

TRANSPORT WORKERS UNION RAISED RED FLAG TODAY IN THE CITY OF CORK

Grave Problems are Presented by Radicals Among Workers

WAGE INCREASE

WAS CAUSE OF REVOLT AND IRISH TROUBLES ASSUME NEW ASPECT

(By The Associated Press)
CORK, Sept. 6.—Associated representatives of transport workers union this morning seized offices of harbor board because board refused to grant wage increase and red flag was floating from the building at midday. The transport men propose to run the business themselves and pay the wage demanded but are encountering difficulties since the books and records are locked in the safe.

DUBLIN, Sept. 6.—Eamon DeValera declared in a statement today if England issued an ultimatum to Sinn Fein no pretense would hide the fact that it was an application of force, which must mean war and not peace.

FITZGERALD'S MAYOR IS INDICTED FOR HAVING HAND IN R. R. STRIKE.

FITZGERALD, Ga., Sept. 6.—Mayor J. L. Pittman of Fitzgerald, and eighteen other persons were indicted here yesterday by the grand jury of Ben Hill county on blanket charges of interfering with employees of the Atlanta, Birmingham and Atlantic railroad, which has been in the throes of a strike for several months.

Of the nineteen men, two were engineers, two trainmen, two wharf employees, two conductors, one clerk and one fireman, all of the strikers at Fitzgerald.

The investigation of the grand jury grew out of the recent strike disorders in which one man, Engineer W. T. Eid, was fatally wounded, several trains wrecked and much bad feeling shown between the striking and other factions.

NOT MUCH OF A FIGHT BETWEEN WILSON AND DOWNEY AT JERSEY CITY.

JERSEY CITY, N. J., Sept. 6.—Bryan Downey, of Cleveland, and Johnny Wilson, of Boston, fought twelve time and uninteresting rounds in their bout here yesterday to settle their dispute over the world's middleweight championship.

Under the New Jersey law an official decision was permitted, but Wilson retained his championship before the fight going to the limit. However, it was the opinion of a majority of newspaper men and fight experts at the ringside that Downey won on points. He forced the fighting in most of the rounds and landed the cleaner blows.

Wilson's performance was so unsatisfactory to the New Jersey boxing commission that they ordered Promoter Ted Hickard to hold his share of the purse pending a hearing.

When Wilson left the ring after the bout he was holed loudly by the crowd while Downey received a round of applause.

There was not a semblance of a knockout at any time during the fight. Wilson fell into a clinch at every opportunity and landed few hard blows on his opponent. Downey appeared to have had the better of four rounds, three went to Wilson and the others were even.

MARK MEMORABLE SPOT.

Colonial Dames of Virginia, today placed a memorial on the spot where Alexander Spotswood, colonial governor of Virginia, and his Knights of the Horseshoes, caught the first view of Anglo-Saxons on the land beyond the mountains, known as the Shenandoah Valley. On the summit of Swift run, Sept. 5, 1710, Spotswood and his knights drank to the health of the king. The shaft commemorates this unique event. The preparations for the unveiling of the shaft have been in the hands of a committee of the Colonial Dames Society for several months.

NEW HYDROPLANE RECORD ESTABLISHED AT LAKE GEO. BY MISS AMERICA II

(By The Associated Press)
DETROIT, Sept. 6.—Establishing a new world's hydroplane record of 80.567 miles an hour, Miss America II today won the Lake George trophy, emblematic of one mile speed boat championship of North America.

Unmasked Bandits Hold Up Man on Tampa Streets

TAMPA, Sept. 6.—Two unmasked bandits in an automobile held up W. J. Jones at the corner of Washington and Jefferson streets at 10 o'clock Monday morning and robbed him of \$540, making their escape in the machine by traveling over the viaduct at the head of Washington street and disappearing in the direction of the union station.

Jones was walking on Washington street alone, he told the police, when a Ford touring car which had been slowly following him stopped alongside the curb. One of the men remained at the wheel of the machine, pointing a gun at him, he said, while the other jumped towards him, ordering him to "come across."

Jones put his hands into the air, he said, but the man told him that was not necessary. He reached into Jones' left hand hip pocket, and took the roll of \$540, mostly in \$20 bills, and jumped back into the auto without further search. The auto was but recently painted and had no rear license. It disappeared in the direction of the viaduct.

Jones rushed to police headquarters, but two blocks from the scene of the hold-up, and reported the matter to Detectives Graves and Stunsell, who, with Jones, set out in an attempt to overtake the bandits. They returned two hours later unsuccessful.

TWO ARRESTS IN CONNECTION WITH KILLING

OF JACKSONVILLE THEATRE MANAGER—FUNERAL WAS HELD YESTERDAY

JACKSONVILLE, Fla., Sept. 6.—Two additional arrests were made late yesterday in connection with the hold robbery of the Palace Theatre here Sunday night and the killing of Geo. H. Hickman, its manager, by Frank Rawlings, alias Frank Rollins, of Chicago. Rawlings was ordered held for the county grand jury following a coroner's jury verdict charging him with premeditated murder.

W. C. Melton, of Atlanta, Ga., and Rodney K. Smith, local taxicab driver, were taken in custody on suspicion of having been implicated in the robbery. Officials did not disclose just how they were thought to have participated in the affair.

The body of Hickman was sent to his home at Richmond, Va., last night following what is said to have been the largest public funeral ever accorded in this city. Several hundred persons marched in the procession that accompanied the body to the depot, a distance of more than a mile. The cortege was headed by a band playing a funeral dirge. Hundreds of persons were turned away from the theatre where funeral services as a mark of respect for the slain man and in order to permit their employees to attend. Music was furnished by an orchestra combined from all the city's theatres.

County officials last night increased the guard about the county jail in which Rawlings is held. This was described as a precautionary move in view of the incensed popular feeling.

The robbery and killing occurred on the opening night of the theatre's winter season, and was accepted by officials as the precursor of another season of criminal activities, the state being said to have had more than its share of the crime wave last winter. In order to curb, in the inception, a possible influx of crooks into the state and also to allay popular feeling plans have been made to give Rawlings a speedy trial.

South African Elephants Being Exterminated

This photograph made by a photographer with a South African Institution expedition in Africa, shows Kneller cleaning elephant skeletons in a camp in the Addo bush. The South African government has ordered the destruction of the elephants—the only herd of the kind in the world today living so far beyond the confines of the tropics.

RACE RIOT ON SHIP BROUGHT OUT THE POLICE OF NEW YORK CITY TODAY

White and Black Members of Crew Stage Big Scrap

(By The Associated Press)
NEW YORK, Sept. 6.—Police with riot guns were summoned by a radio message telling of mutiny today, broke up a fight between negro and white members of the crew of the shipping board steamer Chester Kiwanis, anchored off Staten Island. A battle royal was in progress on the decks when the police boat arrived. The trouble was quelled within an hour by the police without a shot being fired.

SEX EDUCATION WILL BE TAUGHT TO YOUNG GIRLS

SAN FRANCISCO, Sept. 6.—Half a million American women, affiliated with the W. C. T. U., are about to launch an intensive campaign for sex instruction in public schools of the nation.

They expect to reach every boy and girl of school age, to see that each student is properly instructed in the fundamentals of reproductive physiology and sex hygiene.

Parents have failed to do this, leaders declare, with tragic results mirrored in many major social problems of the day.

After a generation of scattered effort against the inability or unwillingness of teachers and parents to instruct growing children in these vital facts, this organization of women has reached the point where they feel they can and must concentrate and openly fight the menace of ignorance or self-knowledge and its accompanying evils.

Alarmed by the daring of young girls' dress and deportment, which they view as an index of social laxity, these 500,000 workers for a "world of peace and purity," at their national convention here laid plans for an educational program to reach into every home, hoping thus to stamp out the cause itself.

"We will not fight present dress methods and other tendencies as such," says Dr. Valeria H. Parker, director of social morality of the W. C. T. U., but will so instruct our young ones in the duties and responsibilities of life that a campaign for dress and other reforms will be unnecessary.

"Provocative dress, silk hosiery and rolled-down stockings, worn by cigarette-smoking girls are symptoms rather than a disease. When we reach the disease the symptoms will disappear."

Through universities and normal schools the W. C. T. U., declares it will carry on the crusade for better knowledge. Future teachers will be instructed in the courses on sex psychology and personal hygiene which they will be expected later to pass on to their students. Parents will be reached through a campaign by the Parent-Teachers association, and by an active propaganda to reach mothers of young children.

For office supplies, stationery, etc., come to the Herald office.

AMERICAN GOVERNMENT ADDRESSED NEW NOTE TO ALL ALLIED POWERS.

(By The Associated Press)
WASHINGTON, Sept. 6.—That the United States government had addressed a new note to all the allied powers on the subject of mandated territories, dispatched last week, was made known to day at the state department. The communication, it is understood, refer specifically to class A and B mandates administered under the league of nations and to reiterate the position of the United States government regarding the rights in mandated territories.

THIRD SESSION SECOND ASSEMBLY LEAGUE NATIONS

REPORT PREVALENT CHILE WOULD WITHDRAW FROM THE LEAGUE

(By The Associated Press)
GENEVA, Sept. 6.—The third session of the Second Assembly of the League of Nations opened here today under a threatening cloud. Reports were widely circulated this morning that the Chilean delegates would withdraw from the League if the question of Tacna and Arica, disputed provinces now being administered by Chile, should be placed on agenda of assembly as requested by Bolivia. These reports were categorically denied by Augustin Edwards, head of the Chilean delegation, who was said to have made the treat of withdrawal.

QUIET ALONG BORDER WHERE GUNS ARE STILL —LOOKS LIKE EARLY PEACE

West Virginia Troubles May Be Brought to Close

(By The Associated Press)
CHARLESTON, Sept. 6.—All was quiet along the Boone and Logan county border early today. From Mingo county where some shooting was reported along Tug river yesterday and day before came reports that the situation was not regarded as serious.

MADISON, Sept. 6.—Reports of the killing of forty or more men in the last week of firing near the Boone county line failed to be substantiated here today when details of federal troops reported a thorough search of fifteen miles along Spruce Fork Ridge failed to discover a single body or newly made grave.

CHARLESTON, W. Va., Sept. 6.—Returning to his headquarters here last night after a tour of inspection of the areas recently torn by armed disorders, Brig.-Gen. H. H. Bandholtz, announced he would recommend withdrawal of some of the federal troops now under his command.

Other forces, the general declared, would be retained "indefinitely, or until peace settles over Kanawha, Boone, Logan and Mingo counties." He added that his official reports to the war department would be made public, if at all, by his superiors in Washington.

FEDERATION WOMAN'S CLUB SCHOLARSHIP

Establish One at Florida State College for Women

FORM OF LOAN

THAT CAN BE REPAYED AT FUTURE DATE WITHOUT INTEREST

The Federation of Women's Clubs has recently established a scholarship in the School of Home Economics at the College for Women in Tallahassee. This is a loan scholarship, to be repaid by the recipient at her convenience and without interest.

The course in Home Economics covers four years and leads to the degree of Bachelor of Science in Home Economics.

It is understood that anyone receiving the scholarship, agrees to teach in Florida following her graduation. The appointment will be for four years.

Application for the scholarship should be made at once to Mrs. W. F. Blackman, chairman of Education, Lake Monroe, Florida.

The applicant must be a graduate of an approved high school of Florida or other approved school of equal rank, and the application must be accompanied by letters from teachers or school principals, giving study grades upon graduation from the high school. Also certificates of good moral character, preferably from the president of a Woman's Club or other member of the State Federation of Women's Clubs.

Should no applicant appear for the full four years course, the scholarship will be available for one wishing a two years course, leading to a certificate for teaching. Other qualifications being equal, preference will be given to one having already taken high school work in Home Economics.

Mrs. W. F. BLACKMAN, Chairman of Education Federation of Women's Clubs, Lake Monroe, Florida.

BILLION DOLLARS TO AID FARMERS AND STOCKMEN

WASHINGTON, Sept. 6.—Preparations for advancing upwards of a billion dollars in agricultural and livestock credits under recent legislation have virtually been completed by the War Finance Corporation, officials said last night. The corporation probably will be ready within the next week or so to function under its enlarged powers designed to afford needed credits relief to the farmers, it was said.

To expedite the advances executive committees are being formed in agriculture and stock-raising sections of the west and south and will attend to preliminary details of applications making the necessary investigations and determining the adequacy of securities offered. Ten or fifteen such committees are being formed now and others will be added as the amount of business in the different localities warrants.

The corporation's policy for financing advances, officials asserted, has not been definitely decided, but it is believed that little of the \$400,000,000 balance with the treasury will be used for agricultural credits. Demands may be made on the treasury to make the first loans, officials declare, but as soon as the volume of needed credits can be gauged, it is believed the corporation will begin issuing its own bonds. Current operations of the corporation in financing exports are being carried on almost exclusively out of a revolving fund automatically established by the repayments being made on the approximately \$100,000,000 in advances now outstanding.

Horticultural experts have crossed the grape fruit and lemon, producing a fruit as large as the former but with the flavor of the latter and yielding half a pint of juice.

THE DANCE FRIDAY.

The Herald wants to again call your attention to the dance at the Valdez this coming Friday as this dance promises to be so much different in every way from the ones we have had in the past.

In the first place the ladies have spared no expense in furnishing you with the very best that could be had in music. They do not believe in doing things by halves and although they need every dollar they can get for this fund for the lunches for the school children, still, they mean that you shall get your full money's worth.

They have engaged the Daytona Beach orchestra, an orchestra that has made a big name for itself along the East Coast and a big hit wherever they play. It took a lot of effort on the part of the ladies as well as several members of the Chamber of Commerce to bring this orchestra here and now that we are going to have them we certainly do not want to miss this occasion.

And besides the good music there will be other little surprises in store for you, the dancing will be on a good floor and the whole affair a big one.

And with it all there will be the feeling that you are doing something for the school children. Every dollar taken in over and above the expenses will go to the fund to furnish hot lunches for the children this winter.

And it is also well to remember that you can have a big time whether you care to dance or not. Be sure to get a ticket and present yourself Friday night, Sept. 9th, at the Valdez hotel.

WASH SUITS
OLIVER TWIST
and
MIDDY SUITS
From \$2.50 to \$4.50 values
\$1.48

Sanford Shoe & Clothing Co.

STOCK BUYERS SUING
HANSON MOTORS' FIRM.

SARASOTA, Fla., Sept. 3.—Nine suits, charging false and fraudulent statements for the purpose of inducing certain persons to buy stock of the Hanson Motor Co., of Atlanta, have been filed against this company in Hernando, Manatee and Sarasota counties. The suits were brought by individual buyers of the Hanson stock, all of whom are represented by Frank Redd, of Sarasota, prosecuting attorney of Sarasota county.

The complainants are:
In Hernando county: J. J. Bell,
In Manatee county: Mrs. L. W. Hubbell, J. E. Jones, W. N. Johnson, E. C. Saunders, Alex Penney.
In Sarasota county: T. A. Albritton, W. S. Harris, Frank Hawkins.

In each instance the complainants charge that the value of the stock was misrepresented to them, in view of which they seek cancellation of the stock subscriptions, recovery of money paid and the cancellation of notes given.

The total amount of stock sold to the nine complainants, according to the papers filed, is approximately \$18,000, of which about \$6,000 was paid in cash, the balance in notes. The largest subscriber was J. J. Bell, of Brooksville, who alleges he was induced to purchase \$5,000 of the stock.

Assurances that the Hanson Motor Co., was in thriving condition and able to pay large dividends this year were made by its stock salesmen, according to the complaints. These salesmen made further statements, it is set forth, that at the time the stock was purchased the company had a complete manufacturing plant in Atlanta, Ga., with a capacity of 20 cars a day; that this plant was running at full capacity and that this capacity would be doubled in the near future; that the company had orders for all cars it could manufacture this year, with cash deposits on all orders; that on the basis of present production and orders on hand the company would be able to pay large dividends this present year; that the company only required 40 per cent. cash payment on subscriptions and that the stock of the company would be accepted by Atlanta banks as collateral for the remaining 60 per cent, which would be carried on subscription notes until liquidated by dividends.—Tampa Times.

SENATOR TRAMMELL
WILL VISIT FLORIDA
DURING THE VACATION.

WASHINGTON, Sept. 1.—(Special).—Senator and Mrs. Park Trammell will leave for Florida Saturday to spend the remainder of the recess visiting in different sections of their state. Though he opposed congress taking and adjournment of four weeks at this time, with so many important measures pending, Senator Trammell says he will enjoy this little rest and recreation. Those around the capitol know Senator Trammell to be a man who is always at his post, giving his time, his energy and ability to the public business. He is one of the first of the Senators to reach his office in the morning. He gives personal supervision to all the office work and is one of the rules of his office that every letter received must have an immediate reply. Every letter from a citizen of his state concerning a public or a personal matter has prompt attention. Almost daily the Senator and his secretary visit some of the government departments to hasten action and bring about successful results in matters in which Florida citizens are interested. Being a man of a pleasing, courteous and forceful personality, Senator Trammell is held in high esteem by all government officials regardless of party affiliations. When congress is in session Senator Trammell is constantly in attendance upon the daily sessions of the Senate and is always in touch with pending legislation. His speeches in the Senate are always clean cut, able and forceful, victorious. During the recent session of congress he was very active in urging a reduction of freight rates, the repeal of the revenue tax on transportation charges, the increase of the exemption from revenue tax to \$3,000 for married persons and \$1,500 for single persons, the passage of his or some other measure which would extend similar government aid to the drainage projects of the south as that given to the irrigation district of the west, the passage of his bill requiring prompt settlement of claims against railroads, the passage of his bill granting to Florida for the school fund all of the United States lands remaining in the State, a more liberal policy toward the ex-service men. Senator Trammell was the author of the provision in the agricultural relief measure which makes a producer's security held by a bank, upon which a loan has been made, collateral upon which the bank may obtain an advance from the War Finance Corporation. He introduced and passed a measure providing for the U. S. government to co-operate in the maintenance of a student's marine school at Tampa. He was instrumental in getting an appropriation of eight hundred thousand dollars for the submarine station at Key West and also one hundred and fifty thousand dollars for the Pensacola navy yard. These are only some of the activities which have caused the junior senator of Florida to be a very busy man during the past few months and now entitle him to a short rest from his multiplicity of duties at the National Capitol.

NEEDED HERE.

Since the passage of City Ordinance No. 297, it is unlawful for the common, or garden variety of chicken to be off the home premises. The ordinance applies to other domestic fowls as well as and the penalty is set at a maximum figure of \$50. This news will be received with delight by the many Lakeland people who have been involuntarily serving the neighbors' chickens with lettuce, young onions, cucumbers, strawberries and other tasty vegetables and fruit.—Lakeland Telegram.

TURN ABOUT, FAIR PLAY.

The speck of war lately raging in Elk, Kas., between baseball and Sunday school has been settled amicably by baseballers agreeing to attend Sunday school in the morning, and Sunday schoolers are to attend baseball in the afternoon.—Hardee County Herald.

Indian River Hotel,
Old Florida Landmark
is Being Demolished

(By The Associated Press)
ROCKLEDGE, Sept. 3.—The Indian River Hotel, deserted in its declining days by its former notable visitors because it clung to its old fashioned ideas rather than keep abreast of the times, is now being demolished. Unlike the general movement from the home to the hotel, this picturesque structure is resigning in favor of pretentious winter homes, to be built on the property where it once enhanced the already enchanting atmosphere of the Indian river.

Its recesses know the moods of such personages as Grover Cleveland, P. Lorillard, whose name is synonymous of Virginia Cheroots, and Mellon, of Mellon's food fame.

The structure was built in 1875 before the Florida East Coast blazed a hitherto darkened trail in these parts. At that time the hostelry could only be reached by water, a feature accentuating its fascination and exclusiveness. Even with the coming of the railroad its prestige did not dwindle.

When Tammany Hall was supreme in New York politics, its leaders were wont to make their rendezvous at the Indian River, and Gotham's political destinies in those days frequently were shaped within the environs of the majestic building. Among those political chieftains who planned their battles while basking in this balmy clime were Thomas Nevins, fire chief of Brooklyn; MacQuade, McKloekin and Captain Aldridge, whose task it was to manufacture the flags and bunting for Tammany's parades.

Later pilgrims to the hotel included Warren G. Harding. Miss Kate Eyer, an old school mate of his, conducted a curl shop within the building.

It is recalled that with the coming each winter of P. Lorillard, how his palatial house boat glided up the stream and upon docking, the tobacco king would unload his horses, cows and chickens which always accompanied him.

The names of Frank Gotch, former world's champion wrestler, and Harry Parry Whitney, millionaire sportsman, appear frequently on the hostelry's register.

Under present plans fashionable winter homes will grace the river instead of the hostelry. Streets will be laid out and generally, a more modern picture will be wrought among the scenic beauty of the place. Among those who are planning homes is C. B. Kling, President Harding's brother-in-law.

The world news the day it happens, the Herald office.

BUSINESS

IN THE

"City Substantial"

BUSINESS—In any City gives to the new comer, the old resident and the respective buyer a good impression.

BUY from your Home Merchants if it is at all possible to make your purchase. It stimulates BUSINESS—makes the local merchant tax payer feel like he is getting a try at your share of business and an incentive to keep store and stock in best condition. Out-of-town Merchants and Mail Order Houses do not contribute to the welfare of our city.

COST of buying outside should be considered and when you buy from home you view your purchase and know the merchant will consider any legitimate complaint in regard to quality or fit

Miss Neel Hatchcock, of Plant City, is the attractive guest of her sister, Mrs. John G. Leonardy.

R. F. Austin, of West Palm Beach was registered at the Montezuma yesterday.

J. C. Smith, of Smithville, Ga., was registered at the Montezuma yesterday.

BIRTHDAY PARTY

Little Miss Martha Bishop, the dainty little daughter of Mr. and Mrs. G. D. Bishop, entertained a number of her little friends yesterday afternoon at her home on Parke avenue, the occasion being her fifth birthday anniversary.

Quantities of hibiscus were used in decorating the rooms. The color scheme of pink and white was prettily carried out in the decorations and refreshments. The dining table had for its center-piece the wonderful birthday cake iced in pink and topped with five tiny white tapers.

Several childish games were played by the young folks and stories were told by Misses Ruth Henry and Carmeta. Late in the afternoon Mrs. Bischof, assisted by Mesdames Thigpen, Wallace, Marlowe Bower and Hart served refreshments carrying out the color scheme, and consisting of ice cream in white paper cups, cake, iced in pink and white candles. The favors for the boys were horns filled with candy, while the girls were presented with dainty parasols filled with candy.

Among the children enjoying this pretty party were: Betty McKinnon, Margaret Franklin, Mary Elizabeth Tolar, Mary Elizabeth Neely, Katherine Thigpen, Mary Hart, Georgia Hart Wilson Smith, Frederick Daiger, Russell, Billie Thigpen, Franklin Bennett, Bryan Higgins, Harry Bower and Hobbie Marlowe.

Among the "grown ups" were Mrs. R. C. Bowers, Mrs. D. C. Marlowe, Mrs. George Fox, Mrs. W. J. Thigpen, Mrs. G. D. Hart, Mrs. A. B. Wallace and Mrs. Fred Dugger, Jr.

THEATRE AND BUFFET SUPPER PARTY.

Mr. and Mrs. W. A. Whitcomb entertained the members of the Peck-Whitecomb bridal party and a few extra guests, last evening at a theatre buffet supper, at their home in Orlando.

The party left Sanford at seven o'clock, arriving in Orlando about eight. Mr. and Mrs. Whitcomb then escorted their guests to the Phillips theatre where they all enjoyed the show, after which they returned to the Whitcomb home, which had been beautifully decorated for the occasion, in pink and green. Quantities of pink vines and fern were effectively used, in decorating the various rooms. The color scheme of pink and green being later carried out in the refreshments. Mrs. Whitcomb served a delicious salad course followed by an ice course.

Mr. and Mrs. Whitcomb's guests included Mr. and Mrs. R. L. Peck, Mr. and Mrs. Dooley, Dr. and Mrs. E. D. Brownlee, Misses Serita Lake, Ethel and Florence Henry, Hermilna Lehman, Agnes Dumas, Dorothy Rumph, and May Thrasher. Messrs. Lee Peck, Frank Purdon, Benjamin Whitner, Glenn Whitcomb, Paul Dooley and Sherman Moore.

Fish and game laws in Lake county will be strictly enforced, for there is a Fish and Game Protective Association there that numbers a membership of about two hundred, all pledged to assist the wardens in prosecuting all offenders of the statutes affecting fish and game in that region.

ORDINANCE NO. 24

AN ORDINANCE PROVIDING FOR THE COLLECTION AND DISPOSITION OF GARBAGE WITHIN THE CITY OF SANFORD, FLORIDA, DESIGNATING THE KIND OF GARBAGE CAN REQUIRED TO BE USED, DEFINING GARBAGE REFUSE AND INDUSTRIAL WASTE, AND PROVIDING A PENALTY FOR THE VIOLATION OF THE PROVISIONS OF THIS ORDINANCE.

BE IT ENACTED BY THE PEOPLE OF THE CITY OF SANFORD, FLORIDA:

SECTION 1. It shall be the duty of every housekeeper, storekeeper, or occupant or owner of any premises within the city limits, having, keeping or offering for collection any garbage or refuse, where the same is collected once a week, to provide for the storage and collection of such garbage and refuse, a water-tight metal receptacle provided with proper handles and a tight fitting cover and to hold not less than twelve quarts nor more than forty gallons, it shall further be the duty of every housekeeper, storekeeper, occupant or owner to place the said receptacle when offered for collection at the curb line in front of his or her premises or on the curb line of the alley when any public alley adjoins such premises, and to remove or cause them to be removed inside the fence line of the premises when they shall have been emptied; provided, however, any storekeeper, owner or occupant keeping or offering for collection refuse material consisting entirely of paper and paste board or other light material in large quantities may at the discretion of the City Commission and under such rules as it may prescribe be allowed to use suitable bags for such storage and collection.

SECTION 2. Garbage, as used in this ordinance, shall be held to mean all kitchen or table refuse, swill, offal, trash, or refuse material of every kind that contains any animal or vegetable matter tending to rapid decay or putrefaction.

SECTION 3. Refuse, as used in this ordinance shall be held to mean any general combustible refuse, all paper, rags, paste board, boxes, berry boxes, wooden boxes, whole or broken bottles and all other trash and refuse material not containing any vegetable or animal matter tending to rapid decay or putrefaction.

SECTION 4. Industrial waste, as defined in this ordinance, shall be held to mean all waste material, empty boxes or barrels, garbage and refuse of every description when same shall originate be kept, held or collected at business houses or places of business of every kind, and all building material resulting from the erection, removal, repairs or tearing down of buildings; all waste material from printing offices, ashes from steam boilers, office buildings or hotels, restaurants, and boarding houses, offal and floor sweepings from poultry houses and meat markets, dead animals, offal and floor sweepings from stock yards, livery, feed and sale stables.

SECTION 5. Industrial waste, shall be stored, held, kept, collected and removed by the owner, occupant or person in possession of such premises under the direction of the Health Officer, in such manner as may be prescribed by the City Commission.

SECTION 6. It shall be the duty of the City Commission to prescribe such rules and regulations governing the storage, holding, keeping, collection and removal of garbage, refuse and industrial waste as will comply with this ordinance and to the City Commission may seem to the best interest of the public welfare.

SECTION 7. Any person, firm or corporation or any housekeeper, storekeeper, or the owner or occupant of any premises within the City limits, or their agents, servants, or employees who shall have, keep, hold or offer for collection garbage, refuse, or industrial waste in any manner other than as provided in this ordinance, or as provided in such rules and regulations as the City Commission may prescribe under this ordinance, or shall have, keep, manage, collect, or offer for collection any garbage, refuse or industrial waste in such manner as to render the air or soil impure or unwholesome, or in any such manner as to cause the premises on which such garbage, refuse, or industrial waste is held, managed, kept, collected or offered for collection, or any premises adjacent thereto, to become littered or unsightly or dirty or unwholesome, or in any manner violates the provisions of this ordinance, shall upon conviction in the Municipal Court, for each offense, be punished by fine not to exceed Twenty-five (\$25.00) Dollars or by imprisonment not to exceed Twenty-five (25) days, or by both such fine and imprisonment in the discretion of the Judge of the Municipal Court.

ORDINANCE NO. 25

ORDINANCE LEVYING AND IMPOSING LICENSE AND OCCUPATIONAL TAXES FOR MUNICIPAL PURPOSES UPON OCCUPATIONS; FOR GRADING, FIXATIONS; FOR DETERMINING THE AMOUNT OF SUCH LICENSE AND TAXES TO BE PAID BY ANY PERSON, OR PERSONS ENGAGED IN SAID OCCUPATIONS IN THE CITY LIMITS OF THE CITY OF SANFORD, FLORIDA...

SECTION 1.—That no person shall engage in, or manage the business, profession or occupation hereinafter mentioned and required to be licensed in the City of Sanford, Florida; and until a City License shall have been procured from the City Tax Collector of the City of Sanford, Florida, which license shall be, then and thereupon the payment of the amount of license tax required therefor, without any additional charge or fee whatsoever.

SECTION 2.—That no license shall be issued for more than one year, and licenses shall expire on the 30th day of September of each year; and each license obtained between October 1st and April 1st the full tax for one year shall be paid, except as herein provided for; and for each license obtained from April 1st to September 30th. One-half the full tax for one year shall be paid, except as hereinafter provided for.

SECTION 3.—That licenses shall be good only for the particular business, and at one particular place of business, which shall be named thereon and for the person, firm or corporation to whom issued; but licenses may be transferred, when there is a bona-fide sale and transfer of the property used in the business, stock in the place in the City to another, upon application to the City Tax Collector; and such transfer shall be written across the face of the original license. The issuance by the City, and receipt by the applicant of a license shall in no case be deemed authority to conduct business in contravention to any ordinance, or ordinances of the City now existing, or hereinafter enacted, or to establish, or maintain nuisance.

SECTION 4.—That the City Tax Collector, before issuing a license based on a property value, or capital stock, shall require the person applying for a license to make a written statement under oath, of the value of the property, or the amount of the capital stock.

SECTION 5.—The amount of license tax levied and imposed upon every person, firm, corporation or association that shall engage in, or manage any business, or occupation hereinafter mentioned within the City of Sanford, Florida, is hereby fixed, graded, and determined at the following amounts:

Member of The Associated Press

Another day for business.

Gun Club shoot was a great success yesterday.

Shows what Sanford could do in the way of amusements if the people will decide to stay at home and put on a show of some kind.

First street has been improved some but First street will stand a lot of improvement yet. Some of the worst snags in the city grace the principal corners of First street.

The boldness of the bandits who are holding people up on the main streets of Jacksonville and Tampa, shows that many of these gun men are coming to Florida from the big cities. Look out for them.

The "ridge section" is having an argument about the Scottish proficiencies of "Ma" Ruhl. Well, all we can say is that we hope we live long enough to see "Ma" and "Pa" dressed up as Scottish bagpipers.

In this issue of the Daily Herald, the new license ordinance is published, giving a list of the new licenses and the amount thereof, and showing the differences in prices. The new ordinance will keep the record straight and will not conflict with any other laws on the subject. Read it carefully and note what your business will have to pay in October. It is modelled on the right lines.

The manager of the theatre in Jacksonville who failed to give up the money when the robber told him to, was a brave man, but he lost his life protecting the property of his company. This was a man, but his life is worth more than a paltry \$800, or more, and in this case, discretion would have been the better part of valor. With a desperate man on the other end of the gun, the best way is the safest way, and the safest way is to give up the money when the bandits have the drop on you.

PURCHASE THE OKEECHOBEE NEWS.

The first number of the Okeechobee News, under the new management, was received at the Herald office this week with distinct pleasure. And it was a pleasure because we knew that Harry Neal of the Herald, was taking care of the News. N. J. Lillard, H. A. Neel and R. J. Holly, are the new owners of the Okeechobee News, and Mr. Neel will be down there for several weeks getting everything in shape and starting the News off with an eight page edition. The new owners expect to have a chain of weekly newspapers in the State close enough to Sanford to make this the central plant from which the other papers will be supplied with paper and printing material since Sanford gets the benefit of water transportation.

The Okeechobee News is published in Okeechobee City, the county seat of Okeechobee county, and is in the heart of the great stock raising country, orange growing and trucking, and one of the coming sections of Florida. Better railroad facilities and the new roads that are now being built into Okeechobee City will make it the cen-

ROQUERFORT SALAD DRESSING. Make a salad, using 1 can of pears and a few Sylmar Brand Ripe Olives. Serve with Roquefort salad dressing, made as follows: 1/2 small can Elkhorn Roquefort Cheese; 4 to 6 tablespoons Olive oil; a pinch of salt, dash of paprika, lemon juice. Emulsify to creamy consistency. Deane Turner, WELAKA BLOCK, Phone 487-494

tral point for the activities of the southern part of the State, and the new owners will make it one of the best weekly papers in that part of Florida in a few months if possible.

The following editorial notice of the change was in last week's News: "With this issue of the News the paper passes into the hands of Messrs. N. J. Lillard, R. J. Holly and H. A. Neel, all newspaper men of many years experience, who are majority stockholders in the Sanford Herald. For the present, the paper will be under the management of H. A. Neel, who took charge last Monday. It will be the endeavor of the new management to give the people of this section the best paper possible consistent with the support received. A number of improvements, both in the plant and paper are contemplated, and will be made as soon as possible.

"Mr. N. J. Lillard, the senior member of the firm, has been secretary and treasurer of the Herald Printing Co., for the past year. Before that he was for some time business manager of the Neel-Lillard Publishing Co., owning weekly papers at Brewton, Foley and Florida, Ala., and was for some time business manager of the Pensacola Evening News, and secretary and manager of the Escambia County Fair Association, for six years.

"Mr. R. J. Holly, the youngest member of the firm, is the editor and majority stockholder of the Sanford Herald. He is one of the best and most favorably known newspapermen in the State. He has done much to bring the varied resources of the Sanford section to the notice of the world and stands high in his profession.

The writer has for the past year held the position of general manager of the Sanford Herald. Prior to that he was for several years owner and publisher of papers in Alabama, coming there from Colorado, where he was connected with a number of newspapers as editor and owner. A cordial invitation is extended the people of this city and section to call and get acquainted."

WE WANT TO KNOW.

We are living way down here in Sanford, Florida, U. S. A. Some things get by us on account of being out of touch with the main arteries of big business but we cannot help but think that some things are also getting by the president of the United States, his cabinet, his officers, his secret service and all the congressmen and senators and all the rest of the small fry and large office holders.

For instance—millions of dollar's worth of government piers burned up the other day. Several fine ships have been burned at the same piers at Hoboken in the past few months. Who is responsible for this, and why should anyone want to burn the ships and piers? The New York Post states that the U. S. Government owns THREE BILLIONS worth of ships, and yet we cannot have a Merchant Marine. Who is holding back the greatest thing that America has ever attempted?

We have just finished fighting for these things. Our boys went over to get these things for America, and many of them never came back. Did the men responsible for the above acts go over or did they remain in America to pick up a fortune while our boys were fighting to make America safe for the corporations?

The rivers of Florida and the rivers of other States could be made navigable if the congressmen would look after the people's business, instead of the corporations. With navigable streams, there would be no exorbitant freight rates.

Somebody is responsible for all of this burning of piers, of ships, for the delay in the merchant marine, for the delays in making inland waterways through Florida and other States.

It would be well for the people to find out for themselves. We do not think that spirit of patriotism that took our boys to France has entirely died out. Suppose the American Legion finds out.

BEST WAY TO WIPE OUT KU KLUX KLAN.

Recently in a town of considerable size north of here, a long ways off, a man preached anarchy before a throng of people. He spoke these words: "You see those folk living up there in fine houses on the hill; we are as good as they are and entitled to as good things as they get. We have nothing; they have everything. Look at their automobiles and their handsome wives. Why shouldn't we have them? We don't say that we want as good automobiles as they have—we want their automobiles. We do not say, either, that we want as good women as they have; men, we want their women!" This scoundrel should have been arrested and sent to prison for a long

term. But he was not; he went his way, for the moment unscathed. For the moment, we say. In that city is a branch of the Ku Klux Klan, and two days after his speech this preacher of anarchy and violence disappeared. No one has seen him since; perhaps, he never will be seen again. It was wrong to kill him, but what could be done with one who urged others to rob men and steal their wives? It is because the law is inefficient, impotent to deal with reckless talkers. Various states, with Texas in the lead, are moving to exterminate the Ku Klux Klan, and they may succeed. They should succeed, provided whippings and tar and feathers and secret assassinations are the work of that organization, which has not been proven. But if they wipe out the Klansmen, they should, at the same time, pass laws to prevent the preaching of robbery, anarchy and the advocacy of lawlessness.—Tampa Tribune.

A MOST PROSPEROUS SEASON.

Everything points to a most prosperous season for all of Florida. This is especially true of this part of the State and of the Sanford section. The growers expect to make more money this year even with the present high freight rates and the business men are looking forward to a fine season. That it will be a cold winter, is also assured by all the weather prophets in the north, and if this is true, we can look for an early migration of the tourists, and we should have everything ready for them. The following from Capper's Weekly, is important:

"The predictions of the weather prophet of the Philadelphia and Reading Railway Company are not scoffed at in his own country. He says the coldest weather in the last 26 years is approaching and warns his brother railroad men there will be many blizzards and it will be difficult to keep traffic open. This man is said to have failed only once in foretelling weather conditions. We believe every weather prophet should be given a chance. Paste this prediction up where you can see it next winter. Then render your own verdict."

Newspapers throughout Indiana, especially those published in the vicinity of Indianapolis and Terre Haute, carry daily predictions of a severe winter and warn all persons to put in an early supply of coal. An article appearing recently in an Indianapolis paper, according to reports, predicts one of the coldest winters in the history of Indiana.

ACCOMMODATIONS FOR THE TOURISTS IN AUTOMOBILES.

With the construction of a race course at the State Fair grounds, the accommodations and facilities which Jacksonville has provided for the past several seasons for tourists arriving in Jacksonville by automobiles, should they care to use them, are being removed.

The question which presents itself is, what is to be done to replace these facilities?

A letter from a prominent Jacksonville business man who is touring the West by automobile, states that nine out of ten travelers in the West are using automobiles and that most of them are campers. He expressed particular surprise at the extent to which Western cities and communities go to provide accommodations for this class of travelers, to show them that they are welcome and to encourage them to stay as long as they possibly can.

The automobile tourist travel to Florida is ever increasing. It will continue to increase in greater proportion to the betterment of road conditions generally throughout the country. Jacksonville is a gateway to Florida, a sort of junction point at which automobile travelers come to a halt for a brief rest, no matter which point in Florida may be their destination. It is absolutely essential and necessary that Jacksonville provide adequate accommodations for them. We must have close to the city ample parking space, permanent buildings which should be provided with baths, electric light and other sanitary needs. We should not wait until these travelers actually begin to arrive in great numbers before providing those things by which we might have a chance to induce them to spend some time here. If no means are provided whereby they can have comforts which other communities grant them gladly, it is hardly to be expected that they will waste any time here.—Jacksonville Metropolis.

To enable blind persons to write an inventor has patented a guide made of parallel wires between which a pencil is inserted.

Compact apparatus using a kerosene stove has been invented by a French physician for treating frozen hands or feet with steam.

ORDINANCE NO. 25

SAGE TEA DANDY TO DARKEN HAIR IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR. You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Weyth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied. Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful. This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Weyth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

SECTION 10.—That the payment of all license taxes may be enforced by the seizure and sale of the property engaged in the business, occupation or profession upon which such license taxes are imposed, and the Tax Collector may issue a warrant in the name of the state and City of Sanford, for the collection of the license taxes, and such warrant may be executed by the Chief of Police or any police officer of the City, or by the Sheriff or any constable of Seminole county.

SECTION 11.—Where the Dollar (\$) mark and the numeral are used above it shall be deemed to express the same sum in dollars as if the amount and the word dollars were written out in each case.

SECTION 12.—That all ordinance or parts of ordinances in conflict with this ordinance, be and the same are hereby repealed.

SECTION 13.—That this ordinance shall become effective on the 30th day of September, A. D. 1921.

SECTION 14.—That this ordinance shall be published once within ten days after its final passage in a newspaper of general circulation in the City of Sanford, Florida. Passed by the unanimous vote of the City Commission of the City of Sanford, Florida, August 29, 1921. H. R. STEVENS, Mayor; S. O. CHASE, Commissioner; C. E. HENRY, Commissioner.

Attest: L. R. PHILIPS, City Auditor and Clerk. Moved and seconded that the requirements of a second reading of the above and foregoing ordinance at another regular meeting of the City Commission not less than one week from this date shall be dispensed with by the unanimous vote of the City Commission. Carried by the unanimous vote of the City Commission of the City of Sanford, Florida, August 29, A. D. 1921.

H. R. STEVENS, Mayor; S. O. CHASE, Commissioner; C. E. HENRY, Commissioner. Attest: L. R. PHILIPS, City Auditor and Clerk.

In and About The City

THE WEATHER

Generally fair Tuesday and Wednesday.

C. C. Stebbins, of Mulberry, spent several hours here Saturday.

Jacksonville was represented here yesterday by R. L. Anderson.

J. C. Thompson, of Tampa, was in the city transacting business today.

Mr. and Mrs. E. McCowell left Sunday for an extended vacation to Hendersonville, N. C., and Newark, O.

Get a repaired tire to use as extra. Ford tires for \$3.00.—S. A. Huston. 116-28tc

Miss Avis Stenstrom and niece, Miss Adelle Reynolds, of Tampa, are visiting home folks for a few weeks.

Duick Roadster for sale. New tires and is in first class mechanical condition.—B. & O. Motor Co. 129-tfc

Tom Martin, of Sanford, is the guest in Lakeland of his brother and sister-in-law, Mr. and Mrs. Douglas Martin.—Lakeland Telegram.

Get a repaired tire to use as extra. Ford tires for \$3.00.—S. A. Huston. 116-28tc

Mr. and Mrs. E. S. Rockey, Dorris Rockey, Newton and Avis Stenstrom and Miss Adelle Reynolds, spent Sunday very pleasantly at Daytona Beach.

Red Speed Wagon for sale. Slightly used and is a bargain for the price we are asking. If you need a truck, see us at once.—B. & O. Motor Co. 129-tfc

Many Sanford people were at the beaches yesterday, many were at local resorts, and many stayed at home where it was more comfortable and cost less.

Send your old mattress to Bradley Brothers. Make them like new, for \$5.00. 50 lb. new cotton mattress only \$3.00. Guaranteed. 500 W. South St., Orlando, Fla. 122-28tc

Chicken pie supper at Geneva town hall for benefit of the Methodist church, by the Ladies' Aid, September 16, at 7:30 p. m. Come all; we will treat you right.

We have at present in stock one slightly used Hupmobile that we are offering for sale at a reasonable price. If you want the best for your money, see us at once.—B. & O. Motor Co. 129-tfc

Among the visitors from Geneva today was M. E. Dooley, one of the live wires of that section who is greatly interested in good roads and other improvements for that bustling place.

LEXINGTON, 5 passenger, 1920 model for sale. New tires, looks good and runs good. We are offering this car for \$900.00 less than list price.—B. & O. Motor Co. 129-tfc

SANFORD'S TEMPERATURE

Well, Labor Day went and done it. Instead of resting like a well-educated thermometer should have done on a holiday, the old bulb went right up to the top and the maximum was 100. However the minimum was 68, making the average 73 which is not so bad. But cut out the holidays. We can't stand any more hot ones: 5:40 A. M., SEPTEMBER 6 Maximum 100 Minimum 68 Range 73 Barometer 30.07 Calm and cloudy.

Cooler weather is promised with a big rain storm.

W. N. Floyd, of Atlanta, was in the city Saturday on business.

R. J. Alderman, of Kissimmee, was a business visitor here yesterday.

O. P. Swope, of Oviedo, attended the meeting of the county commissioners today.

Andrew Lees was among the Sanford fans attending the ball games in Orlando yesterday.

Have your watches and jewelry repaired at McLaulin's. Two first class watch makers. Prompt service. 140-tfc

E. H. Kilbee, of Geneva, was in the city today on matters pertaining to roads and other county affairs.

C. W. Entzinger, of Longwood, was in the city today attending the regular meeting of the county commissioners.

Mrs. R. J. Holly, Robert Holly, Jr., and Mrs. T. C. Vincent returned last night from Vero where Mrs. Vincent went to look after her orange grove and truck farm. They found it very dry and dusty down that way but everything is booming and the people are expecting a great season.

Haircut 40c at new barber shop, Second street, new DeForrest Building. We specialize in children's hair-cutting. Open every day except Sunday.—Albert Gramling, Manager. 139-2tp

OLIVER TWIST and MIDDY WASH SUITS \$2.50 to \$4.00 values at \$1.48.—Sanford Shoe & Clothing Company. 139-6tc

The board of county commissioners and the school board are meeting today at the court house and attending to many matters of importance in connection with the county affairs. The schools in the county are opening and Sanford schools will open in October and the county officials are getting everything ready for them.

Born, to Mr. and Mrs. Mahlon Wright, a fine baby girl, named Martha Elizabeth.

Mrs. J. G. Ball and Hodgson Ball motored to Kissimmee yesterday where they were the guests of Mrs. W. J. Steed.

Wm. Brown, a prominent turpentine operator of the Geneva section of the firm of Brown & Musselwhite, is in the city today on business.

Mr. and Mrs. R. W. Pearman and children motored to Daytona Beach Sunday, Mr. Pearman returning this morning, while Mrs. Pearman and children will remain until Friday.

Dr. and Mrs. H. H. McCaslin, Mr. and Mrs. J. H. McCaslin, Miss Mamie Magill and their guests, Dr. and Mrs. McCaslin, of Birmingham, returned from Daytona Beach yesterday where they spent the past week.

Dr. and Mrs. W. F. Blackman, of the Wekiwa Ranch, at Lake Monroe, were in the city today on business and their many friends were delighted to see them. Dr. Blackman has just returned from a trip to Chicago.

Mr. and Mrs. C. W. Stokes, Miss Dorothy Stokes and their guests, Mr. and Mrs. S. G. Tufts and family, of Orlando, Miss Hazel Sorrell and Mr. Jack Lloyd spent the week-end at Daytona Beach, returning home this morning.

Paper from cabbage palmetto is not a far fetched idea at all, and in this issue is an article about the samples received by Dr. Blackman, of Lake Monroe, of paper made from the cabbage palmetto by the government and it is first class paper.

TRAP SHOOT AT ROD AND GUN CLUB.

The Sanford Rod and Gun Club held its first trap shoot yesterday afternoon, with forty-six men participating in the initial shoot.

The new traps recently secured by the club were installed yesterday on the lake front and before the appointed hour were in operation. Although the traps, operators and marksmen were new, the shoot as a whole, was very creditable and there is no doubt but that Sanford will develop some fine marksmen before the season is over.

It is proposed to hold a trap-shoot at the Rod and Gun Club site each Thursday afternoon, beginning on next Thursday. While the supply of clay pigeons was completely exhausted yesterday, more have already been ordered and will be here by Thursday afternoon.

The score for yesterday was as follows, the figures indicating the number of pigeons broken out of twenty-five:

- C. C. Howard 21 Ben Coleman 20 W. S. Hand 20 A. B. Wallace 19 Chas. Whitner 19 John Brumley 18 F. L. Woodruff, Jr. 18 G. W. Knight 17 R. B. Wight 17 N. B. Leonard 17 L. H. Gibbs 17 R. E. PAPER FROM THE CABBAGE PALMETTO TREE.

Some months ago Dr. W. F. Blackman, of the Wekiwa Ranch, shipped 900 pounds of cabbage palmetto logs to the Federal Forest Products Laboratory, to be tested as to the value of this wood for the making of paper. A number of tests were made, and Dr. Blackman has received from the Laboratory six samples of paper manufactured from this material. We have examined these samples, and they seem to be first class, strong, tough, and of good fibre and texture. The Laboratory experts report that the yield of paper is greater than from spruce pine and other coniferous trees, and that it is well adapted for book and lithographing purposes. Further tests will be made. There is a great shortage of paper and pulp wood in the country, and there is an almost unlimited supply of cabbage palmetto trees in Florida, especially along the St. Johns river, which would furnish cheap and convenient transportation both for the raw materials and the finished product.
