DEMOCRATS TO WITHHOLD AID INSURGENTS

Several amendments but Democrats refuse to support measure imposing tax on undistributed profits of large corporations.

WASHINGTON, Feb. 22.—A vote in prospect Tuesday in the house pressed forward consideration of the revenue bill today and interest in progress was increased by efforts on the part of the public organization leader to get enough insurgents to displace the Democratic income rate schedule proposed in the bill as a substitute for the Mellon proposal.

WASHINGTON, Feb. 22.—The house jammed on the brakes a revision of the revenue bill today, after joining Republican Democrats in gaining some amendments, and refusing to support an amendment offered by this group imposing a tax on undistributed profits of corporations.

Opposing this amendment, Representative Garrett of Tennessee, Democrat of Texas, the Democratic leaders in the tax fight, and their party that it must change the bill, already being the Democratic income schedules, that ground would be a presidential veto.

Overrule Decision
A coalition just previously had made a decision of the chair of the amendment was not in by a vote of 164 to 156.

debate on the amendment during three hours, little progress made with the bill today, as Chairman Green of the Finance committee, in the measure, predicted a vote on passage would be by next Tuesday. An agreement was reached between Representative Longworth and Representative Garner, that a vote would be taken before the end of the day.

New Compromise
A compromise on the income schedules developed in negotiations during the day between the organization leaders and the Democratic majority, the rate was set at 10 per cent on income up to \$5,000, and 20 per cent on income over that amount, the treasury department was retained. The compromise also includes the recent organization Republicans the maximum surtax from 10 per cent to 15 per cent, and 37 1/2 per cent. Such a compromise, Mr. Longworth said, would be acceptable to several Democrats.

Vote on Garner Plan
A vote on the Garner plan was taken with 111 Republicans and 109 Democrats. A majority must be gained in both houses to pass the bill.

amendment proposed by Representative Moore, Democrat of Virginia, that a tax of 100 per cent on income over \$50,000 be imposed on undistributed profits of corporations.

Green argued the change necessary to close a loophole by which large amounts of such would escape the surtax. The present law was held to be so read. The section had been revised in considerable amendments were offered in the section providing for the taxation of corporations. Language was inserted granting exemption to farmers and other mutual insurance companies, and to make these companies under a strict interpretation of the law which had been held to exclude some companies. This amendment was offered by Representative

Washington's Birth Is Commemorated

WASHINGTON, Feb. 22.—Although the Senate and House continued their sessions today all government departments were closed to commemorate the birth of George Washington and Coolidge tonight will pay tribute in an address to be broadcasted by radio. The address will be delivered from the White House study at 10 p. m., Eastern standard time and will be broadcasted from stations at Washington and New York.

FEAR MCDOWELL NOW REPENTANT MAY TRY SUICIDE

Frank McDowell, confessed slayer of his father, mother and two sisters, appeared on the verge of collapse in his cell in Pinellas county jail Friday. He tried to discuss his two double murders but said his mind was "so hazy" he could not concentrate. "I am trying to forget the awful things," he said. "But I cannot. Everything my mind turns to recalls the horrible things I have done."

ST. PETERSBURG, Feb. 22.—No verification has been obtained Thursday night of a report that Frank McDowell, confessed slayer of his parents and sisters had admitted he planned to do away with Mary Birdsey of Savannah, Ga., a friend of his boyhood.

Newspapermen were permitted to interview the young man in the Pinellas county jail in Clearwater, Fla. Frank begged them not to question him and asked them to stay away until tomorrow morning. The young man finally showed signs of breaking down under the strain of the last 40 hours.

Closely Watched
Frank was watched closely in his cell at the Clearwater jail because of the belief of St. Petersburg police that he intended to do away with himself as a sequel to the death by drowning of his sisters, one year ago in Decatur, Ga., and the slaying by shooting of his parents Tuesday night.

The bodies of Mr. and Mrs. McDowell tonight were en route to Acworth, Ga., their former home, where double funeral services will be held.

General Alvarado and Colonel Cristobal Anzaldo and their rebel forces have evacuated Ciudad Guzman, withdrawing to official homes and according to official sources, the occupation of Ciudad Guzman is expected shortly.

Washington News
Charles B. Warren of Detroit was nominated to be ambassador to Mexico.

The gunboat Tulu was ordered to Tuxpan as a protection to Americans there.

Woman talks Jury Out
Of A Fair Decision

PADUCAH, Ky., Feb. 22.—That a woman defendant talked so much the jury hearing the case was unable to think is the allegation upon which the counsel for the plaintiff in a recent case here sought a new trial today. Mrs. Josephine Wolfe was defendant in the suit brought by a bank for the collection of a note which she is alleged to have signed as surety. Mrs. Wolfe won the jury verdict. In filing motion for a new trial the plaintiffs counsel set forth that the defendant talked to the jury to such an extent that an intelligent consideration of the case could not be had.

ALVARADO, THE REBEL LEADER NOW CAPTURED

Also Many Other Leading Rebel Generals Taken at Colima, but Prediction is Assault will be Launched by Rebels Against Mexico City Before the End of the Present Week.

MEXICO CITY, Feb. 22.—General Salvador Alvarado, one of the principal rebel leaders in the west has been captured at Colima, according to a report given out by the War Department. The prisoner was taken to Crisplano Anzaldo. He was formerly Governor of Yucatan and later Secretary of the Treasury under the provisional presidency of Adolfo de la Huerta and was a candidate for president when the revolution broke out in December. Other leaders including General Ramirez Garrido were also captured.

FRONTERA, TABASCO, Feb. 22.—Prediction that by the end of the present week a combined assault on Mexico City would be launched by revolutionary forces now being mobilized in the vicinity of the capital was made last night by Otilio Gonzalez, director of publicity of the de la Huerta movement, who also made public reports of battles in which the federalists were said to have sustained heavy losses.

A small force under Generals Salvador Alvarado and Crisplano Anzaldo, defending the passes of Ocotlan and Poncitlan wrecked havoc on a body of 12,000 federal troops attempting to move to support the Obregonists' flank on the western front, it was reported.

The main body of Obregonista forces which began the advance on Guadalajara cut off from their base of operations, has changed its route, it was reported.

General Escobar, who was cut off for four days in the mountains after attacking La Serrana, is reported to have returned to the Obregonista. The latter claim that there is a growing sentiment in federal quarters that the overthrow of President Obregon is imminent.

General Estrada Diquez and other rebel leaders have been ordered to change their base of operations with a view to constantly advancing on Mexico City along the railway to Tlaxca and to consolidate with other rebel detachments in the state of Mexico.

The revolutionists advance, the headquarter declare, has resulted in a "frantic effort on the part of the federalists to check the various columns threatening their advantageous positions."

Claim Revolt Stamped Out
MEXICO CITY, Feb. 22.—The revolution in Mexico has virtually been stamped out, according to statements made at the war department today. It was asserted that the federalists, now having no important enemy forces to fight, will be engaged hereafter in the work of exterminating guerrillas who are murdering in several states.

With the occupation of Morelia, Patateuro and Uruapan, it was added, the state of Michoacan has been practically paraded into Guerrero and Jalisco. The rebel general, Manuel Diquez is said to have completely vanished with all his forces, and the federal general, Escobar, is chasing Enrique Estrada.

General Salvador Alvarado and Colonel Cristobal Anzaldo and their rebel forces have evacuated Ciudad Guzman, withdrawing to official homes and according to official sources, the occupation of Ciudad Guzman is expected shortly.

Washington News
Charles B. Warren of Detroit was nominated to be ambassador to Mexico.

Breaking the Memorable News to the World

You recall the recent resignation of Secretary of Navy Edwin Denby? It was brought to you in this way: Denby called Washington newspaper men into his office and read them his resignation, as the photograph shows. Then this handful of men scattered and zip! the word was flashed around the globe.

MURDERER OF ORLANDO GIRL NOW LOCATED

Slayer of Girl Whose Body Was Found on Shores of Lake in Southern City.

ORLANDO, Feb. 22.—A man believed by authorities to be the murderer of Marion Johnson whose skeleton was found Wednesday on the shore of a lake within the city limits has been located in a large southern city and his arrest will be made within 48 hours, captain of Detectives McMahon announced today. Following a long distance telephone conversation with the chief of police of the city the name of which was not announced.

ORLANDO, Feb. 22.—Police here today night returned to their original belief that the parts of a human skeleton found near lake Ivanhoe Wednesday morning may be instrumental in solving the mystery of the disappearance more than a year ago of Marion Johnson, young Orlando girl. The only deviation from the first theory as to the identity of the bones and crushed skull found buried in the sand came early last night, when police files disclosed the fact that a 14 year old boy had come to Orlando during the latter part of November, 1923, in a search for his sister. The girl, according to his story to the local authorities, had come here from her home in Georgia some time before, but had disappeared, leaving no trace as to her whereabouts.

Police discarded the theory that the skeleton might have been that of the latter girl when an inspection of the bones showed that they were those of a girl of slight stature, and from 18 to 20 years old. The missing Georgia girl was described as being older, and larger.

Von Bernstorff Has Only Praise for The Deeds of Mr. Wilson

Berlin, Feb. 22.—Count von Bernstorff, former German ambassador to the United States, has raised his voice as one of the few defenders in Germany of the late Woodrow Wilson. In the weekly Deutsche Einheit von Bernstorff defends Mr. Wilson against almost universal charges by the Germans of a betrayal of Germany, and also calls the German public's attention to the untruth of the generally accepted statement that Germany laid down arms in the world war "14 points."

This is a falsification of history, as every one knows who was present at the negotiations," says von Bernstorff. "We laid down our arms because army headquarters Bernstorff. We laid down our arms only then we called for President Wilson's help in connection with his 14 points."

Hope For The Recovery of Senator Greene Increases After Operation

WASHINGTON, Feb. 22.—Increased hope concerning the condition of Senator Frank L. Greene of Vermont was reflected in a physicians' bulletin issued late Thursday after an examination of the patient.

All-Florida Products Dinner Given At The Commodore Hotel In New York City On Friday Proves To Be A Big Success

Over 200 guests enjoyed the All-Florida products' dinner given at the Commodore Hotel in New York City Thursday night complimentary to the press of that city. Acting as chairman of the occasion was United States Senator Park Trammell of Florida.

According to a wire received by The Herald early Friday morning from R. W. Pearman, Jr., the dinner was a huge success and one which received much praise from New Yorkers attending. Following is the wire sent by Mr. Pearman:

"Dinner was wonderful success. Park Trammell, at Mayor Forrest Lake's suggestion, gave a toast to the press of New York. Mayor Lake also made a forceful address. Principal speakers at the dinner were: Acting Mayor Kelly with an address of welcome; Cleveland Rogers, associate editor of the Brooklyn Eagle; Walter Sammis, associate editor of the New York Times; G. S. Walsh of the Tribune; John Ringling, Walter Rankin, president of largest advertising agency in the country. Speakers from Florida included Mayor Lake, Karl Lehmann of Orlando, Park Trammell and Mayor Duckworth of Orlando, L. B. Hedge of Tallahassee, Warren Collier and others."

Mr. Pearman also declared that the newspapers of Philadelphia, Boston, Brooklyn and all of the local papers had representatives present at the dinner. Officials from the advertising agencies, and officials and other prominent men were present.

The nova menu caused much favorable comment. In a dispatch received from the Associated Press from New York, the dinner was described as most unique and one which Florida made an excellent record. The dispatch stated: "Two hundred guests of the Florida counties enjoyed a Florida products' dinner at the Commodore Hotel Thursday night."

Trammell Says Best Yet
"It is the best exhibition of a state's resources that I have ever witnessed," the Florida senator said after he saw the many displays from his home state. "This exposition will undoubtedly be of great benefit to Florida and should give the people of New York a more true conception of what our state has and offers them."

All New York public school children have been invited to attend the exhibition Friday as John Ringling's guests.

DEBATERS ARE CHOSEN
GAINESVILLE, Feb. 22.—The debating team and alternates to represent the University of Florida in the debate against Louisiana State University, to be held here April 7, have been chosen.

Edison Visits Florida
WEST ORANGE, Feb. 22.—Edison will leave Monday for his annual two-months' stay at his southern home in Fort Myers. He will be accompanied by Mrs. Edison and several relatives.

DAUGHERTY WILL GO TO PUBLIC OPINION WITH HIS CAUSE BEFORE RESIGNING PRESIDENT'S CABINET

VANDERLIP SAYS \$600,000 LIBEL SUIT IS WELCOME

Declares It Provides the Desired Opportunity for Making Public Some of the News that Papers Thought Unfit to Print.

NEW YORK, Feb. 22.—Frank A. Vanderlip, retired banker, in a reply Thursday to the \$600,000 libel suit filed against him yesterday by the owners of the Marion Star, declared he welcomed the suit and expressed the hope that it would be the forerunner of "court proceedings that would make public some of the news that the great newspapers did not see fit to print."

"I am prepared to spend quite as much as has been asked for in these court proceedings in an effort to make public the news," the statement said, adding that "there is nothing this country needs so much at the moment as some court proceedings initiated by grand juries and pressed by incorruptible prosecuting attorneys."

His Statement
The statement continued: "Twenty-four months ago, in April, 1922, the senate, by unanimous resolution, called for the facts in the Teapot Dome leases. That resolution was so framed that the red flag of suspicion was run up. For weeks no answer at all was received and none was pressed for and thereafter until quite recently the search for the facts was made with vigor. What were the newspapers doing for 22 months?"

What was Senator Walsh? It looks as if somebody had been asleep at the switch—or, perhaps asphyxiated at the switch. At least, no court proceedings have yet resulted from the Teapot Dome situation.

Not have there been, so far as I am aware, any court proceedings initiated as a result of the civilian mismanagement of the veterans' bureau. The wholesale dishonesty there is not a matter of rumor; it is a matter of official record in the committee proceedings and the proceedings of congress and Mr. Forbes and his friends have as yet encountered no court proceedings.

Like Ernest to Leaky Barrel
"Congress today is spending its time solemnly and pertinently debating an income tax measure. It is like discussing the size of a faucet you would put in a barrel leaking between half the staves. If we can have honest administration of the taxes that are collected, the rate of income tax will take care of itself."

"If this country were invaded by an alien foe and I were a young man, I believe I would offer myself for its defense. It has been attacked by something more dangerous than a military invasion. I am really enlisted in this matter because of profound conviction."

Pioneer Resident of Sanford Dies At Home After A Long Illness

W. W. Long, 72, pioneer resident and business man died at his home in this city at 3:30 o'clock this morning after a lingering illness. Mr. Long was one of Sanford's oldest residents coming here 30 years ago. For more than 20 years he conducted a business on First Street and made a host of friends and acquaintances who will mourn his passing. He is survived by two children Miss Beattie Long of this city and H. Long of Jacksonville, both of whom were at his bedside when the end came.

Funeral services will be held at the residence, 410 Oak Avenue at 10 o'clock Saturday morning. Dr. W. J. Carpenter officiating and being assisted by Dr. Ed Browne. Interment will be made in the local cemetery.

Attorney General Says that If Senate Has Already Convicted Without Hearing It Is the Only Thing to Do— Challenge Issued After Dis- closure that Oil Committee is Probing Report.

WASHINGTON, Feb. 22.—Chairman Adams of the Republican National Committee declared today the demand for the retirement of Daugherty without thorough investigation appeared to him "absurd." The chairman and other officials of the National Committee have advised Coolidge that they believe Daugherty should have a hearing before any action is taken.

WASHINGTON, Feb. 22.—Daugherty's refusal to retire from office under fire led to an open disagreement among Republican party chiefs Friday as the senate prepared to drive home an attack upon him. Republican leaders of the senate who believe he should get out at once, agreed definitely to place at the head of a committee which is to investigate his official acts, Senator Brookhart of Iowa, one of the insurgents who have repeatedly attacked the attorney general.

Walsh, Democrat, of Montana, a leading figure in the Senate oil investigation returned unexpectedly to Washington. Friday morning, North Carolina where it is understood he had gone for a vacation and expected to be absent until Sunday or Monday. Whether the Senator's return forecasts any important turn in the inquiry remained undisclosed. Upon his return he got in touch with other members of the committee and said he would have no statement to make until he had familiarized himself with the latest developments.

WASHINGTON, Feb. 22.—Attorney General Daugherty turned on his assailants Thursday with a threat to take to the country his fight to retain his place in the cabinet.

If the senate, he said, already had convicted him without hearing and on "insinuations and falsehoods," nothing remained for him but to plead his cause before the bar of public opinion.

The attorney general's challenge was issued after it had been disclosed that the oil committee was investigating a report that he had dealt in Sinclair oil stock.

This report, brought to Washington by a special investigator, not only has been laid before the committee, but also has been called to the attention of President Coolidge by Chairman Lenroot and other administration leaders in the senate.

Says Rights Denied
In his public statement, which took the form of an open letter to Senator Pepper, Rep. Pennington, Mr. Daugherty made no specific mention of the reported oil stock transactions or of any of the individual charges made publicly against him. Instead he declared in general terms that some senators were denying him constitutional privileges which are accorded "the basest of criminals."

"Is the preservation of the orderly processes of the law and the preservation of the constitutional rights of no importance?" he asked. "Shall reputations be destroyed and public officials driven from office by rumor, insinuation and falsehood?"

The letter was written to Senator Pepper in response to a note which the senator sent him late yesterday after he and Senator Lodge of Massachusetts, the Republican leader, and urged upon President Coolidge the retirement of Mr. Daugherty.

The attorney general wrote that he noted "with amazement your suggestion that my interests are not to be decided on the basis of justice or injustice," even though his honor, reputation and all that I hold dear in this world are at stake."

Quoting Senator Pepper that Mr. Daugherty "is on the wrong side of an issue in the mind of the public," the letter said that apparently the statement referred to the charge made in the senate Tuesday by Senator Wheeler, Dem., Montana.

"You have then concluded," Mr. Daugherty wrote, "that I am on the wrong side of an issue without hearing, without evidence and accepted as final the baseless, scandalous and defamatory charges of my political adversaries. I will never be a party to such a program."

Senator Pepper said in a statement last night that he had sent his note to the attorney general after he left the White House because it had occurred to him that perhaps in performing an "unfortunate duty" he had been "in the position of saying something about a man behind his back." He added that he did not regret his communication as requiring a reply and he refused to comment on Mr. Daugherty's letter.

HUGHES AGAINST WILSON WOULD CONFERENCE FOR LIMITING ARMIES... Wilson would have resigned a S President

WASHINGTON, Feb. 20.—Secretary Hughes in a letter to Representative Fish, Republican, New York, made public Monday, declared he did not consider it feasible at the present time to call an international conference to consider further limitations of naval and land armaments.

Mr. Fish had asked the secretary of state for an expression of views on his resolution to request President Coolidge to invite Great Britain, France, Italy, Germany and Japan to participate in a conference in Washington to discuss the best means to achieve and preserve world peace, on the basis of justice, co-operation and conciliation; to agree on a program of limitation of light cruisers, submarines, air craft, and the use of poisonous gas; to secure mutual restrictions of existing military establishments consistent with national safety, and to regulate and control the production and sale of armaments.

Secretary Hughes in his recent New York speech of the president in which Mr. Coolidge declared that while the present time does not appear propitious for a further effort at limitation, accomplished something might be hoped for in that direction, and that the United States was ready to join with the other great powers in a limitation of competitive armaments.

Secretary Hughes in his recent New York speech of the president in which Mr. Coolidge declared that while the present time does not appear propitious for a further effort at limitation, accomplished something might be hoped for in that direction, and that the United States was ready to join with the other great powers in a limitation of competitive armaments.

Business Girls of Carroll Club Find Substitute for Palm Beach In Own New York Swimming Pool

NEW YORK, Feb. 21.—Woodrow Wilson would have resigned the presidency of the United States in 1914 if Congress and refused to repeal the Panama Canal tolls. The foregoing assertion, as an illustration of the sane-time President's courage, was made by Joseph P. Tumulty, his former secretary, in a letter to Herbert F. Gunnison, of the Brooklyn Eagle, which became available Saturday.

What I sought to emphasize in my little talk with you a week ago were some of the outstanding characteristics of the man, his patience, his courage and his sense of justice. Mr. Tumulty wrote, "I remember in Washington to discuss the best means to achieve and preserve world peace, on the basis of justice, co-operation and conciliation; to agree on a program of limitation of light cruisers, submarines, air craft, and the use of poisonous gas; to secure mutual restrictions of existing military establishments consistent with national safety, and to regulate and control the production and sale of armaments."

SUPREME COURT GIVES DECISIONS

Judgment of the Criminal Court of Record of Duval Is Affirmed Among Other Cases. TALLAHASSEE, Feb. 21.—The supreme court has handed down the following decisions:

By an evenly divided court, three judges favoring affirmance and three for reversal, the court affirmed judgment of the criminal court of record for Duval county in the case of William Meier, plaintiff in error vs. the State of Florida, defendant in error.

By an equally divided court, three judges favoring affirmance and three favoring reversal, the court affirmed judgment of the circuit court for Duval county in the case of Muller and Aurbach, plaintiff in error vs. J. N. Cowart, defendant in error. This case grew out of an accident suffered by Cowart by falling down a de-

ment shaft in the Burbridge Hotel in Jacksonville. By a memorandum decision without opinion the court affirmed the decree for Okaloosa county in the case of G. A. Lawha and Gertrude Williams, appellants vs. H. H. Finney Automobile Company, appellees.

By a memorandum decision without opinion the court affirmed the order of the circuit court for Highlands county in the case of the appellant vs. Williams and others, appellees. Penacosta—Plans being made for construction of new municipal links. Apopka—Apopka Hardware Supply Company to erect two addition to plant.

By a memorandum decision without opinion the court affirmed the order of the circuit court for Highlands county in the case of the appellant vs. Williams and others, appellees. Penacosta—Plans being made for construction of new municipal links. Apopka—Apopka Hardware Supply Company to erect two addition to plant.

WEATHER REPORT

WASHINGTON, Feb. 21.—Temperatures will be lower in the north, probably fair in the southern Florida, the weather warmer weather is expected today.

The last day of the previous week, the 13th and 14th of the month were unseasonably warm with frost and local freezing. The 14th as far south as Moore's point at Fort Lauderdale, greater, there was a gradual return to more normal conditions.

The forepart of the week was too cool for the germination of the seed and the rapid growth of such crops as were set above ground. The day was generally favorable, however, for farm work, and plowing for cotton, cane and other crops was well advanced over all divisions. A considerable acreage was planted to corn in the central division, and corn planting will become quite general within the next few days over much of the central and northern counties.

The forepart of the week was too cool for the germination of the seed and the rapid growth of such crops as were set above ground. The day was generally favorable, however, for farm work, and plowing for cotton, cane and other crops was well advanced over all divisions.

Hollywood-By-Sea Plans Extensive Building Program

HOLLYWOOD-BY-THE-SEA, Feb. 22.—An extensive building program for Hollywood-by-the-Sea for this year is announced by Joseph W. Young, president of the Hollywood Land and Water Company.

One of the features of this will be the building of 100 modern homes of Spanish type by the Hollywood Company. These homes will range in price from \$5,000 to \$8,000, combining every feature of beauty, elegance and comfort in homes of this price.

The necessity of more homes for Hollywood has been evidenced lately by the fact that families wishing to reside in Hollywood have not been able to find housing accommodations. Rents in Hollywood have been unreasonably high for that reason. Work on these homes will begin early in the summer.

Another building to be completed before the start of the next winter season is the public school building. Plans are drawn for this building. They will give Hollywood a concrete grade school building, which, as the city grows, can be enlarged to meet the demands of the city's population.

HOLLYWOOD BY-THE-SEA

In all its advertising has never urged people to buy—but it HAS urged people to VISIT HOLLYWOOD-BY-THE-SEA and see for themselves the wonderful developments that were taking place—and as a result of these visits more than 5000 people now own property in the new city and resort to the value of six million dollars.

HOLLYWOOD-BY-THE-SEA is admitted to be the biggest development project in Florida and one of the most successful.

It is the first time in the history of the state or country where an entire city was planned entirely in advance and is being constructed and developed strictly according to the original plans.

It stands alone—unique—distinctive—progressive—metropolitan—beautiful—A city and resort that is being built for the people instead of waiting for the people to build it.

Every visitor to Florida and every resident of the state should see and study HOLLYWOOD-BY-THE-SEA. Those who accept our invitation to enjoy our FREE sightseeing trips made twice a week in our large comfortable DeLuxe Busses from Sanford will receive a vast amount of interesting and valuable information about Florida and its resources.

Full information will be mailed you promptly on receipt of signed coupon.

BOWLING BATTLE AT CHICAGO WILL BE HELD FEB. 23

By The Associated Press. CHICAGO, Feb. 22.—The greatest tournament in the history of the American Bowling Congress will get under way here Feb. 23 to continue for 36 days, with a record-breaking list of 2,131 teams—19,686 individual pin smashers—entered in the competition for prize money running close to \$100,000.

Measured from the standpoint of number of contestants, the event is the largest sporting proposition ever held. It is probable that no other event in the world enlists as many contestants—not even the Olympic games in which teams from all over the world compete. The major pin event will be decided in the 132nd Regiment Army on Chicago's West Side, and especially constructed to handle the army of pin spillers.

In addition to the 2,131 five-man teams, there will be 4,700 women teams in the hunt for a slice of the prize fund, some 9,447 individuals will compete for the individual championship. The total entry fee amounts to \$147,510, appropriated as follows: \$53,275 in \$47,000 in the doubles and \$47,235 in the individual events.

The bowlers will come from all quarters of America, including Canada, giving the tournament an international flavor. Exactly 100 cities will be represented outside of Chicago. Milwaukee furnished the largest out-of-town entry, and 120 teams from Detroit, an expected bidder for the 1925 tournament, entered 100; Cleveland and Cincinnati each contributed 33; Toledo 25 and Columbus 15. New York City will have 10 teams in the competition and there will be teams from Newark, Orange and Elizabeth, N. J., and Buffalo, which will be represented by 35 teams.

Teams also are entered from San Jose, Calif.; Toronto and Winnipeg, Can., and as far south as Jacksonville, Fla. All of last year's champions will be in the competition. The Nelson-Mitchell team of Milwaukee, which annexed the five-man title with a world-record count of 3,139, will run under the name of the Ziegler Chocolates this year. Ray and Wilson of Milwaukee, who captured the doubles championship last year with the mark of 1,358, another record, also are entered. Carl Baumgartner of Cincinnati, winner of last year's singles championship with a mark of 724, will defend his title. The veteran Billy Knox of Philadelphia, the A. E. C.'s only "500 man," will roll with a Quaker City outfit. Knox's total of 2,019 in the all-events last year, was a record.

Statistics indicate that 1,800,000 bowling balls will be tossed about 55,000 miles during the progress of the tournament. Fifty-seven pin boys will handle 37,688,750 pounds of maple ten-pins and in addition they will lift 28,800,000 pounds of bowling balls in returning the spheres to the players. Operating the automatic pin setters several millions of times will add a mile to their burden.

After the first week of the tournament play will start daily at 10 a. m. and continue without interruption until midnight. The individuals and two-man teams will hold the stage during the day and early evening, when the alleys will be turned over to the five-man teams starting at 8 p. m.

Orlando—"American National Reserve Life," new insurance company, organizes with \$500,000 capital.

Walter Hagen Paired With Dow George Defeats Gene Sarazen and Otis George 5-4 At Winter Park Links on Thursday

Sarazen and Hagen, while a bit off in their play, due perhaps to the mental hazards caused by a rather unobserving and rabid gallery of 500 fans, by their technique pleased those fans Thursday afternoon at the Winter Park golf links. Hagen and Dow George, from Sanford, in the 18-hole exhibition match defeated Gene Sarazen and Otis George, also of Sanford, 5 and 4.

Dow George, getting away with consistent play throughout the match, made the course in 73, one above par. Sarazen and Hagen went around in 75, while Otis George took 83 to make the grade. The beautiful curve tee shots by

the four on the 14th hole were easily the best of the afternoon's play, while difficult shots from the rough, neatly executed by Hagen and Sarazen, brought applause from the large gallery.

Hagen, usually an adept putter, was off his game, allowing Gene Sarazen to beat him in that type of warfare. Sarazen got into trouble on the 4th hole, losing his ball in the rough to the right of the green, while Hagen duplicated Sarazen's cut on the 6th hole.

A stellar hole up shot on the 5th hole by Dow George was perhaps the feature of the exhibition match.

PROPOSED BRIDGE WOULD BE A BOON TO WEST FLORIDA

TALLAHASSEE, Fla., Feb. 22. An uninterrupted railroad service along the West Coast of Florida from Fort Myers to Pensacola and thence into Mobile and New Orleans—long the hope of people living in the territory affected—has been brought one more step nearer realization, a short step, it may be, but nonetheless important.

The newest development is seen in a plan to bridge Mobile Bay by the Gulf Ports Terminal Company, now operating a railroad for 30 miles out of Pensacola, United States District Engineer Earl North, it has been announced at Mobile, has approved plans of the Terminal Company to bridge Mobile Bay for a distance of seven miles in order to carry the road into Mobile, and the plans have been passed on to the War Department which must next pass on the plans.

Completion of this bridge will shorten the distance between Mobile and Pensacola by many miles and consequently cut off several hours from the time now required to make the trip by way of Flomaton, Ala.

It likewise will bridge the only interruption in a continuous rail service between Brownsville, Texas, and Pensacola, practically along the rim of the Gulf of Mexico. With the construction of a short connecting link of road further down state in Florida, this service could be extended on along the West Coast to Tampa and thence to Fort Myers.

The long-talked-of stretch of road between Cogington and Perry would give a direct route through Tallahassee, Perry and Dunellon. At the latter place, another branch veers toward the coast, stopping at Homasassa, where another link of 20 miles or so, would take the road into Brooksville and thence direct to Tampa.

South Carolina legislature refused to let one U. S. senator speak there, than which nothing could be more cruel.

MANY ARRANGE BOUTS WEST PALM BEACH, Feb. 22.—Jeff Gaffney, matchmaker for the local American Legion, has received favorable responses to telegrams sent in an effort to arrange a bout here between Mickey Walker, welterweight champion, and Norman Gettel. Bob Gibbons and Jimmy Kenney probably will meet in the semi-finals on the same card, the date for which has not been fixed as yet.

EVERT TRUE By CONDO

bers of the Florida State Hotel Association advising of his action and requesting their cooperation, saying in part: "If all the hotels in the state would help out along this line, there is no question but what the demand would be so increased as to materially benefit the growers."

Henry R. Dutton, manager of Hotel Toronto, Wilber-by-the-Sea, has written the Florida Development Board that he has not at any time made a charge for citrus fruits served in his hotel: "Furthermore it is our custom to serve orange juice on every table every morning regardless of other fruits which guests may order from the menu. We also place native grown flowers and oranges in guests' bedrooms. No charge is made for any of the above service."

BEGIN TRAINING MAR. 20 ORLANDO, Feb. 22.—Members and prospective members of Orlando's Florida State League baseball team have been instructed to report here Mar. 20 and begin training for the league season which opens Apr. 7 or 10. Only 14 men will be carried during the approaching season, to whom contracts have been mailed. One hundred and ten games are to be played this year with a split season on the program.

Too much money makes you unhappy—if a neighbor has it.

rived from official opportunities, I shall again give away to my entire confidence in your discernment and pursuit of the public good; for I assure myself, that, whilst you carefully avoid every alteration, which might endanger the benefit of a united and effective government, or which ought to await the future lessons of experience, a reverence for the characteristic rights of freedom, and a regard for the public harmony, will sufficiently influence your deliberations on the question, how far the former can be more impregnable fortified, or the latter be safely and advantageously promoted.

To the preceding observations I have one to add, which will be most properly addressed to the House of Representatives. It concerns myself, and will therefore be as brief as possible. When I was first honored with a call into the service of my country, then on the eve of an arduous struggle for its liberties, the light in which I contemplated my duty required, that I should renounce every pecuniary compensation. From this resolution I have in no instance departed. And being still under the impressions which produce it, I must decline as inapplicable to myself any share in the personal emoluments, which may be indispensable included in a permanent provision for the executive department; and must accordingly pray, that the pecuniary estimates for the station in which I am placed may, during my continuance in it, be limited to such actual expenditures as the public good may be thought to require.

Having thus imparted to you my sentiments, as they have been

"A WORLD BEATER" "FOLEY'S Cough Medicine is a 'World Beater' for speedy relief," writes Hilton A. Lyre, 206 Evans Avenue, Evansville, Ind. "Last month I was down with a severe cold, and getting worse, I bought a bottle of FOLEY'S HONEY AND TAR COMPOUND, and the next night was well and O. K." If you want a quick, reliable remedy for coughs, colds and hoarseness insist upon FOLEY'S HONEY AND TAR COMPOUND. It has all the curative qualities of pine tar and honey. Sold everywhere.

CHILDREN'S COUGHS Children's throats are delicate and sensitive. In play, at school or work they are exposed to chilling drafts, their little bodies are overworked from exercise, they cool off too quick and a cold sets in. The minute your child commences to cough get a bottle of Leonard's Cough Syrup (Creosoted). It is good for children's delicate throats, protects the lungs, raises the phlegm, and gives quick relief. A harmless, safe, pleasant remedy for coughs, colds, grippe, croup, whooping cough and bronchitis—that is healing and soothing. Plan for adults too. For sale at your druggist.

FLORIDA

For the Morning, Noonday and Evening of Life A State where Good Health and Vigor Abound

Children so often have as little real health as they have real life every day in the year.

Men and women in the State of Florida conduct to efficiency without exhaustion.

Other people spend the evenings of their lives most pleasantly and comfortably when they reside in Florida, escaping winter's rigors and summer's severities.

Thousands of persons with afflictions that curtailed happiness and reduced usefulness have been restored to health and vigor by residence in Florida. Many respiratory troubles yield quickly to the mild climate.

Florida has the lowest death rate from pneumonia of any state in the Union, according to the latest available reports of the United States public health service, only about two-fifths as high as that of some other states.

"Florida an Asset of Immeasurable Value to the Nation and all Its People"

—RICHARD H. EDMONDS

The distinguished editor of the Manufacturers Record thus summarizes some of the other advantages of Florida which make the state a national asset: "unequaled climate; wonderful ocean and gulf shore line; superb rivers; thousands of lakes, large and small; fertile soil, producing an ever-increasing quantities.

The finest oranges and grapefruit, grown on earth, an annual production of nearly one hundred thousand cars of fruits and winter-grown vegetables. Development has scarcely begun. The attention of the whole country is now concentrated on Florida as the predestined center of great population."

The Florida Development Board, which is the State Chamber of Commerce, is a non-partisan, non-profit organization, supported by banks, business men, boards of trade and chambers of commerce. It will furnish dependable and unprejudiced information about Florida, direct and through its affiliated membership of local trade bodies. Address
