Longwood Candidates State Platforms

By Donna Estes
Campaign platforms for three of the Longwood City Council candidates running for election in the Dec. 3 municipal elections were released to the press this week. Making statements were Percy White, H. H. Ferrell and G. Theodore (Ted) Waltz. Offices open are those presently filled by Carl Lommler, Slick Helms and Jim Heller.

White, who says that if elected he will see that everybody in the city gets a fair shake, has been a resident of Longwood for five years. He is married and has a daughter and son-in-law and two grandchildren also living in the city.

Originally from Springfield, Mass., where he has been a member of the Loyal Order of Moose for 20 years, he is a member of the Casselberry Community Methodist Church. He is employed as a foreman by Jamil, Inc., a floor-covering concern in Orlando.

White also states that he is interested in seeing the city grow, would like to see the city ordinances more strongly enforced and would "like to know what the taxpayers are getting for their money."

"Honesty in Government," is the basis for Ferrell's campaign. Married and the father of two children, he has resided in the city for nine-and-a-half years. Originally from Jackson, Miss., he has been employed by the Southern Life and Health Insurance Company for 15 years.

He is a member of the Casselberry Community Methodist Church where he is very active in work of the church. For many years he was active in PTA work and with the Band Boosters Association of Lyman High School.

Ferrell says that if he is elected he will work toward keeping the center of town in its present location, will work for all civic improvements and to bring as many new businesses into town as possible.

Waltz, who resides on Hardy Street with his mother, Mrs. Laura Waltz, promises to "work for an expanded program to cut down on vice, crime and corruption." He advises that he plans to work mutually with council and the public at-large for a better community in general.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Three other mothers and I are in a car pool. My problem is not with them. It's with a mother who is not in our car pool. This mother has never asked if her children could ride with us. She just sends them over every morning with instructions to get in the car. We have four children in our car without her two, and it is very crowded. This mother has a car sitting in her driveway all day. Am I wrong to resent the nervousness of this woman? How can I put a stop to it without getting a bad name with all the neighbors?

DEAR CROWDED: With a car in her driveway, and lacking the manners to ASK if her children may ride with you, this woman should be asked not to send her children over for a ride because the car is filled to capacity without them.

DEAR ABBY: I was painting my house on the outside and my neighbor's

cat (she is one of those mushy types) got paint smeared all over herself. It wasn't my fault. Now this neighbor thinks I put paint on her cat intentionally, but I didn't. Should I apologize, or shouldn't she have taught her cat not to bother people when they're painting?

DEAR GEORGE: PEOPLE can't resist bothering people when they're painting, so don't expect more from an animal. Curiosity has killed many a cat. Your neighbor was lucky. Hers was only decorated for bravery. Apologize.

DEAR ABBY: I am engaged (ring and all) to a girl for whom I care so much it hurts. We have fought bitterly about one matter, but I finally gave in because it meant so much to her. She was engaged before, but returned the diamond. However, she did not return a gold charm bracelet he gave her. It is loaded down with charms

from HIM. Each has sentimental significance — the anniversary of their first date, his gold football, even a small calendar with a tiny ruby marking their "wedding date." She wears this bracelet constantly and claims it means nothing to her. She says she tried to give it back to HIM, but he refused it. Am I wrong to resent it?

DEAR BUGGED: No. She is either cold and unfeeling, or very cruel. Take a long, hard look at this woman. In my opinion she has too much jewelry at the moment to appreciate a wedding ring.

CONFIDENTIAL TO ROG: The difference between a prejudice and a conviction is that you can explain a conviction without getting mad.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Jacoby On Bridge By Oswald Jacoby

The holdup in bridge does not consist of putting a gun to the victim's head and demanding his money or his life, but the result may be the same.

East won the opening lead with the king of hearts and returned the three spot to dummy's ace. Declarer played a low club from dummy and East played the eight. This wasn't to show strength, but rather the start of an echo to show a doubleton. West recognized the echo and ducked South's 10 of clubs and the following play of the king.

Nothing daunted South, he led his king of diamonds, but West started a second hold up by letting that king hold the trick. This time East played the deuce to show

three diamonds so West held up again on the queen. This series of holdups effectively deprived South of his game and is an illustration of fine defensive partnership.

It is also an illustration of poor dummy play. Do you see how South should have played the hand?

It was all right to start the clubs after winning the second heart, but South should have played the king, not the ten. West would still duck, but now South should go right after the diamonds. West could duck the king and queen, but would have to win the third diamond. A heart lead would knock out South's jack, but now South would be able to lead his ten of clubs and overtake with dummy's jack in the event that West ducked also. This would give him his third diamond trick, while if West took the second club South would have access to dummy for both minor suits.

TV Time Previews

7:20-8:30 p.m. NBC. Temple Houston. "Gallows In Galilee." A typical western plot you've seen many times, but once hooked you'll see this right up to the rousing finish. Temple Houston (Jeffrey Hunter) is frustrated in his attempt to defend an obviously innocent teenager (Ralph Reed) on a murder charge by a ruthlessly too-dedicated judge (Robert Lansing). Typically, the judge is "justice" he has a deaf ear even for the woman who loves him (Jacqueline Scott). This is another case our lawyer hero has to settle out of court.

9-10 P. M. (ABC) The Jimmy Dean Show. The guest list includes Jackie Mason, with his usual comedy monologue. Teresa Brewer and her songs: The Jubilee Four, who join Jimmy in "Peace in the Valley," and the Willis Sisters (new ABC-Paramount singing stars).

Living Costs Hold Steady

WASHINGTON (UPI)—The government reported today that the cost of living, which had been rising slightly, held steady in September.

The consumer price index remained at the August figure of 107.1, the Labor Department said, meaning that it cost \$10.71 to buy the same goods and services that could be purchased for \$10 during the 1957-59 base period. However, Arnold Chase, assistant commissioner of the Bureau of Labor Statistics, said the September index was nine-tenths of one per cent higher than the year-ago level.

We The Women: By Ruth Millett

If the American woman stuck all the odd items in the refrigerator that the household hints tell her it's a good idea to keep there, where in the world would she put the milk and eggs and salad greens and leftover roast and such that ice boxes are built to house?

bag and put it in the refrigerator to keep it just right for ironing when she finally gets back to the ironing board.

I can't begin to remember all the things I've seen suggested that a woman keep in the refrigerator, but here are a few that come to mind: The dampened laundry she doesn't finish ironing. (She's told to put that in a plastic

in hot weather, all kinds of beauty aids are supposed to move from the dressing table to the refrigerator — such things as skin lotion, (so it will feel delightfully cool to the skin) lipsticks (so that they won't get soft and smeary) nail polish (so it will be good to the last drop, instead of getting too thick to spread) and so on.

Now if many women actually do use their refrigerators for the cold storage of such an odd variety of items, it looks as though the manufacturers of refrigerators are missing a bet.

Boy Faces Surgery

Prayers and well wishes of the entire community will travel with 12-year-old Kenneth Harriett Saturday afternoon when he flies to Cincinnati, Ohio.

For Kenneth, son of Fire Lt. and Mrs. George Manning Harriett Sr., faces a delicate, eight-hour-long liver operation.

A Sanford surgeon, who conducted an exploratory operation Oct. 13, has arranged for surgery and hospitalization without cost. The surgery will be performed Tuesday or Wednesday by the professor of pediatrics of the University of Cincinnati medical school at Children's Hospital.

The jet flight from Orlando to Cincinnati Saturday afternoon by Kenneth and his parents has been financed by the Firemen's Benefit Fund. Lieutenant Harriett has been a member of the Sanford fire department for 21 years.

Kenneth has been working after school—he attends Sanford Junior High—as a paper carrier with his mother, associated with The Sanford Herald for the last six years.

Rev. C. C. Dees Jr., of Christian Missionary Alliance said that "Kenneth is a model boy" and that he already is saving from his paper route profits to finance his way through Toccoa Falls Bible College at Toccoa Falls, Ga.

John Krider, manager of the Chamber of Commerce, has arranged for Lieutenant and Mrs. Harriett to reside in a private home only two blocks from the hospital during their stay in Cincinnati.

Legion Fair Opens Monday Afternoon

The Legion Fair will open officially Monday at 5 p.m. with a ribbon cutting ceremony with the county commissioners doing the honors.

The fair will run from Monday through Saturday at Amelton, on Highway 17-92 south of Sanford with educational, agricultural and industrial exhibits.

Page Combined shows will provide fun for young and old on the midway with amusement rides and sideshows.

Judging of the exhibits and livestock and awarding of prizes will take place from 9 a.m. to 5 p.m. Monday.

Special awards will be presented this year by the Kiwanis Club for the best exhibits in the youth activities category.

Exhibits by the L.H. FFA, Boy Scouts, Girl Scouts, and schools will be on display.

Livestock, poultry and rabbits will be shown in a 60' x 80' tent erected for the purpose. Cecil Carlton, chairman

of the exhibit, promises everything from Quail to horses will be exhibited.

Home Demonstration Clubs, the Sanford Garden Club, various committees and industries will have displays.

Admission to the fair is free. Tickets have been distributed to county school children for admission Tuesday or Wednesday.

Wednesday is Children's Day at the fair and the gates will open at 3 p.m. with all rides at half price.

Children under 12 years of age will be admitted free every day.

Five prizes will be awarded to lucky youngsters on both Tuesday and Wednesday. Prizes will be: first, bicycles; second, radios; third, red and blue; fourth, basketball; and fifth, footballs.

Gates will open at 5 p.m. all other days except Saturday when opening time will be 4 p.m.

Sanford Moose Lodge will host a masquerade dance Saturday at Lake Mary Moose Hall for all members, their ladies and guests. Music will be by Nick Pfeil and his "Starlighters."

The Herald's proof reader, Mary Frances Davis, saved us from being clobbered by Mr. McKinnon of the new Silver Dollar shoe store Wednesday. Story about the store's opening read that McKinnon had 3,000 silver dollars to give away with each purchase of shoes. Verily, it was corrected and fast to read 3,000 silver dollars to be given away, one with each pair of shoes.

First PTO-sponsored movie will be shown at Longwood Elementary School at 2 p.m. Saturday. A full-length Abbott and Costello comedy, followed by cartoons, make up the program. All children of the area are invited to attend and a group of adults will be on hand to chaperone.

Third Gold Award for 100 per cent participation in the United Fund has been presented to Midway Elementary School. Principal W. L. Hamilton turned in cash and pledges totaling \$137 from the teachers and other personnel.

Mayor Tom McDonald isn't missing a trick in his campaign for re-election. Bert Hollingsworth reported this morning that two of his children returned from a "trick or treat" four Halloween night, dumped their loot from the bags on the floor and there was a McDonald campaign card, put into the bags by "himself—the Mayor." Tom said today he can't afford to miss a trick in this campaign.

Navy Units Ordered To Viet Nam

WASHINGTON (UPI) — The Pentagon today ordered U. S. forces in the Pacific to start moving toward South Viet Nam to protect American lives if necessary.

The forces involved are primarily part of the powerful 7th Fleet, but might also include some air and even ground units, it was reported.

Assistant Defense Secretary Arthur Sylvester said the orders were "purely precautionary, to protect American lives that may be endangered by the revolt of marine and air force units against the regime of President Ngo Dinh Diem.

Why Dress? Nudist Asks Sanford JCs

By Frank McAriffe

"Nudity needs no apology." This is the slogan through which the director of a Daytona Beach nudist resort Thursday exposed the "bare facts" of "life in the raw."

At Blazing, director of Sunny Sands Resort at Daytona Beach, gave a talk before the Sanford Jaycees which had all but one noticeable effect on members and guests. It made them aware of their own clothing.

What's it like in a world without a sun and a smile? "Clean, wholesome and healthful," declared Blazing. Moreover, nudism provides a physical, mental and spiritual panacea for the some 200 members of the resort, the young naturalist asserted.

Blazing, who illustrated his talk with a color film of the resort, told the Jaycees a nudist is "not a person who takes his or her clothes off, but just puts them on when necessary." And clothing, he contends, is not necessary most of the time.

Why take your clothes off? "We ask any cover up? We have nothing to hide," said Blazing. "The body is a wholesome thing. Comfort is our main concern."

How about nudism and sex? "Nudism and sex are quite far apart. They don't go hand-in-hand as most people think. There is no sex problem at the resort. A person's thinking controls his body reactions. His imagination is excited by the unknown. At a nudist resort there is nothing left to the imagination."

The resort's members and guests have the choice of wearing or not wearing clothes, Blazing explained. "Comfort is our main aim, and if a person is more comfortable wearing clothes, he may keep them on."

Won't the approaching cold weather affect the resort's activities? "Well, that is a problem," smiled the nudist.

Library Fund OK Expected

City Commission is expected to approve Monday evening the expenditure of \$14,000 earmarked for the remodeling of the old post-office building into a public library.

Mayor Thomas S. McDonald said this morning the issue is on the agenda Monday evening and he anticipates the Commission will approve it.

He explained the issue had been held in abeyance since the City desired to sell the old post-office property and erect a new public library building.

However, he added, Congressman A. S. Herlong Jr. has advised the U. S. General Services Administration has ruled the City must use the property as a public library for 20 years before title will be passed.

Fires, Mishaps Take Heavy Halloween Toll

United Press International

Halloween, a time of screams and shrieking ghosts for millions of imaginative boys and girls, turned into an evening of real terror Thursday night.

Most little hobgoblins and junior witches scampered about safely on their "trick or treat" rounds.

Others never came home. An explosion ripped through a huge section of a coliseum at Indianapolis, Ind., where thousands of parents had taken their children for a special Halloween "treat"—a visit to an ice show.

Massive chunks of concrete and tiny bodies flew through the air, showering the glittering ice with dead and injured. At least 67 persons were dead and 331 injured.

Another explosion shattered a drug store filled with shoppers and children dressed in Halloween costumes at Marietta, Ga., killing seven persons and injuring others.

The blast came as hundreds of persons gathered for an informal Halloween parade.

A speeding car at Chattanooga, Tenn., swerved out of control on a street corner and slammed into four young girls making "trick or treat" rounds. Two of the girls, aged 6 and 11, were killed. The other two were seriously injured.

County Escapée Does It Again

An escapee from a county jail work gang almost got himself captured early today . . . and escaped again after wrecking his automobile.

Gerald Fraley, of French Avenue, escaped from a work gang Oct. 11.

About 2 this morning Deputy Sheriff William Chandler and J. V. Lee noticed a car with bad headlights approaching them on Old Lake Mary Road. They signalled but the driver sped away and they gave chase. The car left the road near 25th Street and overturned several times. The driver escaped.

The sheriff's department's new mobile crime laboratory was called to the scene and fingerprints revealed the wrecked car was registered to Fraley.

North-South Lane To Be For Emergencies

Contract has been awarded in the amount of \$365,430 for the repair of the north-south runway at Sanford Naval Air Station, it was announced today by Capt. J. Henry Eiter, division director of the Bureau of Yards and Docks, Charleston, S. C.

Captain Eiter reported the contract has been awarded by the Ballenger Paving Company, Inc., of Greenville, S.C., lowest of five bidders.

Capt. Robert M. Waga, S. C. AS command officer, said the 6,000-foot north-south runway has been unusable for some time because of its state of disrepair. It crosses at right angle the east-west runway.

The north-south runway is to be repaired now for use in emergencies. The present 6,000-foot length is insufficient for the giant jet bombers except when prevailing winds are parallel to the runway. Captain Waga stated.

Present plans call for the extension of the north-south runway to 10,000 feet within a year or so, when it will become the primary runway for the air base.

Ballenger will add 1,000 feet of concrete to the north-south runway, replacing present asphalt, and also must provide new wearing surfaces. Captain Waga said all work is to be completed by June 29.

Lt. Col. T. J. Doyle, public works officer at NAS, has been designated by Captain Eiter as resident officer-in-charge of construction to administer and supervise the project.

Overall plans for expansion at Sanford Naval Air Station call for the expenditure of more than \$15 million. However, this is yet to be approved by Congress and the funds appropriated.
