

JUSTICE HITS TRIPLE FOR SANFORD WIN

Daytons Held To 7 Hits By Ashton; Girk Catches 2 Men Trying Steal

San Justice won a ball game last night when he belted a home run with bases loaded in the second inning of the game between Daytona Beach and Sanford. The game ended in the score of 7 to 0 in favor of the local boys.

Sanford will go to the Island to play tonight for a game which may put Sanford back into the league.

Sanford players played well last night, running through the game without a single error and putting spectacular plays in the outfield. Booth all the way from right field in the fourth frame to catch a ball behind second base and

backed second base and caught a sure double by catcher Girk back to within a few feet of the left field fence to catch a ball in full run.

San Justice's game from before and as the second inning got two hits from five men and stole the bases of the game. He registered six putouts and five assists on his fielding account.

Ashton and Catcher Girk played well. Ashton had two hits and one run scored down and gave up no hits until the fifth inning when he pitched only one hit against his pitching partner.

Ashton was handling the home run with his usual hurdling making plenty of throws to the catcher and second base to make the game a close one.

Ashton's first after making a single and was tagged out on a ball thrown from Girk to the pitcher.

Ashton in the third inning on a bunt tried to steal the bases. Girk whipped a ball to second for a putout.

Ashton's second attempt was made in the fourth inning when he tried to steal the bases.

Ashton's third attempt was made in the fifth inning when he tried to steal the bases.

Ashton's fourth attempt was made in the sixth inning when he tried to steal the bases.

Ashton's fifth attempt was made in the seventh inning when he tried to steal the bases.

Ashton's sixth attempt was made in the eighth inning when he tried to steal the bases.

Ashton's seventh attempt was made in the ninth inning when he tried to steal the bases.

Yearling Fielder, Eddie Gittens Has Imposing Record

DURAM, N. C., Apr. 29.—(Special)—Loyola University of New Orleans might have picked up a great college football center if Outfielder Eddie Gittens had not preferred a career in professional baseball.

The young outfielder recently sent to the Ocala Yacht club by Milwaukee of the American Association, was granted a scholarship at Loyola, but decided he would not take advantage of it.

Gittens had never played any football in high school until his senior year, but with only one season of experience he was named all-city center for La-Crosse, Wis. He must have been good to get a scholarship on one year's showing.

However, the new yearling chose to go into baseball and signed with Duluth of the Northern League in the Spring of 1933. He did not last long, and spent the summer in the semi-pro ranks, deciding to try it again last year.

He signed with Eau Claire, also of the Northern loop, and put up a full season, batting a very acceptable .301. Milwaukee took over his contract at the close of the year, and he was sent to Ocala for another season of prep work.

Gittens originally was a pitcher, and a first-rate one, in high school. He had won eight games and lost one, but there was a shortage of outfielders on the team. Gittens was hitting very well and his coach converted him to a fly-chaser. He's still at the top.

In the Gateway City League of La-Crosse, Eddie finished third in batting with a .340 average and helped his team tie for the title.

State leaguers are warned against picking any chips off his shoulder, for the young man, now 20 years old, was heavy-weight boxing champion in high school. He also lettered in basketball and track.

Standing an inch over six feet, the youngster tips the beam at 190 pounds.

Big steps towards training the New York Giants back into the pennant zone is the comeback of George Adolph League to Bill Terry's coaching staff. The Sox's ardent in tutoring pitchers is the logical reason. There's also the "hunch" in the fact that the G's haven't won a flag since Duff left the organization after the 1937 world series.

Gets Last Trial

LOUISVILLE, Ky., Apr. 29.—Whirlwind, Blue Pair and five colts backed by little more than a prayer, were named yesterday for one last trial before Saturday's 67th running of the Kentucky Derby at Churchill Downs. The probable derby field was placed at 13. A victory, or even a flash of unexpected form by one of the five outsiders in the \$2500 Derby Trial stakes today might bulge the derby list, but no more than 14 are expected to duel for the necklace of roses, regardless of the outcome.

Reporter Uncovers Reason To Believe Gargantua Is Sissy

By JOE MORTON
NEW YORK, Apr. 29.—(AP)—There's a certain big eye around town who has been making a lot of noise lately, bawling, his breast and proclaiming himself terrific.

Many of the good citizens are convinced. But there are a handful who haven't forgotten that Ferdinand the Bull was something of a physical specimen, too. They also point out that the big ape is working for Ringling Brothers and Barnum & Bailey Circus, an organization doing very well with an old pearl of wisdom: "There's a sucker born every minute."

One of the sissies is Harry Lederhandler, photographer, who received the circus' solemn word that the great beast, Gargantua by name, is "an ancient evil, with a devil's mind in a beast's body."

Ailing Uvula Keeps Umpire Out Of Game

NEW YORK, Apr. 29 (Special)—The uvula is mightier than the bone-fracture when it works on a pitcher.

Mr. Lederhandler decided to look into the matter personally. He learned there are bigger speas, even in captivity, more over, Gargantua's diet isn't meat and warm blood at all—just eggs, liver extracts and milk for breakfast and dinner, nothing but vegetables for lunch. He cannot even breathe ordinary air—it first has to be made pure by thermostats and strainers.

In fact, the photographer was informed that if he wanted to get close enough for a picture he would have to wear a mask.

Reporter Uncovers Reason To Believe Gargantua Is Sissy

Mr. Lederhandler, who wanted to make a picture all right, first went out and bought a nice bouquet of roses and presented it to the ferocious flashbulb-baiting beast.

When the first bulb went off, Gargantua just snarled the flowers.

As the second flashed, he pulled out the petals, one by one. Number three, and he pranced about waving the stems.

And with the fourth, he ate the pretty flowers—every single one.

What do you make of that, Watson?

Stetson Netters Score 7-2 Win On Emory And Henry

DELAND, Apr. 29.—(AP)—Stetson's tennis team defeated Emory and Henry, 7 to 2, here Monday. It was the 11th victory of the season for the Hatters.

Results:
Billy Davis (S) defeated James McKey, 6-9, 6-4.
Harold Smith (S) defeated Ken Walker, 6-1, 6-4.
Bob Brown (S) defeated Maurice Estes, 6-0, 6-0.
Carl Purts (S) defeated Shelton Hillman, 6-2, 7-5.
Charles Hurlock (E. & H.) defeated Theodore Rhodds, 6-0, 6-0.

Changes In The Hospital Act

Early this week a notice was published in this newspaper of intention to enact special local legislation amending the 1937 hospital act under which a vote on \$70,000 worth of Seminole County hospital bonds was authorized.

The first would provide that all principal and interest payments on the hospital bonds must be taken care of first out of the two mill tax levy authorized in the 1937 law before any of these funds are used for operating the hospital.

That this development had been clearly foreseen by the bond houses undoubtedly accounts for the failure of the County Commission to receive any bids for the bonds at the recent sale despite the fact that other Seminole County bonds are selling well over par and these hospital bonds, had it not been for the defect in providing for their repayment, would have been a real bargain for any buyer.

The second amendment provides that the County Commission shall have the authority to build a hospital with the proceeds of its bond sale even though it may not receive any assistance from the WPA or other government agency. This amendment we are opposed to for two reasons. It will not do any harm to give the County Commissioners this authority but we do not believe they should use it.

In the first place we cannot build a creditable hospital of sufficient size, comfort and convenience to meet our present needs, much less those of five or ten years hence, for \$70,000, and we do not believe the people of our county who are thoroughly alive to the value of a modern and up-to-date hospital are going to be satisfied with any little dinky hospital which may be offered them as a substitute for the real thing.

And in the second place when the people voted on these hospital bonds they did so with the implicit understanding that they were putting up only part of the money and that the government was to put up the rest. We do not believe it would be fair to them now to change the rules on them at this late date and use the bonds to build a different hospital than originally intended, a smaller hospital, and one without government aid.

If it should develop for any reason that the WPA falls down on its side of the job and fails to come through with its share of the funds for what is probably the most meritorious project it ever considered in Seminole County, then we should scrap this entire hospital project, start from scratch again, vote a new bond issue for \$150,000 or \$200,000 and build our own hospital, and one which would be a credit to our entire city and county.

The U. S. Alternative

The only conceivable alternative to war at this time either for the British Empire, or for the United States, is to make peace on Hitler's terms. But there is considerable question as to whether people believe that perhaps such a "negotiated peace" would be better than the frightful war, both in lives and money.

Pointing out what such a "negotiated peace" would mean for us, former Ambassador William C. Bullitt, who saw France fall, said in a broadcast the other night: "We could have peace at the price of submission to Hitler's will; at the price of accepting a puppet Fuehrer in our country. We could have peace at the price of putting our churches under the heel of Hitler and our children into the hands of Goebbels for education in the creed of Satan."

"We could have peace at the price of abolishing our press and our right to speak our minds. We could have peace at the price of tearing up our Declaration of Independence and our Constitution. We could have peace at the price of slavery. I think that at that price we shall never have peace."

Mr. Bullitt also said that many South American states are waiting only for the capture or destruction of the British navy to join the Axis. At present the British navy is the only thing that protects them from the German navy and air force. Like Hungary, Rumania and Bulgaria, they are too small to resist Axis aggression alone and would soon fall in line under Axis diplomatic pressure.

"We know," said Mr. Bullitt, "that if the British Navy should be eliminated we would soon see a totalitarian army and a totalitarian air force in South America, and that all Europe, all Asia and Africa as well, would be organized against us."

In such a world the United States could not long remain a democracy and it would be compelled to orient its policies in line with the German Nazis, or fight them and the world alone.

A SITUATION HAS developed in the medical field that may force the States, and even the Federal Government, to interfere in behalf of public health to a much greater extent than now prevails. Too many members of the medical profession have located in the cities and not enough in the rural section. Already this disparity has reached a stage of such seriousness in South Carolina that the Legislature, which soon convenes, may be called upon to set up a fund from which aid may be extended to ambitious young men who want to study medicine. If they would agree to practice in the country for a stated period of years, they would have their medical education largely financed by the State.—Times-Union

Workers' Council of the First Baptist Sunday School meets at 8:00 P. M. at the home of Mrs. H. E. H. Strickland, 1702 Magnolia Avenue. All who have made reservations.

Turner Cast In Lead Of University Play

Walter Turner, son of Mr. and Mrs. E. W. Turner of this city, who is attending the University of Florida in Gainesville, was cast in an important role in the play entitled "The Valiant" which was produced recently in Gainesville.

Mr. Turner played the role of James Dykes, a criminal convicted of murder whose real identity is unknown. He refuses to tell anything about himself in spite of the efforts of the priest, Joe Frange, and the warden, Cordele Barclay, as a young girl from Ohio, comes to see Turner before he is executed to see if he is her long-lost brother. She realizes that her brother has been caught, but he does not respond.

Then he tells her how her brother died a hero's death in the army. After a long and dramatic scene, the play ends with the play in name, "The Valiant" which is a play of the same name, "The Valiant" which is a play of the same name, "The Valiant" which is a play of the same name.

Personals

James Lanier is leaving today for New Orleans, La. where he will be gone for a week.

Mrs. J. H. Butts of Miami Beach is the guest of her mother, Mrs. E. J. Routh.

Mr. and Mrs. Harry Hansen visited with relatives yesterday enroute to Ft. Lauderdale where they will make their home.

Mrs. John Sparkman has returned home from Miami where she spent the past weekend with her parents.

Richard Maxwell has arrived from Paris Island, S. C., to visit during a ten day furlough with his parents, Mr. and Mrs. R. C. Maxwell.

Friends of Mrs. Robert J. Holly, Jr., will be glad to learn that she is able to be out again following a recent illness at her home on West First Street.

Mr. and Mrs. D. B. Bennett of Ocoee are expected tomorrow to visit with their son-in-law and daughter, Mr. and Mrs. M. W. Deariso.

Friends of J. W. Childre will regret to learn that he is ill in the Fernald-Laughton Memorial Hospital where he underwent an appendectomy last week.

The infant son of Irving Jackson, James Irving, has been removed from the Fernald-Laughton Memorial Hospital to the home of his aunt, Mrs. C. E. Rawson.

C. T. Harden has returned to his home in Oglethorpe, Ga., after visiting with Mr. and Mrs. R. A. Williams at their home in Sanford.

Mrs. Louise Lanier of Tampa was the weekend guest of her son and daughter-in-law, Mr. and Mrs. James Lanier, last weekend.

Mrs. C. F. Proctor is expected to return tomorrow from Danville where she has been visiting friends. She also attended the American Legion convention in Key West last week.

Mr. and Mrs. R. W. Turner have returned from Valdosta, Ga., where they were called by the serious illness of Mrs. Turner's brother, J. G. Morrow, of Halifax. He is reported as much improved.

Among those from Sanford who attended the 197th district conference of Rotary in Tampa were: Mr. and Mrs. G. E. Rollins, Mr. and Mrs. H. B. Coleman, Mr. and Mrs. W. H. Pope, Dr. E. W. Epprecht and Charles Morrison, who is district song leader.

Mrs. Curlett Heads Flower Show Judges

Mrs. Endor Curlett has been chosen as chairman of the judging committee of the first annual Florida State Flower Show to be presented by the Mead Botanical Garden next Saturday, Sunday and Monday at the coliseum in Orlando. Mrs. J. H. Colclough president of the Sanford Garden Club said this morning.

Several ladies of this city will act as members of the reception committee to receive flowers as they are brought for exhibit. Mrs. Fred Wilson, Mrs. O. P. Herndon, Mrs. Harry Heeren and Mrs. Curlett are members of this group.

Classifications for the show were made by the committee of judges headed by Mrs. Curlett and the following classes are open to entries both amateur and professional:

Class 1. Roses.
Class 2. Sweet Peas.
Class 3. Annuals.
Class 4. Perennials.
Class 5. Bulbous flowers and potted bulbous plants.
Class 6. Potted plants, foliage and blooming.
Class 7. Gardenias.
Class 8. Camellias.
Class 9. Orchids.
Class 10. Corages.
Class 11. Bromeliads.
Class 12. Cacti.
Class 13. Seeds.
Class 14. Novelties.
Class 15. Wildflowers.
Class 16. Waterlilies.
Class 17. Branches of flowering trees.
Class 18. Arrangements.

A number of local people have indicated they will enter exhibits in the show but none are sure of their plans right now, Mrs. Colclough said. Weather conditions and transportation to the place of exhibition make definite plans difficult.

Any one in the state may enter an exhibit and all who entered in the Sanford show are urged to take a part in the state show. A prize of \$25 will be given to the most blue ribbon. For the individuals who win the blue ribbon, in either the professional or the amateur exhibits, two bronze medals will be awarded.

The Sanford show is being worked through its circles to encourage members to enter exhibits in the Orlando show. Mrs. E. E. Holz is organizing the Central Circle, Mrs. C. Dickerson the Dixie Gardeners Circle, Mrs. L. E. Spencer the Azalea Circle and Mrs. R. A. Newman the Rose Circle.

Joseph Wood Krutch (left), president of the New York Drama Critics Circle, presents to Lillian Hellman in New York the annual award for the best American play, given this year to her "Watch on the Rhine." At right is Herman Shumlin, who holds the scroll presented to him for "The Corn is Green," and the late Shumlin, who is the producer of both plays, the first double winner in the Circle's history.

Russia Is Wary As Nazis Move Through Finland

to remove 10,000 school children.

One hospital in which children were reported to be patients was wrecked by a direct hit and a number of casualties were feared.

The shelling was broken by the thunder of bombs and a terrific anti-aircraft barrage went up in reply.

(In Berlin, the official news agency DNB reported Wednesday morning that a strong unit of German bombers had been ordered to England since Tuesday evening favored by clear weather and good visibility.)

The attack was directed against the already battered remains of this town in a blitz-bombing starting soon after dusk.

Unconfirmed reports said two hospital planes were downed by the roaring anti-aircraft batteries.

Hundreds of flares threw a yellow curtain across the sky as the awesome prelude to the crash of bombs might enough to shatter a whole block of buildings.

Explosives were scattered over an extraordinarily wide area of the residential district and the surrounding countryside.

A large part of this part where British planes some of her anti-aircraft fleet was downed in an evacuation area last night and steps were being taken to remove immediately 10,000 school children to the rural areas of Devon and Cornwall.

The ministry of health and its central emergency committee announced the evacuation of 10,000 school children to the rural areas of Devon and Cornwall.

The school also caused additional casualties in a population which only a few hours earlier had finished hurrying to the safety of the country in a similar panic.

The downtown section of the city looks as if it had just been swept by a monstrous bomb.

Anderson Is Granted Conditional Parole

Shirley Anderson, confined in Semnole County for a period of 18 months, was granted a conditional parole by the State Parole Board last week, according to an Association Press report from Tallahassee.

Pending guilty to the charge of armed robbery, Anderson was sentenced by Judge W. W. White to a 10-year period. She was charged with robbing John H. Hines after shooting and wounding him.

TO LAUNCH TAKER

MOBILE, Ala., Apr. 30 —(AP) The second ocean going ship to be launched in Mobile since World War days was the 7500-ton tanker W. L. Mackay, launched today at 10:00 A. M. at the shipyard of the W. L. Mackay & Co. The ship is owned by the W. L. Mackay & Co. and is being built for the U. S. Navy.

The German shipyard in Shoungt is in a three-story building.

Miss Bandy Honored By Group At Party

Honoring Miss Pataye Bandy whose marriage will be an event of May 12, members of the Bible School of the First Christian Church entertained with a party at the home of Mrs. J. P. Williams in Pinckney, Spring flowers decorated the room in which the guests were entertained.

Miss Bandy was presented with a piece of silver in her chosen pattern by the school of which she has been a member for several years. Games were enjoyed until a late hour by the guests when refreshments were served by Mrs. J. Horton.

Those present were: Miss Bandy, guest of honor, Miss Margaret Kinlaw, Miss Dorothy Pearson, Miss Bertie Horton, Miss Maria Pearson, Mrs. J. I. Horton, Mr. and Mrs. George Townsend, Mrs. Wilson and J. N. Durden.

Sanford Student Is Elected At Stetson

DELAND, Apr. 30 —(AP) James E. Golden, Leeburg, junior and an athlete, was elected president of Stetson's student body yesterday, defeating Vernon Turner, Homestead, 284-222.

Bill Strickland, Bowling Green, was elected vice president, Margaret Foy of Tampa, secretary, and Nancy Rossetter of Sanford, treasurer.

Zachary, 812 Magnolia Avenue, Circle Five, with Mrs. W. C. Coleman in Floral Heights at 8:00 o'clock in the evening.

St. Hilde's Chapter of the Women's Auxiliary of Holy Cross Episcopal Church will meet at the home of Mrs. M. C. Swingle at 1702 Magnolia Avenue at 3:30 P. M.

TUESDAY

Board meeting of the Women's Club will be held at 10:00 A. M. in the club house.

Sewing sessions will continue for the Red Cross in the Women's Club from 9:30 P. M. until 11:30 P. M. with the Junior Women's Club sponsoring.

Woman's Missionary Union Holds Rally

The annual district rally of the Woman's Missionary Union of the Baptist Church was held yesterday in Orlando with Mrs. B. E. Gray of Longwood, district superintendent, presiding.

The W. M. U. colors of lavender and white were accentuated with quantities of Spring flowers in those shades used for decorating the church. Mrs. Volie A. Williams conducted the devotional, choosing as her subject, "Stewardship of the Mind."

Mrs. J. L. Stearns, stewardship chairman, of St. Augustine addressed the meeting as did also Mrs. Drivell, state Mission Society chairman of Jacksonville and Mrs. L. W. Sumner of Daytona Beach, association president of the union.

At the noon hour a covered dish luncheon was enjoyed by approximately 90 persons attending the all-day meeting.

Among those from Sanford attending included: Mrs. Volie Williams, Mrs. L. E. Tew, Mrs. H. C. Hagan, Mrs. R. L. Garrison, Mrs. Lulu Miller, Mrs. M. Cunningham, Mrs. C. H. Moxa, Mrs. Fred Myers, Mrs. Myron Smith, Mrs. A. J. Peterson, Mrs. M. N. Cleveland, Mrs. Joder Cameron, Mrs. A. E. Rossetter, Mrs. J. E. Page, Mrs. P. P. Campbell, Mrs. Murray Jarvis, Mrs. B. R. Beck and Mrs. W. E. Kader.

Sebring Attorney Is New Rotary Official

TAMPA, Apr. 30 —(Special) Fairfax T. Haskins, Sebring attorney, was elected district governor of Florida Rotary clubs at the close of the fourth annual district conference here yesterday.

He succeeded J. Chalmers Buchanan of Jacksonville.

A recommendation that languages of the Americas be taught in public schools, referring especially to Spanish, was made in a resolution. The conference also recommended wider instruction in geography as well as history of the Western Hemisphere.

The convention was the largest held since reorganization of the district, with 727 registered delegates from Rotary Clubs throughout the state.

POSTMASTERS NOMINATED

WASHINGTON, Apr. 30 —(AP) President Roosevelt sent to the Senate yesterday these postmaster nominations: Florida: Samuel George W. Shuman; Largo, William Edward Dewar; Zephyrhills, Lola D. Gall.

Plant City Loses Gas

PLANT CITY, Apr. 30 —(Special) — Through faulty gas meters, the city of Plant City lost 100,000 cubic feet of gas in March, it was reported by the city commission last night. The commission agreed to get a meter testing machine.

Greenland is the only country in the world producing the important mineral cryolite in large-scale commercial quantities.

New Method Of Paying Income Taxes Is Seen

Secretary Morgenthau Says Treasury Considers Prepayment Plan On New Rates

Security, Not Cash, Planned

Pooling Of Merchant Shipping Is Asked By Chief Executive

WASHINGTON, May 1.—(AP)—Rep. Engel, Republican, Michigan, charged today the total cost of constructing Camp Edwards, Maine, would be in excess of \$20,000,000, or more than four times the War Department's original estimate. He asserted that from 60 to 65 percent of the men drawing carpenter wages were not carpenters.

WASHINGTON, May 1.—(AP)—Secretary Morgenthau announced today the Treasury is working on a plan to enable citizens to prepay their taxes under the heavy rates being considered by Congress. He said he could not give the details but that he was thinking of selling a special kind of security which could be used by taxpayers to pay taxes instead of paying cash.

President Roosevelt last night ordered the immediate pooling of \$200,000,000 of merchant shipping to expedite national defense and aid Great Britain in winning the battle of the Atlantic.

The order was transmitted in a letter to Chairman Land, of the United States Maritime Commission, and to the War Department, which is in charge of vital war materials and the docks.

He called for services and cooperation by ship owners, emphasizing that "we must supply those ships at once."

Two phases of the program as outlined in the letter are: "First, to arrange for the utilization in routes in the combat zone of foreign ships which are to be transferred to foreign registry."

"Secondly, to reallocate our own fleet ships, including those which will be completed in the next few months, in such a way as to make every cargo directly or indirectly useful to our defense efforts and winning the battle of the Atlantic."

The President expressed gratification at progress of the expanded ship-building industry, but called for even greater speed in construction of new merchant craft.

The pool, which ultimately will include 150 foreign vessels idle in American ports, which the Government has asked authority of Congress to requisition, had been discussed by Land and Roosevelt at an earlier White House conference.

Land told reporters the ships would go anywhere and at any time. He said the President wanted "expedited like hell" to meet Britain's plea for "ships, ships and more ships."

Bases For Small Ships Are Planned

Navy Plans or Building 50 Small Local Defense Craft

WASHINGTON, May 1.—(AP)—Navy plans or building 50 small local defense craft were disclosed yesterday in a report to the House by the Naval Affairs Committee.

Of the 50 ships has been provided to start work on 30 which have previously been announced. The committee approved legislation for the construction of 20 small defense craft at a cost of \$20,000,000.

The committee reported yesterday that among the reasons for the construction of small defense craft is the need for a more extensive program of local defense in the United States.

The committee reported yesterday that among the reasons for the construction of small defense craft is the need for a more extensive program of local defense in the United States.

London Burns In Worst Raid

Flames Light Up The Night Sky Over London And Clouds Of Smoke Rise From The Bomb Wrecks Following The Worst Raid Of The War By The German Luftwaffe

Flames light up the night sky over London and clouds of smoke rise from the bomb wrecks following the worst raid of the war by the German Luftwaffe. The Nazis described the savage attack on the British capital as a reprisal raid for R.A.F. bombings of Berlin.

Chamber Nets \$1,328 First Day; Higgins Confident Of Drive Quota

With \$1,328 Collected On The Opening Day Of The Annual Membership Drive Of The Seminole County Chamber Of Commerce

TALLAHASSEE, May 1.—(AP)—By a vote of 5 to 4 the House committee on public petitions yesterday delayed action on a proposal to accept a site at Avon Park for a branch of the State Hospital for Insane and Retarded.

Appearing for the bill, Representative Lanier, Highland county, said delay had killed the same bill in the last two sessions of the Legislature. Among those who opposed his request was Representative Slappey, chairman of the committee from Gadsden county, where the State Hospital is located at Chattahoochee on the Georgia line.

The Avon Park site has been endorsed by the Florida Medical Association, the Tampa Chamber of Commerce and other civic organizations.

Slappey said he would try to get a report from the sub-committee in two days.

"They told me in the Senate," Lanier said, "that I could never get this bill out of committee. It begins to look like that report is correct."

Noting against immediate committee action were Slappey and Davis, Gadsden county; Driggers, Union county; Harris, Alachua county; and Yeager, Leon county.

Voting with Lanier were Bryan, Hardee county; Burwell, Broward county; and Peoples, Glades county.

Also referred to a sub-committee was another offer of a site for a branch hospital near Sanford from Seminole county.

Both bills declared that the present hospital is overcrowded, but Dr. J. H. Therrell, superintendent, said if the state would pay for four buildings recommended by the 1939 Legislature, the situation at the main institution would be remedied. Appropriations for the buildings were enacted in 1939, but the state had no funds to carry them out. The same request is before the House appropriations committee now.

Marines Arrive To See Roebling Tanks

DUNEDIN, May 1.—(Special)—Dunedin welcomed yesterday the first group of United States Marines to be assigned here in connection with the manufacture of Roebling "alligator" tanks at 18 officers and men arrived and took up quarters for an indefinite stay. About 25 more are expected Friday.

The group will be stationed here to undergo a course of instruction in the operation of the tanks. The tanks have been reported variously at from 100 to 250.

CUBA RELEASES CREW

HAVANA, May 1.—(AP)—Three Cuban men were released today from the United States. They were the crew of a small boat which was captured by the United States Navy in the Caribbean Sea.

The men were released after a hearing in a federal court in Havana. They were found to be innocent of any charges against them.

The release of the crew was a significant development in the ongoing negotiations between the United States and Cuba.

The men were released after a hearing in a federal court in Havana. They were found to be innocent of any charges against them.

House Passes Extra Tax On Horse Racing

No Dissenting Vote Recorded For Bill; Senate To Act On House Amendments

TALLAHASSEE, May 1.—(AP)—Governor Holland's extra horse race betting tax to raise about \$2,000,000 a year for old age pensions was speeded through the House today without a dissenting vote. Some opponents voted for it but said they did not believe it would produce the estimated amount because wagering would decrease.

House amendments will send the bill back to the Senate, where it originally passed 34 to 4. The amendments are minor in nature.

Rep. Riddle of Walton sought to amend the bill so that all collections from the new 5 percent tax would be divided equally among the counties for old age pension payments to be made by the county commissions. He was defeated on a voice vote.

Approximately 40 small county representatives decided at a meeting last night that they would not oppose passage of the Holland program, which the Governor estimated would provide enough money to raise the average old age pension from \$12 to \$23 monthly.

Because the bill must go back to the Senate for consideration of the House amendments it probably will not reach Governor Holland's desk until the middle of next week.

The Senate voted 3 to 2 to repeal the State's one-half percent tax on gross receipts. The bill specifically provides that the repeal becomes effective July 1 and that taxes due before that time must be paid. The tax produces about \$2,000,000 a year for public schools.

Governor Holland is expected next week to propose some substitutes. The repeal bill now goes to the Senate, which has already indicated its opposition.

A Senate sub-committee was appointed yesterday to work out a bill to grant unemployment insurance to seasonal citrus packing house workers for one month of the year already has the approval of a House committee and is on the House calendar for action today.

Amendments were proposed before the Senate committee yesterday, however, to include citrus pickers and also to cut the insurance period to six months.

Representatives of organized labor said the insurance should run for the entire year since benefits would be needed most in summer off-season months.

John Lavin of Orlando, representing the United Growers and Shippers, said the legislation would wreck the citrus industry, and workers would wait for "fencing chain money" rather than seek other jobs in other industries.

Committee members told him they had no intention of harming the industry, but wanted something reasonable to all groups. Cooley called unemployment insurance for citrus workers "an impelling issue."

Sales taxes, soft drink taxes, amusement taxes, gross receipts taxes and transaction taxes were swept aside by the House Finance and taxation committee yesterday.

Chairman Loedy, Orange county, said the action, unanimous against most of the bills, would clear the way for consideration of Governor Holland's financial program to be presented next week.

Lord Beaverbrook, Britain's minister of aircraft production, has seen the Marlene Dietrich movie, "Destiny Rides Again," more than 25 times.

Prisoners' Treatment Described As Example

ATLANTA, May 1.—(AP)—A Prison and Parole Commission statement said today that the treatment accorded prisoners in a Dallas prison camp who broke their way into the city was an example of the discipline of inmates in the camp and should serve to prevent further such incidents.

The statement said that the prisoners who broke their way into the city were treated with the same discipline as those who remained in the camp.

The statement said that the prisoners who broke their way into the city were treated with the same discipline as those who remained in the camp.

Instructor Post With NPA Taken By Mrs. Hodgkin

Applicants For Art, Craft Classes Are To See Goodspeed

Mrs. Mayme Merril Hodgkin has accepted the post as instructor of the NPA art and craft classes and the classes are to start May 12 upon the approval of her appointment. Mrs. Alice Lewis, State NPA consultant, said last night.

Applications for students are ready at the NPA office in the post office building. A good speed and he could accept up to 50 applicants. Work in the classes will amount to 78 hours a month and the rate of pay is \$1.184 for the period, Mr. Goodspeed said.

The purpose of the classes was to give an opportunity to give a vocational and creative industry to the people of Florida, who to their design and craftsmanship, may utilize the frozen assets of this state.

These assets are the many high grasses and other wild plants and flowers, and the many simple skills of the hands and these ever abundant materials of the natural and ultimate answers to the demands for small necessities and household articles.

Our motive for including art in our program is to give talent and an opportunity for development through work experience. All work is done for expenses giving definite orders. Approval of the program is given by the State Board of Education, and other tax supported, non-profit agencies.

Five arts, commercial art and graphic arts, as well as hand crafts, will be taught in the classes. Mrs. Lewis explained. Murals and designs for remodeling are the practical applications of the arts. Commercial art takes in the field of posters, letter placards, fashion illustrations, window display and advertising display.

Craft work will include such work as palm-leaf and rush weaving, loom weaving, woodcraft, shell craft, and pottery and ceramics. Handwoven products include book covers, ladies' brief cases, knitting bags, waste baskets, magazine racks, men's hats and shopping bags.

Articles made by students on their own time may be marketed through the State Marketing Board at their sales points for a small fee for handling. However, no materials made by the students while working for the NPA will be considered their possession, Mrs. Lewis added.

Plans now are to locate the classes in the Recreation Hall, on the waterfront. The rooms are large and provide plenty of light for the work, Mrs. Lewis said. Some light machinery will be installed for the students to work with, including small lathes.

The loss of insured turkeys, midwestern blizzard, and a loss so great that some companies no longer will insure them.

Sanford Troops At Blanding To Go On Maneuver

CAMP BLANDING, May 1.—(Special)—The thousands of Florida soldiers stationed here at Camp Blanding with the 1st (Dixie) Division learned yesterday that they will go to Camp Reunited area in Louisiana on Aug. 11 for a 60-day training maneuver, thus settling a subject that has long been the chief center of speculation at camp.

This news is of interest to many persons in Sanford who have sons, brothers, husbands, and sweethearts in the medical detachment and headquarters detachment of the First Battalion, or Company B of the 124th Infantry, which is from that city.

The IV Army Corps, a part of the Third Army and including the 31st (Dixie) Division and the 13th Division, stationed here at Camp Blanding, will hold maneuvers for the first five days and field exercises during the final two weeks.

The Third Army as a whole, under tentative plans will remain in the Sabine area of eastern Louisiana during the month of September. A command post exercise will be held Sept. 1 to 5, and following that the Army will hold field exercises for the first five days and field exercises during the final two weeks.

It is estimated that more than one-half million men will be in the field at one time in the latter stage, and the Third Army alone will have an estimated strength of 300,000 by Sept. 15. It was stressed by Third Army officials that the plans are subject to change.

Floridians Divided Over Canal Measure

WASHINGTON, May 1.—(AP)—Representative Peterson, of Florida, predicted last night the House Rules Committee would not give clearance to the \$197,000,000 Florida ship canal bill approved by the Rivers and Harbors Committee yesterday.

The Florida delegation was divided over the measure. Representatives Peterson and Cannon opposed it, and Representatives Hendricks, Green and Sikes were reported to favor it.

"I intend to oppose the bill in the Rules Committee," Peterson said, "and if the committee sends it to the floor, which I do not expect, I'll fight it on the floor."

He said the Rivers and Harbors Committee had twice reported the bill, and the Rules Committee had stopped it "every time."

Green maintained that the project was feasible, and economically justified. It would be valuable, he said, for national defense in that it would give ships a route from the Gulf into the Atlantic without having to sail around the Florida cape and thus expose themselves to submarine attack in event of war.

Weinstein Plans To Close Store On First Street

Merchant Will Move To Fort Lauderdale To Open New Shop

George Weinstein, who has been a clothing merchant in Sanford for the past 16 years and has taken an active part in the city's civic affairs, will leave the latter part of May for Ft. Lauderdale where he will open a ladies shop.

The Style Shop on First Street, which Mr. Weinstein has managed for 12 years, is beginning a closing-out sale tomorrow.

When the merchant first came to Sanford during the boom years, his building was available on First Street, so he opened a store on Sanford Avenue, the Fashion Shop. Shortly after the Style Shop on First Street was opened, and the Sanford Avenue store was moved to Second Street and Magnolia Avenue where its name was changed to Weinstein's For a Time. Mr. Weinstein operated the two stores.

Mr. Weinstein organized the Independent Merchants Association about 10 years ago, and served as its president for three years. In connection with this group, Mr. Weinstein was active in planning the block tours at Park Avenue and First Street, which since has become a landmark in the downtown section. The block was given to the City by the late A. H. McCall and was erected by the merchant's group.

The late owner was president of the Sanford Shrine Club for three years and took an active part in the work of the community for the past 16 years. He was a director of the latter organization for three years.

Mr. Weinstein was commander of Campbell-Loring Post of the American Legion two years, and has recently retired as commander of the seventh district.

"It is with deep regret that we are leaving Sanford," Mr. Weinstein said, "and we have thoughtfully enjoyed being one of the community for the past 16 years. Though we are going, we will still have a very friendly feeling for Sanford."

"During the course of our business in Sanford we have always sought to carry a high type of merchandise and make the shop worthy of the patronage we have received from our friends. We have tried to operate a store that would be a credit to the city. We regret that we will be unable to have a Mother's Day window this year as we have had in the past. In the groups to which I have belonged I have tried to cooperate for the welfare of the town," Mr. Weinstein added.

Mr. and Mrs. Weinstein have resided at 1618 Sanford Avenue.

CONGRESSMAN INJURED

MOUNT AIRY, N. C. May 1.—(AP)—Rep. A. D. (Lon) Folger, of North Carolina, last night was reported in extremely critical condition at Mount Airy Hospital from injuries suffered when his automobile struck another car and crashed into a tree yesterday. Physicians gave him a "slight chance" of recovery.

Rescue Of 48,000 Of English Troops Is Cause Of Rejoicing Throughout Britain

German Attack On Egypt Seen

Italian Parachutists Take Three Greek Islands, Rome Says

Hitler's armies suffered "colossal losses in men and machines" in the Greek campaign, it was officially reported today as Britons rejoiced over the rescue by sea of 48,000 of the 60,000 British troops who fought in Greece. The total of the British casualties was listed at 2,000 killed and wounded.

Australia's acting Prime Minister A. W. Eason in Melbourne was the authority for the German casualties but gave no report.

International critics in London predicted a grand-scale Nazi assault on Egypt and the Suez Canal would begin within 10 days. In the three-week-old siege of the British garrison at Tobruk on the Northern African coast, the British acknowledged that Axis troops penetrated the stronghold's outer defenses today.

The German air force followed up the flight of the British and Greek to the island of Crete with a new bombardment of ships in Suda harbor, there seriously damaging three vessels, the German command in Berlin said.

The Rome High Command said Italian paratroopers had occupied the Greek islands of Cephalonia and Zante and land forces had occupied the island of Samos.

Eighty percent of the British troops of the British expeditionary force sent to Greece has been safely removed from the German-occupied kingdom, it was announced early today amid indications that the evacuation was continuing at a rapid pace.

Prime Minister Churchill told a cheering House of Commons yesterday that "what we are fighting against the German by a force of 12,000 of the original garrison in the B. F. F. to escape from Crete by sea."

The official announcement early yesterday showed that more than 100,000 British troops had been withdrawn from Greece, leaving only British units unaccounted for—and the British hope to save them.

British last night had and continued to actual combat around Mt. Olympus, Evros and Therapio, Churchill said, but added:

"This is a very small part of the losses inflicted on the Germans, who on several occasions have brought to a standstill the forces of the fifth and sixth armies."

The German High Command (continued on Page Three)

Huge Naval Bill Is Sent To White House

WASHINGTON, May 1.—(AP)—The Senate sent to the White House today a \$3,415,000,000 naval appropriations bill containing \$1,275,000,000 to speed the construction of 729 vessels of all types new under way in the two-year fleet program.

Meanwhile in quick response to the Roosevelt request for ships and the debarment of the Maritime Commission made plans to place 50 American tankers in the service of the British within the next few days.

'Easy Payment' For Taxes Is Proposed

WASHINGTON, May 1.—(AP)—Representative Benthoff, Republican, Wisconsin, yesterday proposed what he called an "easy payment" plan to cushion the tax load on taxpayers in low income brackets.

He told the House Ways and Means Committee his plan calls for the government to sell, through post offices, revenue stamps in \$1, \$3 and \$5 denominations. Taxpayers, he said, would purchase these stamps at their convenience and turn them in to the government in lieu of cash when tax payments fall due.

"This is a benefit to the taxpayer because it does not burden him with a lump sum payment on Mar. 15," Benthoff said. "It is also a benefit to him because he will save a little as he goes along."
