SANFORD, FLORIDA, FRIDAY, AUGUST 12, 1921

NUMBER 52

BIG BARBECUE AND PICNIC WILL BE GIVEN IN SANFORD THURSDAY, SEPTEMBER 29

Horse Racing, Tournament Riding, Ball Games, Etc.

MERCHANTS' DAY

SPECIAL SALES WILL BE PUT ON AND BIG PRIZES GIVEN AWAY

The Trade Extension Committee of the Sanford Chamber of Commerce at a meeting yesterday decided to foster a big celebration here on Thursday, September 29th at which time there will be a big free barbecue, tournament riding, horse races, ball games and a big street dance at night. This big celebration will be a conclusion of the trade extension trips that will be taken over the county and in adjoining counties to establish better relations with the people of the surrounding territory and let them know that the Sanford merchants want their trade and are going after it.

This will also be demonstrated on the big carnival day in September when all the merchants will offer special bargains and will also give away hundreds of dollars worth of free prizes at a big drawing to be held here that morning.

The tournament races and horse racing will draw people from all the adjoining territory and the prizes of \$50 in gold for the first prize and \$25 in gold for the second prizes in these races and tournament will make it worth while for the rough riders to bring their horses to Sanford and compete in the races.

The big free barbecue and basket picnic will be held on the lake front, if possible, and as there is plenty of shade here and it is in the heart of the city it should attract a big crowd from the country and prove an excellent get-together meeting for the people of Sanford and neighboring cities to get together and talk about subjects that are of importance to the people of Sanford and the folks from other places.

Last year one of these affairs was pulled off here and it was the most successful from every standpoint and it was said at that time that it should be made an annual affair. The Trade Extension Committee thought there could be nothing better accomplished in their line than to wind up the campaign by inviting everybody to come to Sanford the last of September, the merchants could put on special sales and it could be made a big celebration for the home folks and their visitors.

The affair will be wound up by a big street dance and ought to be an occasion that will be long remembered.

A more detailed account of the many events will be given in a later edition of the Herald.

MULBERRY MEN WERE RELEASED NO EVIDENCE SHOWN.

(By The Associated Press)
TAMPA, Aug. 11.—Six Mulberry men held for waylaying and beating L. P. Hughes, of Christina, near Mulberry, on the night of July 30th, were released at Bartow yesterday after a preliminary hearing. Will and Pat Johnson established alibis and the evidence against Bud Moates, Guy Stokes, Earl Taylor and Sam Smith, were so weak, they were dismissed.

F. A. MILTIMORE LIVED HERE FOR SOME TIME

MAN KILLED AT ORLANDO ALSO WROTE TO LENA CLARKE FROM THIS PLACE

F. A. Miltimore, who was killed at a hotel in Orlando last week and for which killing Miss Lena Clarke is now in the Orange county jail, lived at Sanford for several months and had charge of the restaurant at the A. C. L. station. He made many friends while here who all say that he was of a quiet and retiring disposition and attended strictly to his own business. It seems that Miss Clarke also had friends here if the following letter published in the Jacksonville Metropolitan can be taken as a proof as it was alleged to have been written by Miltimore while he was living here:

"Dear 'ZZ', received your letter so long ago. Intended to answer many times, but Well just did not get to it. Have been a very busy boy since I came back to Florida last Feb. Yes, I saw your friend at Sanford. He came in and had dinner. Did not have time to talk to him. I left the last of March. Came here and bought this place. Have been doing good business, that is considering the time of year. Expect to do fine this season, perhaps get rich and return and spend the rest of my days 'swimming.' Yes, I may go to Coronado Beach the 4th of July. Great doings there and at New Smyrna. Very sorry to hear of the sadness caused you by the death of Paul. Where do you spend your 4th?

"Would be glad to hear from you again any time and will be more punctual in answering in the future."

"YOURS AND ETC."

SCHOONER IS SEIZED.

PHILADELPHIA, Aug. 11.—The two-masted American fishing schooner Thomaston, from the Bahama Islands for Atlantic City was seized here today by customs officers on suspicion of violating the customs regulations. In announcing the seizure the customs office would neither deny nor confirm that the Thomaston was suspected of bringing liquor ashore.

ANOTHER MYSTERY MAN IN LENA CLARKE CASE, NAME IS HENRY WILSON

Under Which Name Miss Clarke Registered at Hotel

ORLANDO, Aug. 11.—Investigators are today confronted with the fact that when Lena Clarke, West Palm Beach postmistress, in jail here charged with the murder of F. A. Miltimore, registered at the San Juan hotel late in the afternoon of August 7, she registered as the wife of a man who really does exist. She registered as Mrs. Henry Wilson, Atlanta, Ga., and today arrivals in this city from West Palm Beach declare that among the private papers in her desk when it was searched were letters from a Henry Wilson, of Atlanta, Ga.

The result is that a search is being instituted for Henry Wilson who will be asked to explain his relationship with Miss Clarke and all he knows of the past of the West Palm Beach postmistress, who has admitted the killing of Miltimore, a former employee of the postoffice, in her room in the Orlando hotel, charging that he refused to sign papers absolving her of blame in the loss of \$32,000 from the West Palm Beach postoffice.

Those who have been watching the case most closely here have insisted that Miss Clarke is withholding the names of others who are involved in the affair, or at least in events leading up to the killing of Miltimore. Testimony introduced yesterday when H. D. Patterson, taxi driver, who brought her to Orlando, was being given a hearing, indicated that another person might have been in the car which brought the postmistress to Orlando. Attempts are being made to find other persons who should be able to give testimony of importance relative to the entire case.

Patterson, the chauffeur, who received \$100, according to statements made soon after the murder, for bringing Miss Clarke to Orlando, is yet without his liberty though his attorneys argue that no evidence has been brought out which would tend to incriminate him or show that he had any connection with the crime.

PATTERSON HELD

ORLANDO, Aug. 11.—Baxter H. Patterson, who on Monday last was arrested as accessory with Lena Clarke, in the murder of Fred Miltimore, was held under \$5,000 bond for trial late yesterday afternoon by Judge Frank Smith. Patterson says he will give bond within two hours.

SQUAWKERS GET BUSY ON AMERICAN LEGION

SOLDIERS AND SAILORS LEAGUE WANT AN INVESTIGATION MADE

(By The Associated Press)
WASHINGTON, Aug. 11.—A Congressional investigation of the American Legion's organization and alleged "scandalous and disgraceful conduct of small coterie of self-constituted, self-perpetuating officials" was asked in a petition presented today to Vice-President Coolidge and Speaker Gillett by Marvin Oates Sperry, the national chairman of the Private Soldiers and Sailors League. It is charged that a small group of men furnished the financial backing for the Legion and its officers were working in the interests of those men and for their own personal benefit.

REPORTER-STAR OF ORLANDO, SUED FOR LIBEL

T. T. REESE, OF WEST PALM BEACH BROUGHT INTO CLARKE CASE

Two suits of \$50,000 each were filed Saturday against the Reporter-Star and J. C. Brossier and R. B. Brossier, editors, and the Metropolis Publishing Company and S. Bobo Dean, editor, of Miami, by T. T. Reese, president of the Farmers Bank and Trust Company of West Palm Beach.

Mr. Reese charges libel in an article printed in the two newspapers last Thursday, in which it was stated that Reese was absent from the city. The article also rehearsed the fact that several months ago he (Reese) was sued for \$50,000 by Miltimore.

An affidavit of good faith accompanied the filing of the suits. When asked this morning what steps he intended taking regarding the suit, Mr. J. Clement Brossier, managing editor of the Reporter-Star, he only smiled and said, "my attorneys will do my talking."

This remark was perhaps not original, as it has been made to Mr. Brossier so often the past week when endeavoring to secure information from the principals in the Miltimore murder case, he seemed to enjoy the humor of it thoroughly.

Reese is being sued for divorced by his wife, Mrs. Belle Reese, the suit having been filed first on April 27, 1920, but was later withdrawn. On January 18 last the judge ordered the case reopened, and L. R. Baker, who was made special examiner of the case, has completed the examination but is not quite ready to file the testimony.—Orlando Reporter-Star.

MASKED MOB BREAKS JAIL AT AUGUSTA

Looking for Murderers of Taxi Driver of Columbia, S. C.

PRISONERS GONE

HAD BEEN SPIRITED AWAY TO SAVANNAH JAIL BY THE SHERIFF

(By The Associated Press)
AUGUSTA, Ga., Aug. 11.—A mob of masked men from South Carolina points, estimated at one hundred or more, traveling in twenty-five automobiles, made an unsuccessful raid upon the Richmond county jail and the county stockade here between 4 and 5 o'clock this morning, their purpose being to secure C. O. Fox and Jesse Gappin, charged with the murder of William Brazell, 19-year-old taxi driver and college student of Columbia, South Carolina. Sheriff Plunkett outwitted the mob. A meager report of men gathering in South Carolina points filtered through in the early part of the night and at 10:30 last night the sheriff placed the prisoners in an automobile and rushed them to the jail in Savannah. After searching the stockade, outside of the city, the mob visited the jail where the committee searched the premises to verify a statement of the jailer that the prisoners were not there.

CATHOLIC PRIEST WAS MURDERED IN CALIFORNIA

BY UNKNOWN PARTIES AND HIS BODY BURIED IN RAVINE

(By The Associated Press)
SAN FRANCISCO, Aug. 11.—The body of Father Patrick E. Heslin, missing Catholic priest, who disappeared from his parish, Holy Angela church at Colma, the night of August two, was found buried at the bottom of a sand cliff near Salada Beach on the Pacific coast about twenty miles north of San Francisco. Father Heslin was murdered as there was a bullet hole through his heart and head, the latter shot having torn away part of his skull. The body was exhumed last night.

The party which exhumed the body last San Francisco late last night, acting on a tip given by William A. Hightower, who discovered the grave, and the body was exhumed by the light of a lantern. Hightower was later held by the police pending further investigation. Hightower, according to police, said he acted upon a clue given him by Dolly Mason, whom he previously had known in Salt Lake City. The woman, he said, told him Sunday night she had met a man who appeared to be a foreigner Friday and who on becoming intoxicated had made a broken revelation to her. The police are searching for Dolly Mason. At times the foreigner, the woman told Hightower, expressed hatred for the Catholic church.

Archbishop Hanna, of San Francisco last August 3rd received an anonymous letter demanding \$5,500 for the safe return of Father Heslin and yesterday the Archbishop received another letter demanding \$15,000 ransom. Father Heslin was last seen alive about 9 o'clock the evening of August 2nd when a stranger drove up to the parochial residence at Colma in an automobile, under the pretense that he wanted the priest to deliver the last sacrament to a dying relative he succeeded in getting Father Heslin to accompany him.

American goods are being returned in quantities from South American countries because they cannot compete with German and Belgian products which are offered from 20 to 75 per cent lower than ours. Must our glowing prospects of South American trade be sacrificed to the sacred shibboleth of "protection?"

MRS. JENNINGS HONORED

(From Monday's Daily)
The many Sanford friends of Mrs. W. S. Jennings will be interested in the following clipping from the Pittsburgh (Pa.) Index. After attending the great Salt Lake council Mrs. W. S. Jennings visited Mrs. Joseph Beatty, of Pittsburgh, who is a winter visitor in DeLand and a member of the DeLand Woman's Club:
"Seldom has Pittsburgh had a more interesting or more important visitor among women who are doing things in the world than Mrs. W. S. Jennings, of Jacksonville, Fla., vice-president of the General Federation of Women's Clubs, who has been in the city for the past ten days, the guest of Mrs. Joseph Beatty, of Ellsworth avenue. Mrs. Jennings is devoting all her time to home demonstration work, which is done under the Lever act in co-operation with the U. S. department of agriculture. Within the past eight months 35 states have been organized in part and women workers are demonstrating the principles of right living, how to get the most out of life and how to make use of what they have, among the women in the rural districts of the country. Explaining to the farmers' wives how they may make their work easier, thereby winning a little time for the things of life, is part of the work of these home demonstrators. Another thing they do is to make country life more interesting for the young people in order that they will stay on the farms."
"Thursday afternoon following a luncheon given at the Allegheny Country club by Mrs. Geo. Phelps spoke at a meeting of Sewickley valley women at the Edgeworth club. On Wednesday Mrs. Beatty gave a luncheon of twelve covers at the Schenley for her guest, Tuesday Mrs. H. T. Price gave a luncheon and Saturday evening Mrs. Jennings was honor guest at a dinner given by Mrs. C. H. Kerr, at their summer home in Northern Pike. She was the guest of Dr. and Mrs. W. A. Stewart of Thistle Gate over the Fourth of July.
"Mrs. Jennings made many addresses during her stay in Pittsburgh. As a result of her visit, the Congress of Women of Allegheny county, composed of 119 organizations, will be brought into the general federation."

SOUR STOMACH INDIGESTION

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."
"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."
Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.
Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E. S.

EXTENSION OF TRADE NEXT PROGRAM

Chamber of Commerce Will Foster The Idea

DEVELOPES TRADE

AND CREATES A BETTER COMMUNITY SPIRIT BETWEEN TOWN AND COUNTRY

(From Saturday's Daily)
It may not be amiss to discuss the purposes of trade extension journeys, conducted under the auspices of commercial organizations, describe the attitude of the visiting jobber and merchant towards the customer in the town visited, and point out the benefits to be derived by all the factors involved.

The larger and average sized commercial centers of various sections of the country have in recent years engaged to a considerable extent in so-called trade excursions or merchants' trips. Their value, or at least their popularity is established. But, it may also be well to analyze more closely just wherein and to what extent the trade extension journeys are beneficial to the business houses that engage in them and to the city that promotes them. The benefits or advantages derived from them may be summarized as follows:

First: They promote the spirit of friendship among those who participate in trade extension journeys. Business men are afforded an opportunity to become more intimately acquainted with their competitors, learning to appreciate one another as man against man, with the tendency to substitute wholesome competition for unfriendly rivalry.

Second: The members or managers of a business firm who participate in such trips have an opportunity:

(a) To meet their customers, in person which is usually appreciated and which tends to strengthen the business relations existing between the firms and their customers.
(b) These trips are apt to prompt immediate orders or pave the way for future orders. Frequently a sufficient number of orders are secured by business men, the profits upon which cover the cost of several trips.
(c) The visiting merchant is afforded an opportunity to see his customer in his home environments and under conditions which furnish an answer to the question: "Is this a careful business man? Has he a good store, centrally located? Does he keep his stock in good condition?" In the adjustment of credits it is important to know something about his customers' methods of doing business and the reputation he has at home.

Third: Affording an opportunity to those who have no trade in the region visited to study its business possibilities. It has frequently developed that business houses have found it to their advantage to place salesmen in a field after visiting the same that had before such visit seemed unpromising. Thus, many new trade accounts have followed as a result of these trade extension journeys.

Fourth: A distinctive gain is made for the city that engages in these trips. If the firms and individuals engaged in them do not derive an immediate benefit, there is still an advertising value which goes to the city. It adds a prestige to such city which could be gained in no other way.

From the standpoint of the cities visited experience has taught that the expressions of good will and friendship showered upon trade emissaries of this character along the routes travelled are usually of the most sincere and cordial character. The personal expressions as well as the numerous speeches made, taken in their entirety, reveal the elements of genuine hospitality, geniality and good fellowship.

Now while the attitude of the smaller centers of population is not entirely selfish in character there is usually a reciprocal spirit which forms an important stimulus toward strengthening business relations.

The basis for a friendly attitude on the part of a smaller town is usually found in the following:

First: A local pride in the thought that an important trade extension trip honors the town with a visit. Such events are comparatively rare.
Second: A satisfaction in being afforded an opportunity to point to the home town's achievements and possessions. Whether the local commercial, industrial or institutional interests are large or small, the resident citizen is always proud to dwell upon them.
Third: The authorities usually recognize the fact that hospitality is the virtue which applies to committees as

well as to individuals, and that hospitality manifested on occasions of this kind denotes also the enterprise and public spirit of the people.

The Board of Governors of the Sanford Chamber of Commerce at their last meeting voted to promote a Trade Extension Trip, and accordingly a committee comprising the business men of Sanford was appointed to begin preliminary plans necessary to make this undertaking a success. Sanford business interests to a great extent depend upon the trade from the territory contiguous to Sanford. A visit of the business men of this city to the other communities in this county and if found advisable, to other counties, should be a prime factor in promoting and cementing better trade relations with these communities. In the final analysis business is a matter of reciprocity and more particularly during this period of readjustment will it be of advantage to our business men to make aggressive attempts to secure a greater volume of business. A very trite and pertinent slogan is to the effect that "the business of 1921 goes to the fighter."

COMB SAGE TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.—Adv.

DELIGHTFUL BRIDGE PARTY.

(From Wednesday's Daily)
A delightful social event of yesterday afternoon was the bridge party given by Miss Mable Bowler, at her home on Magnolia avenue, the guests including the members of the Monday Bridge Club and a few extra guests there being three tables of players.
A charming color scheme of pink was emphasized in the use of roses hibiscus and crepe myrtle, combined with fern, which were artistically arranged in vases and baskets in the rooms where the card tables were placed.
Several absorbing games were played, and the prize for the club members, a silver lemon fork was won by Mrs. E. F. Household, while the prize for the high score among the guests, a gold china salt and pepper shaker, was presented to Mrs. George Bishop.

At the conclusion of the card came delicious refreshments consisting of fruit ice and individual cakes carrying out the pretty color scheme were served by the hostess assisted by Miss Patsy Aycock.
Among the guests present were: Miss Mell Whitner; Mesdames Geo. Bishop, Sam Yountz, W. J. Thigpen, Carl Roumillat, of Jacksonville; D. L. Thrasher, J. C. Bennett and W. T. Morgan. The club members were Mesdames Claude Howard, A. B. Wallace, F. E. Roumillat, E. F. Household, B. L. Perkins, M. S. Wiggins, D. P. Drummond and W. C. Hill.

WESTMINSTER CLUB
(From Tuesday's Daily)
Mrs. Fred Wight and Miss Perrie Lee Bell entertained the members of the Westminster Club at the home of Mrs. D. C. Caldwell on Seventh street yesterday afternoon.
A regular business meeting was held and it was decided not to have another meeting until September 12. Sewing on articles for the bazaar and other fancy work were done by the members. After the business had been attended to a social hour was enjoyed. Fruit salad with accessories and iced tea were served by the hostesses, assisted by Miss Lettie Caldwell and Mrs. Wideman Caldwell.
There were thirteen members who enjoyed this delightful meeting.

ST. AGNES GUILD.
(From Tuesday's Daily)
The members of the St. Agnes were delightfully entertained yesterday afternoon, by Mrs. Ed Lane at her home on Park avenue.
The first part of the afternoon was devoted to the business meeting. Several things of importance was discussed, among them being plans for the Xmas bazaar, and other entertainments for the winter season. After the business session a social hour was enjoyed. Mrs. Lane, assisted by Mrs. Archie Betts, served a dainty ice course. Members of the Guild present were, Mesdames M. Minarik, Archie Betts, Julius Tackash, Fred Daiger, S. M. Lloyd, Clifford Peabody, Chris Matthews, Raymond Key, J. B. Coleman, A. W. Lee, and John Leonard.

The next meeting of the Guild will be September 12th, at the home of Mrs. A. W. Lee, 200 Laurel avenue.

ELECTRIC R. R. LINE TO PABLO MAY BE BUILT

JACKSONVILLE, Aug. 8.—Agitation in this city, and towns on the Mayport branch of the Florida East Coast Railroad, including South Jacksonville, Arlington, Mayport and Pablo Beach, directed towards the building of an electric railway connecting South Jacksonville and Pablo Beach has resulted in tentative proposals of two routes.

Public spirited citizens have organized into the Beach Car Line Association, and from this association a committee, headed by H. P. Adair, as chairman, has sprung, charged with the task of gathering information as to how the project may be best accomplished.

Tentative reports have dealt with the proposed purchase of the Mayport branch of the Florida East Coast and the building of a line routed along the St. Johns river through Arlington.

The Florida East Coast railroad is willing to sell its Mayport branch for \$15,000 a mile, the committee reported. The road was originally built, it is understood, for the purpose of hauling coal from the docks at Mayport, which is situated at the mouth of the St. Johns river. The East Coast also operated a hotel at Atlantic Beach. The hotel was burned and the introduction of oil burning engines on the system, has done away with the necessity for hauling coal, it is said.

No reply has been received, the committee reported, to its inquiry to the Stone and Webster Engineering corporation as to whether it would be interested in constructing an electric line to the beach.

Such interurban service, the citizens interested state, would work greatly towards building up this section of the state.

NOSE CLOGGED FROM A COLD OR CATARRH
Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.
Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Adv.

LECTURE ON CHILI.

The lecture on Chili at the Baptist church Sunday night by the Rev. Cecil Moore, a missionary from that interesting country, was enlightening, entertaining and inspirational. Few persons among us of the congregation, probably, realized the wondrous extent of that long narrow strip on South America's Pacific coast called Chili. We were informed that according to maps, it would stretch from Hudson Bay to Honduras. It is a republic with great mineral wealth; our largest resources for nitre, while rich mines of copper and silver abound, and coal is abundant.
But with all these natural resources, and advanced civilization in government, Chili needs a purer form of religion, one that will lift her to a higher plane of deeper spirituality. Mr. Moore is devoting his life to plant loftier ideals and nobler inspirations. He speaks again on this subject next Sunday night.

THE SANFORD BUILDING & LOAN ASSOCIATION AND WHAT IT MEANS

The Herald is deeply interested in the Sanford Building & Loan Association, not from a monetary standpoint, but from the viewpoint of a citizen who has been here ever since this institution started, who built a home through the association and who has been a staunch friend of the association for years. It seems so absurd for citizens of Sanford to put their money in outside investments that promise much and give nothing in return when there is the best investment in the world right at your very door. The first real reason for investing your money in the Sanford Building & Loan Association is the fact that it is safe and sane and sure. This means that regardless of whether you have any sentiment in the matter it means a good investment from a purely business standpoint. The second reason is that it is a home institution and you are keeping your money at home which is the very foundation of building a great city. The third reason is that you are building up your city and right now when the Building & Loan Association has loans aggregating almost \$100,000 for new homes that people want to build and the mon-

ey is not forthcoming it would seem that the folks who have money to invest would stop and consider all that it means to you and to the city of Sanford to place your money in the Sanford Building & Loan Association. There are hundreds of reasons why you should invest your money at home. There are hundreds of reasons why you should invest your money in the Sanford Building & Loan Association.

Just why people do not invest their money at home is one of those strange problems that are beyond the comprehension of those who make a study of the whims of the public.

If sufficient money was invested in the Sanford Building & Loan Association right now Sanford could have ONE HUNDRED NEW HOMES READY FOR OCCUPANCY THIS WINTER.

Think of what this would mean in the influx of new people here when we need them. Think of the employment it would give to the builders of houses. Think of the money that would be spent through all the trade channels.

Will you stop and think at all?

SEMINOLE WANTS BRIDGE ACROSS ST. JOHNS RIVER AND WILL HAVE IT, TOO

County Commissioners Take Action and Results Will Follow

Tired of waiting for some kind of action on the part of the Volusia county commissioners, by which a bridge across the St. Johns river at the Osteen ferry might be constructed by Volusia and Seminole counties jointly, the Seminole county commissioners have decided to take matters entirely in their own hands and build the bridge, whether Volusia county wants it built or not.

That is what may be judged by an action taken at the recent meeting of the Seminole county board, when the board authorized the construction of the bridge according to plans already prepared and submitted by Engineer F. T. Williams, and the clerk of the board was instructed to submit these plans to the federal war department for approval before actual construction work was started.

From this action it looks like the much needed bridge may be built, unless Volusia county politics steps in and refuses to permit the Seminole county commissioners to put the east

end of the bridge on Volusia county territory.

The report of the proceedings of the Seminole county board at its last meeting shows the following action was taken:

The following resolution was offered by Commissioners C. W. Entzinger, who moved its adoption, same being seconded by Commissioner L. P. Hagan and adopted:

Whereas, The traffic across Osteen ferry has grown to such an extent that it is desirable to replace said ferry with a bridge, both for convenience of the public, as well as in the interest of safety, and feeling that it is to the best interests of the citizens of the county to construct this bridge; therefore,

Be It Resolved, that the Board of County Commissioners of Seminole county, Florida, in regular session this 5th day of July, A. D. 1921, do hereby authorize the construction of a bridge across the St. Johns river at Osteen ferry, according to the general plans submitted by Fred T. Williams, engineer, and the clerk of the board is hereby ordered to submit the plans to the secretary of war for approval.—New Smyrna News.

SUNDAY BIG DAY FOR DR. GEORGE HYMAN.

(From Monday's Daily)
Yesterday was a big day for Dr. George Hyman, who is now in Philadelphia, and who supplied the church of his old friend on his birthday and that he has been treated so royally by Dr. Conwell and the people, made him feel like rejoicing and he wants his friends here to rejoice with him, hence his word to the Herald telling about the big day. Dr. Hyman says that Dr. Conwell has a great church and school, but that Sanford can also have great churches and schools if we will stick to it and stand by them. He sends best wishes to all the Herald force and all his Sanford friends. He expects to be absent in the north for about ten days.

KILLEBREW GOES TO SANFORD TO BECOME POLICE CHIEF THERE.

Detective J. A. Killebrew of the Tampa police department, was presented with a handsome pipe, the exact reproduction of the one he lost recently while on a raid in which several shot were fired at him, by the members of the detective department yesterday.

The pipe was engraved with Mr. Killebrew's name and had the donors' names inscribed on it. He also was given a big carton of fine tobacco and some matches. This token of the esteem in which Mr. Killebrew is held by the members of the detective department, was exhibited because of the resignation of Mr. Killebrew, effective today.

Mr. Killebrew will go to Sanford to take the office of chief of police of that city under the commission-manager form of government, which is in operation there. He formerly was in Sanford and was the town marshal when the city was much smaller, which was many years ago. He will leave for Sanford this morning.—Tampa Tribune.

IF BACKACHY OR KIDNEYS BOTHER

EAT LESS MEAT, ALSO TAKE GLASS OF SALTS BEFORE EATING BREAKFAST

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back-ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

THE U. S. NOBBY TREAD

Where the going is especially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

In its simplicity—three rows of diagonal knobs, gripping the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

If every one listened to experience, how much they'd save

STOP and talk to the next man you see with U. S. Tires on his car. Ask him why.

Most likely you'll hear an interesting story about his tire experiments—before the answer was found. Money wasted. Promises unkept. Trouble on the road—humorous to every one except the man who went through it.

Finally U. S. Tires. And U. S. Tires ever since.

Perhaps it's the experience of U. S. Tire buyers that makes them more emphatic in their preference than ever this year.

When these men have tried most

everything by the way of "staggering bargains", "hurrah discounts", "discontinued lines at less" and so forth they know what not to get.

They want a fresh, live tire. With a good reputation. That's everything it says it is. With the people behind it who back it up.

There are 92 U. S. Factory Branches. Your local U. S. Dealer is drawing upon them continually to keep his stocks sized up, complete—to give you service.

Whenever he gets one or a hundred tires from a U. S. Factory Branch, they are newly made this season's tires.

Sold to you at a net price. Full values. Square-dealing. A reputable maker. A reputable dealer. The whole transaction as befits the leadership of the oldest and largest rubber organization in the world.

We have so much to live for in this bustling city on the St. Johns.

Have you put your money into the Sanford Building & Loan Association?

Did you ever see so much building going on at one time? We will be taking care of many people this winter.

Or have you invested your Sanford money in some out-of-town wildcat proposition that will never bring in a cent to you?

Keep your eye on the golf links and country club. It means so much for Sanford that the city could well afford to issue bonds for it.

The Sanford Chamber of Commerce is leaving no stone unturned to bring the people here. It will be up to the home folks to give them rooms.

That golf links and country club should be taking shape. It is the one thing needed if Sanford expects to get real tourists. They want golf and golf they will have.

W. H. Ott said yesterday men's collars were being cut lower in accordance with the shortening of women's skirts—to give plenty of freedom in the neck.—Lakeland Star.

See in the Sanford Herald lost column where someone lost a "small stray suit case," suppose it just strayed away.—Reporter-Star. If it came from the East Coast, we would say "yes."

We do not need to praise our town now? Every visitor to the city is doing it for us. One man here today said it was the most prosperous looking place he had seen in the entire South.

Remember the golf links and country club. All else pales into insignificance. No golf links, no tourists. No tourists, no big town. Get it straight and keep it straight. It all comes back to the golf links and you can't rub it out.

"Who is Henry Wilson and what connection has he with the Clarke case?" asks the Orlando Reporter-Star. We don't know, brother, but Judge Housholder would probably say he was "old man Wilson's son" according to the records of Pinellas county.

Some of the merchants are letting a golden opportunity get by them in sleeping through the month of August. This is the time for special sales and a stimulation of business. This is the time to get rid of your summer goods and get ready for a big fall and winter business.

The city dock should be torn down and a concrete dock or something as good should be built at the foot of Park avenue. With little outlay a decent landing place and pavilion could be made for the tourists this winter. What a shame we do not pay more attention to beautiful Lake Monroe, one of our best assets.

The class of merchandise that Sanford merchants are selling now is bringing the trade to this city. Getting away from the country store style of selling goods and getting into the big city style has brought our city into notice with the buying public. The old days of merchandising are past. It is the live, wide awake advertiser who gets the business now. It does not come to you any more—you have to go after it.

Billy Sunday cancels his engagement with Orlando this winter and his reason is that Orlando would be too busy entertaining tourists to give his meeting much attention. We say that Sanford is also in the same class. We are too busy entertaining those that bring something instead of those that carry out. The Orlando Chamber of Commerce released Billy from his contract right now. That meeting would have bankrupted Orlando.

Don't worry, don't hurry, eat plenty of nourishing food, drink plenty of pure water, wash your hands before meals, clean your teeth twice a day, wear comfortable clothes, get long hours of sleep in the fresh air—and health is yours say some of the doctors teaching folks to avoid tuberculosis.—Miami Metropolis. Yes, but gee whizz, man, after you do all that what's the use of living?

Florida newspapers are beginning to publish prophecies made by returning travelers regarding the "big season" that this state is to have this year. Indications strongly point to the greatest tourist season in the state's history? People find it is as yet far from joyful to go pleasure-seeking in war-ravaged Europe; Florida makes a better playground.—Miami Metropolis.

In glancing over the box car letters at the head of the Reporter-Star of yesterday, it seems that they issued an "EXTRA" telling about the mystery of the bathtub or who gave the wine? Anyhow, it showed enterprise, and enterprise is what makes newspapers. The Orlando papers have a cinch now for news. Whenever the case drags, they can "glean" another story from the cell of Miss Clarke.

Eustis has a live board of trade and it gets advertising whenever there is a chance. Some few months ago a small party of enthusiastic fishermen went for a record and the catch was photographed. The fishermen and their fish made a very fine showing and the board of trade has reprinted the picture, with a few facts concerning Eustis as a place to "catch 'em," and is sending the double postcard broadcast. The picture is certain to attract attention and every sportsman will note and remember.

The Sebring White Way says that the Scott Lumber Co., is getting ready to erect a big crate mill in Sebring. All the machinery necessary for the manufacture of fruit boxes has been ordered and will soon arrive and be put in position. It is expected to have things ready for work within four or five weeks. The crate mill at Sebring is announced to have a capacity of 15,000 crates a day. A saw mill will be operated in addition to the crate mill and the pay rool will help along in every department of business.

Sanford can boast of two generous hearted merchants. They are Messrs. McKinnon and Bradford, of the Sanford Shoe & Clothing Co., who, a few days ago donated to the Methodist Orphanage at Enterprise, twenty-six new suits of clothes for the little chaps housed therein. As these suits retailed at \$10 each it can readily be seen that the gift was a valuable one to the institution. Not often is such generosity displayed and the gift was highly appreciated.—Times-Union.

Dr. Blackman has a good article on tick eradication in this issue of the Herald. We still believe in tick eradication. So does the man who owns the cattle. Just how to operate this dipping is the question and eradication will be carried on regardless of opposition. But the Herald agrees with Dr. Blackman in the statement that no question is settled until it is settled right and this certainly applies to the cattle question. We will await the result with the hope that all parties can get together on the broad plane of the greatest good to the greatest number.

Miss Clarke, held for robbery of the Palm Beach postoffice and also for the murder of Miltmore at Orlando, seems to be having a merry time with the police and county officers, detectives and newspaper men. She "spills" a new story every hour and the latest is that she might have killed Elwell, the whist expert and millionaire club man, of New York, who was found dead in his hotel room in New York last year. We have no doubt in the world but that, if allowed to go as far as she likes, that Miss Clarke, will eventually be accused of "hitting Billy Patterson," and hiding Pearl Bryan's head at Cincinnati, two crimes that happened while she was a baby.

The town of Osceola, formerly Bridge End, has a large population of people who are making good wages. They could come to Sanford day and night if there was a good road connecting up with the Sanford-Geneva road. Now they cannot get here without going through deep mud and in many times of the year, deep water. Bringing these people to Sanford would mean greatly increased business, but it seems that a good road to Osceola cannot be built. This is a matter for the merchants of Sanford to investigate on their Trade Extension tours. And this Trade Extension tour should start this week if possible, in order that the entire county can be covered before September.

Every day is better in Sanford.

KEEP THE BUSINESS COMING.

Sanford is enjoying one of the most active and prosperous summers in the history of the city. This is due to the fact that building operations are growing apace and also that the merchants of this city have not taken their customary vacations and allowed business to drag. Instead of that they have put on special sales all summer and have stimulated trade as never before, assisted by the Daily Herald. Operating the daily all summer has also kept the interest in the city aroused and brought much trade and business here. Now the right idea is to keep this business coming right along through the remainder of the summer which is really August and September. It means that everything that can be arranged in the way of entertainments to bring the people to Sanford should be given during these two months. The work of the Chamber of Commerce and all of the various organizations has not slacked up in any particular. They have all kept going through this summer and none of us have slacked in staying on the job and keeping Sanford moving. It is rumored that the ladies have a surprise for us in the shape of a big celebration in August (this month) and will spring it today or tomorrow and it will be in the shape of a celebration and trade stimulator. It will mean special sales of the merchants and a big jollification. Along the same line the Trade Extension Committee of the Chamber of Commerce will put on a big barbecue and tournament contest on September 29th that will be a record breaker and here again the merchants will assist by giving away special prizes and having special sales and demonstrate to the visitors that the business men of this city want their trade and they also want them to feel that Sanford can and will play host at various times during the year. The barbecue and basket picnic is an old time institution that has never grown old and never fails to bring in the people. It is usually held in the country but Sanford is ideally situated to entertain the people and we want them to feel that we can have something to eat in town as well as the country folks and we do not want to ask them to play hosts to the hungry all the time.

All of these affairs are good for business. All of these affairs are good for the people of Sanford. It gets them out of the old rut of waiting for business. It gets them in the big city class of going after business and showing the trade that they want it. It means a general gathering of the people for the purpose of renewing old acquaintances and making new ones. It brings people together for the purpose of discussing those things that are of vital interest to all of us and it means a bigger Sanford.

We should keep them coming to Sanford all the time. It puts this city on the map as being a live one. It keeps all of us alive and prevents us from taking that summer siesta that we would take if we did not have these affairs and special drives and special sales to keep us busy.

AS THE EDITORS SAW US.

The papers are still filled with glowing reports of Florida from the members of the National Editorial Association tour. The following, from the Newton, Mass., Graphic, is about Sanford:

Our Orlando-drive ended at Winter Park, the home of Mr. Bachellor, and a truly lovely spot. It was said to be the home of only the wealthy, and I could well believe it. Here, after more orange juice, we were met by a bevy of automobiles from Sanford and were soon on our way to that city, celebrated for its celery. I was fortunate in selecting a car driven by one of the best known men of that city and gathered considerable information. He told me that only the previous night 72 carloads of produce had been shipped from the town, and over 5,000 carloads would be shipped before July 1st. Last year the expense for transportation and refrigeration on Sanford shipments had been over two million dollars. This led to a discussion in which it appeared that the cost of transportation seems to be the principal difficulty of the future market for Florida products.

Sanford is surrounded by celery farms. Three crops are raised each year on the same land, celery, peppers and hay or celery, lettuce and corn. A celery farm calls for a large sum for investment as the land must be irrigated at a cost of \$800 an acre. But there is a fine profit if crop and market conditions are good. For while it costs \$800 an acre to put celery on the farm, the gross profits on a 25-acre farm will total \$95,000 and a net profit of \$50,000. These are war-time prices. In addition to the celery the farm also has the other crops noted, and 4 acres of peppers are said to yield \$2,780 a year.

The celery is not bleached with earth as it is done in the market gardens around here, but is covered with

LET HENRY FORD DO IT.

That horrid Ford person, surnamed Henry, has broken loose again, and like a mad bull in a China shop is knocking the studied arguments, carefully rehearsed testimony and fantastic claims of frenzied railroad financiers and mismanagers into a cocked hat by a practically demonstration that indicates they are either liars, fools or plain thieves and a probable combination of all three.

HIGH RAILROAD RATES MUST BE REDUCED

The Times publishes in another column an article appearing as a cover page editorial in the Manufacturers Record, with the heading "Exorbitant Railroad Rates Must Be Reduced." The truth, expressed in the headline is so manifest that it ought to need no argument. The 600,000 idle freight cars scattered on sidings all over the country, attest it in tones that the railroad managers should hear and heed. Why are all these cars idle at the beginning of the busiest season in the railroad year? The country is full of grain that must be moved to the seaboard, and the shelves of the manufacturers are groaning with goods to be transported to buyers in the interior. There should be freight moving in long train loads, both ways across the country. Why all this inertia and stagnation of business? Why is it that shippers all over the country are turning to the water routes with a unanimity they have not known since the railroad first took over the business of transportation? Have the railroad managers ever considered this matter in the broad light of reason and common sense? If they have, the answer would seem so obviously that the wayfaring man, though a fool, could not miss it, and the managers are not fools by any means. They rank among the shrewdest and best business men in the whole country. If they are why do they persist in adherence to a policy which is not only proving suicidal to their own interests, but destructive to the entire business of the country as well? Can they not see that their general turning to water towing and motor trucks means to them? Do they not realize that their long-time domination of the transportation interests of the country is slipping away from them, and the vital importance of retaining their hold upon it? The only answer possible is that they have allowed their greed for immediate profits to overcome their judgment. They have placed a heavier burden on the business of the country than it can carry. They have attempted to grab all, like the dog and the bone, and they are in danger of losing what they had. When the farmer and the manufacturer cannot see a reasonable return for his toil and trouble and investment, he will cease to produce, and there will be no freight for the railroads to move. It has come perilously near to that in the recent past, as the fields of rotting, ungathered produce, and the smokeless factory chimneys testify. When the railroads exact more for carrying the farmer's produce to market than he gets for raising it, he begins to realize that he is playing a losing game with the cards stacked against him, and he will withdraw as soon as possible. When he drops out, the railroads must soon follow.

Their true policy would be to cut rates to the bone, even if doing so should eliminate all profits for a year or two. This getting back to normalcy is a hard and painful process for all of us, and the people can see no reason why the railroads should not do their bit with the rest of the world. We recognize the burdens which an inefficient and unwise government management placed on the roads in the way of depleted and worn-out equipment, of superabundant and exorbitantly paid labor, etc., but that era has passed out, and the roads will eventually succeed in raising the incubus. All that we ask of them now, is their assistance in returning to normal conditions. If they give us that in the way of fair and reasonable rates, they will find the public glad to co-operate with them in the effort to restore better conditions. If they refuse, and continue to gouge the public with unjust and unreasonable rates they will arouse a spirit of animosity which will result in restrictive measures, which will make those of the past seem like the extreme of liberality. The people rule in the last resort, and the railroad managers may as well acknowledge it first as last and shape their course accordingly.—Tampa Times.

BABSON GIVES FLORIDA A FINE BOOST

The Thomas Advertising Agency is giving wide publicity to a recent Babson report which takes a very encouraging view of business conditions in Florida. Following are extracts from the report:

"Florida, like every other state, has been undergoing readjustment. It should not be classed with the remainder of the South, however, as it is very much better off. In fact, few states have weathered the depression better than Florida. Sections depending upon lumber, naval stores and phosphate rock are dull; but throughout large areas of the state, conditions are somewhat favorable and should well repay sales efforts.

"Florida is not a cotton state, and cotton is the root of the present depression in the South. Florida's crop value last year was but 17 per cent less than in 1919. The country as a whole reported a loss of 25 per cent, and neighboring cotton states an average decline of about 40 per cent. Moreover, while the income from Florida's crops last year was somewhat less than in 1919, it was 38 per cent greater than the 1914-1918 five-year average. Few states can give such a favorable report.

"The citrus and truck seasons have been over for some time. Shipments were exceedingly large, but the net returns to the grower were small owing to weak markets and excessively high shipping charges. Profits were not large; neither were losses. As cotton, corn and wheat farmers nearly all lost considerable money last year, Florida has much to be thankful for. The tourist crop of 1920-21 was one of the best in years, and towns deriving benefit from this source are reasonably prosperous.

THINGS TO WORRY ABOUT.

Worry operates on the mental qualities as does rust on metal. It weakens, and if persisted in, destroys. And after all there are so few things that one should permit to worry one. If an apparent trouble is the result of individual dereliction worry is not the remedy, but that action necessary to overcome the dereliction. If the trouble or embarrassment comes about through no cause answerable to the individual, then to worry is foolish because it accomplishes nothing.

There is no more fruitful cause of worry than the stories set forth about one. Yet no one should or can justly be held accountable for what their friends or their enemies say. The one slanders because of partiality, the one is at times almost as embarrassing as the other. The consequence of each is this: No friend believes the slander and no enemy is willing to accept the flattery. So why worry?

There is substance in neither the one nor the other. It is, perhaps, unavoidable, that slander or a mere half-truth must cause pain. Yet if there is the consciousness that it is not true and that one's life and conduct gives the report the lie, self interest alone should impel one to avoid letting it corrode the mind with worry.

There is nothing so utterly unnecessary and illogical as worry. If the trouble, which merely threatens or the possibility of which is recognized, is avoidable, then the crisis calls for clear-headed action, and clear-headed action is not possible with worry present.

One is reminded of the proverbial octogenarian which called his consorts to his side as the death dew gathered. "Sarah," he said feebly, "we have lived a long life together and in the main it has been a very happy life. It was worth it. We thought we had lots of trouble, Sarah, but looking back on it we know that most of it never happened."

That's the pith of the argument. Most of our troubles never happen. So why worry.—Tampa Tribune.

Another phase to the legislation, antagonistic to tick eradication in Florida will deprive the state of the publicity it has acquired for cattle raising. There are some fine herds of blooded cattle in Florida, one of Ayrshires in Polk county is the finest in the United States, and the owners have been sending them outside the state to compete in exhibitions with other livestock. It is not possible to send these fine cattle, which have taken several prizes, outside the state, because of the quarantine measures against Florida, owing to its lack of tick eradication work. Progressive cattle men, interested in raising the standard of the cattle industry in Florida have reason to feel discouraged. Florida is an ideal state, owing to conditions of climate for the cattle industry, but it can never make a marked success as long as no protective measures are taken against the tick.—Sarasota Times.

UPSALA AND GRAPEVILLE

Fred Krell, one of the A. C. L. shop men, took a trip down to Tampa for a few days where his wife and child are visiting.

Miss Tumblin and little niece, Rebecca Tumblin returned to their home in Jacksonville last Sunday after a number of days spent at the home of her sister, Mrs. W. C. Tyner.

Mr. and Mrs. Barney Beck and children and Mr. and Mrs. Westerdick picnicked at the beach on Sunday, motoring over for the day.

Mr. Ambrose and family had the pleasure of a visit from two of his brothers this past week. He left with one of them on Monday for Wauchula and possibly other points in their car on a business trip.

His wife and little daughter, Roberta, were the guests of Mrs. Franklin, in town.

Mrs. J. A. Vaughn had the pleasure for the week-end of Mrs. Mansfield and little daughter, Julia, of Tampa, visiting her. While her nephew, Paul made a trip to the beach with a relative.

We hear that Gladys Robinson, is very ill at the home of her sister; being threatened with some spinal trouble. On receipt of the telegram her mother left at once to care for her.

Sorry to learn that Andrew Bertelson is still having trouble with his foot not healing properly.

We were much surprised and pleased to receive a call Monday from Chas. Cramer, who it will be remembered spent the winter here some five years or more ago at the home of his aunt, Mrs. V. C. Collier in Sanford.

He came through with his wife and two little sons from Nashville, Tenn., bringing with them a party of four others as far as Gainesville. It rained steadily for two days in Georgia.

He was so pleased with Florida when he was here before that they hope to make their home here. They are spending a day or so at the home of Mrs. Westerdick.

The line men have been busy of late out our way, moving back the posts and renewing them, if necessary, adding new wires and extension rods for the service.

Mrs. Nance is having a number of improvements made on their cottage among them a new roof for the kitchen and a nice new fence in front.

PAOLA NEWS

The Paola Groves are looking fine. The best in the past five years. There are 2,250 pineapple buds in the Paola Groves, 300 tangerine trees.

This one of the nicest places in the state, just a short drive of twenty minutes from the court house in Sanford. With all the conveniences for a modern home in Florida is found in Paola.

The Winter Park Land Co., expects to make it one of the nicest places in the country with Mr. Burnett doing all he can to help the company. We expect to have an automobile camp here this winter that will accommodate all the tourists that wish to visit Paola.

H. A. Ward and family of Winter Park, visited G. B. Burnett here Sunday.

Mrs. Walker and Gladys Hack returned from Valdosta, Ga., a few days ago. Mrs. Walker's mother is improving rapidly.

Mrs. Austin, of Athens, Fla., is visiting her son, Mr. Mike Austin here.

R. Austin visited his son, E. T. Austin here Tuesday.

Mrs. Kersey and Miss Francis Pearson are spending a few days at Palm Springs.

"Why I Put Up With Rats for Years," Writes N. Windsor, Farmer.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RAT-SNAP. That's the sure rat killer and a safe one."

\$568,000 GONE OUT OF ORANGE COUNTY FOR PUNK STOCK.

It developed at the Chamber of Commerce that Orange county citizens have fallen victims of worthless stock purchases to the tune of \$568,000. This, according to one member of the organization, is but half of the actual money which has flickered away never to return.

Many prominent men gave their experiences in purchasing stocks which apparently bore all the earmarks of good investments, but which have since proven worthless.

Autoists Destroy A Pole a Day

In this section of the state the telephone company loses an average of a pole a day, due to automobile and other accidents.

Worse still the destruction of a telephone pole usually means a serious interruption to service.

When there is a cable or a cable box on the pole, the damage is likely to put 200 or more telephones out of order for a day or more.

Substantial as they are the poles cannot withstand the compact of an automobile driven at high speed.

We cannot control the reckless driving, but we can ask you to bear this in mind when your service is interrupted by an occurrence of this kind.

THE A B C OF TICK ERADICATION

By DR. W. F. BLACKMAN, of THE WEKIWA RANCH (Former Member of the State Livestock Sanitary Board)

"Nothing is ever decided until it is decided right"; this ancient and sagacious saying applies in tick-eradication as well as everywhere else.

The people of Florida are certain, sooner or later, to decide and decree that the cattle fever tick must go.

LENA CLARKE'S STATEMENT SIGNED, SEALED, DELIVERED TO SHERIFF KAREL SATURDAY

In Which She Gives Reasons For Killing Miltmore

NOT CONSCIOUS

OF KILLING HIM AS SHE DOES NOT REMEMBER THE CIRCUMSTANCES

(From Monday's Daily)
Lena Clarke, who is in jail at Orlando charged with the robbery of the West Palm Beach postoffice and the murder of F. A. Miltmore, made the following confession to Sheriff Karel Saturday afternoon and this seems to be her last one for the present:

"In the early part of May, 1920, I worked until after midnight on my accounts, went home leaving all vouchers in a drawer to my desk designed for that purpose. In the morning when I came to the office the desk was broken open and the account gone, also all records of paid order numbers. I was completely disheartened by this loss which made it almost impossible for me to hide the other any longer. I wired for an inspector who arrived in a few days and recommended to the auditor that credit be allowed me for the stolen orders, but I was not sure this would be done and wrote Mr. Elwell that I had decided to let him help me out. Death intervened, as he was found murdered in his home in New York a few days later, before I heard a second time from him.

In the fall of 1920 I received word from the auditor to deposit \$20,000 at Jacksonville to cover the amount of the orders, "pending a further investigation." This, it was naturally impossible for me to do. I went to Jacksonville in December, 1920, intending to ask inspectors for advice, but when I reached there I could not open my mouth and speak because of their wishes for me to make good in the position of postmaster which I had secured.

I returned home from Jacksonville and had a long talk with my brother, telling him everything. He asked me to wait until after Christmas, give him time to think, and he would see what we could do. On Christmas day my brother died from a snake bite and I felt that my last prop was knocked away.

I finally decided to try and cover the loss in a way that would protect both my bondsmen and the postal service to which I had devoted the best years of my life. I had a \$2,000 accident policy and took out a \$15,000 life insurance policy, payable to double its face value; these with a similar policy of \$5,000, payable at double the face value in case of accident would have given \$42,000, which could have paid all shortage and left a margin for my parents.

My plan was to take the first federal reserve shipment which approximately covered my loss, remit it a few thousand a day until the shortage was eliminated, then, having set my accounts in order, ride over the Lake Worth bridge in an old Chevrolet car which I had obtained, thus giving the appearance of death by accident, and I believed the policies would be paid by the time the missing bank package could be traced to me.

What changed my plans was not the breaking down of a "master mind," as was suggested by one who did not know me well. It was seeing a boy in trouble who was his mother's sole support; seeing postal clerks in trouble who are young and ambitious with a future before them. I wished to justify myself with them and with inspectors by obtaining a statement from Miltmore as to previous occurrences, which I felt sure I could do. I, therefore, left West Palm Beach for Orlando, Monday morning, August 1st.

Baxter Patterson had no connection with the matter whatever, except as a paid chauffeur. I asked him if he could drive over here and back in a day, but he was not sure of this and we were two hours later reaching Orlando than we expected, on account of bad roads.

About 5:30 Monday evening I sent a note to Mr. Miltmore asking him to call at the San Juan Hotel and see me. He did not arrive for so long that I called Patterson and sent a second note.

When Mr. Miltmore arrived at my room in the hotel, I told him briefly the whole thing. He was very much agitated and grabbed my belt with both hands, shaking it and asked me to let him go. I insisted that I wished him to tell me the truth first. I made him sit in the chair by the window and talk to me. While he sat there he admitted that he gave my brother drugged wine; that he took

Miltmore Had No Such Sum of Money at Any Time

(By The Associated Press)
ORLANDO, Aug. 8.—Mrs. F. A. Miltmore, widow of the man shot in a local hotel last week, and in connection with whose death Miss Lena Clarke, former postmistress of West Palm Beach is being held in jail here, declared today that Miltmore at no time had any such sum of money as Miss Clarke, in her statement made public yesterday by Sheriff Karel accused him of taking from the West Palm Beach postoffice in the summer of 1918.

the money out of the vault before I returned, that he took and burned my vouchers for April, 1920, and some other minor facts. I showed him the evidence of the robbery of the bank money, told him to what lengths I had gone trying to carry on for my folks' sake; appealed to him to give me his statement as to the first occurrences which led me to such desperate action. I told him that I would have federal authorities let me serve the whole term out for everything that had been done, if he would just tell the truth so that I could back up and start out over again. I told him he had undermined the entire structure of my life work; I appealed to him in the name of my two brothers, brother Masons of his, to tell the truth and help me out of the difficulty. He said that he knew inspectors better than I did, that they were relentless; that they would not have any mercy upon him. His harangue about inspectors made me feel terribly as they have always been fair with me. His remarks were learned from agitative literature which he used to disseminate among the clerks in the postoffice to cause discontent on the job among them.

I told Mr. Miltmore I did not wish to harm him but I came here for the truth, which he would tell the inspector when he got here. I remember saying he would sit there until one got to us; big drops of perspiration stood out on his face and he asked me for a drink. I had brought with me a little pellet supposed to make a person sleep about twelve hours. I had this in a small paper in my pocket. It was deep dusk in the room, I reached behind me with my left hand and supposed I slipped the pellet into the glass of water which was behind me on the table. I remember thinking he would never go to sleep, the time seemed interminably long, then the phone ringing when Patterson called to know if the telegram was ready, but I had been under a terrible strain of long years standing; I had eaten nothing for two days; for nearly two hours I had been under a death-like suspense, and there is a sudden space of time in my mind that is nothing but a whirling blackness, out of which I emerged to find Chief Vestal wiping my brow with his handkerchief, as I drank a glass of water, and asking me questions which seemed to ring a thousand miles away. I could not give any more definite information and refused to talk until my sister had been with me a day, after which I felt better and that night about 2 o'clock I awoke suddenly and remembered that I took a bath when I first reached Orlando, before Mr. Miltmore came to my room. I saw as in a dream the missing money near the bath tub in the hotel and told Chief Vestal about it Thursday morning as soon as I could see him.

I have nothing to hide from your office. But I beg of you to consider the enormous strain under which I have been for years. I did not have a "master mind" of which I was accused, but rather I had nearly eaten my heart out grappling with a desperate problem; I was just a woman fighting to shield any appearance of carelessness in a brother who was her worshipped idol; a woman trying to care for aged parents and the brother's fatherless children. The loss of that brother by death was a culmination of circumstances which led up to the events that have taken me away from my home and work and loved ones into the Orange county jail. I have fought a hard fight and if it was not in the wisest way, nevertheless, I am not afraid to refer the truth to your mercy, as I would before the judgment bar of God.

(Signed) LENA M. T. CLARKE.

Messrs. Cook, Hunt, Harbough and P. H. Walsh, from the Montezuma Hotel of Atlanta since she was a child. Elwell hasn't been here since May 28, 1920, when he came to attend to some matters in connection with his yacht. It is not believed by authorities here that she could have had any connection with his death.

Paul Clark, then postmaster, died on Christmas day after being bitten by a harlequin snake which he had as a pet. It was an "amateur" snake charmer, it is recalled, but had been drinking and tried to put the snake in his mouth—a new trick say those who knew him—and the snake bit him. It was Christmas eve. He died the next day.

What Henry Ford Says About Machine Power Farming

"In the tractor the farmer now has a machine in which is harnessed one of the most adaptable, efficient, economical sources of power in the world—the internal combustion engine.

"The tractor will multiply the productive capacity of each individual farm worker from three to four times over.

"It will put the farmer on a par with the city manufacturer. It will put his produce-producing factory—for that is what a farm is—on an efficient production basis.

"It will enable each worker to earn so much more that he can be paid more and still leave a greater profit for the man who hires him. It will enable the farmer to work fewer hours in the day, giving him more time to enjoy life.

"I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

WARING SEEKS TO OBTAIN A PARDON.

ORLANDO, Aug. 8.—R. D. Waring, who was recently convicted of aggravated assault upon the person of J. F. Ange, whom Waring claimed he shot in self defense here early in the year, has applied today to the pardon board for a pardon from the sentence of six months in prison and a fine of \$500.

Waring, a real estate dealer in Orlando, called Ange, who is president of the Bank of Orange, Orlando, to his home on night several months ago, and after some words with the banker concerning a business venture at Kissimmee, in which Waring wanted a part which was denied him by Ange, the latter was shot by Waring. At the trial, which occurred a few weeks ago in Orlando, Waring testified that Ange attacked him as he lay in bed ill. The banker testified that he not only did not attack Waring, but was in the act of leaving the room, having refused to talk further with Waring, and that the latter drew a pistol from under his pillow and fired. The banker was only slightly wounded. The affair created a sensation.

Mr. Vaughan, Farmer, Tells How He Lost All His Prize Seed Corn.

"Some time ago sent away for some pedigreed seed corn. Put it in a gunny sack and hung it on a rope suspended from roof. Rats got it all—how beats me, but they did because I got 5 dead whoopers in the morning after trying RAT-SNAP." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

Growers, stop and think about the Exchange Supply Company

Where would your production costs have gone, during and after the war, but for the restraining influence of the Exchange Supply Company?

What would you be asked for, fertilizer today but for the fact that the Exchange Supply Company has its own fertilizer plant in operation?

How much more would you have to pay for crates during the coming shipping season but for the ownership of mills by the Exchange Supply Company?

Wherein would lie any hope for the citrus industry of Florida but for the buying at wholesale made possible by the Exchange Supply Company.

Since there are so many ways in which the Exchange Supply Company saves money to the members of the Florida Citrus Exchange, why not become affiliated and reduce your grove and packing house costs?

ONLY FEW PRISONERS RELEASED FROM RUSSIA THREATENS LONG DELAY

Means Abandonment of Negotiations For Famine Relief

RIGA, Aug. 10.—Soviet Russia has released only six of the American prisoners who have arrived at Narva, Esthonia, but the fact that only this half dozen were sent out of the country is said today to threaten a long delay in and perhaps abandonment of negotiations for American famine relief in Russia. The prisoners released were: Captain Emmett Kilpatrick, of Uniontown, Ala.; William Flick, Dr. Weston H. Eves, Zenophon Blumenthal, Henry J. Lemarc and Russell Pittinger.

PERSONAL NOTES

(From Tuesday's Daily)

Mrs. A. D. Kelly has returned home from an extended visit to California. The many friends of Mrs. Joe Harold will be glad to learn that she is slightly improved, after a severe illness for the past ten days.

Mrs. C. H. Roumillat and attractive little daughter, Frances, of Jacksonville, are the guests of Mr. Roumillat's mother, Mrs. Junie Roumillat at her home on Third street.

Mrs. M. H. Terry, of Miami, is the guest of her sister, Mrs. Junie Roumillat, at her home on Third street.

Mr. and Mrs. A. B. Cheney, of Augusta, are spending some time here at the Montezuma.

Miss Margaret Morley, of Lake Alfred spent the day here very pleasantly yesterday.

W. L. Grose, of Bartow, was here yesterday on a business mission.

J. M. Lee, of Wauchula, was in the city yesterday transacting business.

W. Oliver Murrell, who has been spending several days with his parents Capt. and Mrs. K. R. Murrell, returned to Wauchula yesterday.

W. L. Baker, of Ocala, was a business visitor here yesterday.

At 4:30 Wednesday afternoon there will be a meeting at the Woman's Club of those who are interested in the establishment of a lunch room at the primary school. The committee from the club and those who have been soliciting funds are especially urged to be present.

Endor Curlett, the wide awake county commissioner from the Geneva district, was in the city yesterday transacting business.

Dr. and Mrs. S. D. Lazarus, with their little son, will arrive Wednesday from Brooklyn via Clyde Line to visit Mr. Lazarus' mother, Mrs. Sarah Frank. Mrs. Lazarus was formerly Miss Florence Frank.

Mr. and Mrs. G. D. Hart and little daughter have returned from a trip to Rockledge and Cocoa and other points on the East Coast. Mr. Hart represents the Reliance Life Insurance Co., and has several counties in his territory.

Mr. and Mrs. A. S. Pinckney, Mr. and Mrs. C. W. Clark, and Mr. Alfred Lilia formed a congenial party motoring over to Daytona Beach Sunday enjoying the fine ocean breeze.

Mr. and Mrs. Clark are from Iowa and are spending the summer in Sanford. Mr. and Mrs. Pinckney hail from other parts of the state but like Sanford so well they are making their home here for the present.

J. A. Killebrew has arrived in the city from Tampa and will make this city his future home. Mr. Killebrew will assume his duties as Chief of Police next week. He lived here 26 years ago, and is well known to many of the older residents as he was at that time a member of the Sanford police force, but for many years, has been patrolman and later city detective of the Tampa police force. His many Sanford friends are giving him a warm welcome back home.

IN MEMORIAM.

Joseph Erl Walker, born April 2nd, 1919, died August 7, 1921, aged 2 years, 4 months and 5 days. Not only will father, mother and little brothers, miss the sounds of his little foot steps, but all of his kindred and friends as well, for the beautiful and attractive little darling was loved by all who knew him. With his perfect features, seeming good health and cheerful nature, it is not a wonder that the truth came as a blow almost unbearable; still, let us pray earnestly that the old vision of our baby may fade into a more lovely one. He is safe in the arms of the first, real true friend that children ever knew. We recall just now, something of the great love and sympathy which he possessed for all the little children. He is the same Saviour today, as in those days. A real Saviour gone to prepare a real place for us. Is it not wonderful? How can we grieve more, when we know that our fair little Joe is at home with the loving and powerful Saviour of us all. He will never again suffer pain, sorrow, or death.

We can go to him, see his beautiful countenance, his beaming blue eyes, and know for ourselves that there will never, never, be no more parting.

What more could we ask?
By His Aunt,
MRS. W. A. HOPKINS.

WAR PICTURES TO BE PRESENTED IN THIS CITY

AMERICAN LEGION WILL HAVE
"FLASHES OF ACTION" AT
THE PRINCESS

Campbell-Lossing Post of the American Legion will give the people of this county some realistic war pictures when they present "Flashes of Action" at the Princess Theatre in this city matinee and night, Wednesday, August 24th. Read what the Charlotte News says of this picture:

"American soldiers are actually seen overwhelming the Huns in the vivid picture, 'Flashes of Action,' now being shown at the Strand. Heroes struck by shrapnel and falling wounded in the victorious dashes for liberty can be seen as plainly as if the spectator were on the scene of battle. The picture is in every way a marvelous reality, and was taken at the risk of death of the camera man. It is being shown under the auspices of the Hornets Nest Post, No. 9, of the American Legion.

"The war is seen in its most terrible aspects. Infantry charges, battles of the air, artillery offensives, submarine attacks, and night battles are set forth actually as they occurred on the battlefield.

"Lieutenant Quentin Roosevelt is seen leading his squadron of airplanes for an attack on the German lines, and aerial battles are presented to the eye, with the machine of the victims falling headlong to the earth.

"Gas attacks, with the great clouds of gas rolling across the earth's surface in front of the wind, are pictured. Then there are the bombardments with explosive gas shells, hurling the deadly poison in every direction.

"The artillery bombardment at night are terrible in aspect. The most horrible thunderstorm pales in significance to the blinding flashes from the big guns which light up the country for miles around. Shrapnel is seen exploding in all directions. Barrages are laid down like curtains of fire.

"In the face of all of this, the American infantry is seen advancing. Taking advantage of shell holes, the doughboys push back the foe with never faltering steps. Now and then a hero falls in death or badly wounded, and the Red Cross men dash out to render first aid under terrific fire.

"At one instance a German plane is seen attacking an American observation balloon. The observer leaps from the balloon with a parachute and descends safely to the ground. The German aviator flies around the balloon in an effort to set it afire. Anti-aircraft guns belch forth at him in the meantime. He succeeds in setting fire to the balloon, but is at the same time struck by a shell and comes zigzagging with terrific speed to the ground. Hundreds of soldiers rush to the spot. The aviator miraculously escaped death, but is captured.

"Ruins of beautiful towns are shown. The spectator feels almost as if he were on the spot. Buildings are seen crumbling under big shells and disastrous fire sweeping the towns.

"The picture sets forth every aspect of the war, and one seems to be present on the actual scene of conflict, so real does it seem. It depicts the hardships only those who were present can describe."

**WHEN YOU WAKE
UP DRINK GLASS
OF HOT WATER**

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly most important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys, and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.—Adv.

SEMINOLE CAMP FIRE ORGANIZATION.

(From Saturday's Daily)

The Seminole Camp Fire Girls are deserving mention in more ways than one; and if they were to receive the boosting and encouragement that the Boy Scouts do, they could add quite a little to the welfare of the city.

The Camp Fire Band, as a whole, is probably the largest and most efficient of any organization for girls and a fine asset has been added to this community as well as others, when it was established. When the people realize that the Camp Fire Girls can do so much in helping the town, they will encourage more members, and help them to build as fine a camp and equipment as the Scouts.

The Seminole Band has twenty members, which comprise one group. The girls are enthusiastic and willing to help in any way possible; they have won numerous honors already, which show ability in home craft, health craft, nature lore, camp craft hand craft, business, citizenship and patriotism.

The girls are in for a good time as well; so yesterday afternoon members of the group "hiked" out to Crystal Lake, about five o'clock and after enjoying the lake to its fullest extent, a picnic lunch was served. After pronouncing the afternoon delightfully spent, they accepted a ride home, as the weather is a little bit warm for much hiking.

Now the best at the last. The girls need money for their equipment, and as they know how everybody likes sweets, they are going to give a special treat in form of a candy sale, Saturday afternoon at four o'clock in front of the Union Pharmacy. Come and enjoy some fresh home made candy at low prices.

A man in Morgantown, N. C., cut his wife's throat, then knelt and covered her face with kisses and caresses. Perhaps he had been reading about Congress' treatment of the crippled and disabled ex-service men.
