

Lakeland Pilots Supplant Palatka Azaleas Tonight

Kassabian Quits, Pirtle Sticks; Aleno Is Sought As New Manager

By The Associated Press
Lakeland's debut in the Florida State League for the moment draws the spotlight from a continued close three-way battle for the lead, sparked by three of the winningest pitchers in the circuit and the dumping of Lakeland's defending champion Red Hires into the second division.

Chuck Aleno, Al Pirtle tonight for the Lakeland Pilots' first home game. They are taking over the Palatka franchise just a shade above the cellar and 10 1/2 games away from first place.

Daytona Beach marred Lakeland's debut Wednesday night at Daytona Beach by winning, 9-5. Second-place Cocoa kept pace by beating Orlando, 13-6, and tied third-place Jacksonville Beach by powdering Deland, 17-3.

Leesburg moved into fourth place on a 16 1/2 walkaway over Sanford.

Pitching performances by Joe Angel, Virgil Frazier and Lefty Root Miller helped maintain status quo among the first three teams—Daytona Beach one game ahead of Cocoa and one and a half ahead of Jacksonville Beach.

Angel pitched his 10th victory for Jacksonville Beach and his mates made it easy for him by collecting 10 hits off five Deland pitchers. Red Frazier, who pitched his big home-coming he doubled and tripped out our four runs.

Frazier and Miller tossed their seventh victories for Cocoa and Daytona Beach, respectively. The Cocoa Indians clubbed out 13 hits and got some help from 10 walks and three wild pitches by Orlando pitchers.

Miller needed relief by Ernie Craumer but gave Lakeland only six hits. Daytona Beach pounded John Sullivan out of the box in the sixth after socking 11 hits off his pitcher.

Leesburg shelled Sanford's Paul Smith off the mound in the first inning, scoring six times and driving in four. The Leesburg team with seven runs in the fifth, Rolando Ortega coasted along on a five hitter.

VCKC's Schooling Races Will Begin On Monday Night

DAYTONA BEACH (Special)—Several hundred leanbellied greyhounds are pouring into Daytona Beach this week in preparation for the schooling races which will begin at the Volusia County dog track next Monday night at 8:00 o'clock. Schooling races will continue every night except Sunday, through June 2, by that time each greyhound will have taken the test runs at least twice and will be ready for the track's sixth graying Saturday, June 2.

In addition to greyhounds which will be schooled two hundred more will come to Daytona direct from Biscayne, Sarasota and Orange Park. These dogs will be eligible to compete without schooling since they have been racing at other tracks.

Jerry Collins, general manager of the Volusia County Kennel Club, predicts the biggest season in the track's history and is making elaborate preparations for the comfort and convenience of club patrons.

A major improvement in the installation of the Australian totalizer system, which will greatly facilitate the mutual play. With it in use approximately four minutes will be saved on each race, permitting an half hour earlier closing time. Patrons are advised to make their selections early for the closing bell automatically locks all ticket selling machines.

Other track improvements include an additional five acres of parking space, giving a total capacity of 5,000 cars. Many more benches have been placed on the ramp. Ticket booths at both the main and west gates have been enlarged.

Lakeland's long-awaited return of organized baseball becomes a reality tonight when the Lakeland Pilots—nee Palatka Azaleas—tangle with the Daytona Beach Islanders at 7:15 p.m.

The new Lakeland entry in the Class D Florida State League paraded through town this afternoon at 4 o'clock with a brief ceremony at Ingleby Field.

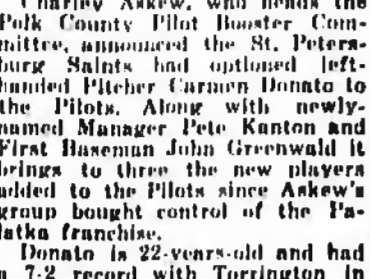

Charlie Askew, who heads the Polk County Pilot Booster Committee, announced the St. Petersburg Saints had optioned left-handed pitcher Carmen Donato to the Pilots. Along with newly-named Manager Pete Kantor and first baseman John Greenwood it brings to three the new players added to the Pilots since Askew's group bought control of the Palatka franchise.

Donato is 22-years-old and had a 7-2 record with Torrington in the defunct Colonial League in 1950. He has been in the service for two years, serving 18 months in Germany. He reported to the club yesterday.

May Not Play
Several of the players on the Pilots have indicated they may not play for the new owners. Final disposition of their cases will be made later this month.

Outfielders Joe Tivello and Mike Kassabian may not play for Lakeland but the balance of the squad is due here tonight. That would leave Al Pirtle at first; Carl Gougeon at second; Joe Dockert, shortstop, and Marlin Miller, third. Robert Arnold will be the new outfielder but Kantor will control center field with Pirtle going to left and Greenwood handling the first base chores. Hobby Roberts is the catcher. Kantor may start Bill Bess, who worked Monday night in a losing effort to Orlando, or use Donato, who is reported ready to go.

Askew's 1953 club's manager, has dropped from organized baseball for business reasons. Efforts to obtain Chuck Aleno were unsuccessful because of price differences.

Westbrook May Quit For Rest of Season

Price Westbrook, rookie Cardinal first baseman who broke his ankle sliding back to second base, brook was told that his break had cut off an artery in his ankle and it would take at least four to six weeks before he could even put any weight on the injured leg.

Unlike Johnny Price Westbrook's fracture of last year, Westbrook will not be able to navigate on his right foot for nearly two months. The specialist advised Westbrook to go home for the remainder of the season and rest his leg through the winter.

Westbrook told the Herald yesterday he was planning to leave Sanford soon for his Albany, Ga. home. "I think I will rest up the remainder of the season and start fresh as a rookie again next year," he said. The lanky first baseman, known to his teammates as "Stretch," was batting .346 when he was injured.

Don Ford Signs Up With Jax Sea Birds

Don Ford, veteran Florida State League catcher who was released as manager of Orlando only two days ago, signed up with the Jacksonville Sea Birds yesterday.

Ford who hit .283 last year for Orlando fills the vacancy of Harmon Young, veteran third sacker who bolted the Birds only three days ago for no "apparent" reason.

Spanish Call to Arms
"Spaniards! Between Spain and the United States of North America hostilities have broken out. The moment has arrived to prove to the world that we possess the spirit to conquer those who, pretending to be loyal friends, take advantage of our misfortune to abuse our hospitality, using means that civilized nations count unworthy and disgraceful."
"The North American people, constituted of all social excrescences, have exhausted our patience and provoked war by their perfidious machinations: their acts of treachery, their outrages against the laws of nations and international conventions."
"Spain, which counts upon the sympathy of all nations will emerge triumphant from this new test, humiliating and blasting the adventurers from those United States that, without cohesion, without history, offer humanity only infamous traditions and ungrateful spectacles in her chambers, in which appear insolence, defamations, cowardice and cynicism."
"American seamen undertake as an enterprise capable of realization the substitution of Protestantism for the Catholic religion, to treat you as tribes refractory to civilization, to take possession of your riches as if they were unacquainted with the rights of property, to kidnap those persons they consider useful to man their ships or to be exploited in agricultural and industrial labor."
You will now allow the faith you profess to be made a mockery or imposed hands to be placed on the Temple of the true God... The aggressors shall not pollute the tombs of your fathers. They shall not gratify lustful passions, at the cost of your wives and daughters' honor, or appropriate property accumulated in provision for your old age.
"Prepare for the struggle, and, united under the glorious Spanish flag, which is covered with laurels, fight with the conviction that victory will crown your efforts, and to the calls of your enemies, oppose the decision of a Christian and a patriot, and cry 'Viva Espana!'"

Pentecost Sunday commemorates the events related in Acts 2, 1:11. When Christ left His Apostles and ascended into heaven, He first commanded them to return to Jerusalem and pray and wait for the Holy Spirit who would come and comfort them and teach them all truth. They obeyed Christ and the results were amazing. Humble fishermen became brave and zealous apostles. Three thousand were moved by them to become the first members of the church. Christ's church was not born of men, but by the overshadowing

of the Holy Spirit. It is strictly the work of God. And men can have only one part in it, that of humble obedience to the Holy Spirit who will comfort us and teach us all.

GENERAL MOTORS LOWEST-PRICED EIGHT!

When it comes to value in a car, look no further than Pontiac—A General Motors Masterpiece!

Here's a brilliant performer with a high-compression eight-cylinder engine full of eager pep for traffic, wonderfully economical on the open road.

Pontiac is a striking beauty! No car is more distinctively styled than a Dual-Stroke Pontiac.

And what a buy it is! For all its size, roominess and 122-inch wheelbase, Pontiac is priced right next to the lowest. It's not only GM's lowest-priced eight, but is also offered with a remarkably economical six at even lower cost.

It all adds up to this: As an eight or as a six, dollar for dollar you can't beat a Pontiac. Come in and see for yourself!

"Spring Fling" In Oviedo Honors Members Of Junior, Senior Groups

OVIEDO (Special)—One look in the City Hall Memorial Building Tuesday evening would have convinced anyone that the spacious hall was decorated lovelier than it had ever been. Mrs. George C. Means, who is well known for her talent in this direction, and Mrs. James Parlin, her co-worker for this occasion, outdid themselves. This memorable occasion happened to be the party hosted by the members of the Oviedo Woman's Club honoring the members of the Junior and Senior classes. It was known as "Spring Fling" and held at the City Hall Memorial Building Tuesday evening at 8 p.m.

Words are inadequate when it comes to describing the decorations. The windows were circled with palm leaves. Pastel shades of crepe paper, fringed, were placed around the ceiling lights, forming chandeliers, from which twisted crepe paper streamers, also in pastel shades, extended in all directions. Balloons, filled with helium, floated near the ceiling, from which hung silver stars—almost glowing the floor.

A fringed pastel cover was used on the piano, centered with a floral vase filled with phlox and flanked on either side with crystal candle holders also bearing pastel colored burning tapers, around the base of each were flowers and fern. Two couples were seated at each table.

The serving table, covered with a pastel cloth, was centered with a miniature maypole, the twisted streamers being tied in the table cloth with silver stars. Large crystal punch bowls, surrounded with fern and phlox and flanked by crystal candle holders and tapers to match the others, graced either end of the long table. Mrs. Max Leinhardt and Mrs. W. H. Martin presided over these.

Mrs. Charles T. Niblack and Mrs. John Courier, Jr. were in charge of the interesting and unique games. Prizes were awarded to Shirley Jones, Nancy Myers, and Walter Duff.

Wallace Kelley received the circled plate prize. Miniature hats and fun makers were given to each guest as a favor.

Both round and square dancing were enjoyed by all, after which the guests enjoyed the floor show consisting of local talent. Shirley Parlin, playing her clarinet, played "My Happiness," after which she and Wallace Kelley rendered several duets. Last, but not least, little Marilyn Parlin, tap danced.

Mrs. John Courier, Jr. accompanied each entertainer at the piano.

Delicious refreshments, consisting of chicken salad, cream cheese sandwiches, potato chips of all kinds, nuts, mints, pickles, olives and homemade chocolate cake were served to the guests by Mrs. Susan.

HOLLYWOOD

By ROB THOMAS

HOLLYWOOD — Jimmy Boyd is a 14-year-old who appears destined to make \$100,000 this summer — out the money doesn't seem to interest him much. He'd rather talk about sports.

When I asked him what he was going to do with all those dollars, he replied: "I don't know. I haven't seen any of them yet."

As a matter of fact, he gets only \$2 a week spending money, his mother says. Most of his salary is put into a fund to be used when he grows up.

Big things are happening to little Jimmy. He is getting ready to start his first movie, a race track story called "Run For the Money."

He'll appear with Bill Williams (Kit Carson to TV addicts) and Jan Porter.

Then he'll hit the road with a 13-week tour of the radio circuit, which will net him a tidy sum. He'll sing some songs and maybe do a little call roping.

All this doesn't seem to faze Jimmy. A freckle-faced lad with an infectious giggle, he seems as much interested in sports and horses as in the bright lights he has been basking under in the past year.

"There's one thing I don't like," he admitted. "I gotta go to a professional school where they don't have much sports at all. When I'm on the road, I get a tutor. I'd rather be in a school where I could play football and basketball. They're my favorites, those and swimming."

He also has his own horse, of which he is muchly proud. He's looking forward to the rodeo tour with great eagerness.

The rise of Jimmy Boyd is one of those amazing things that make show business fascinating. Nobody ever dreamed that a lad in his lower teens could become a celebrity. But he did, thanks to a ditty called "I Saw Mommy Kissing Santa Claus."

Jimmy started twanging his guitar and singing folk songs in his home town of McComb, Miss. When his family moved to Riverside, Calif., he took a few lessons from Mrs. Dorothy Hansen, a music teacher. Soon he was performing on local programs. The big chance in his life started when he auditioned for the Al Jarvis TV show in Hollywood in June, 1931.

He sang "I'm Little But I'm Loud." "Whammo!" Things began happening. He started appearing with Frank Sinatra, Bing Crosby, Tom and Jerry, and then came "Santa Claus."

Teachers Degrees
TALLAHASSEE — Gov. McCarty today signed into law the bill requiring Florida school teachers to have actually earned college degrees instead of equivalents to qualify for higher pay ranks.

The law, effective Oct. 1, primarily affects top rank teachers who will have to show earned masters and doctor of philosophy degrees to obtain rank one and two status.

Teachers now can qualify for rank one with a year or more of graduate work beyond a master's degree and for rank two with a year or more of work beyond a bachelor's degree.

The governor also signed the bill revising the recalculation system for giving counties additional state school funds for abnormal enrollment increases.

It will give all counties which have an increase of more than 5 per cent in enrollment an increase of state money proportionate to the excess of 5 per cent that year.

The present law allows any county with more than 1 per cent an increase proportionate to the total enrollment boost.

School Fund Hurdle
TALLAHASSEE — House and Senate conferees on the general appropriations bill today tussled with the problem of providing an unexpected four million dollar increase for the state school fund but came up with no answer.

The State Department of Education asked the conference committee Thursday with a report that school attendance this year had increased 8.6 per cent instead of the anticipated 6.2 per cent and as a result the state would have to supply from four to seven million more to meet state financial obligations under the minimum foundation program.

The Legislative Reference Bureau today offered the committee an analysis of the attendance increase as it affected state allocations to counties.

The bureau estimated the unexpected increase would require a base minimum of two millions, a maximum of seven millions and a probable four millions to be added to the 130 millions tentatively agreed upon for public schools during the next two years.

The Department of Education suggested that \$1,055,025 be set up in a contingency fund to take care of the additional costs resulting from the surprise increase in enrollment. This would make the

Citrus Tax Bill Hogs

TALLAHASSEE — The Citrus Commission's bill to boost the advertising tax on Florida grapefruit from four cents a box to six is in a moment legislative hog. Today.

The House Committee on Citrus Fruit rejected the Senate approved bill but it is brought on for consideration in the House without a two-thirds vote to override the committee.

The House group first wrote into the bill the Florida Citrus Exchange plan to allow private growers a rebate of one dollar out of the added tax for every two dollars they spend advertising their own brands.

The committee rejected the bill as it had just amended it. The Citrus Commission opposes the exchange rebate plan.

The bill as it passed the Senate was designed to raise about \$700,000 more a year.

The House also rejected its own companion bill of the Senate approved measure.

Turkey Vote Near
TALLAHASSEE — The decisive legislative vote on the issue of building a state-long turnpike is only a few days away.

A House committee approved the proposal after a noisy session Thursday night.

Rep. Cobb of Volusia County, chairman of the House Rules Committee, informed the committee on Public Roads he will recommend to his group that it put the issue up for debate before May 28.

The roads group endorsed the Senate version of the turnpike.

TALLAHASSEE — A bill clipping the wings of the State Improvement Commission passed the House unanimously and went to the Senate today.

It would keep the agency from proceeding on its own with construction of state buildings and funding new roads and bridges as it has been doing for the past few years.

It is at present the subject of investigation by a House committee looking into reports of irregularities in construction of some of the state building projects it started.

Since the commission was set up in 1915, it has borrowed more than 60 million dollars on self-bonding bonds to finance such projects as the Jacksonville Expressway and the new Tampa-Lampa Bay bridge.

N. Y. Manufacturer Leases Building Of Crown Paper Co.

\$250,000 Annual Payroll Is Envisioned

Verbal acceptance of a lease on the Crown Paper Co. building by a New York clothing manufacturer employing 150 persons with an annual payroll of \$250,000 was announced today by Bralley Odham, chairman of the Sanford Industrial Board, on the eve of a "kickoff breakfast" which will launch the drive tomorrow to raise \$75,000 for Sanford Industries, Inc. A lease on the building was recently signed by Crown Paper Co. with Sanford Industries, Inc. with full authority to sub-lease, and this morning Ralph Cowan, president of the corporation, received a telephone call from the New York manufacturer who has a record of 35 years of successful operation, that he would accept the Sanford proposition. Representatives of the New York firm recently visited Sanford, inspected the property, made suggestions for improvements, investigated the potential labor supply, and appeared on a radio program with Mr. Cowan and Mr. Odham with regard to the program of Sanford Industries, Inc. The company workers after they have been divided into geographical sections. Meanwhile Mayor Handall Chase and E. H. Tucker, president of the Florida State Bank, added their endorsement of the industrial movement. And George Williams Jr., secretary and treasurer of Sanford Industries, Inc., explained that it is possible dividends at some future date might be paid on stock of Sanford Industries, but that this is not the primary objective of the campaign. "It's a 'DAY' tomorrow," Mr. Williams declared, "you will be asked to sign a check which will certify the amount of money that (Continued on page three)

John Pierson, Civic Leader, Dies Of Heart Attack

John Pierson, prominent local civic leader, died yesterday of a heart attack in Fort Mellon Park where he had gone to read and sun himself after returning from Orlando where he had served as a local delegate to the American Legion State Convention. Funeral arrangements have not yet been announced pending word from a son, George W. Pierson, a member of the Merchant Marine, who is now in France.

Rosenbergs' Hopes For Life Narrowed By Supreme Court

WASHINGTON—The Supreme Court today refused for the third time to grant a hearing to condemned atom spies Julius and Ethel Rosenberg. This left as their only appeal the electric chair a decision to tell the government any espionage secrets they may still hold. President Eisenhower rejected their clemency pleas last February. But Justice Department sources said Saturday the Rosenbergs have said they might be able to save themselves "singing" in federal prosecutors. The husband and wife team was convicted more than two years ago of wartime conspiracy to transmit atomic secrets to Russia. In addition to rejecting the appeal, the high court directed that the stay of execution granted by the U. S. Circuit Court in New York Feb. 17 be vacated. The stay had been granted to permit filing of the appeal acted on today. The Rosenbergs had been scheduled to die the week of March 9. The Justice Department presumably will ask U. S. District Judge Irving R. Kaufman in New York to fix a new execution time. The Supreme Court's vote on the Rosenbergs' third appeal was 7-2. Justice Black and Douglas favored hearing the case. In other actions today the high tribunal: Decided 5-4 that the New Orleans Times-Picayune Publishing Company did not violate the Sherman Anti-Trust Act by requiring classified and national advertisements to buy space in both its morning and afternoon newspapers. The Justice Department had contended this was a "forced" rate method unfair to the New Orleans firm, a competing afternoon paper. Agreed to say whether organized baseball's "reserve clause" contracts violate the anti-trust laws. The court accepted three appeals including one by George Earl Toolson, a former New York Yankees farm club player who sought damages because he was placed on the ineligible list and has been unable to play professional ball since 1930. The other cases involve Walter J. Kowalski, New York City lawyer who has been denied property of the Brooklyn Dodgers, and Jack Campbell and the El Paso (Texas) Baseball Club. Set aside 5-0 the death sentence of George J. Janss, a convicted burglar who was sentenced to hang for his part in the slaying of a woman who was convicted of the slaying of a man who was convicted of the slaying of a woman.

Dr. Frank Pyle Speaks To Rotary About Urology

Dr. Frank J. Pyle, president-elect of the Orlando urologists, spoke to Sanford Rotarians at the Yacht Club today on "A Urologist's Ramblings" in which he outlined some of the experiences and problems connected with his profession. Declaring that a specialist should have a general practice before becoming a specialist, Dr. Pyle declared that specialists are not necessary because their fees are high pointing out the big overhead expenses their offices with large staffs and special instruments and equipment entail, and adding that out of a \$5 fee doctor may actually gain for himself not more than \$1 in take-home pay. President Bob Harris welcomed the club as its newest member Lewis A. Harley, ice manufacturer. Charles Morrison welcomed other guests to the club and introduced Dr. Pyle. Exploding the popular notion that all backaches are attributable to kidney trouble, Dr. Pyle said there are many other reasons for pain in the region of the back, notably flat feet, strain of the back muscles, psychic disturbances, fatigue and just plain laziness. All symptoms of backache should be thoroughly explored, he said, to find the real seat of the trouble. Men go through a change of life the same as women, Dr. Pyle declared, only when they are a little older, and they often have the same symptoms. There is nothing much that can be done about it, he continued, except to accept it and make the best of it. Visitors included Fred Sawwell of Hudson, O., the Rev. LeRoy Lawson, and Jack Hockaday of Deland, and Ed Watson of Leesburg.

Phillip Toney Named Student Council Head

Phillip Toney, 16-year-old junior, was elected president of the Student Council in last Friday afternoon's annual spring elections at Seminole High School. His final service to the school as president will be the vice presidency while Peggy Wright was elected secretary and Marvin Goebel was elected treasurer. The four council officers headed up a slate of 18 newly elected officers and representatives for three of the upper classes. Jimmy Snyder, president of the senior class, Other senior officers are Stanley Katz, secretary; Ollie Graham, secretary; Eloise Snyder, treasurer. The four council officers headed up a slate of 18 newly elected officers and representatives for three of the upper classes. Lennie Rotundo was chosen president of the junior class and Larry Bates won the vice presidency. Other junior class officers are Donna McTeer, secretary; Donald Hampton, treasurer; Barbara Harriet, chaplain; Marvin McKinley, Rochelle Eubank, and Eleanor Nix, student council representatives. Sophomores elected Jimmy Hawkins president, Eric Mays, vice president; Morton Davis, secretary; Marty Cameron, treasurer; Howard Altred, chaplain; Larry Burney and Elizabeth Woodruff, student council representatives.

X-Ray Drive Exceeds Figure Of Last Year

This year's total of 5,003 x-rays given in the county surpassed by three the number given two years ago, Mrs. J. D. Curdell, chairman of the drive, announced today. Chest examinations were given over a two weeks period both at the unit in Matthers Furniture Store and the mobile unit operating in the county. Mrs. Curdell said the goal had been set at 5,000 and although expressing regret that more persons had not taken advantage of the service, was gratified that the former total had been surpassed. She said she was very appreciative of the assistance rendered by the several ladies and also wanted to thank E. E. Anderson, manager of the Matthers store, for use of his establishment and furniture.

Funeral Rites Held For G.C. Houseman, 75

Funeral services for the Rev. G. C. Houseman, 75, who died at a Sanford hospital early Saturday morning, were held yesterday from the Hanson Funeral Home. Born Dec. 12, 1877 in Halifax, Nova Scotia, Canada, he had been a resident of Lake Monroe for the past four years after formerly living in Sanford. The Rev. Houseman had been ill for the past six months. He was a retired Free Methodist Church minister. Survivors include the widow, one son, Charles P. Houseman of Los Angeles, one grandson, Bobby C. Houseman of Los Angeles, and one sister, who lives in West Palm Beach. The Rev. Charles Gilmore of Orlando officiated. Pallbearers were Ted Lochert, Fred Anderson, John Cranston, V. H. Frederick, Alvin Hillitt, and George Courson. Interment was in Evergreen Cemetery.

Tokyo Women Vent Wrath On Widow Of FDR

Eleanor Yanked From Auto, Manhandled

TOKYO—Twenty Japanese women waving communist banners today manhandled Mrs. Eleanor Roosevelt in downtown Tokyo when she refused them an interview, the newspaper Yomiuri reported. The newspaper said the widow of the late President was rescued by Japanese guards and was immediately available for comment. Mrs. Roosevelt, now on a tour of Japan, was dragged from an automobile outside the Labor Ministry building. The newspaper said that when Mrs. Roosevelt's automobile pulled up in front of the building, the women, led by an American-born wife of a Japanese, clamored for an interview. When Mrs. Roosevelt refused, the women pulled her from the car, the newspaper reported, but Japanese guards stopped them before they could harm Mrs. Roosevelt. One guard was slapped in the face, Yomiuri said. The newspaper said that when Mrs. Roosevelt was rescued, she was identified by the newspaper as Mrs. Fujikawa, 41, born in the United States, who came to Japan before the war. The newspaper identified Mrs. Fujikawa as a member of the Communist party. It said that when Mrs. Roosevelt refused an interview, the women shouted "Go back home. Several women then pulled Mrs. Roosevelt from the car. The group carried banners bearing Communist party slogans. (Files show that an American-born woman, Mrs. Hannah Reichenberg Fujikawa, a native of New York City, took part in last year's May Day riots.) Mrs. Roosevelt arrived in Japan earlier this month for a series of lectures.

4 Young People Are Injured In Accident

A 20-year-old Orlando youth, returning from a beach outing at Daytona Beach fell asleep at the wheel of his car, veered off a highway and hit a half spin and rolled over one-and-a-half times, injuring himself and three other youths early Sunday morning, it was reported today by State Trooper R. D. Harrison. The accident took place at 3:45 a. m. Sunday, nine miles south of Sanford on route 1732. The driver, Durwood Day, received a fractured hip. The three other youths accompanying Day were Edward Dean 20, Elaine Spivey, 25, and Dean suffered severe lacerations to his left foot and hand. Mrs. O'Connell received a fractured leg and back. Miss Spivey broke her collarbone.

Second Operation On Godfrey Postponed

BOSTON—A second operation on Arthur Godfrey, TV and radio star, to correct hip troubles, has been postponed, a Massachusetts General Hospital bulletin said today. The first operation—on the right hip—was performed 12 days ago. Godfrey has since been reported as making good progress. The operations on the 40-year-old Godfrey were planned to relieve him of pain which has followed injuries suffered in an automobile collision many years ago. The surgery, known as "total arthroplasty," provides for reconstruction of the hip joints to make new sockets which will allow greater mobility. Godfrey had been suffering in recent pain the past year and a half.

Ables Installed Jaycee President In Sanlando Rites

Cliff Ahles, 33-year-old manager of the party department of Seminole County Motors, was formally installed as the ninth president of the Seminole County Junior Chamber of Commerce since its reactivation in 1945. Mr. Ahles, former executive of the reactivating group, was presented with the gavel by outgoing President Douglass Stenstrom last Saturday night during the installation ceremonies at Sanlando Springs. A large gathering of 70 odd Jaycees and their wives attended the installation and the dancing party in the patio and an under-stair swimming exhibition by Miss Frances "Boots" Moore. Miss Moore, who placed third as Miss Sanford representing the Junior Chamber in the Miss Florida Pageant, and who took second place honors at last week's Watermelon Festival, was presented with a bouquet of flowers and a sterling silver ebeber. Retiring President Stenstrom received a rising hand of thanks plus a service pin and a desk pad. Bradley Odham, past president of the club and former state Jaycee president, conducted the installation, prefacing the actual installation with a congratulatory speech on the progress of the organization since its reactivation. Of the five officers, three were (Continued on Page Six)

Marvania Lots To Be Auctioned At Commission Meet

A public hearing and public auction of the two most important items on the agenda for the City Commission meeting tonight at City Hall starting at 8 o'clock Tuesday will be in regard to rezoning of Marvania, located by Lake Monroe, Mellville Avenue, Second Street, and First Street Extension from R-1A to R-2. A week ago rezoning appeared to speak either for or against rezoning of property in the Dream World Subdivision. On the public auction will go the lot in Marvania, a second section all of which are on or near the lake front. The Commission will also take action on the rezoning by A. H. Peterson from the Sanford Industrial Board. In a letter to Mayor Handall Chase, Mr. Peterson wrote: "Please accept my resignation as a member of the City's Industrial Board." A request for a zoning change on West Second Street has been submitted to the City Manager by J. W. Still. He stated the Still Farm Supply will shift its steel store from 400 West Third Street to West Second Street on May 27 and a zoning change will be necessary. In the final item on the agenda, Commissioners will take action on a request by the Sanford Housing Authority Board to fill vacancies which exist on the Board due to the expiration of terms of Jack Hill and Bob Harris. The present board recommends the reappointment of Mr. Hill, and the appointment of Al Wilson to succeed Mr. Harris, who is leaving the city.

Ex-Treasury Head Injected Self In Liquor Tax Ruling

WASHINGTON—House investigators developed a story today that the Treasury Bureau once reversed its own specialists and gave a favorable tax ruling to a liquor industry official who then Secretary of the Treasury Snyder gave personal attention to the case. Snyder was quoted as saying that former Defense Secretary Louis Johnson was "interested" in the thing, if it was anything he can do, let's try to help them out. A House Ways and Means subcommittee digging into tax frauds, went into the case as part of an inquiry of the extent to which "high Treasury officials" may have intervened in tax cases during the Truman administration. The committee first heard testimony from technical tax experts, then had a counsel read excerpts from a transcript of telephone conversations between Snyder and a lawyer representing the industry official who then Secretary of the Treasury Snyder gave personal attention to the case. American Red Cross To Relay Messages

The American Red Cross, with the approval of the Department of the Army and Air Force, has been authorized to relay by rapid communications methods messages involving the members of the immediate family of servicemen in these two branches of the service who are stationed overseas. According to Mrs. Velma Gonzalez, executive secretary for the local chapter, this service will be inaugurated next Monday. This extension of service is being undertaken because it is believed that it will have a beneficial effect on the morale of service personnel. It does not apply to the Navy, Marine Corps or Coast Guard because the use of Naval communications facilities is available to those personnel.

New Era Born As Artillery Fires 1st Atom Shell

LAS VEGAS, Nev.—The first firing of an atomic shell from the United States' 280-millimeter cannon came off brilliantly today, signaling the beginning of a new era in artillery warfare. The nuclear shell burst 500 feet above a target of tall trees, road cars and military equipment on Fort Huachuca, 65 miles north-west of Las Vegas. The long awaited shot from "Atomic Annie" apparently proved artillery experts' contention that the huge gun can handle nuclear as well as conventional ammunition. Secretary of Defense Charles E. Wilson, observing the blast from a distance of less than eight miles, commented: "I am extremely interested in the history of the shell and I am pleased with its successful performance." Another observer, Admiral Arthur W. Radford, nominee for chairman of the Joint Chiefs of Staff, said: "I considered the test a milestone in the history of atomic weapons and I am highly satisfied with the success of the test." The shell burst produced a bright blue fireball that lit up the gray peaks of the Spotted Range mountains, exactly at 8:30 a. m. (10:30 a. m. EST) It was clearly seen in Las Vegas but was not felt or heard.

House Must Now Concur In Amendment

TALLAHASSEE—The Senate today passed, 43-14, and sent back to the House the administration backed bill increasing the state's take from dog racing tracks. The House, which previously adopted the bill, must concur in an amendment, approved by Gov. McCarty's, which would permit the tracks to keep the 100,000 annual they net get from the old permit, after mutual payouts to the nearest time. Before adopting the bill, the Senate heat down 23-14, an amendment by Sen. McArthur, of Escambia, which would have softened the impact of the bill. It would have cut the increased 100,000 to 50,000 and the graduated scale to give the state more and the tracks less of the 17 cents withheld from every dollar bet by the public.

Delinquent Taxes

TALLAHASSEE—If you should ever become hard up and unable to pay taxes on your property there's a proposed law in the legislature which might affect you. It's designed to overhaul the present method of reclaiming and selling delinquent tax property. So far, it has attracted little attention but it could become a lively little issue before the session ends. Just assume you haven't paid taxes on a piece of property you own. Under a present law, among other ways, you could read the delinquent tax lists published in some publication in your area and learn about it. A tax certificate on that piece of property can be sold to anyone of a public sale that certifies for two years. He must be named a tax deed and the property is his. Prior to the sale if you escape you enough money to pay your back taxes you can get that certificate and clear up your tax troubles by paying interest on the tax amount to the holder of the certificate. Of course you'll have to settle up for the back taxes. The interest rates you would pay on reclaiming that tax certificate would be 18 per cent for the first year and 20 per cent for the second. Under the proposed law, if you didn't pay taxes on your property (Continued on page six)

Singletary Named Legion Commander Of Sixth District

James Singletary of Sanford, president of the American Legion Post 435, was elected district commander yesterday at the group's 35th annual convention in Orlando. He will be installed next month. The district of Orlando moved into Mr. Singletary's former position as executive committee of the district. Robert S. Hewitt, West Palm Beach, was elected judge advocate; Arthur McCarty, Tallahassee, historian; the Rev. Aaron H. Brown, Daytona Beach, chaplain; Ed H. Humer, Miami, sergeant at arms. The department endorsed the Bricker bill in Congress which would amend the U. S. Constitution to provide that no treaty would supersede the Constitution unless ratified by two-thirds of the states. Officers elected by the Legion auxiliary: Mrs. L. S. Marshall, Tallahassee, president; Mrs. S. E. Horseman, Lake Worth, historian; Mrs. George McGowan, Kissimmee, chaplain; and area presidents—Mrs. A. L. Prince, Ft. Lauderdale, Southern; Mrs. W. L. Wheeler, Jacksonville, Northern; Mrs. J. M. Armour, Pensacola, Western; Mrs. Earl W. Toole, Lakeland, Central.
