

New Post Formed In State To Aid TB Fight

JACKSONVILLE, Sept. 4, (Special)—To demonstrate that greater work will benefit TB patients and their families as well as the average citizen, a new position has been created in Florida.

The position, that of tuberculosis program coordinator for Florida, was announced today by Dr. M. Sharp, director, Bureau of Tuberculosis Control of the State Board of Health, who termed it a move to give Floridians "more efficient, economical protection against tuberculosis. Mrs. Ramona D. Masury, Jacksonville, has been named to the post.

The tuberculosis coordinator will be jointly employed by the State Tuberculosis Board, the Bureau of Tuberculosis Control and the Florida Tuberculosis and Health Association. Dr. Sharp said, and will work to link together the activities of the three separate agencies. State Tuberculosis Board support will come from an administrative fund prohibited by law from use of sanatoria operation.

The mass X-ray programs of the State Board of Health, the sanatoria directed by the State Tuberculosis Board and the married program of the Florida Tuberculosis and Health Association are "three parts of one program—Florida's plan to eradicate TB," according to Dr. Sharp.

"We'll all work more efficiently, and accomplish more, with closer coordination than has been possible in the past," he said.

The new position is slated to continue for one year as a demonstration, after which results will be evaluated and a permanent status determined.

Mrs. Masury will begin work Sept. 2, reporting first to Bay County to aid in plans for the mass X-ray survey scheduled to begin there the following month.

Realtors Charge

(Continued from Page One) the Sherman anti-trust law. The criminal indictment of the two organizations followed an order by Attorney General Tom Clark for the Justice Department's anti-trust division to track down and prosecute any conspir-

Red Tide

(Continued from Page One) St. Petersburg, and Mayor George Carpenter, of Pass-a-Grille. Potter told a group of federal officials that "at present there are very few dead fish in the Gulf" but that there is "an active red tide area eight miles off Pass-a-Grille."

Potter said there is "no way areas might develop and thousands of tons of fish be washed ashore." Elmer Higgins, chief of fishery not yet determined the cause of biology for the Department of Interior, said that experts have agreed that discoloration of the water results from an extraordinary amount of gymnodinium (minute plant-like growth). Similar growths have caused "red snow" in some northern areas.

He agreed with the Florida spokesman that red tides give off an irritating gas, which causes sneezing and coughing, and that agencies to maintain or boost the prices of food, clothing and housing.

While the indictment dealt only with charges of restraint of trade in Washington, there have been implications that transactions are being studied in other states and cities across the country.

Maximum penalty is a \$5,000 fine against each organization if convicted. It charges that the code of ethics of the national association requires each member of each local real estate board, numbering about 900 in as many cities, to observe the commission schedule set by the local board.

"On Feb. 10, 1945, the indictment charges, the Washington board revised its schedule and "substantially increased" commission rates to be charged by members for sale, leases, exchanges and management of real estate.

Illustrating this "substantial increase," the indictment says that the fee on sales went up from 5 percent on the first \$5,000 of sale prices and 3 percent on the remainder to 5 percent on the first \$50,000 and 3 percent on the rest.

some homes are being discolored because of sulphur dioxide given off by the decomposing fish.

L. M. Fisher and Carl E. Schwob, representing the Public Health Service, said they were advised by the agency's field staff and Florida State health officials that there is no serious health menace existing because of the red tide.

Potter said, however, that if new red tides develop the dead fish will have to be hauled from the beaches "because we don't dare bury any of them there."

Merle Colby, an aide to John Steelman, assistant to the President, sat in on today's conference, as did R. R. McGuire and A. D. Morrill, of the Federal Works Agency and Arthur G. Eaton, of the War Assets Administration. Senators Pepper and Holland, Florida Democrats, and Rep. Peterson (D-Fla.) were represented.

James said his department could do little more than it is now doing in the way of investigation until it receives a congressional appropriation.

Potter said he is particularly interested in having the Fish and Wildlife Service send an investigator to Florida immediately to survey Gulf Coast waters because "we want to get it clear in the minds of the country there is no danger." He said many winter visitors have dropped cancelling reservations because of the red tide.

"We lost the summer business," Potter said, "and we don't want to lose the winter business. The red tide reports have hurt all Florida, although only a small portion of the state is directly affected."

Railroads Indicted

(Continued from Page One) steel and aluminum airplane landing mats, and other items.

The complaint concerning charges for explosives and ammunition movements contends that "the magnitude of the shipments of explosives and the successful safety measures placed in effect by the armed services, and other favorite transportation characteristics, entitled the government to rates much lower than those imposed by the railroads."

Attorney General Clark asserted in a statement that repeated efforts were made by the armed services during the war to obtain a more favorable rate, and that the railroads refused to make a lower rate.

"Our investigation indicates that high explosives and ammunition traffic was most profitable to the railroads," Clark said. "In view of the importance of these shipments, all unreasonably high rates and profits should be recovered for the people."

This government action came for the railroads fast on the heels of an arbitration board's award of a 15 1/2 cents an hour wage increase for railroad workers who are members of the 17 so-called non-operating railroad brotherhoods. These are the employees who do not run trains.

Railroad officials have estimated the wage boost will cost \$438,000,000 a year.

The non-operating brotherhoods represent about three-fourths of railroad workers. A proposed wage adjustment and rules changes for workers in the operating end of the business is still pending.

The railroads are now asking the ICC for authority to make a new upward revision in freight

rates approximately 16.7 percent. They contend this increase is necessary to meet mounting operating costs. The petition for the freight increases, filed last July, said that if further wage boosts occurred "an amended petition would be necessary."

Traffic executives and attorneys for the major railroads were holding conferences here today to determine what steps should be taken in the light of the award to the non-operating employees.

Available information on the sessions indicated that two courses of action were under consideration:

1. An immediate amended petition to ICC for further freight increases to cover the new wage adjustments;

2. A plea to the commission for expedited handling of the pending petition for increases, which comes up for first hearing next Tuesday.

Florida Schools

(Continued from Page One) negro schools in the Everglades area operate on split term of four and one-half months so children may help pick bean crops.

The 1947 legislature doubled the State's contribution to the schools and this year for the first time counties will receive State money for current expenses and construction and repairs.

Checks totaling about \$5,000,000 were mailed out last week for the first two months of the term.

Last year the total contribution was only \$18,000,000.

Funds for capital outlay were not included in the first distribution, but will be mailed as soon as budgets are checked to show that county matching funds are provided.

Vets Warned By VA About Overpayments

Thousands Face Loss Of Training Benefits Unless Satisfactory Refunds Are Made

ATLANTA, Sept. 5 (AP)—The Veterans Administration announced today that thousands of veterans in the Southeast face loss of educational and training benefits unless satisfactory arrangements are made to refund to the government overpayments in subsistence allowances.

These overpayments on Sept. 1 totaled approximately \$7,000,000.

The Veterans Administration says overpayments were caused principally by failure of its disbursing office to receive notice that the veteran had dropped from a training status. Some delays occurred within the Veterans Administration itself, but mainly they were due to failure of the VA to receive notice.

To restore their educational or training benefits, veterans who have received overpayments must make restitution in a lump sum or arrange to have the money taken from future subsistence checks.

The number of overpayments and the money still due the government in the southeastern states on Sept. 1 follows (the VA explained that the number of overpayments does not indicate the number of veterans who owe the government since one veteran may have received several payments):

South Carolina, 4,203 and \$274,648; Georgia, 17,030 and \$1,846,089; Alabama, 15,842 and \$1,214,111.

(Continued on Page 2)

French Premier Is Given Fifth Confidence Vote

PARIS, Sept. 5 (AP)—Premier Paul Ramadier won a vote of confidence today in the National Assembly, which also approved the government's program of subsidies for the coal industry by a margin of 50 votes.

The vote was 292 for the motion of confidence, 243 against. It was the fifth vote of confidence Ramadier has received since becoming premier in January.

The Communists and a sprinkling of Rightist and Centrist deputies formed the opposition to the measure, which authorized the government to grant 4,550,000,000 francs (\$38,500,000) in subsidies to hold down prices in the coal industry.

Although the threat of a government crisis was thus eased, labor still was agitating politically against the soaring cost of living.

But union leaders were far from content with the recent cut in the bread ration, skyrocketing food prices, and official statistics putting living costs ten times higher than in 1938.

So they called a one hour halt in Paris bus and subway service this afternoon. Postoffices will close two hours early and remain shut until tomorrow morning.

Creators of national committees, most of them disabled veterans, also were on strike for higher pay.

Ramadier's apparent political victory came after his own party voted to support him in the confidence balloting, which the premier had posed on his request for \$38,500,000 in government subsidies for the coal industry.

When Leftwing factionists swung to his support at a five-hour party war council last night, Ramadier could count himself in for Foreign Minister Georges Bidault's FRP party had previously pledged its backing.

The threat of a cabinet crisis loomed for a time when Left Wing Socialists, led by Deputy Guy Mollet, threatened to withdraw their support of Ramadier unless the premier pledged a sterner government control of commerce, business and industry.

Last night the parliamentary group of the Socialist Party declined after a five-hour session to support Ramadier on the vote of confidence.

The assembly Tuesday night beat down Ramadier's demand for a \$38,500,000 steel price subsidy and the premier immediately determined to peg his coal subsidy demands to a vote of confidence. He contends that without subsidies coal prices will rise and be followed by general price increases of 15 percent in all industries. The effect in the end, he said, would be a runaway inflation.

General Calls For Air Force Of 400,000 Men

Items Necessary To Defense Outlined At VFW Convention

CLEVELAND, Sept. 5 (AP)—The commanding general of the U. S. air defenses command called today for a regular air force, "ready for battle of 10,000 modern aircraft and 400,000 trained men."

A standing air corps of that size is necessary, said Lieut. General George E. Stratemyer, to provide the nation strategic air power second to none and "to insure a lasting peace."

In a prepared address before the 48th encampment of the Veterans of Foreign Wars, now in its second day, the military leader declared:

"We must, as soon as possible, have a regular air force ready for battle, comprised of 10,000 up-to-the-minute aircraft and 400,000 trained men to adequately man, equip and administer a 70 group program."

"We must also have a strong air reserve and air national guard, highly trained and equipped with reasonably modern aircraft to augment our regular striking force."

Calling a "second best air force like a second best poker hand, you're better off without it," the general listed these other items he considered necessary to national defense:

1. "A healthy aircraft industry instead of the withered vine now producing less than its 1939 pre-war output."

2. A vigorous program of aeronautical research and development.

3. A "superlative" civil aviation system.

4. A set of blueprints governing industrial planning and mobilization for any emergency "and against any attempt to catch us off guard with a worse Pearl Harbor."

5. Heavy appropriations for air power.

6. Popular support of air force. (Continued on Page 2)

Round World Fliers Take Off For Rome

PARIS, Sept. 5 (AP)—George W. Truman, 39, of Los Angeles and Clifford V. Evans, 25, of Washington, resuming a round-the-world flight in two light (Cub) planes, took off for Rome at 10:50 A. M. (5:50 A. M. Eastern Standard Time) today.

They said they would make a refueling stop at Marseille and hoped to reach the Italian capital at 6:30 P. M. (1:30 P. M. Eastern Standard Time).

During a two-day stopover here, the fliers told the Aero Club of France that they were considering asking permission to land on a United States aircraft carrier if conditions made such a move advisable.

Population Of State Prison Is Increasing

TALLAHASSEE Fla., Sept. 5 (AP)—Florida's State prison population is gradually climbing back to its pre-war peak.

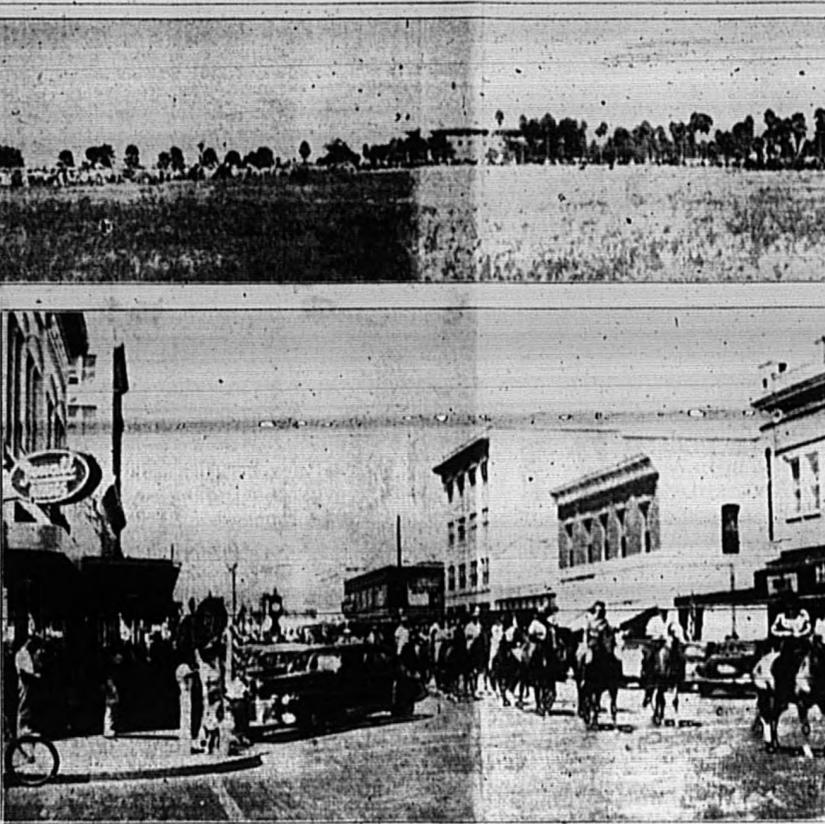

The state prison division at the beginning of last month reported a total of 2,500 convicts in the prison at Raiford and the various work camps, compared with the peak population of 2,750 at the end of 1939 and a wartime low of 2,372 in August, 1945.

There are more white women in prison than ever, and the percentage of white men among the inmates is greater than it was before the war.

TENNIS POSTPONED

NEW YORK, Sept. 5 (AP)—Rain forced postponement of the opening matches of the National Tennis Championships at Forest Hills today. The tournament will start tomorrow, weather permitting, with the same schedule of matches.

THOUSANDS TURN OUT FOR LABOR DAY CELEBRATION.

More than 85 cow ponies and saddle horses and their riders participated in the parade of the Dusty Boots and Saddle Club through downtown Sanford last Monday morning in preparation for the horse races and tournament held that afternoon. The top photograph shows the east end of Fort Mellon Park with thousands of people lined up on both sides and the Mayfair Inn in the background as the horse races were getting under way.

Railway Express Strike Is Avoided By Wage Increase

Walkout Of Railroad Workers Cuts U. S. Steel Production

WASHINGTON, Sept. 5 (AP)—George Harrison, president of the AFL Brotherhood of Railway Clerks, announced today the Railway Express Agency has agreed to a 15 1/2 cents hourly wage increase for 65,000 employees.

The boost, effective as of Sept. 1, is the same increase given earlier this week to approximately 1,000,000 railroad workers under an arbitration award.

Harrison said the agreement averts a threatened strike, which had been voted to enforce demands for the wage hike.

Jewish Underground Groups Stage Fight

JERUSALEM, Sept. 5 (AP)—Members of Hagana, underground Jewish defense organization, battled in the streets of all-Jewish Tel Aviv today with members of the Jewish underground Irgun Zvai Leumi. Ten persons were injured, two of them seriously enough to be hospitalized.

The clash occurred when the Hagana group, whose organization has vowed to fight Holy Land terrorism, tore down posters from the walls of buildings along Dizengoff Street and Petah Tikva Road. Irgunists, whose organization has claimed responsibility for recent Palestinian violence, gave battle.

Tel Aviv police reported, meanwhile, that a group of Jewish Jews claiming to represent the Stern gang, a small Jewish underground unit, had delivered an ultimatum personally to 10 Jewish officials of the Palestine police department to resign within 48 hours or face drastic consequences. Special guards were assigned immediately to the 10 officials. Police described the couple as Yemenite Jews.

Vandenberg Discounts Need For Special Session Of Congress

WASHINGTON, Sept. 5 (AP)—Senator Vandenberg (R-Mich.) said today he sees no need for a special session of Congress on the European economic crisis. He added that the decision, however, is up to President Truman.

Vandenberg said the administration should provide Congress members with a concrete program for international aid and left to President Truman the decision whether a special session is necessary this fall.

Vandenberg, who is chairman of the Senate Foreign Relations Committee, told reporters:

"There is no congressional disposition to dodge any emergency which the president may identify as simply suggesting this event (calling a special session) depends upon presidential initiative after adequate information."

As Vandenberg held his first news conference since returning from the Inter-American Security Conference in Brazil, veteran Senator Hatch (D-NM.) issued a statement saying a large number of international and domestic problems "all demand that Congress should return to work early this fall."

Hatch, also a member of the Senate Foreign Relations Committee, spoke just before departing by plane for Europe with other senators and representatives to study the effectiveness of the State Department's cultural and information program, including the Voice of America broadcasts.

"For our part, the sooner we reconvene the better, especially as concerns any proposed relief for Europe," Hatch said. He pointed out that Secretary of State Marshall has compared European economic conditions to a "patient" growing steadily worse while the physicians argue about the proper treatment.

On Wednesday, Undersecretary of State Robert Loyett told reporters the European situation may demand United States help. (Continued on Page 2)

Sanford Skeet Club To Include Rifle Shooting As Well As Pistol, Skeet

Andrew Cawaway, R. T. Patrick, G. E. McCall and W. A. Adams led for first place with 12 out of a possible 16 birds in the regular weekly skeet shoot at the Sanford Skeet Club's range at the Municipal Airport yesterday afternoon. Cawaway won the shootoff. James Webb led the pistol shooters with 295 out of 300.

Urging other interested citizens to come out and enjoy the fun, Cawaway said today that facilities are being prepared at the range for rifle shooting as well as pistol and skeet shooting and that matches will be held every Thursday afternoon from 3:00 to 6:00 o'clock.

The following scores were made on the abbreviated skeet targets of 16 birds.

Name	Score
Andrew Cawaway	12x16
R. T. Patrick	12

Jaycees May Use Court Action To Get Re-districting

Selection Of Route For Road 46 Left To Road Department

The Seminole County Junior Chamber of Commerce unanimously voted approval to a motion by Jack Ragan that in the event the Seminole County Commission has not taken action within 30 days on re-districting the county, Commissioners' districts, the Jaycees take the matter into court.

This decision was reached at the regular meeting at the Mayfair Inn last night.

Kay Shoemaker, Jaycee representative to the Boy's State in Tallahassee, reported on the conclusion of the State Road Department, requesting that the Department give the cross-state highway its immediate attention, since the city and county officials have left the selection of the route entirely up to the State Road Department.

New by-laws for the organization will be ratified at the Sept. 25 meeting, it was stated. Raymond and John Kader were introduced to the group as guests.

Ching Pledges Self In Work For Peace

WASHINGTON, Sept. 5 (AP)—Cyrus S. Ching, the government's new top labor peace-maker, took over his duties today with a pledge to work for enduring labor peace.

A youthful-looking man even though 71 years of age, Ching received his oath of office as director of the new Federal Mediation and Conciliation Service and then told newsmen:

"There will be no miracles. The attempt to build better labor management relations is a long, slow process but we hope to make a real contribution."

DR. ALLEN ILL

JACKSONVILLE, Sept. 5 (AP)—Riverside Hospital attaches today said Dr. W. S. Allen, president of Stetson University, had been admitted Aug. 24 for observation and diagnosis but that nothing conclusive had been determined.

The hospital said he was not badly ill but that he had entered for a check-up. Specific reason for his going into the hospital, other than this, was not given.

MISS WOOLLEY DIES

WESTPORT, N. Y., Sept. 5 (AP)—Miss Mary E. Woolley, retired president of Mount Holyoke College and internationally known worker for world peace, died today. She was 84. Miss Woolley, who headed the Women's College at South Hadley, Mass., from 1907 to 1937, had been ill since September, 1944, when she suffered a cerebral hemorrhage.

Judge Ware Will Be Given Hike In Yearly Salary

Watson Rules Raise In Pay Would Exclude Docket Fee

R. W. Ware, judge of the County Court, rendered to the Seminole County Commissioners at their meeting yesterday a bill for an increase of salary to \$1,200 which would have been an addition to a docket fee of \$3 on each case. The board held the matter up until the law and ruling could be studied.

Attorney General Tom Watson of the State of Florida and Lloyd F. Boyle, attorney for the board, were quoted in an opinion that the salary would exclude the docket fee.

The board directed the Clerk of the Court to audit the docket fees paid to R. W. Ware, beginning when Seminole County grew into this law on account of the population increase and to render a bill to Judge Ware for amounts paid to him in addition to the \$1,200 salary. This does not affect any fees that Judge Ware receives as County Judge of Pro...

McNulty Reports On Convention Of National Lions

H. H. McNulty of Melbourne, international director of Lions International and a member of the American Flag Guards Association, brought greetings from the Melbourne Club to Sanford Lions, reported on the recent international convention in San Francisco, and commended the work of the local Lions Club in their program of placing American flags in public school rooms.

He said that 150 Floridians attended the San Francisco convention from Florida, while more than 8,000 were there from all parts of the United States. He advised that the Florida delegation presented the convention with a card made from a part of the old White House when it was torn down in 1891.

There were four main points stressed at the convention, he said:

1. Universal military training.
2. Danger of Communism.
3. Better pay for school teachers.
4. Reforestation of national forests.

King, Lion W. O. Livingston (Continued on Page 2)

Dunfield Expected To Be Named To Post

WASHINGTON, Sept. 5 (AP)—The Evening Star says Admiral Louis E. Dunfield is expected to be named chief of staff to President Truman and Admiral Dewitt C. (Duke) Ramsey chief of naval operations this month.

The appointments, the newspaper says, are expected to be announced shortly after President Truman returns from South America and James Forrestal, now Secretary of the Navy, takes the oath of office as the new Secretary of Defense.

Admiral Dunfield, 64, would replace Admiral of the Fleet William D. Leahy, 72, who has been chief of staff to the commander in chief of the Army and Navy during both the Roosevelt and Truman administrations.

Dunfield, a native of Westboro, Mass., and a graduate of the Naval Academy in the class of 1912, is now commander in chief of the Pacific fleet.

Admiral Ramsey, 59, would replace Admiral of the Fleet Chester W. Nimitz, who will be 63 next February.

Ramsey, a native of Whipple Barracks, Ariz., and a 1912 graduate of the Naval Academy, is now vice chief of naval operations.

Truman Cites Great Trust Of U.S.-Brazil

Co-operation Between 2 Nations Called Vital In Talk To Brazilian Congress

RIO DE JANEIRO, Sept. 5 (AP)—President Truman told the Brazilian Congress today he is confident that "Brazil and the United States will be faithful to a great trust on which depend the lives and liberty of so many millions of disillusioned and discouraged people."

Mr. Truman called attention to the fact that the two largest nations of the Western Hemisphere "have been spared the wanton destruction and dislocation" brought about by war.

"We are in a period in which Brazil and the United States must continue to cooperate with their sister nations of the Western Hemisphere in the development of a strong and concerted force for the good of mankind," he said.

The speech, upon which the President has spent the better part of the last two days, was his second formal address on Brazilian soil. He addressed the closing session of the Inter-American Hemisphere Defense Conference at Guanabara Tuesday.

Asserting the "problems of peace still lie ahead of us," and are more difficult than we could have anticipated," Mr. Truman proclaimed anew the United States determination that the United Nations must be made to succeed despite the difficulties that have so far beset its development.

"The United Nations is not a good idea," he said in a permanent party "temporary" speech. Mr. Truman spoke a partnership among the peoples of the world for their common peace and common well-being.

"The difficulties that we have encountered in this early phase of the United Nations have not discouraged us."

"On the contrary they have increased our determination that it shall succeed."

"The United States is resolved to support the United Nations with all the resources at our command."

He declared that the achievement of the purpose of an effective U. N. organization "will take time." (Continued on Page 2)

Action Planned To Halt Removal Of Jewish Children

LONDON, Sept. 5 (AP)—A Foreign Office spokesman said today the United Kingdom would take a new international action to stem what he called the "inhuman" movement of Jewish children from Europe to Palestine.

The same source said two more ships believed bound for Palestine with unauthorized Jewish immigrants were being watched. These were the Northland, moving east off North Africa, and the Paducah, which was reported at the Bulgarian Black Sea port of Varna.

The Foreign Office spokesman made his comments while three British transports were approaching Hamburg, Germany, with 1,400 Jewish children from the S. S. Exodus 1947 of Palestine.

"It is contended that the parents in Hungary of 13 of the children aboard the transports had asked the British to aid in repatriating them. The spokesman said all 13 boys and one girl had been placed aboard the Exodus 1947 without prior consent of their parents."

The spokesman declared "this inhuman traffic in young children" was the responsibility of the Hasemair Hagan, described as a Marxist-Jewish youth body.

"It is true that the Hasemair Hagan may have been created originally to save Jewish children from the perils of Nazism," the spokesman said.

There is reason to believe, he continued, that as many as 200 of the 700 children who had been shipped "without knowledge of their parents."

The Northland and Paducah sailed originally from Bayona, France, he said, with crews of English-speaking Jews bearing the B. passports.

EMERGENCY PROGRAM
BERLIN, Sept. 5 (AP)—British and American occupation authorities announced today an emergency transport program to bring in this year's harvest. They gave German provincial governments in the rural areas power to requisition supplies and any transport vehicles not being used for essential purposes.

FRIDAY, SEPT. 5, 1947

BIBLE VERSE FOR TODAY: IF WE DO NOT PRACTICE OUR RELIGION IT IS JUST IDEAL SPECULATION. - James 2:17: Even so faith, if it hath not works is dead.

Up in Georgia a 21 year old girl turns up with six husbands in six years. If she collected subsistence from all of them, we wonder if she paid her income tax.

We see where Doris Duke has married again, an item of news which might not have made the society pages if it had not been for that \$50,000,000 she inherited from the tobacco rich father.

Judge Sebring will not run for governor of Florida next year; Senator Shands will. That is the latest dope and it comes from no less authorities on the subject than these gentlemen themselves. We are sorry Judge Sebring is not going to run. He would make a great governor. But Senator Shands has great ability himself.

Typical of today's confusion. One news story yesterday told of the soaring prices on meats and grain and the danger to our national economy therefrom, possibly presaging a disastrous inflation; while another describes the probable effect of a decline in exports due to dollar shortages abroad and the consequent overproduction in this country, resulting in a depression. Well, it seems to us that if both stories are true, a little less export business might result in a little less danger of inflation. Of course, that's just a horseback opinion.

Foreign Minister Ernest Bevin tells the British Trades Union Congress that the United States should in all decency dig up its gold 'hoard' at Fort Knox, Kentucky, and divide with the rest of the world. That is an old Socialist trick, but the funny thing is, it always works. First, they convince you that gold has no value, that you should abandon the gold standard, demonize the metal and bury it all in the ground, in order to solve the world's problems. Then they tell you you should dig it up again and divide with them. Since you have previously been convinced that it has no value anyway, you are perfectly willing to give them half of it, or all of it, if they insist. Then they have your gold and you don't have any and the next day you wonder how it happened.

James F. O'Neil, the new commander of the American Legion, says that "Communism is like an iceberg, nine tenths submerged." That is one of the best descriptions of Communism we have ever heard. We don't have to worry about active Communists in this country who will stand up and be counted. There just aren't enough of them. But we do have to worry about disillusioned, disgruntled, confused and frustrated people who no matter how well off they are, will never seem to be satisfied or to recognize that they have everything in the world to be happy about, whether they are happy or not, and that if there is any trouble anywhere, the trouble is with them, and not the system under which they live. Such people are always speculating on how much happier they would be if they lived in Orlando instead of Sanford, if they had married Bill instead of John, if the Republicans were in power instead of the Democrats, if we had a communistic dictatorship instead of a democracy. From people like that comes the threat of Communism in this country, for there are a lot of them.

New Gain For Freedom

Schools in the Tyrol are allowed to use German again. This German-speaking region was assigned to Italy by the Paris peace conference of 1919. Mussolini, following his usual notion that a government cannot be strong unless it is tyrannical, abolished the use of German in schools and public offices. He thought to turn the Tyrolese into Italians by arbitrary laws and plenty of police. Now his regulations have been abolished, and Tyrol may again use its language freely.

Ex-Secretary of State James F. Byrnes deserves the credit for this gain for freedom. He promoted a trade between Italy and Austria whereby the Tyrol was to remain Italian, but the German population should have complete equality of rights.

Mr. Byrnes was wise in remembering that of all tyrannical acts one causes more bitterness than all the rest. When a government forbids the use of the language which has been spoken in a country for centuries, it has sown the seed of revolution.

When Delegates Bolt

There are rifts among both Republicans and Democrats, but neither party expects to see in 1948 the most dramatic spectacle a national convention can witness. It is really something when a group of delegates solemnly rises and announces that their principles do not permit them to take further part.

The last time that happened was in 1896 when the Republican adoption of a gold plank forced the withdrawal of 34 free-silver delegates, including four senators and two congressmen. All were from the Rocky Mountain states, and their withdrawal presaged that the G.O.P. would have slim pickings in that area in the fall. So it proved, though, as it happened, the party gains elsewhere made up for it.

Sometimes delegates do not leave, but sit in quiescent silence. So did the gold men in the Democratic silver-dominated convention of 1896. And in 1912 the followers of Theodore Roosevelt refused to take part after it became plain that the convention was controlled by the friends of President Taft. Both abstentions were followed later by bolts and party defeat.

In view of the uncertain factors in 1948, both parties will move heaven and earth to keep dissatisfied delegates at least nominally in line. An open bolt might well be ruinous.

Unknown Monster

What the sea-serpent is to American newspaper readers looking for summer sensations, the Loch Ness monster is to the British. He has reappeared again, causing Inverness University biologists to erect an observation tower to follow his movements.

Though the monster has had an adequate press agent only for the last dozen years, he has been seen occasionally for three quarters of a century, some say as far back as the 15th century. Loch Ness is a Scottish lake 22 miles long and nearly two miles wide at its broadest point, the largest fresh water lake in the British Isles. It is connected with the sea by a lock canal and by the River Ness, into which it empties. From time to time glimpses have been caught of a strange creature, perhaps 45 feet long, with a long neck and humps or arches in its back. Once or twice it has been seen on shore - so they say.

A study by a retired British naval commander, Rupert T. Gould, who had previously written on sea-serpents, decided that it resembled no known living creature. It was like a dinosaur, but the last of this tribe disappeared millions of years before man came. Apparently it is some unknown sea animal which found its way into the Loch and likes it there.

At least it takes the minds of the British off their other troubles.

Unwise Economy

St. Petersburg Independent

The U. S. Treasury, in a routine announcement of its activities, states that it has collected at the end of the last fiscal year the tidy sum of \$1,978,000,000 in unpaid taxes and penalties. More money by far than the total annual amount cost of federal government in 1916, which was \$734,056,202. Most of this cash was separated from fancy chiselers who sought to defraud both Uncle Sam and the honest taxpayers who support the burden of government. Hard work and long hours by the civil servants of the Bureau of Internal Revenue collected close to billions which otherwise would have helped spiral the flood of hot money in our economy, the damage which this could have on accelerating the total price spiral. So ruinous to retired people on fixed incomes - needs little underscoring for St. Petersburg readers.

That this laudation has to be followed by a sorry notation. A congressional economy last spring slashed \$20,000,000 from the Internal Revenue's budget, which presumably means that about 5,000 tax-collecting agents will have to be erased from the roster - even though they actually bring in many times the amount they received for salaries and expenses.

We thought that this was a preposterous congressional economy; and the latest figures of the U. S. treasury confirm our earlier views. The Madison (Wis.) Progressive estimates that 5,000 agents would bring in \$400,000,000 from tax evaders in one year, or about 2000 percent more than the money saved by firing them.

We would not, however, wish to leave the impression that all cuts in personnel in federal agencies in Washington and elsewhere are unwise. The case differs in specific instances; there is probably a good deal of justification for the Republican charge that many agencies are overstaffed, and that federal employees often indulge in pressure politics in a manner contrary to the letter and spirit of non-political activity provisions affecting the employees of Uncle Sam.

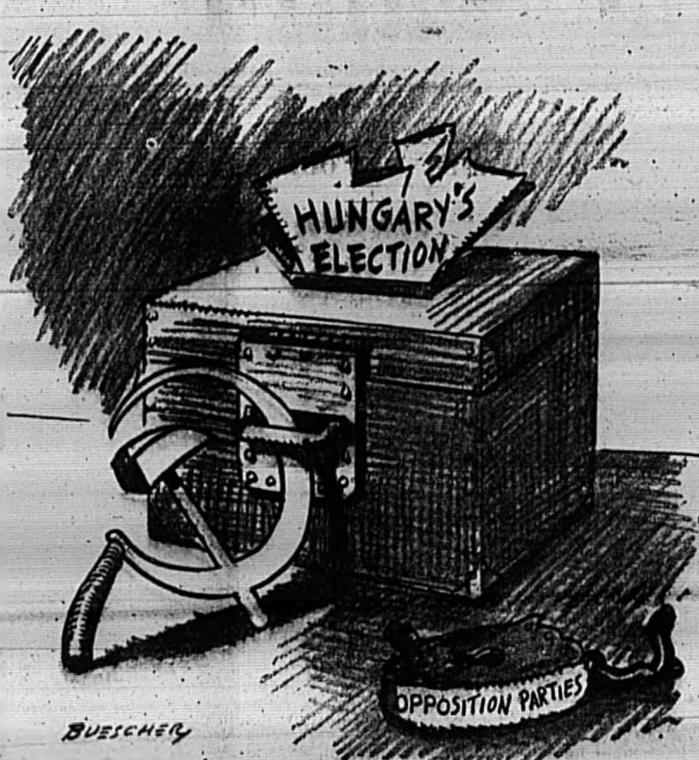

Feather Bedding

Washington Teasater

What is "feather bedding"? If you believe the daily press, it is the daily and universal practice of all labor unions. That isn't true, of course, but constant propaganda in the papers makes some people believe that it is true. We have seen considerable publicity about railroad "feather bedding" in recent weeks, especially since the rail unions have asked for a new agreement. Well, this is a brief summary of what the railroad men want:

The railroad workers want a national pay schedule. At present the pay on western lines is somewhat less than on eastern lines. They want pay for all time worked on commuter trains instead of eight hours' pay for a ten-hour day. They want overtime rates for extra yard men who sometimes are required to work sixteen hours daily at straight time. They want pay for train delays since train service men work on a mileage rate they do not get paid for long waits caused by management. They are asking for sick leave pay. They also want the roads forced to comply with national safety precautions by limiting the length of both

U Of F Graduation

Scheduled For Friday

GAINESVILLE, Sept. 5. - Dr. F. W. Kokomo, professor of Mathematics at the University of Florida, will deliver the Commencement address to 242 candidates for degrees at exercises here tonight in the University auditorium. Featuring a full academic procession, the exercises are scheduled for 8 o'clock. One of the largest summer session graduating classes in the history of the University, candidates will receive 171 bachelors degrees, 60 masters, 20 law de-

grees, and one Ph.D. degree.

Dr. H. H. Home, acting president, will preside and confer the degrees. Rev. R. C. Holmes, pastor of the First Methodist Church, will give the invocation and the benediction.

Dr. Kokomo, veteran of 20 years on the University faculty, is known to thousands of former students, many of whom have been closely associated with him in the religious life of the campus. He has taught a Sunday School class, composed of University students, for years, and has been active in student affairs, having served as the Chairman on the Board of Student Publications, and on numerous committees. He is the author of a textbook on "Mathematics in Human Affairs" a popular treatise of Mathematics for both the student and the layman. He is chairman of the C-41 Mathematics Division of the University College.

The exercises Friday will mark the close of the second summer session at the University. The opening of the fall term is scheduled for Sept. 22.

Whiddon, 2041 Mellonville Avenue; Circle No. 6, Mrs. E. M. Carroll, 1601 French Avenue.

Doris Allman Weds James C. Houser

In a beautiful candlelight ceremony Miss Doris Allman, daughter of Mr. and Mrs. J. J. Allman of Lakeland, formerly of Sanford, became the bride of James C. Houser, son of Mrs. R. J. Houser and the late Mr. Houser of Lakeland. The marriage was performed by Rev. Lonnie Mitchell on August 29 at the Southside Baptist Church in Lakeland.

The bride, given in marriage by her father, wore a gown of white slipper satin. The tuxedo fitted bodice featured a sweetheart neckline with long pointed sleeves. Her fingertip veil fell from a tizra of seed pearls and orchids and tuberoses formed her bridal bouquet.

Her matron of honor, Mrs. Lamar Echols of Sanford, was gowned in pale yellow organza with matching gloves and she carried a bouquet of orchid asters tied with yellow satin ribbons. She wore matching flowers in her hair. Bridesmaids were Miss Edwanna Allman, sister of the bride, Miss Patricia Houser, sister of the groom, Miss Anna Mae Cunningham and Mrs. Kenneth Harrisaw. Their gowns were of pink and green organza and the full skirts formed basques in the back. They wore matching gloves and carried fan-shaped bouquets of pastel asters with matching flowers in their hair.

The mother of the bride wore a light blue chiffon gown and her corsage was of Talisman roses. The groom's mother was gowned in black crepe with which she wore a corsage of white roses.

Robert Houser, brother of the groom, served as best man and usher were Ernest Allman, George Tankersley, Herman Temple and Kenneth Harrisaw.

Immediately following the wedding a reception was held at the Sorosis Club. For traveling Mrs. Houser wore a yellow garland suit with a white lace blouse and brown accessories. Her corsage was of orchids. Following a wedding trip to the west coast Mr. and Mrs. Houser plan to make their home at the Palm Terrace Apartments in Lakeland.

Mrs. Houser received her schooling in Lakeland and graduated from the Lakeland High School. In the senior class she served as vice-president and class valedictorian and was a member of the Honor Society, Torch Club, Library Club and the Student Government Association. She attended Webb's Business College and is now employed by the Prudential Life Insurance Company.

Mrs. Houser attended Lakeland High School and is now employed by Temple's Inc.

Those from Central Florida attending the wedding were Mrs. Echols and her daughter, Elaine, of Sanford and Mrs. Ralph King of Oviedo.

Personals

Mrs. Rosa Dixon and Miss Mildred Avall spent last week in Daytona Beach.

Mrs. Rosa Dixon is visiting this week in Belle Glade as the guest of Mr. and Mrs. Sam Knight, former residents of Sanford.

Mr. and Mrs. Levin Felscher and children have returned from Daytona Beach where they have spent the past month.

Miss Ethel Cheshire of Pompano is the guest of Gene Levy at his home on East Seventh Street.

Mr. and Mrs. F. J. Richter of Sanford were guests on Sunday of Mr. and Mrs. Walter Trapp of Stults.

Mrs. W. B. Williams and Mrs. Maynie Hodgin have returned from visiting for several weeks in Washington, D. C.

Friends of Mr. and Mrs. William Watt of Orlando will be delighted to learn that they are moving to Bradenton.

Mrs. E. D. Mobley has left to be the guest of her daughter and son-in-law, Mr. and Mrs. T. I. Harris, and T. I. Harris, Jr. at Daytona Beach.

Little Miss Sherry Sands has returned to her home in Orlando after spending the past week with her grandparents, Mr. and Mrs. Walter Haynes.

Mr. and Mrs. Julius Dingfelder, Margaret Dingfelder and Simon Dingfelder have returned from spending the summer months at Ormond Beach.

Miss Joyce Mielke is visiting for a short time with relatives in Sanford before returning to Stetson University for the fall quarter. She is the guest of her aunt and uncle, Mr. and Mrs. Harry A. Watt, in Pinhurst.

Mr. and Mrs. Robert Roscoe Callahan, whose marriage was an event of Aug. 8 at the Sacred Heart Catholic Church in Milledgeville, Ga. Callahan is the former Martha Mae Pope, Mr. and Mrs. Callahan are now residing in Sparta, Ga. and will soon move their residence to Athens, Ga. where they will both attend the University of Georgia.

Mrs. Niblack Honored With Shower Tuesday

Mrs. Alex Johnson, Mrs. J. L. Horton and Mrs. J. P. Wilson entertained on Tuesday evening at the Johnson home honoring Mrs. Elizabeth Niblack of Seaside, Calif. Games were played throughout the evening with prizes being won by Mrs. Earl Evans, Mrs. O. F. Peaton and Mrs. Harris Folds. Following the games a surprise band-orchestra shower was given Mrs. Niblack.

Dainty refreshments were then served to Mrs. Niblack. Her guests included Mrs. James Henderson, Mrs. H. E. Corbett, Mrs. Folds, Mrs. Mary C. Rossier, Mrs. M. G. Tracy, Mrs. Ida Lou Fox, Mrs. J. P. Wilson, Mrs. Horton, Mrs. O. D. Landress, Mrs. Peaton, Mrs. Mary Ella Landress, Mrs. Susan Williams, Mrs. Sylvia Peaton and David Wilson.

EPISCOPAL SUNDAY SCHOOL

The Kindergarten classes of the Holy Cross Episcopal Church will resume meeting on Sunday at 9:30 A. M. and other classes of the church school will begin on Sept. 21 at 9:30 A. M. Mrs. Mark P. Carpenter, pastor of the church, announced today.

Magellan sailed into the Pacific from the Atlantic Ocean in 1520 through the straits that bear his name, but Capt. Horn bore the south of the straits was not explored by Europeans until nearly 160 years later.

Southerners Lead In Beauty Contest

ATLANTIC CITY, N. J., Sept. 5. (AP)—Brunettes and southern belles dominate the honors today in the 1947 competition for the "Miss America" crown.

Not a single blonde or redhead is included among the five winners named in the preliminary tests staged thus far. And four of those five are soft-drawing belles from below the Mason-Dixon line.

Two southern contestants, Miss Kentucky, Louisville's Evelyn L. Murray, was rated tops in the "beauty suit" test, while Miss Memphis, Barbara Jo Walker, walked off with the honors in the talent competition.

They joined the previous night's southern winners, Miss Miami Beach, Pepper Donna Shurr, who won that first talent test, and Miss Alabama, Peggy Elder of Gadsden, who tied for first place in the beauty division with Miss

New York City Raven Malone, lone winner thus far from above the Mason-Dixon line.

Another preliminary competition is scheduled for tonight when the 15 leading contestants will be named to appear in tomorrow's final. The winner then will receive a \$5,000 scholarship and assorted contract offers as well as the "Miss America" crown.

The judges, naming Miss Kentucky as the "beauty division" winner last night, listed her statistics as 5 feet 5 inches in height, 110 pounds in weight, hazel colored eyes, and a 33-inch bust.

Some 200 spectators from the Valley Forge hospital at Phoenixville, Pa., who sat among the 6,000 spectators, whistled their approval.

Miss Kentucky is 26 years old and is listed as the oldest girl among the 54 entered in this year's beauty pageant. Thirty-nine states, 11 cities and Canada are represented in the competition.

Miss Memphis sang and accompanied herself on the piano to win the "talent test."

Mrs. Jacob Richter Honored With Shower

Mrs. Jacob Richter, the former Eleanor Watt, was honored with a miscellaneous shower on Friday night at the home of Mrs. J. P. Wilson on West Twentieth Street. Mrs. Gordon Benson, Mrs. T. B. Middleton, Mrs. Fay Lee and Miss Joyce Mielke were co-hostesses for the occasion. Pink gladstresses and fern decorated the party rooms. During the evening games were enjoyed and prizes were awarded to Mrs. Frank James, Mrs. Walter Feiler, Mrs. Mildred Babcock and Mrs. Middleton.

Later in the evening Mrs. C. L. Collins, dressed as a maid, presented a bundle of laundry to the honoree. The bundle of laundry was made up of gifts, many of which were in her chosen pattern of crystal and silver.

A refreshing punch, cake and minis were served by the hostesses from the dining table. The table was covered with a lace cloth. At one end was placed a crystal punch bowl rimmed with fern and aniglonon. Mrs. Alden Taylor, cousin of the bride assisted in serving.

Those invited to be with Mrs. Richter were Mrs. H. A. Watt, Mrs. Henry Richter, Mrs. George Ribo, Mrs. Frank Melsch, Mrs. Irene Ludwig, Mrs. Fred Bryant, Mrs. Walter Meriwether, Mrs. Herbert Stoothoff, Mrs. John Fesold, Mrs. Ed Smith, Jr., Mrs. F. E. Roumillat, Mrs. Walter Trapp, Mrs. A. G. Clause, Jr., Mrs. Taylor, Mrs. J. G. David, Mrs. Robert Lee, Mrs. J. J. Mirus, Mrs. Alice Palmer, Mrs. Feiler, Mrs. Babcock, Mrs. Frank Wolfer, Mrs. Ralph Wolfer, Mrs. Robert Karne, Mrs. Robert Hickson, Mrs. William Watt, Mrs. W. P. Brooks, Mrs. Jack Wilkinson, Mrs. Harry Lee and Mrs. Maude Saezher.

Also Mrs. Evans McCoy, Mrs. Bames, Mrs. Joseph Benton, Mrs. Barry St. Johns, Mrs. W. C. Clause, Mrs. A. G. Clause, Jr., Mrs. Jack Houser, Mrs. A. D.ountree, Mrs. W. F. Lewis, Mrs. Johnnie Crowell, Mrs. Jessie Russell, Mrs. John Gillon, Mrs. Ed South, Mrs. L. S. Harkney, Mrs. W. A. Ogle, Mrs. Alice Salton, Mrs. Leslie Went, Mrs. Bess Ryan, Mrs. J. L. Horton, Mrs. Lynn Reinberg, Mrs. Carrie Osprey, Mrs. Collins, Mrs. Robert Bass and Mrs. John Andus, Sr.

Also Mrs. Alice Aydes, Mrs. Robert Proctor, Mrs. Marcia Lipscomb, Mrs. Ed Lundquist, Mrs. John Kuper, Mrs. Alma Nessee, Mrs. Ivy Winslow, Mrs. Ernest Benward, Mrs. Edward Kircher and the Misses Arlene Richter, Adelaide Eickler, Carol Stone, Miss Bohon, Joyce Palmer, Helen Snodgrass and Edna Chittenden.

DUCATS TO U OF F CONTESTS GOING FAST SAYS BEARD

GAINESVILLE, Sept. 5. (Special)—A game-by-game account of the exact football ticket situation for all of the University of Florida's 1947 "home" contests—those in Jacksonville, Gainesville, and Tampa—was presented today by Percy Beard, business manager of the Athletic Assn.

Mississippi, in Jacksonville Sept. 27th; a total of 5,817 reserve seats remain, nearly five thousand below the 30 yard-line in the North Stand.

North Texas, in Gainesville, October 4th; 5,400 reserved seats from the 40 yard line on the West Side and the general admission seats in the North end.

North Carolina, in Gainesville October 11th; 5,200 reserved seats from the 25 yard line on the South Side; 2,300 from the 50-yard line on the North Side; and 4,034 reserved seats in the West End.

Furman, in Tampa, November 1st; 1,475 from the 25-yard line on the South Side; 2,300 from the 50-yard line on the North Side; and 4,034 reserved seats in the West End.

Texas, in Jacksonville, November 8th; At noon Wednesday only 10 tickets in this game remained; 25 in field boxes on the South Side; 100 in field boxes on the North Side, and 72 regular box seats on the South Side.

Kansas State, in Gainesville, November 29th. Same as North Texas game.

Tickets are now on sale to the general public in Gainesville; address University of Florida Athletic Association. Tickets to all games will go on sale at Donaldson's in Jacksonville next Monday, September 8th, and at the Madison Drug Company in Tampa on Monday, September 15th.

Oviedo

Special to the Sanford Herald
By MARIAN R. JONES

The Young People's W. S. C. S. of the Oviedo Methodist Church met at the home of Mrs. Mary E. Bates Tuesday evening with Mrs. Ester, Mrs. Leon C. Olliff and Mrs. Ferrell Beasley acting as hostesses for the occasion.

After an interesting business meeting refreshments were served to the following guests and members: Mesdames Marjorie Lohmeyer, Jerry Guyan, Martha Staley, Helen Sweet, Hazel West, Justine Lee, Herley Mae Wainright, Sparks Lee Clontz, Katherine Feague, Louise Martin, and Misses Jeanette and Katherine.

Misses Jeanette and Katherine of Oviedo, and Misses Ann McKenzie and Ellen McKenzie of Panama City, at the home of her parents, Mr. and Mrs. R. F. Wheeler, Sr. Those invited to this delightful affair with the honorees and hostesses were: Mesdames George Morgan, George C. Means, H. F. McEwan, Jr., Charles T. Niblack, Ben Jones, C. Roy Clontz, Tommy Moon, and Misses Kathryn Lawton and Barbara L. Joan Meek, Don Shaffer, Dorothy Niblack, Wiley Abell, Mr. and Mrs. Billy Meek and son Billy spent Sunday at Daytona Beach.

Gene Gore has returned from Daytona, where he visited his mother, Mrs. Alex Leinhardt, Mr. Leinhardt, and brother, Frankie.

Mr. and Mrs. Hollis Cox and children, Bobby and Billy, and Mrs. G. M. Aris spent Sunday at Daytona Beach.

Mrs. Leah Koontz has returned from the Dr. General Hospital, where she underwent a major operation.

Mr. and Mrs. F. O. Anderson have returned from their trip to Chicago, where they visited Mr. Anderson's parents and spent the Labor Day holidays with Mrs. Anderson's parents, Mr. and Mrs. Jack C. Kasell, before returning to their home in Orlando.

Mr. and Mrs. R. L. Wheeler have returned to their camp on Lake Harney, having spent several days back at their home due to the heavy rains.

Having no visiting preacher at the Baptist Church Sunday, the congregation attended services at the Methodist Church and enjoyed a lovely sermon by their pastor, the Rev. Lionel W. Nelson.

Mr. and Mrs. Dewey Dixon and daughter and Mr. and Mrs. Clinton Dravdy, of Jacksonville, have returned home after visiting Mrs. E. A. Farnell and granddaughter, Elizabeth. They came to attend the Dodd-Condoe wedding.

Mrs. E. A. Farnell, Miss Elizabeth Farnell attended the Dodd-Condoe wedding in Orlando Sunday.

Mrs. Jack C. Kasell has returned from Ocala, where she visited her sister, Mrs. Aona Gerhard.

Mr. and Mrs. Leon C. Olliff entertained with a dinner party Monday.

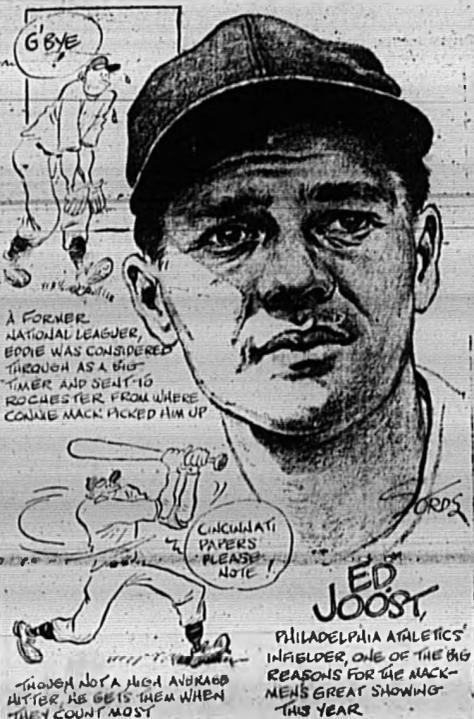

The Rev. and Mrs. J. N. Thompson entertained with a dinner party Monday. Those invited were Mr. and Mrs. J. B. Jones and son, Jimmie and Prof. and Mrs. J. A. Thompson, and son, Jim, of Vero Beach.

Mr. and Mrs. Ben H. Jones spent the week-end at Daytona Beach.

Mrs. James Partin and baby daughter Marilyn have returned home from the hospital.

Mr. and Mrs. Donald Leinhardt and twin children, Gary and Wynne, spent the Labor Day holidays at Daytona Beach with their parents, Mr. and Mrs. Max Leinhardt.

Billy Kinard Will Meet Tampa Slugger Monday In Orlando

Billy Kinard, hard slugger of Sanford middleweight, will meet Pete Noriega of Tampa in a grudge fight in the Legion Arena in Orlando Monday night.

The battle is a return engagement, since Kinard won the previous tilt a few weeks ago.

The main event will be a middleweight contest between Jose Hagan of Lake Wales and the Sala, Middleweight Champ of the South, from Dorra, Penn.

Phil Orr, Winter Park leader slugger will meet Blondie Baggett of Tampa in one of the semi final bouts.

Bobby Riggs To Be Attentive Observer Of Kramer's Play

By GAYLE TALBOT

NEW YORK, Sept. 5. (AP)—One of the most attentive observers at the National Tennis Championships starting today at Forest Hills will be an ornery-looking little gamester with a crew haircut named Bobby Riggs, who is the accepted World Professional Champion.

Bobby knows that, sometime during the coming winter, he is going to find himself "trekking" horns night after night with Jack Kramer, the young amateur genius, in a long series of money matches, and he is very busy trying to figure out what makes Kramer's game the devastating thing it is.

He was an eagle-eyed spectator all last week-end as Kramer and his partner, Ted Schroeder, gave the Australians a beating in the Davis Cup. It is a cinch he will miss little of Kramer's activities during the next 10 days.

Those who know Riggs best say that if there is a weakness in Kramer's game, Bobby will discover it. They say it doesn't need to be much of a weakness, either, for Riggs to spot it and turn it to tremendous account when he gets the big Californian on a court.

Kramer has said quite frankly that he intends to turn professional after the U. S. Junior Championship. He nor anyone else has any doubt that he will win the title for the second straight time, probably without the loss of a set. The other amateurs simply have no business on the same court with him.

Kramer, the great was not scheduled to play in today's opening round at Forest Hills, having drawn a bye along with the number one seed, Jack Bromwich of Australia. Margaret Osborne of San Francisco, favorite in the women's division, also drew a first-day rest.

The day's top match promised to be that between Billy Knight of New York, runner-up in the nationals two years ago, and Horrie Flam of Beverly Hills, the former Junior Champion who now is a member of the U. S. Junior Davis Cup team. Two other junior contenders, Buddy Lehman of Ft. Lauderdale, the present National Junior Champion, and MacDonaid Mathew of Princeton, N. J., also battled heads in the first round.

World Waits To See If Britain's Leaders Can Cope With Crisis

By DEWITT MACKENZIE

All Foreign Affairs Analysts Britain's dynamic foreign minister and labor leader, Ernest Bevin, has many American admirers but he doesn't appear to have added to their admiration by his astonishing recommendation that, in the interests of world economic rehabilitation, the U. S. A. redistribute abroad the huge gold reserve now buried at Fort Knox, Ky.

Mr. Bevin made his proposal in a speech before the British Trades Union Congress, and he prefaced it with the remark that he knew America would be "amazed" by what he was about to say. He was right in anticipating strong reaction but wrong in his estimate of the nature of the reaction. It takes more than that to "upset" the United States. However, it isn't surprising that the case is being made in Washington by British officials who have characterized it as "cockeyed". One said:

"If other countries want our gold, they can have it, the same way we got it from them, by laying the money on the line at our price of \$35 an ounce. So we are right in anticipating strong reaction but wrong in his estimate of the nature of the reaction. It takes more than that to 'upset' the United States. However, it isn't surprising that the case is being made in Washington by British officials who have characterized it as 'cockeyed'."

Meantime the proposal has served to center American attention on the difficulties which England's new Socialist government is encountering in dealing with its own grave economic crisis. How much gold to pull it through? Just how is the Atlee government's own program working out? Can socialistic nationalization cope with the crisis? Those are logical questions which the British public itself is intently studying.

Nationalization of the country's most important industry, coal mining, hasn't brought Utopia to the mines. Some half hundred Yorkshire pits are closed as the result of wildcat strikes which have thrown about 60,000 men out of work and have devaluated the critical fuel shortage. The walkout has caused a loss of 300,000 tons of coal and the loss is continuing at the rate of 60,000 tons daily.

The result is that production in other industries has been curtailed, and the effect of the coal shortage is being felt throughout the country. The dispute may soon force 2,400 Yorkshire industrial plants, employing over 100,000 workers, to shut down for lack of fuel.

The strike started among 2,000 miners in one pit. The National Coal Board ordered them to dig two feet more of coal each day in the interests of recovery. The miners claimed that this would create an occupational hazard without increasing production. They struck, and other pits talked out in sympathy. They had their Socialist government; they had nationalization; they had a five day week; but they wanted their Utopia now.

Continuation of this stoppage of vitally needed coal production can come close to wrecking Britain's recovery program. It is an anxious moment.

Fortunately, British Labor in general and those proposals mean further labor hardships. Thus the Atlee cabinet is getting really magnificent cooperation, by and large.

The British public, too, has jumped into line in support of the government's new austerity program, and those proposals mean further labor hardships. Thus the Atlee cabinet is getting really magnificent cooperation, by and large.

The population of the state of Washington, estimated at 2,035,000, is three times what it was in 1900.

The Clubhouse

By JIM BECKER

AP Newsfeatures Sports Writer

NEW YORK — Although the paying public exhibited a thorough lack of interest in their inaugural efforts, the unbowed owners of the revamped Basketball Association of America are facing next winter's pro cage campaign with hopes of a little better turnstile success.

Four of the 11 teams in the league last year have dropped from the circuit and Baltimore was added to the loop. The eight team setup should be a great improvement over the unwieldy arrangement of the first year.

However, some old alignments have resulted from the shuffle of teams. Cleveland, Pittsburgh, Toronto and Detroit have dropped out. The "Western" division of the league now includes Chicago, St. Louis, Washington and Baltimore. The east will have New York, Providence, Boston, and the champion Philadelphia Warriors.

None of the teams in the circuit drew particularly well last season, although Washington and Chicago attracted some fair-sized crowds, and the Warriors opened a rabid fan base in the Quaker City. New York was particularly disappointing.

Each team will play 12 less games next year. The schedule calls for 24 home and 21 road tilts. The teams will play four games home and four away with each club in their own division, and three home and away with the others.

Some new faces will dot the line-ups of the eight squads, and the top players of the disbanded teams have been distributed to the new clubs. Most interesting of the newcomers is tiny Walt Misaka, Japanese-American lad who has who has been signed by the New York Knickerbockers. Misaka was the spark of the gallant Utah team which teamed Kentucky in the Madison Square Garden tourney final. Always the darling of the crowds, the lightning-fast Misaka may perk up the Knicks at the gate.

Washington, a team that pulverized the league and then folded in the playoffs, will be back in the Washington in the playoffs, has added Chick Crossin of Penn. to their already potent squad. The Warriors will be led by sensational Joe Fulks, who poured in points at the rate of 23.1 a game last season to eclipse all pro scoring records.

The league player limit has been dropped from 12 to 10. The teams will continue to play four 12-minute quarters. Reasoning behind the dropping of two play-

Charlotte Clippers Eye Dixie Pro Title

CHARLOTTE, N. C., Sept. 5. (AP)—Coach Gene McEver and his Charlotte Clippers had one less worry today as they kept their sights trained on capturing the Dixie Professional Football League's pennant again this year.

With the Clippers roughing it up in 95-degree weather, everything is racy in the kicking department. McEver has two specialists, Sid Tinsley and Hutch Butler, and both are booting the ball in a manner to give McEver confidence of strength in that department.

Some new faces will dot the line-ups of the eight squads, and the top players of the disbanded teams have been distributed to the new clubs. Most interesting of the newcomers is tiny Walt Misaka, Japanese-American lad who has who has been signed by the New York Knickerbockers. Misaka was the spark of the gallant Utah team which teamed Kentucky in the Madison Square Garden tourney final. THE OLD HOME TOWN

Saints, Red Hats Win Tilts In Playoffs

The St. Augustine Saints, pennant winners for the 1947 Florida State League season, copped the first tilt of the Shaughnessy playoffs from the Orlando Senators, 3 to 2, in the Ancient City last night behind the two hit pitching of Jim Ketcher. Lou Bevil hurled for the losers and limited the Saints to four bingles.

The Deland Red Hats nosed out the Gainesville G-Men in a 3 to 2 battle, which found Walt Biles of Gainesville and Deland's Juan Perez hooked up in a tight hurler's duel.

Eastern Grid Stars And Pro Giants To Play Contest Tonight

NEW YORK, Sept. 5. (AP)—Glenn Davis and Doc Blanchard, who did much of their footballing for Army on New York City grid-irons give their followers a chance to say goodbye to them tonight in the ninth annual Eastern College All-Star-New York Giant charity game.

Every one of the 52,000 seats-boards for the game, which will be under way at 7:30 P. M. (ET), has been sold and none of the ticket windows at the Polo Grounds even will be opened.

The situation in the struggle, the ninth in a series, will go to the Tribune Fresh Air Fund, which provided vacations for underprivileged New York children.

Mr. Outside and Mr. Inside will have two other former Army players in the starting All-Star line-up with them, Arnold (Mr. In-between) Tucker at quarterback and Shelton Tucker at tackle. Four other members of the Grid teams which have gone unbeaten in college circles the past three years are on the All-Star list.

The ex-collegians have been practicing for three weeks at Bear Mountain under the direction of Tusa McLaughry, Dartmouth coach who tutored the 1940 All-Star team. That eleven made history by defeating the Giants for the professionals only setback in the series.

The Giants reached West Point Saturday from Superior, Wis., where for the past month Coach Steve Owen has been remodeling the club that last year won the Eastern title of the National Football League. The remodeling was necessary because of the loss of Frank Filchock, the club's top passer, who was suspended indefinitely for failure to report a long offer to "fix" the championship game with the Chicago Bears.

YESTERDAY'S STARS

Jeff Heath, Browns, his two-run homer in the first inning, No. 25 of the season, gave St. Louis 2-1 margin over Tigers.

Vic Lombardi, Dodgers, shut out New York with five hits, 2-0, for 11th victory over Giants in 12 starts during three-year span.

Future Plans Hinted By Tigert At Dinner

GAINESVILLE, Fla., Sept. 5.—Dr. John J. Tigert, retired University of Florida president, recently partially revealed his future plans when he stated at a testimonial banquet given in his honor by Gainesville's civic groups...

Responsible position soon, but in such a way as to spend most of my time in Gainesville. He did not reveal the nature of the new position. Referring to frequent opposition which he met while serving as head of the University, Tigert said, "The University of Florida stands in the front ranks of American universities, and no peanut-fed, corn-filled politicians are going to destroy it."

YOUTH GROUP TALLAHASSEE, Fla., Sept. 5.—Governor Caldwell today named a 20-member state children's commission authorized by the 1947 legislature to coordinate youth welfare activities in Florida. All good shoe lasts have the following in common: ample toe room, breadth through the ball, wide shank, short back part, firm heel seat and snug heel top.

Nations Laud U. S. For Atomic Policy

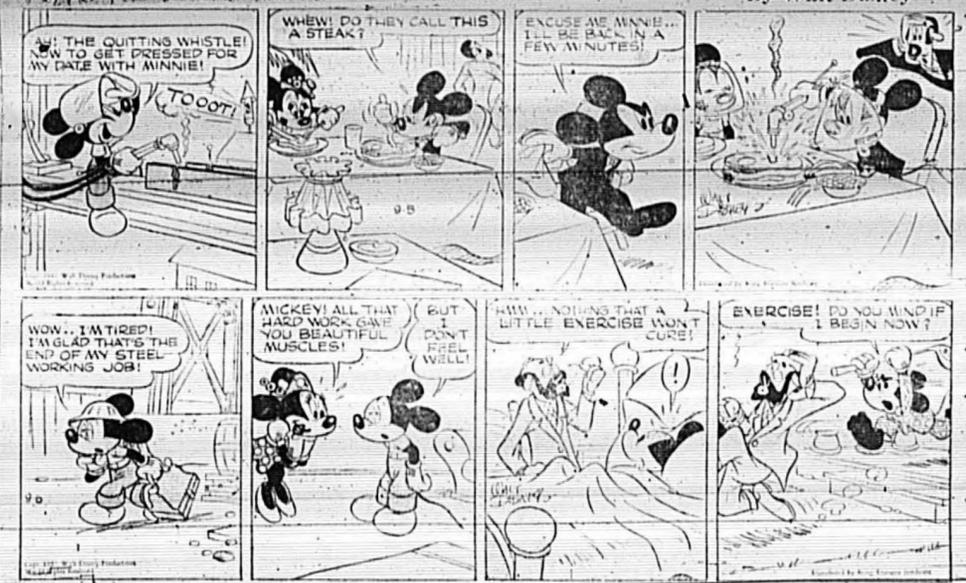

LAKE SUCCESS, Sept. 5.—Eight other delegations on the 12-member commission endorsed Harry's statement, Soviet Russia, the chief antagonist of the U. S. in United Nations attempts to set up world atomic controls, remained silent.

Florida's Liquor Tax Collections Decline TALLAHASSEE, Fla., Sept. 5.—Florida liquor tax collections continued to fall 20 percent behind last year's receipts during August, while cigarette tax receipts showed another gain.

Army Air Force

(Continued from Page One) recruiting and universal military training.

"These are the steps by which we can re-establish unbeatable air power in America," said General Stratemeyer.

"With this brand of air power, coupled with a strong Army and a fit Navy, we Americans need have no worries of a military nature."

"Thus fortified against any and all contingencies, we of the Western Hemisphere can bend our efforts toward fashioning the United Nations into the instrument it was designed to be, the foolproof cure to prevent all wars."

The Military Order of the Cootie, the fun (and work) organization within the VFW, marched down Euclid Avenue last night before a police-estimated crowd of 36,000 watchers.

The parade added torches and snake dances and a predilection for diapers, shorts and red drawers to a day which had been devoted by a few of the more pious members to a police-estimated crowd of 36,000 watchers.

Truman Speech

(Continued from Page One) steadfastness of purpose, unremitting toil and infinite patience.

Most of the Chief Executive's 2,000-word speech was devoted to praise of the good relations which have always existed between the United States and Brazil, to enumeration of their common principles and to assertions that they could work together for a brighter world.

Emphasizing the necessity of cooperation between the Western Hemisphere nations in helping war-ravaged areas, Mr. Truman said:

"One of the great lessons we have learned in recent generations is that we do not dwell alone. Destruction, suffering and confusion in other parts of the world confront us now as never before. Our nations made great sacrifices throughout the war, but we have been spared the wanton destruction and dislocation suffered by many."

At one point, the President recalled his recent exchange of correspondence with Pope Pius XII, explained he had expressed to the Pope his desire "to do everything in my power to support and to contribute to a concert of all the forces striving for a moral world."

He continued: "The recent war again gave convincing proof of our friendship. The mutual trust and confidence that exists between us manifested itself at an early date in the immediate response of our government to our need for strategic materials."

"When both our countries were attacked, our people fought side by side until victory was attained. The bravery of your fighting men, against an experienced and resourceful enemy, cemented our comradeship and gave us another reason to feel a deep sense of pride in our friendship."

"The memory of those days of struggle and sacrifice together will always be a sacred bond between us."

Mr. Truman said the problems of peace will require the closest collaboration between us. But I am confident that we can solve them with mutual good will and

Mortgages On Real Estate On Increase

(Continued from Page One) NEW YORK, Sept. 5. (AP)—The real estate mortgage debt of this country was \$34,720,784,895 last Dec. 31, an increase of \$4,302,809,209—13.4 percent over the previous year, which totaled \$30,417,975,687, according to the annual compilation of the Mortgage Bankers Association of America made public this week.

Since the 1946 trend in mortgage debt in 1947 can be expected. Federal agencies continued to get out of the mortgage field at a rapid rate, while private interests expanded their holdings. Federal agencies held mortgages of \$1,952,009,550 on Dec. 31 or 18 percent less than a year ago. Private lenders' holdings stood at \$32,768,235,345, a gain of 14.5 per cent. Of total United States mortgages, government agencies hold 6 percent and private lenders the other 94 per cent.

Most Mortgages From Banks By class of lenders, banks are supplying most of the mortgage money. Their holdings on Dec. 31 were \$10,268,942,000, or 30 percent of the total. Individuals, mortgage companies and other lenders were second with \$6,000,000,000, or 23 percent of the total, and savings and loan associations third with \$7,200,000,000, or 21 percent.

Savings and loan associations, the report says, have replaced the life insurance companies as the largest single class of institutional investors.

Mortgage debt of the insurance companies totaled \$7,000,000, or 20 percent of the total mortgage debt for 1946. Fraternal societies and associations held less than 1 percent.

Federal agencies reduced their holdings in urban and farm mortgages \$482,258,741 during 1946. Home Owners' Loan Corporation continued its liquidation and along was responsible for almost 50 percent of this decline. The Reconstruction Finance Corporation Mortgage Company and the Federal National Mortgage Association reduced their holdings more than \$27,000,000.

Land Banks' Holdings Decline In the field of farm mortgages the Federal Land Banks' holdings declined approximately \$102,000,000 and those of the Federal Farm Mortgage Corporation about \$92,000,000 during 1946. The Farmers' Home Administration reported mortgage holdings of slightly more than \$6,000,000, due in part to its assimilation of the assets of the farm Security Administration.

The compilation shows that the large volume of mortgage financing done by private institutional lenders during 1946 not only made up for the decline in the holdings of Federal agencies but caused the mortgage debt to increase substantially for the first time in several years.

Private mortgage holdings increased by approximately \$4,300,000,000 during 1946. The savings and loan associations, made the greatest gain, increasing their mortgage holdings more than 32.1 percent over the 1945 level. Commercial banks increased their mortgage portfolio by 22 percent, while holdings of mutual savings banks increased 9.5 percent. Life insurance companies increased the value of their mortgage portfolio during the past year by 7 percent. Fraternal societies and associations decreased their mortgage holdings by 2 percent.

Others, which include mortgage companies and individuals primarily, showed one of the most significant increases among private

lenders. The value of mortgages held by this group increased \$1,200,000,000 during 1946, which almost makes up for the \$1,600,000,000 decline in 1945.

CARRIER RETIRES

PHILADELPHIA, Sept. 5.—(AP)

The 27,000-ton Aircraft Carrier Randolph, former flagship of the late Admiral Marc A. Mitscher, is being placed in retirement as a being placed in retirement as a unit of the Navy's reserve fleet. The vessel, commissioned in October, 1944, at the Norfolk, Va., Navy yard, participated in the first and second raids on Tokyo. The ship's 2,000 men will be reassigned.

JAP CONVICTED

GUAM, Sept. 5.—(AP)—Capt. Hiroshi Iwanami, frail Japanese medical officer convicted in the atrocity murders of 10 American aviators on Truk Atoll in 1944, was sentenced by a five-man military commission today to die on the gallows.

FLORIDA WILL ATTACK

Cancer On Big Scale

TAMPA, Sept. 5.—(Special)—Allocation of \$118,553.32 by the Florida Division of the American Cancer Society to finance an attack on cancer on the broadest scale ever undertaken in the state, was made public here today by Mrs. Malcolm Smith, the Division's Executive Director.

WAGE INCREASE

(Continued from Page One) immediately and an official said seven, and possibly eight, other furnaces would go down during the day. The Clairton coke by-products plant was ordered cut back to 32 percent of capacity.

FLORIDA WILL ATTACK

Cancer On Big Scale

TAMPA, Sept. 5.—(Special)—Allocation of \$118,553.32 by the Florida Division of the American Cancer Society to finance an attack on cancer on the broadest scale ever undertaken in the state, was made public here today by Mrs. Malcolm Smith, the Division's Executive Director.

The funds, contributed by Floridians in last April's financial campaign, have been assigned to 12 projects in 11 counties, to a state-wide educational drive, and to the national research program. Still other projects, Mrs. Smith said, are under examination.

In addition to the Society's allocations, an additional \$28,770 will be spent by the State Department of Health on certain phases of the work in four of the projects. "In the last 12 months," Mrs. Smith declared, "we have made the most significant advances we have ever made in the fight on cancer. They have netted positive results in terms of lives saved."

The 12 projects, all of which that public support has made possible means that we will be able to move ahead much faster toward our goal of reducing to a minimum the toll of 900 to 1,200 preventable deaths that cancer causes in Florida each year."

THE WEATHER

Partly cloudy tonight and Tuesday with scattered afternoon thunder-showers. Moderate southeast winds.

Kaiser Again Asks U.S. To Reduce Debt

Plans Big Expenditure For Low Price Steel If RFC Will Devalue His Loan

WASHINGTON, Sept. 8 (AP)—Henry J. Kaiser said today he has asked the Reconstruction Finance Corp. for a \$34,510,000 scale-down of his debt on his Fontana, Calif., steel plant. He was turned down last month when he asked for \$40,000,000 cut.

The west coast industrialist told a Senate subcommittee that he wants to double Fontana's capacity and plans to raise \$80,000,000 privately to do so if RFC agrees to "revaluation" of the plant and a cut in his debt.

The Fontana plant was built during the war with RFC financing. RFC's present loan claim against about \$405,000,000 of an \$800,000,000 loan.

Kaiser said another \$15,000,000 will be applied to debt reduction by Jan. 1 and proposes that the RFC accept \$55,000,000 in settlement of the approximately \$90,000,000 debt he said will remain on that note.

"The government's turnaround of the west coast on its previous proposal for the refinancing of Fontana leaves me at present with no alternative but to change my prices for steel," Kaiser said in a statement prepared for his news conference.

"It puts me in the position of charging high prices to western consumers just to pay the government a lot of wartime costs for financing the plant."

Declaring that the nation, and particularly the west is suffering acutely from the shortage of steel, Kaiser said he makes a minimum \$100 per ton of steel.

He said he has sold the plant to the United States Steel Corporation for "20 cents on the dollar," but demands that Fontana labor be under the competitive handicap of 100 cents on the dollar.

Rev. Milton Sackett Dies Suddenly Of Heart Disease

Stricken by a heart attack he was returning home from Cashier, N. C., the Rev. Milton E. Sackett, noted author of boys books, died late Friday night at the General Hospital in Sanford.

Mr. Sackett, 52, was a member of the Episcopal Church and had been preaching the summer months.

After writing many short stories for boys, Mr. Sackett's best known novel, "Spongers' Jinx," based on first hand studies of the sponge diving industry of Tarpon Springs, met enthusiastic acceptance by critics and readers alike, and the book was accepted as a book of the month selection by the Junior Literary Guild.

A second book, "Hurricane Treasure" about South Florida, also won ready acceptance. A third book, "Everglades Gold" about oil drilling in Florida is now in process of publication.

The Rev. Sackett retired from active military in 1929 and came to Florida with his family. They have lived for several years on West First Street. He was chairman of Sanford Lodge No. 62, and AM and was a member of the Boy Scouts' Committee of the Sanford Kiwanis Club. He attended Stetson University last year where he was studying for a degree in English.

Funeral arrangements will be made later by the Erickson Funeral Home.

APL WILL SIGN

CHICAGO, Sept. 8 (AP)—AFL President William Green said today he would recommend that all members of the AFL sign non-Communist affidavits to use facilities of the National Labor Relations Board under the Taft-Hartley Act.

SCHOOL BAND

E. E. Black, high school band leader, today appealed to citizens who have horns of any type to sell them at reasonable price for use of pupils in building up a new band which will also include Junior High and Grammar School students. Lack of horns is proving a major handicap in building up the band, he said.

Addresses V.F.W. Encampment

ADDRESSING THE OPENING SESSION of the 48th encampment of the Veterans of Foreign Wars in Cleveland, O., is Mrs. Sally Brown, president of the organization's Ladies Auxiliary. About 8,000 women and 50,000 men delegates are attending the convention. (International)

Enrollment At County Schools Shows Increase

Improvements Noted As Some 4,000 Pupils Are Enrolled

It was school day today in Seminole County and a brief survey of Sanford schools this morning indicated substantial gains in enrollment with the exception of the Grammar School which showed a decrease.

The unusual size of last year's graduating class.

All schools visited gleamed with new paint and floor polish. New roofing has been put on the South Side Primary School. At the Grammar School the lunchroom has been attractively painted inside and out and has new roomy tables and an enlarged pantry and sink.

At the West Side Primary School the rooms are painted in pleasing pastel colors. Seminoles and Junior High School looked spick and span. Tall grass around schools has been mowed.

Junior High School of which H. E. Trub is principal and Mrs. Raymond Hall is secretary, showed the largest increase in enrollment with approximately 214 pupils.

17 Year Old Girl Held For Slaying Brother

JERSEY CITY, N. J., Sept. 8 (AP)—Silverman saw her mother yesterday for the first time since she was charged with the heinous slaying of her 10-year-old brother and sweeping it off as they confronted each other through a wire mesh enclosure—was assured that her family would stand behind her.

Jail attendants said that Pearl, whom police had quoted as saying she assassinated the boy "because my parents gave him more love than I got," broke down for the first time since she was confined here on Thursday. "I'm sorry," she sobbed. "I'm sorry."

Pearl, now awaiting grand jury action and a series of spotty hearings requested by attorneys, was in have entered Teachers College at Jersey City today. Jail attendants said her mother told her yesterday that her life was now "meant up" but that the family would stand behind her in an effort to entangle the difficulties.

Pearl was arrested in a local drug store the morning after her brother's battered body was found on the floor in their home. Police Chief Charles Wilson said she signed a statement admitting hitting the boy over the head with a hammer because "I hated him all my life."

GENERAL AMNESTY

ATHENS, Sept. 8 (AP)—The coalition government announced tonight it would invite an international commission to exercise an unconditional general amnesty to guerrillas who surrendered quickly.

BOARD TO MEET

County Commissioners will meet in brief special session tonight at 7:30 o'clock to award a contract for a building for road construction, according to O. P. Herndon, county clerk.

Demand Made For Free Facts By Trygve Lie

U. N. Secretary-General Opens First Session Of World Statistics Congress

PHILADELPHIA, Sept. 8 (AP)—Free access to news in every country was urged today by the first postwar conference of the International Council of Women.

The 1,000 delegates, passed a resolution declaring the ICW "is gravely concerned at the suppression and arbitrary editing of information of many countries."

The women said that "since free democracy must be based on an informed public, the ICW considers that there should be free access to the information necessary for forming a true knowledge of both foreign and domestic affairs."

WASHINGTON, Sept. 8 (AP)—President Truman and Trygve Lie, secretary-general of the United Nations, called today for a free exchange of economic and social information as a means of promoting peace.

Their views were presented to the opening sessions of the World Statistical Congress, convened for the first time since a similar meeting in 1938 at Prague, Czechoslovakia, was disrupted by the Nazi invasion of the Sudetenland.

WASHINGTON, Sept. 8 (AP)—Trygve Lie said today international understanding is impossible without a free exchange of facts.

The United Nations Secretary-General was the principal speaker at the opening of the World Statistical Congress, one of seven Allied organizations meeting here in the first international conference since 1938. Fifty-five nations are represented, but Russia is not.

Lie made no reference to the Soviet Union's failure to take part in the sessions but said in his prepared address "The task ahead will require the combined efforts of all countries and of all organizations."

"The free exchange of information on economic and social affairs among all the countries in the world is absolutely necessary to economic and social advancement," the UN official asserted.

"We cannot cure our troubles unless we know in the first place what those troubles are."

"Likewise we cannot achieve international understanding, unless the peoples of the world are given the facts about each other."

Lie said that "nations are now too large, economic affairs are now too complicated and too highly inter-related for us to rely upon."

Hot Weather Hits Most Of Nation

JACKSONVILLE, Sept. 8 (AP)—Generally fair and hot weather covered most of the nation from the Rockies to just west of the Appalachians today, but cooler weather was in prospect in the northern plains states and was expected to move eastward tomorrow over the Great Lakes region.

Temperatures rose to 100 degrees or higher Sunday over all of Kansas, eastern Nebraska, western South Dakota, and at points in Louisiana, Arkansas, Oklahoma, and Missouri. Readings were in the 90s southward from southern Wisconsin, northern Iowa, southern North Dakota, and Wyoming.

High temperatures included 107 at Batesville, Ark., 106 at McAlester, Okla., and Clinton, Mo., 105 at Coffeyville, Kans., and 101 at Phillip, S. D.

Ohio, with readings in the 80s yesterday, will get higher temperatures today, but the cool air from the northern plains should bring relief there by tomorrow night.

At Chicago, small craft warnings were up on Lake Michigan, forecasting shifting winds up to 30 miles per hour tonight. Thunderstorms were expected in many Midwest areas tonight or tomorrow.

W.O.W. NOTICE

The W.O.W. will meet tomorrow night in the Woodmen Hall at 8:00 o'clock. All members are urged to be present, because important business matters will be discussed.

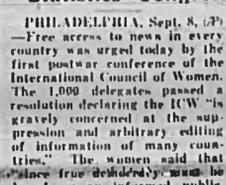

TROPICAL STORM

NEW ORLEANS, Sept. 8 (AP)—The U. S. Weather Bureau at New Orleans said at 9:00 A. M. (EST) that a small tropical storm is centered about 100 miles east of New Orleans.

The advisory said the storm was expected to pass inland between Biloxi, Miss., and Pascagoula, Miss., about noon today.

UN Group Asks Immediate Aid For Europe's Distressed Jews

Colorful Ceremony As Truman Bids Rio Goodbye

ONE OF THE MOST IMPRESSIVE ceremonies of his Rio de Janeiro visit was staged aboard the U.S.S. Missouri as President Truman (left) bade good-bye to visiting diplomats. In foreground, wearing a military uniform, is Secretary of State George C. Marshall, who has since flown back to Washington. Just behind Marshall, in military uniform, is Brazilian President Getulio Vargas. In background, at attention, is a detachment of U. S. Marines and, in right foreground, saluting sailors from a guard of honor.

LONDON, Sept. 8 (AP)—Two of this evening's London newspapers criticized the government's handling of "Refugees 1947" refugees in Germany.

The Star called it "a blunder of the first magnitude." The Evening News said "no more stupid decision could have been made." The Daily Worker said "because of the incident would be 're-estimated and colored in America particularly.'"

LAKE SUCCESS, Sept. 8 (AP)—The United Nations Palestine committee declared unanimously today that immediate help for 250,000 distressed European Jews would ease considerably the problem of the Holy Land.

The committee called on the UN Assembly to do something for the Jews in the European assembly centers as a "vital prerequisite to the settlement of the difficult conditions in Palestine."

The full report of the Palestine committee was made public a week after the summary and recommendations were released in Geneva and Lake Success.

A committee majority of seven states recommended the partition of Palestine into Jewish and Arab states tied up in an economic union, the creation of an autonomous city of Jerusalem under UN trusteeship, and the admission of Jewish and Arab refugees into Palestine in a two-year transitional period.

Canada, Czechoslovakia, Guatemala, the Netherlands, Peru, Sweden and Uruguay made up the majority.

States voted for a joint Arab-Jewish state under a federal system of government and organization.

Wilson Reports On Auction System In Dover, Delaware

JACKSONVILLE, Sept. 8 (Special)—"Marketing of farm produce has all kinds of angles and I have recently covered the opportunity of watching the operation of an unusually effective auction system in Dover, Delaware, where wholesale and retail selling is handled, and where the grower receives of his livestock, poultry, and produce—and also buys clothing," said William L. Wilson, Director of Florida State Markets.

Wilson said he was amazed by the crowds of people in attendance, and the amount of produce, livestock and merchandise of every description changing hands.

"The Carroll market, I understand, is one of four similar sales centers which have been developed in Dover, and all of which operate pretty much along the same lines. The producers bring in their offerings of all kinds, on them through the auction, and in their turn purchase such items as they may need. Naturally wholesale and retail buyers are present in large numbers, and even competition results. The Carroll organization's sales day is Friday. Selling starts early in the morning, and by noon the day is there, livestock offerings had been pretty well disposed of."

British Coal Strike Reported Spreading

BARNESLEY, England, Sept. 8 (AP)—The strike in Britain's nationalized coal mines spread from southern to western Yorkshire today, reversing a partial back-to-work movement which had given rise to hopes for a settlement.

Two thousand miners at Princes of Wales colliery, Doncaster, began a sympathy walkout at the start of the afternoon shift. The colliery, the first in West Yorkshire to be affected, has a weekly production target of 11,800 tons.

Fifteen Veterans At Vocational School

Fifteen veterans are among the 35 students now enrolled in the Sanford Vocational School, repaired and re-equipped for classes which are expected to total 40 to 50 students, according to Mrs. R. C. Maxwell, principal and Mrs. J. P. Hall, assistant.

The vocational school, an integral part of the Seminole County school system, provides free instruction in business subjects to adults, full or part time.

Two new subjects this term will be commercial law and general clerical and office practice, which includes bookkeeping and filing. Fluorescent lighting has been installed, also new cupboards and demonstration stands for the new elevated system of typing which is designed to reduce fatigue.

Petition Signed Requesting Return Of Punch Boards

Sheriff Is Advised Ban Has Cut Business Fifty Percent

A petition bearing the names of 31 Sanford and Seminole County business establishments, most of which are restaurants, haberdasheries, on lists, and requesting permission to operate punchboards has been presented to the Sheriff's office. Sheriff Percy Mero received this morning.

Business at these institutions has fallen off 50 percent since punchboards were banned, the petition stated, pointing out that they are a good stimulant to trade and asking "the same opportunity as the other counties surrounding us."

Seeing the petition from Sanford were D. B. Thompson of the Motor Inn, Bill's Bar, 112 West First Street; Tropical Haberdashery, 201 French Avenue; F. A. Walker, Sanford; Monk's Place, Magnolia Avenue; Angel's Place, 2509 Sanford Avenue; The Anchor, French and Park; Let's Eat and Grill, Orlando Highway; and Laney's Drug Store, Sanford.

Also The Smoke House, Sanford; Harry's Liquor Store, Sanford; L. A. Palmer, State Farmers Market; Town Tavern, Sanford; D. K. Kusey, Sanford; W. George, West First Street; Mary Kemp, E. Celery Ave.; J. Gotta, Sanford; A. Poruban, Sanford; Ruth Carlos, Sanford; J. B. Kelly, Sanford; and J. A. Parks, Sanford.

From the county lists were the following: R. L. Bixby, Fern Park; G. W. Seymour, Altamonte Springs; J. P. Rouben, Jr., Longwood; J. A. Black, Longwood; J. Siegrist, Maitland; R. H. Hobbins, Longwood; T. Francis, Longwood; F. C. Madlin, Longwood; W. W. Loderer, Casselberry; and J. Hattaway, Casselberry.

Longwood Boy, Age 6, Is Shot To Death

A 6 year old negro boy, Frank Terrell of Longwood, was accidentally killed by a blast from a single barrel 15 gauge shot gun fired by his 10 year old sister, Elizabeth, just before noon Friday.

The death was investigated Friday evening by Sheriff P. A. Mero. On Saturday morning a coroner's jury reported that the death was accidental. The accident was not reported to authorities until the boy's father, returning from work, discovered him shot through the stomach.

An 8 year old brother had been playing with Frank and his sister at the time of the accident.

The mother, according to Sheriff Mero, lives with three other children in Orioleto. The father works for the city of Longwood.

Large Bass Caught By Local Fisherman

Who said there is no large bass left in the lakes of Seminole County?

Jim Brown, fishing with a silver spoon with pork rind, landed a 9 pound black bass at 7:00 o'clock this morning in an undisclosed Seminole County lake, it was reported by Harry Tolson.

The fish was 27 inches long, 18 1/2 inches in girth and had an 8 1/2 inch mouth. It was reported that Duane Tillis and Billy Berthel were also in the fishing party.

Cotton Crop

WASHINGTON, Sept. 8 (AP)—The Agriculture Department today estimated this year's cotton crop at 11,849,000 bales of 500 pounds gross weight.

CITY MEET

The Sanford City Commission will meet tonight in regular session at 7:30 o'clock, according to H. N. Sayer, city manager.

17 Persons Killed In Boat Collision

Nehru And Khan Unite To Stop Indian Strife

RIO DE JANEIRO, Sept. 8 (AP)—At least 17 persons were killed and 70 others injured in the collision of a ferryboat and a launch in the bay of Rio de Janeiro.

Seventeen bodies of men, women and children had been found in the city morgue today. Rio de Janeiro's first aid hospital said it had treated 65 of the injured and 15 others had been cared for in a hospital at Niteroi across the bay.

The accident occurred a few hours after the U. S. battleship Missouri left the bay with President Truman and his family. The president is homeward bound from a visit to Brazil.

The launch Peruvia and the ferryboat Peruvia were both bound across the bay from Rio de Janeiro to Niteroi when the accident occurred. No foreigners were among the victims.

Only crew members were aboard the ferryboat. The launch was carrying 100 passengers, including many women and children who had attended the Brazilian Independence Day parade which Mr. Truman also witnessed.

Answering screams from passengers on the launch, the crew of the ferryboat put out lifeboats and they many leaped into the water to help pull passengers into the boats. An officer on the ferryboat sounded a distress signal.

Supposedly small craft set out immediately for the scene of the accident, a short distance from the Rio de Janeiro dock, but darkness made rescue operations difficult.

Ground-laying of the tragedy began stoning the building of the Frotal Carro, Co., which operates launches in trans-bay service.

'Old Crip' Inspects New Tourist Booth

Curiously about the setup in the new Tourist Information booth completely overcame "Old Crip" well known citizen of Monkey Island in the Sanford Zoo, who gained an hour of freedom Friday afternoon after a spectator had allowed the monkey to escape.

The spectator sitting with feet over the moat edge had enticed "Old Crip" to climb up on to his lap and partake of bananas. "Old Crip" after being fed, jumped to the ground and headed for the tourist booth from which he scared Mrs. Gale Michaels who had been writing a number of letters.

"Old Crip" had small regard for the letters which he scattered right and left. Then, curious to know who might visit Sanford next year, he investigated the card file of prospective winter visitors and called cards in every direction.

When "Old Crip" saw Patrolman Ralph Geiger coming after him with a net he jumped back into the moat and is now living quietly on the island again.

British Use Whips In Unloading Refugee Jews Returned To German Custody

LONDON, Sept. 8 (AP)—Two of this evening's London newspapers criticized the government's handling of "Refugees 1947" refugees in Germany.

The Star called it "a blunder of the first magnitude." The Evening News said "no more stupid decision could have been made." The Daily Worker said "because of the incident would be 're-estimated and colored in America particularly.'"

LAKE SUCCESS, Sept. 8 (AP)—The United Nations Palestine committee declared unanimously today that immediate help for 250,000 distressed European Jews would ease considerably the problem of the Holy Land.

The committee called on the UN Assembly to do something for the Jews in the European assembly centers as a "vital prerequisite to the settlement of the difficult conditions in Palestine."

The full report of the Palestine committee was made public a week after the summary and recommendations were released in Geneva and Lake Success.

A committee majority of seven states recommended the partition of Palestine into Jewish and Arab states tied up in an economic union, the creation of an autonomous city of Jerusalem under UN trusteeship, and the admission of Jewish and Arab refugees into Palestine in a two-year transitional period.

Canada, Czechoslovakia, Guatemala, the Netherlands, Peru, Sweden and Uruguay made up the majority.

States voted for a joint Arab-Jewish state under a federal system of government and organization.

Wilson Reports On Auction System In Dover, Delaware

JACKSONVILLE, Sept. 8 (Special)—"Marketing of farm produce has all kinds of angles and I have recently covered the opportunity of watching the operation of an unusually effective auction system in Dover, Delaware, where wholesale and retail selling is handled, and where the grower receives of his livestock, poultry, and produce—and also buys clothing," said William L. Wilson, Director of Florida State Markets.

Wilson said he was amazed by the crowds of people in attendance, and the amount of produce, livestock and merchandise of every description changing hands.

"The Carroll market, I understand, is one of four similar sales centers which have been developed in Dover, and all of which operate pretty much along the same lines. The producers bring in their offerings of all kinds, on them through the auction, and in their turn purchase such items as they may need. Naturally wholesale and retail buyers are present in large numbers, and even competition results. The Carroll organization's sales day is Friday. Selling starts early in the morning, and by noon the day is there, livestock offerings had been pretty well disposed of."

British Coal Strike Reported Spreading

BARNESLEY, England, Sept. 8 (AP)—The strike in Britain's nationalized coal mines spread from southern to western Yorkshire today, reversing a partial back-to-work movement which had given rise to hopes for a settlement.

Two thousand miners at Princes of Wales colliery, Doncaster, began a sympathy walkout at the start of the afternoon shift. The colliery, the first in West Yorkshire to be affected, has a weekly production target of 11,800 tons.

Fifteen Veterans At Vocational School

Fifteen veterans are among the 35 students now enrolled in the Sanford Vocational School, repaired and re-equipped for classes which are expected to total 40 to 50 students, according to Mrs. R. C. Maxwell, principal and Mrs. J. P. Hall, assistant.

The vocational school, an integral part of the Seminole County school system, provides free instruction in business subjects to adults, full or part time.

Two new subjects this term will be commercial law and general clerical and office practice, which includes bookkeeping and filing. Fluorescent lighting has been installed, also new cupboards and demonstration stands for the new elevated system of typing which is designed to reduce fatigue.
