CROWE'S FISH CAMP . . . Eight year old W. D. Strick- ford squad's final inning rally Outside the land of Sanford caught a six and a half pound bass and is was shortlived bringing home Baseball Tonight, but inside the it among several others who have been bringing in good size only two runs to fall one run be Twins and Angels were involved hass. The daily limit of bream has been coming in regularly. hind. The overall fishing is good when you can get in between the Modern Mobile copped their in something Abner Doubleday of the seventh. Short and sweet.

came in with seven bass, two of which weighed in at four and seven and a half pounds. The way the river is rising tine. the fish are beginning to school. They are also catching a

MARINA ISLE FISH CAMP . . . The fish are biting some but the overall picture is not the best in the world due to the third round of play. The went all the way and only allowed seven hits. rising water. As soon as the water quits rising fishing will pick-up considerably.

LEMON BLUFF FISH CAMP . . . They were catching some nice bass after the rain when the water wasn't muddy. Boats were coming in with bass and some real nice catfish and bream. The fish are beginning to school on the sand bar right in front of the camp.

HILEY'S FISH CAMP . . . Some nice bream and shell crackers are being brought in. A few boats are coming in fullup. As yet, very few bass have been caught. In general, the wet weather has slowed the fishes biting but between storms if you know where to go on the lake you can get all you want.

\* \* \* \* Here's a letter addressed to Bill Vincent from the Orlando area with the writer requesting to remain anonymous: "Enjoy reading your article on fishing.

You mentioned that commercial fishing should couraged, I thoroughly agree with you. At least some people would get some fish to eat instead of spray for 'rough fish'. It stands to reason when they kill rough fish, they are bound to kill the game fish, too. It's no more than a racket or fake.

Of course, a lot of the damage has been done. Lake Apopka, for example, is ruined as far as fishing is concerned. | Coach George Wilson, beam would score. I think it's perfectly ridiculous to spray like they've ing at the prospects of a quarter

TALLAHASSEE - A fishing license is a piece of paper approximately two by four inches in size, printed in many ning back this week. colors, and various prices. There is a license for the resident they can do," Wilson said. "We which allows him to fish throughout the state, a license for the non-resident and a license to take non-game fish for com-

Regardless of its color, purpose or price a fishing license is a passport to unlimited recreation for the fisherman. The revenue the license produces governs the extent of conservation and management of Florida's fresh water fishery re-

A fishing license is not a tax. No one forces anyone to go fishing. Fishing and fishing method is strictly the choice of the individual and fishing regulations are designed to provide a maximum harvest with minimum restrictions. A fishing license is more than a requirement; it is the

mark of a fisherman, a sportsman, and an angler who is willing to help pave the way to better fishing in Florida. Possession of a fishing license sets its holder apart from the crowd, as a man with an eye on the horizon, who is looking to a future of better fishing for this and future generations. A fishing license, for a resident fisherman, costs less than a penny a day.

The largemouth bass has been called many names some respectful and some unprintable. However, no one has yet come up with a label to describe its nocturnal rovings, a 7. Poor Souls habit shrewdly exploited by experienced fishermen. Bass, and most of their aquatic cousins, are notorious nighttime carousers, say the fishing authorities. During summer, especially, bass spend the day in deep, cool waters, lying practically dormant and unresponsive to the most tempting hook-laden proposals. But when the sun slips over the | 156-408-Evelyn Serraes horizon, these wily gamesters go on the prowl and the tempo 183-377-Marcia Smallwood

of fishing picks up. When evening cools the surface, bass move upwards and feed off the top waters. At such periods, they may hit with reckless abandon. Night feeders rarely fellow a lure as they often de during the daytime. Instead, they strike quickly and

Le Edyth Thornton McLood -A FRIEND.

A really wonderful shop in New York is the "Elder Craftsmen Shop." It's very attractive and the displays of beautiful handmade articles are remarkable.

I dropped in one afternoon to look around and I was fascinated by the beautiful things I saw, all of which were created by craftsmen over 60.

The Elder Craftsmen Shop opened in 1955 and it has been a great success. Men and Women who have skills in creating and their work here from all over the United States. They age from 60 to 97.

A really wonderful shop in quisite sweaters, both for high fashion and for ski wear. There are christmas tree ornaments of felt which have an odd beautiful handmade articles are remarkable.

I dropped in one afternoon to look around and I was fascinated by the beautiful things I saw, all of which were created by craftsmen over 60.

The Elder Craftsmen Shop opened in 1955 and it has been a great success. Men and Women who have skills in creating and the ir work here from all over the United States. They age from 60 to 97.

A lox of clean rags is also

Tom one who has learned h lesson the hard way.—POLLY—Gifts to take to the bridal showers can pose a problem to those with limited budgets. I found an inexpensive but thoughtful gift. Save empty aspirin or pill bottles, wash and dry thoroughly and fill each bottle with different herbs and spirin or pill bottles, wash and dry thoroughly and fill each bottle with different herbs and spirin or pill bottles, wash and dry thoroughly and fill each bottle with different herbs and spirin or pill bottles, wash and dry thoroughly and fill each bottle with different herbs and spirin or pill bottles, wash and dry thoroughly and fill each bottle with different herbs and spirin or pill bottles, wash and dry thoroughly and fill each bottle with different herbs and spirin or pill bottles, wash and dry thoroughly and fill each bottle with different herbs and spirin or pill bottles, wash and dry thoroughly and fill each bottle with different herbs and spirin or pill bottles, wash and dry thoroughly and f

who earn money from their work here from all over the United States. They age from 60 to 97.

There is a two-fold approach to the market for these hand made articles: articlic and practical. Expert advice is supplied dedicated workers for the shop, dedicated workers for the shop, dedicated workers for the shop. These experts know what will sell and they make helpful suggestions to the men and we men who contribute their wares.

The age group involved is most interesting to me and know it will be for my readers. Just think of the many skilled eraftemen who are not doing anything now with the know-ledge they possess. Here in the Elder Craftemen is the answer to a need for the development of what for many is a lost or neglected art.

The prinished
