That Old Muppet Magic...

Who ever thought a bunch of puppets could draw top ratings?

"The Muppet Show" is America's No. 1 rated entertainment series in syndication, according to Arbitron's November 1980 Syndicated Program Analysis. It topped more than 180 other syndicated shows.

On a national basis, it again beat the ratings of such shows as "Family Feud," "All in the Family," "Barney Miller," "Sanford and Son" and "M-A-S-H."

WORLD IN BRIEF

Polish Government Offers Partnership To Solidarity

WARSAW, Poland (UPI) — Polish authorities followed up their dramatic recognition of a farmer's union by making an immediate overture of partnership with the 10-million member urban Solidarity to solve the nation's crippling economic problems.

The government obviously hoped to enlist Solidarity in efforts to solve the drastic economic problems that have left Poland short on food and long on debt — estimated at more than \$24 billion to the West alone.

The government proposed talks with Solidarity as soon

as possible. It urged only issues aimed at overcoming the economic crisis be dealt with immediately.

Other outstanding problems, such as political prisoners and a new labor law, could wait, it said.

It still was not clear what effect official recognition of Rural Solidarity would have on this year's food production. The farmers now hope they will receive funds and equipment so they can better exploit the land.

Reagan Deplores Accident

TOKYO (UPI) — President Reagan, in a letter to Prime Minister Zenko Suzuki, deplored the "extremely unfortunate" sinking of a Japanese freighter that was accidentally rammed by an American nuclear submarine, the Foreign Ministry said today.

The letter was hand delivered by U.S. Ambassador Mike Mansfield to Foreign Minister Masayoshi Ito Friday, a Foreign Ministry spokesman said.

Reagan said he was confident the U.S. Navy would conduct a thorough investigation of the ramming, which Japanese officials have said could adversely affect a planned May 7-8 Reagan-Suzuki summit in Washington.

Sanford, Altamonte Women Elected To State's Silver-Haired Legislature

Two Seminole County women were elected to two-year terms in the Silver-Haired Legislature. Eligible to vote in the election were registered voters who are senior citizens.

Elected over three opponents to represent the District 34 seat in the Silver-Haired House of Representatives

was Bobbi Hardy of Sanford. Mrs. Hardy also served during the 1980 session.

Elected unopposed to the District 33 seat in the Silver-Haired House was Edythe O. Edge of Altamonte Springs.

The Silver-Haired Legislature is to meet for one week in Tallahassee

beginning on July 27.

The Silver-Haired Legislature is sponsored by the state Department of Health and Rehabilitative Services and the Area Agency on the Aging. They discuss and bring to the attention of state officials and legislators the concerns and problems of senior citizens.

Castro Brags Of Cuban Military Strength

MEXICO CITY (UPI) — Cuban President Fidel Castro says Cuba's military is "100 times stronger" than when it defeated the invasion forces at the Bay of Pigs 20 years ago, the Cuban news agency Prensa Latina reported Friday.

"We aren't looking for a fight, but those who push us to war better watch out. We are 100 times stronger and more prepared," the dispatch quoted Castro.

Castro vowed his army and civilian militias would defend the nation against all "enemies of Cuba," Prensa Latina said.

The dispatch, monitored in Mexico

City, did not specifically mention the United States when it referred to Cuba's enemies, but said the U.S. economic blockade of the island was a threat to the country.

The dispatch said Castro recalled that in 1961 the country's civilian militia and army were poorly armed when they defeated CIA-equipped exiles in the attempt to topple Cuba's communist government. It said Cuba now is well armed.

Castro said Cuba now has "tens of thousands of regular troops and reser-

ves," as well as hundreds of thousands of civilian reservists and "tens of thousands of international fighters."

During his speech at an artillery training school, Castro made an unusual reference to the errors committed by the Cuban socialists, noting "the road of socialism was new for us," Prensa Latina said.

But he quickly returned to the praise of the revolution and said socialism "has brought us more patriotism and internationalism."

\$840 In Cash, Checks Taken

Man Robbed At Gunpoint

By BRITT SMITH
Herald Staff Writer

A 49-year-old Winter Springs truck driver was robbed at gunpoint around noon Friday after making a delivery to a roadside business store.

According to a police report, Reginald Dusing had just dropped off a load of merchandise at Richard's Market, 1506 W. 13th St., when two men approached him, one of them with a pistol drawn.

Dusing told police that the gunmen took \$840 in cash and checks, plus his wrist watch.

FOUR ARRESTED, DRUGS SEIZED

Four persons have been arrested and \$21,000 worth of drugs

causing the entire signal system between Sanford and Orlando to be disrupted.

An SCL official estimated the train delays caused by the haywire signals cost the company \$2,000.

LAKE DESTINY-ELEVEN HIT

A Lake Destiny clerk was robbed late Monday night of an undetermined amount from the store register when two unidentified men came from behind the counter armed with a revolver and demanded money.

George S. Hill, a 25-year-old employee of the convenience store at 990 Lake Destiny, said the two men first came onto the premises while he was sweeping the parking lot about 11:45 p.m.

They entered the store and paced about for several minutes, Hill said. Suddenly both robbers were behind the sales counter, pointing a 4-inch nickel revolver at Hill.

The man holding the gun ordered Hill to get down on the floor. When the clerk obeyed, he was hit on the head with the revolver, he said.

At that point, the other man asked Hill where the money was. Hill, who was lying on the floor, stunned by the blow to the head, said he managed to hand the register key to the thief.

Hill told police the man took the key and tried to open the time-locked safe. But after failing to break into the safe, the men fled the store.

No witnesses to the incident were reported.

MOTORIST BUSTED FOR DRUGS

It started out as a simple traffic citation, but wound up with Paul Jeffrey Sandidge, 30, of Lauderdale, charged with various drug charges after a large quantity of cocaine was found in his car.

The arrest was made Thursday night when Oviedo patrolman Steven Benson stopped Sandidge's car for a traffic violation at North Central Avenue and Artesia Street.

Benson said he saw what appeared to be drug paraphernalia in the car and searched the vehicle, discovering about 17 grams of high-grade cocaine. The paraphernalia and \$1,000 cash was also seized.

Sandidge was charged with possession of a controlled substance, possession of a controlled substance with intent to sell and possession of drug paraphernalia. He also got a traffic ticket for having an improper tag and not carrying his drivers license.

He was released from the Seminole County Jail on \$8,400 bond.

confiscated as the result of an investigation that began with a routine report of a theft from a local motel.

Jailed on charges of grand theft and possession of controlled substances were Richard Burks, 24, 2624 Grove Dr., Sanford; Mary C. Oliver, 26, 725 Logan Dr., Longwood; Brady Austin, 29, of rural Lake County, and Tammy Brice, 19, of Lake Monroe. Brice was also charged with battery of a police officer. All were released on \$8,400 bond.

According to a police report, the arrests were made about 11:30 a.m. Thursday at the Holiday Inn on Lake Monroe when a maintenance worker called police after seeing someone taking lamps, pictures, and towels out of a room.

Officers were directed to the room of the alleged thieves, and while questioning Austin, Brice, Burks and Oliver, found a large quantity of cocaine, quaaludes, and marijuana in the room. The stolen merchandise was found in the foursome's car, police said.

LITTLE BREAK, BIG PROBLEM

It didn't seem too bad at first — just a broken cable along the Seaboard Coast Line Railroad tracks south of Airport Boulevard in Lake Mary.

But the \$175 repair bill wasn't the whole story. It was a signal cable that had been cut when someone apparently jammed a spike between the cable and the rail Thursday afternoon,

Attorney Fights City Rule That Puts Shirts On Joggers

PALM BEACH, Fla. (UPI) — Allen DeWeese went to federal court Friday in a fourth try to thwart the Town Council's attempts to put shirts on joggers.

Hot weather has arrived and its time for joggers to shed their shirts to protect themselves, said DeWeese's petition to U.S. District Court. He seeks an injunction against enforcement of the posh town's ordinance against shirtless joggers.

The request is a temporary move to ward off arrests while the jogging layer's suit attacking the constitutionality of the ordinance is pending. The present ordinance is the third adopted by the Town Council. Two similar measures passed earlier this year have been struck down by the courts as unconstitutional. The third rewrite, with slightly different wording, prohibits topless attire on public property by any one older than 14, except within 150 feet of a public beach.

DeWeese, 33, a defense attorney, said with the onslaught of hot weather, the wearing of shirts while jogging increases the possibility of heatstroke and exhaustion.

'No Parole' Bill Proposed

TALLAHASSEE, Fla. (UPI) — A Florida House member wants to give juries a sentencing alternative to make sure convicted killers are not freed from life sentences in 25 years.

Rep. Bill Sadowski, D-Miami, an opponent of capital punishment, has a bill on the Criminal Justice Committee agenda Monday to allow juries to recommend sentences of life without parole eligibility. Existing law provides that, when a jury recommends mercy instead of a death sentence, the guilty person has to serve 25 years before being eligible for parole.

County To Get Vending

Food and cold drink vending machines are to be placed in all county buildings for the convenience of the public and county employees, the county commission decided this week.

But commissioners will decide at their meeting next Tuesday whether the county will contract for the service directly with food and drink companies or Blind Services.

In the meantime, David Hotary, county director of Central Services, will be gathering information on both methods, giving specific attention to the profit margin of Blind Services.

County Administrator Roger Neiswender said he didn't believe the county employees should have to pay a premium price, above the going-rate for cold drinks, cookies, crackers and chips, just so Blind Services may make a larger profit.

Commissioner Sandra Glenn said, however, she was not enthusiastic about county employees getting involved with counting money from vending machines. She also said that Clerk of the Circuit Court Arthur H. Beckwith Jr. has said any profits from vending machines could not, under state law, be deposited in the county's general fund.

Commissioner Robert Feather spoke against vending machines in county buildings, saying the buildings belong to the taxpayers and the general fund should be reimbursed for use of electricity by the machines and for use of the county buildings. — DONNA ESTES

Graham Seeks School Funding

TALLAHASSEE, Fla. (UPI) — Gov. Bob Graham has recommended a \$253.3 million education construction budget, including money to get Hillsborough and Martin counties' schools off double sessions. Under the proposal Seminole would receive \$2.1 million.

Graham delivered his annual education capital outlay plan to House Speaker Ralph Haben and Senate President W.D. Childers Friday.

Graham also proposed setting aside \$33.7 million for kindergarten-through-grade-three programs with the aim of reducing the teacher-pupil ratio, now one-to-25 or one-to-30 in some areas, to one-to-18.

Graham said \$82 million should go to the public schools for construction, \$13 million to the community colleges and \$15 million to the universities.

Eight Months For Bribe

JACKSONVILLE, Fla. (UPI) — The only man to be indicted by the statewide grand jury that probed the state's \$240 million program for acquiring environmentally endangered lands was sentenced to eight months in jail Friday and fined \$2,500.

Charlie Steve Smith Sr., 65, the former chief land acquisition agent for the Department of Natural Resources, earlier pleaded no contest to one count of accepting a \$500 bribe from Tallahassee real estate agent Bruce McIvor.

Price Hikes Still Pinch But Oil Companies Sharing Pain

WASHINGTON (UPI) — The latest government measure of personal income shows Americans are still being squeezed by rising prices, but are now passing along some of the pain to the oil companies.

The Commerce Department reported Friday the personal income of Americans went up 0.6 percent in March, a tenth of a percent improvement over February. Even by compounding it annually, the rate still would fall a couple of points short of the increases in consumer prices, last measured at 12.1 percent.

But within the latest figures was an interesting revision, as government analysts had to subtract a lot of February's spending on gasoline, oil, food and clothing.

The oil industry confirmed Americans cut back gasoline purchases, once thought to be relatively "inelastic," through March. The American Petroleum Institute said March gasoline purchases were the lowest for the month in 10 years.

Reagan Nixes Import Quotas

WASHINGTON (UPI) — President Reagan wants the U.S. auto industry to "help itself" and not count on protection from Japanese imports or government tax breaks, Commerce Secretary Malcolm Baldrige says.

In a news conference Friday, Baldrige said Reagan has ruled out any suggestion of specific import quotas to the Japanese and "wants some strong action of the self-help variety from our own industries and unions."

The Japanese, currently represented in Washington by a number of visiting members of that country's parliament, have "indicated a desire to come to some sort of voluntary action on their part."

But, Baldrige said, they still face the "stumbling block" of objections from Japanese automakers who feel they are not to blame for Detroit's problems and should not bear the burden of sacrifice alone.

Crosses Set For Children

ATLANTA (UPI) — Volunteer searchers erected frail white Good Friday crosses on the spots where the bodies of Atlanta's 23 murdered young blacks were found. Federal investigators moved today to calm the victims' parents who were angered by an FBI agents statement that some of the victims were killed by their own parents.

Air Collision Cause Sought

LOVELAND, Colo. (UPI) — A crack team of federal investigators sought today to determine the cause of an in-flight collision Friday in clear skies — between a small engine Cessna carrying skydivers — that killed 15 people.

Three skydivers and the pilot of the Cessna managed to parachute to safety after the collision. But all 13 aboard the commuter Air U.S. Flight 716, bound for Wyoming, and the two other skydivers were killed.

Investigators said they had no indication of the cause. The investigators, from the federal National Transportation and Safety Board were en route to the scene — a wheat field 2 miles from the Fort Collins-Loveland Airport. Authorities said they would seek to identify the bodies today.

Shuttle Fuel Tank Prepared

NEW ORLEANS (UPI) — Workers at the Michoud Assembly Facility prepared an external fuel tank for the second flight of the shuttle Columbia.

The first flight opened a new era in space exploration. The fuel tank is the only major component of the shuttle that cannot be re-used and Michoud was awarded a contract to build the huge tanks.

Workers at the facility Friday loaded a second tank onto a barge destined for Cape Canaveral, Fla., where it will be readied for a scheduled flight in the fall at the Kennedy Space Center.

The tanks are 134 feet high, 27.5 feet wide and weigh nearly 78,000 pounds empty.

The barge will travel across the Gulf of Mexico to Cape Canaveral in about five days, arriving Tuesday or Wednesday.

President Planning Speeches

WASHINGTON (UPI) — President Reagan, spending a quiet Easter holiday weekend in the White House, is planning a series of speeches including a possible radio broadcast to the nation on his economic plan.

The 70-year-old president may still have "a little discomfort" as he continues to recuperate from a bullet wound to his chest, an aide said, but he is stepping up his work schedule.

Seminar Explores 'How-To' Of Grantsmanship Craft

The where's, who's and when's of grantsmanship, or how to recognize and grasp opportunity, will be explained in a three-day seminar May 20-22 in Orlando offered through UCF's College of Extended Studies.

With the current squeeze on available funding from agencies, the information gained during the seminar could mean the difference between success or failure, said Patricia Corcoran, UCF program coordinator.

"The purpose of the seminar is to learn how to overcome the grant proposal-writing maze, identify potential funding sources and use a systems design to increase the output of proposals," she explained.

Dr. Edward D. Leary, author of "Systems Design to Grantsmanship," and hundreds of successful proposals, who also has been a reader and grader of grants in Washington, D.C., will instruct the seminar.

Information on registration and further details on the seminar is available by calling the UCF College of Extended Studies, at (305) 275-2123.

'Arsenic' Set At Lyman

The popular play "Arsenic and Old Lace" will be presented by the Lyman High School Theatre Department on April 23, 24 and 25 in the Lyman auditorium. Curtain time is at 8 p.m.

The play centers around two old ladies with an eccentricity for killing people.

The cast includes Paula Pell, Matt Wallace, Randy Pinkley, Erika Engstrom, Maggie Kelly, Lisa Welcher, Mike Lugerling, Wayne Gey, Chris Calhoun, Paul Peterzell, Tracy Wethington, Tim Farina, Joe Tlavnia, and Gary Hellender.

The director is Linda Swartz and the assistant director is Melanie Moody.

Tickets may be purchased for \$2 in advance or at the door.

Sign Language Offered

The Office of Community Services at Seminole Community College will offer "Beginning Sign Language" starting April 28. Class will meet from 7 to 9 p.m. for 12 consecutive Tuesday evenings in Building No. 43 on the Adult Education campus.

Beginning Sign Language will be taught by Joanne Hyatt who has a deaf child. The class will be basically for the hearing who wish to communicate with the deaf. However, the deaf will be welcome.

The \$6.00 registration fee may be paid in the registrar's office located in the administration building at SCC.

For information, call SCC.

Calling Social Workers

Social workers who graduated from Florida State University are holding a meeting at the Shoals Clubhouse in Winter Park, May 1, at 7:30 p.m.

Lucy Hadl, district administrator with the State Health and Rehabilitative Services, will speak.

Nancy Beckel, who is handling arrangements, said plans are underway to form an FSU School of Social Work alumni chapter in this area. For information, call her at 894-3694.

'Beans' For Young Audiences

The Council of Arts and Sciences is bringing the Sheffield Ensemble Theater to Valencia Community College, East Campus Performing Arts Center Wednesday. There will be two performances of "Beans," another in the Council's Theater for Young Audiences Series, at 9:30 and 11:30 a.m. "Beans," recommended for grades 4, 5, 6, is a musical comedy that tells about the creation of "human beans" from the beginning of time. It is a fun history lesson about how man learned to communicate.

Since "Beans" covers a wide spectrum of time, so does all the music. A wide variety of styles and types of music is included, from classical to rock and roll.

Teachers wishing to make reservations for their classes or anyone wanting more information about "Beans" should call Erin Miner at THE-ARTS (843-2787).

Space Shuttle Exhibit

America's space shuttle program is being highlighted in an exhibit prepared by Rockwell International in the University of Central Florida library until April 30.

The UCF display includes space shuttle models, samples of Orbiter thermal protection system components (the well-known tiles), and articles and photographs describing the shuttle vehicle, the astronaut crew, and the planned first mission.

Hours of the exhibit are 8 a.m. to 11 p.m. Monday through Thursday, 8 a.m. to 6 p.m. Friday, 10 a.m. to 5 p.m. Saturday, and 2 p.m. to 11 p.m. Sunday.

For information, contact Cheryl Mahan, associate librarian, 275-2523.

Stop Smoking In Five Days

Florida Hospital's Health Education Department will offer a Five-Day Plan to Stop Smoking Class, at Florida Hospital.

During the five sessions, physicians and other health professionals will discuss smoking and the life habits which make it hard to quit, how to control weight when you quit smoking and what smoking does to your health.

A support group will also be developed so class participants can encourage each other to stay on their program during and after the course.

There is a \$20 fee for the course.

Spanish Class To Start

The office of Community Services at Seminole Community College will offer an eight-week class in "Practical Spanish I" beginning on April 27. Class will meet from 7 to 10 p.m. each Monday evening.

The cost of the course is \$12.00. Registration may be completed in the registrar's office at SCC.

DEAR MR. PRESIDENT: I'm Sorry You Got Shot

Concern.

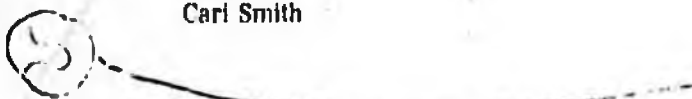

That's how Elaine O'Neal of the Enrichment Program, Idyllwild Elementary School, Sanford, described her third grade students' feelings when they learned President Reagan had been shot.

The class sent the President cards with the following messages they wrote:

Dear President Reagan,

I'm sorry you got shot. Get well soon. I will give you this shiny penny for good luck next time!

Love,
Carl Smith

Dear Mr. Reagan,

I am sorry that you got shot. It really made me feel like crying when you got shot. It gives me the creeps when people die on Monday.

Love, Gail Grice

Happy
Easter

Dear President Ronald Reagan,
I made up a poem just for you!!!!!!

Poem

The people who shot you,
must of came from a zoo!
When they shot it must have
been a blair
I hope they put em in the
electric chair!

I
Love
you!!!
Love,

Shannan Stewart

Dear President Reagan,
I am sorry about what happened on Monday. So to show
how sorry I am, I will write you a poem and here it is:

Roses are red
Vilots are blue
Sugar is sweet
And I like you.

Sincerely

Kenny Bare

P.S. Get well soon!!!!

Dear President Reagan,
I hope you get well soon. I was really surprised when I
heard you were shot. I think you are a great president. I
don't know why any one would like to shoot such a great
president. I made up a song:

Our President's first name is R-O-N-A-L-D. Our
president's last name is R-E-A-G-A-N. Oh I love to see him
every day. If you ask me why I'll say cause Ronald
Reagan has a way of fixing up the U.S.A.!!

Love,
Christy Edwards

Dear Mr. Reagan,
I hope you get well. And I hope that Jim Brady and the
two other men get well.

Love,
Tom Colbert

Get Well

Dear Ronald Regan,

I'm sorry you got shot. You were only a few inches away
from dieling. Its really scary when the head of your
country is shot. I almost stayed up all night. I hope you get
better real soon.

With consideration
Klanga Ford

Dear President Reagan,

I'm sorry you got shot. I'm glad you're o.k. I'm glad you
got elected. I was afraid you wouldn't.

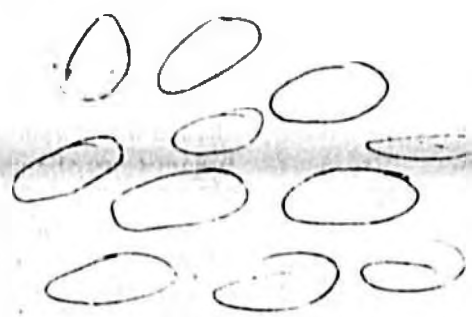

Now a poem.

Roses are red,
Violets are blue,
I'm sorry you got
Shot and God bless you.

Your friend always,
Katrina Parish

P.S. I hope Jim Brady will turn out okay.

New Beginnings

Church To Observe Very First Easter

Dr. Archie Williams, left, of Gorman Memorial greets the Sanford pastor, Bro. Elijah Richardson, on the church lot as the two make preparations for the building's Easter debut.

By SYBIL MITCHELL GANDY

Herald Staff Writer

Easter has come and the brilliantly radiant colors of spring rekindle the spirit of new beginnings during this reflective season in the Christian heritage.

Aside from stuffed rabbits, woven baskets and colored eggs in Easter hunts, the day calls back a victorious Resurrection whereby man and God were reconciled.

Indeed, an air of rebirth and exuberance abides, transcending the traditional symbols of Easter. Surely men, the world over, both great and small, have stopped to acknowledge the risen Christ.

And especially for Sanford El Bethel Church of the Nazarene, a joy and hope in

— Elijah Richardson

first-time-overs and new beginnings characterize its excitement today!

For the neatly trimmed, white-washed church at the corner of Third and Poplar hails this day as their very first Easter.

And memories of expectant children in colorful attire will linger for a long time to come for Pastor and Mrs. Elijah Richardson who conduct the ministry.

Borne from the Gorman Memorial Church of the Nazarene in Orlando, Sanford El Bethel was conceived several months ago when the corner lot property was secured by Dr. Archie Williams and the Orlando congregation.

And from an almost-forgotten frame of a building, the Sanford El Bethel ministry has created new life in its surrounding community with prayer outreach that seeks to address the practical needs of what Bro. Richardson calls the total man.

"Spreading the gospel of Jesus Christ and

preaching new birth in the Holy Spirit involves more than just holding services on Sunday morning. To meet the needs of everyday living is to show men that the Lord can provide all things," says Pastor Richardson.

"That's how God manifests His presence... through the works of his people...those who have embraced the grace of salvation through faith," he added.

Assuming leadership of the Sanford El Bethel ministry during the latter months of 1980, Bro. and Sis. Richardson worked at Gorman Memorial in its plans to build a total-ministry complex on five and one-half acres of land at Vineland Road and Prince Hall Boulevard in Orlando.

According to Dr. Williams, El Bethel is a vision that has come about because of the "the burden for saving souls" throughout the Central Florida area.

"We foresee a return to Christianity for so many in the next several years. The El Bethel complex will minister not only to the spiritual needs of people, but we want to be sensitive to practical necessities that are often lacking...food, clothes...areas of social services," remarked Dr. Williams.

"Sanford El Bethel is a part of our total-need concept. We plan to revitalize the spirit of evangelism and Christian fellowship through the planting of ministries throughout the Central Florida area," Dr. Williams explained.

And today, the Sanford Church will wear the colors and symbols inherent in the traditional Easter experience. A pastel array of spring fashions will grace the pews. And freshly bloomed Easter lilies will line the pulpit, representing the day's purity and light.

What does this very first Easter mean to Pastor Richardson? And what does he want people to remember most about this day at Sanford El Bethel?

"I want people to remember how Sanford El Bethel Church was surrounded by newly planted greenery on Easter, marking the spirit of celebration of new life that we're experiencing," Richardson remarked.

"But...it's the green. That's the color that nature is wearing for Easter. And it glorifies the Crucifixion, the Resurrection, and the hope in eternal life."

Engagements

The wedding will be an event of May 23, at 3 p.m., at the First United Methodist Church, Deltona.

New Leisure Classes Begin This Month

The Leisure Time Program of Seminole Community College will start new classes during the week of April 27, according to Faye Brake, coordinator. The classes are self-supporting at no expense to the taxpayer.

The classes are as follows:

AEROBIC DANCE-EXERCISE—(morning, noon and evening classes) A physical fitness course involving vigorous exercise to music. Different routines are taught with the emphasis on dancing for movement and exercise.

SLIM 'N TRIM—(morning, afternoon and evening classes)—Designed to increase flexibility, endurance, energy, to release tension, to become more aware of proper diet, to lose inches, and to develop proper posture and breathing habits.

OIL PAINTING—(morning class)—A series of lessons which will teach the beginner step-by-step approaches to oil painting. The advanced students will learn various oil techniques.

BECOME INTIMATE WITH YOUR CAR—(evening class)—Basic instruction in the care and maintenance of your car. The students will have some "hands-on" experience.

MODERN DANCE—(afternoon and evening classes)—Instruction in fundamental modern dance techniques. Emphasis is placed on developing skills in expressing elements of rhythm, design and movement.

BALLET—(evening class)—Students will learn to carry themselves with correct posture, develop their physical fitness, stamina, control, flexibility and coordination through classical ballet techniques.

CONDITIONING—(evening class)—Modern day conditioning using the Nautilus equipment. Jogging and callisthenics are also a part of the program.

FITNESS AND FIGURE CONTROL—(evening class)—Instruction in ways of improving fitness and appearance through diet and exercise. Each student participates in endurance activities, flexibility exercises and muscle strengthening activities.

MRS. KEITH DONALD HARVEY

Easter Eve Wedding

Miss Eveland Bride Of Keith D. Harvey

On Easter Eve, Christine Della Eveland became the bride of Keith Donald Harvey.

The couple exchanged the vows of Holy Matrimony at 3 p.m. at the Lutheran Memorial Lutheran Church, Hollywood. Pastor Clyde Bedenbaugh performed the double ring ceremony which included lighting the candle of life.

The bride is the daughter of Mr. and Mrs. William P. Eveland, 814 Wolf Trail, Casselberry. The bridegroom is the son of Mr. and Mrs. Donald K. Harvey, 7410 W. Miramar Blvd., Hollywood.

Miss Rose Marie Meadows attended the bride as maid of honor. She wore a dusty pink Qiana knit gown and carried two wine-colored roses showered with baby's breath and wine streamers.

Bridesmaids were Mrs. Teresa Eveland, Miss Lori Harvey and Miss Jennifer Harvey. Their gowns were identical to the honor attendant's and they carried a single dusty pink rose with baby's breath and wine streamers.

Given in marriage by her father, the bride chose for her vow a formal peau de sole gown fashioned along the Victorian silhouette. Wide Chantilly lace ruffles lavishly trimmed the yoke and long tapered sleeves of sheer illusion. Her headpiece was a straw derby hat adorned with a white rose and Chantilly lace

trim. She carried a single white rose against a Chantilly lace and baby's breath background arranged on a white Bible.

Jeffery Harvey served the bridegroom as best man. Ushers were Gene Bond, Roger Sinck and Clark Sinck.

Flower girl was Brandi M. Eveland. William T. Eveland was ringbearer.

The reception was held at Valles, Hallandale Beach Boulevard, Hallandale.

Following a wedding trip to Walt Disney World, Orlando, the newly weds will make their home at Hollywood where the bride is employed at Memorial Hospital and the bridegroom is employed by Clay's Automation, Inc.

Getting Married?

Engagement and wedding forms are available at the Herald office to announce these events. The forms may be accompanied by professional black and white photographs if a picture is desired with the announcement. Wedding forms and pictures must be submitted within two weeks of the wedding.

Charming Friend Will Not Shake Hands

DEAR ABBY: I've been married for five months and I'm just about all in. I think my husband is trying to set a record. You never saw a guy with so much pep!

I said to him last night, "I do believe you married me just to have somebody to sleep with regularly." He said, "Sure, dummy. What else would a man get married for?"

I took it as a put-down. He said it was a compliment. What would you call it?

LUCILLE

DEAR LUCILLE: Stupidity.

DEAR ABBY: I recently met a man who is charming, attractive, intelligent and holds a responsible position at a bank. We've dated several times and relate to each other very well, but he has one strange idiosyncrasy that bothers me. He will not shake hands with anyone. It's very awkward when someone extends a hand to greet him and he keeps his arms folded. He compensates with an enthusiastic greeting and a very warm smile, but he will not shake hands!

He has held my hand (in a movie) and doesn't seem afraid to touch me, but his refusal to shake hands with people puzzles me. Is there something seriously wrong with him? I am very much interested in this man, and he seems equally interested in me.

CONCERNED IN SYRACUSE

DEAR CONCERNED: The man is clearly a misogynist—one who has an abnormal fear of contamination. He needs to shake hands with a competent therapist.

DEAR ABBY: My fiancé and I are to be married soon, but we have one large problem. Religion!

I love my church and my religion. He never goes to his church and doesn't really care about it. When we get married, he wants me to change religions because he doesn't like what mine is. He says he will give up his religion for any other if I will also give up mine. Abby, for him to give up his religion is nothing big, but for me to give up mine would be like giving up a very important part of my life.

I told him, "No, I will not change, and I am not asking you to." I don't care if he stays what he is, but I want to stay what I am.

I truly love this man, Abby. Do you think I am right in saying no?

ALMOST MARRIED

DEAR ALMOST: Yes. Unless you want to be married to a man who is selfish, unfair and insensitive to your spiritual

Homemakers Gather For 11th Achievement Day

Every spring for the past 11 years, the Seminole County Extension Homemakers' Council sets aside a time for Achievement Day. And this year was no different.

But something was different this year. The festivities were held in the new auditorium of the Seminole County Agricultural Center.

Theme for the annual event was "Our Spring Bouquet" when members from the various clubs gathered for awards and a colorful fashion show. Jenny Brown was chairman of Achievement Day. Olive Babbitt, president of SCEHC, introduced special guests.

Fred Roberts, Seminole County 4-H Program Assistant, introduced the 4-H Share-The-Fun winners who performed. Others performing were Sharon Anderson of the Lake Orienta 4-H Club who did a tap dance, and Mark Bartlett of the Teen 4-H Club who did an "Elvis" imitation.

The Club of the Year Award went to the Lake Mary Club and the presentation was made by Frank Jasa, Seminole County Extension Director.

The Spring Bouquet of Fashion drew favorable comments. Members modeled the styles they created. Barbara Hughes, Extension Agent-Home Economics, was the fashion show commentator.

Olive Babbitt presented blue ribbons to Margaret St. John, Mary Christie, Eunice Woody, Edie Winchell, Anna Cohn and Eileen B. Stana for the lovely garments they made.

Others modeling their modes were Sarah Bennett, Debbie McKeon, Rae Artman, Audria Short, Myrna Long, Tammy Taylor, Carolyn Stana, Olive Babbitt and Beverly Dorton.

Judging the fashion show were Phyllis Dale and Joan Long. Longwood Homemakers Club awarded the door prizes.

The Epsilon Sigma Omicron (ESO) Chapter of the Woman's Club of Sanford met for the final time of the season at the Sanora home of Mrs. Meade (Melba) Cooper. Co-hostess was Mrs. Walter (Bill) Gielow and Mrs. V. C. (Lourine) Messenger.

Mrs. Phil (Bunny) Logan gave a book review of "Small Town South" by Sam Byrd. Cathryn Wesley said, "This was the best of some very good programs we've had this year and was enjoyed so very much by the members."

Others attending were Jane Pain, Pat Foster, Kay Hall, Edie George, Charlotte Smith, Estelle Davis, Florence Montforton, Beulah Wells, Mabel Piety, Selma Baker, Esther Penn, Lucille Stone, Corinne Campbell, Carolyn Cornelius, Catherine Harris, Myra Stapleton, Lillian Johndrow and Virginia Burney.

Television Channel 24 was in Sanford Wednesday at the home studio of Ballet Guild of Sanford-Seminole to film segments of the original ballet "Americana" which premiered

in Sanford in March.

According to Valerie Weld, BGS artistic director and choreographer, it took about four hours to complete the taping which will be aired Monday at 3 and 11 p.m. on Postscripts, a talk and interview show.

Other interviewed with Valerie were Miriam Wright, artistic director and choreographer and Mildred M. Caskey, who researched and wrote the exciting dance drama about the Old West.

Segments of "Americana" to be aired by TV Channel 24 are Jinny Lind danced by Holley Anne Kurimal; and the Dream Sequence and Love Sequence danced by Tammy Kaleel, Gina Madden, Richard Jurs and Marty Brister.

DEDICATION CALLS FOR PLAQUE

Anita Williamson, of Williamson's Communication Inc., presents a plaque to Mary Smith for her dedication and support of the Good Samaritan, non-profit CCC facility for the needy. Mrs. Smith is chairman of the Wilson Memorial Statues, a project to pay tribute to the late Mother Ruby Wilson, founder of the home, and her husband Timothy.

Sculptor Speaks To Art Group

The regular monthly meeting of Sanford-Seminole Art Association was held on Monday at the Sanford Chamber of Commerce building with Marie Richter presiding.

Chaplain Ashby Jones gave the opening prayer and read a humorous poem on aging.

It was announced by hospitality chairman Fran Tingle that the annual installation of officers banquet would be held at Holiday Inn I-4 on May 11.

Announcement was also made that the Junior Spring For Art show would be on May 9 in Sanford Plaza.

The Fall For Art committee reports that applications are already coming in for that downtown Sanford event.

The nominating committee recommended the following slate of officers for election: president, Eddie Senkarik; first vice-president, Vikki Lilavios; second vice-president, Jeanette Pollicastro; parliamentarian-chaplain, Ashby Jones; secretary, Trude Nopper; treasurer, Jean Winters. The slate of officers was elected by acclamation.

Daniel De Mendoza, a member of SSAA and nationally known wildfowl wood sculptor showed the group some of his finely carved pieces of art including one to be entered in national competition in Salisbury, Md. He answered questions and explained some of the techniques in the execution of these exquisite miniatures.

Fran Tingle and her hospitality committee served refreshments to members and guests.

Cheerleaders Needed For Pro Ball Team

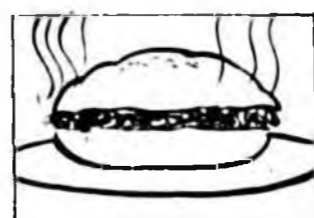

Tryouts will be held at 10 a.m., Saturday, April 25, at the Tangerine Bowl in Orlando for the cheerleading squad of the Orlando Americans Pro Football Team for young women 18 and over.

Each applicant should be prepared to present a short routine with cheers of her own. Final selection will take place at 3 p.m. at Rosie O'Grady's at Church Street Station before a panel of judges.

The squad will cheer at seven home games and some of the five games on the road.

For further information interested cheerleaders may call 422-1206 or applications may be picked up at the office at 1403 W. Church St. or at Rosie O'Grady's.

A contest is also underway to choose the name for the cheerleaders, who will not receive any salary.

Hamburgers may cook faster if you poke a hole in the centers when shaping.

WIN AT BRIDGE

By Oswald Jacoby and Alan Sontag

The only important play to learn when you miss the 10 is with A K Q 8 x opposite J x x. Here you must remember to play the jack first.

If the suit breaks 5-0 against you, the jack play allows you to finesse twice against the 10 9 if the man to your right has them. Playing one of the grouped honors first destroys this possibility.

Similarly with K Q 9 x x opposite A x x x, you cash the ace first to guard against a 4-0 break with the jack-10 in front of the king-queen.

The most important play when you miss the jack, but hold the 10, is to recognize the different correct plays with these similar combinations.

1) You A K 10 9 x, Dummy Q x 2) You A K 10 x, Dummy Q x 3) You A K 9 x x, Dummy Q 10 4) You A K x x, Dummy Q 10.

With No. 1 you simply play off the top honors. You have a 54 percent chance for all the tricks and are sure of four.

With No. 2 you do the same

if you want five. But if you want the best play for four, finesse the 10 on the second round to guard against J 9 x x in front of you.

With No. 3 you can be certain of four tricks if you cash the queen and finesse next, but your best play for five is still to play off the top honors.

With No. 4 your best play is to take an immediate finesse of the 10. This gives you a 42 percent chance for five tricks since it wins against J x x x, J x x or J x to your left. The play of the top honors only gets you five tricks against a 3-3 break which is a 35 1/2 percent chance only.

You should note the difference between Nos. 2 and 4. In each case your total card holding is the same. In No. 2 you play out your high honors because you bring home the suit against all 3-3 breaks and against J x in either hand for about a 52 percent winning chance. With the fourth hand, if you play your top honors you lose to all 4-2 breaks because you are totally wasting dummy's 10 spot.

HOROSCOPE

By BERNICE BEDE OBLON
For Sunday, April 19, 1981

YOUR BIRTHDAY
April 19, 1981
There will be some large changes in your mode of living this coming year, not all of which you will initiate yourself. They will turn out well regardless of how they originate.

ARIES (March 21-April 19)
Try to make this a day free from any type of business or commercial involvements. Relax and enjoy yourself without worrying about materiality. Romance, travel, luck, resources, possible pitfalls and career for the coming months are all discussed in your Astro-Graph which begins with your birthday. Mail \$1 for each to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

TAURUS (April 20-May 20)
You may have to associate today with someone who is a bit difficult to get along with. However, your affable personality will smooth out the bumps.

GEMINI (May 21-June 20)
Be sensible about partaking of the good things of life today. Overindulgence could cause you to pay a penalty later on.

CANCER (June 21-July 22)
Someone who is very fond of you won't appreciate it today if you give too much time and attention to another. Make him or her feel important, too.

LEO (July 23-Aug. 22)
Persons you're involved with outside of your home today will find you enjoyable to be with. If a poll were taken of the family, however, it could be a different story.

VIRGO (Aug. 23-Sept. 22)
You could be extremely susceptible to flattery today. Someone who is aware of this may use flowery phrases to twist you around his or her finger.

LIBRA (Sept. 23-Oct. 23)
Sales resistance isn't one of your strong suits today, so avoid high-powered salesmen who may talk you into buying something you don't need.

SCORPIO (Oct. 24-Nov. 22)
Give others the benefit of the doubt today. There's a possibility you could misjudge their intentions. Jumping to conclusions may later require an apology.

SAGITTARIUS (Nov. 23-Dec. 21)
I hope you don't have any important responsibilities to contend with today because there is a chance you'll find more reasons to postpone, rather than perform, them.

CAPRICORN (Dec. 22-Jan. 19)
Persons who lack good taste or the social graces aren't the types of chums for you to pal around with today. Poor manners will offend you.

AQUARIUS (Jan. 20-Feb. 19)
Just be yourself today. Others appreciate you for what you are. Any form of affection serves to take the luster from your image.

PISCES (Feb. 20-March 20)
Unfortunately, not everyone today will have your cheerful attitude and outlook. Don't let negative thinkers cast shadows on your happy thoughts.

For Monday, April 20, 1981

YOUR BIRTHDAY
April 20, 1981
Your possibility for success in your chosen field is very good this coming year, provided you don't assume responsibilities you're not yet ready to handle. Grow into your job.

TAURUS (April 20-May 20)
Problems in one-to-one relationships are possible today because you and the other party may not feel each is doing a proper share. Find out more of what lies ahead for you in the year following your birthday by sending for your copy of Astro-Graph. Mail \$1 for each to Astro-Graph, Mail \$1 for each to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

GEMINI (May 21-June 20)
Strive to enjoy your work today, but not to the point where you fall take your responsibilities seriously, especially if others are depending on you.

CANCER (June 21-July 22)
Someone you once weren't too helpful to may try to put roadblocks in your path today. Seek a truce rather than continuing to treat one another this way.

LEO (July 23-Aug. 22)
Unless you plan your schedule properly today, your possibilities for completing that which you hope to accomplish will be greatly reduced.

VIRGO (Aug. 23-Sept. 22)
Normally you have a pretty good head for business figures, but today your computations may not be up to par. Double-check your numbers.

LIBRA (Sept. 23-Oct. 23)
It's important at this time that you make every effort to keep your budget in balance. Try to clear up old obligations before assuming new ones.

SCORPIO (Oct. 24-Nov. 22)
Important agreements should not be entered into hastily today, both for your sake as well as for the other party involved. Study proposals thoroughly.

SAGITTARIUS (Nov. 23-Dec. 21)
Don't take gambles on things today which could jeopardize your work or career if they fail. Lady Luck isn't too supportive of you in these areas.

CAPRICORN (Dec. 22-Jan. 19)
You could be disappointed today if you rely too heavily on persons known socially to help you in business situations. They may resent being put on the spot.

AQUARIUS (Jan. 20-Feb. 19)
In trying to satisfy your ambitions today you must be careful not to use methods associates may disapprove of. You could lose more than you gain.

PISCES (Feb. 20-March 20)
Advice from persons not too sharp at handling their own business or financial affairs could do you more harm than good today. Be careful.

ARIES (March 21-April 19)
Don't become involved in any types of financial dealings today with persons or firms about whom you're dubious. Complete trust is a necessary prerequisite.

BUSINESS

IN BRIEF

Local Realtors Confer With State Legislators

The Legislative Committee Chairman of the Seminole County Board of Realtors Jim Lormann has chartered a bus to take a group of area Realtors to Tallahassee for the annual Florida Association of Realtors Legislation Day Tuesday.

The bus will leave the new board office on Shepard Road, Winter Springs at 7 a.m. and return late that evening.

The Realtors will meet with their legislators, and the governor to express their opinion of the needs and concerns of the Real Estate industry. There will be a brown bag lunch in the park followed by a Realtor Rally on the Capitol steps from 2-4 p.m. A Legislative Roundup barbecue will be held at the fairgrounds at 5 p.m. with speakers, music and entertainment, Lormann said.

Real Estate Institute

UCF — The Real Estate Institute has scheduled a variety of courses to start in May, including one in mortgage banking and another in appraising principles. Two will be held at Winter Park high school.

There will be two offerings of the Real Estate I (salesperson) course. The first begins May 4 for seven weeks, with classes Tuesday and Thursday evenings from 6 to 9:30 at the main UCF campus. A two-week section starts May 19 at the UCF South Orlando campus in Orlando Central Park, with classes from 6 to 10 p.m. Tuesday and Thursday and 9 a.m. to 5 p.m. Saturday and Sunday. Tuition is \$90 and includes books.

The Real Estate Review course is offered May 8-10 at the main campus. Classes will meet 6 to 10 p.m. on Friday, and 9 a.m. to 5 p.m. Saturday and Sunday. Tuition is \$30 with materials.

There will be a 2-week Real Estate II (broker) course starting May 26. Classes will meet 6 to 10 p.m. Tuesday and Thursday and 9 a.m. to 5 p.m. Saturday and Sunday on the main campus. The \$120 tuition includes all texts.

The AIREA appraising principles course starts May 20 and will meet each Monday and Wednesday evening from 6:30 to 9:30 through June 24 at Winter Park high school. The cost of tuition and books is \$180.

A month-long mortgage banking course — May 12 to June 11 — also will be held at Winter Park high school. Classes will meet Tuesday and Thursday from 6:30 to 9:30 p.m. Tuition, which includes all course materials, is \$90.

Further information on any courses offered may be obtained by contacting the UCF Real Estate Institute at 275-2126.

ComBank Promotions

WINTER PARK — John Grey Squires, president of ComBank-Seminole County, has announced the following branch office promotions. Charlie W. Brinkley Jr., formerly manager of the Springs Plaza office has been appointed manager of the Butler Plaza office, which is presently under construction on Howell Branch Road. Gladys Entekin will serve as assistant branch manager and branch officer at Butler Plaza.

Patti Chandler, formerly assistant branch manager of the Altamonte Mall office, will be replacing Brinkley as branch manager of the Springs Plaza office. And, Norma Davis has been named assistant branch manager and branch officer of the Altamonte Mall office.

Kathie M. Ragan has been appointed manager of the new Lake Mary office, which is presently being constructed on Lake Mary Boulevard. Karen Crowley will be serving as assistant branch manager and branch officer at Lake Mary.

Both the Butler Plaza and the Lake Mary offices are scheduled to be open in June of this year.

Apopka Festival

The 20th Annual Apopka Art and Foliage Festival will be held April 25 and 26 in the Apopka City Park. Known as the Indoor Foliage Capital of the World, Apopka will have more than \$25,000 of foliage and landscape plants on sale at the festival. The event is sponsored by the Apopka Woman's Club. A bus will leave hourly for tours of Nelson's Roses and Hermann Engelmann Greenhouses. Festival hours are Saturday from 9 a.m. to 6 p.m. and Sunday from 10 a.m. to 6 p.m. Cash prizes will be awarded Sunday at 1 p.m. to artists in categories of painting, graphics and design, photograph, sculpture and crafts. There will also be food and entertainment with a western flair.

Realtors Have 'Pet Project'

Seminole County Board of Realtors adopted as its "Pet Project" for 1981 helping the Seminole County Humane Society find a new home.

The Humane Society animal shelter is located on property owned by the Sanford Airport Authority, which has given notice the society and animals will have to move. Sometime later this year the property will be needed as the site for the new airport freight terminal.

Since the society is a non-profit voluntary group of dedicated persons, it does not have the money to just go out and purchase a piece of land for a new location. They are looking for a convenient spot somewhere centrally located with about 10 acres of land. "The Longwood area would be just perfect," according to Humane Society President Joanne Prager.

The Board of Realtors Public Relations Committee chaired by Homer Sewell III are heading up the board's efforts to raise money for the Humane Society's building fund by selling 30,000 five ounce chocolate candy bars. They are also endeavoring to

Townhouse Project Opened In Sanford

Robert E. McKee, of McKee Development Co., builder and developer of The Oaks development, has announced the opening of model townhouses at his new \$4.5 million project now under construction on Ridgewood Avenue in Sanford.

Known as The Terrace, the development will consist of 80 townhouse units when completed in 12-18 months. There will be four separately-owned units in each building with common maintenance of storage and landscape area.

The attractive townhouses have exteriors of brick on the lower floor and cedar shingle mansard on the upper floor. They were designed by the Evans Group of Orlando.

Each unit has 1,500 square-feet of living area

and a fenced private patio. The two-bedroom, two-and-a-half-bathroom energy efficient units will sell for \$55,000 each.

They have been certified under the Florida Power and Light Watt-Wise program and received 203 points on its energy saving features (only 100 are required for certification), McKee said.

Some of the special features include wood burning fireplaces, kitchens fully equipped with General Electric Appliances including refrigerator, dishwasher, range, garbage disposal and a built-in microwave oven, wall-to-wall carpeting, tinted glass and sungarden window in kitchen.

Realtors Observe Private Property Week

The Seminole Board of County Commissioners has proclaimed the week of April 19-25 as Private Property Week in the county to reaffirm the right to own real property and the duty to preserve the land and the inalienable right to enjoy the land as part of heritage of freedom.

The Seminole County Board of Realtors, which has its headquarters at 1500 Shepard Road, Winter Springs, is joining boards of Realtors throughout the nation in celebrating Private Property Week on the theme "Your Private Property Rights... Know and Protect Them."

They are inviting all Americans to share in the

celebration of the historic right to own private property, which includes homes, farms, land, commercial and industrial buildings. The Realtors believe that the public must be more aware of the need to protect ownership rights.

Robert W. Caldwell is president of the Seminole County Board of Realtors for 1981. President of the CNA Realty, Inc. of Forest City, Caldwell joined the board in 1973.

He has served the board in several capacities and also served on three committees on a state level. He was named as Realtor of the Year in 1978.

Dick Dapore is first vice president and served as treasurer in 1980. Owner and president of the HD Realty of Longwood, he has helped teach orientation sessions for new Realtor Associates since 1978, was named Realtor of the Year in 1979.

Walt Newbrander is second vice president and portfolio officer for the Professional Standards and Grievance Committee. Vice president and chairman of the board of CNA Realty Inc., Forest City, he joined the Seminole County Board seven years ago.

Reagan Enlists Ford

WASHINGTON (UPI) — President Reagan is stepping up a campaign to promote his economic recovery program, enlisting former President Gerald Ford and others to tout his plan around the country, a spokesman said today.

Reagan arranged to telephone Ford today "to discuss his economic program," said acting press secretary Larry Speakes. Ford was in Texas on a speaking tour.

Speakes also said Cabinet members speaking outside of Washington are being asked to focus on the economic package of spending and tax cuts.

Reagan, he said, will make more calls to key congressmen today, and Tuesday he will confer with eight governors, most from the South, as part of his campaign. Wednesday Vice President Bush will talk to 180 county officials about the program.

There were indications the new blitz may be an effort to compensate for the sidelining of Reagan, considered his own best salesman, as a result of the attempt on his life March 30. But Speakes insisted the administration is confident it has the votes to win passage of the package.

"We don't anticipate compromising on the budget or tax bill," he added.

The costs of promoting Reagan's package will be picked up by the Republican National Committee, which also has a lobbying effort under way, Speakes said. "The White House is well aware of the laws governing lobbying by the White House. They are picking up the full tab for travel."

Reagan, recuperating from a bullet wound in the left lung, was "feeling well" and had no outside appointments today, he said. Reagan met with his three top aides in the morning and was to meet with them again later in the day in an expansion of his daily routine.

Speakes said he did not expect Reagan to work in the Oval Office this week, however.

JACK AND THE COLLARD STALK

The story of Jack McCormick of 1206 Sunniland Ave., Altamonte Springs, and his 10-foot, 2-inch tall collard plant bear a resemblance to another Jack of fairy tale fame known for his green thumb. Now 2 3/4 inches in diameter, the collard plant was set out in McCormick's back yard two years ago and left to go to seed. "It just kept growing that first year and just went to seed this year," said McCormick, who needs a step ladder to harvest his crop.

Secretaries Week Begins

Official Points To Unequal Pay

WASHINGTON (UPI) — A union official used this week's observance of National Secretaries Week to urge equality in pay for women who still receive only 59 cents to every dollar earned by working men.

American Federation of State, County and Municipal Employees President Jerry Wurf, whose million-member union includes about 200,000 secretaries and clerical workers, said secretaries operate complicated equipment, file documents, type and take shorthand, "often under substandard working conditions and for unequal pay."

"For every dollar a male employee makes, working women earn just 59 cents — and that's wrong," said Wurf.

"When the flowers wilt and the candy boxes are empty, those secretaries, all too often, will be stuck in dead-end, low-paying jobs," said Electrical Workers union official Gloria Johnson.

"Almost every secretary has her share of horror stories, whether it's listing the demeaning tasks she performs for her boss or responding to telephone callers and office visitors who treat her as a non-person," said Ms. Johnson.

Several union-based organizations used the observance to draw attention to problems of white-collar working women.

The Service Employee Union and Working Women, which launched a joint effort March 3 to unionize 20 million

office workers — mostly women — into a newly created District 925 (as in the popular song from the movie "9 to 5"), said several hundred inquiries had been received. Seven formal organizing drives have begun, involving more than 6,000 workers.

The union said the inquiries included those from corporate offices of Avis, Xerox, International Telephone and Telegraph Co., General Electric and Burger King.

The ad hoc coalition emphasized that women office workers are not "just secretaries" but people with job aspirations and with the need for better pay, job security, training and retirement benefits.

Best Showing In 3 Years

Economy's Strength Surprises Analysts

WASHINGTON (UPI) — In a surprisingly strong performance, the American economy grew more in the first three months of 1981 than it has in any other quarter in almost three years, the Commerce Department reported today.

The market value of the nation's goods and services — the gross national product, adjusted for inflation — grew 6.5 percent in the January-March quarter. That is the best showing since a 9 percent growth in the second quarter of 1978.

At the White House, Murray

Weidenbaum, chairman of the Council of Economic Advisers, called the figure "a nice start" to the year. But he warned, "The near term outlook suggests that we will not be able to duplicate the first quarter's performance."

The latest figures are the high point so far for an economy which quickly rebuilt after last year's recession, an economy that saw output fall 9.6 percent in the second quarter of 1980.

The third quarter produced a 1 percent growth of last year and the fourth quarter 3.8 percent. Economists

generally assume a 4 percent growth to be the "break-even" point, the point above which unemployment shrinks and below which it expands.

In actual dollars, compensated for recurring seasonal patterns and at an annual rate, the GNP amounted to \$2,826.8 billion in the first quarter of 1981.

It was a powerful start for an economy many experts had once expected to suffer from a second dip into negative growth in early 1981. Forecasters lately revised their thinking.

Recalling An Italian Hell: Survivors Of Anzio To Gather

Old men forget, but once each year they get together to eat and drink and tell great thumping lovely lies about their battles.

It was always that way: The men at Salamis or the ones at Shiloh used to twist ears and wheeze out memories, and some of them were true. They are stories good men teach their sons.

So will it be this weekend when 300 or so of the men of Anzio are expected to get together at the Holiday Inn off Interstate 4 in Altamonte Springs and recall an Italian hell.

There will be no ceremonial parades, but there will be some elbow-bending and some fellowship that even strangers can share.

Anzio is a small town of about 18,000 people on the Tyrrhenian coast south of Rome, a nice little spot to have an out-of-the-way European vacation. There, 37 years ago, near the close of World War II, men fought and died, and some have lived to tell about it.

William Bland is one of them. At 58, he is not so gung-ho as when he was blasting the Germans from a tank and receiving a Bronze Star for his gallantry. He is retired now, living at 403 Willow St. in Sanford.

Bland organized the Anzio reunion, first held in Sanford last year, to bring old buddies back together.

"It's not the battle you want to remember," he said, "but the camaraderie."

"Your life depended on your buddies, absolutely."

At the reunion, he said, each person will probably see three or four buddies he wouldn't ever see again if not for the reunion.

Undoubtedly, there will be a lot of stories retold. Every man who was there has a different one.

Bland has his own.

As a platoon leader he commanded five tanks from his own. He remembers they were called "Hot Boxes" because when they were hit by an armor-piercing shell they had a tendency to blow up quickly — with all the gasoline and ammunition inside.

Bland remembers narrowly escaping one such incident — and the buddies who didn't make it.

Those with a taste for figures can compute how more than 47,000 American, Canadian, and British troops were killed, captured or wounded in the fourth-month battle. Those fond of pictures can still dig up old photographs of the 7-by-12-mile battleground which was chewed up and charred by the relentless shelling.

But the plain truth is, one splintered tree is much like another, and broken men look pretty much alike. Pictures don't tell you much. Men do.

"The significance of Anzio," Bland said, "is that it was the largest battle the U.S. was involved in during the war. We won

it and then marched into Rome on June 6, 1944 — the day of the Normandy invasion.

"You know, one day on that beachhead was like weeks anyplace else because there was nowhere to get away from the shelling," he said. "We were backed up to the sea."

Bland will tell you, if you ask him, about the men he saw die.

"I left a lot of good buddies over there," he recalls soberly. These will be remembered well in flowing cups this weekend, and in some guarded allusions, and in a minute when everyone bows his head, a reunion custom.

When all the men, most with their wives, have eaten a good meal and laughed at each other's jokes, they'll think, each one alone, of his old companions.—BRITT SMITH

Richard Goranflo of Altamonte Springs and the Cadillac he claims gets 65 miles per gallon. Is Goranflo's revival of an old high mileage carburetor the coming thing or just a fuelish dream?

New (Old) Carburetor: 100-Miles-Per Gallon?

By BRITT SMITH
Herald Staff Writer

It may be just a fuelish dream, but Richard Goranflo thinks he can milk 100 miles from a gallon of gasoline . . . in a Cadillac. Who knows? He says he is already getting 65 mph in his 1977 Coupe deVille.

Goranflo is no world renowned scientist who has come up with a major energy breakthrough. He is a simple autodetree mechanic — Altamonte Springs' version of Ralph Nader with greasy hands — who is part of a growing movement in this country bent on reinventing the car. An immodest proposal perhaps, but one Goranflo feels is worth trying nonetheless.

His strategy: getting more go from your gas.

Toward that end, Goranflo, a 46-year-old computer systems analyst, has come up with a new kind of carburetor. Well, actually all he has done is take a design that has been around for over a half-century and made a few modifications.

It's called the Nay carburetor, named for its originator, Elmer Nay who devised the high-mileage device back in 1930.

It's really quite simple. Basically, what the Goranflo-Nay carburetor does is spray gasoline through a heated chamber, thus turning the fuel to vapor. The vaporized gas is then injected into

the engine and burned.

All this is based on the premise that gasoline vapor, as opposed to liquid, is much more volatile and explodes more readily in the pistons, thereby using less fuel to produce as much power as that developed in an engine equipped with a conventional carburetor system.

Of the fuel pumped into an engine by a stock carburetor, Goranflo says "only about five percent is vapor, but it provides about 90 percent of the energy. The remaining fuel is mist or liquid and provides very little explosive energy, just heat when it catches fire. That's a tremendous waste."

Goranflo would like to take credit for rediscovering Nay's concept, but he can't. He admits to being a disciple of a California group called "New Energy World" whose representatives travel around the country teaching folks how to make their gas-guzzlers sip. Goranflo attended one of the group's seminars back in October and was hooked.

"I came out thinking that this was the greatest thing since right turn on red or the biggest put-on in history," he recalls.

So, he decided to find out. He chose the Nay design as the most practical discussed at the seminar, tinkered with it a bit and came up with a crude-looking gizmo that he claims works. Made of galvanized steel and some copper tubing, the carburetor is about three times the

size of a conventional model and weighs roughly eight pounds.

"I'm no mechanic engineer," Goranflo concedes. "Someone who really knows what they're doing could probably make one smaller."

Sitting atop the engine as is customary, Goranflo's carburetor is wedged up front next to the radiator of his Caddy's big 425-cubic inch engine.

The vaporization chamber is heated by engine coolant, which means that the car's conventional carburetor has had to be retained so it can be used until its high-mileage cousin warms up to the necessary 170 degrees. The chamber could be heated much quicker, Goranflo says, by an electric charge or heat from the exhaust.

All in all, one needs only "some sheet metal, copper fittings, a temperature gauge to tell you when the high-mileage carburetor is hot enough to kick in, a two-way switch to change from one carburetor to the other, and an extra fuel pump," he says.

Goranflo estimates one can build and install one for \$150. Of course, you have to know how to arrange all the parts, knowledge he will impart to you in one of the six-hour seminars he holds periodically around central Florida.

But before you get all excited, you should know that you're going to have to

Queen Sells Wedding Souvenirs

LONDON (UPI) — Even the queen has begun cashing in on the July wedding of her son, Prince Charles.

A gift shop at Sandringham owned by queen Elizabeth opened its 6-month season with 700 people waiting to go inside and choose from 60 royal wedding souvenirs ranging from 22-cent pencils to \$77 goblets.

Proceeds from the shop defray the costs of maintaining the royal estate at Sandringham.
