy not to vote on matters of a local nature to some other part of the state.

Bryant said he would support other amendments. The Governor said one reason the State Cabinet turned down a request by State GOP Chief Tom F. Brown for deputies to watch voting booths on Nov. 3 was it didn't want the state to intrude any more of its power into local voting matters. He said Brown asked for nothing from the state that the parties or the candidates themselves couldn't handle.

"Sunday Punch" BRADENTON (UPI) — Warren M. Goodrich, chairman of the Florida State Democratic executive committee, today flatly predicted a "substantial victory for the Johnson-Humphrey ticket in Florida — possibly by 150,000 votes."

The recent visit of President Johnson to Miami, Orlando and Jacksonville was credited by the chairman as "a Sunday punch that will insure a Democratic win on Nov. 3."

## Directed Verdict Ordered In Citrus Fraud Trial

By Harry L. Johnson

A directed verdict of innocent in all counts except that of grand larceny was made late this morning in Circuit Court as the bombshell hit the citrus fraud trial being heard here.

Judge Tom Heasley made his decision shortly before noon today and after a morning filled with a maze of legal huddles by defense and prosecuting attorneys and in the judge's private chambers.

There was no activity in the courtroom except for the legal strategy meetings held by the opposing attorneys.

On trial is Ralph Alderman, who is alleged to have entered into a scheme which resulted in the raising of citrus test readings and which netted him thousands of dollars.

Alderman's attorneys shortly after noon had on the stand a citrus inspector, identified as S. Davis, who was showing how the citrus checks could vary in solid contents even within the same grove, the same truckload and same box.

Court was recessed until 1:30 p.m. when the defense was scheduled to continue the effort to get Alderman absolved of the last remaining charge.

He had previously been charged with grand larceny, conspiracy to commit grand larceny, bribery and two counts of conspiracy to commit bribery.

The defense request for a directed verdict was made late last night. Judge Heasley adjourned court soon after it was made and this morning continued deliberating the request in his chambers.

After nearly 3 1/2 hours, he returned to the bench and issued his verdict.

## Demo Hopeful Parade Saturday

A motorcade parade of Seminole County Democratic candidates will wind its way through Seminole County Saturday morning, leaving the Sanford headquarters office at the corner of First Street and Magnolia Avenue at 9 a.m.

It is expected that about 30 automobiles will join the parade and interested persons are asked to call headquarters for further information. Mrs. Betty Smith, headquarters secretary, said today that candidates may pick up their decorations and materials anytime today or Friday.

The parade route has not yet been announced but it is expected that it will wind its way through every community in the county.

## Goldwater Charges 'Smear'

SALT LAKE CITY (UPI) — President Johnson said today that he has received a "heartening" offer of assurance from Soviet Premier Alexei Kosygin that the new Russian regime will work with the West in a continuing quest for peace.

Johnson said this in a campaign speech here at the Mormon Tabernacle, And, in apparent reply to a speech made there three weeks ago in which Republican presidential candidate Barry M. Goldwater blamed the administration for moral decay, Johnson told an audience of more than 8,000:

"We are all God's children and the true morality of private life is the true morality of a free society; the golden rule—do unto others as you would have others do unto you."

In telling about Kosygin's message, which arrived Monday night, Johnson declared that it was in answer to his own assurance to the Soviet Union that America's basic foreign policy "remained unchanged" despite the toppling of Premier Nikita Khrushchev.

"This is a heartening response," Johnson declared. "We must not underestimate the danger of Communism—but neither should we underestimate the danger to all the world if nuclear power is unleashed and if we do not move toward peace."

"Smear" Tactics EN ROUTE WITH GOLDWATER (UPI) — Republican presidential nominee Barry M. Goldwater campaigned across Pennsylvania today and accused President Johnson of using "smear" tactics. He predicted that "unhappy and disgruntled" voters will give him a stunning upset victory on Election Day.

In Lewistown, where police estimated Goldwater's train-side crowd as high as 3,000, Goldwater said the U. S. is "going downhill" all around the world while the President talks about the "get-up-early-and-vote" issue. He was referring to recent campaign comments of President Johnson.

"The President has delighted in this campaign in not discussing issues and misrepresenting my stand on the issues," Goldwater said.

## Bid Rejected

WASHINGTON (UPI) The Supreme Court has rejected Sen. Barry M. Goldwater's attempt to require the television networks to give him equal and free time to reply to President Johnson's recent broadcast on world affairs.

## Teenager Faces 3-Murder Trial

CLEARWATER (UPI) — Steve Washington, 16, was ruled mentally competent by Circuit Court Judge B. J. Driver and ordered to stand trial for murder Nov. 20.

The St. Petersburg youngster is charged with the strangling of three elderly women last year.

Judge Driver ruled Washington was sane after hearing testimony from two St. Petersburg psychiatrists.

## LBJ Eyes Steel

LOS ANGELES (UPI) — President Johnson is keeping a close eye on the steel price situation. He was understood to feel that it would be very difficult now to justify further increases in steel prices.
