

Eustis And Sanford Prepare For Friday Night Contest

McLucas Drills Feds Two Hours In Rain Yesterday

Eustis Outfit To Pit Speed Against Power Of Celery Feds With Fast Single And Double Wing Plays

By JULIAN STENSTROM
Herald Sports Editor

The Seminoles' first scrimmage and practice of the season yesterday afternoon, while rain poured down, soaked youth football players of Eustis and Sanford. The Eustis outfit, coached by Fred Gamax, will play the Sanford team, coached by McLucas, at 7:30 p. m. Friday night.

McLucas was not at all satisfied with the play that took place during the first scrimmage of the season Monday afternoon. He said that the Sanford outfit had backfield men who were not knowing their respective positions or the different plays. He said that blocking on the offense was still not what it should be.

Fred Gamax, Eustis coach, suffered a head injury during the scrimmage Monday afternoon. He was taken to the hospital and will be out of the game until this afternoon when he is slated to return to the Sanford workout.

The workout this afternoon should be a light one for the Eustis outfit, as they will be wearing their uniforms for the first time.

Stetson, Tars Prepare For Tilt Friday Evening

Hatters Will Play Without Services Of Walt McDonald

DELAND. Sept. 22. (Herald Staff) Stetson Hatters concentrated on defense formation yesterday as they set themselves for a hard fight against Rolling Tars today Friday night on Hatter Field.

Walt McDonald, Stetson's star player, is out of the game due to a minor chest injury. The Hatter coaches were delighted with the victorious performance on their athletes last Saturday against Florida, but were quick to point out that there must be improvement in hitting last running plays if the Hatters are to be successful.

WINTER PARK, Sept. 22. (Herald Staff) The Rolling Tars completed their 100th day of hard workouts yesterday as Jack McDowell called for a tight ball to be pitched at the Greater Orlando Stadium in preparation for the opening encounter with Stetson University in Deland only three days away.

McDowell, entering his tenth year as head coach of Rolling Tars, said that the team's performance in the game against Stetson was a good one, but that the team's chances for this season are still uncertain. The weight of a dairy cow and the volume of milk produced are determined largely by the amount of feed necessary.

NEW SUDETEN PLAN DISCUSSED

Hospital Lost In Referendum By Small Vote

Petition To Strike Names From List Is Voluntarily Withdrawn By Attorney

Two More Votes Might Have Won Investigation Shows 100 Names Could Have Been Stricken

A petition filed yesterday afternoon by Harry Papworth and Fred T. Williams, through their attorney, G. W. Spencer, to strike certain names from the freeholders list, alleged not to be freeholders, was voluntarily withdrawn today when it was found that only 100 names were not supposed to be on the list, whereas 105 names would have to be stricken, in order to provide the necessary majority of freeholders voting in Tuesday's hospital referendum.

At the time the petition to strike was filed, the returns showed that on the basis of 2797 freeholders only 1339 were needed to carry the hospital referendum. It was found that 67 voters had written in their names on the ballots qualifying themselves as freeholders, thus making a total freeholders' list of 2797.

Under the law in order to make a bond referendum valid it is required that at least 50 percent of the qualified freeholders participate in the election. Fifty percent of the list of 2797, would be 1399, whereas only 1337 voters actually cast. Thus the election was 52 votes short of the required majority.

Working on the theory that there were not actually 2797 in Seminole County and that consequently fewer than 1399 votes would be necessary to make a majority, Mr. Papworth and Mr. Williams proposed to strike from the freeholders' list the names of all those who had either died or were no longer freeholders.

An intensive investigation of the freeholders' list by Mr. Spencer disclosed 100 names which could have been stricken. This move would have reduced the number of freeholders from 2797 to 2697, thus reducing the necessary majority from 1399 to 1349 which would still have been two more than the number who actually voted.

Consequently it was decided today to withdraw the petition.

On the basis of the latest returns, which are still unofficial as the official canvass will not be made until Monday afternoon, there were 1078 votes cast for the hospital and 2699 against it.

It was erroneously stated yesterday that every precinct in the county voted for the hospital except Oviedo. It was discovered later that Altamonte Springs also voted against the hospital by 18 to 8.

Bowling Club Holds Fall Reorganization

Eddie Bender was elected president of the Sanford Bowling Club for the coming year at the fall reorganization meeting held Tuesday night. H. B. Tappan was elected vice-president, H. E. Tappan, secretary-treasurer, and William R. Johnson, assistant secretary-treasurer.

Mr. Tappan announced that bowling tournaments will begin next week in the library over Kew's and he also added that the next night will be held Saturday night and that he would like to see who would like to be on the list.

U.S. Bund Leader Is Said To Admit Secret Relations

Contacts Maintained With German Ambassador, Consuls

WASHINGTON, Sept. 29.—(AP)—A House committee investigator charged today that Fritz Kuhn, leader of the German-American Bund, had admitted to "secret relationships" between the bund and Dr. Hans Dieckhoff, German ambassador to the United States.

The investigator, John C. McCall, told the committee assigned to investigation of un-American activities that the bund relationship also extended to German consuls in this country.

Metcalfe, yesterday, testified that bund activities in this country were being directed from Berlin and that the groups were prepared to draft 3000 members as storm troopers for a sabotage machine and spy network if there is a German-United States war.

"Adherents to the Nazi cause have slipped into U. S. Navy yards where they have succeeded in securing positions which place them in direct possession of secret plans for construction of Navy battleships of the latest type," he said. "They have even been assigned to trial runs of latest type ships."

Under prodding by Dies, Metcalfe said that the committee had "sufficient evidence" to warrant further investigation whether "high-up American industrial leaders" are supporting the Nazi movement in this country.

"Such an inquiry," he said, "probably would disclose that certain American industrial leaders, who are Fascist-minded, are behind the German Bund movement. I believe that if this committee had sufficient opportunity and time it would be able to get tangible and definite proof."

He said German-American Bund members in New York circulated literature advertising Hitler's conquest of Sudetenland. He said the literature was sent out before it became known that Adolf Hitler had set October 1 as the deadline for surrender of the Sudeten area.

He added that bund members consider themselves the same type of German minority as those in Czechoslovakia.

Fort Announces Membership Drive For Country Club To Begin Oct. 1

With the end of the fiscal year on Sept. 30, Bert Fort, manager of the Sanford Country Club, announced today that plans were already underway for the annual membership drive of the club to open on Oct. 1.

All memberships expire on Sept. 30. Mr. Fort stated and added that the membership fees for the new year will be payable after that time. An extensive canvass to increase the membership for the club is planned.

Mr. Fort also announced that a blind logy tournament will be held over the course, Saturday and Sunday and announced that three prizes will be awarded the winners. All members of the club are eligible to participate. Mr. Fort stated.

The golf course manager reported that Phil Grashoff shot 28, three above par, for the lowest score on the nine hole course during the week.

Those playing the course one or more times during the week were: C. E. Burhan, W. R. McCracken, G. D. Workman, Dr. S. Puleston, Dr. G. S. Selman, Dr. D. G. Scott, H. W. Rucker, E. B. Smith, Raymond Lundquist, C. C. Whittington, E. B. Scott, A. R. Askew, John Caldwell, Fred Holly, John Heston, John Ludwig, Joe Masten, Elmer Tall and Roy Sykes, Jr.

Also Roy Holler, Henry Watson, E. E. Laney, Pete Higgins, R. F. Wilson, J. N. Aycock, Fred Harrison, Fred Bell, Billy Ball, G. G. Howell, J. R. Bon Ward, Rev. Paul Redfean, Henry Zurbode, E. F. Householder, E. B. Randall, S. D. Hushoff, J. A. W. Epps, Phil Grashoff, J. I. Ingley.

Also Howard Faville, Harry Bradham, E. B. McCall, Hap Fleming, Bill Thoin, W. H. Stumper, J. N. Kittington, Earl Evans, E. J. Nelson, Jr. F. E. Kehr, G. W. Spencer, Ray Chambers, A. L. Lyons, Carl Williams, H. H. Coleman, and B. C. Moore.

Also Nancy White, Mrs. P. D. Scott, Mrs. Fred Ball, Mrs. Roy Sykes, Doris Walker, Mrs. E. F. Householder, Mrs. Sadie House, Miss Rebecca Stevens, and Miss Lillian Dunlap.

Local Fox Hunting Enthusiasts Plan To Attend Meeting

Sanford fox hunting enthusiasts are planning to attend field trials to be held in Ocala Oct. 3, 4, 5, to which everyone is invited.

Among the local persons who have signified their intention to attend are W. C. Hill, J. G. Wain, Ed Meach, and A. P. Handy. Mr. Hill and Mr. Wain are both entering dogs.

The Ocala House will be headquarters and those wishing to use horses are advised to notify John Clardy of Ocala. The hunting grounds will be the same as the state meet year before last. The first cast will be Monday morning, Oct. 3. A bench show will be held Monday night. There will be a puppy race Tuesday afternoon for puppies under one year old.

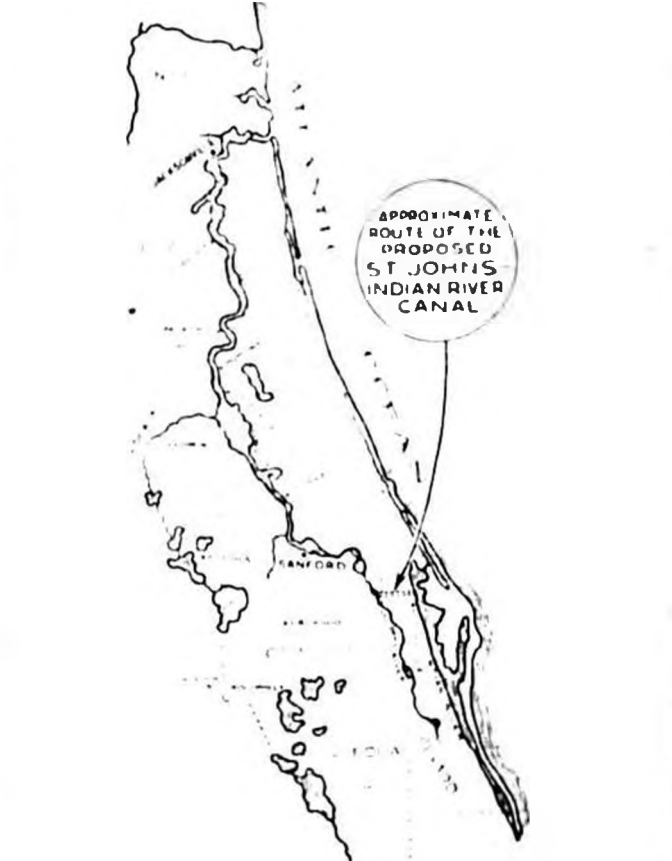

Little Girl Electrocuted

FORT MYERS—(AP)—Eight-year-old Wanda Botta was electrocuted yesterday when she grasped a power line while standing barefoot on a tin-roofed structure.

Local Weather

Partly cloudy, scattered showers in extreme south portion tonight and on southeast and extreme south coast Friday; slightly cooler on extreme northeast coast tonight.

PROPOSED CANAL ROUTE

The proposed St. John Indian River Canal will make a new water route of the "great cut" waterway. Opening up one of the most beautiful and scenic sections of Central Florida to hundreds of boats which annually visit Miami and the lower east coast of Florida as well as provide adequate drainage for the upper St. Johns River valley.

Canal Report Is Filed With U.S. Engineers

Williams, Gut, Solec Outline Merits Of Proposed Cut To Intracoastal Route

A report on the proposed St. John Indian River Canal was filed today with the U. S. Army Engineers at Fort Belvoir, St. Louis, Mo. The report, prepared by a special committee of the St. Johns River Improvement Association, headed by Fred T. Williams, chairman, Arthur N. Solec, secretary, and H. J. Gut, treasurer, outlines the merits of the proposed cut to the intracoastal route.

The report states that the proposed canal will provide a new waterway for the St. Johns River, which is one of the most beautiful and scenic sections of Central Florida. The canal will be 100 miles long and will provide a direct route from the St. Johns River to the Gulf of Mexico.

The report also states that the canal will provide adequate drainage for the upper St. Johns River valley, which is one of the most fertile and productive sections of Central Florida. The canal will be 100 feet deep and 100 feet wide at the top.

The report was prepared by a special committee of the St. Johns River Improvement Association, headed by Fred T. Williams, chairman, Arthur N. Solec, secretary, and H. J. Gut, treasurer. The committee was organized in 1937 to study the proposed canal and to prepare a report on its merits.

GRIMLY PREPARING

Grimly preparing for war, which looms in the future, the men of the 1st Airborne Division are seen in the streets of London.

Fingerprinting Brings Confession From Negro

When told of the findings of fingerprinting expert J. A. Hawley, the negro immediately confessed to the crime, which he previously denied and was sentenced to a 30-day sentence by Judge Frank L. Miller yesterday afternoon.

Chief of Police Williams also reported yesterday that Saper, vice of Registration W. J. Thigpen reported some one had entered his home on Park Avenue early Wednesday morning and stole his trousers containing \$44 in cash.

Mr. Thigpen notified the police after he could not locate the trousers which he at first thought he had mislaid.

Chief Williams stated that this

22 Killed And 300 Injured In Charleston Storm

WASHINGTON, Sept. 29.—(AP)—Norman H. Davis, head of the Red Cross, said 22 had been killed and 300 injured in Charleston, S. C., where the tornado struck early today.

Many Buildings Are Destroyed By Destroying Tornado

CHATELAIN, Sept. 29.—(AP)—The tornado that hit Charleston, S. C., early today, killed at least 22 persons and injured 300, according to the Red Cross.

The building which was not more than a minute's distance from the city was swept down with devastating force on various parts of the city. Of those reported killed, 15 were negroes.

Mrs. Ruth McIntosh, 26, 15-year-old Mrs. M. J. Johnson, 14, and Lloyd Conley, 9, were killed when their house collapsed in the twinkling of an eye.

Many of the city's historic and beautiful buildings were in ruins. In every direction as far as the eye could see there was a vision of unroofed buildings and other wreckage.

Leaders Of 4 Great Powers Confer In Munich On Settlement Of Problems

MUNICH, Sept. 29.—(AP)—Informed German sources said tonight Hitler had agreed that the German army would make only a "prudent occupation" of the Czech and Slovak regions, the extreme western Czechoslovakia on Oct. 1 and 2. Other sections of the Sudetenland would be occupied only gradually, these informants said.

Prague Reported To Favor Plan

BRNO, Sept. 29.—(AP)—The League of Nations assembly passed unanimously today a resolution associating itself with President Roosevelt's messages to European governmental heads in efforts to preserve peace.

The resolution said the assembly "welcomes and fully associates itself" with President Roosevelt's messages to European governmental heads in efforts to preserve peace.

International Army To Police Area Is Seen As Possible

BRNO, Sept. 29.—(AP)—The League of Nations assembly passed unanimously today a resolution associating itself with President Roosevelt's messages to European governmental heads in efforts to preserve peace.

The resolution said the assembly "welcomes and fully associates itself" with President Roosevelt's messages to European governmental heads in efforts to preserve peace.

Kiwanians Hold Observance For "Florida Week"

Florida was the theme of the program at the Kiwanis luncheon in the Vauder Hotel yesterday when the club held an observance of the week set aside by Gov. Fred P. Cone's proclamation.

The meeting was also featured by the election of officers and an address on the activities of the Seminole High School Cetera by W. R. McCracken, coach of the high school eleven.

Dr. B. D. Caswell was elected president of the club for the coming year while other officers elected are as follows: J. L. Marquette vice president; T. E. Simpson, second vice president; P. P. Campbell, treasurer; and F. S. Lamson, financial secretary.

The following directors were also announced by the election committee of which C. R. Mason was chairman: S. F. Doudney, E. C. Harper, O. P. Herndon, J. J. Kellaghan, C. R. Mason, A. J. Smalley and G. D. Workman.

In observance of Florida Week the Kiwanians sang "Florida My Florida" and "Suwannee River" and James G. Sharon read several articles on the history of Florida, its achievements and traditions. A menu of Florida products was served.

In his comments on the local football team, Coach McCracken told of the system of plays which would be used by the Feds and pointed to many interesting features of the game which fans often miss. He also outlined the type of plays which could be expected for the season's opening contest with the Eustis Panthers Friday night at the local stadium.

Mr. Mason announced that some changes had been made in the Court of Honor and other Boy Scout activities and explained these changes to the club which sponsors Troop 5.

Plans for the state convention in Sarasota were announced and it was stated that Julius Dingfelder would be pushed as candidate for lieutenant governor of Kiwanis in Florida.

One egg produced during the months of October and November is worth on the market about two produced in April and May.

THURSDAY, SEPT. 29, 1938
BIBLE VERSE FOR TODAY
SOUND SPIRITUAL LAW
And his mercy is on them, that
fear him from generation to gen-
eration.—Luke 1:60.

The only thing that makes
business so bad is bad business.

It's a poor way to "make mon-
ey" by not paying your bills.

The next time anyone wins a
way to make the world safe for
democracy, we hope they go clear
to Berlin.

We hope the four power peace
parley in Munich doesn't break
up in a free-for-all fight.

The European crisis did its
best to drive the hospital election
off our front page but we man-
aged to save a few lines for it.

A new tourist season is rapidly
approaching with no actual
progress made yet on the con-
struction of a trailer camp.

We don't see why women like
to try on every hat in the store.
Evidently they are just trying to
have the laugh on someone else.

Prime Minister Chamberlain
had no sooner assembled Parliam-
ent (which in England is the only
body which can declare war)
than Adolf Hitler agreed to ar-
bitrate.

He: "How do you feel after
your ride on that horse?"
She: "Gosh! I never thought
anything filled with hay could be
so hard!"—Sarasota Herald-Tribune.

Events are happening so fast
in Europe that by the time the
morning papers, predicting war,
are off the press, the afternoon
papers are out announcing a
peace conference.

Defeated By 2 Votes

On the basis of the first complete returns from Tues-
day's referendum, the hospital was defeated by the narrow
margin of only 16 votes, not because a majority of those
voting were against it but because a majority of the free-
holders in the county failed to vote at all.

Later investigations showed that 67 more names had
been added to the freeholders list by persons writing their
names in on the ballots, increasing the total number of
freeholders on the list to 2797, and leaving the necessary
number of voters 52 short of a majority.

While it may be true that one of the freeholders op-
posed to the hospital adopted the strategy of staying away
from the polls, it is none the less true that an over-riding
majority of our citizens who are not freeholders, and
who consequently were not allowed to vote at all, were in
favor of the hospital.

And while it may be argued that non-freeholders are
not entitled to a vote in such elections, it cannot be main-
tained that they do not count at all, or that their wishes
are not to be considered at all, by the other members of
our population. In this connection it is
only fair to remember that many non-freeholders are
property owners, in that they own property other than
real estate, and that they pay taxes, other than real estate
taxes, to the support of our city, county,
state, and federal governments.

We are also convinced that if it had not been for the
heavy rain which occurred late in the afternoon and lasted
for about two hours, at least a hundred more persons
would have voted. We are advised that at least that many
who were telephoned during the afternoon declined to
come down to the polls on account of the weather. If
they had voted, even if they had all voted against the
hospital, the referendum would have carried.

We are not disposed to cry over spilled milk but we do
think it is a crying shame that Seminole County is to
be denied the benefits of a modern hospital simply because
two persons failed to vote.

Does History Repeat?
Reading widely the other night we ran across an in-
teresting account of European conditions. "The more one
examines in general the governments of Europe, and the
policies followed or attempted, the less is one impressed
with either their wisdom or their morality. The control
was everywhere in the hands of the few and was every-
where directed to the advantage of the few. The first duty
of the state was to increase its dominions by hook or
crook."

"The condition of the vast mass of the people in every
country was the thing least considered," this author con-
tinued. "It was everywhere deplorable, though varying
more or less in different countries. The masses were
weighed down and hemmed in by laws and institutions and
customs that took no account of their well being. In one
way or another they were outrageously taxed."

"The distempers in every state were numerous and
alarmed. There was a widespread feeling that revolutions,
catastrophes, ruin were impending. Excessive
expenditures for armies and for wars resulted in increasing
disorder in the finances of the various nations. States resorted
more and more to loans. Deficits were chronic.
Taxes were increasing and were detestably distributed.
The governments of Europe were generally in-
efficient. . . and in their relations to each other unprincipled
and unscrupulous. The state was conceived as force, not
at all as a moral being, subject to moral obligations, and
restraints. The glory of rulers consisted in extending the
boundaries of their states, regardless of the rights of
other peoples. Any means were legitimate, success was
the only standard of right or wrong."

"The dominant idea in all government circles was that
the greatness of the state was in proportion to its
territorial extent, not in proportion to the freedom,
prosperity, and education of its people. The prevalence
of this idea brought it about that every nation sought
to be ready to take advantage of any weakness or distress
that might appear in the situation of its neighbors.
"Armies must be constantly at hand and diplomacy
must be ready for any scurvy trick or infamous crime
that might promise hope of gain. It followed that treaties
were to be broken whenever there was any advantage in
breaking them. It is a mistake to break your word with-
out reason, for thus you gain the reputation of being
light and fickle. To keep faith with each other was no
duty of rulers. There was consequently no certainty in
international agreements."

The author of the above account of European condi-
tions, was Charles Downer Hazen, writing Eighteenth
Century history. It was in such an atmosphere as he
has described that Catherine the Great of Russia summoned
the rulers of Prussia and Austria to St. Petersburg and
there among these three strong military powers divided
Poland, the largest country in Europe next to Russia, but
the weakest in military power and government.

Though proud of its noble race and ancient history,
Poland ceased to exist as an independent state in 1795 and
remained divided among Russia, Germany and Austria un-
til the World War, when the right of the Poles to in-
dependent nationality was recognized. But up to the present
time the Partition of Poland has been known as "the
dirtiest deal in history."

STRANGE AS IT SEEMS—By JOHN HIX

Illustration of St. James Palace with text: 'PIRATES ON THE GIP "MOST HOLY TRINITY" LOST OVERBOARD \$750,000 IN SILVER BARS— BECAUSE THEY THOUGHT THEY WERE TIN! —July, 1685, off South America—'
'ALL HIS EGGS IN TWO BASKETS!' ERWIN RUDOLPH, pocket billiardist, MADE 51 OUT OF 54 SHOTS IN TWO LOWER CORNER POCKETS! —1929 championship match, Detroit— 9-28-38

ST. JAMES PALACE . . .
Some of many a gay function
was St. James Palace, long the
official London home of British
kings. So strange as it seems,
on the exact site on which the
Palace stands today once stood
the Hospital of St. James the
Less, a home for incurable
leprosy.

Originally containing 11
leprosy wards, the hospital is
mentioned in history as early
as 1100. The exact date of its
creation is vague. Henry VIII
acquired the building and grounds
in 1532, replacing it with a
fine hunting lodge.
First king to use the build-

ing as his London home was
William III, who ascended the
throne in 1689; reigning suc-
cessors continued to live there
until 1820 when George IV as-
cended the throne.
Queen Victoria transferred the
official residence to Buckingham
Palace, but the British Court
still is officially known as the
Court of St. James. Little of
the old palace remains standing
today.

PIRATES MISTAKE . . .
Under command of Captain
Bartholomew Sharpe, famous
privateer, the outlaw ship, "Most
Holy Trinity," in July, 1685
captured the "Holy Rosary," a
Spanish merchantman, in South
American waters.

Looting her, the pirate crew
found in the hold a cargo of
heavy metal "logs," which they
thought were tin. To lighten
their prize, the pirates threw
the lot overboard.

One pirate, however, saved a
pig for himself, and eventually
took it to England, to have it
cast into bullets. Analysis
showed that the metal was
silver instead; the pirates had
thrown away \$750,000 worth of
the precious metal.

Tomorrow: The rain who
turned \$4 into \$50,000,000.

PRIME MINISTER NEVILLE CHAMBERLAIN, right is shown leaving Adolf Hitler, left, after their
last conference over the Czechoslovakian situation. This photo was sent to New York by radio and
transmitted by Arno Telephoto.

WEEKLY NEWS COLUMN

By JOE HENDRICKS

By JOE HENDRICKS
I've promised you a series of
three columns dealing with the
Federal Bureau of Investigation
under the able direction of J.
Edgar Hoover. This column
one.)

A GOOD INVESTMENT On
many occasions during the past
year I have had the privilege of
sending numerous Florida visi-
tors to the Federal Bureau of In-
vestigation. Always they returned
with glowing accounts of the
activities of the G-Men and I
thought that you might be inter-
ested in my impressions concern-
ing this most worthwhile or-
ganization which in the past few
years has come to be a tradi-
tion in American thought and
life.

The FBI, as it is commonly
called, which has as its motto
"integrity, loyalty and integrity,"
was organized in 1928. In 1923
its present Director, Mr. J. Ed-
gar Hoover, was appointed and
since 1924 with increasing ef-
fectiveness it is contributing ma-
terially to the security of the
United States and in Florida as
well. Mr. Hoover has demon-
strated that law enforcement can
be effective and he has applied
to his own organization the ef-
ficiency of modern business
methods. The FBI contributes to
day one of the best investments
that has ever been made in a
government agency. For instance,
last year for every dollar which
was spent on maintaining the
cost of operations of the FBI a
dividend of seven dollars and
sixty-six cents was declared in
the form of savings to the Gov-
ernment through recoveries of
stolen property and fines im-
posed in cases investigated by
the G-Men.

The Federal Bureau of In-
vestigation operates throughout
the United States with forty-two
Field Divisions and in Florida
the FBI Office is located in the
Biscayne Building in Miami. Special
Agents working out of the
Miami Division of the FBI in-
vestigate all Federal offenses
coming within the investigative
jurisdiction of that Bureau and
in case of emergency all the peo-
ple of Florida need do when a
Federal crime has been commit-
ted is to communicate with the
Special Agent in charge of the
FBI Field Division at Miami.
Not a day goes by but what the
Agents are rendering some as-
sistance in law enforcement offi-
cers and agencies in Florida in
any one of innumerable ways.

I am inclined to the belief
that far too many people have
no comprehension of the far-
flung activities of the FBI which
can be placed in two categories
—investigative, and secondly, its
service features. Today the force
of Special Agents of the FBI
are actively engaged in investi-
gating over one hundred differ-
ent types of Federal offenses
throughout the United States
ranging all the way from the
complicated Bankruptcy Frauds,
National Student Property Act
cases, down to the enforcement
of the penal provisions of the
Migratory Bird Act. Because of
the complexity of the cases
which the Federal Bureau of In-
vestigation must handle usually
invading criminals who have
gotten beyond the control of lo-
cal authorities, it is necessary
that the G-Men be well trained
and in this respect Mr. J. Edgar
Hoover, the Director of the FBI,
has pioneered in a new develop-
ment which today is rapidly be-
coming highly professionalized
and the G-Men are more than
willing to give their methods to
local authorities, and as you
readers know, the FBI has been
active on many occasions in our

country in recent years.

I am always glad to give any
Florida visitor a personal letter
of introduction to Mr. Hoover
and should you all means visit
the Headquarters of the G-Men.

VTA PROJECTS—I have re-
ceived announcements of the fol-
lowing projects: Improve park
and recreation area at Titus-
ville in the amount of \$26,629;
construct community building
and grounds in Floral City, \$6-
154; improve Palmtoe and Oak
Streets in Sanford, \$7,127; im-
prove East Central West Cen-
tral and Lakeside Avenues, Ros-
s and Collins Streets in Unatilla,
\$29,502; improve athletic field
at Apopka, including construc-
tion of grandstand \$11,102; im-
prove recreational parks at
Unatilla, \$1,221; improve street
throughout Holly Hill, \$7,155;
improve the Monroe School
building and grounds in Mc-
Lennan, \$11,997; extend municipal
sanitary sewer system through-
out Titusville, \$11,045; improve
state Road No. 1110 near city
of Melbourne, \$11,223; improve
Glenwood Road near Deltona,
\$14,763.

CIVIL SERVICE EXAMINA-
TIONS—Announcements of the
following examinations have
been received: Senior Steno-
grapher, \$1,620 a Year, Junior
Steno-grapher, \$1,400, Senior Ty-
pist, \$1,140, Junior Typist \$1,200. The following is un-
usually low: Electro-Printer \$280,
\$734, \$792 a day. For further
information call at your near-
est first or second class Post
Office.

CRUISERS TRANSFERRED
WASHINGTON, Sept. 28.—(AP)
The Navy said today that the
three light cruisers now on the
west coast are on their way to
the Atlantic ocean for assign-
ment for duty in evaluating
American nationals from Europe,
if necessary.

Atomic Power As New Energy Form Is Being Studied

NEW YORK, Sept. 29.—(AP)—
Science is beginning to see
how it might produce atomic
power, the energy which has long
been thought an "impossible
dream."

There is enough atomic power
in one lump of coal to drive a
steamship across the Atlantic.
The first step toward getting
a little of that power has been
figured out in hydrogen one of
the chemicals in coal.

It comes from the fact that
several years ago Dr. Irving
Langmuir, of the General Elec-
tric Company, discovered a way
to make atomic hydrogen. This
is molecules of hydrogen whose
atoms separate momentarily. An
electric current does it.

The hydrogen atoms recombine
almost instantly, and in doing so
give off immense amounts of
energy in the form of heat. The
discovery was used to make the
atomic hydrogen torch, the hot-
test welding torch in the world.
The "next step" scientists

New German Dirigible Makes 4th Test Hop

FRIEDRICHSHAFEN, Ger-
many, Sept. 29.—(AP)—Germany's
new giant dirigible, the LZ-130,
made her fourth test flight
yesterday with Captain Hans von
Schiller in command.

A government technical com-
mission was aboard, indicating
the altship of the destroyed
Hindenburg soon might be de-
clared air-worthy and put into
commission. She will be called
the Graf Zeppelin for her famed,
retired predecessor.

The question of the use of
hydrogen, with helium still un-
available from the United
States, remained unsettled, how-
ever.

City Attorney Has To Pay Traffic Fine

GRAND FORKS, N. D., Sept.
29.—(AP)—City attorney Harold
D. Shaft was at lunch with the
mayor, police chief and state's
attorney when a traffic officer
tagged his car for over park-
ing. He had to pay the \$1 fine.

Japanese Column Has Heavy Casualties

SHANGHAI, Sept. 29.—(AP)—
Chinese reported today a Japa-
nese column had been cut off
while attempting to advance from
Jianhang through the hills south-
west of the Yangtze River and
that 1,700 casualties were inflicted
on the Japanese in a nine-hour
battle.

AMERICANS SAFE

VIENNA.—(AP)—A group of
120 United States citizens from
France arrived yesterday by
railroad and left immediately
for Paris.

McLucas Machine To Workout Under Field Lights Tonight

Fed Mentor To Issue New Uniforms At Night Drill

Coaches Not Satisfied With Eleven As Boys Do Not Know Plays As They Should At This Time Of Season

Head mentor Leonard I. McLucas and his 1938 edition of the Seminole High School Celery Feds will not hold their usual practice session this afternoon but will take to the main field tonight for a final workout under the lights of the High School Stadium.

McLucas will issue some 25 new uniforms to the youths who are slated to make the first string in order to let the boys get the feel of the new equipment and also to break it in. Coach McLucas told the Herald Sports Editor this morning that the physical condition of the squad is as good as can be expected. McLucas, when questioned about the Fed chances, was not so optimistic due to the fact that there is much green material on the squad, and most of all the boys do not know the plays as they should.

McLucas said that there was a lot of boys who have shown up good but how they will do in a real game and under fire is yet to be seen as games are very different from ordinary scrimmages or practice sessions. The head mentor also said that the season tonight would be open to the public and will start at 7:30 o'clock. All football players are scheduled to report to the high school gym at 7:00 o'clock.

Yesterday afternoon the Feds underwent a light scrimmage session. The outfit ran through the Notre Dame style of plays

which they will use to some extent and also a few of the double wingback formations.

McLucas announced yesterday that it would be nearly a gametime before he would be able to give a starting lineup.

Leesburg Jackets To Tackle Lakeland High

LEESBURG, Sept. 29.—The Leesburg high school football team will meet Lakeland high tomorrow night in the first game of the season.

Coach Dick Branham will select his starting lineup from a squad which includes Jimmy Herford, Francis Green, Charles Mathews, Allen Burton, Rudy Rutherford, Floyd Joggears, Jack Seary, Robert Suellings, Mike Weaver, Raymond Wilkins, Jessie Smith, Tom Merritt, Jack Rogier, Andy Crobb, Jack Merritt, Tom Burton, Jack Veker-Smith, Ray Dudley, R. Dusenbury, Capt. Jack Reardree, Dick Gaudet, Charles Holt, David Sudderth, Bobby Allen, Lloyd Pennington, Ralph Dandridge, Jimmy Jones, Buddy Mattox and A. Duval.

CORAL GABLES, Fla., Sept. 29.—University of Miami averaged slightly over 9,000 persons per game at their seven home football contests last fall. Season ticket sales are so far ahead of last year, that the Hurricanes hope to boost that game average to around 12,000. The smallest crowd last year was 7,300.

THE HATTERS OF STETSON UNIVERSITY, conquerors of the Florida Gators, are pictured above. They will battle Rollins College in the second game of the season Friday night in DeLand. Front row (left to right): John Griffith, George McClelland, Harry Lewis, Lyn Cheatham, Dick Sauls, Lyn Warren, Tom Kirkland, Troy Hall. Middle row: Lanier Smith (student manager), Russell Darst, Bob Gaughan, Larry Hardy, Captain Don Frison, Willard Anderson, Robert Anderson, Charles Butler, Stewart Ryan, Fritz Drake. Back row: Brady Cowell (head coach), Charles Cobb, Wyman Harvard, Harold Vann, Hall Godbold, Gus Swanson, Frank Minehart, Cliff Parmley, Edward Mason, Vincent Schaefer, Walter McDonell, Chet Freeman (line coach).

IN THE FIELD OF SPORTS

By JULIAN STENSTROM

It will be a hard job to pick the winner of the Stetson-Rollins game to be played tomorrow night on Holly Field in DeLand as both elevens are studied with experienced snipers. The Peterson boys of Eustis will be in town Friday night and you can expect to see some fancy running. If we're still not sure about this Celery Fed aggregation, Don Frison, senior captain of those powerful Stetson Hatters, will be the first Hatter to have a son over Florida under his belt. The Orlando outfit tomorrow night with Daytona Beach should provide much en-

tertainment as it will be a battle of squads. The Tigers have 70 men in uniform who the Daytona Beach outfit boasts 100. One surprise at the Celery Fed camp is the way that little Danny Altman can handle himself on the sidetrack. Although little Danny has never played in a regular football game, he went out for the stuff this season and finally secured a uniform and since then he has ran the backs and tackled ragged. Danny is shifty and he can twist away as quick as just that and he knows his signals, but his plays and he has the art of

Shakespear's Father Was Once Beer-Taster

RHINELANDER, Wis., Sept. 29.—Beer is actually 6,000 years old, said John A. Thiel, Wisconsin tax commissioner, after digging up historic data on this state's favorite product. Thiel found that Shakespeare's father was one of the beer-tasters at Stratford-on-Avon and that Charles Lamb and Dr. Johnson of that day saluted companions with beer and fat cheddar cheese.

GRAND RAPIDS, Mich.—(AP)—Four children were burned to death early today when a fire destroyed a house near here. They were Doris, 10; Anna, 8; William, 6; and Josephine, 4. They were the children of Roscoe Hazleton, millwright.

Although the regular quarterback in Dick Ferguson, we predict that both boys get to play a lot this winter. We're glad to see that the blocking and tackling of the Feds has improved to some extent. We hope that it proves still better in the Eustis affair.

Bus Boys Form Club To Grow Long Beards

JOHANNESBURG, Sept. 29.—(AP)—A "bus boys' beaver club" has been formed by young municipal bus drivers and conductors who pledged themselves to grow beards before the end of the year.

This is one of the developments in the beard growing campaign being carried on all over the country to make the celebrations in connection with the "Voor-trekker Centenary Celebrations" as realistic as possible.

There he placed the flowers at the door of the room wherein lay the dead woman. The woman had been one Spotty's best friends, which may explain the dog's reasoning when he finally jumped up, crossed the road to a petunia bed, chewed off several blossoms and trotted back to the O'Rourke house.

Gabby Hartnett's Circuit Blow Puts Cubs Out In Front

CHICAGO, Sept. 29.—(AP)—In the thickening gloom, with the score tied and two out in the ninth inning yesterday, red-faced Gabby Hartnett blasted out a home run to give his Chicago Cubs a dramatic 6-to-5 victory over the Pittsburgh Pirates and a half game leadership in the furious National league pennant battle.

That is the story of one of the most sensational games ever played at Wrigley field—a game which saw the fighting Cubs charge from behind to knot the score and then win on a slashing drive to the left-field bleachers to oust the Pirates from the No. 1 position they had held since July 12.

Hartnett's circuit smash, coming off Mace Brown with the count two strikes and no balls, probably saved the 'Cub pennant chances. Had he failed, the game would have been called because of darkness, necessitating a double bill tomorrow, which would have almost insurmountably handicapped the over-taxed Cub pitching staff.

Dog Joins Mourners By Bringing Flowers

PETERSBURG, Ind., Sept. 29.—(AP)—Spotty, a dog owned by Rufus Fowler, sat watching friends and relatives take flowers to the casket of Mrs. Joseph O'Rourke.

The woman had been one Spotty's best friends, which may explain the dog's reasoning when he finally jumped up, crossed the road to a petunia bed, chewed off several blossoms and trotted back to the O'Rourke house.

There he placed the flowers at the door of the room wherein lay the dead woman.

Bolt Of Lightning Strikes Two Autos

GUTHRIE, Ill., Sept. 29.—(AP)—A bolt of lightning struck the windshield of the automobile in which Mr. and Mrs. Joe Werner were riding from Chicago.

A second car passing them at the time had all of its tires destroyed by the same charge. Occupants of neither car were injured, although they did suffer jitters.

Canal Report Is Filed With U. S. Engineers

Continued From Page One

A savings of not less than \$12,000 would have been made for boat owners.

Pointing out that for a quarter of a century adequate drainage for the Upper St. Johns River Valley has been sought, the report attempted to show that the construction of the canal would relieve the flood conditions in the area.

The report showed that almost annually there is 50,000 acres inundated by the overflow of the St. Johns River, and about 250,000 acres comprises the best grazing land in Florida.

With a 3 to 5 foot elevation from the high water stages, nearly all the land now flooded will become available for pasture the next year, and make possible the growth of improved grass, which will not only improve the pasture but will produce a finer quality beef," the report stated.

"Coincident with the construction of the canal, the report stated, would be a rise in the water level of the St. Johns River, and after the flood, the water level would be lower than it has been for many years. The report also stated that the construction of the canal would be a valuable addition to the land property owned by the State.

Advising that the canal would be a rise in the water level of the St. Johns River, and after the flood, the water level would be lower than it has been for many years. The report also stated that the construction of the canal would be a valuable addition to the land property owned by the State.

British Planes To Drop Bombs To Check Drift

LONDON, Sept. 29.—British bombers and transport boats crossing the Atlantic are shortly carrying bombs to be dropped on the sea, so that pilots can check the drift. Often they fly for hours without sighting a ship, and must then make a drift calculation.

India Continues As Cholera Reservoir

SIMLA, Sept. 29.—India continues to be a reservoir of cholera, says the Commission of Public Health. The reason given for comparative failure to effect control of the disease is that large areas of the country do not yet possess any local public health staff.

LONDON SCHOOLBOYS are shown trying on gas masks under supervision of an air raid precaution warden, one of the steps that British authorities have taken to safeguard lives of children. War precautions also call for evacuation of thousands from London to the countryside, where they would be more likely to escape air raids in event of war.

Company Will Hunt For Sunken Treasures

JOHANNESBURG, Sept. 28.—A company has been formed to attempt the salvage of the ship "Grosvenor," which was wrecked near Port St. John in 1782. It is believed she carried an exceptionally large cargo including gold and silver, and precious stones valued at \$50,000,000.

NOTICE OF ELECTION: WHEREAS, the Legislature of 1927 of the State of Florida, did pass four Joint Resolutions proposing amendments to the Constitution of the State of Florida, and the same were agreed to by a vote of three fifths of all the members elected in each house; that the votes on said Joint Resolutions were entered upon their respective journals, with the yeas and nays thereon, and they did determine and direct that the said Joint Resolutions be submitted to the electors of the State at the General Election in November, 1938.

Hen Puts Variety Into Daily Duty

COLUMBUS, O., Sept. 29.—One of Harry Longmire's Rhode Island hens has queer ideas about the shape of her eggs. Nearly every day the size and shape of her egg is different than that of the preceding day. She has laid round eggs, eggs shaped like oversized lima beans, eggs looking like overgrown marbles and long, slender eggs. The color of the egg varies, too. Set them and they'll be normal, too.

Safety Program Reduces Wyoming Highway Deaths

40 Percent Decline In Fatalities Gives State Best Record

CHEYENNE, Wis., Sept. 28.—(AP)—It is being a fact on Wyoming highway deaths in 1938.

From 1937 to 1938, the number of highway deaths in Wyoming declined 40 percent, according to a report issued by the National Highway Traffic Safety Council.

The report, which is the eighth annual report of the council, shows that the number of highway deaths in Wyoming in 1938 was 107, compared with 177 in 1937.

The decline in highway deaths in Wyoming is the best record in the country, according to the report. The council says that the decline is due to a safety program which was instituted in Wyoming in 1937.

The safety program in Wyoming includes a number of measures, such as the installation of guard rails on highways, the use of speed cameras, and the enforcement of traffic laws.

The council says that the safety program in Wyoming has been successful because of the cooperation of the state highway department and the local law enforcement agencies.

The council also says that the safety program in Wyoming has been successful because of the education of the public through the use of radio and newspaper campaigns.

The council says that the safety program in Wyoming has been successful because of the use of modern highway construction techniques.

The council says that the safety program in Wyoming has been successful because of the use of modern highway maintenance techniques.

Leaders Of 1 Great Cone Gratified At Supreme Court Anti-Slot Ruling

WASHINGTON, Sept. 28.—(AP)—Leaders of the anti-slot movement in the United States today expressed their gratification over the Supreme Court's decision to strike down the constitutionality of slot machines.

The decision, which was handed down by a 5-4 majority, is seen as a major victory for the anti-slot forces. It is expected to lead to the widespread abolition of slot machines across the country.

The anti-slot movement has been active for many years, and this decision is seen as the culmination of their efforts. It is expected to have a significant impact on the gambling industry.

The decision is also seen as a victory for the states that have long opposed slot machines. It is expected to lead to the closure of many slot parlors and the loss of jobs in the industry.

The anti-slot movement has been successful in many states, and this decision is seen as a major step towards the nationwide abolition of slot machines.

The decision is also seen as a victory for the states that have long opposed slot machines. It is expected to lead to the closure of many slot parlors and the loss of jobs in the industry.

New Fish Poultry Market Is Opened

WASHINGTON, Sept. 28.—(AP)—A new fish and poultry market was opened today in Washington, D. C., by the United States Fish and Wildlife Service.

The market is located in the city and is expected to provide a convenient place for the sale of fresh fish and poultry. It is also expected to provide a source of income for the local fishermen and poultry farmers.

The market is also expected to provide a source of information for the public regarding the availability and quality of fish and poultry. It is also expected to provide a source of information regarding the regulations governing the sale of fish and poultry.

The market is also expected to provide a source of information for the public regarding the availability and quality of fish and poultry. It is also expected to provide a source of information regarding the regulations governing the sale of fish and poultry.

Czechoslovakia Agrees To Partition Of Its Territory Under Pressure From Four Chief European Powers

Organization Of Business Men Is Formed At Rally

Board Of Directors Elected To Complete Plans For New Association

Group Is Urged To Boose City

Rev. Bram Weinstein, Housholder, Holly Are Guest Speakers

After several speakers had mentioned the possibilities offered in Sanford and the need for cooperation of all business and professional men in forming the city, a board of 12 was elected to perfect plans for the organization of an association of business and professional men at the "Business Men's get-together Dinner" in the Maxfair Hotel last night.

Speaking to a gathering of approximately 75 men representing nearly every business and profession in Sanford, Rev. Martin J. Bram pastor of the Holy Cross Episcopal Church was the first of the speakers on the subject, "What Are You Doing Here?"

County Attorney E. F. Holly held the second of the speakers personality in business and Postmaster E. J. Holly mentioned the possibilities offered for development of Sanford while George Weinstein, chairman of the Merchants Committee of the Seminole County Chamber of Commerce, outlined the work of the committee in planning the organization and the advantages of such an association.

Rev. Bram likened the city to the human body with each of the merchants and professions as essential members. As in the human body, he said, collective action is essential for the common good. Only through united effort, he continued, is it possible to gain an end. He also pointed to the necessity of working together in harmony.

Postmaster Holly was the second speaker to be introduced by T. E. Simpson, president of the Seminole County Chamber of Commerce, who presided. Mr. Holly pointed out that Sanford was once the trade center of central Florida because of its location. Sanford's site makes it possible to have one of the largest cities in central Florida here, he said, adding, however, that men and not locations make a city. Mentioning the tourist trade which Sanford has missed in the past, Mr. Holly urged merchants "to get your shoulders to the wheel and push to make Sanford a real city."

Mr. Housholder pointed out that business people of Sanford have been too much concerned over their own problems to find out about the problems facing others. He advocated a closer relationship between the business men of Sanford and urged cooperation in solving their common problems.

George Weinstein explained the benefits to be obtained from organization of the business men.

35 Airplanes To Stop Here Tuesday On Tour Of State

Approximately 35 biplane and airplane will stop in Sanford next Tuesday for Sanford's participation in the 1938 annual All Florida Air Progress Celebration, officials of the Seminole County Chamber of Commerce said today.

The air parade will arrive at the Municipal Airport at 12:15 from Apopka. Visiting aviators will be guests of the Chamber of Commerce at a buffet luncheon to be served at the airport, and it is expected that between fifty and seventy-five local persons interested in aviation will attend.

The craft are scheduled to leave Sanford at 1:30 P. M. for Orlando where events are scheduled for the entire afternoon.

Chamber officials cordially invited local residents to attend the luncheon, for which a small fee will be charged, and join in welcoming the visitors and giving them an enjoyable time. Reservations for the luncheon must be made in advance at the Chamber of Commerce office not later than 3:00 o'clock Monday afternoon.

The City of Sanford is receiving national publicity in several aviation journals, due to participation in the All Florida Air Progress Celebration.

Congregational Men's Club Is Organized

Following a weiner roast at the home of Russell Mason last night, the men attending the Congregational Church organized the Congregational Men's Club and elected Lea Leasher as president.

The organization was started with 25 charter members and it was decided to hold regular meetings on the second and fourth Thursday evenings of each month in the Parish House.

Rev. J. Bernard Root, pastor of the church, expressed his appreciation in the organization of the new club. Much encouraging work can be done by the group, he said.

Other officers are: Peter Thurston, vice president; Henry Thurston, secretary and treasurer.

Negro Given Life For Slaying Guard

INVERNESS, Fla., Sept. 30.—Brusel Parrish was sentenced today to life imprisonment for his part in the slaying of Rufus Waters, guard during the escape with Arthur Sherman, another convict, from a local camp last July.

Sherman later was shot to death by Detroit police and Parrish was captured.

Parrish was convicted of second degree murder by a jury which returned the verdict last night. Sherman had been indicted as the actual slayer of Waters.

Townsend Club Has Its Weekly Meeting

Reports of advance orders for the Townsend Weekly's pre-election number were heard last night at the Sanford Townsend Club meeting in the Welaka Building.

In the absence of Mrs. Martha Moffitt, Mrs. W. I. Hughey acted as treasurer and James G. Sharor fulfilling the duties of Secretary Arthur Kirchhoff, who was also absent.
