SANFORD, FLORIDA, WEDNESDAY, JUNE 13, 1923

NUMBER 65

PRESIDENT LI YUAN HUNG FLEES FROM CHINA

GOVERNMENT OWNERSHIP THEME IS NOT POPULAR WITH RAILWAY OFFICIALS

VICE-PRESIDENT OF ASSOCIATION OF R. R. EXECUTIVES SPEAKS ON IT

ATLANTA MEETING Of the National Association of Credit Men and Gives His Views

(By The Associated Press)
ATLANTA, Ga., June 13.—An appeal for the protection of the transportation interests of the country against threats of government ownership, as well as against granting to the several states power to discriminate in favor of their own traffic against interstate commerce was made yesterday by Alfred P. Thom, vice-president and general counsel of the National Association of Railway Executives, speaking before the convention of the National Association of Credit Men.

Other notable speakers before the credit men, who opened their twenty-eighth annual convention here today, included Gov. John M. Parker, of Louisiana and former Senator Hoke Smith of Georgia.

Tomorrow's program will be devoted largely to the subject of banking and bank credits, with J. H. Puellcher of Milwaukee, president of the American Bankers' Association, making the principal address. Mr. Puellcher also will address the Robert Morris Association, a group of bankers and bank credit men affiliated with the credit men, in the afternoon. Group meetings of credit men also will be held in the afternoon.

"The institution of private property is the cornerstone of credit," Mr. Thom declared in his address, pointing out that axiomatic as the proposition was "there has been no time in the history of the country when attacks upon it, either covert or confessed, have been so constant and instant."

"It is true," he said, "that these attacks have not as yet taken among us the form of attacks on all property, but having to begin somewhere they have begun with the property of the railroads, and while there are already indications of a purpose to extend it to other species of property, the effort is at the present time to concentrate it for the most part on properties devoted to the public service in transportation.

The speaker declared the two principal forms of attack at the present time to be "first, the proposal of government ownership and the conscription process by which it is to be brought about; and second, the proposal to vest in the several states the power to discriminate unjustly against traffic other than that which moves solely within its own borders, thus in effect conferring the power on the several states to abolish free trade among them and on the more powerful states, the power by discriminatory and burdensome terms, to exclude the traffic of other states from their markets."

"Both of them involve disaster to the nation's second largest industry,"

STATE DEPARTMENT NEGOTIATING WITH VARIOUS MARITIME POWERS ON SOLUTION TO PROHIBITION

Measure That Would Allow Foreign Ships in The Three-Mile Limit

(By The Associated Press)
WASHINGTON, June 13.—Informal negotiations initiated by the State Department with various maritime powers to contemplate a solution on reciprocal basis of ship liquor controversy and of rum smuggling fleet problem through the exercise of the treaty-making power of the government. American officials was revealed to see in this method an opportunity to eliminate inconveniences to foreign ships within the three mile limit due to prohibition enforcement regulations while at the same time the hovering fleet of rum smugglers off the American coast may be broken up through an extension by the treaty agreement of right to search for this specific purpose, up to the twelve miles limit.

TEXAS LEGISLATURE DEPLORES ACTION OF N. Y. LEGISLATURE

AUSTIN, Tex., June 13.—(By The Associated Press).—The house of representatives adopted a resolution deploring the action of the New York legislature in repealing the state prohibition act. The vote was 60 to 29.

WORLD COTTON CONFERENCE IN AGREEMENT

(By The Associated Press)
WASHINGTON, June 13.—The international cotton conference reached an agreement yesterday for the adoption of the United States official cotton standards as the basis for the world cotton trade. Signature of the agreement was withheld pending confirmation by cable from the various foreign cotton exchanges.

The conference adjourned until June 18 to await replies to the recommendations of the foreign delegates that the United States standards and other questions agreed upon be adopted and their signatures placed on the documents.

NEW YORK, June 13.—Edward Fuller and Frank McGee, stock brokers, who starred in New York's most sensational bucket shop case pleaded guilty to the charge of bucketing order from Franklin Link of Tennessee and were remanded for sentence Friday.

Mr. Thom said, "but disaster can not come to that industry alone and leave the other great industries of our land or the people themselves unscathed. There can be no such thing as credit, business, or economic isolation of a single essential industry.

"The ten billions of dollars of values which it is proposed to take away from the railroad are somewhere in the credit system of our country. Directly or indirectly, this vast sum is represented in the assets of the insurance companies, or savings banks, or business institutions of all kinds and of a great multitude of individuals.

"It will be wise for the credit men as well as for all interested in the financial stability of our affairs, to pause and consider what the consequences would be of the success of this vast scheme of confiscating. In its direful influences it would enter every business enterprise and every home. Then the distress of the agricultural and of other industry would be undeniable, for all would be dealing in a stricken and prostrate market."

HOSTILE ARMY OF HIS COUNTRYMEN GATHERED AT THE GATES OF PEKING THIS MORNING

Threatened to Enter City Unless He Vacated—Leaves Country Without President, Cabinet or Official Head—Country's Finances in Bad Way

(By The Associated Press)
PEKING, June 13.—President Li Yuan Hung, with a hostile army of his countrymen at the gates of the capital ready to enter if he refused to vacate, yielded to pressure of militarists today and left for Tientsin on a special train. General Feng Yu Shang, military inspector of the metropolitan area, had threatened to invade Peking unless he president left. President Li made a spectacular dash from his residence to the station in a motor car, the train having been prepared for such eventually pulled out immediately. The vice-minister of war and a few faithful adherents waved good-bye to the president. The flight left Peking not only without a president but without a cabinet. The cabinet resigned June 6th ostensibly because of a disagreement with the president over the appointment of petty officials but actually it was said because financial impasse faced the government. The president attempted vainly to re-organize the cabinet.

SHANGHAI, June 13.—Conditions in China are termed the "worst since the boxer out-break" in a statement in which the American Association of China and American Chamber of Commerce of Shanghai united. Organizations agreed "American lives and liberty are endangered and their prestige and business being destroyed by lack of strong action." A cable protest was sent to the secretary of state at Washington today.

SHANGHAI, June 13.—It was charged the Chinese are continuing outrages against foreigners and that American vessels had been fired on up the Yangtze river and the American flag had been insulted. American gunboats are said to be inadequate to protect Americans. Chinese officials were accused of violating the treaty in refusing to protect foreigners. Travel between treaty ports on land and water was termed unsafe. Dispatch of cargoes prevented while opium traffic encouraged and has flourished.

INTERESTING FACTS ABOUT SANFORD

The 1920 census population of Sanford was 5,688. It is a small metropolitan city and possesses a number of prominent features which have an appeal to the tourist, the health seeker, the home-seeker and investor. They are briefly as follows:
Twelve miles of paved streets.
Bond issue voted for ten additional miles.
Located on Lake Monroe, seven miles long, five miles wide. Over three million dollars on deposit in banks.
Excellent graded school system, accredited high school.
Modern municipal sanitation.
Rail and water transportation.
Free public library.
Year-round concerts by 15th Infantry, F. N. G., Military Band.
Real estate values not inflated.
Daily and weekly papers.
Ideal winter and summer climate.
Most intensively developed agricultural section in Florida.
All prominent fraternal organizations.
Well shaded streets, good roads.
Hospitable people.
Rod and Gun Club.
Sporty golf course.
Hunting and fishing.
All the attributes found in the larger cities which make life worth while.—Tampa Tribune.

SEARCH AND SEIZURE LAW WILL BECOME EFFECTIVE IN FLORIDA JULY FIRST

(By The Associated Press)
TALLAHASSEE, Fla., June 13.—Florida's new search and seizure law, the work of the recent legislature, will become operative July 1. Two departures from the former procedure in the issuance of search warrants provide that when a warrant calls for the seizure of any property it shall issue in duplicate, one copy to be delivered to the owner or occupant of the place to be searched, or in his absence to some other occupant of the premises, and when a warrant calls for the arrest of a person, a copy shall be delivered to him before the arrest is made.

The act also provides that "dwelling occupied exclusively as such shall be searched in the nighttime under this act or any other law of this state except for stolen or embezzled property." Another clause provides that under no circumstances shall a forcible search be made of a dwelling at night.

The home is also protected in the issuance of search warrants for the act provides "no search warrant shall issue under this act or under any

KIWANIS CLUB WILL OFFER A WEEKLY PRIZE

GIVEN TO PROMOTE ATTENDANCE AT THE POPULAR NOON-DAY LUNCHEON

Today's meeting of the local Kiwanis Club was called to order by President J. G. Sharon, and Dr. Brownlee invoked the blessing, as the members sat down to the good things prepared for them by the management of the Valdez Grill.

There are codfish balls, cannon balls, rubber balls, and the familiar balls that hang in front of "Uncle's" loan emporium, but Sanford is inflected with other balls, Fred and Edgar, and they had charge of the entertainment feature of the luncheon. After rendering an original version of "Liza Jane"—both were late—they introduced the Holly Trio—Mae and Mildred and Reginald, who furnished real and appreciated entertainment. Miss Mae presided at the piano and Miss Mildred sang "Buddy" accompanied by Reg. As an encore the latter two responded with the song "Mamma." Later they rendered "The Sweetheart of Sigma Xi," all of which were thoroughly enjoyed by their hearers.

There was no special business before the meeting, and President Sharon took occasion to read the Kiwanis Creed, as delivered by President Ross at the Atlanta convention. If we could—or would—follow that creed in our daily life, this world would be a great deal better place in which to live.

On motion of Grandpa Dumas it was decided to give a present each week to one member present—to be decided by drawing the place tickets. This prize is not to cost more than \$2.00, and Mr. Dumas will choose, pay for and deliver the first prize next Wednesday.

All the members would like to know how Rev. Brownlee lost his Kiwanis pin and what Bob Deane is doing with a ladies powder puff in his pocket. They were both at Atlanta attending the convention and there is probably a whole lot happened there that was not told. Ed. Lane was there, too, but he keeps silent, probably because he was in the same gang. Kent Rositer, who will tell the truth once in a while, is absent from the city, so there is not much chance of learning the truth regarding the action of the delegates from Sanford.

Kiwanians are urged to be present at next Wednesday's luncheon, as a most interesting program is being arranged.

SUMMER SCHOOL WILL OPEN THIS WEEK AT UNIVERSITY OF FLA.

Gainesville, June 13.—The advance guard of approximately 1,000 students who are expected to attend the summer school, which officially opens today at the University of Florida, have arrived in the city and each train brings additional young men and ladies. The summer school will continue for eight weeks, ending August 8. Every available room in the vicinity of the university has been engaged. This summer school course is a great help for young men and women seeking their first teaching certificate. All parts of the state will be represented at the summer normal, and the faculty this year is an exceptionally strong one.

without probable cause procures a search warrant to be issued, the measure provides, will be subject to a fine of not more than \$500 or imprisonment of not more than six months. Any officer who "willfully exceeds his authority or exercises it with unnecessary severity shall be fined not more than \$500 or imprisoned not more than six months" and further, will be liable to removal from office.

According to legal authorities here, it is the first time the state has had any penalty for officers who carried out ill practices in the service of warrants.

FORMER BULGARIAN RULER FLEEING THROUGH COUNTRY TO ESCAPE REVOLUTIONISTS

ARKANSAS RIVER
RISES OVER 19 FEET
ABOVE NORMAL

TULSA, Okla., June 13.—(By The Associated Press).—The Arkansas river at 8 o'clock this morning touched 19 feet and 8 inches above normal and is expected to continue to rise for thirty-six hours.

PIGGLY WIGGLY GIVES AWAY 1462 POUNDS OF FLOUR

SHOWS THAT 277 CUSTOMERS
TOOK ADVANTAGE OF THE
OFFER SATURDAY

That advertising pays, when systematically followed up, is most clearly demonstrated by the number of customers calling for that free sack of flour given last Saturday by the Piggly Wiggly store in Sanford.

A total of 277 customers took advantage of the offer advertised in the Daily Herald, and "totaled" off 1,462 pounds of good flour. The trade was nearly as active Monday, but Manager Hamrick has not furnished the Herald with the figures. Mr. Hamrick is a dyed-in-the-wool advertiser, uses the columns of this paper extensively and says that the success met by his store in this city is largely due to this advertising.

He has something of interest to tell you today and you will make a decided reduction in the high cost of living by carefully reading every word. You have to carry your purchases home, but you are well paid for the effort.

TWO BOYS DROWNED NEAR OCALA YESTERDAY WHILE IN SWIMMING

(By The Associated Press)
OCALA, June 13.—The body of James Akin, 12, who with Clifford Kruger, 14, drowned yesterday in Knights Lake, while Kruger's mother watched from shore, was recovered today. Kruger's body was not found.

The total stock of monetary gold in the United States on March 1, 1923, amounted to \$3,961,000,000 while the total supply of currency was \$4,611,000,000, yet national banks alone report total deposits amounting to \$17,420,000,000, or over four times the total circulating medium of the country.

ORGANIZED REIGN OF TERROR AND GUERRILLA WARFARE IS BEING CARRIED ON IN GERMANY

Against the French Forces Occupying the Ruhr District

(By The Associated Press)
DUSSELDORF, June 13.—"An organized reign of terror" in the form of guerrilla warfare is being carried on against the occupying forces in the Ruhr according to the French military headquarters. Authorities consider a campaign is being organized for the execution of former German Officer Albert Schlageter for sabotage. General DeGoutte and other high army officers are slated for assassination the military secret service declares.

MAYENCE, June 13.—The death penalty has been imposed by the French court martial here upon German Engineer George, of the Baden Engine Works at Ludwigshafen who is charged with sabotage. French authorities say he confessed.

BERLIN, June 13.—Eleven Germans have been shot dead in the Ruhr since the assassination in Dortmund last Saturday of two French non-commissioned officers according to dispatches to Berlin newspapers. The victims include fatalities in Dortmund Sunday night which is now said to number six. Other five named in dispatches were eight-year-old Dortmund boy and two doctors shot dead at Rockinghausen and doctor and policeman killed in Dortmund.

STATE OF CIVIL WAR EX- ISTS THROUGHOUT GREAT- ER PART OF COUNTRY

MINISTERS KILLED

Bulgarian Arm of 100,000 Volunteers Ready to Fight All Usurpers

(By The Associated Press)
SOFIA, June 13.—Former Premier Stamboulsky accompanied by a single friend is reported this evening fleeing on horseback through the mountains of Central Bulgaria in direction of the city of Pirdop, pursued by a squadron of revolutionary horsemen.

BELGRADE, June 13.—Dispatches to Jugo-Slav newspapers today report the existence of state of civil war throughout the greater part of Bulgaria. Former cabinet ministers Oboff and Duparinn are said to have been killed during engagement with revolutionary troops.

PARIS, June 13.—A Bulgarian "volunteer army" now numbering 100,000 men and steadily increasing in size, is "preparing to punish the usurpers," says a statement given out by the Bulgarian legation here today, summarizing an official dispatch from M. Daskaloff, Bulgarian minister at Prague. The statement adds that these troops are guarding the frontiers and the suburbs of Sofia.

M. Daskaloff, who is in direct touch with Varna, Bulgarian Black Sea port, urged the staff of the Paris legation not to execute orders received from the "new illegal government, which is established only at Sofia and supported by a handful of adventurers."

SENATOR FLETCHER TO REPORT ON TRIAL TRIP OF LEVIATHAN

WASHINGTON, June 13.—Senator Fletcher, Democrat, Florida, said today he would go on the trial trip of the Leviathan and make a report as ranking minority member of the senate committee on commerce.

"It is my understanding that the contract for the reconditioning of the vessel called for a trial trip at the expense of the contractors," said Senator Fletcher adding, "I will be aboard to note what occurs during the trip. If the trial is properly conducted without the lavish expenditure of public funds I will not hesitate to say so. On the other hand, if public funds are wasted on a pleasure junket, I will promptly denounce it."

ANNOUNCEMENT

The Pipe Organ Club will meet Monday afternoon at 3:30 with Mrs. A. M. Phillips on Oak avenue.

PIPE ORGAN CLUB

The Pipe Organ Club met Monday afternoon with Mrs. W. M. Scott. The hostess' rooms were attractive with bowls of flowers. During the business meeting plans were discussed for next season's bazaar. Mrs. Scott surprised the members by showing them a number of articles she had painted for the bazaar. At the conclusion of the business meeting, the hostess served a delicious salad course. The next meeting will be with Mrs. A. M. Phillips on Oak avenue. After a short business meeting the members will drive to Silver Lake for a dip and then enjoy lunch.

Treasury to Enforce Booze Bar Ruling—New Instructions Out

WASHINGTON, June 12.—The treasury will stand pat in its determination to enforce rigidly the recent supreme court decision barring beverage liquor from the territorial waters of the United States. It so informed customs officers in new instructions tonight, issued, an official declared that further misunderstandings with foreign governments may be avoided.

The French government, through its embassy here, had suggested to the treasury during the day that each member of the crew of the lighter France in New York harbor, should be allowed to have his wine ration of one-half a litre a day as required by the French law, inasmuch as the ship had left home port prior to June 10, the effective date of the regulations. Embassy officials took the position, treasury officials said, that after liquor stores of vessels had

been sealed by customs authorities, the former practice of opening the stores for insurance of the wine rations should be followed on this trip. Some representations was said to have been made by the embassy that an understanding had been reached that such practice would be permitted. Assistant Secretary Moss, in charge of prohibition, immediately called the officers of the prohibition unit together to trace down the statement credited to them, but was unable to find anyone who would admit having made it. Mr. Moss later called the embassy's attention to the provision of the regulation permitting theory of ships into American waters with a liquor cargo if they had left their home ports prior to June 10, but explaining that such stores must be sealed.

The provision carried by the regulations follows: "If any foreign vessel leaves a foreign port before June 10, 1923, for an American port, having liquor aboard for beverage purposes, such liquor shall not be seized under these regulations while kept under customs seal in American territorial waters on such voyage."

The paragraph, Mr. Moss declared, is not susceptible of more than one construction the regulations are in full force and there has been no reason presented why the treasury should waive the rules thus laid down.

While the first international complication to result from the application of the court's drastic interpretation of the Volstead act threatened at first to develop serious consequences, most treasury officials last night were inclined to the view that the difficulties will "blow over" and that hereafter general compliance by the foreign ships with the American law may be expected. There were some, however, who felt that possibly legal proceedings might be attempted by some foreign shipping companies because, they said, there was a question as to whether a foreign ship, even though in American waters, actually could be held to be in American territory.

Treasury officials declined to discuss in any way public reports that some of the foreign ships now in American waters, were supplying their crews with liquor rations. No official reports, they said, has been received to that effect.

MEMORY OF M. M. STEWART

On September 11th, 1854, Miles M. Stewart was born near what is now Apopka, Fla., where he lived with his father's family until he was sixteen years of age, when with the consent of his father, he with two other lads set out for themselves. Having discovered an extensive wild orange grove on the shores of Lake Apopka these three young men secured title to the land, constructed a cabin and proceeded to bud the wild orange trees, and by their industry, hard work and good management soon saw the owners of a profitable orange grove.

Those were the pioneer days when game of all kind were plentiful, wild turkeys and deer would frequently feed in the orange grove, while bear, wildcats and panthers were marauders from which poultry and hogs had to be protected.

He was married in 1880 to Miss Sarah Jane Smith of Statenville, Georgia.

Mr. Stewart became a very extensive orange grower and remained in that business until the disastrous freeze of 1898 from which he suffered enormous losses.

Coming to Sanford about eighteen years ago he engaged in the trucking business, and became the owner, at various times of valuable property, in addition to his farm, his first home here was that now owned and occupied by Mr. Forest Lake on Park avenue, selling this he purchased the property on Union avenue now occupied by Dr. Heitz; after retiring from the trucking business he owned and operated the Elder Springs water business, but his health failing he spent the last few years at his home on Mellonville avenue, again devoting his time to the care of the beautiful orange grove which surrounded his residence.

Of a genial disposition, unostentatious and unpretentious, a man who was always ready to assist those in need of help, this world is a better place for his having lived in it. In early youth he became a member of the Baptist church, and for the past ten years has been the beloved chairman of the Board of Deacons of the First Baptist church of Sanford.

About four years ago he suffered a severe attack of the flu, from which he never fully recovered, he died on May 26th, 1923, of pulmonary abscess, in the Methodist Hospital, Philadelphia, where he had been for treatment for several weeks. His body was returned to Sanford for interment. The funeral service was conducted by his pastor Dr. King, assisted by his former pastor Dr. Hyman, with singing by the ladies of the Baptist choir; the members of the Board of Deacons served as pallbearers. The beautiful floral tributes in great profusion attested the love and esteem in which the departed was held.

He leaves a wife and six children, namely, Mrs. A. C. Chapman of Kissimmee, Fla.; Mrs. F. E. Gatchel, Misses Minnie and Mary Stewart, and Maxwell Stewart of Sanford, and Miss Edith Stewart of Philadelphia, besides several grand-children, and hundreds of friends, who mourn his loss.

A VICTORY FOR AMERICAN MOTORISTS

The Crude Rubber Monopoly weakened when it came into contact with aroused public sentiment. The Press of the Country today reflects the determination of the American Motorists that Tire Prices shall stay at a reasonable level—and that America must produce its own rubber.

Firestone

CUTS TIRE PRICES 10 PER CENT EFFECTIVE JUNE 11

We announce a ten (10) per cent reduction in tire and tubes, effective June (11) eleventh. The lowered cost of crude rubber and the special Firestone manufacturing and distribution advantages make this possible.

Firestone factories are organized on a basis of large volume and effective production. Costs are down, but quality is at its peak. Stockholder workmen are daily building many thousands of Gum-Dipped Cords—the best Firestone ever produced and, we believe, the leader on the market today.

Firestone Cords took the first four places and eight of the ten money positions in the Indianapolis sweepstakes, May thirtieth, without a single tire failure.

Get a set of these Gum-Dipped Cords from one of the following dealers:

RAY BROS.
 O. C. BRYANT, WAGNER, FLA.
 SEMINOLE SUPPLY CO., OVIEDO, FLA.
 Most Miles per Dollar

Firestone Gum-Dipped Cords have set new standards in mileage, traction, comfort and safety. Car owners have expressed their approval of the extra value in Firestone Gum-Dipped Cords by increasing their purchases one hundred ninety-four per cent (194) in the past six months.

We have replaced many expensive branches with warehouses. We have today one hundred and eight (108) distributing points which are delivering Firestone Tires to the consumer at the lowest cost in our history.

Follow the tide of economical tire buying—equip with Firestone Gum-Dipped Cords—and learn what most miles per dollar means to you today.

Flood's Toll in Dead Seven; Five Millions Damage

KANSAS CITY, Mo., June 12.—Seven dead, many reported missing, thousands homeless and property loss exceeding \$5,000,000 was the known toll last night of floods which have sent virtually every stream in Kansas and northern Oklahoma to the highest stage in years.

The Kansas river and tributaries last night were reported falling, thus removing the immediate danger in northern Kansas. In southern Kansas, however, the valleys of the Verdigris, Neosho, Walnut and other streams were inundated.

Arkansas City and Winfield, in south central Kansas, the cities hardest hit, tonight were under patrol of American Legion and Kansas national guardsmen. Red Cross and other agencies were endeavoring to care for the homeless.

The chamber of commerce at Arkansas City appealed for \$500,000 to aid the flood sufferers. The chamber estimated the damage at Arkansas City at more than \$3,000,000. At Winfield the damage was estimated at a between one and one and a half million.

At Wichita which suffered damage Saturday, the situation was reported greatly improved last night.

Hundreds of American Legion men and city employees were working last night to prevent further breaks in the dikes.

The Big Arkansas, which converges with the Little Arkansas north of Wichita, was reported as about stationary.

In Winfield the scenes of havoc and ruin today were said to surpass those of any other disaster in the city's fifty years of existence.

The Kansas river stood at 19.3 feet last night at Topeka and was slowly falling. This is a fall of 2.5 feet since Sunday. There now seems no danger of a flood in Topeka.

Although many were reported missing at Arkansas City and 3,000 were homeless, only one person is known to have lost his life.

Damage running into millions was reported from northern Oklahoma, as a rush of water swept down from southern Kansas.

Hundreds of persons have been rendered homeless but there were no confirmed reports of loss of life.

Train service throughout the state has been interrupted and damage to state highways will run to nearly \$1,000,000 state highway commissioners estimate.

The Arkansas river was out of its banks from the Kansas border to the Arkansas line, flooding thousands of acres of farm lands. At Tulsa the Arkansas was falling slightly, but a

Drainage Taxes Legal Backed by the State and Property Affected

SUPREME COURT RENDERS MOST IMPORTANT DECISION.

TALLAHASSEE, June 12.—In an opinion by Mr. Justice West, filed yesterday, the Florida supreme court has held that it is within the power of the state to impose taxes in the nature of special assessments for local improvements, according to the value of the property affected or upon an ad valorem basis.

It is pointed out in Judge West's opinion that the state constitution contains no express provision upon the subject of the formation of taxing districts for particular purposes nor for special assessments for local improvements by such districts. After quoting from the opinion of the United States supreme court in the case of Houck vs. Little River District, 239 U. S. 254, that decision is held to be authority for holding that the statute here under consideration is not so palpably arbitrary as to be obnoxious to the fourteenth amendment of the federal constitution; that it, therefore, the expense of the enterprise might have been defrayed out of state funds raised by general taxation or from special assessments imposed upon the basis of market value, the present statute having for its object the maintenance and upkeep of the improvement and perpetuation of the enterprise from a tax levied upon property within the district upon an ad valorem basis, is clearly within the power of the state.

It is further held that if the expense of a drainage project may be defrayed out of funds raised by general taxation as was held in the Little River drainage district case, there can be no valid objection to a statute imposing a tax upon the property, real and personal, within the district benefited for the purpose

of raising funds to be used for maintenance, repairs and upkeep and other necessary purposes of the enterprise, upon the ground that the assessment is laid upon an ad valorem basis.

The case in which the decision was rendered was that of Allen R. Richardson appellant, vs. Cary A. Hardee as governor and the other members of the board of commissioners of the Everglades drainage district and certain tax officers of Palm Beach county. The suit challenged the validity of chapter 8412, laws of 1921. The case was in the supreme court on appeal from the circuit court for Palm Beach county. The appellant was represented by Hon. Marvin C. McIntosh, of Tallahassee, and the appellees by Hon. Glenn Terrell, now a justice of the supreme court. Judge Terrell, of course took no part in the consideration and decision of the case.

The importance of this decision to the great drainage project of Florida and perhaps to other public improvement enterprises, is obvious. This is the first time the question has been decided by the supreme court of Florida.

SMITH LEAVES MONEY TO ATTORNEY GENERAL

WASHINGTON COURT HOUSE, Ohio, June 11.—Under terms of the will of the late Jesse W. Smith, intimate friend and close political associate of Attorney-General Daugherty, who committed suicide in Washington, D. C., May 30, the attorney-general is given a bequest of \$25,000.

The will, probated here Saturday, makes bequests aggregating \$190,000. His former law partner, Roxy R. Stinson, will receive \$25,000. Attorney General Daugherty and M. S. Daugherty, \$25,000 each; Edmund St. John, a cousin of Bristol, Tenn., \$75,000; Mrs. Ella St. John, Bristol, Tenn., \$10,000 and to other relatives an amount of \$1,000 to \$5,000, including \$3,500 to John G. Price, of Columbus, former attorney-general of Ohio. A rosewood desk is given to Mr. and Mrs. Edward B. McLean of Washington, D. C.

The instrument bears the date of May 11, 1922, and makes Harry M. and M. S. Daugherty executors.

The two things that fill you with a yearning to go straight ahead are ambition and a detour sign.

ALL OVER THE WORLD

ANNOUNCEMENT!!

Announcing the opening of Sanford's newest Realty firm, the Britt Realty Co., now doing business in their new offices on the ground floor of the Valdez Hotel Building.

We also want to announce a New and Higher Standard of Performance in a Real Estate and Insurance way. We aim to make this Company THE leading Real Estate office in Seminole County, and second to none of any town the size of Sanford in the State.

Working with the thought ever uppermost in our minds that bigger business is built on a foundation composed of honesty—fair dealings—service.

REAL ESTATE

We will transact a Real Estate business on a little different line from what one generally sees in a real estate office. WE ARE GOING OUT OF SANFORD to look for prospects to buy your real estate. At the present time we have many fine bargains listed with us in the way of City Homes, City Lots, Improved and Unimproved Farm Lands, Business Property, and ideal sites for Country Homes. With the use of the Multigraphing, Addressographing and Printing Plant we have in connection with our business we are going to make the entire United States our territory. List your property with us if you want it sold, and if you to buy, see us first—our list covers many fine buys.

SOME OF THE DIFFERENT DEPARTMENTS WE ARE PERFECTING FOR YOUR BENEFIT ARE AS FOLLOWS:

LOANS AND INVESTMENTS

If you are looking for Investments we can be of assistance to you and if you want to borrow some money, we have connections with one of the largest Mortgage Companies in the United States and can accept your application for loans ranging from \$500 to \$10,000, secured by first mortgages on improved real estate.

BONDS

Fidelity Bonds, Surety Bonds, or any class of Casualty Insurance is handled for us by the Columbia Casualty Co., one of the biggest in this Country and we can guarantee you excellent service in this department. We also write Public Liability, Property Damage, Burglar Insurance, Plate Glass Insurance, etc. Call us up—we'll be glad to explain it to you.

FIRE INSURANCE

Representing the Eagle Fire Insurance Co., The Northern Assurance Company of London and the Home Fire and Marine Insurance Company, we represent three of the best companies in existence: The Eagle Fire Insurance Company is the oldest fire company in the state of New York; the Northern Assurance Company is one of the strong old English Companies that was established in 1835, and The Home Fire and Marine is owned by the Firemen's Fund. With these companies we can give you a real service in the handling of your Fire Insurance. See us when you need insurance again.

RESULTS COUNT Entrust Your Real Estate and Insurance Problems to Us and Watch How Easy We Make It for You

RENTALS

If you have a room, rooms, apartments, or houses, furnished or unfurnished, be sure they are listed with us—it doesn't cost you a thing for the listing—as we are going to give this department much publicity. We make a small charge each time we rent your place, and we keep up the collection end for you. You will get it sold, and if you want to buy, see us first—our list covers many real bargains.

MULTIGRAPH DEPARTMENT

We have installed a No. 36 Printer, one of the best Multigraph machines on the market, and in addition to using it for our own business we will handle the business of the business or professional men of Sanford. This plant is the very latest and in charge of competent operators. We can turn out work the day it is received. Drop in and look our outfit over.

ADDRESSOGRAPH DEPT.

The Addressograph feature of this business works in connection with our Multigraphing and Printing plant. We make up mailing lists, handle your circular mail matter at a reasonable cost, and in addition to that we have machinery for sealing, stamping and folding. You can better appreciate this department after you have seen it for yourself.

MISCELLANEOUS

If you need the services of an accountant, if you want help on your income tax problems, if you need a public stenographer, if you want a Notary Public, if you want a set of books opened or closed—call us up—

PHONE 362

and we'll be at your service

WITH THE AID OF OUR MULTIGRAPH AND ADDRESSOGRAPH DEPARTMENT WE ARE GOING ALL OVER THE UNITED STATES FOR PROSPECTS FOR YOUR PROPERTY. WE ARE GOING TO INTEREST OUTSIDE CAPITAL. SEE THAT YOUR PROPERTY IS LISTED WITH US.
