

Salvation Army To Have Radio Programs

A series of 13 weekly broadcasts dealing with the problems, troubles and anxieties of men and women today, will be given by the Salvation Army starting at 5:30 o'clock Saturday afternoon over Station WTRR. It was announced this morning by Captain Byrd Hudson.

The program, he revealed, will include beloved old hymns and brief down-to-earth recorded talks keyed to "the man on the street," and made by Commissioner Ernest E. Pugmire, national commander of the Salvation Army. He will talk on problems confronting veterans, and will give special messages for alcoholics, the troubled and confused.

Organ accompaniment to hymns is by Marion C. Taylor, and announcements are by Floyd Mack, the "Voice" of the Telephone Hour.

Lie-Evatt Plan

(Continued From Page One)

The foreign ministers of the United States, Britain and France met at the French foreign office to frame their reply and adjourned after 40 minutes.

The nature of this reply was kept secret, but authoritative sources said it coincided with a French view that the west will not negotiate under the duress of the Berlin blockade, but hopes that the Berlin issue can be solved by conciliation.

A French government spokesman announced this stand earlier.

The government also circulated a statement denying recent suggestions in the French press that the foreign ministry, the premier's office and the president's office were not in agreement on the appeal for Berlin talks.

The American, British and French foreign ministers met late today at the French foreign office to draw up replies to the Lie-Evatt appeal. Secretary of State Marshall was accompanied by the U. S. ambassador to Paris, Jefferson Caffery. The acting British foreign secretary, Hector McNeill, was accompanied by the British ambassador to Paris, Sir Oliver Harvey. Foreign Minister Schuman represented France. Philip C. Jessup, U. S. Deputy on the Security Council, and Charles Bohlen of the U. S. State Department, also attended.

Mitterand emphasized to reporters after the French cabinet meeting that the exchange of letters by Lie and Evatt on one hand and by the foreign ministers on the other represents a demonstration of willingness to reach a solution of the blockade, which Russia imposed last June.

There is no question, he said of a text which would involve

agreement to definite proposals. Mitterand pointed out the Lie-Evatt letters referred to a general statement of principles favoring settlement of international disputes. This statement was contained in a resolution introduced in the General Assembly by Mexico and adopted unanimously.

Mitterand said the Evatt-Lie move pleased the French government, that it had always favored a conciliatory approach to disputes.

"The State Road Department is Florida's biggest governmental operation," Warren said in a statement accompanying his appointments. "The budget for 1948 exceeded \$61,000,000 and it employs about 4500 persons.

"It is of tremendous importance to the people of Florida and affects more citizens than any other department of state government controlled by the governor.

the executive branch of the government to continue its work. The commission is headed by former President Herbert Hoover.

In announcing he was asking Mr. Hoover to continue the work, he said he hoped it could facilitate "effective and economical administration."

The President left no doubt that he wants Secretary of State Marshall to continue in his post by saying he and the cabinet officials are in perfect agreement on everything and they always have been.

General Marshall, he said, never wanted to do anything but re-

lieve from the time he left the Army. He is serving as a patriotic duty.

And, the President went on, General Marshall is one of the greatest patriots of this country. In his first news conference since his stunning election victory, the President announced unequivocally that he would press the new Congress for enactment of the Democratic platform, including the Civil Rights proposals, and embracing his original 21-point domestic program of Sept. 8, 1945.

But, adopting the language of his recent campaign, he said he would not call a special session of what he described as the do-nothing 80th Congress.

Senator Bridges (R-N.H.) had

proposed a special session to deal with the deteriorating situation in China.

Mr. Truman said today that we are in communication with the president of China now. He would not discuss his communications with Chiang Kai-Shek, however.

As to whether new aid is being planned, he said Congress has authorized spending \$125,000,000 aiding that country.

ports between Portland, Me., and Hampton Roads, Va., went into its seventh day without indications of immediate settlement. Sailing

of the Queen Elizabeth for Halifax from Southampton, England, tomorrow was cancelled. The liner America, was unable to sail on schedule from New York for Europe today.

The east coast strike resulted from a wage dispute.

In the 76-day-old west coast shipping strike, negotiations between shippers and five participating unions were reported to have made progress and to be continuing.

Southern and Gulf coast ports were operating.

Other labor developments:

At Cincinnati, O., the American Federation of Labor convention was told by John R. Steelman, president Truman's special assis-

tant, that union leaders are playing an increasingly important part in shaping the nation's foreign and domestic policies.

CIO President Philip Murray said at Portland, Ore., he plans to be a candidate for re-election at next week's CIO convention there. He ended rumors that he would not run again.

John L. Lewis, chief of the United Mine Workers, said in a magazine interview he would prefer no replacement for the Taft-Hartley law if it is repealed.

Lewis' interview, copyrighted by U. S. News and World Report, said any new labor law ought to cover only a few fundamental and leave labor and management free to work out their problems as best they can.

Paris El Khouri of Syria told the Council the Jews may believe "they have won the first round, but that doesn't mean the end." He predicted there would be continuous conflict in the Holy Land.

Khouri said the Canadian proposal called for an armistice and negotiations. Negotiations, he added, implied they would be held between sovereign states, and the Arabs have never recognized the Jewish state.

Final official election returns for Florida reveal that President Truman failed by 6,834 votes of getting a majority in this state over his three opponents.

John L. Lewis, head of the United Mine Workers, does not think much of the New Deal's Social Security program. Most people seem to believe that any social security program is a good thing, but not John L.

"Florida's new political axis," writes Henning Hecht in the Miami Herald, "is the Senator Claude Pepper-Governor Elbert D. Swope team."

Everybody and his brother, it seems, wants to get an education in these days of over-crowded colleges and universities. Those who thought that enrollments would fall off as veterans dropped out a year or two after the war were over disappointed this year when more than 2,400,000 students signed up for higher learning.

Further proof that the Republican party is the party of Big Business is seen by the Man in the Street in the collapse of the stock market during the first week following the election.

THE WORLD TODAY

AP Foreign Affairs Analyst

The way this worried, grumpy old world of ours has been thrilling and chuckling over the birth of Princess Elizabeth's baby, I guess we don't need to worry about humanness being dead.

And what is the significance of all this? Well, several points strike me as worth comment. First off, although the Bolshevik upheaval has seen the disappearance of several more monarchies, we find English royalty apparently at the peak of popularity.

Rose Circle Meets With Mrs. Feinberg

Mrs. Irving Feinberg served as hostess for the November meeting of the Rose Circle of the Sanford Garden Club held on Friday morning at 10:00 A. M. The meeting was presided over by Mrs. B. B. Crumley and reports from various committees were heard. Members were reminded of the district meeting to be held at the Mayfair Inn on Dec. 2 and 3 and of the plant sale on Dec. 3.

Mrs. Endor Curlett told of the beautification of the hospital grounds during the meeting and members voted to sponsor a lecture by Mrs. L. Houston Rensch during the first week in March on the art of house making. Mrs. Rensch is from Jacksonville and the public is invited to attend this meeting.

Mrs. Charles Wilke read an article on the origin of the bougainvillea and Mrs. J. M. Meyer spoke on dish gardens. At the conclusion of the meeting a plant sale was held among the members with proceeds being donated to the Garden Club building fund.

Those attending the meeting were Mrs. Crumley, Mrs. Charles Laxson, Mrs. Edmund Mersch, Mrs. J. M. Meyer, Mrs. Edward F. Lane, Mrs. O. P. Henderson, Mrs. W. A. Morrison, Mrs. J. D. Woodruff, Mrs. B. Baby Celery Feds End '48 Season With Victory Over Jacket Jayvees

The Seminole High School Celery Fed "B" squad placed the cap on the 1948 football season at the high school football field last night when they punted the Leeburg Baby Yellow Jackets by an 18 to 7 score.

Midway the first period the Feds scored on a 20 yard punt by Buddy Bass, but the conversation was no good. After two exchanges of punts, the Jackets began to move, but Marion Butler, fleet Fed wingback, speared one of Leeburg's passes and ran 55 yards for

a touchdown. Again the try for the extra point was no good.

Thirty by second quarter the half ended Jack Renvall charged over the twin stripe into pay dirt for the only Leeburg marker. Renvall passed for the extra point.

The two teams played on an even basis during the third quarter, but Mike Whitchel charged over for the third Sanford touch down from the six yard stripe in the final minute of play in the fourth canto. The extra point at four was no good.

Savannah Boxing Commission Seeks Ban On Bill Conn

SAVANNAH, Ga., Nov. 17, (AP)—A Savannah boxing official is seeking to have Billy Conn, former heavyweight title contender now making a comeback, barred from the light ring.

Secretary Leon Collins of the Savannah boxing commission said last night Conn and a Miami, Fla. matchmaker, Sol Winegroff, defied a verbal contract to fight Whitey Beiler of New Orleans in Savannah tomorrow night.

Collins said he telegraphed a protest to Executive Secretary Harvey L. Miller of the National Boxing Association and asked that Conn and Winegroff be suspended.

Conn scored a ninth-round technical knockout in Mac Monday night over Mike O'Dowd of New York. The Pittsburgh fighter has had two cracks at Joe Louis' heavyweight crown.

Collins said that under an agreement made by telephone, Conn was to have reported to the Savannah commission by 2 P. M. yesterday. Instead, the secretary added, Winegroff telephoned that Conn injured a hand in the O'Dowd bout and could not appear.

Collins quoted Clark Bragg, secretary-treasurer of the Miami Athletic Association, and Dr. A. M. Phillips, association physician, as saying Conn did not report an injured hand after the O'Dowd fight. Winegroff was unavailable for comment. Conn left Miami yesterday.

Clemson Is Sent Feeler On Gator Bowl Tilt On Jan. 1

JACKSONVILLE, Nov. 17, (Special)—"Clemson is just one of several schools sent Gator Bowl feelers" in September," replied J. B. Darby, chairman of the Gator Bowl's selection committee, yesterday when asked to comment on an Associated Press release which appeared in last Sunday's paper.

The AP article, originating in Winston-Salem, N. C., said in part: "Before they won their seventh game here today—a 21-14 setback with Wake Forest—the Tigers at last night were invited to appear in the Gator Bowl on January 1."

While the Gator Bowl officials would not reveal which teams were being sought by the Jacksonville grid organization, he did not deny a number of the top teams in the Southern and Big Seven conferences were receiving consideration.

Following this line of thought, Clemson (7-0), North Carolina (9-1) and Maryland (6-2) of the Southern Conference and Ohio State (7-1), Kansas (7-1) and Missouri (6-2) of the Big Seven Conference would rank high as potential Gator Bowl contenders.

Darby concluded his remarks yesterday by saying: "The Gator Bowl has never let its followers down and I don't believe it will this time. I feel certain we are going to have another great football game here on New Year Day."

Local Hunters
Common sense in handling guns, plus consideration for others, will make hunting one of the safest sports.

With more hunters in the field than ever before, sportsmanship and safety are increasingly necessary. Sportsmanship is just good manners. Among the good manners of hunting are observing wildlife rules using one's head, putting out fires and extinguishing cigarettes.

T. Nieland of the Florida Agricultural Extension service has issued ten commandments of safety for hunters. They include:

1. Treat every gun with the respect due a loaded gun. This is the cardinal rule of gun safety.
2. Keep the firing mechanism "safe" until the instant you wish to shoot.
3. Carry only empty guns, taken down or with the action open, into your auto, camp and home.
4. Always carry your gun so you can control the direction of the muzzle, even if you stumble.
5. Be sure of your target before you pull the trigger.
6. Never point a gun at anyone, even if you are joking.
7. Never leave your gun unattended unless you unload it first.
8. Never climb a tree or a fence with a loaded gun.
9. Never shoot at a flat, hard surface or the surface of water.
10. Do not mix gunpowder and alcohol.

Frosty Peters

Frosty Peters, former Florida State League umpire, has returned to Sanford and is ready to start setting up "camp" for the George Fox Empire School to be held at the Municipal Airport next spring.

Peters is Barr's right hand man at the ump stand.

"We are going to have a bigger class of men here for the coming season than we had last year," Peters is reported, yesterday. "I feel that we will have nearly 100 men with us this year," he declared.

High School Meet
H. E. Morris, principle of Seminole High School, recently attended a meeting of the State High School Athletic Association held in Jacksonville, and reports that Sanford will remain in the Fifth District.

"There was some talk of changing Sanford to the Jacksonville District, but it was finally decided to leave us where we are," Morris asserted.

High school classifications have been divided into "A" and "B" for high schools, he reported. The tournament will be held this year in Lakeland and Aven Park.

Columbus, Ohio Is Simply Wild About Michigan

Ohio State Coach Says He Does Not Count Team Out

By JOHN FRYE COLUMBUS, O., Nov. 17, (AP)—The capital of the sovereign state of Ohio is going into its annual Michigan game dither — this time with extra zip.

The town-toms are heating up with fever if not conviction as "mad" Michigan, "beat" Michigan," all about high street from the campus through downtown.

All it means is that the Ohio State University Buckeyes meet the Michigan Wolverines — generally regarded as the Nation's No. 1 team — this Saturday. The Buckeyes go into the game with the odds against them. Pools around town are spotting the Buckeyes 14 points.

Coach Wesley Feeler himself, who brought the Buckeyes up from nowhere last season to a telephoto shot at the Rose Bowl, says that on paper, the Buckeyes "don't even belong on the same field with them."

"But," Feeler told a homecoming banquet last night, "there is something more to the game and that is attitude. Our team has that. No one can convince me that our team does not have a chance."

"So, the Buckeyes await the game with the idea that if Truman could do it, why can't they?"

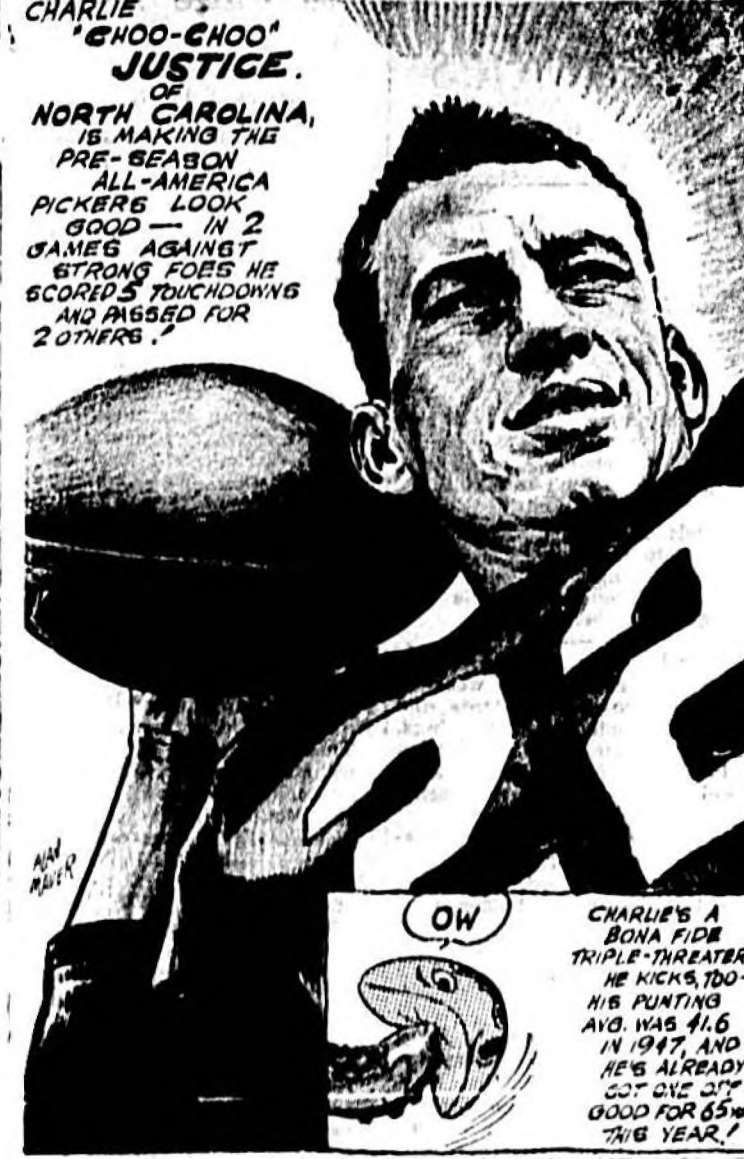

Whether they can in the big Ohio Stadium with its off-ill capacity of 76,677. Both Mutual and NBC networks are going to carry the full game to other thousands from coast to coast.

Meanwhile the city and Ohio are working themselves up. There'll be a parade and enough fanfare between Friday and game time to dazzle a Roman emperor.

The team itself is taking it easy. Not resting on its laurels, but leaning back a bit. They've won 17 games so far this year, but not taking any chances on anybody being hurt before the game.

What the game seems to lead down to is that the Western Conference's best passing squad comes to town to meet the second best pass defense team.

College Football Is Headed For Top Offensive Year In History

NEW YORK, Nov. 17, (AP)—College football is headed for its greatest offensive year in history.

When the curtain opens in the next few weeks, the campaign will have produced the highest scores, most touchdowns, most passes and most total yards of any season since the sport was introduced to the middle of the last century.

At the rate they're going, these major college teams are going to rack up 2,000 points more than last year, which was the best scoring season on record.

The National Collegiate Athletic Union says the 12 colleges listed in the study class have scored 17,492 points in 954 games so far. Last year's total was 16,053. Teams are averaging 18.27 points a game compared with last year's 16.7. There are 191 games to go in the regular season.

A new record is bound to be set in touchdown production. In 1947 there were 2,776. Already there have been 2,607. So you can count on at least 300 more TD's than ever before.

Field goals already have topped last year's high of 308. There have been 41 of the three-pointers.

The greater number of touchdowns naturally has brought an equivalent greater number of extra points. But punt kicking proficiency also has improved. Whereas the average conversion is 47 per cent in touchdown production, the straight splitters are moving along at a 70.7 clip this time.

The trend is toward more and better passes. It looks like more completions for more yards and more touchdowns than in 1947.

Last year 17,925 passes were thrown, a total of 7,130 completed for 102,348 yards and 821 touchdowns. Already aerial artists have flung 16,128 this season with 6,529 completions for 95,278 yards and 797 touchdowns.

The total yardage probably will exceed the 1947 gains by 30,000. The major teams covered 285,299 yards in 1947. They already have traveled this year.

The average gain per game is 274.3 yards compared with 255.4 in 1947.

Sectionally, the southwest has recaptured the scoring leadership it held during the "marital crisis" era but later lost. The boys in the wide open spaces are averaging 19.35 points per game for the best in the land, with the east second

Florida Gators Plan Defense For Miami Hurricane

GAINESVILLE, Nov. 17, (AP)—Ways and means of checking Miami backs Frank Smith, Cliff Shrader and Harry Ghaul will be the main topic of work for Florida's Gators at this afternoon's workout.

Of the hard-running Hurricane trio, Shrader has piled up the most yardage from scrimmage, 192, but Harry Ghaul has an impressive 9.1 yard average with 155 yards on only 17 trips with the ball.

Florida's offense is still threatened by the score arm which Charlie Hunsinger developed in the Kentucky game and has been nursing through the week. Hunsinger, tied with John Cox in the Florida scoring with 36 points, is far ahead of other Gator ground gainers with 634 yards at the end of eight games.

While the prospective attendance is nearing the capacity figure of 20,400, Florida officials announced today that tickets are still available and that upward of a thousand will probably be available the day of the game.

Right tackle Cliff Sutton, who last week became the first Florida player to put in the full 60 minutes of playing time in a single game, is pacing the week's defensive work, with guards Groves and Heurtz, right tackle Frank Dempsey and center Jimmy Kynes and John Gilbert in on all of the heavy work.

Saturday's game, which is Florida's homecoming, will be the tenth of the Florida-Miami series which began in 1938 and has seen five Florida wins against four Hurricane victories.

Little Rose Bowl Field Is Wide Open

PASADENA, Calif., Nov. 17, (AP)—The field is still wide open in the selection of junior college football teams to play in the third annual Little Rose Bowl game Dec. 11.

Compton and San Francisco city colleges appear to be the leading contenders to represent the west, but the choice won't be settled until Nov. 27.

Game officials of the Pasadena Junior Chamber of Commerce listed several candidates from out of the state.

Included were Duluth, Minn., Junior College, which has amassed 260 points to opponents' 31, and Norfolk, Neb., which went in a challenge after winding up an eight-game schedule.

The game was true of Kilgore, Tex., defeated by Compton in the inaugural Jayvee classic, South Georgia Junior College, Bergen Jayvee of Teaneck, N. J., and several others.

Saturday To Be Big Day For Armstrong

HANOVER, N. H., Nov. 17, (AP)—Saturday will be a big day in the life of Dartmouth football captain and star end Dale Armstrong.

Armstrong, one of football's better ends but only will play his final game of collegiate football at Princeton, N. J., against Princeton but afterwards will slip over to New York and marry Miss Gloria Stutter of Maspeth, N. Y.

A Pittsburgh native, Armstrong served three years in the Army and was awarded the Bronze Star for heroism in action in the European Theater.

It is estimated that ball games of various kinds have \$25,000,000 spectators annually in the United States.

The Clubhouse

By FRANK ECK AP News-Features Sports Editor

NEW YORK—If the lively ball has done anything for baseball, the winter months will be the best.

The complete but unofficial winter season is 100 or more games for 200 or better, the same number that made the select circle the previous year.

St. Louis' Cardinal had his best season with 375. He made the highest completed in the National League since 1935 when Arky Vaughan hit 385 for Pittsburgh.

Other National Leaguers in the select circle are Richie Ashburn of the Phillies, Tommy Holmes and Alvin Dark of the Braves, Eno Slaughter of the Cardinals, Jeff Heath of the Braves, Dixie Walker of Pittsburgh, Andy Pafko of the Cubs, Ted Gordon of the Giants and Frank Baumholtz of Cincinnati. Holmes hit 306 for the fifth straight season.

Ashburn, with 333, and Dark, hitting 322, were the only senior league rookies to hit in the charm circle.

Ted Williams had one of his good years. The Boston Red Sox left fielder hit 309 and now has hit above 300 in all of his seven years in the majors. His recent mark is his best since 1941 when he batted .409.

Following Williams in order are Manager Lou Boudreau and Dale Mitchell of Cleveland, Al Zarilla of the Browns, Barney McCoy of the Athletics, Bob Dillinger of the Browns, Joe DiMaggio of the Yankees, Hank Majeski of the A's,

Last Ruth Home Run Is Memorialized

PHILADELPHIA, Nov. 17, (AP)—The last Major League home run hit by Babe Ruth has been memorialized.

The Pittsburgh Pirates' Forbes Field plaque, erected yesterday, bears the following inscription:

"Babe Ruth (1895-1948) hit the last home run of his career while playing with the Boston Braves on Oct. 30, 1935, at Forbes Field.

"The home run, 714th of Ruth's career, cleared the right field stands at this point."

Luke Appling of the White Sox

George Kelly, Tiger third baseman, also hit 308 but in 1942.

When they talk about the rabbit ball, as baseball veterans have been doing these days, they should ask Lefty Gomez, the slim ex-Yankee.

"Ten years ago we had the rabbit ball," says Gomez. "Why everytime I got ready to throw the ball I could feel the rabbit's heart beating."

Basketball Association of America teams will play doubleheaders in New York, Chicago, Indianapolis, Boston, St. Louis and Philadelphia this season.

Entire Miami Eleven To Go To Gainesville

MIAMI, Nov. 17, (Special)—The entire University of Miami football squad of 37 players will make the trip to Gainesville this week to battle the University of Florida Gators.

"All of the boys will make the trip," Coach Andy Gustafson said this morning. "We even plan to take the Freshman team along as spectators." Gustafson said the Fresh eleven plays Friday night against the Gator yearlings in the Orange Bowl and immediately after the game will set out for the Seaboard station to board a special train which pulls out at midnight.

The varsity team is booked to leave here at 8 o'clock Friday night and will stop at Ocala Friday night. The club will workout in Ocala Friday afternoon and will not go into Gainesville until Saturday just before the ball game. Coach Gustafson said.

Several thousand rosters will follow the team to Gainesville. Many fans will go on the special train, while others will head for the State school by car and plane.

CHARITY WINS RACE
LONDON, (AP)—William Woodward, chairman of the New York Jockey Club, who won the English St. Leger with his American-bred Black Tarquin, celebrated by sending 100 pounds (\$400) to the Royal Memorial Fund. This is one of the English charities administered by the Jockey Club here.

Talmadge Takes Office As 63rd Georgia Governor

35-Year Old Son Of "Old Gene" Is Inducted Into Office

ATLANTA, Nov. 17. (AP)—Herman Talmadge, one-time farm boy, became the 63rd governor of Georgia today in a ceremony blending country-style simplicity with official pomp.

Cannon boomed a salute, two bands played, and followers whooped and yelled after Talmadge took the oath as the youngest state executive in the nation.

The 35-year-old "white supremacist" champion inherited the reins of political power his father dropped two years ago. The late, famed Eugene Talmadge died before he could assume his fourth term as governor in 1947.

The state legislature in an historic session attempted to seat Herman in the vacancy. Lieutenant-Governor M. E. Thompson also claimed the governor's toga. For 67 days the state had two governors until the Georgia supreme court ruled for Thompson.

The same legislature, which failed to install Herman in 1947 sat today on the capitol lawn cheering his ascension to power—for keeps this time. Young Talmadge, a lawyer, farmer and veteran of Pacific combat as a naval officer, beat Thompson badly in last summer's Democratic primary.

He breezed through the general election with no organized opposition for his first legal public office. Like his father, for political occasions, he sports red suspenders, an unruly black forelock, a rural drawl but at other times he is a conservative business-like young man.

Marshall Leaves

(Continued From Page One) gate in a U.S. Air Force plane.

The former Republican Senator has had a hard time in the U.S. affairs since the Dumbarton Oaks Conference in 1944.

He took part in the debates on arms limitation and atomic energy here before he went to the hospital. His chief aide, who would be able to resume his duties as chief of the U.S. mission to the United Nations at Lake Success, N. Y., in January.

The departures of Marshall and Austin will leave three first-string delegates here for the American plus five alternates and a full staff of advisers. Each nation may have five delegates and five alternates at the assembly.

The delegation list published by the U.N. gives this order of the remaining three top delegates: John Foster Dulles, Republican party foreign affairs adviser and top Republican on the bi-partisan delegation.

Mrs. Franklin D. Roosevelt, Dr. Philip C. Jessup, U.S. deputy on the Security Council.

The Americans said the question of how to handle the delegation would be decided in consultation with President Truman.

Marshall, Austin, and Jessup are the only Americans who by act of Congress can sit on the Security Council. This will allow the Americans to carry on the Berlin and Palestine talks in the Security Council in addition to speaking for the Americans on Palestine in the 58-nation Assembly Political Committee.

Christmas Seal Aid Stenstrom Urges TB

Douglas Stenstrom, chairman of the Large Gifts Committee, for the Seminole County Tuberculosis and Health Association, today urged support for the Christmas Seal sale that begins next Monday.

"Every individual, business, civic and religious group who possibly can, is urged to support the Seal Sale in order that the program, designed to combat tuberculosis in the county, may be continued," he stated.

Proceeds, he pointed out, includes a program of health education, case-finding, patient services, x-ray rehabilitation and other service. First official mailing of seals will start Thursday.

FERTILIZER COOPERATIVE. The Pinellas Grower Fertilizer Cooperative has enabled many growers to save money on their fertilizer purchases during the past two years, according to County Agent J. H. Logan.

By June 30, 1947, more than 1,000,000 rural consumers were receiving electric service for REA-financed distribution systems.

64 GIRLS ENROLLMENT. One hundred and ninety Citrus County girls are now enrolled in 6-H club work, Mrs. Doris Turner, home agent, reports.

Woman's old problem solved by 2-way help. A woman who has long suffered from a chronic condition has found relief through a new treatment method. Now Is Time To Plan Thanksgiving Dinner

By CECILY BROWNSTONE
Associate Press Food Editor

Time to plan Thanksgiving dinner now! Time, too, to check up on the most up-to-date practices in roasting a turkey if you want your bird to be perfect. Here's a brief Turkey Quiz to bone up on before the Day.

How much dressing should you allow?—One cup of dressing for each pound of turkey is a good guide. The rule is to pack the stuffing in lightly to allow for expansion cooking. This way you'll achieve a fluffy, good-tasting result.

How can you put two kinds of dressing in one turkey?—If the members of your family have strong individual preferences for wet or dry, sweet or not-at-all-sweet dressing, you can make everybody happy by preparing one kind of stuffing for the body, another for the neck.

Why is trussing recommended?—Because binding the legs and wings to the body improves the turkey's appearance, helps the bird to roast evenly, and makes carving easier. First step in trussing: Lift the wings up and out, forcing the tips back until they rest flat against the neck skin. Second is to tie the legs together and then pull toward the tail until the leg ends are right above it, now tie the legs close against the tail. After one hour of roasting the leg trussings should be cut, releasing the leg ends from the tail.

How do you use skewers?—To fasten the neck skin—after it has been filled with dressing—to the back. After to close the abdominal opening so the dressing won't fall out by lacing it together with light cord and a few small skewers.

What are the advantages of a roasting rack?—Either a flat or a v-shaped rack raises the bird so that heat can circulate freely around and cook and brown it evenly. Roast the bird breast-down, except for the last quarter of cooking, when the breast may be turned up to insure total browning.

And how about the cranberries to go along with the turkey? Here are some tips for their Thanksgiving preparation that ought to make them taste better than ever.

What kind of cranberries give the best eating?—In buying, choose berries that look fresh, firm, and shiny. If they're shriveled, dull-looking or soft, you may be sure they'll be of inferior flavor.

Government experts say that the smaller, darker berries may be somewhat sweeter than the rather large, bright red berries. For whole cranberry sauce the largest, brightest berries make the best appearance.

What else besides turkey goes well with cranberries?—If roast chicken, duck or pork are on your Thanksgiving menu you'll find the sweet-tart flavor of cranberries just right with them.

How long should cranberries be cooked for sauce or jelly?—Modern methods emphasize short rapid cooking as the best way to preserve flavor and color.

How should raw cranberry relishes?—Raw cranberry relishes are a comparatively new development in cranberry cookery—and one that's here to stay. They are likely to be so popular once you try them on your family and friends that they'll want you to include them every year. The base of all these raw relishes is the raw cranberry, put through the food chopper, usually using the medium knife. Along with the cranberries may go any other fruits you like, fresh or dried, and then enough sugar is added to sweeten and develop flavor. When such fresh fruits as lemon or orange are used the fruit skins go through the chopper along with the pulp. Other additions such as nuts or coconut may also go into the relish.

Here is a new recipe for Cranberry Pear Relish that I tried for the first time this year with the hearty approval of guests. The tangy taste of lemon and the fresh flavor of the pear go well with the cranberries.

CRANBERRY PEAR RELISH
Ingredients: 4 cups fresh cranberries, 2 lemons, 2 cups sugar, 2 ripe but very firm large pears.
Method: Pick over cranberries, discarding any that are soft or blemished; wash under cold water and drain. Wash lemons, quarter and seed, removing center strip of membrane if desired. Put cranberries and lemon quarters through food chopper, using medium knife; add sugar and mix well. Peel pears, halve, core and cut in dice that are not too small—about one-half to three-quarter-inch pieces. Add to cranberry mixture and mix in lightly. Chill in refrigerator before serving. Makes about 5 cups. Relish will keep in a closed container in refrigerator, for about a week.

LOUIS JOURDAN and JOAN FONTAINE in "LETTER FROM AN UNKNOWN WOMAN," presented by Universal-International Pictures at the Ritz Theatre Thursday and Friday.

U. N. Meets

(Continued From Page One) Ministers.

The statement was on again. The United States once again said it would not negotiate the issue of Berlin under the threat implicit in the Russian blockade.

Britain said the Russian veto of a Berlin solution offered by the council stood in the way of progress toward a settlement. That proposal had called for lifting of the blockade, to be followed immediately by a four-power conference.

The British also replied to the appeal of Evtal and Lie that the most hopeful approach to a Berlin solution would be to leave it to the Security Council.

Secretary of State Marshall, whose reply was checked and cleared with President Truman, said the United States had engaged in talks with Russia as soon as the blockade was lifted. He said also the United States looks to the Security Council for further efforts to solve the issue.

Marshall, in the formal American reply to the Evtal-Lie letter, said the United States had discussed the matter directly with Russia until it became apparent the Berlin blockade was established to gain political objectives which Russia was not entitled.

"We therefore referred the question to the Security Council as a threat to the peace, where it still remains," Marshall replied. "To compromise the principle of the Charter that force shall not be used for the attainment of national objectives would endanger the peace of the world," Marshall wrote.

"There is a basic issue in relation to Berlin—that is, whether or not the Soviet government can be permitted to use force, whether by way of blockade or economic pressures involving currency, credit or trade, or otherwise to deprive the western powers of participation in the administration of Berlin."

Marshall said the government of the United States wants a solution of the Berlin question and continues to seek such a solution through the United Nations.

"We have supported the efforts of the Security Council and its president to remove the danger to the peace arising from the Soviet blockade of the western sectors of Berlin," Marshall wrote. "I desire to assure you that the remaining our course and objective."

With all the answers in, Lie and Evtal renewed their appeal to the Big Four to settle their differences over Berlin.

The two said they have noted with satisfaction that each of the four powers indicated, in "one form or another," a desire to reach a settlement.

They added that they hope "this common desire will find expression with the least delay in further attempts to find a solution acceptable to all parties."

Ohio Governor Sends Fox To Florida Gang

COLUMBUS, O., Nov. 17. (AP)—Governor Thomas J. Herbert today honored Florida's extradition request for Fred Fox, 21, and ordered him turned over to Florida authorities.

The governor's decision ended Fox's long fight against extradition. He escaped last spring from a Lake Oak prison camp.

Fox had fought extradition with accusations of brutality in the Florida camps. In honoring the extradition request, Governor Herbert said his investigation disclosed no brutal treatment of convict road gangs in Florida.

Deputies watched the funeral hours for appearance of any suspicious persons, but to no avail, Minton said. Meanwhile, two women were being sought for questioning in connection with the case.

Forrestal Meet

(Continued From Page One) vited him to fly down from Washington to have lunch at his quarters in the commodore's house.

Representative Sam Rayburn (Texas) the prospective Speaker of the House again when the Democrats organize it in January, is coming in tomorrow also. Ross said Rayburn would arrive in time for dinner.

Ross made it clear that Mr. Truman had not "summoned" Forrestal to Florida. There is the possibility the defense chief will fly back tomorrow afternoon.

Ross would not go beyond the basic announcement. He said 10,000 pieces of mail and 10,000 telegrams of congratulations have been received at the White House in Washington since Mr. Truman's election victory.

These sources, unquotable by name, said the President is in no hurry to shake up his Cabinet and he can complete selection of a team to carry on during the next four years.

As he told a news conference here yesterday, everybody has been shuffling the Cabinet around but the President, Mr. Truman said, would set at a man to succeed Robert H. Lovett when the latter steps out as undersecretary of state.

Meanwhile, the President went to the beach again for a swim and a sunbath, taking his daughter, Margaret, with him. Received a telegram from Princess Elizabeth thanking him for his message of felicitation on the birth of her son.

Canada Shoremen

(Continued From Page One) from Maine to Virginia went into its eighth day with no settlement in sight.

Meanwhile in Washington, the government sent one of its top mediators to New York today to try to end the crippling East Coast dock strike.

William N. Margolis, assistant to Director Cyrus S. Ching of the Federal Mediation Service, left by plane for conferences with union and management leaders.

Margolis' immediate objective was understood to be to get both sides together seeking a strike-ending solution. There have been no union-agreement peace talks since the walkout began more than a week ago.

Other Mediation Service conciliators have been working for months on the dispute between the AFL International Longshoremen's Association and Atlantic Coast stevedoring firms.

"I intend to do everything we can to end the walkout," Margolis told a reporter.

City Market

(Continued From Page One) bean deal. Glades beans are now starting to come in. In the new market addition at Sanford Producers Co., beans were being dumped on a wide conveyor belt where fans dried and blew the dust from the beans, and more than a dozen workers sorted them for culis before packing. Prices of string beans being running between \$2.50 and \$3.00 according to grade.

At the William Williams stall, cucumbers, which are more plentiful this season than last, were being cleaned and washed prior to packing. Due to heavy South Carolina and Georgia crops the cucumbers are \$2.00 to \$2.75 a bushel as compared with \$7.00 to \$8.00 last year. Tomatoes, are bringing \$2.00 to \$3.00 a unit. Pickling is due to start at Ft. Pierce this week.

Yellow squashes of fine quality are bringing \$3.50 to \$4.00 a hamper, and radishes, \$2.50 to \$2.75.

Nearly one billion metal cans are used annually to pack seafood in the United States.

China War

(Continued From Page One) Red attacks across the open country east of Suchow, 200 miles northwest of the capital.

General Huang Po-Tao's seventh army group, which was isolated east of Suchow, lost more than half of its full strength of four armies. It survived repeated attacks and still is in the field. Its ability to take and give punishment heartened other government units.

The executive yuan ordered martial law extended. The action followed the application of martial law to Nanking, Shanghai and Suzhou on the basis of information here.

The Chinese air force blunted formation. These points, however, appeared Suchow.

General Pal Chung-Hai's four National armies from Hankow approached the Fukow-Suchow railroad from the west after a forced march of 180 miles.

The effectiveness of General Pal's troops in bolstering Suchow's defenses was undetermined since at least two Red columns paralleled them across the countryside.

Hankow reports said thousands of workers there were digging trenches outside the city as additional defenses to Communist raids.

Qualified observers here hold the opinion the Reds were regrouping for another assault instead of being on the run.

Most Chinese expressed doubt that the Suchow "victory" was as sweeping as pictured by the newspapers and government. But it appeared that Chiang Kai-Shek's troops at least held their own in the first phases of the great Suchow battle in which more than 1,000,000 men assertedly were committed.

Florida Rail Hike

(Continued From Page One) that ICC orders increasing interstate rates since April 9 were based largely on unsettled labor conditions work stoppage in the coal mining and packing house industries, unusually severe and long-continued bad weather conditions, and shortage of materials.

Florida operations were not materially affected by the work stoppages in either coal mining or packing house industries because none of the three Florida roads, handling about 90 percent of the volume of traffic, have any normal traffic to speak of," the state agency said.

The ICC exempted the Western United States from its recent increases because of more favorable conditions for railroad operations there, the state board said, "and with equal justification this commission is of the opinion that no further general increase in ad interim rates should be granted on Florida intrastate traffic at this time."

The commission declined to write into its rail rate order anything about differences between rates allowed for moving petroleum by tank truck and railroad tank cars. Truck operators had asked that some adjustments be included. The commission said the matter must be considered in separate proceedings.

Draft Quotas

(Continued From Page 1) future draft calls, the official explained—how soon, state directors would be better able to estimate.

Here's how the system will work once all the cards are in: Let's take town A which has 100 men of draft age. Ten are already in the armed services and do not have to register.

The remaining 90 register and 60 of them pass physical examinations and are classed 1-A.

The town is given a quota, say, of five men. But it already has ten men in the service, so if the draft call does not change, its credit takes care of two calls.

In the beginning, however, since no one knows how many credits each town will receive until the figures are in, town A will fill its quota and apply the credits later on.

Author Louise Baker Says Use Firm Hand On Crippled Children

CHICAGO, Nov. 17. (AP)—Spunk a crippled child? Yes, if he needs it, says author Louise Baker.

Miss Baker lost a leg in a traffic accident when she was eight years old. A few months later, she said, her father spanked her for trying to boss the household.

"I had learned lesson number one, that I was going to have to live with my handicap, but not off it," Miss Baker today told the annual convention for the National Society for Crippled Children.

"Not that all crippled children should be spanked," she said in her prepared talk. "I just happened to be that type." "Out On The Limb" and "Parly Line," Miss Baker, of Williams, Ariz., said she didn't learn her lesson all at once. More spankings followed. She got them whenever she needed them just as her unhandicapped sister did. And other things happened: "I got crutches. I learned to walk, then run. I was fine. I was okay. I learned to roller skate. I learned to play baseball. I had fun."

"I hit kids and they hit me back—and don't think that isn't symptomatic of the normal adjustment of a crippled child's playmates at least."

Fish have been found in mountain lakes above the line of perpetual snow.

Mistreatment Case Divides Father, Son

DETROIT, Nov. 17. (AP)—A boy's story of mistreatment divided son against father today in a court case.

Declaring "I'm getting big now" and "I can't stand it any more," Carl Russo, 13, went to police to tell of being chained to his bed and beaten.

He said his father, Antonio Russo, 43, had been doing this to him since he was six years old. The last time, Carl said, was on Friday when he came home late from a movie.

The boy, a sixth grade pupil, showed bruises on his body—from a rubber hose, he said—and recorders Judge Christopher E. Stein signed an assault and battery warrant against the father.

The older Russo, a drug company packer, has four other children. He made no formal statement, pending arraignment.

Employers and unions must try even more to meet each other, half way, Ching said, because "our example to the rest of the world is extremely important."

Marshall Asks For Advice On Berlin's Money

American Experts Are Called In To Aid In Currency Aspects Of Crisis In Germany

By JOSEPH E. DYMAN
PARIS, Nov. 18. (AP)—Secretary of State Marshall summoned American financial and monetary experts today from Washington and Berlin to advise on currency aspects of the Berlin crisis.

They will consult with Dr. Philip C. Jessup, U.S. deputy who handles the Berlin case for Marshall in the Security Council.

This step was disclosed by an American delegation source as emphasis in the blockade dispute shifted to technical aspects of the currency control problem in the former German capital.

The American experts are flying to Paris from the Treasury Department in Washington and from General Lucius D. Clay's military government staff in Berlin.

The experts will have before them a questionnaire on the currency issue which Security Council President Juan A. Bramuglia of Argentina has sent to the Big Four nations.

Bramuglia is leading a Berlin compromise effort on behalf of the council's "neutral" nations.

U. N. Secretary-General Trygve Lie also has initiated a study of the currency question by his own technicians. American sources said today their delegation has not yet received any specific request for definite information from Lie.

The Soviet Union has declared it will not lift the blockade unless the Soviet mark becomes Berlin's sole currency. The Western Powers agree, but insist the Soviet mark must be under adequate four-power control when it circulates within Berlin.

Senator Pepper Is Greeted In City By Local Growers

Not one of the Sitting Sons of Rest, who usually may be seen discussing the nation's political problems at Park Avenue and Magnolia Avenue, was on hand yesterday afternoon at 3:30 o'clock to greet Senator Claude Pepper when he and Mrs. Pepper drew up at the curb for a brief stop en route from Orlando to Jacksonville.

The growing and shipping interests of Sanford stepped into the gap created by the absence of Pepper, and formed a delighted little ring, with Senator and Mrs. Pepper at the street corner. They included M. L. Cullum and J. D. Callahan of Chase and Co., Roby Ising, F. J. C. Hutchinson Co., and W. E. Kirchhoff, Gladys DePue.

Senator Pepper was in an optimistic mood, and predicted as a (Continued On Page Four)

14th Air Forces To Leave Orlando Base

WASHINGTON, Nov. 18. (AP)—Headquarters of the 14th Air Force will be moved within 60 days from the Orlando base to Langley Field, Va., Air Force officers said today.

The Orlando field will continue to be fully used, Air Force officials said. They said it is not known now, however, what units may be transferred to Orlando.

Headquarters of the 12th Air Force will go from March Air Base, California, to Brooks Air Force Base, Texas. No change will be made in the other four air force base headquarters.

WORKERS PLACED TALLAHASSEE, Nov. 18. (AP)—

The Florida State Employment Service said today that 847 farm workers last month at the fruit and vegetable harvest season began.

That made more than 80,000 workers placed in farm jobs so far this year.

Chairman Carl E. Smith of the State Industrial Commission reported "an unexpected temporary shortage in bean pickers has developed on the east coast" but is being met by sending several hundred workers from other Florida areas and recruiting in other states.

RAIN FALL

Only one quarter of an inch of rain fell in the shower last evening, but it was welcomed by growers as the first real rainfall in November, prior to it only 0.5 of an inch of rain had fallen here during the month, said B. F. Whitner, weatherman, this morning. Normal rainfall is 1.77 inches in November.

Judge Refuses To Enjoin Vocolle

TALLAHASSEE, Nov. 17. (AP)—Circuit Judge W. May Walker today refused to enjoin State Beverage Director James T. Vocolle from issuing any more club liquor licenses in Dade County.

However, he declined to dismiss a suit brought by Dade retail liquor dealers and allowed Samuel Kanner, Vocolle's attorney, until next Wednesday to file brief in the case.

Public Showdown With Red Element Is Slated In CIO

AFL Enters Politics
On Permanent Basis
At National Meeting

By MAX HALL
PORTLAND, Ore., Nov. 18. (AP)—The national CIO convention next week is going to be different.

All signs today pointed to the likelihood of a public showdown with the pro-Communist element in the CIO leadership.

As a starter, the dozen or so members of the executive board who supported Henry Wallace for President are expected to get a verbal hearing such as they never got at any CIO convention.

They may get something more. Various CIO leaders are talking about considering some form of action that would go beyond mere words. These plans haven't jelled into a definite proposal. But one thing being discussed is a convention resolution that would say in effect:

"Either support CIO policies in the future or resign from the executive board."

In the recent political campaign, the CIO's policy was against Wallace and all-out for President Truman.

And in Cincinnati the American Federation of Labor has entered politics on a permanent basis.

Delegates to the Federation's 67th annual convention voted yesterday to collect 75 cents from each of its nearly 7,500,000 members to finance a propaganda and education drive of Labor League for Political Education. The drive is to be financed by the dues of the Taft-Hartley Act holds direct contributions.

The drive, with \$750,000 working capital, will be centered on the nation's 110,000 polling precincts during the next 14 months.

Woman Charged With Teaching Robbery

SPRINGFIELD, Ill., Nov. 18. (AP)—A 50-year-old Springfield woman, described by police detectives as a teacher of robbery techniques to three youths, is in jail on three charges in connection with their brief crime spree.

Detective Sgt. Charles Easton and James Ippolito said Mrs. Florence Moomaw was arrested last night and charged with armed robbery, attempted robbery, and contributing to the delinquency of a minor.

The three youths, in signed statements, admitted one robbery and an attempted robbery. They also are in jail and are charged with robbery and an attempted armed robbery.

CUNNINGHAM HERE

Wesley Cunningham, seaman of the Merchant Marine, has been visiting his parents, Mr. and Mrs. J. A. Cunningham after several years of sea service. He left yesterday noon for Tampa to ship out again. He came here a week ago Monday night, taking the EAL plane from New York to Jacksonville, and from there to Sanford by plane. He has since visited St. Petersburg.

MURDER PHOTOGRAPHER

VALDOSTA, Ga., Nov. 18. (AP)—Elizabeth Washington, 18-year-old negro, was indicted on a charge of murder yesterday in the slaying of Morris Medora, 55, former Hollywood motion picture photographer.

Superior Court Clerk T. B. Converse said the girl will go on trial Tuesday in a special session of Judge George R. Lilly's Court.

Nationalists Claim Entire Rout Of Reds

Chang Says Reds Are In Flight As Gov- ernment Forces End Mopping Up Sector

By HAROLD W. MILK
NANKING, Nov. 18. (AP)—The government claimed complete victory in the Szechwan battle today.

General Chang Chao, official military spokesman, told his weekly press conference:

"The battle for Szechwan is considered as completed. What the Communists do now is subject to conjecture."

Chang pictured the Red forces in flight 25 and 30 miles from an area extending 100 miles around Szechwan.

The spokesman said 1,000 Red casualties were inflicted on the Reds as against 40,000 inflicted by Nationalists.

"Even as he spoke, the American cable said the Nationalists prepared to rush from training to the front, to bolster the 600 Marines at the U.S. Naval base there. Shanghai reports had a Red truck column moving toward Tsingtau from Taiman.

Rep. Knutson Says Corporation Taxes Should Be Boosted

BY DOUGLAS B. CORNELL
WASHINGTON, Nov. 18. (AP)—Rep. Knutson (R-Minn.), critic of the law that cut individual income tax, said today the corporation income tax ought to be boosted.

"A number of large corporations," Knutson told reporters, "are making too much money."

He said he has given up any thought of further slashes in taxes for the individual.

Knutson said he is going to leave these ideas with the new chairman of the congressional committee that writes tax bills.

For corporations, he mentioned a 1 per cent tax hike that would bring in about \$1,000,000. The rate now is .38 per cent on income over \$50,000, after the usual deductions are allowed.

Knutson pointed to the steel in the north as an example of companies he said are making too much money.

U. S. Private Saves 4 Japanese Miners

SENDAI, Japan, Nov. 18. (AP)—Private Salvatore Forte of Hattori, Pa., was almost as big a hero in Japan today as General Douglas MacArthur. Private Forte saved the lives of four Japanese miners buried in a cave in for 12 days. Their families and friends had given them up for dead. But not Private Forte. He kept digging doggedly. And he kept a crew of Japanese digging down through a 100-foot high hill, to reach the imprisoned men. They were exhausted and were rushed to an emergency hospital and set up in a tent at the mine's mouth.

Polio Foundation Faces Money Trouble

NEW YORK, Nov. 18. (AP)—The National Foundation for Infantile Paralysis reported today a critical financial situation for the first time in its eleven-year history.

The foundation said last night the fund was caused by heavy drains on its treasury by polo players this year.

Costs of care of victims this year alone will be \$14,000,000, he told 100 delegates to the fourth annual conference of women state officers of the organization. The foundation spends large sums on research as well as care of victims.

Duncan Reappointed Building Code Head

GALVESTON, Tex., Nov. 18. (AP)—The Southern Building Congress selected all its officers yesterday but retained down the building codes which advocates said would have reduced costs 20 per cent.

The officers James W. Morrison, Birmingham, Ala., president; Rudy Duncan, Sanford, vice president; Frank W. Walter, Augusta, Ga.; Chester Crossfield, Nashville, Tenn.; and J. Herbert Morgan, Gadsden, Ala., trustees.

Substitution of treated wood for non-combustible materials for five relative ratings was the main change proposed in the code. Other changes involved sprinkler systems and area limitations.

TURKEYS ARE EXPECTED TO BE SCARCE AND EXPENSIVE FOR HOLIDAY SEASON

By ASSOCIATED PRESS
The nation's largest is well stocked with food for Thanksgiving shoppers this year—but the high price of turkeys may stifle a lot of households.

Young hen turkeys are likely to be selling for 75 to 80 cents a pound between now and Thanksgiving, as compared with about 50 cents last year.

As usual, you can get more meat for your money buying the heavier turkeys, which usually cost about 10 cents a pound less for birds of 10 pounds or over.

The price of choice gobblers may go even higher as the big dinner day approaches, trade circles say. Holiday turkey prices are among the most unpredictable in the food industry. It demands for the traditional bird since high despite the fact, the coming week may see the supply of small turkeys decline so rapidly that prices may well go

over the 80-cent level. Turkey production this year was the smallest in a decade, an estimated 31,710,000 birds as against 44,221,000 in 1945. The crop is about 10 per cent under last year, and poultry buyers say the biggest drop has been in birds under 10 pounds. Thus, if the small turkeys are sold this Thanksgiving in the expected numbers, Christmas may find supplies restricted largely to heavy toms, with the young hens at an unprecedented (Continued On Page Four)

Turkeys Are Expected To Be Scarce And Expensive For Holiday Season

By ASSOCIATED PRESS
The nation's largest is well stocked with food for Thanksgiving shoppers this year—but the high price of turkeys may stifle a lot of households.

Young hen turkeys are likely to be selling for 75 to 80 cents a pound between now and Thanksgiving, as compared with about 50 cents last year.

As usual, you can get more meat for your money buying the heavier turkeys, which usually cost about 10 cents a pound less for birds of 10 pounds or over.

The price of choice gobblers may go even higher as the big dinner day approaches, trade circles say. Holiday turkey prices are among the most unpredictable in the food industry. It demands for the traditional bird since high despite the fact, the coming week may see the supply of small turkeys decline so rapidly that prices may well go

over the 80-cent level. Turkey production this year was the smallest in a decade, an estimated 31,710,000 birds as against 44,221,000 in 1945. The crop is about 10 per cent under last year, and poultry buyers say the biggest drop has been in birds under 10 pounds. Thus, if the small turkeys are sold this Thanksgiving in the expected numbers, Christmas may find supplies restricted largely to heavy toms, with the young hens at an unprecedented (Continued On Page Four)
