Commission offers \$150,000 incentive

By Jamie J. Anderson-Potter Staff Writer

SANFORD — Seminole County Commission voted 4-1 Tuesday to award Florida Extruders International, Inc., a \$150,000

incentive package to expand its manufacturing company in Sanford.

"We look forward to the expansion," said
Seminole County Chairman Daryl McLain.

The company, which manufactures
extruded aluminum products for outdoor pool enclosures, screened porches and window frames, has been located in

Sanford for more than 15 years. The group recently decided to relocate in

order to expand the facility.

"We're extetic about the Commission ruling," said Stephen Little, director of enfety and regulatory compliance at Florida Extruders International, Inc.

In order to assist Commission in coming to a decision, the East Central Florida Regional Planning Council presented an analysis of the effects the project would have on Seminole County and the susrounding areas. The report took into account the

expansion construction, new employment, additional business, and the direct and indirect impacts of the project.

According to the report, the expansion and creation of new jobs will generate \$336 million in additional personal income for Semisole County households throughout the next according

the next seven years.

However, not all commissioners were in agreement about the benefits of the project.

"While I welcome manufacturing compe-

nies into the county, any business can expand, including mine, without negotiating a handout of government funds," said Commissioner Grant Maloy, who owns a foliage nursery in Seminole County and voted against the incentive package. "With all the infrastructure needs the county has, I think it [spending money on incentive pack-ages] becomes a bigger issue as the budget

gets tighter.
"How can we justify this spending when fundamental items are not being satisfied," he added

Grand jury indicts alleged killer

The Seminale County Grand Jury issued a first-degree premed-itated murder indictment today against Dennits Adems, 42, in connection with the May 18 death of Robert G. Rabun, 41, said Assistant State Attorney Pat Whitaker.

Adams has been held in the Seminole County Jall since her arrest May 21 for grand theft of a motor vehicle, a truck that belonged to Rabun. Seminole County deputies arrested Adam's for Rabun's murder on May 23. The truck was discovered missing after a relative found Rabun dead in his home at 755 St. Joseph's Court, Lake Monroe.

The jury heard from three wit-nesses: a Seminole County deputy sheriff, the Voluma County Medical Examiner, and a Seminole County Sheriff's Office crime scene incrinician.

"The purpose of PLEX is essentially to bridge the gap of cultural divide," said Chesber, the international exchange coordinator for

this region.
While here, students must complete thirty hours of community service. They have recently participated in Youth Service Day 2003 and have volunteered with Habitat for Humanity and the Christian Sharing Center.

Approximately fifteen students have been involved in PLEX since its inception in this area. This year, there were three students at Lake Mary High School and one student at each Lyman High School, Lake Brantley High School, and Seminole High School.

A Hungarian student was a kayaker and had tried out for the Olympics but was injured and unable to be on the team. During his stay in the United States, he was placed with a family who owns a kayaking business. City accepts Dixon's resignation

SANFORD — Senford City Commission voted unanimously Monday to accept the terms of Roger Dixon's resignation as the city's interim city manager and

deputy city manager.

"I've talked with Roger a cou-ple of times about his resigna-tion," said Commissioner Randy Jones. "I wish him all the best in government work or the private sector. His assets of energy and enthusiasm will serve him well."

Commission agreed to grant
Dixon three months severance
psy, as requested in his resignation letter, at the higher salary of
\$90,000 he was being paid as the
interim city manager instead of
the \$75,000 he samed as deputy
city manager. According to his
contract, the city was only obligated to psy him a 90-day salary if
the city terminated his employment without cause, not if he
resigns. Dixon asked the city to

resigned.
Dixon's resignation comes amid an allegation that he made sexually-related comments to a subordinate, Paula Preyter-Torres. Employment Commission Equal Opportunity Commission (EBOC) sent a letter to the city indicating there was "reasonable cause to balleve" Preytes-Torres. When the EBOC letter was made public two weeks ago, Dixon had stated he had no intentions of eigning. He said he changed his mind as more attention was

focused on the allegation.

"[The sexual harassment complaint] put the city commission in a bad space politically," Dixon said. "It was affecting the way Sanford was viewed by other cities in the county and people

who did business with the city."

Dixon said while the allegations were part of his reason for resigning, a larger factor was the change in city leadership. Dixon applied for the vacant city manager's position, but did not make the

list of eight finalists.
"I realized when I didn't make the short list for city manager that the city was moving in a different direction," Dixon said. "For me to stay on even as deputy city manager would have been a challenge with the new city manager coming in because I'm viewed as being in the [former city manager

Well, I community have so remind Kevin about the promises he made. He finally admitted that he down't want to work period. He plans to take side jobs here and these and make money under the table, and says I shouldn't sepect to change him. I saked him the other day why he promised he'd help me in the

first place. His reply, "You put me on the spot." With this beby on the way, I need to set goals and move forward. Is these anything I can do to make Kevin understand that he HAS to get a real job? Or should I accept that I'll be playing the parenthood role solo?

Bridge

"Trail volunteers are the driving force behind the creation of tralls in Florida and the reason why tremendous projects such as this trail bridge are envisioned and made possible," Mica said.

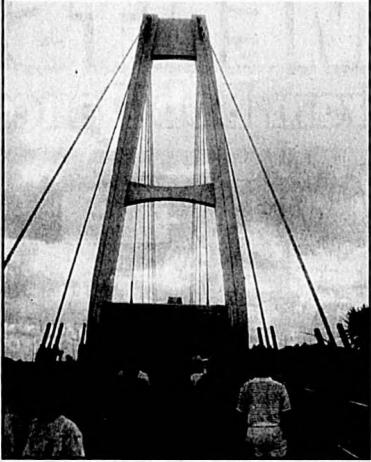

The opening of the overpass demonstrates Seminole government's commitment to its nature trail program, which began in 1998 when the first 4-mile section of the Cross-Seminole Trail was completed. Pollowing a unanimous vote by County Commission in late 2001, construction began on the overpass the following year. At the same time, 7.7 miles of trails were added to the Cross-Seminole Trail Trail.

The I-4 pedestrian overpass was funded through a \$2.5 million federal transportation grant, money from the local Trails Referendum and the Florida Department of Transportation. It is the first trail overpass in Seminole County and is one of the first pedestrian suspension bridges in the southeast.

"This truly is a unique trail bridge for the region and probably America," said Kent Wimmer of the National Trails Association. "I've never seen anything like it before."

The bridge uses a cutting edge cable stay/suspension bridge design technology to cross the interstate, spanning 373 feet of I-4 right-of-way. The design accommodates future interstate widening plans by FDOT and the possibility of a light rail system in the interstate's median.

It also features a switch back ramp that actually runs underneath the overpass, similar to ramps seen at large football sta-

Pictured above, walkers enjoy their first stroll across the Interstate 4 overpass. Below, local and state officials cut the ribbon during the ceremony.

"It is guite a facility," Commission Chairman Daryl McLain said. "I am very proud of it. It's the citizens of Seminole County who made this project possible."

Seminole's Tralls Program won't stop now that the bridge is complete. This year, construction will start on an additional 6.3 miles of trails, including a

major highway overpass on State Road 434. In 2004, an additional 8.5 miles of trails are anticipated to start construction, with completion scheduled for 2005. At that time, the entire county will be connected with trails linking Orange County and connections to Oviedo, Winter Springs, Longwood, Altamonte Lake Mary and Springs,

the approval. According to the

terms of the incentive package, the city of Sanford must follow through with the package it approved in mid-May. The city's package, also worth \$150,000, includes a cash incentive of \$94,510, plus to up \$55,490 in waived permit and review fees.

City commissioners delegated \$39,000 of the funds from the **Economic Development Trust** during this fiscal year. In order to forego transferring \$60,000 from the General Fund Reserve to accommodate the incentive package, the remaining \$55,510 will be subject to the availability of funds in the coming year.

According to William J. McDermott, director of the Seminole County Boonomic

Development Office, there should not be a problem with the condition because he believes the city will have the money available in next year's budget. The city, however, is not as confident.

"We don't know at this point if the funds are available," said Kevin L. Smith, city of Sanford finance director. "It's still subject to budget and remains to be seen. I'm sure we will make every effort to make this hap-

According to Smith, a preliminary budget must be presented to city commissioners by July 1, and will be followed by several budget meetings. The city will not know officially if the funds are available until the budget is adopted in November.

When Florida Extruders International, Inc., recently decided to expand, company

executives evaluated sites within Seminole County as well as the rest the southeast. The group is currently in negotiations for 34.5 acres located at Beardall Avenue and State Road 46 in Sanford.

"We're definitely moving forward with that location," said

According to Little, construction could begin during the first part of 2004, and should be complete within 12 months.

The capital investment by the company for this project is an estimated \$11.5 million, including the land purchase, construction of a 224,000 square foot facility, and the purchase of machinery and equipment. The group plans to hire 155 new employees at an average annual salary of

"As we grow, Seminole County will grow," said Little.

Dixon

Continued from Page 1 Tony] VanDerworp administration. In another circumstance it might have worked because I came here to be part of the city of Sanford, not to be Tony VanDerworp's boy."

Dixon vehemently denies the allegation that he called Freytes-Torres almost daily for two years and made suggestive comments to her.

"The truth will come out," he said, refusing to elaborate. "I don't want to try the case in the newspaper."

Dixon said he is weighing three different job opportunities

and intends to stay in Sanford.
"My wife and I both love this city, and this is where we want to be," Dixon said. "I'm going to remain active in the community and be involved with a number of groups.

"Overall, I've had a very positive experience in Sanford, he added. "The city commission has been a pleasure to work for and I hope my future career allows me to work with them again."

With Dixon's resignation leaving a vacancy in the city's top administrative seat immediately following Monday's city commission meeting. Commission appointed Andrew Van Gaale, a project

ty development department, to act as interim city manager until the search for a permanent city manager is complete.

According to Mayor Brady Lessard, this should take approximately 45 days. Still in the runrung for the job is James F. Coleman of Lady Lake, Denny Crew of Gastonia, N.C., Al Grieshaber, Jr., of Albany, Ga., and James Ross O'Connor of St. Charles, Mo.

"I'm honored by the appointment," said Van Gaale, who applied for the city manager position, but did not make the shortlist of candidates. "I think it's indicative of my commitment to the city over the past eight years. I appreciate the commission's confidence

"It's a step in the right direction for me," he added. "As I had said to Mayor Lessard, I've always been here for the city to fill in, in whatever they needed. This just so happens to fit along with my career goals.

Van Gaale will work closely with the mayor and Commission to balance the budget, which is currently \$1.4 million over budget, before July 1.

Today [Tuesday] we did

housekeeping, but by the end of the week I will diving into the budget," he said. "We'll be setting up a series of meeting and working diligently on that. I'm confident that between the mayor. commission and myself that we can resolve all the budgetary

Before appointing Van Gaale, Commission entertained the idea of appointing a city department lead as the interim city manager. According to Lessard, this was not a good idea because each department lead is busy running their department and working on the upcoming budget.

"I'm confident Andrew will do an excellent job," sald Commissioner Velma Williams. "He was one of the three applicants for the job and received five votes. He only needed one more to make the top 12.

"Because of this, I believe he will be well received by the city employees, the commission and

the community," she added. Lessard adds, "He's not asking for more money, and I will certainly take him up on that. It's nice to see someone stepping up to the plate and showing devotion to the city."

Anheuser-Busch donates \$1 million to help spouses, chil-dren of those killed in Iraq War

Anheuser-Busch has donated \$1 million to create the Intrepid/Anheuser-Busch Fallen Heroes Fund, which will provide scholarships to spouses and children of U.S. military and coalition personnel killed during

the war in Iraq.
The Intrepid Museum Foundation will administer the scholarship program. The foundation also operates the Intrepid Family Support Fund that provides financial assistance for the families of U.S. military personnel lost in the line of duty; the Intrepid Sea Air Space Museum in New York, a U.S. Armed Forces memorial, educational and charitable institution, and Fleet Week, an annual celebration honoring the men and women of the U.S. military.

The donation continues Anheuser-Busch's 150-year history of support for the U.S. armed services. The company recently announced Operation Salute, a broad effort by the company to thank the men and women of the U.S. Armed Forces and their familles for their sacrifices in the war. The program includes free singleday admission to its SeaWorld, Busch Gardens and Sesame Place parks to active duty military, active reservists, U.S. Coast Guard, National Guardsmen and coalition forces and up to four of their direct dependents.

SAC trio earn trip to World Series

By Deen Smith Sports Editor

Seminole County will be fairly well represented when the 2003 NCAA Division I Baseball College World Series kicks off Friday in Omaha.

Former Lake Brantley High School teammates Justin Harris and Kevin Melilio helped lead the way as the University of South Carolina became the first team to qualify for the tournament with a two-game sweep of the University of North Carolina in the Super Regionals in Columbia.

This will be the second straight year that Harris and Melillo, the starting shortstop and second baseman, will be in Omaha as both were major reasons the Gamecocks finished second to National Champion University of Texas last year.

Both former Patriots went 1for-3 with a run scored on Friday as USC edged the Tarheals, 5-4.

Trailing 4-2, Harris led off the third inning with a double and later scored to make the score,

Melillo then led off a two-run fourth inning with a single and later scored the tying run as the Gamecocks took the lead for good.

But on Saturday the duo really stood out, combining to go 6for-10 with a double, four runs scored and an RBI as the hosts crushed UNC, 14-4.

Harris was 4-for-6 and scored

three runs, while Melillo was 2-

for-4 with a double, a sacrifice

fly, a run scored and an RBI.

Area nines meet up in Top Team

By Dean Smith Sports Editor

LAKE MARY — The Little League postseason has begun. After months of herad-tohead competition, regular season champions from the various leagues in Seminole County are currently playing in the District 23 Top Team Tournament.

Top Team takes all of the regular season winning teams and pits them against one another to determine the best individual team.

Following the completion of that tournament, the All-Star teams will be selected and get ready for postseason play beginning next month.

The Top Team Tournament got off to a fantastic start for at least one of the local entries as Lake Mary's Minor Division (9-10 year olds) champion, the Royals, rolled over Casselbery, 11-1, Monday night.

The Royals and the Longwood charter champions, the Pirates, had gotten ready for the tournament by playing a pair of scrimmage games last week at the Lake Mary Sports

Complex.

The first game saw the Pirates get a super pitching performance from Jeff Sladek as he struck out 14 of the 19 batters he faced.

The two teams were actually supposed to play three times, but a Wednesday matchup was rained out.

In fact, it raines for three consecutive evenings and the series was shortened to two games, with the final being played on Saturday morning.

The Royals got their revenege in this game as Trevor Jones and Matt Flynn combined on a three-hitter as the hosts rolled to an 14-2 victory in a game stopped after the top of the fourth inning by the 10-run rule.

The Royals actually only had See Royals, Page 28

Athletics and academics do mix

SANFORD — The Seminole Community
College softball team has proven once again that
academics do not always take a backseat to athlet-

On the field this season the Raiders posted an impressive 47-16 overall record, came home second in the incredibly strong Mid-Florida Conference with an 19-8 mark, and finished third in the State Tournament, but the squad may have been even better in the classroom.

Head coach Courtney Miller had 12 of her 16 players on the roster make either the Mid-Florida Conference All-Academic Team (3.00 or higher GPA / min. 24 hours) or Academic Ail-State (3.30 or higher / min. 18 hours) and as a team SCC accumulated an overall Grade Point Average of 3.23.

All told, 10 Raiders made both lists with seven being graduates of Seminole Athletic Conference schools

Locals making both lists were sophomores Stephanie Mathieux (Oviedo) and Melanie Pace (Winter Springs) and freshmen Ashley Bitzer and Carice Wood (Lake Mary), Megan Miller (Oviedo) and Kristen Schrupp (Winter Springs).

Standing room only for SpeedWorld's CRASH-A-RAMA

Special to the Herald

BITHLO - The weather was very disheartening but the program said "rain or shine". And the fans took their word at that and packed Orlando SpeedWorld to "standing room only" capacity last Friday night.

All around the 3/8's mile oval there were people, standing, sitting but packed in to watch the first of two CRASH-A-RAMA shows at SpeedWorld.

Chuck Rush put on the first show of the night when he did the Wall of Steel.

This consists of three cars standing upright so far part and a junkyard car that is going to hit each car and make it fail like dominos on a table. Just the right speed must be gotten for the stunt to work but Rush is good at this. As the crowd held their breath, Rush hit the first car, then the second, and then the third. He did suffer just a little roof damage but was fine.

Next up was the boat/trailer race. This consists of any size boat, any size trailer for 15 laps around the track if at all possible. Nineteen entered this event with boats from the size of canoes to small cabin cruisers. Of course the motors are gone and they are striped, no need for a motor going through anything.

Bobby Riley, one of the regular Super Stock drivers at SpeedWorld, had the pole for this race but it Scooter Gabel who took the lead on the green. With boats, axles,, and a partial removal of the pit grandstand fence, it was Rusty Rinaldi in the Winner' Circle. Following Rinaldi was Dave Verrer, Ken Hall, Bobby Riley and Jimmy Hester.

The it was "Green Mamba" time. This is a jet car that can throw some heat literally. Some

young children were scared and had to go behind the bleachers but the majority loved Green Mamba. She lit the sky, blew some heat and made you think she was ready to take off to the skies with her engine geared up for "take off". After about four trips around the track, she needed to cool off.

The V-8 demo derby brought out cars from all over Florida and even North Carolina.

As they filed in and lined up against the frontstretch wall and the bottom of the track to do battle, just by the number of cars you knew you were in for a show. Smashing, crashing, rear-ending, radiators blowing, a few little fires, and a lot of dead cars later, it was called a tie for the win.

Joe Curry, who has run almost every demo derby that Orlando and NSS has put on from Melbourne, and Jim Froman took the win jointly. And both were very deserving in that joint win.

The Powder Puff School Bus Figure 8 race consisted of eight real school bus drivers from Seminole County. These brave women were able to practice this new form of school bus driving and really did a good job in their first feature event. Cindy Labrie had the pole and led the entire 8 laps from green to checkered. Only a small amount of rubbing went on in this race since these gals were not use to rough driving a bus which normally is full of kids. Hats off to each of these ladies for their braveness and exceptional good driving.

The Steel Ball showcased a family of three who enter a steel ball and go around on motorcycles. First the 10 year old son does some pretty good driving then the father and then the mother stands in the middle (brace soul) while the son and father go around her but never touch her.

Enter the chain race. One car pulls another car around by a chain with the second car more or less the brakes for both. This will in fact give you a lot of out-of-control wild rides for the second car and some pretty crazy turnarounds. Nine lead cars, nine tow cars took the green for the figure 8 chain race. Billy Cuddy and Bobby Riley had the pole and were doing okay until they found out it was not as easy as one thought. Around they went and with that, went their lead. At the end it was S. Gabel and R. Riley who made it to the checkered with both cars in tack and the chain still attached.

The chain race took out some of the 4 cylinder demo cars as they were the second cars on the chain. But the ones that were left did a great job of taking each other out for the win. In the end, it was Ben Croft crowned "4 Cylinder Champion" for CRASH-A-RAMA Night. And as they say in racing, "I will be back for round two in

The Outlaw Demo may have been short on cars but not action. These guys were beating and banging and hitting and stumping each other until the bitter end. This was one of the best Outlaw Demos we have seen. Coming out on top was "Big Mack" who entered every demo Friday.

"Taking one out of three ain't bad when you have this much good competition," said Big Mack. "Well worth coming to Orlando SpeedWorld." he added.

Here comes the main event, the wild and crazy school bus figure 8 drivers of Orlando SpeedWorld. Nineteen lined up for the green but only one could take the win. Doug Samion, one of SpeedWorld's Sportsman drivers, took the win but for awhile it looked like Todd Hutto, coowner of East Bay Raceway, was headed towards his first win.

Hutto was doing really well until he somehow lost his steering which went out just at the moment he was approaching a dead bus. Hutto and the dead bus collided. Hutto was able to continue but not for long and retired on the field.

As the fans were checking out the winner Doug Samion, Chuck "Junkyard Dog" Rush was giving the fans another show as he took his bus round and round in turn 4 until the point she rolled over to the roar of the crowd. As Rush sat in the bus on it's side buckled in his seatbelt, the fans went wild. Rush came out to a standing ovation.

Green Mamba now returned for her last appearance and last event of the night.

Two junk cars were placed on two of each other with Green Mamba the incinerator As she sat there building up her engine, the smoke was pouring. Suddenly, a flame shut out and cars were disappearing fast.

Jim Jones, the track photographer, thought he was safe on a bus away from this event, but he found out quickly how far the heat and debris travels when Green Mamba is working. Jones was off that bus and on the ground before you could say "jack rabbit".

As the cars disappeared before your eyes, Green Mamba had done her job. And the first of two CRASH-A-RAMAS was done.

This Friday night (June 13), the 911 Series returns to SpeedWorld with some of the fastest "cop cars" around. Also on the program will be a 50 lap Sportsman race plus Super Lates, Open Wheel Modifieds, Mini Stocks and Strictly Stocks. The Super Stocks will have the night off. See Racing, Page 3B

Continued from page 1B Monday.

Also going to Omaha will be Longwood's Greg Dini, who played high school ball at Bishop Moore, as a member of the University of Miami.

Dini, a catcher, and the Hurricanes won an exciting series from North Carolina State University, coming from behind to win two games in their final at bat.

All of the College World Series games will be televised by ESPN or ESPN 2 from Rosenblatt Stadium in Omaha, Nebraska.

South Carolina will get to kick off the tournament when they take on Stanford at 2 p.m. on ESPN on Friday.

Friday's other game will match Cal State Fullerton against LSU at 7 p.m.

The other bracket will play on Saturday with Southwest Missouri State taking on Rice at 1:30 p.m. and Texas battling

Miami at 7 p.m. South Carolina's bracket will return with a pair of games on Sunday and Miami's bracket will play on Monday.

Double Elimination Bracket play will continue through either Wednesday the 18th (if one or both bracket winners finish unbeaten) or Thursday the 19th (if one or both brackets must go to the 'if necessary'

game). In a change this year, the two bracket winners will meet in a Best two-out-of-three

Championship Series. Game I would be played on Saturday (6/21) at 7 p.m. and Game 2 will be Sunday (6/22)

If both teams have one win, the winner-take-all final would be Monday (6/23) at 7 p.m.
