LLOYD GEORGE GOVERNMENT RESIGNS

GENERAL PERSHING VISITS WITH AMERICAN LEGION FOURTH DAY CONVENTION

GENERAL RUSHED DOWN STEPS TO GRASP HANDS OF BUDDIES

ELECTION WILL BE HELD TOMORROW

Promises to Be One of Hardest Fought in History of the Organization

NEW ORLEANS, Oct. 19.—General Pershing was the chief speaker today. Committee reports opened the day's session. Meeting until two o'clock this morning the Interstate Hospitalization committee produced conservative report for convention which avoided further condemnation of the policy of Brigadier General Sawyer, head of the federal hospitalization board. Delegations of fourteen states presented resolutions severely criticizing him but all effectively smothered.

NEW ORLEANS, Oct. 19.—Fourth day of the American Legion convention marked the arrival of General Pershing, who reached here today from Washington. Pershing, official dignity laid aside, leaped from the platform of his sleeping car ahead of staff officers and grasped the hands of buddies who were at the station to meet him. The Legion will elect officers tomorrow.

NEW ORLEANS, Oct. 19.—Having paraded with colors flying in their annual review, voted to continue the fight for adjusted compensation, received an embossed message from the British Legion signed by the Prince Alaska Legionnaires, the election of officers was almost solely occupying the attention of the delegates of the American Legion in session here.

The election, due to be held Friday, promises to be one of the hardest fought in the history of the Legion's four years of existence. With nine states favorites sons and each one claiming sufficient votes to give serious consideration to their candidates delegates who have attended all of the national conventions admit they are at sea as to the final results.

It was definitely announced by the Texas delegation tonight that the name of Alvin M. Ousley, of their state, and now chairman of the Americanism commission, will be formally presented to the convention with the state endorsement.

Something of a surprise was thrown into convention circles today when it became known that Col. C. R. Forbes director of the United States veterans' bureau who came here upon the invitation of Hanford MacNider, national commander of the American Legion, and who was scheduled to address the convention tomorrow morning upon the work of his organization had suddenly left New Orleans and returned to Washington.

BOY SCOUT NEWS

Captain Arthur Cundy, who has engaged as Scout Executive temporarily by the Central Florida Council to organize Scout Troops in the six counties in the district, has practically completed the work or organization and will soon leave to take up similar work elsewhere.

Captain Cundy has created a great deal of enthusiasm among the boys and if the citizens get behind this movement and contribute liberally to the support of the Council it will be possible to engage a permanent Scout Executive. The Finance Committee will soon launch a campaign for funds for the 1923 Budget and everyone who can should contribute to this splendid movement for the building of character in our boys.

During the next few weeks Mr. Harold J. Boyd of Clermont will be Act Executive.

SUBSCRIPTIONS FOR RECENT BOND ISSUE

TOTAL \$1,550,000,000

WASHINGTON, Oct. 16.—The treasury's new offering of \$500,000,000, of 4 1-4 per cent thirty-year bonds has been oversubscribed approximately \$1,000,000,000, it was announced today by Secretary Mellon. Books for cash offerings closed at noon Saturday.

Subscriptions for which 4 3-4 per cent Victory notes or December 15 treasury certificates are tendered in payment will be received and allotments will be made in full until Oct. 21. Approximately \$150,000,000 of such subscriptions already have been allotted in full under the terms of the offering.

Subscriptions received to date, according to reports in hand, were said to aggregate more than \$1,500,000 of which about \$1,400,000,000 represented cash subscriptions.

MEN'S CLUB HAD MEETING LAST NIGHT

OPENED THE WORK OF THE NEW YEAR WITH INTERESTING PROGRAM

The first meeting of the new year of the Men's Club was held at the Parish House last night and despite the rain there was a large attendance and much interest manifested by all present. President B. F. Whitner was in the chair and Deane Turner as secretary held the club to purely business transaction until all business had been disposed of and then Mr. Wadbrooke gave a brief and most jovial dissertation on "Golf" that was greatly enjoyed. In fact Mr. Wadbrooke who is the manager of the country club and links brought home to his hearers some very salient facts about the game of golf and those who heard him have a better idea of this great game than ever before. Choice refreshments were served consisting of real rye bread, cheese, pickles and Hek and cigars and the men enjoyed every bit of the feed. After the lunch President Whitner gave an out line of the year's work and called upon Holly Stone, Pearman, Fred Ball, Delahay and several others for suggestions and inspirations. It was decided to put on the annual Father's and Son's banquet in November, to put on several plays and to keep the Parish House what it has always been—the center of attraction in the city. The fine new stage has been finished and the scenery and curtains are up. The curtain is in the process of making and the local business men will advertise on the screen and help to pay some of the expense of the stage fixtures. Seats have been purchased and many other improvements made in the Parish House. The bowling leagues of the city will get busy on this great game and the Parish House will soon be the scene of activity with basket ball and entertainments of all kinds. The new members taken in last night were, Messrs Pearman, Da La Haye and Fred Ball.

In fact the Men's Club of the Parish House will do even more this year than ever before and expect to have many fine entertainments at the new theatre which is one of the coziest in the city. Anyone wishing to join the Men's Club can do so by paying a nominal fee for annual dues to A. L. Betts, the treasurer at the First National Bank.

MANY CHANGES CONTEMPLATED IN THE BRITISH CABINET AND CONSERVATIVES WILL REIGN

LONDON, Oct. 19.—The government of Prime Minister Lloyd George resigned this afternoon.

LONDON, Oct. 19.—After a brief audience with King George this afternoon Lloyd George returned to Downing Street where he received the miners delegation but according to the miners leader, Lloyd George said he would not consult them as prime minister since he had resigned. The miners delegation said Lloyd George told them the king had accepted his resignation. The resignation was officially announced at six o'clock.

LONDON, Oct. 19.—King George, who has been on a holiday at Sandringham returned to London today.

LONDON, Oct. 19.—The Unionists held a meeting and several junior members resigned immediately afterwards. These included Stanley Baldwin, president of the board of trade; Sir Arthur Griffith; Moss Cawn, minister of agriculture and fisheries; Sir Philip Lloud-Greame, minister overseas trade.

LONDON, Oct. 19.—Conservatives at their meeting today decided by a vote of 86 to 87 to appeal to the country as conservative party. It is confidently expected that Prime Minister Lloyd George will resign when he receives the resignation of Austen Chamberlain, government leader in the House of Commons. The vote means conservatives will withdraw from Lloyd George coalition party and resignations of Chamberlain, Balfour and Lord Birkenhead from the cabinet is expected.

WHEN THE PAPER DOESN'T COME

My father says the paper he reads ain't put up right,
He finds a lot of fault, he does, persuin' it all night,
He says there in't a single thing in it worth while to read,
And it doesn't print the kind of stuff the people need,
He tosses it aside and says it's strictly on the bum—
But you ought to hear him holler when the paper doesn't come!

He reads about the weddin's and he snorts like ail get out,
He reads the social doin's with a most derisive shout,
He says they make the papers for the women folks alone,
He'll read about the parties and he'll fume and fret and groan;
He says of information it doesn't have a crumb—
But you ought to hear him holler when the paper doesn't come!

He's always first to grab it, and he reads it plumb through,
He doesn't miss an item or a want ad—that is true,
He says they don't know what we want, the darn newspaper guys,
I'm going to take a day sometimes an' go and put 'em wise;
Sometimes it seems as though they must be deaf, dumb and blind,
But you ought to hear him holler when the paper doesn't come!

Announcement had been made from Washington that a number of prominent women planned to make it legally possible for Mrs. Felton to take the oath.

SIKI WILL MEET BECKETT IN LONDON, DEC. 7

Bout Takes Place in London Dec. 7th

PARIS, Oct. 19.—The fight between Battling Siki and Joe Beckett, the English heavyweight, will take place in London, December 7, it was officially announced tonight by the International Boxing Union, under whose auspices the battle will be held.

The articles call for a 20 round encounter and will be for the official heavyweight title of Europe, as neither Beckett or Siki is able to make the light heavyweight limit.

The Associated Press understands from a reliable authority that Siki will receive 7,000 pounds sterling, win or lose or draw.

GREAT BRITAIN WILL MAKE FIRST PAYMENT OF INTEREST ON DEBT

NEW YORK, Oct. 16.—Great Britain will make the first payment of interest on her American war loans to the United States government today when checks and treasury certificates totalling \$50,000,000 will be paid to the Federal Reserve Bank here for the general account of the treasurer of the United States by J. P. Morgan & Company, acting as agents of the British government.

No explanation has been forthcoming here as to whether today's payment will be considered by the British government as part payment of accrued interest on Britain's debt or for the amount of last year's interest. Under the terms of the loans, the accrued interest will not be refunded. The only information available locally was that the payment will be 'for account of interest.'

ORLANDO TO BUILD NEW SKYSCRAPER

Orlando, Oct. 19.—Directors of the Orlando Bank & Trust company at a meeting held here last Tuesday afternoon, closed definite plans for the erection of a skyscraper bank and office building to be located on the site of the present structure at the corner of central avenue and Pine street.

Instructions for preparation of plans were wired to architects of the George A. Fuller company of New York, and it is expected that the completed drawings will be returned within six weeks and that construction work will begin by the first of January.

The building will have a frontage of 45 feet on Orange avenue and a depth of 83 feet on Pine street, and will rise to a height of nine floors. It is estimated that the building will cost \$250,000 when completed, its construction to be reinforced concrete and other fireproof details.

The upper floors will be given over to offices while the lower floor and possible the second floor will be used for business of the bank.

During the construction of the new building business of the bank will be conducted in temporary headquarters in the Arcade building, lease of which was secured several weeks ago.—Tampa Times.

IF SHIP IS NOT FLOATED BY SATURDAY NIGHT SHE WILL BE LOST

AGROUND NEAR SHIP GRAVEYARD

Clyde Line Officials Still Confident Lenape Will Be Pulled Off

JACKSONVILLE, Oct. 19.—Men in charge of tugs attempting to float the Lenape reported observations made from Mayport at noon indicated the storm had washed the big liner three or four length nearer shore than she was yesterday. It was announced the biggest tug at Savannah was en route to Mayport to reinforce the local tugs.

JACKSONVILLE, Oct. 19.—Thirty mile wind accompanied by rough seas forced the tugs to abandon all efforts today to float the Lenape and the weather bureau announced there would be no abatement of wind in the next twenty-four hours. Marine men here expressed the opinion that if the ship was not floated by Saturday night she will be lost at the highest tide of the year is due Saturday. They said several vessels had gone aground in recent years near where the Lenape was stranded and of these only one was saved. Clyde line officials, however, still confident their finest vessel will be pulled off. Vessels which have been working bring recollections of the Spanish-American war days. Two of them are tug Three Friends, Famous Filibuster and light-house tender Mangrove, the vessel which captured the first prize of war after hostilities began. She halted a Spanish merchant vessel off the Cuban coast, broke the news that the United States had declared war, and put the prize crew aboard.

JACKSONVILLE, Oct. 19.—The Clyde liner Lenape, aground off the St. John's bar since Tuesday morning, remained fast last night while her 247 passengers, brought into port by the Arapahoe, of the same line, scattered for the destinations, their experience summed up in the inconvenience and attendant worry of their immersion.

Once they put foot on solid ground, they drew up a mass resolution commending Captain E. C. Tull and the crew of the lighthouse tender Mangrove. The Mangrove first went to the aid of the Lenape Tuesday morning, when that vessel, several miles off its course, drove hard on the sands off Nassau Sound, or approximately two miles off shore. She stood by all day Tuesday and Tuesday night, broke two hawsers and a chain, lost her two bits and stern rail in trying to pull the Lenape off, and yesterday took the 247 passengers aboard. The passengers were later transferred at Mayport, a mile up the river to the Arapahoe, which went out from here.

The resolution, it was announced by the spokesman for its signers, will be forwarded to the chief of the lighthouse service at Charleston, S. C.

Officers and men of the Lenape, too, were commended for their work during the vessel's plight.

Some excitable scenes attended the transfer early yesterday of the passengers to the Mangrove, according to C. W. Carter, former publisher of the (Continued on Page Five)

WIDOW HALL IN LIMELIGHT AGAIN TODAY

NEW BRUNSWICK, Oct. 12.—Widow Hall was brought back into the limelight today when detectives visited her home and took away a scarf and fawn colored coat which she had dyed shortly after the murder of her husband and Mrs. Mills was discovered, the garments were taken to a chemist, with the request they be analyzed to determine whether any human blood was on them.

ernment developed for its people an industry which can be compared in practical returns to this, and it is estimated that, with the work of the fish hatcheries now going on and the careful supervision now being given to the commercial side of the industry, next year's figures will show that the 1921 "fish crop" was even more valuable than that of 1920.

"We started this commission fifty years ago, with an appropriation of \$5,000 today the income of the commission is more than \$460,000 annually. We have 22 hatcheries and many stations, and these are being enlarged constantly, to meet the ever-increasing demands of the sportsmen who love lake and river fishing and the out-of-doors. To do this we have to keep constantly ahead of the automobile with the pack-mule, to insure the anglers plenty of game and food fish in every stream and lake in the state."

Read this and be amazed at what California has accomplished for her people:

"Working without salary for half a century, the various men, who have succeeded each other on the California State Board of Fish and Game Commission, appointed by the governor with the approval of the state senate, and serving at the pleasure of the governor, have established 22 fish hatcheries to maintain forever the supply of fresh and salt water food and game fishes. How many fish have been planted in the streams and lakes, bays and bayous of California it is impossible to estimate even approximately, but from these planted fish in 1920, \$10,202,318 was received for canned and packed fish alone, while the value of the fish consumed in its fresh state is placed by the statisticians of the state government at more than \$6,000,000 more. This total is approximately four times the total sum spent by the commission on the development of the state's fisheries, since it was established, with an

CHARGED WITH PLOTTING TO OVERTHROW GOVERNMENT TWENTY ARE ARRAIGNED

Michigan's Anti-Syndicalism Law Will Be Tested in the Courts

ST. JOSEPH, Mich., Oct. 17.—Twenty-one alleged Communists charged with plotting to overthrow the government of the United States by force will be arraigned today in the first test of Michigan's anti-syndicalism law, passed as a war time measure. Sixteen of the defendants arrested August 22nd when authorities swooped down on wooded glen near Bridgeman and interrupted what the government charges was the national convention of the Communist party in America.

ST. JOSEPH, Mich., Oct. 17.—Twenty-one alleged Communists, arrested as a result of a raid on a meeting held in the sand hills twenty miles south of here last August, will be arraigned here today, charged with violating the Michigan anti-syndicalism law.

Among the prisoners are W. Z. Foster, leader of the 1919 steel strike; Charles Ruthenberg, executive secretary of the Workers party, legal branch of the underground Communist organization in this country, and William F. Dunn, Worker's Party candidate for governor of New York. Foster has denied he attended the meeting.

Barrels of Communist literature, documents and manuscripts will be produced in court by O. L. Smith, assistant attorney general of Michigan, who is in charge of the prosecution.

When Sheriff Bridgeman, his deputies and federal agents swooped down on the meeting in the early hours of August 22 all of the paraphernalia of the alleged national Communist convention had disappeared, but a country boy who saw some men burying several barrels in the woods led the raiders to the spot and four typewriters, a duplicating machine, a half dozen leather brief cases, between 70 and 80 portfolios of papers, piles of printed matter and stationery and other alleged Communist property were recovered.

Federal agents, specialists in radical matters, have been working for

weeks at the jail here classifying the documents and questioning eleven of the prisoners who were unable to raise the \$10,000 bonds required.

The Communist Party of America, according to its program and constitution, dozens of copies of which were seized, is an "underground, illegal organization," officially representing the Russian Soviets in this country, and formed for the purpose of "systematically and persistently propagating the idea of the inevitability of and necessity for violent revolution."

"By the use of force," the program says, the proletariat will destroy "the machinery of the bourgeois state and establish proletarian dictatorship based on Soviet power."

Under the sub-head of Mass Action, the program says: "The revolutionary epoch upon which the world has now entered forces the proletariat to resort to militant methods—mass action, leading to direct collision with the bourgeois state. Mass action culminates in armed insurrection and civil war. Mass action is the proletarian revolt against the oppression of the capitalist class. It develops from spontaneous activities of the workers massed in large industries. Among its initial manifestations are mass strikes and mass demonstrations."

While the federal agents have declined to make public the entire list of 70 or 80 delegates who attended the secret conference in the woods, it has been reported that one of the delegates was an emissary from Moscow who had arrived in the United States only a few days before the convention.

Sixteen men were arrested in the midnight raid. Foster and two other men were extradited from Chicago and two more were arrested in New York.

The defendants, with the exception of Foster, will be represented by Sybrait Wessellius of Grand Rapids. Foster has retained Clarence Darrow, well known Chicago labor attorney, to defend him.

HUSBAND CHARGES WIFE WITH MURDER OF NEW BORN TWINS

SOUTH BEND, Ind., Oct. 17.—A story of how he occupied the same house with his wife, Hazel McNally, before and after he charges she gave birth to twins and yet failed to ever see them, will be told in the Hammond county court Thursday by Frank McNally, of this city, who charges his young wife with murder of the babies said to have been born last December, he announced through his council last night.

Mrs. McNally has been arrested on a murder charge on a warrant sworn out by her husband and taken to Hammond to face trial. The infants were said by McNally to have been born December 8 last year and not to have been seen alive since. A search, however, has failed to reveal any records attesting to the birth of the children.

Mrs. McNally is said to deny ever having given birth to twins.

RATES HIGH ON OUR FRUITS FROM FLORIDA

CHASE AND COMPANY WRITE LETTERS TO SENATOR FLETCHER ABOUT IT

Chase & Co., are always alive to anything that will benefit the fruit growers and farmers of Florida and they are especially interested in the lowering of freight rates in Florida. For years Chase & Co., have spent time and money in the effort to reduce the Florida freight rates and their work in conjunction with other big firms and trade bodies of the state have borne fruit. Their letter to Senator Fletcher is timely and filled with interesting facts as follows:

October 5th, 1 22 Hon. Duncan U. Fletcher, United States Senate, Washington, D. C.

Dear Senator:— This will acknowledge copy of letter addressed to you by the Interstate Commerce Commission in re: rates on Oranges and Grapefruit from Florida.

It is true the Commission is now conducting an investigation as to the reasonableness of rates in general between points in the southeast, but this involves the long and short haul features covered by the fourth section of the Act to Regulate Commerce.

The rates involved are mostly class rates and in no way takes into consideration competition that the Florida fruit and vegetable shippers have to meet from the California fruit and vegetable shippers.

Also these class rates are, as we understand it, constructed on a per ton mile basis whereas the rates on Florida citrus fruits are constructed on a per box basis and each rate a separate unit.

The California shippers found it impossible to build up their citrus fruit industry under the freight rates that were then published to the eastern markets many years ago and were finally successful in securing a blanket rate on citrus fruits east of the Rocky Mountains of \$1.25 per hundred pounds.

In I. C. C. Case No. 1168 Mr. Edward Chamber, then Assistant Freight Traffic Manager of Santa Fe System, stated the rate of \$1.25 per cwt. from California was established to meet Florida competition.

This rate permitted the California citrus growers to market their fruit at the principal eastern markets at over 100 per cent lower transportation charge per ton mile than that allowed the Florida Growers, notwithstanding these eastern markets rightly belong to the Florida growers on account of their geographical position.

A conservative estimate of the citrus fruit crop to be moved out of Florida this season, is fifteen million boxes. This is an increase since season 1911-12 of 10,250,000 boxes. We feel that this increase volume of citrus fruits is sufficient in itself to warrant the Florida shippers in asking that freight rates be reduced and the transportation from this territory be based on the same per ton mile as from California. The railroads are now receiving sufficient volume of this commodity out of Florida to operate train load after train load each day and in addition to the carriers operating heavier train loads now than they did ten years ago, the shippers are loading to average 360 boxes per car, which is a big increase in loading.

We are in receipt of letter from the Union Pacific Railway stating the western carriers have proposed a rate of \$1.50 per hundred pounds on citrus fruits from California to eastern markets and are now waiting for the concurrence of eastern carriers. If the California shippers are granted this lower rate it means they will be able to market their crop at a per ton mile transportation charge of .099 cents against a per ton mile transportation to the Florida shippers of .0195 cents, or 115 per cent lower per ton mile in favor of California.

Under their blanket rate California can name the same price per box to every customer east of the Rocky Mountains. For instance, if the market at shipping point is \$2.00 per box f. o. b. car they can quote price, on \$1.50 per hundred pounds rate, of \$3.17 per box delivered at Kansas City also St. Louis, also Cincinnati, also Pittsburg, also New York City. Florida cannot do this under the present progressive rate system. If the market at Arcadia, Fla., is \$2.00 per box the delivered price at Cincinnati would be \$2.92 1-2 and going west the same distance as California goes east the price would be at St. Louis \$3.05, Kansas City \$3.23, Denver \$3.80 and Seattle, Wash., \$4.31 1-2. The distribution from Florida is curtailed and this is unfair competition wholly due to the transportation charges.

Florida shippers are entitled to and must have lower freight rates.

Your very truly, Chase and Company.

MRS. ROSIER ON TRIAL TODAY FOR MURDER

CHARGED WITH MURDER OF HUSBAND AND STENOGRAPHER

PLAN NATION-WIDE SCHOOLING AGAINST LOSS BY FIRE

WASHINGTON, Oct. 18.—Wide-spread instruction in fire prevention methods among the general public is the purpose of the convening here today of the annual three-day meeting of the Railway Fire Prevention Association.

In the year 1921, fire in the United States caused a property loss of \$485,000,000, killed nearly 15,000 persons and injured more than 16,000 others. Of these casualties, 83 per cent were suffered by mothers, children and invalids.

These figures are published by the Association to show the need of increased campaigns against carelessness where fire is possible. Nearly 90 per cent of these losses of life and property are due to carelessness and lack of proper education as to existing hazards, according to the Association.

The meeting is the culmination of Fire Prevention week as recently designated by President Harding. The campaign of the Association this year will be actively supported by various insurance activities and by the United States Chamber of Commerce and many local chambers. Railroad officers and employees have given active co-operation in the observance of Fire Prevention week.

ANNOUNCE HEARING AT LEESBURG ON FLORIDA INTRA-COASTAL CANAL

WASHINGTON, Oct. 17.—The war department announced here yesterday that a hearing would be held at Leesburg November 15 to secure additional information bearing on a report formerly made relative to the intra-coastal waterways through the state of Florida. A report was made on this matter many years ago and it is now proposed to secure additional data and general information bearing the proposition of having the government construct this very important waterway.

The Jacksonville division of the engineers department has this matter in hand and it is understood that a very determined effort will be made to determine the feasibility of the proposed plan. It is also understood that a number of cities interested in the hearing will send representatives to Leesburg at the time named.—Tampa Tribune.

Thanksgiving Dinners and Breakfast Eggs Will Be Cheaper

According to Members of the National Poultry Association

CHICAGO, Oct. 17.—Turkeys for Thanksgiving dinners and eggs for breakfast should be cheaper this year according to members of the National Poultry, Butter and Egg Association in session here. Current turkey crop is said to be unusually plentiful and egg supply is the greatest in years.

ANDREW A. PRESTON

FERNANDINA, Oct. 17.—The many friends of Mr. Andrew A. Preston were saddened when the news reached here of his sudden death, October 11, at the home of his daughter at Palm Beach.

Mr. Preston made Fernandina his home for a number of years. He was born in Richmond, Va., in 1835 and later moved to Charlottesville, Va. He was American consul to China for ten years and the following few years were spent in extensive travel in Europe and America. Mr. Preston was married to Miss Laura Fitzhugh, daughter of Major and Mrs. Nicholas Fitzhugh, of Charleston, West Virginia. To this happy union was born ten children, four of whom are living. He was a devoted father, a loving husband, a warm and devoted friend and a scholar.

The funeral services were held from the Episcopal church of which he was a member, and the interment was in the cemetery at Palm Beach. He is survived by three daughters; Mrs. J. Arthur Davis of Palm Beach; Mrs. Will Yates of St. Mar's Ga., and Mrs. Laura Belle Jeffreys of Fernandina.—Times Union.

Mr. Preston was well known in Sanford where he resided for several years at the home Hon. George A. DeCotte. He was connected with the moving picture business here and also served as City Clerk. His many friends here will be sorry to learn of his death and extend their sympathy to his family.

DOLLAR DAY CAMPAIGN WILL BE STARTED AT ONCE BY SANFORD MERCHANTS

Retail Merchants Committee of Sanford Chamber of Commerce Put it Over

At the meeting of the Retail Merchants' Committee of the Sanford Chamber of Commerce held last night, plans were formulated for a Dollar Day Sale to be held Friday, October 27th. This day has also been selected by the Woman's Club and will be known as Woman's Club Day. The action of the committee was in accord with the request of the Woman's Club to advertise special features for that day in order to attract a large number of people to Sanford as the Woman's Club is preparing a very elaborate program which will provide entertainment for both local and out of town people. A sub-committee consisting of Frank Miller, S. M. Lloyd, and Vivian Spoor was appointed to call on those merchants who were not present at the meeting and arrange for the special advertising which it is proposed to get out.

Those present at the meeting were agreed that only articles of known value and reputation are to be featured in this sale, and as a result of this decision those shopping this day can be assured of securing more than their money's worth. It was also arranged to circularize the county and call the attention of those in adjacent communities to this sale. Another method of advertising this sale, and a novel one, will be by visiting

towns in adjacent counties with the band and circularizing them at the same time. There was a pronounced spirit of co-operation at the meeting which was well attended, and the Woman's Club can be assured that the Retail Merchants of Sanford will leave nothing undone to make Woman's Club day a success.

The committee also put through a motion that the merchants of Sanford close their stores all day Armistice Day. This action was taken at the request of the local post of the American Legion. It was suggested that those merchants who cared to do so remain open until a late hour Friday evening, which is the day preceding Armistice Day. The merchants co-operation in this respect was requested for the reason that Armistice Day this year falls on a Saturday.

The Retail Merchants' Committee of the Sanford Chamber of Commerce is a very important committee and it was decided at last night's meeting that the committee be brought together more frequently to arrange for feature sales each month. A number of ideas were discussed last night which the committee will put over and which will make Sanford the best trading center in this section of the state, both from a standpoint of value and economy.

ARMY ENGINEERS SPECULATE ON NEW AERIAL FEATS AND REMARKABLE RECORDS

Hung Up at Selfridge Field Last Saturday by Army and Navy Officials

MOUNT CLEMENS, Mich., Oct. 17.—Aeronautical engineers and army and navy experts at Selfridge field were speculating today as to what might be the next unheard of aerial feat. They came here a week ago prepared for surprises but none had expected to see human beings plunge through space at nearly four hundred feet a second. This was the performance yesterday of Lieutenant R. L. Maughn, army pilot who drove a Curtiss army biplane at the rate of 248 1/2 miles an hour, surpassing by more than thirty-two miles the previous official record.

ATTEMPT MADE TO MURDER WATCHMAN AT MAITLAND

A shooting affair, rated extraordinary in police circles, occurred last night at Maitland, some unknown person taking a pot shot in the dark at the watchman of the Maitland Packing House, Proctor Ponder.

The bullet, supposedly fired from a rifle, went through Mr. Ponder's hat. He was standing on the packing house platform, at the time, and the early morning train was approaching.

Without warning the shot was fired and Mr. Ponder felt his hat leave his head. He stooped and picked it up, and later found a bullet hole through it.

Only one shot was fired. Deputy Sheriff Peel was detailed on the case this morning, but said later the identity of the unseen marksman was a mystery.—Orlando Reporter-Star.

PLAN PRESBYTERIAN COLLEGE FOR FLORIDA

Plans for the establishment of a Presbyterian college in Central Florida, and perhaps in Orlando, were begun at the Synod of the Presbyterian Churches in Florida which took place in St. Petersburg last week, it is reported by Rev. Dr. T. H. McConnell, pastor of the First Presbyterian church of this city.

"The need for a Presbyterian college in this section has been keenly felt for several years," Dr. McConnell said. "and it is hoped of the Synod that it will be established in Central Florida in the very near future." As to its location, Dr. McConnell stated, that more than likely it will be erected in this city because of the central location and the ideal surroundings for an institution of this kind, to be found here. The Presbyterian college to be erected in this vicinity will be as large if not larger than the newly erected Methodist Southern College at Lakeland.

A committee comprised of the following named was appointed to go into details regarding the institution: Rev. E. D. Brownlee, W. J. Garrison, C. H. Ferran, L. E. McNair, W. E. McElwaine, and Elders H. C. DuBose, N. P. Yowell, C. T. Paxton and Judge T. F. West.—Orlando Sentinel.

And being the biggest thing that
Sanford ever pulled naturally the

program.

Among the many real working
clubs of the city is the Men's Club
at the Parish House. This club is
doing a great work among the young
men and boys of Sanford and should
be encouraged in every way.

Judge Landis at the American Leg-
ion meeting in New Orleans said
he was homesick for Florida. The
Judge shows good sense. He is a
gentleman and a judge of real cli-
mate.

There are rumors of city politics
but they should be silenced as much as
possible. There is no fight, no noise,
no excitement in city politics. Just
a friendly race if there is any race
and no one hurt regardless of the
result. Sanford has no time to in-
dulge in politics. Forget it.

The question of the amendment for
reapportionment resolves itself into
the location of south Florida and
north Florida and east Florida or else
forget all about location and leave
it to population with one senator to
every two or three or five counties
where the population is sparse. There
is no set rule for every county having
a senator and there should not be. All
of the small counties that have one
senator now have something to which
they are not entitled. We
still maintain however, that the pre-
sent amendment is better than none
at all and the last legislature did as
well as they could and much better
than those who have gone before and
much better than many who come after.

THE SEASON FOR SUCKERS

There is always an open season for
suckers. They are always ready to
bite. Of course the biting season varies
with localities and seasons. They
have been very prolific biters during
the summer in Colorado and California.
Just now the open season is on
in Florida.

Confidence men, like experienced
fishermen, know the season for suck-
ers in each locality and they are right
on the ground with the latest style of
artificial bait.

Some general principles can be
safely laid down with regard to suck-
ers. They are either dishonest or im-
beciles. Honest people do not enter
into games of chance with dishonest
men. Every honest man of proper in-
telligence knows that when a man
proposes to tip off some secret on a
horse race, a bull game or the board
of trade operations he is proposing to
do something dishonest whereby he
may profit; and the man who is will-
ing to share with him in that profit
thereby becomes a party to the dis-
honesty.

On the other hand, if a man is such
a simpleton that he will give ear to
the slick stories of strangers he
should be under the care of a guardian
so that it will be impossible for him
to be imposed upon. This is a sub-
ject that has two well-defined sides
and both parties must share the re-
sponsibility.

There has been a good deal of talk
about banks and bankers tipping off
easy marks and tight-wads who bite
on schemes to get rich quick. Florida
east coast bankers and officials came
in for a good deal of criticism last
winter. On the other hand, several
banks saved men and women from be-
ing fleeced by refusing to allow them
to draw their money out and thereby
delaying matters long enough to give
officers a chance to get on the trial of
the smooth gentry that ply the con
game.

There can only be confidence men
where there are willing suckers. Suck-
ers are very often the very men who
are close and penurious in matters
pertaining to the welfare of their own
community. This is the first symptom
the confidence man looks for.—Re-
porter-Star.

AN OPEN FORUM

In the olden days of Greece and
Rome the open forum first came into
being and for many years while those
countries were in the glories of their
world power all the big questions of

state were discussed in the open space
in the center of the cities and called
the forum. It is well for the people
of this day to have the open forum for
the getting together of the clans and
the discussion of all questions that af-
fect the public welfare. It is well
for the people to know why they are
voting and what they are voting for
before they go to the polls to cast
their ballot. The Herald has always
favored public meetings of all kinds
at all times. We favor public meet-
ings and discussions before every
election day in order that the voters
may know what the candidates stand
for and what they intend to accom-
plish, if anything. Since the general
election has but little to offer in the
political line being merely the ratifica-
tion of the wishes of the voters in
the primary elections about the only
questions of moment are the amend-
ments to the state constitution and
these amendments if not all of them
important, have several that are very
important and two of them especially
being the ten mill levy for school pur-
poses and the amendment regarding
the reapportionment of the state.

Few people have taken the time to
investigate the reapportionment
amendment and few of them know
anything about it. All of these
amendments will be discussed in open
forum at the court house on Thursday
night, October 26th and every man
and woman in the county is invited to
attend. The ladies are anxious for
these meetings and they are instru-
mental in getting up this one and it
is well for the best interests of the
state that people attend this meeting
and find out about these amendments
and get other information about state
and county affairs.

NEW RAIL RATE TO
HURT SOUTH FLORIDA

South Florida, and especially the
ports of the state, will be more or
less seriously affected by the pro-
posed new freight rate classifica-
tions unless the Florida railroad com-
mission and interested shippers are
able to break down the arguments
which prompted the inclusion of the
so called five cents a hundred pounds
added freight rate for points south of
Jacksonville, according to A. S. Wells,
member of the commission, who is
in Tampa today.

The commission is collecting a
mass of data and information to
break down the argument of railroads
that it is less profitable to operate
in Florida than in other states
through which Florida freight passes,
and Chairman R. Hudson Burr, as one
of a committee of five Southern rail-
road commissioners is continuing in
attendance at the hearings being con-
ducted under the auspices of the in-
terstate commerce commission at
Asheville, N. C.

In the opinion of Commissioner
Wells, the proposed classification will
work a hardship on this port, in view
of the fact that it will largely do
away with "water competition rates"
except insofar as the ports will bene-
fit by the lower rates of the coastwise
lines themselves. There will be no
lower rate from Savannah to Tampa
than there would be from Savannah
to Lakeland, for instance, Mr. Wells
points out, and this is going to tend
to prove a disadvantage to wholesale
centers.

According to Mr. Wells, the com-
mission is not interesting itself so
much in the question of straight
mileage basis for shipments as it is
in the matter of the proposed five
cents a hundred pounds additional
charge for freight bound south of
Jacksonville. West Florida will, and
it is for this reason that Mr. Burr, as
chairman of the Florida railroad com-
mission and as a member of the South-
eastern committee of five, is contin-
uously in attendance at the hearings.

"The contention of the railroads
that it is less profitable to operate
in Florida than in Georgia, for in-
stance," said Senator Wells, "does not
seem to take into account the fact
that as much or more tonnage that
Georgia produces originates in Flori-
da and passes through Georgia. Every-
thing thing, almost without excep-
tion that Florida buys in the north
and is shipped by rail, comes through
Georgia. Florida's vegetable crop
develops more railroad revenues than
Georgia's cotton crop. The citrus in-
dustry does the same. Florida's ton-
nage calls for a higher rate than does
Georgia's. Most of Georgia's cotton
gets a short haul to Savannah, where
as most of Florida's freight gets a
long haul. The same is true of Flori-
da's lumber industry. Without Flori-
da's products, Georgia's railroad re-
venues would be infinitely smaller,
and it is unfair to compare Florida's
earnings without taking into account
the large amount that comes to Geor-
gia railroads in freights through
Florida shipments."

"We believe that before the hear-
ing have been concluded Florida will
be able to break down many of the
injustices proposed by the new classi-
fications, but there are some which
we will not be able to overcome, prob-
ably. Florida shipped 83,000 cars of
perishable shipments last year.—Tam-
pa Tribune.

FLORIDA LAW
FOR ASSESSING
SPECIAL TAXES

ON ROAD AND BRIDGE DIS-
TRICTS DECLARED
VALID

WASHINGTON, Oct. 16.—Florida's
law authorizing assessment special
road and bridge taxes by districts
created of parts of two districts held
constitutional today by supreme court
in case in which Charlotte Harbor and
Northern Railway Company brought
against the county commissioners of
De Soto county. The law was attack-
ed on the grounds that it was retro-
active and was passed to make valid
taxes which had been illegally impos-
ed by commissioners.

SANFORD SECTION
IS IN FINE SHAPE

The frequent rains and warm weath-
er has brought the seed beds thru
in fine shape this season in the San-
ford section and setting the plants in
the field while delayed here and
there by the showers have had the
finest kind of weather. Where last
season the weather was very dry nec-
essitating pumping the flowing wells
in some places, this fall the growers
have had plenty of rain and the
ground has been in perfect condition.

The celery and lettuce plants al-
ready set are taking a running start
and are looking fine. Cauliflower and
cabbage plants are being set out this
week in some parts of the Sanford
section. There will not be as much
lettuce planted here as formerly if
the present settings can be taken to
judge the crop. Some of the green
lettuce known as the Jewett lettuce
which is an offspring of the Big Bos-
ton is being set out in places and is
looking good. Strawberries will have
a better showing in the Sanford sec-
tion this year than ever before. R.
Muse, formerly of the Starke section
but a Sanford grower for many years
is setting out about five acres, F. F.
Dutton about four acres and others in
and around Sanford will bring the
acreage of strawberries up to about
twenty five acres. Most of the ber-
ries heretofore have been sold locally
or in nearby cities and towns but
with a larger acreage, it is thought
that one or two of the local buyers
will make an f. o. b. market here.

Michael Doyle, another experienced
grower of strawberries will have
about five acres in berries and he and
Muse are selling the bulk of the
strawberry plants here. It is thought
that about 150 acres more of celery
will be planted this season over last
making the total acreage of celery in
Sanford well over the 2,000 acre mark.
It looks now like there may be about
500 acres of lettuce planted in and
around the Sanford section. All
plantings are early this year and
prospects bright.—Florida Grower.

CHICAGO POLICE
AND SOCIETIES
ARE SEARCHING

FOR THE PEOPLE WHO ARE
PERPETRATING ROBBERIES
OF GLANDS

CHICAGO, Oct. 16.—Police and Chi-
cago medical society aiding in investi-
gating are still baffled today by the
mystery surrounding the city's gland
robberies. At least two men known
subjected to operation in which vital
glands removed from their bodies.
Both said they were kidnapped, drug-
ged, mutilated and left in the street.
One victim lost one gland through
operation, which medical men said was
the work of an expert surgeon. The
other who lost two glands was mutil-
ated by amateurs.

FOR VISITOR

Saturday afternoon Mrs. Hal Wight
entertained most pleasantly at bridge
at her home on Park ave., compliment-
ing Mrs. La Verne Hurt of Lakeland,
the guest of her sister, Mrs. Ralph
Wight. There were three tables of
players.

The rooms where the car tables
were placed were effectively decora-
ted with quantities of roses, hibiscus
and ferns.

The hours passes quickly in the ab-
sorbing game of bridge, and when
scores were counted the prize for high
score, a cut glass nappy was won by
Mrs. J. G. Sharon, Mrs. Hurt, the
honoree, was also presented a cut
glass nappy.

At the conclusion of the card game
the hostess served fried oysters, hot
rolls, pickles and coffee.
Among those enjoying the cordial
hospitality of Mrs. Wight were, Mrs.
La Verne Hurt, Mrs. Alice Peters,
Mrs. J. G. Sharon, Mrs. Sam Yountz,
Mrs. Joe Chittenden, Mrs. Ralph
Wight, Mrs. Braxton Perkins, Mrs.
David Caldwell, Mrs. M. S. Wiggins,
Mrs. Claude Howard, Mrs. A. W.
Fitts and Mrs. Edward Higgins.

PERSONALS

(After 8 o'clock mail)
Jacksonville was represented here
yesterday by D. L. Clarke.

Mrs. J. H. Yoe, of Oxford, Ala, ar-
rived here yesterday for a short visit.

yesterday from Jacksonville where
she accompanied her daughter Mrs.
George Richard Harley, who was en
route to her home in Columbus, S.
C.

MRS. CHARLES ANDREWS EN-
TERTAINS

Mrs. Charles O. Andrews entertain-
ed yesterday at a bridge luncheon,
complimenting her house-guest, Mrs.
J. E. McNair of Tallahassee. A de-
licious four course luncheon was ser-
ved at 1 o'clock and the afternoon
was devoted to bridge, of which there
were two tables played. Mrs. And-
rews used a profusion of the flowers
now in season for her attractive de-
corations. There were quantities of
lovely hyacinths and other flowers.

Mrs. W. C. Essington received
highest score and received a bud vase.
The guest prize was a Mary Ann cake
pan. Mrs. Andrews' guests were, be-
sides the honoree, Mrs. Seth Wood-
ruff, Mrs. R. A. Shino, Jr., Mrs. W.
C. Essington, Mrs. Frank Winthrop
of Tallahassee, Mrs. Walter Wight of
Sanford and Mrs. V. W. Estes.

BIRTHDAY PAREY

Master Richard Deas, the bright
young son of Mr. and Mrs. R. R.
Deas, entertained a few of his friends
yesterday afternoon most delightfully
at his home on Seventh street, in cele-
bration of his sixth birthday anniver-
sary.

The afternoon was merrily spent
playing games and later a Potato Race
was enjoyed, the first prize was won
by Eugene Estridge and the booby,
went to Charles Betts.

After the games the children were
invited into the dining room, where
refreshments of ice cream and cake
were served. The dining table was
centered with the birthday cake ar-
ranged in a bed of white flowers and
ferns. It was iced in white and top-
ped with six tiny lighted candles.
Favors of little bags of Jack stones
and balls were given each guest.

Master Deas proved a delightful
host and was assisted in entertaining
his guests by his mother, Mrs. R. R.
Deas.

Those enjoying this happy occasion
were, Richard Deas, Eugene Estridge,
Frederick Daiger, Charles Betts, Har-
ry Bower, Billie Thiipen, Braxton
Perkins and Sam Braxford.

Miss Claire Stringfellow and Miss
Ruth Garcia, of Riverside Jacksonville
are the houseguests of Mrs. W. E.
Watson, while visiting Mr. W. A.
Stringfellow, who is ill, in Fernald-
Laughton Hospital.

Mrs. Causey's mother, Mrs. Tate, is
visiting her daughter, Mrs. Dolph Mag-
len of Mellowville avenue this week
but will return to Mrs. Causey's Sat-
urday where she will be until she re-
turns to her home at Decatur, Miss.,
next week. She has been with her
daughter, Mrs. Causey since Janu-
ary.

GREAT BRITAIN
WILL NOT AGREE
TO ANY SEIZURE

OF BRITISH SHIPS OUTSIDE
THE THREE MILE
LIMIT

WASHINGTON, Oct. 16.—Great
Britain in communication to state de-
partment today understood declined
to agree to the suggestion of Secre-
tary Hughes for reciprocal extension
of right of search and seizure so as to
give American prohibition navy jurisd-
iction outside the three mile limit.
At the same time British foreign of-
fice assumed the American govern-
ment that every precaution will be
taken to prevent the violation of the
American prohibition law by rum
smugglers under the British flag.

LOCALS

(From Thursday's Daily)
And hit raining again.

Mrs. Hazel Huntley and family
spent this afternoon in Orlando.

Bad weather for golfing, motoring
and tennis and washing clothes.

S. O. Chase has returned from a
business trip down the east coast and
other points in the state.

C. T. Bailey and Wako Bailey of
Hartwell, Ga., were in the city Sat-
urday attending to business.

All the weather reports say storms
and cold weather and all that stuff
but as yet they are all wrong.

A nice little cold snap just now
would be a big thing for Our Dollar
Day Sales next week. Here's hoping
it will get here.

J. H. Crenshaw and Earl Fields
have returned from several days vis-
it to west coast, Tampa, St. Pete,
Tarpon Springs and New Port Richey.

A. E. Jordan of Jacksonville is in
city for a few days. He is with the
Churchwell Company and is here
looking over the local establishment
and is well pleased with the prospects.

It is reported that the golf tourna-
ment this morning was postponed on
account of rain and that both tennis
and golf this afternoon will be put
off until another date. The bridge
party and dinner and dance will be
put on the Country Club this after-
noon and night.

Thursday night October 26th there
will be an open meeting in the court
house to discuss the amendments and
other matters that will come up at
the general election in November.
Everybody invited to attend this open
meeting. It is for the people of Sem-
inole county. The band will play and
it will be a big county get together
meeting.

Mrs. Grady Forgy and baby of
Mena, Arkansas, is the guest of her
cousin, Mrs. Wideman Caldwell at her
home on Palmetto ave., for a few
days en route to Palm Beach where
she will visit her sister, Mrs. J. B.
Earman.

GUN CLUB SHOOT
WILL CLOSE SOON

WINNERS IN SIGHT

Unless a better man shows up next
week it looks like Ralph Stevens will
be the winner of the case of shells
offered by the Rod and Gun Club for
the contestant showing the best incre-
ase in their season's average for the last
shoots of the season, that is of course
provided Ralph does as well on next
Wednesday afternoon as he did yest-
erday.

Breaking 42 of his 50 the good doc-
tor raised his average two points.
Practically all of the others out yester-
day lowered their season average
or else just managed to hold their
own. There is still plenty of opportu-
nity for some "dark horse" to show
up next week shoot the entire 100 and
"ake off the grand prize.

The other prize, a half case of shells
offered for high gun out of 100 shots
in the last two contests is at present
nobody's property. Ralph Wight has
a credit of 44 out of his first 50. Cole-
man got in late and was only in time
to shoot one frame of 25 and broke
22. Ralph Stevens is credited with
42 out of 50 and this contest will not
be decided until next week when the
season will be officially closed. It
is a sure thing that somebody will get
some mighty fine birds shells and
just who this will be will have to be
decided after the smoke clears away
next week.

Mrs. W. H. Pickelmeier, Mrs. M. L.
Jones and Mrs. L. S. Williams of
Knoxville are spending a short time
here en route to the southern part of
the state.

Mrs. George Richard Hartley leaves
today for her home in Columbus, S.
C., after spending the past week here
as the guest of her parents, Mr. and
Mrs. B. T. Houser at their home on
Palmetto ave. Mrs. Houser accom-
panied her daughter as far as Jack-
sonville.

THE DELAND-SANFORD
ROAD WILL REMAIN OPEN

A rumor had been current for
some time that the DeLand Sanford
road lying between Monroe Station
and the river would be closed to traf-
fic by Seminole county authorities in
the near future while undergoing con-
struction. Realizing the great incon-
venience that would be caused the
traveling public, should such be the
case and the loss in volume of busi-
ness to both Sanford and DeLand by
such procedure, the DeLand city
council instructed Director of General
Welfare Brown to take the matter up
with the city of Sanford civic organi-
zation of that city and as a result of
same the Sanford Chamber of Com-
merce has wired as follows:

E. W. Brown, Secy., DeLand, Fla.
Have been assured traffic will be
kept open Monroe Bridge during re-
pairs; route traffic as usual.

DAUGHTERS OF THE AMERICAN REVOLUTION

The Disarmament Conference at Washington

Mrs. N. J. Reynolds, National Chairman

It is the purpose of the Committee on International Relations to endeavor to pay before all Chapters and patriotic citizens the main results of the International Arms Conference, so that they may know of the new doctrines of liberty and justice that have been outlined, doctrines whose inspiration finds its source in the ideals of the United States of America.

There is no bigger work for the Daughters of the American Revolution or any American Citizen today than to familiarize themselves with the outstanding features of this International Declaration of Independence, and to pledge ourselves, as did our forefather of the Revolution, to guard these ideals and to see that they are upheld in the years to come.

First, as to the purpose of the Disarmament Conference and the place it will assume in the history of the world.

The greatest act of preparedness the world has ever witnessed was initiated by the United States in calling the International Arms Conference at Washington; and in keeping with American vision, it is preparedness against war instead of for war. The object of this conference has been "not to solve specific problems but to build a new morality."

4. Accepting the invitation of the American nation through its Chief Executive, President Harding, representatives of Great Britain, France, Italy, Japan, China, Holland and Belgium convened at Washington for the discussion and probably adjustment of the following problems vital to the entire world:

1. The limitation of armaments, naval and others, which are a menace to the peace of the world.

2. The control, in the interests of humanity, of the new agencies of warfare.

3. The settlement of Pacific and Far Eastern problems on a basis of common understanding that will promote enduring friendships among nations.

5. Twelve historic weeks of discussion and deliberation have resulted in the drawing up of the following six treaties on February 6th, 1922, received in the signatures of all of the representatives of the Conference.

1. Naval Limitation Treaty: By the terms of this treaty the United States, Great Britain, Japan, France and Italy agree to scrap or convert a specified number of existing capital ships, and so limit future construction that at the end of a ten year naval holiday their naval strength will remain 525,000 tons, 525,000 tons, 315,000 tons, 175,000 tons and 175,000 tons respectively.

Similar provision has been made for the limitation of the size of ships, and a fortification "status quo" has been set up in the Pacific under which the United States agrees not to further fortify the Philippines and Guam, and Japan agrees to observe the same restrictions in Formosa, the Bonins and the Pescadores.

2. Submarine and Poison Gas Treaty: Signed by the same five Powers, this treaty is an agreement not to use submarines as "commerce destroyers" and to outlaw the use of poison gas altogether.

3. Four-Power Pacific Treaty: The United States, Great Britain, Japan, and France agree to respect one another's rights in relation to insular possessions in the Pacific, and to meet in consultation whenever those rights are threatened.

4. General Far Eastern Treaty: The United States, Great Britain, Japan, France, China, Belgium, Portugal and The Netherlands are bound by the terms of this treaty to respect China's integrity. The open door policy is to be applied in detail and every opportunity is to be given the Chinese people to develop a stable government.

5. Chinese Tariff Treaty: Adhered to by the same nine nations, this treaty provides international machinery for an immediate revision of Chinese customs duties.

6. The Shantung Treaty: An agreement between Japan and China by which Shantung is restored to Chinese control.

It was our own Daughters of the American Revolution Hall, lent by our organization to the delegates that

was the scene of this epoch-making Conference and it is our duty now to see to it that the echoes of those noble pledges, drawn up for the benefit of the entire world, ring down the ages.

Let us use every effort to safeguard these new agreements in the same spirit as we have guarded the agreements drawn up by our forefathers in 1776.

Recommendations

1. Let the Daughters of the American Revolution undertake to disseminate through the foreign language press of this Country, information on American principles of liberty and justice and American standards of right living. These should include both historical information and a "question and answer" service on national ethics.

2. Let every Chapter constitute itself a "Bureau of Information" for the community it represents especially for the foreign born, on questions pertaining to national history and national standards of patriotism.

3. Let the Daughters of the American Revolution use their influence to have "International Day" observed annually in all public schools on February 6th (the date on which the treaties were signed at the International Conference) with appropriate exercises aimed to promote international friendliness.

4. Let all Daughters of the American Revolution Chapters observe "International Day" annually in appropriate fashion.

5. Let the Daughters of the American Revolution prepare and distribute a simple outline of the events and results of the International Arms Conference for use in schools and patriotic organizations for the young, such as the Boy Scouts, Girls Scouts, Children of Republic, etc.

6. I wish to make an especial appeal to all the patriotic citizens of Seminole County, especially school officials, to encourage and help carry out this great work so well begun by our National Society of the Daughters of the American Revolution.

Respectfully submitted
 Mrs. B. J. Starling,
 State Chairman on the National Committee on International Relations.

It is something to be able to chronicle "no rains" for a few days at that.

INVESTIGATION INTO DIRIGIBLE EXPLOSION NOW

C-2 DESTROYED YESTERDAY AT SAN ANTONIO FIELD

SAN ANTONIO, Oct. 18.—A board of inquiry today began investigation to determine the cause of the explosion which destroyed the dirigible C-2 yesterday.

The C-2 was partly clear of the hangar when a puff of wind dragged the huge bag along the ground, followed by two other guests of wind, causing three handling guys to pull loose, permitting the bag to swing free and against the doors of the hangar. The bag was torn and the rush of air ignited the dirigible. An explosion followed and almost immediately the C-2 was consumed and the aircraft was left a mass of smoking, tangled wreckage.

The injured are Maj. F. A. Strauss, commander; Sergeant A. D. Albright, engineer; Major John MacDd Thompson, 8th corps area headquarters; Captain Nelson Walker, aid to Major General John L. Hines; Ben Baines, newspaper reporter, and Sergeant Harry Bills. Lieutenant C. A. Anderson, pilot of the ill fated craft, escaped uninjured.

The C-2 was on a return transcontinental flight from Ross Field, Calif. to Langley Field, La. That a cross wind was not responsible for the destruction by fire of the dirigible C-2 but that the accident was due primarily to the pulling out of the fabric of the envelope, was the statement made by Major Strauss, commander of the ship, yesterday afternoon.

BAND CONCERT FRIDAY NIGHT

The Sanford Band will have their regular concert Friday night in the Central Park grandstand. Program will be published tomorrow

COMMUNITY CLUB OF GENEVA.

This is the second year of the presidency of the Geneva Club for Mrs. Wakefield. It is now a flourishing organization and besides doing a great deal of community work has started a Community Home and library. Americanization will be the study once a month, a chapter being studied as outlined by Dunn in "The Community and the Citizen." The first class was conducted by Mrs. John Leonardi of Sanford and was a most interesting meeting.

In addition to the Americanization work we meet once a month and sew for the bazaar which will be held the last week of November. Clarity work is not forgotten for an ice cream supper was given and the proceeds donated to the children's home in Jacksonville and the County Hospital in Sanford as well as the necessary donation of clothing for an invalid. During the summer a series of social teas were given; the Club was divided into five sections by neighborhoods and a program was given both literary and musical which proved some of the most enjoyable get-together affairs ever held in Geneva.—Club Reporter.

MUSIC

In every public school there should be a teacher of "Sight Seeing" also provisional opportunity for orchestral and brass instruments, so that children may get a general knowledge of the art at an early age and know what music is.

It will not interfere with a single study now in force, but rather it will benefit all of them because music is a recreative study.

Early training of music has a double effect, it builds character and rests the mind.

The adding to the daily routine of a short musical period will pave the way through an evenly balanced and rested mind for the other subjects,—much can be absorbed so much quicker and more permanently.

YARDMASTERS ARE GRANTED AN INCREASE

EIGHT HOUR DAY WITH OVERTIME FOR 2,000 YARDMASTERS

CHICAGO, Oct. 16.—Eight hour day with overtime which said amounts to nearly twenty-five per cent increase in pay was granted approximately two thousand yardmasters on twenty-six class one railroads today by the Labor Board.

Several terminals also affected. The railroads include the Seaboard Airline and terminals, Jacksonville Terminal Company.

GIANTS AND YANKS GET PAY

CHICAGO, Oct. 15.—Checks ranging in sum from \$50 to \$4,545.71 were mailed today from the office of Judge K. M. Landis, baseball commissioner, to seventy-four men who participated in the '22 world's series games. Three checks each for \$2,842.86 were handed to players Joe Bush, Waite Hoyt and Fred Hoffman, of the Yankees, while they were leaving Chicago last Sunday, en route to Japan.

Eighteen Giants, including Manager John McGraw and Coach Hugh Jennings, each received a check for \$4,545.71. Five members of the Giants were given individual checks for \$4,545.70, which is one cent less than the amounts received by the highest group. One of these was Cosup Deland, the veteran assistant coach.

The veteran pitcher, Jesse Barnes received one cent more than his brother, Virgil, who also is a pitcher. The checks of twelve others, including players who were lately added to the Giants' roster, ground keepers, trainers, mascots, etc., ranged from \$200 to \$2,272.85.

Of the twenty-nine checks mailed today to members of the Yankee club 23 were for \$2,842.86 each, and two for \$2,842.85, each of the latter being one cent less than the amounts received by the highest group.

The remaining seven checks represented sums ranging from \$50 to \$1,421.43.

SOCIAL SERVICE DEPARTMENT.

The Longwood Library contributed a number of magazines to the Seminole County Home.

July 10.—Miss Tillis and Mrs. Ness packed a large box of clothing for the Near East Relief.

July 12.—Mrs. Leonardi and Mrs. Van Ness packed the second box, representing Precincts 1 and 3 of the Seminole County League of Women Voters.

Same was shipped via Clyde Line to Near East Relief warehouse, Brooklyn, N. Y.—Route U. S. Army Base from Seminole County Federation of Women's Clubs. Those contributing: D. A. R., 76 lbs; Congregational Church, 76 lbs; Mrs. Maxwell, Sanford High School, 24 lbs; and many other individual gifts. Total shipping weight, 280 lbs. Charges generously donated by Clyde S. S. Co.

August 7.—Mrs. Leonardi and Mrs. W. W. Van Ness made a visit at our country home and delivered forty books, the gift of Longwood Library also thirty magazines which Mrs. Leonardi contributed.

I believe there were seven elderly gentlemen residents at the home.

Mrs. Browning, matron in charge, and some of the inmates expressed a desire to have the word of God bro't to the home.

August 13.—The Y. P. S. C. E. of the Presbyterian church responded to the call also gave them a little treat in the way of cats. All enjoyed the occasion.

Friday, Aug. 18.—The Y. P. S. C. E. of the Congregational Church with their pastor, Dr. Burhans, went out to the home. After some hymns were sung Dr. Burhans gave prayer followed by a short impressive talk and closed by prayer. Then more hymns were sung.

Miss Witte rendered a violin solo and Miss Gladys Stemper a coronet solo; then each at the home were presented with some cut flowers.

Sunday afternoon, Aug. 27.—The Epworth League of the Methodist church, went in goodly number and gave them a treat by way of special music, etc., long to be remembered by those at the home.

BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Sanford experiences. Sanford people recommend Doan's Kidney Pills. Here's a Sanford resident's statement:

A. W. Walther, retired farmer, 400 W. First street, says: "I have used Doan's Kidney Pills off and on for several years and I am glad to say that they are the best kidney remedy to be had. I suffered from backache and weakness of the kidneys. On several occasions Doan's came to my rescue when I was completely down and out with kidney complaint. Whenever I feel the need of Doan's Kidney Pills I use them and the results are always most beneficial. I am glad to recommend Doan's."

(Statement given May 22, 1924). NEARLY EIGHT YEARS LATER, on February 2, 1922, Mr. Walther said: "I am glad to have the opportunity to confirm my former statement in praise of Doan's Kidney Pills. My relief has been permanent." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

CLYDE LINE LENAPE MAY BE TOTAL WRECK IF STORM CONTINUES

(Continued from page 1)

Florida Metropolis, who with his wife, was on board.

Elderly women and small children were numerous among the Lenape's passenger list, he said, and the strain of events told hard on them. In taking the passengers aboard the Mangrove, the order of the sea—children, women and men—was followed.

In the separation of families there were many pathetic scenes. The sea was somewhat rough at the time which, coupled with their pent up emotions, caused excitement among the less staunch.

The Lenape was in charge of First Officer Reginald Dexter, at the time of the accident, according to H. G. Winzlo, Florida passenger agent for the line, who was aboard the vessel.

The first officer had been on duty only 12 minutes, however, having taken over the watch at 4 a. m. from the second officer. The vessel ran on the sands at 4:12. A number of the passengers were awakened by the shock, but their fears were quickly allayed by the ship's officers, who also made the rounds of the quarters and called everybody to the decks.

FORD CARS COME DOWN

In this issue of the Daily Herald is the announcement of the cut in the prices of Ford cars. The cut in the price amounts to fifty dollars per car and considering the extremely low price of cars before the cut this amounts to quite a bit. Henry Ford usually anticipates the lowering of prices in cars or else he makes his own cut and brings them all down with him at the time but there's been no intimation of the cut in the prices of any other cars at this time. The lower prices on the Ford cars are all given in this issue and are well worth perusing since it means a big saving to anyone contemplating the purchase of a car. Edward Higgins, the local agent is a live wire and keeps abreast of the times and he can always be found looking after the best interests of his customers. Ed says that when lower priced cars are made lower than the Ford they won't be made which means that he will be there when the lower prices takes place. See the prices in this issue.

DELAND WANTS TO TRY S. H. S. ANOTHER TIME

Al though the Sanford-DeLand football game is a game of the past, still it lingers in DeLands' memory and they are anxious for another try at Sanford. And of course Sanford is willing.

Evidently DeLand met the surprise of their young lives when Coach Wilkenson's crew motored over there last week and won the game. DeLand or any other town is not used to Sanford doing much on the gridiron as our record of the past has been such that they should feel that way. But now that we have a real out-fit, coached in a real way and good for at least a majority of wins, other towns are anxious to tear us down. It has not been definitely arranged as yet, but the chances are that Sanford will give DeLand another chance this season, and from what the DeLand News says in the following they expect to give Sanford cause for preparedness for a hard fight. The DeLand News says:

DeLand High school lost to the Sanford eleven Friday in football, but they put up a scrap that Sanford will not forget soon. They not only fought hard but they fought clean, which is quite a recommendation for a high school team where the rivalry is as keen as it is between the two high schools. Sanford is asking for a game in Sanford on Thanksgiving the local team may meet this date as all of the boys are anxious to have another chance to win from the Sanford aggregation and are confident that they can turn the tables even though it be on Sanford's home grounds.

The individual star of the game for the locals was Graves, the 130-pound halfback of the local squad. Graves seemed to go through the Sanford line at will, failing to gain he was given the ball only one time and that was when a low pass caused him to fumble. This boy has risen above expectations and will sure make it interesting for any high school team DeLand meets by his speed on end runs and off tackle plays.

A number of new player will probably return to the lineup and "Dum" Tatum will be moved from center to guard. Two or three boys who have not entered school yet may do so today as it is the last day which a player can enter and be eligible for football, according to the High school rules. A new lineman of about 180 pounds weight with plenty of speed and a new backfield man with about 170 pounds weight are expected to start to school today and if they do and all the men who were injured for Friday's game get into condition the locals can still make it interesting for the Sanford eleven on Nov. 30.

That boze problem on the ships promises to stir up quite as much fuss as the 18th amendment. Education will do more to settle this liquor question than any other one thing. And this education should start at home. It is up to the people of the United States, to uphold the law regardless of whether they are in sympathy with it or not.

Letters Of A Florida Citrus Grower To His Nephew

IX.

From Jonas Arland at Hammock Groves, Florida, to Samuel Newcomer, Bentonville, Mich.

Dear Sam:

Your letter is very welcome. The news that you have decided to become a member of the local association where your grove is located and thus to market your fruit through the Florida Citrus Exchange makes me feel good.

I am inclined to rejoice both for your own sake and for the sake of the organization. I know this will be a very good thing for you; and I am glad now to be sure that your fruit is not going out through some other channel where it will compete with mine in the markets, to the detriment of the price of both.

You are not very complimentary; but I appreciate your honesty all the more. When I had finished reading the first half of your letter, to the effect you had decided to become one of us, I was shaking hands with myself and receiving congratulations from the same source on the visible effects of my ability as a letter writer. Then, in the latter part of your letter, you knocked the props right out from under me. When you say you have been most largely influenced in your decision by talks you had with fruit jobbers in Chicago, Detroit and Cleveland, while on your trip, you make me feel good to know that the Florida Citrus Exchange stands so well; but you likewise indicate that the correspondence course I furnished you on the subject of marketing fruit was perhaps not of such great value as I thought.

However, I still shall claim credit, for it could have been nothing but my letters which spurred you on to make this trip of investigation; and I am going to help you complete the transaction.

Enclosed is an application blank for membership in the St. John's Citrus Growers Association; and I have had you recommended for membership by Old Man Brown, who is one of the head men in the association. That practically clinches the thing, for there is nothing difficult in joining an Exchange association. All you need to become a member, and to stay a member, is, as Dr. Ross says, "So to conduct yourself that others may work with you." There is no initiation fee; there are no dues. The actual cost of the operations involved in handling your own fruit, which are deducted from your remittances, cover everything.

As you can see, the application is simplicity itself. Also I enclose a booklet giving the full Charter and By-Laws of the Florida Citrus Exchange, the various sub-exchanges, and the local associations. As you will be subject to these, I advise reading this booklet carefully. However, I know you will agree with me that in straight-forward, honest phraseology, these are simplicity itself. No honest man or woman can find any reason for hesitating in signifying a willingness to conform to them. For that matter, they have been passed upon time and time again by as able lawyers as there are in this country, because among the members of some of our associations are some of the biggest business men in the United States. Likewise there are several estates of former prominent Northern financiers which own Florida groves. Such as these make no move of any sort, without the approval of a whole covey of highly paid lawyers.

Just the same, I want you to read these charters and by-laws; and to make sure of things for yourself. In an organization as big as this, with thousands of members, there is no room for trickery and sharp dealing, but, just the same, a man should know precisely what he is doing. A misplaced comma or a missing period sometimes can make a big difference. Which reminds me of the time when Colonel Jones, our local orator, gave the famous "Woman; Without Her, Man Would Be a Savage." This was all right, and the Colonel got away with his subject nicely; but after the local paper was out, he had to explain to delegations from the Woman's Club and the Ladies' Aid Societies, and they kept him busy explaining for quite a while. For the inspired printer had quoted the Colonel's words as "Woman, Without Her Man, Would be a Savage."

With best love to Etta, the children and yourself, I am somewhat hastily,
Your Uncle, JONAS.

X.

From Jonas Arland at Hammock Groves, Florida, to Samuel Newcomer, Bentonville, Mich.

Dear Sam:

I am sending you certificate of membership in the St. John's Citrus Growers Association, which, you will note, was passed upon at the last meeting of the association directors, and, according to the endorsement of the secretary, you are now a full-fledged member, and thus fully affiliated with the Florida Citrus Exchange.

Keep this carefully. Possession of it is not necessary to prove your rights to anything; but now and then reference to this will help you to recall the time when you took a very definite step for your own good and for the benefit of Florida, which I am trusting may before long become the adopted state of you and your fine little family.

If you live up to your threats and knock off for a couple of months next winter, and you and Etta and the kids spend the time down here and get some sand in your shoes, I don't believe it will take much to persuade you to cast your lot among us.

We have the finest country on the face of this green earth. We don't have to prove it; we admit it. All we need to enable us to take our place at the head of the ranks is more good people, like you and your folks. In a few years that grove of yours is going to be worth more money than your hardware store in Bentonville, that you think so much of. Also, you and your folks will find that year-round living here is certainly delightful, as compared with year-round living most anywhere else. I have traveled all over the United States, and over fourteen counties in Arkansas, and I feel I know.

Incidentally, your old uncle is getting no younger as time passes. I should like to be able to feel that some of my own blood relations were qualifying to carry forward the things I have brought along thus far. It would be a way compensate me to an extent for having no children of my own to take up my responsibilities.

I have not hinted at this, before; but believe it is just as well that you now understand how I feel. That is one reason why I was so bent on having you start off right, and have the first fruit from your grove go through the Florida Citrus Exchange.

Michigan is a grand old state, and I love it; but after a quarter of a century here I love Florida more. Loving Florida as I do, I am bound to use my best efforts always in behalf of the Florida Citrus Exchange. For, could you see things as I do, you would know that the Florida Citrus Exchange has done more for Florida than any other institution in the state. Not only that, but it must continue to be the big factor in the progress and development of the state. The future of Florida's citrus industry and the future of Florida are inseparable; and the future of our citrus industry rests upon the Florida Citrus Exchange.

I am not very strong on giving advice, as a usual thing. In a way I am somewhat like Old Doc Towner, to whom I went to school in Dorbridge Township, when I was a boy. I remember one Friday afternoon when just before school closed he said to us: "Boys, I suppose you know there is a horse race at the fair grounds tomorrow afternoon. You must not go. But if you do go, you must not bet on the races. But if you do bet, be sure to put your money on Abercrombie's mare."

I have no ambition to influence you and Etta to come down here and take over my responsibilities; but in the event you should decide to do so, I believe it would be a profitable thing for you, and I feel sure that each and all of you would enjoy mightily living here in Florida.

Even if, as long as I last out, you have to put up with my company and companionship. On the basis that the good die young, I believe Deacon Walker would hazard the guess that I am due to live to be about one hundred and twenty before I lay down my burden. However, you must not let that discourage you unduly.

Love and best wishes to Etta, the youngsters, and yourself. I am looking forward to seeing you now before so very long.
Your Uncle, JONAS.

GOLFERS ARE READY FOR BIG TOURNAMENT

BOTH LADIES' AND MEN'S AFFAIR ABOUT READY FOR START

There are some that are looking forward to Thursday as a big day of fun, there are some that are sure it won't be so funny after the public hears of their records and then there are some who just naturally don't give a hang, but any way the whole bunch of Sanford amateurs are all set for the start off at the Sanford Country Club links, on the opening day of the club, Thursday, October 19th.

In most cases the rule is that the ladies take more interest in different events than the men, but this time, even though the interest displayed by the fair sex is running high, those he-golfers are running them a close second.

Every lady of the club who has either played or watched the other fellow play has signified her intentions of taking part in the tournament for ladies. Quite a few of the ladies have become quite proficient, many of them making better scores than some of the men and Thursday morning will see some new records for the best ladies' scores.

As for the men—well—there will be something doing at their tournament. Every afternoon, and most every morning, finds some of them making the course getting ready for this affair. Most all of the golfers that will participate are beginners. This tournament is to help them improve their play, and in order that every one will have a chance at the different prizes, the committee has decided that they shall be mixed up. The best score gets first prize, the next best gets second prize and then it drops down to six best score who will take third prize. There will be at least six prizes for the men's affair and they will be mixed up amongst the different scores so that even the dub will get his chance. And there will be a prize for the sorriest score. The prizes will be divided among the ladies likewise.

The entrance fee is fifty cents each for the ladies and one dollar each for the men. This money will be used to purchase the prizes and at the present time, the committee expects to give golf balls for prizes. A dozen balls for the best, half a dozen for second and so on down the line.

The ladies' tournament will start at 10 o'clock sharp in the forenoon Thursday, instead of 9:30 as originally announced and the men's fray will start promptly at two in the afternoon.

These of the ladies or men who have not as yet handed in their name as an entrant, do so at once, or should you find you are not certain you can get there until the last minute, come anyway as provisions will be made for the late comers.

Mr. Wadsbrook can be found at the club at any time for those ladies that wish to hand in their names, or if they will phone Mrs. Forrest Lako, the necessary arrangements can be made through her.

For the men, phone C. I. Britt.

BOWLING LEAGUE MEETING

A meeting has been called for this coming Friday night, at Maxwell and Britt's office, next door to the First National Bank, of the different representatives of the various clubs that will take part in the bowling league this winter.

The number of games, rules and regulations and the schedule will be discussed and everything put into shape to start before the last of this month.

Anyone interested in bowling is invited to this meeting, which will start promptly at 7:30 p. m., Friday, October 20th. The Rotary Club, Kiwanis Club, Men's Club, Congregational Club, Farmers and Business Men are asked to see that some one is at this meeting to represent them with authority to act.

SOCIETY

(From Tuesday's Daily)
O. C. Branch, of Ocala, was in the city yesterday attending to business.

Mr. and Mrs. S. E. Barrett are now pleasantly located at the Montezuma for the present.

P. M. Boyd and Dr. S. W. Walker are expected home today from Corinth, Miss., where they have been holding a series of meetings.

Mr. and Mrs. D. L. Thrasher motored to Eustis Sunday where they were the guests of the latter's parents, Mr. and Mrs. E. L. Ferran.

Mrs. J. M. Baggott and S. E. Hope, mother and grandmother of Mrs. P. M. Boyd left yesterday for their homes in Tarpon Springs after spending several days here as the guests of Mrs. Boyd, at her home on French avenue.

Mr. and Mrs. George Weiland and daughter Mary, left yesterday. Mrs. Weiland and Mary going to Defiance, Ohio, where they will spend a few weeks with her mother, Mrs. Dietrich, and Mr. Weiland going to Globe, Arizona, where he will be rector at St. Johns Episcopal church. It is with sincere regret that we bid these folks goodbye but hope they will return to Sanford again.

A delightful bridge luncheon, complimenting her guests, Mrs. Frank Winthrop, of Tallahassee, and Mrs. Walter Wight of Sanford, was given by Mrs. R. A. Shine, jr., at her home Tuesday morning. The rooms were prettily decorated, and the hostess served a delicious course luncheon. Mrs. Forest Lake was the honor guest at a bridge luncheon Tuesday evening given by Mrs. J. N. Bradshaw. Others who enjoyed the delightful occasion were: Mrs. Carpenter, of Jacksonville; Mrs. Winthrop, of Tallahassee; and Miss Kilmer, of California, all of whom are visiting friends in the city. Five tables of bridge were played.—Orlando Notes in Tampa Tribune.

ST. AGNES GUILD

The members of the St. Agnes Guild held a most interesting meeting yesterday afternoon at the home of Mrs. John Leonard on Oak avenue.

The first part of the afternoon was devoted to business. Plans were perfected for the Halloween Dance to be given Tuesday evening, October 30th at the Parish House. It was decided that this would be a masquerade affair. Committees were appointed and duties assigned. It was also decided to have a recital some time in November under the direction of Mrs. Lucille Aspenwall Teekach. Several other matters were discussed. Among them being the decision of meeting next Tuesday instead of Monday at the Parish House.

After the business session a delightful social hour was enjoyed, the hostess served banana split and cakes.

Among the Guild members present were: Mrs. Wm. Belding, Mrs. Julius Pakach, Mrs. Raymond Key, Mrs. Raymond Phillips, Mrs. J. N. Robson, Mrs. R. W. Pearman, Mrs. Chris. Matthews, Mrs. Hawkins Connelly, Mrs. C. J. Marshall, Mrs. Fred Daiger, Mrs. Clifford Peabody and Miss Helen Terwilliger.

ONE HUNDRED PLANTS FROM ALL OVER WORLD PLANTED AT STATION

GAINESVILLE, Oct. 17.—More than one hundred new specimens of grasses and legumes, from all parts of the world have been received and planted on the grounds of the Florida Experiment Station here as the first step in the effort of specialists to discover new hay, forage and pasture plants suited to condition in this state.

The specimens were planted late in September and early this month and will be under the constant observation of W. E. Stokes, grass and forage crops specialist, for one or two years.

JAIL ROBBED OF 54 QUARTS LIQUOR

MOORE HAVEN, Fla., Oct. 18 The sheriff of Glades county has offered a reward of \$200 for information leading to the arrest and conviction of the person or persons who robbed the county jail here Saturday night of 54 quarts of a high grade Scotch whiskey. The handkerchiefs cut a heavy wire screen and two iron bars, gaining entrance to the cell in which the liquor was stored.

They were discriminating handkerchiefs, for none of the large quantity of moonshine liquor stored with the Scotch was removed. They did show their opinion of "shine," however, by breaking the jars and bottles containing the white lightning and allowing it to flow over the floor.

Millions Point Way to Health and Happiness

Bring Cheerful, Inspiring And Hopeful Messages to Those Who Are Sick in Body and Spirit.

Every human being is entitled to health, happiness and success. It is positively wrong to be satisfied with less. Do not fold your hands and accept ill health as something you cannot avoid or overcome.

Tens of thousands of men and women from all parts of the country have testified that life has been made worth living to them after they had almost given up hope. These are the fortunate ones who have been restored to health and strength by the use of Tanlac, by far the world's most celebrated tonic medicine.

They all agree that Tanlac brings a feeling of new life and energy to every portion of the body and sends the blood tingling through the veins.

The body becomes ruddy with the glow of health, the mind casts off its drowsiness and becomes once more alert and active; there comes new life, new energy and a new feeling of ability to do things never thought of before.

Join today, the vast array of those who have been made healthy and strong by Tanlac. Throw off the poisons that are ruining your digestion, weakening your strength, wrecking your nerves, making your liver torpid, causing headaches, backaches and crippling you with rheumatism and other destructive diseases.

Bring the color to your cheeks and the sparkle of health to your eyes. Be robust, strong and sturdy. You can do this and you owe it to yourself, your future, your family, to act now.

Get Tanlac from your nearest druggist today and watch how quickly you begin to eat better, sleep better, feel better and work better.—Adv.

LEONARD McLUCAS — SANFORD'S STAR

Some very careful observers of the past two football games in which the Sanford High took part in were trying to pick, if possible one player, whose all-round playing and good head work stood out over the rest.

A job of this kind was mighty hard as the Sanford team is a good one all the way through, every man on his toes at all times and all doing just what is expected of him.

Leonard McLucas, however, deserves great credit for his ability, for he, as quarter back, has got to keep his head up at all stages of the game. And he does that thing well. From the first kick off until the last minute of play, Leonard is in every play, working his head and in both of the two games won by Sanford, Leonard was a big factor. If it is possible to pick any one player as a star, these same careful observers that we speak of would say that the honor should go to Leonard.

This of course has no reflection on any of the other player however, as everyone of them are good, and many of them will be stars before the season ends as there are players like the "galloping full back," Ed Moyo and others.

SHELL-SHOCKED VET FAINTS AT SIGHT OF SELF IN WAR SCENE

NEW ORLEANS, La., Oct. 17.—William Stunt, shell shocked and wounded veteran, fainted in a picture show here when he recognized himself in a war picture flashed on the screen.

He fell unconscious from his seat with a cry as a picture of an American unit in combat was shown and was rushed to a hospital in an ambulance.

Stunt served originally with the black watch of Scotland and holds the Victoria cross.

James Stucky Says, "Rats Cost Me \$125 for Plumbing Bills."

"We couldn't tell what was clogging up our toilet and drains. We had to tear up floor, pipes, etc., found a rat's nest in basement. They had choked the pipes with refuse. The plumber's bill was \$125. RAT-SNAP cleaned the rodent out." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Hall Hardware Co.—Adv.

SETS UP NEW GOLF RECORD

ST. PETERSBURG, Fla., Oct. 17.—What golfers say a new record was set up at the country club course here today when C. F. Goodman, who has but one good eye, made the 158 yard water hole in one. Goodman has been playing the game only two months.
