Hendry County Judge Raps Miscarriage Of Justice In Jury Probe Into Lynching

LA BELLE, Fla., Dec. 15.—(AP)—Judge Wesley C. Richards of Hendry county has written a letter to Governor Martin in which he protests against methods which he says were used at the recent grand jury investigation at Fort Myers when 17 men, arrested in connection with the lynching of Henry Patterson, negro, at La Belle, May 11, were permitted to go free.

In his letter made public here Judge Richards recounts the history of the case at length, saying the negro was killed by the mob...

Temperatures Will Continue To Be Below Zero Awhile, Forecasters Predict; Vessels At Anchor Because Of Gale

CHICAGO, Dec. 15.—(AP)—A slight reaction today from the widespread cold wave, and a further advance in temperature...

The front of the cold wave, which swirled down from Alaska and moved rapidly across the country, has reached the north Atlantic states and the south, but in a modified form...

Western Canada likewise continued in the grip of one of the most sustained cold spells in many years, with the mercury sinking to 35 degrees below zero in some places.

A sixty mile gale which blew snow and mist from the freezing regions of Thunder bay, held fifteen to twenty grain laden steamers at anchor within seven miles of Port Arthur, Ont., the Lake Shippers Clearing Association said no further clearance of vessels would take place this season from that port.

Probably a score of persons died as a result of the cold and much damage was done to power and telephone lines by ice and sleet, while motor and train traffic was held up by heavy snow in some areas.

Most of the damage had been repaired today in the Minnesota and Wisconsin areas, and snow filled highways were being opened to traffic.

Although there is no definite evidence that sun spots affect the weather, disturbances of the magnetic needle are violent on earth during the period when the spots are most numerous, and it is reasonably certain that brilliant displays of the aurora borealis are directly connected with their presence.

Telegraph wires are heavy sufferers from the northern lights. Naval observatory officials said sun spots were increasing and that trouble ahead awaited the world.

Last year observations showed about 216 out of 218 days, an increase over 1925. An increase in the number and intensity of magnetic disturbances in the world will result next year, they forecast, with the maximum of the present sun spot cycle in the latter part of 1928.

Legion Adds Thirty New Members To Rolls In Campaign

At a late hour this afternoon, 30 new members had been added to the rolls of Campbell-Loring Post of the American Legion, according to an announcement made by Leroy Chittenden, post commander, who also stated that Legion officials were satisfied with the first two days' efforts in a drive that is expected to bring the total membership to the 250 mark.

A large signboard has been erected at the corner of Park Avenue and First Street and the names of each paid up member and each new member are being added to those already on the board. The posting is made every hour providing subscriptions of membership are received during the hour.

Approximately 400 men in Sanford County are eligible for membership in the Legion, according to local officials, and an intensive campaign is to be carried on by 18 teams in every section of the county in an effort to sign at least 250 men.

The campaign is a statewide one. Every post in the state is engaged at the present in adding to its membership and Florida is expected to be at least 100 per cent in membership as any state in the country.

BOOST IN CITY INCOME SHOWN BY NEW AUDIT

Report Compiled For Fiscal Year Said To Be Best In History Of Sanford And To Portray Financial Stability

Revenue Exceeds All Expenditures
Water Department Pays Net Profit While Gas Plant Shows Loss In Interest

The revenue in all departments of the city of Sanford exceeded the expenditures by \$227,089.27 and the assets of the city amount to \$1,555,008.07 more than the liabilities, according to the annual audit report which has just been completed by E. T. LeBaron, Jacksonville accountant.

The report has created much local interest and those who have read it have declared it to be the best showing ever made by the city in any fiscal year. "The best title of the audit report in the state of Florida," were the words used by Mayor Lake in stating his satisfaction over the figures submitted by the auditor.

An outstanding feature of the audit is the progress of the water department, which shows an increase of 50 per cent in revenue and only a 35 per cent increase in operating expense. For the year ending Sept. 30, a profit of \$39,125.56 is reported after the interest on the bonds had been paid.

The municipal gas plant, which shows an operating profit of \$1,891.91, actually lost \$6,912.47, the loss mentioned sum representing the interest on the bonds of the plant. This showing was caused by the use of defective machinery for several months while new machinery was being installed, according to the auditor. The gas report for the month of November, 1926, shows a profit after the interest on the bonds is paid. For the year 1926, the plant is expected to show a large net profit, according to Mayor Lake.

An increase in police court fines of \$21,733 was made during the year, bringing the total for the 12 months to the sum of \$42,733. The actual expenses of the department amounted to \$20,151. These figures do not show the amount of money saved in street work on the part of city pedestrians.

City revenues in Sept. 1926 were \$97,258, and total current assets amounted to \$1,717,582, according to the report.

In his preliminary explanation of the features of the report, Mr. LeBaron recommended that the city install the "accounts payable" system of bookkeeping instead of the voucher system, which has been in use for years. While requiring additional help in the office of the city clerk, the modern system would save far more than any expense attendant upon its operation during the course of one year, as stated.

Thousands of letters, to individual members of Wompe's clubs throughout this section of the state are to be mailed out by the Chamber of Commerce this week as advertisements for the presentation of the San Carlos Grand Opera Company at the Milano Theatre on Dec. 30 and 31, according to E. J. Trotter, secretary of the Chamber.

Final plans for securing 250 patrons and patronesses for the opera were made at a meeting of heads of various civic clubs yesterday afternoon and the actual work of securing the signatures is to begin immediately. Mrs. E. A. Douglas, president of the "Sanford Woman's Club," Edward E. Lane, president of the Kiwanis Club, S. R. Dighton, president of the Lions Club and Rev. Mortimer Glover, president of the Rotary Club, attended the meeting yesterday.

A heavy sale of seats has already been made by out of town people and Sanford citizens who desire to attend all or any of the three productions have been urged to buy their tickets early by J. L. Marentette, manager of the Milano. Mr. Marentette is acting as publicity director for the opera company.

Peasants of Kertel, Russia, are working day and night to pay away quantities of gold from the dust of a recent volcanic outburst that destroyed their farms, and are praying for another eruption.

FARM AID BILL INTRODUCED BY PAT HARRISON

Measure Would Permit Federal Intermediate Banks To Lend To Farmers Sum In Excess Of One Billion Dollars

WASHINGTON, Dec. 15.—(AP)—A companion with the McNary measure for the farm relief bill in the Senate appeared today in the form of a bill prepared by Senator Harrison, Democrat, Mississippi, proposing to relieve agriculture by permitting the Federal intermediate credit banks to lend farmers \$1,200,000,000.

Denouncing the McNary bill as a denial of the principle of protective tariff, the Mississippi senator declared the real way to relieve agriculture was by liberating the intermediate credit system to permit any farmer to borrow money at low interest to hold his crops for better prices.

The McNary bill, a revision of the McNary-Haugen equalization fee measure designed to gain wider support while retaining the fundamental elements of that proposal, was introduced yesterday in the senate but was held out of the House before pending an agreement among proponents on a name for it and on certain of its provisions.

Representative Parnell, Republican, Indiana, and Fulmer, Democrat, South Carolina, who were selected to give names to it in the House to indicate the broad applicability of its provisions, were not quite ready to proceed without further consideration, although both were in favor of the plan. Agriculture committees of both houses are expected to begin hearings on the measure next month.

Under the Harrison bill, the capital stock of the 12 intermediate credit banks would be increased from \$5,000,000 to \$10,000,000 each with authority for each bank to make loans up to ten times its capital stock.

The interest rate would be fixed at four per cent and loans could be made on 50 per cent of the market value of the product. The present law requiring the intermediate banks to lend only to cooperative organizations would be broadened to permit the banks to make loans to individuals, firms and corporations with vouchers, receipts or shipping documents as security.

Nelson Gray, an experienced yachtman who has been active in Sanford yachting circles, was appointed to be a member of the Board of Governors to fill the vacancy when E. L. Marcell was made commodore.

The election on the proposed issuance of bonds in the sum of \$250,000 for the erection of a modern City Hospital, is to be held on Jan. 18, and for the next 30 days an intensive campaign in favor of the proposed issue is to be waged through the various civic clubs and other organizations.

The hospital is expected to be built on the site at Melville and Geneva Avenues, the one originally selected, and is to be one of the most completely equipped in the south, according to present plans of city officials.

In the original bond issue of last spring, there was an item of \$100,000 included for the erection and maintenance of a hospital. At least \$50,000 would be necessary to equip a modern structure of this type, according to medical authorities.

The \$100,000 is now available and with an additional \$250,000, it is said that Sanford will have a hospital on an equal basis with any in the state of Florida.

Charles Erwin, Noted Advertising Expert Dies At Winter Haven

WINTER HAVEN, Fla., Dec. 14.—(AP)—Charles Rowell Erwin, former president of Erwin, Wassy and Company, of Chicago, a nationally known advertiser, died at his winter home in this city last night after a short illness.

Mr. Erwin was a native of Illinois, and was 68 years old. He had made this city his winter home for 18 years and was an extensive citrus grower owner. He handled the advertising for the Florida Citrus Exchange.

Among his last public acts was the donation of a set of chairs to the Presbyterian Church in memory of a son who died here.

Federal Control Of Canal On East Coast Would Not Involve Private Interests

TALLAHASSEE, Fla., Dec. 15.—(AP)—No private interests would be involved in assumption by the federal government of the Jacksonville-Miami inland waterway except those of the stockholders of the Florida Coasts Line Canal Transportation Company, incorporated by legislative act for construction of the Florida East Coast Canal, according to state officials here.

Further action on the part of the state Legislature will, of course, be necessary before the government obtains full control of the waterway, if the recommendations of the engineers are carried out, it was explained.

All work on the canal has been done by land grants from the legislature, after incorporation of the company in 1874. The charter has been amended from time to time, granting the company land as the construction work proceeded.

Litigation has been pending in the supreme court over the alleged failure of the canal owners to live up to their agreement to the Legislature.

The state attorney general has (Continued on Page 3)

WASHINGTON, Dec. 15.—(AP)—Construction of a yacht building expected soon

Pier Into Lake From Club Is Also Authorized At Meet; Dates For Regatta Accepted And Features Explained

A report on the construction plans for enlarging the club house the making of a final decision to hold the annual regatta on March 10 and 11, and a financial report of the secretary were the most important matters to come before the Sanford Yacht Club at its meeting last night.

Elliott J. Moulton, architect, submitted plans for the enlargement of the building and for a dock which is proposed for the lake front on the north side of the building. The plans were approved and the work is expected to be started at once, according to yacht club officials.

The dates for the regatta, March 10 and 11 were accepted as laid down by the American Power Boat Association and the arrangements for a successful two-day regatta are to get under way in the near future.

A number of novel water events were expected to prove popular with the spectators. Efforts to secure several of the fastest speed boats in southern waters are also to be made.

There is to be added interest in the outboard class this year owing to the expected showing here of a number of out of town boats of this class, some of which are said to be of exceptional quality.

A member of the financial committee of the club was said by Secretary W. H. White.

Nelson Gray, an experienced yachtman who has been active in Sanford yachting circles, was appointed to be a member of the Board of Governors to fill the vacancy when E. L. Marcell was made commodore.

Walter Damrosch Has Resigned As Head Of New York Symphony

NEW YORK, Dec. 15.—(AP)—Walter Damrosch, who became director of the New York symphony orchestra 42 years ago at the age of 23, has resigned at the peak of popularity rather than wait until music lovers begin to whisper he no longer is the Damrosch of old. The directors in accepting his resignation, declared it marked "the end of a musical era."

Mr. Damrosch took over leadership of the orchestra upon the death of his father, Dr. Leopold Damrosch, who founded the orchestra in 1878. His resignation will become effective at the close of the present season.

"Two men cannot drive the same team of horses or conduct the same orchestra," said Mr. Damrosch. "Therefore, when I decided I could no longer direct four concerts a week or a hundred each season, it seemed right to let another man have the whip-hand."

They years will be required for the restoration of Rheims cathedral.

FATE OF TWO OIL CASE IS IN HANDS OF JURY

Battle Between Prosecution And Defense Ends In Big Clash Of Legal Forensic

Judge Delivers His Charge To Jurors

Pomerene Describes Fall And Doherty As Two Master Minds

WASHINGTON, Dec. 15.—(AP)—Prosecution and defense spoke their final words of accusation and denial today in the oil conspiracy trial of Albert B. Fall and Edward J. Doherty, and the case passed shortly after noon into the final keeping of judge and jury.

The battle came to its conclusion with a crash of legal forensics. Three defense lawyers and one for the government followed each other swiftly in the final session of argument.

Justice Hebling then resumed court until 1:30 p. m., before beginning his instructions to the jury outlining the points of law on which it will be determining whether the oil magnate and the then Interior Secretary violated the conspiracy statute when Doherty sent Fall \$100,000 before the Doherty companies were awarded leases to government oil land.

The charges to the jury were delivered immediately after the court recess. It was 1:35 p. m. when Justice Hebling began reading his final instructions to the jury.

The defense told the jury that the \$100,000 was a private loan from Mark B. Thompson, personal attorney for Fall, said it was the "cleanest money that ever passed from one man's hand to another." Speaking also for the former secretary Wilton J. Hamer, then federal government attorney, of distorting the facts after the best manner of Houdini and Frank J. Hogan, chief of the Doherty attorneys asked that the two defendants be returned to their homes and families "by sundown tonight."

Former Senator Alton Pomerene, replying for the prosecution, said the \$100,000 transaction and the leasing negotiations alike had been deliberately surrounded with secrecy in furtherance of a plot by "two master minds."

"The whole thing," said Pomerene, "was conceived in fraud and born of iniquity."

The former Ohio Senator summoned all his rhetorical talents for his oration and read to the jury in conclusion a verse of poetry praying for protection against "the undermining of public institutions by gnawing worm of fraud." As he finished Doherty drew a colorful handkerchief from his pocket and wiped his tears. Tears also sparkled in the eyes of Mrs. Fall and her daughter before they left the courtroom.

He commended the splendid spirit of cooperation between counsel and "the unflinching attention" the jury had given presentation of the case.

"Conspiracy" was defined in legal sense by the justice as ways implying an agreement to corrupt ends—"something wrong, something illegal."

Thirty years will be required for the restoration of Rheims cathedral.

SPORTS

CLUB OWNERS TO DRAFT SCHEDULE AT TODAY'S MEET

Commissioner Landis Asked To Increase Usefulness Of Advisory Board; Many Trades Are Being Ramored

NEW YORK, Dec. 14.—(AP)—The chief business for the annual meeting of the National League today was the drafting of the schedule of next season.

The league, already pledged to a longer season, appeared certain to decide to name the first week in October as the closing date in 1927. The season ended the last week in September this year. Commissioner Landis favors the prolongation, since the short season failed to bring about an earlier date for the world series. Only one club completed the schedule on time.

Some magnates favored asking Commissioner Landis to increase the usefulness of the advisory council of the major leagues, which has functioned but rarely in the last few years.

The practice of clubs maintaining farms in minor leagues, despite the draft system, designed to give each team an equal chance at youthful material, possibly was another matter for the league's attention. Barney Dreyfus, Pittsburgh owner, has declared the arrangement "hypocritical" complaining that one team alone controlled six minor league clubs.

The meeting is a two day affair. Tomorrow the magnates will leave for Chicago to attend the joint meeting with the American League. There was much dicker-

American League Managers Seeking Pitching Material For Next Season

CHICAGO, Dec. 14.—(AP)—A manager with a corps of high class pitchers to sell probably would make a fortune at the gathering of American League pilots and club owners opening today. Virtually every manager here admits he could use a dependable tosser.

The prosaic business of the league presidents today and tomorrow was little more than a stage setting, with the machinations of the managers having spot-light attention. Virtually all the league chiefs had before them was the perfunctory awarding of the 1926 pennant to the New York Yankees, selection of an umpire to succeed George Moriarty, now manager of the Detroit Tigers, decision on the length of the league schedule and selection of a new board of directors.

American League sentiment favors the long season. President Ban Johnson has felt in the past that baseball should be out of the way for football, but he now is ready to fall in with the general opinion that the season should run into October, to enable completion of the schedule without a cluster of late double-headers.

Five new managers are hoping

to obtain here the talent they need for the 1927 campaign.

George Moriarty, Ty Cobb's successor at Detroit, said he would take 10 pitchers south next spring. Of the quintet of new team leaders, Moriarty apparently has the least player worries. Unlike the Cleveland Indians, who find a hole in centerfield because of Tris Speaker's departure, the Tigers are well satisfied with their outfield. Cobb, like Speaker, was a centerfielder, but he prepared against his departure by grooming a successor, whereas the grey eagle of the Indians left a gap which the new manager, Jack McAllister, admits he is hard pressed to fill.

Dan Howley, of the St. Louis Browns, spent considerable time yesterday with Miller Huggins of the Yankees. Howley has said he would keep George Slaley, but there are reports that Marty McManus may be traded. Huggins wants a good pitcher.

Ray Sehall, in his first attempt at managing the White Sox, seeks a second baseman to replace Eddie Collins, who, the gossip strongly indicated today, will start next season as Connie Mack's aide at Philadelphia.

Horseshoe Pitching Now Very Popular In The Windy City

CHICAGO, Dec. 14.—(AP)—Those who believe horseshoe pitching is confined to the village common and is a game unknown to sophisticated city folks are far behind the times.

While preparations were being made for a world championship match here Saturday night between Frank Jackson of Kellerton, Iowa, present king, and Pult Mossman, Eldorado, Iowa, former champion, some one delved into statistics and found Chicago is one of the rabid centers of the sport.

One Chicago firm announced that it had sold 52,000 sets of horseshoes in this city alone. The Lincoln Park Horseshoe Club, one of a score here, has more than 1,000 members. It also developed that horseshoe pitching is not a sport restricted to men. The Cook county championship is held by a young woman, Miss Caroline Schultz, who once scored 25 ringers and four double ringers in one game. She is one of the participants in Saturday's events, arranged for a Christmas basket fund.

Carmen Hill Leading Pitcher Last Year In American Association

CHICAGO, Dec. 14.—(AP)—Carmen Hill, former Indianapolis twirler, now with Pittsburgh, with 21 games won and 7 lost, topped the pitchers, and Connelly, who played second for both Toledo and Columbus, was the only player outside a few pitchers who finished the season with a perfect fielding percentage. American Association pitching and fielding records revealed today.

Riggs Stephenson, former University of Alabama star, who went to the Chicago Cubs from Indianapolis, had a fielding average of .991, leading the outfielders. Fieldie Schupp, former major leaguer, who played last year with St. Paul and Indianapolis, was the wild man of the league; he issued 132 passes, hit 5 and cut loose with 5 wild pitches.

ing regarding possible trades.

Bill Terry, first baseman of the Giants, is reported to be slated for the Boston Braves in exchange for Joe Genewich, pitcher. Dave Bancroft, manager of the Braves said he would swap but he doubted that Manager McGraw of the Giants would be interested. The Braves would like two infielders and a catcher from Santa Claus, Bancroft said.

Donie Bush, Pittsburgh's new manager, seeks a pitcher, infielder, and utility outfielder. Manager Robinson, of Brooklyn has both his veteran outfielder, Zach Wheat and Burleigh Grimes, pitcher, on the block but their high salaries hinder negotiations.

Manager Stuffy McInnis, of Pittsburgh would like two infielders, two pitchers and an outfielder. Brooklyn has released Dick Cox, outfielder, to the Los Angeles club, of the Pacific Coast League, as part payment for Arnold Statz, who came to the Robins in a recent deal. Cox played with Brooklyn for the past two years.

Results At Seminole Park

First Race—The Rover (Healy), 6.00, 2.0, 3.20; Quannah (Pasuma), 2.40, 2.80; Heretrix (J. Ford), 3.00. Also ran The Peruvian, Marmonides, Confluence, Beg Pardon, First Light, Benzalese, Happy Hobo, and Spontaneous.

The Rover following Quannah for the first half mile, came on to win by two lengths when called on. Heretrix ran a steady race, just starting to beat Spontaneous.

Second Race—Duley Lou (A. McDonald), 1.40, 3.00, 2.40; Round Robin (E. Benham), 7.20, 5.00; Be Trueman (Pasuma), 3.80. Also ran Betty Mae, Hapsburg, Miss Star Finish, Sentiment, First Call, and Bee Bee.

Round Robin taking the lead at the start looked a sure winner at the head of the stretch, but Duley Lou beginning slow came fast to the stretch and just got up in time to nod to the judges first. Be Trueman was best of the others.

Third Race—Louis Rubenstein (Healy), 3.80, 3.40, 2.60; Kosciusko (L. Simmons), 13.40, 13.80; Barbary (R. McRann), 3.20. Also ran Madame Vennie, Junco, John Finnegan, Bucko, Lola Monter, Star Man, Waratah, Eel man and Barber Bill.

Barbary took the lead at the start with Louis Rubenstein laying in second place until heading into the stretch when Louis Rubenstein moved up and won by a length from Kosciusko, who came from back to beat Barbary for the place.

Fourth Race—Coyne (O. Clelland), 7.40, 1.40, 3.20; Silent Lillian (J. Dillea), 6.80, 2.80; False Face (J. Berry), 3.00. Also ran Liberty National, Star Bright, Isoceles and Tease.

False Face took the lead and lengthened it until coming in the home stretch where he stopped and just lasted for third place. Coyne taking the lead won by half a length from Silent Lillian who was running over horse at the finish.

Fifth Race—Trapstock (Banks), 2.80, 2.40, 2.40; Melya Rase (McCrosen), 6.60, 3.40; Dimple Dunkie (J. Mar), 2.80.

Also ran Square Jack, Sheep, Bloom, Joy Taylor and Sam Landers.

Trapstock following Melya Rase for most of the journey when called on came on to win as he pleased. Dimple Dunkie ran a good race.

Sixth Race—Phidias (Healy), 6.00, 2.60, 2.60; Barney Stone (Clelland), 2.80, 2.60; Treasurer (Benham), 4.00.

Also ran Panola, Mac O Boy, and Frosty Boy.

Phidias taking the lead at the start took a long lead and won easily. Barney Stone was the best of the others, leading Treasurer home by two lengths.

Seventh Race—Irish Pat (McCraon), 6.60, 7.20, 3.60; Molinero (Pasuma), 24.20, 8.00; Barriskane (Clelland), 3.80.

Also ran—Sir Galahad II, Montillo, Wedding Prince, Le Glorieux, Hoy and Padlock.

Irish Pat laying far back for most of the route came on disposed of Barriskane who had lead from the break and just lasted to stave off a rush by Molinero who would have won in another jump.

FIGHT RESULTS

(By The Associated Press) NEW YORK—Maxey Rosenthal, New York, defeated KO Phil Kaplan, New York, N. Y., 10. Babe Herman, New York, beat Eddie Anderson, Wyoming, 10. Teddy Baldock, England, won a technical knockout over Joe Clifford, New York, 2. Jack Bernstein, Yonkers, defeated Ray Miller, Chicago, 12.

BOSTON—Al Mello, Lowell, Lowell, beat Jack Zivic, Pittsburgh, 10.

NEWARK—Russie Leroy, Fargo, N. D., defeated Al Conway, Philadelphia, 10. Sailor Denny Ryan, Waterford, Conn., knocked out Jack Connors, Los Angeles, 2.

ROCHESTER, N. Y.—Osk Till, Rochester, defeated Jack Malone, St. Paul, 10.

HARTFORD—Pat McCarthy, Boston, won from Harry Persson, Sweden, 12.

BUFFALO—Jimmy Slattery, Crossen), 6.60, 3.40; Dimple Dunkie (J. Mar), 2.80.

Also ran—Square Jack, Sheep, Bloom, Joy Taylor and Sam Landers.

Trapstock following Melya Rase for most of the journey when called on came on to win as he pleased. Dimple Dunkie ran a good race.

Sixth Race—Phidias (Healy), 6.00, 2.60, 2.60; Barney Stone (Clelland), 2.80, 2.60; Treasurer (Benham), 4.00.

Also ran—Panola, Mac O Boy, and Frosty Boy.

Buffalo, beat Mike Wallace, Cleveland, 10. Frankio Garcia, Utica, defeated Mike Marcells, Rochester, 6. Mickey O'Donnell, San Francisco and Willie Lavin, Buffalo, drew 0.

TRENTON, N. J.—Eddie O'Dowd, Columbus, beat Jimmy Rood, 10.

HOLYOKE, Mass.—Ruby Bradley, Holyoke, won from Black Bill, Cuba, 10.

MEMPHIS.—Al Walther, Canton, Ohio, defeated Frankie Dugan, Memphis, 10.

JERSEY CITY.—Phil McGraw, Detroit, knocked out Jimmy Rocco, New Rochelle, 4. Sid Barbarian, Detroit, beat Billy White, Jersey City, 10.

While preparations were being made for a world championship match here Saturday night between Frank Jackson of Kellerton, Iowa, present king, and Pult Mossman, Eldorado, Iowa, former champion, some one delved into statistics and found Chicago is one of the rabid centers of the sport.

One Chicago firm announced that it had sold 52,000 sets of horseshoes in this city alone. The Lincoln Park Horseshoe Club, one of a score here, has more than 1,000 members. It also developed that horseshoe pitching is not a sport restricted to men. The Cook county championship is held by a young woman, Miss Caroline Schultz, who once scored 25 ringers and four double ringers in one game. She is one of the participants in Saturday's events, arranged for a Christmas basket fund.

ing regarding possible trades.

Bill Terry, first baseman of the Giants, is reported to be slated for the Boston Braves in exchange for Joe Genewich, pitcher. Dave Bancroft, manager of the Braves said he would swap but he doubted that Manager McGraw of the Giants would be interested. The Braves would like two infielders and a catcher from Santa Claus, Bancroft said.

Donie Bush, Pittsburgh's new manager, seeks a pitcher, infielder, and utility outfielder. Manager Robinson, of Brooklyn has both his veteran outfielder, Zach Wheat and Burleigh Grimes, pitcher, on the block but their high salaries hinder negotiations.

Manager Stuffy McInnis, of Pittsburgh would like two infielders, two pitchers and an outfielder. Brooklyn has released Dick Cox, outfielder, to the Los Angeles club, of the Pacific Coast League, as part payment for Arnold Statz, who came to the Robins in a recent deal. Cox played with Brooklyn for the past two years.

LARGE PARTY OF NORTHERNERS ON VISIT TO DUNEDIN

Michigan Business Men Inspect Development Of City Of Dunedin Isles And The Other Sections Of State

DUNEDIN, Dec. 15.—The second large party of prominent Michigan citizens to visit Florida within a month arrived in Dunedin Thursday aboard the Dunedin Isles Special, a deluxe special through train from Detroit to Dunedin.

Leading Michigan business men, bankers, manufacturers, farmers, real estate operators and representatives of various Michigan commercial and industrial activities are included in the group which will spend three days in this section. The Michigan social world also is represented, several prominent Detroit women being members of the party.

Headed by E. S. Frischkorn, president of the Frischkorn Florida company and founder and head of several of Detroit's important real estate and financial institutions, this distinguished delegation is in Florida to investigate current conditions and opportunities of the state and to select future home sites in Dunedin Isles, the Frischkorn Florida company's residential community development overlooking Clearwater bay and the Gulf of Mexico.

On the arrival in Dunedin the party was welcomed by Dunedin citizens, representatives of the Dunedin Chamber of Commerce, prominent Floridians, city and county officials and former residents of Michigan living in nearby cities. Following the reception the party left on a motor tour to West Coast points of interest in Dunedin Isles pullman buses. The itinerary included Clearwater, the Belleview-Biltmore hotel, Pine-Isle county citrus groves, Dunedin Isles, Tarpon Springs and other interesting points.

The party travelled from Detroit in an all-Florida train with facilities on a par with those of any of the noted extra fare trains of the country. Included in the train's equipment are two dining cars, a club car, a parlor-observation car provided with an orthophonic victrola, compartment and drawing room suite cars, bath facilities, a barber shop and other luxurious facilities.

Elliott Is Charged With Slaying His Wife Last Spring

CLEARWATER, Dec. 15.—(AP) Eugene M. Elliott, prominent real estate developer of St. Petersburg, who testified at a coroner's inquest last spring that his wife's death was caused by a fall from their home, was charged with manslaughter in a grand jury indictment returned yesterday.

Elliott entered a plea of not guilty before Judge Freeman P. Egan and was released under \$20,000 bond. The case was set for trial on Feb. 7.

The coroner's jury ordered that Elliott be held for first degree murder but E. P. Wilson, state's attorney, is understood to have taken the position that evidence in the case did not warrant the charge.

Mrs. Elliott died in a hospital on June 28, of a fractured skull. The day before she had conferred with Crockett Owen, an attorney, through whom she was preparing a suit for divorce, and on her return home fell from the porch to a concrete walk.

A daughter, Miss Madeline Elliott, a non, Munson, and a negro cook testified at the inquest that Elliott denied his wife entrance into his home and in Mrs. Elliott's effort to gain admission she either fell or was pushed from the porch.

Elliott testified that he had locked the door and answered his wife's summons only in time to see her fall.

No Samples

"Samples? Sorry!" say the Honorable John Dewar (upper photo) and Baron Bernard de Pre-court, Europe's liquor kings, to inquisitive acquaintances in America. Both landed in Los Angeles recently for a tour of the U. S. Dewar is a producer of Scotch whisky, the baron of France's benedictine.

Carolinians Pay A Tribute To Hampton

COLUMBIA, S. C., Dec. 15.—Wade Hampton's "red shirts" who mobilized in 1876, voted a straight Democratic ticket and overthrew negro Republican rule, were remembered cordially today by thousands who celebrated the fiftieth anniversary of Hampton's inauguration as governor of South Carolina.

A few of the original Hampton men, wearing the red shirts they adopted as their uniform half a century ago, were joined by many of the generation in a parade through the downtown streets and a gathering to hear Hampton eulogized by Major J. C. Hemphill, veteran editor of Abbeville.

Briand Greeted By Cat Calls On His Return To France

PARIS, Dec. 15.—(AP)—Shouts of "down with Briand," and "go to Berlin" greeted the French foreign minister on his return from Geneva last night.

At Geneva the foreign ministers of France, of Germany, Great Britain, Italy and Japan reached an agreement to replace the inter-allied military control commission in Germany with a commission under direction of the League of Nations.

The shouts were accompanied by cat calls and whistling, the equivalent in France of hissing. The demonstrators were young French royalists numbering, according to their chief about 1,500. Circles loyal to the government estimated the crowd at 250.

The royalists clashed with the police near the Gare de Lyon and twenty of them were arrested, but all except three were released after they had identified themselves. The reason given for the outbreak was dissatisfaction over the arrangements concluded at Geneva for the control of German armaments.

In contrast to the disturbance of the royalists, the Federation of Railwaymen presented M. Briand with a big wreath tied with tricolor ribbons and inscribed "to the great Artisan of Peace."

Recent Survey Indicates Americans Are More Religious Than English

NEW YORK, Dec. 14.—(AP)—America possibly is more religious than England, first returns in a nation-wide religious census indicate and the rest of the country has greater faith than the city of New York, that there is a God. Eighty nine per cent of 50,000 readers of 160 newspapers in 40 states have replied in a questionnaire that they believe in God, while in a similar campaign only 73 per cent of the readers of the London Daily News expressed belief in a "personal God."

The American questionnaires were sent out in connection with the campaign on religion by the Church Advertising Department of the International Advertising Association and were drafted by 100 clergymen. Answers are to be received for another week.

The question of immortality brought a response of 85 per cent in the affirmative, while the same question in the London Daily News brought 10,101 affirmative answers and 3,178 negative answers.

The ratio of belief to disbelief was almost the same to all questions published in the questionnaire in this country and in near-

ly every case was somewhat higher than the same ratio in England. In comparison to 89 per cent in the country as a whole, only 68 per cent of the residents in New York believe in God. In like manner, while returns show 77 per cent of the residents of the entire country believe in the divinity of Jesus, only 64 per cent of New York residents share that belief, and while 70 per cent of the country at large are active church members, this is true of only 42 per cent of New Yorkers.

The figures indicate that interest in religion differs greatly in various parts of the country, said Rev. Charles Stehle, director of the questionnaire, "in the South the people are extremely orthodox in their views. In the larger cities the returns show a greater indifference toward religion."

Answers to other questions in the questionnaire showed 80 per cent believe the Bible an inspired work; 73 per cent regularly attend church services; 79 per cent did not want their family to grow up in a churchless community; 17 per cent send their children to schools for religious instruction and 90 per cent believe religion is some form

Orlando Man Catches Record-Sized Bass

ORLANDO, Fla., Dec. 15.—(AP)—Walter Willman, national casting champion, formerly of Chicago, and now a resident of Orange county, brought in a record black bass cat fish this morning. The catch weighed 13 pounds, 10 ounces. The weighing took place at a local sporting goods store, where the fish was put on display.

Mr. Willman made the catch late yesterday afternoon on Lake Apopka, just off the Oakland-Winter Garden docks, 16 miles from Orlando.

Mr. Willman is taking an active part in the organization of the Southern States Baiting Casting Championships which will be held here February 10-12.

BRITISH DERBY ENTRIES

Three hundred and fifty entries including eight by A. K. Macomber of New York, already have been for the Derby of 1928. Coffs for this famous race are often registered even before they are born. King George has nominated two horses for 1928, Suvonara, a colt by Friar Marcus out of Yolande, and Gauntlett, a colt out of Neve-Chapelle.

The largest subscriber in the of a natural element of life in all communities.

Aga Kahn, who has entered nineteen colts, including Feridoon, the colt by Hurry On out of Ecurie which was bred at the national stud. French nominations are larger than usual.

Other large subscribers include Sir Abo Bailey with nine, six of which are by his Cesarewitch winner, Son-in-Law, James A. de Rothschild with nine and Lord Glanely and J. B. Joel with eight each. Lord Astor, who so often has gone close to winning the race without actually achieving, the feat has entered six. Only six fillies have been entered.

In the Middle Ages the cook of a feudal castle was the son of a nobleman. His orders from a noble platform, which was the view of his subordinate.

Some Houses are Like Early Season Fruit Before you Buy a House Understand These Facts

A man bought a house in Lakeland recently, but before he made the purchase he crawled under the porch and looked at the framing.

He knew that some houses are like early-season fruit—you can't tell from appearances. You must test the juice of even the yellowest of October oranges. And you should look below the surface when buying a home

It is possible to dress up a home with a "Frigidaire," with built-in bathroom fixtures and other apparent marks of quality, while omitting the things which make real value—the strength in hidden places which gives endurance and freedom from repairs through years and years of service.

Before you buy a house, find out what kind of lumber

has been used—particularly where it can't be seen—under the floors, inside the walls. If the builder has used Florida Dense Pine you will know he has put staunch quality into the structure. He is the kind of builder on whom you can usually rely to put quality into all that he does.

Where to Get Good Advice When Building

The choice of the proper material for every building purpose is a specialized business. The man who can help you make a wise selection is your established local lumber dealer. Call on him for advice and you will find that his years of experience can save you many dollars and add greatly to the satisfaction you secure in your home. He will tell you that FLORIDA DENSE PINE is the strongest and most durable lumber you can secure.

All good builders know that Florida Dense Pine is the strongest structural lumber in the world. They also know that Florida climate is very severe on ordinary building materials and that the best rule is to use the lumber that Nature grew here. Nature is the best judge of what is suited to the climate.

Follow Nature's example. Insist on Florida Dense Pine and you will enjoy the complete satisfaction which comes from low repair expenses and upkeep costs.

Death Leaves Spectre In Wake

Ten men died here. They were trapped when a rainstorm caused the caving in of a tunnel in which they were working, at Oakland, Calif. But chance placing of an electric light against the cave-in background created an illusion suggesting an even stranger tragedy. It's the illusion of a great, shadowy shark rising out of the muddy pool, as if in the act of gobbling up the ten human beings.

PROPOSALS FOR STREET PAVING

Sealed proposals will be received by the City Commission of Sanford, Florida, at their office in the City Hall, at or before 3 P. M., January 10th, 1927, for grading, draining and paving the following streets, to-wit: Third St. fr. Avocado to Per... rock base... 7760 sq. yds. Per... Sht. Asp. on 6 in. rock base... 1562 sq. yds. Together with such other streets the City commission may turn over for construction during the ensuing year.

Proposal to be presented in a sealed envelope, endorsed on the outside, "Bid for Paving," Sanford, Florida, and the name of the bidder or bidders.

THE SEVENTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY

WILLIAM C. JONES, Complainant, vs. WILLIAM C. JONES, Defendant. The State of Florida to WILLIAM C. JONES, Defendant. It appearing from a sworn bill of complaint in this cause that you are a non-resident of the State of Florida, and that you are a resident of a state or country other than the State of Florida, and that your place of residence is unknown; therefore, you, William C. Jones, are ordered and required to be and appear before this Court on the 23rd day of January, A. D. 1927, to the bill of complaint exhibited against you in this cause, otherwise a default in your behalf will be entered against you, and you shall be bound by the order of the Court in this cause. It is ordered that this notice be published in the Sanford Herald, a newspaper published in Sanford, Seminole County, Florida, once each week for four consecutive weeks, beginning on the 13th day of November, A. D. 1926. V. E. DOUGLASS, Clerk of the Circuit Court of the 7th Judicial Circuit of Florida, in and for Seminole County. By A. M. WELCH, Deputy Clerk.

NOTICE TO CREDITORS AND OTHERS

Notice is hereby given to all creditors, legatees, distributees and all persons having claims or demands against the Estate of Mary A. W. Kelly, Deceased, that such claims or demands must be presented to the County Judge of Seminole County, Florida, at his office in the Court House of said County, within twelve months from the time of the first publication of this notice, that is, twelve months from December 24th, 1926. Federal Control Of Canal Not To Involve Individual Interests

(Continued from Page 1) held, it was pointed out, that the legislative act for construction of the canal gave the incorporators the right to acquire certain rights of way through adverse possession. The government has decided, it was stated, that federal control would not be assumed unless the entire right of way could be transferred. After authorization of the project by Congress, it was said, even preliminaries to the work will have to wait on passage of another measure providing funds for the work. Parts of the canal route already are government owned, as it traverses parts of several navigable rivers, but the artificial sections are held by Harry Kelsey of West Palm Beach. These sections must be bought before work could be started.

As an instance of the time customarily elapsing between passage of authorization measures and beginning of work, Major J. W. Miller, assistant district engineer, cited the Boca Grande project, scheduled for completion today. "The Boca Grande project," Major Miller said, "was authorized in the spring of 1925. We actually commenced operations in the spring of 1926."

The Boca Grande project did not entail the private ownership negotiations that may hold up the projected inland waterway work. HERALD'S SELECTIONS FOR SEMINOLA PARK First Race—Kosciusko, Polycarp, Berberry. Second Race—Lou Shank, Lady Abbott, Spontaneous. Third Race—Geo. Tulane, Sea Net. Tex Rickard Makes Money On Big Garden

NEW YORK, Dec. 15.—(AP)—Tex Rickard has promoted Madison Square Garden almost into the million dollar class in first year of activity at the new sports arena. The first annual report of the Madison Square Garden Association shows a net profit of \$957,000. Boxing, bike races and hockey games have contributed most of this revenue. The garden, far from Madison Square, is a new structure named for the famous building in Madison Square, that has been torn down.

WATER-KENT RADIO Hof-Mac Battery Co. Sanford's Pioneer Radio Shop.

END RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism, so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone. Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

Building for Beauty

Ponce de Leon Springs "The Fountain of Youth" STEEPED in 414 years of romantic history, the "Fountain of Youth" and its environs have been newly wrought into a solid community. Every modern convenience and improvement has been utilized to afford you seasonal or a permanent home of comfort and beauty. Natural charm, famous the world over, and a variety of diversions whose listing reads like overstatement, await your pleasure. From the center of it all boil the mighty springs in whose waters youth and health revive. We have a booklet you'll like. Address: Ponce de Leon Springs Syndicate, De Leon Springs, Florida. Fred A. Howell, Resident Manager.

BIBLE VERSE FOR TODAY

GOD SEARCHETH THE HEART.—The Lord searcheth all hearts, and understandeth all imaginations of the thoughts.

THE YULE FIRE OF CHRIST: This fire is all the wonder of the sun. And the cool moon, the unbelievable glow.

And every tissue of beauty fully spun. To color of grass and flowers. This fire has done.

And even in me, in me this fire must burn. Too warm for hiding and too bright for rest.

Weather Bureau reports indicate a white Christmas in the North and that will send a lot of visitors to Florida after the first of the year.

A life insurance policy of more than one hundred million dollars owned by General Motors covering one hundred thousand employees.

Cornelius Vanderbilt Jr had a newspaper complex thought he would like to own a chain of them. He had millions but no experience.

Mr. Chase says, "The city must have a new Municipal Hospital with the least possible delay, and there appears no good reason to doubt that the estimated three hundred thousand dollars for its building and equipment will be obtained."

Do women realize how much influence they have in enforcing the prohibition amendment? Says Dr. Arthur Ferguson of Ontario, "Twenty years ago a girl would hardly speak to a man who carried a flask, but now a man without a flask is a man without a girl."

The Kit Kat Club, one of London's most exclusive, where the Duke of Devonshire and the Prince of Wales are past guests, has been raided by the police.

Last week saw the development of the National City Bank of New York into the largest bank in the world. It now has a capital stock of \$75,000,000, with a surplus of \$25,000,000, and undivided profits of \$18,000,000, making it exceed by more than ten millions the largest of England's banking institutions, the Midland. Its total resources are more than a billion and a quarter.

The Oxford Union recently passed a resolution that "the women's colleges of this university should be retained to the ground." No, the idea is not that they are old and worn out and should be replaced with more modern structures, but that women's colleges are out of place in a man's university.

So Germany shipped abroad last year a total of \$26,600,000 in toys. During the same period the American toy exports were valued at only \$3,212,000. And yet, marketing in the United States was far greater than that in Germany.

Queen Marie of Rumania whom you have read about in this country recently, finds things mixed at home. Only a desperate surgery will save her husband's life, attacked by cancer, and doctors won't take the responsibility of an operation that might empty the throne in an hour.

Yet, The World Is Kind, Bob White

Well, Bob White, what do you think of it? Last summer when you and Mrs. Bob and the children started out at sun-up to eat bugs and the worms that were injuring the farmers' crops, do you remember how safe you all felt? Do you remember how at noon-time you would all rustle about in the tall grass near the place where the men were eating their lunches just to hear the sound of their voices?

You sort of thought you and your family were prime favorites of those wonderful humans. At dusk when your drowsy little birdlings were tucking their heads under their wings for the night, you would tell them stories about the beautiful kindness of those great Overlords. You told them about how the men would call away their dogs from the cover where you and Mrs. Bob were building your nest.

You sort of had an idea, Bob White, that your song was part of the beautiful color scheme of the great outdoors. And on that lovely morning of November 20, or perhaps it was on the morning of Thanksgiving Day, when you saw your friends, the Overlords, out in your fields with their guns and dogs, you sang for them again, didn't you?

When you found out that all those friendly folks had suddenly become deadly enemies seeking your life, you were bewildered, weren't you, Bob White? The day your covey, terrified by the dogs in the brush rose in frantic efforts to fly to some safe place, and three of your children were struck by the frightful fire from the guns, do you remember how you and Mrs. Bob hid in the tangles of that copse, and you tried to comfort her with assurances that all this terrifying thing would be gone tomorrow?

You did not know then, Bob White, that it is the fashion for men to forget the service the birds do for them. You did not know that the Overlords make laws for the protection of the birds, and then permit their wholesale slaughter during a stated hunting season each year.

Here and there in Florida, Bob White, are sanctuaries where you and every other bird can find protection. They have been established by men and women who are wise, as well as kind. Perhaps if you and Mrs. Bob and the lone little partridge of your flock will start before sun-up in the morning, and if you will be very, very careful not to sing your song—not even a single love-call to your timid little mate—you may find a place where hunters and their dogs dare not trespass and where you may go about your busy ways in peace.

The world is really quite kind, Bob White. I know this, we admit, and deplorably short sighted, but on the whole quite kind. Men are finding that breeding clay-pigeons with their crack shots is more to their taste than the slaying of useful birds trustfully doing their work out in the groves and the fields.

But even at that there are killers out looking for you, Bob White. Hide if you can, old chap. Here's luck to you.

Dust 'Em Off

High time to get out the old New Year resolutions and dust them off for another try-out. Nineteen-twenty-six is traveling lumpy ship toward the last goal. The days will not linger while anybody tries to mend his record. The only chance is to make the closing items fit to send on into the archives.

New Year resolutions are in order even now. They will work better if they are tested out a bit before their solemn adoption January first. Some of those good rules that were suggested in the observance of Golden Rule Sunday, December 5, would be considered creditable for the New Year's daily use. Better try 'em out a bit.

CYRUS H. KURTIS, Young Men's club, got in big type on his front page what you have read in small type the other day, that one big automobile concern will spend \$20,000,000 in advertising this year. That is true, according to present plans, and it's an intelligent plan. The time to swim hard is when the current is against you, and the time to advertise hard is when sales are not so good.

YOU BELIEVE easily that which you hope for earnestly. Terence.

EARTH WITH her thousand voices prays God to take her.

CHRISTMAS ADVERTISING

Christmas trade presents a great opportunity to the retail merchants, but it can not be expected that the best results in that trade will be had unless the business is well advertised. Some merchants may say that the people are bound to buy a lot of goods anyway, and that they will sell enough, even if they do not advertise much.

There is a great deal of competition now on the holiday trade. The most enterprising merchants in every city are competing sharply for it, and are determined to get the bulk of it if they can. People who do not go out aggressively for their share of it, are likely to get much less than their share.

Business will go where it is sought most actively, and the way to seek it is through advertising. It will be noted that the big merchants in the large cities who have made a great success for themselves and created magnificent business establishments, are advertising very heavily at very large expense. They do not feel that they can get along without advertising, because their stores may be full, but they do not do any work that way.

JUST TOYS

Toys are something to delight the hearts of boys and girls at Christmas and other times. They mean pleasure to youth. But they represent industry, business, capital, labor, international rivalries, and yet war produces them. Germany, over which, tramped the armies of militarism, remains supreme as a toy exporting country, with 95 per cent of its output going abroad, according to the department of commerce. Germany, which served to sadden humanity, gladdens the juveniles.

Germany produces toys to sell to outsiders. The United States manufactures playthings to sell at home. That offers an interesting contrast between the two countries.

As Brisbane Sees It

Happy, Happy, Wall St. A Job or Fathers. One Millionth Degree. We Build Targets. BY ARTHUR BRISBANE (Copyright, 1926, Star Co.)

NAVY EXPERTS TELL CONGRESS that the government is spending \$164,000 a year to keep in condition 41 submarines, out of commission, not ready to fight. Eighty of our submarines are ready for action; the 41 that cost \$104,000 a year are kept ready, all but the crew.

REPORTS OF THE HOUSE naval committee show that the Japanese leads all nations in submarine construction. For us to catch up would cost \$110,000,000. Fortunately Japan loves this country and wouldn't hurt us, so we need not worry.

WE SHALL PROBABLY build some battle ships and cruisers to provide targets for airplanes and submarines. The other nations will build the airplanes and submarines. That's fair.

THE POPE addressing 1000 representatives of the congregation of Catholic women, says the dress of modern women is an outrage in every sense against human and Christian dignity, and asks fathers to check their daughters and wives' immodesty and corruption, in immodest clothing. Fathers will find it difficult.

ANOTHER HAPPY DAY IN Wall street, the merry Yuletide approaching, prices advancing. Aware of the physiological influence of gold, employers have drawn out fifteen millions in gold coin for presents to workers. And comforting little "plus" signs are scattered all down the stock list. "To him that hath shall be given."

THE SMITHSONIAN Institute makes marvelous instruments to measure the sun's heat and generally sends them out to other institutions. For a scientific marvel consider man's power to measure heat to within one millionth part of a degree.

That amount of heat wouldn't be important in the winter, but that if our earth should fall from its nearly balanced orbit it would melt and vaporize in a long time if it struck the surface of our star.

A 16-YEAR-OLD GIRL is chosen secretary of the Junior Athletic League, a branch of the "American Association for the Advancement of Atheism," which organizes boys and girls from the city in honor of the deities.

IT'S USELESS TO ANSWER that foolishness. But there ought to be some American association to free youth from the evil influence of the bootlegger, the hip flask, the barrel and the growing and multiplying gangster.

DEVOAL, THE CONCEPT of a religion and an interesting subject, is the central theme of the following: It surpasses federal income and will try to get that excellent plan out of the committee. It seems a shame in these gay times to apply that money of the national life.

NEW YORK HAS PASSED A law that sends men to prison for life when they are shown to be habitual criminals of a dangerous type, and police report that this law actually diminished crime. Other states take notice. Such a law might create a large prison population, and useful interesting work should be found on some island perhaps raising food for other convicts.

IN THE WINGTON N. J. court many shivers yesterday and were fined for violating the Sabbath bus drivers, druggists, grocers, butchers, bakers, street enforcement was started by moving picture exhibitors who said "it is a crime to show pictures on a Sunday." It should also be a crime to do the things.

THE BIBLE SAYS THE Sabbath was made for man, why not allow him to enjoy it in any respectable way? There is nothing to indicate that in Heaven the angels have once in every seven days, are compelled to sit around, being themselves.

MISS BRADLEY, GRADUATE of Texas University, now working for a higher degree and employed by Dan Mooney, governor-elect, thought she needed a thrill and got it. She loved the officers of a country bank into the wall with a runaway, took \$100,000 and left. The said reporters "they were snags," but this young woman, typical of modern youth, "expressing itself," will learn that a thrill passes quickly, while a prison sentence lasts a long time.

QUEEN MARIE OF RUMANIA whom you have read about in this country recently, finds things mixed at home. Only a desperate surgery will save her husband's life, attacked by cancer, and doctors won't take the responsibility of an operation that might empty the throne in an hour. So he will drag on for a few weeks. Some dictator is expected to take the situation in hand.

A Corn-Belt Santa Claus

CONCERN DROPS SUNDAY ADS

SAN FIFTH Avenue store has dropped Sunday advertising on the ground that the Sunday editions of the New York papers are "overcrowded with advertising of all types and do not receive the attention of the people to any great extent." The advertisement of the store was carried in the Sunday edition of the New York Times, beginning with last Sunday, has been discontinued by San Fifth Avenue, it was announced this morning by an executive of the store. The store feels that these editions of the local papers are overcrowded with advertising of all types and do not receive the attention of the people to any great extent. The advertisement of the store was carried in the Sunday edition of the New York Times, beginning with last Sunday, has been discontinued by San Fifth Avenue, it was announced this morning by an executive of the store. The store feels that these editions of the local papers are overcrowded with advertising of all types and do not receive the attention of the people to any great extent.

ME FIRST

ME FIRST PLANT CITY GEORGIA. Many is the person who promises to be one of the greatest and most important court battles in the history of Florida. Certain men jealous of their wealth have started proceedings to stop dredging of an artificial island in Biscayne Bay, on the ground that it will hurt the value of their property along the bay. The state has a long history of such cases, and the dredging of the bay is a project of the state. The state has a long history of such cases, and the dredging of the bay is a project of the state. The state has a long history of such cases, and the dredging of the bay is a project of the state.

AID FOR THE MENTALLY SICK

SARASOTA TIMES. Yale University announces the appointment of a professor of psychiatric nursing. The creation of this department in Yale heralds the first such professorship in any university anywhere. Yale comments that with increasing understanding of the causes and treatment of mental disorders, there has come a demand for nurses qualified by special preparation for this exceedingly important and interesting work. That phrase "increasing understanding of mental disorders" offers food for thought. A generation ago, the mentally sick man or woman was a shunned person, a family disgrace. Such a disgrace that old pioneers tell of many a home with a hidden secret room built in the attic or shed, a room with heavy bolted door and barred windows where the household's mentally sick person was kept in secrecy for long years until death released him. "If he were only dead instead" was the cry of the parent of the mentally disordered child. More than a remnant of this old prejudice remains even today. "He is a son," or he's a crazy man," spoken in colloquial contempt, symbolizes society's attitude on today towards the mental sick person. But the popularizing of mental disorders through alienists of psychiatrists called into courts on most any case today, is doing much to shed new light on "craziness," to make people regard the "crazy man" as a sick person, and to make families of such persons laugh in less shame and despair than before. The psychiatric nurse, available for call just as any nurse is available for physical distress, will do much more towards abolishing the complex.

ELABORATE PLANS ARE MADE FOR ENTERTAINMENT OF THE COLLEGE SET DURING HOLIDAY SEASON

Plans are being made for many social affairs honoring members of the college set, who are returning the latter part of this week for the holidays.

Among the affairs are the Kappa Delta dance, Dec. 20, at the City Hall, the St. Agnes Christmas ball on Dec. 23, and a fancy dress ball at the Hotel Forrest Lake on Dec. 25, given by Mrs. Alice E. Hill, honoring Miss Olive Newman.

On Wednesday evening, Dec. 22, Everall Dashi will entertain at a Christmas dance at the Country Club, honoring Miss Kathleen Winn of Valdosta, Ga., who will be the guest of Mrs. A. P. Connolly. On the afternoon of Christmas day, quite a number of the young set will attend the debutante party of Miss Charlotte Stryker of Lansdale, Pa., which will be held at the Rosalind Club in Orlando.

Miss Highland Chaffee, who is attending school at Boston, Mass., will not return home for the holidays.

Miss Margaret Zachary, who is attending Duke University at Durham, N. C., will motor to Sanford Dec. 24 with a party of relatives who will be the guests of her parents, Mr. and Mrs. A. D. Zachary.

Miss Kathryn Symms, who is a student at Sargent College, Cambridge, Mass., will not return home for the holidays but will spend her vacation with friends at Toronto, Canada.

Miss Margaret Cox, who is attending Wheaton College at Boston, Mass., arrives here Saturday for the holidays and will be with her mother, Mrs. T. J. Miller.

On Saturday noon Miss Margaret Cowan arrives from Washington, D. C., where she is studying at King Smith School.

Another Sanford girl who is studying at an Eastern college, and who will return home on Saturday, is Miss Margaret Peters, who is a student at Notre Dame at Baltimore, Md.

Miss Martha Pitts will return home Saturday from Staunton, Va., where she is attending Stuart Hall, to spend the holidays here with her parents, Mr. and Mrs. W. A. Pitts.

Two Wesleyan College students at Macon, Ga., who will arrive here Saturday are Miss Mildred Hand and Miss Clifford Shiholzer.

Miss Anna Du Bore, who is taking a special library course in Atlanta, Ga., will arrive here Dec. 23 for the holidays.

Florida State College students arriving here this week are Miss Mae Holly, Miss Mildred Holly, Miss Olive Newman, Miss Mary Elizabeth Puleston, Miss Georgia Mobley, Miss Sara Evelyn Williams, Miss Claire Zachry, Miss

Youtful Artist Will Appear In D. A. R. Show On December 20

A youthful artist who will appear in the Society Vaudeville, on Dec. 20, given by the Ladies' Chapter, N. S. D. A. R., at the Woman's Club, is Miss Lucy Johnson, daughter of Mrs. James Johnson, a former resident of Sanford, who last season played at the Riviera Theater on Broadway, where she completed an eight weeks' engagement.

Miss Johnson is one of the most versatile little artists in the country, being equally proficient in singing, dancing and performing on the ukelele.

Although only 12 years old her voice is considered remarkable for both volume and sweetness of tone. Miss Johnson has also considerable experience as a screen artist and has recently declined several flattering offers as she desires to complete her education before continuing with her profession.

Several other professionals will also grace this program.

PRESENTATION OF "HIS JAPANESE WIFE" IS TREMENDOUS SUCCESS

"East is East and West is West, and Never the Twain Shall Meet" was completely disproved in "His Japanese Wife", the one-act comedy by Grace Griswold, presented by the Literature Department of the Woman's Club on Tuesday evening.

The story tells how Henry Joseph Hallemberg, United States senator, and O Chicka San, his Japanese wife, met and what happened more unusual did not part despite the fact that O Chicka San brought the customs of her native land into her American home and forced them on her husband, even to rice and tea three times a day. Happily at the end she discarded her customs with her original dress and announced her intention of becoming his "American wife".

Mrs. Maude E. Clark was at her best in her characterization of dainty and appealing O Chicka San.

Her delicate and subtle acting in her portrayal of the rather unusual character was truly artistic.

Mrs. J. G. Cogburn, who directed the play took the part of the admiring and typical American husband most effectively.

Miss Louise Turner as Eliza, the maid with high ideals of weddings and Miss Nona Williams as James who has a strong aversion to moving chairs, furnished the comic love element. Mrs. R. A. Winston as Mrs. Gordon, the Senator's resourceful sister, displayed admirable poise and real ability.

Proceeding the play was an exceptional musical program including:

— Piano selections—"Japanese National Air", "Japaneka", Mrs. R. R. Deas.

— Vocal solos—"The Kiss", Arditi; "Where My Caravan Rested", Lohr, Mrs. A. M. Phillips.

— Violin numbers—"Hymn To The Sun", Rimsky-Korsakoff; "Kam-bolin Chinois", Kreisler; Miss Eleanor Herring.

— Vocal Solo—"One Fine Day" (Madam Butterfly) Puccini, Mrs. Victor Butterfly.

The Japanese decorations which formed the background for the presentation of this play were secured through the courtesy of the following: Mr. Uchida, the Suzuki Shop, Seminole Furniture Company, Smith Furniture Company, Yowell Company, Milady's Shoppe, Ye Fireseed Studio, Ball Hardware Company and Stewart the Florist.

Mrs. E. D. Brownlee assisted Mrs. Anna Van Ness Brown, department chairman, in receiving at the door, while the ushers for the evening were Mrs. A. R. Platt and Mrs. W. E. Stone.

A splendid house received this clever play, which was a success financially. The members of the Literature Department have received many congratulations upon this their initial effort to present dramatics, which will be followed by several other plays later.

CLAUDE SISTRUNK LEFT TUESDAY FOR MIAMI WHERE HE WILL SPEND A SHORT TIME

Claude Sistrunk left Tuesday for Miami where he will spend a short time.

R. J. Holly left Tuesday afternoon for Tallahassee where he will spend several days on business.

Judge W. Wallace Wright motored to Daytona Beach where he will spend a short time on business.

Mrs. Clifford Bell, Mrs. Elsin Walsh and Miss Perrie Lee Bell motored to Orlando Tuesday where they spent the day.

Garth Gray, Jr., will return Thursday from Georgia Military Academy at College Park, Ga., for a three weeks' vacation.

Mrs. Dan Neville of Kansas City, Mo., arrived here Tuesday evening to spend the holidays with her daughter, Mrs. Paul Miller.

Mrs. Roberts Howard of Quincy, who has been visiting her daughter, Mrs. W. Wallace Wright, for several days, left Wednesday afternoon for Orlando, where she will spend the holidays with her son and wife, Mr. and Mrs. Julian Howard. She was accompanied to Orlando by Mrs. Wright.

Frank Cain and Hugh Fuller of Laurens, S. C., are visiting in Sanford as the guests of Mr. and Mrs. Tom C. Bolt at their home on Palmetto Avenue.

Carol Pinson has returned to Sanford after spending some time in Atlanta, Sylvester and other points in Georgia.

"RABBIT" MARANVILLE

They are together again. A free agent, Maranville snapped at the opportunity to return to Stallings and the "Rabbit" will do the short-stopping for Rochester in the International League next season.

INITIATION ON THURSDAY

There will be a most important meeting of the Seminole Chapter O. E. S. Thursday evening at 7:30 o'clock at the Masonic Temple when a large class of men will be initiated into the order.

Wood yields one-fourth of the heat of coal; charcoal about the same heat as coal.

We cannot hear a sound if it has less than 30 or more than 40,000 vibrations per second.

Bon Ton Bridge Club Members Entertained By Mrs. James Ridge

Among the many lovely social affairs of this week was that of Tuesday afternoon when Mrs. James Ridge entertained at bridge, the guests including members of the Bon Ton Bridge Club.

Baskets of deep red hibiscus and poinsettias were used in decorating the rooms where the guests assembled for play.

Quaint old-fashioned girls wearing picturesque gowns adorned the tully cards and when scores had been counted after an enjoyable game of bridge it was found that the high score prize, a lovely lustre glass sweet pea holder, had been won by Mrs. Hawkins Connolly.

For having failed to score her points and honors, Mrs. Ben Caswell was presented the law nature prize, two bottles of perfume, in the form of dice.

Late in the afternoon the hostess assisted by Mrs. Lou U. Rockwell served potato salad, sandwiches, marguerites and hot chocolate.

Those playing were Mrs. Ben Caswell, Mrs. R. K. Kirtley, Mrs. J. D. Woodruff, Mrs. Joe Chittenden, Mrs. Hawkins Connolly, Mrs. Leo U. Rockwell, Mrs. Hugh Welchel and Mrs. Ridge.

STUDENTS FROM THE UNIVERSITY OF FLORIDA AT GAINESVILLE RETURNING FOR THE HOLIDAYS

Students from the University of Florida at Gainesville returning for the holidays are Sam Hurd, Robert Hagan, Deane Turner Jr., Stanley Vernay, Leonard McLane, John Schirrad, Herbert Moore, George Smith, George Wilson, Andrew Garoway and James Sha non Jr.

Miss Emily Bailey will return home from Winston-Salem, N. C., where she is attending Salem College, to spend the holidays with her parents, Mr. and Mrs. G. W. Bailey.

Rollins College students will return to Sanford Dec. 22. They will include Miss Florence McKay, Miss Irene Deas, Cloyde Russell, Rodman Lehman and Jack Duren.

Frank Chase who is at Exeter College will spend the holidays with his parents, Mr. and Mrs. S. O. Chase. He will arrive Friday evening.

Miss Elizabeth Garrison, Edward Henderson, Douglas King, Charles Booth and Clyde Booth will return home this week for the holidays from Stetson University.

ENJOYABLE BRIDGE PARTY GIVEN BY THE SOCIAL DEPARTMENT

One of the most interesting bridge parties on the club calendar for members of the Social Department of the Woman's Club, was that of Tuesday afternoon when Mrs. Raymond Key and Mrs. L. P. McCuller were hostesses. This occasion also marked the annual shower given by the department for the Children's Home Society at Jacksonville.

The spacious club room was in gala attire with all kinds of Christmas suggestions together with baskets of poinsettias, and red hibiscus and other cut flowers emphasizing the colors of red and green.

Little Miss Adelaide Key, attired in a most becoming Spanish costume, passed the tallies, while Miss Owen McCuller (the latter dressed as Santa Claus Jr.) received the gifts and money to be sent to those less fortunate. Over \$20 and a huge box of all kinds of toys, clothing and other gifts was generally donated by the club members.

An exceptionally interesting game of bridge was played during the afternoon and when scores were collected by Mrs. John W. Sneed at the conclusion of the game, the prize for top score, a tall, footed compote of crystal with blue stem, was won by Mrs. George Davis Hart. For having held second high score Mrs. C. R. Sibley received a pretty crumb set.

Refreshments consisting of poinsettia salad, saltines, stuffed dates and coffee were served by the hostesses, assisted by Mrs. Fred Daiger and Mrs. John W. Meisch Jr.

This affair was well attended, there being 15 tables of players.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agents in persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial catarrh, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (Adv.)

Corns

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn; instantly that corn stops burning; then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation. Adv.

High Class Radio Set at a Big Bargain
This is one of the standard makes and brings in stations all over the country loud and clear enough to be heard all over the house. Having been obliged to take this set on a debt, and having no use for it, as I already had a high class radio, I will sell it for a good price for one third the price asked for sets of equal efficiency. It is brand new, is complete with all accessories and is guaranteed. I have installed it on my residence where I will be pleased to demonstrate it if you will telephone my apartment 7120. W. S. Fisher, Apt. 7120.

Rehearsals On Stage Are Minus Glamor That People Associate With Footlights

NEW YORK, Dec. 15. (AP)—Rehearsals, a factor of opera, musical comedy or motion picture, are unglorious work, lacking the glamor that audiences associate with stage life.

They are businesslike affairs, during which the artists and directors apparently forget all else. Even notices of mechanical activities that give the stage the appearance of a workshop are little heeded, except in the opera rehearsal when ears are attuned to musical notes that must be faithfully executed.

Bored When Off Stage

Visitors are distracting and therefore barred. But here is an idea of what takes place.

In the center of a stage a comedian is going through his business. Suddenly a cue is given and a young man starts pounding a melody out of a piano. A dozen girls in working clothes—dresses, bathing suits or costumes that look like rompers—dance on to the stage followed by the chorus men, automatically smiling, and begin singing. Soon the music stops, the chorus smiles its way out and the comedian picks up his antics and patter where he left off.

It is a musical comedy company hard at work. The members of the cast are seriously alert while they are on the stage, but when awaiting their turn in the wings they appear bored. Property men and mechanics meanwhile are moving scenery and hammering away at some bit of carpentry. The few who are intent upon the rehearsal,

however, are oblivious of the noise.

Some blocks away grand opera is being rehearsed under different conditions.

Opera Is Different

On the stage a quiet is being kept. Workmen are shifting scenery and properties, arranging the lights and performing other mechanical tasks. But their movements are quiet and the noise of their labor is muffled.

"Shhh Shhh!" the stage director hisses and the indiscreet blows of a hammer cease. Then the director turns a dark look on the chorus crowded in the wings and the undertone of conversation in several languages subsides. Artistic temperament is not ruffled by any unnecessary disturbances.

Across the city scenes are being rehearsed in a motion picture studio. A small orchestra of string instruments is playing a throbbing piece. The villain walks onto the set and harasses the heroine. In different parts of the studio carpenters are working industriously and noisily. Just off the set are actors and extras waiting to be called. They, too, find it irksome business as they talk in low tones, read or stroll about aimlessly.
