

Feds To Begin Preparation For Tilt With Ocala Eleven

By JULIAN STENSTROM
Herald Sports Editor

The Seminole High School Celery Feds will take to the practice field this afternoon in preparation for one of their hardest Northeast Conference tilts which takes place Friday night when the locals travel to Ocala for the first out-of-town game.

The Ocala outfit will seek to run up its second straight victory over the Celery Feds as last season then came from behind in

the second half to knock down the locals by a 20 to 7 count.

In 1936, the Feds ran wild over their Winter opponents when a young Celery Fed aggregation swamped Ocala by a score of 30 to 6.

Ocala has played one conference game to date that resulted in a 50 to 14 win over New Smyrna which gave the Celery Feds the honor of being the only team to score 281 points in three games. They have

played Williston, Brewster, Newberry, L. C. of Jacksonville and New Smyrna.

The Feds have been victorious in three of four conference tilts and are second in the conference standings. They have scored a 7 to 6 win over Lake City, a 6 to 0 win over the DeLand Bulldogs, both suffering a only loss to Daytona Beach by a 14 to 7.

Head Coach McLean will probably work his squad in the afternoon this week due to the Williams strong offensive. It is expected that the Feds will rely largely upon their aerial attack as far as this season the Feds have gone very well with their passing. Last week the Feds completed four of six passes, none passing ending in touch downs.

The Feds will go up against the Wildcats with danger of breaking their non-seniors record but to date the locals have played 22 football games since being held scoreless.

The Feds showed up well in the DeLand tilt and the work of Jim Ward, Darrell Ferguson, Art Williams, Robert Howell and Carl Duke Eppes was above par. Eppes played three quarters of the game which was his career first football game and he did fine. All passes from center were accurate and his blocking at leading up the line were good.

NOTICE OF MARTINIS SALE

DISTRICT COURT OF THE UNITED STATES SOUTHERN DISTRICT OF FLORIDA
IN RE: THE ESTATE OF ALVIN KARPIS WITH A DIVISION OF SMITH AND VENAS SHOP IN BANKRUPTCY

To the creditors of the above named bankruptcy of Sanford in the county of Seminole and district of course.

Surplus Fruit Disposal Plan Is Given Okey

Government Contemplates Buying Five Million Boxes Of Excess Grapefruit

Growers Diver Similar Amount

Canners Requested To Establish Minimum Of 20 Cents A Box

WASHINGTON, Oct. 25.—(AP)—The national citrus conference approved a surplus disposal program for the season's record grapefruit crop, and adjourned today after a nine-day session.

The program, similar to one adopted last night for oranges, contemplated the government purchase of 5,000,000 boxes of grapefruit for distribution to needy persons.

In return, the industry would keep low grade grapefruit off the market by diverting approximately 5,000,000 boxes to non-competitive products such as fertilizer and livestock feed.

In addition, the grower arrangement included adoption of marketing agreements to regulate the grade and size of fruit to be shipped from Florida and the California-Arizona area and continuation of the existing agreement in Texas.

AAA officials and citrus canners would be asked to cooperate by placing a minimum price of 20 cents a box on all grapefruit purchased for canning purposes.

Diamond Ball Field Seems To Be Assured

Commissioners Told Bill Discount Given City By Light Company

\$351 Annually To Be Saved By Offer; Magnolia Merchants Get Colored Lights

Construction of a diamond ball field with grandstands and more lights each week seemed assured to the city by the city commissioners, who voted their approval of the idea as a part of the new recreation program planned for the city during the winter month.

Members of the Recreation Committee of the Seminole County Chamber of Commerce and the Diamond Ball Committee of the Junior Chamber of Commerce again appeared before the commissioners at their regular meeting with definite figures as to the approximate cost of materials for construction of the proposed diamond.

W. R. McCracken, chairman of the Recreational Committee, acted as spokesman for the committee and told the commissioners that estimates of \$895 on the cost of materials for fence, bleachers, and lighting equipment had been submitted. This figure is considerably lower than the tentative figure submitted at the last meeting.

Mr. McCracken also told the committee that he had no merchant or other dealer to whom to go for the project started. He said that H. H. Coleman, chief manager of the Florida Power and Light Company, agreed to furnish the lighting fixtures free of charge as the power company's donation toward the new project. The spokesman added that the officials of the United Lumber Company had indicated they would assist in construction of the diamond.

Mr. McCracken's figures for materials were \$3800 for a fence complete with poles, lighting equipment, bleachers which would total approximately \$990. Total \$370. These figures do not include labor.

The commissioners, at their last regular meeting, granted use of the vacant property between West and Palmetto Avenue on the lake front for construction of the diamond and although Mayor Edward Biggs pointed out that there were no funds available to purchase materials for the project, he said that the commissioners might be able to assist in working out a plan for securing the City and the Navy will furnish labor for the project.

The letter to Mr. McCracken from Gov. W. G. Gibbs of Lakeland, president of the Association, was as follows:

"I wish to express my appreciation of the splendid work that you did in preparing this report for the St. John River Improvement Association. I am sure that this report is going to be a very important factor to the Engineers in the decision that they will soon be called upon to make."

Details of the proposed project will be worked out at a later date.

Victim Of Accident Known In Sanford

Joseph Coleman, grocer and shipper of gladiolus bulbs, who died Sunday with his wife when their car plunged into Sarasota Bay west of Bradenton, was known in Sanford where he lived for three years prior to his departure for Bradenton in December of 1930.

One of the significant features, known and had been the great assistance given to the motorists in the agricultural field by the International Longshoremen's Association of the Maritime Federation of the Pacific.

Known charged this was done for the purpose of tying up the movement of foodstuff when the time came for a general strike on other forms of insurance.

BIBLE VERSE FOR TODAY

DECENCY PAYS IN THE END: Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor setteth his eyes upon the seat of the scornful. And he shall go like a tree plucked by the rivers of water, that bringeth forth its fruit in its season; its leaf also shall not wither, and whatsoever he doth shall prosper —Psalm 1:1, 3.

CREATION FOR MY NAZI COUSINS

(From Poetry)

The paper god, the adolescent face,

The coming music and the flood lights blaring,

Intonational prayer meeting of the Race

Postured in pride and suspicion

in coming, staring

At God between two microphones,

alive

And crazily sincere. This is salvation

For battles lost and pride that hurts. Revive

And save us now, O Leader of the Nation.

Even by death. Stick pins into our eyes.

We do not feel. We walk through fire.

You press the floodlights and all terror dies.

Before the spectacle of something higher,

Something to worship, as we shout and sink

Something to die for, easier than to think.

—MARSHALL SCHACHT.

In these days it appears that everybody can make the other fellow's business pay except the fellow who runs it.

A New Smyrna paper says "we should learn to speak the language of Europe." What is the language of Europe?

Latest figures show that Brevard county, in our senatorial district, has 6,774 registered voters.

What this country needs is someone who can really tell us what this country needs.

We see where a Mrs. Beulah Hanesyucc is being charged with shooting her sweetie. It seems to have been a case of dual personality.

Be sure and register to vote in the Nov. 8 elections. Be sure to register for the hospital election, for the city election, for the general election.

Administrator Andrews says some businesses are shutting down in order to discredit the wage hour law. Just cutting off their noses to spite their faces, as it were.

Pay your bills. If you can't pay them, don't buy things you can't pay for. You may have to get along without a lot of things you want, but you will sleep better.

We see where graft is being uncovered in the WPA in Albuquerque, N. M. and no less than 78 persons have been indicted. Wonder how they happened to uncover it out there!

The British are said to be wondering how they can accept the Munich Accord as "peace for our times" and at the same time step up their preparedness for war without arousing the suspicions of Hitler. The disposition seems to be growing during the past few days that "our times" limits the peace agreement to a comparatively few months.

Be Careful

Carelessness with firearms kills at least 1,000 American hunters every year, according to the Metropolitan Life Insurance Company. Hundreds more meet their death at home, while preparing firearms for the hunt. These figures are worthy of thoughtful consideration now that we approach another hunting season.

Analyzing the records of 133 deaths in typical shooting accidents of the hunt, the Metropolitan reports that 60 occurred as the result of self-inflicted wounds, while the rest for the most part were caused by shots from the guns of companions or of hunters in other parties.

Of the 60 self-inflicted fatal wounds, 16 were caused when hunters slipped, stumbled or fell, while 13 deaths came as the result of climbing over or through a fence carrying a loaded gun muzzle-first, and 10 hunters were killed as they picked up their loaded weapons from an automobile, canoe or other conveyance. Dragging their guns up trees, dropping them to the ground and getting them entangled in underbrush were responsible for other self-inflicted wounds causing death.

Of the accidental deaths studied, 29 were caused by the discharge of a companion's gun. One man was killed when he grabbed the arm of a fellow hunter to prevent his firing on a bird protected by the game laws. Five men stepped into the line of fire of fellow marksmen, while three were killed by ricochetting bullets.

Nineteen persons were killed by hunters in parties other than their own. Of these, it were mistaken for deer or smaller game by hunters who were too impatient to take time to distinguish the object definitely, or who hurriedly fired at soon as they saw a disturbance in thick underbrush.

Lots Of Debts

Piling up that the 40 billions of federal debt, and the 30 billions of state and local debts, are in reality but a small part of what "We, the People of the United States" actually owe, the Palm Beach Post insists that there is a total of some 240 billion dollars of liabilities on top of that.

Adding that most of this 250 billion dollars we owe to each other, the Post quotes from a three-year study made by the Twentieth Century Fund, committee on debt adjustment, as follows:

"Of all the major classes of private credit institutions," says the Fund's committee, "life insurance companies, the second largest group, were least disturbed by the depression, in spite of an increase in policy loans in its worst period. Their growth was checked somewhat at that time, but never was there a serious shrinkage. Even though unemployment and bad business reduced the flow of savings, the reputation of the insurance companies for solidity attracted investors."

"The study found that the most startling change in the position of life insurance companies was the tremendous rise in their liabilities to policyholders, which accompanied the increase of their business by more than half during the depression and recovery. Their net obligations to policyholders increased from \$13,100,000,000 in 1929 to \$20,100,000,000 in 1937, and their debts receivable from \$13,200,000,000 to \$18,400,000,000. Policy loans, which were \$2,800,000,000 in 1929, rose to \$3,800,000,000 in 1937.

"Among debts receivable from non-policyholders, the mortgage loans made by insurance companies grew during the early depression, then fell from \$7,700,000,000 in 1932 to \$5,100,000,000 in 1937, a shrinkage of almost a third. The insurance companies followed a similar course to the banks in greatly expanding their holdings of government securities. Totaling only \$1,300,000,000 in 1929, government bonds rose to \$6,500,000,000 in 1937, and now constitute a third of the total debts receivable of life insurance institutions."

WEEKLY NEWS COLUMN

By JOE HENDRICKS

1938 AGRICULTURAL YEAR: A cordial invitation to visit our HOOKS -- I am almost afraid State after election.

To notify my constituents that the 1938 Agricultural Yearbooks are off the press and ready for distribution. These books are such a fine edition to any school library, particularly where agriculture is taught, that I know you will read this column and take it in the manner which it is intended. On many occasions, friends have advised young men and young women and older men and women, for that matter, to come to Washington and their Congressman to seek employment. It is a pleasure for me to see those people and to do anything possible to assist them but if you people could be in Washington for a while and realize how difficult it is to get jobs and how disappointed these people are, you would know that it is almost criminal to advise them to come up here. The employment problems, however, is not what I set out to discuss but I had in mind an almost general practice of sending the War Veterans to see their Congressman to get increased pensions or other relief when it should be evident to a person of ordinary intelligence that his case is hopeless.

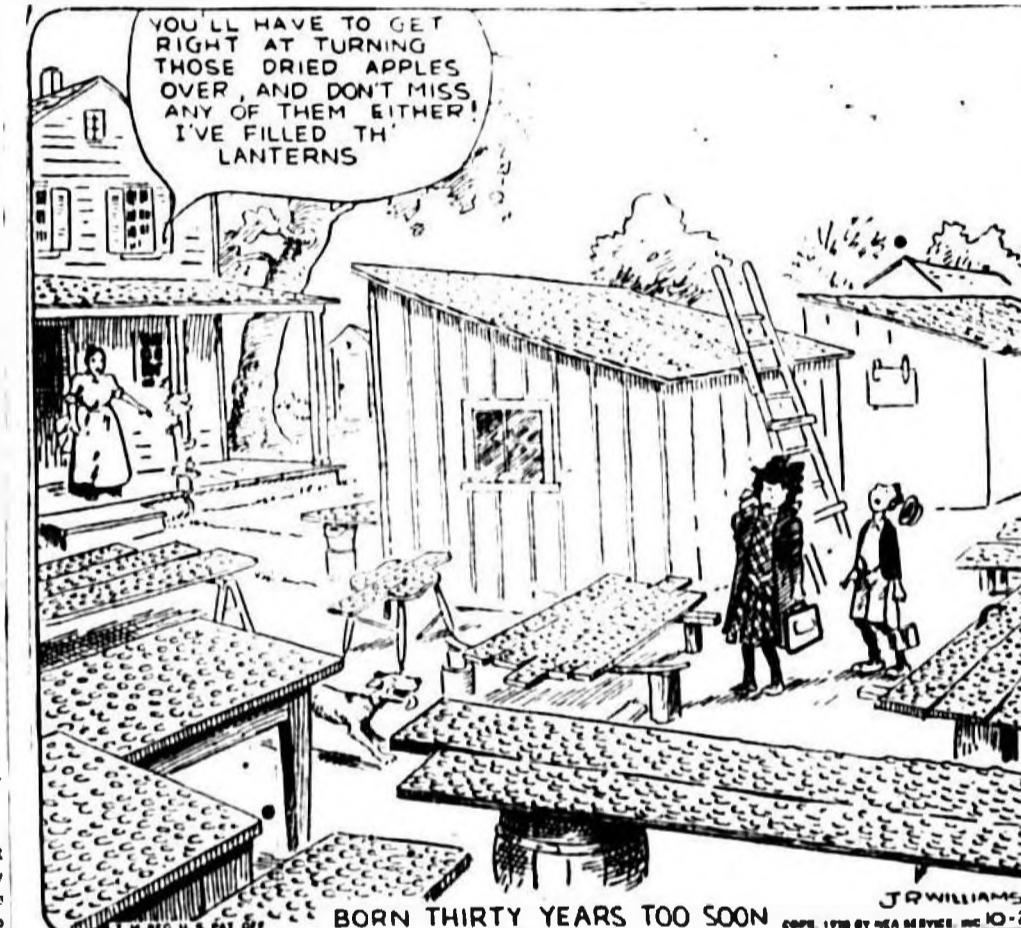

For example, a disabled veteran has been in my office for two days. When he came in he informed me that the Commander of his Post of the American Legion had sent him to Washington. Naturally, I was interested to know of what assistance I could be upon examining the files in his case and after discussing the matter with the Veterans Administration it was perfectly clear that his case involved purely legal questions which could be handled in the courts of Florida. This veteran did not have money or assistance in Washington and had to be taken care of here, neither did he have transportation back home. If it is true that the Commander of his Post sent him I cannot understand why. I sincerely request of my friends that they first know exactly what can be accomplished before they molest these veterans in such a manner.

WPA PROJECT — Announcement of the following projects have been received. Improve airport in Marion County, near Ocala, including construction of addition to existing hangar, \$20,225; improve Plymouth Avenue, Ocala, \$12,700; improve streets throughout Dunnellon, \$35,840.

The British are said to be wondering how they can accept the Munich Accord as "peace for our times" and at the same time step up their preparedness for war without arousing the suspicions of Hitler. The disposition seems to be growing during the past few days that "our times" limits the peace agreement to a comparatively few months.

on the line which can handle the larger locomotives.

Describing the average life of a locomotive as about 25 to 30 years, Mr. Shelly told the frequency with which inspections are made and the great care that glad to cooperate in any way possible.

LEANING ON A SHOVEL. WE quite often hear people talking about WPA employees "leaning on a shovel" and with so many employed, it is inevitable that some will "lean on a shovel".

but the joke becomes rather absurd if we go back in our memory to the days of 1932 and review the period following that.

If you can see your own city as it was in those days and look at it now, you are liable to discover a new bridge across some stream, a tuberculosis hospital on a hill somewhere, a concrete side-walk down your street, a sewage system which makes your city more sanitary, a school house for your children, an infantile paralysis hospital, a public library, a beautiful street or highway, dormitories for your colleges, parks laid out for your enjoyment, and many other things which could be enumerated. All this is done by "leaning on a shovel".

WPA PROJECT — Announcement of the following projects have been received. Improve airport in Marion County, near Ocala, including construction of addition to existing hangar, \$20,225; improve Plymouth Avenue, Ocala, \$12,700; improve streets throughout Dunnellon, \$35,840.

Bill Discount Given City By Light Company

Continued from Page One

immediately on extending the sidewalks to the curb in the business district. A WPA project for this work has been approved and federal funds are available.

The Commissioners also authorized the purchase of an outstanding City of Sanford bond from Mr. Pierce of Jacksonville for \$425. This purchase included past due coupons of a face value which exceeded the price paid for the bond.

Following a request of George Weinstein, commander of the Campbell Lossing Post of the American Legion, the Commission authorized Superintendent of Parks James Moughton to clean up the property immediately surrounding the American Legion Hut. This property is owned by the City and Mr. Weinstein sought its use as a drill field for the Sons of the Legion, Drum and Bugle Corps. Mr. Weinstein was granted some old light reflectors, belonging to the City, for use in the installation of lights on the field.

Capt. Ralph Rose, commanding officer at the local Salvation Army Citadel, appeared before the Commission and requested an increase in the City's appropriation to the organization for transient relief. He pointed out that the load was unusually heavy at this time of the year.

Major Higgins advised that this had been set up in the interest for transient relief and that the City's assistance in this work could not exceed this amount.

The Commissioners authorized

the purchase of four fire extinguishers to be placed on City property at a cost of approximately \$10 when it was learned

that a savings of \$40 in fire insurance premiums could be made over a five year period.

A letter to the Commission from Mr. Coleman regarding the rate reduction is in part as follows:

"Realizing that the City's finances are strained, particularly

on account of now feeling the full effect of Homestead Evasion,

we wish to co-operate further with you and the taxpayers as much as we did a few years ago with respect to your street lighting costs, which arrangement is still in effect and which is not effected hereby, by granting to you a discount of 20 percent on new electric bills that no bill to be less than the minimum for all other municipal services, on the Company's present standard rate, including water pumping, which are paid during the discount period.

"We are making this offer with the understanding that this arrangement can be cancelled by us upon our putting into effect the rate schedule or schedules which would reduce the City's bills under the applicable schedule or schedules then in effect, 20 percent or more, or upon 60 days notice.

"We are hopeful that this arrangement will be beneficial to you and the taxpayers of the City.

"We are hopeful that this arrangement will be beneficial to you and the taxpayers of the City.

Woman's Club Plans Hospital Discussion

THURSDAY
The Deland Garden Club, in vites the Sanford Garden Club to attend the annual garden market in Deland Central Park. The Community Sewing Club will meet with Mrs. R. L. Garrison at her home on Richmond Avenue.

The Athlone Class of the Baptist Church will hold a special day party at the home of Mrs. A. H. Lovvold, 211 Maple Avenue, at 10 in A. M. There will be a covered-dish luncheon at noon.

The Woman's Club will hold a subscription bridge party at the club house at 2 in P. M. Call the club house, 204, for reservations.

The Philathia Class of the First Presbyterian Church will have a Halloween party at the home of Mrs. W. A. Denney, 1901 Orange Avenue, at 7:45 P. M.

The Girl Scouts will have a Halloween party at the Little House from 7:00 o'clock to 8:30 P. M.

The Athlone Sewing Club will meet with Mrs. W. H. Hunt at her home on West Park Street for a special day party and covered-dish luncheon.

FRIDAY

The congregation of Beth Israel will hold services at 8:30 P. M. at the Jewish Community Center with Ida Finschel as leader. Children are especially invited to attend at the program which has been arranged in their interest.

The Junior Christian Endeavor of the Presbyterian Church will have a Halloween party at the church from 6:30 to 8:30 P. M.

MONDAY
The South Side Primary School will hold its annual festival at 6:00 P. M.

Meeting Is Held By Truth Seekers Class

The regular monthly joint meeting of the Truth Seeker Class of the Methodist Church was held yesterday afternoon at the home of Mrs. George McRae on West First Street.

The home was decorated with a display of fall flowers, with each basket being a gift for the occasion.

After a short business session with Mrs. P. D. Parker presiding, members of the class having birthdays in October were presented with gifts by Mrs. R. E. Crosswhite, Mrs. John Vaughn and Mrs. J. D. Martin entertained with readings.

The hostess, assisted by Mrs. J. Harrison, served refreshments of ice cream and Hallie's fancy assorted cakes.

Other members present were Mrs. G. A. Radford, Mrs. Emma Holt, Mrs. W. C. Dekle, Mrs. Leslie Went, Mr. H. H. Duncan, Mrs. F. R. Mitchell, Mrs. C. E. Price, Mrs. W. M. McKinn, Mrs. W. L. Hughes, Mrs. J. F. Smith, Mrs. R. W. Turner, Mrs. Lola Lettice, Mrs. S. B. Showman, Mrs. C. A. Pendleton, Mrs. F. E. Wilson, Mrs. Elsa Kuehneff, Mrs. C. L. Goodhue, Mrs. J. A. Tillie, Mrs. A. R. Mettinger, Mrs. Helma Lundquist, Mrs. W. L. Clark, Mrs. W. P. Chapman, Mrs. J. G. Waits and Mrs. LuLu Phowden.

Seminole Chapter Greets Worthy Matron
At the regular meeting of Seminole Chapter Order of Eastern Star, held Thursday, Oct. 20, thirty members and visitors greeted the Worthy Matron, Mrs. Margaret Tillye, as she was seated on the East.

During the routine of business, all reports on the Grand Matron's recent visit were approved and accepted. A new member was voted into the chapter and will be initiated at the next regular meeting.

Plans were made to have a covered-dish supper at the next meeting, Nov. 3.

At

Florida Eleven Will Leave For Boston Tomorrow

Eagles Favored In Gators First Inter- sectional Tilt

GAINESVILLE, Oct. 25.—After three straight night games, the University of Florida Gators will again venture forth in the sun Saturday afternoon, but they will be "way up north," playing Boston College in Boston. It will be the second afternoon contest in six games for the Gators, the last daytime affair was against Mississippi State three weeks ago.

Likewise, it will mark the first of two inter-sectional games which Florida has on its schedule this year. The second will be the season's finale in Gainesville with Temple U. on Dec. 2.

Practice time on their home field will be very limited for the Gators this week, since they begin their northward journey Wednesday night, arriving in Boston about 10:00 P. M. Friday. Enroute they are scheduled to have brief workouts in Raleigh, N. C. and in New York City.

While Boston was getting off to a bad start, losing three of its first four games, Boston was enjoying victories in all three of its opening games, running over Canisius 63 to 0, Northeastern 13 to 0, and Detroit 9 to 6. Consequently, the Eagles will be favored to win from the Gators.

Besides being faced with the task of keeping his boys concentrated on the Boston game and off the Georgia game the following weekend, Coach Josh Cody must give careful consideration to his injured list, which numbers

TAKING ON an unbeaten University of Georgia team, the Crusaders of Holy Cross hand the undefeated Georgians their first defeat, 26-6, at Worcester, Mass. Here, Fordham, of Georgia, runs through for the lone score for his team, in the second quarter.

IN THE FIELD OF SPORTS

By JULIAN STENSTROM

The Feds will have to work hard this week if they expect to record a victory over the strong Ocala Wildcats which they tackle Friday night in that city. The Cats have run up a large number of points against opponents this season.

The outfit must have something although they have been playing only small schools. They whipped New Smyrna in the only conference tilt of the season Friday night by a score of 59 to 13 and by the way, they may surprise their high scoring opponents.

Warner Has Excellent Percentage In Choices

Ralph Warner, who has been picking the winners of the major football games played throughout the United States each week through his column in the Herald, last week had one of his best records.

Warner made thirty-seven selections of the hardest games over the country in one of the season's hardest weeks. He picked thirty games correctly, missed four and tied three.

Warner missed the Auburn-Georgia Tech tilt, the game between N. Y. U. and Lafayette, Wisconsin and Purdue and Centenary and Mississippi.

Further reports indicate that the new stadium in which Leon plays their home games will be dedicated and named after the fleetfooted youth who was a big factor in Leon's capturing the

David Livingstone, the famous African missionary and explorer, had wanted to go to China and was greatly disappointed when assigned to Africa.

Young has been on the squad for three seasons. In 1936 he was a second string guard and played only a few minutes that year. He replaced Buddy Wilkinson in the Leesburg Hill in 1936 and on the first play made hard tackle but injured his neck. Last season he was in the starting lineup of every game and played excellent ball.

This season, Young fought hard for the starters berth at left guard but was beaten out by Sonny Powell. Young, however, has averaged little over half

Seminole Roster Suffers Loss Of 3 Valuable Men

Williams, Young And Echols Have Turned In Their Uniforms

By JULIAN STENSTROM

The Seminole High School Cemetery Feds suffered the loss of three valuable players yesterday when Arthur Williams, Pete Echols and James Young turned in their uniforms. Reports indicated that Young has quit his studies at the institution while Williams and Echols have left town and are on their way to Cleveland, Ohio.

Although a first year man, Williams was a regular halfback on the Fed squad. He was a senior at the school and had only three minutes experience before this season in a regular game and that coming in 1936.

Williams has been playing the right half back position and has led the local ground gainers in three of the four tilts played so far this season. He had recorded off all but one of the several long runs the Feds have completed this year and has scored two touchdowns.

We understand that a large delegation of Celery Fed fans will travel to Ocala Friday night. Hope that you get your money's worth and even though Gadsden has a lot they may surprise their high scoring opponents.

Echols has been playing the fullback position on the second string but had seen quite a bit of action since the season got underway. Echols doubled at the half back position in the Lake City tilt in place of Darrell Ferguson who in that game suffered a slight brain concussion.

Echols has been a good man and was always in there fighting. He weighed 155 pounds and was exceptionally good in the pivot position on the double wingback formations the Feds use this season.

Young was a good man and was always in there fighting. He weighed 155 pounds and was exceptionally good in the pivot position on the double wingback formations the Feds use this season.

Young has been on the squad for three seasons. In 1936 he was a second string guard and played only a few minutes that year. He replaced Buddy Wilkinson in the Leesburg Hill in 1936 and on the first play made hard tackle but injured his neck. Last season he was in the starting lineup of every game and played excellent ball.

This season, Young fought hard for the starters berth at left guard but was beaten out by Sonny Powell. Young, however, has averaged little over half

Chattanooga Lookouts May Hold Spring Training Here

Engel, Broxton To Visit Here In November To Discuss Arrangements With Local Prexy, C. E. Bradshaw

Joe W. Engel, president of the Lookouts, to have the Southern

Chattanooga Lookouts of the loop entry train in Sanford.

Bill Broxton, general manager of the Chattanooga Baseball Association, Inc., will accompany

Mr. Engle to look over the grounds. Mr. Broxton came to

Sanford in the spring of 1937

when he aided considerably in

plans for rebuilding the local ball park.

Engle said that no definite

plans had been made to date

but that arrangements would be

made with Charles E. Bradshaw,

president of the Sanford

of the games played by the Feds

this year.

Legal Notice

IN THE CIRCUIT COURT OF FLORIDA IN AND FOR SEMINOLE COUNTY IN CHANCERY ORDER OF PUBLICATION THE SOMERSET COMPANY, a corporation, Plaintiff

W. W. POTTER et al. Defendants TO ALL PARTIES CLAIMING INTEREST UNDER W. W. POTTER DECEASED, OR OTHERWISE

It appearing from the sworn complaint and affidavit filed in this cause entitled cause that there are persons described as hereinabove set forth who are interested or claim interest in the land involved in this suit whose names are unknown to plaintiff and claiming interest as hereinabove set forth and that the names and residences of such persons are unknown to plaintiff and that relief is prayed in said Bill of Complaint as amended against such unknown persons, and that there is no person in the state of Florida in the name of respondent upon whom would bind the said unknown persons and that the said unknown persons and each of them are above the age of 21 years.

IT IS THEREFORE ORDERED that all parties claiming interest under W. W. POTTER deceased, or otherwise, shall file a counterclaim or other claim, by themselves or under such deceased person, or otherwise, in the circuit court of Seminole County, in the County of Seminole and State of Florida, to wit:

Lot 13 of Raft Park, according to plat thereof duly recorded among the public records of Seminole County, Florida, said lot being further described as follows: Being that portion of the Western margin of Mellonville Hill in the City of Sanford, Florida, a distance of 100 feet as measured Southward along the Western margin of acid Avenue from the Southwest intersection of Franklin Street and acid Avenue, Mellonville Hill, thence running South 47 deg 43 min West 1342 feet, thence Southeast 50 feet, thence North 42 deg. 43 min East

Halitosis (BAD
BREATH)

People who get and hold jobs
keep their breath agreeable

With the best to choose from these days, everyone gives up the most attractive, the most agreeable, the most pleasant breath.

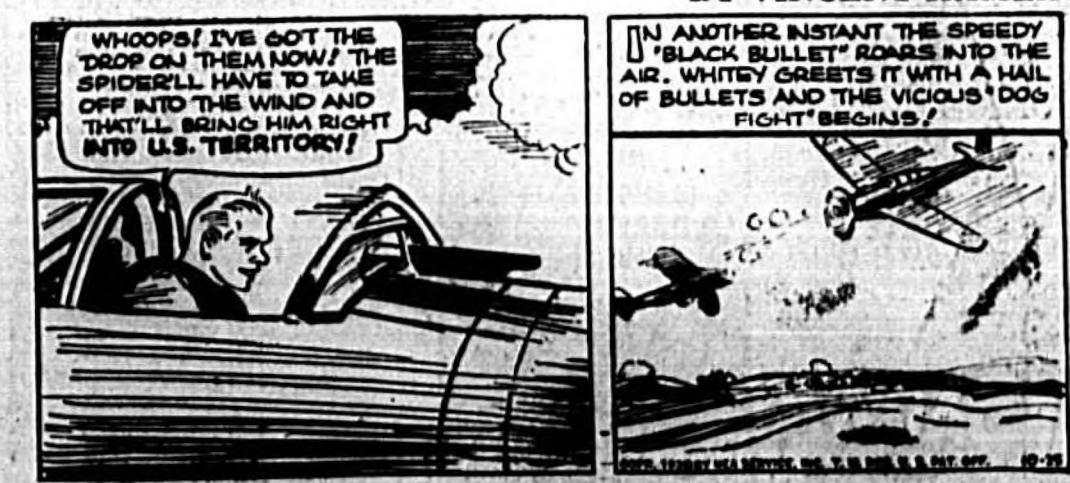

Untreated everybody suffers from this offensive condition at some time or other—many more regularly than they think. Permanent cure can be obtained by mouthwash or by mouth-brush is the only safe method. Brushing teeth and poor digestion also causes odors.

The quick, pleasant way to improve your breath is to use LISTERINE mouthwash, deodorant, and antiseptic. It is the most effective mouthwash and deodorant. It will offend others.

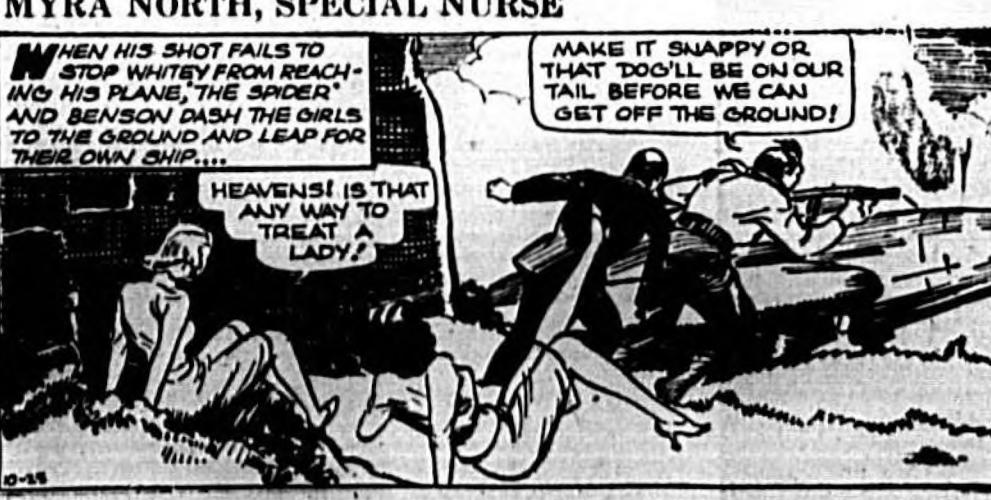

If you value your job and your friends, use LISTERINE. It is the only safe mouthwash and deodorant. Listerine Pharmaceutical Company, St. Louis, Mo.

Dies Attacks Attitude Of FDR Cabinet

Head Of Un-American Probe Group Says Members Attempted To Discredit Move

Accusation Of President Hit

Roosevelt Calls Murphy Attack By Witnesses Un-American

WASHINGTON, Oct. 26.—Chairman Dixie D. (D. Tex.) of the House Committee investigating un-American activities said today the cabinet members had lied in a well-planned campaign of "misrepresentation, ridiculous and sarcasm" which he said was conducted by persons who hoped to discredit the inquiry.

The committee was reprimanded by President Roosevelt yesterday for letting itself be used in "an unfair and un-American attempt to influence an election." Mr. Roosevelt referred to the testimony of Governor Frank Murphy of Michigan.

Dix, at the opening of today's committee hearing, said the criticism against the committee had failed. "Every conceivable pressure" was exerted, he said, to stifle inquiry. "When his like was failed," he said, "the President was induced to permit the prestige of his great office to be used to discredit the investigation."

President Roosevelt sharply accused the house committee investigating un-American activities of permitting itself to be used in a "flagrantly unfair and un-American attempt" by disgruntled Republican office-holders to influence the re-election campaign of his friend, Gov. Frank Murphy of Michigan.

Admitting he is disturbed over testimony before the committee last week that Murphy was guilty of "treasonable" conduct during the 1937 automobile sit-down strike, Roosevelt described the recalcitrant governor as a "great American."

The criticism of Murphy was voiced by Circuit Judge Paul V. Gandy, whom the President described as "disgruntled" and by John M. Berringer, of Flint, Mich., tagged as "a disgruntled Republican city manager." Attacking the charges as "lurid" and as "undeniably biased," Roosevelt lashed the committee for "making no effort to get at the truth" of the allegations.

"Most fair-minded Americans hope that the committee will abandon the practice of merely providing a forum to those who for political purposes or otherwise seek headlines which they could not otherwise obtain," the President said. "Mere opinion evidence has been barred in court since the American system of legislative and judicial procedure was started."

The attack on the committee came a few hours after it heard charges by Harper Knowles, an American Legion official of California, that Secretary of Labor Frances Perkins is "coddling" alien criminals, and is guilty of "gross malfeasance" of office and "dereliction of duty" in administration of immigration laws.

U. S. Ticket Holders Win In Sweepstakes

NEW YORK, Oct. 26.—(AP)—Ticket holders in the United States won \$3,497,162.50 today as result of the Irish hospital sweepstakes in connection with Commonwealth Games at New Market, England.

Seven tickets on Contente, winner of the race, were sold in the U. S. and were paid \$150,000 each for a total of \$1,050,000. Americans also held seven tickets on Du Bonnet, second horse, gaining \$75,000 each and four on the third horse, Pat, worth \$50,000 each. The remainder was made up of residual awards.

SEEKS CLEARANCE Liner Heads For New York After Fire

Deutschland Blaze Is Extinguished Without Injury To Any Of 961 On Board

HAMBURG, Germany, Oct. 26.—(AP)—The Hamburg American line announced today that the captain of its liner Deutschland had extinguished the fire aboard extinguishing and that the ship was proceeding at normal speed toward New York.

Yesterday Captain Steneker, the captain of the liner, reported that more than 800 passengers and crew suffered from smoke and the liner would go to New York Friday or Saturday.

Last night Captain Steneker

announced that the liner would

make an emergency stop in the

Gulf of Genoa, Italy, to

allow time for the ship to be

extinguished.

Although the big ship was 290

seas miles and about 100 crew

members included among the pas-

senger list, no one was

injured.

A radio from the liner Mandat

came to the Associated Press and

told the steamer Collamer,

Europe and America. Passengers

had started to speed toward the

Deutschland and that the crippled

ship thanked all others and de-

cended on Page Two.

Shrunken Czech Nation May Not Fare So Badly

Country Is More Consistent With Integrity Guaranteed

WASHINGTON, Oct. 26.—(AP)—

A shrunken Czechoslovak

has lost

most of its natural defenses,

deprived of many of its resources,

reduced in size, strangely shaped,

it is not necessarily foreclosed

to strangulation and absorption

of neighbors.

That's the consensus of the in-

ternational diagnosticians of

Washington. They think the baby

of Munich may, in fact, have a

better chance of survival than had

its predecessor, the baby of the

treachery of Versailles.

They make four points:

1. It will be more consistent

action.

2. It will have well-balanced

and efficient industries.

3. Its political integrity will be

generally guaranteed.

4. Small nations are often the

more prosperous nations.

There are two schools of thought about the theory of na-

tionality. One group, to which Reichsleiter Hitler seems to be belong-

ing, insists that a common lan-

guage, a reasonably pure race

and a similarity of traditions are fun-

damental prerequisites of consis-

tent nationality.

Another group believes similar

social standards and needs, agree-

ment concerning what is right and

what is wrong and equal love of

independence and liberty can bind

dissimilar peoples into an endur-

ing nation. This group rates the

United States and Canada.

In the new Czechoslovakia both

groups see distinct improvement;

the one because the predominant

Czech and Slovak citizenry will

have common language, similar

cultural background and similar tra-

ditional backgrounds; the other

because it seems obviously true

that Czechoslovak and Bohemian

Germans could never get together

(continued on Page Two).

City News Briefs

37-Year Old Deed Is Recorded By Herndon

A 37-year-old warrant, de-

ferred to a lot in the Lake View Cemetery

today was recorded in the office of

County Clerk O. P. Herndon, yester-

day containing names familiar to

a number of the old timers here.

The property transfer was exe-

cuted by A. M. Thrasher as presi-

dent of the Sanford Cemetery

Company. It was witnessed by

George A. Atkins and Miriam

Mettlinger. Mr. Thrasher was an

attorney here at that time and

Mr. Atkins a young man then, in

Denton Beach. The instru-

ment was signed by Geo-

W. Gibbs, president of the Asso-

ciation.

All persons interested in the

old course are invited to attend

an open meeting in the Chamber

of Commerce building Thursday

night at 8:00 o'clock. Otto Gold-

berg, chairman of the City Com-

mittee, will be held here

Nov. 1 on a 5 percent utility

tax proposed by the City Com-

mittee.
