FLORIDA PRESS GANG MET AT PENSACOLA WERE ROYALLY ENTERTAINED

West Fla. Visited By South Fla. Editors HAD FINE MEETING

PENSACOLA THIRD CITY IN FLORIDA PLAYED HOST TO PRESS GANG.

Last Thursday, Friday and Saturday Pensacola played host to the Florida Press Association or rather the larger Hervey of the San Carlos played host for he threw open the best hotel in the south to the editors and their wives for the three days getting not only giving them accommodations free during the meeting but under them a luncheon each day at noon as the guests of his hotel. The business meetings each morning were supplemented each afternoon by a trip to the Richland Farms on Tuesday afternoon, a trip to the Naval Air Station on the U. S. S. Seahawk, a trip to Fort Pickens, an old fashioned Pensacola oyster roast, fish fry and luncheon prepared by Mine Host Hervey and many other side trips that made the editors feel like they were among their friends and everywhere they turned that prince of good fellows Hervey was there to give them something to eat and "everything". One day at luncheon he distributed fine bath towels, pocketbooks to the men and imported Japanese fans to the ladies, at other times flowers and favors and they will never again think of Pensacola without first thinking of Hervey, the greatest hotel man in the South.

On Wednesday evening the San Carlos Hotel Auditorium was filled with a merry throng for dancing just after a reception had been held for the visitors on the mezzanine floor. The ball room was beautifully decorated for the occasion and a famous jazz orchestra furnished the music. All during the dances large quantities of the guests were given covered paper caps were worn while streamers were thrown over them and confetti showered upon them as they made merry by dancing and whistles and other fun matters.

Among the many affairs given for the visitors was the reception tendered by Mrs. Louis Mayes of the Pensacola Journal where dancing and refreshments helped to while away a most pleasant evening.

Saturday was given over to the election of officers, the selection of the next meeting place and the launching of the new freighter, the "City of Hastings". Mrs. T. E. Fitzgerald of Daytona, wife of President Fitzgerald christening the ship with the following for bridesmaids and maids:

Mrs. Ruby Pierce, West Palm Beach; Miss Barbara Hillyear, St. Augustine; Miss Marion Kneeling, Marianna; Miss Gail Binkley, Bartow; Miss Edith Edburn, Mt. Dora; Miss Margarita Mayes, Pensacola; Miss Georgia Robinson and Miss Grace Cooley, Pensacola Journal; Miss Frances Salmons, Pensacola News; the attendants were Mrs. C. V. S. Wilson, Sarasota; Mrs. E. L. Moore, Marianna; Mrs. A. P. Jordan, Punta Gorda; Mrs. D. R. Read, Milton; Mrs. Bob Holly, Sanford; Mrs. Harry Brown, St. Augustine; Mrs. Chris Codrington, DeLand; Mrs. Gibbs, New Orleans.

Gilbert Leach of the Leesburg Commercial was elected as president. Mrs. L. K. Mayes of the Pensacola Journal as vice-president, W. M. Hayes of the Sanford Herald Secretary and Miss Ruby Pierce of the Palm Beach News treasurer and the next meeting place will be in Tampa.

Mr. and Mrs. R. J. Holly and Mr. and Mrs. Chris Codrington of DeLand drove to Pensacola in the Condington car making more than 1200 miles on the journey starting from Sanford on Saturday June 12 and arriving home Tuesday night June 22nd and seeing Florida as it could never be seen from the windows of a railroad train.

Lack of space forbids a detailed account of this splendid meeting of

the editors of Florida but those who attended were well repaid by this glimpse of the state of which many had heard but so few had seen and the meeting created a better feeling among the tribes of west and south Florida although it demonstrated that south Florida is undoubtedly the best part of the state when it comes to progressive citizenship and good roads. The fact that only a few editors of west Florida attended the meeting held at their very doors demonstrates more than anything else that west Florida is not alive to her opportunities for getting together with other parts of the state for a greater Florida.

This paper will have more about the roads of west Florida and the good people of that section of the state later on and we are glad indeed of the opportunity to meet and visit with them. They are the best and the biggest hearted people in the world but they lack initiative in the movements that would tend to build up their cities, counties and the state although they have some of the finest farming lands in the south and some of the finest crops of corn, cotton, peanuts, forage crops, tobacco, fine hogs and cattle.

TRAGEDY OCCURS AT LAKE MONROE

ALTERCATION OVER CAR OF PEPPERS LEADS TO DEATH OF J. F. MANN BY J. M. OGLESBY.

A deplorable tragedy occurred at Monroe last Monday afternoon when in an altercation over a car placed at the station for the loading of peppers J. M. Oglesby struck J. F. Mann on the head with a large rock that caused his death a few hours later.

There seemed to have been only one witness to the affair aside from several small children and that was a negro who was assisting in loading the cars. At the coroner's inquest Tuesday his testimony showed that the car had been placed on the track and Mr. Mann was loading his peppers when Mr. Oglesby came up and demanded that he take them out of the car as it had been placed there for his special benefit and the argument waxing hot with words and as Mr. Mann advanced and dodged down to escape the rock thrown by Mr. Oglesby it struck him square in the top of the head crushing the skull.

The injured man was rushed to the Fernald-Laughton Hospital and everything possible done for him but he lived but a short time after being taken there and never regained consciousness.

The funeral services occurred at the Lake Monroe Baptist church Wednesday afternoon at 3 o'clock Rev. E. Lee Smith officiating and the interment was made in Sylvan Lake Cemetery.

Deceased was 59 years of age at the time of his death and he leaves nine children to mourn his loss and the sympathy of the many friends goes out to them in their hour of sorrow.

J. M. Oglesby was arrested immediately after the unfortunate affair and placed in jail and his preliminary hearing occurred yesterday at ten o'clock before Judge Stringfellow.

At the preliminary hearing yesterday Oglesby was held for the next meeting of the circuit court without bail.

Mr. and Mrs. Frank Grayam returned last night from a trip to Ocala and Anthony. They made the trip in their car and were accompanied by Mrs. W. W. Watson Jr., and Mrs. J. D. Daye of Frostproof.

Mr. and Mrs. Geo. Speer and Son Algernon spent last week at Daytona Beach. They report a fine time.

SANFORD ATTORNEY KILLED

MAJOR ALEX. K. POWERS KILLED BY ASSASSIN IN NORTH CAROLINA.

The city was shocked last Saturday night to learn of the death of Major A. K. Powers at his old home at Wallace, North Carolina. He had left for Wallace at the summons of his mother who had been expecting some trouble over her property there and Major Powers expected to have some trouble while there and according to the meager details that can be learned he was shot by an unknown negro but just how he was shot and who was responsible for the same will not be known until his relatives can return here with details. The following account appears in the Raleigh News and Observer:

Wallace, June 20. Mr. A. K. Powers, prominent attorney of Sanford, Florida, who was seriously wounded here Saturday night, when he was shot by a negro whose identity has not been ascertained so far by the police, died at Wilmington hospital this afternoon. Mr. Powers was in Wallace visiting his mother. He suffered a shattered left arm below the elbow and an abdominal perforation.

It appears Mr. Powers was near the home place when a negro coming along the road opened fire upon him. Although badly wounded Mr. Powers fired twice at the running negro with a pistol. The injured man stated he believed the negro thought he was a ghost, as the black man gave an unearthly yell when he fired with what was later found to be a shotgun.

Mrs. Powers, who was formerly Miss Onie Zachary, of Raleigh, has been notified and is on her way to the state from her home in Florida.

Mrs. Powers left immediately after hearing of the tragedy but did not arrive in time to see her husband before he died.

Major Powers leaves a wife and two children to mourn his loss and a host of friends who have been shocked by this tragedy. Major A. K. Powers had been a resident of this city for the past eight years, coming here from his home at Wallace, North Carolina and resumed his practice of law that he had followed in his native state. He was a whole-souled, genial gentleman and together with his charming wife made a large circle of friends who esteemed him for his many kindly traits and friendly spirit. He will be greatly missed by his many friends and by his fellow members of the Seminole Bar Association of which he was one of the charter members.

The sympathy of the entire community goes out to his wife and children and his mother and sister in the North Carolina home.

Funeral services of Mr. Alexander

EXPECTED TO BATTLE NEXT WEEK

DEMOCRATIC CONVENTION WILL HAVE CONTEST OVER THE PROHIBITION QUESTION.

San Francisco, June 24.—With the opening of the Democratic National Convention one week away, a scene of activity is noticeable at hotel headquarters, in addition to preliminary work at the Auditorium where the delegates will gather. It took the form of informal discussions between National Committee members and state leaders on the party's platform.

Plain intimation ran through the current of talk that proposals to modify the federal prohibition enforcement act are expected by some to share honors with if not eclipse the League of Nations issue.

Nobody would take for publication but taken in connection with the announced purpose of William J. Bryan to resist any weakening of the prohibition enforcement measures, the talk brought to the surface a feeling by prominent Democrats already of that a nerve battle on that point in the resolutions committee could not be avoided, and they believed the question might ultimately be fought out on the floor of the convention.

Card of Thanks

To all the friends whose sympathy and services were so kindly rendered in our bereavement, the death of Mrs. E. A. Hodges, we desire to extend our sincere thanks.

The Family.

Kinchen Powers, attorney of Sanford, Fla., who was mysteriously shot to death at Wallace June 20, were held yesterday afternoon at 5 o'clock from the residence of his sister, Mrs. J. E. Bridges, 307 North Person street, conducted by the Rev. Weston Bruner, pastor of the Tabernacle Baptist church.

The following hymns were sung: "Lead Kindly Light" and "It is Well With My Soul."

The pall bearers were: Dr. J. W. McGee, Mr. Gilbert Crabtree, Mr. Henry J. Young, Mr. Phil Theim, Mr. Telfair Horton and Mr. George J. Powers, of Willard.

Mr. Powers is survived by his mother, his wife and two children, and two sisters, Misses Virginia and Mary Lou Powers. His mother, Mrs. M. F. Powers, lives at Wallace.

Mr. Powers was thirty-seven years old and was born near Wallace, Pender county, March 15, 1883. He was graduated from Wake Forest college in 1905 and moved to Sanford, Fla., April 1912, and shortly afterwards married Miss Onie Zachary of Tallahassee, Fla. During Governor W. W. Kitchin's administration he held the rank of major on the general staff.

County Commissioners Meet

MANY MATTERS PERTAINING TO ROADS AND OTHER AFFAIRS UP FOR DISCUSSION

Sanford, Fla., June 9th, 1920. Honorable Board of County Commissioners in and for Seminole County, Florida, met at 10 o'clock A. M. Present: Chairman L. A. Brumley, and Comrs. L. P. Hagan, O. P. Swope, C. W. Entzinger, and E. H. Kilbee, with V. E. Douglass, Deputy Clerk and E. E. Brady, Sheriff, in attendance.

Minutes of the meeting held May 4th, also special meeting held May 12th, was read, approved and ordered filed.

The following resolution was offered by Comr. O. P. Swope, and duly seconded by Comr. C. W. Entzinger, and adopted:

Be It Resolved by this Board of County Commissioners, that inasmuch that a resolution has been heretofore adopted by this Board, making legal width of all County Highways in Seminole County, Fla., Forty feet;

Therefore Be It Resolved, that

the hard surfacing of the County Highways under the present contracts, be and the same are hereby discontinued until such time as adjacent property owners set back their fences to comply with said resolution providing for a forty foot roadway in Seminole County.

Tony Esculo, addressed the Board in reference to outlet to his property and on motion of Comr. O. P. Swope, and by Comr. E. H. Kilbee, and carried, this matter is referred to Comr. L. P. Hagan, and Engineer Fred T. Williams, to investigate and report to this Board.

Agreement between Seminole County, Fla., and Henry Nickles was presented to the Board and read, and on motion of Comr. O. P. Swope and by Comr. C. W. Entzinger and carried, Chairman L. A. Brumley, is authorized to sign said Agreement on behalf of Seminole County.

On Motion of Comr. L. P. Hagan, 2nd by Comr. O. P. Swope, and

ALTAMONTE SPRINGS WANTS TO RETURN TO MOTHER ORANGE

carried, the matter of appointing a Ferryman for the Osteen Ferry is referred to Chairman L. A. Brumley, and the County Commissioner from Volusia County, Fla., with power to act.

Motion of Comr. O. P. Swope, 2nd by Comr. E. H. Kilbee, and carried, Mr. O. G. Walcott, of Ovidio, Fla., is hereby appointed to act as County Enumerator for Seminole County.

On Motion of Comr. L. P. Hagan 2nd by Comr. C. W. Entzinger, and carried, the Pension Claim of Lucinda Cassidy Barnhart, filed with this Board is approved.

Bill against Black Hammock Drainage District, and Florida Groves Drainage District, were approved and ordered paid.

Motion of C. W. Entzinger, 2nd by O. P. Swope, and carried, Mr. W. C. Williamson, is instructed to dispose of the horse now owned by the County.

Motion of E. H. Kilbee, 2nd by O. P. Swope, and carried, The Clerk of this Board is instructed to write to Mr. Clark, Engineer of Roadway, for Florida E. C. R. R. at St. Augustine, Fla., requesting that they put in

(Continued on page 6)

Mass Meeting Passes Resolutions To That Effect

CHARGE NEGLECT

IN MATTER OF GOOD ROADS AND WANT TO PETITION NEXT LEGISLATURE.

Altamonte Springs, June 18.—At a largely attended mass meeting held here today, the following resolution was unanimously adopted:

"The citizens of Altamonte Springs Fla., in mass meeting assembled this 18th day of June in the year of our Lord, 1920, unanimously declare it to be our wish and resolute purpose to have Altamonte Springs made a part of Orange county, from which county by legislative enactment without our consent and against our vigorous protests we were divorced and made part of the new county, Seminole, Nov.

"Whereas, Altamonte Springs, since it was made part of Seminole county, has been, through neglect or indifference, absolutely ignored by the officials of the county, and no heed given to complaints or protests which were vital to the welfare of our people and the development of this vicinity; and,

"Whereas, our main avenue was given a width of but eight feet and our other thoroughfares have been during this entire period been neglected and practically impassable, regarding the growth of a section unsurpassed in any respect in the entire state; and,

"Whereas, the county seat of Orange is but nine miles distance and that of Seminole fourteen over much inferior road, the divorce was unnatural and unholy; and,

"Whereas, it is not the policy or the purpose of the people through their chosen representatives at Tallahassee to subject any part of the citizenship of the commonwealth of Florida to unnecessary inconvenience to taxation without their receiving fair and equitable returns from such taxation or to force upon them an obnoxious government which has proven detrimental to their welfare;

"Therefore be it resolved, that a legislative committee be appointed to appear before the legislature when next in session at Tallahassee and to see that legislation is enacted placing Altamonte Springs again in Orange county and that such committee shall consist of Hon. Chas. D. Haines, J. W. Osteen, A. W. Mullen, Joe M. Lewis, A. C. Cline, George Kingsley, A. G. Fuller, A. G. Haines, Ed. N. Mitchell, C. A. Dallas, R. S. Blanchard, Howard Lyman, E. W. Mitchell, W. E. Cinclair, J. A. Collins, W. B. Ballard, Charles E. Bowers, Forest Stone and H. J. White,

State Commander Blanding took the floor and stated that he did not care to be classed with such men as did not do their duty to the country and he was unalterably opposed to any such compensation, as it would make him feel as if he had been paid for the government for having rendered a patriotic duty. His speech was greeted with a rousing cheer and the question being put to vote carried 84 for the resolution and 39 against.

Orlando was selected as the next meeting place for the convention. St. Augustine also invited the convention. The vote was Orlando 96, and St. Augustine 30. A motion was made and seconded that it be made unanimous for Orlando. This carried.

Judge J. L. Billingsley, of Miami was elected department commander. The name of Vivian B. Collins was placed in nomination, but Mr. Collins stated that he could not accept the office should he be elected and he requested that his name be withdrawn. This was done and Judge Billingsley was unanimously elected.

That the department of Florida is to make a war on the high price of sugar is readily seen by the action of the delegates this morning in their hearty support of the following resolution presented by the Palm Beach delegation:

"Whereas the price of sugar has advanced in nine months, from 10 cents to 35 cents per pound, and there is a price range from 10 cents per pound to 15 cents per pound in various parts of the country, and even in the same city, therefore it is evident that the surplus supply is in the hands of speculators.

"Therefore, be it resolved that this convention go on record as condemning this unparallel profiteering and that the several posts be urged to circulate petitions among the citizens adjacent to their home posts, that after July 4, the signers pledge themselves to reduce their consumption of sugar and sugar products to the absolute lowest requirements until the price of sugar has been reduced to 15 cents per pound."

AMERICAN LEGION MEETING

GOES ON RECORD AS OPPOSED TO A CASH BONUS.

Tampa June 23.—The American Legion, Department of Florida, went on record Tuesday morning at the second session of its second annual convention, as being opposed to any legislation which had as an incorporation anything suggestive of a cash bonus. The resolution was introduced by J. L. Billingsley of Miami, who in a well worded talk gave his reasons for being opposed to this form of compensation.

His speech ran much along the lines of merchandising of the service and on several points he won considerable applause. J. W. Morris, speaking for the Tampa Post, took up the question with Mr. Billingsley and stated that his post had instructed him to vote for the bonus, and he was making his fight on these grounds. He gave his reasons for favoring a bonus, and told of the men who remained behind and made fat salaries off the products of the war.

State Commander Blanding took the floor and stated that he did not care to be classed with such men as did not do their duty to the country and he was unalterably opposed to any such compensation, as it would make him feel as if he had been paid for the government for having rendered a patriotic duty. His speech was greeted with a rousing cheer and the question being put to vote carried 84 for the resolution and 39 against.

Orlando was selected as the next meeting place for the convention. St. Augustine also invited the convention. The vote was Orlando 96, and St. Augustine 30. A motion was made and seconded that it be made unanimous for Orlando. This carried.

Judge J. L. Billingsley, of Miami was elected department commander. The name of Vivian B. Collins was placed in nomination, but Mr. Collins stated that he could not accept the office should he be elected and he requested that his name be withdrawn. This was done and Judge Billingsley was unanimously elected.

That the department of Florida is to make a war on the high price of sugar is readily seen by the action of the delegates this morning in their hearty support of the following resolution presented by the Palm Beach delegation:

"Whereas the price of sugar has advanced in nine months, from 10 cents to 35 cents per pound, and there is a price range from 10 cents per pound to 15 cents per pound in

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

EAST SANFORD

Mrs. Powers and little ones have the sympathy of all in the death of her husband A. K. Powers at Wilmington, N. C. Monday. Mrs. Powers left for Wallace on Saturday night and is said to have reached there before Mr. Powers' death.

A number of accidents have taken place about here recently. While on a fishing trip Monday afternoon Mrs. W. W. Miller slipped and fell on Geneva Ferry bridge and broke her right arm at the wrist. She was taken to town at Dr. Robson set it and she is doing nicely so far. While Dr. Denton driving on Beardall Avenue Monday he was unfortunate enough to run down Mr. Van an aged man who has only one arm. The doctor took Mr. Van to the hospital and cared for him. We hear he had both legs broken. Miss Ruth Grier of Cameron City in helping to carve a water melon on Tuesday last week cut her hand across the palm and was taken to Dr. Tolar who took some stitches in it. Mrs. W.

M. Waiden of Cameron City while about her house work one day last week fell and broke both bones in one arm.

Edgar Harold of Genoa was here to visit his uncle and aunt Mr. and Mrs. W. W. Miller first of the week.

Mrs. W. E. Prevatt has her little sister Althea Curry of New Smyrna with her for a visit.

Mr. and Mrs. J. C. Rowan have sold their place at Beck Hammock to Alex Foster and left this week for St. Augustine where they have bought a nice home.

Mr. and Mrs. Thomas Dundap will move from Richmond Ave into the West Side of the Steel house on Celery Ave.

Mr. and Mrs. Robt. Merriwether returned Saturday night from their honeymoon trip and are with the bride's father at present.

Mr. and Mrs. W. W. Miller have moved into their attractive new bungalow on Cameron Ave.

We noted a couple of weeks ago that Irving E. Estridge had sold the farm on Geneva Ave he recently got from Mr. Dunn to the Tropical Produce Co. Mr. Estridge changed his mind after the word had gone out he had sold and still has his place and will farm as usual.

A. B. Cameron has sold 20 acres of his land that corners on Cameron Ave. and Cameron Villa road to D. L. & Robert Thrasher who expect to clear and improve 8 acres of it this season.

Joe Cameron is sending 400 steers to Kissimmee this week to join a 1000 steers to be shipped to Galveston, Texas. They will fill a train of 30 cars and will be unloaded twice en route to rest and feed. Several cattle buyers were there here some time ago from Texas buying stock.

J. C. Rowan had some very nice chickens before his departure for St. Augustine or at least they must have been something extra as he charged some boys who he caught in his hen house \$20.00 a piece for the chickens they were trying to get away with one night recently.

George—the Bulgarian man who has been in jail some time, confessed Saturday to using dynamite to blow up Mike Stonoff's house.

Monday June 21st was the longest day of the year.

The Ellsworth home on Beardall Ave. is being newly painted green roof and French grey below with white trimmings. Ross Long is the artist.

LONGWOOD PICK-UPS

Mrs. Gibson and little son returned to their home in Jacksonville on Sunday after a pleasant visit with Mrs. Gibson's cousins Mr. and Mrs. McGahey.

Mr. and Mrs. Tinett and family have returned from Plant City. Miss Katherine Entzinger of

Plant City is the guest of her aunt, Mrs. Bill Allen.

Miss Eva Stuart spent the week end at home.

Mr. and Mrs. H. R. Chapman and little son have returned to their home in Jacksonville having spent several weeks the guest of Mrs. Chapman's parents Mr. and Mrs. J. S. Dinkel.

Miss Olive Dinkel is spending the week end in Jacksonville the guest of her sister Mrs. H. R. Chapman.

Mrs. J. A. Biatline spent Thursday in Orlando the guest of Miss Eva McQuarters.

J. E. Phipps was a visitor in town last week.

Mr. and Mrs. McGahey returned last week from Greensboro Ga., where they had been called on account of the illness of Mr. McGahey's father.

H. H. Smith and daughter Olive and Master Helie Smith left last week for Miami.

Mr. and Mrs. Johnson and Mr. Pearl and Mrs. Smith and Master Raymond and Donald Smith returned to Tampa on Sunday.

C. W. Entzinger and family have moved into their new home which he recently purchased from Mrs. Hardaway.

Mrs. L. J. Hunt and children of Ft. Lauderdale are the guests of Mrs. Hunt's parents Mr. and Mrs. J. A. Allen.

UPSALA AND GRAPEVILLE

Rev. R. W. Edwards of Jacksonville who has charge of this group of churches, writes us that he has been absent from the state for three weeks attending the General Assembly of the Presbyterian church and so could not make the usual appointment but he will be with us next Sunday and at Lake Mary.

Sunday school at 2:00 and preaching at 3:00 P. M.

It has been decided to close the Sunday school after this for three months.

Plenty of rain to cool the air and good for sweet potato plantings.

Mrs. Barney Beck has treated us to some fine watermelons from their home patch.

Mrs. Campbell and children were callers, Tuesday at the home of Mrs. Albert Cruse, whose little daughter Ruth, has been having a spell of malaria.

Mr. and Mrs. Jesse Thompson and little daughter are planning to move back to Sylvan lake next week. We are sorry to lose them as neighbors.

Mrs. Jim Mansfield and the three younger children, have been visiting at the home of her sister-in-law, Mrs. Jack Vaughn for a number of days and also at the home of Mr. Lowe, her brother at Osteen, leaving for their home in Tampa, Wednesday. They made the trip in their auto.

A small tornado with hail developed Monday afternoon over town and at Barney Beck home, three window lights were broken and a large mulberry tree and part of another tree were blown down. In Grapeville it was only a gentle rain, but we noticed the yellow clouds.

Mr. and Mrs. Jack Thompson and daughter, Mrs. Edd Ogilvie of Deland made a short call the home of his brother, Jesse Friday afternoon.

Quite a number go up to the lake these warm nights, on last Thursday Mr. and Mrs. Jesse Lee, Mrs. Ericson and daughter, Margaret, Mr. and Mrs. Krelland Mr. Tynor's young folks and Walfred and Carl Pierson were among the number there.

It seems that Mildred and Frances Bergquist accompanied their father from Tiger Bay and visited with their sister, Mrs. E. W. Lundquist. They were treated to a royal good time while here, going to Palm Springs on Saturday and on Sunday over to the beach while on Monday they all enjoyed a fishing trip on the St. Johns river.

Miss Margaret Ericson was among the party on Saturday and Monday and she later took supper with Mrs. Verne Collier in Sanford.

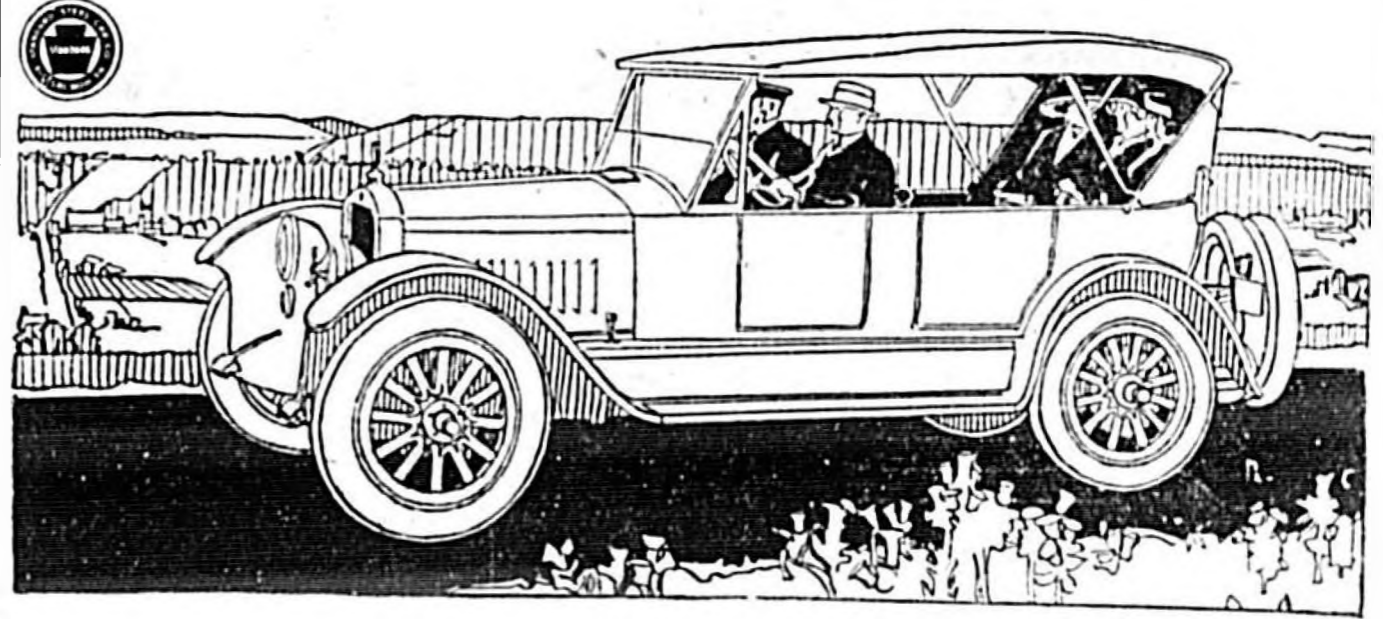

We were all pleased to have so many with us last Sunday, some from Bridge and we hear a number of cars from Lake Mary, besides Rev. Albertson and wife and two children from the Y camp at Winter Park. The two latter with Mr. Albertson sang for us the beautiful song, "In the Garden" while Mrs. Albertson told the children a story and recited very much helping out our exercises. The children who took part all did very well, indeed; Raymond Lundquist had two pieces and Gilbert Ericson and Woodard Bertleson recited together followed by little Adrian Lundquist. Over \$6.00 was raised which goes for the Sunday school work in our home land. Rev. Albertson afterwards preached on "Though I Walk Through the Valley of the Shadow of Death I Will Fear No Evil for Thou Art With Me."

Henry seconded by S. O. Chase that the extension be granted and same was duly passed.

Communication from Mr. C. J. Ryan of Lake City Florida stating that he would be in Sanford on or before the 20th of June to take position as City Manager was read and ordered filed.

Communication from G. P. Paxton Chief of Fire Dept., asking for permission to take one week's vacation beginning June 15th was read and request granted.

Communication from property owners on West First Street between Poplar and Avocado Avenues agreeing to pay \$50.00 each toward the cost of constructing drainage outlet from their property along south side of West First St., to Cloud Branch was read and the City Engineer was instructed to advertise for bids on this work and make report at next meeting of the Commission.

Petition from property owners on Sanford Ave. between Fifth and Tenth Sts. asking that same be hard-surfaced with such material as the Commissioners may select was read and on motion duly passed, the City Engineer was instructed to make up estimates on cost of constructing same as soon as practicable.

Mr. E. A. Douglass addressed the Commission relative to paving Commercial St. between Park and Palmetto Ave. and the City Engineer was instructed to prepare estimates of the cost of this work and make report at next meeting of the Commission.

City Engineer was also instructed to prepare estimate of cost of hard-surfacing Myrtle Ave. from Fourth St. to Tenth St. and Tenth St. from Myrtle Ave. to Park.

Communication from Municipal Judge S. Maines relative to remitting balance of fine assessed against one, J. H. Troutman and cancelling his bond was read and ordered filed without action.

Opinion of City Attorney in the matter of a proposition from the Lake Front Improvement Co., asking certain concessions in regard to Bulkhead matters was read and on motion of S. O. Chase and seconded by C. E. Henry, duly passed, the Auditor & Clerk was instructed to send a copy of opinion to Mr. J. D. Hood, President of said Company and inform him that the Commission cannot comply with their request.

Report of Auditor & Clerk for May was read and accepted.

The following resolution was read and passed:

RESOLUTION REQUIRING THE GRADING, PAVING AND DRAINAGE OF PORTIONS OF PALMETTO AVENUE IN THE CITY OF SANFORD, FLORIDA; PRESCRIBING THE MANNER OF CONSTRUCTING SUCH PAVEMENT; PROVIDING FOR THE CONSTRUCTION OF SUCH PAVEMENT BY THE CITY OF SANFORD UPON THE FAILURE OF THE OWNERS OF ABUTTING PROPERTY TO DO SO, AND FOR THE ASSESSMENT OF THE COSTS AND THE EXPENSE THEREOF UPON THE OWNER OR OWNERS OF ALL THE PROPERTY BOUNDING OR ABUTTING ON SAID PORTIONS OF PALMETTO AVENUE, AND DECLARING THIS RESOLUTION

TO BE AN EMERGENCY MEASURE FOR THE IMMEDIATE PRESERVATION OF THE PUBLIC SAFETY, TO BECOME EFFECTIVE IMMEDIATELY UPON ITS ADOPTION.

WHEREAS, the owners of a majority of the frontage of lands on Palmetto Avenue, between Second Street and Tenth Street, in the City of Sanford, Florida, have petitioned the City Commission to pave Palmetto Avenue between Second Street and Tenth Street; and WHEREAS, the City Commission is of the opinion that the public welfare and safety require that the said Avenue, between the points named, be paved; and

WHEREAS, there are now on file in the office of the City Manager of the City of Sanford complete plans, specifications, estimates and profiles of said proposed improvement of Palmetto Avenue, giving all necessary information, and said complete plans, specifications, estimates and profiles have been submitted to the City Commission and approved by it, and the City Auditor and Clerk has made estimates of all the expense of said work to be done in making the aforesaid improvement, and the estimated cost of said improvement is in the sum of \$31,374.00; and

WHEREAS, the City Commission is of the opinion that the public safety and welfare require that the improvement aforesaid be undertaken immediately, and that, therefore, this Resolution should be declared an emergency measure for the immediate preservation of the public safety, to become effective immediately upon its adoption.

NOW THEREFORE BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF SANFORD, FLORIDA, That the owners of property abutting that portion of Palmetto Avenue beginning at Second Street and extending South to Third Street, and they are hereby, required to construct, within sixty days from the date of service of a copy hereof or provided, a thirty foot pavement on the above described portion of Palmetto Avenue, and lying adjacent to the respective lots, pieces or parcels of land abutting thereon, and that the owners of property abutting that portion of Palmetto Avenue beginning at Third Street and extending South to Tenth Street be, and they are hereby, required to construct, within sixty days from the date of service of notice, as hereinafter provided, a twenty-four foot pavement on the last above de-

Florida Citrus Exchange Works to Increase Demand for Sealdsweet Grapefruit

When the trees now adding so greatly to Florida's production were planted, the Florida Citrus Exchange undertook the work of increasing consumer demand for grapefruit.

Ever since, the growers who constitute the Florida Citrus Exchange have been advertising and demonstrating the food and health values of grapefruit, each year to a larger extent.

In the past shipping season the American people consumed twice as much grapefruit as in any previous year—directly due to the Florida Citrus Exchange, as up to this time, little or no similar work has been done by any of the speculative marketing agencies.

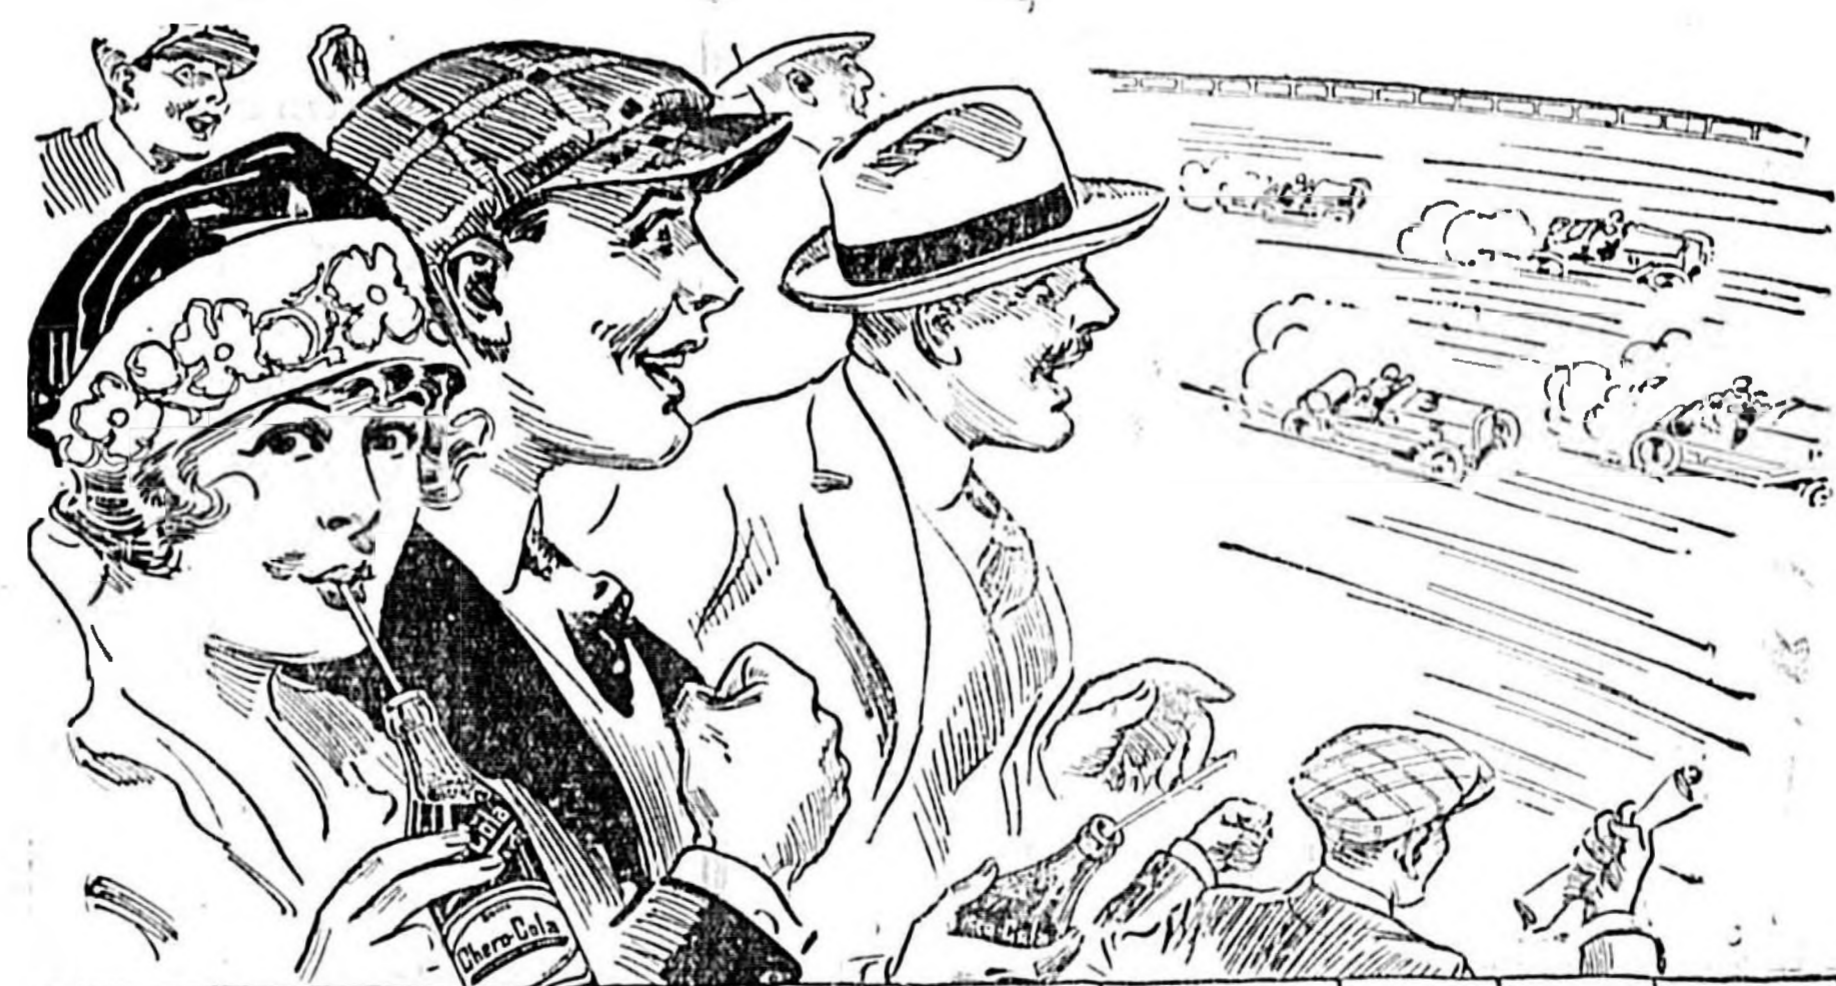

Now members of the Florida Citrus Exchange are received during the summer and early fall months make application now. Write the business manager at Tampa, or call on

scribed portion of Palmetto Avenue, and lying adjacent to the respective lots, pieces or parcels of land abutting thereon; that said pavement shall be constructed of the material selected by the City Commission after receiving competitive bids on the various kinds of material selected by the City Commission as desirable and suitable, and according to plans and specifications now on file in the office of the City Manager. That prior to the construction of such pavement, the portions of said Avenue herein required to be paved shall be graded and the drainage provided for in accordance with the said plans and specifications.

BE IT FURTHER RESOLVED That the City Manager shall cause written notice of the passage of this Resolution to be served, in the manner required by Section 179 of Chapter 8361, Laws of Florida, Acts of 1919, upon the owner, or agent of the owner, of each lot or parcel of land abutting upon said portion of Palmetto Avenue; And.

BE IT FURTHER RESOLVED That if the grading, paving, and drainage of the said portion of Palmetto Avenue, hereinbefore described, is not done within sixty days from the service notice provided for in the preceding paragraph, the City Manager shall proceed by contract to construct such paving, grading and drainage, the City of Sanford to pay for all street intersections, and, in addition, as much as will amount to one-third of the total costs, and the remaining two-thirds of the total costs at the expense of the owners of the property abutting said portions of Palmetto Avenue; And.

BE IT FURTHER RESOLVED That in the event the City constructs such improvement two-thirds of the total costs of which at the expense of the owners of the property abutting said portions of Palmetto Avenue, that the total costs assessed against each owner of property abutting on said portions of Palmetto Avenue shall be divided into three equal annual payments, the first to be due upon the completion of said improvement, the second one year from the completion of said improvement, and the third two years from the completion of said improvement, and all payments to bear eight percent interest from the completion of the said improvement until paid.

BE IT FURTHER RESOLVED That this Resolution be, and it is hereby, declared an emergency measure for the immediate preservation of the public safety, and shall become effective immediately upon its adoption, and within ten days after the passage and adoption hereof the City Auditor & Clerk shall publish a notice of the passage and adoption of this Resolution, as provided and required by Sections 25 and 26 of Chapter 8361, Laws of Florida, Acts of 1919, the same being the Charter of said City of Sanford.

The foregoing resolution was unanimously adopted by the City Commission of the City of Sanford, Florida, this 14th day of June A. D. 1920.

The following notice of public improvement was read:
Notice of Public Improvement
To J. D. Hood,

and all other owners of property abutting on Palmetto Avenue, between Second Street and Tenth Street in the City of Sanford, Florida. You are hereby notified that the City Commission of the City of Sanford, Florida, adopted on the 14th day of June A. D. 1920, a Resolution requiring the owner of

owners of each lot or parcel of land abutting upon that portion of Palmetto Avenue described as beginning at Second Street and extending South to Tenth Street to construct, within sixty days from the date of the service of this notice, a pavement on said portions of Palmetto Avenue, between Second and Third Streets thirty feet wide, and between Third Street and Tenth Street twenty-four feet wide; that said pavement shall be constructed of the material to be selected by the City Commission after getting bids on the various types of paving; and according to plans and specifications now on file in the office of the City Manager. That prior to the construction of said pavement that portion of said Palmetto Avenue herein required to be paved shall be graded and the drainage provided for, in accordance with said plans and specifications.

Upon failure to construct said pavement within the time named the City Manager of the City of Sanford will proceed, by contract to do said grading, provide for said drainage, and construct said paving and two-thirds the costs and expense thereof including street intersections will be assessed against the owner or owners of all the property bounding or abutting thereon, except that in no event will any portion of the costs of street intersections be assessed against the property owners.

By order of the City Commission of the City of Sanford, Florida:
L. R. PHILLIPS
City Auditor & Clerk
The following ordinance was read and duly passed:
Ordinance No. 11
An Ordinance Directing the construction of certain Sewer and Improvements of the City of Sanford, Florida, and declaring the same to be an emergency measure necessary for the usual daily operation of the Municipal Government of the City of Sanford, Florida, and repealing all Ordinances and parts of Ordinances in conflict herewith.

BE IT ENACTED BY THE PEOPLE OF THE CITY OF SANFORD, FLORIDA:

Section 1: That the City Auditor and Clerk, and Ex-officio Assessor of the City of Sanford, Florida, shall receive as full compensation for his services, the sum of Two hundred Dollars (\$200.00) per month.
Section 2: The Chief of Police shall receive as full compensation for his services as Chief of Police of the City of Sanford, Florida, the sum of One Hundred Fifty Dollars (\$150.00) per month.
Section 3: The members of the Police force other than the Chief of Police shall receive as full compensation for their services, amounts as follows:
Motorcycle Officer, One Hundred Twenty-Five Dollars (\$125.00).
One Patrolman, One Hundred Twenty-Five Dollars, (\$125.00).
One Patrolman, One Hundred Fifteen Dollars, (\$115.00).
One Patrolman, One Hundred and Fifteen Dollars, (\$115.00).

Section 4: The member of the Fire Department other than the Fire Chief, shall receive as full compensation for their services, amounts as follows:
First Assistant, Ninety Dollars, (\$90.00).
Second Assistant, Eighty Dollars (\$80.00).

Section 5: The amounts specified in Sections 3 and 4 is the monthly compensation of the Employees and Officers specified in said Sections.

Section 6: That this Ordinance is decided to be an emergency measure necessary for the usual daily operation of the Municipal Government of the City of Sanford, Florida, and shall take effect from and after the date of its passage.

Section 7: That all Ordinances or parts of Ordinances in conflict with this Ordinance are hereby repealed.

Section 8: That this Ordinance shall be published once, within ten days after its final passage, in a newspaper of general circulation in the City of Sanford, Florida.

Passed by the unanimous vote of the City Commission of the City of Sanford, Florida, June 14th, 1920.

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.
Analytical and Consulting Chemist - Professional of Natural Science
Emeritus, Rollins College, Florida
Private Laboratory of Rollins College
Winter Park, Fla., Nov. 5th, 1918

Mr. T. O. Charles
Sanford, Fla.
Dear Sir:
I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total Solids	3.00 parts per million
Free Ammonia	00 parts per million	Hardness	23.03 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

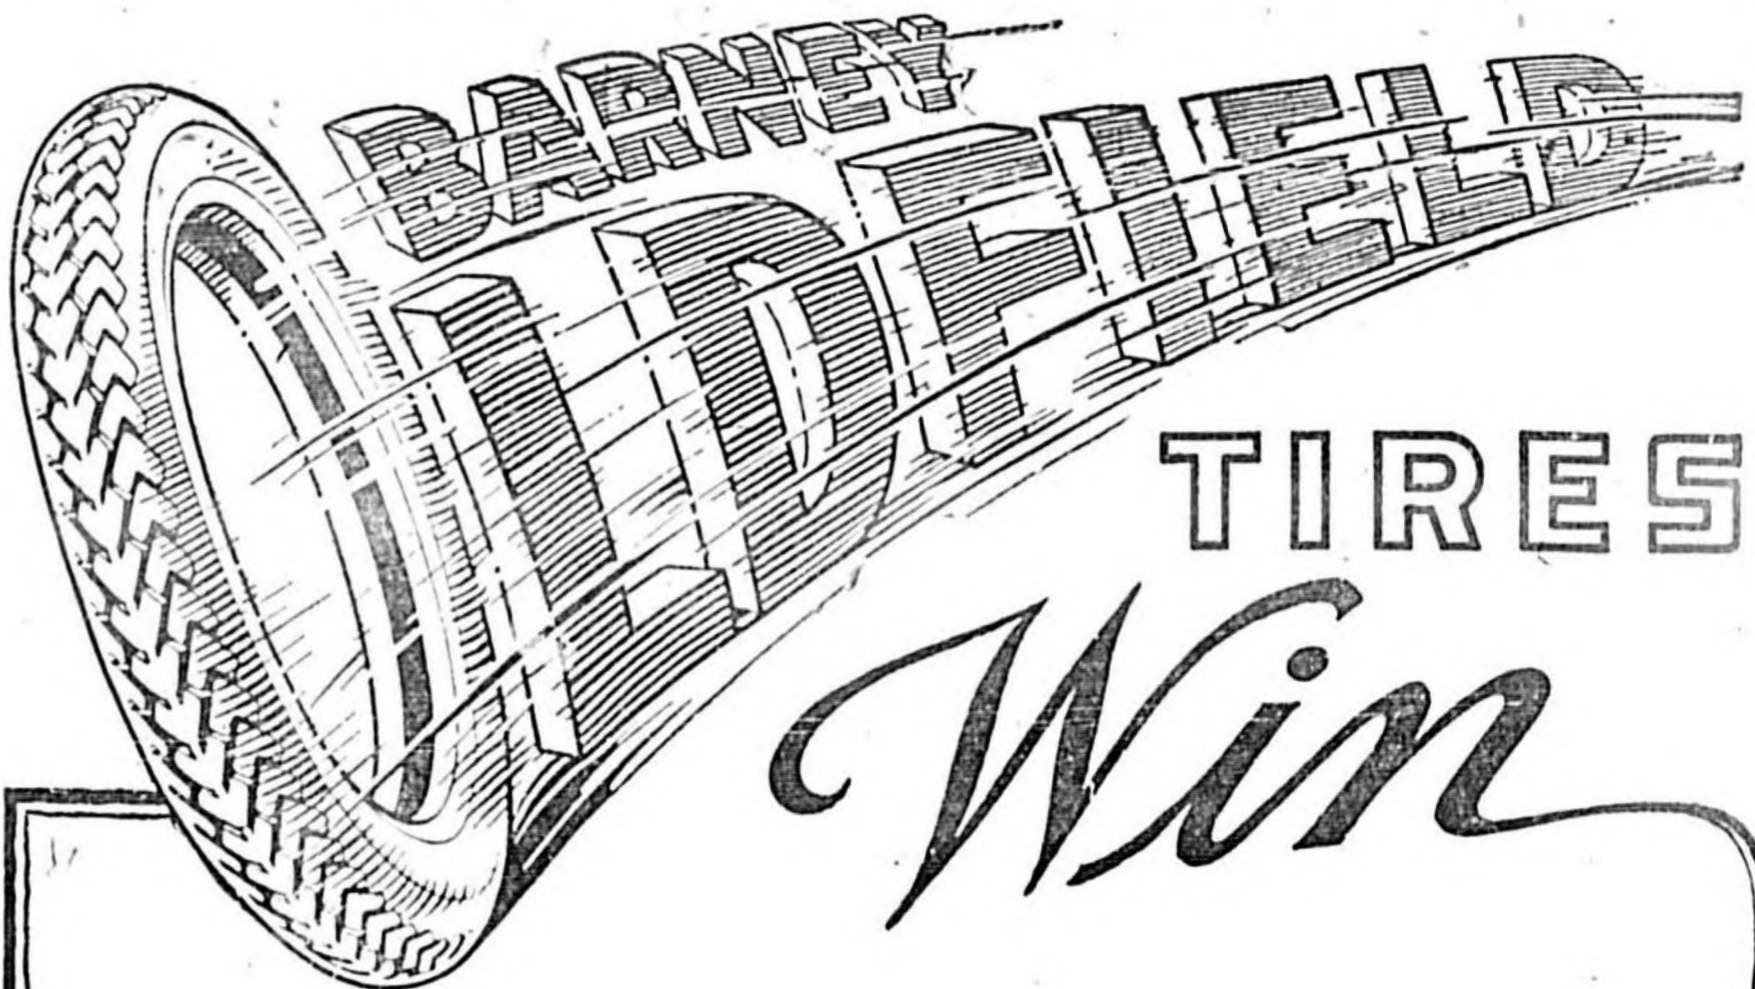

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent.; and in finding no coliform or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."
Yours very respectfully,
(Signed) THOS. D. BAKER

KEEP YOUR EYE ON THE HERALD WANT COLUMN

BEFORE the first Indianapolis 500-mile race in 1911, Barney Oldfield christened the contest "The Battle of the Tires."

In that race, and in each of its yearly renewals until 1920, tire troubles in varying degree have handicapped every fast contending car.

Years ago Barney Oldfield determined to build tires which would go through the whole 500 miles of this terrific test.

In 1919, Barney Oldfield's own company began to build tires.

On a set of these Oldfield Tires, Gaston Chevrolet, May 31, 1920, accomplished the hitherto impossible when he won the eighth annual 500-mile race without a single tire change.

Chevrolet's Oldfield Tires were the logical results of Barney Oldfield's determination, and his experience of 20 years of racing and touring.

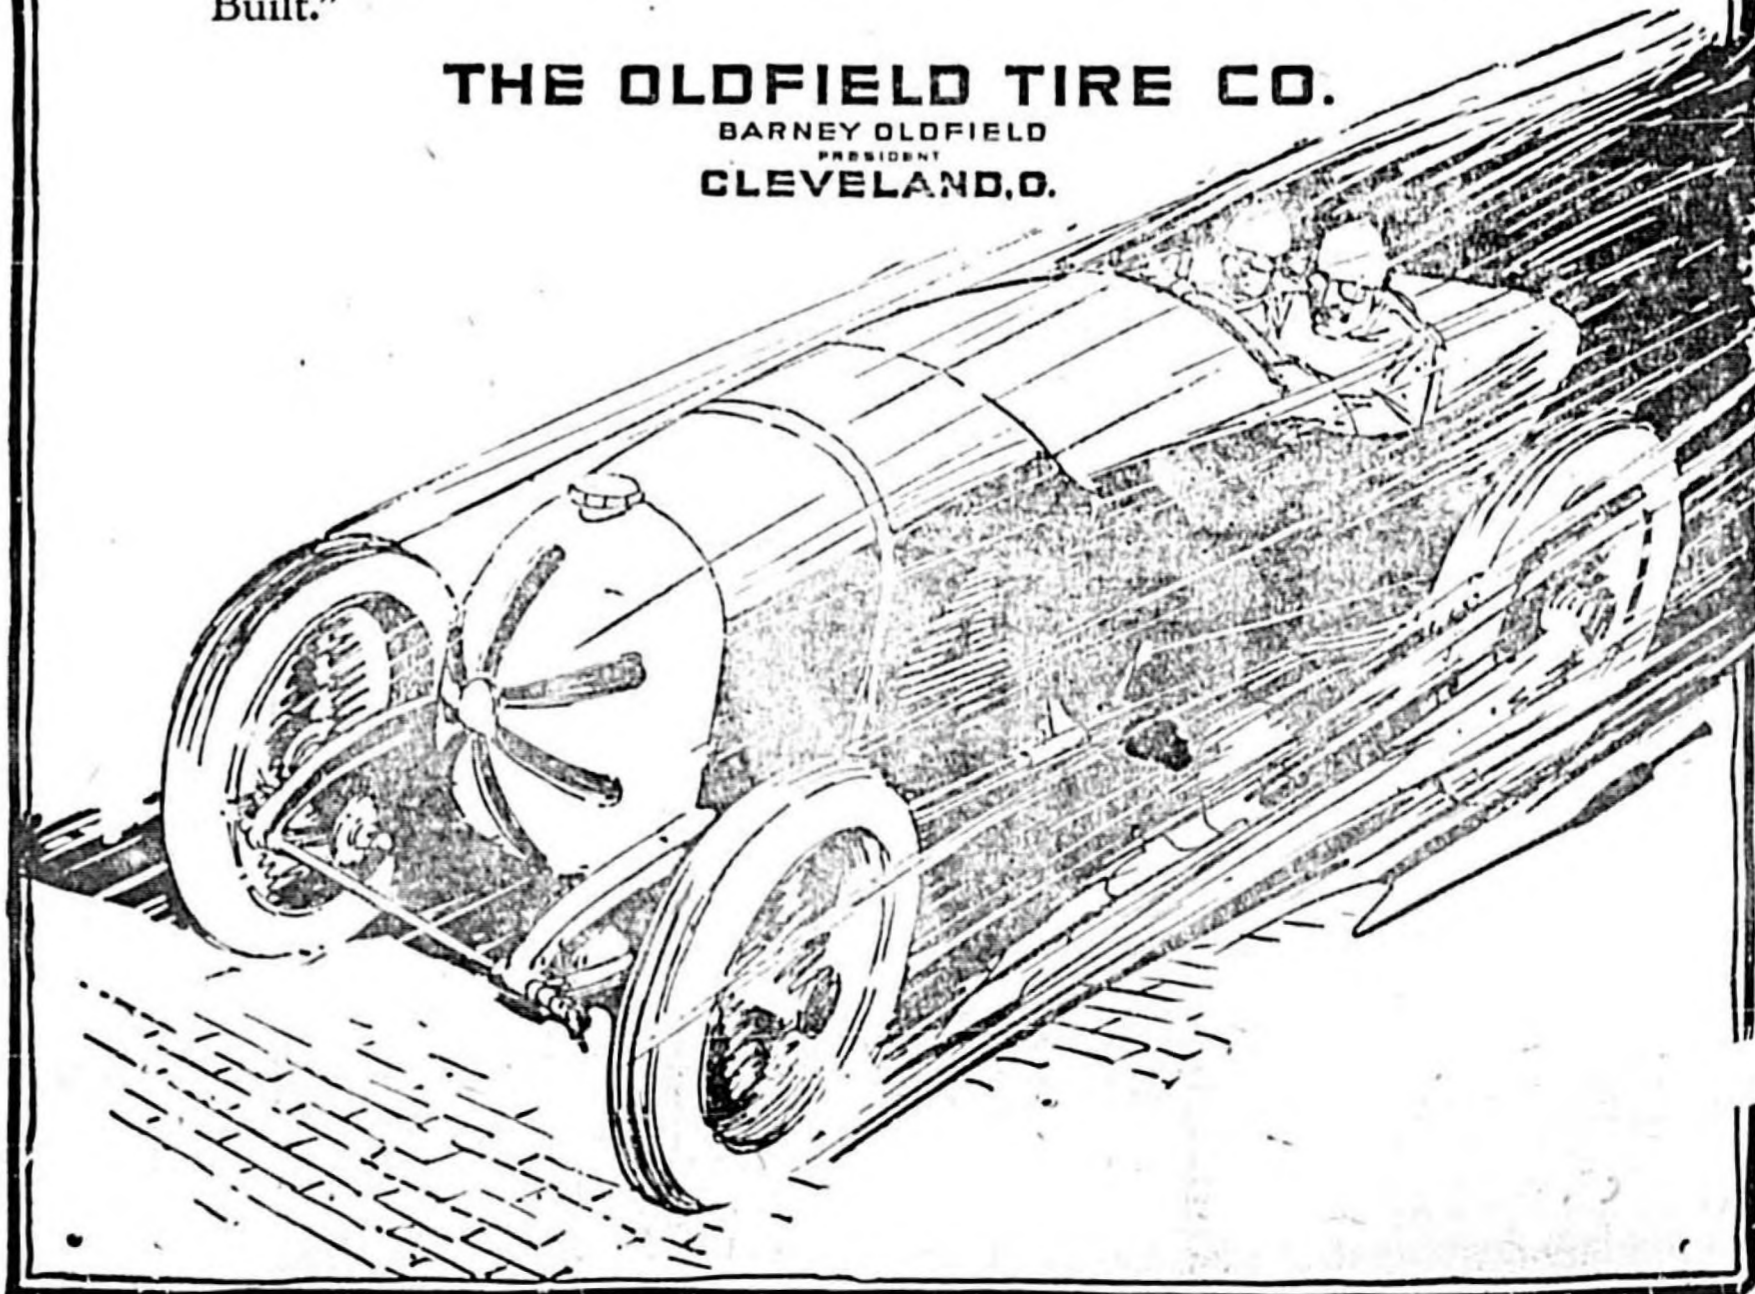

Oldfield Tires offer you the same safety and endurance with which they so faithfully served Gaston Chevrolet.

Take no tire chances.

Equip your car with Oldfield Tires, "The Most Trustworthy Tires Built."

FLORIDA STATE LEAGUE NEWS

CHAS. L. BRITT
SPORTING EDITOR

ANOTHER BAD WEEK ADDED ONE OUT OF FOUR

Again the Feds had another bad week. It has been the luck of the Sanford outfit to do better and play better and win more games while on the road than they have been doing while at home. However the last trip netted them only one game out of four.

The team went to Lakeland for a two game series last Friday and Saturday. In Friday's game the outfit put up an excellent game of ball and won by the score of 4 to 0.

The game Saturday was nip and tuck between Boswell and Schreiber with the biggest end of the honors going to Schreiber. The team played well and scored 5 runs but it was just one of those days that we were not supposed to win and the High-Liners added one to their string.

Whatever pep the Feds may have had they lost in Lakeland or dropped it on the way to Bradentown because they didn't do a thing but go to sleep and drop a pair of them, Monday and Tuesday. And the game Monday was a lopsided one, a regular foot with Bradentown on the ground. The final score was 16 to 5.

Half made up the game Tuesday at Lakeland with the score 5 to 1 in favor of the Growers. The loss at Bradentown was the one half game of the season.

There is a rumor again being run, that a certain man, an infielder, Carter by name is already on the job. He comes well recommended and will strengthen the infield a whole lot. A pitcher, a catcher, both very highly recommended are now enroute from Cleveland and are expected here in time to work in the game against Lakeland Monday. Strings are still out for another first class pitcher and it is expected that he will be landed soon.

All the clubs about the circuit are working hard to line up a first class pitcher to be ready for the second half. Tampa has not as yet won the first half but she has such a lead that most of the attention is now being directed towards the second half. Sanford will figure in this second half very prominently as she has no intention what ever of ending down the list and efforts, and strong efforts at that are being made now, to have a ball club that will compete with any of them.

Fans Meet With Directors

A passing base ball meeting was held in the offices of George A. DeLoose last Friday night. This was a directors meeting, called at the request of most of the directors, and all the fans of Sanford that were interested were invited to meet with them, to discuss different matters, the most important of which was the financial end of it.

It was the unanimous feeling of the entire crowd that additional funds be raised at once so that the necessary preparations could be made to strengthen the Sanford team to such extent that she could be in the running for the second half as well as make a better showing before the first half is over.

Something between fifteen hundred and two thousand dollars was raised at this meeting and a committee appointed to go around and make this last appeal for funds that will wind the thing up as far as money is concerned.

Mr. John Russell, one of Sanford's best boosters, as well as one of Sanford's biggest business men was named to the board of directors. Mr. Russell is an old ball player and understands many things about the game and the way it should be run. Most of the other directors and his help will mean a lot. He was made chairman of the committee on finances and expects to start to arrive very soon.

When we are called upon to dig this one last time, let us all overlook the fact that we have not had a winning team the past several weeks, but look to the fact that we are going to be there in the future. Let us all back in cheerfully, and then after we have did our bit in the financial line let us all go to the park to witness every game we can and encourage the whole outfit. If this is all done with the proper spirit, and forget the hard luck we have been running in in the past, good is bound to come of it, and this season will end with them all paying attention to Sanford yet.

And let none of us overlook the

facts, as stated by Mr. Spencer at this meeting, that our hard luck in the past was thru no particular fault of the Club. Every thing that has come up in Sanford this season and many things besides. These are bound to be overcome and when they are we will be out of the run to stay out, because there is no town like Sanford when it comes to having a winning ball club and this year is not going to be any exception.

CELERY SEED

By CHAS. L. BRITT

"Skinny" Watts started out for Tampa in his old form. That is, he displayed that same form that he displayed for us this season. The first ball he pitched was wild allowing a man to score from third, the next one hit the batter and then the two following got hits. This all happened in one third of an inning.

We will have to say this for "Skinny" however. They pushed him in the game without giving him any time to warm up. He won't do that next time, because he can pitch when he wants to.

The attendance at the games in Sanford is gradually slipping. More fans are necessary to win games, because the players need that help that all clubs get while playing at home.

The Daytona players, as well as the fans from over that way, didn't like the way the game was called, while Sanford was in the lead, Wednesday. We are not used to playing in the river like the Islanders are and as it rained for another half hour after we left the park, and the grounds were in no condition to play on, we feel that they have no kick coming.

We hear from our old friend Jim Burns once in a while and he is now

planning to accept the job of managing the Waterbury, Conn., club in the Eastern League.

Sherman Lloyd has been in the hospital this past week and he is missed at the Base Ball Park as he was one of the regulars. However he is still pulling for the Sanford Club, even if he can't help be present to see the games. More fans like Lloyd would help a lot.

WELAKA

The name which appears in bold letters on the front of the white, attractive new apartment building on First Street may well be explained to our citizens who are unacquainted with its meaning.

It is the old Indian name for the St. Johns River and means "Chain-of-lake" an appropriate name indeed for the famous stream.

Another meaning is given in an elaborate report on the shell mounds of Florida "Independent", "flowing as it will", and this on the authority

of a chief, the spelling being, "Illaka."

The choice was most appropriate for the handsome structure so near the river-ake, and because it perpetuates an Indian name. This should be done more frequently than it is.

May the new structure on which our townsmen Messrs Douglas and Sims have expended so much thought and meaning, realize for them and for Sanford abundant success.

N. E. Sparwell of Savannah is in the city calling on many old time friends. He was formerly superintendent of motive power of the A. C. L. Railway but is now in the oil business.

Closing out sale of Live-stock, Cows, heifers, Duroc Jersey hogs, and horse at sacrifice price for purchase W. V. Wheeler, Sanford R. V. Res. Elder Springs.

SANFORD 3 DAYTONA 0

SECOND GAME RAIN

Sanford won Wednesday's game while rain broke up the game Thursday. Or we should say, rain broke both games up but Wednesday not until after we had piled up three runs to their none and played five innings.

In this game Chapman was invisible pitching a no hit game. Schreiber, Daytona's best bet gave up five hits but he gave them up all in a bunch allowing Sanford to win before the sky opened up and rain stopped the game.

The game started on a wet diamond and but one and one half innings had been played before rain again broke up the game. Boswell was working for Sanford and on account of a sore arm was somewhat wild, allowing enough free passes to get two runs. Smith, working for Daytona was being pushed rather hard and he was in a team that was winning all the time. Had the game went the full nine innings the score would have been 3 to 0. The Feds would have pitched a perfect outing the way they started out.

Carter, the new pitcher on second, pitched for the first time and although there was not enough of the rain played to give much of what little he did play, looked like he is there with the goods.

Sanford is at Daytona today and tomorrow to continue the battle and weather permitting, we should take them into camp for a couple more.

GENEVA

Paul Dooley of Sanford spent Sunday at home.

Mr. Barber and little daughter Miss Carmita of Sanford were visitors in Geneva this week.

Mrs. Mary Taylor left last Thursday for Palatka where she will visit her daughter Mrs. Harper.

Mr. Troy Proctor is seriously ill at the home of Mrs. Nicholson.

Mrs. Mary Stones had a painful accident last week, falling and hurting her shoulder.

Miss Elizabeth Stones and W. E. Franklin were quietly married at Umatilla on the tenth of this month, by Rev. Abrecombie, the bride's uncle. Miss Stones has been a teacher in the Geneva school for several years and Mr. Franklin is the popular station agent for the F. E. C. here. Mr. and Mrs. Franklin are spending the honeymoon in Texas visiting relatives, but will make their home in Geneva, much to the delight of their many friends here.

Last Thursday afternoon, a "shower" was given in honor of Miss Kathryn Flint, at the home of Mrs. H. H. Pattishall. Little Misses Opal Peters and Khadra Culpepper in white and pink and each carrying a basket of pink and white flowers, led Miss Flynt to a seat under an open umbrella from which numbers of pink ribbons were suspended at the end of each a gift being found. Mrs. Pattishall served peach ice cream and home made cake.

At the home of Mr. and Mrs. J. W. Flynt last Sunday morning, their daughter Miss Kathryn Flynt and Mr. William Kilbee were united in marriage by Rev. L. E. Wright of the M. E. church. Miss Flynt is another of Geneva's valued school teachers. She was born and raised in Geneva and loved by everybody. Mr. Kilbee is a young man of sterling qualities and the best wishes for a happy and useful life go with them. Mr. and Mrs. Kilbee left immediately after the ceremony for Daytona beach, after which they will make their home in Geneva.

BOARD OF TRADE

President, Frank L. Miller has made the statement that there would be a meeting soon and very, very soon. We understand that this meeting will be in the form of a Get-together meeting and we are certainly hoping that every one will be there because the Board of Trade with the help of every one certainly can do heaps of good for Sanford as well as the whole County. A bigger and better Sanford is bound to mean more business for the Merchants of Sanford and we feel sure that we will get our share of this increased business, but we are honest when we say that it is not a selfish motive on our part in wanting Sanford to grow. We want her to grow because we want Sanford to be as good, if not better than the rest of 'em, and with all the advantages that we have and the right kind of push, we are bound to top the most of 'em.

WE ARE ALWAYS TRYING

to instill that same kind of feeling into business. We want to build our business until it can be beat by none. To do this it is necessary that we carry the best only, to treat our customers with the consideration that they are entitled to and if at any time we make a mistake and our attention is called to it we will

GLADLY MAKE IT RIGHT.

GET TOGETHER DAYS

This town should have some definite scheme for getting the people together oftener than has been done in the past.

A clique ridden town seldom prospers to any great extent. There is too much pulling of one clique against another, with the result that but little of a constructive nature is ever accomplished.

If we could have a Get Together Day once a month, it would produce beneficial results. It would lessen the breach between the cliques and have a tendency to eradicate them entirely in time.

And with all cliques as usual, we could pull together and do good purpose.

What say you, Mr. Mayor and Mrs. Woman?

BACK TO THE FARM

Is the time opportune to return to the farm? Young men, who have spent their college years in the city, are being urged to go back to the farm.

They prefer the excitement and the work of the city to the quiet life of the farm.

They have come to realize that their earnings in the city are eaten up by the cost of living and they would like to see something about it.

They see nothing about it, but a common sense realization of earning it today and spending it tomorrow.

Having brains, they are beginning to employ them to advantage.

And being but a trifling way from the wheel in the cities, they would migrate to the country, where there is room and opportunity for us.

A national campaign for repopulating the farms of the country is one of the prime requisites for a return to commercial stability.

It requires food to keep soul and body together, and food can only be produced where there are men to do the work.

LETTING GEORGE DO IT

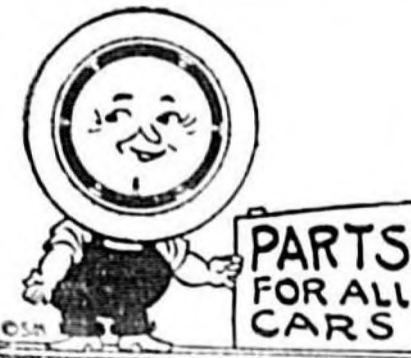

In the opinion of the average foreign country, America is one vast

B. & O. MOTOR CO. 209 PARK AVE. SANFORD FLORIDA

hive of agricultural industry.

They seem to think that all they have to do is to ask and we will hand over the food.

America has been generous in the past in dividing its food supply with Europe, even when we had to deny ourselves to do it. But the war is over and war conditions and necessities no longer exist.

The American farmer is very short of help and crop outlooks are not of the best, according to published reports.

Experts predict a shortage of foodstuffs next winter, with the possibility of bread and soup lines in the cities of our own country.

If this should happen Europe can not expect us to meekly hand over the food we need to sustain life among our own people.

Exporting profiteers would of course take advantage of the situation and send food to Europe at enormous gains to themselves. But the public will not have it so. If such is attempted the roar of protest will be long and deep and will engulf any person who attempts to starve American women and children for the sake of selling to Europe at great personal profit.

America asks neither aims nor favors from any country.

We are ready to relieve distress among the hunger when conditions and humanity permit, but we are not willing to send our own people to food shortage in order to do it.

Europe can work and produce if will. It should start producing and exporting and exporting that will

Letting George do it doesn't mean strategy to us, especially when we are expected to make of ourselves a commercial and territorial

MEAT AND BEANS

Whether government or private mess would it was the use of your brain that makes the difference.

If you have to depend on the larger of success, you have made good use of your brains. Take employment from the

If you have slipped downward in the scale of life, you have failed to take proper advantage of the opportunities afforded you. You have held to the business method of your brain in cases. You have not permitted it to function properly.

Brains were made to use, not to

This fact should be kept well in mind by the young men of this community who are just entering the door of life's career. That career will depend upon the manner in which they employ their brains.

The enthusiasm of youth is natural and is to be expected. It is a valuable asset.

But enthusiasm should not be allowed to run its course unchecked. It should be controlled, lest it go over the brims of the commercial prosop.

The business world is full of precocious destructive pitfalls, for the feet of the impulsive and the unwary.

Our young men, just entering upon their careers, can do no better than to take sober possession of himself, of his position, of his position in life.

The bridge of success can not be crossed in a day. It is long and there are many obstructions to be huddled to the side in the world of affairs.

Let brains properly employed will

Thirty minutes at the close of business each day can do wonders. The labor of the day can be analyzed. Was each task properly performed? How could it have been improved upon?

Let the brain answer those two questions properly each day and the problem of success in life will have been solved.

The human brain is like a garden. When cultivated it produces in abundance. If neglected it soon becomes a barren waste.

The young men of this community have brains, plenty of brains. We want to see them grow and thrive in the garden of life.

Cultivation will do it. Neglect will not.

YOUR HOME TOWN FIRST

Have you ever driven into a town where the yards are one of the first thoughts of the citizens. What a wonderfully impression it made upon you. A home dressed in a fresh coat of paint, with a well kept yard, a nice lawn and pretty shrubbery, though however, so humble it may be, shows to the world that a pride has been taken in it, and it will bring respect, whereas a more imposing edifice, poorly kept, with its yard full of rubbish detracts not only from the immediate surroundings but lessens interest in the town in general.

One of the sanest sermons on the subject we have seen in some time comes from Dr. Frank Crane, which if followed out would go a long way

towards making any community prosper.

Dr. Crane writes: Work for your own town. Beautify it. Improve it. Make it attractive.

The World War and the Treaty of Peace and the Protective Tariff and all such things are important subjects; but what's the good of cleaning up the world unless you sweep your own doorsteps?

The city whose main street is dirty, sordid-looking, cluttered, uninviting, suffers much. Such a city wants to be cleaned, recreated, made a thing of beauty, so that people will come miles to see it.

The best advertisement of your business is the town you live in. Towns get reputation, as well as men. Make your town talked of all over the state. It will thus draw people. And where the people come, there is prosperity.

It does not take money. It takes something that is scarcer. It takes co-operation.

Meet together. Organize for civic improvement. Develop the civic nerve.

Rid your town of one eyesore after another. Clean up the vacant lots and plant them in flowers. Make a cluttered yard a disgrace. Make public opinion the chief factor. It will not fail.

It pays. It will improve the character of our children. It will draw factories and other business enterprises to your locality.

Shiftlessness, laziness, dirt and selfishness are shams in your streets as a business man than your people.

Such things make your big city

Make your city a thing of beauty. It will not fail.

It will improve the character of our children. It will draw factories and other business enterprises to your locality.

Shiftlessness, laziness, dirt and selfishness are shams in your streets as a business man than your people.

WILL OFF THE RATS

State Board of Health Says They Are A Menace To The State.

Immediate and complete use of the rat traps that are being distributed by the State Board of Health can do for the citizens of Florida in the face of the plague situation now prevailing in Pensacola. Whether they live in a seaport town or not, every resident of the state is urged to cooperate with health authorities in ridding the state of these pests. Inland communities may feel that they are in no danger whatever of bubonic plague, and this may be true, says the State Board of Health, but at its cost the rat is no more than a destroyer and should not be left in any state to go its way of destruction unhindered.

In seaport towns while there is not thought to be any serious danger of a plague outbreak, there is a possibility which, with the Pensacola case as warning, municipal authorities should employ every means to prevent.

At a recent meeting in Pensacola, the heads of the health department of Florida made an appropriation of \$20,000 for the anti-rat campaign in the state. With local and government aid this will be thoroughly conducted.

City, state and federal authorities are at work in Pensacola and are getting the situation there under control to an extent that they feel will check the spread of human plague. Health officials and plague experts from all over the country have agreed that the only way of insuring a state against plague is by killing all rats and installing rat-proof devices in seaport towns. This will be done in Florida as soon as plans under way can be carried out.

Notice To Tax Payers

The Equalizing Board of the City Commission of the City of Sanford will meet Monday, July 5, 1920 at Ten O'clock A. M. at which time the City Tax Assessor will submit the City Tax Assessment Roll for approval. All persons desiring corrections made in such roll whether in listing, valuation of property, or otherwise are required to file with the Auditor & Clerk on or before the day previous to the meeting of the Board their petition in writing setting forth their objection to such assessment and the corrections they may desire to have made.

L. R. PHILLIPS City Clerk & Auditor

Notice to Contractors

Sealed bids will be received by the City Commissioners of Sanford on or before 8 p. m. June 25, 1920 for the furnishing of all materials and constructing a sewer in Block 6, Tier 8 and in Blocks 10, 11 and 12, Tier 9, approximately 1480 feet long.

Also for the laying of a sewer pipe to be used for drainage on West First Street from Cloud Bench east 540 feet.

Plans and Specifications can be seen at the office of the City Clerk or at the office of the City Engineers, Fred T. Williams.

The Commissioners reserve the right to reject any or all bids. H. R. STEVENS, Mayor. L. R. PHILLIPS, City Clerk. 44-2tc.

Miss Edna Chittenden will spend the week end in Leesburg the guest of Miss Mildred Berlay.

Mrs. G. M. McGahagin has returned from a visit with friends at Plant City.

Mr. and Mrs. Nathan Garner are expected home this week from Deland.

Beautiful Dance at The Valdez

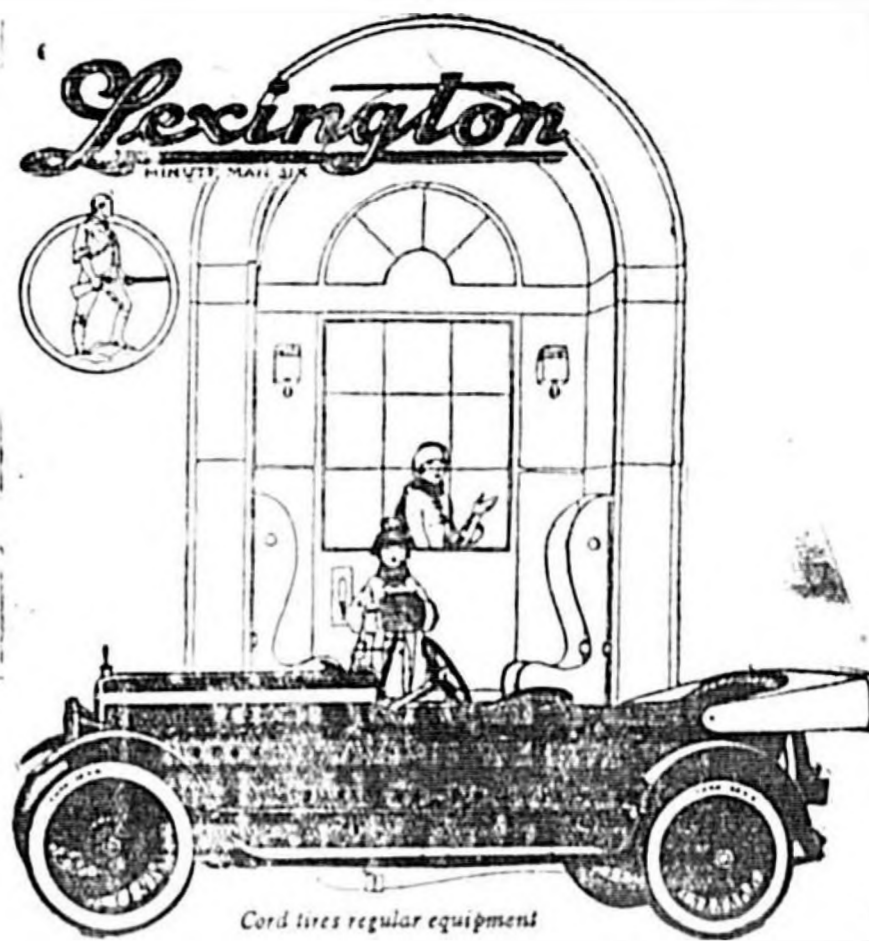

Marked by a charm and beauty characterized by a careful attention to details in all the arrangements, the dance given by Mr. and Mrs. John Meisch on Friday evening at the Valdez in honor of their son, Edmund, was one of the prettiest social events of the week with the exception of the dance given by Mr. and Mrs. Meisch on Friday evening at the Valdez in honor of their son, Edmund. In the dining room where dancing was enjoyed to the music of the Orlando Orchestra the decorations were featured by quantities of rose. Punch was served in the grill throughout the dance and here too the refreshments were served at small tables during the intermission.

In the room the decorations were unusually lovely and presented a scene from fairyland, with its tiny colored lights and fragrant flowers everywhere. Each table was centered by daisies and dahlias, with roses marking the places. The favors were yellow baskets filled with bonbons.

Receiving with Mrs. Meisch and her son, were Mrs. J. S. Wilson and Mrs. Harry Herran who later assisted the hostess in looking after the pleasure of her young guests. Katherine, the little daughter of Mr. and Mrs. Meisch, sweet and winsome in a lovely frock of white net over pink silk, distributed the programs.

Twenty-five couples, including a number of the College set from Sanford, Deland, Orlando and Kissimmee enjoyed the gracious hospitality of Mr. and Mrs. Meisch and their son, Edmund graduated in May with special honors from the
