## Soviets Order Red Diplomats To Leave Iran

### Departure Comes At Time Of Tension; Comms To Deport Iranian Nationals

TEHRAN, Iran, Apr. 15—(AP)—The Soviet ambassador to Iran, Ivan Sadchikov, left Tehran for Russia today.

His departure came in a time of tension between Iran and Moscow, underscored by the recent closing by the Russians of their consulates in four Iranian cities. There are reports that all the other consuls are packed and ready to leave.

The ambassador left by automobile. The car was followed by a busload of baggage and a diplomatic car carrying five unidentified persons.

Sources close to the Russian embassy said the ambassador's wife still was in Iran.

The Soviet-Iranian bad feeling was heightened recently by border incidents. Two occurred in the past month near the Suez area on the eastern side of the Caspian Sea and the other across the water on the western side.

While casualties in these incidents were relatively light, army sources said they were highly important in their significance.

The official army newspaper, Tehran's Mosavar, edited by Ahmad Bahgiani, deputy-director of Azerbaijan province, said the Russians brought up tanks and armored cars in both the border incidents, and that Iranian frontiers were made up of infantry with motorized units.

The Soviet Union has just announced she intends to deport 100 persons from Russia as Iranian nationals, but the Iranian government has refused to accept them. Iranian security authorities are reported ready to expel these persons as suspected agents of Russia if they try to cross the frontier.

A high ranking government source told a reporter that two Armenian archbishops, one in Tehran and the other in Isfahan, both of Soviet origin, and certain Czechoslovak engineers and students now are (Continued on Page 3)

## Crowd Views Earthquake Damage In Seattle

SHAKEN LOOSE BY AN EARTHQUAKE which hit a considerable section of the Pacific northwest, and was felt as far south as San Francisco, the corral of a hotel has fallen to the ground, crushing auto damage above. There was no one in the car at the time. A minor crowd gathered to look over the damage. The tremor, lasting three minutes, caused considerable property damage. Several lives were reported lost. (International Soundphoto)

## Celery Growers Acheson's Stand Against Big-Scale Resume Cuttings Following Holiday

### Lay-Off Boosts Price Above Cost Of Producing And Packing

Celery growers in Seminole County and throughout the state today resumed cutting celery following a three day cutting holiday, which, according to local shippers, had the effect of boosting the bulk of supplies from a little above the cost of producing and packing to \$2.00 to \$2.50 F. O. B. per state.

At a meeting of 110 Central Florida celery growers and shippers at Chuluota Wednesday, another cutting holiday was planned, starting Saturday and to be observed on Wednesday, Thursday and Saturday of next week, leaving Monday, Tuesday and Friday open for cutting. Frank Talbot, Oviedo, district director of the Florida Fruit and Vegetable Association, announced (Continued on Page Eight)

## Cataldo Tells Jaycees Of '49 Baseball Team

### Election Of Officers Is Set For May 5 Party Is Discussed

The outlook for a successful season by the Sanford Jaycees is optimistic, according to Tom Cataldo, center fielder, at the Jaycees, at their meeting yesterday at the Town Center.

He pointed out that the initial half-stony defensive power with Fred Wiley at first, Charley Pappas at second, Johnny McManis at short stop and Jim Jones at third base, and said that these boys "will hustle." Batteries are strong, he said, with three experienced pitchers including Lake, Rose and Schulz.

"I don't think the other teams in the league are so loaded with experienced players as last year," he declared.

Date of the annual Jaycee election of officers was set for May 5. H. L. Perkins Jr. told of the new baseball drive which will be launched by the group in later May. Plans were discussed for a social party. The Jaycee barbeque was reported to have been enjoyed Friday night by 75 members and guests at the grounds of the City Assn.

## Hubbuck Is Paroled On Theft Charges

Donald Hubbuck, 24, who on Mar. 18 pleaded guilty in Circuit Court to four charges of stealing articles of value from automobiles, was today paroled by Judge M. B. Smith for two years by order of R. H. Gramling, State Parole Commissioner of Orlando, who recommended the parole. O. P. Herndon, county clerk reported at noon today.

Hubbuck will be required to pay all costs, including Sheriff's costs, and is reported to have stated to the Court that he will repay those whose stolen property has not already been returned. He was represented by I. F. Boyle.

In case of violation of any provision of the parole or penal laws, Hubbuck would be brought back before the Court for disposition. He has been in County Jail for the past two months after transfer by City authorities, and following arrest by Police Chief Roy G. Williams.

## DROP RECALL

MIAMI, Apr. 15—(AP)—The Miami Junior Chamber of Commerce said today it has dropped its ten-month fight to recall City Commissioner E. C. Gardner, William W. Charise and H. Lee-He Quigg.

The organization's attorney, Joe Creel, said the suit was dropped because of the "cumbersome recall law."

## Gen. Clay Kills Mrs. Ybarbo's Prison Term

### Woman, Serving Five Years For Death Of Husband, To Be Returned To U. S.

FRANKFURT, Germany, Apr. 15—(AP) General Lucius D. Clay today freed Mrs. Wilma Ybarbo, who had been serving a five-year sentence for killing her American soldier husband.

The American military government ordered the Madden, Mass., mother returned to the United States by earliest possible transportation to be released.

"I do not believe Mrs. Ybarbo to be a vicious person and I am sure that the remorse of conscience will prove punishment enough in the days ahead," General Clay said in a statement.

Her former husband was executed by the military government which was in control of the country and to order Mrs. Ybarbo to be returned to the United States by earliest possible transportation, there to be released.

Mrs. Ybarbo has been detained at Bad Wiblingen, West Germany, since her husband's death. She was convicted of both German and military government law by a U. S. military government district court.

A military government court of appeals threw out the conviction and military government law and ordered the sentence to be vacated. It is believed her decision on General Clay's aid.

There can be no justified excuse for taking the life of another person, except in self defense and self defense is not established in this case.

Nevertheless, there are many extenuating circumstances. The unusual environment, the drink and the general confusion of their time of life created conditions under which normal behavior could not be expected.

Mrs. Ybarbo is a widow of a German soldier who died in World War II. She has a young child. She is a victim of the war and the loss of her husband and the loss of her home.

Sanford has been selected as the site for a proposed new sea plane base, the CVA announced.

The Florida base, now part of the 1949 National Airport Program, an annual report prepared by the CVA. The plan would represent an allocation of funds.

However, the estimated cost of the construction and development for the coming fiscal year the most important location in the plan.

The plan for Florida lists 60 new airports for which federal and local governments would expend an estimated \$5,518,000. Improvements to 57 of the state's existing airports would cost the same sources an estimated total of \$18,418,000.

On the basis of appropriation to be made by Congress, CVA will program for the coming fiscal year the most important location in the plan.

The plan for Florida lists 60 new airports for which federal and local governments would expend an estimated \$5,518,000. Improvements to 57 of the state's existing airports would cost the same sources an estimated total of \$18,418,000.

## Hike Asked In Florida Flood Control Funds

### Holland Heads Group Of State Congressmen At Hearing Of Senate Committee

WASHINGTON, Apr. 15—(AP)—Florida members of Congress sought more money today for the Central and South Florida flood control project.

Senator Holland (D-Fla.) headed a group appearing before a Senate subcommittee handling appropriations for work by Army engineers.

Holland asked that the \$1,000,000 allowed by the Budget Bureau and approved by the House be increased to \$2,000,000.

He said a large area of Florida is flooded when hurricanes blow water out of Lake Okechobee into surrounding lands.

Rep. Peterson (D-Fla.) and more than 500 lives have been lost in Florida hurricanes. He urged the project's urgency.

Rep. Saunders (D-Fla.) said the flood control project would open new land valued at \$1,000,000,000.

In addition, he said, it would increase the production of the state's citrus crops by 100,000 tons of fruit and 100,000 tons of citrus products.

The project also was supported by Sen. Bennett (D-Fla.) and Rep. Holland.

Peterson urged appropriations for work on the Publiworks project in Florida. He said a proposed to build a harbor of refuge for the state's citrus boats in south of the coast. He said it is a new bridge between Florida and the area.

Bennett urged the Senate committee to fund for deepening the water between Jacksonville and Miami, and for a large canal across Florida.

## Truman Will Take Health Program To People, Green Says

### Proponents Of Tax Commission Reopen Battle

GAINESVILLE, Apr. 15—(AP)—Support of Governor Warren's tax program was pledged today by Florida county superintendents of public instruction meeting here at the University of Florida in a special evening session here the county school leaders voted unanimously to support the tax program recommended by the Governor in his message to the Legislature in any other equitable program which will meet the needs of the state.

LAUDERDALE, Apr. 15—(AP)—Proponents of a State Tax Commission in the war path again in the Florida Legislature to pass such a measure.

Florida's public instruction leaders today voted to support the tax program recommended by the Governor in his message to the Legislature in any other equitable program which will meet the needs of the state.

The bill to create such a commission are before both houses. Such a commission would provide uniform assessments of property and equalize taxes of counties and other governmental units except municipalities.

The commission would be headed by the State Comptroller, the chief of the state's tax department, and two members, one from each county, would be named by the Governor.

The commission would have a budget of \$100,000.

### President's Message On Plan Is Expected To Go To Congress Within Week

WASHINGTON, Apr. 15—(AP)—President Truman probably will take his plan for a national health program directly to the people, President William Green of the American Education of Labor said today. He said Congress for it next week the labor leader said.

Green said a group which called on the President to present a report from a committee backing the President's compulsory health insurance program. The report contended that comprehensive voluntary insurance plans are blocked by "monopolistic" monopoly control.

Truman will probably give the plan to Congress next week, Green said.

A bill to create such a commission are before both houses. Such a commission would provide uniform assessments of property and equalize taxes of counties and other governmental units except municipalities.

The commission would be headed by the State Comptroller, the chief of the state's tax department, and two members, one from each county, would be named by the Governor.

The commission would have a budget of \$100,000.

## Evangelistic Assn. Names E. P. Parry As Head For '49

Edward P. Parry, railroad engineer of Juliet, was re-elected president of the Railroad Evangelistic Association at the Fifth National Conference that closed Sunday night at Fellowship Front, Audubon, Monday.

Two field supervisors and 11 advisory board members were elected.

Delegates approved a trip to San Luis de Spring. The trip was sponsored by the City Chamber of Commerce.

All in attendance appreciated the fine welcoming address given by Mayor Andrew Caraway, declared Luther Harkey, editor of the Railroad Evangelist, "Many who attended are planning to make Sanford their home on retirement. Some have planned to return next winter for a mid-winter conference sponsored by the Railroad Evangelist on Feb. 1. The sixth annual conference will be held at Indianapolis, Ind. during the first week of June, 1950.

One of the outstanding speakers attending the conference, said Mr. Harkey, was Lloyd Hurrell, editor of the Central of Georgia Railroad Magazine.

The conference committee extended thanks to City Chamber of Commerce, press and radio officials for co-operation in making the conference a great success, Mr. Harkey declared.

## Schools Request Half Of County's Race Track Money

A request to Seminole County legislators to introduce and support a bill in the Legislature whereby half of the County's slice of race track money would be diverted to schools was authorized by the County School Board Tuesday.

The extra money is needed for payment of teachers, transportation of pupils, building and repairs, said Supt. T. W. Lawton prior to leaving for Gainesville to attend a meeting of county superintendents.

The meeting was held two days ahead of regular schedule to permit him to make this trip.

O. P. Herndon, county clerk, today revealed that the County's share of the State Racing Fund last year was \$38,607 which was used for construction and repair of roads "so county school buses could travel over them safely."

Resignation of E. J. Laney as principal of the Lyman School at Longwood was accepted and I. T. Milwee, an instructor at the school, was appointed to the post in accordance with recommendation of Trustees.

Stanley Muller was named principal of Oviedo Colored School to succeed W. H. Long who had resigned. Aside from the two (Continued on Page Eight)

## Hubbuck Is Paroled On Theft Charges

Donald Hubbuck, 24, who on Mar. 18 pleaded guilty in Circuit Court to four charges of stealing articles of value from automobiles, was today paroled by Judge M. B. Smith for two years by order of R. H. Gramling, State Parole Commissioner of Orlando, who recommended the parole. O. P. Herndon, county clerk reported at noon today.

Hubbuck will be required to pay all costs, including Sheriff's costs, and is reported to have stated to the Court that he will repay those whose stolen property has not already been returned. He was represented by I. F. Boyle.

In case of violation of any provision of the parole or penal laws, Hubbuck would be brought back before the Court for disposition. He has been in County Jail for the past two months after transfer by City authorities, and following arrest by Police Chief Roy G. Williams.

## Guard Begins Drive For More Recruits

A recruiting drive has begun by the local National Guard Unit to secure enough men to bring Company I, 12th Infantry, to full strength for the annual camp-out at Ft. Jackson, Sept. 4-7.

John L. Saults, announced this morning. Requirement for enlistment in the National Guard are ages of 17 and 35 and in good physical condition. The company has been divided into two teams, red and blue and prizes will be awarded to men enlisting the largest number of recruits.

Interested persons are urged to be present at the National Guard meetings each Thursday evening at 8:00 P. M. at the Sanford Armory.

The drive began last night and will continue through Friday. The losing team will be held for a barbeque. All men desiring information are urged to contact Lieut. Raymond Kiefer, Lieut. Saults or 1st Sgt. T. V. Brown.

## Nation's Retailers Shoot For Biggest Easter Season On Record

NEW YORK, Apr. 15—(AP)—The nation's retailers are shooting for the biggest Easter season business in their history—and they may hit it.

Final figures tabulated within the next few weeks will tell the story. They might fall a little short of their goal. Even if they do, it still will be an Easter to be remembered for heavy sales and good profits—considerably above a lot of satisfactory pre-war years.

The total of sales and profits actually is secondary right now in the minds of most retailers, especially department stores, clothing and specialty shops.

The big thing is adjustment to the new post-war buyers' market rapidly engulfing business. Can the merchant give customers quality and value they demand at prices they want to pay? The current Easter season is the primary test.

In looking for a yardstick to measure how business is going, you have to remember that last year's Easter was Mar. 28 and this year it is Apr. 17. Comparisons between the two years are warped by the different dates. March and April must be taken together to gauge volume.

The first week in March, department store sales were 8 per cent under a year ago. But the week ended Mar. 28 was up 10 per cent compared with Easter week in 1948. The next week they snapped back to plus 8 per cent. On a cumulative basis, sales in early February were slightly ahead of a year ago but dropped back steadily to a level 6 per cent below Mar. 28. Then they started a slow come-back.

Latest figures compiled by Dun (Continued on Page Four)

## Opening Of Bids In Swim Pool Is Being Delayed

Opening of bids for construction of the new swimming pool in Mellon Park is being delayed, pending the outcome of a conference by Donovan Dean, Orlando architect, and Robert M. Angus, Jacksonville engineer, to inspect drawings for construction. City Manager C. L. McKelvey announced at the meeting. Approval of the plans is also sought from state sanitary engineers, he said.

The conference of engineers to be the outcome of a recent ruling by a City committee which included Mr. McKelvey and Commissioners Fred R. Dyson and Randall Chase that present plans for construction should not be submitted to contractors for bid until certain requirements were made by the engineer, after consultation and to satisfy the requirements of the Bureau of Sanitary Engineering of the State Board of Health.

The ruling of the Committee was based on a study of plans and specifications for the pool by Mr. Angus. He recommended, among other considerations, that the pool be lined with wire mesh and granite, a plastic waterproof material, be blown onto the wire mesh to spread over the entire surface of the pool. Present plans omit this, and he expressed the (Continued on Page Five)

## Legion Officers To Be Installed On Monday

Maxwell Webb, who was recently elected department commander of the American Legion in Florida, District Commander Bob Atkinson and Mrs. Meade South, district president of the American Legion Auxiliary will be guests Monday night at 7:30 o'clock at the Legion Hut when new officers will be installed.

James Q. Galloway will be installed as commander of Campbell-Loving Post 63, and success James Wright, during whose capable administration the Post has attained a membership of more than 400.

Mrs. E. A. Covington will be installed as president of the Post Auxiliary and Miss Bobby Jean Galloway, daughter of the new commander, as president of the Auxiliary Juniors.

All Legion posts in the county have been invited to be present and to install new officers. Refreshments will be served after the meeting.

## County Registration Bill Comes Up Soon

A bill providing for re-registration of voters in Seminole County will be introduced next week into the House or Senate, "whichever is the quickest," representative M. B. (F. Bone) Smith announced today following his return from Tallahassee with Senator L. E. Boyle.

He also announced that he is studying a bill, still in committee, which will provide for protection of land from the ravages of forest fires by State Forestry officials. Counties seeking such protection would be subject to a tax of about three cents an acre, according to the provisions of the bill.

## Large Gathering Is Expected At Sunrise Services

A large gathering of Sanford schoolshoppers is expected to attend the impressive Sunrise Service, which in commemoration of the reconstruction of St. Paul, will be held at 7:00 o'clock, Sunday morning at the Municipal Bandshell.

In the beautiful setting, as the morning sun casts its rays over Lake Monroe, the voices of members of the Seminole High School Glee Club will carry the message of Easter's joy. The High School Band, led by W. E. Black, will play the choruses, "Hallelujah" and "The Crucifixion."

The meaning and significance of the Christian Easter in the life of the world today will be explained by Dr. Irving Stewart, head of the Synoptic Department of Stetson University, who will be introduced by Dr. E. D. Brownlee, pastor emeritus of the First Presbyterian Church.

The Rev. J. Randall Farris, pastor of the First Christian Church and president of the Sanford Ministerial Association, which is sponsoring the service, will preside.

## County Registration Bill Comes Up Soon

A bill providing for re-registration of voters in Seminole County will be introduced next week into the House or Senate, "whichever is the quickest," representative M. B. (F. Bone) Smith announced today following his return from Tallahassee with Senator L. E. Boyle.

He also announced that he is studying a bill, still in committee, which will provide for protection of land from the ravages of forest fires by State Forestry officials. Counties seeking such protection would be subject to a tax of about three cents an acre, according to the provisions of the bill.

## MISH LERIN HURT HOLLYWOOD, Apr. 15—(AP)—Lila Leeds, 31-year-old actress recently convicted with Robert Mitchell on marijuana charges, suffered a broken wrist and bruises in an automobile collision last night.

California Highway Patrolmen R. F. York and Don Johnson said they found Miss Leeds in a doctor's office several miles from the scene of the accident on Sunset Boulevard.

## MCGREGOR PAROLED TALLAHASSEE, Apr. 15—(AP)—M. B. McGregor, Deland dairyman, has been paroled from a one-year federal jail sentence for fraudulently claiming subsidies on milk.

Records at the federal correctional institution here showed McGregor received a parole Mar. 22 after serving seven months and 14 days on a sentence of a year and a day imposed last July 15.

## DROPPED RECALL

MIAMI, Apr. 15—(AP)—The Miami Junior Chamber of Commerce said today it has dropped its ten-month fight to recall City Commissioner E. C. Gardner, William W. Charise and H. Lee-He Quigg.

## DOZER DESIGNS BARTOW, Apr. 15—(AP)—Prin-

ton E. Under, president of a re-signation was refused by Polk County school trustees, was appointed yesterday by the county school board yesterday for another term as Bartow area supervising principal.

Youth Choir Program For Sunday Complete

On Sunday at 8:00 o'clock the Youth Choir of the First Presbyterian Church will present a worship service of music in the sanctuary at Third Street and Oak Avenue.

Easter with its joyous message of the resurrection and eternal life is being celebrated by the youth choir of the First Presbyterian Church...

The order of worship follows: Easter chimes; organ solo, "Resurrection Morn" (Johnston); Mrs. Touhy, violin solo, "Cavatina" (Haff); Mary Ann Hublayer, all in worship, "Now the Day is Over" (Barney); choir, invocation, Rev. McInnis; choral response, "Three-fold Amen" (Dunn); choir; anthem, "Great Is Thy Love" (Bohm-Rieger); choir, soloist, Stanley Brumley; organ, "Clare de Lune" (Karg-Elert); Mrs. Touhy, anthem, "O Lord, the Cherubic Host" (Gaul); girls' chorus with baritone solo by Stanley Brumley and soprano obligato by Barbara Gill.

Also scripture, Psalm 160; anthem, "Make a Joyful Noise" (Muller); choir; offertory, violin solo, "Bony" (Mussel); Mary Ann Hublayer; doxology; congregation; anthem, "Accept Our Thanks" (Sibelius); boys' chorus; organ solo, "Fountain Reverie" (Fletcher); Mrs. Touhy; anthem, "In Joseph's Lovely Garden" (arr. Dickmann); choir; soloist, Mary Ann Wilke; benediction, Rev. McInnis; choral response, "Seven-fold Amen" (Stainer); choir; postlude, "Fantasia in G Minor" (Bach); Mrs. Touhy.

Church Of God Will Have Easter Services

The Easter morning service at the Church of God, Fifth Street and Holly Avenue, will be devoted to the dedication of infants and the accepting of new members into the church. Rev. J. M. Gresham, pastor, stated this morning. His subject for the morning service will be "The Young Life", which will encompass the early life of Jesus. The public is invited to attend the service.
Rev. Gresham also stated that immediately following the 11:00 o'clock service an Easter egg hunt will be held for the children of the Sunday School. Paul Yates, church superintendent of the children's department. The egg hunt will be held at the Big Tree and lunch and drinks will be served following the event. All children are invited to participate.

Board Of Health Cites Naturopathy As Being Harmful

JACKSONVILLE, Apr. 15 (Special) - The Florida State Board of Health has information indicating that naturopathy as is now being practiced may be "dangerous" to the public health, Dr. Wilson T. Bowder, State Health Officer, declared today.
His statement followed recommendation by the State Board of Health to the Legislature that the practice of naturopathy be investigated and if found to be detrimental to the public health, that proper legislation be enacted to correct the evils found.

Dr. Bowder gave the following information as the basis for the Board's recommendation:
"The licensing board for naturopaths was set up with the understanding that their practice would be carried on without using drugs or surgery - that the natural methods of healing be used, such as diet, sunbathing, fresh air, exercise, employment of hot and cold water."
Another name for naturopathy is "drugless physicians". At the time the licensure law was passed for naturopaths, they were supposed to be against the use of drugs, stating that drugs were poisonous. They were also against the use of serums, such as smallpox vaccine. According to their journals, they did not believe that germs caused disease.
However, the practitioners of

this art have evidently changed their minds and now say that they cannot carry on their practice without the use of drugs, such as morphine, the strongest, and its derivatives.
The State Board of Health is opposed to naturopaths using drugs because it is believed that they have not had training in the use of drugs. The Federal Bureau of Narcotics has also expressed concern about this.
Dr. Bowder pointed out that Florida is the only state where naturopaths are permitted the use of drugs.
The Tennessee Legislature recently investigated and subsequently withdrew the licenses of approximately 1,000 naturopaths. Out of that group, 66 are now licensed to practice in Florida.
Another reason for the State Board of Health's concern is that it is difficult for the average person to distinguish and between the offices of naturopaths and those of other practitioners. Naturopathy use signs such as "Dr. John Doe", and although the law requires that this be abbreviated and the sign placed in an inconspicuous place, Senator Phillip D. Heal of Pensacola has introduced a bill with a view to correcting the situation.

Hints To Housewives

By Anna Mae Sikes

DURABLE BUTTONHOLES. What makes a buttonhole strong is a question which many women who sew, and clothing manufacturers as well, want answered. Buttonholes, especially on work clothing, must take stress and strain.

Laboratory studies, shedding light on the best ways to make durable buttonholes have not been completed by textile and clothing specialists of the Bureau of Human Nutrition and Home Economics, U. S. Department of Agriculture. The number of stitches per inch, the type of thread, the quality and kind of fabric, and the kind of stitch, all affect the wearability of buttonholes, according to the experts.

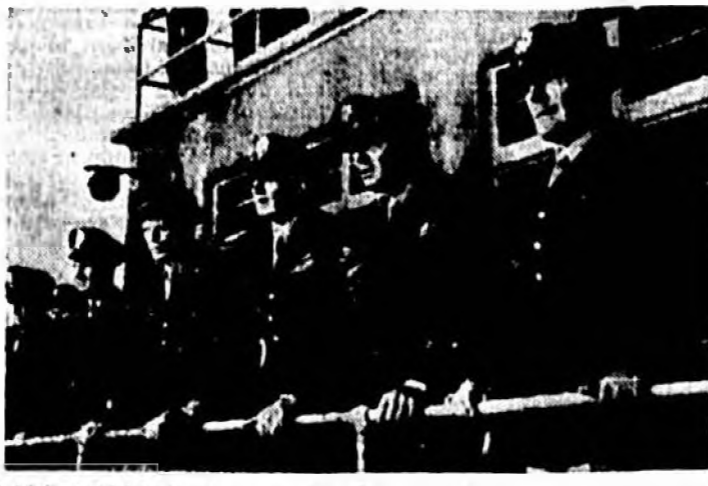

So-called "part" buttonholes, made with a buttonhole machine like that used in commercial clothing manufacture, and whip buttonholes, made with a home-type sewing machine attachment, were compared. The number of stitches per inch is of first importance in making buttonholes that resist wear.

It appears from these tests, increasing the number of stitches per inch—up to a certain point—made buttonholes more resistant to wear. For instance, whip buttonholes lasted considerably longer when the number of stitches was raised from 17 to 47 per inch. But when still more stitches were added, they wore only slightly longer and, in some cases, just as long.

The kind of thread was another factor in long-wearing buttonholes. So-called "part" buttonholes, made with unmercerized thread were more resistant to wear than those made with mercerized thread.

Also affecting wear were the kind of fabric and kind of stitch used for the buttonholes. The medium quality percale buttonhole wore longer than on higher or lower quality percale. The so-called "part" stitch was better than the whip stitch for making buttonholes that resist wear.

The use of protective goggles in navy and other shipyards during the war is reported to have reduced eye injuries about 75 per cent.

CLARK GABLE banked by WALTER PIDGEON and BRIAN DONLEY LEVY talks with an ocean pilot in MIMI SCOMMANS' "COMMAND DECISION," showing on the RKO Theatre screen on Sunday and Monday.

Congress Roundup

self for the next fiscal year beginning July 1. Not only did the House set an all-time peacetime record for the amount appropriated in one week, but it drew praise for its legislative speed usually, many such bills are still in committee at this time.

Congressmen were told by Democratic Leader McClellan of Massachusetts that they could tell their constituents that they had "done a remarkable job."

The lawmakers plan to return to work Apr. 25 and tackle the tough labor program.

The Senate delayed earlier this session by a windy filibuster and a long and bitter debate over the foreign aid program, decided to stay on the job. It will take up the multi-billion dollar Housing program Monday.

The labor picture, incidentally, has changed. Opposing side in the war on the Taft-Hartley act seem to be moving closer together toward a possible compromise.

The Administration wants to repeal the Taft-Hartley Act, unpopular with labor, and substitute a milder law something like the 1937 Wagner Act. The Republicans generally want to retain the Taft-Hartley laws, an idea of industry.

But a compromise seemed to be in the air. One thing there was the bill introduced yesterday by Rep. Wood (R-Ia.) that contained the repeal of the labor union act and another bill to amend the Taft-Hartley Act.

And Administration leaders in the House planned a counter move that may change the House from a labor bill to make it more like Taft-Hartley.

The compromise that may come out of the maneuvering was suggested by one influential Administration leader as "the best way to save the country for peace."

Meanwhile, the drive started by two Republican senators to block government spending gained the support of Democratic Senator George of Georgia.

George said he agrees with Senators Wherry (R-Nebr.) and Bridge (R-NH) that Congress must lay down an appropriation bill of \$10 billion to avoid a tax increase, or deficit financing.

Why? and to look like the spending situation is getting out of hand" and "old new taxes" and the solution, Hicks, in his view, recommended by President Truman, would lead to a depression and hard time. "Why?"

Targets of the possible attack may be the Marshall Plan and the new farm program, the multi-billion dollar housing program and others.

Charles Dickens created the United States in 1841.

MA AND PA KETTLE (2A)

Ma and Pa Kettle, the stars of the RKO Theatre, will appear in a three-act comedy, "Ma and Pa Kettle," on Sunday and Monday.

Montgomery Wins In Opening SE Contest

BY ASSOCIATED PRESS. The election of Senator Montgomery (D-Ala.) in the opening contest of the South Eastern District of Alabama, Monday, April 11, was a surprise.

The Republican incumbent, Senator W. Frank Martin, was defeated by Montgomery, who won 54,000 votes to Martin's 46,000.

The election was held in the wake of the recent election of Governor Wallace (D-Ala.) and the re-election of Governor Blease (D-Ala.) in the same district.

Montgomery, a former member of the House, had been defeated by Martin in the 1946 election. He had since been elected to the House and served in that capacity.

Montgomery's victory was attributed to his strong support in the rural areas of the district, where he had a long record of public service.

Montgomery's opponent, Martin, had been a member of the House and had served in that capacity.

Montgomery's victory was a significant one for the Democratic Party in the South Eastern District of Alabama.

FRIDAY, APR. 15, 1949

That is a good test of thoughts  
 and words. Nothing that offends  
 the infinite can build an eternal  
 structure. At the same time a  
 merry heart doth good as a medicine.  
 Let the words of my mouth,  
 and the meditations of my heart  
 be acceptable in thy sight.—Ps.  
 147:14.

We suppose the newspapers in  
 California are running headlines  
 these days, "California Not Hit By  
 This Earthquake"

Aid to China at the present time  
 is futile, says Secretary of State  
 Acheson. We have already lost the  
 old war in the Far East.

A Senate committee approves  
 racing of cattle off Florida's high-  
 ways. The time may even come  
 when the lowly motorist's life may  
 be worth as much as a heifer's.

There were two cases of diph-  
 thery in Seminole County last  
 month, one of which resulted in  
 death. Dr. Quillman reports in the  
 emoline Chief. This is all the more  
 unfortunate because it is unneces-  
 sary. "We have specific preventives  
 and a curative agent of great  
 efficacy," he says. "We recommend  
 that every child be immunized with  
 three doses of toxoid at the age of  
 six months. They would receive a  
 booster shot at age of three, and  
 again before starting to school. If  
 his procedure were carried out in  
 every home, we would have no more  
 diphtheria."

Governor Warren who has pro-  
 posed a 1/2 of 1 percent gross  
 receipts tax on retail sales, a fuel  
 tax, and about 15 or 20 other  
 taxes in order to finance Florida's  
 growing list of extravaganzas, is  
 shocked and horrified at the Tampa  
 Tribune's 2 percent sales tax pro-  
 posal which he says would take the  
 god right out of the mouths of  
 starving people and cut the income  
 of every \$100-a-month wage earn-  
 er to \$98. The Governor may be  
 right about this. We don't like sales  
 taxes any more than he does. But  
 what does he think his own gross  
 receipts tax, fuel oil tax and all  
 the rest of his taxes would do?  
 Couldn't he know that every tax is  
 passed on to the ultimate consumer  
 and is paid by the sweat of the  
 working man's brow?

The Tampa Tribune's proposed  
 2 percent sales tax, which has evoked  
 a lot of pro and con discus-  
 sions, has at least the re-  
 sulting feature of returning a  
 part of the revenue to the cities  
 and counties which need it most. But  
 are against it, just as we are  
 not any new taxes, because we  
 never get rid of waste and  
 extravagance as long as we con-  
 sider new taxes. Once a  
 tax is passed all hope of real  
 economies in State govern-  
 ment is gone. They'll have the  
 money and they'll find ways to  
 spend it, even if they have to give  
 each other. The way to make  
 cut out unnecessary, even  
 wasteful, expenditures is to re-  
 frain from any more taxes for the  
 time being.

Who have ads or news  
 publication in the Herald  
 be demonstrating a finer  
 spirit and a higher de-  
 consideration for our em-  
 if they would bring them  
 before publication. The  
 of work which any one  
 do in any single hour  
 is limited. Newspaper  
 no different in this  
 carpenters, painters or  
 those who wait until the  
 before press time, or  
 hours before press time  
 their items in, give out  
 the impression that they  
 how hard or how des-  
 they may have to work  
 on time. Such feelings  
 are transmitted to evoked  
 of co-operation or to  
 service.

**Easter And Lilies**

Lilies are thought of as belonging to Easter. But more than that, the whole of Spring is Easter. Spring is the renewal of life. And that is the essence of Easter. In the cold months of winter, where the lilies grew last year there are only withers of dried and lifeless leaves, nothing to give any sign that life has not fled from the ground, never to return. Nor by wrenching the bulbs from the ground and opening them, however carefully, can any hint of life be found. Yet life is there. When warmth creeps down through the soil again the life will stir and send green shoots reaching up to find the sun and bear a flower of white beauty.

So it is with the hopes of man. There are periods of cold barrenness, when man seems to have run himself and his world into a blind alley, with no way of turning back. In his exposed relations with his fellows and in the deep recesses of his beliefs and aspirations, there seems no logical sign of hope. Yet hope lives. In the warmth of Easter it stirs and reaches up toward the light.

**Dispute In Korea**

Oriental women are beginning to emerge from their traditional background position and to take some part in political activities. One who has attained a cabinet position is Miss Louise Yim, minister of commerce and industry for the Korean government.

Miss Yim has, however, been asked to resign, on charges of financial irregularities. The National Assembly, after long debate on these charges, has asked for her resignation. She has so far refused to give it, but the final decision is in the hands of the Korean president, Syngman Rhee.

Miss Yim, who was educated in America, claims that the charges against her are based on politics, and that they have been brought against her because she is a woman. Her job is desired by many men, she says. She has in the past offered to resign if anyone better suited to the job should be forthcoming.

If there is truth in Miss Yim's assertion that the charges against her are based on politics and on her sex, she is right in not resigning. Equality of opportunity should imply equal qualifications for political or other positions. If this woman cabinet member is functioning successfully in her job, she should be allowed to retain it, providing the accusations of her opponents can be disproved. That is a hard thing to accept in the Orient, where the traditional place of women so long has been a subordinate one.

**Nation's Retailers**

(Continued From Page One)  
 & Bradstreet, a statistical survey organization, gives this picture for sales during the week ended Wednesday:

In the country as a whole, sales were unchanged to 4 per cent ahead of a year ago. Northeast and northwest regions were ahead by 1 to 5 per cent, east and middlewest were 2 to 6 per cent ahead, South and Pacific coast were from 3 per cent below to 1 per cent above, and the Southwest was unchanged to 4 per cent ahead.

Some merchants are confident they can do a bigger March-April business than last year. Others aren't so confident. Their reasons stem from basic economic trends—plus local influences.

Here's an illustration. It doesn't make any difference how good the rest of the country is doing, if it rains cats and dogs in your town on a vital Thursday or Friday shopping day.

Another thing merchants are finding out is that they have to go after business with a hustle. They are stressing value, quality, style, price, credit and everything else the customer wants.

Price is the most controversial point. Merchants know they can sell at extremely low prices, but they can't make a profit. Balance between the two is the trick.

The big mall order houses cut prices early in the year. Others followed for the spring trade. Still others promise reductions on fall lines. The trend is downward.

Customers in some cases have held back, waiting for lower prices. Retailers themselves have been criticized severely by manufacturers and distributors for lagging in their orders. In some instances brisk consumer demand caught retailers without adequate inventories. When they put through quick reorders, manufacturers couldn't make the product fast enough to catch the Easter trade. Retailers blamed producers.

Such conservative policies brought the comment from Jerome I. Udell, a leading New York clothing manufacturer: "Extreme caution means lost customers, lost sales, and lost profits."

The whole problem is one to be solved by each individual retailer among the scores of thousands in America. Part of the solution, many retailers agree, is to disregard Easter as a peak selling season and concentrate on promoting products every week—aiming at an overall total that will be profitable to both merchant and customer.

**Hudson Drops Prices On All Its Models**

DETROIT, Apr. 15—(AP)—Hudson Motor Car Co. joined the price-cutting parade today. The auto manufacturer slashes prices \$15 to \$100 on all models. It is the seventh car manufacturer to do so.

President A. W. Harit said a 20-year sales record was set in the past three months. This, he said, and "slight savings in certain material costs" made the reductions possible.

Reductions included \$15 on Super Six models and two Commodore six models, \$35 off on the Super Six convertible brought-hom and \$100 off on the Commodore six convertible.

Chrysler Corp. is the only major manufacturer which has yet to join in the recent price-cutting trend.

United States families averaged \$4,800 of life insurance protection at mid-year 1947.

**THE WORLD TODAY**

By DEWITT MACKENZIE

The total eclipse of the moon Tuesday night—a phenomenon occurring once in a century—encourages us to examine, without undue skepticism, reports that Moscow has been putting out feelers about possible negotiations of the Berlin blockade with the Western Powers.

Developments entitle us to ask whether Russia may have reached the conclusion that her great offensive for the spread of Communism across Europe has come up against an impassable barrier. The time may have arrived for her to pause to consolidate her gains and bring up her communications.

U. S. Secretary of State Acheson said in effect yesterday that if the Soviets want to talk about lifting the Berlin blockade and starting Four-Power talks on Germany, the way is open for them to do it.

As far back as Mar. 30 Eddie Gilmore, AP chief of bureau in Moscow, reported that "some diplomats not directly involved in the Four-Power dispute over Berlin speculated today there may be a peace parity isn't outside the range of possibility? Well, there are several things, among which these stand out:

Dan De Luce, one of AP's top-flight correspondents, is making a survey of Europe, and he reports that E. R. P. (the Marshall Plan) has achieved its political purpose of checking communism.

"The hard core of Communism in such countries as France and Italy has not been cut back," he records, "but it has not grown. In other countries, like Norway and Denmark, fellow-travelers have been forsaking the Moscow party line."

"In no E. R. P. country is there any likelihood now that Communists could win governmental control by anything short of invasion by the Soviet army."

Then reporting on the vital economic purpose of E. R. P. De Luce says:

"Western Europe's recovery is apparently progressing almost twice as fast now as it did after the First World War. But insiders of the E. R. P. still keep their fingers crossed. Men on the inside of the European Recovery Program

claim it now has a 40 to 60 percent chance of long-range success. A year ago they saw only a 20 per cent chance."

Even more important is the signing of the Atlantic Alliance which consolidates the United States and virtually all Western Europe into a solid defensive bloc. Back of this is the American promise to help provide its allies with the weapons with which to resist aggression from any quarter.

In short it's apparent that the line which Moscow has established through Central Europe is the line on which it must stand, at least for the present. That being so, the time has arrived for consolidation.

This would seem to be especially true since the Soviet has encountered considerable political disaffection in Yugoslavia and Bulgaria. In the case of Yugoslavia, Marshal Tito, has become the bad lad of the Communist bloc. There also have been signs of disaffection elsewhere, notably in Czechoslovakia and Poland.

Thus it would be rather surprising from the standpoint of good generalship, if the Russians didn't pause now. The Muscovites are mighty capable generals.

However, it shouldn't be thought such a pause would mean that the campaign for world Communization was ended or even slackened.

That will continue until either the Red force is spent or it achieves its objectives.

**Legislature Action**

(Continued From Page One)

strong power of approving county assessments rolls, it even could cancel an assessment roll from a county and order a new one compiled."

Governor Warren has said "it is a notorious and almost scandalous fact that many counties assess real property so low that a mere trickle of revenue is produced, while other counties assess real property at or near its fair and reasonable value, thereby producing the quantity of revenue intended and required by the 100 percent valuation law."

Actually, a State Tax Commission and tax system of assessments would not directly turn a cent into the State treasury.

Proponents say, however, that what it would do is to set up an equitable system of assessments in districts which would supply cities and counties with much more money than they now are getting. This they say would cut down on State funds going to some counties.

Supporters say the State would claim it now has a 40 to 60 percent chance of long-range success. A year ago they saw only a 20 per cent chance."

Even more important is the signing of the Atlantic Alliance which consolidates the United States and virtually all Western Europe into a solid defensive bloc. Back of this is the American promise to help provide its allies with the weapons with which to resist aggression from any quarter.

In short it's apparent that the line which Moscow has established through Central Europe is the line on which it must stand, at least for the present. That being so, the time has arrived for consolidation.

This would seem to be especially true since the Soviet has encountered considerable political disaffection in Yugoslavia and Bulgaria. Thus it would be rather surprising from the standpoint of good generalship, if the Russians didn't pause now. The Muscovites are mighty capable generals.

However, it shouldn't be thought such a pause would mean that the campaign for world Communization was ended or even slackened.

That will continue until either the Red force is spent or it achieves its objectives.

**Red Ambassador**

(Continued From Page One)

under strict surveillance and may be deported from Iran soon.

The Armenian newspaper Alik has expressed doubts about the two bishops, alleging that the churchmen were serving Soviet purposes.

One Czechoslovak student at Tehran University was expelled last week on suspicion of spying.

Relations with the iron countries were further impaired this month by an article in the Moscow weekly New Times by Anna Pauker, the Romanian foreign minister, implying that the Iranian government is reactionary.

Warren drew tentative support, meanwhile, from the Florida Farm Bureau Federation for his citrus program.

Directors of the Farm Bureau meeting in Quincy said they would go along with proposals to rewrite citrus laws unless a Farm Bureau poll now being conducted showed a clear majority opposed.

The Farm Bureau directors announced, however, they opposed Warren's proposals to tax kerosene, fuel oil and place a 50-cent per ton levy on phosphate.

Two House leaders called on all lobbyists around the Capitol to register. Rep. Clement of Tarpon Springs, chairman of the Rules Committee, said "I want to see the lobbyist list grow over Easter."

**Life Insurance**

Life insurance owned in the United States at the end of 1947 totalled \$189,000,000,000.

There were 182,500,000 life insurance policies owned in the United States at the end of 1947.

Life insurance owned in the United States at the end of 1947 totalled \$189,000,000,000.

There were 182,500,000 life insurance policies owned in the United States at the end of 1947.

An Easter Cantata, "From Death Unto Life," written by Carrie B. Adams, will be presented Sunday night at 8:00 o'clock at the First Christian Church. The cantata will include solos, duets and trios in the singing of Easter hymns.

**McIntyre-Persons Engagement Told**  
Announcement of the engagement of Miss Mildred Madeline McIntyre to Dr. Charles Lowe Persons, Jr., son of Mr. and Mrs. Charles Lowe Persons, Edison Park, Ft. Myers, is being announced today by Cecil David McIntyre at 78 Northwest 52nd Street, Miami.

Miss McIntyre is a native of Miami although she has made her home with Dr. and Mrs. J. N. Tolar for many years. She attended Miami schools and graduated from Miami Edison High School with the class of 1938. She was also a student at the Walsh School of Business Science in Miami and Sanford Vocational School in Sanford. Miss McIntyre served as a WAVE with the United States Navy during World War II and was stationed at Jacksonville. She is an active member of the North Miami Junior Woman's Club.

Dr. Persons attended school in Ft. Myers and was graduated from the Northern Illinois College of Optometry in Chicago in 1940. He served with the United States Army Medical Department for four years of which two were spent in England. He is a member of the American and Florida Optometric Associations, Omega Epsilon Phi Professional Fraternity, Sanford Rotary Club and serves as secretary of the Junior Chamber of Commerce.

After their wedding which will take place in June, the couple will reside in Sanford where Dr. Persons is practicing his profession.

**Outstanding Program Arranged By Choir**  
The Chancel Choir will furnish special Easter music at the First Presbyterian Church for the Easter Sunday service at 11:00 A. M. Those taking the major solo parts will be Mrs. Rudy Sloan, Mrs. Charles Wilke, Mrs. Charles Ginn, Robert Brown and Emmett Herndon.

The following program has been arranged for the service: Prelude, "Re-crevit"; Patriotic, "The Call to Worship"; Hymn, "The Strife Is Over"; chimes, "Invocation, the Lord's Prayer, Gloria Patri, congregation standing; hymn, "The Road That Once Was Crowned With Thorns"; infant baptismal service; anthem, "As He Began To Dawn"; Stoughton, solos, Mrs. Rudy Sloan, Robert Brown; the Scripture; pastoral prayer, choral response, "Hear Our Prayer"; hymn, "Christ The Lord Is Risen Today"; congregation standing; prayer of thanksgiving for material blessings; the Doxology.

Offeratory, "Spring"; organ solo, "Open The Gates"; Knapp, Mrs. Charles Wilke; sermon, Rev. A. G. Melonis; anthem, "He Is Risen"; Choral solos, Mrs. Charles Ginn, Emmett Herndon; benediction; response, "Crown Him With Many Crowns"; congregation join choir in singing first verse; postlude, "Hallelujah Chorus from the Messiah"; Handel.

Members of the choir are: Soprano: Mrs. Charles Ginn, Mrs. Charles Wilke, Mrs. Ernest Gallaway, Mrs. J. A. Bistline, Mrs. J. E. Terwilliger, Mrs. J. Cortwright, Miss Maude Wilson, Miss Elizabeth Fite, Miss Elise Hutchison; Alto: Mrs. Roy Mann, Mrs

### Qualified Doctors Needed NOW!

The world's greatest medical team — the U. S. Army Medical Department — now has an urgent need for qualified Medical Officers both in the Regular Army and the Reserves. The Medical Department affords the professional man the opportunity to work with the finest and most modern equipment, opportunity to specialize, opportunity to participate in research projects — and, the opportunity to help preserve the health of America's great defense organizations — the U. S. Army and the U. S. Air Force. For full details write to the Surgeon General, U. S. Army Medical Department, Washington 25, D. C., or check with the local recruiting station.

### Acheson's Stand

(Continued from page three)  
Bridges said the Acheson letter "might be called sabotage of the valiant attempt of the Chinese Nationalists to keep at least a part of China free."  
"The letter is a thoughtless, tactless, unfriendly and damaging act towards a nation which has long been the subject of unfriendly acts on the part of some top officials of the American government."  
The Acheson letter was written to Connally last month but it was released only yesterday.  
Acheson noted there is a program to give President Truman authority to spend about \$54,000,000 in the next 10 months to aid non-Communist areas in China.  
"If during such a period, the situation in China clarifies itself sufficiently," the Secretary said, "further recommendations might be made."  
But Acheson said the Nationalist army does not have the "military capability" of holding out against Communist advances.  
"And there is no evidence, he said, that offering military aid to the Nationalists "would alter the pattern of current developments in China."

### Celery Holiday

(Continued from page three)  
Any loss of time in cutting because of rain, can be made up by cutting until 6:30 P. M. on the next holiday, but shippers must report their intentions at the time of loss, said Mr. Talbot. J. C. Hutchison presided at the meeting, and M. L. Cullum served as secretary.  
J. H. Davidson was named chairman of a committee which has invited a celery growers throughout Florida to meet Wednesday at 12:30 P. M. at the Mayfair Inn to decide what to do on the celery marketing problem after next week.  
Other members of the committee are Henry Thurston, H. C. Hester, J. B. Coghlan, J. C. Hutchison, M. L. Cullum and John Eiek of Sanford and A. Duda, Jr., B. F. Wheeler, R. W. Estes and John Courier, Jr. of Oviedo.  
The meeting was held following a barbecue at the ranch of Charles S. Lee near Chuluota.  
Full effect of the cutting holiday is not expected to be felt in the celery market until next week. Track holdings according to Federal-State Market News Service, declined from 350 Monday to 297 yesterday. On Apr. 4 they hit a peak of more than 400.

### Miami Is Drenched With Heavy Rain

MIAMI, Apr. 15 (AP)—This city was drenched yesterday with 2.28 inches of rain which fell in one hour and five minutes.  
The Weather Bureau said hailstones about a quarter inch in diameter fell for a couple of minutes during the downpour, but melted rapidly.  
Many streets were flooded, automobiles stalled and in some instances water sloshed over curbstones into shops in low-lying sections of the city.  
Record for one hour of rainfall in April was set in 1942 when 2.97 inches fell, the Weather Bureau reported.

### Jaycee Meet

(Continued from page two)  
Bob Newman was named head of the committee for uhlers at the Jaycee sponsored Civic Drama presentation of "Angel Street," Apr. 22 at Seminole High School. All holders of season tickets for the series of plays of which this will be the last, have been mailed complimentary tickets so that they may invite friends to attend the show, Gordon Bradley, Jaycee president, announced.  
A proposal was advanced for future consideration of a Better Fishing Rodeo from June 14 through Aug. 22 whereby members would take youngsters fishing on week-ends, and teach them the rudiments of fishing and conservation.

### School Board

(Continued from page three)  
appointments, principals of all other schools in the County were re-appointed.  
Sale of two school buses which have been replaced by new models was reported: one to the local Church of G. I. for 1460, the other to the Church of God of Winter Garden for 1340.  
College students who are gaining practical experience by aiding in teaching in local schools were present including Miss Audrey Bach, Miss Alma Chamer, Paul Hickson and Harvey Gaventa of Stetson University and Miss Lucy Floriani and Miss Jane Dupree of Florida State University.

Bright sun shining—new greenery showing—soft breezes calling you onto the highway—this is the season that Buick of yours was made for!  
This is the time when you'll want to hear the sweet hum of its eager power, feel the lazy comfort of its easy stride, get the springtime feel of its thrilling action.  
And you can have all that—with just a little attention to some simple things to shake the winter out of its bones.

For instance—the rusty sludge that has accumulated in your radiator should be cleaned out. Transmission and rear end may be low on lubrication, and should be checked. Crankcase oil should be changed to a summer grade.  
The underside of your car has taken a lot of splashing on wet roads. Some of the chassis grease has been washed out, some of it fouled with mud and grit.

## Time to Spring Clean your Buick too!

So it's time to drain out the dregs of winter. Time for a little of the knowing, loving care every Buick gets at the hands of our Buick-trained men, armed with Buick-developed tools, Buick-established methods, Buick-engineered parts.  
It doesn't take long, doesn't cost much. But it goes a long way toward making old Buicks step out again like lively spring colts. How about stopping in—this week—to see about a spring rejuvenation for your faithful Buick?

Check your car— Check accidents!  
Driving is twice the fun when you have complete confidence in your car—which you know that Buick's brakes, steering, lights and the like won't let you down.  
Altogether, there are 10 points to be checked for safety on any car. Bring your Buick in to us for a thorough going-over before setting off on your spring sojourn. We'll have the heavy and fun off your head—so you can be carefree of the wheel.

## House Votes To Investigate Welfare Board

### Resolution Calling For Complete In- quiry Is Made By Monahan Of Sumter

TALLAHASSEE, Apr. 18 (AP)—The House today voted without dissent to join the Senate in an investigation of the Florida State Welfare Board. It adopted, on a voice vote, a resolution by Rep. Monahan of Sumter calling for the inquiry.

The Senate already has a committee assigned to such an investigation. Monahan said he hoped to have both branches merge their study. He said an inquiry was called for "out of fairness to the Welfare Board."

His resolution said "there is wide spread criticism and dissatisfaction with the administration" of the board "because of its policies and practices and its heavy salary expenditures for its employees."

"There are many citizens in our state requiring welfare assistance who are unable to have their claims considered by the State Welfare Board and its case workers except after long delays."

"Many persons desiring old age assistance are not receiving benefits because of the delay in the processing of their claims. A considerable portion of the funds provided by the State Welfare Board is unnecessarily paid to case workers and other employees which could properly be used for welfare benefits."

Welfare Commissioner Sherwood Smith, who has asked for extra funds to hire more case workers to speed up studies of claims for (Continued On Page 11)

## T-Sgt Bucurel Is Joined In Germany By Wife, Children

ERLING, Germany, Apr. 18 (Special)—T. Sgt. George Bucurel of Sanford, Fla., brother of Ann F. Bucurel, also of Sanford, welcomed the arrival of his wife, Wilma Jean, daughter, Patricia Ann, aged three, and son Peter Paul, 11 months old, upon their joining him in Germany during February.

Wilma Jean Bucurel is the daughter of Mr. and Mrs. Dwight Hobbs, of Memphis, Tenn. The family reside in Munich which is about 20 miles distant from the Erling Air Force Depot where George is stationed and serves as aircraft and automotive inspector with the Air Inspector Section of this supply and maintenance center for the United States Air Force in Europe.

This depot is a major link in the chain which directly supports the Berlin air lift. Before this depot was captured at the war's end it served as supply center and jet experimental station for the German Luftwaffe and for another German unit for the Italian campaign.

T. Sgt. Bucurel is responsible to check on the maintenance procedures and work policies of the aircraft and vehicles serviced and operating from the Erling Depot.

## Reds Lack A Bomb, Doolittle Asserts

GALVESTON, Tex., Apr. 18 (AP)—Jimmy Doolittle says Russia lacks a stockpile of atom bombs or the United States and Russia would be at war by May.

Doolittle, who led the first American bombing mission against Tokyo, said yesterday: "My guess is that they have the know-how, but don't have the tools and want to make it (the atom bomb)."

Doolittle added "the only thing that deters Russia now is the fact that we have the atom bomb and the means of delivering it any place on earth with efficiency."

He made the comment at a press conference during a reunion of his Tokyo raiders here. Doolittle left the Air Force three years ago as a lieutenant general.

Doolittle said 60 of the 80 fliers who participated in the Tokyo raid are still alive. They and their reunion today.

## New Fire Truck Arrives

Fire Chief M. N. Cleveland and his entire force are shown as they inspected the new \$23,500 Seagrave combination ladder fire truck after it arrived Wednesday. Chief Cleveland noted that he and his men are very well pleased with the truck, which will mean much in the protection of private and public buildings and stocks. It is equipped with a 185 horse power motor, has four speeds forward, carries 1,900 feet of hose and can pump water at the rate of 250 gallons a minute. A 100 gallon reserve water tank is carried. The truck extends an 85-foot reach of alloy steel works by hydraulic pressure and can be operated by one man to raise work or as a water tower. Left to right are Chief Cleveland, Assistant Chief R. E. White, Chief J. R. Cook, J. F. Bennett, C. M. Waldron, R. E. White, C. M. Waldron, J. W. Howard, J. B. Lee, C. L. Taylor and J. M. Galt.

## Wallace Beery To Be Buried In Glendale, Calif.

Actor Had Been Ill  
Several Weeks Before  
Death Friday

BEVERLY HILLS, Calif., Apr. 18 (AP)—Wallace Beery, Hollywood's "lovable old crook," will be buried in Forest Lawn Memorial Park in nearby Glendale tomorrow.

Many of the film industry's great are expected to attend the funeral in the Church of the Resurrection at 10:30 A. M. in the Memorial Park.

Only one actor has been in motion pictures longer than Beery. Lancelotti has 40 years time.

Active pallbearers at the graves will be Louis B. Mayer, E. J. Meehan and William Fox, studio executives; Superior Judge Blake Fred and Matt Gilman, brothers of Beery's second wife; Lou Hill, a leading companion, and Phil Berg, the actor's business agent.

Honorary pallbearers include many film associates such as Frank Capra, Leo Carrillo, Bing Crosby, Clark Gable, Jesse Lasky, Joseph M. Schenck, Mack Sennett, Lewis Stone, Spencer Tracy, Barry Zaunck and Robert Taylor, to mention a few.

Beery, known as "The Champ" in 1915 and who appeared in some 200 films, will be laid to rest at Forest Lawn, the final rest (Continued On Page Two)

## American Cancer Society To Open Drive On Apr. 28

A campaign to raise funds in Seminole County for the purpose of aiding the American Cancer Society in its fight against cancer, will begin on Apr. 28, sponsored by the Pilot Club and aided by senior students of Seminole and Oviedo High Schools, the Lyman School and Cronan Academy, J. C. Hutchison, local chairman of the Society, announced today. The state goal sought by Dr. McCarty, state campaign chairman of the Society, is \$17,000.

At the conference of school superintendents in Gainesville Thursday through Saturday, Governor Warren's tax program, or any new tax program that will add school finances, was endorsed. Supt. T. W. Lawton announced this morning, Fred Wild, superintendent of schools at Highland County conducted the conference.

**LEGION INSTALLATION**  
James Q. Galloway will be installed tonight at 8:00 o'clock as commander of Camp 104, located at 21st St. of the American Legion, Mrs. E. A. Galloway as president of the Post Auxiliary and Miss Baby Jean Galloway as president of the Auxiliary Juniors. The new state commander, Maxwell Walls, will be present.

## Sanford Churches Have Record Attendance For Easter Services

Nearly 400 worshippers attended the Easter Sunrise service from 5:45 to 6:45 o'clock yesterday morning, and during the bright sunny day, and as well as in the early evening hours. Sanford churches had record breaking congregations.

Many were converts at the sunrise service, due to the sudden cool spell which sent the thermometer down into the middle forties during the early morning hours.

The program was opened by the Seminole High School Band and was followed by the High School Glee Club which sang Easter hymns.

The happiness brought by the resurrection of Christ was the theme of the sermon given by the Rev. J. H. Hudson, pastor of the First Baptist Church, who defied his advanced tuberculosis and was introduced by Dr. E. D. Brownlee.

Cent. J. H. Hudson of the National Army gave the sunrise reading and the Rev. C. L. Whiteley, pastor of the Central Baptist Church, led in prayer. The Rev. J. H. Hudson, pastor of the First Baptist Church, led in prayer. The Rev. J. H. Hudson, pastor of the First Baptist Church, led in prayer.

Seven junior girls were baptised at the sunrise service, and the men's choir sang, with Evans M. Coy as soloist.

"We had a full house at the sunrise service," said the Rev. J. H. Hudson, pastor of the First Baptist Church, who led in prayer. The Rev. J. H. Hudson, pastor of the First Baptist Church, led in prayer.

## Mrs. Wilma Ybarbo Reunited With Son

NEW BEDFORD, Mass., Apr. 18 (AP)—Mrs. Wilma Ybarbo, freed from a prison sentence in the slaying of her husband, was reunited today with the son who still thinks she has been in a German hospital.

Mrs. Ybarbo, sentenced last Dec. to 20 years in prison by a Frankfurt military court for the shooting of Army Sgt. John Ybarbo of Galatz, Tex., arrived home yesterday to join her six-year-old son, Jimmy.

The 34-year-old mother, whose sentence was reduced to five years by an appeal court and then vacated by General Lucius D. Clay last Friday, sharply criticized the military criminal investigation division in Germany after her arrival at Westover Air Force Base.

"I want to say the Army treated me perfectly, but I also want to say the Criminal Investigation was pretty rough and led from the beginning," she told newsmen.

## Resurrection Is Observed Amid Peace Prayers

President Wife And  
Daughter Attended  
2 Church Services

BY ASSOCIATED PRESS  
The Resurrection was celebrated yesterday throughout the Christian world and prayers for peace in many places blended with the glad tidings of Christ's return.

In Crossroads Church and great cathedral, Americans of many denominations worshipped at Easter services. Sunday weather was good in most of the nation. Hope for an end of religious persecution in Red-dominated countries was a theme repeated in many sermons.

The Rev. and Mrs. Truman and their daughter, Margaret, attended two church services in Washington. Baptist for the President and Episcopal for his wife and daughter. The family spent the remainder of the chilly but sunny day at home.

## Prices-To-Please-Everyone Farm Plan Gives Wall Streeters 'Shakes'

NEW YORK, Apr. 18 (AP)—The prices-to-please everyone farm subsidy plan gives most Wall Streeters the shakes. But not all.

Some like certain features. Most consider some sort of farm price support inevitable. A few think the business man would be better off under the new subsidy suggestion than under the present long-price plan.

Some think the Truman plan is still so nebulous and its chances of passage so slim that the one thing to worry about is what the end will be. Others see it as more realistic than past farm control programs.

Here are some of the things they like about it—and even more that they don't like.

Some welcome any plan that promises to end artificially high food prices at the grocery, and think the taxes which will support the new plan need be no higher than the taxes and high food bills—that pay for the present price supports.

## Conviction Of Eisler Upheld In U.S. Court

### 10 Points In Appeal Of Passport Fraud Charges Are Turned Down In Capital

WASHINGTON, Apr. 18 (AP)—The U. S. Court of Appeals today upheld the conviction of Gerhard Eisler, German born Communist, on passport fraud charges.

Eisler, described as "America's No. 1 Communist" by the House Committee on an American act which was convicted in Federal district court Aug. 12, 1942. He was sentenced to serve one to three years.

By a 4-1 vote, the Appeals Court turned down Eisler's contention that the district court had erred in the application for an exit visa in New York and merely mailed it to the State Department.

The passport fraud case was the second conviction for the subject, suspended in 1942. He was convicted on a charge of conspiracy to defraud the State Department.

The Appeals Court also affirmed the conviction and sentence of a second man and a third man in that case. An appeal was taken to the Supreme Court, which held oral argument in the conspiracy case last week.

In the passport case, Eisler was charged specifically with making "falsehoods and fabrications" statements which he sought a State Department passport to leave the country in 1942. He was also charged with conspiracy to defraud the State Department.

## State Patrolmen Seek Identity Of Hit-Run Driver

State highway patrolmen are seeking the identity of a hit and run driver who ran down an aged woman last night on the Orlando Highway and left the scene with an unscrupulous driver. Patrolman P. Harrison contacted the driver.

The negro, Henry Murphy, 28, of Atlantic Springs, was taken to Orange Memorial Hospital where he is reported to be in serious condition, with a possible brain concussion.

Waiting north on the 1000 block last night, the negro was hit when the automobile struck him from the south while traveling toward Orlando. A spot 200 feet south of the 1000 block, the driver, coming from the west to the east side of the road, hit the negro who, said Harrison, was well off his feet.

The car, declared the officer, may be marked by a slightly dent on front right fender, also possibly by a dent on rear fender.

## City Cracks Down On 'Meter' Thieves

All police have been alerted by Police Chief Roy L. Williams to crack down on parking meter following theft of three of the meters, one and all, during the past week. The most recent theft was reported this morning to City Manager Clifford McKibbin by James Hafford, collector of revenue from parking meters.

Police Chief Truman C. Ward said a single meter carried with it a penalty of \$200 fine, 30 days imprisonment or both, with or without a fine, or both, with or without a fine, or both, with or without a fine.

## Wherry Calls For Complete Account Of Proposed Bills

### Proposed Civil Service Changes Rapped By Gut

### Rules Would Exclude Department Heads From Protection

Opposition to a provision proposed by the Civil Service Commission for the proposed Civil Service Act, which would exclude department heads from protection, was rapped by Senator Wherry today.

Only one man attended the meeting and only two of the Commissioners, Major Andrew C. Gray and Colonel James L. Kender, City Manager J. M. Eddins, City Clerk H. N. Hayes, and Gordon Reilly, deputy chief, were present.

Mr. Gray pointed out that the proposed changes would exclude department heads from protection, which would be a serious blow to the civil service.

Wherry said he would like to see the program going to "cost," Wherry said "They should know that the program is going to be so staggered that it will increase taxation or decrease the budget."

## Spring Produce Brings Increase In Farm Revenue

JACKSONVILLE, Apr. 18 (AP)—Farm shipments from Florida increased rapidly during the last week. Wholesale commodity prices and at other markets, indicate a flow of spring produce, bringing a long tide of revenue to producers.

Wholesale commodity prices for the week ending Apr. 17th totalled \$2,000,000, an increase of \$100,000 over the week ending Apr. 10th, according to the Jacksonville Chamber of Commerce.

Wholesale commodity prices for the week ending Apr. 17th totalled \$2,000,000, an increase of \$100,000 over the week ending Apr. 10th, according to the Jacksonville Chamber of Commerce.

## Keel Of World's Largest Carrier Laid In Norfolk

NEWPORT NEWS, Va., Apr. 18 (AP)—The keel of the world's largest aircraft carrier, the USS North Carolina, was laid today in Norfolk, Va.

The Navy denies this and contends its planes of 1962 should have been produced by the Navy's own shipyards.

Laying of the keel today ends a week of uncertainty as to whether the ship would be built. President Truman and Secretary of Defense Louis Johnson both declined last week to answer questions whether the Navy would get its shipyard.

At 8:46 A. M. (EST) a giant derrick crane hoisted a 15-ton bottom shell panel including a keel plate from the floor of the largest building dock at the Newport News Shipbuilding and Dry Dock Company plant and delivered it to the keel.

## Senator Says People Of Country Should Know It, If Nation Is Going Bankrupt

WASHINGTON, Apr. 18 (AP)—Senator Wherry of Nebraska, the GOP floor leader, said today the total cost of President Truman's domestic and foreign legislative proposals should be "laid before the people" before Congress.

Only by such action, Wherry told the Senate, will Congress be able to determine whether the spending program will exceed estimated receipts from tax.

Wherry held up a copy of the budget which he said he was willing to stay here until a statement is made what he called the "realized program" Mr. Truman has offered.

"The people should know what the program is going to cost," Wherry said. "They should know that the program is going to be so staggered that it will increase taxation or decrease the budget."

Wherry said he was willing to stay here until a statement is made what he called the "realized program" Mr. Truman has offered.
