THE LETTUCE CROP

Sanford Vegetable Growers Are Making Large Profits on Their Lettuce Crop This Season.

It is nothing unusual to hear of single acres that net from \$500 to \$1200 per acre. The other crops are bringing prices in proportion. The general outlook for Celery Delta Farmers are brighter this very minute than they have been for many seasons.

Now is the Time for You to Buy

One of our **Vegetable Farms** at \$150 an acre on our very easy system of payments. The increased profits as shown this season by the growers will have a great effect in increasing the price of land, and if you want to do business in the vegetable line in Florida,

You Had Better Purchase One of Our Farms

Before the price is increased by the natural development of this section and the attendant success of our growers.

Title Bond and Guarantee Company's

Farms are situated on original transportation, are well drained, the soil is excellent and the community is in a flourishing condition.

Fourteen Families Have Moved to Monroe

Since we put this division of Celery Farms on the market. We are building new houses every day, breaking new land and planting crops of various kinds. This will have the effect of making all the land in that section more valuable.

If You Are Interested

Write to us about Florida Real Estate. We have all kinds of land suitable for groves, chicken farms, winter homes and vegetable farms.

Our Terms Are the Best Offered by Any Firm in Sanford

For land of the same quality, and the quality is such that it will produce anything that will grow anywhere else in the Celery Delta.

We Give You Six Years in Which to Pay for Your Farm and

Charge you no interest on the deferred payments.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Three men were dangerously hurt in a runaway on the streets of Wauchula Monday morning. The team took fright near the railroad crossing and threw the occupants out on the main street near the Dixie Hotel. Oliver Revels was probably the most dangerously hurt, sustaining some broken ribs, and internal injuries. His brother, Grady Revels and J. T. Phillips were also badly hurt. Drs. Kline and Wright are attending the unfortunate victims.

The Times-Union has a Washington dispatch discrediting the rumor that a deal is on foot to displace Congressman Sparkman from his just place as chairman of the next Rivers and Harbors committee. The rumor was to the effect that Congressman Randsdell would be selected for the place. Considerable juggling is going on in connection with the House committee chairmanships and their is a suggestion that not many of them will be awarded on the score of seniority. However, the Times-Union's correspondent says Mr. Sparkman has every assurance that he will receive the appointment.

Following an experiment that was made some time ago Ft. Myers has placed an order for a large quantity of crude oil, which, at present, is being generously applied to our streets in the hope that its use will not only aid in preserving the streets, which are of shell, but have a tendency to keep down the dust that arises therefrom and is a source of much annoyance to merchants and shop-keepers.

Alachua County's Board of Commissioners has issued a pamphlet containing much valuable information concerning the county. The vegetable sections of the county are described as are also all other sections. The different industries are named and their values are given for the benefit of the general public.

Keeping up with the State whose name it bears the Florida Life Insurance Company will erect a new ten-story home in Jacksonville. This company, during its short life, has made a record, and continues to grow.—Pensacola Journal.

In the January number of "Dixie Motoring" Governor Albert W. Gilchrist has an article upon the condition of the roads can be constructed at little expense. The writer gives these splendid avenues of travel credit for the great increase in population which the State has enjoyed in the last ten years.

Warnings have been sent to the owners of razorbacks near Sorrento that the citizens have decided to protect themselves against the divine right of the four-legged prowlers Gardens and crops have been ruined from time immemorial, and it will have to be stopped, according to the warnings just sent out.

Have Good Poultry Judge
The Fair management have secured the services of Hon. F. J. Marshall as poultry judge.

Mr. Marshall has had thirty-five years active service as judge of poultry shows and has officiated at fairs and expositions all over the United States. Among his many engagements were the Columbian Exposition at Chicago and the World's Fair at St. Louis. Owners of poultry may be assured that the merits of the exhibits will be satisfactorily judged.

Sanford Heights Improving
J. H. Ragsdale has sold this week eight lots on Sanford Heights and expects to let the contract at once for a fine residence to be built for himself. Mr. Ragsdale has also contracted for two new concrete sidewalks to be laid the entire length of the property and this choice location will present a busy appearance in a few days.

Yacht Augusta Here
The Yacht, Augusta. D. N. Reynolds owner, from Jacksonville has been at the wharf this week and on a cruise in the upper St. Johns. Mr. Reynolds is an uncle of Geo. A. DeCottes of this city and spends several weeks of each season at this point.

THE POPULARITY CONTEST

Many Out of Town Readers Are Getting Excited

The Herald Popularity Contest is exciting interest among the northern readers and many letters have been received and subscription paid by people who do not know the contestants personally but want to get into the game. We would advise the partisans to vote at once and not wait until the last minute. While such action is not prohibited those who are holding back the larger number of votes are apt to strike a great surprise on the last day for the fellow other is holding out also. Get in your votes and watch out for the big bonus offer next week. Following is the status this week.

COMMERCIAL CLUB MEETING

Annual Election of Officers and Other Interesting Matters

The Commercial Club held a most interesting meeting on Monday night. The regular election of officers for the ensuing year followed.

The question of having a booth at the Orange County Fair was taken up and discussed at length. Sanford should be represented at the fair in the best manner possible and every citizen should aid in making a creditable display. The curtailment of the East Coast schedule or the Titusville branch was also taken up and will be acted upon later.

Several other important questions were before the meeting for adjustment but were not decided.

The following officers were elected.
President—Forrest Lake.
First Vice President—F. P. Forster.
Second Vice President—D. L. Thrasher.
Secretary—E. T. Woodruff.
Treasurer—H. C. DuBose.
Directors—J. N. Whitner, B. A. Howard, W. D. Holden, R. H. Marks, Forrest Lake, J. O. Packard, D. L. Thrasher, G. H. Fernald, F. L. Woodruff, H. R. Stevens, A. T. Rossetter, T. K. Bates, W. T. Fields, F. P. Forster, Harry Ward, S. O. Chase.

Orange County's Big Fair

As the time for the Orange County Fair, February 7-11 approaches, the directors are making a very careful canvas of the situation.

The exhibits already secured of citrus fruits, farm products and the products of vegetable farmers will be larger and better than any fair ever held in Florida.

The exhibits of cattle, horses, hogs, poultry, are large. The arts crafts will have a fine display while the educational interests will not be neglected but will take front rank.

For entertainment there will be sports. Base ball, polo and track events.

Fifteen great shows, including a wild-west animal show, will interest all looking for excitement.

For free attractions there will be a balloon ascension daily, with double parachute drop.

Nick Carter, holding the world's record as a high diver, will jump 110 feet.

Hurricane, the fastest trotting ostrich in the world, has been secured and will give an exhibition once daily. This bird has been driven in harness all over the United States. He never disappoints. He is not an experiment.

Each day there will be harness races, in which high class and speedy horses have been entered. The association is a member of the American Trotting Association, which insures just treatment to all.

The fair is not conducted as a money making scheme, but is for the benefit of Orange county and supported by the county and its citizens.

Remember the date, February 7-11.

A Mistake

There seems to be some misapprehension on the part of some as to the cost of making an exhibit at the fair. There is absolutely no charge, if you are exhibiting to show your handiwork, or are competing for a premium. If you are making an exhibition of such a nature to require your attendance at the fair, you can get an exhibitor's ticket, good for every day during the fair, to come and go as you like, for \$1.00.

NEW CLOTHING AND FURNISHING STORE FOR SANFORD

Palmer and Seigh to Have One of the Finest Stores South of Jacksonville

Mr. W. C. Palmer, and Mr. A. B. Seigh the two enterprising young merchants who have cast their lot with us and will give us one of the finest clothing and gents furnishing stores south of Jacksonville. The display cases, clothing cabinet, hat cabinet and windows will all be a rich mahogany finish. The clothing cabinet is sixty feet long and will hold three hundred suits. The leading makes carried by Messrs. Palmer & Seigh will be

treatment to all. Mr. W. C. Palmer came to Florida three years ago from Johnstown Pa., where he was manager of a large clothing and furnishing goods store and accepted a similar position with the Surprise Store Co., of St. Augustine, which he filled successfully until recently.

Mr. Seigh has been actively engaged in business for the past 15 years, having

W. C. PALMER

ALBERT SEIGH

Strouse & Bros., Isaac Hamburger & Sons and Burgher Hood & Co., of Baltimore and New York. The display cases sixty feet in all will be arranged in two lines down the center of the store and will be filled at all times with the very best gents furnishings. In interviewing the Messrs. Palmer & Seigh we find their policy to one hundred cents worth for the dollar, money refunded on all goods not satisfactory, one price and courteous

started in the grocery business, but later disposing of his store to take up mens clothing he has been connected until recently with the Penn. Traffic Co., of Johnstown, Pa., one of the largest stores in that section of the state.

We find both men to be upright courteous gentlemen and think they will be good hustling citizens for Sanford.

ATTENTION, VOTERS!

Remember January 31st election for United States Senator, Hon. N. P. Bryan is the candidate for all the people. The "Special Interests," "Favor-Seeking Interests" are trying to defeat him, in order to name their own corporation attorney. Shall these "Corporate Interests" name your Senator, or will you elect N. P. Bryan?

IT'S UP TO YOU.

Yours truly,

The Orange County Progressive League

Special Auction Lot Sale

Saturday 2 p. m. Celery Avenue Addition

The interest in the sale of lots at Celery Avenue Addition continues unabated and a great many buyers have called on the Bowman Realty Company and made purchases at private sale since the close of the big whirlwind auction sale put on by them on Tuesday and Wednesday. So active is the demand that the owners of the property have arranged with the Bowman people to hold a special auction sale on the premises on Saturday afternoon, beginning 2 p. m., to accommodate those interested who were unable to attend before. Another lot and several other prizes including \$25 in gold will be given away and the fairness with which these awards are made assures a record breaking attendance for Saturday afternoon. A number of buyers to date have announced their purpose to begin improvements at once, and it is predicted that all unsold lots will go with a rush at the special Saturday afternoon matinee. Free Street Car service will be provided as heretofore, the free cars leaving the corner of First Street and Park Avenue, beginning 1 p. m. and running every few minutes, picking up passengers enroute. The fact that an entire plan of lots is being sold out in one week in Sanford speaks volumes for the future of Sanford and the confidence of the public in Sanford real estate.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

David Graham Phillips, age forty-three, editor, publicist and novelist was shot six times on Monday as he approached the Princeton Club, by Fitzhugh Coyle Goldsborough, aged thirty-one, a Harvard man who immediately after, committed suicide. Phillips died later from the wounds. The body of Goldsborough, whose career at Harvard was brief, lies in the morgue. Apparently insane, he had a fancied grudge against the author and sought his life.

What appears to be definite information that William Johnson, a negro, charge with the murder of Brakentian Humphries, white, at Avera, Ga., was lynched early Sunday morning, his body riddled with bullets and later burned, was contained in a special dispatch from that town to the Augusta Chronicle.

The first bill looking to the regulation of the sale of liquor in Texas, requiring that saloons close at nightfall, started on its journey to the Governor for his signature on Monday, after the House of Representatives passed the measure. The Senate, it is said, will follow suit on Wednesday, those favoring prohibition having a majority in both branches of the legislature. The bill, however, will in all probability not become a law, Governor Colquitt having expressed his opposition and test votes have shown the prohibition strength in the assembly short of the number necessary to over-ride the Governor's veto.

The bill provides that saloons open at 6 a. m. and close at 7 p. m., except Sundays. The selling of liquor on Sunday is barred.

Philadelphia is raising a million dollars for the Young Men's Christian Association.

Striking at the psychological moment won for Editor Luke Lea, of the Tennessean, the United States Senatorship in the fight before the Tennessee Legislature over the seat soon to be made vacant by James B. Frazier.

Up in Vermillion county, Illinois, known to fame as the residence place of Joseph G. Cannon, speaker of the House of Representatives, "leading citizens" are pleading guilty to having committed fraud in the recent national election, in which "Uncle Joe" was sent back to Congress.

Twelve anarchists, convicted of conspiracy against the Japanese throne and the lives of the imperial family, were put to death at Tokio, being beheaded in rapid succession.

Charlie Norton, secretary to President Taft, is going to quit his job because a raise in his salary has been suggested. Charlie must be trying to imitate Andy Carnegie on a small scale.

SANFORD BRAND OF AUTOS

Our Ideal Location for Factory Causes Favorable Comment

During the visit to Sanford of several prominent automobile men and manufacturers, the Herald man had his suspicions aroused and upon inquiry found that Sanford was being investigated by several of the smaller manufacturers with a view of making the city a center for the manufacture of automobiles for the southern trade.

The factories will not be large, but they can be operated as cheaply as in the larger cities of the north and the good roads movement in Florida will make this the greatest automobile center in the world for all the year round sport.

The smaller manufacturers realize that in Sanford they can get a good location with railroad and steamship transportation. They can ship the parts here, assemble them and sell the machines in the south cheaper than their northern competitors and realize a good profit.

In connection with the manufacture of automobiles, a well known firm of airship manufacturers have also made inquiries regarding Sanford as a manufacturing center and it's up to our city now to furnish sites for those men who purpose to put Sanford upon the map in red ink.

CURBSTONE GLEANINGS

A Budget of Opinion "Just Between You and Me"

EVEN THE GATE POST NOT IN IT

A Chief is Among Ye Taking Notes, and Faith, He'll Print 'Em"—So Says Saunterer.

Special Correspondence to The Herald.

You hear a great deal about our schools, talk much about them, think some about them, and peradventure wonder not a little more about them than if they were in China. How many heads of families, parents, business men, men of minds, ever cross the threshold of the school room? How many ever offer a word of encouragement to teacher or scholar and let them know by your presence, at least occasionally, in the school room that you are an interested party, really desirous that they should prosper, and that you have their best welfare at heart? How many have personally recognized the head of the school, he who has the training of the mind and the building of and establishing the character of your boy or girl? How many have kindly counseled and advised with him, showing you are with him in the great work, wishing him well, and cheering with a "God speed". How few, methinks, can answer in the affirmative, and yet you often hear of the school and feel that it is not what it should be, and what you wish it was. Will it help it to be constantly finding fault, continually growling and denouncing it with almost every breath? And when some trivial or even grave mistake is made will it better matters to pompously parade the same before the public.

Things are not often just as we would like to have them, and surrounding circumstances not always as we imagine or hear they are, and very often if we knew the exact condition and state of affairs our minds and opinions would be the reverse of what they were without a knowledge of facts.

Now this is merely offered as a hint, and while I presume many will read it, it is hoped some will think about it, and at least a few be induced to act upon it and visit our schools at least occasionally.

Sidney Landon at the High School Auditorium was greatly enjoyed on Wednesday night. Prof. Perkins has endeavored to give the people of Sanford a series of high class entertainments for a nominal sum and while the response has not been great those who purchased season tickets has been gratified with each performance. If there are any who have not purchased season tickets they should buy single tickets and take in each number. You can get a comfortable seat in a nice, comfortable auditorium, steam heated and be in an atmosphere of refinement where you can enjoy, a good program free from nauseating annoyances that make you lose interest in the stage attractions. Help the High School and attend each number of the Alkahest.

The Welaka Club has offered a five dollar prize to the owner of the best kept yard and the ladies are to be commended for their endeavor to keep the yards clean. While this inducement is not heavy enough to tempt some people it will stimulate the workers to renewed efforts and be conducive of great good in making a cleaner and more beautiful Sanford. There are some folks and I am glad to say there are very few in Sanford, who have no desire to beautify their lots. The excuses for this negligence are many. Some people rent a house and take no interest in keeping the yard in good shape, setting out trees and plants, etc. You can hardly blame them for the way property moves in Sanford, you never know when you will be required to vacate and your labors are for naught. Then there are others who own their property but have too much business on hands to spend any time on the lot.

It is to be hoped the efforts of the Welaka Club and the Improvement Society will be crowned with success. I have besought the ladies for many years to get into the fray for it needs the touch of a woman's hand to make the flowers grow more and the pocket book grow less.

Just a few more weeks to city election and not a trace of excitement is yet apparent upon the surface. You can hear of a caucus here and there and that such a man intends to become a candidate, but as yet there are no announcements in the paper and as this is the only official call but little credence can be paid to rumors heard upon the streets. The city election is coming at a very busy time and maybe the voters have too many other items to worry about. I hear that several new ones will break in this week and we can look for a little excitement for a few days before election time. As I remarked before, if every one is

satisfied; the present candidates and those in office can rest in peace and experience no knocks from the public. If there is no interest there will be no kicks.

The invitation stationery is getting smaller and smaller and in a year or so you will have to get a microscope to find it. I received one the other day for my wife and it was so small that it was lost among other letters and papers and only came to light about ten minutes before the big show started. I tried to make good but failed and have been sleeping in the barn ever since. I have been afraid to go to the house and face my wife and afraid to come down the street and face the lady who sent the invitation. The only thing left for me is to bury myself in Enterprise or Orlando until the storm blows over. If you don't hear from me next week in the Curbstone you will know that I died bravely with the small invitation over my heart.

A Georgia editor thus sizes up the lot of the average newspaper man:

A child is born—the doctor gets \$20, the editor gets 0. It is christened, the minister gets \$5, and the meek editor gets 00. When it marries, the minister gets \$10 and a piece of cake and the poor editor gets 000. In the course of time it dies, the doctor gets from \$5 to \$100, the undertaker \$50, the editor prints a notice and obituary two columns long, besides lodge and society resolutions, a free card of thanks and a lot of poetry, and gets 0000. No wonder the editor gets rich.

—THE SAUNTERER.

Hog Cholera

Perhaps the greatest obstacle that hog raisers in Florida have to contend with, is the disease known as the hog cholera. A conservation estimate places the direct loss from hog cholera throughout for 1910 at a quarter of a million dollars. Furthermore, this disease is responsible to a large extent for the inferior hogs that are found so generally in the State. Many farmers who would otherwise have purchased improved stock to build up their herds, have hesitated and in most cases chosen not to do so because of the danger of loss from hog cholera. Since the greater part of Florida is without a well-defined stock law, the average farmer is powerless to keep his herd free from such an infectious disease as hog cholera.

All the animals may not show similar symptoms when affected with hog cholera, but generally speaking the following are typical symptoms.

The hog is sluggish; has little appetite; a desire to drink much water; some diarrhoea; inflamed eyes, with a sticky discharge often gluing the eyelids together; usually a hacking cough; a weak uncertain walk; and red blotches, which afterwards turn purple, over the body. Usually the hogs live only from 3 to 10 days after the first sign of disease. Few recover, and the recovery in such cases is slow, while frequently the hair comes off and ulcers appear on the body.

It is the general opinion among those who have had most experience with this disease, that ordinary medicines are of little or no value in curing it, and that the only treatment that has been effectual is the serum treatment prescribed by the Bureau of Animal Industry, Washington, D. C. To describe in detail the method of obtaining the serum and the precautions that must be observed in its manufacture, would require too much space. It is, however, sufficient to state that the manufacture of this serum must be under the control of a competent veterinarian. It must be produced under sanitary conditions, and then judiciously distributed. In order that it might be accessible to every farmer it would be necessary to have an establishment in the State for the manufacture of serum. Such an establishment, conducted by the State authorities, would enable the farmers to secure the serum for the small cost of about two cents per cubic centimeter. At this price it will cost 20 cents to immunize a suckling pig and 40 to 45 cents for a mature hog.

The economy of this treatment will be appreciated when it is understood that one treatment at the suckling age will be sufficient for hogs that are to go on to the general market. For hogs that are to be kept for breeding purposes, additional treatment may be necessary, especially if hog cholera happens to break out in herd or if it is prevalent in the community.

The value of hog-cholera serum has been demonstrated in so many instances that we feel warranted in stating that the serum treatment can be relied upon as a preventive against cholera, and that it is sufficient from every standpoint. We therefore recommend its general use to the farmers of our State.

Florida should have an appropriation from the legislature of not less than \$8000, to furnish the necessary plant and equipment to supply the needed serum to the farmers of the State. Such a plant once established and well under way would be made nearly self-sustaining by charging those to whom the vaccine is

supplied with the cost of production and no more.

Agricultural Experimental Station.

Citrus Culture for Profit

On our desk lies an attractive little cloth bound volume with the above title. It is 6 1/2 x 5 1/4 inches in size and has 84 pages filled with sound common sense, United Illustrations intervening. Citrus culture to make money is taken up from the section and preparation of land on through description of varieties, setting of trees, cultivation, fertilization, picking, packing and shipping, with charts for proper packing. Then the troubles that may occur in a grove are treated in alphabetical arrangement. These articles are a happy combination of the latest scientific knowledge and practical experience by those who know what to do and how to do it, written with a view to conquering the trouble in the grove and not a discussion of minute details. In fact, there seems to be not a spare word from cover to cover, although the ideas are stated as clearly as concisely. It is written for citrus growers, but growers of every Florida product should read the excellent articles on general plant life, soil conditions and action of the different tiller materials. They will find them most valuable, while the manner of expression throughout the book holds the attention of the reader. It is an interesting and instructive publication, issued at the nominal price of 50 cents for cloth bound and 25 cents for paper covers by the well known Wilson & Toomer Fertilizer Co., Jacksonville, Fla. 24-c

HURRICANE AT ORLANDO

Great Excitement But No Damage to Life or Property

This is not sent out by the weather bureau, but the Orange County Fair Association and simply announces that the management have secured as one of their big free attractions, the champion trotting ostrich "Hurricane," who will give daily exhibitions during the coming fair.

Hurricane is one of the largest, as well as the fastest birds in captivity. An idea can be had of his enormous strength when you consider the fact that he pulls fifty pounds more than his actual weight, yet he covers the ground in strides that measure nearly ten feet with hardly an effort. Hurricane is the leader of the flock in the large corral at the Big Farm, and nightly patrols the pen and once each hour foars out the call of all is well. The roar of an ostrich is very similar to that of a lion, in fact so much so that hunters in the African wilds are often misled by it. An amusing incident happened at the Michigan state fair grounds several years ago. Hurricane was stabled in the speed stalls, and the first night there, roared as was his custom at home. In an instant everything was in an uproar. Mundy's Wild Animal Show was on the grounds and word was passed that one of his lions had escaped. Every stable boy, swipes, deivers and trainers armed themselves with pitchforks, hatchets, and in fact everything they could lay their hands on, until finally the noise woke Jake, the bird's trainer, who explained the matter and all went back to bed.

Ostriches breed twice each year, both birds take their turns upon the nest, the male bird at night and the female by day. Father is always at home in the evening. It takes from forty-two to forty-five days to make a hatching. The nest consists of big hole in the ground which the male bird digs with his breast bone. They are plucked every nine months and yield all told over two hundred feathers, the most valuable of which are the ones which come from the wings and the tail. Hurricane will be kept on free exhibition from 10 to 1 o'clock, with an attendant in constant attendance, who will be pleased to answer any questions visitors may ask.

To The Ladies of Orange County

The undersigned committee having in charge the domestic department of the Orange County Fair to be held next month, would urge upon all ladies residing in the county the duty and privilege of making some kind of an exhibit. The fair is not only for every one to see but for every one to help. We venture the assertion that there is not a home in the county but contains something of sufficient interest and merit to be worthy of a place at the fair. The domestic department covers a wide range of articles made in the home, and the premiums offered are liberal. The list includes nearly everything a lady can bake. All kinds of canned goods, jams, preserves and pickles, fancy and plain sewing, embroidery laces, crochet work and fancy articles generally. It is the ambition of the committee to make it the most attractive department at the fair. We can easily do this if each lady will help. It makes no difference whether it is a handsome old-fashioned quilt made by your grandmother or an extra nice cake or loaf of bread made by yourself or daughter. We want it. If it is a glass of jelly or a sofa pillow, a bottle of catsup, or a lead watch chain, a home made rug or a jar of pickled onions; a mince pie or a silk kimona, a gentleman's handkerchief or a loaf of angels food, a bottle of pepper sauce or a set of Bettenburg mats. We will be very thankful to have any of these and hundreds of other articles that are to be found in the homes of Orange county's industrious and skillful ladies. The committee will assign space and arrange exhibits and will look carefully after all articles entered for premiums.

Further particulars and premium lists may be had by addressing the Secretary of the Fair Association, W. R. O'Neal, or any member of this committee.

CELERY AVENUE ADDITION

Warm Weather Celery
Messrs. Nyman and Henderson, at their farm west of town, are experimenting with a warm weather variety of celery, object being to produce a plant that will thrive and mature and be marketable late in the season. They put seed in the ground about two weeks ago and the young plants are now up and looking fine. Should this prove a success, the crop may be grown and harvested as late as June, at which time the price, for a nice and green top article will undoubtedly be much better than during the

height of the season, as for instance in April. Attempts to secure seed of the above variety and experiment with same, have been made heretofore but difficulty has been experienced both in getting seed and in giving same to fair trial.

Runge Gets The Lot
At the drawing of a free lot in the Celery avenue sale of choice building lots, S. Runge proved to be the lucky man and drew a fine lot. The free drawing proved to be most interesting and created much excitement.

THE PIANO CONTEST
Takes on New Life and a Special Prize Has Been Offered
To the contestant securing the greatest number of new subscribers to the Sanford Herald by Feb. 2nd an elegant box of toilet articles, consisting of Madame Valle's Almond Creme, La Ferrandes' Quadruple Extract-Perfume, Premier Poudre, and delightful tooth powder, with a self sharpening scissors. These toilet articles are the finest on earth and would cost \$2.00 in any drug store. The box is very fancy, which adds greatly to the collection. The scissors retail at \$2.50 and the latest screw set pattern made.
In addition to the elegant prize offered for securing the greatest number of new subscribers

A BONUS OF 500 VOTES will be given to the one securing the second largest number of new subscribers. These special prizes are offered by the contest manager, as a reward to the contestant worthy of being a leader.
At D. A. Caldwell's department store this prize will be on exhibition. Don't forget the prize is given Friday, Feb. 3rd and your returns must be in by Feb. 2nd.
CONTEST MANAGER,
Sanford Herald.

State Crop Conditions
R. G. Snow, staff correspondent of the New York Packer is in Sanford for a few days after a trip into the leading truck growing sections of Florida. He gave The Herald the following crop and market report.

Manatee county is shipping lettuce lively. Celery will be moving from there about Feb. 10th in good quantity.
Gainesville section is moving lettuce freely and beans are also going in fair quantities from that vicinity.
The East Coast is shipping beans, cukes, egg plants and a few tomatoes.
The markets show a slight decline on lettuce and more noticeably on beans.
Cuba is shipping peppers, egg plants and tomatoes freely, but the market is in general good condition, except on citrus fruits.

The first car of celery will roll from Sanford the middle of next week.
Crops of all kinds have made excellent growth throughout the vegetable belts in the last ten days, owing to superb weather conditions.

Reception Postponed
The reception to have been given last Tuesday evening, by the ladies of the Woman's Home Mission Society of the Methodist church, to Mr. and Mrs. Hendry, the new pastor and wife, was postponed on account of the illness of Mr. Hendry, and will be given next Tuesday evening, Jan. 31st, at the residence of Mr. and Mrs. L. R. Phillips. All members of the church are invited to be present, and especially are strangers in the city invited to attend. A pleasing program will be arranged and refreshments served. A freewill offering will be taken.

A Card
The Contestants and those interested are cordially invited to call at the Sanford Herald Office to meet Mrs. M. Florence Keyes, District Manager, of the Contest Company of Jacksonville, Fla., who is conducting the Popularity Piano Contest for the Sanford Herald.

Mrs. Keyes will gladly give all information, and assistance to all each Contestant. You will find her absolutely impartial, and she will see that each Contestant is treated fairly and receives every vote due her.

Office hours will be 9, a. m., till 12 noon.

Abernathy Announces
In this issue appears the announcement of W. W. Abernathy for the position of Alderman. Mr. Abernathy is a well known business man and property owner and the affairs of the city should be safe in his hands. Mr. Abernathy has the welfare of the city at heart and wants Sanford to advance along every line, yet he is in favor of conservatism along certain lines and will make an ideal guardian of the affairs of our city.

ARMOUR FERTILIZERS

Common Sense---That's All

Before commercial fertilizers were known animal manure was considered by the practical farmer to be the best form of plant food. He didn't know why except that it gave him the results. Liebig explained the reason when he showed that ammonia, phosphoric acid and potash were necessary as food for plants and that the ammonia in the animal manure was what produced the growth, but that it was necessary to also have phosphoric acid and potash to produce the maximum results.

With all the development of the fertilizer business, animal fertilizers have always held first place on account of their crop producing qualities. They have no superior as a source of ammonia. Armour Animal Fertilizers derive their plant food from Blood and Bone and Dried Blood (concentrated animal products) combined with phosphoric acid and potash in the best forms. It is because they contain the best and most natural forms of plant food that they are so popular and the demand for them is increasing so rapidly.

SANFORD LAND SELLS

This week property in Sanford and the celery delta has been moving at a rapid rate and the sales will average over \$100,000. City property in the suburban districts sold at a rapid rate, lots averaging \$200 at auction. Several sales of celery lands noted too late for this issue brought to owners over \$1000 per acre. These sales were not confined to strangers, but in many instances home people were the purchasers. One gentleman who has been interested in Sanford for the past twenty years purchased a celery farm of seven acres and paid \$3000 cash for it.

All of this would indicate that Sanford lands have advanced steadily—not a boom or a bubble to burst—but a steady, solid growth that will exist until the end of time.

The Herald joins with many others in congratulating the Bowman Realty Company on their remarkable success in handling the sale of lots in Celery Avenue Addition on Tuesday and Wednesday. Nobody ever doubted the merits of the property sold, but few believed eighty-four lots could be sold in two days for approximately \$12,000, despite the fact that property adjacent had long been in good demand, and many lots within a square or two had changed hands a number of times since they were originally placed upon the market, and had each time netted the seller a nice profit. The sales of Tuesday and Wednesday demonstrated the effectiveness of perfect organization and unusual ability. There was never a lull in interest, nor a hitch in the machinery of the specialists handling the property. Every detail was carried out as advertised. The free prizes, all valuable and many handsome, were distributed, and two of the choicest lots in the plan were given away, one to Mr. Rungo, the Coca-Cola representative, and the other to Mrs. T. M. McRae, of Delray, who had previously bought five lots. Many out of town visitors were in evidence and a number of them were purchasers. Sciotoville, Ohio, Chicago and other cities north of the line were represented by those buying. All Sanford is more than pleased with the personnel of the corps representing the Bowman Realty Co. in the face of skepticism and other obstacles of equal force this Company has performed a remarkable feat.

How Celery City Vanity Fair While Away the Golden Hours—Social Gossip.

Pursuant to a call that was issued last week, between fifty and sixty of the representative ladies of Sanford assembled in the Eagles Hall Monday after the purpose of perfecting an organization that would meet the needs of the growing town in caring for the sick, and in lending a helping hand to those in our community who might need assistance. Every town of any size needs a hospital. While Sanford has been able to boast of an excellent health record, yet while she grows beyond the stage of a country village, and is fast assuming the proportions of a city of some size and importance, it stands to reason that new needs will arise, not the least of which will be how and where to care for the sick and poor in the city. Sanford has a corps of splendid physicians, who are ever ready to minister to suffering humanity, and it is only right and proper that a place should be provided where these physicians could take their patients and properly care for them. The need for this hospital has already been felt in Sanford, time and again, and those best acquainted with the situation, having it in their hearts and minds, have been quietly at work creating sentiment, and it is not surprising that when the call was made for organization, the good women were ready to give up their time, money and influence, to launch an enterprise that means so much for suffering humanity.

Mrs. Geo. H. Fernald acted as temporary chairman, and Mrs. A. T. Rossetter as secretary. The meeting was called to order and Mrs. Fernald in a few well chosen remarks, stated the object of the meeting, and called for expression of opinion in regard to the movement. The

ladies seemed unanimously in favor of perfecting an organization. A name was the first thing considered, and the Sanford Hospital Association, was the name chosen. The election of officers took place as follows: Mrs. J. N. Whitner, president; Mrs. T. A. Neal, vice-president; Mrs. A. T. Rossetter, secretary; Mrs. Geo. H. Fernald, treasurer. It was decided that the board of managers should consist of fifteen members, including the officers. Representatives from the different churches were first chosen. Congregational, Mrs. C. E. Walker, Episcopal, Mrs. A. Vaughan, Methodist, Mrs. H. H. Chappell, Baptist, Mrs. J. W. Wildman, Catholic, Mrs. F. E. Roumillat, Presbyterian, Mrs. H. L. Peck, Town at Large, Mrs. M. Frank, Mrs. Homighous and Mrs. J. C. McDaniel, Cameron City and Fort Road, Mrs. Gen. L. Maria, West Side, Mrs. H. L. DeForest. Committee appointed to solicit funds for the association: Mrs. T. A. Neal, Mrs. R. L. Peck and Miss Charlotte Keeler.

In the march of progress Sanford has never been known to lag behind and as the present urgent need before the people is so great, it is not unreasonable to suppose that this new enterprise will meet with the hearty cooperation and support of every public spirited citizen of the town. It is an enterprise that every man, woman and child in Sanford should feel an interest in and it is earnestly hoped that the ladies who have taken the initiative will meet with the encouragement that is deserved.

Miss Midge Ward beautifully entertained at cards and sewing Tuesday morning in honor of her house guest, Miss Richards of Gainesville. The attractive home was handsomely decorated with white jessamine, violets and roses. Miss Ward was assisted in entertaining by Miss Helen St. John, Mrs. Harry Ward and Miss Veda Ward. The contest prize, a pretty hand embroidered towel, was awarded to Miss Linda Leffler. The Honoree's prize was also a pretty hand embroidered towel. The guests were delightfully entertained with musical selections; Miss Richards with the violin and Miss St. John and Miss Veda Ward with vocal numbers. The Misses Ward are charming entertainers, and this pretty morning party was one of the most enjoyable of the social season. Those who were fortunate enough to be included among the guests were Mrs. Reba Homighous, Mrs. J. L. Thrasher, Mrs. Horace Oyster, Mrs. Frank Dutton, Mrs. R. J. Holly, Mrs. Geo. Fox, Jr., Mrs. T. A. Neal, Mrs. R. A. Newman, Mrs. Forrest Lake, Mrs. Kent Rossetter, Mrs. William Keeler, Mrs. LaVerne Hart, Mrs. Fannie Munson, Misses Linda Leffler, Powell, Florenz Frank, Mabel Bowler, Mell Whitner, Alice Whitner, Charlotte Keeler, Geisbe Butt, Mabel Hand, Helen St. John, Hensie Tyner, Penches Leffler, Lillie Fair Smith, Belle Smith, Baird and Mercedes Munson.

The younger society contingent enjoyed a very delightful dance in the City Hall Thursday evening, given by the boys, complimentary to the girls. A large number attended, and it proved to be a happy occasion. The chaperones, were Mrs. R. L. Peck, Mrs. Tom Davis, Mrs. J. J. Pardon, Mrs. B. J. Starling, Mrs. Henry Wight and Mrs. B. H. Connelly. Mrs. B. J. Starling and Mrs. R. L. Peck served delicious punch during the dance. The following young people attended:—Misses

Mrs. W. H. Stiles entertained the Reading Circle of the Missionary Society of the Methodist church, Friday afternoon. The readers for the afternoon, were Mrs. L. E. Phillips and Mrs. W. H. Williams. Western Women in Eastern Lands, is the book under consideration, which is proving very interesting. Mrs. Stiles served delicious refreshments at the afternoon. Those present, were Mrs. A. H. Stiles, Mrs. W. H. Stiles, Mrs. B. S. Starling, Mrs. R. M. Mason, Mrs. Harry Wilson, Mrs. A. E. Phillips, Mrs. John D. Jenkins, Mrs. L. E. Phillips, Mrs. M. A. Miot, Mrs. C. M. Hamilton, Mrs. W. H. Williams, Mrs. Perry and Mrs. McDaniel.

Miss Margaret Roberts was the hostess of the young ladies sewing circle last Thursday evening. These meetings are held weekly and the evenings are very pleasantly and profitably spent, making fancy work and embroidery and exchanging ideas along these lines. Those who enjoyed Miss Roberts' hospitality on this occasion were Mrs. Anderson, Mrs. Bennett, Mrs. Deane Turner, Mrs. Geo. Fox, Jr., Miss Alice Whitner, Miss Mell Whitner, Miss Gail Moore, Miss Bessie Long, Miss Mary Lenore and Miss Ethel Hatch of Goldsboro, N. C.

The ladies of the Hospital Association are planning a Charity Ball, that will be given for the benefit of the hospital fund, at the Sanford House, on the 14th of February. Committees have been appointed and elaborate preparations are being made to make one of the most brilliant social functions of the season.

Western Women in Eastern Lands, is the book under consideration, which is proving very interesting. Mrs. Stiles served delicious refreshments at the afternoon. Those present, were Mrs. A. H. Stiles, Mrs. W. H. Stiles, Mrs. B. S. Starling, Mrs. R. M. Mason, Mrs. Harry Wilson, Mrs. A. E. Phillips, Mrs. John D. Jenkins, Mrs. L. R. Phillips, Mrs. M. A. Miot, Mrs. C. M. Hamilton, Mrs. W. H. Williams, Mrs. Perry and Mrs. McDaniel.

Miss Margaret Roberts was the hostess of the young ladies sewing circle last Thursday evening. These meetings are held weekly and the evenings are very pleasantly and profitably spent, making fancy work and embroidery and exchanging ideas along these lines. Those who enjoyed Miss Roberts' hospitality on this occasion were Mrs. Anderson, Mrs. Bennett, Mrs. Deane Turner, Mrs. Geo. Fox, Jr., Miss Alice Whitner, Miss Mell Whitner, Miss Gail Moore, Miss Beasie Long, Miss Mary Lenore and Miss Ethel Hatch of Goldsboro, N. C.

COMPLIMENTS OUR SCHOOLS

Superintendent Lynch Thinks Sanford Schools Above Average

Superintendent W. B. Lynch paid a visit to our schools on Monday and was greatly pleased at the wonderful progress being made in every department.

Speaking to a Herald representative Major Lynch said that he had been most favorably impressed with the appearance of each room and the thorough manner in which the pupils were taught. He was astonished at the rapid growth of our schools and praised in the highest terms the principal and his able corps of assistants.

Very few of us are cognizant of the fine schools in our midst and the grand opportunity afforded to send the children to such an institution of learning. While our schools are filled to overflowing there are many children who are allowed to grow up without the rudiments of an education.

Ignorance would tear down existing institutions and breed riot and anarchy where there is now law and order. It makes no discoveries, no inventions, nor does any thing to better the condition of the human race. It goes from the cradle to the grave in a random way, with no pilot, no objective point, and its frail bark is often wrecked in this tempestuous sea of life. It fills the land with vice and crime, builds jails, almshouses and penal institutions and is the servant of nature. Our school is here to counteract all this evil influence and to make it possible for every young man and young woman in the celery delta to fit themselves for some useful and highly profitable calling in life and that the world may be better for their having lived in it.

The student who comes to school regularly, and adds to each day's acquisition a little more knowledge is growing, is laying by a sinking fund upon which he can draw in the future, and above all he is gaining mental muscle to enable him to combat the difficulties of his future life. Education is a growth. If it be sudden, like that of a mushroom, it will amount to as little, if it be like that of the oak, it will be permanent and useful.

THE NEW FERTILIZER FACTORY

Began Operations on Last Thursday Morning—Now in Full Blast

Whir-r-r-r!
Buz-z-z-z!
Puff! Puff!

Trains moving! Carts rolling! Wheelbarrows being trundled. Motors burning energy!

The fertilizer plant of the Virginia-Carolina Chemical Company started up for the first time Thursday morning, with additional laborers and despite a few hitches produced over three hundred tons of high-grade material, under the able direction of Ralph West, Supt.

About thirty men are employed at present and more will be added daily until about one hundred laborers are on the payroll. From two to six cars of acid phosphate, sulphate potash, graphite, ground blood, and tankage from various stock yards are being unloaded.

The new factory, which is the largest in this section, is nearly completed, under the direction of Supervising Carpenter Tillman of Savannah and has been inspected by R. F. Lams, division manager of the V. C. C. Co. from Atlanta. The samples taken from the new works, and tested by Chief Chemist, Dr. Carpenter of Richmond, Va., showed good results.

The work on the new factory has been pushed constantly since September, and now the elevated circular railway inside, as well as other modern features are practically finished.

E. B. Brown, formerly of Savannah, is in charge of the up town sales office.

FRUIT TARIFF TO BE REVISED

General Reduction Will Be Made In Reciprocal Treaty

When the reciprocity treaty between the United States and Canada is ratified, now seems likely that a clause will be inserted making a liberal reduction in the tariff on Florida fruits and vegetables shipped into the Canadian provinces.

Chase & Company, the local fruits and vegetable shippers, have taken an active interest in bringing this matter before the federal authorities and have cause to believe that their efforts will be successful. The Hon. S. M. Sparkman, Congressman from the First Florida district, has taken an interest in the matter and will push it to a successful issue.

The following correspondence on the matter will prove interesting to Florida shippers:

Chase & Co. Write

Jacksonville, Jan. 21.

The Metropolis, city,

Gentlemen—Attached herewith we hand you copy of letter received from Hon. S. M. Sparkman and also copy of letter to the Hon. S. M. Sparkman from the Hon. P. C. Knox, Secretary of State, regarding the duties on American fruits and vegetables for shipment into Canada with a special reference to broadening the markets and increasing the consumption of Florida fruits and vegetables. This may be of sufficient interest to warrant it a place in your paper.

Yours very truly,

CHASE & COMPANY.

House of Representatives

Washington, Jan. 21.

Messrs. Chase & Co., Jacksonville.

Gentlemen—I send you herewith a letter from the Secretary of State, being a reply to my recent communication regarding a reduction of duty on fruits and vegetables exported to Canada. You will not that your communication will receive consideration pending reciprocity negotiations, with a view to obtaining remission of the duties.

Yours very truly,

S. M. SPARKMAN.

Secretary Knox's Letter

Department of State.

Washington, Jan. 21.

The Hon. Stephen M. Sparkman, House of Representatives:

Sir—I have the honor to acknowledge, by reference from the President, the receipt of your letter of the 10th inst., enclosing communication from Chase & Company, of Jacksonville, in which the suggestion is made that the fruit and vegetable industry of Florida would be benefited by a reduction of the duty on fruits and vegetables exported to Canada.

In reply, I have the honor to inform you that the suggestions of Messrs. Chase & Company will receive consideration in the pending reciprocity negotiations with a view to obtaining, if possible, some remission of duties. I have the honor to be, sir,

Your obedient servant,

P. C. KNOX.

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store

A FINAL DENIAL

TO THE DEMOCRATIC VOTERS OF FLORIDA:

I have denied from time to time, as they have come to my notice, the various charges made against me by Hon. N. P. Bryan and his followers, but there may be many persons who have not seen these denials, and I therefore, deny again, each of them.

1. I deny that I put a Joker in the Jim Crow Bill.
2. I deny that I was absent from the Florida Senate in 1905 for 18 days, or any other time, seeking or working on injunctions for the Louisville and Nashville Railroad against the Florida Railroad Commission.
3. I deny that the Standard Oil Company owns or controls, so far as I know, Harper's Weekly or any other paper which has mentioned my candidacy favorably.
4. I deny that the Louisville and Nashville Railroad Company is behind my candidacy or doing anything to further it.
5. I deny that I assisted, with my time or means, Judge Charles Swayne in the defense of his impeachment proceedings.
6. I deny that I caused to be imprisoned for contempt, unjustly, any Confederate Veteran.
7. I deny that I am, or have been, hostile to the Confederate Veterans or pension for them, and assert that I have always been in favor of both.
8. I deny that I have endeavored to defend L. P. Shottor or the American Naval Stores Company in the commission of any frauds or fraudulent practices in making or selling turpentine or rosin.
9. I deny that I was or am responsible for the 4-cent rate on the Louisville and Nashville Railroad lines, or for its continuance.
10. I deny that I have been opposed to the Florida Railroad Commission. Upon the contrary, I favor both State and Interstate Railroad Commissions.

I can think of no other charge that has been made.

If any are made hereafter, it will be too late for me to answer them. Beware of any charge of argument made at the last minute. It cannot be true or it would have been made sooner.

I understand that there is being circulated, my letter of withdrawal, written last year, in such a way as to try to produce the impression that I have withdrawn from the present race. This is, of course, absolutely untrue. I am in this race to stay and to win.

COUNTY HAPPENINGS

A Budget of Interesting Items From Correspondents

THE EVENTS OF ORANGE COUNTY

Efficient Staff of Reporters Weekly Covers the Territory for The Herald

PAOLA POINTS

Special Correspondence to The Herald:

Weather here still continues warm and pleasant in spite of various cold blasts reported northward.

Mr. and Mrs. Thomas Kirk, of Steubenville, Ohio, are making a month's visit to Mrs. Elizabeth Bullock, at Island Lake.

Mrs. E. A. Curtiss accompanied by Mrs. Flitts of Sanford is spending several days among us.

Mr. and Mrs. Wheeler, of New London, Connecticut, were recent visitors in Paola.

Miss Clara Millen of Sanford spent Sunday in Paola the guest of Miss Mayme McLain.

The Bishop packing-house closed about the middle of the month, but all the oranges are not gone out of the neighborhood yet.

MOORE'S STATION

Special Correspondence to The Herald:

Mrs. J. O. Packard and children were out from Sanford spending Saturday with E. A. Gilbert and family.

Holmes & Hunt, the well men, put down a well 250 feet deep for J. C. Ellsworth in three days' time and got a full three inch flow. Mr. Butler was in charge of the work.

Everybody is expected to look like a back number when attending the tacky social given by the Moore's Station ladies at the school house Friday night.

Mr. Harris of Cameron avenue has gone to Kansas on a business trip.

Mr. McLellan spent Sunday in Geneva with his children.

Harry Ward of Sanford, accompanied by Geo. Chamberlin, Mr. Warner, Howard Powell and his father left on Monday for several days' duck hunting at Long Bluff on the St. John's, above Jacksonville. Mr. Powell, Sr., arrived here last week from Brooklyn, N. Y., to spend some time with his son.

The fishermen at Myres fish camp captured a six foot alligator last week. It was entangled in one of the seine nets.

OVIEDO AND LAKE CHARM

Special Correspondence to The Herald:

Mr. Whitcomb, a Real Estate Agent came to the Cushing House the latter part of last week with a party of five prospecting in this vicinity for land purchases. Mr. and Mrs. Wakefield of Illinois were of the party.

Mr. and Mrs. C. P. McIntyre and family have come to make a home at the McKenzie still. Mr. McIntyre will assist Mr. McKenzie in the commissary and the book-keeping.

W. B. McKenzie left Oviedo Saturday Jan. 21 with a view to locate elsewhere in Florida. He is considering St. Petersburg on the West Coast also Romeo near Gainesville.

Mr. and Mrs. B. G. Smith are entertaining Mr. Smith's parents, Mr. and Mrs. J. V. Smith from Mineral Bluff, Ga., also Mr. Smith's sister, Mrs. M. B. High, from Branson, Florida. Mr. and Mrs. J. V. Smith enjoyed a trip to Oviedo three years ago this winter and we are glad of their return this year for another visit. Mr. J. V. Smith has been Post Master in his home town with Mrs. Smith as assistant for thirteen years. Mr. and Mrs. B. G. Smith are entering upon their second year in the Postoffice at Oviedo.

Mrs. C. F. West of Lake Charm entertained the Ladies Club Friday evening January 20. It was the first time the members had enjoyed Mrs. West's hospitality since she came among us last October as a bonny bride from Tennessee. She proved herself a charming little hostess. Everybody had a pleasant time. Two Fridays of each month are devoted to Domestic Science. We had a very interesting program furnished on this occasion by Miss Helen Lawton, Mrs. Henry Yonge and Miss Francis Allison.

Mrs. Taylor of Geneva and Mrs. Dr. Heath, formerly of Geneva, now of Rochester, New York, were guests Sunday at Lake Charm of Mrs. Mary Wolcott.

Mrs. Rauleson and Miss Ida Jacobs came into Oviedo on the evening train Monday called home by the serious illness of their sister in Chuluote, Mrs. Sutton who has since died.

Mrs. Brannon is entertaining a council Miss Umphrey from Georgia.

Father Brennan of Sanford celebrated mass at the home of Mr. and Mrs. J. Leinhardt, Lake Charm, Friday and Saturday morning January 20th, and 21st, and

preached in the school house at Oviedo Friday evening.

Mrs. Mary E. Foster and party arrived at Lake Charm the latter part of last week. Mrs. Foster expresses herself pleased to be home again, and the Lake Charm and Oviedo friends are more than pleased to have her here and to see her pleasant cottage open. Since Dr. Foster's death ten years ago, Clifton Springs Sanitarium observes Jan. 15th as Founder's Day, in honor of Dr. Henry Foster who gave his life work to this great sanitarium in the central part of New York state. Soon after the observance of this memorial day Mrs. Foster every year turns southward to the home of loved and hallowed memories where she and Dr. Foster spent the winters of their married life. No name is so honored and revered in this community as that of Foster and there are abiding monuments in Oviedo and Lake Charm to Dr. and Mrs. Foster.

We are glad to welcome back to Lake Charm Dr. and Mrs. S. H. Adams of Clifton Springs, N. Y., who have for several winters been guests of Mrs. Foster in the parsonage here.

Miss Louise Manning Hodgkins, formerly Professor of English at Wellesley College, Mass. and Miss Marian Evans, Ph. D., dean formerly of Carrollton College, Northfield, Mass., arrived at Lake Charm last Tuesday evening to be guests of Mrs. Foster during the winter.

Mrs. Foster is entertaining for a brief visit Miss Boyce, head nurse at Clifton Springs Sanitarium, who came south to Mobile with a patient of the Sanitarium.

GREAT SALE OF LOTS

Bowman Realty Company Hold a Most Successful Sale

The Bowman Realty Co. of Lexington, Ky., carry off the palm when it comes to selling real estate. Of course the value of Sanford soil aided them materially but Mr. Bowman and his assistants, Messrs. Partridge and Taft and the inimitable Major Combs are hustlers in their line and it was primarily the "big noise" that brought out the crowds. For weeks past the people of this vicinity have been deluged with reading matter and other literature regarding the Celery Avenue Addition and the force of the arguments was so strong that these lots became an interrogation point and when the opening day came the street cars, hacks and automobiles were kept busy landing the people on the grounds.

The Celery Avenue Addition is well located on Sanford and Celery avenues and embraces part of the tiled land that formerly belonged to P. M. Elder. The growth of the city is southward and being on the car line this property is bound to advance.

The band, the balloons, the prizes and the natural desire of citizen and stranger to invest in something good made two days of the most successful real estate sale ever recorded in Sanford.

Over forty-seven lots were disposed of the first day, at prices ranging from \$150 to \$400 per lot, which denotes that city property in Sanford is going some.

We hope the Bowman Realty Co. will put on another sale during the season, for they wake up things generally.

The Wednesday Club

Mrs. L. R. Phillips has kindly invited the club to continue their meetings at her house during the month of February. This cordial invitation is certainly appreciated by the members, whose pleasure it will be to accept it with thanks.

"Experience is the best schoolmaster, but the school fees are heavy."—Coleridge.

The program for the afternoon, though short, was exceedingly interesting.

Owing to sickness in the family, Mrs. B. F. Whitner could not be present or prepare her paper on "The Labor System." Mrs. S. O. Chase read a very fine article on the subject and system of labor in use in the colonies and during the first centuries of American settlements, in Mrs. Whitner's stead.

II. "The Bacchic Gift." Mrs. May Dickins read a charming little legend, purporting to give the origin of tobacco, which one can hardly associate with the to some, noxious weed, tobacco. Mrs. Dickins' paper showed a great deal of care and research in its preparation and was very interesting.

"Drinking Tobacco" was read by Mrs. Barnes, as Mrs. Lake was not present, owing to another engagement. In the sense that we sometimes are said to quaff our pleasures from the flowing bowl of life, will the devotees only of tobacco understand and appreciate what "drinking tobacco" means.

Program for February 1st: "The Newspaper, the intellectual spring into which everybody dips his bucket whilst few thank the fountain for its supply."

"The Romance of Southern Journalism"—Miss Alice Tetherly.

I. John Esten Cook—Mrs. E. W. D. Dunn.

II. Phillip Pendleton Cook—Miss Clara Guild.

W. A. BLOUNT

Has Not Withdrawn From the Race for United States Senator.

There is being published in at least one Newspaper and by Circulars throughout the State, a copy of my letter of withdrawal from the Primaries of the spring of 1910.

This Copy in the Newspaper, and I understand in the Circulars, is published without the date (which was December the 23rd, 1909,) and would appear to be my reasons for withdrawing from the present contest.

The purpose of the publication at this time, in this manner is clearly to lead the voters to believe that I have withdrawn from this race and to induce my supporters either to stay away from the polls or to vote for Mr. Bryan.

It is, of course, not true that I have withdrawn or intend to withdraw, but I will be in the race throughout this primary.

This letter has been talked of by Mr. Bryan continuously for more than three months throughout this campaign and distributed by me throughout the State.

Why is it at this late hour printed and distributed in this manner and in this misleading way?

What does the Voter say as to this method of conducting a campaign?

THE LETTUCE CROP

Sanford Vegetable Growers Are Making Large Profits on Their Lettuce Crop This Season.

It is nothing unusual to hear of single acres that net from \$500 to \$1200 per acre. The other crops are bringing prices in proportion. The general outlook for Celery Delta Farmers are brighter this very minute than they have been for many seasons.

Now is the Time for You to Buy

One of our **Vegetable Farms** at \$150 an acre on our very easy system of payments. The increased profits as shown this season by the growers will have a great effect in increasing the price of land, and if you want to do business in the vegetable line in Florida,

You Had Better Purchase One of Our Farms

Before the price is increased by the natural development of this section and the attendant success of our growers.

Title Bond and Guarantee Company's

Farms are situated on original transportation, are well drained, the soil is excellent and the community is in a flourishing condition.

Fourteen Families Have Moved to Monroe

Since we put this division of Celery Farms on the market. We are building new houses every day, breaking new land and planting crops of various kinds. This will have the effect of making all the land in that section more valuable.

If You Are Interested

IN SANFORD—Life is Worth Living

SANFORD, FLORIDA, FRIDAY, FEBRUARY 3, 1911

Volume III

ALL AROUND FLORIDA

The General News of "The Land of Flowers."

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Under the title, "Plug for Florida", the Fruitman's Guide gives some good advice to the orange growers of this State. It points out the fact that no quarrels should be indulged in; but that on the contrary the growers should get together and educate the consumers up to the fact that Florida oranges are grown to eat and not to look at.

Bradentown is becoming civilized. The City Council of that municipality has passed an ordinance prohibiting cows from running at large on the streets.

Gilbert L. Leach has entered suit in the circuit court against Henry F. Curry of Bradentown to the amount of \$19,000 for injuries sustained by Leach when the elevator in the Curry building in Tampa fell from the top floor to the basement.

The twentieth annual convocation of the missionary district of Southern Florida concluded their session in Ocala Thursday night. The convocation next year will be held in Orlando.

The Cecilian Music Club

The patrons of the Cecilian Music Club enjoyed a programme of duets in the studio of Mrs. Fannie S. Munson last Saturday afternoon. The instrumental duets were given by the Misses Packard, Misses Margaret Davis, Lucca Chappell, Helen Rowland, Hoskins Jones, Renie Murrell, Charless Starling, Essie Purden, Kathleen Brady, Sadie Williams, Ruth Abbott, Adelaide Higgins, Maud Alice and Ada Wagner, Mrs. Munson. Miss Frank and Miss Bowler sang a fascinating Spanish duet. The club paper was given by Miss Mary Walker on the subject of the once famous violinist, Camillo Urso. Extracts from this paper are: Camillo Urso should be especially interesting to Americans as her first artistic performance was given in this country. She was born in Mantua, France, in 1845. Camillo Urso dedicated her heart to the violin when she was only six years old. Music was her first and truest education, for there were no literary schools for the child at that time. Camillo Urso was probably the first woman violinist to gain international or even local fame, for the very idea of a "girl fiddler" in her day was quite shocking to the neighbors. Her early training was rigid. We have all heard of her standing with one foot in a saucer in order to secure a light and graceful poise. She loved to go, to see the world, always happy. She was orderly to the last degree everything neatly labeled and tied. Madame Urso is remembered as a great artist, and it is good to recall her earliest concert work and efforts were encouraged and stimulated exclusively by the American public. A club chorus in charge of Miss Margaret Davis, concluded the program.

Will Plant Cantaloupes

J. E. Pace is preparing fifty acres of land for planting the famous Rocky Ford cantaloupes. This ought to prove a profitable crop for Sanford growers and Mr. Pace's yield will be watched with interest.

South Carolina Governor Here

Ex-Governor Ansell and Mrs. Ansell of South Carolina, were the distinguished guests of the Robbins Nest on Tuesday. They were enroute to points in South Florida and arrived in the City and left in quietly that few of our citizens were aware that royalty was in their midst.

Good Field of Lettuce

Delamater & Hilton the well known growers on Cameron Avenue cut \$1,170 worth of lettuce from three fourths of an acre of land. This is a remarkable showing demonstrates the possibilities of Sanford lands. These figures can be verified by the above named firm who make the statement voluntarily and have no land to sell.

SANFORD A CONVENTION CITY

Woodmen of the World Will Hold Annual Meeting here

Sanford has long been recognized as the very central city of the state especially since so many new towns have sprung up further down the peninsula. The water transportation and good railroad facilities make of this city an ideal meeting place for lodges, fraternities, etc.

The first gathering this year will be the Woodmen of the World as the following call would indicate: Col. T. W. Mitchell, general manager of the Woodmen of the World for Georgia and Florida, announces that he is just in receipt of official information, stating that the place of meeting of next head camp of Jurisdiction V, has been changed from Miami to Sanford.

Since the meeting of head camp in Tampa, two years ago a great deal of dissatisfaction has been expressed on account of the enormous expense of holding the convention at Miami, which indirectly comes out of each delegate, as the per diem would be less in proportion as mileage is greater. The officers of the head camp of Jurisdiction V, by unanimous vote, have decided to change the place of meeting to Sanford. Under section 145, page 65 of the constitution and by-laws the power is granted to "select such meeting place as will in their judgement be to the best interest of the head camp." The convention, therefore, will convene in Sanford, March 14, 1911, at 10 a. m.

Magneto deMont Passes Away After Lingering Illness

Magneto deMont died last Saturday afternoon after a lingering illness. Magneto had been ailing for several weeks and despite the efforts of Dr. Pilley the little darling passed away on First street of heart disease. Born in Jacksonville several years ago Magneto was brought to Sanford and lived with Frank Powers for some time, afterward being adopted by Joe deMont who lavished all the love and affection and dollars upon it that big-hearted Joe could do, but the child could not stay with us any longer. The strenuous life was too much for Magneto and it was tenderly laid away in the rear of Keely's Garage last Sunday. Joe has the sympathy of his many friends but bears up bravely, being greatly comforted by the thought that Magneto II has been ordered from Jacksonville.

Good Automobile Record.

Capt. K. R. Murrell Res. Manager, and Geo. J. Luce Jr. Sales Manager of the H. Woods Company left Sanford last Wednesday morning for Dupont, Fla., at 7:05. Spending an hour at Dupont and returning to Sanford same day. The distance is considerable over 100 miles over the usual tropical Florida country roads, making about 240 miles in the day. On the trip going DeLand was reached 9:35 a. m., Daytona, 10:40; Ormond, 11:30; Dupont, 12:50. Returning, left Dupont 1:50 Daytona, 3:45 p. m. spending couple hours there; DeLand, 5 p. m., one hour there; Enterprise 6:10 p. m., would have reached Sanford 7:30 easy but for spending three and half hours between Enterprise and Osteen assisting a brother automobileist who had the misfortune of getting off the road and down in the ditch. The trip was made in an E. M. F. 30 and never missed a spark or failed when called on.

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

The mysterious disappearance of the young heiress, Miss Dorothy Arnold, from her father's home, in New York has caused a nation-wide sensation.

Her father, Francis R. Arnold, perfume importer, has spent thousands of dollars searching for her since she was last seen on Monday, December 12th. A reward of \$1,000 is now offered by the father for the first accurate news of Miss Arnold's present abode or information leading thereto.

Twenty natives were drowned in a tidal-wave that accompanied a volcanic eruption in the Philippines. All towns within a radius of twenty miles of the mountain were damaged by a shower of mud and stones, and the eruptions are continuing with great force. Thousands of natives have abandoned their village homes and are seeking refuge in the surrounding hills, which alone offer protection from the downfall of lava and cinders.

Jacob McGavock Dickinson, secretary of war, is receiving the congratulations of his associates and friends upon attaining his sixtieth birthday. General Dickinson is a native of Mississippi, but now resides in Nashville, Tenn. He is a Confederate veteran and a democrat. He resigned as general counsel of the Illinois Central to take a place in the Taft cabinet. From 1895 to 1897 he was assistant attorney general of the United States.

The lure of gold and glory is proving to strong for another of the great champions who had dropped from the lime-light in the world of sport, and announced his voluntary retirement from the hazardous motor racing game. The last of these past masters who will try to "come back" is Louis Chevrolet, the famous Franco-Swiss pilot of racing automobiles, who has, until recently, held the road race record of America, and who sprang into sudden fame by winning the Cobe trophy over the Crown Point course in Indiana in the 1909 season.

The opportunities for profit which the raising of alfalfa offers the farmers of the Southeast is indicated by letters received by the Land and Industrial Department of the Southern Railway showing increased interest in the production of alfalfa and highly profitable results in widely separated districts.

Honor For Dr. Delamater

Dr. Delamater has just received word from Washington that he has been made a member of the American Geographical Society. Dr. Delamater is the author of many articles of scientific research and has gained renown among the learned people of Chicago, New York, Washington, Boston and other cities. Some of his articles have gained him the high honor of being elected a member of this famous society and his many Sanford friends are congratulating him today.
