

### Gospel Singers Are Coming To Sanford

The same kind of rollicking, peppy gospel music once enjoyed only at rural camp meetings, will move into Sanford at the Seminole High School auditorium, Jan. 31, in a concert that will last nearly all night. Paul Yates, Jr. announced today.

The concert is being promoted by Loy McCormick of Tallahassee, who has packed auditoriums and baseball parks throughout the South with outstanding quartettes alternating in 20 minute stretches, singing gospel songs of every type and tempo. Mr. Yates is assisting McCormick with local arrangements. The group of singers appearing at the high school, will be The Rangers Quartette, of Dallas, Tex., rated by many as the top quartet of the United States, the famous Le Fever Trio of Atlanta, Ga., and the Homeland Harmony Quartette, also of Atlanta.

Highlighting the beginning of the new year will be the installation of officers of the Florida Association of Realtors, Saturday, at the headquarters building in Orlando. Larry W. Long, St. Petersburg, will be installed as president for 1932 of F.A.R. This meeting will be followed by the annual banquet in the evening honoring state officers.

Cucumbers, 50 lb. bpr.	125-200
Lettuce, iceberg, 50 lb. bpr.	5.00-5.50

### Blues In The News

The new year has ushered in, besides many other things, six new men for the Station. Tom Conway, Charles Feibinger, Donald Hite, Ted Price, and Bob Webb all reported in from Great Lakes, Ill. while Millard Tyson arrived here from sea duty. Tom's home is Johnston, Penn. Charles is from Baltimore, Maryland. Donald from Columbus, Ohio. Ted from Detroit, Mich. and Bob hails from Mount Vernon, Ill. They are all very much surprised to see such beautiful weather in January. The weather makes Millard Tyson feel right at home. It should, his home happens to be in Osteen, Fla. Wilson Haselden left the Station and Sanford this morning with orders to sea duty. Little Price and Chief Granger will be leaving under the same conditions this Friday morning. It's been swell having you aboard men. Good luck to you.

The Station basketball team held their first practice since the holidays yesterday on an outside court here on the base. The sun was shining brightly and the men worked up a nice sweat. The holiday lay-off hasn't hurt them much and they're again working as hard as ever for a winning team. Any of the men from the squadrons that didn't have a chance to try-out for the team before the holidays and would like to now should contact Lt. C. L. Sullivan in the Education Office or drop around at any of the regularly scheduled practices at 1500 each day.

Today is moving day for Lt. L. K. Bowman and his family. Formerly residing in Altamonte Springs, they have decided to make Sanford their new home. Their new address will be 1325 Forest Drive, Sanford.

Three men returned from leave this morning spent in other parts of the state of Florida. Charles Solenberg and Lloyd Taylor both returned from Miami while William Huber came back to Sanford from his stay in Vero Beach. NAAS's Fred Wood left yesterday on a trip to South Carolina to bring his wife, Margaret, back to Sanford. Margaret went to South Carolina to visit her folks over the holidays.

Many men here as all over the naval establishment are busy studying this week for the coming service-wide examinations for petty officer third second.

Onions, green, doz bun	1.00-1.50
Parley, 50 lb. bpr.	2.50-3.75
Parsnips, 50 lb. bpr.	4.00-4.50
Potatoes, Fla. Red Hills, 50 lb. bpr.	3.00-3.50
Radishes, 50 lb. bpr.	2.00-2.25
Spinach, 50 lb. bpr.	3.00-3.25
Squash, yellow, 50 lb. bpr.	1.50-2.00
Turkey, depending grade	12.00-12.65
Oranges, depending size	2.50-2.75
Box, 25 varieties produce received at the Sanford State Farmers Market from 10 A.M. Jan. 1, to 10 A.M. Jan. 2. Total packages demand good on all produce and pending size I.A. crite. 5.00-5.50 fruit, market steady.

### Secretary Gray Announces He Will Seek Re-election

TALLAHASSEE (Special)— Secretary of State R. A. Gray announced today that he will be a candidate for re-nomination in the coming Democratic Primary and for re-election to the Office of Secretary of State. In making the announcement Mr. Gray said: "I am grateful to the people of Florida for having been permitted to serve them as Secretary of State for a number of years. During this time I have held high ideals of good government constantly before me. When I first came into the Office of Secretary of State a motto was adopted: 'Prompt, Efficient and Courteous Service'—and I believe that this motto has been followed at all times.

"Florida government has been my hobby and main interest since I first began serving the State and I have had no other business or interest to divert my attention from my public service. As the years pass the duties and responsibilities of the office have materially increased and the work has steadily grown. It has been an inspiration and a great satisfaction to have had a part in the accomplishments in the rapidly growing work of Florida government.

"In announcing my candidacy for nomination for another term I again express my deep appreciation to all the people of Florida for the privilege of serving them, and I pledge a continuation of the guiding star motto of the office, 'Prompt, Efficient and Courteous Service.'"  
Mr. Gray serves on a number of Cabinet Boards and Commissions. One of the most important Cabinet assignments he has, according to the Cabinet committee on the Florida State Hospital. Only one other Cabinet Officer has served longer on the Cabinet.

### Minarik Retires

(Continued from Page One)  
Japanica, asales and other flowers at his home at 1318 Park Avenue.  
He came here in 1907 from Cleveland, Ohio, where he was born and raised. His first job was as a fireman on the Erie Railroad, and he was a fireman when he started work on the ACL here. His first home was at Magnolia Avenue and Eighth Street. He built his present home in 1929.  
His first run as an engineer for the Atlantic Coast Line was from Kissimmee to Narcoossee on a wood burning type of locomotive with a big diamond shape stack and a long cow catcher, and quite a contrast to the modern Diesel in which he made his last run. Most of the brick for the paved roads in the Winter Garden area were hauled on his train.  
Postmaster Joel Field as president of the Kiwanis Club, sent Mr. Minarik a telegram of congratulation on his retirement and commended him for his long and faithful service, especially for habitually bringing the mail train

have had a part in the accomplishments in the rapidly growing work of Florida government.

Mr. Gray serves on a number of Cabinet Boards and Commissions. One of the most important Cabinet assignments he has, according to the Cabinet committee on the Florida State Hospital. Only one other Cabinet Officer has served longer on the Cabinet.

It is on time.  
Mr. and Mrs. Minarik have two sons, John W. Minarik, following in his father's footsteps as a railroad, is a fireman on the ACL Railroad. A graduate of Seminole High School, he took a year of instruction at the Tri-State College of engineering at Angola, Ind. During World War II he served for six years in the Air Corps and saw action in Africa and Italy.  
The other son is Dr. Harry J. Minarik, who is practicing medicine at Salem, Va., is married and has two children. He also is a veteran of World War II with a distinguished record, and as a flier on a carrier in the Pacific area, had two terms of sea duty and flew a maximum number of missions.  
Dr. Minarik is a graduate of Seminole High School, and attended Station University four years. There followed four years of flying service from which he emerged a naval lieutenant. The war over, he spent four years at Emory University School of medicine, and one year of internship at Jackson Memorial Hospital, Miami.

**Permits Issued**  
(Continued from Page One)  
issued with 78 while last month, December, the year's low of 34 permits were granted.

To Promote the Progress of America.  
To Produce Prosperity for Sanford.

## THE WEATHER

Partly cloudy and continued warm through Saturday except unsettled in extreme north portion with possibly light showers in Tallahassee area.

### Carlsen Given 70-22 Chance To Reach Port

#### First Mate Of Tug Is Put On Board Flying Enterprise In Storm-Tossed Seas

LONDON (AP)—Lloyd's of London made Capt. Kurt Carlsen a 7 to 2 chance today to reach harbor with his broken freighter *Flying Enterprise*. The famed insurance brokers issued a premium of 20 guineas (£280) to cover the cost of the freighter against total loss. That means Lloyd's gives Carlsen about 70 chances to make it against 22 to lose his ship—or in horse-player odds, something like 7 to 2.

LONDON (AP)—The first mate of the British rescue tug *Turmoil* today succeeded in boarding the flying *Enterprise* to join Capt. Kurt Carlsen on the crippled American freighter.

The U. S. destroyer John W. Weeks radioed that the tugboat man "managed to get aboard over the taffrail of the *Enterprise* and is now standing by with Capt. Carlsen."

Tugboat Capt. Dan Parker was quoted as saying he is "confident I can get her rigged if we get a break in the weather. We should be able to make it in 24 hours."

A message from the Weeks—dated at 2:30 p. m. (3:30 a. m. EST)—said fog was closing in and the wind had increased to 28-32 knots at times.

The message was not delivered to naval headquarters in London until 4:45 p. m. Meanwhile the British government weather forecasting service has issued warnings of gales—winds of 50 miles an hour—in the vicinity of the *Enterprise*.

Carlsen has been alone on the *Flying Enterprise* since last Saturday, the day after a wild Atlantic storm broke his ship and knocked her over on her side. The freighter has been listing at 60 to 80 degrees. His crew of 40 and 10 passengers were taken off, but he decided to stick with his 325-foot ship and her cargo, valued at more than a million dollars, and protect the owners' right in the ship, worth \$1,400,000. The vessel, built in 1914, is owned by the Iabradstrand Line, New York.

A message at 11 a. m. from the Weeks said the *Turmoil* had made five attempts in an hour, but the weather, to get a towline aboard the *Enterprise*.

The 2:30 p. m. message from the Weeks said the list of the *Flying Enterprise*, around 70 degrees Thursday, had increased (Continued on Page Two)

### Food Has Gone Up, Says Bureau, But Not As Much As Your Income

WASHINGTON (AP)—If you think your food budget has gone up since the war, you are both right and wrong, says the Agriculture Department.

A department food price report said today that if it is true, as every housewife knows, that it takes more dollars to buy a specified quantity of food today than perhaps ever before.

But the cost of that quantity of food represents a smaller proportion of the average consumer's income than at any time since 1916, the department said.

The department said food expenditures averaged \$346 in 1950, or 28 per cent of the average disposable income—money left after payment of personal taxes.

The department said food expenditures averaged \$346 in 1950, or 28 per cent of the average disposable income. By comparison, food costs averaged \$238 or 27 per cent in 1949, \$250 or 27 per cent in 1948, \$222 or 25 per cent in 1947, and \$229 or 25 per cent in 1946.

The department said many people overlook the fact that they are eating much better than they did back before the war, when prices were very much lower.

If Americans were content to eat the barest pre-war diet, the annual average food bill would be about \$273 now, compared with \$375. Such a diet would take only 19 per cent of the average income.

Before the war, the department said, that diet took 23 per cent of the average income.

The department said farmers are receiving about 49 cents of the consumer's food dollar compared with 48 cents in 1950, a record of 54 cents in 1945 and 40 cents for the prewar average.

The agency said the farmer's share ranged from 15 cents out of every dollar spent for canned corn to 77 cents for choice beef, 73 cents for eggs, 72 cents for butter, and 59 cents for milk.

The report said that the quantity of food represents a smaller proportion of the average consumer's income than at any time since 1916, the department said.

### CIO Leaders Ask Delay In Steel Strike

#### Murray Recommends 45-Day Postponement To Give U. S. Board Time To Act

ATLANTIC CITY, N. J., (AP)—The U. S. Steelworkers' union today asked that the threatened nationwide strike for 45 days be postponed until the government can settle the steel contract dispute.

President Philip Murray of the United Steelworkers recommended that the union hold off a nationwide steel strike for 45 days until Feb. 21.

The recommendation calls for a strike postponement until 45 days from the day on which the Wage Stabilization Board begins hearings on the steel dispute.

The board has scheduled a preliminary hearing for next Monday in Washington.

The recommendation was made in the form of a resolution submitted to a special convention of the union's executive board last night.

The proposal carried the disapproval of President Murray and the 26-man policy-making Executive Board.

President Truman made two appeals to the union to forego a strike now and keep badly needed steel flowing for defense and essential civilian needs.

"In the President of the United States we say: We accept your request and agree to postpone the effective date of our strike so that the Wage Stabilization Board may consider the case promptly on its merits and recommend fair and equitable terms of settlement."

The U. S. Steelworkers' union is now on a contract between the union and leading steel producers. Although the union's demand for an 18-cent hourly pay boost has drawn most of the headlines, the Steelworkers are out to get a guaranteed annual wage increase and elimination of geographic pay differences, an end to claimed wage inequities, improved incentive and premium pay and other concessions. The contract now calls for an average of about \$1.93 an hour.

Murray said his million men need their pay checks to meet higher living costs. He maintains the industry can afford pay jumps from profits.

Industry sources said they cannot grant increased wages without price relief. They insist higher wages and prices would increase inflationary pressure.

### Reds Raise 7 Objections To Six Point Plan

#### Appeal For Immediate Trade Of Sick And Wounded PWs Flatly Rejected

By OLEN CLEMENTS  
MUNSAN, Korea, (AP)—The Communist made seven objections to the six-point Allied plan for exchanging prisoners of war and rejected a new U. N. appeal for an immediate trade of sick and wounded prisoners.

In a neatly typed pamphlet, Allied trade negotiators asked for an explanation of reports that the Communist are changing their warplans into North Korea. They also accused Red China of releasing soldiers of Korean origin from its armies in 1941 and 1950 to form the cadre of the North Korean Red Army.

Chinese Maj. Gen. Hsieh Fang said there was nothing wrong in this. He labeled the Allied plan as a "ridiculous rumor."

Hsieh, in turn, accused the Allies of holding behind their lines through intimidation with the atom bomb some 25,000 North Koreans, and of subjecting to "brutal and inhuman progress toward an armistice."

The prisoner exchange scheme proposed in the Communist version last night after four hours and 20 minutes of debate at the Communist camp.

1. Exchanging prisoners of war for civilians.

2. Differentiating between the release and repatriation of prisoners.

3. Neutral supervision by the Red Cross to make sure prisoners of civilians will not be exchanged.

4. Any form of parole for prisoners.

5. Using a prisoner's pre-war address to determine whether he is North or South Korean.

The Reds also mentioned the hand exchange plan by the Allied plan. The Allied plan called for an exchange of prisoners on a man-for-man basis until one side or the other had no more. The remaining prisoners would be traded for civilians and finally thousands of displaced civilians remaining would be placed in an area to be exchanged.

### Att'y General Denies He's Leaving Cabinet

#### Armistice Conference Site Said Safest Place In Korea To Stay

WASHINGTON (AP)—Attorney General J. Howard McGrath today denied reports that he might leave President Truman's cabinet.

McGrath had just come out of a cabinet meeting at the White House.

Appearing in a jovial mood, McGrath told the reporters that "things are not always what they seem on the surface."

Just before the cabinet meeting, McGrath had turned aside with non-committal answers questions from reporters as to whether he had offered his resignation.

Because reports that McGrath may step out, said a reporter put the question to the attorney general point blank when he arrived at the White House for the regular Friday meeting of President Truman and his Cabinet.

McGrath said that question is at most as important as what's going to happen in the Democratic convention next summer.

Reporter "It certainly seems to be getting important."

Laughing, McGrath agreed that the reporter had him at a disadvantage. McGrath said he was certain he would stay in the cabinet meeting.

### City Deeds Land Federal Agents On Geneva Avenue Stage Roundup Of To Highway Board Dope Peddlers

#### Biggest Crack-Down Ever Made In Some Areas Jails Fifty

NEW YORK (AP)—Federal narcotics agents and local police swooped down on suspected dope peddlers and addicts in several of the nation's major cities today.

Agents in New York City, Buffalo, San Antonio, Tex., and Detroit were staged simultaneously. Officials called it "the biggest roundup of suspected dope peddlers and users" ever staged in some areas.

The crackdown started late Thursday night.

Approximately 50 persons, some of them said to be minor figures in illegal sales of narcotics, were seized in New York City. Names of those arrested were not announced immediately.

James C. Ryan, district supervisor of the U. S. Bureau of Narcotics, told newsmen:

"This roundup is bound to have a salutary effect on the illegal sale of narcotics in New York City."

Seven persons were arrested in San Antonio, 16 in Buffalo and 22 in Detroit.

### Odham's Campaign Moves Into Miami In Southern Tour

#### Plans Are Made To Entertain Leader Of Pilot District

A dinner, honoring Miss Marion Hughes of St. Peterburg, lieutenant governor of District Four, Pilot International, will be held at the Montauk Dining Room Tuesday, Jan. 8 at 6:45 P. M.

The event is a part of the Southern tour of the pilot club, which was organized by the Miami club.

The dinner will be held at the Montauk Dining Room Tuesday, Jan. 8 at 6:45 P. M. It is a part of the Southern tour of the pilot club, which was organized by the Miami club.

The dinner will be held at the Montauk Dining Room Tuesday, Jan. 8 at 6:45 P. M. It is a part of the Southern tour of the pilot club, which was organized by the Miami club.

### Harriet Moore, Bombing Victim, Dies In Hospital

The widow of Harry T. Moore, a Miami bombing victim, who left her hospital bed against doctor's orders to view her husband's body before burial, died of blood clots yesterday.

Moore, 46, Florida secretary of the Advancement of Colored People, was buried New Year's Day in a cemetery near his bombed home in Miami.

Doctors had given his widow a 50-50 chance to live after the explosion which killed her husband.

She died without making a statement about the bombing, Assistant State Attorney Hubert E. Griggs and J. J. Elliott, Gov. Fuller Warren's special investigator, attempted to interview her Wednesday.

No funeral arrangements have been made for her yet. Dr. George Starke announced this afternoon. The victim's body is in the Burtin funeral home awaiting burial.

She died as an immediate result of a lung blood clot with internal hemorrhaging of the spleen and other organs, Dr. Starke reported.

An autopsy was performed last night which showed she suffered a ruptured spleen and badly bruised intestines. He also stated that her trip to the funeral home, to view her husband's body last Monday, had little to do with her death.

"Contrary to earlier reports Harriet had at no time ever recovered from the death toll she has caused the explosion," Dr. Starke asserted.

### Fierce Fighting Again Breaks Out In Suez Sector

#### Scores Of Egyptians And British Reported Killed In Battle

CAIRO, Egypt (AP)—Fighting of considerable intensity flared up again today between British forces and Egyptian snipers near the port of Suez, a British spokesman said.

The British force moved in on a filtration plant using mortars. The spokesman said there were no British casualties.

The newspaper Al Zaman said "scores of Egyptians and British were killed in the battle. It said the clash developed when 1,300 British troops encircled the region to recover the bodies of their dead in Thursday's clash."

Egyptian and British official statements differed sharply on the fighting Thursday.

An interior ministry communication said 15 Britons were killed in the fighting and 14 Egyptians were wounded.

British military headquarters at Farafek Breckinridge, today agreed to "withdraw snipers." The British account said two British officers had been wounded and Egyptian casualties were unknown.

### Housing Needed For Family With Kiddies

A critical shortage of furnished apartments available for families with children exists in Sanford, Mrs. Camilla Bruce of the Seminole County Chamber of Commerce office reported this morning.

She told of a Navy couple with two children who because apartment owners would not rent to families with children, have been forced to live in a room for the past month. They would like a furnished apartment with two or three rooms.

Chamber of Commerce manager, Farouk Breckinridge, today said: "We have people seeking residence here who are forced to live in Appopka, DeLand and Orlando because of our housing shortage."

He added that it would be profitable for home owners to fix up vacant rooms into nice apartments in order to alleviate the current housing shortage.

### Baseball Meeting

A meeting of the Chamber of Commerce baseball planning committee and all interested people was called for Monday night at 8:00 in the City Hall, John Krider, chairman, announced today.

Discussions will center around the organization of the Sanford class D baseball team for 1952, he stated.

Mr. Krider urged that all people who are interested to attend. Bill Ruppel, president of the baseball committee is the official termination of the New York Giants' working agreement with the Sanford team. This is a formality pending the re-organization of the club, he reports.

### MR. TYRE DIES

Funeral services for L. M. Tyre, 63, 1214 Myrtle Avenue, will be held tomorrow afternoon at 2 p. m. at the Erickson Funeral Home. Mr. Tyre died at 11:30 this morning at the Fernald-Langston Hospital after a long illness. He is survived by his wife Mrs. Pearl Gerald Tyre, a son, Bill, and a sister, Mrs. Murray Jarvis, all of Sanford. The Rev. J. W. McKinley will conduct the final rites.

### AUTO FIRE

A reported automobile fire turned out to be nothing more than a burning car seat at Mellonville and Calery Avenue for firemen at 5:56 yesterday evening. Assistant Fire Chief R. T. Thomas said this morning.

"Apparently someone dropped the smoking seat on the corner and drove the car away," Assistant Chief Thomas added.

This was the only fire in the past 24 hours, he reported.

### NEGRO ARRESTED

JACKSONVILLE (AP)—Police reported Thursday a Negro purchased a Federal occupational gambling tax stamp was arrested in a raid Thursday. Charles Augustus Jones, 60, was jailed on charges of possessing gambling paraphernalia.

### QUAKE KILLS IN

ISTANBUL, Turkey (AP)—An earthquake killed at least 20 persons in eastern Turkey Thursday. Officials said today the death toll undoubtedly would go much higher. The quake was described as of moderate intensity. It centered between Erzurum and Istanbul.

Moans and screams were heard as the quake struck. In 75 miles south of Taipei, 70,000 homes were reported.

### FRICKS RABBIT

### Disappointment Held No Grounds In Divorce Case

#### High Court Also Decides Dispute Over City Auditorium

TALLAHASSEE (AP)—Here this afternoon with marriage is not sufficient reason for divorce, the Florida Supreme Court held today.

The high court threw out a divorce decree awarded Maude Wellman, 42, from William H. Wellman, 43, her 11-year-old husband, by Palm County Circuit Judge Don Register. They had been married approximately seven months.

Mrs. Wellman based her divorce complaint on the ground of extreme cruelty. Judge Register granted the divorce in the interest of "society generally and the best welfare of these two people."

A city-owned auditorium may stage theatrical attractions, sports events, concerts and similar entertainments in competition with private enterprises, the Supreme Court also held.

The court affirmed a ruling by the State Court Circuit Judge in Tallahassee that the Starlight and Cops Beach Corporations of Miami Beach in an attempt to prevent the City of Miami Beach from procuring entertainments in the City Auditorium.

The Supreme Court said: "On the question of the power of an authority of the City of Miami Beach to use the Municipal Auditorium for the booking of theatrical attractions, concerts, sports events and similar activities, we must not lose sight of the fact that visitors to Miami Beach during the winter months are an important business and materially affect the economic life of that community."

### Phillips Properties Gets 8 More Permits

Phillips Properties, continuing their construction of attractive homes in the Wynnewood Subdivision on east of Mellonville Avenue and bordering on Twenty-fifth Street, yesterday securing City permits for the construction of eight more houses totalling \$72,400 in estimated cost.

The permits were issued to Wallborn C. Phillips by J. T. Pope, acting building inspector. Most of the homes will be of concrete block construction with three bedrooms and will range in cost from \$7,000 to \$10,500.

### STOCK MARKET

NEW YORK (AP)—Railroads led a forward movement today in the stock market, the fourth straight advance.

Gains ran from fractions to between one and two points with a few pushing out to between two and three points.

### AUTO FIRE

A reported automobile fire turned out to be nothing more than a burning car seat at Mellonville and Calery Avenue for firemen at 5:56 yesterday evening. Assistant Fire Chief R. T. Thomas said this morning.

"Apparently someone dropped the smoking seat on the corner and drove the car away," Assistant Chief Thomas added.

## TODAY'S BIBLE VERSE

Who shall be loyal to our leader, Every government demands it, God's Kingdom requires it too.

Abolishment of New Year's football games will get scant support from Floridians...

Billy Matthews of Gainesville is a candidate for Congress from the newly created Eighth District...

The State of Florida is preparing to spend \$89,000 just to find out whether the East Coast turnpike is feasible...

They take their girl friends seriously in Baltimore. A 19-year old youth and a 33-year old man fight it out over a 17-year old girl...

'Youngsters who are now Boy Scouts, and men who were once members of a Panther or Wolf Patrol, must have read with interest the story in last Sunday's Times-Union about Dr. Huber W. Hurt of Stetson University at Deland...

Big news on the political front is likely to break within the next month with President Truman promising to reveal his political intentions by Feb. 6 and General Ike bound to do something one way or the other before long...

There is such a thing as being too tolerant. You can, for instance, be tolerant of intolerance. 'The American people are making sins of two of their most precious virtues', says Georgia Rep. Don Wheeler to the Ways and Means Committee...

The new year will probably not become very old before new adventures will be undertaken in new theaters of world tension. The Alop Brothers quote French General de Lattre de Tassigny as saying that the Chinese Communists are preparing to launch a major attack against Indo-China...

President Truman has fired 53 new collectors of the Internal Revenue Bureau in a drastic attempt to clean house before the new year begins...

## Uncle's Portrait

The lank, lean Yankee figure of Uncle Sam has long been the cartoon personification of everything American. His portrait has undergone changes since he was first pictured in the London periodical Punch in 1844...

Despite rumors both at home and abroad that he has grown stout from good living, Uncle Sam's stomach is still hard-muscled and flat. His frame remains spare and wiry. His eyes are still those of a dreamer who watches his own hand with pride and humor...

His muscles are as hard and pliant as they always were. His fingers are those of the skilled craftsman and artist, but they still know how to hold an ax. When he curls his fingers into a fist it is still as large as a Virginia ham...

It may be that there is no basic difference between the looks of Uncle Sam today and yesterday. A modern portrait might show him a bit more prosperous, a little less a frontiersman. But the fundamentals for which the symbol stands have not changed.

## Handling Money

New York University is offering a course in personal finance management as a part of its adult education program. Students will learn budgeting and buying techniques which will enable them to select goods economically...

Many of our most serious social problems today have their roots in individual financial difficulties. Marriages often fail partly because of the stress of money problems, and individuals harassed by debt are unable to contribute their best efforts to society...

There are undoubtedly many helpful courses offered throughout the country, and it would be well if more people would take them. Some money problems arise from wholly inadequate incomes, but probably many more are the result of mismanagement of income...

## Over Twenty-One

Women who register to vote in Boston have long been able to list their ages simply as 'over 21' when they did not care to be more specific. Now an official there has ruled that exact ages of all voters must be given and evasion will not be permitted...

The official may have a point. Certainly every effort should be made to preserve the sanctity of the ballot box. But his decision may make the jobs of inspectors even more difficult. Who would dare to scrutinize the face of a woman about to cast her ballot...

## Carlson's Ship

(Continued From Page One) 'very slightly.' But the freighter was 'still buoyant and riding satisfactorily.' Capt. Parker said he would continue efforts around the clock to get a towline aboard the disabled freighter, wallowing 300 miles west of the southern tip of England...

## Safest Place

(Continued From Page One) a report from a string of loud firecrackers. The air shows the most interesting phenomena take over where the artillery left off. They bank lazily away from the four huge orange balloons that mark the armistice zone boundaries...

The new year will probably not become very old before new adventures will be undertaken in new theaters of world tension. The Alop Brothers quote French General de Lattre de Tassigny as saying that the Chinese Communists are preparing to launch a major attack against Indo-China...

## EASY THERE, BUJ! HISTORY SOMETIMES REPEATS!

## Governor Warren Plans Highway Safety Campaign For New Year

TALLAHASSEE — Highway safety, tourism and industrial development will be the Big Three of the Warren administration during 1952. Fuller Warren, starting his final year in office today, said he will concentrate on halting the killing and crippling of people on Florida's highways, work unceasingly to draw more visitors to the state and strive to bring in additional new industries during his last 12 months as chief executive. He told his plans in an interview with The Associated Press...

County Tunnel and bridge traffic relief project Warren said he did not wish to comment at this time on the possible construction of a new state office building in Tallahassee and the sidestepped direct comment on the proposed Jacksonville-Miami Turnpike.

'It strikes me it is an engineering and economic problem, not a political one, he said of the turnpike. 'If it is feasible in those respects, that should be the determining factor.' Warren said he would like to see the state proceed this year with construction of a super four-lane welcome and information center across the street from the Capitol building. A move is under way for the State Road Department to acquire the site.

## Year Of 1951 Saw United States Wage War And Maintain Business

By JACK ADAMS and PLYTON C. FAY WASHINGTON, (AP)—The United States in 1951 was able to wage an air war, get started toward mass production of new planes and at the same time maintain a booming business in commercial aviation and airliner manufacture. But this gun-and-butler economy was a little illusory, made possible because: (A) There wasn't an all-out war; (B) the nation was in only limited mobilization and (C) the output of warplanes was running somewhat behind the original high hopes of mobilization planners...

will take no active part in behalf of any candidate in the Democratic primaries. 'I shall vote and urge others to vote. But I don't expect to support any candidate for any office.' 'Would he play any role in the national campaign for the November general election? 'That's a long time away,' he answered with a smile.

# Seminole Cagers Face Seabreeze In Daytona Tonight

### Celery Fed Quintet Gains First Win Stopping Winter Garden, 39-34

**By KENT CHETLAN**  
The Seminole Celery Fed quintet, fresh from a 39-34 triumph over Winter Garden Lakeview High School last night, invades Daytona Beach to play the undefeated state champion Seabreeze five tonight.

Coch Ganas' boys will carry a 1-3 record into the game and certainly be the underdog. By comparative scores Seabreeze will be a 50 point favorite.

Last night the Celery Fed basketball team maintained the untarnished Seminole High record of not losing a single home athletic contest for the 1951-52 school year in winning their initial cage game of the season from Winter Garden 39-34.

Lakeview gained a split for the night as the Red Devil B five edged an improved Seminole B squad 28-24 in the opening tilt.

The inspired play and shooting of Jimmy Smith and Gerald Covington spearheaded the Sanford varsity quintet to victory.

After the recess Lakeview, utilizing a two platoon system, held their own with tall center Pete Rogers grabbing tip-ins and Wise Hardin scoring twice to make the score 29-11. The third period saw the Seminoles stymied for the first three minutes as Lakeview came within four points of tying the contest before Covington drove under to swish the cords.

At that point, the contest stimulated by the roaring crowd became a quick exchange of baskets between Lakeview and the Celery Feds, Junior Metts, Smith, and Hardin poured in baskets in face of the desperate last ditch Red Devil effort.

Smith's deft playing paced the Celery Fed scorers with 27 points followed by Covington's 10 and Hardin and Metts with eight each.

Coch Bill Fleming's B team showed more polish than in any other game this year as they edged by the Lakeview B team by a mere four points. Hiscox, Bona, and Hannum each scored five points to pace the loser's attack.

"This game was highlighter by rough and fast play right up to the end.

### Grid Recruiting Is Restricted At U. Of Kentucky

**Out-Of-State Players May Yet Apply For Scholarships**

LEXINGTON, Ky. (AP)—Football recruiting was restricted today at the University of Kentucky to its own back yard.

There is still a hearty welcome awaiting any out of state player but he must voluntarily apply for a scholarship. The school will make no effort to recruit prospective gridriders who live outside the Commonwealth. The maximum scholarships to non-Kentuckians will be five a year.

Coch Paul Bryant announced the change in the recruiting policy a few minutes after his squad returned from Dallas and its Cotton Bowl victory over Texas Christian.

Bryant said the idea was his own. It applied only to football and "We're confident," Bryant added, "that if other institutions will follow this plan, all the evils attendant on recruiting will be ended."

With de-emphasis of collegiate football being talked in some quarters, observers pondered the effect, if any, the Kentucky plan might have elsewhere.

Bryant drew praise from several coaches in the Southeastern Conference, but none indicated he would follow the Kentucky proposal 100 per cent.

Out-of-state players have been the bloodstream of Kentucky's rise in six years from a Southeastern Conference doormat to national prominence, and Bryant acknowledged it this way:

### Minnie Fee And Town Leader Win In Daily Double

The four backers of Minnie Fee and Town Leader were rewarded to the tune of \$510.40 each last night at the Sanford-Orlando Kennel Club, when the two dogs running from the number one and eight boxes, respectively, disproved the claim that dogs assigned these positions usually paid small amounts.

RESULTS LAST NIGHT  
FIRST RACE—Parity Time: 29.4  
1 Minnie Fee 3.00 2.00 2.80  
2 Graphite 2.20 2.80 2.50  
3 Graphite 2.20 2.80 2.50  
4 Graphite 2.20 2.80 2.50

SECOND RACE—2/10ths Mile  
Time: 32.0  
1 Minnie Fee 10.50 8.50 7.20  
2 Big Tanager 3.10 2.60  
3 Graphite 2.50 2.50 2.50  
4 Graphite 2.50 2.50 2.50

THIRD RACE—5/10ths Mile  
Time: 32.0  
1 Minnie Fee 10.50 8.50 7.20  
2 Big Tanager 3.10 2.60  
3 Graphite 2.50 2.50 2.50  
4 Graphite 2.50 2.50 2.50

FOURTH RACE—5/10ths Mile  
Time: 32.0  
1 Minnie Fee 10.50 8.50 7.20  
2 Big Tanager 3.10 2.60  
3 Graphite 2.50 2.50 2.50  
4 Graphite 2.50 2.50 2.50

FIFTH RACE—5/10ths Mile

### Syracuse Quintet Takes Scoring Lead From Kentucky U.

NEW YORK (AP)—Syracuse University's basketball team has taken over the major-college team scoring lead from Kentucky with out firing a shot, the NCAA Service Bureau reported today.

In the defense race, Oklahoma A. & M. was back in the familiar spot ahead of the field. Penn State led a week ago.

Both Syracuse and Oklahoma A. & M. were second last week, but moved into the lead through games of Dec. 29.

Undeclared Syracuse was a five-game average of 84.6 points. The twice-beaten Oklahoma Aggies have allowed only 44.1 points per contest.

While Syracuse was idle last week, the pace-setting Kentucky Wildcats' average slipped from 85.3 to 82.1 as a result of their Sugar Bowl engagements.

After the Aggies in defense come Duquesne, yielding 44.8 points per game, Oklahoma City, 45.3 and Maryland and Michigan with 45.7 each.

### New York U. Is Defeated 100-75 By West Virginia

NEW YORK (AP)—The nation's longest basketball winning streak—12 straight by New York University—was blasted Thursday night by the red-hot Mountaineers from West Virginia.

The fast-stepping Mountaineers dropped in 50 per cent of their field goal attempts—27 out of 54—for a 58-35 lead at the half and were almost as good in the second half.

The defeat of the Violets, ranked sixth in this week's Associated Press poll, left Murray (Ky.) and Kansas at the top of the list of unbeaten major teams.

Murray edged Kentucky Wesleyan Thursday night, 66-64, for its 11th in a row. Kansas, ranked No. 1, has a 10-0 mark.

Three other members of the unbeaten class, Seton Hall, Duquesne and Florida, kept their slates clean.

Seton Hall, playing the second game of the Garden twin bill, walloped Western Kentucky, 77-65. Duquesne thumped Cincinnati, 71-41, and Florida thumped Auburn, 64-63, for its ninth in a row.

Kentucky, rated the nation's top team until its Sugar Bowl defeat, ran wild to drub Mississippi, 113 to 58. Bradley also had a romp against Arizona, 98-59, and Louisville thumped Villanova, 90-68.

In closer frays Oklahoma beat Colorado, 61-52; North Carolina nipped Maryland, 51-47; San Jose State took Oregon, 51-47; Utah beat New Mexico, 59-47; and Siena humbled Temple, 56-48.

### Pug Pearman Appears Slated As Senior Bowl's Best Player

MOBILE, Ala. (AP)—Tackle Pug Pearman of Tennessee looked across a football field at Fullback Ed Modzelewski of Maryland and said grimly, "I hope somebody cuts the horns off that wild bull before we play him again Saturday."

Horred or de-horned, Maryland's "Big Mo" runs and bulls again Saturday in the Senior Bowl.

The decision came as a shock to Tennessee and many Marylanders. But not to the "Mighty Mo."

"I thought all along we could take Tennessee. It sure felt good when we did," he said.

The cool mining kid from West Natrona, Pa., was elected the Sugar Bowl's best player. From the way he's carrying on here he might be headed for the best player job in the Senior Bowl.

Fifty of the finest college players from every section of the country turn professional in the Senior Bowl. They are divided as equally as possible into two teams—one called the North and the other the South. They are ordered by their professional coaches to go at each other for all they are worth.

Players on the winning side earn \$500. Players for the losing side get \$400.

While Modzelewski and Marylanders Bob Ward and Bob She-monski prepared for the South squad, the underdog Rebels are trying to sharpen their timing. Coach Steve Owen's team was late in assembling because several members played in bowls.

On the Rebel team besides Pearman are Hank Lauricella, Gordon Polofsky and Ted Daffer—all Tennesseans who took the Sugar Bowl licking.

Qualifying Rounds Begin In Palm Beach

PALM BEACH (AP)—Qualifying play begins Monday in South Florida's oldest continuous golf tournament—the Lake Worth Championship, to be decided at the Palm Beach Golf Club.

Defending Champion Bob Swenson, former British Amateur champion, will be on hand to attempt to retain the title he won over W. A. (Dub) Pagan of West Palm Beach last year.

Match play begins Tuesday and runs through Friday in the 46th annual tournament, restricted to amateurs.

## Buy on these Plain Hard Facts

See for yourself how a Chevrolet truck can cut your costs in every way

- FACT No. 1—Costs Less to Buy
- FACT No. 2—Saves Money on the Job
- FACT No. 3—Right Truck for Every Load
- FACT No. 4—Keeps Its Value Longer

AMERICA'S truck users buy on down-to-earth facts, not fancy phrases.

That's why more of them buy Chevrolet trucks than any other make . . . nearly as many as the next two makes combined!

What they get for their money is a rugged, sturdy, dependable truck that's factory-matched to their jobs and payloads—right power, right capacity, right price—with savings in purchase over other trucks of comparable specifications, and a record of savings on the job that can't be topped.

Come in and let's get down to brass tacks on how a Chevrolet truck can cut your hauling or delivery costs. You can't make a better buy—to save your money!

### Plantation Estates By BESS PATTERSON

We face the New Year with our hearts full of thankfulness for our good fortune in having come to rest after a half century of living, in what we feel to be the most wonderful spot in the finest state in the choicest country of the world and we wish all of you a very healthy, happy and prosperous New Year.

We will try to review some of the activities of the past 10 days here at Plantation. On the Saturday before Christmas, the Saturday Night Dance Club held their Christmas party with an attendance of 50. The hostess of the evening was Mrs. James Gonyea. The Christmas cakes were baked by Veronica Kellner, Gus King was Santa Claus, Joe Meyer sang "White Christmas" and other carols were sung by the group all with much laughter and high spirits, and of course in between we danced.

The Community Party, opened to everyone living on the place, was a huge success. There was an attendance of about 140 people. The committee which consisted of Mrs. George Griffin, chairman, Mrs. Jule Voigt, Miss Nella Banks, Mrs. Jim Gonyea did a wonderful job. There was a Christmas dinner, a solo by young Calie Miller accompanied by Mrs. Harry Whitaker and a skill by Jim Gonyea, Clifford Leonard and Paul Froscher, which was very funny. Then Jim, who was Santa Claus gave gifts to all.

A party of 10, consisting of the Beck, Hofman, Froschers, Voights, Rohliolos, Michaels, Rouns and Hennings had Christmas dinner at the Club Diamond.

Mrs. and Mrs. Jim Gonyea entertained Mr. and Mrs. William Toma, Miss Veronica Kellner and Mr. John Mann at Christmas dinner. The Gonyeas also had a Santa party on Thursday night for a group of their friends, among those present being the Barney Andersons, Leonards, Honkers, Michaels, Veronica Kellner and Bess Patterson.

Capt. and Mrs. Norman S. Groves had an egg party from 11:00 a. m. on Christmas day for about 30 of their friends, then the Groves, Mrs. Dea, Jim and I had a family Christmas dinner together in the evening. The Groves entertained another group on New Year's Day with a champagne cocktail party.

We had an egg party on the Saturday before New Year's which started with the group at Genoa on Thursday and ended up with everyone we met through Friday and Saturday. We have many friends in this little community of about 400 people that we can only entertain a small percentage of them at one time.

On New Year's Eve there was a party for 70 given at the Mansion by a group of four couples, the Leonards, Gonyeas, Froscheres and Bonkers with Veronica Kellner in charge of the refreshments. It was a wonderful party. We had the whole downstairs of the Mansion thrown open with dancing in one room, the piano, players playing and visiting in another and the refreshments served in the dining room. At 12:00 o'clock Fredrick Hertz played a Long Bells and everyone wished everyone else a Happy New Year.

There was a party of about 20 plantation folks held at the Club Diamond on New Year's Eve.

Miss Suzanne Terlet opened her new home on Saturday afternoon with a cocktail party for a group of her friends among them were the Ekinners, Berardis, Miss Bon-tonakles, Mrs. Tynan, Mrs. Germaine and Mrs. Handell. On Sunday she had what she called a "Coming in New Year's".

This party was one of the most interesting experiences I have had in a busy two weeks. Miss Terlet's house, although only under construction for a few short months is one of the show places of the Estates. She has a marvelous overall view of Sanford and Lake Monroe from almost all her rooms and breezeway.

She has a cute little swimming pool between the house and her waterfront. She calls the house Villa Beau Lac and will live there with her French poodle Dou Dou, who is an aristocrat among dogs. We went to admire her home and view but stayed to admire Suzanne. She is an American of French birth and served several years as a WAC Major with the United States Army. Like so many French women she exudes charm both in her personality and taste which was reflected in her home and hospitality. Among those present were the Spinos, Leonards, Froscheres, Turners, Taylors, Jack McGowan and Bess Patterson.

Mr. and Mrs. Francis Malone have moved into their new home on Lake of the Woods. Their son Richard, who was here for the holidays, has returned to his studies at the University of Syracuse where he is majoring in Law.

Among the folks who have left during the holiday season are the families of Mr. and Mrs. Walter and children, son and daughter of Mr. and Mrs. George Beardsley. One spent Christmas with their friends.

### Increasing Flood of Money Is Shown By Bank Deposits By SAM DAWSON

NEW YORK (AP)—The rising flood of money in the nation is shown strikingly today as the banks report on their year's activities. There's money, money everywhere—except when it's time to pay the bills.

Most banks report higher deposits, greater resources, larger volume of loans, bigger interest payment totals to savers, much bigger payments to the tax collectors, and in most cases higher profits.

The dollars the banks deal in can buy only a little more than half as much in goods and services as they did before World War II. But they are still dollars—and every other country in the world is just as anxious to get their hands on more American dollars as you.

The stepped-up activity of the nation's banks in almost every one of their departments and services is a reflection of the pace the nation is going in production, in spending, in expanding plants. It also reflects higher wages and salaries, a higher total of dollars sold in the drain of taxes and the cost of living on the average family's pocketbook.

And also, strangely enough, it reflects higher totals of savings in spite of the drain of taxes and the cost of living on the average family's pocketbook.

The banks made many more loans in 1951 than they did the year before. Their total new business, industry and agriculture is more than 2½ billion dollars. This is a gain of 3½ billion dollars in a year. Most bankers think the total will increase as the nation borrows to expand its defense plants.

On these loans the banks are getting higher interest than they did a year ago—3 per cent better now, compared to 2½ per cent a year ago. And this interest rate is partly responsible for the gain in earnings that many banks show—in spite of a tax rise which caused some banks to pay tax collectors nearly twice as much in 1951 than 1950. The increased volume of business also helped bankers increase earnings.

One reason the interest rate has gone up—according to the National City Bank of New York's Bank Letter—is that the Federal Reserve Board is anxious to check the rise of the money supply in this country, if it can and is making it harder for the banks themselves to get cheap money.

The bank explains it this way: Banks, when they wanted to make a profitable loan in a business firm, used to sell their short-term U. S. securities (yielding around 1½ per cent) to the Federal Reserve banks. With this cash they made the loan in business at a higher interest rate.

The Federal Reserve Board didn't want this increase in the money supply to continue, so it stopped buying the U. S. securities. To make the loans to business, the banks had to borrow money from the reserve banks, who charged them 1½ per cent. Having to pay more themselves, the banks made money on the deal by increasing their own interest charges on business.

The National City Bank also thinks that the great amount of money in consumers' hands—the high rate of personal savings, and the rising wage rates—coupled with the drop in spending puts the nation's economy in a "precarious state of balance." Too much money around could lead to another fling at inflation.

### State Farmers Market

Report No. 41  
SANFORD STATE FARMERS MARKET, Florida

The following prices reported by the Sanford State Farmers Market for produce sold to Farmers by dealers up to 1:30 p. m. Jan. 3

Commodity	Unit	Price

Cucumbers	100 lbs.	1.00-1.25
Eggplants	100 lbs.	1.00-1.25
Garlic	100 lbs.	1.00-1.25
Green Beans	100 lbs.	1.00-1.25
Green Peas	100 lbs.	1.00-1.25
Green Tomatoes	100 lbs.	1.00-1.25
Headed Lettuce	100 lbs.	1.00-1.25
Iceberg Lettuce	100 lbs.	1.00-1.25
Japanese Eggplant	100 lbs.	1.00-1.25
Onions	100 lbs.	1.00-1.25
Potatoes	100 lbs.	1.00-1.25
Spinach	100 lbs.	1.00-1.25
Summer Squash	100 lbs.	1.00-1.25
Tomatoes	100 lbs.	1.00-1.25
Winter Squash	100 lbs.	1.00-1.25
Yucca	100 lbs.	1.00-1.25

Roy Rogers and Dale Evans in a scene from Republic's new western thriller, "Palis of the Golden West," showing Saturday on the Rita Theater screen.

### Korean War

(Continued from Page One)

The assault touched off a see-saw fight that lasted throughout most of the night.

The peak had changed hands repeatedly since Chinese troops seized it on Christmas Day. The hill is west of Munsung Valley. Along the rest of the 145-mile battle front, patrols of both sides probed and fought minor skirmishes.

The weather was milder after a week of bitter cold.

The slightly clearing skies brought out Allied planes in a limited number of flights. The Fifth Air Force flew 10 sorties against Communist supply lines and front positions Thursday and Thursday night.

Arnie Welmeister, All-Pro tackle for the New York Giants, played both fullback and tackle at the University of Washington.

### Sen. Holland Told Army Wants Only Natural Juices

WASHINGTON (AP)—The Army wants nothing but natural, unsweetened orange juice.

Gen. George A. Horzkan, quartermaster general, wrote Sen. Holland (D-Fla.) that his office isn't interested in sweetened orange and grapefruit juices, but only natural, unsweetened juice when available.

The Florida Citrus Commission in December urged the Army to buy the sweetened orange juice, noting that a large proportion of Florida's output is of that type and that it meets all requirements of government Grade A standards.

Gen. Horzkan in replying to Holland gave this explanation: "This office specifies natural unsweetened juice because historically 90 per cent of the natural unsweetened juice is packed from midseason and Valencia fruit, which make a better juice."

### United States Has Three Million Spinsters Looking For Husbands

By HAL BOYLE

NEW YORK (AP)—There is an old leap year saying that "he who hesitates is booted."

With some three million spinsters over 25 looking for husbands, this proverb is particularly true of bachelors in 1952.

But how can any one man escape as this ring of three million iron-willed ladies closes in? Any direction he leaps it looks like he will land in some girl's lap.

Yet there are ways... there are ways. I have consulted several grizzled old bachelors, and here are their tips on how to stay free:

1. Don't try to be repulsive. The more repulsive you act to some women, the more determined they are to land you. Yes, even if you goose-grease your hair and use a toothpick in public.
2. Never borrow money from a single woman. A woman loves money second only to men. If she has a financial as well as an emotional investment in you, she will track you down though you den with polar bears.
3. When she asks you to her apartment to look at her etchings, bring along a couple of crocheting needles and start knitting yourself some socks. Women are leery of men who crochet for a hobby. But if she still tries to force her attentions on you, well—ah—her firmly with the needle. Make her keep her distance.
4. Better yet, never go alone to a lady bachelor's apartment in the first place.
5. Don't tell a girl you don't want to marry her. Just say to your mother: "Mum, that girl is after me, but I just don't feel she's the type I want to bring home to you." Mum will handle the situation from there on out.
6. Ask your own father how he got caught. He'll be glad to point out his own mistakes—he's probably been mulling them over for years. Then avoid his errors.
7. Here is an almost sure-fire way to cure women of their affection for you: Propose to all the eligible girls you know and give each of them a dime store diamond engagement ring. Naturally they'll rush off to the nearest jeweler to get an estimate on the value of the ring. After that, whenever they see you they'll say, "Hello, poison ivy."
8. Wear a wedding ring yourself, and tell them you are secretly married in a young lady you met on a South Sea Island during the war. Be sure to explain that your faraway bride wears her wedding ring in her nose.
9. Finally, if you are just so darned irresistible to spinsters that nothing else works, go to Athens and take a year-long vacation. Athens is a mountainous peninsula in Greece where no female is allowed. Legend has it that one woman managed to sneak ashore in men's clothing. But one of the monks in the 22 monasteries there quickly spotted her and she was sent away.
10. The outraged monks then cut off the point of land at which she had come ashore and built a stone wall around it.
11. If an American bachelor wants a peaceful leap year, he can't do better than to hibernate on Mount Athos.

# Announcing

- Smooth New Power Flow**  
Newly designed combustion chamber adds an important new "plus" for Plymouth's mighty 97-horsepower engine with its high (7.0 to 1) compression ratio.
- New Stopping Power**  
and long life for Plymouth brakes, already the finest in the lowest-priced field. New Cyclobond linings, without rivets, increase effective braking area, lengthen lining life.
- New Tone-Tailored Interiors** with luxurious new fabrics, trim and finishes. New color-harmonious. New Lustre-Tone instrument panels.
- Advanced Synchro-Silent Transmission** is quicker, quieter, and smoother than ever. Makes shifting simpler and more effortless.
- Solex Safety Glass** reduces glare, helps keep out heat of the sun. This is optional equipment at slight extra cost.
- 1952 Safety-Flow Ride** includes refinements in the famous Grifflor shock absorbers... and other new construction features that make this ride even still smoother, even still safer.
- Faster-Acting Electric Windshield Wipers**, speed stepped up 10 per cent. Unlike the vacuum type, they never slow down!
- A Fresh New Look** in exterior styling... an exciting new choice of gleaming colors... new moodings and new ornamentation.

# '52 Plymouth

IT'S AT YOUR PLYMOUTH DEALER'S NOW—the finest of all Big Plymouths ever built! And the features described here only begin to tell you the value story. Plymouth designers, decorators, engineers have crammed still more quality into every part—have made it, more than ever, "the low-priced car, most like the high-priced cars." See it yourself. Drive it yourself. Compare it with the others in the lowest-priced field, or even compare it with cars costing hundreds of dollars more. Then you'll be the judge of the car for the money—the car for you!

### Increasing Flood of Money Is Shown By Bank Deposits

NEW YORK (AP)—The rising flood of money in the nation is shown strikingly today as the banks report on their year's activities. There's money, money everywhere—except when it's time to pay the bills.

Most banks report higher deposits, greater resources, larger volume of loans, bigger interest payment totals to savers, much bigger payments to the tax collectors, and in most cases higher profits.

The dollars the banks deal in can buy only a little more than half as much in goods and services as they did before World War II. But they are still dollars—and every other country in the world is just as anxious to get their hands on more American dollars as you.

The stepped-up activity of the nation's banks in almost every one of their departments and services is a reflection of the pace the nation is going in production, in spending, in expanding plants. It also reflects higher wages and salaries, a higher total of dollars sold in the drain of taxes and the cost of living on the average family's pocketbook.

And also, strangely enough, it reflects higher totals of savings in spite of the drain of taxes and the cost of living on the average family's pocketbook.

The banks made many more loans in 1951 than they did the year before. Their total new business, industry and agriculture is more than 2½ billion dollars. This is a gain of 3½ billion dollars in a year. Most bankers think the total will increase as the nation borrows to expand its defense plants.

On these loans the banks are getting higher interest than they did a year ago—3 per cent better now, compared to 2½ per cent a year ago. And this interest rate is partly responsible for the gain in earnings that many banks show—in spite of a tax rise which caused some banks to pay tax collectors nearly twice as much in 1951 than 1950. The increased volume of business also helped bankers increase earnings.

One reason the interest rate has gone up—according to the National City Bank of New York's Bank Letter—is that the Federal Reserve Board is anxious to check the rise of the money supply in this country, if it can and is making it harder for the banks themselves to get cheap money.

The bank explains it this way: Banks, when they wanted to make a profitable loan in a business firm, used to sell their short-term U. S. securities (yielding around 1½ per cent) to the Federal Reserve banks. With this cash they made the loan in business at a higher interest rate.

The Federal Reserve Board didn't want this increase in the money supply to continue, so it stopped buying the U. S. securities. To make the loans to business, the banks had to borrow money from the reserve banks, who charged them 1½ per cent. Having to pay more themselves, the banks made money on the deal by increasing their own interest charges on business.

The National City Bank also thinks that the great amount of money in consumers' hands—the high rate of personal savings, and the rising wage rates—coupled with the drop in spending puts the nation's economy in a "precarious state of balance." Too much money around could lead to another fling at inflation.

### Top Golfers Sign Up For 4-Ball Tourney

CLEARWATER (AP)—Twenty-one teams, including most of the state's top amateur golfers, have signed up for the 5th Florida Four-Ball Championship here Jan. 8-11.

The defending champions, Ward Rogers and Jack Russell, playing their home course, are favored to repeat.

Beginning in 1952 the tournament will be awarded to a different course each year.

Directors of the Florida State Golf Association, which sponsors the event, will hold their annual meeting here Jan. 8.

Pete Backer and Rudy Migay, teammates on the Pittsburgh Hornets in the American Hockey League, are brothers-in-law. Backer is married to Migay's sister.

### Legal Notice

NOTICE OF ANNUAL MEETING of the First Federal Savings and Loan Association of Duval County will be held at the office of the Association, 115 West First Street, Jacksonville, Florida, on Wednesday, January 16, 1952, at 2:30 p. m.

Secretary
