

Weather Is Good To Florida Crops

ORLANDO, Nov. 8.—(AP)—Weather conditions in Florida for the second half of October and early November were generally good for crop growth and field operations.

The U. S. Department of Agriculture experiment station made this report in its survey as of Nov. 1, commenting also that crop conditions in Texas were good but that a wide range of weather in California, ranging from light to killing frosts unusually early, damaged most tender crops to some extent.

For Florida, the report said that counts of heavy rains Oct. 24-25 which drowned most fields of early tomatoes, destroyed many seed beds and generally beneficial, the report went on, with scattered light frosts in northern Florida causing only slight damage. Principal effect, it said, was a slowing down of harvesting of snap beans and cucumbers being frosted.

In North Florida, harvesting of early snap beans, cucumbers and squash is about over, however, while in Central Florida harvesting of early snaps is about over, too, although late plantings will provide some volume until late November if weather permits.

Scattered harvesting of tomatoes has started but it will be beyond mid-November before the volume becomes heavy.

Defense Plans

(Continued From Page One)

(1) To get agreement from the joint chiefs of staff that all military contracts will be placed on the basis of quality, cost and time competition without regard to the geographical location of industries.

(2) To arrange a public meeting in Washington, D. C., in early January to get public opinion behind the move.

The report cites numerous instances of orders and even whole plants, being shifted inland and southward, and of pressure for others to take the same direction. The study concentrates on aircraft.

Regional chairmen in the unofficial committee are: Western states, Senator Knowland (R-Calif.) and Rep. Sheppard (D-Calif.); Great Lakes area, Senator Ferguson (R-Mich.) and Rep. Crawford (R-Mich.); New England, Senator McMahon (D-Conn.) and Rep. Fogarty (D-R.I.); Middle Atlantic States, Senator Myers (D-Pa.) and Rep. Canfield (R-N.J.); South Atlantic area, Senate appointment pending, Miss Blake (D-Fla.).

8 YEAR OLD SLAIN

NORFOLK, Va., Nov. 8.—(AP)—A 37-year-old man was arrested today in the death of six-year-old Shirley Murray, who was found unconscious and lying in a wood near the Norfolk naval base.

The Federal Bureau of Investigation announced that Lawrence Augustine Markham, a resident of wartime housing project Broad Creek Village here, has been charged with the murder. The FBI stepped into the case because the child was found on federal property.

Shirley, whose head had been battered, died of fractured skull last night a few hours after she was found.

HANDSONE'S MEDITATIONS

OLE TOM GITTIN' TO DE AGE WHAR FOLKS IS GOT IN DEY WAYS—BUT DEN TOM ALLUZ IS BIN DAT AGE!!!

Capt. Crommelin

(Continued From Page One) unauthorized disclosure of a classified document by Captain Crommelin, the Chief of Naval Operations addressed a severe letter of reprimand to the Captain. He was released forthwith from suspension and restored to duty. He is being ordered detached from the office of the Chief of Naval Operations and assigned as aviation officer on the staff of Vice Admiral George D. Murray, commander of the western sea frontier.

TEEN AGE CRIME

DETROIT, Nov. 8.—(AP)—A frightened 18-year-old youth told police today that he and a prison guard fired the shots that killed George Schmidt, Macomb county truck farmer.

William Roddy, 18, said his gun went off by mistake during the holdup attempt last Saturday. Detective Erwin Schink reported.

Roddy declared that Jack Roberts, 18, another of the four youths held in the shooting, fired first.

GAME COMMISSION

TALLAHASSEE, Nov. 8.—(AP)—The State Game and Fresh Water Fish Commission is going to apply for membership in the Florida merit system.

Commissioner Cecil Webb of Tampa, who suggested the plan, said the merit system for employees would help to rid the commission of "political pressure."

NEGROES PLANT LUPINE

Lake City, Fla.—Many Columbia County negro farmers are growing blue lupine cover crops on their land this season, according to McKinley Jeffers, negro farm agent.

Higher production per animal can be obtained by rigid culling and better breeding, feeding and disease control.

Plywood has been used in piano manufacture since 1830, when it was first used for tuning pin blanks to prevent pins from slipping.

New York Election

(Continued From Page One)

outpouring of about 5,500,000 appeared almost certain before the polls close at 7 P. M.

Warm, sunny weather helped to lure the electorate out early. The surge reflected the keen interest throughout the state and nation in the contest between Senator Dulles, who pegged his campaign on a denunciation of a large part of the "Fair Deal," and former governor Lehman, who warmly espoused most of Mr. Truman's program.

From one-third to one-half of the registered voters had gone to the polls by noon in Buffalo, Rochester, Syracuse, Utica, Schenectady, Troy, Binghamton, Albany, Oswego, Ogdensburg and Salamanca. All are in Republican upstate, but the Democrats claim great strength in most of these communities.

The Democratic-controlled New York City a spot check of Manhattan and Bronx voting indicated about 40 per cent of those registered had voted.

The percentage was higher in some thickly populated areas, notably Harlem, Washington Heights, Greenwich Village and the entire east side.

In Albany, a Democratic stronghold, about 40 per cent of the voters had pulled levers by 12:30 P. M.

Long lines formed at polling places in many cities but the balloting was orderly.

Mayoral elections in 40 cities, including New York, helped swell the vote volume. These contests shared local interest with the Dulles-Lehman duel, the winner of which will serve the remaining year of the term of New Dealer Robert F. Wagner. The Albany Wagner resigned last June and Governor Thomas E. Dewey appointed Dulles, foreign affairs expert, to the seat. The interim appointment expires Dec. 1.

The outcome of the election is certain to be interpreted as a victory or a defeat for the Democratic national administration.

Lehman, four times governor of the Empire State, ardently championed the "Fair Deal."

Dulles, famed foreign affairs authority, denounced a large chunk of Mr. Truman's domestic program.

National leaders of both major parties were watching all contests for signs of which way the political winds are blowing for the 10th general congressional elections.

In Boston, the prestige and influence of Secretary of Labor Maurice Tobin became involved at the last minute in the mayoralty election.

Tobin, a former Boston mayor and Massachusetts governor, publicly threw his support behind City Clerk John H. Hayes, Hayes is trying to oust Mayor James M. Curley who is running for his fifth term.

New Jersey voters turned out in large numbers to choose between Republican Governor Alfred E. Driscoll and State Senator Elmer H. Wene as the state's next governor.

First reports from 15 of the state's 21 counties showed the voting as heavier than usual in ten counties and normal in four.

Driscoll, lauded as possible presidential timber for 1952, was rated in pre-election forecasts a close favorite over Wene, former Democratic congressman and a nationally-known baby chick raiser.

PROPERLY TRAINED YOUTH WILL PROTECT AMERICA'S IDEALS AND WAY OF LIFE

In a recent address to Florida county and home demonstration agents and other Agricultural Extension Service workers, Dr. Book Campbell, president of Florida State University, emphasized proper training and guidance for the youth of today. His ideas are well worth the consideration of all.

As continued success of American agriculture is dependent on the thin layer of top-soil left in this country, so does one thin generation—the youth of today—stand between American civilization and "almost any kind of subversive organization or government that you might think of," Dr. Campbell explained.

Therefore, the educator pointed out, it is necessary for America to conserve and guide her youth as well as conserve her top-soil.

Dr. Campbell called for renewed emphasis on such "old-fashioned" American ideals as hard work frugally, and price in accomplishment to maintain and strengthen the American Way of Life. Young people have heard some ideas contrary to these practically all their lives, "and it is not so simple to convince many of them that the world is in great danger," he explained.

As a result of comparatively recent developments, many feel that someone who works hard, puts a

Mints To Housewives

By Anna Mae Sikes

PLAID POINTERS Plaid, so popular in the fashion picture this fall, present a few special problems in home dress making, clothing specialists of the U. S. Department of Agriculture and the Iowa Extension Service agree.

When choosing a pattern to make up in plaid, look for simple lines and little decorative detail. The plaid itself offers enough decoration so that fancy extra touches are not needed, and the fewer the pattern pieces, the less the difficulty of matching the design when putting the garment together.

If the material must be shrunk before making up, take care to hang it straight in drying and to hold ends and selvages even in pressing so that the weave runs straight and true.

The easier way to make the plaid match is to check the notches when laying out pattern pieces, making sure that a notch on the sleeve for example, comes at the same place in the plaid as the corresponding notch in the armhole. You save time and cut pieces with less waste and on single rather than double material, except for those pieces which must be cut on a fold of goods.

Persons having relatives buried in the cemetery are requested to stake plots. Citizens are invited to visit the cemetery and see the improvements made.

RFC Loan

(Continued from Page One) of the loan if sufficient funds should not accrue from the operation of the terminal, he stated. The issuance of the revenue certificates will also have to be validated.

Reviewing the history of the project, he pointed out that preliminary engineering that accompanied the application for the loan had been prepared by Smith and Gillespie, Jacksonville engineers, substantiating the data of shippers and transportation companies, compiled by the Seminole County Chamber of Commerce and made part of the application.

This application for a \$350,000 loan was submitted to the RFC last year, he said, at which time it developed that the city required special legislation to issue revenue certificates. This was presented to the State Legislature last spring by Seminole County representatives, including the city to issue revenue certificates, and authorizing the pledging of the parking meter funds.

Sanford has employed the New York bond attorneys, Cabwell, Marshall, Trumble and Mitchell to assist City Attorney Edwin Shindler in the validating proceedings, which Mr. Higgins predicted would be handled immediately.

"Receiving the assurance of the RFC on the loan," will allow us to proceed to negotiate with the State Road Department to assign that portion of Seminole County bonds necessary for the construction of the terminal.

"It will also put us in position to make definite arrangements with reliable transportation companies in regard to operating the terminal. The engineers," he stated, "will be in position now to begin detailed studies of construction and estimate for the building program."

Mr. Higgins asserted that in his opinion that, now that the RFC has been committed to the loan, he does not see why there should be any opposition in Sanford to the validation of the revenue certificates.

The application was for \$350,000 or \$50,000 more than was granted, he declared, but expressed confidence that the \$350,000 would cover the cost of the terminal and equipment, and would be amortized over a period of 20 or 25 years at 4 percent interest.

All net revenue from operation of the terminal, said Mr. Higgins, will be applied to redeem the revenue certificates, and there is no shortage of this revenue, the parking meter funds will make up the difference.

Mr. Higgins has been largely instrumental, a manager of the Seminole County Chamber of Commerce in the promotion of the St. Johns River Channel which was deepened to 12 feet between Sanford and Palatka which already had a 12 foot depth to Jacksonville. The Chamber of Commerce advanced money to secure spillways and spoil areas for the project, which included dredging a triangular basin in Lake Monroe, and filling in the terminal area.

Construction of the terminal will be by contract, he revealed, and will include a concrete wharf, built to the water's edge and reinforced by sheet steel piling outside of the present bulkhead wall. The enclosed part of the building will have 100,000 square feet of floor space. It will have rail facilities on one side and an ample paved area for loading and unloading of large trucks on the other side.

England Depressed

LONDON, Nov. 10.—(AP)—An official of the Labor government admitted today Britain has been caught with its slippers down.

Herold Wilson, president of the Board of Trade, said he is pressing the makers of three cornered pants to step up the supply for the home market.

Steel Prices May Increase In 1950 Due To Strikes

NEW YORK, Nov. 10.—(AP)—Major steel price increases "are a definite possibility for early 1950 unless demand goes to pieces," the Iron Age, metalworking trade weekly said today.

The publication reported strikes of more than 10 million tons of steel production means a shortage that may extend into next summer.

"The conversion deal has come back and the threat of gray markets looms again," it commented. But the Iron Age found chances good that major price increases will not be posted this year. Noting the 1950 possibilities, it said:

"If labor costs of the smaller steel firms are raised by strike settlements some individual price increases are certain." These were listed as probable "by smaller volume mills, whose units cost generally higher than those of the big firms."

Higher labor costs under the Bethlehem pattern or any similar pact are variously estimated at a minimum of \$3 per ton of steel, the trade weekly said.

Full impact of the steel strike on metal consumers "will land this month and it will close down a lot of plants," said the Iron Age. "Steel users who learned how expensive it is to operate off the full gate of a truck are going to be sure their inventory is in full before resuming full production."

Steel scrap prices were reported higher again this week, and the trade weekly noted that the iron age steel scrap composite has moved from its June low of \$19.33 a ton almost half way back to the \$33 January high. This week it stands at \$28.92, an increase of \$1.34 over the preceding week.

The industry's input, operating rate was placed this week at 22 percent of capacity compared with last week's revised rate of 12.5 percent.

In the Supreme Court Building in Washington, each of the justices is provided with a suite of three rooms, private office, secretary's office, bath and shower.

Clam Chowder Can Be Dynamite!

If Smiley Roberts is a friend of yours, like he is mine, and if you want to keep this friendship as I do, don't ever let him hear you say that good clam chowder can be made without cream.

In New England, where Smiley comes from, friendships have been broken over tomatoes versus cream in clam chowder. Experts say that south of Boston the tomato reigns supreme, but north of Boston it's cream—or else!

From where I sit, whether it should have cream or tomatoes is simply a matter of taste. This is

Oviedo News
Special to The Sanford Herald
By MARIAN R. JONES

OVIEDO—(SPECIAL)—The Oviedo Woman's Club will meet on Thursday, Nov. 10, this month instead of on the regular meeting day, Friday for the convenience of the guest speaker, the Hon. A. S. (Bud) Herlong, representative from the fifth district in the U. S. Congress. Rep. Herlong will use as his topic "Compulsory Health Insurance". The president of the Oviedo Woman's Club, Mrs. J. P. Cox, will preside.

The hostesses for the occasion will be Mrs. C. O. Smith, Mrs. Joseph Leinhardt, Mrs. H. G. Smith, Mrs. W. H. Cox, Mrs. C. G. Shaffer.

The Rev. J. T. Adams, Jr., scoutmaster of Troop No. 243, has announced that his troop will participate in the parade of the Boy Scout Circle in Oviedo next Saturday and also in the Chariot race.

Mrs. Don Ulrey attended a meeting in Oviedo for the mothers of the Cub Scouts.

The Woman's Club board meeting was held at the Oviedo Woman's Club Friday afternoon.

A P-TA board meeting was held in the Home Economics Building to discuss the budget for the year.

Mr. and Mrs. Charles T. Niblick and nees, Suzanne Partin, spent Sunday in Lakeland visiting their daughter, Miss Dorothy Niblick, who is a student at Southern College, and to be there for open house.

Mr. and Mrs. Tommy Staley and son, Mac, of Zellwood, were visiting relatives and friends here this past week.

Mr. and Mrs. Otto Sego and baby daughter Kay are visiting Mrs. Sego's parents, the W. A. wards.

Mr. and Mrs. J. A. Guyon had as their recent guest their son, Basil Guyon and Mrs. Guyon of Miami.

Mr. and Mrs. Herbert David who have been living in Ft. Pierce have moved back to Oviedo and are now occupying the Hillside house. Mr. David is the brother of Mrs. Joe Malachuk.

Word has just been received that at Schwabach Hill, Germany, on Oct. 29, 1949, Cpl. Canby Kimble, son of Mr. and Mrs. A. H. Kimble, of this city, helped the 5th Field Artillery Battalion celebrate its 173rd anniversary. The 5th Field Artillery Battalion is the heavy artillery firepower of the famous First Infantry Division, "The Big Red One." Cpl. Kimble, who is serving with Headquarters Battery of the 5th, actively participated in

Enterprise Notes
By SARA NELL HARDIN

The Woman's Club met at the home of Mrs. Emmett Lowe on Tuesday at noon for a covered dish luncheon. After the business meeting following the luncheon, it was agreed to meet at the home of Mrs. J. H. Glass for the Christmas party in December. Mrs. Isaac Jackson spoke on "The Children's Home" and her work as the Social Worker at the home.

Mrs. Ernest Braddock and sisters, Mrs. D. E. Atkinson and Mr. and Mrs. Roy Weaver, spent the weekend in Jessup, Ga. with relatives.

Mrs. Elizabeth Fowles and daughter Laura of White Plains, N. Y. are renewing acquaintances.

Mr. and Mrs. John Bayne have arrived from Montclair, N. J. and will be at their home at "Shangri La" on Stone Island.

Rev. Ed Kircher is attending the pastor's school in Lakeland this week.

Miss Margaret Coleman was in Jacksonville for the past weekend on Friday evening for Mrs. Homer Peterman with a house warming, a most enjoyable evening was spent by all.

Mrs. Mae Goff and son Bill and Mr. Norman Smith from the Everglades visited Mr. and Mrs. J. T. Knight Sunday.

Mrs. Gray Duncanson and children of Orlando were visiting her parents Mr. and Mrs. Emmett Lowe Sunday.

Among the young people attending the sub-subtract of the M. Y. F. were Susan Jackson, Elin Alford, Ann Sikes, Ruth Goe, Sara Nell Hardin, Kitty Showerman, Warren Jackson, Edger Toney, Genie Rowell, Ernest Thompson and Mr. Vernon Soderstrom.

Mrs. Mae Baker and infant son are expected home Wednesday from the Fernald Lawton Hospital in Sanford.

Covered highway bridges are in use One at Wadsworth, Windsor county, Vermont, recently was rebuilt as a preservative measure.

Earthworms often live to be 10 years old.

The festivities of the day. The program consisted of a parade, a historical pageant depicting battle scenes dating back to the Revolutionary War, and a football game pitting the First Division Artillery against the 10th Infantry Regiment.

TODAY'S BIBLE VERSE

A banner is a heartening symbol. We should honor God's banner and defend it.

Congratulations to Capt. Cromelin. The Navy evidently still believes in freedom of speech.

So many people got killed in the Philippine election it has hard to tell whether they were voting for president or having a civil war.

We're ready to admit we're fast, but when a man called up Tuesday night at 7:02 and wanted to know how the election came out, we think he's expecting a little too much.

Why do you publish those letters of that prohibition-loving preacher, writes a friend of ours who asks that his letter be withheld from publication. Perhaps it is because we believe in freedom of the press and the right of every man to have his say no matter how wrong he may be.

How much does it already cost to run the United States government without benefit of socialized medicine, or socialized industries. When someone tells us it is 42 billion dollars a year, it doesn't mean very much to us because we can't conceive of how much money a billion dollars really is.

The people of Sanford have placed their stamp of approval on the progressive policies of Mayor Andrew Carraway. The howls of protest which greeted the parking meters, the swimming pool, the housing project, the terminal project, were only the howls of the few, no matter how loud they might sound.

As might have been expected, Senator Dulles was defeated for re-election in New York state. He had about as much charm and personality as a clam, and besides that he was opposed not only by President Truman and all of his Fair Dealers but by all those selfish elements with which New York fairly reeks who are constantly clamoring for a federal handout.

We have many interesting callers with many peculiar complaints in the course of a day at our office. A friend of ours, not having had an opportunity for a college education himself, 19 years ago in the depths of the depression decided that his son should not be disappointed in that respect for financial reasons.

Informing The Public

It is good news that Secretary of State Dean Acheson has reorganized the Public Affairs section of his department with intent to improve and increase the flow of foreign policy information to the public.

It is essential to our system of government that the public have at all times a full and accurate flow of information about what government is doing.

Part of the changes made in the Department were in accordance with specific recommendations of the Hoover Commission, of which Secretary Acheson was a member.

Little Things Of Home

The things needed by disturbed children - orphaned children and those taken from ruptured or unfit homes and placed in foster homes - were discussed at a recent meeting for child care specialists of the nation at Western Reserve University in Cleveland.

These are the very things least likely to be provided in the foster homes where large groups of children are cared for.

Everyone who hears of a child's loss of his parents or his home feels an instant tug of sympathy, for the child is much more sensitive to the hurt of such losses than the adult, yet is helpless to defend himself against them.

Future Of Notre Dame

The Notre Dame football team may be working itself out of opponents. Its long string of victories, mostly by overwhelming scores, is discouraging to rivals.

At any rate Army has given up the Notre Dame game and there are reports that Southern California will do so when the contract runs out.

Sanford Forum

Mr. R. L. Dean, Editor, Sanford Herald

I have read the letters published in the Herald from time to time concerning United World Federalists. The author of the letters opposing world federation, it seems to me, is rapidly becoming a Federalist.

Why do I think world federation will work? Because every time federation has been tried on a limited scale it has worked on the scale for which it was set up.

On behalf of the first period English class of Mrs. M. B. Smith we would like to express our appreciation for the privilege of touring your newspaper plant. We realize how busy you are and hope our tour was not too much of an inconvenience to you.

Legion Parade

(Continued From Page One)

Meade Wilson of Mulberry, executive committeeman of the American Legion, will make the Armistice Day address at the Bandsell. Remarks will be made by Robert L. Atkinson, Clermont, sixth district commander of the American Legion.

The Seminole High School band, led by H. E. Hineck, will participate in the parade and will give a short concert at the Bandsell prior to the program.

Following the massed colors, veterans will march, including the American Legion, Veterans of Foreign Wars, Disabled American Veterans, and Spanish American War veterans.

The 46 1/2 locomotive will tout itself along and behind it will come the specially decorated floats and automobiles.

Other entries will include: W. E. Smith and float representing transportation corps; the Lions Club with a rail train from the Zoo in a cage; Hunt Mercury Co. entry; the Church of God float dedicated to peace; the Sanford Produce Co. float; Buddy's Repair Shop float; the Red Cross car; the Elks Car; the Tuberculosis Association float; and the Odham Motors float.

Mounted and colorfully clad members of the Dusty Boots Riding Association will follow. Finally will come the band of the Colored Legion Post No. 207, drum and bugle corps and colored Boy Scouts.

Following the Band Shell program, the public is invited to attend the big fish fry at the Legion Hut where for 75 cents a delicious menu including fish, french fries, cole slaw, pickles, rolls, tea and coffee can be enjoyed.

General Hutchinson yesterday received a telegram from Mark W. Lanes, adjutant general of the Florida Air National Guard, promising that the jet planes will be here.

Open house will be held at the Tourist Center from 9:00 to 6:00 P. M. following the Legion fish fry, and the public is invited by the club to attend the parade.

At the Dusty Boots Riding track at the Municipal Airport races will start at 2:00 P. M., with novelty events between races. A dance will be held at the Club House starting at 9:00 P. M.

Beef Support

(Continued From Page One)

tobacco 46 and 40.1 cents a pound; barley tobacco 44.6 and 49.3 cents a pound; butterfat 63.1 and 69.8 cents a pound; wool 45.9 and 49.8 cents a pound; mohair 66 and 66 (c) cents a pound; honey (whole) 17.5 and 18.8 cents a pound; dry beans \$1.75 and \$1.60 a bushel; Hippo \$1.70 and \$1.60 for 100 pounds; chickens (100) 27.4 and 28.8 cents a pound; eggs (15.6) and 14.5 cents a dozen; turkeys (live) 15.8 and 16.8 cents a pound; omelette 15.8 and 16.8 cents a bushel; barley 11.20 and 11.21 a bushel; rice 11.70 and 11.55 a bushel.

The new law directs, however, that the shift from the old to the new parity formula must not permit a drop of more than a year for purposes of price support operations.

In the case of potatoes, eggs, oats, barley, rye and grain sorghums, the new formula is more than a per cent below the old one. Thus, for price support purposes, the new parity prices for these products would be as follows the first year:

Potatoes \$1.64; eggs 49 cents; oats 91; barley \$1.42; rye \$1.64 and grain sorghums \$2.76.

Sales Tax

(Continued From Page One)

retail merchants, hotel and restaurant operators, amusement tangible personal property.

Applications for the certificates are available at all county tax collector's offices and chamber of commerce headquarters.

The comptroller has not established any of the 13 new branch offices he is organizing to help dealers collect the tax and return it to the State.

He said they will go into operation on or about Dec. 1 at Live Oak, Gainesville, Daytona Beach, Orlando, Lakeland, Clearwater, Port Myers, Sarasota, Fort Pierce, West Palm Beach, Ft. Pierce, St. Augustine and Panama City.

WEST PALM BEACH, Nov. 10 (AP)—Legal attacks on Florida's 3 per cent sales tax continued today.

L. S. Gaudin, hotel-apartment owner and attorney, renewed his fight on the law which went into effect Nov. 1 and a Miami newspaper operator announced he would file for a declaratory judgment in Tallahassee.

"I do not intend to collect the state sales tax," Gaudin told Attorney General's office, during a hearing before Circuit Judge Joseph S. White here yesterday.

Gaudin asked a rehearing of his attack on the act. The original motion was denied Oct. 31.

"A man has a right to bring suit against the tax but I believe it should be brought in Leon (Tallahassee) county," Judge White said, intimating he would deny the motion for rehearing unless new evidence on Gaudin referred to the judge for study.

Gaudin argued he is entitled to bring suit here instead of Tallahassee because his home

PRAY FOR PALESTINE

VATICAN CITY, Nov. 10 (AP)—Pope Pius XII today exhorted Roman Catholics throughout the world to pray for Palestine.

He will contend the tax rate for amounts under \$1 is "jacking in uniformity and equality."

Under the law, newspapers costing less than nine cents are exempt. Magazines costing more than nine cents are not.

Naming State Comptroller L. M. Gay as defendant, Gaudin will seek to have magazines—especially news magazines—including in the same category as newspapers, according to his attorney Louis M. Jepeway and John G. Dauber.

SLAYER TESTIFIES

TAMPA, Nov. 10 (AP)—Ward C. Cornelius testified today he knew his Baptist minister son-in-law was a sex maniac by the way he acted weeks before he killed him.

Cornelius is charged with murdering the Rev. J. P. Lane a few weeks after the preacher eloped with Cornelius' 15-year-old orphaning daughter, Ann.

Cornelius said he had noticed Lane several times trying to pet little girls.

Mrs. S. O. Chase, Jr. Speaks at PTA Meet

Mrs. S. O. Chase, Jr. was the featured speaker at the regular meeting of the Junior High School Parent-Teachers Association held in the library room of the school Monday at 3:30 P. M. Her subject was "Foundations For an Appreciation of Cultural Values" and she pointed out that a person does not necessarily have to have a college education to be a cultured person but that culture may be acquired in the home.

She told of the close relationship between the teacher and parent in training a child and stated that the continuation of improvement in the school library as a P. T. A. project will have much value for the children.

The meeting was called to order by the president Mrs. W. W. Tyre with the devotional being given by Mrs. Virginia Burney in the absence of the chaplain Mrs. J. E. McKinley. Mrs. Tyre read an article from the national Parent Teacher magazine "For This We Are Thankful". Reports from all committee chairmen and officers were heard and Mrs. Jack Russell, recreation chairman, expressed her thanks to her committee for their help with the Halloween party given recently for the students.

Mrs. Tyre also announced that Mrs. C. L. Park and Rev. J. E. McKinley would represent the Junior High School in the community recreation project. The group elected Mrs. Tyre to attend held in Orlando this week. The state P. T. A. convention being attendance prize was won by Miss Adelaide Richter's room. Delicious refreshments were served at the close of the meeting.

Miss Joyce Bevis To Visit In Sanford

Miss Lila Woodard, County Home Demonstration Agent, announced this morning that Miss Joyce Bevis, Extension Clothing Specialist of Tallahassee, will be in Sanford on Nov. 10. She will assist Home Demonstration members with personal problems relating to their clothing. She will be at the Home Demonstration office from 9:00 to 12:30 P. M.

chairman, in Mrs. Dixon's Classroom. A covered dish luncheon will be served in the General Assembly Room at 12:00 o'clock and at 1:00 P. M. a program will be presented by Circle No. 2 with Mrs. Joe Wright as program chairman. The topic of the program will be "Christ the Answer for Muslim Lands". All women of the church are urged to attend.

The Ladies Auxiliary of the Brotherhood of Railway Trainmen will hold a social meeting in the form of a "stacy party" at 7:30 P. M. at the home of Mrs. W. H. Brennan.

The Pilot Club will hold its dinner meeting in the Yacht Club at 8:30 P. M. and welcome the lieutenant district governor, Mrs. Mable Gonzalez of Pensacola.

Personals

Mrs. A. M. Phillips has returned from Cross Timbers, Mo. where she spent the past five weeks.

Mr. and Mrs. A. C. Madden have had as their recent guests, M. Sgt. and Mrs. George C. Madden of Indianapolis, Ind.

Mrs. John Meisch has as her guests at her home on Park Avenue, her sister, Miss Charlotte Stike, and Mrs. Myra MacKenzie, both of New Haven, Conn.

Mr. and Mrs. John Ivy and son Jack returned last night from Augusta, Ga. where Mr. Ivy attended the Southern States Shoe convention.

Friends will be interested to learn that Miss Barbara Koster has been elected as a cheerleader for college sports at Emory University where she is in nurse's training.

Mr. and Mrs. J. N. Azzarelli left yesterday for Doss, Ga. to attend funeral services for Mrs. Azzarelli's brother who died on Monday. They plan to return to Sanford over the weekend.

Alfred Robson of Atlanta and Mrs. and Mrs. Claude Robson of Dania are expected to arrive tonight for a short visit with their parents, Dr. and Mrs. J. N. Robson, on South Sanford Avenue.

Mr. and Mrs. Mus O'Langer returned last Friday from Winchester, Va., where he has been conducting the Winchester Golf and Golf pro at the Seminole Country Club.

Mrs. John A. Eick and son George Eick have returned to their home on West Sixteenth Street after spending the last four months in Solus, N. Y. Mr. Eick will return to Sanford in about two weeks.

Friends will regret to learn that Mrs. Ola Waters is confined to the Deland Memorial Hospital as the result of a broken arm suffered in a fall. Mrs. Waters has lived in Sanford and is the mother of Mrs. L. M. Grantham who is employed in the office of the County Agent at the Court House.

Mrs. Hadley To Have New York Trousseau

ST. LOUIS, Nov. 10 (AP)—No matter what a Hollywood designer might have to say on the subject, Mrs. Carlotta S. Hadley made it clear today that her wedding trousseau is being designed in New York—not Hollywood.

She and Vice President Alben W. Barkley who is married here Nov. 16.

Marion, Hollywood designer, gave out word that she was busy designing and making up the ensembles. If she still is, she might as well save her time, ideas and fabric from here on, according to a friend of Mrs. Hadley who knows.

This friend, who asked that her name be kept out of it, is doing most of the deciding, apart from Mrs. Hadley. For several days now she has been taking great hours of clothing in and out of the hospital room where Mrs. Hadley is recovering from flu.

From her hospital bed, Mrs. Hadley has narrowed the choices down to some specially designed creations offered by two New York houses—and her friend said there wouldn't be a single Magnolia item in the entire trousseau. She said the Marston weren't even considered.

Mrs. Herbst Hostess For League Meeting

Mrs. Harold Herbst was hostess recently at her home at 109 East Eighteenth Street for the regular meeting of the Junior Women's League of the Congregational Church. The rooms of the Herbst home were decorated with fall flowers and at the conclusion of the meeting each guest was presented with flowers as favors.

Mrs. Bonnie Carter, vice president, presided over the business session with the devotional being given by the chaplain Mrs. Wilbur Keeling, who spoke on "What Religion Can Do For Us". Miss Helen Witte, secretary, made a report on the league's sale of Christmas cards. A report was also made on the "Peace for Peace" bundle, which was the league project in connection with the Trotter Council of Women of Sanford.

At the conclusion of the meeting delicious refreshments were served to the following: Mrs. Edward Simpson, Mrs. Lanchester Palmer, Mrs. Clyde Stinson, Mrs. R. K. Evans, Mrs. Carter, Mrs. Ralph Lassing, Mrs. Wilbur Keeling, Mrs. Charles Hellman and Mrs. John Herbst, visitors, Miss Witte and Miss Mary Robinson.

Friends will be interested to learn that Miss Barbara Koster has been elected as a cheerleader for college sports at Emory University where she is in nurse's training.

Beauty Notes

By BETTY CLARKE
AP Newsfeatures Beauty Editor

It wasn't so long ago that cleansing lotions and cleansing cream were thought to be real luxuries. Girls powdered, rouged and spickled over old makeup several times a day. Some of them didn't even bother to remove mascara when they went to bed.

Today, they make a clean sweep of makeup several times a day. The trend is towards less makeup and a "natural-girl" look, making a clean face the big beauty aim.

Very few girls today after a few days of no makeup and thorough cleanings with soap and water and cleansing creams, you face can get a new lift. You'll notice that your lip line isn't where you thought it was at all. The false indelible lipstick smears merely make lips look bigger because each time you should paint your lips on with a new twist.

Pretend you'll see a natural glow etch its way across your cheeks, and your skin will take on a transparency that you thought could only be store bought. And, while you will occasionally enhance your natural complexion by artificial means, you will realize that you do not have to depend on added embellishments.

Cleaning creams really do a job today. When they say they are deep-down cleansers, they really are. They cleanse into the pores and clean your skin so that makeup will go on smoothly, so that you will look clean and pretty without makeup.

Some women felt that it was necessary to use soap and water after cleaning cream to remove the grease. But new cleansers do the job effectively and the residue can be whisked off the face with cleansing tissues.

One beauty expert suggests you make a test of cleansing creams by cleaning one side of your face in the usual manner and then the other side with a deep-down cleansing cream. On the same weekend and see which side of your face looks better.

Teen Talk

By VIVIAN BROWN
AP Newsfeatures

You can keep yourself from becoming a cynic by curbing the tendency to envy you are in your teens. It usually begins when your friends seem to have more than you do. Maybe they dress better than you, perhaps they have bigger allowances, maybe their parents are more congenial than yours.

In any case you might have a tendency to envy them, just a little bit.

One thing you must remember is that the grass always looks greener on the other side of the fence. The girl who has all the spending money she desires at her command, might have other losses to bear. Perhaps she doesn't like her home; her father might have habits that keep her from bringing her friends to the house.

If you notice yourself speaking sharply to other people for no reason at all, particularly people for whom you have some admiration, you should examine your mind to see whether you are indeed becoming a cynic. Here are some other signs:

1. You never compliment anyone but find yourself saying something about him to criticize.
2. People are nice to you even though you are rude to them, so you think you are getting away with something. Actually they feel sorry for you.
3. You are jealous of girls who have nice boy friends because yours doesn't quite measure up.
4. You dislike girls who have prettier faces, clothes and brains, instead of trying to improve yourself.
5. You secretly think you are the most terrific person in the world but nobody appreciates you.
6. You criticize a person for his religious beliefs.

It isn't just the fact that you are a cynic, and might grow up to be a problem to anybody who is unfortunate enough to marry you, work with you, play with you. It is the fact that you always will see the seamy, dull and unpleasant side of everything, and on a transparency that you thought could only be store bought. And, while you will occasionally enhance your natural complexion by artificial means, you will realize that you do not have to depend on added embellishments.

make your own life miserable. Worse than that, you can't escape payment in kind for the unhappiness you bring to others.

Here's how you can start de-poasting pleasantness in your personal bank and fighting your tendency to be acynic.

1. If you can't say anything nice about or to a person, don't say anything. Bite your tongue if necessary.
2. Try to do something extra nice for somebody at least once a week.
3. Instead of envying somebody who has more than you, use it as a goal to get ahead of your self.
4. Appreciate the things you have. Your mother and father might be poor, but they might be rich in wisdom which can see you through lifetime.
5. Take personal pride in your clothes, even if they have a home-made look. Show them off to your friends, and you'll get more pleasure out of them, than trying to hide the fact that "Mamma made them".

When you are searching around for a mate, later on in your life, watch for signs of the cynic. You'll find this type of man is the supreme critic. No matter what you want to do or wear, he will put the kibosh on it. He will never enjoy the recreation you prefer. The movie or show you have just seen, even the food you have just eaten, will give him reason to disagree with your enjoyment of it. The man hardly ever says anything pleasant to his wife or anybody else. He will nag at her when they are alone and just as vehemently when she is surrounded by friends.

He will criticize your cooking, and nothing will ever suit him. Everything should have been cooked five minutes more, or is overcooked. If he does like

something, he will never tell you. You can spot the boys in your own group who show tendencies to be cynic. Even in your day-to-day chit-chat with them, they always will assume the role of heckler. But don't let it fool you, girls. Here is a future cynic.

Maroons' Outlook Dark Against LSU

Rebel Eleven Primes For Triumph Over Tennessee Squad; Tech's Defense Set

By ASSOCIATED PRESS
Nobility expects Mississippi State to meet Louisiana State at Baton Rouge Saturday, least of all Maroon Coach Arthur Morton.

The outlook for the Mississippi team is so dark it is hard to believe. In fact, the apparent annihilation of the Maroons is so cut and dried that you begin to doubt it.

You just can't believe things can be as bad as Morton painted them yesterday. To begin, six of his stalwarts were disabled by injury—center Jerry Taylor, tackle Charles Pittman and Oliver Vaughn, guard Rudy Fleming and Hays Blythe and halfback Eldon Cooley.

Taylor may possibly start against the Baton Rouge Bengals. The others definitely are out. The wonder was not that Morton had a pessimistic comment but that he was able to make any comment at all. You can well sympathize with him as he said wearily:

"We are anxious to get the game over. LSU has the best team in the conference and we have no hopes of an upset. With all this psychological build up for a upset, it's a shame that the best of the Southeastern conference last-rungers have shown this season a 7-7 tie with Clemson. All their other outings were defeats."

But it's long time that has no farming. And, miracles of miracles, could Saturday be the Maroon turning point?

Not if LSU Coach Gaynell Tinsley can help it. He seemed singularly unimpressed yesterday by the dirge from state college. He did let up slightly with tough work for his Bengals but that was because he could not risk the chance of an injury to his reserve squad.

At New Orleans, Coach Henry Fuka of Tulane went ahead with his plans to knock off Vanderbilt at Nashville and lay claim to the conference crown. He polished up Greene passing, Quarterbacks Hill Donta and Joe Hight were on the pitching end and Dick Sheffield did some fancy singing. The top Tulane receiver, halfback Georgia Kink, was out with a leg injury.

At Nashville, Vanderbilt Coach Hill Edwards said he had decided to start his new backfield combination of four able passers against Tulane. Quarterback James Wades at quarterback, Nelson Burton at left half, Mac Robinson at right and Herb Rich at full.

Further confirmation came from Gainesville that Kentucky, another potential hopeful, will have to fight at Tampa Saturday to keep its conference record clear. The word from the Gator camp was that only one man—sophomore guard Bob Horvath—will miss the fray because of injury. All the rest of the Gators were described in top trim, eager to give the Wildcats the medicine they gave Georgia's Bulldogs.

Mississippi has no championship hopes but the Rebels are so determined to throw the books into Tennessee at Memphis that they practiced yesterday on two fields—one for offense and one for defense. And the drills were so intense that some of the players kept busy running from one field to the other.

Showboat Boykin moved over to right half in place of injured Red Jenkins. He and Cecil Puckett of Kingsport, Tenn., were dubbed to carry the burden of offense at the right half spot. The Rebels have the Tennessee Yells worried. Vol Coach Bob Neyland wanted at all satisfied with their defensive readiness against Mississippi's T-formation attack. He ordered further drills today.

Grant Field was a three-ring circus as Georgia Tech worked out three divisions for Alabama. Coach Roy McArthur was vice president in charge of defense against Crimson Tide passes and Graves prompted the Jackets in line play.

Georgia's Bulldogs were still all of spirit and hope for victory against Auburn at Columbus. Gator-wary coach Wally Butts said to smile at the passing performance of quarterbacks Ray Cooper, Mel Cook and Pat Fitch. But he wiped the smile off his face when he thought of Auburn quarterback Travis Tidwell and his tossing ability.

SANFORD GOLF TOURNAMENT
The Sanford, S.C., pro golfer, Carl Swartz, today the club will a Blind Borey tournament men and women Sunday. The tournament will be open to anyone and will get under way at 9 P. M.

OUTRIGER NOT TO PLAY
APPEL HILL, N. C., Nov. 10—Coach Carl Swartz said he is quite doubtful that the team will play today for the University of North Carolina in a football game with Wake Forest. The team will play today for New York. Swartz hasn't responded to a treatment for a sprained ankle sustained Saturday. He worked with the squad yesterday and today he should be ready to play.

Rollins JayVees, Hatters 'B' Clash In DeLand Tonight

DELAND, Nov. 10 (Special)—The Rollins JayVees clash with Stetson's Hatters here at 8 P. M. today in a "B" squad battle between two long-time Central Florida college rivals.

The game is being sponsored by the DeLand Quarterback Club. Admission is 50 cents for adults.

Coach Ralph Chisholm of the Rollins JayVees will have a squad of 25 players here for the game, including a few of the less-experienced players who have seen limited action with the JayVees this season.

Coaches Don Harshbarger and Nick Trintafello of the Hatters "B" squad will suit out 25 players for the game.

Several former Central Florida high school stars who are expected to fit into Hatter and JayVees plans another year, will be in action for both teams.

Hatters in this category are Guard Douglas Carlton, Leeburg; End Sonny Cooper, Sanford; Back Carl Gaffe, Orlando; Center Gabriel George, Daytona Beach; Guard Kelly Hayes, New Smyrna Beach; Back V. S. Spicknick, Maitland, and Guard Bill Pantan, DeLand.

JayVees include Back E. E. Cooper and Guard Billy Harshbarger, Sanford; End Bob Kendrick, Orlando; Backs Joel Hall and Rusty Williams of Palatka.

GATOR GUARD HURT
GAINESVILLE, Nov. 10 (AP)—Sophomore guard Bob Horvath will miss the Kentucky game at Tampa Saturday night because of a knee injury he received in practice last week. End Don Brown who hurt his hip in Tuesday's workout will be ready to play, however, trainer Don Gill said.

Ray Wolf was expected to ease up on the squad today after three days of rough work.

At times and only for a few minutes, the Commodores have looked like a great football team in making up their so-so record of three victories and as many defeats. If they can keep going

for 60 minutes as they have during brief flashes of brilliance, they could make things mighty tough for Tulane—might even spoil the Way's perfect Southeastern Conference record.

But if they play as they did against LSU, then Tulane should win by much more than the lone touchdown the experts are predicting.

If the Commodores hope to make a game of it, they'll have to stop or at least slow down Tulane's loping fullback Eddie Price, who picked up 238 yards against Navy last week. Moreover, they'll have to re-

ceive the fact that they are playing against a team that has a record of 10-0 in the SEC.

Florida Southern College eight on racing shells are once again parting the waters of Lake Hollingsworth as boats and crews enter early training for a season's schedule that will bring to Florida some of the famous names in collegiate crew competition.

Coach Roy Connel, widely known in New York racing circles as a capable and experienced strategist, will send his Water Moccasins against five, and possibly six, entries to compete against Washington and Lee from Lexington, Virginia. Dates for all interstate collegiate races will be announced as soon as contracts are signed.

'B' BOYS OF BEARS - By Peg Murray

Tulane, Downed Only By Irish, Meet Upset-Minded Vanderbilt

NASHVILLE, Tenn., Nov. 10 (AP)—Tulane, beaten only by Notre Dame, has everything to lose and nothing to gain in its football game with Vanderbilt here Saturday.

Tulane's Green Wave figures to roll over the in-and-out Vanderbilt Commodores without much trouble, but the Commodores had an off day against Louisiana State last week and they're upstaged.

At times and only for a few minutes, the Commodores have looked like a great football team in making up their so-so record of three victories and as many defeats. If they can keep going

Florida Southern Oarsmen Announce Rowing Schedule

LAKELAND, Nov. 10—(SPECIAL)—The sharp prow of the Florida Southern College eight on racing shells are once again parting the waters of Lake Hollingsworth as boats and crews enter early training for a season's schedule that will bring to Florida some of the famous names in collegiate crew competition.

Coach Roy Connel, widely known in New York racing circles as a capable and experienced strategist, will send his Water Moccasins against five, and possibly six, entries to compete against Washington and Lee from Lexington, Virginia. Dates for all interstate collegiate races will be announced as soon as contracts are signed.

Crew racing in the eight oared shells made famous by George Pocock of Seattle, Wash., is the newest sport to enter the southern circuit. F.S.C. will open the season on Feb. 7 at Tampa when the dip their oars in the Hillsborough River against Tampa University and Rollins College before an estimated Gasparilla crowd of 10,000 persons.

Florida Southern's varsity crew will this year consist of Ed Wotke of Rochelle Park, N. J., at stroke; Capt. Paul Locke of Lakeland in the No. 7 position; Martin Gay from Frostproof, Fla. at No. 6; Gus Kating, a Kingston, N. Y. man, at No. 5; Ted Hilton, Theon with halfback Bill Sovhoda to say nothing of the passing of quarterback Joe Ernest, who's connected with 34 of the 60 passes he's pitched.

Against these backfield stars, Lee Nalley, the nation's leading Vanderbilt will pit lightning punt runner; ground-gaining Herb Rich running from the fullback slot after a switch from halfback; and halfback Nelson Burton. Halfback Mac Robinson and quarterback Jamie Wadswade complete a new Vanderbilt back-

field combination.

Florida Southern's varsity crew will this year consist of Ed Wotke of Rochelle Park, N. J., at stroke; Capt. Football Squad Fights Order To Forefeit Wins

JACKSON, Miss., Nov. 10—(AP)—The Mississippi high school Association's executive committee has decided to fight a court order that it must not enforce its disqualification of Kosciusko's football team.

The committee announced its decision yesterday and employed the law firm of Jackson, Young, Daniels and Mitchell to represent it.

The committee ruled last week that Hendrix Brents was ineligible to play for Kosciusko prior to Oct. 28 because he was a bona fide resident of the Moss Point school district.

It declared forfeit all football games Kosciusko had played prior to that date—seven games the team had won.

Those wins gave Kosciusko the Choctaw Conference title and the right to enter interdistrict playoffs in the state A championship. Trustees of the Kosciusko municipal separate school district and A. E. Brents, Hendrix's father, filed suit against the state council, the state executive committee, the executive committee of district four and the director of activities of the MHSAA.

Tuesday Chancellor Herbert Holmes granted a temporary injunction restraining the MHSAA from enforcing the ruling.

Forrest Jackson, a member of the law firm representing the association, said Judge Holmes would be asked to set an early hearing on the injunction.

When the Supreme Court was moved from the Capitol in 1937 to its own building, each Justice had his individual chair moved with him.

About a quarter of Austria's population lives in Vienna.

Gen. Glufirdia, Leonia, N. J., at No. 2; Bill Couch, Lakeland, at low; and Paul Healy of Lakeland as Coxswain.

Florida Southern's varsity crew will this year consist of Ed Wotke of Rochelle Park, N. J., at stroke; Capt. Gator, Wildcat Clash In Tampa Is Vital SEC Tilt

GAINESVILLE, Nov. 10—(SPECIAL)—Florida's revitalized Gators, fresh from a convincing 28-7 win over Georgia, tackle one of the most toughest obstacles in their path Saturday night when they engage Kentucky's Wildcats on Tampa's Phillips Field.

Kentucky, currently tied with Tulane for the lead in the Southeastern Conference flag race, has proven to be one of the South's strongest eleven this year, and has lost but one contest, 20-7 game to Southern Methodist University.

With ace passer "Babe" Parilli leading a versatile attack, Kentucky will be favored over Coach Gators are anxious to get a measure of revenge for the 15-34 defeat Kentucky handed them last season in Lexington.

Though Kentucky has one of the nation's leading passers in Parilli, the Gators can counter with the hard charging power running of AIBSEC halfback Chuck Hunsinger, who ran around, through, and over the Georgia team last week to rack up a total of 174 yards from scrimmage.

Hunsinger, considered by Georgia Coach Wally Butts as the greatest running back in the South, is leading the SEC scoring race along with Mississippi's Jimmy Dotley, with a total of 60 points.

The Florida-Kentucky clash this season could well turn into a battle of passes against running, with Parilli testing for the Wildcats, and Hunsinger carrying for the Gators.

Both Kentucky and Florida have outstanding linemen in the persons of Bob Cain and Jimmy Kynes was voted top pivot man in the Florida forward wall again this season. Kynes is one of the

Paul Locke of Lakeland in the No. 7 position; Martin Gay from Frostproof, Fla. at No. 6; Gus Kating, a Kingston, N. Y. man, at No. 5; Ted Hilton, Theon with halfback Bill Sovhoda to say nothing of the passing of quarterback Joe Ernest, who's connected with 34 of the 60 passes he's pitched.

Against these backfield stars, Lee Nalley, the nation's leading Vanderbilt will pit lightning punt runner; ground-gaining Herb Rich running from the fullback slot after a switch from halfback; and halfback Nelson Burton. Halfback Mac Robinson and quarterback Jamie Wadswade complete a new Vanderbilt back-

field combination.

Florida Southern's varsity crew will this year consist of Ed Wotke of Rochelle Park, N. J., at stroke; Capt. Paul Locke of Lakeland in the No. 7 position; Martin Gay from Frostproof, Fla. at No. 6; Gus Kating, a Kingston, N. Y. man, at No. 5; Ted Hilton, Theon with halfback Bill Sovhoda to say nothing of the passing of quarterback Joe Ernest, who's connected with 34 of the 60 passes he's pitched.

Celery Feds Jump To 4th Position In EF Conference

By OLAF ZEWADSKI
Coach Carl Kettle's Celery Fed eleven jumped a notch in the East Florida Conference standings last week when the Feds played a non-conference tilt against FMA and New Smyrna tumbled from fourth to sixth place behind top place St. Augustine, DeLand and Seabreeze.

Due to New Smyrna's failure to stop or even score on a weak Kettle squad that ran them in the ground last week, 39-0, Sanford is a solid three touchdown favorite in the game Friday night at the local high school field.

A win for the Feds can mean a place in the top trio in the conference and, according to the Dickinson System of placing teams on the conference ladder, if the Feds win the remaining games on the schedule they can win the conference crown.

However, they will have to show a lot more stuff than they showed last Friday against FMA.

Attendance at the game may provide an indication how the pro cage sport will draw in its third year at the big Eighth Avenue arena.

Seven league games are scheduled tonight, including the New York-Indianapolis clash. A double header is listed at St. Louis with single tilts at Baltimore, Boston, Sheboygan and Fort Wayne.

Attendance at the game may provide an indication how the pro cage sport will draw in its third year at the big Eighth Avenue arena.

Lewis Rebuff

(Continued from Page One) to the White House that Lewis had coolly turned down a bid to a peace conference.

Ching called for his car and sped to the White House himself to make the report.

When Ching headed for the White House, he indicated to reporters that he was ready to wash his hands of Lewis, leaving the coal situation on the White House doorstep.

Meanwhile soft coal production climbed slowly toward normal today as bituminous union miners returned to the pits east of the Mississippi for the first time since Sept. 19.

Many western Pennsylvania miners, where some 56,000 work in commercial and steel company owned operations, waited for local union meetings before picking up picks and shovels again. They have been idle almost eight weeks.

Operator sources, who refused to be identified, spoke of the digger's dissatisfaction with the strike and their eagerness to get back on the payrolls.

"Once the miners are back at work, I think they'll stay there," declared one veteran mine owner. Some miners returned to work at 4 P. M., yesterday but the bulk are expected back today.

Western Pennsylvania Coal Operators estimated 80 per cent of normal working forces will answer starting whistles by the time the late afternoon shifts start.

Most mines were reported to be in good shape and ready to resume production. Others gave the first men reporting back the job of preparing the pits for normal operations.

President George H. Love of Pittsburgh Consolidation Coal Company, the world's largest commercial firm, said:

"We're glad that Mr. Lewis finally realizes, after eight weeks of strike, that the cost of coal can't be raised."

He referred to operator contentions that the price of coal would have to be raised if the industry granted Lewis' demands for higher pay and for greater operator payments in the United Mine Workers Welfare and pension fund.

About half of Alabama's 18,000 union coal miners were expected back at work before the day is over. Some small mines were operating last night. The same situation prevailed in West Virginia where 110,000 UMW miners are employed.

At Fairmont, W. Va., officials of the Baltimore and Ohio Railroad estimated that about 1,400 cars would be loaded a mile in that area today. Operations are returning to normal there more quickly than after any other coal strike in the memory of veteran to about 2,500 cars each day.

Mental Hospitals

(Continued from Page One) of commitments to the state hospital can be cut one-third by trying first to cure patients with short, intensive treatment in the local units.

No immediate action was taken on the plan. It calls for certifying federal funds to match a \$550,000 state appropriation to build and equip a 175-bed psychiatric treatment unit at the Chatham-Peach State Hospital.

That is the only state money now available for matching federal funds in mental health hospital construction.

In addition, the plan would permit use of federal money to help build psychiatric units at these local hospitals if the local operators ask for it and agree to put up their share of the fund.

Jackson Memorial Hospital at Miami 100 beds; Tampa Municipal Hospital 50 beds; Mound Park Hospital at St. Petersburg 50, Orange Memorial at Orlando 50; Morrell Memorial at Alcala 30; Alachua Hospital at Gainesville 50, an undesignated West Palm Beach hospital 30; Broward General Hospital at Fort Lauderdale 30; Tallahassee Memorial Hospital 30; Halifax District Hospital at Daytona, each 30 and an undesignated Pensacola hospital 30.

Duval county has the only such unit in the state at present. It has been in operation about a year, and Carter said he expects the first report to show others like it will be of great benefit.

Truman Conference

(Continued from Page One) ter to carry out that platform.

A discussion about the Big Three foreign ministers' meeting in Paris brought out a question whether this country is getting anywhere in its dealings with Russia and if there is a chance of bettering relations.

Mr. Truman replied he hopes, as he always does, that things are moving in that direction. What about the medium for approving such relations? Regular diplomatic channels, as always, he said.

The President replied with a categorical no when asked if the U. S. planned to raise the price of gold. As long as he is President the price of gold is fixed, he declared, emphatically.

He said he never heard of a report that a price increase was about to be made to increase by two the membership on the Supreme Court.

He would not comment on the new strike force called by John L. Lewis. But he did say that he had Lewis' private secretary the same union leader very much interested in the front page of a local paper. He asked someone to

School Health

(Continued from Page One) the schools must play fair with these community agencies in cooperative planning and mutual confidence in operation for the welfare of the total citizenship.

State Superintendent of Public Instruction Thomas D. Bailey told PTA members learning cannot be enforced—learning presupposes a desire to learn.

"If ever there were a partnership with a unified purpose that should never be dissolved, it is the one between the home and the school," he said.

Winners in the Florida Parent-Teacher poster contest were announced as: first, Atlantic-Nephtuna PTA, Atlantic Beach; second, Military Trail PTA, West Palm Beach; and third, Mount Vernon PTA, St. Petersburg.

President Paul A. Wagner of Rollins College told delegates last night teachers must make use of the modern media of education to allow their children to be taught by those who will make use of them.

He listed these media as radio, the motion picture and television. Teachers now have competition for the attention of their pupils, he said.

They must compete with the publishers of comic books, the producers of movies and radio programs, who are interested only in selling their products—not in the effect their methods may have on the younger generation, he said.

A knowledge of facts as such is far less important than an understanding, Wagner declared. And to make words understood, they must be made alive, he said.

In between direct experience and reading a text is the second best way to teach—by means of recreation, the Rollins president said. For this process the motion picture, radio, recordings and television are essential.

Only 22 percent of our student teachers are being instructed in the use of such aids to education and only five percent of the nation's schools today have projectors, he said.

"Never before has a nation depended to such an extent for its survival on the attitudes developed through education of its children," Wagner said. "And teachers cannot be expected to educate the younger generation properly for the complex world it must enter unless they have these tools."

A. L. Jones of Miami was named chairman of the Congress of Life Membership Club yesterday. Mrs. Annie B. Lard of Orlando was chosen secretary.

Prague Churches

(Continued from Page One) religious groups and watch "that religious life develops according to the provisions of the constitution."

2. Supervise the publishing of the government-sponsored official gazette for the clergy and the publishing of all religious information news and publications. These duties formerly were carried out by the ministry of information.

3. Supervise the arrangement of religious lessons, approve lesson plans, and text books, supervision of religious in all was done by the ministry of schools.

4. Supervise the restoration and maintenance of monasteries and all other religious sites.

5. Assume the duties of the ministry of information regarding the clerical press and publication. This means that the new office will publish or censor all papers and magazines on religious affairs.

The Catholic Church press has been banned for some time, its printing equipment confiscated, and the circulation of pastoral letters prohibited.

The only recognized church publications are the official gazette for the clergy and the "Catholic News" for laymen.

Both have been denounced by the Roman Catholic hierarchy.

At the same time the official news agency reported that it was receiving many "thank you" notes from priests for the passage of the new church control laws.

It said many such letters also on the recently action of the government leaders congratulating them were being received by government in granting amnesties to many priests imprisoned during the church state struggle.

It said that one priest, Vclav Klabouch, publicly praised for freeing him. The agency said the government from his pulpit he reported his "anti-state activities which the hierarchy had forced on him."

This vicar, the agency said, told his priests to follow the new laws and to work for the nation.

question should be put to the managements and the workers. A query whether he had any plans for keeping the mines open in event the strike is resumed after Nov. 30 brought the reply that he will cross that bridge when he comes to it.

Although the tractor has become an important item on the farm, draft horses continue to be bred in large numbers.

The first recorded use of formal-bent plywood was in the manufacture of radio cabinets made in New York City in 1917.

Legal Notice

We are engaged in business at 220 North Laurel Avenue, Sanford, Florida. We are the successors of the late W. H. Williams & Co., who were engaged in business at the same place for many years. We are now operating under the name of W. H. Williams & Co., Inc. and we are now in possession of all the assets and liabilities of the late W. H. Williams & Co.

Isn't America A Wonderful Country!

All over the world today there are people teaching bitterness and hate.

Here in America we have learned to live together in friendship.

For us here at A&P, it has been a wonderful and thrilling experience to get from those with whom we compete day after day such astounding evidence of friendship and respect.

The things that have happened since the anti-trust lawyers from Washington brought suit to destroy A&P have amazed us.

While we sincerely believed that we had earned the friendship of millions of consumers for whom we have provided better food at lower prices, and the friendship of millions of farm families for whom we have provided a better market for their produce, we were not prepared for the avalanche of offers of support.

But most of all, we have to confess that we had underestimated

the fine sportsmanship of many of our competitors all over the country.

Can anyone believe that these competitors would rush to our defense if, as the anti-trust lawyers allege, we had been trying to put them out of business?

We and they have fought hard for business.

There are nearly 350,000 individual grocers competing with us. They have a larger share of the nation's grocery business today than they had ten years ago or twenty years ago.

Many of them do as good a job as we do, and they make it plenty tough for us.

Now, day after day, these same competitors are letting us know that they are in our corner.

All we can say is, thank you from the bottom of our hearts.

Isn't America A Wonderful Country!

Who hollered for Uncle?

Who wants him to break up A&P?

COULD IT BE INDEPENDENT GROCERS? Doesn't seem likely. In ten years America's independent storekeepers almost tripled their business. In 1938 they did just under \$1/2 billion dollars worth of food business. Last year the independent storekeepers handled over 15 billion dollars worth of food.

WHOLESALE GROCERS? Hardly. For many of them are directly or indirectly engaged in or supporting some form of voluntary or cooperative chain, to match chain economies.

THE EMPLOYEES? That would be funny—except that some folks probably believe it. Actually, less than 25 years ago many food chain stores could have paid all expenses—rent, heat, light, wages, etc.—out of the money a store manager alone gets paid now. And the store manager of 25 years ago would have been happy to get what a clerk gets today.

PRODUCERS? Well, take farmers. Certainly part of their prosperity must be attributed to the markets that big chains create for them. The big chains buy the entire pack of many a commodity. Those canneries pack the farmer's crops. What would the farmer do with his highly perishable crop if the food chains were eliminated at big volume buyers?

COMPETING CHAINS, MAYBE? No. Practically every chain in the grocery business had more sales last year than the year before. One chain that we know a lot about increased its food business 21% last year and is up 19% in the first eight months of this year.

THEN IT CERTAINLY MUST BE THE PEOPLE! Like fun. If the people hated food chain stores, would they have spent 9 1/2 billion dollars in their last year? Folks like the low prices and high standards of chains—and the better the chains are run, the better folks like them.

Does This Sound as Though We Need Help? Therefore Super Markets came into existence 10 years ago. The food chains therefore replaced were doing about three million dollars worth of business a year. Housewives liked our policies well enough to boost their purchases in our 90 stores to about 30 million dollars a year.

We call that a vote of confidence. And we're going to keep right on proving that as long as we stick to good brands and better-than-average selections at rock-bottom prices, we can compete with anybody in the business. And keep right on growing, too!

We don't believe any chain will be punished for being efficient, or for pleasing housewives so well that it is forced to grow.

We, too, believe that it is a storekeeper's duty to bring the public the best food at the lowest possible price, and hope to see the chain store way of doing business vindicated.

And as long as the producers, the employees, the customers, the wholesale grocers, the independents and the competing chains thrive so well, we will continue to think it's a good way to do business.

PITTSBURGH, PA.

We Don't Want the A&P Put Out of Business

The owner of the undersigned store is an independent merchant in this community. We run our own store on our own price, maintain our own policy. We consider the Great Atlantic & Pacific Tea Co. as a chain store. Because they are a chain they give us stiff competition. The competition offered by the A&P is a monopoly. The Department of Justice has brought suit against the A&P claiming that the suit is a monopoly. Whether it is or not we are in no position to do all of the grocery business in this area. We are A&P and we are not local customers. WE DON'T WANT TO SEE THE A&P PUT OUT OF BUSINESS. The A&P is buying food prices down. It is turning food prices down and that helps us to sell more goods. KUGLER'S SUPER FOOD MARKET PHILADELPHIA, PA.

We Agree With A&P

Yes, we want our A&P competitors to stay in business on their present scale because we know what it would mean to the American people without them. We are only one store and are striving to serve our community with good food at low prices, but the A&P is a nationwide organization serving the American people everywhere with good food at low prices. Destroying the A&P would mean eliminating competition nationally in the food field which every poor man knows consumes the major portion of his salary. We congratulate the A&P for a job well done. Keep up the fight. We welcome any fair competition which helps us bring lower food prices to the consumer. SCHWIGMANN BROTHERS GIANT SUPER MARKET 2322 St. Claude Avenue New Orleans

A COMPETITOR'S OPINION of The Great Atlantic & Pacific Tea Co.

The self-styled "trust busters" of the government recently made head-destroy the A&P. Frankly, we don't like it. A&P is charged with having control of SOME of the production and processing ends of the food business. As a result, they can offer So What... And if monopoly of the food business is charged, that sure hands us like wildfire. Seems like we're able to sell better foods at better prices. Your increasing patronage of our stores is positive proof that A&P has no monopoly on the food business. Let's get down to good old American horse sense. A&P is doing a good job of serving the people of this country. They're no bogey men. We are for them 100% in this controversy. William F. Britton, Pres. PROVIDENCE PUBLIC MARKETS PROVIDENCE, RHODE ISLAND

I Welcome A&P Competition BECAUSE

- like myself, many hundreds of independent grocers got their start with the TEA COMPANY.
- The great A&P is not detrimental to the progress of the grocery business. On the contrary, A&P has always been beneficial to any open-minded businessman who believes in FREE ENTERPRISE. Founded on the principle of FAIR PLAY and FAIR PRICES, A&P developed from a humble start to its present commanding position in the field of retail merchandising.
- My experience as a former employee of the TEA COMPANY has served me well. I attribute my success to the ideas and methods tried, tested and proved by the A&P stores—at a great cost.
- A&P upholds the rights and privileges of a good worker. I know this from personal experience. A&P is ever on the lookout to promote sincere and ambitious employees to trustworthy and important positions, and has never cramped the efforts of any employee to enter into business for himself. A&P helped me to start in business. IS THAT AN ACT OF A COMPANY MONOPOLIZING THE GROCERY BUSINESS? NO!

A&P taught me to serve the public BETTER—MORE ECONOMICAL and MORE EFFICIENT, thanks to the start given me by E. F. VINSON.

- During the depression of the thirties, A&P paid higher wages than any other chain. A&P has served to keep up the standard of living in this country. I suspect to think what would happen to its 110,000 employees if it was forced out of business.
- I am not afraid of A&P competition—I welcome it. It's democratic—it's the American Way.

Paul Simpson SIMPSON'S SUPER MARKETS 705 Maryland Ave., S. E. 222 McDougall Blvd., S. E. Atlanta, Georgia Mr. Simpson was named "Grocer of the Year for 1948" by the National Retail Grocer's Association.

The Anti-Trust Suit Against The Atlantic & Pacific Tea Co.

This suit is another threat against our great American system of free enterprise. The A&P Co. has always been clean, above board competition and any successful independent merchant, if he is honest, will admit that they have taught him a great many things regarding merchandising, reducing overhead, better buying, etc., thus lowering food costs for the great American Public.

QUALITY GROCERY MARKET

THE GREAT ATLANTIC & PACIFIC TEA COMPANY
