Fred And Ginger Romance, Dance Again To Berlin's New Musical "Carefree"

Famous Duo Reunited In Spectacular And Romantic Story Of Carefree Dr. & Girl

Bringing the world famous team of Fred Astaire and Ginger Rogers together once more, RKO Radio's "Carefree" presents a glittering, joyous and song studded film romance embellished with Irving Berlin melodies, startling dance routines and a deftly-handled story.

Because Ginger keeps breaking off her wedding date with Ralph Bellamy, the latter asks Astaire, a psychiatrist, to fix up any lurking inhibitions the lady may have on the subject of marriage. The pretty jilted couple makes matters by falling in love with Fred instead of with Ralph.

When the psychiatrist fails to respond, the actress starts a hectic series of madcap adventures—the doctor meantime falling in love with her himself, only to find that he has new resistance to overcome. How the seemingly lost cause is won at the last moment makes for the up-to-the-minute climax of the picture, which is said to be both the funniest and most entertaining of all the Astaire-Rogers vehicles.

Andrea Leeds, Joel McCrea, In Romance

Hailed as the "surprise" picture of the year, and starring Andrea Leeds and Joel McCrea in a story which reveals the poignant heartaches which conflicting ambitions may bring toreckless young love, Universal's new dramatic hit, "Youth Takes a Fling," shows Thursday at the Ritz Theatre.

Czechoslovakia Is Military Island, Away From Allies

By E. N. THOMPSON
WASHINGTON, Oct. 1.—(AP)—Czechoslovakia is a military island cut off from friends and allies even before a war starts.

Its main hope is to hold out until its allies find a way to help, and competent authorities point out that ways to help are hard to find.

The big end of the cucumber-shaped republic sticks straight into German jaws. Hungary, to the south, would like nothing better than to get back the chunk carved out of her after the world war to make Czechoslovakia.

To the north is Poland, interested in a piece of Czechoslovak territory.

Off to the west, France, the encircled Czechs' staunchest diplomatic friend, is balked by Germany's rugged new Siegfried line of fortifications.

No one knows how long the Czech army of about 2,000,000 men could last against a German army nearly twice as large and a vastly superior air force.

Of course the Czechs have fortifications—the mountains and the forests that ring the western end of the country and the pillboxes and forts that guard the passes from Germany.

But whether these fortifications helped the Czechs hold out days or months, the experts doubt if France could move substantial forces across Germany. The Nazis' Siegfried line, backed by more than 200,000 trained troops already in the area, could be expected to checkmate the French. Geared to defensive warfare behind its own Maginot line, the French army might be held up indefinitely by the string of German fortresses.

Switzerland and Belgium bar the way around the ends of Germany's fortified line if they maintained their declared neutrality. That leaves France the alternative of finding a vulnerable spot in the Siegfried line.

Near the Swiss border France would have to cross the Rhine and break through the line in one operation. Near the Belgian end it would be somewhat less hazardous because she could attack the line without encountering the Rhine until later. A breakthrough at either point would com-

LOOK CLOSELY and you will recognize Fred Astaire, Ginger Rogers, Ralph Bellamy and Luella Gies, all principals in RKO Radio's "Carefree" with music by Irving Berlin. Just now they are seen taking a musical bicycle ride.

Youthful Evangelist To Hold Revival Here

STEPHEN L. CLOUD, youthful preacher, will begin a young people's revival at the Full Gospel Tabernacle, Orlando Road, near Geneva Avenue, next Sunday night. The revival will continue two weeks, with preaching on the Evangel every night, except Saturdays, it was announced today by Rev. Fred A. Bechey, pastor.

The revivalist comes well recommended, Mr. Bechey said, and has preached in fifteen states with outstanding success. As field secretary of the Young Peoples Fellowship Club, in Florida, he has been able to contact multitudes of young men and women. It was stated. At the same time, his message appeals to adults. He is a graduate of Florida Bible Institute, Tampa, and attended the Bob Jones College in Cleveland, Tenn.

The Rev. Monroe Parker, International President of the Young Peoples Fellowship Club, says of Stephen L. Cloud: "He is one of the best young preachers

"The Texans" Reveals The Tragic And Yet Romantic Post-War Era Of Southwest

Randolph Scott And Joan Bennett Star In Historic Drama Of Old Southwest

A historic story of the South's struggle for freedom during the dark days after the War Between the States and the birth of the United States as a coast-to-coast empire is told in "The Texans." Paramount's epic treatment of the Reconstruction period, which shows Tuesday and Wednesday at the Ritz Theatre. A weeping canvas, painted with bold and fury strokes, it will thrill every American who is interested in the men who rebuilt the country after the nation's disaster of a "brothers' war."

An all-star cast, headed by such favorites as Randolph Scott, Joan Bennett, May Robson, Wallace Beeman, Robert Cummings and Harvey Stephens, the vivid scenes background of the Texas plains and the direction of James Hogan who will be remembered as the chief of "Ebb Tide," continue to give this broad theme the screen treatment it deserves.

Marriage Vs. Career Is Theme Of Movie "The Lady Objects"

MORE QUEER ANIMALS IN 'ALLEY OOP' COMIC THAN IN A DOZEN CIRCUSES

The world of a million years ago gave Vince Hamlin the idea for his different and uproariously funny comic, ALLEY OOP, appearing in The Sanford Herald every day. Queer animals tall as skyscrapers and flying reptiles larger than airplanes once roamed this earth. Many of these are encountered by Alley Oop as he goes about his heroic, if hairbrained, deeds.

Hamlin has made an intensive study of the prehistoric. An excellent artist, he makes certain his sketches are accurate from a scientific standpoint. To his interesting pictures of pre-

historic animals, he adds dizzy-looking cavemen, dizzily-looking cave women. He works all these characters in a comic which amuses every newspaper reader. Full of surprises, thrills and excitement, the comic never ceases to be comic.

And now, just to brush up on your prehistoric knowledge, here are a few members of the supporting cast in Hamlin's great feature:

1—the trachodon; 2—the diplocephalus, which it seems, laughed occasionally; 3—the brontosaurus, which generally wasn't as fierce as it

looks; 4—the tyrannosaurus rex, the most ferocious of all the prehistoric monsters; 5—the pterodactyl; 6—the triceratops; 7—the stegosaurus.

At the right, you have the leading characters of the comic, Alley Oop, the caveman, and Diny, his pet dinosaur. Neither overjoyed at seeing the visitors.

Watch for ALLEY OOP every day in The Sanford Herald. You'll like it!

City Sets Up \$247,521 For Its Expenses

\$118,821.25 Budgeted For General Operating, \$81,000 For Debt Service

Levy of 30 Mills Again Approved

Budget Figures Are Slightly Higher Than Last Year's

The expenses of the City government were estimated at \$247,521 for the next fiscal year in a budget adopted by the Commission at an adjourned session Friday afternoon.

A 30 mill levy, 15 mills for debt service and 15 mills for general operating expenses was again approved by the Commission and was expected to raise \$11,000 for the general operating fund and \$50,000 for the debt service department. Only the 15 mills for debt service is levied up to a valuation of \$5,000.

The total appropriations for the general operating fund are \$118,821.25. A surplus of \$10,000 as of Sept. 30 was carried over from last year's appropriations and re-appropriated in this year's budget, while other sources of revenue of this fund are listed in the budget as follows: miscellaneous revenues, which include revenues from occupational license, revenues from the Police Department, \$2,475; profits from the water utility department, \$3,462; collection of prior year taxes, \$20,000, while \$11,000 is estimated as revenue from the 1938 tax roll.

The estimated cost of retiring bonds and payment of interest is \$81,000 and the Commission anticipates collection of \$50,000 from the 1938 tax roll and \$22,000 from collection of prior year taxes to care for this appropriation.

The operating expenses for the water utility department this year was set at \$16,865; debt service of the department, \$22,068.55; estimated net profits of the department to be appropriated to the department of general government, \$3,146.25, making the total anticipated revenue of the water department for the fiscal year of \$47,700.

The appropriations of the Commission for this year are almost identical with those made for the fiscal year which ended on Sept. 30.

Last year's appropriation for general government was \$118,111.25, while the appropriation for this year is \$118,821.25.

The appropriations for the various departments of the City were changed very little for this year. An appropriation of \$15,635.50 was made for operation of the Police Department. This appropriation is slightly higher than for last year since it includes sufficient funds to pay the balance on the police radio equipment.

An appropriation of \$9,000 was again made for the operation of the Fire Department. One of the largest appropriations was \$10,200 for the City's street lighting. This includes \$9,300 as cost of current and \$1,000 for upkeep expenses.

An appropriation of \$8,675, \$20 was made for the City's parks while the appropriation for the Sanford Country Club was \$1,000, the same as for last year. The \$2,000 appropriation made for a trailer camp last year was continued this year and \$2,000 was again set up for publicity.

30 Killed In New Clashes In Holy Land

Deaths In Outbreaks Between Jews And Arabs Reach 106 Since Saturday

MONTEVIDEO, Uruguay.—Arabs wept and Arabs rejoiced in a breakneck series of events yesterday in the Holy Land as the Arabs advanced to take an important town, Sevastopol, and the Jews fled in panic to their ships.

Arabs killed when a house exploded, a shell hit a building, a British soldier was shot, and a Britisher was captured.

struction of the canal. It shows how the project can be
made a 100 percent income producer, and gives the many
advantages which it offers not only to this section but
also to the many sportmen from other parts of the coun-
try who will use the canal. The value of the canal for
pleasure craft as well as for commercial traffic is clearly
demonstrated.There are 400 pleasure craft already located on
the St. Johns River which would be able to use the canal on
to the Atlantic Coast. Besides, there is a con-
tinuously increasing number of boats from the north now
using the Intracoastal Waterway, a number which in 1936
reached 161, which would probably use the St. Johns River.Many other advantages of the canal are cited in the

trol, its importance in flood control, its great merit as
well as flood control benefits are cited at length. Its annual
value from its point of view alone is estimated at
\$87,500.Another it is figured that the total yearly
value of the canal would be \$291,000, with the advance
in real estate values amounting to \$110,000 of the total.
That this is a conservative estimate of the real worth of
the canal will readily appreciated by anyone who has
taken the trouble to investigate the rich back country
which would be made available for pasture lands through
which the canal passes.There is a thoroughly sound argument in favor
of the canal, the cost of which would be relatively incog-
nificant as compared with many another project of lesser
merit now under consideration.**The Canal Report**

Last week the Chamber of Commerce announced that the report on the St. Johns Indian River Canal which was prepared by Fred T. Williams, James Gut of this city and Arthur N. BETTER BUSINESS

Now that the European crisis is settled, at least temporarily, and there is a bit of Fall in the air, business is picking up. Economists see nothing ahead but brighter business prospects. Reports from many business publications give facts to prove the upturn, some of which are as follows:

For the great fury pounding in the breast, Choked in its forward surge, cast at the crest, Rebuffed, undone in darkness, for the wind? That blow above the mountains of the mind's speech Struck and became.

This Is the American Legion in 1938

Waistlines considerably larger than in the war days of 1918 and graying hairs a year grayer, the American Legion took over Los Angeles for its 1938 convention with undiminished capacity for a good time. Pictured left to right: C. Hughes, in Indian headdress, and Gordon Holland, both of Chicago, in the locomotive of one of the 80 special trains, and right, Gov. J. B. Poindexter of Hawaii and James R. Mervyn Conners, shown crossing the plate, hit three consecutive home runs and a double for the Chicago White Sox against the Philadelphia Athletics. The two-base hit narrowly missed being good for the circuit, bounded off the left field wall. Although a third baseman, Conners, recently recalled from the minors, played first.

Mapping Historic Drang Nach Osten

The black area in the map above shows mighty pre-war Germany. In these maps below, note the countries as follows: G—Germany, F—France, A—Austria, H—Hungary, C—Czechoslovakia, P—Poland.

Post-war treaties dismembered Germany and the victorious Allies parceled out much of the country at Versailles and subsequently. This is what was left.

With the rise of Hitler and the ascendancy of Hitler, Germany began to expand. The Saar valley was restored to the west and the annexation resulted over Austria with this result.

Will Hitler continue the eastward drive with the annexation of the Sudeten area of Czechoslovakia, as depicted here? Will Der Fuehrer achieve his "Drang Nach Osten?"—it's "Push to the East."

Locals Expect Tough Game With Columbia High Lions Of Grid Schedule

Only Scrimmage Session Of Week Will Probably Be Held Tuesday Afternoon-After Light Drill Today

Head Coach Leonard L. McLucas and his Seminole High school Celery Frogs, fresh from a 7 to 6 win over Easton last Friday night, will take to the practice gridiron this afternoon for four days of hard work in preparing for the second contest Friday night with the Lake City Lions.

Coach McLucas will hold a tough session today although it is very doubtful whether he will send his charges through a scrimmage as a number of regulars have bruises.

Tuesday afternoon, the Frogs will likely hold a light scrimmage and possibly Wednesday Thursday will be of a code for a tapering off drill and Friday night the contest will take place here.

McLucas has not made any remarks as to the Frogs' chances against the strong Columbia High delegation who so far this year have one win and one defeat. Landon of Jacksonville defeated them 11 to 0 while they romped on Belknap of Jacksonville, 21 to 13.

Last Friday night, Frogs found plenty of action in the game in the first forward march but since no side stations were used in the backfield, it is doubtful if there is anyone who would knock one of the present veterans out of a starting position.

The Frogs used eight green men in the starting lineup against Memory Martin's Florida Panthers and it is hoped that they will all improve as the season goes on. The Frogs have eight more tough games with Orlando, Ocala, Lakeland and Daytona Beach ahead of them and will probably have paid off their debts by mid-October.

The Frogs in Daytona Beach were the only outfit which the Frogs won over last season in these four games.

Howells may still be of

St. Augustine, Winter Park, Lake City and DeLand as opponents. It is expected that Coach McLucas will drill his squad on the Notre Dame style of play but we are rather pleased at the fact that Frank Kuhner Agency recommends

the double wing plays.

Lyman Eleven Plays Mount Dora Outfit On Friday Night

LONGWOOD, Oct. 3.—Coach Dick Skewes of the Lyman High School Greyhounds yesterday announced the remainder of his 1938 football schedule which includes seven hard games.

Skewes' outfit will go to Mount Dora Friday night to face Rich Hills. He expects who ever loses the opening term of the season in Pacific by a 10 point count. Skewes believes that it will be one of the hardest games in the schedule and he has expressed some consternation since he has lost the services of Jim Entwistle of the team.

Entwistle was injured during the M. Varsity game Sept. 17. Friday he will be back in time to the contest with the visiting Greco-land School.

Average FHA Loan For Improvements Is Given As \$183

The average loan made under the terms of the Property Improvement Credit Plan of the Federal Housing Administration from the date of reinstatement of Title I of the National Housing Act in February 1938 to July 31 was \$183, according to an analysis made by the FHA.

In making this analysis 140,575 loans, valued at \$7,931,195, were granted by 2278 private lending institutions. All of the states, the District of Columbia, and the territories of Hawaii and Alaska were represented by institutions actively engaged in making improvement loans.

For loans aggregating more than half of the amount in the major item of expenditure were listed as exterior and interior finishing or additions or alterations.

The average loan made to finance new structures in accordance with the provisions of the amended Title I, was well below the maximum of \$2,500, being but \$1,506.

The type of work financed with the proceeds of a loan was not always limited to one of the above classes; for example, on 25 per cent of the total amount of notes issued the major item of expenditure was reported as structural additions or alterations, but the loans may have financed other types of work, such as plumbing and heating.

Improvements to small homes account for the greatest percentage of loans made, but the average of these loans was less than that of any other classification. The type of property with the greatest average loan was com-

mercial. The Federal Housing Administration is cooperating in a Nation-wide repair and modernization program with dealers, builders, and others. This program, styled "Ready for Winter," is now under way in all sections of the country.

THE YOUNG COMMANDER...

Had Samuel Smedley, Connecticut youth, been an older man during the American Revolution, his career as a naval commander would have been no less brilliant.

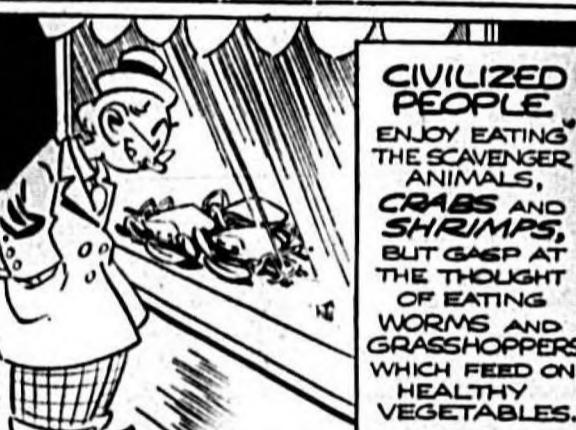

As it was, Smedley was only 21 years old when he finished a three year cruise as commander of the 62-foot brig Defense in 1776, after capturing more ships and greater prizes than any other officer or privateer during the entire period of the war.

Young Smedley captured for the Colonies 13 ships, 600 men,

and prize cargoes amounting to the amazing total of \$500,000—

Fascists Are Charged With Using Spies

Consular Officials In U. S. Are Using Threats To Win American-Italians

NEW YORK, Oct. 1.—Admiral Frank J. Fletcher, chairman of the American Fascist Committee, charged yesterday that Italian Consular officials and secret Fascist agents are using the most recent propaganda against the ranks of Italian Americans living in the United States.

Admiral Fletcher, a member of the American Fascist Committee, charged yesterday that Italian Consular officials and secret Fascist agents are using the most recent propaganda against the ranks of Italian Americans living in the United States.

He said there were in the country 100,000 members of the Italian Fascist government secret police, the "Blackshirts," which he said was similar to the secret service in Nazi Germany.

He also charged that Italian Consular officials were addressing numerous meetings in which they delivered speeches of pure Fascist propaganda, seeking to undermine the Democratic form of government.

British Ships Sink

MADRID, Oct. 1.—(UPI)—Three British ships were struck by bombs today and two of them沉没 in a general of Spanish Insurgents' raid along the Mediterranean coast of government Spain.

Two British planes crashed on a British warship, causing damage to both. The Thorpebay and the Gothic. There were no causalities.

In Valencia's harbor a lone seaplane dropped 12 bombs, one of which struck the British vessel. No casualties.

Dispatches from Madrid said the insurgents continued their low but steady advance through government hill positions on the Ebro River front.

Nearly 100 Visiting Airmen Are Guests At Chamber Lunch

A total of 35 airplanes swooped out of the skies from the west coast independent cities of California where they were luncheon guests of the Sonoma County Chamber of Commerce.

Fliers from all parts of the state came from Apopka and landed at the airport for San Jose's participation of the tenth Annual Air Progress Tour. They began arriving shortly after 12 o'clock and became flying for Orlando where a two-day celebration will be held shortly after 1:30 o'clock.

City and County officials, as well as officials of the chamber of commerce and many local citizens greeted the fliers at the airport.

Major Sam Way of Orlando was one of the arrivals via airplane coming here to greet the fliers and escort them to Orlando's air field. One of the first arrivals was Karl Friedlander, president of the Aeromotors Association of America.

C. V. Whitney, director of aviation for the State Road Department was one of those present along with others well known in Florida's aviation circles. The Mayor of Clermont and the Mayor of Orlando were among those present for the event.

Approximately 100 visiting airmen were served by the Chamber of Commerce in the hangar at the airport. This was far more than Chamber officials had expected. Drinks for those present (Continued on Page Two)

Sharon Will Speak At Antlers Meeting

James G. Sharon will be the guest speaker at the regular meeting of the Antlers in the Elk Hall Wednesday night at 8:00 o'clock, officials of the Club reported today. The address of Mr. Sharon will be the Club's observance of Constitution Day, one of the four days observed by the club.

The main order of business will be the election of officers for the coming year. All Antlers and those desiring to join the club were requested to be present for the meeting. Refreshments will be served following the meeting.

Troop 5 and Dick Mason also of Troop 5 went to Camp Wewa near Orlando Saturday to attend a get-together of approximately 60 Central Florida Scout leaders.

Games were enjoyed during the day and Saturday night of officials of the Central Florida Council met to discuss changes in the regulations of the council. Plans for the Scout Jubilee to be held on Dec. 8 were also discussed, Mr. Morris reported, adding that the 25 patrols qualifying in a preliminary event at Daytona Beach on Nov. 2-3 will be eligible to participate in the jubilee.

The main order of business will be the election of officers for the coming year. All Antlers and those desiring to join the club were requested to be present for the meeting. Refreshments will be served following the meeting.

The plaintive music of Kol Nidre will usher in Yom Kippur or the Day of Atonement, at sunset tonight. On this holiday, the most solemn occasion in the Jewish year, devout Jews abstain from all food and drink and spend the day in the synagogue in prayer, meditation, and supplication for forgiveness.

Services in connection with the event are to be conducted at the Community Center on Sixteenth Street between Magnolia Avenue and Palmetto Avenue Tonight.

From biblical days, when this holiday was the occasion for special sacrifices and prayers in the Temple, Yom Kippur has carried with it an irresistible appeal for all Jews. It brings to a close the ten days of penitence which began last week on Rosh Hashanah, the Jewish New Year, and its conclusion marks God's forgiveness for past sins and His blessing for the coming year.

The Day of Atonement is distinguished from most other holidays in that it is associated with God and his struggle to lead the good life.
