BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

EVEN THE GATE POST NOT IN IT

A CHIEF IS AMONG YE TAKING NOTES AND FAITH. HE'LL PRENT 'EM"—SO SAYS SAUNTERER.

To the Men Who Wore the Gray... Come with me to dreamland; do... Can't you hear the bugle calling...

Did they falter when they heard it... No not one—but as one man... When their leader shouted "Forward..."

Ran to face, perhaps a brother... Maybe death before that night... But they met what or what team...

Met the Enemy, oh bravely... If 'twas death they murmured not... Gave their lifeblood for their Southland...

On the battlefield at twilight... Scores and scores of men in gray... Sleeping peacefully no war sound...

Raise your voices, oh ye singers... And your sweet music sing... Rob your gardens of their flowers...

To do honor to the heroes... Who went down all clad in gray... But that gray is turned to silver...

Don't you seem to hear them calling... You who still are lingering here... Telling you that they are watching...

They have met the Grand Commander... Now they see Him "Face to Face"... When He calls your name at roll call...

MARY R. YATES

The following on the "Land O'er There" from the pen of Bob Burdette is worthy of reproduction... "Every evening as I sit in the sun-room and watch the sun go down..."

Well, beyond the gates of the sunset there is another land, farther away than the stars... I have never seen it... I have never seen anyone who has been there...

THE FLORIDA PRESS ASSOCIATION HELD ITS 35th SESSION

(Continued From Page One)

Washington, who gave a forcible address on development in the south... Mr. Evans was restricted as to time but presented his subject in such an intelligent manner...

Mrs. Agnes Ellen Harris, teacher of home economics in the Florida State College for Women, delivered an address on girls' evening clubs... Miss Harris carried the meeting by storm and her words brought a message to the editorial association...

Gilbert D. Leach of the Tampa Tribune, read a paper on Florida and resources... that was enlightening even to the old residents of the state who thought that they were well informed as to the "thousand wonders" of the land of flowers...

On Saturday morning a business session was held and reports of the committees were read and resolutions were passed... Whereas we realize that the Mexican situation is now very grave and requires the serious consideration and cooperation of all the people of our nation...

Resolved by the Florida Press Association in meeting assembled that we express our perfect confidence in the course of the President of the United States and the Secretary of State in dealing with this grave Mexican situation...

Resolved, that we send the President a telegram to say that we approve this course in upholding the dignity of our nation and in enforcing his demand with arms when necessary...

After the retiring president, W. A. Russell had made his farewell speech the new president, R. J. Holly was given the chair and made a speech of acceptance... Many matters of importance were disposed of at the morning meeting and farewells and leave taking occupied the greater part of the morning...

The meeting of the Florida Press Association was a great gathering... meeting and joy ride for the boys of the press and their thanks are due to the hosts of the Florida Press Boys... T. H. Callahan and E. T. Kellow...

Effective Parting Shot... Among clerical anecdotes it is that of the vicar and curate who had quarreled and the curate was requested to find some good congregation to minister to... He therefore preached his farewell sermon and the parishioners came in crowds to hear him...

Truth and Judgment Day... In Truth there is no special day of judgment... Every day, now is a judgment day... Judgment is being administered for every thought, word and action...

Main Duties of Life... To do with as few things as we can, and, as far as we can, to see to it that these things are the work of freeman and not of slaves...

Sad Lesson... A "You don't seem to have any life in you... Is there nothing or no body over which you can exult?"... "Nothing at all... I also became a thalassite over somebody, and a short time afterward she became my wife... That was a sad warning to me to avoid enthusiasm."

PETER PAN MINSTREL WONDERFUL SUCCESS BY SANFORD LADIES

LOCAL HITS, BRIGHT BITS AND FINE UP-TO-DATE SONG HITS

SANFORD HOME TALENT SCORES ANOTHER POINT

LARGE AUDIENCE CAPTIVATED BY SANFORD BEAUTY AND WIT LAST TUESDAY EVENING

It has been truthfully said that Sanford has better home talent than any other city of similar size in the United States...

The full cast comprised the following: Miss L. Aspinwall, Miss M. Fox, Mrs. C. H. Dingee, Mrs. F. L. Miller, Mrs. H. E. Hester, Mrs. V. B. Douglass, Miss Jessie Stumon, Miss Josie Stumon, Miss Junie Stumon, Miss Florine Frank, Mrs. D. C. Marlow, Miss S. Williams, Mrs. W. D. Turner, Mrs. W. A. Fitts, Mrs. B. Herndon, Mrs. S. Puleston, Mrs. S. E. Barrett, Miss Bessie Long, Mrs. R. C. Maxwell, Miss Charlotte Hand, Miss E. McLaughlin, Mrs. R. A. Newman, Mrs. E. J. Gonzales, Mrs. W. H. Wight, Mrs. J. Fields.

The stage and the boxes and the entire theatre building was decorated and the ferns and flowers were everywhere in profusion...

The ladies in white faces wore evening gowns and garden hats of black lace and the black face minstrels wore black waists, white aprons, black skirts with red and on their heads they wore white caps...

The opening song, "Sing Me the Rosary," by Lillian Russell (Miss Aspinwall) was rendered as only this gifted singer can and she won new laurels during the evening...

"A Little Bit of Rag Time" by Lily Belle White (Mrs. Marlowe) opened up the real fun and showed the audience that this performance would be a professional one from every standpoint...

"I'm Going, I'm Gone" by Maude Delmar (Mrs. Frank Gonzales) was certainly going some and they would not let her go at the end but made her go all over it again.

Vance Douglass) was a distinct surprise to the audience for it was rendered as well as the great Fritzie herself could have rendered it and brought down the house by singing part of it to the editor of The Herald, covering that modest gentleman with blushes and confusion.

"Mammae Jenny's Jubilee" by Cynthia Primrose (Miss Florence Frank) was all to the good and aside from the catchy air Cynthia was most graceful in the rag time steps and a good looking "Cullod Pussion" on the stage.

"Hello Little Sweetheart" by Anna Held (Miss Junie Stumon) was considerably better than the great Anna and Miss Stumon was as pretty and petite as Anna Held ever dared to be.

"Down in Monkeyville," a jungle song by Trilbyana Johnson (Mrs. Tolare) was most realistic and Miss Johnson was assisted in the chorus by the end ladies in a cute little evolution that would have shamed any monkey in the forest.

"I Want a Regular Man" by Miss Rogers was well rendered and well received. They expected something good from this dainty little thing.

Anderson Wolcott Last evening Miss Margaret Louise Anderson and Mr. O. G. Wolcott were quietly married at the home of Mrs. Lydia Barclay, on Robinson avenue, the ceremony being performed by Rev. E. A. Sherrod of Starke, who came to the city yesterday to officiate.

Miss Anderson has made her home in Orlando for many years and has endeared herself to all who have known her, and Mr. Wolcott, who is from Oviedo has many warm friends in the city.

Congregational Church Dr. C. E. Burton, National Secretary of the Congregational Home Missionary Society of New York city, stopped off on his way back from the St. Petersburg conference to get a glimpse of the things of interest in the celery delta.

Dr. W. H. Hopkins preached a very able sermon last Sunday morning. He is in charge of the Congregational Home Mission work of the Southeast, including the Carolinas, Georgia, Alabama and Florida. He is very favorably impressed with the outlook and possibilities of the Peninsula state.

The regular services next Sunday: Sunday school 9:45 a. m. to which every member is urged to come.

Morning service, 11 o'clock. C. E. Society at 6:30 p. m. Evening service 7:30; special music and the theme will be an interesting one, practical for our every day needs. All are cordially welcomed.

WHILE ALL THE NATIONS ARE SEEKING TO BRING ABOUT PEACE IN THE MEXICAN TROUBLE

FIFTH BRIGADE NOW IN CONTROL

IF MEXICO WANTS TO START ANYTHING UNCLE SAM IS READY AND WAITING TO RENDER A GOOD ACCOUNT

Washington, D. C., May 1.—Secretary Bryan announced today that South American envoys seeking to mediate in the Mexican crisis had been notified that this government would assume that there would be no hostilities between the United States and the Huerta government during the progress of mediation.

Washington, D. C., May 1.—It was asserted here today on unquestionable authority that the South American envoys who are seeking to avert a crisis in Mexico have appealed to European governments for friendly offices to facilitate mediation between Mexico and the United States.

Washington, D. C., May 1.—It was reported from abroad, that the powers use their influence upon President Wilson to name conditions which would insure success of the negotiations. It was also learned that a proposal to General Carranza, as head of the constitutionalists, to join the armistice proposed between the United States and Huerta, had been made by the mediating envoys.

The request of the powers, it is declared, already has borne fruit, as several diplomatic representatives of union nations have consulted with Secretary of State Bryan with relations to the negotiations. Denials of previous reports from abroad with regard to this matter, it was pointed out, were based on the report that the powers had been asked to insist upon a modification of the attitude of the United States.

The release of the prisoners from the water soaked dungeons of Fort San Juan de Uloa, where many came forth blinded from the years spent in darkness, was a revelation of the character and attitude of the United States. Mexicans of the better class openly express gratification at the restoration of order and the resumption of business.

Vera Cruz, May 1.—While diplomats parley, General Frederick Funston has taken over the control of this city on behalf of the United States army, and backed by the marines ashore, is in position to hold it indefinitely. General Maas, who commanded the city, has fled far inland and is over the mountains in the City of Mexico.

Refugees continued to arrive and preparations are being carried forward for their departure. The navy transport Hancock today is lying at Puerto Mexico to take aboard those coming down from Mexico City. They will be brought here for transportation to New Orleans and other parts on the transports Monterey and Moro Castle.

Late last night the refugees from Mexico City had not arrived at Puerto Mexico. It could not be learned where they were detained, but it is known that in the surrounding country there is no evidence just now of federal activity. The release of the prisoners from the water soaked dungeons of Fort San Juan de Uloa, where many came forth blinded from the years spent in darkness, was a revelation of the character and attitude of the United States.

The troops from Fort D. A. Russell, Wyo., arrived in Canon City yesterday, and took charge of affairs in that section, which earlier in the week was the scene of desperate fighting. The troops from Fort Leavenworth have arrived in the Trinidad district, and it was expected a detachment would be sent into Walsenburg, where the most serious fighting of the strike's history has taken place.

Osceola Cattle Sold Kissimmee, Fla., April 30.—One of the biggest cattle deals that has been made recently closed here for a shipment of cattle from the ranch of C. W. Bass to some northern cattle merchants. The names were unable to obtain, but under the terms of the deal there will be shipped on May 5 800 head of fat cattle; 550 head of this shipment will go to Louisiana and 250 to West Virginia.

Another deal of perhaps 1,000 head of fat cattle is now pending between some of our leading cattle men and the Miller Brothers of Ranch 101 of Oklahoma, but this shipment will not be made for a few weeks yet, however, but is sufficient to show that when the best cattle are wanted the outside merchants know where to come to get them.

WONDERFUL CROPS OF SANFORD FARMS SURPRISE THE WORLD

TIMES-UNION IN EDITORIAL MAKES FAVORABLE COMMENT

MONEY THIS SEASON BEYOND ALL DREAMS

A FEW INSTANCES CITED WHERE SANFORD GROWERS HAVE MADE FORTUNES THIS SEASON

Our Sanford correspondent, in a letter published Tuesday, gave an account of the results of the season just closed at that great celery and lettuce growing point. It has been one of the most profitable the Sanford growers have ever had, he says. The examples of individual success he recites are interesting. One man produced from 1 1/2 acres eighty carloads of celery, 20,000 crates; his gross revenue therefrom was \$35,000; net \$14,000. He has still a crop of heads growing from which he will receive a handsome return. Another will approximate \$7,000 from eight acres of celery. A third has made a profit of \$7,070 from eight acres of lettuce and a like sum from celery; he now has the same tract in tomatoes. A fourth, producing ten carloads from five acres of celery, has cleared \$1,800—equivalent to a city income of about \$2,300 a year, considering that he had no house rent to pay and probably raised most of the food for the family on the home lot.

Another instance comes to us in a private letter. A grower near Sanford is said to have raised this season what he believes to be "the best crop ever raised anywhere in the world." From twenty-four acres he had already, some twelve days ago, cut and shipped seventy-six carloads and expected to cut two and a half or three carloads from the same acreage. In each of these cases it must be remembered that one or two more profitable crops are to be expected from the same acreage this year—four and even five crops have been raised in a year from the same acreage in Florida.

These are given merely as samples of the great profits made this season in the celery delta. They are incomes which few of us could expect to make in the city, especially when unavoidable expenses of city life from which they are presumably free are taken into account. The future of each of these growers is reasonably secure, beyond what it might be in the city. With the system pursued at Sanford, they may well expect the fertility of the soil to increase rather than to diminish as the years go by.

The soil in the Sanford district, and that in the Hastings district, is no richer naturally than that in many other parts of Florida. There is no part of the state where something like these successes might not be duplicated, other conditions being equally favorable. The soil in both these sections is naturally fertile, of course, but another factor has come in to make market gardening such a success at Sanford. We refer to their scientific methods of agriculture, of which their sub-irrigation, sub-drainage system is the most conspicuous. This system elicits some money, more than is within the reach of some farmers, but the returns amply justify the expenditure. With it neither a lack nor a superabundance of rain can seriously affect the crops.

Many a farmer would gladly expend money in such improvement of his lands if he could borrow it at any but ruinous rates. When farmers can borrow money for long terms of years at a reasonable low rate of interest, on an amortization plan, then will Florida blossom as the rose and become more than ever the winter market garden of the rest of the country. This financial system, which Senator Duncan L. Fletcher introduced to the attention of the agricultural interests of the country, and to the establishment and perfection of which he is giving so much time and labor, means a far reaching improvement of agriculture and an immense increase in the wealth of America. Under it the farmer will be able to practice scientific methods in his pursuits such as have made the great results at Sanford possible.

OVIEDO OCCURRENCES

Mrs. W. H. Luther entertained Thursday afternoon in honor of Sister Esther Carlotta S. U. D. C. The decorations throughout the home were tastefully arranged. The tables in the dining room were adorned with a dainty lace cover on which stood a handsome hand painted punch set. This was the occasion of the state president's first visit to the Wade Hampton Chapter and it will always be recalled with pleasure by those who were present. Sister Carlotta, in her charming manner gave a most instructive talk telling of the work the U. D. C. have accomplished and what these ninety thousand women may do in the future.

At a recent meeting at the residence of Mrs. Marshall the club enjoyed a visit from Mrs. Wight of Sanford who is chairman of club extension. The subject of Federation was discussed and handled by Mrs. Wight in excellent fashion, naming the various departments under Federation and the noble work being done by the women of Florida. The magazine club has cause to be proud of the local work it has done in its now eight years of existence, and we hope in the near future to unite our efforts with the active thinking women of our state.

Mrs. M. A. Yonge has placed a memorial window in St. James church of Orlando as a memorial to her husband who died two years ago. The window made in Bavaria is beautiful and of good design and workmanship.

Since the fire in January the business portion of town has been replaced with handsome brick buildings. There is now a well equipped market and barber shop. Part of Main and Bay streets have sidewalks and repairing and improvements are being made everywhere, which goes to prove the invincible spirit of our citizens.

Hannah Bros. of Orlando with their workmen have been busy for the past two months building the town and will be here as much longer before the work on hand is completed.

Geo. L. Morgan and brother of Kansas are here to make this their future home and are busy pushing forward the clearing and development of their immense tract of Black Hammock land.

M. Swope has a handsome eight room residence now in course of erection on Graham avenue. J. B. G. Smith, H. B. McCall, A. L. Hunt and S. M. Swope have recently purchased handsome touring cars. There is no town, the size of this we think can boast of more money invested in autos.

The Magazine Club was charmingly entertained by Mrs. Mead at her home on Lake Okechobee Friday afternoon.

Miss Ella Belle Jones gave a splendid talk on the attractions of St. Augustine, having become familiar with the place while attending St. Joseph's Academy. Those present had also the pleasure of meeting Mrs. Mead's house guest, Mrs. Innis, the wife of Geo. M. Innis who is now making the exquisite designs we see on the covers of the Country Magazine.

C. R. Speas and family of Ft. Scott, Kansas have come to make their home with us and now occupy the Nelson cottage on the hill.

T. K. Bates, our efficient and faithful tax assessor, his wife and daughter, Dorothy were among the visitors this week from Sanford.

J. M. Lilly, ex-mayor of Kissimmee spent last week at the Quality House. Mr. Lilly owns some valuable property here and is much pleased with the improvements and progress of the town.

GENEVA ITEMS

Dick Maxwell and Fred Bradley of Sanford were shaking hands with the voters of Geneva last Tuesday.

Mr. Densmore and family from Michigan have been spending several months in Geneva but have now moved to Jacksonville to reside, where Mr. Densmore has purchased a moving picture show.

Mrs. J. Q. Adams entertained friends at a spend the day party last Tuesday.

Rev. Hope of Oviedo filled the Methodist pulpit last Sunday. In future the Sunday school of this church will be held every Sunday morning at a quarter to ten o'clock. Mr. and Mrs. and Miss Peck of Jacksonville returned to their home in Lynn, Mass. last week after a pleasant winter spent in Geneva. These friends say that never again will the cold blizzards of the north catch them.

Mr. and Mrs. J. V. Wicks visited

Sanford last Friday.

Mrs. Morap and children have returned home from Orlando.

The Oviedo band will give a concert at the town hall next Friday night, admission 25c.

J. P. Musselwhite and J. F. Flynt visited Orlando last Tuesday.

The fishermen have brought in their nets and quit work for the season.

Mrs. Bobbie Nicholson is home again from Sanford.

Rev. Saunders and family have moved to Sanford again to try their fortune with celery. We certainly wish them success.

Mrs. Tally, who has been quite sick, we are glad to learn is improving.

There was a chicken pillow on Lake Hattney last Thursday night enjoyed by a few.

PAOLA POINTS

Mrs. B. W. Smith went to Tampa last Friday to visit her daughter, Miss Sarah.

The Garwood family now occupy the section house here.

Mr. Claud Wamble of Missouri is stopping with the Tate family, and assisting the engineer corps in surveying the grant, etc.

Mr. and Mrs. D. S. McElroy left on Monday for their home in New York. They took the river trip from Sanford to Jacksonville and expect to make several stops on their homeward route. We wish them a pleasant journey and a safe return next winter.

Miss Icehour entertained Miss Taber and Jack and Lillian Booth at dinner on Sunday.

Several parties from Indiana were here last week, looking at land, etc., and expressed themselves at well pleased with what they saw, and we hope they may return and take a personal interest in our comforts and welfare.

The Hand Brothers teams are hauling brick from Paola siding to the brick road at Sylvan Lake. Mr. Hand thinks a few weeks more will see this highway completed.

Mrs. Russ and children spent Sunday at her old home at Lockhart.

MOORE'S STATION

Mrs. Mary Symes leaves this week for the north and will visit in Michigan, Ohio and Indiana during the summer.

Mr. and Mrs. W. W. Miller enjoyed several days' visit in Jacksonville with Mrs. Miller's sister and niece, Mrs. Jennie Cowan and Miss Nellie.

Frank Bassett left Tuesday for Cleveland, Ohio. This is Mr. Bassett's third winter here and he expects to return in the fall.

Miss Jennie McClelland is again very ill with the same trouble she has suffered from for several months, head leakage.

Fire destroyed two adjoining barns in Cameron City last week, one belonging to F. E. Dutton and the other to C. P. Fulton.

T. J. Hill has the finest yield of tomatoes anywhere and expects to begin picking in another week. Irish potato digging has begun early and are said not to be turning out as well as they might. O. E. Walker has a fine looking 40 acre field of them nearly ready to dig. This week will see the largest picking of string beans. Cucumbers are set full, not very big acreage of them this year. Field corn up and there is a larger amount than ever being planted and looking fine. Spring celery is looking fine for all the fears it would go to seed. Boarding has begun and we hear some are shipping.

Depressed Spirits

EVERY ONE HAS IT WITHIN HIS POWER TO BE HAPPY

A celebrated French physician has said that "a man's liver is the barometer of his disposition."

Every man and every woman knows that the cheerful smile is a big factor in one's success.

Every one should know that the disordered liver is cause of ninety per cent of human ills. Lazy, overworked livers are the prime causes of headaches, indigestion, constipation and dozens of other ills.

But the inactive liver always warns by coated tongue, sour stomach, dull eye and even laziness. Heed your warning and you insure happiness to yourself and reflect it upon your associates. Calomel used to do. Modern day science has found a better way in Caldwell's Liver-Aid which is a pure vegetable remedy on sale under guarantee of money refund at 50 cents for large bottle. Ask R. C. Bowers, druggist, about it.

Office in Herald Building Telephone No. 148
 The Sun greets Bob Holly, the
 general editor of the Sanford Herald,
 as the new president of the Florida
 Press Association. No letter choice
 could have been made from the sen-
 ior list of editors in the state—
 Gainesville Sun.
 "Just like hearing from the folks
 back home." Many thanks, Bro.
 Mac. Hope to see you in Miami.

Congratulations to Bob Holly.
 He is now president of the two
 large and important bodies, the
 Florida Press Association and the
 Lake Region Press Association.
 Next thing you know Bob will be
 starting a bank, or something like
 that.—Orlando Sentinel.
 If that time ever comes we will
 make J. Hugh Reese the cashier.

THE EDITORS MET

The editorial meet at Fort Myers
 last week, held in conjunction with
 the entertainment of the President
 Marshall by the people of that
 town was a successful affair with the
 Tampa Brewery articles of last year
 left out.
 Editor Bob Holly was elected
 president of the State Editorial As-
 sociation, and with the presidency
 of the Lake Region Association, to
 which he was elected in Kissimmee,
 he now swings the mallet over the
 heads of the two associations.
 As, Holly recently explained in
 speaking of the 'Celery Delta,' 'Na-
 ture delta' good hand in dealing
 out favors in that direction.—
 Orlando Citizen.

HONOR TO WHOM DUE

Florida has the honor of having
 the only surviving ranking general
 of the Confederate army in the per-
 son of General E. M. Law, editor of
 the Courier-Informant. He will no
 doubt have the most unique place
 on the roll of honor at the great
 Confederate Reunion to be held in
 Jacksonville, and his rank sup-
 ported by his actual service entitles
 him to all the distinction possible at
 the hands of his comrades.
 Not only is General Law worthy
 of such distinction as a soldier of
 great renown, but he deserves as
 much, and even greater recognition
 from the citizenship of Florida,
 where he has spent so many years
 in ceaseless labor in the cause of
 right. As an educator, as a man of
 letters, and as an ardent worker in
 the great cause of advancement and
 reform. General Law has no equal
 throughout the length and breadth
 of this great state.—Arcadia News.

ENCOURAGEMENT

The State Press Association made
 a most felicitous choice in the
 selection of Bob Holly of the Sanford
 Herald as president of that body for
 the ensuing year. He stands for
 the very best in Florida journalism,
 knows the game thoroughly from
 every angle and has a personality
 so compelling that we are all proud
 to claim him as one of us. The
 Press Association is rather a loose-
 jointed body, held together more by
 social than business ties. This ought
 not to be, as we all admit, and if any
 man can inject some selfish business
 spirit into it and make it really use-
 ful in serving the material interests
 of the newspapers of Florida, Bob
 Holly is the man. Go to it, Robert.
 Lakeland Telegram.
 Well, after such kind words and
 encouragement we can certainly go
 to it and if all the boys of the Flor-
 ida Press Gang will give the same
 encouragement the meeting at Miami
 next March will be an epoch in our
 history.

Orange county will have a good
 legislator in Joe Hugh Reese, for
 there is one man in Florida that
 knows how laws are made, and who
 has made them and who expects to
 make them that man.
 He has attended many sessions of
 the Florida legislature as a special
 correspondent and has first knowl-
 edge of the state that no other man
 possesses. Coupled with this knowl-
 edge Joe has plenty of gray matter
 in his cranium and should know the
 needs of Orange county as he knows
 the needs of the state. We are
 awaiting his platform for it will per-
 form a good one and should go a
 long way toward electing him.
 The fact that Joe is comparatively
 a new man in Orange county should
 not militate against his candidacy,
 for he is certainly no new man in

Florida and no novice in the matter
 of law making and with a good run-
 ning mate from Orange he will not
 only be a credit to that county but
 to the legislature of Florida.

THE ANONYMOUS WRITER

The Herald is in receipt every day
 of anonymous letters from people
 who have a grudge against some one
 and want to soak him through the
 newspapers without their name ap-
 pearing or even being known to
 the editor. We will publish a letter
 if the name of the writer appears
 in the communication and under no
 other condition. We have no use
 for the sneak who will write an un-
 signed letter either to a newspaper
 man or to a man in office. Last
 week Tax Assessor Bates received
 an unsigned letter from a town in
 Seminole county stating that unless
 he placed the property of that dis-
 trict back to the low figures that it
 formerly was assessed that he would
 not receive a vote in that section.
 This writer evidently thought that
 Bates was afraid of his position but
 he reckoned not upon the Irish As-
 sessor of Seminole, for Bates is as-
 sessing property to get the true
 property values on the tax books
 and not to get votes and this letter
 ought to elect him to office if he
 had no other claim upon the suf-
 frage of the voters. The anony-
 mous letter writer has no place in
 politics or in civilization. He is a
 relic of the dark ages, of ring rule
 and of barbarism and should be ostracized
 by being consigned to ob-
 livion, where he belongs with his
 dark lantern methods.

CARTER IS HAPPY

Andrew Carter, editor of the Ar-
 cadia Enterprise has a new assist-
 ant in the person of a fine baby boy
 and the fond father is in rapture
 over him. He could not attend the
 Press Meet because he had to stay
 at home and play with the baby.
 And P. J. Carter already feels his
 responsibilities and says so in his
 own inimitable style as follows:
 The Enterprise now has an as-
 sistant editor. He arrived Monday
 and weighs ten pounds, dressed. Of
 course the editor is supposed to
 crack a joke over the event, but
 really the youngster is no joke; on
 the contrary, he is the most serious
 proposition we have ever been up
 against. He is ushered into this
 old world at what is perhaps its
 most strenuous age. His pathway
 will be beset with many a pitfall.
 He will enter life's stage when the
 scene is seething and swirling with
 strife in the most powerful struggle
 between the forces of right and
 wrong that the world has known,
 and only the strong heart will be
 able to stand. Could we but guide
 his feet aright and teach him to
 well his part, so that he will come
 out of all a real MAN, with clean
 hands and clear conscience when the
 scene is closed, how gladly would
 we welcome the responsibility which
 his advent here has placed upon us;
 but we approach the task with fear
 and trembling. He is no joke.

OUR NEWSPAPER FRIENDS

We cannot help noting a feeling
 of depression, which is brought
 about by the fact that there is now
 an air of loneliness, due to the ab-
 sence of our many friends who were
 with us for a brief stay during the
 latter part of last week, the occasion
 being the convention of the Florida
 Press Association. We have taken
 an unusual amount of pleasure in
 the associations with the various
 members of the press gang, the only
 regret being caused by the in-
 ability to be with them more. We
 were compelled of course, to keep
 the wheels turning and get out a
 paper, each day, but hope that we
 will have entertained an idea that
 we were not with them in spirit,
 even if we could not be much in
 person. It has been a pleasure to
 us to have a part in the playing of
 hostess to such an estimable bunch
 as the press gang, also the renewing
 of old and the creation of new
 friendships. There is a bond, ap-
 parent between the members which
 is pleasant to see—it should not be
 otherwise. The cause of one is the
 common cause of all, and there
 should be even greater efforts put
 forth to make for the individual suc-
 cess of each member. It will be our
 pleasure to co-operate with the nu-
 merous newspapers of Florida for
 the general welfare and upbuilding
 of the greatest state in the Union.
 —Ft. Myers Press.

A FALSE ALARM

There are many rumors in the
 papers these days about county
 division and some of them intimate
 that Seminole county will take in
 more territory especially around the
 Apopka section. This is mere idle
 talk as the county of Seminole has
 no right to take in any part of Or-
 ange except the small strip of land
 west of the Wekiwa river that was
 in the original main and is being
 in manner was left out here. It is
 only a few miles and in the shape
 that it now assumes the few fam-
 ily residing there are forced to
 come to Sanford and take the train

to Orlando to attend to county
 affairs. They persisted in coming
 into Seminole and no one in Orange
 county would for one minute try to
 keep them in that county. As far
 as Apopka is concerned Seminole
 county people have no desire what-
 ever to take them in. Had we de-
 sired that territory it would have
 been much easier to have acquired
 that territory last year when the
 new county was created but we did
 not want it then and do not want it
 now. Seminole county is large
 enough for the present and com-
 prises the richest country in the
 south. The best trucking farms,
 the best citrus lands and the largest
 area of beautiful lakes and rivers of
 any county of similar size in Florida.
 We expect to build brick roads in
 every part of Seminole and can
 easily accomplish this with a small
 area but this could not be done if
 any large tracts of land should be
 acquired.

Representative Ladd stated the
 other day that it was news to him
 that Apopka was in danger of an-
 nexation to Seminole, as he knew
 nothing about it and the people of
 West Orange can rest easy as far as
 Seminole is concerned.
 There is no desire on our part to
 squeeze any more juice out of the
 Orange.

SEPARATE THE TWO

We believe that the Florida Press
 Association is the only body of the
 kind that includes within its organ-
 ization job printers as such. When
 the association was first formed and
 for many years—in fact until but
 two years ago—only those identi-
 fied with the editorial department
 of the newspapers were eligible for
 membership.
 At the time mentioned (two years
 ago) the constitution of the organ-
 ization was amended so as to permit
 the membership of those conducting
 job printing establishments and not
 connected in any way with the edit-
 ing or publishing of periodicals. We
 believe this was a mistake. Job
 printers are not members of the
 "press," and are not as such in any
 way identified with it. It is true
 that there are many of the editors
 and publishers of the state who are
 also job printers and job printing
 establishments are conducted in con-
 nection with many of the news-
 papers, but the editors and editorial
 writers and members of the staff of
 those papers should be the only per-
 sons connected with them who are
 eligible to membership in the press
 association.

We do not desire to be understood
 as in any manner disparaging the
 calling of a practical printer. It lies
 at the very foundation of journal-
 ism. Without it there could be no
 newspapers and there would be no
 editorial staffs.

But an editor is not necessarily a
 practical printer—though many of
 them are—and on the other hand, a
 practical printer is not necessarily an
 editor. The two callings are
 widely different, and require differ-
 ent qualifications, though they are
 sometimes combined in the same in-
 dividuals.

We believe that a mistake was
 made two years ago when the at-
 tempt was made to combine the two
 elements in the same body, and we
 believe that a still greater mistake
 would have been perpetrated if suc-
 cess had greeted the attempt which
 was made at the recent meeting to
 convert the association into a "print-
 ers' association." It would inevit-
 ably have resulted in another sepa-
 rate organization confined entirely
 to the editorial fraternity.

There should not necessarily be
 any antagonism between the two
 elements in the present organiza-
 tion; many of the members belong
 to both divisions, but some, and we
 believe that we are not assuming too
 much to say not the least desirable
 members, belong to only one and
 would be invidiously discriminated
 against if the association were made
 purely a "printers' organization."
 We believe that it would be more
 powerfully conducive to harmony
 and more effectually promotive of
 the best interests of both if there
 were two separate organizations, the
 one including the practical printers
 and the other the editorial mem-
 bers. It is true that there would be
 a number that would belong to both,
 but their different memberships
 would be placed upon different
 foundations, and there would be
 many that would be affiliated with
 only one and would have very little
 in common with the other.

If the attempt made the other day
 had been successful it would have
 forced the formation of a purely edi-
 torial association.—Tampa Times.

This is something to ponder over
 and we hope that all the members of
 the craft in Florida will give it their
 earnest consideration. The prac-
 tical printer thinks that all printers
 and newspaper men should meet once
 a year with the Florida Press As-
 sociation. We also think that for
 the benefit of each branch the job
 printers should have an organiza-
 tion that will meet and discuss costs,
 etc., and matters that would only take
 up the time of the newspaper men

A MATTER OF SPENDING LESS THAN YOU EARN

Saving money is merely a matter of spending less than you earn, and it becomes easier to save when you once acquire the saving habit. An account with the Peoples Bank of Sanford will act as an incentive for you to deposit a portion of your income each week.

and accomplish little at the Press
 Meet.
 By having a Printers' Cost Con-
 gress for the printers and a Florida
 Press Association for all of them to
 meet together it is our opinion that
 we will accomplish much not only
 in a business way but socially as
 well.

The Herald office has solved this
 question long ago by having Mr.
 Haynes, the business manager at-
 tend the cost congress meetings and
 Mr. Holly, the editor attend the
 Press Association meetings and ev-
 ery office in Florida could do the
 same. There is much in common
 between the two departments and
 yet they are distinctly separate
 and therefore we have taken up too
 much time at the meetings of the
 Press Association discussing the cost
 system when we should have been
 talking advertising and the making
 of a better paper.

However, these matters will all
 be arranged at our next meeting at
 Miami and meantime we want every
 newspaper man and every printer
 in Florida to feel that they are
 active members of the Florida Press
 Association for we must hang to-
 gether or hang separately.

R. J. Holly of the Sanford Herald
 must be in a class all by his lone-
 some. He was elected president of
 the county press organization and
 now he has just copped the presi-
 dency of the state association. Holly
 is considerable of a trimmer.—

Jim Harris again has the agency for the White Star Steam Laundry. Jim had the agency for them six years ago, so you know the class of work they do.

Among the prominent visitors to the city yesterday was Hon. J. H. Huddleston of Geneva, who came in to see Senator Fletcher. Mr. Huddleston is the brother-in-law of the Senator.

Full line of ladies' and children's hats, all shapes. Large assortment to select from. Mrs. Grace E. Williams, 106 First St. 73-21

W. D. E. Allen, representing the Florida State of Jacksonville was in the city yesterday in the interests of that new publication. The State is doing a great work in Florida and making friends everywhere.

Picnic right. Lease Woodland Park. No place like it for convenience and amusement. Clean, safe swimming pool. Suits and rooms disinfected. 71-11

A pleasant party of ladies went to Enterprise on Saturday and spent the day most delightfully in true picnic style. The trip was made over in the ferryboat and at noon an elegant luncheon was served by the ladies.

Another invoice of flowers, etc., received Wednesday. Mrs. Grace E. Williams, milliner, 106 First St. 73-21

A Quartet Luncheon will be given by the Baptist girls at the Duckworth building, Friday, May 8th, from 8 till 9 o'clock. Be sure and come because it's a novelty and you can get everything that's good to eat.

B. G. Smith was in the city yesterday on his regular run of the Oviedo Cannonball. B. G. has been laying off for some time in order to have plenty of time to run his new Ford, and having mastered the Ford he is content to ride on the train again.

Notice Horse Owners. I have a first class expert horse shoer. Give him a trial. W. H. Underwood. 46-11

Formal notice was received by the local office of the Southern Utilities Co. that Mr. C. I. Day had been made general manager of the company with offices in Jacksonville. This vacancy was necessitated by the death of Mr. Hurdford. Adams had held the office up to the time of his death which occurred a few weeks ago.

Presbyterian Church.
The Sunday school last Sunday had 213 present. There were 68 in the Brotherhood, besides 10 men in the Bible class. This was the largest number of men we have ever had present. We are expecting a large attendance Sunday morning at 9:45. The subject of the morning sermon will be "Our Debt to the Past." At the evening service beginning at 7:30 the orchestra will play. The pastor will preach on "Our Debt to the Present." At the congregational meeting last Sabbath it was decided to build a new church at once, and a subscription committee was appointed. They have held two meetings already and gotten to work.

Crop for Sale.
On account of severe illness in family a change of climate is recommended by physicians and I therefore offer for sale all my spring crops, on ten acres of tilled land. Must be sold at once. All in first class condition. Come and see it. Greenwood station on traction line. A. M. TYLER. 73-31c

CAPITAL V. LABOR.
At the Star Theatre Saturday Both Matinee and Night. The people of Sanford will again have an opportunity to see a special feature of merit. This time it will be entirely different from anything shown heretofore. The great question that faces the people of the world today is: Who will win the battle, "Capital or Labor?" In this feature is demonstrated the power of riches and the crime and vice that money can create. Few people stop to think of the prominent characters that are brought to turn by the mighty arm of the all powerful money god. There will be no raise in the price on Saturday night, although the manager of the Star has gone to considerable extra expense to furnish entertainment for the patrons of the picture amusement house. In order to give everybody an opportunity to see this picture the Star will begin promptly at 6:30 p. m. for the evening performance, and the special Saturday matinee will begin at 3:30. Stage and admission, 5 and 10c.

AT THE HORTICULTURAL MEET.
Sanford Man Thinks The Herald Should Be Distributed.
Dear Holly:
The present meeting of the Horticultural Society of the State of Florida shows a better attendance of important citrus growers and manufacturers than other meetings in recent years. The next annual meeting will probably be Arcadia. I am convinced that such organization as we may have in Sanford for the advancement of our interests should have the Sanford Herald well distributed at the next meeting. Last night I was a little chagrined at the absence of Sanford people. Mr. Tenny of Orlando, who is general manager of the Growers and Shippers' League read a very interesting and educational paper. He outlined plans and fold of work done. He gave much prominence to the change in rates and improvement of facilities on the S. & E. R. Co. In his address he stated that the railroads and the car line had agreed on a satisfactory precooling arrangement for citrus fruits and he felt sure that the arrangement would cover vegetables next season. When this matter came up I looked around the room for some of my friends; they are not here. If there is a condition dear to our hearts and important to our pockets it is that of transportation. WWW it is that of transportation and distribution. The League if properly supported will be of inestimable value to our growers. C. O. M.

SENATOR FLETCHER HERE.
Spoke to Large Audience on the Street Last Night.
Senator Duncan U. Fletcher was in the city yesterday shaking hands with his many admirers and friends and in the evening spoke to a large audience at the corner of Park avenue and First street. Senator Fletcher was accompanied by Kent Pendleton of Tampa and made a thorough canvass of the city and the celery delta. He was introduced in the evening by Hon. Forrest Lake, who in a few well chosen words paid a brief tribute to the Senator and his work in the behalf of the people. Senator Fletcher was well received and spoke for more than an hour giving an account of his stewardship at Washington and his straightforward talk brought forth frequent applause from the people present who warmed to the Senator as he warmed to his subject. Senator Fletcher has been in office the first term of six years and has a record that any man can well be proud of and his speech last night was more of an account of what he had accomplished than what he proposed to accomplish should he be returned. In reviewing his record Senator Fletcher enumerated his committee appointments and gave brief outline of the work of those committees. He told of the things that he had accomplished for the state of Florida, and dwelt at some length upon his rural credits measure. The senator devoted more time to this subject, perhaps, than to any other, showing his faith in the measure to bring about a system of finance for the farmers that will make credit easy for them and relieve them of the ruinous interest rate that they are forced to pay at present. In the course of his remarks he read a letter from a prominent farm journalist in South Dakota congratulating the senator upon his rural credits bill and saying that he was building a monument to his name that would live for all time in the hearts of the farmers of the country. Senator Fletcher said that he had received hundreds of such letters, but the introduction of more of them was forbidden by the lack of time. Senator Fletcher explained that the rural credits measure originated with the National Commerce Congress of 1909 when he was president and that he wrote the plank in the Democratic platform that pledged the party to the reform that it had the approval of President Wilson and had been endorsed by Congress. He said that he didn't believe the people would have any part in the measure if he was unable to push this measure to successful passage. The senator took up the charge made by his opponent that he was not progressive and therefore not in the line with his policies of the administration. He read a letter from President Wilson addressed to Mr. Arthur T. Williams of Jacksonville in reply to an inquiry from Mr. Williams to know if these charges were true. The President stated in his letter that Senator Fletcher had been not only loyal in his support of the administration but had been energetic in giving his support to administration policy. Mr. Williams has been a long time friend of Mr. Stockton, and is one of the leading progressive Democrats of the

state, and the fact that he is supporting Senator Fletcher was a point which scored strongly with the audience last night.

Hetherington's Press Toast.
The following toast was delivered by Editor Hetherington of Lakeland at the bankers' banquet in that city on Saturday night. "I am the greatest agency in the progress of the world, in the advancement of civilization, in the enlightenment of mankind. I have made tyrants tremble on their thrones, and have deposed them from their thrones. I have made statesmen out of the most sorry material, heroes out of the most unimpressive subjects. I have created great empires that are to be found on the calendar of our history. I have done more to benefit the human race than all the beauty doctors and specialists combined. I have reduced the wars and transformed her into a beautiful and accomplished young lady. I have made of the most ordinary, slab-sided maiden a perfect dream of loveliness, and when she has captured the youth who works in the grocery store I have married her off to a rising and promising young business man. I have created splendid communities and made to blossom in the wilderness. I have built magnificent empires in the waste places of the world. And the greatest of these I am, building here in Florida. I am the printing press!"

WOMAN'S CLUB.
All club members are reminded that the general business meeting will be held the first Wednesday in May, and as business of importance will come before the meeting every member is urged to be present. Attention is called to the revision to constitution which calls for the payment of dues by the May business meeting, due notices having been given.

Growth Of The

Seminole County Bank

It is a matter of congratulation to Sanford and her people, that the financial condition of their city has so improved in the past year.

The fact that the city is supporting a third bank, and that the growth of THIS BANK has been very rapid, is a most certain evidence that Sanford has at last begun to reap the reward she has long deserved.

The Seminole County Bank has been of great assistance in bringing this change about, and the fact that the deposits of this institution have increased in the past six months from \$42,916.05 to \$185,975.85, shows the desire of HOME PEOPLE to support a HOME INSTITUTION.

PAVED HIGHWAYS GREAT PARADES REUNION TRAVELS AT THE REUNION

Jacksonville Has Many High Class Roads to Points of Interest

Trips to Be Taken Over Them in Automobiles During the Reunion of Confederates May 6, 7, 8.

Jacksonville, Fla., April.—It is safe to say that hundreds, and possibly thousands, of visitors to Jacksonville during the week of the great Reunion of Confederate Veterans and Sons of Veterans, will make the trip from their homes in automobiles. Numerous inquiries have been received from all parts of the country concerning road conditions, and especially in regard to the practicability of reaching other points in Florida by automobile trips from Jacksonville.

For the information of auto owners, desirous of bringing their cars to Jacksonville at the time of the Reunion, attention is called to the fact that the city license books show that there are over 2,000 licensed automobiles in the city of Jacksonville alone, and during the past winter season more than 2,500 motor-driven vehicles have passed through Jacksonville on roads to various places on the Florida peninsula. Unless there were fairly good roads, leading from Jacksonville to other sections of the State, there would not have been one-tenth as many cars in Florida this season, and the home people of Jacksonville would not have invested so heavily in motor vehicles.

Duval county, of which Jacksonville is the county seat, was among the first of the Florida counties to issue road improvement bonds and to begin the paving of its highways with vitrified brick and concrete. With a population of only 75,000 in 1909, this county issued road improvement bonds this year to the amount of \$1,000,000, and it was provided that not more than \$250,000 was to be expended in road construction each year for four years. The bonds were sold at a handsome premium and the money has all been expended on the roads of the county, with a result that this county now has some of the very best in the South, and these roads are a joy to the joyrider and to all persons who use them.

But this is not all; for the Board of County Commissioners is at the present time working up interest in a proposition to issue from \$2,000,000 to \$5,000,000 additional road improvement bonds and construct a system of paved roads and highways throughout the county of Duval that will be a model for all sections of the country. Jacksonville is only seventeen miles from a direct line from the Atlantic Ocean, where there is one of the finest beaches in the world, affording a speedway four hundred feet in width and twenty miles in length. Here is the ideal automobile course and it is visited by thousands of cars every year.

From the city to the seashore the county has constructed a magnificent boulevard, paved with vitrified brick and with concrete for the entire distance. Hundreds of cars traverse this Atlantic Boulevard, as it is known, daily, and during the Reunion many thousands of visitors will make the trip by auto to the beach. One of the seashore they will find users to interest them. Surf bathing will be at its best during the Reunion week and many visitors from interior points, who have never before had the opportunity to plunge into the big breakers of Old Ocean, will find the experience a novel and delightful one.

From Jacksonville to St. Augustine the distance by auto is 38 miles, and the trip is easily made in two hours. In fact, the road for the trip is not less than one of the best, but that is almost too fast for a trip to the oldest city in the United States. The road from South Jacksonville, on the opposite side of the majestic St. Johns river from the Reunion city, is paved with shell for nine miles and the color is good. Then comes six miles of brick paving over which the cars fairly skim along. The next four miles to the Duval county line, have not yet been paved, but a temporary surface of shavings has been provided. From the county line to St. Augustine, a distance of 18 miles, the road has not yet been paved, but shell has been placed in the wheel ruts and good time can be made by the average car. Still another attractive trip, on the south side of the St. Johns river, is that to Mandarin, a pretty little village on the banks of the river, about fifteen miles from the city. This road is well paved with shell for the entire distance and passes through some very pretty orange groves, which in themselves are an attraction to all. At Mandarin there are a number of attractive homes, surrounded by pretty gardens, groves and farms. This village is the site of the former home of the late Mrs. Harriett Beecher Stowe, the author of "Uncle Tom's Cabin."

The city of Jacksonville has sixty miles of paved streets and contracts are now outstanding for several additional miles, work on which will start immediately after the reunion, as it is the desire of the city authorities not to have the streets torn up while the visitors are here.

Eight-sewing automobiles are numerous in Jacksonville every winter and this year several of the large cars will remain over until after the reunion.

Sons of Veterans and Military Organizations "Second Day, While the Veterans Parade Last Day.

Jacksonville, Fla.—With the near approach of May 6, 1914, in the 34th annual reunion of the United Confederate Veterans Association and Sons of Confederate Veterans, centers around the three parades, one each day of the reunion. It has been definitely decided that the first parade will be that of the maids and sponsors, and it will be given on the afternoon of May 6.

This parade will be confined to automobiles and carriages, and all sponsors and maids of honor will be admitted to it. The Jacksonville Reunion Association has decided that, if possible, the parade of maids and sponsors will be the finest spectacle of the kind ever seen in the southern States. The route will be several miles long and passes through the principal residence and business sections of the city.

The parade of the second day, May 7, will be of the Sons of Confederate Veterans and their military organizations. It is the present plan for the Sons to march on foot, and the parade will take in the business sections of the city.

On the morning of May 8, the last day of the reunion, the annual parade of the Confederate Veterans will be held. Jacksonville labors under a disadvantage in staging this parade that no other reunion city has ever encountered, that of securing horses. There are very few available horses in Jacksonville, and as a result it has been decided to make the parade a combination between horses, automobiles and foot marching. The local association believes that it will be possible for the commanders and their staff officers to be provided with mounts, but it is going to be a difficult matter to secure a sufficient number even for that. However, a united effort is being made to secure all the mounts possible in Jacksonville and nearby towns in Florida and South Georgia. Arrangements for these parades are being worked out rapidly by special committees. May 8, C. Harrison is chairman of the committee that will have charge of the Sons of Veterans parade. He is being assisted by the local camp of Sons of Veterans, of which Judge John L. Dodge is commander. Adj. Gen. N. B. Forrest of the National Sons of Veterans, is here giving much of his attention to these arrangements.

Mr. W. M. Stinson is chairman of the committee on entertainment of maids and sponsors, and has been working on plans for some time with a corps of assistants. He will organize the entire program of the maids and sponsors entertainment features and promise to give the visiting ladies the most possible reception in Jacksonville.

Gen. John L. Dodge, commander of the Florida Division, F. C. V., is in the city on the part of the United Confederate Veterans' Association, chief marshal of the veterans' parade, with Gen. W. H. Sebring, chief aide, Gen. Ingalls wants a parade in which the older veterans will occupy automobiles and carriages, with commanders and as many of their staffs as possible on horseback. The veterans' parade is being worked out along these lines.

The social functions of the reunion will be about the same as have prevailed at other reunion cities. Three balls will be given, during the week, one for maids and sponsors, one for the Sons of Veterans, and the other for the veterans themselves. Gen. Bennett H. Young, appointed as his chief sponsor Miss Corinne Hampton, of Columbia, S. C. His maids of honor are Misses Minnie Brock, of Chattanooga; Eloise Washburn, of Montgomery, Ala., and Miss Gladys Kernan, of New Orleans. These ladies represent the south in the social functions of the reunion.

A dancing pavilion will be erected close to the business sections of the city, and it will be large enough to accommodate the reunion balls. In addition to the balls there will be a number of events on the program for the entertainment of social ladies. Chief among these is a trip to the seashore, and an excursion or two on the St. Johns river. Some two hundred young men have volunteered their services as escorts for the visiting ladies, and everything points to a most enjoyable week for all who may participate in the social functions and the annual parades.

A jury of a half million has found a verdict in favor of the Ford. More than five hundred thousand Fords sold into world-wide use have earned a reputation for serviceability and economy unparalleled in the motor car world.

A FISHING SCENE ON ST. JOHNS RIVER AT JACKSONVILLE

Jacksonville, Fla., March.—Inquiries have been received here from prospective visitors to the Confederate reunion in May concerning the opportunities for fishing during reunion week. No better opportunity is offered anywhere in the south, as the accompanying illustration indicates. A popular outing is for ten or twelve men to go to the jetties, near the mouth of the St. Johns river, hire a boat and anchor it, fishing from the boat. Every species of fish known to southern seas is caught there in the greatest abundance.

LEFT BEHIND IN LIFE'S RACE

Ainus of Northern Japan: Furnish an Object Lesson to Peoples Who Refuse to Progress.

If one were to go about the Ainu on the island of Hokkaido, in northern Japan, he would find himself in a stage of departure from pure savagery which parallels the condition of our race as it existed 4,000 years ago, and shows in practice how surely the savage is destined to elimination by any other branch of the human species which advances beyond his stage of co-operation; says the Philadelphia North American. The Ainu, commonly believed to be a lost branch of the whites, have been subject to the more progressive Japanese for ages, and their level, without making close distinction, corresponds to that of some aborigines of Australia, who have been attributed, in their origin, to tribes of adventurers from ancient Chaldea.

The Ainu were on their island long before the Japs arrived, and they preserve their original savage customs and superstitions, with a fidelity that is strong evidence of their purity of race and also of the fatal consequences of both customs and superstitions. Yet so strong is the influence of example that they conform in some measure to the more modern life around them. The men pride themselves on being hunters and leave the women to raise the rude crops which eke out their subsistence. But when it is absolutely necessary the men will condescend to take a turn at scratching the surface of the soil. Their worship of the bear is probably the trait which has made them most widely known; but the bears they catch as cubs and rear as bellies for no other use, as well as the bears we happen to capture in this country. It is the luck of our bears, says the writer, to end in comfort, if not in freedom, in a circus or a zoo. But the bears of the Ainu, after being humbly apologized to, are mercilessly slaughtered and enjoyably eaten.

The woman who longs for the times when she wore, even with a preference for nice white cotton to suit her rugged nature, can take a trip to Japan and observe the ways of the Ainu and his ways, and also the ways of his somewhat, she will doubtless conclude that she has been born about 4,000 years later than any period which could have met with her approval, even if she is living now 4,000 years ahead of the time when she will feel she is perfectly content with man as civilization has improved him.

When Ade Was Younger.

As a reporter on the old Record in the days before he became known to fame, George Ade's personal charm as well as his striking appearance and sartorial elegance, made him a great favorite with the ladies. One of his assignments took him to a public dance given on the Northwest side, and here he met a young woman, evidently the belle of the ball, who was a waitress in a downtown restaurant. Ade danced with her a number of times and thought that he had made a great impression. This impression was heightened, he thought, when he revealed his identity. It is not every day that a girl of the masses meets a literary gentleman, an iceman or a butcher's boy being perhaps more in her orbit.

What was Ade's chagrin half an hour later, then, to overhear her talking to her girl chum at the table. "My best feller," said the chum, "is a bartender."

"Huh! That's nothing," topped the other; "I got a real swell guy. My beau's a porter on the Record." Chicago Inter Ocean.

His Duty Done.

The much more general participation in athletics at Yale marks a transition from its former days when only specialists were allowed in the rowing tanks or on the football field.

At a Yale dinner President Hadley, the guest of honor, commented favorably on this change, stating that it brought many more boys into the college activities than in the days of Yale

supremacy. "Of course," he said, "I regret the change of fortune in our specialized athletics—but that reminds me of the story of Little Johann of Newtown, Conn. Little Johann lived at one end of the town and his grandfather at the other. One day his grandfather died.

"A stranger passing down the street noticed Little Johann playing in the garden, quite as if nothing had happened. Rather shocked at the lad's conduct, he stopped and said: 'Johann, your grandfather is dead.' 'The little fellow looked up. 'I know it,' he said, as he resumed his play," he said.

Records of Heavy Rainfalls.

Records of winters in the past bring to light some accounts of excessive rains, for in 1909, a gauge kept at Monumental, in California, registered 158.54 inches. Only at Glenora, Oregon, with a record of 157.25 for a single year, has this rainfall record been exceeded in records for the United States. The heaviest rainfall for a single month ever recorded in the United States was at Helen Mine, California, 16 January, 1909, when 71.54 inches fell. Campo has the record for the heaviest downpour ever recorded in California for a single day. This was 11 1/2 inches, on August, 12, 1891, and all of this fell within 50 minutes. This is far below the American record, however, which is held by Alexandria, Louisiana, with a record of 21.10 inches in a single day.

Roman Relics in England.

Great interest has been aroused in the Roman discoveries at Banchester, near Heterford, England. Many coins dating back to the reign of Constantine between 324 and 350 A. D. have been found. Pottery similar to that made before the destruction of Pompeii, in 79 A. D. and attributed to the potters who worked during the reign of Antoninus Pius, has also been discovered.

To Take Paint Off Glass Easily.

There never was, and probably never will be, a painter who painted the window frames without splashing at least a few specks of paint on the glass. To leave them on the glass stamps one a shabby person. To remove them, dissolve a couple of spoonfuls of soda in hot water and wash the spots with this, using a piece of soft flannel cloth.

Little Arithmetic Problem.

If twelve persons were to agree to dine together every day, but never sit exactly in the same order around the table, it would take them 13,000,000 years at the rate of one dinner a day, and they would have to eat more than 479 million dinners before they could get through all the possible arrangements in which they could place themselves.

Something Not Generally Known.

Scott—"Say, old man, I'm stuck on a quotation. Who was it said? 'A horse! A horse! My kingdom for a horse!'" Mott—"I thought everyone knew where that came from. That's what Absalom said when his horse ran under the tree and left him hanging by the hair to a limb."—Boston Transcript.

A. D. 2014.

Bell Boy—"Room 101 rung. They're singing college songs and they want ten more cocktails and a half-dozen more boxes of cigarettes." Hotel Proprietor—"You just tell those young society ladies they've got to be quiet; they're keeping some of the gentlemen boarders awake."—Puck.

Just Between Friends.

Maul—"So Jack compared me with something sweet, did he? The dear fellow! What was it?" Marie—"I don't think I should tell you." Maul—"Oh, do. I insist!" Marie—"Well, he referred to you as 'the human marshmallow.' You certainly had laid the powder on thick, dear."

PETER PAN MINSTREL WONDERFUL SUCCESS BY SANFORD LADIES

(Continued From Page One)

lady and they were not disappointed. Interspersed among the songs were many good local hits sprung by the black face girls and they brought out much laughter from the ones who were hit and their friends. In this respect the show was different from the usual run of minstrel shows for the hits were purely local and new.

A grand ensemble closed the first part in a blaze of glory. The old opened in polite vaudeville the first number being a reading by Mrs. R. C. Maxwell and it was so good that she was compelled to return and give another.

"Tales of a Troll," a strolling song by Miss Martha Fox and Miss Saldie Williams was a most dainty little sketch well rendered and brought forth generous applause.

A cornet selection by Miss Sturmon who still posed as Adah Jones in black face was given true to usual form of this popular musician and as usual she was forced to appear again and give another one.

Miss Aspinwall in a vocal number gave one that pleased her many admirers and was called for an encore.

The Jig Dancers followed being an exposition of fancy steps by the black ladies of the company and they pleased the audience so well that they were recalled and had to give it again and again until they literally danced themselves down and were obliged to retire for refreshments. These ladies were the real thing in minstrelsy and have been receiving congratulations from their many friends ever since.

The grand finale was in the shape of a rose garden scene with all the ladies present on the stage in beautiful evening costumes, carrying large bouquets of roses. Miss Rogers was the soloist and sang the Rose Song, at the close of which all the ladies present showered her with their bouquets and the curtain descended

upon the close of another distinct triumph for the ladies of Sanford not only in histrionic ability but in their aptitude to arrange something to please the public and get the money.

The Welfare Department of the Woman's Club has been enriched by several hundred dollars and the good work of beautifying the city can go merrily on, thanks to the committee and the good ladies who took part in the minstrel show.

Thanks are also due to Mrs. B. F. Bower who assisted at the piano Tuesday evening and also at all the rehearsals. To Mrs. Gerror and Mrs. Morgan and Mrs. Housholder and Mrs. W. W. Abernathy of the committee.

Just before the last act Mrs. R. A. Terpeun came forward and thanked the audience for their patronage and upon behalf of the club presented Mrs. Gerror with a magnificent bouquet of roses. The Peter Pan Minstrels was by the ladies and of the ladies and even the ushers were ladies being Mrs. John Dickens as doorkeeper, Mrs. H. C. Gerror, Mrs. W. W. Abernathy, Mrs. R. J. Holly, Miss Mabel Hand Miss Gladys Morris and Miss Anna McLaughlin, all dressed in white with red sashes and white caps, Mrs. W. L. Morgan and Mrs. Housholder at the ticket window.

The minstrel idea was even carried out to the parade in the morning, when all the ladies rode through the streets in autos dressed in white with the cute Peter Pan red paper caps on their heads and they attracted much attention and made a good advertisement for the performance.

It was in all a distinct triumph for the ladies and the Woman's Club of Sanford and presented in a good cause.

Beautiful Autumn.
There are those who shudder at the approach of autumn, and we feel a light grief stealing over their spirits like an October haze. But is not autumn the manhood of the year? Is it not the ripest of the seasons? Do not the proud flowers blossom—the Goldenrod, the Orchis, the Dahila, and Bloody Cardinal of the swamp land? —D. G. Mitchell.

CARRANZA IS GOING RIGHT ON FIGHTING BATTLES

Wants To Fight Huerta to the Finish and Will Probably Have His Wish Rebels Not in Favor of Peace

Washington, D. C., May 3.—General Huerta's acceptance of the request of the Latin-American envoys that he should delegate to confer with them in efforts to mediate the difficulties between Mexico and the United States was announced today at the state department.

The mediators at a conference with Secretary of State Bryan, communicated to the department that Huerta had selected to represent his interests D. Emilio Rabasa, a Mexican jurist, and Augustine Garra Galindo, under secretary of justice in Mexico. It further announced that a third delegate to represent Huerta would be named tomorrow.

After the conference Secretary Bryan made public the information from Mexico City which Huerta had communicated to the mediator through Ambassador Riano of Spain. The further announcement was made that no delegates to represent the United States had been selected.

Mr. Bryan would not discuss details of the conference further. Mr. Rabasa is a former member of General Huerta's cabinet and has been chosen by Huerta to be ambassador to the United States in case this government had recognized the Huerta regime.

Veracruz, May 3.—Mexico's rebels declared to arms today the capital and the other important cities of the nation. They have proclaimed Carranza as the only legitimate president of Mexico to oppose a large number of refugees who there Tuesday morning. Latest arrivals confirm reports of a growing subsidence of feeling against the Huerta regime, and tell of a rumor of a rupture between Huerta and General Carranza.

who claim to have authentic information declare Huerta is reiterating to confidants that he will never resign, but talks of the possibility of a coup against him. Several of the American business men say the foreign diplomatic representatives counseled them not to leave the capital, saying there was practically no danger, and the whole situation would be clarified soon.

The refugees expressed genuine disappointment at the lack of any indication of any advance of the American army on the capital. They say the best class of Mexicans share this view.

There is speculation in official circles regarding disposition of customs revenues of this port said to aggregate over a million dollars in gold a month. Flowing federal funds look important custom house officials say it is difficult to clear up business in the warehouses or to accept deposits of merchandise that has recently been made of the refugees.

No Meeting in Sanford. The court of the Confederate Republic at Jacksonville that took the meeting of the Congressional committee has been postponed. There are five candidates for Congress in the Fourth District. All of them were to have been in Jacksonville today but the date was postponed until later in the month when all of them expect to address the voters of Sanford and of Seminole county.

The Baptist girls, instead of having a regular luncheon as planned for Friday evening, May 3, will have a social subject at the club the morning of the 10th. It will be in the hall of the First Baptist church, 1000 Madison.

YOUR CAMPAIGN EXPENSE

Must Be Filed With Clerk Of Court Next Thursday

The attention of candidates for county offices is directed to the provision of section 19 of chapter 6470, by the acts of the legislature of 1913, in regard to the oath to be taken by the candidates with the filing of statements of expense. Unless this oath is subscribed to before an officer qualified to administer oaths, and filed with the statement of expense, it will be the duty of the officers to omit the candidate's name from the ballot.

The written oath duly administered and signed, as provided in the first part of section 19, should be filed with each statement of expense by every candidate. There are three such statements, one to be filed not more than thirty nor less than twenty-five days prior to the election, the second to be filed not more than twelve nor less than eight days prior to the election, and the third within ten days after the election.

The oath which candidates must subscribe, and which should be filed with the statement of expense, is as follows:

"I do solemnly swear that the statement herewith filed embraces all money spent by me or in my behalf, with my knowledge and consent, through or by any other person, that I have gathered, directly or indirectly, arranged or encouraged, or received at the spending of any other person, that I have not repaid or have been so spent, or claimed to have been so spent, and that I will not do so, and that I have not violated any of the provisions of the laws governing primary elections and the expenditure of funds in connection with a candidacy for a nomination in a primary, in letter or in spirit, so help me God."

Old Timer Here

Mon. Ben H. Voght of Eustis was here yesterday for a few hours making connections for Clermont where he expects to stick type on the paper for a few weeks. Mr. Voght came to Florida shortly after Ponce de Leon discovered Jacksonville and has been in Eustis ever since. According to his calculations he is over 100 years old now and is still hale and hearty and ready to work at his trade just to keep his hand in. He has been engaged in the newspaper business in Washington and many cities in the east and after coming to Florida had the first paper in Lake county, afterward selling out and becoming identified with the Hill Printing Co. He has a wonderful store of knowledge concerning men and measures and events with which he is familiar that have occurred during the past hundred years. Mr. Voght is a booster from way back and never loses an opportunity to speak a good word for Eustis and Florida.

NEW TRACTION LINE FROM RIVER TO COAST IS NOW PROPOSED

CAPITAL SAID TO BE PROVIDED FOR THE NEW PROJECT

FROM ST. JOHNS RIVER TO OCEAN AT SMYRNA

MAKING ONE OF THE FINEST AND MOST PROFITABLE LINES IN THE STATE OF FLORIDA

Again we are called upon to chronicle the advent of a proposed trolley line this time from the St. Johns river to the East Coast, and this line would be a paying proposition from the St. Johns side and from the East Coast side. The people of the East Coast town are unable to obtain a reasonable freight rate and want to reach the St. Johns river to take advantage of the river transportation. We people of the river side want a better transportation to the East Coast without going round the world when we wish to take a trip to the beach.

Consequently the following information from the New Smyrna News will be most interesting. That there is a movement on foot for the building of a trolley line between the St. Johns river, either at Enterprise or Blue Spring Landing, and New Smyrna by the way of Lake Helen, and that there is a good prospect that a sufficient amount will be raised to carry the project, through the information coming from Lake Helen, where the people are much interested in getting some means of quick and frequent transportation to the coast and to the St. Johns river.

It is stated that \$10,000 toward such a project has already been subscribed by interested parties in Lake Helen without solicitation and no effort has been made to solicit funds toward the enterprise at any other point along the proposed line.

No estimate of the total cost of such a line has yet been made, but the people of Lake Helen propose to take the matter up with the people of New Smyrna, Orange City, and Enterprise with the idea of ascertaining how much money can be raised by the residents of those places, as well as among the people in the territory through which the proposed line will pass.

If a sufficient amount can be raised to make it appear the line can be built and a sufficient amount of advance subscriptions are made to finance the survey, the proposed line will be surveyed and laid out and an estimate on the total cost can then be made.

It is believed the people of New Smyrna will give the Lake Helen people every assistance in the proposed enterprise.

Through Open Switch

Plant City, Fla., May 3.—(Special.)—Atlantic Coast Line passenger train No. 84, went through an open switch at the Roux brick plant at 6:50 yesterday morning, killing a negro laborer, George Dudley, injured two of the train crew, and the passengers were badly shaken when the train ran into the cars of the siding. The engine was badly damaged.

Dudley, at work in one of the cars on the siding when the engine of the passenger train struck it, and was thrown under the brick and instantly killed.

Fireman McNally sustained a broken arm and several bruises. Engineer Leonard jumped. He received only a sprained ankle. The mail clerk received only a few painful bruises. Their injuries received attention from the Coast Line surgeon. The engineer of the passenger train plowed through a ballast car and part went through the box car in which Dudley was killed.

Another negro was in the car with Dudley but escaped unhurt. Examination of the switch showed it had been opened and locked by some one unknown. It must have been done a short time before the arrival of the passenger. Other trains had been through a short time previous. Because of the wreck occurring on the siding and injury to train equipment only the engine and wrecking crew from Lakeland soon cleared the tracks and No. 84 proceeded after a delay of only three hours.

Boy Soldiers of Mexican Army; Shame to Regime of Huerta

Photo by American Press Association. It was no secret that President Huerta became so desperate for the need of soldiers that he pressed into service even young boys and girls. This picture shows a typical view of kids not out of their teens who were taken off to war. They were brothers, and they handled their guns like veterans.
