HORNSBY LOOMS AS SUCCESSOR TO PILOT OF GIANTS

Former Cardinal Boss Will Get Job 2 Years From Now If He Fits In, Ayers John J. McGraw In Statement

NEW YORK, Dec. 23.—(AP)—Rogers Hornsby as a possible successor to John McGraw at the helm of the New York Giants today loomed as the latest angle in baseball's most sensational deal since the purchase of Babe Ruth by the Yankees.

"I would like to feel that I can leave the management when my present contract expires two years from now," said the gray-haired New York leader. "I do not want to spend all my life running a ball club. Yes, there is a chance that if Hornsby fits in, he may inherit the job."

Baseball men here looked upon Frankie Frisch as a likely successor to McGraw before the trade which sent the former Fordham star and pitcher Jimmy Ring to the world's champions in exchange for Hornsby. The latter always has been admired by the Giant world series he was one of the Cardinal leader's chief counsellors. Hornsby probably will captain the New York club next season.

The salary question, one of the issues which led to Hornsby's split with President Sam Breadon, of the Cardinals, remains to be settled between the star second baseman and Giant owners. McGraw indicated, however, that he did not feel Hornsby would demand more than the \$50,000 which his contract calls for in 1927, although Rogers' break with Breadon was due to his insistence on a three-year contract at \$60,000 a year.

McGraw added his denial to those of Breadon and President Charles A. Stoneman, of the Giants that a cash payment had figured in the deal. "I will donate \$1,000 to any charity you can name with a nickel besides Frisch and Ring," he said.

McGraw also disclosed that Breadon, in first broaching the trade, sought Frisch and Bill Terry, utility first baseman as payment for his infield star. He objected to parting with Terry, but offered either Ring or pitcher John Scott.

Although admitting that the Giants "got a bargain in the deal," McGraw nevertheless rated Hornsby as "a gamble." "He wasn't as good at hitting last year as he has been," the Giant manager pointed out. "Possibly he was his lame back and trying to win the championship. We will take a chance on him. We assume his contract of \$50,000 as a player. Whether he gets any more depends on the future."

McGraw asserted that there wasn't anything in this talk of the Chamber of Commerce of St. Louis upsetting the deal. He said it had been "signed, sealed and delivered," and that contracts of Frisch and Ring had been forwarded to the St. Louis team through President John A. Heydler.

SEMINOLA CARD MARRED BY SPILL IN SIXTH EVENT

Concord Stable Loses Horse Following Jam In Which Jockey Ryan Is Injured; Forget Me Not Wins 5th

The destruction of Le Glorieux, running under the colors of the Concord Stable, following a spill in the sixth event at Seminole Park Wednesday and the injury to Jockey M. Ryan, marred an otherwise excellent card, one which was enjoyed by one of the best week-day crowds of the meeting, to date.

Le Glorieux, with Ryan in the saddle, was at the head of the field entering the last eighth of the mile and one-eighth event, Bucko, piloted by Jockey McDonald, cut across in front of the field and a spill in which the leg of Le Glorieux and the collarbone of Ryan were smashed. The horse was destroyed. Ryan was rushed to a hospital, where he is reported to be resting comfortably.

As a result of his erring ride, the stewards have set McDonald on the ground for 10 days, and his mount, Bucko, although under the wire first, was disqualified.

Getting away to a three-length lead shortly after the barrier went up, the Bastone Stable's Forget-Me-Not had no trouble in capturing the fifth race, the feature event on the day's card. Sea Fairy ran a good race and came fast at the end to get the place. Duley Lou bested the others in a stretch drive and captured show money.

Belleclaire got down under the wire in the initial event of the program. After beating John Finnegan, who tired, the winner was going away at the wire. Lou Shank beat Arlene by a nose for the show, after being up in the running throughout.

Kosciusko won his third straight out with plenty of reserve when he raced in front all the way in the second. The Peruvian was in number two hole and Sentiment managed to shoot into number three.

All Range outlasted his pursuers in the third event after a grueling stretch drive with Affectionate Mary, who got the place. The winner paid \$14.20. Pricelless managed to get up for the show.

Jaunebar won the fourth as he pleased after disposing of Bengalese and Tony Brown.

St. Louis Fans, Resentful Of Hornsby Deal, Awaiting Announcement Of Pilot

ST. LOUIS, Dec. 23.—(AP)—In an atmosphere of disappointment tinged with resentment, St. Louis baseball fans today settled down to a policy of watchful waiting when they realized there was no apparent chance of undoing the trade of Rogers Hornsby, Cardinal manager and world's series idol, to the New York Giants for Frankie Frisch and Jimmy Ring.

Sam Breadon, Cardinal president and John J. McGraw, Giant manager, with announcements that the trade was beyond recall, left only the consolation of speculation on the next manager.

Breadon would not name prospective candidates, but sport writers and others listed at least eight possibilities. In addition to Roger Bresnahan, who Breadon has declared "has no inside track," were mentioned Frisch, Bob O'Farrell, Cardinal catcher and "most valuable" player in the National League last season, Burt Shotton, Syracuse manager, Hughie Jennings, McGraw's former assistant and Fred Clarke, former Pittsburgh vice president.

Branch Risky succeeded early in the 1925 season as manager by Hornsby will not be reappointed Breadon said.

The breach between Breadon and Hornsby appeared not to have lessened. The club had led with the statement that "staggering friends" had given Hornsby "too big an opinion of himself," and Hornsby countered with the assertion: "If you say I wanted to leave St. Louis, that is honest, but to terminate relations with you, that is the truth."

When I came to Lehigh nine years ago," states Oakeson, "there was a system of procuring football players and a regular schedule for paying them."

"Not enough was being realized for this purpose and there was a feeling that we were not getting enough results for our money. It was hinted to me by more than one person that here was my opportunity."

"I flunked that assignment and continued to flunk it. Our athletes are clean. You don't need hired football teams to make up a team, but you do need morale."

"To play on our teams a man must have a reasonable ability to think. We believe good teams can be made from such men. Perhaps we are wrong. It may require a bunch of dumb bells to create a football team. If so, we are going to lose at football, but a Lehigh diploma will continue to stand for something in the world of industry."

Marglobe (Stokes) Is Genuine

Play It Safe—Plant The Stock That Made Good Last Season!

MARGLOBE TOMATO, grown by Stokes, has made a remarkable record in Florida. The Stokes firm has led in the commercial development of Marglobe. Our interest in the tomato began with our investigations in the Veron trials in 1924. At that time we discovered that Marvel, one of the parents of Marglobe, was completely resistant to Nail-Head Rust. Since making that discovery we have vigorously devoted ourselves to propagating the variety.

Our seed is acknowledged to have been the purest Marglobe that went out of Florida from the 1926 crop. From the very beginning, we have co-operated with the originator Mr. F. J. Pritchard of the Department of Agriculture, following his instructions in our seed growing work.

Marglobe (Stokes) is the genuine Marglobe. It is resistant to Nail-Head Rust, and to Fusarium Wilk, and will produce very vigorously even under unfavorable conditions. Mar. Jobe (Stokes) has been chemically treated to disinfect it against seed-borne disease. All of our seed is tested for germination; the latest printed on every package.

By using Stokes Marglobe you can be sure you are planting the genuine stock.

Death List Placed At 18 in Rockmart Wreck Last Night

(Continued From Page One) bound train, was blinded and severely burned, and could not furnish an account. R. M. Pierce, traveling engineer, riding in the cab, also was seriously injured. H. R. Moss, fireman, was killed. Bodies of those thrown clear of the wreckage were removed first and laid in a nearby field, protected by blankets from the rain. Later they were removed to the undertaking establishments. Most of the passengers had left their seats behind on going in to the dining car and identification was difficult. A mother and three children, all unidentified, were killed as they sat at a table. The bodies of others were found in positions indicating that death was instantaneous. A negro cook was imprisoned by the stove, with the back day coach pulling on top. Following is a revised list of the dead:

H. R. Moss, Atlanta, fireman on the Ponce de Leon. Mr. H. W. Whitaker, Chattanooga, Tenn. Tom Barber, Evans, 2411 Herndon Avenue, Jacksonville, Fla. An eight-year-old girl with the initials H. M. H. on a bracelet probably the daughter of Mrs. George Hardy, enroute from Miami to Toronto, Ont. was taken to an Atlanta hospital. Two children of Mrs. Hardy were killed. W. H. Brewer, of Atlanta, baggage master of the Ponce de Leon and Mrs. J. E. Post, 509 Eastmer Street, Chattanooga. W. L. Dynes, Atlanta, salesman for S. P. and G. Co. J. Murray, Dr. P. L. ... One unidentified white boy, about seven years old. One of the unidentified was believed to be Dr. G. C. Wade, an Atlanta dentist, who was enroute to Cleveland. His pocketbook was

found in the wreckage and his office has had no word from him today.

- Injured: Mrs. Georgia Hardy, enroute from Miami to Toronto, Can. E. L. Armstrong, Danville, Ky. B. A. Dossor, 1805 Angier Avenue, Chattanooga, serious. M. J. Smith, Atlanta. J. R. Celebrations of 60 Years Ago Told by Pioneer of Sanford

(Continued From Page One) such a lavish manner at the present day. The community "log-rollings" were events enjoyed during the holiday season. During this period, the young men of the neighborhood would gather at a certain home and would proceed to clear up the logs lying around. The log would provide a dinner and usually in the evening there would

be a dance. Another home would be visited the next day, and this would keep up during the holidays. As a type of the period, Mr. Vaughan recalled a game which was played at the Orange House, the hotel which was completed in that city being located near the present intersection of Geneva and Melton Avenues. The arrangements were made for the affair by H. L. DeForest and Alexander Vaughan, and the Christmas dance was attended by the members of the families within a radius of fifteen miles—and this included everybody," said Mr. Vaughan.

There was a big supper preceding the dance, and after this, Mr. Vaughan recalled, he sat in a doorway between two of the rooms used for the dancing, and "called cotillions" for the two sets of dancers, first one set and then the other. Hunting Parties On Christmas morning it was the custom for the young men to get together and start out for a hunting expedition, the game in that day including turkeys, squirrels, ducks, deer, bears, bobcats, and the hordes of wolves

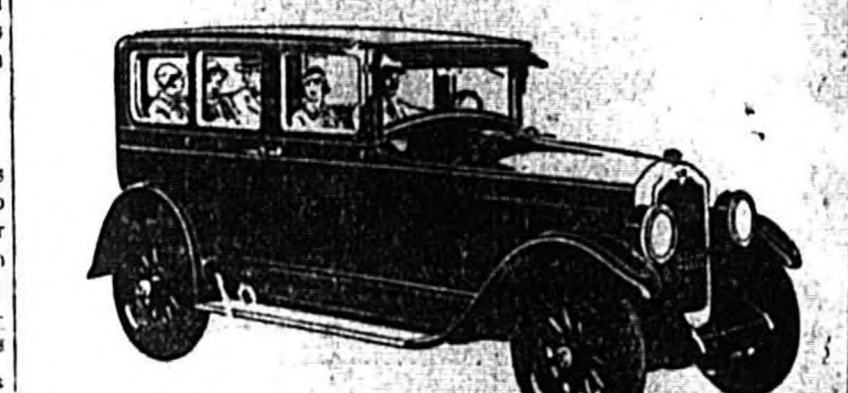

which preyed on the stock. The usual way of getting rid of the wolves however, was the poison route. When a deer or other animal which had been brought down by wolves was discovered, the finder cut the carcass to pieces and tacked up pieces of it nearby, containing strychnine, whereby it was usually found possible to bring down a number of wolves. Another form of celebration was that of boring holes in logs and filling these with a charge of powder and setting them off. The de-

sire to conserve ammunition, however, made this form of sport a rare one, indulged in at a time when celebrations were in order. "I like to go back and recall the old days," said Mr. Vaughan, to his listener, "and I wonder whether we were not just a little happier in those days, when we of the little community were just one big family, than we are now with all our present day conveniences and helps to comfortable living."

Members Of Azarian Class Entertain At Party Tuesday Night

Members of the Azarian Class of the First Baptist Church delightfully entertained with a Christmas party Tuesday evening at the old parsonage next to the Baptist Church.

The rooms were beautifully decorated with Christmas suggestions, a large Christmas tree occupying the prominent place. Lovely gifts for each member of the class were presented. Mrs. Decoursey, the teacher of the class, was given a beautiful silver mesh bag.

Gifts were given by the class to a local orphan, who was present. Gifts in the form of money were also given toward missionary work in China.

A delightful program was rendered during the evening. Miss Louise Martin sang "Holy Night," while six eighth grade girls dressed as angels acted the part in pantomime. Mrs. V. Messenger assisted at the piano.

At a late hour refreshments of sandwiches, cake and coffee were served. This delightful occasion closed with the class singing "Holy Night" and "Hark, the Herald Angels Sing."

On Thursday evening the members of the Trinity Sunday Circle were most delightfully entertained at a Christmas party at the home of Mrs. Herbert Speer on Sanford Heights.

The attractive home was adorned with baskets of poinsettias, garlands and Christmas bells as well as other novelties suggestive of the season. A rough Christmas tree, bright with gay ornaments, tinsel and tiny lights was arranged in the dining room. Placed at the base were remembrances for each of the Circle members. The dining table was laid with a handsome lace cloth, and the colors of red and green were accentuated in every way both in the decorations, place cards and refreshments.

Refreshments of chicken salad, saltines, pickles, cake and hot chocolate were served by the hostess.

After the supper, an exceptionally enjoyable program was rendered under the direction of Mrs. Ware and Mrs. John Abrahams. Which included readings, games and music. Several very numerous readings afforded much mirth among them were "A Donkey's Christmas," read by Mrs. Herbert Speer; "The Flapper," by Mrs. Fellows Sr.; "Walkin' in the Snow with an Umbrella," by Mrs. Frank Lessing; "Tumpepen Whistle solo" by Mrs. Hopkins.

During the evening home made candies and wint's were served. The circle attended 100 per cent Mrs. E. M. Carroll, Mrs. Fellows Sr., Mrs. Herbert Speer, Mrs. John Abrahams, Mrs. Hopkins, Miss Flotcher, Miss Mary Goodale, Mrs. Touchstone, Mrs. Ware, Mrs. A. J. Kelly, Mrs. Frank Lessing, Mrs. Lessing Sr., Mrs. Cunningham, Mrs. Strange.

George P. Bomar of St. Louis, Mo., was a business visitor in Sanford Thursday.

Mrs. G. Maxcy, Mrs. Q. D. Dossey and Mrs. E. M. Dossey spent Friday in Orlando.

Miss Lucy Mae Carry of Orlando spent Thursday in Sanford as the guest of Mrs. R. E. Tolar.

Uses Vanity Case To Release First Aid Kits on Train

ATLANTA, Ga., Dec. 24.—(AP)—The first aid kits of the Ponca de Leon special, which last night crashed head-on into its sister train, the Royal Palm, here, were released by a silver vanity case in the hands of a 23-year-old girl.

Miss Margaret Skeel, daughter of Dr. A. J. Skeel, 2517 Lee Road, Cleveland, Ohio, was in the car just to the rear of the diner, in which 20 persons lost their lives. Miss Skeel had just left the dining car when the engines met.

Hearing screams from the car ahead she smashed the kit in her car with her vanity and hurried with it to the front of the train. For 3 minutes before physical first operations, returning to the train and obtaining material from other kits.

Contract Is Awarded For Construction Of Memorial Hospital

OCALA, Fla., Dec. 24.—(AP)—Contracts for the erection of Monroe Memorial hospital here were awarded last night by the city council.

The \$150,000 structure will be built by Grain Construction company of Daytona Beach. Work will start January 1, with completion expected in six months.

Six central Florida counties surrounding this city depend on Ocala for hospital facilities, and due to highway accidents in this vicinity the present twenty-five bed institution has been taxed far beyond capacity, sometimes caring for as many as fifty patients.

The new institution will have a capacity of 90 beds and will be fireproof throughout. The old structure will be remodeled for a nurses home and school.

Miss Margaret Zachary, who is attending Duke University at Durham, N. C., returned home Wednesday evening to spend the holiday with her parents, Mr. and Mrs. A. D. Zachary.

Red Cross Will Give Financial Donations Rebuild Storm Area

WASHINGTON, Dec. 24.—(AP)—As an agent for Santa Claus, the American Red Cross tomorrow will present Christmas presents in the form of financial awards for the rebuilding of their homes to 500 Florida hurricane-stricken families.

Of 22,904 families which appealed to the Red Cross for relief after the hurricane last September, the organization announced today, 10,000, representing approximately 60,000 individuals, have been rehabilitated.

In this work the Red Cross has distributed a fund of more than \$3,450,000, the assistance being directed chiefly toward the rebuilding of homes and shelter and clothing. About 600 families are being rehabilitated each week, and the undertaking is expected to be concluded in about 10 weeks.

Star Of San Carlo Opera Hails From Home Town Of Famed Marion Talley

One of the bright lights of the American contingent of the San Carlo Grand Opera Company, which comes to the Milan on Dec. 20 and 21, is Bernice Schalker, a Kansas City girl, who was an operatic success before Marion Talley, from the same city, got started.

Miss Schalker, mezzo soprano, is a very petite person and considers herself handicapped as to weight when prima donnas are mentioned, for she is but little over five feet in height and weighs only 115 pounds. But in vocal gifts she more than measures up to her larger sisters, and there are many parts in opera for the mezzo-soprano where lightness of figure is actually an asset.

Like Marion Talley and Mary Liska, both of the New York Metropolitan Opera Company, Bernice Schalker comes from Kansas City, and she has probably more admirers scattered in various parts of this continent than any other member of the San Carlo Grand Opera Company. This may be partly accounted for by the fact that Leavenworth, Kansas, where she lived for a few years, is a large military center and practically all the officers in the U. S. Army must attend the military school and have thus located there at some time in their careers. Before embarking upon the seas of grand opera, Miss Schalker's voice was the pride of the army and no military entertainment or ball was considered complete without a solo from the men, it will be remembered, are clannish and seem to have wonderful memories for Miss Schalker hardly ever sings in a city without receiving floral homage from some friend of her Leavenworth days.

Another unique fact in the career of Miss Schalker is that the young artist studied herself for many years before going to a teacher. She has developed a rich mezzo-soprano voice with a wealth of tonal beauty and fine shading.

Jack Delaney has resigned the light heavyweight championship. When you consider there were no light heavyweights to fight, you can appreciate what a tremendous sacrifice this was.

Jimmy Maloney Is Established Now As Leading Contender

NEW YORK, Dec. 24.—(AP)—Jimmy Maloney, of Boston, was firmly established here today as a formidable heavyweight title contender, taking rank with Jack Delaney, Jack Sharkey and Jack Dempsey in the race for a fight next year with Gene Tunney.

Surviving his third test in Tex Rickard's elimination tournament last night, Maloney won a decisive 10-round victory over Harry Persson of Sweden. The hopes of Monte Munn, giant Nebraskan, tumbled in defeat by Knute Hansen, of Racine, Wis., in another 10-round bout.

Maloney won every round in his battle with Persson, who apparently was raved from a knockout by the final bell.

A winning streak of twelve straight was snapped in the defeat of Munn by Hansen.

Otto Van Porat, of Norway, former Olympic champion, was stopped in the eighth round of the opening 10-round heavyweight match by Martin Burke, of New Orleans, the referee intervening after two knock downs.

Greater Interest In Predicted For 1927 Davis Cup Matches

PHILADELPHIA, Dec. 24.—(AP)—Interest in the Davis cup tennis matches next year will be greater than ever because of last season's victories of the French players and the fact that Vincent Richards no longer will be available to aid in the defense of the trophy by America, Samuel H. Collon, vice president of the United States Lawn Tennis Association, believes.

"We are looking forward to record breaking crowds, when the finals of the international matches are played here again," he said. "That the triumphs of Rene La Costa, holder of both the American indoor and outdoor titles; Jean Borotra and Henri Cochet holder of the Wimbledon crown have stimulated interest in tennis all over the world is shown by the fact that more nations will compete for the trophy than ever before."

GIANTS ARE ELATED
New York, Dec. 24.—(AP)—The Giants will be "a real pennant contender" with the infusion of Rogers Hornsby's fighting spirit, thinks Ross Young, veteran outfielder of the New York team. "Frank Frisch is a great all-around player, but there is only one Hornsby," says Young.

As we gather it, most football authorities fail to see the point in the point after touchdown.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant acid cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the sores, right up, leaving a clear, smooth skin in place of the eruptions, rash, pimples or

Mrs. Rubel Testifies Against Cult Leader Of House Of David

BENTON HARBOR, Mich., Dec. 24.—(AP)—The last of the three girl complainants against "King" Benjamin Purnell, head of the House of David colony, was called to testify in Justice court today.

Mrs. Gladys Bamford Rubel declared in her complaint she was forced to marry a member of the cult she hardly knew in order to protect the "King" when it became known that state officials were to raid the colony.

Mrs. Rubel, a divorcee, is a sister of Ruth Bamford Reed who testified yesterday that she was subjected to indignities by the cult leader when 10 years old. Both girls were born in the colony.

Decision as to whether Purnell will be bound over to the circuit court will be rendered at next month's session of the Justice court.

LAKELAND.—The hospital division of the Atlantic Coast Line is planning to place one of its hospitals here, it was learned following the visit here of the road's chief surgeon, of Wilmington, and other officials from Waycross. Indications are that the present city hospital will be taken over, and about \$25,000 expended in improvements.

Augusta Pledges Its Faith In Tyrus Cobb

AUGUSTA, Ga., Dec. 24.—(AP)—Around the Confederate monument on Broad street today hundreds of persons gathered to pledge anew their faith in Tyrus Raymond Cobb.

A "testimonial meeting" was called by the Chamber of Commerce and officials of the city and state were among those prepared to declare their confidence in the "honesty and integrity" of the veteran of a thousand baseball battles, Judge William H. Barrett of the United States district court, Mayor William P. White and L. S. Arvington, president of the chamber of commerce, were among the speakers.

British Complain Of Boy Training Tactics

LONDON, Dec. 24.—(AP)—Complaints regarding the ways in which professional boxing in England permits youths of 15 and 16 to take part in long contests are pouring in upon the authorities.

A report of the Amateur Boxing Association points out that overstraining of youngsters is not tolerated in amateur circles, and the rule governing junior competition says: "In no case must a junior take part in a contest of more than four rounds of one and a half minutes each."

Young professional boxers are allowed to fight 10 or 15 rounds, as this has been the custom of many years.

Tiger Of Pyrennes Arrested In Fight

HAVANA, Dec. 24.—(AP)—Paolina Uscudun, "Tiger of the Pyrennes," is willing to fight any man with his fists, he says, but he draws the line when it comes to gloves against bullets.

Pepe Cotte, a Havana sports writer, and the Tiger were taken to a police station last night after an argument which began while Paolina was working out before a large crowd of fight fans. Cotte, the fighter said, commented caustically on his ability as a boxer, and when Paolina jumped across the ring to remonstrate, drew a pistol; a policeman then intervened.

Both men were ordered to appear in court.

Farmer And Wife Are Killed Early Today

SPRINGFIELD, O., Dec. 24.—(AP)—Charles Hallerman and his wife were killed at their farm home, 12 miles south of here early today by an unknown assailant.

The bodies of the couple were found in the yard of their home who lived with them.

Leo Hallerman said his brother and sister-in-law went to the yard when they heard a noise. Shortly after they left the house he said he heard Mrs. Hallerman scream: "Oh, Sam, don't. Oh, they're going to kill Charles." Then he heard shots.

Running into the yard, Leo said he found the bodies. Both had been instantly killed, Hallerman

by a bullet in the temple and Mrs. Hallerman by blows over the head. He said he saw no trace of their slayers.

EMPEROR GROWS WORSE

TOKYO, Dec. 24.—(AP)—Emperor Yoshihito has suffered another relapse. This was announced in an official bulletin issued at 2:30 o'clock this afternoon. There is the greatest anxiety over his condition.

Bald men are brainier than those with luxuriant hair, according to a noted scientist who believes that the growth of hair absorbs a large quantity of energy.

Jim Jeffries once beat Jim Corbett in a foot race. But he would have a tough time beating the modern heavyweight in one.

Rev. E. D. Brownlee
think for you this Christmas
the joy that Christmas of-
fer is in your hearts. This
is when we let Christ dwell
within. My mind goes back
to the three groups who
came to the Heavenly Hosts—
the Wise Men, the Shepherds,
and the Virgin Mary. The
Wise Men came from afar to
bring gifts to Him, and the
Shepherds came to offer Him
praise, and Myrrh. Myrrh
is a symbol of suffering and
death. It is a reminder of
the suffering and death of
Christ. This is the season

The reason and charm of
Christmas is, and ought to be,
the birth of Christ. It is His
birthday. And the secret of
Christ's life is His charity. But
"He is His own and His own
Him not". Thus CHARIT-
y is the flesh in a stable at
Bethlehem. It is renewed in
each Christmas Morn. It is
the wrong then to leave
it out of Christmas in word
or deed. God forbid that any
of us should think it right.
May we of us, then today learn
of the Crib so that we may
in turn the Charity of
Christ.

EGATIONAL CHURCH

Rev. John Bernard Root
The explanation has yet
to be given for the mystic Star
that led the Wise Men to
Bethlehem. Nor has
any explanation been
given for the person
the Stable born Babe.
The Parable of the trees
in the Bible, the trees
of the Vedie religion, Budd-
hism, Confucianism were
made at the advent of the
Christ. In our imagination, we
picture the trees of the
Vedie religion, Budd-
hism, Confucianism, have
their roots of worship the

first gesture of universal homage
to the Judean bramble?
Isiah, looking forward, foretells
a time when instead of the bram-
ble, or the thorn shall come up the
fir tree. O glorious prophecy. The
bramble to the Hebrews has be-
come the majestic conifer, every-
where bearing upon its branches
at Christmas time, tributes of our
affection. In its presence malice,
envy and hatred melt away and it
becomes easy to follow the divine
command, "Love one another."
Mystery? Yes, but it is the mys-
tery of Christmas.

FIRST BAPTIST CHURCH

Today the atmosphere possesses
a rare buoyancy, the streams of
life reflect their best color, and
multitudes of faces give evidence
of hearts permeated with peace.
Only the most dejected and de-
prived can fail to speak the word
of cheer, and offer the heart's
best wish today. And what is the
secret of these happy hours in
many millions of homes?
Long, long ago a conference con-
summated an incomparable design
—the Father decided to present
His superlative Gift, and the Son
decided to give His life, and so we
have this Christmas season. What
if any one should fail to give pre-
minent place to the Prince of
Peace! What if any one should
fail to make large place for
His spirit and His purpose in all
the daily doings of these refresh-
ing hours ahead!

Why do bells for Christmas
ring? Why is there a thrill of joy
everywhere? Answer: In cen-
turies ago there lived One who
lived for others, and in so doing he
taught the world its greatest les-
son and its greatest need. Is there
peace in our nation today?
It is because we have learned a
few of the lessons of Him who
was the Prince of Peace. Is there
a thought and a token of love to
the poor and the dis-
abled? It is because we are
gradually coming to understand
that it is more blessed to give than
to receive. We should all rejoice
on this Christmas Day for the
coming of the World's Saviour and
king, and labor towards that glad
Day when the knowledge of Christ
shall cover the whole earth!

REVOLT ASSUMES SERIOUS ASPECT SAY DISPATCHES

Rear Admiral Latimer Finds It Necessary To Send Some Of Men To Rio Grande And To Go Himself To Puerto

WASHINGTON, Dec. 24.—(AP)—The revolutionary situation in Nicaragua apparently is becoming serious.

Rear Admiral Julian L. Latimer, in command of the American special service squadron, in Latin American waters, has found it advisable to land a force of bluejackets at Rio Grande bar and to proceed, himself, aboard his flagship, the Rochester, to Puerto Cabezas, the chief center of the revolutionary movement.

Meanwhile Adolfo Diaz, the conservative president of Nicaragua, who has been recognized by the United States and is being opposed by the liberal revolutionary group headed by former Vice-President Scazas, recognized as president by Mexico, has renewed his appeal for American intervention.

He announced last night that he had commissioned Dr. Alhondro Cesar, former Nicaraguan minister here, to come to Washington to express to the American government "the earnest desire of my government to bring peace to Nicaragua."

Reiterating his charge that the Scazas faction is being supplied with guns and men by the Calles government of Mexico and that "insidious Mexican propaganda is being broadcast daily by Mexico," he declared, "Mexican aggression is becoming so strong that eventually I cannot cope with it, and I again appeal to the American government for American intervention, which, with its high ideals, is many times more desirable than Mexican culture allied with barbarism."

Fighting on the east coast, where the United States has several naval units, he related, is becoming "more tense and severe," and "the loss of life during this revolution is appalling." The Nicaraguan consul in Honduras, he said, had reported the landing of "soldiers, mostly Mexicans, and arms" by a gun runner at Puerto Cabezas, near the Honduran border, which is Admiral Latimer's destination.

The admiral, in reporting his movements to the Washington authorities, gave no details to show what developments had caused him to land bluejackets at Rio Grande bar and go to the revolutionary center. It was assumed that the bluejackets were put ashore to protect American and other foreigners engaged in the movement of hard wood lumber out of the Rio Grande

Peace And Good Will Are Emphasized In Christmas Greetings Of Diplomats

NEW YORK, Dec. 24.—(AP)—Christmas messages from the diplomatic leaders of two hemispheres emphasizing the world's need for peace and good will are published today by the New York Herald Tribune. The messages were sent in reply to the questions: "How can world peace and international good will be best advanced in the coming year?" And "Are existing international arrangements for the promotion of peace adequate to maintain it?" Some of the replies, in part, were:

"King Albert of the Belgians—"The peace of the world can be insured only by the universal good will of the peoples, and this good will will depend largely on the ability of these peoples mutually to understand one another."

Premier Wakatsuki of Japan—"In the spirit that prompted Lincoln's address at Gettysburg is still to be found the salvation of the race."

Secretary of State Kellogg of the United States—"I should rather see accomplished during the coming year a few concrete evidences of the spirit of mutual trust than to see the nations attacking problems in such a general and prospective manner so as to exclude the possibility of solid results."

Foreign Minister Briand of France—"My object being to put European peace on solid foundations, I have directed all my efforts to transform the principles of the League of Nations into realities and to bring about by degrees complete reconciliation between the countries which had torn one another to pieces during four years."

Premier Bethlen of Hungary—"The glaring disproportion of military armaments demands the quickest solution."

Foreign Minister Stresemann of Germany—"Our agreement in Geneva over the military control of Germany is a success which does credit to the policy of Locarno. In three months we shall probably be able to do something more."

Foreign Minister Zaleski of Poland—"Among the measures I consider adequate to serve and promote the peace of the world and international good will, I attach great importance to disarmament conferences."

Discount Cecil, British representative in the League of Nations

council—"The next step should be a general agreement for the reduction and limitation of armaments."

Foreign Minister Mottason of Denmark thought the cause of world peace and good will between peoples could best be advanced by making the League of Nations "what, according to its name and ideas, it ought to be: A League of All Nations."

Premier Zalmis of Greece—"The existence of the League of Nations is the happiest event of this century."

Foreign Minister Lofgren of Sweden—"There are two great tasks for cooperation among the nations immediately ahead: 'An international economic conference and proportionate reduction of armaments.'"

Chancellor Seipel of Austria declared European peace did not require "if freedom and equal rights are not granted and international guarantees to those national communities which cannot be united politically with the chief part of their nations."

Foreign Minister Saenz of Mexico—"World peace and international good will will be best advanced during the coming year by means of treaties in which governments will commit themselves to overcome their difficulties amicably through diplomatic channels, and as a last resort submit to arbitration, without in any case resorting to force of arms."

Foreign Minister Van Karnebeck of Holland—"The League of Nations exists and has not yet spoken its last word. I look for the cause of peace to prosper greatly in 1927."

Premier Jaspard of Belgium—"It is indispensable for the safety of all that peace be strengthened in a unanimous sentiment of good will and in an atmosphere of absolute good faith."

Dr. Wellington Koo of China—"Public opinion in China, which formerly was ignored, is a new factor which must be recognized and respected if world peace is to be obtained."

Foreign Minister Miltinou of Rumania—"We have unspoken faith in these days that are coming."

Premier Lykke of Norway—"No peace pact or international arrangements for the preservation of peace are adequate if there are any who will not respect them or who desire war."

ENGINEER FAILED TO OBEY ORDERS TO CAUSE WRECK

Relief Engineer At Throttle Of Ponce De Leon Train But He Had Full Authority To Pilot Engine, Is Claim

ATLANTA, Ga., Dec. 24.—(AP)—The head-on collision last night at Rockmart, Ga., of northbound Southern railway passenger train Ponce de Leon, Miami to Chicago, with the southbound Royal Palm, apparently was caused by the Ponce de Leon's engineer overlooking the order to take the "siding" to pass the Royal Palm, officials of the road said in a statement here today.

An investigation already has been started to determine why the order was not observed.

The official statement revealed that the regular engineer of the Ponce de Leon was not at the throttle when his train crashed into the Royal Palm which was idling along on the main track awaiting the Ponce de Leon's passage on the siding. A road foreman or traveling engineer had relieved him at McPherson, 12 miles from the scene of the crash, but it was emphasized that he bore complete authority for it, and that he understood the orders fully.

S. J. Keith, the regular engineer, was injured seriously and J. M. Pierce, the road foreman, was probably fatally hurt. H. R. Moss, the fireman, was killed.

The accident was apparently caused by the engineer of the first No. 2 (the Ponce de Leon) overlooking the order to take the siding at the south end of passing track at Rockmart, for No. 101 (the Royal Palm), said the statement. Road Foreman Pierce, relieved Engineer Keith at McPherson and Pierce and Fireman Moss understood train orders for first No. 2 to take siding for No. 101 at Rockmart.

Pierce has been in the service since 1912.

Rockmart, a town of between 1,500 and 3,000 inhabitants, is situated in the foothills of a mountainous country and northbound trains entering it must negotiate a sharp downgrade. A new switch recently was installed, placing the siding three quarters of a mile from the station and a half mile farther than the old switch.

The Ponce de Leon was made up of ten coaches, comprising the first section, and was believed to have carried more than 200 passengers. The Royal Palm also had a large passenger list and was composed of nine cars.

BARTOW.—The state road department will be asked to route State Road No. 2 from Fort Meade to Bartow, along the line of the Seaboard Air Line, from Pembroke to Bartow, over the east side of the right-of-way. Residents of Bartow and Fort Meade, meeting here, decided to petition the highway officials on the subject.

Voluntary military training at Pomona college, Claremont, Cal., is more successful than the compulsory system, abandoned two years ago, said Major George A. Sanford, commandant of the Reserve Officer's Training Corps.

SEMINOLA RACE TRACK EXPECTS HOLIDAY CROWDS

Many Horses Entered For Thoroughbred Events On Christmas Day Programs; Many Expected To Attend

A card of features and fast action is listed for the Christmas day races on the program at Seminola. Many of the best animals now quartered at the track are entered for the Yuletide events and a large crowd is expected to throng the plant to watch the thoroughbred clash.

Edward A. Pohlman, managing director, has announced that racing officials are ready to take care of the largest crowds in the history of the establishment and that plenty of entertainment has been provided.

"If they like music and clean sports, they'll enjoy their afternoon at Seminola," Mr. Pohlman said today. "I want to see you Sanford people down here Christmas day. Your support has assisted in the project which we intend to make the nest in the United States," he added.

The overnight entries for the various events on the program are expected to help swell the number of starters for each race. Fans will get to see the pramiery jockey of the meeting, T. Pascuma, in action in almost every race. Pascuma has piloted 14 winners under the wire during the first 11

Death Penalty Asked For Pat McDermott In Canton Slaying Case

CANTON, O., Dec. 24.—(AP)—In asking the death penalty for Patrick Eugene McDermott, charged with the murder of Don R. Mellett, Canton publisher, Assistant Prosecutor Henry W. Harter today told the jury that the assassination was "an attack upon the American press, without which; our institutions cannot prosper."

"It is a matter of war," Harter declared. "You would gladly give your sons to go out and fight for your country. This sort of thing is the most dastardly, heinous, cowardly crime in the decalogue league. It must stop, or America is not safe."

When Harter reviewed the story of the slaying and depicted the "young, virile editor whose only faults were courage and honesty, lying in a pool of blood, three of the men on the jury brushed tears from their eyes. The three women among the 13 persons in the jury box, appeared unmoved.

days of racing. He has brought in 15 second-place horses and his mounts have captured the show money seven times. He is second to Pascuma with seven winners. McDermott comes third with five mounts which have tucked away the biggest end of the purse.

Speedy Trial Planned For The Slayers Of Polk Deputy Sheriff

LAKELAND, Fla., Dec. 24.—(AP)—A speedy trial for the slayers of J. E. Harrelson, deputy sheriff, was indicated today by Judge H. C. Pattaway of the circuit court of Polk county, who announced that if John Rogers, one of the two negroes who killed the officer, is captured, the grand jury will be called together for the purpose of bringing indictments against the accused. The regular term will convene January 4.

John Rogers, Plant City, who is alleged to have exchanged clothes with Rogers on Wednesday following his arrest for harboring the fugitive. Police are convinced today that Rogers is hiding in Tampa.

Depression Over Kansas Moves to The East, Is Report

TAMPA, Dec. 24.—(AP)—The depression that spread yesterday over central Kansas, moved rapidly, northeastward and appeared today as a disturbance of marked intensity over the upper lake region.

Pressure remained moderately high on the Atlantic coast and the northwestern high moved down over the entire western portion of the country with a center over Nevada, where sub-zero temperatures prevailed.

Temperatures fell over the entire western portion of the country with the exception of the Pacific coast. Frost was reported at Los Angeles today.

Most eastern sections had slight warmer temperatures today.

Heavy rains were reported from portions of the lower Mississippi and Ohio valleys and light to moderate rain or snow over portions of the plains states and the Great Lake region.

Highest temperatures yesterday, lowest last night and precipitation for 24 hours ending at 8 a. m. today:

DADE LEADING IN CONSUMPTION OF GAS IN FLORIDA

Duval Shares Honors With Lead In Use Of Kerosene; Seminole Figures Are High

TALLAHASSEE, Fla., Dec. 24. (AP)—Dade county continued its lead over other counties of Florida in the monthly consumption of gasoline, but yielded to Duval county in the use of kerosene in November, according to figures given out by Nathan Mayo, commissioner of agriculture.

Dade county's consumption was 2,656,210 in gasoline, and Duval's 2,229,293 in kerosene. The latter county also led in signal oil, with 222,222 gallons. The consumption of gasoline in Duval county was 1,822,123 gallons.

Hillsborough county brought up close second in the consumption of gasoline, with 2,455,732 gallons, and was third in kerosene, with 2,155,555 gallons. Seminole county consumed 214 gallons of signal oil.

The consumption of the three in other counties included: Alachua, gasoline, 433,981 gallons, kerosene, 48,080; Brevard, 22,025 and 40,896; Broward, 509,005 and 76,292; Escambia, 361,044 and 51,812; Indian River, 132,836 and 19,492; Lake, 458,394 and 78,005; Lee, 338,897 and 51,126; Leon, 20,000 and 20,209; Manatee, 469,000 and 82,693; Marion, 441,533 and 51,129; Monroe, 120,543 and 16,495; Orange, 995,111 and 125,000; Osceola, 106,362 and 23,658; Palm Beach, 1,248,780 and 159,000; Pinellas, 1,545,344 and 201,000; Polk, 1,203,489 and 202,724; St. Johns, 331,149 and 39,776; St. Lucie, 226,053 and 25,947; Sarasota, 839,080 and 55,523; Seminole, 261,083 and 412,301; Volusia, 773,279 and 110,651.

Marion county consumed 52 gallons of signal oil; Alachua, 264; Polk, 264; St. Johns, 106; St. Lucie, 407; Seminole, 51 and Volusia, 407.

GREAT TACKLE INJURED

PITTSBURGH, Dec. 23. (AP)—Chester Warmuth, tackle on the University of Pittsburgh's football team, played nearly all season with an injury to his leg that necessitated wearing of a brace. This became known with his admission to a hospital here for an operation. Several inches of cartilage were removed.

According to a Swiss scientist, the nerve centers which react to music are in the feet.

Air Mail Service Is Suspended Between Atlanta And Miami

WASHINGTON, Dec. 24. (AP)—Temporary suspension of the contract for air mail service between Atlanta and Miami at the close of business Dec. 31, was announced today by the Post Office department.

"Under agreement with the Florida Airways, Inc.," a statement said, "the service will be suspended until the proposed trunk line route from New York to Atlanta is placed in operation and lights are set up on the Florida route so that a schedule of night operation may be placed in effect."

"Service has been operated on the Florida route for the past nine months with consistent regularity but owing to the lack of lights for night flying and the resulting necessity of night operation, the operation has not proved attractive from the standpoint of mail revenues."

"Although the department has paid the contractor more than was received in postage receipts, the line has not been meeting operating expenses."

The earth's rainfall amounts to about 16,000,000 tons a second.

Only 15 Of Men Selected On Walter Camp's All-Star Teams Now Teaching Game

NEW HAVEN, Conn., Dec. 24.—(AP)—Few of the men picked by Walter Camp as outstanding football players through more than a third of a century of football history have remained in the game as teachers.

In the make-up of Camp's thirty-four teams, fifteen names are found that also are included in the most complete available list of college coaches for the season just ended. From the standpoint of their All-American selections these coaches include two ends, a tackle, a guard and a center from the line and four quarterbacks, three halfbacks and two fullbacks, one of the latter, however, having been named also as an end.

Most At Different Schools
Excepting Dartmouth, represented by two of its 12 All-American selections, and Yale, with two of its 23 selections on the list, each coach represents a different school. Harvard with 77, and Pennsylvania with 38, have a single representative while Princeton, with 55 All-American selections, is not represented. Eight coaches come from Eastern schools, five from Big Ten territory and two from states on the borderland between north and south.

Eleven teams of the nineteenth century are represented by one coach only, A. A. Stagg. He was named an end on Camp's first mythical choice in 1899, being one of the four Yale men honored that year. With him on that first team was Heffelfinger, of line-man tradition and the first of the Poas both from Princeton.

Ralph Glaze, Dartmouth, named an All-American end in 1905, is coach of athletic teams at St. Vincent college in Illinois. Glaze, like Stagg, was a great baseball player and pitched in the Big Leagues several years before devoting all his time to college athletics.

Many Coaching-Quarterbacks
Coaching-quarterbacks of All-American teams begin with T. A. D. Jones, Yale, in 1907, and also include Walter Steffen, Chicago, named in 1908. Almost continuously since then Steffen has coached Carnegie Tech. For ten months of the year Steffen is a judge of Chicago's superior court.

Next among the quarterbacks is Alvin ("Bo") McMillin, colorful both as a player and as a coach. He was named All-American in 1919 and this year coached Geneva. Another quarterback coach with legal leanings is Gordon Locke, named in 1922, who combines the practice of law in Cleveland with coaching Western Reserve. Harry Stubbreher, of Notre Dame's

"four horsemen" fame, is now coach of Villa-nova.

Percy Wendell, Harvard, one of the luminaries of the Haughton system, is the earliest halfback selection on today's coaching lists, being the mentor of Lehigh. Next came John Maubetsch, Michigan, whose Oklahoma A. & M. team this year won the Missouri Valley title. Earl Martinau, Minnesota, coach of Kalamazoo Normal (Western State) in Michigan, completes the list.

Ira E. Rodgers, West Virginia, shares with Tad Jones the distinction of being the one All-American coaching at the schools from which they were named to the mythical team. Homer Hazel, Rutgers, is coach of the University of Mississippi.

All-American linemen, now coaching, include J. J. McEwan, of West Point, who, after several years' coaching at the service school, went to the University of Oregon this year. C. W. Spars, Dartmouth, is now coach at Malnessia, and E. F. McGinley, Jr., is coach at St. Josephs, Philadelphia.

Joesting Gives Line Stars Credit For His Success In Backfield

OWATONNA, Minn., Dec. 24.—(AP)— Take it from the valley's unanimous choice for all-American full-back, Herb Joesting, of Minnesota: it's the linemen who do the work and the backfield gets the credit. Linemen work hard, carving holes in the enemy defense, Joesting told a home town audience and the backfield man then "stumbles through," with the ball. That's why it was possible for him to make an average of five and a half yards every time he carried the ball last fall, Joesting said. Johnny McGovern, who was an all-American quarterback more than a decade ago while playing for Minnesota, bewailed the two second stop rule adopted by the Big Ten. It means the death of the shift play, he said, and will throw the game back 20 years by reducing the spectacular in the offense.

Resort Fashions Predict Soft Shades, Youthful Lines

Definite information regarding Resort fashions was obtained by Marion Ives of this firm, who returned from New York last week. Many of the new ideas in dress are at Dickson-Ives new and present a panorama of important fashions for 1927.

First!

Dickson-Ives is the first in Central Florida to show these Resort fashions.

First!

In many instances Mr. Ives was the first buyer to see the manufacturer's models.

Flat Crepe and Crepe de Chine

Are first in order of fabrics with sheer fabrics, including Georgette, Romaine and Crepe Elizabeth being more used than ever before. Sports fabrics are KHAKI KOOL, depicting national forest and park scenes; MOLLY-O-MELANG, PAN-CROSS, CAMEOLE CREPES and small checked designs in affeta or crepe.

The Silhouette grants freedom of hip movement.

Two-piece dresses are full at the lower part of the blouse and on the sides. Separate skirts with novel sweaters are good for country club costumes. Intricate stitching, shirring, stitched down and cross bar pleats are frequently used.

Informal Presentation of Resort Modes

By Models Tuesday, December 28th

Admission to this will be only by card. Cards may be secured from Mr. Wright of the dress shops or from Sidney Ives of

the advertising department. Because former model displays have brought larger-than-could-be-accommodated throngs this will be a pleasing innovation. Women wishing to see the display are asked to secure cards at once as only a limited number are available. Phone Orlando, 4184.

Stewart's Letter

WASHINGTON, Dec. 24.—If the Senate unseats Senator Arthur S. Gould of Maine its action will go down on the records as an important precedent.

Gould's fitness is questioned because of charges that he paid a bribe of \$100,000 into a political campaign fund in Maine's neighbor Canadian Province New Brunswick.

It never has been definitely established whether the Senate can expel a member for turpitude in his private life although the Senate decided 70 to 2 that it would and would investigate a Canadian judge's charges that Gould paid the bribe.

Parallel cases in this country tend to guide the present Senate. Their history seems only to obscure the issue. Gould's case is altogether different from those of William S. Vorce and Frank L. Smith, which involve primaries and elections.

Thirty-three years ago a special session of the Senate considered the case of Senator William N. Roach, of North Dakota. A resolution providing for a committee investigation of charges against Roach similar to the present Gould investigation was introduced by Senator George Frieble Hoar of Massachusetts, who was backed by Senator William E. Chandler of New Hampshire.

There was an allegation that Roach had, in his comparatively younger days, been involved in an \$18,000 bank embezzlement in Washington. He moved to the Dakota territory in 1879 and started life all over again. He became a mayor, a territorial legislator and ran twice unsuccessfully for governor when North Dakota became a state.

He was then elected to the Senate, which he came in 1899. He had never been prosecuted for the bank incident and restitution was said to have been made; nevertheless his fitness was questioned and considerable debate followed introduction of Hoar's resolution March 22, 1903. But no vote ever was taken on the resolution, for some reason or other; the charges were not investigated and Roach served from 1893 until 1896. He died in New York in 1902.

Arguments advanced by Hoar, Chandler and others probably will

be studied during the Gould investigation.

In 1798, the governor of Kentucky wrote to the vice president citing charges of "gross fraud and perjury" in a court case against Senator Humphrey Marshall of Kentucky. Public charges had been brought against Marshall, the governor said, but it appeared that he never had been prosecuted. On the motion of Marshall himself, the governor's protest was refused to a special committee.

The committee subsequently reported back that Marshall never had been tried in his home state, where courts were best able to judge his guilt or innocence, that no explanation of this failure to try him had been offered, that other Kentuckians in Congress apparently deprecated the charges, and that "there is no prosecuting action from the constituency."

That ended it and today Gould probably recalls the Roach and Marshall cases with satisfaction. The most notorious similar case before the House of Representatives was the Credit Mobilier scandal of 1872 in which Representative Oakes Ames of Massachusetts and Representative James Brooks of New York were accused of having bribed congressmen some years before their election to the forty-second Congress.

A special committee investigated and voted to expel Ames and Brooks. But the House judiciary committee decided that the House could not expel in such a case—that its rights of expulsion were scandalous rather than punitive. The House didn't vote to throw out Ames and Brooks, but passed separate resolutions of public condemnation against the accused congressmen.

DELANEY PLANS TOUR

NEW YORK, Dec. 24.—(AP)—Jack Delaney is planning a tour which may take him as far west as the Pacific coast. The light heavyweight champion, whose activities in New York have been limited by his split with Tex Rickard, expects to engage in his first match at Chicago next month.

Establishment of a training school in central Alberta for young Jewish farmers, similar to that being operated by the Federated Jewish farmers of Ontario, is under way.

Man Charged With Postoffice Theft

MIAMI, Fla., Dec. 24.—(AP)—William M. Ralston, employed at a dairy south of Miami, has been arrested at the instance of postal inspectors and charged with embezzlement of between \$3,500 and \$4,000 from the postoffice at Whiteley City, Ky., of which he was postmaster.

Ralston was located here by Inspectors Clarence Coleman and Frank M. Powell, of Danville, Ky. The alleged embezzlement was discovered in November. Ralston fleeing when inspectors began a check up of his office, postoffice officials said.

WASHINGTON, Dec. 24.—(AP)—Allocation of Agricultural department funds for the construction of forest trails and highways during the fiscal year ended June 30, 1926, included the following for southern states:
Alabama \$49,000.
Florida \$250,000.
Georgia \$280,000.
North Carolina \$481,000.
Oklahoma \$42,000.
South Carolina \$77,000.
Tennessee \$230,000.
Virginia \$342,000.

FORT MYERS.—Lee county truck growers are expecting about a half million dollars from their potato crop next spring. A yield of 150,000 bushels is indicated, agricultural authorities said, and an average price of 75c a bushel. Estimates as to the probable size of the crop vary between 150,000 and 300,000 bushels.

Canadian Is Given 3 Weeks' Reprieve

HAMILTON, Ont., Dec. 24.—(AP)—Joe Barty, who was to have been hanged at dawn today, was given a Christmas gift of three more weeks of life as he was about to mount the scaffold.

The hangman had arrived and Barty had bidden farewell to his children when word was received that a stay until Jan. 12 had been granted.

The postponement threw the sheriff's office and the jail into confusion and the authenticity of the instructions at first was doubted.

Harvey Says Gotham Paper Misquoted Him

PARIS, Dec. 24.—(AP)—Col. George Harvey today said that he was incorrectly quoted yesterday in an interview in the Paris edition of the New York Herald-Tribune, in which he was represented as having said that President Coolidge had told him he would run again for the Presidency in 1928 if the Republican national organization and voters wanted him to.

The former ambassador to Great Britain declared he had merely expressed his personal opinion.

Salesmanship In Europe Increases Food Exports, Recent Statistics Show

NEW YORK, Dec. 23.—(AP)—American foodstuffs, pushed by American salesmanship, have entered every country of the world. A recent survey shows that "resistance" and the gas-gone prejudice of home-fodders have capitulated to a new palate. Japan and China smack their lips over steaming corned beef and canned sausage. India is studying on Columbia river boats and California fruit. And all keeps the American market flooded with demands for canned goods.

Tariff Walls Sealed

Even tariff walls, which the nations erected hastily in the armistice, have been effective before the on-set of export records show. Salesmanship is largely responsible in foreign countries to adopt the same methods in America, it is pointed out. Says to advertise—anywhere. Canned milk with a Burmese

And Sinclair Must Go On Trial

WASHINGTON, Dec. 24.—(AP)—F. Sinclair and Albert B. must stand trial for conspiracy in connection with the leasing of Teapot Dome naval oil. Justice Jennings Bailey ruled in the District of Columbia. Sinclair today in refusing to plead in the indictment against them. Immediately after the ruling the defendants were arraigned and found not guilty. Justice in refusing to quash the indictment ignored the plea that the men had wrongfully prosecuted through the court at the request of the special counsel to conduct the case.

Imports Follow Immigrants
In most cases, American goods are not competing with native goods. They are filling a demand they have themselves created. Fish and fruit bulk large in the exports, but candy stays at home. Confectioners who, on the basis of wartime demand, dreamed of a world wide sweet tooth for American products, saw a twenty million dollar export drop in one year when the army returned from abroad. The consumption of sweets was almost entirely among the soldiers and confectionery and tobacco exports now get little further than the West Indies. Americans are demanding more and more European goods, importers say, while immigrants, conservative in adopting a new country's dishes, cling to their own cuisine. Hard sausage, black bread flour and strong cheese the immigrants want, and there is a large import market in New York that caters directly to the demand.

The Yuletide Season comes impartially to all Christians—dom bringing new blessings to palace and hovel; to the one maybe, rare and splendid gifts, to others offerings in shoddy finery. But whether it be hovel or palace that home is richest where abides the spirit of the time. So in that spirit of happiness and good will, that should everywhere hold forth, we extend to all the hope of a

Thirteen Is No Jinx For This Pair Of Hands

Large hands are a most valuable asset in baseball. Such being the case, Wendell Vance of Los Angeles, Calif., a nephew of the great Denny, should be a big success. Here he is living up to his reputation, holding seven balls in one hand and six in the other, 13 in all, proving also that, unlike most ball players, he isn't superstitious. The youngster (he's only 15) is a member of the Santa Ana high school team.

President Of Cards Says His Stock Is Not To Go On Mart

St. Louis, Dec. 23.—(AP)—Regardless of the disposition of 1,167 shares of Cardinal stock owned by Rogers Hornsby, now the property of the New York Giants, Sam Brandon, president of the club, today reviewed his position as majority stockholder and declared that he intended to remain so. Learning of the announcement of A. Samuel Bender, an attorney, that he intended to confer with the club president on a reported offer of seven business men to take over the major share of the stock, Brandon forestalled the move by declaring that his stock was not for sale. Bender said that the deal was proposed solely as a business proposition, but there were reports in other circles that the plan was conceived originally in a desire to retain Hornsby.

Plunge To Death In Plane Collision

RANTOUL, Ill., Dec. 24.—(AP)—Sorrow swept aside the spirit of the Christmas season today at Chanute Field, where four army officers plunged to death in a head-on crash of their planes. The two ships, roaring through a fog that hung over the field, locked together at dusk yesterday and dropped 400 feet to the ground. Two of the victims were flying on the eve of departure homeward for holiday visits. Captain Harold G. Foster, of Chicago, was found still alive in the twisted cockpit. He died before reaching a hospital. First Lieutenants Henry W. Kundel of Columbia, Mo., and Albert J. Clynton, of Philadelphia, and Second Lieutenant Ralph W. Lawter, of Huntington, W. Va., were killed instantly. Northwestern University tries to take some of the sting out of a child's visit to the dentist. A children's playroom, resembling a garden, has been installed in the dental clinic, where various amusements take the child's mind off the "ordeal."

The Capitol Puts On Its Winter Coat

White cloak replaces the summer garment of green lawns and trees in which the United States capitol is usually pictured. This beautiful photograph was made just after Washington had its first heavy snowfall.

subway, elevated or steam lines the city dwellers gather at specified points to begin their tramps that usually cover twelve to fifteen miles.

Boxed lingerie sets and collar-and-cuff sets are being offered to solve the Christmas gift problem for mother this season, just as the historic, boxed necktie-and-sock gift has calmed the last-minute worry over what to get for Dad.

Wealthy hotel dwellers are the least desirable of the taxicab users, a scornful driver reflected on a rainy night. It was 8:45. "There'll be a thousand calls for taxis in the next half-hour from people who live in hotels," he remarked to a fare whom he had picked up at a curb. "But they'll only want to ride 20 or 25 cents worth."

Sales of audaciously illustrated French magazines have tremendously increased this fall, according to one news dealer near the public library. Several new, but temporary news stands whose main appeal to the passing thousands is this type of publication, have sprung up on Forty-Second Street between Fifth and Sixth Avenues.

All that goes dressily to the theater by no means goes dressily to the night club later. An elite fruit store on Fifth Avenue in the Fifties has a select eleven to one clientele, pausing in ermine and top-hat for the innocuous fruit punch. And on Madison Avenue a delicatessen store could hang out the "S. R. O." sign any night as returning playgoers talk it out over a wintry hot lemonade.

IN NEW YORK
BE SAVING
BROADWAY

New motif in advertising appeared on New York streets as the icy breath of King Winter swept over the land. Enterprising taxi-drivers pasted on their windshield placards reading "Save." They make an inconspicuous picture as they sit shivering beside the sign.

New Yorkers as a rule, due to greater distances to be covered, do not get to see their friends often as folks in smaller cities. Almost every family has a telephone to make up for this deficiency. Directories have just been issued to more than 1,078,000 subscribers in the Greater City.

A bit of the county fair atmosphere makes its appearance in New York at the Old Glory auction of neighborhood trotters. Here one can see rapidly vanishing American trotting horse enthusiasm. Diamond horseshoe scarfpine huge horseshoe watch charms still popular with these horse men.

Modern progress has struck the guards' stereotyped "Step." The guards are trying to do something new. Here is a pioneer change: "Move on, let your feet stick in the glue platform."

Manhattan's collective character changing a change, officials of New York public library have revealed. Analysis of withdrawal from library branches revealed the trend of reading on the island is not "domestic." Similar lists of withdrawals in Brooklyn, Richmond and other boroughs show the books once read in Manhattan are now in demand there.

New "family album" of 1,200 New York's charitable organizations shows a diversity of varied national helping hands extended by the Melting Pot city to children. Some names picked

at random: "Scandinavian Young Women's Home," "German Home for Recreation of Women and Children," "French Hospital," "Free Kindergarten Association for Colored Children," "Sisterhood of the Spanish and Portuguese Synagogue," "Jan Hus Bohemian Neighborhood House," "Harlem Hebrew Institute," "B'nai B'rith Hebrew Sisterhood," "Italian-American Gymnastic Association," "Neustadter Foundation Home."

Pumpkin seeds are about the last commodity expected to be found for sale in the theatrical district around Times square, but a restaurant displays a card advertising them. Pumpkin vines may adorn the windows of the flat dwellers this winter.

Commercialized Greenwich Village still simulates a Bohemian atmosphere. "Friends ring twice, enemies, three times, bandits phone for appointments," says the sign over the barred entrance of one tea room there.

For the benefit of those persons who are constantly wondering where "business has gone these days, a sign in a vacant store window in Park avenue announces: "Business has removed to Blank Market Co., 600 Third avenue."

A movie theater has given a thought to the customers whose

feet are trampled by those persistent individuals who bump their way to seats. It has a staff chiropodist.

Natives of other countries who wish to satisfy their native gastronomic tastes have difficulty in securing their haunts from the hordes of curiosity seekers. Many an unlighted and closely locked brown-stone front harbors, not a den of iniquity, but a rendezvous restaurant for foreign students, seeking to elude the crowd.

The hiking season is on. Enthusiastic pedestrians have a wide variety of Saturday or Sunday tours each week to stretch their legs, with leaders to show them the way over the countryside. By

MERRY CHRISTMAS HAPPY NEW YEAR!

With the above Yuletide Greetings, we are pleased to announce that our 1926 construction program, involving the expenditure of over \$35,000,000.00 is practically completed on schedule time.

The two super-power electric generating stations, located on the St. Johns River near Sanford and out in the Everglades near Fort Lauderdale, are now under test operation. These two power plants cost over \$11,000,000.00 and will have ultimate generating capacity of over 335,000 horse power.

The high voltage lines extending from St. Augustine beyond Miami on the East Coast, from Bradenton to Fort Myers on the West Coast and connected cross country from Punta Gorda through Arcadia and Okechobee to a point north of Fort Pierce into one huge electric power service system, is complete and in commission.

The following progressive cities and communities in Florida are now in Florida Power & Light Company's Sunshine Service family:

Pensacola and Escambia County to Be Represented At Dedication of Bridge

PENSACOLA, Fla., Dec. 24.—Dedicated Pensacola and Escambia county are going to have representation there and officially take part in that function. This has already been decided on, and plans are already being formed for this occasion of Florida, to show its appreciation for the completion of the project.

The Mobile bridge is an important link in the Old Spanish Trail, and that highway traverses Escambia county and touches the city of Pensacola, every celebration to commemorate the completion of a part of the trans-continental route should local good roads backers wish to participate.

Connie Mack Wants Pennant Next Year

PITTSBURGH, Dec. 24.—Connie Mack, manager of the Philadelphia Athletics, is celebrating

his 64th birthday anniversary today, but he wants to make the 65th the "finest of them all," by winning the American League pennant next year, his 33rd consecutive season as a baseball manager, and 26th as pilot of the Athletics. He has guided the Athletics to six American League pennants and three world's championships.

Asked whether a 1927 Athletics contract bearing the signature of Eddie Collins, deposed manager of the Chicago White Sox, would be an acceptable birthday present, Mack said it wouldn't at all spoil the day.

The French budget for 1927 provides a surplus of between \$100 million and one billion francs.
